

## PLAIN TALK

By JIM SMITH

This issue of the Plains Record marks the culmination of a life long dream for your new editor and publisher. In the short time since coming to Yoakum County, about the first of August of this year, my family has received the warm friendship of all the people. Now, we are trying to return some of the kindness shown us by giving to you the very best in media information.

As most of you know, my wife Karel and I, along with our three sons, Phillip, Jimmy, and Scotty, are in the process of buying KKAL Radio, and now we are happy to announce that we have purchased the Plains Record.

As I said in the opening statement of this open letter, it marks the culmination of a dream I have carried for my entire life. Since I was old enough to step on the stage and entertain, I have worked for the chance to own my own radio station and-or newspaper. Now we can realize both ends of that dream.

No small part of this dream come true is due to my wife. In the years when I was struggling to make ends meet, buy food for our growing family, pay a nearly-overdue rent and generally fighting for every step we took, my wife Karel stood by and encouraged me to keep up the fight, and not to give up. Now that we have reached the point where we can start to enjoy the fruits of these labors, I can only say that she and my children have stood by in the most unbelievable times, and to them I am extremely grateful.

Now, as to what you can expect from your newspaper and from the Smiths. You can expect change, you can expect movement, and possibly a good fight or two. This paper, as any newspaper or media, owes it to the people to be concerned and active in all civic affairs. We shall take sides in issues. We will create issues to handle that which we consider problems facing our area. We will be in the middle of everything, day or night, working for a better Yoakum County.

## Tsa Mo Ga To Hold Bazaar

Tsa Mo Ga Study Club members report a most delightful evening was spent on Saturday at the annual Tsa Mo Ga Bazaar held at the school cafeteria.

The theme was Potpourri, featuring Hobo Dress and decor, taken from the Voice of Adventure. 'The time has come,' the walrus said, 'to talk of many things; of shoes-and ships-and sealing wax-of cabbages-and Kings-and why the sea is boiling hot-and whether pigs have wings,' from Alice's Adventures in Wonderland by Lewis Carroll.

A delicious Hobo supper was served beginning at six p.m. by the social committee. Mrs. Bill Loyd served as chairman. A various assortment of hand-made gifts and home baked goods was offered and displayed for sale.

The Chest 'O Plenty was awarded at 9 p.m. with Miss Kendra Hale drawing for the winning ticket. Robert Field was named the lucky winner.

A Veteran's Christmas Box was placed to receive gifts for the hospital at Big Spring. The purpose of this box is to serve the shut-in patients of the hospital with available shopping for loved ones at home. This project is co-sponsored by the club and the local American Legion Auxiliary. This box is to be placed at Moore-Oden for ten days, with the public invited to participate in this gift of appreciation to disabled veterans.

Janie Hamm, as Phyllis Diller, and Robert Field, as Freddie the Freeloader, mingled with the crowd as special entertainment.

Also featured were the "Medi-Care" Square Dancers with the famous Hobo Doc McCargo as caller. A fast moving bingo game was also enjoyed during the evening.

Mrs. P. W. St. Romain, finance chairman, reported a most successful bazaar, and wished to thank all who contributed.

### Around Plains Square

I'm beginning to feel like an old discarded piece of furniture that goes along with the sale of a business! Not really, but as most of you know by now the newspaper has sold again. We want to take this opportunity to welcome Jim and Karel Smith and their sons, Jimmy, Phillip, and Scott, as new proprietors of the Old Plains Recorder and the new Yoakum County Constitution Review.

The paper will have a new face and change of format. Hope you like it—if you don't, tell us and not your neighbors!

—APS—

Read in Southwestern Law that one out of every 17 miles driven in the United States is driven on Texas highways. We have 68,000 miles of roads in our great state—so, be careful!

—APS—

Word was passed on to us that Dortha Gray has taken all the dishes, that were left at her home recently, to the club room here in Plains. If you have a dish missing, check in the club room first.

—APS—

Enjoyed a visit with Louise Goehry Tuesday morning at the office. A couple of thoughts passed on by Louise are—"If you want to see a short winter, just borrow some money and sign a note that comes due in the spring." "Unless you are a rabbit, we wouldn't advise you to put much faith in a rabbit's foot."

—APS—

The doors of the office will be kept open all the time now, so drop by for coffee and chatter. Plans are for restocking office supplies, etc. so maybe we'll be having all your needs in stock soon.

—APS—

Glad to see Joe and Bill Curry back in town after their week's invasion on Dallas. The Square seems mighty empty if they're not on the scene.

—APS—

Talked with T. A. Elmore the other day and he stated that after everything was finally gathered on the 80 acres of water-melons, his gross averaged \$92.50 per acre.

Have come to the conclusion that having teenagers can keep

you young or make you grow old before your time—it's all in the attitude you take!

Farmers wanting to see the new 120-HP John Deere, Turbo-Built 4520 Diesel in action, may make note that a demonstration will be held this Friday. The event was called off last week because of bad weather. See time and place on the Plains Farm Supply advertisement.

—APS—

We might remind you again that the Plains FFA Chapter is still selling oranges and grapefruit. If you would like to order, contact one of the members or Randy Lemburg, instructor.

Basketball begins this week, so be sure to go out and support your favorite Wranglers and Cowboys. Hope to see you at the game.

—APS—

Enjoyed visiting with Frank and Lillian Whitlock, Kay Green, Melba Duke, Sudie Thompson, Linda Holland, Wilson Duke, Ruby Heald, Wilda Hancock, and Jack Hayes this week also.

(Continued from Page 1)

I have been advised by several well-meaning people, that I should not push too hard, as outsiders are not welcome. That is a bunch of bunk! Yoakum County is the best and friendliest place we have ever lived. We will make people mad over issues, I'm sure. BUT... we will be doing so for a reason. The reason will help help our area grow and prosper.

The format of the paper will be changed shortly. We will go to a tabloid format and change the name of the paper. In two weeks the new look will be in production. The name of your paper will be the Yoakum County Constitution-Review. We will use national and international, as well as state and local news. Special features will be anchored. Farm news will be on page four. Editorials on page two, with the exception of rare front page open letters. Expanded news reporting will bring into focus all areas of our great country. Sports will be broadened. We will soon go bi-weekly. Color will be used to make a more attractive paper. Offset printing will continue to be used as well as high quality paper. The black, inky look will be gone. More pictures and art will be used. Shorter and newsy stories will be the rule. In short we hope to give you a top quality paper.

We will make mistakes. We will err and on occasions out and out goof. When we do, please remember we are human and sometimes blow the point. We will always admit our mistakes... IN PRINT!

As to the business community. We want your help and advertising. We want growth... we want to help make this county the best in all of Texas and the Southwestern United States. We want every reader's help and advice. We want you to know that this is truly your county newspaper. We want you to welcome our efforts each week.

Politically we are conservative. The paper will reflect that political persuasion. We will actively seek out good men and women to run for office, and support them.

My office will always be open to everyone. We will welcome you with your comments. Bid us well, and remember us in your prayers as we strive to grow with you.

## Farmers Union Conclave Ends Cotton Report

An exciting 3-day meeting will await Texas Farmers Union members when the state convention opens at the Terrace Motor Hotel in Austin on Thursday, December 5, according to the state general farm organization officials at Waco. The convention is being held in South Texas this year in the midst of a "dramatic membership expansion program," the President,

### '68 Cotton Looks Good

The 1968 cotton harvest has started on a good note. There are 33,000 acres planted in cotton in Yoakum County and of these, 27,000 acres have been irrigated, and 6,000 acres were left dry land. The irrigated land is expected to produce a bale and a half per acre, while the dry acreages will yield about one bale. The total is expected to be around 46,500 bales.

County Agent Leo L. White stated, "I would say that it's the best overall crop we've had." He also said that the peak of this year's harvest would arrive in about two weeks, when the stripper cotton is ready.

The recent foul weather has damaged the quality, but not the quantity of the cotton. The snow and recent shower will cause the cotton to receive a lower grade. This year will see a greater production in bales of cotton than ever before.

Jay Naman of Waco, said.

The farmers and ranchers who attend the convention this year are expected to hear from Tony T. Dechant of Denver, president of National Farmers Union, U. S. Senators Ralph Yarborough of Texas and Walter F. Mondale of Minnesota, Congressman Jake Pickle of Austin, State Representative F. G. Mucscher, Jr. of Brenham, AFL-CIO President Hank Brown, State Farmers, Home Administrator L. J. Capleman, Gilbert Rohde, president of Wisconsin Farmers Union and Victor Ray, director of Public Relations for National Farmers Union.

Resolutions and policy recommendations have already begun to arrive at the state office in Waco from the 110 chartered county organizations in the state. These resolutions will be combined into a draft of the 1969 program which will be discussed and adopted during the 3-day convention. The Executive Committee has appointed an 18-member Program Committee that will assemble in Waco on November 18 to draft the program. The Committee will be co-chaired by Jack Norman of Howe and F. A. Lollar of Anson. The other members are Clifford W. Hoelscher of Garden City, Gene Wilbert Hansen of El Campo, Gerald Mann of Pear-Sall, John Scarborough of Hamlin, Morris Scamardo of Bryan, Rudolph Tate of Memphis, B. E. Rogers of Winters,

The three Cotton Classing Offices of the USDA in this area classed 151,000 samples of new crop cotton last week ending Friday, November 15, 1968. This brought the total for the entire season to 322,000. 132,000 samples had been classed on the South Plains this time last year. Predominant grades were Middling, Strict Low Middling, Middling Light Spotted, and Strict Low Middling Light Spotted. These four grades represented 87 percent of the total classed.

The average staple length from the South Plains area last week was 1 inch.

Micronaire readings by percentages were 3.5-4.9 64 percent, 3.3-3.4 16 percent, 3.0-3.2 15 percent and 2.7-2.9 5 percent.

The average Pressley tests, which is the breaking strength of the fibers, for the Lubbock area was 88,000 pounds per square inch, for the Lamesa area was 84,000 pounds, and for the Brownfield area was 84,000 pounds.

**At St. Jude Children's Hospital—**

**Danny Thomas Puts His Luck To Work For Sick Children!**

Danny Thomas is a lucky man. So lucky that he founded the famous St. Jude Children's Research Hospital in gratitude, and to keep a sacred pledge he made when his career was at its lowest point.

His luck held up. First, he was successful in finding generous people to contribute to the building of St. Jude's. Then, he was able to interest the University of Tennessee's Medical School in staffing the hospital - and in concentrating on research, especially in the fields of leukemia and other cancer and blood-related diseases.

Again, Danny's luck came through. A research hospital is enormously expensive. The staff must be specialists of high standing in the medical field. Equipment is complex and costly. But Danny found thousands of Americans willing to join him in helping to support the hospital.

**Out-patient Is Free**

Thousands of out-patient treatments are given every year to leukemia-stricken children. Hundreds of others are given full-time care. AND NO ONE PAYS ONE PENNY FOR SUCH CARE. All children, all races, all religions are treated alike.

Now, Danny's fabulous luck is spreading to the specialists, and to the children stricken with leukemia. Leukemia is cancer of the blood. A few years ago, all such children could look forward to only a few more months of life - months filled with the torture and pain of the disease which kills more children in America than any other.

NOW, ALMOST 30 PER CENT OF THOSE WHOSE CANCERS ARE CAUGHT EARLY ENOUGH CAN BE SAVED. NOW, HALF OF THOSE WHO CAN BE KEPT ALIVE FOR FIVE YEARS THROUGH THE CHEMICALS THEY RECEIVE AT ST. JUDE'S CAN LOOK FORWARD TO A NORMAL LIFE SPAN.

Most doctors, and most hospitals, must refer leukemia-stricken children to one of the

nation's few leukemia centers - such as St. Jude's. There then begins the race against death, a race in which chemicals are used to keep the child alive, until they lose their effectiveness and another combination must be found.

While the delicate treatment of such children proceeds, great contributions to medical knowledge and to its war on

cancer are being made. St. Jude's departments of pathology, epidemiology, immunology, bacteriology, chemotherapy, nutrition and cell biology are daily adding bits and pieces of data that will help all mankind.

Danny is hoping - for the sake of thousands of children who would die were it not for St. Jude's - that his luck will hold out. He's hoping that the people to whom he writes for contributions in November will make a gift that could well help in keeping a child alive to see another Christmas!

## Season Over Finally

by Phil R. Pearson  
The 1968 football season came to a dismal close for the Plains Cowboys, Friday night at the hands of the Cooper Pirates. The Pirates scuttled all Cowboy hopes to finish their season with a victory by trouncing them 33-8, before a tiny home-town audience in Cowboy stadium.

The Cooper offense was built around big Rick Smith, No. 44. Smith carried the pig skin time and again, but the Plains defense found a hole and streaked into the end zone for the first score of the ball game. The two point conversion attempt was broken up by Cowboy defenders. In the second quarter Smith fought his way past determined defenders for an eight yard touchdown run. Cooper faked a kick and once more attempted a two pointer. Later in that same period Smith twisted and squirmed his way through the Cowboys to score once again. This time the Pirates kicked for the extra point, and succeeded.

The Cowboys put together several fine plays, but they were spaced too far apart. Each time they got a rally started, the home team lost their tough, and with it the ball. At the close of the first half of play the score read... Cooper 19-Plains 0.

Rick Smith broke loose for his last score of the evening with an 11 yard run in the third stanza. Martinez added another TD later in the third, and booted both extra points.

Finally, late in the third period, the Cowboys put together a drive that punched deep into enemy territory. Before the Pirates could batten down the hatches, Plains quarterback, John Lowe, scrambled nine yards and crossed the line to score. Lowe also ran a successful two point conversion around the left end. Liles, Spencer, and Jones, and Simpson led attacks on the Pirate line, but were unable to score. Barnett was the leading tackler with seven.

The Cowboy defense held tight in the fourth quarter, preventing the Cooper team away from paydirt. The Cooper defense also

dug in and kept the Cowboys away from their most prized territory.

A rather lopsided call of penalties was levied by the officials in Friday's contest, causing tempers to flare and giving the Cowboys additional headaches. Four sophomores and five freshmen started in the game as Coach John Ricj  
John Richey looks forward to next season.

## Mustangs Go To Bi-District

The 4-AA champions, Denver City Mustangs, will face winner of District 3-AA, the undefeated Olton Mustangs, in a bi-district Friday night, November 22, at 7:30 in Olton Stadium. These same two teams opposed each other in last year's game, with Denver City bringing home top honors.

Denver City Supporters have been allotted 1400 seats on the east side of the Olton stadium. These tickets can be purchased at the Denver City School Administration Building; adult tickets are \$1.50, and student tickets are 50 cents each. There will be no reserved seats on the Denver City side.

With the big game only one day away, bi-district fever is raging in both teams. Each is raring to stampede onto the field; the Olton eleven to even up the score, the Denver City lads to make it two in a row.

## Plains Opens BB Season

Phil R. Pearson  
The 1968-69 Cowboy Roundballers have a rough, tough, season ahead of them. With only one varsity member returning this year, the coach, Bill Martin, and his determined boys have their work cut out for them.

"We have a chance, but it will take a lot of work," Martin said. The team will be able to start five men with an average height of six feet, in each game. The bench is the weakest point of this year's squad. If they get into foul trouble, they'll be in big trouble.

For all teams there are 32 boys working out at this time. With the experience they have, Martin will be working with good material. Good height and fair speed will have to be bolstered with skill and determination of the highest degree.

The varsity is comprised of Billy Kennedy, John Lowe, Dennis Looney, Jimmy Taylor, Bobby Haines, Larry Massey, Mike Nugent, Jeff Isham, Mike Loe, and Reg Trout.
