

Windows Smashed At Bank And Elite In Fashions

Wood panel covers broken glass in Bank door.

Hole in east Bank window.

What appears to be a splotch is tape covering the hole in the window at Elite-In Fashions.

Riley Lee Polk, Jr. was arrested at 1:10 a. m. Sunday morning after he had willfully broken three glass windows at the Plains State Bank, and one at Elite-In Fashions Store in Plains. Polk, himself called the Plains Highway patrolmen, Joe Cox and Larry Hood and told them what he had done. He was placed in jail, Monday morning, the County Judge Gene H. Bennett set his bond at \$1,000 awaiting the action of the grand jury which will meet June 8th for the charge of "guilty" or "not guilty" to be made after an investigation. He is not charged with entering as there was no evidence that he had entered the building after breaking the glass windows. The only charge made was willfully injuring and destroying property.

two other times and was on probation at this time. In his statement to County Attorney Vernon A. Townes, he said his reason for the break-ins was that he wished to be placed back in the penitentiary. Each time he was questioned, he emphatically gave this as his only reason.

The County Attorney talked with the psychiatrist at the penitentiary and the doctor stated that there are many people in the same condition as Polk. Even though they may not like the penitentiary they like it better than being out in the world without anyone to tell them what they must do and what they must not do. That there were many cases such as Polk in the penitentiaries, army, and free in the world. They must have someone to tell them almost every move to make as they cannot properly think for themselves.

Polk has been in the state penitentiary for at least

Storm Damage Light

After the tragic disaster caused by severe tornadoes in the City of Lubbock, and the numerous reports of funnel clouds over the High Plains area, the tornado alert left folks in Plains rather jittery last Thursday evening.

When the high winds Thursday night lifting the roof from a fertilizer storehouse, located at the Anderson Grain elevator, it was naturally assumed that a tornado had struck Plains. But such was not the case. Apparently a high gust of wind lifted the entire roof from the building. All evidence showed that the damage was done by a straight wind. Rainfall was very light and little or no damage was done to the fertilizer stored in the building.

Storm damage at Anderson Grain.

Mr. Lewis Walker, manager of the establishment, was busy Friday morning transferring the exposed fertilizer

from the building to trucks and spreaders. No estimate of the amount of damage has been reported.

Summer Work For School Children

The Plains School Business Office has set up a card file of boys and girls who are seeking summer employment.

Those interested may call 456-8388 on week days between the hours of 8:00 A.M. and 5:00 P.M. Boys and girls

of Junior and Senior High School age may have their names added to the file at any time.

The school assumes no responsibility other than that of supplying information contained on the card.

Keith Bayer

Accepts Scholarship

Milton Keith Bayer of Plains has accepted an Opportunity Award Scholarship for study at Texas A&M University.

He was selected for the award by A&M's Faculty Scholarships Committee from among about 10 per scholarship. Selection is based on high school scholastic achievement and leadership potential exhibited through student activities, among other criteria.

Texas A&M is providing about 130 Opportunity Award Scholarships this year to students who will enroll next August. The scholarships, ranging

from \$200 to \$600 a year for four years, are made possible through the Association of Former Students, the A&M Development Fund and interested citizens and organizations of the state.

Texas A&M student aid director Robert M. Logan noted that 1970 Opportunity Award recipients are better than ever students, in terms of high school academic achievement.

Bayer, the son of Mr. & Mrs. Milton Julius Bayer of Plains, attended Plains High School and plans to study biology.

Plains Pharmacist Makes Second Trip

by Faye McConnell

Roy Edwards, Plains' kind-hearted and understanding pharmacist, made his second trip to Candelaria on May 10th with The Flying Ambassadors, Inc., to help set up a clinic and attend to sick Mexican families that need treatment, proper clothing, food or religious training.

On this trip, two planes from Seagraves with their pilots, and one from Seminole made the trip. Roy went along as pharmacist and Dr. Keller Greenfield from Denver City went along as the doctor. The main objective of the trip was to set up a baby clinic, but many young and old were treated, and given vitamins, food and clothing; infant's milk was left for babies. A pickup with food and clothing had gone earlier in order to have the necessary food and clothing ready to be given away Sunday.

Roy left Plains around 6:00 a. m., and all men left Seminole at 7 a. m., arriving at Candelaria at 9 a. m. The landing strip at Candelaria is just a graded strip with large rocks scattered over it, making it hazardous to land. It took them approximately an hour to get set up, and from 10 to 5 p. m., the men were busy only for a 15 minute break to eat lunch. Between 150 and 175 people were treated on this one day. More people were there to be treated, but the planes had to leave by 6 p. m., as the landing fields in Seminole and Seagraves are not lighted for night landing.

NOTICE

The Lubbock Chapter of American Red Cross has issued an appeal for cash contributions to aid the people involved in the tornado which struck Lubbock Monday night. Contributions will be accepted at Plains State Bank by Mr. Carothers and Mr. Huddleston.

Dr. Greenfield was very enthusiastic over the trip, and Roy's statement was: "It gives you the greatest feeling of accomplishment that you can have. In fact, the feeling is almost indescribable. It fills you with an elation and satisfaction that can't be put into words." Roy also said he was willing and ready to go back any time that he is called upon.

Religious services were held underneath a tree and 13 people were converted to Christ. This was a very outstanding event for Roy, and it seemed to please him as much as the medicine, clothes and food that were distributed.

This work is entirely a missionary group; men of this land who are willing to give their free time and money to help the unfortunate neighbors on our Southern border. The Flying Ambassadors make this trip every two weeks.

Needs of residents along the border are legion, but donations of the following items

Local Talent Show

Don't forget that there is a community talent show scheduled for next Thursday, May 28, at 8:00 p. m. in the High School Auditorium.

There is already a good show lined up and if you would like to be in it, please call Mrs. Teaff, Sherri Rice, or Mrs. Liles.

This is a community project. There will be no admission, but any donations given will be for the Jeanne Stroup "get well" fund.

Awards To Be Given

Plaques will be awarded to the 1st, 2nd, and 3rd place winners in each category of the Clean Up-Paint Up-Fix Up Poster contest at 10:30 a. m., Saturday, May 23rd at the clubroom. All posters must be turned in by 5:00 p. m., Thursday May 21 at Cogburn-Young Hardware to be judged. Coffee and cookies will be served at the club room to all workers in the clean up campaign from 10 a. m. to 11:30. Everyone is urged to do their part in helping clean up our town.

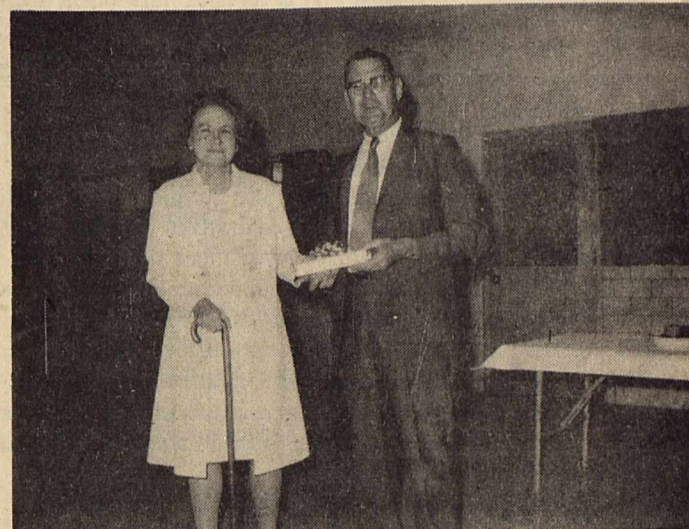

Mrs. Lattimore Retires

After a career of 38 years of teaching in public schools, 13 of which were spent with the Plains Ind. School District, Mrs. Margaret Lattimore has retired.

A special ceremony honoring Mrs. Lattimore and expressing appreciation for her services was held Friday, May 15th in the Plains School Cafeteria. At the short informal meeting of the teaching staff and employees of the school, Mrs. Lattimore was presented with a gold watch as a gift as a token of appreciation.

Mr. G. D. Kennedy, school Superintendent, delivered a short address in which he paid great tribute to Mrs. Lattimore for her fine and inspirational services as a teacher. Mr. Kennedy stated that Mrs. Lattimore possesses the ideal characteristics of a teacher, and that she has lived a life of total commitment to her profession. He further stated that she has been a source of constant inspiration to students, other members of the of the faculty and to the superintendent himself. After presenting Mrs. Lattimore with the token of appreciation, Mr. Kennedy wished her many happy years of retirement.

Mrs. Lattimore's teaching career consisted of: 1929-37 in Sanderson, Texas; 1937-40 in Ozona; 1942-50 in Van Horn; 1950-57 in Culberson Co.,

School Superintendent, Mr. G. D. Kennedy, presents token to Mrs. Lattimore.

Common School District, and 1957-70 in the Plains Ind. School District, which rounds out a colorful and dedicated career of 38 years.

Refreshments served consisted of cookies and homemade ice cream. Mrs. Lattimore is the wife of W. G. Lattimore, owner of the Humble Service Station in Plains.

County Commissioner, Johnnie L. Fitzgerald who is in charge of the upkeep of the ball park, stated that anyone who will come forward and report those committing such acts of vandalism will be doing the community a service and can be assured of the strictest of confidence by county officers.

Little League Report

The report on the Little League Baseball situation has reported in last week's paper requires some revision. It appears that the report on the sponsors was a bit premature and not completely settled at that time. Although it appeared at the beginning of the season that there would be no sponsors, and the call went out more sponsors responded than there were teams.

The final report at press time listed Hawkins Food Store as sponsor for one team; Lea County Electric is sponsoring one team; Romain Telephone Company and the New Tex Gin are co-sponsoring a team and the 4th team is being co-sponsored by Plains Oil Company and Woody's Hardware & "66" Oil.

The young ball players started their season with fine spirit and enthusiasm. The first competitive games were played Tuesday evening, May 19th. The first game was between the Indians, coached by James Earl Sherrin, and the Yankees, coached by Dick Payne. The final score was the Indians with 13 points, and the Yankees with 7 points.

The second game of the evening the Cubs, coached by Jim Mosley, and the Giants, coached by Aubrey Altman. The final score was the Cubs with 4 points, and the Giants with 5 points. The game was tied at the end of the 4th inning and the game continued into the 6th inning before the tie was broken.

During the final preparations of the Little League field it was discovered that the home plate, which had been fairly well nailed down was missing and unaccounted for. When the lights were

examined it was found that 26-1500 watt bulbs were broken in the flood lights, each bulb costing approximately \$7.50 each. It is sad to relate that the broken enamel on the light shades gave mute evidence that the bulbs had been shot out with air rifles or pellet guns. Such vandalism is in sharp contrast to the fine sportsmanship displayed by the enthusiastic young players who participate in the Little League Games.

County Commissioner, Johnnie L. Fitzgerald who is in charge of the upkeep of the ball park, stated that anyone who will come forward and report those committing such acts of vandalism will be doing the community a service and can be assured of the strictest of confidence by county officers.

Much Needed Repairs Being Made

The City of Plains has recently awarded a repair contract to the N&N Construction Company of Tatum, New Mexico for the replacement for a considerable portion of the city's gas lines.

The city gas system, which has been in use for over 15 years had been found to be badly deteriorated and leaks were so numerous that the cost to the city was so enormous that immediate repairs were required. Much of the city gas system was of light-weight pipe construction, having been installed for the old butane system which was in use in Plains sometime before natural gas was available.

The prime cost to the city will be the cost of installation and necessary valves and connections required for efficient installation. The pipe being used is a two-inch line being recovered from a stock of pipe acquired by the city when the 2-1/2 inch gas line was laid Eastward from the city to the El Paso Natural Gas tie-in a number of years ago.

This pipe was cleaned and coated and should be quite adequate for the purposes being used.

This much needed repair will result in a tremendous saving to the city. The improvement in the installation alone will mean much to the city as a safety factor as well as convenience. In the operation of the gas system, The experience of Mr. Hugh Abercrombie, City secretary, as a construction contractor, is proving to be a great asset to the City of Plains.

States Rights Fast Disappearing

In times of frustration such as exists in the United States today
much sporadic legislation is passed and many foolish panaceas are
offered as remedies for relief of the perils and problems. Leg-
islation and changes made hastily and without proper consider-
ation only clutter the statutes and complicate the processes of
government.

Many times frustrated conditions afford the opportunity for re-
volutionaries to rush through changes supporting their activities
which are positively destructive and detrimental to the present
form of government. All too soon the public finds it has been
duped and nothing can be done about it. For many years much
of the legislation has been aimed at centralized government.
Ultimately, states rights and local government are disassembled.
The mergers of city and county government are movements that
will eventually lead to a consolidation of all forms of govern-
ment under one state governing body and all local participation
will be sacrificed. When this has been done it would be but a
short step to consolidate all state governments under the federal
system. This whole process can only lead to a complete vulner-
ability to dictatorship.

The retention of local city and county government and states
rights are the only prevention of an ultimate take over by a dic-
tatorship or foreign power.

The following proposed legislation, regardless of the intentions
of its author could mean nothing other than the sacrifice of one
more state right. Such legislation must be blocked. The Na-
tional Guard must remain a part of state government other than
in times of war. This proposal is a threat not only to states
rights but to the personal rights and freedom of every citizen of
the United States.

Measure Aims At No Repeat Of Kent State

WASHINGTON (AP) — A
bill to require a governor to
get federal court approval be-
fore using National Guard
units in civil disturbances
was introduced in the House
Thursday.

Rep. Richard L. Ottinger,
D-N.Y., calling the recent
slaying of four Kent State
University students by Ohio
guardsmen a national dis-
grace, introduced the bill, he
said, to "prevent this kind of
tragedy in the future."

Under the bill, a federal
judge would have to find that
disturbances were beyond the
capabilities of local authorities
to control, and that there was
evidence those involved in the
disturbance would be armed,
before he could grant a govern-
or's request for the use of
guardsmen.

The measure also would re-
quire that any guardsmen as-
signed to such duty would
have to have had training in
"riot control."

You have always heard the saying of "wishing for the
moon". Well, part of this dream came true for Mr. & Mrs.
Joe Curry, owners of Curry Pharmacy, shown in the picture
with Governor Preston Smith, and Mrs. Curry holding a piece
of rock that came from the moon. When we wish for things
that seem so far away, keeping wishing and working, for part
of our dreams, if not all, may come true. You know that
there is nothing accomplished without first an idea to work on.
A few years ago, Mrs. Curry may have wished for the moon,
but she never realized that some day she would ever hold a
piece of it in her hands.

Oh, but am I jealous of Johnnie Fitzgerald, Commissioner
of Precinct # 4. I have been a coin collector for a number of
years, and Monday, Johnnie came in with a 1745 Spanish Sil-
ver dollar that was found by one of his men while working on
the road. The silver Spanish dollar was covered in sand about
four feet deep. I asked him what he would sell it for, but he
wasn't interested as he had bought it himself.

My first thought was that perhaps Coronado or his men had
lost the coin on their way to New Mexico, but after looking
up his life years, they were from 1500-1549; then I thought
of Cortez, but found his life span from 1485-1547; next, I
thought of De Soto, but his life span was from 1499-1542. There
my history was exhausted for famous Spanish names. So a
mysterious history will always be hidden with this 1745 Sp-
anish dollar. Don't you know if it could talk, it would have
a very interesting story to tell.

Al Capp, cartoonist of "Lil' Abner" while explaining that he
was sick of hearing that rampaging students are the brightest
ones on the campus said: "They are bright enough to know that
serving in the Army is a drag. But they are not bright enough
to know that if their fathers had been as bright as they are, they
themselves would have baked in ovens."

From the Altoona, Pa. Mirror comes this article: "People
expecting something for nothing have always been around -
all around the world. But only here... has it ever been seriously
suggested that they all had a 'right' to anything for nothing, let
alone a 'right' to a guaranteed annual income which amounts to
nothing less than everything for nothing."

"Say, dad, did you go to Sunday school when you were
a little boy?"
"Yes, son, regularly."
"Well, I'll bet it won't do me any good either."

Beef Gain Contest

Some real good looking cal-
ves were weighed last Sat-
urday at the beginning of the
beef calf gain contest. Al-
most every calf brought in
the barn was a potential gr-
and champion. None of the
43 calves that came across
the scales were the short bod-
ied, early maturing calves
that were so popular back
fifteen or sixteen years ago.
Some of them were big grow-
they calves with real straight
lines and plenty of natural
muscle.

The heaviest calf weighed
in was a 505 pound black
bald-faced calf owned by Ru-
ssell Sherrill of Denver City.

This calf was a real well bal-
anced steer that was pretty
well what we are looking for
in a modern day feeder calf.
The steer that was outstanding
for length and ruggedness was
a black steer owned by Mel-
inda Millsap. This steer was
thin and didn't show to be as
well muscled as some of the
fatter calves but he is about
as modern as you will see.
One of the neatest Hereford
calves in the barn last Satur-
day was a real soggy little
calf owned by Dale Cleveland
This 370 pound calf has am-
ple bone and good length so
he may grow into a real com-
petitor. Diann, Brenda and

Six of the 43 head were cal-

and Bill Anderson had calves
that were solid white and wou-
ld probably pass for a purebred
Charolais. Gwen Fitzgerald
and Kathleen McGinty had
calves that looked like half
Charolais and half Angus or
Hereford. Four of the calves
were typical Hereford-Angus
crosses. The remaining thirty-
three calves were almost ev-
enly divided between Angus
and Hereford. Seventeen An-
gus and sixteen Herefords were
brought in to be weighed.

Steve Holland, the exhibi-
tor of the 1970 Reserve Cham-

calf this year, Earl Bales, who
had a Hereford steer in the

ford last year to two for the
coming year. Brenda and Mar-

feeding program last year but
did not exhibit in the show.
This year they have two calves
each. Debbie Addison, who
has been feeding Hereford Cal-

in two Herefords again this
year.

OPEN ADMISSIONS POLICY STATEMENT FOR A
NURSING HOME

It is the policy of the Plains
Nursing Home to admit and to
treat all patients without regard
to race, color, or national ori-
gin. The same requirements for
admission are applied to all,
and patients are assigned within
the nursing home without regard
to race, color, or national ori-
gin. There is no distinction in
eligibility for or in the man-
ner of providing any patient
service provided by or through
the nursing home. All facilities
of the nursing home are available
without distinction to all pa-
tients and visitors, regardless of

race, color, or national origin.
All persons and organizations
that have occasion either to re-
fer patients for admission or re-
commend the Plains Nursing
Home are advised to do so wi-
thout regard to the patient's
race, color, or national origin.
Also there are no restrictions in
the hiring of the personnel, or
in the uses of the facilities by
the personnel because of race
color, or national origin.

Missionaries At First Baptist

Brother and Mrs. James G. Tidenburg, missionaries to Tanzania will speak at First Baptist Church, May 24, at 7:30 p. m.

Mrs. Tidenburg is a native of Brownfield. They are exceptional people and it is our prayer that each of you will come listen to them speak and to see their slides.

The public is cordially invited to attend these services.

Gloryland Quartet Concert

The Gloryland quartet from Roswell will present a concert Sunday afternoon at 2:00 p. m. at the First Baptist Church.

They will sing at the morning worship service and have lunch in Fellowship Hall at noon. After dinner they will present about a two hour concert.

Randy, the young boy who plays the piano for them, will be leaving the quartet after next week. He is graduating from high school and is going on to school. He especially wanted to come to Plains, before leaving.

Everyone in the area is invited to come and listen to this good gospel singing.

V.B.S. At First Baptist Church

The First Baptist Church is a busy place every morning from 8:30 till 11:30 this week. As of Tuesday morning, there were 148 enrolled in Vacation Bible School.

Parent's night will be Friday May 22, at 8:00 p. m. We hope that all of the parent's will come to this service and see what really is learned at our school.

The public is cordially invited.

CHDA ★ Says...

Did you know that methods of budding and grafting fruit trees were known more than 2,000 years ago?

That partially accounts for the many varieties of apples we have on the market now. Cato, in the third century, B. C., knew seven different types of apples. By the first century A. D. Pliny reported 36 kinds.

Wild apples which prehistoric man found in roaming the woods of western Asia and temperate Europe were generally only one to two inches in diameter, and acid and astringent--a far cry from the plump, sweet or tart varieties you find on the market today.

Apples team up with many foods for tempting desserts.

APPLE TAPIOCA is a tasty example:

- 2 medium-sized apples
1/2 cup sugar
1/4 teaspoon salt
2 cups of water
2 tablespoons quick-cooking tapioca
- Nutmeg, if desired.
Pare and slice apples. Add sugar and salt to the water. Put over heat and stir until sugar is dissolved.
- Add apples and cover the pan. Cook slowly until apples are tender--about 15 minutes. Carefully stir in tapioca, and continue cooking a few minutes until tapioca is transparent. Sprinkle with nutmeg and serve with plain or whipped cream.
- APPLE CUSTARD**
1 cup dessert apple slices (see recipe below)
3 tablespoons sugar
1/4 teaspoon salt
2 eggs, beaten
1-1/2 cups hot milk
Nutmeg
- Arrange apples in bottom of four custard cups. Combine
- sugar, salt and eggs. Add milk slowly. Pour over apples, sprinkle with nutmeg. Set cups in a pan of hot water.
- Bake at 325 degrees F. until the custard is set--30 to 40 minutes. Makes four servings.
- For the Dessert Apple Slices, slice pared apple quarters. Put slices into a pan and add enough water to half cover apples. Add a few grains of salt and 2 to 4 tablespoons of sugar for each apple used. Put the cover on and cook gently until apples are tender--20 to 30 minutes. These slices can also be served chilled, plain or with cream.

OLD FASHIONED GERMAN COFFEE CAKE

- 2 cups flour
3/4 cup sugar
1/4 teaspoon nutmeg
1/4 teaspoon cinnamon
1 teaspoon salt
4 teaspoons baking powder
1/4 cup shortening
3 eggs
1 cup milk
1 cup finely chopped apples
Brown sugar
- Sift together flour, sugar, cinnamon, salt and baking powder. Cut shortening into dry ingredients until mixture resembles commel. Add eggs and milk, stirring until smooth.
- Pour into greased 8x10 inch pan and cover batter with apples. Sprinkle brown sugar generously over apples. Bake 30 minutes at 350 degrees F. Serve oven-hot.
- For tasty "nibblers," spread crackers with a snappy cheese spread blended with canned applesauce. Top each with pitted ripe olive.
- Enhance lemon-flavored gelatin molds with apple chunks. Serve as an accompaniment for roast fowl or meats.

Mrs. Gayle Craft, president, presided. She presented Mrs. Robert White, program director, who gave a talk on "National Music Week".

Mrs. White presented Miss Rojanna Harvey, guest pianist, who played three selections, "After the Shower", "Sonata No. 1" and "Prelude".

Mrs. Darrell Lindsey gave the story of the Month of the Month. Mrs. White presented a gift to Mrs. Gayle Craft, retiring president.

Mrs. Craft installed officers for the ensuing two years. New officers are: Mrs. Robert White, president; Mrs. Cordell Huddleston, vice-president; Mrs. Terry Bacon, recording secretary; Mrs. Jack Palmer, corresponding secretary & treasurer; Mrs. T.J. Miller, columnist; Mrs. Darrell Lindsey, parliamentarian; Mrs. C.L. Anderson, critic; Mrs. W.L. Carnohan, reporter; and Mrs. Bob Blundell, librarian and music director.

Mrs. White then appointed committees who will serve during her tenure.

Summer Program

Any child wishing to join "Summer Reading Program" may do so anytime at the Yoakum County Library. Each child is required to read at least 12 books in their grade level or above. are primarily needed;

FOOD: corn, wheat, potatoes, cabbage, pinto beans, all green vegetables, canned milk, and other staples;

MEDICINE: mostly antibiotics and vitamins.

CLOTHING: good used clothes and shoes for persons of all ages and sizes.

MONEY: all services of the pharmacist, doctor and pilots are donated, but there are numerous other expenses incurred by the Flying Ambassadors which can best be met with monetary donations from Christians who want to do more for the Lord.

Storyhour

Storyhour ended with an end of the year picnic in the park. Games were played, balloons were burst, and picnic lunches were spread. One little one was so proud of her sandwich and kept showing everyone her picnic sandwich, and when the time came to eat nowhere in her purse was her sandwich, it was gone. This was a frustrating moment for this little one. All in all, everyone had a wonderful time as usual. Those attending were Betty Miller, Clay Lindsay, Russell Warren, Shirley and Charmaine Cox, Becky and Teddy Willis, Doug Warren, Rhonda Teaff, Ginger Nance, Natalie Streetman, Penci McRae, Missy and Christie Adams, Kim Hood, Curt Randall, Michael Houck, Christie Barron, Kathie Ritchie, Stephen Ellison and Mary A-

religious beliefs. Some of the men were not even churchmen when they became interested; but just wanted to DO SOMETHING in a mission field where they could see the tangible fruits. Some were regular churchgoers who felt their religion had gone stale in a church pew; they wanted self-involvement in a cause by doing something for someone that needed help.

The number of planes varies according to those going, but standard passengers every trip include a medical doctor, a pharmacist to dispense medication, an attending nurse, if possible, men to preach in Spanish and at least one woman to teach Sunday school lessons to the children. Other Spanish-speaking persons who can witness to the natives go along when possible.

Preaching and medical ministrations go on simultaneously throughout the day. Some persons have walked as far as 45 miles to see the doctor. Others cross the river to hear of "Jesus", a person they have never before known about.

CLEAN-UP From Page 1

of the citizens of Plains are urged to help clean up the town.

Johnnie Fitzgerald and Raymond Bookout have agreed to help by having the county equipment available for use in the clean up campaign. They will haul off limbs and etc. that is placed in the alleys. Please let them know if you have something that needs to be hauled away.

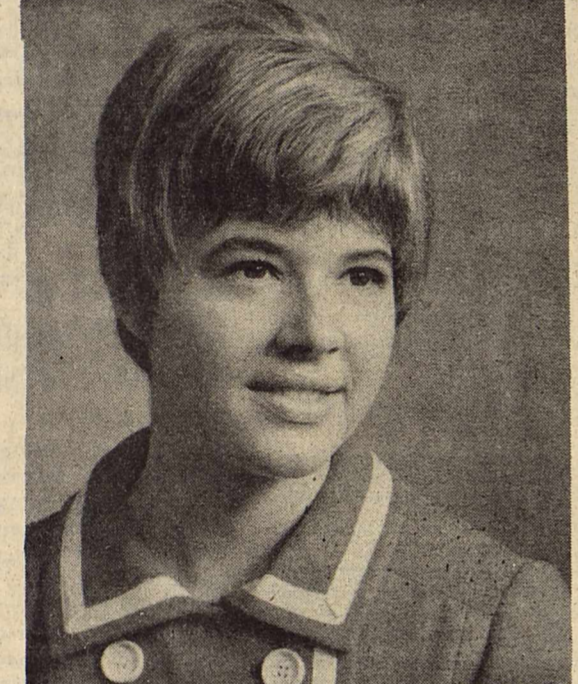

The Plains Dirt Gardeners will serve coffee and cookies to all workers at the clubroom from 10:00 a.m. until 11:30 a.m. Every one is invited to stop by and have a cup of coffee.

WOMEN PAST 21 WITH BLADDER IRRITATION Suffer Many Troubles

After 21, common Kidney or Bladder Irritations affect twice as many women as men and may make you tense and nervous from too frequent, burning or itching urination both day and night. Secondly, you may lose sleep and suffer from headaches, backache and feel old, tired, depressed. In such irritation, CYSTEX usually brings fast, relaxing comfort by curbing irritating germs in strong, acid urine and by analgesic pain relief. Get CYSTEX at drugists. See how fast it can help you.
