

PLAINS COWBOYS PLUCK ROPES EAGLES 21-12...

BY CALVIN SMITH

The High-riding Cowboys brought home their first victory for the 1970 season, Friday night, against the hard hitting Ropesville Eagles. The Eagles were very aggressive and extremely stubborn about the outcome of the game. They controlled the first quarter but the Cowboys fought back to overpower the Eagles and dominate the remainder of the game.

The opening quarter found the Cowboys hunting for a place to go. Plains kicked to Ropes. They marched off 6 plays for a total gain of 14 yds. punted for 35 yards, and halted the Cowboy run back at the 23 yard line. The Cowboys were unable to move and had to punt. A bad snap into the wind made a punt impossible. Shelley Simpson was downed in the 9 yard line.

An unyielding defense halted the Eagles in four plays and regained possession for the Cowboys. The tacklers on these four plays were Livesay, Simpson, Barnett, and Simpson, respectively. Plains couldn't come up with a first down and had to punt. The defense held Ropes again, so they punted down to the Cowboy 13 yard line. The Cowboys fumbled on the first play from scrimmage. This momentum was enough to inspire the Eagles. They carried it on in for six points in a 3 play drive. The extra point failed leaving the score 6 to 0 with 1:50 left in the first quarter. The Cowboys struck early in the second quarter. They rambled off 72 yards in 9 plays behind some superb blocking. Chandler started the drive with 3 carries for 9 yards. Lowe then managed 3 yards for the first down. Livesay picked up 7 yards and then came back with a sweep around right end for a beautiful run good 49 yards, down to the Ropes 4 yard line. Chandler bulled for 2 yards and in 2 plays and a fake to him on the next play set up a scoring situation for Halfback, Gary Livesay. The extra point attempt failed. With 9:45 left in the half, the score stood 6 to 0. Plains had complete control of the momentum. The Eagles were unable to move the ball and punted for 40 yards. The Cowboys started another drive behind some stalwart blocking of Kerby, Barnett, Brantley, Lester, and Moore. They opened holes big enough to allow the runningbacks to march

60 yards in 13 plays. This drive saw Chandler digging out a few yards to set up a first down situation and Livesay taking advantage of it. Adding to the confusion of the Ropes defense came Tony Winn and Joey Lowe, with pickups of 8 to 10 yards gains. After 4 consecutive first downs Livesay carried 9 yards for a first down on the 1 yard line. The next play, he carried it on in for a touchdown with 2:40 left in the half. The extra points failed making the score 12 to 6. Ropes, hoping to quench the fire, tried to stall the clock and start over the second half. The Cowboys had different ideas about the situation. A great kick-off by Winn and good down field coverage caught Ropes on the 9 yard line. The first play from scrimmage spelled disaster for Ropes as the Masked Marauder (Eddie Moore), stormed down the line and dropped the Eagle halfback for a loss of 11 yards, a safety, and 2 points for the Cowboys. The score now standing at 14 to 6, with 2:15 left in the half, Ropes kicked off one more time; had the ball one more time before the half and tried going to the air. Tackle, Bruce Lester slapped the ball in flight to prevent any possibility of last second throws.

The second half started with an Eagle fumble on the third play from scrimmage. David Barnett eagerly pounced on the ball to gain possession for the Cowboys. The next play saw a Cowboy fumble. This spurred an Eagle drive that went 26 yards to 7 plays for a Ropes touchdown, with 7:50 left in the third

quarter, the score stood 14 to 12, Plains. The extra point failed. The remainder of the third quarter saw defensive battle ending in a standoff. The fourth quarter looked to be the same story until line-backer Shelley Simpson batted a pass that could have foiled a great defensive effort. This sparked the Cowboys. The next play viewed Moore and Winn combining to throw Ropes for a 4 yard loss. The Eagles attempted a pass, but halfback Gary Livesay picked it off and returned 25 yards to the Eagle 19. On the next play, Lowe found Winn standing all alone on the 1 yard line. A perfect pass spelled 6 points for the Cowboys with 3:30 left in the game. Tony Winn kicked the extra point, making the score 21 to 12. The game ended with this score

but there was much more action to be seen. Some different faces were seen in the closing moments and if there had been enough time left, the Cowboys would have done some more scoring. Tommy Beal stepped into the the signal calling position and did a fantastic job. Beal used a deft fake and his quick hands insured a safe hand-off. Looks like we have good depth in that department. Ace Hamm was shifted to fullback and he carried the pigskin 5 times for 28 yards. That's 5.6 yds. per carry. Ray Garza also made a quick 6 yards in the closing seconds. Someone forgot to tell him to fall down when 3 Eagles hit him. So he carried them six yards before being tripped up. Could this be a sign of depth in the backfield?

The coaches were well pleased with the effort of the team. The team did a fine job and gave the town something to be proud of. They were down the first quarter but they made a come back. This week they were able to drive down the field and then took it on in for six points. They're coming right along. Our next game will be against Whiteface, tomorrow night. If you want to see exciting action football, come out and watch the Home Team. You won't be disappointed. Go Get 'Em Cowboys!

Get 'Em Cowboys!

Tax Study

AUSTIN--Sp--State Representative E. L. Short of Tahoka, is in the State Capitol for a Tuesday meeting of the House Interim Committee to study all matters pertaining to the taxation of farm, ranch, and forest lands on the basis of their capability to support the raising of livestock and/or to produce farm and forest crops. The District 73 House Members has been a farmer and rancher in Lynn County for 24 years and will begin his second term in Lynn County for the District 73 House Member has been a farmer and rancher in Lynn County for 24 years and will begin his second term in the House when the Legislature convenes in January.

During his stay in Austin, Representative Short met with Speaker Gus F. Mutscher. Speaker Mutscher praised Rep. Short for his work in the interest of rural Texas during the past session.

"Rep. Short joins me in my concern over the medical crisis facing Texas if recently enforced rules concerning Class 7C hospitals cause our rural hospitals to close down," Mutscher said. "We certainly appreciate Rep. Short's offer of his assistance in the work of the Texas Health Care Committee."

Mutscher said that Texas has 40 per cent of the nation's Class 7C hospitals because of the large areas in Texas with sparse population, particularly in West Texas. Hospitals who do not comply with the regulations, such as having registered nurses around the clock, are in danger of having Medicare payments terminated, which would in turn force their closure.

Rep. Short is also serving on the House Interim County Government Study Committee at the request of the Speaker.

Youths Apprehended

Juvenile youths were apprehended shortly after midnight, September 23, by Deputy Sheriff Bob McDonnell. Loot from the burglary of the Bayer Lumber and Hardware, the previous week was found in the boys' car. On questioning, the youths admitted both the robberies and the vandalism consisting of the window breaking at the Winkle Feed Store and the Curry Pharmacy.

The youths, all high school students of Plains were taken before Judge Bennett, juvenile judge, where they were required to make restitution for all damages and stolen money and goods; and were placed under indeterminate probation.

Farm Coalition and several congressional committees. (RESULTS) Representing the best interests of grain sorghum producers to all pertinent legislative groups in Washington, D.C.

Yoakum Co. Co-Op Gins First Bale

Mr. David Stowe, manager of the Yoakum County Co-Op Gin placed on the courthouse lawn the first bale of Yoakum County cotton to be ginned this year. Mr. Stowe stated that the cotton raised by J. C. Chambliss of Plains, was brought to the gin Sunday evening and ginned Monday morning at 9:15 am. He reported that the bale, weighing 450 pounds, was from 1450 lbs. of seed cotton with at seed yield of 850 pounds.

Mr. Chambliss stated that the cotton was of the lankard

38-40 variety. It was planted May 12th and irrigated three times. The cotton was machine picked. Mr. Stowe presented Mr. Chambliss with a check of \$100.00 as a premium for the first bale. Besides harvesting the first bale of cotton grown in Yoakum County for 1970, Mr. Chambliss also had the first load of maize which was delivered to Anderson Grain in Plains August 25th.

Mr. Chambliss load of maize preceded only a few minutes a load delivered to Goodpasture Grain elevator by Tom Warren of Plains.

Mr. J. C. Chambliss proudly exhibits the first bale of cotton grown in Yoakum County. Pictured along with J. C. are David Stowe, manager of the Yoakum County Co-op, and his son, Gary.

Gamma Lambda Chapter Meets

Gamma Lambda Chapter of the Delta Kappa Gamma Society met for its regular meeting Thursday, September 24, in the T. J. Young Library in Seminole. Upon arrival the members were served sandwiches and coffee and enjoyed visiting together after the summer recess. Following the social hour, the meeting opened with Mrs. Roger Harvey president, officiating. Mrs. O. M. Stewart, assisted by Miss Theresa Lile, Mrs. Delbert Warren, Charlie McConal, and S. P. Show, conducted a very impressive initiation service for Mrs. Howard Webb, a new member from Denver City.

Mrs. Pete McClellan introduced the speaker for the evening, Mrs. Ira Bobo. She

narrated slides of her recent visit to Lebanon, Jerusalem, and Egypt. This implemented our program subject, "Open your arms; how far is your reach?" quite well.

A business session was conducted following the program. Hostesses for the evening were Mrs. Dorothy Decker, V. N. Keyes, Tony Simmons, Lillian Gilmer, Almeda Gady, and Miss Wanda Watson. Mrs. Roger Harvey, Joe H. Thompson, and Mrs. J. M. Tippett attended from Plains.

An all day regional meeting of the society will hold a meeting in Ralls, Texas October 10. Mrs. Roger Harvey will attend the Presidents Breakfast. The next regular chapter meeting will be held in Denver City, October 22.

GSPA Membership Drive

The Grain Sorghum Producers Association will launch its 1970-71 membership drive the week of October 1. Each farmer within the area will receive a membership application for convenience in paying his dues and a postpaid envelope will be enclosed, with the membership notice.

Elbert Harp, Executive Director of the Grain Sorghum Producers Association, stated that because of the work of the association this past year, many accomplishments have been made that will and already have affected the price and income of the grain sorghum producer.

In reviewing the association's work, some of the projects that will be the most helpful to the farmer are:

1. Reversal of CCC's order to call in 1967-68 resealed grain by January 15, 1970.

(RESULTS) Restored strength in market prices last fall.

2. USDA and congressional agreement in early summer to relate grain sorghum to corn according to nutritional value.

(RESULTS) Up to 15¢ CWT. increase in loan and support price is pending in new legislation.

3. Strong representation for grain sorghum in National

Huddleston Leaves Plains State Bank

Cordell Huddleston, Vice President and cashier, has resigned his position at the Plains State Bank, effective October 10th.

Cordell and his family will move to Canyon, Texas where he will take the position of Vice President and cashier at the West Texas State Bank of Canyon. He will also be a stockholder and member of the Board of Directors of that bank.

Cordell started his banking career in July of 1959, after graduation from Plains High School. The bank moved to its own building at its present location in October 1959. Cordell was elected assistant cashier in January 1962, and was promoted to cashier in 1965. He resigned his position upon induction in the army in February 1966, where he served for two years.

Upon returning from the services, he rejoined the bank and was made Vice President and cashier, February 1968. He has continued in that position with the bank until resigning to take the Vice-President and cashier of West Texas State Bank.

In his new position, Cordell will be working under Dave Levins, who was a former Vice-President and cashier of the Plains State Bank, until his resignation of January, 1962. He is now President of the West Texas State Bank of Canyon.

Cordell came to Yoakum County as a small child, with his parents, Mr. & Mrs. A. B. Huddleston, in 1947; where they lived in the Tokio community. He started his education in the first grade of the Plains School and continued through his graduation from high school.

Cordell's determination and success in the banking business may be noted by the fact that his connection with the Plains State Bank and his two years in the service is the only position that he has ever held since his graduation.

Cordell's absence from Plains will leave a vacuum which will be difficult to fill. He has always been active in all civic affairs. He worked with the Boy Scouts of America; was an ardent supporter of the Babe Ruth League Baseball program, and was found present in all the community activities. He was active in the Chamber of Commerce, as well as the Lions Club, of which he was president the past year. He has been serving as city councilman for the past 18 months.

Cordell married Linda Fitzgerald in November, 1963. They have one son, Kason Cordell, six months of age. Cordell and Linda are active members of the Assembly of God Church of Plains, which he has attended since childhood.

Although Cordell and Linda will be missed greatly when they leave Plains, their many friends will be happy to hear of their continued success and progress.

U.S. Bonds Sale

United States Savings Bonds sales in Yoakum County during the month of August totaled \$3,184,000, according to County Savings Bond Chairman, D. P. Morehead. Sales for the eighth month period were \$26,661,000 which is 67 per cent of the 1970 goal of \$40,000,000.

Texas sales during August amounted to \$15,063,651, while the year-to-date sales totaled \$121,269,825 for 67 percent of the 1970 goal of \$179.9 million. Series E Sales alone during August 1970 were \$14,841,344 compared to 1969 sales totaling \$14,036,564--an increase of 5.7 per cent. The January-August sales for Series E Bonds totaled \$114,763,654 in comparison with \$108,578,650 during the same period of 1969.

Over the nation, Series E and H Savings Bonds sales amounting to \$388 million were purchased during August--a 12 per cent increase over August 1969 sales of \$348 million. The eight month sales totaled \$3,149 million compared to \$3,048 million--a 3.3 per cent above a year earlier.

Record Enrollment at SPC

LEVELLAND(Special) South Plains College is experiencing a record enrollment this year when many colleges are leveling off and some even experiencing a decline.

At conclusion of registration September 4, a total of 1,753 had been enrolled. This number compares with 1,647 last year. Towns having the largest number of enrolled are: Levelland, 479; Lubbock, 236; Brownfield, 114; Morton, 69; Littlefield, 62; Muleshoe, 36; Hereford, 33; Seagraves, 29; Dimmitt, 27; Sundown, 25; Denver City, 23; Post, 23; Lamesa, 22; Friona, 20; Plains, 19; Spur, 19; Sudan, 16; Seminole, 16; Earth, 15; Farwell, 14; Floydada, 14; Ropesville, 14; Anton, 13; Tahoka, 13; Bovina, 12; Amherst, 11; Plainview, Ralls, and Shallowater each, and Hart, Pep, Meadow, and Whiteface, 10 each.

South Plains College students are from 147 towns in Texas, thirteen towns in New Mexico, eleven other states, and six foreign countries.

Towns in New Mexico represented are: Lovington, Clovis, Las Vegas, Farmington, Roswell, Portales, Carlsbad, Fr. Sumner, Jal, Socorro, Hobbs, Grants, and Aztec. Other sta-

Yoakum SWCD News

Thursday night is election time in the Southwest zone 2 of the Yoakum Soil and Water Conservation District. R. M. Bob Jones has served two, five year terms as your Director from this zone. He has been Chairman for the last six years. Any one living in the District (Yoakum County) and owning land in the zone or Southwest part can vote and can be elected to serve a five year term. This will be a democratic type election and you must be present to vote. There will be a showing of color slides of Conservation work done in Yoakum County SWCD in the last two years and refreshments will be served. The election will be held at the Yoakum County Co-Op Gin at 8:00 p.m.

Cover crops of small grain are being planted everyday weather permitting which means less acres that will be

subject to wind erosion next spring. Any land not protected by CROP RESIDUE or covercrops not only looses soil, creates a dust problem, but looses much needed moisture. The amount of residue is very important but the height also is important. It has been found that as much as 1 1/2 inches of moisture can be lost by disking or shredding grain sorghum stalks. Some people believe the green stalks when left on the land take lots of moisture out of the soil but the facts they don't. The growing process is a bout completed and the transportation of water by the plant is very low, actually the wind sweeping on the land next spring will take more moisture, much more, than the little used by the plant from now until frost stops the growth. Our greatest, Cheapest, Best and Most used Conservation Practice is the wise use of CROP RESIDUE.

R. M. (BOB) JONES--CHAIRMAN OF YOAKUM SWCD BOARD IS IN ONE OF HIS FIELDS OF SORGHUM USED FOR GRAZING, SILAGE, AND SOIL COVER.

Nursing Home Administration Course at SPC

LEVELLAND (Special) Forty-three persons are enrolled in the Nursing Home Administration course at South Plains College this year. This is the first year the college has offered this particular course and it has received a fine response from over a wide area.

This is a study of the practical aspects of procedures and problems for those in search of more knowledge in the field of nursing home administration. The complete course contains five parts and meets for a total of 200 clock hours. Persons seeking to satisfy the educational requirements of the Texas Nursing Home Administrators License Act and anyone who is interested in knowing more about Nursing Home Administration may be enrolled in the class. These courses do not receive academic credit at the college and the college is not able to offer them by correspondence.

Tsa Mo Ga Study Club Meets

A Hawaiian theme in decorations greeted members of Tsa Mo Ga at a salad supper on Monday, September 28. From the tables decorated with palm fronds, sea shells, and coral to the costumed hostesses a festive air prevailed.

The Power of Woman was the theme presented to members of Tsa Mo Ga at their first meeting of the 1970-71 club year. Mrs. Darrell Lindsey reported for the yearbook and program committee on the work for the coming year. Among the topics for the year are Power in the Family, Power in the Group, Power in the Community, and never underestimate the Power of a Woman. Among the special projects planned or completed are the Rubella Clinic, honoring our Senior Citizens, the Bazaar, honoring our Senior Class, and work for Girl's Town. The yearbook is dedicated to Pioneer Clubwomen.

Mrs. Tom Warren, president, presided over the business meeting. Mrs. J. C. Chambliss, chairman of the Finance committee, reported on plans for the Bazaar to be November 21 and a Bake Sale. It was noted that our Tsa Mo Ga Building has been remodeled in the last few months, including drapes and painting inside and brick for the outside plus other smaller details too numerous to mention.

The Rubella Clinic was held in September with approximately 185 shots given to children between the ages of one and ten years.

Miss Ozella Hunt and Mrs. P. W. St. Romain spoke on Federation. Each reported on the General Federation of Women's Clubs Convention held in San Antonio June 7-12,

The 200 hours are divided in five parts. Each part meets six hours a week until that part is completed. A brief interval will be given between each part. Classes are held from 3 p.m. until 9 p.m. each Thursday on the campus of South Plains College in Room 101 of the Technical Arts Building. Certificates of completion will be awarded to those who successfully complete the five parts. Mitchell Masters was the instructor for the first part which has been completed. The second part, under the direction of Don Melton, is underway at this time. Three more parts will be taught following the completion of this one. For additional information contact Don Yarbrough, Director of Continuing Education at the college. Among those attending the present class are Claudine Baker and Valrea V. Stafford of the Plains Nursing Home, Plains, Texas.

and the programs given there. The Texas Federation of Women's Clubs theme of "Seeking a Better Environment With Womanpower" was brought out by such quotes as "Woman's influence may be the salvation of this country." It was stressed that this country needs advocates of this country--who it is not perfect, it is still the best. We should all work for a better environment. "The moral fiber of our nation is at stake." Mrs. St. Romain reported that Mrs. Shaper, past president of TFWC, spoke on the beautification work done in Texas and in other states. She noted the improvements to our highways with bluebonnets and the litter cans for trash. It was reported that many gins in our area do not burn burrs and that an improvement has been made in the area of carbon black smoke.

Five members attended a dedication of lights and open house at Girl's Town. The dedication "Lighting the Avenue of Opportunity" was held Saturday, September 19, to dedicate 62 new outdoor lamps presented by members and clubs of the Caprock District of TFWC. Mrs. Le Roy Johnson of Morton, President of Caprock District, was Master of Ceremonies. Mrs. M. W. Luna, a Life Member of Caprock District and a member of Tsa Mo Ga, gave a new lamp. A new project is now underway at Girl's Town to provide sidewalk around the circle and needed areas.

All members were urged to attend the Fall District Board Meeting Workshop at Denver City on October 17, at the Methodist Church beginning at 9:00 a.m. The theme for the meeting will be, "Take Time".

"A grouch never goes where we want him to, until after he dies."

How often do you hear the words "There should be a law passed against it?" The national feeling of uneasiness has penetrated our citizenry so deeply that every time someone sees a problem; we think that a law will cure it. "Pass a law... Pass a law." We are asking for so many laws that Congress has to stay in session almost the year round instead of going home after three or four months as they used to do. Very seldom is the question ever raised of whether a new law is, in reality, the best possible solution to any given problem. "Pass a law." It has become a national refrain. I am surprised that someone hasn't thought of putting it to music.

It now appears to be the time for good solid thinking citizens to tell our law makers that Congress should begin by repealing laws rather than passing new ones. Limitation of Congressional sessions to a maximum of six months each year could be a partial solution. Not only would this cut down expenses, it would give our senators and congressmen time to study the laws that have already been passed and to also find that many of the new laws that are being asked for, are unnecessary.

President Nixon has attempted to trim the sails of many give-away programs. His recommendations to revamp or eliminate government programs that no longer serve the general public interest, must be backed to the hilt by an aroused citizenry, if they are to be successful. This can mean but one thing, ---VOTE AGAINST THE SPENDERS.

Don't you just love Spiro Agnew? He has done more to acquaint and awaken the American people to the dangers of the demonstrations that are going on at this time all over our land than any one has ever done. And it appears, that finally the public is becoming aware of this undercurrent of lawlessness, and what it is doing to our nation.

The first amendment is explicit as to "the right of the people to peaceably assemble and to petition the Government for a redress of grievances." (Please note that PEACEABLY is the key word.) However, it is conveniently ignored by many persons who equate dissent with destruction... There is nothing in the first amendment which guarantees people the right to riot and plunder as means of dissent. Invariably, when incidents and altercations occur during public dissent, the trouble is started by unpeaceful participants who knowingly and willingly break the law.

Many among the young, mouth Marxist and Maoist slogans because they are too ignorant to know that that is the poison which is sickening them. Bless our Vice President, Spiro Agnew.

A few years ago, a number of men were congregated on the porch during a rainy day. After talking about farming, ranching and other interests of the day, they began speaking on the beliefs of their churches and which was the best. Finally, one man looked at grandpa sitting in his rocking chair and said; "Grandpa, what is your opinion on the best church? Grandpa turned his chewing tobacco over in his mouth, and replied: "Well, there are four roads to that there gin over yonder, but when you git there, the ginmer ain't gonna ask you which road you took. He will ask you 'How good is your cotton,'"

Doctor to patient: "Just do everything I tell you, and you can have a long life--even if you don't enjoy it."

THOUGHT FOR THE WEEK

Father, help me this day to think upon and express only words which bless, uplift, encourage and inspire.

NOTICE

OPEN ADMISSIONS POLICY STATEMENT FOR A CUSTODIAL HOME

It is the policy of the Plains Custodial Home to admit and to treat all residents without regard to race, color, or national origin. The same requirements for admission are applied to all, and residents are assigned within the custodial home without regard to race, color, or national origin. There is no distinction in eligibility for or in the manner of providing, any resident service provided by or through the custodial home. All facilities of the custodial home are available without distinction to all residents and visitors regardless of race, color, or national origin. All persons and organizations that have occasion either to refer residents for admission or recommend the Plains Custodial Home are advised to do so without regard to the resident's race, color, or national origin. Also there are no restrictions in the hiring of the personnel, or in the uses of the facilities by the personnel because of race, color, or national origin.

Local Girl Enters Beauty Contest

Miss Debbie Peterson, a sophomore student at South Plains College and a graduate of Plains High School announces her candidacy for Miss South Plains 1970-71. Support a local co-ed and buy a ticket.

The exciting and colorful production will be held Thursday October 15, at 8:00 p.m. The annual Miss South Plains Contest is sponsored by the Levelland Jaycees.

Debbie will be judged in the talent, swim suit, and formal competition. The winner

ASCS Reports

Yoakum County residents are well aware the U.S. -- Japanese trade is extensive, J. B. Ashburn, Chairman of the Yoakum Agricultural Stabilization and Conservation (ASAC) Committee, commented recently.

"Almost everyone recognizes that Americans are important customers for Japanese goods. I wonder how many of us realize that the Japanese are major customers for American goods, especially for American farm commodities.

"In fact, Japan imports more U.S. agricultural products than any other country in the world--a record \$1.1 billion worth during the 1970 fiscal year," Mr. Ashburn said.

He pointed out that feed grains and cotton are important farmcrops in Yoakum County and that exports of these farm products to Japan have gone up dramatically in recent years.

More than six million tons of feed grains were shipped to Japan last fiscal year--just about one-third of U.S. Feed Grain exports. Japan is our best customer, taking one-fourth of its cotton from the U.S.

The ASC Committee Chairman reported that Secretary of Agriculture, Clifford M. Harbin recently took note of the American-Japanese trade story, calling it unprecedented.

Secretary Hardin also said: "The Japanese economy has paralleled that nation's growth in trade. In the years between 1960 and 1965, Japanese shipments in world trade more than doubled. By 1969, they had almost doubled again reaching \$16 billion. Shipments to the United States increased in those nine years by more than four times--\$4.9 billion.

"The Japanese householder's disposable income has more than tripled since 1960. His demand for meat, milk, and eggs--a good "horseback" measures of consumer prosperity has increased by more than four times in 15 years.

"He is diversifying his eating habits as his income goes up. For example, per person consumption of wheat flour in this traditionally rice-eating society has increased by 30 percent in a decade and a half.

Lucky Winner

Does anybody ever win a MAJOR prize in those "Lucky number" sweepstakes you keep reading about? The answer is YES.

Ask Mr. Alfred A. Brown of Houston, Texas who has just won \$3,000 in cash; or ask Mrs. Ruby Marks of Crane, Texas who has just won \$5,000 in cash for the Crane County Library. These two people have won major prizes in perhaps the biggest of all "Lucky number" sweepstakes, the Reader's Digest 8th annual \$400,000.00 Sweepstakes.

The two people listed above have each won a MAJOR prize \$3,000 and \$5,000 in cash. Hundreds of lesser prizes have already been distributed in Texas. Altogether 35,975 prizes have been given away in this sweepstakes. The names and addresses of 121 of the winners are listed on page 229 of the Readers Digest, September issue. Four of these 121 winners are from Texas.

SPC from page 1

tes represented are: Wyoming, Oklahoma, New York, Pennsylvania, New Jersey, Virginia, Tennessee, Alabama, Wisconsin, Hawaii, and Arizona. Foreign countries represented are: Iran, Hong Kong, Tehran, Saudi Arabia, Bolivia, and Lebanon.

Students are from larger places also. Some are enrolled from Dallas, Fort Worth, San Antonio, Austin and Houston, but the greatest majority are from the West Texas area.

NEWS BRIEFS

Mrs. D. C. Newsom Sr., returned home Saturday, from the Methodist Hospital in Lubbock where she had undergone surgery. Mr. Jewell Anderson is staying with Mrs. Newsom during the day time and one of her grandchildren, Denise or Neil, spend the night with her.

Mr. Ray Trent, former editor of the Plains Review, reported that his daughter and family, Mr. & Mrs. Steve McGregor and son, Steve, of Fort Morgan, Colorado, spent several days last week with Mr. & Mrs. Trent at their home in Denver, City.

The foundation has been completed for the new motor at the light plant. Arrangements have been made for a crane to be brought in from Hobbs, New Mexico and the motor will be set Thursday. The motor is expected to be put into service soon.

Signs denoting the time and place of meetings have been erected by the Lions Club. A Sign has been placed on each highway leading into Plains as well as at the Scout hut, the Lions meeting place. Each sign carries the emblem of "Lion International" with the time, date, and meeting place on a panel below.

I would like to thank each and everyone who has helped my folks and my children. We never know who our friends are until we need them. God bless every one and thank you.

Mrs. Yvonne Shaw Mr. & Mrs. Pete Wilkerson We wish to thank all the many friends for the beautiful flowers and cards that were received by Mrs. D. C. Newsom Sr., while a patient in the Methodist Hospital in Lubbock, and after her return home. Only a person who is ill and away from home, in a hospital, can understand what such greetings really mean.

Mrs. D. C. Newsom, Sr. Hoss and Dub

Sudie Thompson CHDA★ Says...

By **Sudie M. Thompson**,
Home Demonstration Agent

Did you know that nuts with hard shells are easier to crack if they are first soaked several hours in warm water?

This is one of many hints contained in the new booklet published by the U.S.D.A. entitled "Nuts in Family Meals", the 14 page booklet gives many helpful hints on buying, using and storing the different kinds of nuts.

For a copy of "Nuts in Family Meals", contact your Home Demonstration Agent in Plains, Texas... Box seven. For instance, most nuts can be bought shelled or unshelled, with the exception of cashews, which are sold only shelled. Shelled nuts usually cost more than nuts in shells, but they are convenient and take less storage space.

Take cost into consideration in buying the different forms of nutmeats. Broken pieces, which are often less expensive and take less preparation, may be used in any food where appearance of the nuts is not important. However, whole nut kernels are more attractive for snacks and garnishes.

In buying nuts in the shell, choose clean nuts free from splits, cracks, stains, or holes. Moldy nuts may not be safe to eat. Shelled nutmeats should be plump and fairly uniform in color and size. Limp, rubbery, dark or shriveled kernels may be stale. You may find this an excellent time to think about using peanuts in your family meals. Although actually legumes, peanuts are used as nuts in family meals and snacks.

PEANUT BUTTER MUFFINS
(12 muffins)

Preheat oven to 400 degrees F. (hot) Grease muffin tins.

1 cup milk
Oil or melted fat-1/4 cup
1 egg, slightly beaten
2 cups flour, unsifted
1 tablespoon baking powder
1 teaspoon salt
1/4 cup sugar
1/2 cup peanut butter

Blend milk into egg and add fat. Mix dry ingredients thoroughly; mix in peanut butter only until mixture is crumbly. Add liquid and mix slightly, leaving batter lumpy. Half fill muffin tins with batter. Bake 20 to 25 minutes, or until golden brown. 210 calories per muffin.

PARTY TIME NUT BREAD
(1 loaf)
2/3 cup light brown sugar, packed
1/4 cup shortening
2 eggs
2 cups flour, unsifted
2 teaspoons baking powder
1/2 teaspoon baking soda
1/2 teaspoon salt
1 cup milk
3/4 cup candied fruit, chopped

1 teaspoon lemon rind, grated
Brazil nuts, English walnuts, or pecans chopped. (1/2 cup)

Preheat oven to 350 degrees F (moderate); grease a 9X 5x3-inch loaf pan.

Beat sugar, shortening, and eggs until creamy.

Mix dry ingredients and mild alternately into egg mixture. Add fruit, lemon rind, and nuts to last portion of flour mixture before stirring into batter.

Pour into baking pan. Bake about 1 hour or until toothpick inserted in center of loaf comes clean.

Cool on rack 12 minutes before removing from pan. Finish cooling on rack. Calories per 1/2 inch slice; About 175

(from page 1)
per CWT. beginning October 1, 1970.

(RESULTS) The market should be 7¢ higher than it would have been otherwise.

"Because of the accomplishments we feel like the Grain Sorghum Producers Association deserves the support of every grain sorghum farmer within the area. We are still not satisfied because there is still much work yet to be done in behalf of grain sorghum. We hope that each farmer will promptly mail in his 1970-71 dues to help carry on this important work," Harp stated.

First Aid Training

American Red Cross says that at least one member in every family should be trained in first aid techniques. In rural areas, medical facilities often are not available making it imperative that first aid be given on the scene, they say. Thus, it is even more important that rural families have a member who can administer first aid treatment in the case of an accident.

New John Deere 115-hp 4320 and 135-hp 4620

Power is up... price-per-hp is down

From a list price standpoint, both tractors are well below the \$100-per-hp rule of thumb. Included in the base price are a 3-point hitch, independent PTO, double-action cylinder outlet, and adjustable drawbar. Both the 4320 and 4620 deliver a lot of extras at no extra cost to you. Stop in for complete price information... and arrange a field test.

Any way you consider these new tractors, you come out money ahead. From a performance standpoint, both tractors feature a Turbo-Built Diesel engine that delivers an extra margin of power-A Dynamic Power Reserve that increases work output per hour and expands acreage-handling ability.

ASC Advises

1971 COTTON LEGISLATION Under proposed legislation it appears that the 1970 cotton yield produced on a farm may be used in establishing the 1971 yields for the farm. All cotton producers should be careful to keep their 1970 production records in good order. Cotton not properly identified as to producer and farm numbers will not be acceptable in establishing 1971 farm cotton yields. Farmers farming two or more farms with cotton should make sure that cotton carried to the gin at harvest time is properly identified as to the farm and producer. It would be well for producers to remind ginners that he may be called upon to furnish a listing of bale numbers and weight of all cotton ginned for, each farm in 1970.

Weeds on Diverted Land: Some producers have reported that weeds are on their neighbors diverted land. Due to the fact that the contracts stipulate that diverted land is to be properly cared for throughout the

year, we urge each producer with diverted land to take a look at the land and if weeds need to be destroyed, to destroy the weeds at once.

1970 PROGRAM PAYMENTS: Except for a very few the 1970 program payments have been made. The total cotton, feed grain, CAP and wheat payments made on 469 Yoakum County farms totaled \$3,421,298.99. Approximately 86% of the total program payments were price support payments made on cotton, feed grains, and wheat. The bulk of the payment was cotton price support payments which totaled \$2,533,518.33. The above payments do not include approximately \$40,000 that will be paid under the 1970 ACP Cost Share Program for conservation practices carried out on the Farms.

Yours truly,
W.M. Overton
County Executive
Director
Yoakum County
ASCS

The study was completed for the Texas Department of Agriculture by Bill Nelson, consulting agricultural economist of Amarillo, and Dr. Charles M. Smallwood, dean of the School of Agriculture at West Texas State University, Canyon.

New Hog Booklet

A new booklet, "The Feasibility of Commercial Hog Marketing in Texas", is available to producers and investors considering expanding or entering a feederpig and finished hog-marketing program on a commercial scale.

John C. White, commissioner of the Texas Department of Agriculture, said that the information was developed to assist in an orderly expansion of the state's swine industry which pumps about \$50 million annually into the Texas economy.

White indicated that strong hog prices the past two years, the fact that Texas is a "hog-deficit" state, and increased interest in agribusiness investment are prime factors in current demand for swine marketing feasibility information.

The study points out that opportunity exists for hog marketing operations to be established (1) on a part-time basis by individuals in farming, business or industry with year-round spare time, (2) one-man operator basis on farms with year-round excess labor, or (3) as a commercial enterprise organized for profit to specific inputs of capital, labor and professional management.

It is this last category toward which this booklet is directed. Ben Baisdon, director of Marketing for the Texas Department of Agriculture, said that copies of the multi-colored, 12 page booklet are available free on request to the department in Austin.

Panhandle South Plains Fair

LUBBOCK--Premiums totaling a record \$38,892.50 are being offered to exhibitors during the 53rd annual Panhandle South Plains Fair here September 28 thru October 3, officials announced today. The announcement coincided with the start of distribution of the 1970 fair catalog, which has been placed in the mail to potential exhibitors, show superintendents and officials.

Sporting a color shot of a typical Lubbock fair scene on the front cover and a center-fold layout on an all-star variety show, the catalog lists the following offered premiums: \$1,668.50 for the Agriculture Department, junior and individual exhibits, educational exhibits and agricultural mechanics.

\$10,376 for the open dairy cattle show. \$4,392 for the open swine show. \$3,375 for the junior livestock show. \$3,240 for the Appaloosa and Quarter Horse shows. \$2,000 for the state's largest one-day rabbit show. \$3,996 for the Women's Department.

In addition, \$1,000 in cash awards is offered to units participating in the annual Parade of Bands, \$400 for the Fiddlers Contest plus another \$500 for miscellaneous awards.

Ticket prices remained unchanged at \$2, \$3 and \$4, but show times have been changed to 5:30 p.m. and 8:30 p.m. daily throughout the week-long engagement. All seats are reserved. Advance orders will be accepted by the fair association. Mail orders requests should be addressed to the fair at P.O. Box 208, Lubbock.

Yet so gentle you can take this tablet on an empty stomach. It's called *Arthritis Pain Formula*. Get hours of relief. Ask for *Arthritis Pain Formula*, by the makers of Anacin.

Tax Man Sam Sez

Contrary to what most taxpayers think, the law definitely prescribes a dual responsibility for the Internal Revenue Service employee. Their first task is to secure fair and impartial compliance with our Nation's tax laws. This does not simply mean that they round up all the tax cheaters and put them in jail. It means that the tax men have to work both sides of the street. Thousands of taxpayers make mistakes in favor of the government. The Internal Revenue Service employees try to get this money back to the taxpayer. They do not send back several hundred million each year. They probably cannot find all of the taxpayers' mistakes. When a taxpayer is audited, the Internal Revenue Agent is obligated to find and report any overpayment of tax on the same basis as he does on the underpayment of tax. Eight percent of the taxpayers audited during a recent year received refunds and almost half had no change at all. The Internal Revenue training program is designed to teach each IRS employee to collect all of the tax due from each taxpayer, but not one penny more. Thousands of taxpayers find help from the Internal Revenue Service man each year at a time that they least expected it. Most of us would agree that it's better to get help than to get a bill.
