

Cowboys Lose To Eagles... 16-6

A good sized crowd followed the Cowboys to Eagle Country last week and saw a good game. The Cowboys displayed a lot of determination and hustle. The offense wasn't able to maneuver properly and the defense held them to a 16 point game. I feel like there is only one team left in district 5-A that could do that. Cooper has a good chance to lay one on Seagraves. That game will be played at Cooper, just as our game was at Seagraves. Plains has just as good a chance as any other team for the 5-A title. I'm sure they have been informed of that already.

The Cowboys took the opening kick-off and kept it 2 plays before fumbling on their own 22 yard line. A major factor for the

fumble was the drizzling rain that hampered the game all night long. Seagraves gave the ball back 3 plays later on another fumble. The entire first quarter was occupied trying to adjust to weather conditions.

Seagraves started the second quarter off by driving from their 25 yard line to pay dirt in 7 plays. Wendell Wood capped the drive with a 45 yard spring. Wood carried for the extra points and left the score 8-0, with 8:14 remaining in the half. The Cowboys tried to squeeze in a field goal in the remaining seconds but the time ran out on them. The attempt would have been a 26 yard boot and I felt like he would have made it, but we'll never know now. The second half opened

with a good kick return to the 19 of Plains. A fourth down attempt was smashed by Mike McRae and the ball went over. The ball changed hands twice before the Eagles marched 40 yards in 16 plays. With 2:20 showing in the third quarter, Kent Crutcher plunged in from the one. The extra point attempt failed, leaving the score 14-8.

The Eagles never touched the ball again until the Cowboys had their revenge by reaching pay dirt. The Cowboy marched 75 yards in 17 plays for six points. This drive was sparked by a 45 yard pass play from Joey Lowe to Jerry Parrish. Tony Chandler carried it over from the 1 foot line with 6:27 to go. Seagraves refused to let Plains walk over them, as they started their own little drive. This drive made it to the 1

yard line but a stubborn and outsized defense halted any further progress. The Eagles pulled off a safety with 1:21 left in the game, making the score 16-6. Seagraves, Even with a doubtful possibility of saving face, the Cowboy defense fought with all they had to regain possession of the ball. Plains took over on Seagraves 34 yard line. An interception on the second play from scrimmage halted the last chance for revenge points. The Eagles stalled the last :08.

The Cowboys play O'Donnell tomorrow night. They have a good chance for victory. They also have a good chance for the 5-A crown. The district is still a toss up, so come out and back the Cowboys and let them know you want them to take it. GO COWBOYS!

Good Defense for passer.

George Mahon Reports:

Washington, D. C., Representative George Mahon reports that prior to the Congressional recess last week, all the regular appropriation bills for this session had passed the House of Representatives.

Mahon stated that in the House bills, including a vetoed bill which must be revised and repassed, the House was below the budget by about two and one-half billion dollars. Final clearance through both Houses will be required before all the bills will be presented to the President for his approval.

When the final chapter on appropriations for this session of Congress is written, Mahon predicts the Congress will have reduced the budget requests by about one billion dollars.

Mahon indicated that in Congressional actions taken or anticipated in certain non-appropriation bills, the budget requests may be increased and that savings in appropriations may be offset by spending which is mandated in non appropriation bills for such purposes as increased social security and veterans benefits and housing aids.

Ford Hawkins Father Passes Away

Mr. H. S. Hawkins, 76, of Morton, passed away at 4:45 A.M. Saturday, October 17th in the West Texas Hospital in Lubbock after a lengthy illness.

Mr. Hawkins moved to Morton from Lubbock, in the late 1930's where he began a tractor dealer ship, and in 1941, he opened an Oldsmobile dealership, which he ran until his retirement early this year.

Mr. Hawkins has been ill since undergoing a gall bladder operation this summer and then broke a hip in August.

Services were held at 2:00 P.M. Monday in the First United Methodist Church in Morton with the Reverend Rex Mauldin, pastor, officiating. Services were under the direction of the Simpleton Funeral Home and burial was in Resthaven Memorial Park in Lubbock.

He is survived by his wife Grace, a son Ford Hawkins, of Plains, four daughters, Mrs. Jim Warden and Mrs. Burgin Watkins of Lubbock, Mrs. E. E. Wright of Lamesa and Mrs. Bill Bridge of Andrews; two sisters, Mrs. Bonnie Bruner of Fort Worth, and Mrs. Betty Duke of Los Angeles, California; one brother, Robert Hawkins of Greensburg, Kansas; a son, Scot, who preceded him in death in 1952, 16 grandchildren and 10 great-grandchildren.

Student Council Meets

The Student Council of Plains High School met for its first formal meeting October 15th at the Cowboy Grill. President, Gary Livesay, and Vice-President, Judy Smith, had been previously elected by the student body. The Council elected the following officers: Jan McCravery--Secretary, Glenda Miller--Treasurer--Stephenia Green--Reporter.

Each member received his Student Council pin, presented by sponsor Miss Sue Parker. The Student Council voted to place a permanent statue of a Cowboy in front of the school as one of its major projects of this year.

The members discussed the role of the Student Council in school government and the various means of school improvement to be undertaken in the coming school year.

FIRST PIG SALE

Yields \$2,269.50

Plains Swine Breeders Association, a newly organized group, held their first pig sale Monday night, October 19, in the show barns at Plains. Seventy-seven prospective club pigs were sold at auction for an average price of \$29.48 per head.

Local breeders consigning animals to this sale were: Kenneth and Kreig Blount, G & R Swine Breeders, Bo Stephens Rufus and Jerry Brian, Bobby Chambliss, Buddy Brantley, Dale Cleveland, and Gary Stowe. Two guest consigners Buck Trotter, of Tahoka and Larry Brian of Hale Center, were invited to bring animals to attract the buyers.

Over 140 animals were brought in for Mr. Jerry Stockton to approve for the sales order. Ninety-eight head were left in the sale and 77 of them were sold for a satisfactory price.

At the conclusion of the sifting on Monday afternoon, Mr. Stockton selected the two top barrows of the offering and both of them were Durocs consigned by Kenneth

and Kreig Blount. These two barrows were named the Champion and Reserve Champion of the sale and were placed first and second in the sale order. Buyers paid \$80.00 for the Champion and \$70.00 for the Reserve Champion.

A crowd estimated at well over 100 were on hand to watch the sale and make their purchases.

Clarence (Hank) Matthews and Charles Macha did the auctioneering chores with Jerry Stockton making the initial bids.

The champion pig was purchased by the Morton FFA and the reserve champion went to Yoakum County 4-H. Other prominent buyers were: Denver City FFA, Plains FFA, Friona FFA, Whiteface FFA, South Plains Feed of Seagraves, Frenship FFA, and Brownfield FFA.

Many of the local 4-H and FFA members were there with their parents and bought animals for use in the current feeding program which will terminate at the county stock show and sale in February.

New Councilman Appointed

A vacancy was created when Cordell Huddleston resigned his position as city councilman and moved to Canyon. With complete unanimity, the city council and Mayor Edwards, and with the recommendation of the retiring councilman Cordell Huddleston, Mr. T. J. Miller was chosen to fill the vacancy.

Mr. T. J. Miller is a longtime resident of the city of Plains, and has served two previous terms on the city council. As a result, he is very familiar with the City's business and well informed of the conditions and the operations of all of its equipment. He is employed by the Shell Oil Company and for the past ten years has been operating the same type of equipment used in the Plains Light Plant. He is a skilled mechanic and is familiar with all engineering problems involved in the plant's operations.

While serving as a councilman, Mr. Miller has always been dedicated to the position and has spent many hours of his off-duty time at the light plant assisting in the operation of the plant and repairing equipment with no thought of remuneration.

He is a quiet and unassuming man of whom few knew of his activities except the councilmen and city employees who worked with him. Mr. Miller and his family are members of the First Baptist Church of Plains, and ardent church workers.

Mr. Miller returns to the City Council in a time when his skill and engineering ability will be a great asset in the installation and operations of the new equipment being installed at this time, as well as the many other matters confronting the Council.

Plains Has Rash of Thievery

A new wave of thefts swept through Plains again last week-end. While there was no evidence of or intent of grand larceny, four acts of theft were committed.

Sometime during last Saturday night, the coke vending machine at the Hinson Laundramat, was jimmied and numerous bottles were allowed to slide out of the vending tray. The cash box was not molested.

There was no break-in at the place, as the help-yourself business is open for service twenty four hours a day.

Friday night after the return of students from the Seagraves football game, the vending machines in the Junior High School Building were raided and robbed of their cash. The raid netted approximately \$45.00 in change. Five youths, all juveniles, were apprehended and confessed to the theft. Again this was not a burglary as the front door to the school house had been left ajar and those entering knew of the whereabouts to the keys of the machines. After being apprehended, the youths returned all of the money. No damage was done to the machines. News for the deposition of the case other

than the restitution of the money is unavailable at this time.

Other cases over the week end were of a more serious nature and did constitute burglary. The glass was broken from the front door of White's Auto Store to which entry was made. A stereo tape player and five watches were taken and the cash drawer was robbed of fifteen or sixteen dollars. No other molestation was reported. The break-in was discovered Monday Morning about 6 A.M. by the Avalanche Journal Deliveryman, M. V. McElroy, who notified the store manager, Mr. Frank Whitlock.

A second break-in was discovered Monday morning when workmen arrived for work on the school vocational building construction job. Mr. Danny Pound foreman for the James Blair Construction Company, contractors for the job, stated that the hasp had been broken from the tool house door where tools and instruments were stored. A transit level was removed, while many valuable tools were stored in the transit level, which was valued at about \$215.00, was the only thing that appeared to be missing.

All of the thefts were investigated by Deputy Sheriff Bob McDonnell, who stated that all of the acts of crime committed bore evidence of an adolescent nature. No arrest have been made and no suspects were announced.

Draft Call Telephone Convention for Nov.

AUSTIN, Texas, Oct. 9--The November draft call for Texas is 450, and local boards will fill the call with men with random sequence numbers 1 through 145, insofar as possible. Colonel Charles M. Duncan, acting state selective service director, said Friday. He stated, however, that this does not mean that registrants with numbers higher than 145 may not be needed for future calls.

Colonel Duncan Stressed that under the new Executive Order signed by the President September 26, 1970, all men in I-A, I-A-C or I-O on December 31, 1970 with numbers lower than the high number reached this calendar year by their own local boards will be assigned to the Extended Priority Selection Group to be called during the first quarter of 1971. Those with a higher number than the high number reached will be assigned to the Second-Priority Group in 1971.

The Texas November draft quota of 450 is the state's share of a national quota for 8,000 men, all for the army. The state quota for pre-induction physical and mental examinations in November is 1,310. Men sent for these examinations will be limited to those with random sequence numbers 1 through 195 from the drawing in December 1969 and numbers 1 through 100--from the July 1970 drawing for those born in 1951.

All volunteers at the draft boards must be inducted ahead of the nonvolunteers selected and ordered to report for induction by random sequence number.

Local board quotas for induction and pre-induction examination in November are scheduled to be mailed to the state's 159 boards Friday, October 9.

NO INDUCTION CALL ON LOCAL BOARD 116 FOR THE MONTH OF NOVEMBER

The following men were inducted into the U.S. Army on October 13, 1970 and are undergoing basic training at Ft. Ord, California. Arthur Wayne Box (31) son of Mr. and Mrs. Hayden Box of Plains, Texas. Richard Ladd Brownfield, (68) son of Mrs. Wanda Faye Brownfield Matthews of Colera, Oklahoma. Frederick Prado (116) son of Mr. and Mrs. Joe Prado of 1319 10th St. Levelland, Texas. Samuel Wallace Williams (137) son of Mr. and Mrs. W. C. Williams, Denver City, Texas.

Telephone Convention

The United States Independent telephone Association held its annual convention in Honolulu, Hawaii, October 12th, 1970.

More than 4,000 representatives of the nation's Independent (non-Bell) telephone industry met in Honolulu for this occasion.

USITA represents 1,894 operating companies with 141,800 employees and 1,375,000 shareholders. The Independent Industry serves 19,559,000 telephones in 11,012 exchanges, operating in more than half the Nation's geographic service area. Total investment in Independent plant facilities was \$11,243,000,000 in 1969 and total operating revenues were \$2,613,931,000.

Mr. P. W. St. Romain, President of the Romain telephone Company represented the Romain telephone Company at the convention. Accompanying Mr. St. Romain on the trip to Hawaii were his wife, Mary Jo St. Romain, son, Joe, and his mother-in-law, Mrs. M. W. Luna.

Lions Club Speaker

Mr. Bill Conders, Superintendent of the Yoakum County Hospital in Denver City, spoke to the Plains Lions Club at the noon luncheon last Thursday. Mr. Conders described the activities and the progress at the hospital since he became the superintendent approximately six months ago. He stated that the operation of the hospital is running smoothly and progress is being made in ironing out many of the difficulties--which had confronted the hospital in the past.

Mr. Conder stated that the employment situation still remains very difficult due to the fact that skilled employees are unavailable. He offered a ray of hope for the doctor shortage situation when he said that very favorable negotiations were in progress for a new doctor, in Denver City about the first of the year.

Mr. Conger then discussed the medicare problems which is confronting the small hospitals of Texas. He stated that the situation is very grave in that many of the small hospitals would be unable to meet the requirements necessary for medicare certification as provided under the regulations of HEW.

In his discussion of the medicare situation, Mr. Conder took Matador Hospital as an example for comparison with the Yoakum County Hospital, and virtually all instances where Matador Hospital was unable to comply, he felt that the Yoakum County Hospital could meet the requirements except for shortage of registered nurses. In this respect, he stated

that virtually all small hospitals were in difficulty and that a sufficient number of RN nurses were unavailable to supply the demand. In other respects, Mr. Conder stated, that the hospital was a very good hospital and capable of rendering satisfactory service other than meeting the stringent and extraordinary demands of HEW. He said that unless HEW could be persuaded or induced to relinquish some of its requirements, all medicare support to be given to small hospitals and treatment of medicare patients would be stopped and that many of the small hospitals will be forced to close their doors, for the lack of support furnished by the medicare program. He also stated that approximately 17 percent of the cases handled by his hospital were medicare cases and could be much better served by a hospital in their community than to be forced to travel to some distant place for a treatment and care.

Mr. Conder stated that the trend is toward a centralized hospital board with the authority to set up hospital districts and designate the location of major hospitals. This in turn he stated, will place a small hospital in the position of being only a first-aid station. So grave is the situation, said Mr. Conder, that the only recourse or correction of this condition is through legislation, and he recommended that all of those interested in saving the small hospitals contact their senators and congressmen, and appeal to their assistance.

EDITORIALS

FAIR WEATHER WELCOME

Fair weather has come to the Plains once again and welcome it is. A rainy spell in the midst of the harvest season always throws a scare into Plains folk. It is never known or not whether it will destroy the present crops before they are harvested. Still without sufficient rain fall there will be no harvest next year. So on the high plains folks have learned to welcome rain whenever it appears.

At any rate in some ways we are more fortunate than some other areas this year. From Kansas comes a report of some of the most unusual weather in 95 years. From Abilene to Enid, Oklahoma, blankets of snow and heavy icing conditions were reported. This caught many farmers with grain crops unharvested and the fall wheat unplanted. At least the Plains did not have heavy snow to contend with. Wheat to be productive should have a good fall growth. Cold and frozen ground does not afford a favorable seed bed.

Though Yoakum County is having damp nights and early mornings the grain harvest has been resumed and by late afternoon the grain is rolling into the elevators. With some favorable weather for a while, there still can be a good harvest report this year.

Let's not forget 2:00 a.m. Sunday. This hour marks the end of Daylight Saving Time for 1970, and many of us hope it will end it forever. We say this with apologies for there are many folks who enjoy batting day time around to suit their own conveniences, and feel they have accomplished something worth while. Others enjoy the old time tables that we were born and raised with. We had rather adjust our activities to the clock than attempt to adjust the clock to our activities. Guess it all adds up to how changeable we are, and who makes the rules.

It's getting to where we don't have anymore regard for our constitution than we have for the time of day.

Every time we have an election we have to try to change the constitution of the state or nation. Funny how things that have been so satisfactory for so many generations can suddenly become so unliveable.

It is remarkable how easily problems are resolved when removed from the hands of politicians and settled in the courts. The decisions of the Grand Jury at Kent College were a far cry from the recommendations offered by the high government, commission. That Grand Jury put the damper on many a campus riot. It may require the National Guard and even the United States Army to teach college students that they must respect our flag and the laws of this country, but it can be done. When dissenters become aware of this fact there will be much less dissenting.

P. W. St. Romain just returned from a visit to Hawaii and reports a fine trip. Pete took a tour of Pearl Harbor and feels that such a tour would be a great boost for the spirit of Americanism if everyone could be afforded this tour.

BIRTH OF THE BOWERY Peter Stuyvesant spent his later life on his farm, or "bouwerij," as it was called in Dutch. On the site of this farm now runs the street named after it—the Bowery—on the lower east side of New York City.

Women's Club Caprock District Annual Fall Board Meeting

The 11th Annual Fall Board Meeting and Workshop for the Caprock District of Texas Women's Clubs was held at Denver City, October 17, 1970, with the Tejas and Wasson Study Clubs acting as hosts. Mrs. LeRoy Johnson, president of Caprock District, presided. Those attending from Plains, were mesdames R. B. Jones, Sherm Henard, Wayne Davis, Ty Field, Alf Carpenter, Tom Warren and Bob Blundell. Mrs. Wayne Davis directed the pledge of allegiance and the salute to the Texas flag. Mrs. Sherm Henard gave a

report on CITGO, which is an award winning federation project. Mrs. Sherm Henard presented the Pioneer Clubwomen and pioneer clubs for recognition, in the absence of Mrs. P. W. St. Romain, who was vacationing in Hawaii. Two of the ladies present had been in federation for 50 years. Mrs. Ty Field gave a courtesy resolution at the close of the meeting. Miss Ozella Hunt of Denver City, and also a member of the Tsa Mo Ga Study Club, invited the ladies to her lovely home to tea.

"Inasmuch as ye have done it unto one of the least of these my brethren, ye have done it unto me."

The three young men picked as "OUTSTANDING YOUNG MEN OF AMERICA" from Plains, are very outstanding young men, but in my opinion, there should have been four young men named, and the other one should have been Roy Edwards. Not only has Roy been our City Mayor for a number of years, he was also one of the City Councilmen before being elected mayor. He has made a number of flying trips to towns near the Rio Grande River with "The Flying Ambassadors" as the pharmacist, and to give aid to the poor in that section. He is a member of the First Christian Church, and has a lovely wife and three small daughters.

Not only is Roy our pharmacist of Plains, he also is our doctor. There being no doctor in Plains, he is called upon day and night to bring medicine and give aid as a doctor, as much as he can according to the law. I have seen him stand by the bed of a sick person watching the effects of the medicine that a Medical doctor had prescribed to him over the phone, and he is always very willing to do any kind and gracious act that will be of benefit to the world. People go to Roy to tell about their personal problems and with full trust that he will keep their secrets in strictest confidence, and that whatever advice he gives, will be given freely and wisely.

Roy is President of the Community Action Committee covering all of Yoakum County. Community Action means just what the words say. All the people in a community working together to make a better life and better working and living conditions for the poor. Under the headings of this committee, there is found "adult education, drivers' license education, personal hygiene programs, homemaking classes for the poor, family planning and health services, housing survey and employment committees." What this small city of Plains would do without Roy, I do not want to even let such a thought enter my mind.

I did find out later why his name was not among the list. He was one of the men who did the selecting. That is as it always is with Roy. He is called upon to help with whatever there is to be done, and he happily gives his services. He is active in all county affairs of whatever nature, a member of the Chamber of Commerce and the Lions Club. It wouldn't matter what size city, large or small, that Roy lived in, he would be one of the outstanding young men. There just aren't enough complimentary words to describe what this one YOUNG MAN OF PLAINS has done and is doing to make this a better place to live.

Even though Miss Sue Cleveland did not win the "Miss Maid of Cotton of Texas" at the State Fair competition a week ago last Friday night in Dallas, the citizens of Yoakum County are proud of her. She won the "Miss Maid of Cotton" of Yoakum County over a number of other contestants. She is 17 years of age and a senior in the Plains High School. Sue has the beauty and talent to go far, and she has plenty of time to win other contests, and therefore, we must not fret over losing one. Who knows, she may be "Miss America" some day. We are very proud of you, Sue.

The Homecoming Weekend was a very pleasant one for the McConnell home. Our son, Harvey Lusk, wife, Clevea and our three grandchildren of Midland were here for the "Football Homecoming game." Harvey was one of the star players during his football years, and our daughter-in-law, Clevea Young Lusk, was elected queen of the football team. I believe it was in the year of 1952-53. She replied when I asked her the date, "that it was too long ago to remember." She is still as pretty at the age of 35 as she was at 17.

The only disappointing thing was that our daughter, Laverne, Hoss, Neil and Denise were not able to be with us as Laverne is on the sick list this week.

When our children started to leave for home Sunday afternoon, they found one of the largest water melons that we have seen in a long time in their car. We could not imagine where it came from as we knew it was not there when we went to church and lunch. I found out later in the week that it was placed there by Mr. Bill Overton, County Executive Director of Yoakum County ASCS office. Many thanks for your thoughtfulness, Mr. Overton.

Everyone was very happy for Mrs. Royce (Sue) Randall when she won second place with her crocheted bedspread, at the South Plains Fair in Lubbock, but it appears that there was a group of ladies who couldn't believe that a young woman in her twenties could do such beautiful crocheting. Vanity of Vanities. Anyway, she was invited to place her bedspread with the "Exhibits for the Golden Age, and the Golden Age group must be 60 years old or older. Sue not being qualified, had to turn down the invitation.

Modern Minute Man: A guy who can make it to the refrigerator and back while the TV commercial is on.

THOUGHT FOR THE WEEK

"Too many of us take our troubles to the Lord, and then carry them away with us."

NEWS BRIEFS

ON OUR SICK LIST Mr. J. W. Moore stated Tuesday afternoon that he and Mrs. Moore arrived home Monday night at 11:30 p. m. from Colorado with high hopes that Mrs. T. A. Elmore is going to be all right and is doing extra well considering the critical operation that was performed on her heart last Friday.

Mr. Moore stated that she looked like a truck loaded with wire had run over her and sticking out in a number of places. But everyone, including the doctors, say that if Mrs. Elmore keeps improving as well as she has been, that she may be able to come home in two or three weeks.

Starks Wagley came home Monday afternoon from the Lubbock Methodist Hospital where he had undergone surgery.

Mrs. D. C. (L.V. Veme) Newsom, Jr., was released Wednesday from the Methodist Hospital. The doctors say that she had a heart attack that has injured the muscles of the heart, plus other complications.

Advertising during the market test asserted the bacon substitute would cost only half as much as regular bacon on an "as served" basis, would not shrink during cooking, has no cholesterol, and has one-third the number of calories found in regular bacon, and furthermore, it is claimed to be good for "weight watchers."

Bacon Substitute

What else are the people of the market testing of synthetics going to think of next? The latest seems to be testing synthetic bacon made from fabricated strip of vegetable products including soy and wheat protein and corn oil. It is supposed to taste just like real bacon.

Advertising during the market test asserted the bacon substitute would cost only half as much as regular bacon on an "as served" basis, would not shrink during cooking, has no cholesterol, and has one-third the number of calories found in regular bacon, and furthermore, it is claimed to be good for "weight watchers."

Bridal Courtesies

Couple to Wed

Mr. and Mrs. Lloyd C. Wemkin of Star Route 2, Morton, Texas, announce the engagement and approaching marriage of their daughter, Judith Eileen Wemken to Craig Douglas Brown, son of Mr. and Mrs. Lorin J. Brown of 23227 Aminta Street, Canoga Park, California.

The couple will exchange vows January 16, 1971 in The First Baptist Church, Plains, Texas. Miss Wemken is a graduate of Whiteface High School, and attended South Plains College. She is a graduate of Northwest Texas Hospital School of Nursing, in Amarillo, Texas and is at present, a registered nurse at John Sealy Hospital in Galveston. The prospective bridegroom is a graduate of Richland High School in Fort Worth, and of Texas Tech University. He is at present a Senior Medical Student at University of Texas Medical Branch in Galveston.

Bridal Shower

Bridal Shower honoring Mr. and Mrs. Jimmy Bingham nee Rene Hendricks, on October 27, 1970, 7:30 to 9:00pm in the Clubroom of the Old Courthouse.

Plains Fine Arts Club News

The Texas Federated Music Clubs held a convention October 17, 1970 at Snyder, Texas.

Those attending from the Plains Fine Arts Club were Mrs. Pat Henard, Mrs. Terry Bacon, Mrs. Gayle Craft, Mrs. Bobby White, and Mrs. Calvin Smith.

These selected voices from the Plains Fine Arts Choir, joined with a choir composed of members from each club in the district. The choir sang during the luncheon.

A very enjoyable meeting was reported.

STATEMENT OF OWNERSHIP, MANAGEMENT AND CIRCULATION. Table with columns for publication details, ownership, and circulation data.

Sudie Thompson CHDA★ Says...

How important are eggs in your family's meals? Protein in eggs comes so near to perfection that scientists use it as a standard to measure the protein value of other foods. Too, the egg contains vitamins and minerals essential for health. For instance its vitamin A makes us see well, its vitamin B complex puts "verve" in our nerves, its vitamin D and phosphorus team up with calcium to build sturdy bones and teeth, and its iron and copper put a glow in the skin and a twinkle in the eye. And with all these nutrients, a large egg contains only 80 or 85 calories.

Don't worry about shell color in buying eggs. Shell color is determined by the breed of the hen and does not affect the grade, nutritive value, flavor or cooking performance of the egg. It is your guide to both size and quality if you look for the USDA grade shield on the carton. You'll want to buy eggs from a refrigerated case then refrigerate them promptly when you get them home - large end up, to help in maintaining quality.

- DEVILED EGGS DELMONICO: 2 tablespoons grated onion, 1/2 cup grated sharp cheddar, 1 1/2 cups thin white sauce, 2 cups cooked macaroni, 10 deviled egg halves (5eggs), Paprika or parsley garnish. WHITE SAUCE: 1 1/2 tablespoons butter, margarine or other fat, 1 1/2 tablespoons all-purpose flour, 1/4 teaspoon salt, 1 1/2 cups milk.

TINY TECHSANS

Blue Sage 4-H Club Officers

President--Donna Jo Cheatham--Vice President--Bradley Redwine--Secretary--Dianne Redwine--Treasurer--Marvin Dearing--Program Chairman--Rhonda Bearden--Song Leader--Johnna Gail Fitzgerald--Council Delegate--Melvin Dearing

4-H Club Winners

Debbie Addison, Melvin and Marvin Dearing of the Blue Sage 4-H Club are shown accepting a check for \$10,00 from the Panhandle South Plains Fair Association for winning second place for their club this year. Each year the fair awards 1st, 2nd, and 3rd place prizes for the 4-H Club which wins the most points on the South Plains.

Debbie, Melvin and Marvin won second place for their club by entering in the canned foods, agriculture, and arts and crafts divisions. They each won several blue and red ribbons.

Stephen McGinty Crowned King of Tiny Techsans

TINY TECHSANS - Stephen McGinty, 5, son of Steve and Dixie Ruth McGinty of Camelot Trailer Park of Lubbock is joined by his queen, 4-1/2 year-old Kristine Kendrick, daughter of Mr. & Mrs. Jon Kendrick of Lubbock after the two were named Mr. & Miss Tiny Techsans, Saturday. Winners are the children of Texas Tech Dames Club members and will participate in the homecoming parade October 24th and they will also model at Hemphill Wells Store.

Dixie Ruth and Steve entered both of their children, Stephen and Nicole. After the judging had been completed, one of the judges came to Dixie Ruth and told her that she had the two most beautiful children in the contest, but the judges thought it best not to have the King and Queen from the same family as it might cause hard feelings.

Nicole is our little 2-1/2 year-old songbird, and Stephen is also our pride and joy. He is a very inquisitive child and wants the answers to many questions that are almost impossible to give. One day his mother was baking a cake, and he was sitting on the corner of the cabinet watching her. He asked her how she made the cake and she explained every move to him. After the cake was cooked, she began making

the icing and Stephen had to know just how it was made and how she spread it over the cake. After explaining everything to him again, he said: "Mother, you can just do everything, can't you?"

Steve L. McGinty, son of Mr. & Mrs. Durward McGinty, deceased, and Dixie Ruth McClellan McGinty, daughter of Dixie McClellan Hillbish of Lubbock, and Ralph McClellan and granddaughter of the late Mrs. W. H. Hague, and Mrs. Walter McClellan of Plains finished grammar school and high school in Plains, and then went on to college. Dixie Ruth is a graduate of North Texas Teachers College of Canyon, Texas, and Steve is a senior in Texas Technological University at Lubbock. Steve stopped his college work long enough to serve two years in the armed forces.

Yoakum Co. Farmers Union Meets

Yoakum County Farmers Union will meet Monday, night, October 26th at 8:30 p.m. in the clubroom at Plains. A salad supper is planned.

All members are urged to attend and please bring a salad.

OUTDOOR SKETCHBOOK

FROM THE TEXAS PARKS AND WILDLIFE DEPARTMENT.

TEXAS PARKS AND WILDLIFE PERSONNEL WILL ATTEMPT TO RETRIEVE FLATHEAD CATFISH (ALSO CALLED OPELOUSAS OR YELLOW CATFISH) FROM LAKE LBJ IN THE NEAR FUTURE. THE LARGE PREDATORS VALUED FOR THEIR CONTROL OF ROUGH FISH, WILL BE HELD AT THE SAN MARCOS STATE FISH HATCHERY UNTIL THEY CAN BE RETURNED UNHARMED FOLLOWING AN EARLY 1971 ROTENONE TREATMENT OF THE LAKE.

EAST TEXAS FISHERMEN WILL BE GLAD TO KNOW THAT THE LAMPREY EELS FOUND IN TOLEDO BEND RESERVOIR AND OTHER TEXAS WATERS ARE NOT THE SAME SPECIES THAT NEARLY WRECKED THE GREAT LAKES A FEW YEARS AGO. THOUGH THIS LAMPREY IS A PARASITE, NATURAL CONTROL PREVENTS IT FROM BECOMING A THREAT TO TEXAS' FISHING SPOTS.

FISHERMEN PLANNING A TRIP TO THE CORPUS CHRISTI-ROCKPORT AREA CAN PROBABLY FIND ROOMS ALONG THE SHORELINE ON WEEKENDS. LOOK INLAND WEEKDAYS, (ALONG S.H.4 AND PADRE ISLAND DRIVE) MOST PARTY BOATS ARE WORKING--WEATHER IS USUALLY GREAT--PLUS, THE FISHING IS VERY GOOD!!!

WE ARE GOING TO SELL THEM OUT WHILE THE OWNER IS OUT OF TOWN FRI. & SAT.

Texas Highway Report

The Texas Highway Patrol investigated three accidents on rural highways in Yoakum County during the month of September, according to Sergeant Hal Pirtle, Highway Patrol supervisor of this area.

These crashes resulted in one person killed and an estimated property damage of \$2,325.00.

The rural accident summary for this county during the first nine months of 1970 show a total of 87 accidents resulting in one person killed, 18 persons injured, and an estimated property damage of--\$34,748.00.

Total traffic accidents in Texas during the last twenty

years have increased from--200,000 in 1950, to approximately one million in 1969. Total number of persons injured in traffic accidents has increased from 69,000 in 1959 to 223,000 in 1969. Total number of persons killed in traffic accidents has increased from 2,410 in 1950 to 3,551 in 1969.

The Sergeant reminded all Texas motorists that vehicles bearing red motor vehicle inspection stickers with the large black numeral "10" in the lower left-hand corner of the windshield must be reinspected before midnight, October 31.

Contractors' NOTICE of Texas Highway Construction

Sealed proposals for constructing 8,603 miles of Gr., Strs., Base & Surf. From US 82, S. W. of Plains, S. along the New Mexico State Line To St. Hwy. 83 W. of Denver City on Highway No. FM 769, covered by A 1892-3-2 in Yoakum County, will be received by the Highway Department, Austin, until 9:00 A. M., November 12, 1970, and then publicly opened and read.

Plans and specifications including minimum wage rates as provided by law are available at the office of W. M. Pope, Resident Engineer, Brownfield, Texas, and Texas Highway Department, Austin. Usual rights reserved.

Printed in the Plains Review on October 22 and 29, 1970.

South Plains Council Boy Scouts Of America

Tickets Sales for the 1970 Scout-O-Rama will begin on Saturday, October 24 throughout the South Plains Boy Scout Council area. This year's big scout show will be held in five different locations on November 14: Lubbock, Brownfield, Plainview, Levelland, and Crosbyton, according to Tickets Sales Chairman Rodney Joy.

Tickets will sell for \$1.00 each and an entire family can visit anyone of the five shows on the one ticket.

Cub Scouts, Boy Scouts and Explorers whose units are participating in the Scout-O-Rama will be the only ticket salesmen. As a reward for their efforts, the boys will earn cash commissions for their units--plus personal prizes in the form of Scout-O-Rama tee shirts and Scout Wampum that can be spent like money in securing uniforms and equipment.

The top boy salesman in each of the seven districts, who sells at least \$75.00 worth of tickets, will earn a free trip to Dallas for himself and his Dad to see the Dallas Cowboys and Houston Oilers football game on December 20.

Each community where boy sell tickets will have some mystery houses. The first boy who tries to sell a Scout-O-Rama ticket at one of these houses will receive a certificate that he can exchange at the Scout Service Center for ten free Scout Wampums.

The Scout-O-Rama is a family type show with something to interest people of all ages, Joy said in urging citizens to support the Scouts in their program by purchasing tickets and attending one of the shows.

The district ticket sales chairmen are Edd Henderson of Plainview, B. P. Robinson of Levelland, Heath Reymier of Brownfield, Dean Taylor of Ralls and George Bunton, Morris Nanney and David Seim of Lubbock.

Politician: "There are many ways, my friends, of making money. But there's only one honest way." Opponent: "What's that?" Politician: "I was pretty sure you wouldn't know!"

The wife of a middle-aged business executive met him at his office late one afternoon. As they were going down in the elevator, it stopped and a high-octane secretary got on. Poking the executive in the ribs, she said gaily: "Hello, cutie pie!" Unperturbed, the executive's wife leaned over with a smile and announced, "I'm Mrs. Pie."

Amendment 7 on November 3

KEEP GOVERNMENT POWER WHERE YOU CAN CONTROL IT !

Under Amendment 7 the functions of government would be removed from local control and moved to county control !

KEEP YOUR OFFICIALS RESPONSIBLE TO YOU !

Under Amendment 7 many officials will be given authority over you by appointment! Currently these officials must be elected — chosen by YOU !

KEEP YOUR HANDS ON THE TAXING POWER !

Under Amendment 7 authority will be granted for levying unlimited taxes for public health, welfare, hospitals, parks, libraries, airports, planning, public transit systems — and on and on and on !

WHAT WOULD APPROVAL OF AMENDMENT 7 MEAN TO YOU ?

Government by appointed County Manager who will not be responsible to the people — and who will appoint most of the officials who will have authority over you !

AMENDMENT 7 WILL MEAN:

- COUNTY-WIDE ZONING LAWS !
- COUNTY-WIDE BUILDING CODE !
- COUNTY-WIDE POLICE AND FIRE DEPARTMENTS !
- COUNTY-WIDE SCHOOL DISTRICTS !
- MASSIVE BUSING OF STUDENTS !
- INCREASED COSTS OF GOVERNMENT !
- LOSS OF LOCAL CONTROL OF GOVERNMENT !

Texas Legion News

Muleshoe, October---
Legionnaires and Auxiliary members from the 19th District of the American Legion will assemble here on Saturday and Sunday, October 24 and 25th, for their annual fall convention, Jerry Orwell, Post Commander, has announced.

Registration will open the Legion Home on Saturday at 1 p.m. At 3 p.m., there will be a joint Rehabilitation session with Garland DeLamar of Waco, Department Field Representative, in charge. The social hour will take place at 5 p.m.

The joint session for the Legion and Auxiliary will be a banquet-type affair at the Corral Restaurant commencing at 6:30 p.m. with Irvin

St. Clair, Mayor, as Master of Ceremonies, District Chaplain Saul Williams will give the invocation, District Vice Commander Harold Boston of Brownfield will lead the Preamble, Harry Rigg of Plainview will give the response to the welcome address, District Commander C.G. McKinzie of Lubbock, and President Mrs. Tom Wheeler of Plainview will introduce Legion and Auxiliary guests and make committee appointments. A dance will follow at 9 p.m. at the Legion Home.

On Sunday activities will get under way at 7 a.m. with a Dutch Breakfast at the Corral Restaurant.

The joint Memorial Service for Legion and Auxili-

ary will be held at 9:15 am with Chaplain Williams in charge.

The Legion's business session will be called to order at 9:45 a.m. by the Commander Mc Kinzie, District Adjutant A.C. Bullard will read the convention call and minutes, Reports will be heard on the following committees: Rules and Credentials, Resolutions, and Conversion City.

Tax Man Sam Sez

TOPIC: VOLUNTARY INCOME TAX WITHHOLDING ON PENSIONS.

Beginning January 1, 1971, recipients of annuities or pensions payments may voluntarily have income tax withheld from their pension or annuity payments. The United States Civil Service Commission has sent annuitants (former Federal employees) a letter telling them that they can furnish a Form W-4P. The specific dollar amounts requested shall be at least \$5.00 per month and shall not reduce the net amount of any annuity payment received by the payee below \$10.00. Social Security Veterans Administration pensions, and Railroad Retirement payments are tax exempt, and are not covered by the voluntary plan. All other payers of annuities and pensions are required to withhold during 1971 upon the receipt of Form W-4P.

Construction in Plains

The big motor which will pull the 625-KVA generator has been set and a building to house the unit is being erected at the light plant.

The vocational training building being erected by the Plains Independent Schools is well underway. Being done in a series of operations, the floor of the 1st section is being poured to-day. Brick laying will follow next week.

THE FAMILY LAWYER

Hair Conditioning

Freddie was delighted to hear, at the reading of Uncle Dan's will, that he was supposed to inherit a large sum of money. But there was a catch. The money would be his only on condition that he give up cigarettes.

In short order, Freddie challenged the validity of this anti-cigarette clause.

"Uncle Dan had no right to try to control my private life in this way," he complained in a court hearing. "My personal habits including smoking, are no one's business but my own."

However, the court ruled that

Furthermore, in close cases, the courts are inclined to let the heir keep the bequest, even if he has not lived up fully to the expectations expressed in the will. Thus:

Another man was worried about his son's dissolute friends. He provided in his will that the son should have certain valuable real estate, so long as he did not become a "drunkard and a vagabond."

As things turned out after the man died, his son did indeed become a drunkard. But he never did become a vagabond. Accordingly, not having acquired both of the vices specified in the will, he was held still entitled to the real estate. The court said it was reluctant to take away an inheritance unless the will left no real choice.

DAFFODILS LOOK NATURAL when planted at random in clumps. Many varieties are right for "naturalizing" in a semi-wild area round the house. Be sure to ask the dealer for varieties that multiply, and in a few years, daffodils will grow around your house like dandelions. When "naturalizing" bulbs, plant about eight inches deep. Every few years, dig up the bulbs after the leaves turn dry and brown, and separate the bulbs, spacing them farther apart.

**GENE BENNETT
PLAINS REVIEW**

GOD IS ALWAYS WITH ME. IN HIM I FIND FREEDOM FROM FEAR.

If I view life and the world around me from the surface appearances of things, I may experience emotion which is marked by alarm, disquiet, and trepidation. I can be free from fear regardless of the circumstances of life, as I remember that God is always with me. He is my refuge and my strength. In Him I find courage to meet life without fear.

"For God hath not given us the spirit of fear; but of power, and of love, and of a sound mind."

Power gives me the ability to act, I do the things I need to do. I do not hesitate or delay unnecessarily. Love enables me to carry out my tasks with an attitude of good will. The soundness of my mind expresses itself in my good sense and good judgment. I make wise decisions.

Power, love, and a sound mind; I rejoice in these gifts from my loving Father. I move forward to meet life, knowing that God is always with me.

"The Lord is the stronghold of my life;
of whom shall I be afraid?"

Psalms 27:1

Letter Ladder

By Milt Sherman

1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17	18	19	20	21	22	23	24	

First, write the word that fits the first definition into the first space. Drop one letter and rearrange the remaining letters to fit definition 2. Place the dropped letter in the box to the left of 1. Drop a second letter and rearrange the remaining letters to fit definition 3 and place the dropped letter in the box to the right of 3. When you have completed the puzzle, the dropped letters in the boxes to the left and right, when read down, will spell out a phrase.

- Part of the knife that cuts
- Part of a necktie
- Summer drink
- Jumped
- Fairy story
- Allow
- Egged; pushed
- Impolite
- Payable
- Wild animal
- Finest
- Matched pair; fixed
- Vaporized hot water
- Steak or pork chop
- "Welcome"; carpet
- Seal of approval
- Play dishonestly
- Much warmth
- Make happen
- Hints
- Dry (in wines)
- Truthful; fair
- The ones over there
- Fired a gun

Phrase Clue: Liquefied Petroleum Gas Abbreviation

Washington College Fills One of Two Top Positions

Louis T. Hughes, former director of alumni relations at Tufts University, has been named to the position of vice-president for development and public relations at Washington College, a post recently created by the college's board of visitors and governors. The appointment is effective September 1.

A native of Texas, Hughes attended Freed-Hardeman Junior College, in Tennessee and received a bachelor of science degree in elementary education from Texas Technological University in 1947, and a master's degree in psychology from New York University in 1948. He has also done graduate work toward a doctoral degree in psychology at New York University. From 1969 to the present, as director of alumni relations, Hughes was national coordinator for the alumni activities, funds, clubs, and public relations at Tufts University. From 1963 to 1969 he was director of the University's annual fund. Director of fundraising at Brown University from 1960-1963, he also served from 1958 to 1960 as executive director of the Massachusetts Chapter of the National Multiple Sclerosis Society.

4-H Adult Leaders Meet

A regular meeting of the 4-H Adult Leaders meeting was held Tuesday, October 13, at 8:00 p. m. in the clubroom of the old courthouse. Mrs. Tom Box, president, presided. Mrs. Claude Bowers, acted as secretary in the absence of Mrs. Sydney Murphy.

Elections of officers was the business on the agenda. The officers elected were; Mrs. Tom Box, president, Mrs. Bob Rucker, vice-president, Mrs. Sydney Murphy secretary-treasurer, Mr. and Mrs. Claude Addison, delegates to district, and Mr. and Mrs. O. A. Pippin, alternate delegates.

Mrs. Claude Addison gave a delegate's report of District 2 Adult Leaders meeting of October 8, in Lubbock. Dr. Ed Schultz, state 4-H Leader, gave the program for the district. She reported the new officers for District 2. Adult Leaders association are; Joe Harbin Bailey Company President, Leland Bartlett Dawson Company, vice-president, Mrs. J. L. Price, Hockley County, Secretary-treasurer.

Mrs. Tom Box reported on the District 2-4-H Adult Leaders workshop at Ceta Canyon September 8-9-10.

The 4-H Awards program will be Monday, November 9, at 7:30 in the community building in Denver City. All parents and friends of 4-H members are invited to attend. The next meeting will be Tuesday, January 2, at 7:00 p. m. at Plains. Mrs. O. A. Pippin and Mrs. Velma Dearing will give the program on "Organization Leaders."

Refreshments of hot punch and cake were served to thirteen members.

At Washington College Hughes will coordinate fund-raising public relations and alumni affairs. One of his chief responsibilities will be to plan the next phase of Washington College's development and expansion. Hughes and his wife have four children, Ned 7, Margaret 6, and twins, Geoffrey and Justine, 3.

The position of vice-president for development and public relations is one of two new positions created since July when Dr. Charles Merdinger became 21st president of the college. Washington College is in Chestertown, Maryland. It was founded in 1782 and George Washington was present for the founding.

At Washington College Hughes will coordinate fund-raising public relations and alumni affairs. One of his chief responsibilities will be to plan the next phase of Washington College's development and expansion. Hughes and his wife have four children, Ned 7, Margaret 6, and twins, Geoffrey and Justine, 3.

Farm Labor Questionnaires

Texas A&M University will start a statewide survey in the very near future to collect data on the effects of extending federal unemployment insurance coverage to farm workers.

The Texas project is part of a national study. Twelve land-grant universities, of which Texas A&M is one, will conduct the program.

A&M's Agricultural Economics and Rural Sociology Department will direct the survey in Texas through the Agricultural Experiment Station and the Agricultural Extension Service.

Dr. David C. Ruesink of the Agricultural Economics and Rural Sociology Department said Unemployment Insurance legislation passed in August established a research program to study the impact of extending coverage to excluded groups, farm labor in particular.

The Unemployment Insurance legislation passed during this session extended coverage to nearly 5 million workers, bringing the total number of jobs covered by federal and state unemployment insurance laws to more than 65 million.

There are now more than a million farm workers in the U.S. who are not protected by unemployment insurance. Ruesink, who is directing the Texas project, said the state survey will gather information on farm labor use and the farm work force that is needed. Additional Extension educational and research programs will be established as a result of what is learned. It will also study the impact of current and proposed labor legislation affecting agriculture workers and employers.

He emphasized that Texas A&M is neutral on the program and is cooperating with the study at the direction of the Department of Labor. Questionnaire answers will be held in strict confidence. Farm workers and employers contacted by the survey will be selected at random. Data collected will be computer-processed and will become available to farm organizations, leaders, and other interested groups as they develop programs which involve farm workers.

Mail questionnaires will be sent to about 3,000 Texas farmers selected at random. It is anticipated that 20 to 30 farmers in Yoakum County will receive this questionnaire. Each to obtain complete and accurate data from each employer selected.

***LIGHT makes a difference**
by Nancy Evans Residential Lighting Specialist
General Electric, Nela Park
LIGHTING FOR TV VIEWING

A moderate lighting level is ideal for the relaxed enjoyment of television programs. Here the lighting is provided indirectly by means of ceiling-mounted units used to floodlight the fireplace wall, and by a lighted valance on the right.

If yours is a typical American family, it probably spends more time watching the television screen than engaging in any other visual activity in the home. Thus you should give attention to making TV viewing a visually comfortable experience.

When television viewing was a new residential experience, people would automatically turn off the lights as soon as they became settled for an evening of watching the screen. Unlike a motion picture screen, however, the TV picture tube is not designed to be viewed in a darkened room. Most of us have long since learned that the strong contrast between the bright screen and dark surroundings is extremely tiring to the eyes. Relaxation and enjoyment increase with a moderate lighting level.

The average person rarely is so absorbed in a TV program that he gives it his undivided attention. Usually he also is engaged in some other activity - conversation, reading, knitting, eating - which requires light. With the brightness of television picture tubes steadily increasing, lighting in the room also can be increased. Often it is not comfortable to have room lighting at the level you would have if the TV set were not turned on. The principal rule you should follow is to be sure that the positioning of the TV set and the portable lamps and other lighting equipment is such that you do not get reflections of the lamps in the screen. If reflections are unavoidable, you can reduce them by using opaque or dense fabric lamp shades.

The basic equipment you need to light a room for visually comfortable TV viewing is an ensemble of three-way table and floor lamps. You can move them easily, and adjust the lighting level in the room as desired. Make sure the area behind the set is lighted to minimize contrast between the screen and its background. Wall lighting, too, can create a pleasant environment for watching television. This is usually provided by fluorescent fixtures such as cornices, valances, or wall brackets. Flexibility of lighting level can be achieved by using a dimmer control.

Want to know more about home lighting? Write for "The Light Book," a publication which describes lighting for each home area. Single copies are available free from the Inquiry Bureau, Dept. 281-8260, General Electric Company, Nela Park, Cleveland, Ohio 44112.
