HO! HO! HO!

The Christmas season is almost on us, and with the joy of the year comes the man who is most responsible for happiness among our children. That would have to be the old gentleman in red who with the twinkle in his eye and the hearty laugh, promises the good boys and girls a gift of love and remembrance.

Our paper this week will feature many stories and pictures of Santa and his little friends. We run pictures of children to remind you what we are looking forward to...the happiest time of year for our little ones.

Next week through special arrangements with our far eastern and middle eastern reporters, we will have a special on the scene report about Christmas some 1968 years ago. It may make you feel a little differently about the happenings of today. It will be front page news. Next week in The Constitution Review...

Something Extra with the Turkey

By CECILY BROWNSTONE
Associated Press Food Editor

Can I interest you in adding something a little different, a little special, as an accompaniment for the holiday turkey?

Then serve a casserole of rice cooked in chicken broth and enlivened with pineapple, water chestnuts, celery, green onion and soy sauce.

Before suggesting this for the noble bird, we served the casserole at a rehearsal, this time with roast duck. All tasters approved the rice and pineapple combination, and one of them—a man who enjoys cooking—clamored for the recipe!

Since the turkey needs to rest before being carved, the rice casserole can go into the oven during this period. Or after the drained pineapple and other ingredients have been added to the rice, it can be heated in the top of a double boiler over boiling water.

PINEAPPLE RICE CASSE- ROLE

1 can (13-1/2 ounces) pineapple tidbits
1 can (10-1/2 ounces) condensed chicken broth
1 cup converted-type rice
1/4 cup butter
1 can (5 ounces) water chestnuts, drained and sliced
1/2 cup thinly sliced celery
1/2 cup chopped scallion (green onion), tops included
1 tablespoon soy sauce

Turn pineapple into a strainer set over a pint measure to drain thoroughly; to the pineapple syrup

HOLIDAY BIRD — As a different accompaniment for the turkey, serve a casserole of rice enlivened with pineapple, water chestnut and other good things.

add the undiluted chicken broth; add enough water to make 2 1/2 cups. Turn into a heavy medium saucepan; bring to boiling; add rice; bring to boiling again; turn heat very low, cover and simmer until rice is tender and liquid absorbed—about 25 minutes.

With a fork, mix in pineapple,

butter, water chestnuts, celery, scallion and soy sauce.

Turn into an oblong glass baking dish (10 by 6 by 1-3/4 inches) or similar utensil. Cover (with foil if necessary) and bake in a preheated 350-degree oven until thoroughly hot—20 to 30 minutes.

Makes 6 to 8 servings.

Trap Set For Thieves

Yoakum County Sheriff Olan Heath reports that law officials are on the lookout for a person or persons with a pink dye on their skin in order that they may be questioned in the theft of radio active mercury taken from a pipe line pressure gauge.

The theft of the mercury occurred Sunday night on a gauge belonging to El Paso Natural Gas on a site some eight miles east of Plains. This was the third robbery in recent weeks from this gauge. Officials throughout West Texas have had reports of similar thefts.

The Yoakum County officials set up a pink dye trap on the gauge so that if the mercury was taken again it would spray the thief with the dye. Sheriff Heath reports that the dye will stay on the skin approximately two weeks. The more a person tries to wash it off, the more it shows up.

Anyone with leads to the suspect are asked to please contact the local law office.

AROUND PLAINS SQUARE
WITH TENY LESTER

First of all, congratulations to Roy and Jeannie Edwards on the birth of their new daughter. Appropriate for the season, she has been named Holley Rene. Friday the 13th is not such a bad day after all!

The flu bug seems to be hitting the community pretty hard now. Reports have come that several persons are sick and a lot of absences at the schools. Joe Curry stated that Monday more prescriptions were filled there in a day's time than any time since they've had the drugstore.

Speaking of Joe, he's really in the holiday spirit. He's having a ball with the mistletoe in the store. He has placed it at every strategic point!

Earl Morrall Named As Top Quarterback

By JACK HAND

NEW YORK (AP)—Green Bay's domination of the National Football League All-Star honors ended in 1968 when Baltimore and Dallas each placed four players on the 22-man offensive and defensive units picked for the Associated Press by a 48-man committee of sports writers and sportscasters, three from each league city.

Earl Morrall, who has been everybody's backup quarterback for years, finally moved front and center as the All-Star quarterback with the Baltimore Colts. He replaced John Unitas, the 1967 All-Star who gave way to Morrall at Baltimore this year because of a tennis elbow.

The starting backfield consisted of Morrall and the fleet running back combination of Leroy Kelly of Cleveland, the two-time rushing champion, and Gale Sayers of Chicago, despite the knee injury that put him out of action for the season Nov. 10.

Clifton McNeil, the speedy receiver who was acquired by San Francisco from Cleveland just before the season started, was named the flanker on the basis of his league-leading 71 pass catches.

Bob Hayes of Dallas was the split end and John Mackey, Baltimore's solid citizen, was the tight end.

The five-man offensive line was manned by Mick Tingelhoff of Minnesota at center, Gene Hickerson of Cleveland and Howie Mudd of San Francisco at the guard posts and Ralph Neely of Dallas and Bob Brown of Philadelphia at the tackle jobs.

Los Angeles had three starters on the defensive team, including Deacon Jones, the perennial all-league end, and Merlin Olsen, his running mate at tackle. Eddie Meadow at safety was the third Ram to make the club.

Carl Eller of Minnesota was Jones' partner at defensive end and Bob Lilly of Dallas again teamed with Olsen as the defensive tackles.

Dick Butkus, enjoying one of his best seasons with the Chicago Bears, was picked as the middle linebacker with Chuck Howley of Dallas and Mike Curtis of Baltimore as corner linebackers, just edging out Green

Bay's Dave Robinson.

Bobby Boyd of Baltimore and Lem Barney of Detroit won the corner back jobs and Larry Wilson of St. Louis, still as good as ever, was back again at safety to team with Meadow.

Both men were free safeties and it is possible the AP may ask voters next year to designate a strong safety as well as a free safety.

Twelve of the 22 players will be in action this weekend in the Saturday-Sunday conference playoffs with Dallas and Baltimore each having four and Cleveland and Minnesota each two. The Cowboys will be at Cleveland Saturday for the Eastern Conference title and the Vikings at Baltimore Sunday for the Western crown.

Only 10 reported from last year's team. They were Mackey, Neely, Hickerson, Sayers and Kelly on offense and Jones, Olsen, Lilly, Howley and Wilson on defense.

No Packers Picked

Ten of the 16 teams placed men on the first team and, for the first time in recent memory, there were no Packers although Jerry Kramer, guard, Willie Wood, safety, and Robinson, linebacker, all were on the second team.

Kelly was the top vote getter with 45 of a possible 48. He wound up with a career of high 1,239 yards, a 5.0 yard average and 20 touchdowns, 16 on runs and four on pass receptions.

Morrall was picked as quarterback by a landslide, with only Bill Nelsen of Cleveland

Matadors Bomb D.C. Five 75-60

Lasel Green ripped the Estacado Gym nets for 34 points Tuesday night to lift the Matadors over Denver City, 75-60. It was the most points ever scored by Estacado.

Denver City, a Class AA outfit, was actually very much in the game going into the final quarter. But in the final frame, Green scored 14 of his 34 points. Denver City, in the meanwhile, could only muster 19 points in the last period.

Estacado now sports a 4-7 record and Denver City stands at 3-2.

Cut Margin

The Matadors lead, 51-41, as the fast period began, but Denver City, behind the shooting of Mike McKinney and Jimmy McKee, soon cut the margin to 51-45 with 6:43 remaining.

That's when Green, along with Tony Ward, went to work and built up an 11-point lead at 61-50 with 4:04 remaining. A long jumper and two charity shots by Ward made it 65-50 with 3:11 left.

That was Estacado's biggest lead. And it was the same margin the game ended with.

But one would have never thought so as the contest opened.

Estacado Rallies

Two quick buckets by McKinney and Ralph Russell gave Denver City a 4-0 lead. With 4:24 left in the first quarter, McKee's free throw made it 7-2.

Estacado rallied and took the lead at 8-7 with 1:34 remaining on the clock following two-pointers by Pete Brown, and Green.

The first half ended at 10-10, and Denver City quickly stretched the margin to 14-11 on DeWayne Taylor's layup and McKee's charity shots.

Never Trail

Green's three-point play with 4:42 left in the half game Estacado a 18-16 lead and the Matadors would never trail again.

Beside's Green's 34 points, Ward pumped in 21. For Denver City, Doug Hubbard had 14 and McKee totaled 13.

Estacado will participate in the Denver City Invitational Basketball Tournament Thursday through Saturday. The Matadors will open with Lamesa Thursday at noon.

Lobo's Lope Over Cowboys In Easy Win

By PHIL R. PEARSON

The Plains Cowboys felt the pain of defeat once again Monday night as the Lobos from Lovelland rolled over them 82-53 in Lobo gym. The Cowboys played a fine first quarter, taking the lead several times. When the first half came to a close the score was 41-31, Lovelland holding a ten point lead.

The Lobos broke the Cowboys' backs in the third quarter by scoring 37 points to the Cowboys' 8 points. In the fourth stanza the Cowboys outscored the Lobos 14-3, but the effort was too little and too late.

Billy Kennedy scored 15 Cowboy points.

THOUGHTS OF JOHN

By Jno. A. McConnell
 The Yuletide again approaches and a wonderful season it is. A time to be joyous and happy, a time to send heartfelt greetings and give gracious gifts. As we go about putting up the Christmas decorations and listen to the sweet carols of "Peace on Earth and Good Will Toward Men," we realize there should be no place for morbidity. But as we view the events of the past eight years and consider the condition of our nation today, it is impossible to refrain from feeling a bit morbid. It would be irreverent to view the great Washington Christmas tree and feel all joyous. The many, many lights as they were lighted can hardly represent peace. For to many homes, a light on that tree marks a vacancy at the Christmas table. More than 30,000 lives have been sacrificed and over 500,000 more are on the altar. While the carols ring out, "Peace, Peace", the echo comes back "war, war". The word "Peace" has a very hollow ring this Christmas.

Peace is a foul word to the war makers, the fame seekers and those who garner their coffers from wars. Their only Christmas gift is the promise of many more days of very hard fighting and much more suffering, while the peacemakers languish in the plush hall of officialdom, and boast of their own achievements. While they while away their time in arguments of trivial matters such as who shall sit in which chair, the toll of lives steadily continues on.

The great proclamation rings forth from Washington that Communism is being overthrown in Southeast Asia, the United States and her allies are winning the world battle over communism. As this boastfulness continues and lives continue to be sacrificed on the battlefield, the evidence of defeat increases. The old and worn promises of "I will" and "we will" no longer offer assurance and confidence. The depleted gold reserves of the nation that have reduced the value of the paper currency to mere script and the resort to straddle coinage of very little actual value decry defeat. The tremendous tax increases and the continuous demand for additional spending of public funds, with little concern for the source; the parades, riots and increase of crime, the continuous increase of government control of every facet of human endeavor can only portray that the battle over communism must be fought at home before we can win on the battlefields of the world.

May it be hoped that as folks across the land enjoy the pleasures of this fond season they will pause a moment and realize that a home is no more secure than the government under which it resides. A prayer that this nation remain a government "Of the people, by the people and for the people" could well be appropriate.

HELENA, Mont. (AP) — A passenger recently left his advice in an elevator in the Post Office Building.

Under the list of instructions on what to do in case of an emergency was added, "and pray."

SPECK GETS STAY OF EXECUTION

CHICAGO (AP) — Richard Speck, convicted slayer of eight young nurses, has been granted a stay of execution to permit his counsel to file an appeal to the Supreme Court.

The Illinois Supreme Court granted a stay Tuesday for the pock-marked drifter who was sentenced to die in the electric chair for strangling or stabbing the student nurses in a south side townhouse dormitory July 14, 1966.

The execution date had been set for Jan. 31 by the Illinois court after it turned down an

appeal by Gerald W. Getty, the Cook County public defender. Getty submitted Tuesday an affidavit declaring his intent to ask the U.S. Supreme Court to review Speck's case.

Feb. 20 Deadline

Getty has, by law, until Feb. 20 to submit his petition. That is exactly 90 days after the Illinois Supreme Court rejected the appeal of the death penalty filed by Getty.

Getty is expected to base his new appeal on an earlier decision this year by the U.S. Supreme Court in the William

Witherspoon case. It ruled that no veniemen can be barred from jury service because of religious or conscientious beliefs against capital punishment.

Saskatchewan became a Canadian province in 1905.

CHRISTMASTIDE

To follow the light of a star... to worship and to pray
 ...to give of our plenty to others... to share the joy of Christmas... these are the true gifts of Christmas
 ...ours today as when the wise men sought a humble manger.
 May we treasure them always.

TEXAS HP REPORT

The Texas Highway Patrol investigated six accidents on rural highways in Yoakum County during the month of November, according to Sergeant H.E. Pirtle, Highway Patrol Supervisor of this area.

Three crashes resulted in one person injured, and an estimated property damage of \$4,010.00.

The rural traffic accident summary for this county during the first eleven months of 1968 shows a total of 39 accidents resulting in four per-

sons killed, 24 persons injured, and an estimated property damage of \$31,560.00.

In order to help make this a happy holiday season the Patrol Supervisor lists some holiday driving rules.

1. Allow plenty of time for your travel.
2. Check your car, be sure it's in safe driving condition.
3. Use seat belts to safeguard your family and yourself.
4. Be alert to road, weather and traffic hazards.
5. Do not overdrive for the conditions.
6. Make courtesy your code of the road, it pays.

FORT WORTH (Spl)—With one entry closing date just behind them, officials of the Southwestern Exposition and Fat Stock Show are encouraged by the outlook for the 1969 edition, scheduled Jan. 24 through Feb. 2.

W.R. Watt, president and manager of the Stock Show, said entries for cattle, horses, sheep and swine closed Dec. 15, and the show's staff now is assorting and cataloging the mammoth stacks of entry cards that have poured into the office. Livestock entries in the 73-year-old Fort Worth Stock Show often surpass 11,000.

"Exhibitors of the poultry, rabbits and pigeons have until Jan. 15, 1969, to submit their entries," Watt added.

Total premiums in the 1969 Stock Show, Horse Show and Rodeo will exceed \$232,000.00 in prize money and entry fees, with \$128,419.00 earmarked for the Stock Show alone, Watt said.

Outstanding classes of all major beef cattle breeds will be exhibited, including Angus, Brahman, Charolais, Durham (in carcass classes), Hereford, Polled Hereford, Red Angus, Shorthorn and Santa Gertrudis. The Stock Show again will carry the American Hereford Association's "Register of Merit" rating and the American Polled Hereford Association's "Standard of Perfection" designation.

The 1969 Fort Worth Rodeo will feature Fess Parker, star of television's "Daniel Boone" show, as special guest attraction at all 20 performances. Rodeo tickets are available by mail from the Southwestern Exposition and Fat Stock Show, P.O. Box 150, Fort Worth, Texas 76101.

Countdowns Move Smoothly Along

CAPE KENNEDY

Two countdowns headed toward the launch of a communications satellite tonight and the three moon-bound Apollo 8 astronauts Saturday in a spectacular finale to one of America's most successful years in space.

Frank Borman, James Lovell and William Anders, winding up their moonflight training, were expected to watch the Intelsat radio relay satellite take off on a slim Delta rocket at 7:32 p.m. EST tonight.

Family Arrives

Lovell's wife, Marilyn, and their four children were arriving today by private plane from Houston to join thousands of others expected to be on hand for the start of man's greatest adventure Saturday morning.

Lovell, who on two Gemini missions logged a record 425 hours in space, said that "on the past two flights I've kept Marilyn home. I couldn't do it this time."

Susan Borman and Valerie Anders will remain home in Houston with their children—the Bormans have two and the Anders have five—and watch the shot on television. Anders gave his wife a new color TV set two weeks ago.

No Hitches

The long, detailed countdown on the 363-foot tall Apollo 8 space machine hummed along smoothly without a hitch.

The three astronauts spent much of Tuesday in a spacecraft trainer, rehearsing emergency procedures to be used in case of a major failure during their return to earth Dec. 27.

"Cowlift" May Launch New Era For Cattle Industry

FORT WORTH (AP)—A massive "Cowlift" has signalled the beginning perhaps of a new era in the cattle industry.

A sleek new jet with 262 Polled Hereford breeding cattle took off Tuesday for the southern tip of Chile and was due to arrive there early today.

"This maiden flight is not only historic, but it is researching airlifts with big shipments of cattle," said Orville Sweet, executive secretary of the American Polled Hereford Association.

"If successful, the flight will open a whole new world in livestock movement."

The flight was arranged by the Hereford Association working with the U.S. Agency of International Development and CORFO, the developing bank of Chile.

More Flights Likely

"The cowlift is designed to help Chilean ranchers develop their beef cattle industry.

Sweet said if the first two test flights were successful, eight additional flights would be made in January and 10 next October, totalling nearly 7,000 cattle.

They planned more of the same today.

Most of the launch pad activity today was devoted to removing test equipment from the 32-ton moonship and installing flight gear, including the spacecraft batteries used during the final minutes of the six-day mission.

Borman says Apollo 8 is a "beautiful spacecraft" and has behaved well during its many months of preparation for the moon orbiting adventure. "We haven't had any problems with it at all."

Gold Price Zooms Up

LONDON (AP) — The price of gold shot up to a six-month peak on European bullion markets today on the basis of speculation that President-elect Nixon's administration may raise the official price for the metal.

Successive American governments have fiercely resisted any increase above the \$35 an ounce the United States has been committed to pay since 1934. But the refusal Tuesday of Treasury Secretary-designate David Kennedy to commit himself to defend the present official gold-dollar rate was taken by bullion dealers and speculators as a hint of changing thinking in Washington.

The price of gold jumped 60 cents at the morning fixing in London and 50 cents in both Zurich and Frankfurt. The London free market price was \$41.825, the highest level since June 12, when it reached \$41.90. It was \$41.70 in both Zurich and Frankfurt.

Winds To 47 MPH

Travelers' warnings were extended to the Texas Panhandle and northern South Plains this morning after snow began sifting down and a storm system centered in Texas spread widespread adverse weather across most of the mid-nation.

Snow, freezing drizzle and rain occurred in an eight-state area from the Rockies through the Mississippi Valley.

Travelers warnings were in effect from New Mexico and Wyoming into Illinois, as the storm system crept toward the Midwest.

Light snow began falling in early morning from Eastern New Mexico into the Texas Panhandle and northwestern South Plains and into Oklahoma.

Flu In U.S.

The nationwide spread of the Hong Kong flu has become a "disaster situation," according to the American Red Cross, which ordered local chapters to render assistance to stricken communities.

A spokesman at the national Red Cross headquarters in Washington said Tuesday that

volunteers will provide nursing care, food services and transportation when requested by community leaders.

The National Communicable Disease Center (NCDC) in Atlanta said flu-like sicknesses now have gripped a 35th state—South Dakota. New Jersey reported flu of epidemic proportions Tuesday and South Carolina warned of the possibility of a "statewide epidemic."

In New York City, health commissioner Edward O'Rourke said about 500,000 residents had contracted flu since the epidemic began two weeks ago, and another half million residents in Los Angeles were sick.
