NEW BANKER-R. M. (DICK) CARROTHERS

Plains State Bank New Vice-president

A new executive vice president was elected by the board of Directors of the Plains State Bank last Wednesday.

The announcement comes from President, Bill Loyd that R. M. (Dick) Carrothers of the First National Bank of Levelland, Texas, was elected executive Vice President of the Plains State Bank and will assume his new position effective April 28, 1969.

Dick is a native of Rule, Haskell County, Texas, and began his banking career with the Farmers National Bank of Rule in September, 1940. He worked for the Farmers National Bank and Stamford State Bank until December, 1942 when he entered the Air Force. After spending 39 months in the Air Force, he returned to the Farmers National Bank of Rule and worked until he was called back into the services for the Korean War. Upon being discharged from the Air Force in September, 1951, he joined the First National Bank

of Levelland. For the past 17 years, he has worked in almost every department in this bank and is currently Vice President and trust officer.

Dick has been an active member of the Junior Chamber of Commerce and Rotary Club and is a past President of the Levelland Rotary Club.

He attends the First Christian Church in Levelland where he served as a Deacon. His wife, Pearleta attends the Church of Christ where she has been active as a Sunday School Teacher. She is also a substitute teacher in the Levelland Public School system.

The Carrothers have 3 daughters. Gail, 17, will be a senior next year; Cynthia, 15, will be a sophomore and Carol, 9, will be in the 5th grade.

Mrs. Carrothers attended the Colorado School of Banking, University of Colorado at Boulder, Colorado.

Mr. Carrothers plans to move to Plains as soon as school is out in Levelland.

NEW OWNERS OF WESTERN MOTEL--MR. AND MRS. ROY WEEKES

Construction Completed

Charlie Martin, construction engineer for the Brown & Mc Kee Construction Company, stated today that his work on the Du Pont Water Project in Plains is completed and that he will return to his home in Odessa, Texas.

Charlie spent several months in Plains where he has been engineering and overseeing the entire construction and installation of equipment. Charlie stated that although his duties have been completed and the construction contract is finished, the company's tools and equipment will remain at the building site and be available for use by the Du Pont Company until the Plant is in operation.

Time Change

2:00 a.m. Sunday, April 27, is the time set for the change from Central Standard Time to Day Lite Saving Time.

To some this will mean considerable disturbance and even distraction. To the old hard work-a-day folks who work from sun to sun any way it can only mean somewhat of an inconvenience. But those who work a set number of hours it can be quite advantageous in grouping the day lite hours and making them all available at one time.

After a few days of adjustment many will find much more time to work around the home doing the many odd jobs they have put off for lack of time. Also, the extra hour in the evening will afford time for a few holes of golf, a bit of horseback riding or a trip to an entertainment some where.

Though every one likes to stick to the old year round standard time, with a little maneuvering every one should be able to make the change tolerable.

New Owners

Mr. Roy Weekes and wife, Dorthea, of Morton, Texas, have purchased the Western Motel from the former owners, Mr. O. H. Clark and wife, Mollie. The transaction was completed this week and Mr. and Mrs. Weekes took over the operation of the Motel Tuesday, April 15. Mr. and Mrs. Weekes were long time

Good Luck Volley Ball Girls

The Plains Cowgirls will leave for the University Interscholastic League State Volleyball Tournament on Thursday morning, April 24. The Cowgirls earned the trip to Austin last Saturday in Lubbock by downing Canadian 15-1 and 15-4 in their first game and then took Iraan 15-3 and 15-5 in the finals.

This trip to Austin will be the third trip in three years for the Cowgirls. They are seeking their eighth straight State Championship.

As a warm-up game the girls will play Midland Lee in the Cowgirl gym this Thursday, April 17, at 4:30 p.m. The girls and Midland Lee stand 2 and 2 for the season. Today will tell the tale!

residents of Morton where Mr. Weekes was engaged in business. After selling his Fire and Casualty business which he had conducted for 20 years. Mr. Weekes entered the Real Estate business and has been engaged in this business for the past five years.

Mr. Weekes has been very active in the Real Estate business and will continue the business in Plains in conjunction with the Motel. The Motel has been quite successful and enjoys a bright future.

ISN'T IT STRANGE

Isn't it strange, when another person takes a long time to do something, he's slow; when I take a long time, I'm thorough!

Engineer Leaving

Mr. W.D. Sproesser, Designing and Construction engineer for the Du Pont Company, will be completing his work at the Plains Plant this week. Mr. Sproesser works on various different construction projects for the Company in many different parts of the country. In commenting on the workmanship at this Plant he stated his appreciation of the fact that the skill and craftsmanship on this job was equivalent to any that he had contracted any where.

DRAWING Held

A drawing was held at the Plains Food Store Saturday afternoon at 6:00 P.M. at which \$20 worth of groceries and a 9 cup Pyrex coffee pot were given away. Rhonda Trout, 9yr.-old daughter of Royce and Betty Trout, drew the winning names from a large well shaken box.

The first name drawn was Mack Sealey (for the \$20.00 worth of groceries.) Johnny Baggett, was the second name drawn (for the Pyrex coffee pot). Congratulations to each one of you on your good luck.

Editorial

Nowhere in the history of mankind has there been such a show of intemperance, ignorance and incongruity as that displayed in the case of the establishment of the requirement of answering questions in the questionnaire of the 1970 census. Cries of police brutality by the thousands have been heard from all corners of the country because of the methods used in obtaining evidence in police actions. Court decisions are being reversed every where because of these forceful methods. Yet the answers to the questions in this census questionnaire are mandatory under penalty of the law, notwithstanding that the answers may be self incriminating.

The majority of the information obtained is passed on to industries and businesses or made available to them. Much of the information only clutters the unending government files that are costing millions of dollars to house and are so fabulous in size that it would cost a fortune in time and effort to research a mere few of the facts obtained in the 1960 census.

This census is an unnecessary probe into the private lives of people; that is not only an intrusion but an unending cataloging of every citizen, their every movement and activity, even their intent.

The intent of those in government who conceive these preposterous ideas may be well meant and of helpful inspiration, but lacking the imagination to conceive the ultimate consequences. The exact cataloging of the citizenry of any nation eventually leads to the establishment of a police state. It tends to discourage individual initiative. It instills fear and doubt in the minds of the voters in their government of officials.

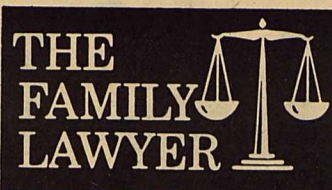

A bill introduced in the House last year with objective of reducing the questions on the questionnaire should receive the support of those interested in protecting the privacy of their personal affairs and the personal freedoms of which the American people are being so swiftly and surely deprived.

The fact that they are being referred to as "rebels" should frighten no one from the use of their constitutional right to answer only with their name, address, members of the household and information regarding visitors at the time of the Census taking.

Murder by Automobile

Although cars kill more than 50,000 Americans every year, we seldom think of a car as a murder weapon. Nevertheless, with growing frequency, motorists are being convicted of the crime of murder by automobile.

The key ingredient, upping the offense from mere manslaughter to murder, is malice. And a jury may find malice by logical deduction from the circumstances of the killing. For example:

A man who was rebuffed by his girl friend pushed her out of the car, ran her down, then backed over her prostrate body. In this behavior a jury found ample evidence of malicious intent, and brought in a verdict of murder by automobile.

Even if a driver has no specific intent to kill anybody, he may still commit murder—if his conduct is reckless enough to imply malice.

Thus, in another case, a man decided it would be great fun to drive up close to pedestrians and make them jump. After playing this little game several times, he misjudged his distance and struck down an innocent victim.

Tried afterward for murder by automobile, the man pleaded a lack of any intent to kill. But the court found him guilty as charged.

"Malice," said the judge, "does not necessarily mean an actual intent to take human life. It may be implied, as when an act is done so recklessly as to manifest depravity of mind and disregard of human life."

Still, however wrongful a driver's conduct, he is not guilty of murder if there is no causal connection between his bad driving and the accident itself.

Suppose, for instance, that a drunken driver is traveling down the street when he suddenly has a blowout. If the car jumps the curb and kills a pedestrian, solely because of the blowout, the driver could not be convicted of murder.

True, a jury might find malice in the way he was driving. But if the blowout would have resulted in the accident anyhow, then the bad driving could not be the cause of death.

ADDING INSULT TO INJURY

KALISPELL, Mont. (AP) — A nighttime burglary of Koford's Jewelry on Main Street resulted in the theft of only one item from the display.

Owner Ed Koford reported an antique wedding band valued at about \$50 was taken. But the window the thief broke to enter the case cost him more than \$100 to replace.

Noticed in the paper where President Nixon appointed two women as U. S. Government Officials. One as Treasurer of the U. S. and the other as Director of the U. S. Mint. I always thought he was a smart man, and now I know he is. Who can better tell a man when and how to spend his money than a woman.

A surprise visitor to the newspaper office Monday evening was Bro. Walter Driver, former pastor of the First United Methodist Church of Plains, and now pastor of Crowell. It was wonderful to see and talk with him again. His flowing exuberance of joy and happiness, and love for mankind seem to fill you, and gives you a desire to send it on to the next person whom you meet.

I read an article Monday stating that according to the latest U. S. Census projections, Florida will grow faster than any other state in the nation during the next decade and a half. By 1985 the population of the Sunshine State will have increased by 61% to an estimated 9,650,000 persons.

Warning to the ladies: it also said that today there are some 100,000 more women in Florida than men. By 1985, the gap is expected to triple. Kinda think that is one state we should stay out of, don't you? I surely am glad that this large percentage of women does not hold true in other states. If and when it does, we will be living again under the Old Testament rules of marriage where a man can have a number of wives.

After thinking this over though, it surely would be nice to have a woman at home keeping our house clean and beautiful, and I could go home without having to start cleaning and cooking. Then another could keep the buttons sewed on our husband's shirts and his pockets sewed where he keeps them ripped from putting too many pencils, note books and tobacco in them. Recounting again, there are a few good points to polygamy.

Do you know, the more I ponder this subject, the more feasible and enticing it becomes. Perhaps I should stop writing before more provocative ideas appear.

I surely feel sorry for our next door neighbor's dog, Dan. His master and mistress have gone on a visit to California, and poor Dan comes out of his doghouse and looks around with the most forlorn, deserted and saddest eyes I have ever seen in a dog. When he visits our house, Mack sends him home, and he leaves with his tail tucked between his legs and the expression of "nobody loves me" on his face.

Keep your chin up, Dan. Dee and Thelma will be home soon.

Letter to The Editor

Dear Friends:

Congratulations on your fine home town paper. The finest we've had in 8 or 10 years with just what we expect and our loved ones who live away tell us they look forward to receiving the Review each week.

A million thanks for each issue that goes to our boys in

Vietnam, home bases and other areas. We have relatives in New Mexico, California, Kansas, Oklahoma, Oregon and Dallas who look forward to "The Review" from home each week, in addition to Olan and the other boys in Vietnam.

May every success be yours in "our" weekly Review and that success will depend on home town people's support and cooperation.

MR. AND MRS. LONNIE SIMPSON

Copper Smith And Simpson Exchange Vows

Tatum--Miss Eva Mae Copper-smith became the bride of Lonnie Joe Simpson in a double ring ceremony at 6:00 p. m., Friday, April 11, in the United Methodist Church. Dr. Doyle Riley, minister, officiated.

The bride is the daughter of Mr. and Mrs. Lyle Coppersmith, Tatum, N.M. The groom is the son of Mr. and Mrs. W.P. Simpson, Tatum, N.M.

The bride given in marriage by her father wore a gown of white satin covered with nylon and lace scattered with lace flowers, long lace sleeves and top, and featuring a shoulder length veil with beads of pearls on top. She carried a bouquet of yellow roses on top of a white lace covered Bible. For something old and borrowed, she carried a very old lace handkerchief belonging to her mother, something new was her gown, and something blue was a blue garter she wore. She carried pennies minted in the year of her birth and the groom's birth in her shoes.

Serving as her attendants were D'Ann Laud, Tatum, Maid of Honor, Mary Long, Sandra Moore, Barbara Helton, Tatum and Martha Sims, Eunice, N.M. as Bridesmaids. They each wore Lilac floor length gowns with a high waist and a bow accenting the waist. They wore hats of lilac net with leaves and yellow flowers accenting it. Each carried one long stem yellow carnation. Flower girl was Beckie Cardwell, Tatum. She also wore a floor length gown of lilac with yellow lace in front, and carried a basket of flowers.

John Smith, Tatum was best man. Ringbearer was Timmy Moore, Tatum. Candlelighters

were Scotty Hart and Thomas Helton. They also ushered the guests.

The couple were married before a large bouquet of flowers under an altar, with candleabras on each side.

Music was provided by Mrs. Joe Jones at the organ and Alice Harris at the piano. Mrs. L. S. Cayle was soloist.

The mother of the bride chose a floral print of Lilac, with a white carnation corsage, and lilac hat for her daughter's wedding. The groom's mother chose a blue dress with a white carnation corsage for her son's wedding.

A reception in the church followed the wedding. Donna Foust, Lovington, N.M., registered the guests.

The table was covered with a white satin cloth, with a center piece of white bells with yellow bows and pearls. The wedding cake was white with purple flowers. An anniversary candle also graced the table; it was a gift from the groom's brother. Bonnie Neaples, Tatum and Wanda Leston, Hobbs served the guests.

Following the reception the couple left for a honeymoon in Florida. The bride chose as her traveling outfit a lilac dress with long floral print coat of double knit, and white accessories.

The bride graduated from Tatum High School and is attending college at New Mexico Jr. College at Hobbs. The groom owns and runs Simpson Service Station.

Mr. and Mrs. Simpson will be at home at Tatum after their trip to Florida.

District 5A Track

Plains finished 4th in the District 5-A Track meet held at Wink last Friday. Cooper won the district with 144 points; followed by Coahoma with 104 1/2; Seagraves with 98 1/2; Plains with 75; O'Donnell with 44; and Wink with 22 points.

The Cowboys did a fine job but were without the services of Billy Kennedy their excellent 880 man who is in the hospital. Billy also ran on the Sprint Relay and Mile Relay, along with being a fine Broad jumper. The Cowboys missed Billy badly.

The young Cowboys did a fine job with Soph. Gary Randall getting a 3rd in the 120 high hurdles and 5th in the 330

I. Hurdles, and also running on the 4th place mile relay for a total of 10 points for the Cowboy cause. Junior Larry Massey, who has been recovering from knee surgery, came through with a total of 8 points. Larry was fifth in the High Jump and 4th in the Pole Vault. Freshman Shelley Simpson got a point in the discus and finished 6th. Junior John Lowe did an excellent job in the hurdles and won two first place ribbons and 20 points. John also got 3rd in the high jump, 6th in the shot put, and ran on the fourth place Mile relay team for a total of 29 points. Junior Mile Hughes picked up 4th place in the 440 yd. Dash and ran on the 4th place mile relay and 3rd place Sprint Relay for nine points. Senior Billy Spencer ran on the 3rd place Sprint Relay and 6th place in the 220 for 4 points. Senior Gary Liles ran 3rd in the 100, 5th in the broad jump, 5th in the 220, and ran on the 3rd place Sprint Relay for 13 points. Senior Russell Jones ran on the 4th place mile relay and the 3rd place Sprint relay for five points. Team total again was 75 points.

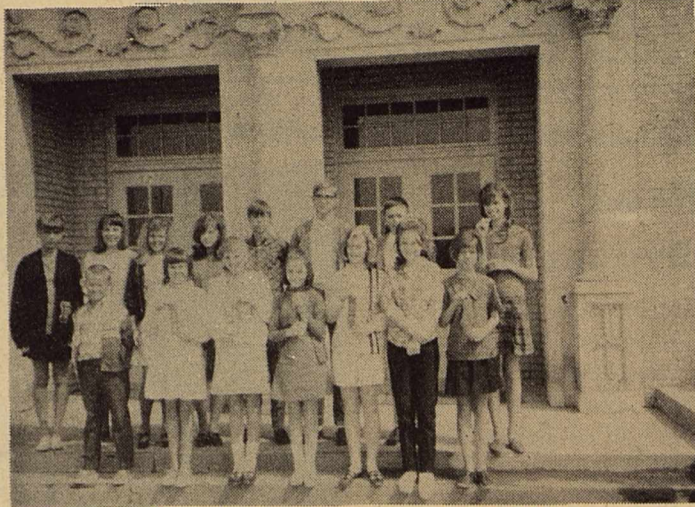

John Lowe is the only boy that will represent the Cowboys at Regional this weekend at Lubbock. John finished second in the 330 I. Hurdles last year and won a trip to the state meet in Austin. Good luck, John! Let's see you go to Austin again.

This summer the Cowboys will be running in summer track and the coaches would like anyone who wants to run to turn in their names to either one of the coaches. Boys or Girls from ages 8 to 18 are eligible.

The guest speaker will be Sid Long, Vo. Agriculture teacher from Gail. Mr. Long will speak and show slides on Agriculture in Russia.

Tornado Damages

Word was received this week that the tornado that hit Odessa Friday night damaged the home of Mr. and Mrs. James Anderson, former residents of Plains. James stated that, He guessed all that kept them from losing their home, and probably their lives was that he heard this horrible roar and yelled at Karen to help open up the house. As he opened the storm door and she opened a window the torna-

do struck. It blew the glass out of the door into James' arms and almost pulled Karen through the window she had just opened.

At the same time it tore the Air Conditioner off the roof and twisted it. It tore a large hole in the roof over their hallway.

Other damage done to their home was a Yucca plant ready to bloom in the front yard was broken. A wheel barrow, flower pot full of blooming pansies was turned over. Some of their neighbors had windows broke out, and a drive-in theater behind them and about a block away had their screen blown complete-

ly away.

It calmed down after all this happened, so James went out to cover up the hole in the roof and suddenly it started pouring down rain and hailing. He said that the hail was two or three inches deep on the ground when it stopped. The hail was very fine and did not do any real damage.

Karen stated, after it was all over, "I was never so scared before in all my life."

Not all sea water is blue. The Gulf Stream off Japan is so dark it has been named Kuroshio (Black Stream).

El Paso Natural Gas is expanding its horizons

Natural gas is a big part of our business—but it's only one part of our business.

In 1968, El Paso Natural Gas Company delivered a record 1.67 trillion cubic feet of gas to customers in 11 western states. That's equivalent to more than half as much energy as was supplied last year by all the investor-owned electric utilities in the United States combined.

For a copy of El Paso's 1968 Annual Report, write: El Paso Natural Gas Company, El Paso, Texas 79999

And even more gas is on the way. We're completing facilities to deliver an additional 310 million cubic feet per day to California and the Southwest. On top of that, we're now taking steps to supply another 280 million cubic feet per day to these growing markets.

But that's only part of the story.

We've expanded our activities into a wide variety of non-regulated fields—in petrochemicals, mining, textiles, synthetic fibers, agricultural chemicals, wire fabrication, plastics, oil and gas production, and in the industrial uses of nuclear explosives.

In 1968, our sales reached a new high of \$821 million—with almost 36 per cent of revenues derived from non-regulated ventures. Earnings were \$40 million, up more than \$4 million from a year earlier.

Write us, for the story of groundwork laid during 1968 for more growth in 1969 and future years.

Accent On Health

People who are deliberately indifferent to their personal hygiene are scarce in today's close-living society, but some do exist.

Nature has endowed most of us with an acute sense of pride about such things as daily bath, brushing teeth, clean fingernails and good grooming. We would go to practically any length to avoid being offensive to others. Most people resent even the slightest suggestion that there are times when their PH (personal hygiene) quotient slips a little.

Personal cleanliness is a vital necessity in the competitive life we lead and contributes to acceptance by others, as we see and hear often on radio and television.

Having a high PH quotient is a habit, a way of life--and a very pleasant one. Here are its main ingredients:

Bathing: Daily bathing is as refreshing as it is healthful. Besides making you more agreeable to be around, you are less vulnerable to disease when you wash off the 24-hour accumulation of perspiration and soil. Most people find it practical to wash their hair at least once a week. What brand of soap you use isn't important--but using it regularly is.

Dental health: Regular trips to your dentist is an essential part of a high level of personal hygiene. Television commercials may extoll the virtues of certain tooth pastes or powders, but it's the brushing that counts.

Fingernails: Nothing is more fatal to attractiveness than dirty fingernails. A fingernail check should be a part of you getting-ready-for-the-day ritual.

Handwashing: Frequent handwashing, particularly after rest room visits, is another part of a high PH quotient. It is a must habit for cooks, waitresses, bartenders, beauty operators, etc.

These ingredients blend together to give you a PH quotient your daily associates will appreciate. Each is a habit in itself, well worth acquiring. We owe it to our friends and co-workers. Perhaps, more important, we owe it to ourselves.

CENTRAL VANISHING FRANKFORT, Ky. (AP) — Kentucky's last 300 hand-cranked telephones will fall silent by June 30, 1969.

They will be replaced by a modern dial system when an exchange at Upton in Hardin County, central Kentucky, is taken over by General Telephone Co., the second largest system in the state.

Farmers Meeting Planned

by Leo L. White, County Agricultural Agent

All local people who have native range land will be interested in attending a meeting on brush control and range improvement to be held in the District Court Room on the night of April 17. A good program has been planned for this meeting which begins at 8:00 p. m. The meeting is under the direction of Mr. G. W. Cleveland who is heading up a local committee on brush control and rangeland management.

On Monday, Wednesday and Thursday nights of next week, April 21, 23, and 24, there will be a series of meetings for swine producers. This shortcourse is made possible through the local swine committee with Mr. Jerome Head as chairman. Dr. Donald Hudman, Texas Agricultural Extension Service Swine Specialist from College Station will be the instructor for this three night school. All swine producers are urged to attend this course which will be held in the Old Courthouse Club Room. The starting time is 8:00 p. m. and each session is expected to hold for about two hours. Dr. Hudman will emphasize such items as swine production potentials, the economics of swine production, the values of feeds, reproduction, breeding, selection, disease control, housing and facilities.

Your attendance at both of these agricultural meetings will indicate that you are interested in the agricultural growth of Yoakum County and willing to do your share in making this county more prosperous and a better place to live.

ITEM: The original label Teflon on cookware is a registered trademark, concerns measurements of adhesion, thickness, nonstick properties, and other characteristics of the coating. Many manufacturers are using and will continue to use this label on their products.

ITEM: For weaving chair seats, cane is available in the following sizes: superfine, fine, medium, narrow medium and common.

ITEM: Floor varnishes are available in a variety of glosses — high, medium and low. The selection depends largely on personal preference. The newer urethane varnishes may cost a little more but are usually longer-wearing, so consider the kind of wear that the floor receives and choose the varnish accordingly.

ITEM: Dry mustard can be transformed into hot English mustard by simply mixing it with cold water. Allow to stand 10 minutes to develop flavor.

Ruidoso Downs

Ruidoso Downs, N. M. --More than 50 of the nation's fastest Quarter Horses have been nominated for the first annual running of the World's Championship Quarter Horse Classic, according to Mrs. Liz Devine, Ruidoso Downs Nominations Secretary.

Fashioned for three-year-olds and upward, the Classic is the first major stakes event for older horses. The \$20,000 added 440 yardstest is set for July 5, and is expected to have a gross value of \$50,000.

Already nominated are Three Oh's, winner of the 1968 \$602,000 All American Futurity; Turf's Best, stellar stakes performer twice named Champion by the American Quarter Horse Association; Brad Len, Champion Aged Gelding of 1968; Dixie Man, winner of the Sunland Park Futurity, and Jet Smooth, winner of the rich Kansas Futurity.

Ruidoso Downs General Manager Richard Thompson said the Classic was designed to create a long needed major stake race for older horses to compete in. "Many good horses are forced into early retirement because of the lack of top quality stakes for mature horses," he said.

Trails will be run the weekend prior to July 5, with the purse distribution going to the 10 finalists. Winner's share will be 48 percent, and should exceed \$25,000.

Ruidoso Downs, home of the world's richest horse race, opens May 24 with the first post at 1:30 p. m. The popular mountain track is offering more than a million and a half dollars in purses this season.

ITEM: Stretch garments are usually priced higher than similar garments made of non-stretch fabrics. But they are engineered to have more body, surface texture and freedom from wrinkling. Thus they can

Congressman Bush

Excerpts from remarks by Congressman George Bush, delivered to members of the Memorial West Republican Women's Club Monday morning in Houston.

"As a delegate and a committee co-chairman at the ninth Mexico-United States Intraparliamentary Conference this past week, I felt privileged to participate in talks that, I think, were of constructive and long ranged benefits to both countries.

"Our in-depth discussions focused primarily on the topics of border trade and tourism - and possible programs for expansion in both these areas. Much time was also devoted to probing solutions to Mexico's current unfavorable trade balance. In reviewing many of Mexico's problems, I was reminded of the immediate goal our own country faces - that of addressing itself to the goal of operating in a sound fiscal manner.

"Achieving a sound financial base stands not only to serve our own country well, but can be of ultimate benefit to our fiscal and trade relations with countries such as Mexico.

"The theme of the conference was reflected in the concluding joint statement by both delegations - a pledge of determination by all of us there to work toward furthering trade between our two countries. I am convinced that the honest give and take candor of the conference was productive not only for the present, but contributed also to solidifying better mutual understanding between our two countries for the future."

March Accidents

The Texas Highway Patrol investigated two accidents on rural highways in Yoakum County during the month of March, according to Sergeant H.E. Pirtle, Highway Patrol Supervisor of this area.

These crashes resulted in two persons injured and an estimated property damage of \$650.00.

The rural traffic accident summary for this county during the first three months of 1969 shows a total of six accidents resulting in two persons killed, five persons injured, and an estimated property damage of \$10,950.00.

The final entry in the 1968 Texas traffic records has been entered and closed. An all-time record of 3,481 persons killed, 216,972 persons injured, and an estimated property loss of \$836,802,000.00 was sustained.

Since the death count of 2,254 in 1960, Texas has gained steadily each year. The Sergeant stated, "If the number of deaths continue to increase as they have since 1960 by 1975 they will have increased 100 per cent."

Peace Corps Test

Plains area residents interested in putting their skills to use in developing nations around the world are invited to take the Peace Corps Placement Test at 1:30 p. m. on Saturday, April 19 at Lubbock, Texas in Room 206 at the new Post Office at 1515 Ave. G.

The Peace Corps uses the Placement Test to determine how an applicant can best be utilized overseas. The test measures general aptitude and the ability to learn a language, not education or achievement. The test requires no preparation and is non-competitive; an applicant can neither pass or fail.

Persons interested in serving with the Peace Corps must fill out an Application, if they have not already done so, and present it to the tester before the test. Application forms are available from post offices or from the Peace Corps in Washington, D.C. 20525.

Fifteen thousand Volunteers are currently serving in Asia, Africa, Latin America and the Pacific Islands, working with the people of those nations in self-help projects ranging from food production to health to education. More Volunteers are needed for programs which will begin this spring and summer.

History Fair

Junior High history classes sponsored by Edmund Vickers featured history exhibits in a history fair.

Many excellent features were shown. The grand prize was presented to Rhonda Brantley, Sheryl Johnson, Shelly Williams and Debbie Addison, all seventh graders. These students built an excellent copy of a train used in Texas in the 1800's.

First place in the seventh grade was awarded to Lou Ann Fisher, Sonya Hill, Cynthia Jones, and Susie Nelms for a

collection of articles found on frontier ranches in West Texas. Second place went to Mike Blount, Travis Loe, Tommy Box, and Lester Kerrick for a model of the Alamo.

In the eighth grade, first place was awarded to Beth Ann Hale, Lola Bearden, Deborah Cox, and Jana Futch with Colonial American tools of punishment.

Sharon Upton, Pat Milstead, Cyndy Lester, Connie Brown, and Susan Simpson won second place with a display of the signers of the Declaration of

Income Tax Refund

(Dallas, Texas)-- Ten weeks from the date a Federal income tax return calling for a refund is mailed, the taxpayer either has his check or a letter explaining why it is held up, Ellis Campbell, Jr., District Director of Internal Revenue for Northern Texas, said today.

For this reason, a taxpayer who has not heard about his refund should wait ten weeks before writing IRS. By waiting this length of time, most taxpayers will find their inquiry unnecessary, Mr. Campbell said.

If it becomes necessary to write, the taxpayer should indicate where and when he filed his return and give his name, address and social security number, Mr. Campbell said.

Millions of tax returns are handled every filing season at the Austin Service Center which serves Northern Texas taxpayers. The volume of processing operations there make it practically impossible for IRS to locate a particular return and to answer any question about it until processing is complete.

Special Training

Specialized training in an elite field and a rewarding career are the opportunities being offered by the Texas Department of Public Safety.

A call was issued today for applicants to fill a 120-man class beginning May 6 in Austin. Because of the short time remaining to test applicants, immediate inquiry is urged for area young men interested in becoming a member of the Texas DPS.

Applicants must be between 20 and 35 years old, at least 68 inches tall, weigh not less than two pounds or more than 3 1/2 pounds per inch of height, and be in sound physical condition. They must have a high school education or the equivalent and their record must be able to stand a rigid examination pertaining to character and citizenship.

Those selected will take their training at the Texas DPS Law Enforcement Academy in Austin. This training period will last for an approximate period of four months. Upon graduation, the patrolman will be assigned to one of the four field services--Highway Patrol, Li-

cense and Weight, Motor Vehicle Inspection, or Drivers License.

For complete information concerning the position of patrolman, training and benefits, young men are encouraged to contact the nearest DPS patrolman or DPS office. Hurry-- for the time is short before the start of the May 6 training school.

Story Hour

Those attending storyhour Thursday were Judy Cogburn, Jeff Allen, Michael and Ty Houck, Steve and Curt Randall, Selanie and Natalie Streetman, Charmaine Cox, Susie and Judy and Denie Cogburn, Teddy and Becky Willis, Brent Stephens and Brent Palmer, Renee' Davis, Johna Jo Richey, Clay Lindsey, Lesa Loe, Wanda and Latrice Pickett, Paula Hale, Russell Warren, and Billy Skinner.

Storyhour readers were Sonya Hill and Susie NeIm. Storyhour is held from 10:30 to 11:00 a.m. each Thursday morning until the end of the school term.

Waxed Floors

You can prolong the new appearance of a just-finished floor with a coat of wax. The wax protection will last as long as the wax finish is intact. The floor should have at least two coats of wax—but if you use a liquid wax, you have to apply additional coats to build up an adequate film. Paste wax is best on a floor finished with shellac.

The suspense of the Plains folks will be relieved with the news of the election of a new bank official.

The news of the departure of the bank's president, Mr. Loyd, left folks a bit aghast and in wonderment in regard to what changes might be in store. However, the news this week reveal no great disruption will take place and that business at the bank will roll along very much in the usual way.

Though Mr. Loyd has expanded his responsibilities with the presidency of the Muleshoe State Bank, he will retain the office of President of the Plains State. He will be replaced behind the "big desk" by the very able, Mr. Dick Carrothers, from the First National Bank of Levelland as Executive Vice President. Cordell Huddleston will retain his position as Vice President. According to the latest report, Bill will be at the Plains bank on Tuesday and Thursday mornings. Mr. Carrothers will take up his active duties Monday April 28th. It is to be assured that the same fine banking service will continue to be afforded the people of Plains.

ve to love your fellowman if you wish to be happy. Learn to be at home in the universe. No more loneliness. No more sense of isolation. See God in everyone - the same God with a different face; the same animating Principle with a different form.

The Spirit is neither sad nor depressed. If you would catch the vision of the joy that should be yours, you must dry your tears; you must lay aside your fears; you must think from the inspirational center within you which is nothing less than the Divine in you singing its song of life.

SUNDAY'S SERMON

A PROPHET

There was a prophet named Zephaniah, a contemporary of Jeremiah, who warned that manifold sins were bringing Judah to the brink of national disaster. But Zephaniah preached more than impending doom; he held forth a promise of hope. He told the people that God was ever-present and would not desert those who called out for help.

We can see that God has remained forever with the people, leading the chosen ones out of exile to their homeland. Indeed, we can see God's way in the history of the world since Christ.

God's presence is a real thing in this modern world of today. Those who are blessed with faith live not in fear of some impending doom; but rather in the hope that wars may cease and men can give themselves to the arts of peace.

FAMILY POT LUCK

Regardless of how you cook fish - fry, bake, or broil - don't overcook. Cook fish only until it flakes easily when tested with a fork. At this point, the fish is moist and tender, at its flavor-best.

Raw, unsweetened fruits are a top choice for diet watchers. They generally have fewer than 100 calories a serving.

Blade chuck steaks are often featured at "special" prices in supermarkets and can be a good buy. An inch-thick steak can be broiled to rare within 24 minutes, or to medium in 30 minutes, at moderate temperature.

Coconut milk may be made from canned coconut by soaking 1-1/2 cups of canned coconut with 1-1/2 cups milk, stirring over low heat for 2 minutes. Pour into a sieve and press out liquid.

Custard Sauce
1-1/2 cups milk
3 tablespoons sugar
1/4 teaspoon salt
4 egg yolks
1/2 teaspoon vanilla extract

Scald milk; add sugar and salt. Stir until sugar is dissolved. Beat egg yolks slightly; add milk mixture. Cook over hot water, stirring constantly, until mixture coats spoon. Add vanilla extract. Chill. Makes about 2 cups.

NEW FILM DUBBING PLAN
JOHANNESBURG, South Africa (AP) - A film distribution company here plans to dub foreign films in African languages including Zulu, Xhosa and South Sotho.

AWARDED PLAQUE: Miss Lupe Flores, daughter of Mrs. Lina Flores of Plains was awarded on achievement plaque while attending the Mid-Continent Migrant Health Conference in Albuquerque, New Mexico last week. Miss Flores is employed by the Yoakum County Migrant Health Service Program. Mrs. Heath also attended the conference with Miss Flores.

Faith

"And when he was demanded of the Pharisees, when the kingdom of God should come, he answered them and said, The kingdom of God cometh not with observation; . . . Neither shall they say, lo, here! or lo, there! for, behold, the kingdom of God is within you."

St. Luke 17:20-21

The kingdom of God is within us; the place whereon we stand is holy ground. Wherever we are, God is, in church or out of church. Christ Jesus said: "Ye shall neither in this mountain, nor yet at Jerusalem, worship the Father."

God is not found in heaven, nor in pilgrimages, places or any one person. God is to be found within us, in our own consciousness. God is where we are because "I and my Father are one." In St. John 14:20 Jesus said: "At that day ye shall know that I am in my Father, and ye in me, and I in you."

We cannot escape God. Yes,

we can temporarily separate ourselves from him, that is, we may think we have separated ourselves from him, and we certainly can separate ourselves from the benefit of his presence, but that does not mean that He has left us. We will find that at any moment, night or day, whether we make our bed in hell or in heaven, whether we walk through the valley of the shadow of death, at anytime we like, we may turn and we will find God is walking with us. "I am the everlasting arms underneath you . . . I am the cloud by day and the pillar of fire by night."

The Divine Spirit of God is always present and appears wherever recognized. As you enter more completely into conscious union with Life, you will realize that the universe holds as much good for you as you can take; that you can take only what you accept.

You cannot draw love into your consciousness through hate; you cannot draw peace from confusion. You cannot see beauty through ugliness, nor hear harmony while your ears are filled with discord.

It is certain that you will ha-

The Literacy Class is a part of the Community Improvement Contest of the General Federation, and the Tsa Mo Ga Club is one out of twelve clubs entered in this district. Mrs. Robert Tipps of Denver City is the District Chairman.

Mrs. P. W. St. Romain reported on the District Convention held in Plainview on March 31st and April 1st. She said out of the 144 awards given at the convention, the Tsa Mo Ga Club received 18. First place in: Year Book, Outstanding Program, Tours, Veterans, Overall Public Affairs, Overall Conservation, Recreation and Youth, President's Report, and Best Department Chairman Report. Second Place was awarded in Beautification, Pollution, Citizens Division, Status of Women, United Nations, Family Living, Literature, and Overall Texas Heritage.

Members were urged to go on record as opposing the bill before the 61st Legislature of Texas, proposed to be enacted to the effect of repealing provisions of prior legislation (i.e. Laws of the 41st legislature and the 54th Legislature) providing for the teaching of Texas and American history and government in the state supported colleges and universities. Members voted to issue the invitation for the

fall workshop to District second Vice President, Mrs. Leroy Johnson of Morton. Also the club moved to sponsor the Boys Choir of Breckenridge when the boys are on summer tour through the Tsa Mo Ga Museum last week.

Mrs. Grace Clinton and Mrs. Ruth O'Neal were hostesses for the social hour.

Pie and coffee were served to some forty members and guests.

Lo, the winter is past; the rain is over and gone; the flowers appear on the earth; and the time of the singing of birds is come.

And with this time comes the 70th anniversary of the annual state competitions of the American Trapshooting Association that brings men, women, and children out into the great outdoors to be one with nature and fellow men.

As in years past, the makers of Wild Turkey Bourbon again will be part of the great confluence of man and nature by contributing Wild Turkey Trophies to each winner of every registered state shoot in the United States and provinces of Canada.

This year's Wild Turkey Trophies were selected to make happy winners of both the staff and distaff members of trapshooting family enthusiasts.

Christian Dior, the internationally famous designer, designed fashionable pure silk ties embroidered with the wild turkey painted by America's eminent artist, Ken Davies.

The original wild turkey painting of Ken Davies also provided the inspiration for the design of a superb set of dinner mats in off-white, framed in burnt orange, and featuring in-depth perspective of three Davies wild turkeys in brilliant plumage.

OUR AMAZING WORLD!

SOME DAY SOON YOU MAY GO WINDOW SHOPPING ON A RAINY DAY--AND NOT GET YOUR FEET WET! OR YOU MAY TAKE THE NEW BABY ON A VISIT TO GRANDMA'S--WITHOUT LEAVING THE HOUSE!

IT WILL ALL BE POSSIBLE BECAUSE SCIENTISTS AT BELL LABS BEGAN TO STUDY HOW TO LINK THE "MAGIC" OF TELEVISION WITH THE CONVENIENCE OF THE TELEPHONE.

THE RESULT IS THE NEW PICTUREPHONE® SET-- THE SEE-AS-YOU-TALK SERVICE THAT IS BEING TESTED NOW BY THE BELL SYSTEM AND SHOULD BE AVAILABLE TO CUSTOMERS IN THE EARLY 1970'S. BUSINESSMEN WILL BENEFIT GREATLY AS EXECUTIVES WILL BE ABLE TO EXAMINE CHARTS AND DIAGRAMS THOUSANDS OF MILES AWAY!

Bobby Cremins, 6-foot-2 Bronx, N.Y., athlete, captains South Carolina's basketball team.

Paul Erland, a 6-foot-5 forward from Nashville, Tenn., is captain of Dartmouth's freshman basketball team.

The Detroit Tigers last season won 40 games in which they were tied or behind in the seventh inning or later.
