YOAKUM COUNTY CONSTITUTION REVIEW, CONSTITUTION OUR 37th YEAR, THURSDAY, NOVEMBER 28 1968 No. 46

PLAIN TALK

Although many political observers believe public opinion polls should tone down frantic, last-minute samplings of public sentiment in the final days of national election campaigns, the results of which often become sensational, percentage figures offered by the major polls prior to the 1968 election were admittedly close to the mark.

In the final days of national campaigns polls have often seemed to hedge, and critics claim this is, in part, construction of a ready-made excuse in case they are proven wrong by the voting. The November election provided no new ammunition for critics of hedging tactics for it's apparent Vice President Hubert Humphrey closed the gap between himself and President-elect Richard Nixon in the final weeks of the campaign, just as the polls indicated he was doing.

Newspaper straw-vote polls in various sections of the nation were also relatively accurate in recent weeks; thus in a year in which some of the major polls fared badly earlier (one gave Senator Eugene McCarthy about 11 percent of the New Hampshire primary vote before he won 40) the November voting enhanced the reputation of the major pollsters for accuracy.

The Gallup Poll, which continued to give Richard Nixon a slight edge up to election day, came off better than the Harris Poll, which indicated Vice President Humphrey had overtaken Nixon in its final, frantic opinion sampling.

City, County Offices to Close

Plains City Hall and Yoakum County Courthouse offices will be closed today and Friday, according to officials, in observance of Thanksgiving.

Public schools dismissed at 2:30 p.m. Wednesday for the holidays. Students will return to regular classes Monday. Most businesses in Plains will also be closed Thursday.

Funeral Services For Mrs. Morris

Funeral services for Mrs. Mary (Lizzie) Morris, 86, were held at 2:30 p.m. Friday in the Plains First Baptist Church with the Rev. Jim Mosley, pastor, officiating. Rev. H. A. Tarkington of the Plains Assembly of God Church assisted.

Mrs. Morris had been a resident of Yoakum County for 45 years. She died Wednesday in a Brownfield nursing home following an illness of two months.

World News

By THE ASSOCIATED PRESS
TEL AVIV (AP) — No Arab vehicles will be allowed to cross between Israel and Jordan under a new Israeli security regulation, informed sources reported today.

The rule, due to take effect next week, is a result of the explosion in a market place in Jerusalem Friday which killed 12 persons.

Security officials believe explosives are being smuggled into Israel aboard some of the 200 cars, trucks and buses crossing the Allenby and Damiya bridges over the River Jordan each day.

The move is certain to deal a heavy blow to the flourishing trade between the occupied West Bank sector and Arab nations.

WASHINGTON (AP) — Los Angeles—not Washington—has the highest rate of forcible rapes among the nation's large cities, says the District of Columbia Public Health Department. It ranks Washington 13th.

"This is not to say that women and girls are safe from sexual assaults in Washington," concluded a report released Tuesday, "but that they are safer than in many large cities."

The report, by Dr. Charles R. Hayman and two associates, said there have been "many recent statements in the press" that Washington has the highest rate.

Band Receives Second Rating

The Plains Cowboy Band returned home Saturday from Region VI competition at Odessa with a second division rating announces James Barnard, band director.

Barnard stated the band did a real fine job in marching, but needed a little more depth in sound to have a received a first rating. He was well pleased with their performance.

The Plains group competed with 12 Class A bands. Three first ratings were given; four second ratings; three thirds, and two fourths.

The band plans a concert sometime in January or early February. They will compete in concert competition March 21 at Crane. They also plan a spring concert to conclude their year.

It said figures adapted from FBI reports for 1967 showed 51.1 forcible rapes per 100,000 population for Los Angeles and these rates for other cities:

Baltimore, 48.2; St. Louis, 47; Detroit, 43; Chicago, 39; Pittsburgh, 31.7; New Orleans, 30.7; Buffalo, N.Y., 29.9; San Francisco, 24.1; New York, 23.7; Cincinnati, 23.6; Philadelphia, 21.9; Washington, 21.6; Seattle, 20.1; Boston, 19.1; San Antonio, Tex., 17.7; Cleveland, 16.9; Dallas, 16.4; Houston, 13.5; San Diego, 9.8, and Milwaukee, 6.7.

WASHINGTON (AP) — U.S. officials expect it will be sometime late next month before serious peace talks begin in Paris even though Saigon has agreed to end its boycott in return for the right to head bargaining on South Vietnamese internal matters.

Rogers Named

Gerald Rogers, director of media and technology at the Region XVII Education Service Center, is the new president of an 800-member statewide educational organization—the Texas Association for Educational Technology.

He was elected at the organization's state convention Nov. 17-19 in San Antonio.

Rogers directs the media division of the Education Service Center which serves public schools in 20 South Plains Counties with motion pictures, tapes, transparencies, visual aids, and in-service education for classroom teachers.

A native of Vega, he graduated from Amarillo College and earned the B. A. and M.A. from Texas Western College in El Paso. He currently is working toward the Doctor of Education degree at Texas Tech with special emphasis on educational media.

Rogers taught two years at Crane before spending 10 years at Monterey High School in Lubbock where he served as a teacher, basketball coach, student activities director, coordinator of audio-visual activities, and finally as vice principal. He joined the West Texas Cooperative Audio Visual Services as director in 1965. That organization maintained a film library for 38 public schools in the Lubbock area.

When Education Service Centers were formed in September, 1967, he was named director of media and technology for Region XVII in Lubbock and has held that position since that time.

He is married to the former Babs Dawson of Ysleta. They have two sons, Steve, 13, and Mark, 11.

O Lord, we thank you for the privilege of living in a land of opportunity and beauty and plenty.

We thank you for a religious heritage and freedom to worship as we may desire.

We thank you for houses of worship that point fingers of stone toward heaven.

We thank you for friends across the street, throughout the land, and around the world.

We thank you for friendly nations on our borders, and the ability to help the less fortunate in our own and other lands.

We thank you for fertile fields swathed in robes of golden grain, majestic mountains ribbed with sinews of steel.

We thank you God, for strength to work, for minds to plan, and hearts to appreciate the good things from the inexhaustible storehouse of heaven. —Author Unknown.

—APS—

We want to share this Thanksgiving prayer with you today and hope you have a wonderful holiday. We all have so much to be thankful for and I'm especially thankful for all the wonderful new friends that I have made while working here at the paper. I certainly hope to make more in the months to come. May God's

blessings be on each and every one of you during these holidays and the days to come.

Whether they are casual acquaintances or close, friends make each day a little better. Like meeting the new Baptist pastor and family, the Jim Mosleys; having coffee with gals like Maurcene Phillips, Kay Green, Mary Noakes, Lee Hanna, Melba Duke and Linda Holland; discussing sports with Coaches Vickers and Engle; having the Johnny Brown family out for supper; sharing a lunch with Judy Sell, her mother, Evelyn Looney and Margie Barron; sharing fun and good food when the Turner Home Demonstration Club held their Thanksgiving supper and again in celebration of friend J. T. Anderson's birthday; having old friends like Maurice Thompson drop by for a visit with the family; visiting Roy and Jeannie Edwards along with the Currys at the drugstore; getting to know Martha Shelton better; visiting with Carl and Janis Spears, Bill Overton, barber Kerby, Bill Kennedy, Jim Sherrin, Loretta Hauck, band director James Barnard and civics instructor

And then you learn to appreciate new friends like Ray Arrowood who was thoughtful enough to bring us a big sack of fresh pecans. Ray is a custom combiner and after a trip home recently to Banks, he came by for a visit and left us the pecans. They were delicious, and needless to say, they were eaten almost as fast as they were shelled. That part hasn't helped in getting ready for holiday cooking at all!

The Lions Club had a special award for Sherm Tingle Thursday. It was to be the presentation of his 25 year perfect attendance pin. All was in readiness, except . . . you guessed it . . . Sherm was absent from the meeting!

—APS—

This really happened . . . a young man filling out application for work came across a question which asked about spare time interests. He answered it, "My avocation is collecting rare stamps." The employer looked over the application and said to him, "I have an avoca-

tion, department heads have hobbies, your stamp collection is fooling around."

—APS—

Enjoyed lunch Friday with Jewell Anderson, Ferene Lowrey and new boss, Jim Smith. Sorry Margaret Box couldn't make it in to join us. Ferne gave us a couple of interesting recipes and we would like to share them with you now:

How to Bake a Cake

Light oven; get out bowl, spoons and ingredients. Grease pan, crack nuts. Remove 18 blocks and seven toy automobiles from table. Measure out two cups flour; remove Johnny's hand from the flour and wash the flour off Johnny. Put flour, baking powder, and salt in sifter. Get dust pan and brush up pieces of bowl that Johnny knocked off the table and onto the floor. Get another bowl. Answer doorbell. Return to kitchen. Remove Johnny's hand from bowl, wash Johnny. Get out eggs. Answer telephone. Return. Take out greased pan. Remove 1/4 inch salt from pan. Look for Johnny. Return to kitchen and find Johnny. Remove his hands from

bowl; wash shortening, etc. off him. Take up greased pan and fine 1/2 inch layer of nutshells in it. Head for Johnny, who flees; knocking bowl off table. Wash kitchen floor. Wash table, wash walls, wash dishes. Turn off oven. Call up baker. Lie Down.

How to Preserve a Husband

Select with care, the very YOUNG and GREEN varieties; they take longer to prepare, but are excellent when done. Sometimes the old and tough ones never become tender. Those neither hard, nor yet too soft, give the best results. Do not keep them in a PICKLE nor in HOT WATER for even a little while as this toughens them and often spoils the results. Never test for tenderness, as this leaves a mark and they are never as smooth afterwards. Even the poorer varieties may be made tender and sweet by the following methods: Wrap in a devotion—sweeten with smiles and flavor with kisses to taste. When thus prepared, they will keep for years!

Texas averages 28 tornadoes each year. Kansas 26 and Oklahoma 24.

TOM WARREN in grain sorghum residue left on land following chisel plowing.

TRACTOR DEMONSTRATION: Tractor demonstration on the Truitt Jones farm Friday brought out some very significant information on conservation farming as well as showing off two new tractors. The Plains Farm supply demonstrated two new John Deere 4520 tractors by pulling a five bottom 16 inch moldboard turnover plow with one and a nine chisel V type plow with the other. Both tractors were traveling at five miles per hour and both were plowing about 12 inches deep. The chisel plow was taking a strip 200 inches wide while the moldboard was plowing an 80 inch strip. The cost of the chisel was \$1000 while the moldboard cost \$2500. Parts that wear out and must be replaced cost \$30 on the chisel while repair parts on the moldboard cost \$75 and both will need to be replaced about the same time. As you can see it costs more to plow and leave the land bare and subject to wind and water erosion. The chisel plowed land will hold moisture, top soil and treats you better financially too.

Management Of Crop Residue

by Wilson Duke
Soil Conservationist

Now that grain sorghum harvest is nearing completing, it is time to think about the management of the crop residue. We all know that any kind of residue or cover will help hold the moisture, our top soil, organic matter and the plant food in the soil. Along with the above mentioned conservation measures it will also protect our homes, health, business, highways, and livestock during the wind erosion period next spring.

Crop residue has proven to be our best and most economical soil protector.

Cotton Report

The 1969 Upland cotton allotment yield notices have been mailed to farm operators, according to Bill Overton, local ASCS County Office Manager. The allotments are approximately the same as for 1968. The projected yields are slightly higher on most farms. Farm operators are urged to carefully read their allotment notice when received.

Under the 1969 program, as announced, no diversion is required. Cotton farmers plant their entire cotton allotment and a price support payment of 14.73 cents per pound times the projected yield times the domestic allotment (65 percent of the effective farm allotment) will be paid. The payment is a price support payment and is NOT a payment for NOT planting a crop. The price support loan rate has been announced at 20.25 cents per pound for middling one inch cotton at average location. This is the same rate as under the 1968 program. All cotton produced will be eligible for a loan if the allotment is not exceeded.

The Upland Cotton Referendum will be conducted by mail during the period of December 2 through December 6, 1968. Ballots will be mailed to all cotton producers on the ASCS mailing list on November 29, 1968. All voters are urged to vote

their ballot, either for or against, and return it to the office when received. To be eligible to be counted the ballots must be returned in person on or before December 6 and if mailed must be postmarked no later than December 6, 1968. For quotas to be approved at least two-thirds of the voters must approve quota. If approved, price support loans and payments and other provisions will be in effect in 1969.

If quotas are not approved by at least two-thirds of those voting, allotments will remain in effect for the 1969 crop but there will be no marketing quotas and the announced program will not be in effect.

Five day forecast for Yoakum County: temperature near normal for the period; normal minimum 34-40; normal maximum 60-70. Cold early portion turning warmer near weekend. Possible rain and snow for Thursday and Friday.

Snow fall in Denver City: 1/2 inch (Tuesday).

Snow fall in Plains: 1/2 inch (Tuesday).

Denver City Wins

Phil R. Pearson
Olton stadium was the scene of a pitched battle between two arch rivals Friday night. For the fifth time in seven years the Denver City team knocked the Olton Mustangs out of the race for the state championship.

Before an eager throng of some 4,000 spectators, the Battle of the Red and Blue raged with fierce intensity. Throughout the first half of play both teams gained favorable field positions, but the defensive units held their ground and the ball changed hands.

Mistakes were the rule rather than the exception in Friday night's gridiron action. The number of interceptions and fumbles gave the fans a slight idea of the pressures that a bi-district game puts on the contestants. On the other hand, these errors filled the contest with excitement and suspense.

The first half of play ended with the score tied at 0-0. At that stage of the game Olton held the lead in penetrations 2-0.

The half time show was presented by the Olton High School and Junior High bands, and the Denver City Mustang band.

The battle resumed once more as the close of the half time entertainment brought the third quarter. In this bracket the only score of the evening was tallied by the Denver City squad. Following a turnover deep in Denver City territory, quarterback Gene Richardson came onto the field and decided to give the airways a try. On the snap his receivers sprinted downfield and back faded Richardson. At first he was threatened with disaster far behind the line of scrimmage as an Olton Mustang de-

fensive man closed in from each side. Suddenly the rush was terminated, leaving Richardson with all the time in the world to set and throw. He waited until Jimmy Youngblood broke to the inside, then led him perfectly laying the ball in his outstretched arms.

Youngblood then darted 56 yards to the Olton 10 yard line. On the next play Robert Hernandez raced around the right end for the score. The point after attempt was wide.

The last period of play was much the same as the others as far as action and excitement were concerned. Both teams threatened again in the fourth stanza, but the end zone remained a prize to attain as the game ended with a final score of 6-0 . . . Denver City.

Denver City will face No. 1 rated Iowa Park Friday, November 29, at 8:00 p.m. in Snyder. Iowa Park defeated Phillips by a score of 34-12 in their bi-district tilt.

Enthusiastic Denver City supporters staged a spontaneous pep rally Sunday afternoon in Denver City. The young people yelled and paraded through the streets to further show the Mustangs that they are behind them all the way.

This regional contest will be broadcast by Jim Smith of KKAL over Channel 5 cable TV at 7:30 Friday night.

RATON, N.M. (AP) — Horse racing fans wagered an all-time high Sept. 1 at La Mesa Park. The \$267,857 handle set a record for the northern New Mexico track's 23-year history.

Hagerman Overcomes Varsity

Phil R. Pearson
The Plains Cowboy basketball team fell to a more experienced Hagerman squad Friday night, in Hagerman, New Mexico. The Cowboys played a good ball game until the fourth quarter, when their 'get up and go got up and went.'

Kennedy and Taylor were the sparkplugs for the Cowboys in Friday's action. Kennedy scored 19 points, while Taylor followed with 10 points and some fine rebounding.

Other scorers were: Lowe 3, Massey 2, and Looney 4. Plains hit 8 of 16 free throws for 50 percent, 15 field goals, and fouled 9 times.

Hagerman played heads-up ball all evening, and took every advantage of the tiring Cowboys in the fourth quarter. High point man was Miles with 20. Also scoring were: Guevara 10, Delgado 7, Salas and Madrid, 5 each, and Harrell and Henson 4 each. Hagerman hit 7 of 13 free throws for 53 percent; 24 field goals, and had 12 fouls.

Frosh Win Over Tatum

Phil R. Pearson
The Plains freshmen met the Tatum roundballers in the old gym in Plains Thursday night at 7:30 p.m. The home team took a seven point lead in the first period and stretched it to eighteen by the end of the game. The Tatum boys didn't have much going for them during the contest.

Scoring for Plains were: Fisher 14, Rains 7, Ham 2, Simpson 11, Reece 10, Barnett 1, and Ramos 2. Seeing action but not scoring were: Stuart, Haynes, Hanna, Brently, and Gutersloh. The team hit for 43 percent on 13 of 30 free throws.

Tatum, on the other hand, didn't have a single player in double figures.

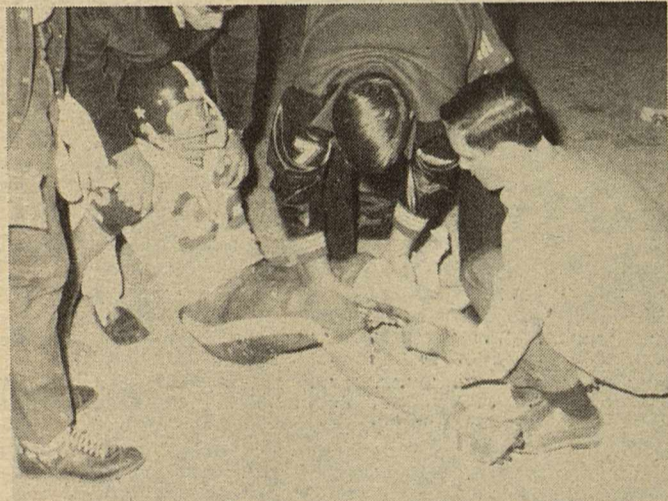

The score was 47-29 as the game ended.

Plains B-Team Tastes Defeat

Phil R. Pearson
The Plains B-Team was given a taste of bitter defeat in their first basketball game of the 68-69 season, 39-21, at the hands of the Hagerman, New Mexico squad.

The Plains cagers played a good game against a more experienced opponent. Scoring for Plains were: Fisher 2, Levacy 3, Cox 1, Moore, Kerby, and Simpson 4 each, Buno 2, and Rains 1. Plains hit 5 of 18 free throws for 28 percent; 8 field goals, and committed 13 fouls.

FBI Arrests Nine Members Of Crime Syndicate

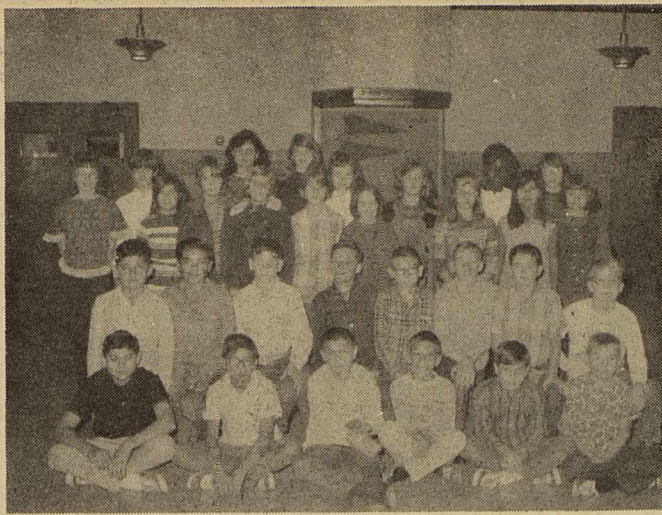

BUFFALO, N.Y. (AP) — A man described by the FBI as an "overlord of crime" and eight others were arrested Tuesday on charges of engaging in illegal Cosa Nostra operations in western New York and Ontario, Canada.

The FBI said much of the activity—including gambling, bookmaking, and loan-shark operations—was directed out of a small funeral home in nearby Niagara Falls.

Stefano Magaddino, 77, identified by the FBI as the head of the Cosa Nostra in western New York, was ordered by the FBI to appear for arraignment on charges of interstate racketeering.

He was permitted to spend the night in his home in nearby Lewiston because of his age and chronic heart condition.

In the past, the FBI said, Magaddino has entered a hospital complaining of chest pains whenever anyone tried to question him about organized crime. This time, if necessary, federal authorities will follow him to the hospital and arraign him in his room, U.S. Attorney Andrew F. Phelan said.

"LET US BE THANKFUL"

How recently have you counted your blessings?

IT isn't any of our business, really. But today we think of the Pilgrims--and the early Thanksgiving they observed with each having only a few kernels of corn. We admit this makes us a little emotional about our country, its beginnings, its short but startling history, its fumbling but still purposeful struggles with today's monumental problems. All Americans should be partisans--supporting boldly the views, policies, and party of their choice, and above partisanship, support America. At Thanksgiving we believe it is an occasion, figuratively at least, to be on our knees, all of us--in fraternal gratitude for the blessings we have gained, are gaining--and especially for those which, though we may not (due to indifference) deserve--we believe America will be perpetuated if only its citizens will hold on to our Creator as a partner in total endeavor.

Reverently, we thank the Creator of all good. And we bespeak His blessings upon this sorely plagued country. We cannot individually, any of us, make any substantial difference in the nation's affairs. But collectively, this America is what we make it. Can we all play our parts so there will be much for our children and grandchildren to be THANKFUL for in the future? Let this be a prayer we LIVE. And while we are expressing "Thanks" for the great and transcendent wonders of life, we are mindful that we have much to be thankful for at the hands of you--our neighbors. And we are mindful of this through the long year.
