## Livestock Exhibit Building to be Expanded

BY LEO WHITE

The new sheep barn will be finished before the 1971 County Fat Stock Show. The new building will be 96 feet long and 60 feet wide which is the same size as each of the three existing buildings. Wash racks for club calves and lambs will be in the east end of the building and the remainder will be used to house the lambs at the County Show.

The swine barn has forty-four pens with each pen adequate for four animals. There is room in that barn for 176 animals when it is completely full. It is too early to tell how many animals will be in the show in February, but there are about 170 head on feed. Always there are a few that do not make the required weight limit so we can expect about 120 to 140 head of hogs to be in the show.

The calf barn has room for eighty head of calves. This year there are 62 head of calves that could possibly be in the show. When all those animals get in the existing facilities, there is no room for the 85 to

90 head of lambs that will likely be in our show. The new sheep barn is of adequate size to take care of some future growth of the show.

The fourteen wooden pens used to hold the sheep can be used in the new barn and there will be a need for an additional twelve pens. In addition there will be a need for some dividers in the swine barn. Dividers will be necessary in pens where two exhibitors from different families are using the same pen. About twenty of the pens in the swine barn will need dividers this year if all our animals get in the show.

The boys and girls and their leaders should be very proud of the facilities they have for their use in Yoakum County. With the addition of the new barn for lambs, the facilities in Yoakum County will be as good as can be found anywhere for a County show. The 19th Annual Junior Fat Stock Show, scheduled for February 19 and 20, will be one of the largest county shows in the area.

## Methodist Youth Program

Sunday, December 13, 1970

The Plains United Methodist Youth presented a Christmas Program at 6:30 p.m. All of the Sunday School departments participated.

The program began with a prayer, read by Bobby Blundell. The Elementary and Primary class entered with a large birthday cake, carried by Clay Lindsey and Russell Warren. Leann Ellison, Latricia Edwards, Kirk Williams, Paul Quesenberry, Tim Smith, Steve Smith, Kwin Quesenberry, Kendra Hale and Joanna Gail Fitzgerald followed, dressed in choir robes and holding candles. They sang, "Christmas is Jesus' Birthday", and "Joy to the World". Mrs. Charles Williams and Mrs. Darrell Lindsey directed the Primary Group.

The Kindergarten and Nursery Class joined the scene dressed in angel costumes of white and gold. They were: Randa Edwards, Kathy Ritchie, Lisa Ellison, Todd Martin, Diane Bowman, and Doug Warren. They knelt by the manger scene and sang "Away in the Manger", accompanied by Mrs. Darrell Lindsey. Mrs. Lannie Smith, Mrs. Bill Martin, and Mrs. Leland Ellison directed the Kindergarten and Nursery department.

Kathy Bowman, Kathleen McGinty, Robbie Hale, Cheryl Gentry and Dianne Redwine sang "We Three Kings" as Matt Will-

iams, Steve Warren and Chris Blundell entered. In Royal costume, they knelt before the manger scene and presented gifts to the Baby Jesus. Miss Cheryl Gentry sang a lovely solo, "Away in the Manger". Kathy Bowman, dressed in a poor shepherd costume, recited a very impressive poem entitled, "What Can I Give Him?" The choir members concluded the Junior and Intermediate division with a song, "O Little Town of Bethlehem", directed by Mrs. Bob Blundell.

The Highlight of the Evening was a drama in pantomime, directed by Mr. and Mrs. Gerald Ritchie, assisted by Mrs. Royace Alkin and Mrs. Klel Quesenberry. Shelley Williams and Jeff Gentry were narrators. The cast included: Gwen Fitzgerald as Mary, Steve Green as Joseph, Lynne Fitzgerald as the angel, Beth Ann Hale as the Innkeeper, Karen Hale, Joetta Warren, Steve Warren, Matt Lindsey, and Matt Brian Williams as shepherds.

Reverend Klel Quesenberry gave the benediction. Refreshments were served in the fellowship hall by Mrs. L.O. Smith, Mrs. Leo White, and Mrs. Johnnie Fitzgerald.

Jim Warren, President of the Official Board, presented the Pastor with a Christmas gift from the congregation.

## Christmas Card Operation

The Plains Dirt Gardeners sponsor Operation Christmas Card each year. Operation Christmas Card sends holiday greetings to all local residents and many in surrounding areas. This type of greeting also gives necessary financial assistance to the Plains Cemetery Fund.

The Plains Dirt Gardeners work to beautify the local cemetery by planting shrubs and flowers. Your contribution helps to achieve this purpose.

Please be sure to have your contribution in before noon December 22. Contributions may be given to any Garden Club member, or left at Cogburn-Young Hardware Store.

## National School Lunch Program

The Plains School Cafeteria is participating in the National School Lunch Program and served lunches free or at a reduced price to all children whom it determines to be unable to pay the full price of the lunches; giving first priority to providing free lunches to the neediest children. Federal guidelines based on size of family, number of children in school, annual income, etc. are used in determining eligibility.

Information pertaining to this program may be secured from either of the Plains School administrative offices.

Dear Sir:

I have scheduled a preconstruction meeting at 10:00 A.M. Thursday, December 17, 1970, to discuss the construction plans for the above project. This new farm-to-market highway is adjacent to the Texas-New Mexico State Line and extends from U.S. 82, Southwest of Plains, South to S.H. 83.

The meeting will be held at the Texas Highway Department Office at Plains, Texas. The purpose of this meeting is to discuss the schedule for construction, and to outline safety measures to be used while construction is in progress. As an interested party, you are invited to attend.

Yours very truly,  
William M. Pope  
Supv. Resident Engineer

## Letters To Santa

## Letters Regarding Housing Project

Mr. H. G. Abercrombie  
Box 1026  
Plains, Texas 79355

Dear Mr. Abercrombie:

I am happy to hear that you are considering a low rent housing project in your town and I will try to answer some of your questions for you.

We feel that the housing has been most beneficial to our town in that it has provided decent housing for low income families and more than that, it has provided housing for elderly people living on social security. It was for the latter that we really went in to the project.

There is no way that your city can become involved financially. About all that they have to do is create an authority or board and appoint the members. We have not had any problem with the operation here and are now in the process of building more units. We will continue to build as long as the demand warrants it.

If you feel that you need further light on the subject and want more opinions, I suggest that you write to the Housing Authority at Santa Anna, Texas. These people have been through about four phases of construction and have had even more experience than we have. They are very high on this subject.

If we can be of further help to you on this project, please feel free to call on us.

Sincerely yours,  
Hugh S. Lewis, Jr.

## E.L. Short Visits Plains

The City of Plains was honored Tuesday afternoon with a visit from Representative E.L. Short of Tahoka. Representative Short is deeply dedicated to his position and is firmly interested in all matters pertaining to the people of the 73rd District of Texas.

He is particularly concerned with the ever growing expenditures for the state government and the continued demand for increased appropriations.

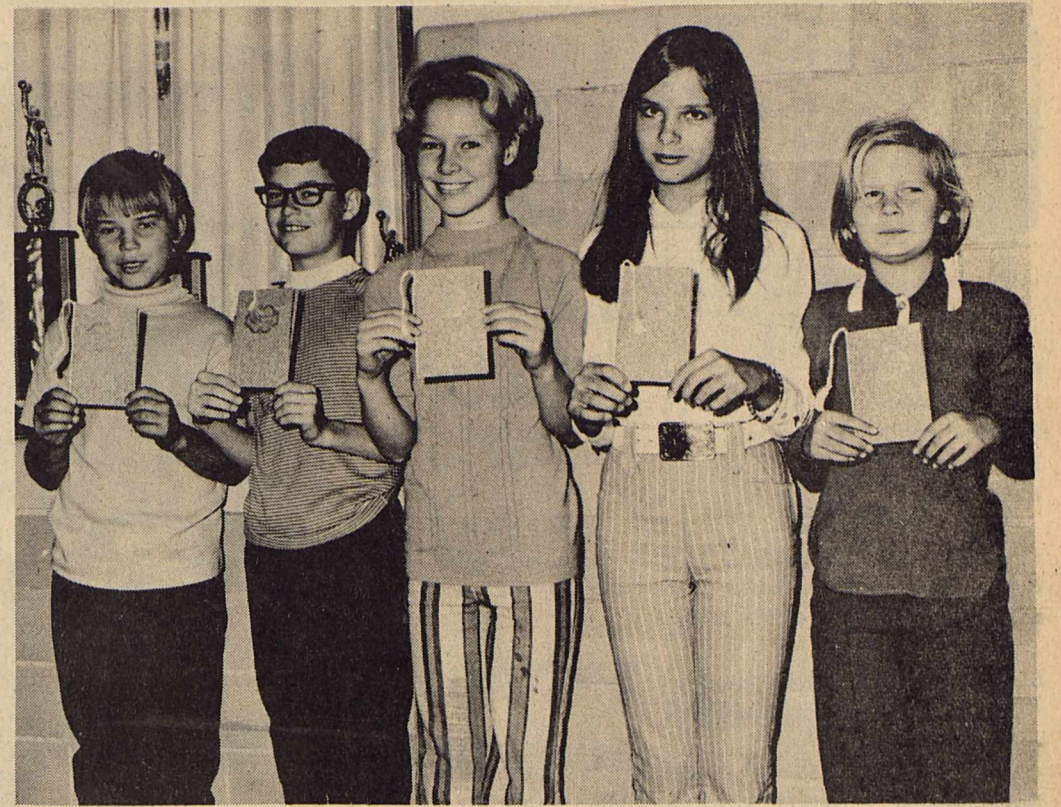

Rep. Short is well aware of the responsibility of a legislator in assisting with the disposition of funds for \$6.3 billion budget, and governing the 4th largest state in the U. S. in population and wealth.

Rep. Short's activities during his short tenure of office and his deep concern in governmental affairs verify his ability to accurately represent this legislative district.

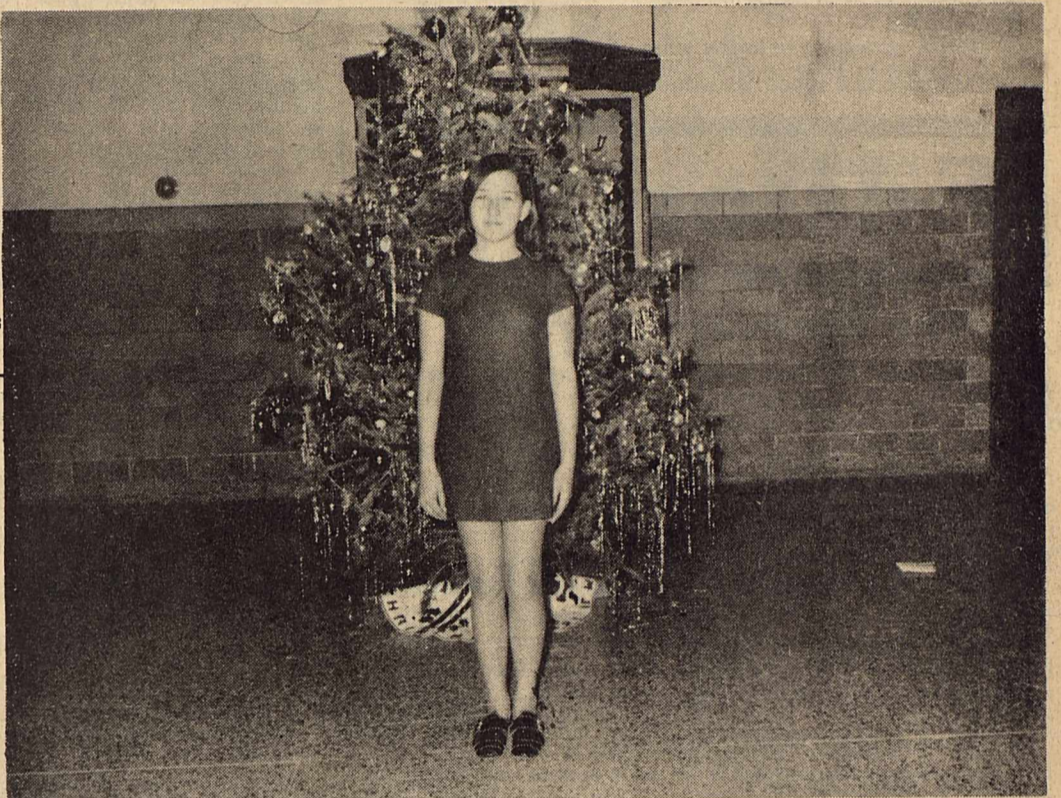

## Annual Staff

Members of the 1971 Cowboy Annual Staff were guests at a party held for them by Glenda Miller and Rojana Harvey. They were served a Mexican supper in the home of the T.J. Miller's on Monday, December 14th. After the Mexican supper, the guests broke the traditional Pinata. This was followed by several rousing games of Twister, and a more sedate group of staffers delved into the mysterious world of the Ouija board.

About 20 staff members and their sponsor, Mr. Bob Graham attended. Special guests were Mrs. Bob Graham and Mr. and Mrs. Roger Harvey.

Pictured above are the winners in the annual Plains Junior High Fire Prevention and Safety Poster Exhibition. They are (left to right): Scott Chandler, Bradley Redwine, Teresa Howell, Teresa Sealy and Pam Ingle.

Debra Brian, daughter of Mr. and Mrs. Rufus Brian placed first in Fire Prevention and was Overall winner in the annual Fire Prevention and Safety poster Exhibition.

## Fire Prevention and Safety Poster Exhibitions

The fifth and sixth grade students of Mr. Stephens' Science classes at Plains Junior High competed for awards in their annual Fire Prevention and Safety poster Exhibition, held on Thursday, December 10, 1970. The posters were placed by Mr. Gerald Ritchie, seventh and eighth grade Science teacher, on the basis of clarity, originality, and workmanship.

Jr. High Principal, John Nance, assembled the student body

for a brief awards program. Presented awards for first place in Fire Prevention and Overall winner was Debra Brian, daughter of Mr. and Mrs. Rufus Brian, placing second in Fire Prevention was Scott Chandler, son of Mr. and Mrs. Phil Chandler. Third place in Fire Prevention was awarded to Teresa Howell, daughter of Mr. and Mrs. Leroy Howell. Awarded fourth place in Fire Prevention was Pam Ingle, daughter of Mr. and Mrs.

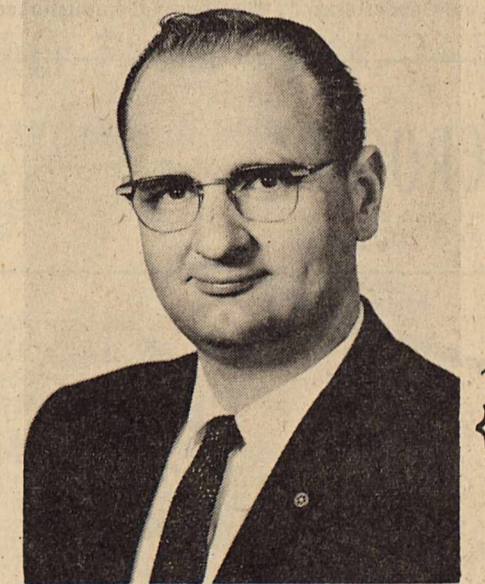

Bill Ingle. Teresa Sealy, daughter of Mr. and Mrs. Mack Sealy, was awarded first place in the Safety division, Awarded second place in the Safety division was Bradley Redwine, son of Mylone Redwine. Receiving honorable mention were posters of Tammy Bacon, Cheryl Gentry, Debbie Turner, Amanda Phillips, Susan Stroup, David Strickland, Ronald Gayle, Tony Gomez, Tony Lazos, and Ken Altman.

## Christmas Lighting in Plains

As usual at this time of the year, Christmas decorations are emerging in all quarters of the City. Particularly noticeable this year are the Christmas decorations on the main thoroughfare. In addition to the usual wreath and candle decorations on the street light poles, a lovely garland with four lighted colorful Christmas bells now extend across the street at the intersection at the post office. This addition to the Christmas lighting adds greatly to the appearance of the Christmas decorations.

This is the first year for Plains to have an across the street decoration. The new decorations were made possible through the efforts and contributions of the Plains Chamber of Commerce and the Lion's Club.

With the nicely decorated courthouse and the many splendid home decorations, the Plains area now displays a hearty Christmas spirit.

## Lions Club Speaker

Dr. C. L. Kay will be the featured speaker tonight at the Lions Club Annual Ladies Night Program, and Christmas banquet.

Dr. Kay's one hour lecture and slide program will be welcomed by many Plains residents who have been privileged to hear him on previous occasions. Dr. Kay entertained the Lions Club with a program and slides of security installations of the United States, Alaska, and Greenland recently.

At that time, Dr. Kay told of the planned tour of military

and installations in Indo-China and Southeast Asia. Dr. Kay is a great patriot and lectures much on Americanism.

The program tonight will no doubt hold many interesting surprises for his audience.

The program will begin at 7:30 p.m. at the Plains School Cafeteria. The program is open to the public, and tickets are available through Lion Club members and at the door, for \$2.00 each.

This will be one of the outstanding events of the Christmas season for Plains.

### Water Plant Purchase Being Studied

According to a report from the City Council an offer of sale of the water desalination plant now in operation has been made to the city. The price of the plant to be \$68,000. The offer as made would be with the installation of the newly developed, "B-9", type of permeators which are much more efficient than the type, "B-5's" that were originally installed. Also the operational cost is considerable less. The offer was on the same capacity basis of 100,000 gallons per day that the plant has been operating on.

Facts revealed through the operation of the plant to the present time show that the present capacity is insufficient for the city's summer needs. Therefore the council has made a request for a quotation for a 200,000 gallon and a 300,000 gallon per day capacity installation. No report on the request has yet been received.

Spot checks made on the tap water supply in several parts of the city indicate that patrons in all parts of Plains are receiving the same quality of water at this time, and well below the standards set by the State.

Also under study by the Council is the feasibility of developing the water rights held by the City west of Plains as a means of improving the city's water supply.

At the present rate of consumption the people of Plains are sure of a good supply of pleasantly soft water throughout the Yule-tide Season.

### Facts Revealed

There seems to be considerable misunderstanding on the subject of why the City of Plains utilizes the services of an authentic and licensed engineering firm in preparing estimates of cost and designing projects for public improvements. To help clarify this matter in the minds of the citizens of Plains, we are here with submitting a copy of the State Law of Texas regarding such matters:

Section 19 of Article 3271a, Vernon's Texas Civil Statutes, provides:

"After the first day of January, 1938, it shall be unlawful for this State, or for any of its political subdivisions, for any county, city or town, to engage in the construction of any public work involving professional engineering, where public health, public welfare or public safety is involved, unless the engineering plans and specifications and estimates have been prepared by, and the engineering construction is to be executed under the direct supervision of a registered professional engineer; provided nothing in this Act shall be held to apply to any public work wherein the contemplated expenditure for the completed project does not exceed Three Thousand (\$3,000.00) Dollars. Provided, that this Act shall not apply to any road maintenance or betterment work undertaken by the County Commissioners' Court."

### POPCORN YULE LOG—HOLIDAY SPECTACULAR

Spark the holiday season with an old favorite which has been given a new look. The yule log has been a popular Christmas dessert for generations. This modern day version is more candy than cake, a rich chocolate log surrounded by marshmallow popcorn candy. This luscious treat can be made several days ahead and stored in your refrigerator, eliminating hectic last-minute preparation in the kitchen. It makes a great holiday dessert or a delicious snack throughout the Christmas Season.

Besides being good to eat, this popcorn yule log looks so decorative that you may want to use it as a centerpiece on your holiday table. Place the log on a simple platter and surround it with holly or other greens. When well-chilled it can stand for hours at room temperature.

You can make a hit with your family with this unusual and spectacular holiday treat. The kids will be asking for a popcorn yule log again before next Christmas rolls around.

#### Chocolate Filling

- 1 package (8-oz.) cream cheese
- 1 cup confectioner's sugar
- 1 package (6-oz.) semi-sweet chocolate bits
- 2 tablespoons butter or margarine
- 1 teaspoon vanilla

Beat cream cheese until soft and fluffy. Gradually add sugar; beat well. Melt chocolate and butter together in top of double-boiler. Add to cheese mixture, with vanilla; mix well. Chill mixture about 15 minutes; spread out on wax paper or aluminum foil in round loaf about 14" long; chill while preparing popcorn.

#### Popcorn Coating

- 1 package (5-oz.) Jiffy Pop Popcorn
- 1 cup sugar
- 1/2 cup light corn syrup
- 1/4 cup water
- 1/2 teaspoon vanilla
- 2 tablespoons butter
- 1 cup marshmallow topping
- 1/4 cup chocolate syrup
- Maraschino cherries

Pop corn according to package directions; set aside. Combine sugar, corn syrup and water in a saucepan. Heat, stirring constantly until sugar dissolves. Boil gently without stirring until candy thermometer registers 240°. Remove from heat; add vanilla, butter and marshmallow topping. Return to heat and mix until ingredients are thoroughly combined. Pour popcorn into a large shallow pan; pour marshmallow mixture over popcorn; mix well. With greased hands press popcorn firmly around chocolate log, leaving ends uncovered. Chill at least 1 hour. Just before serving decorate with chocolate syrup and cherries. Cut in slices. Serves 10.

### Tsa Mo Ga Christmas Party

The Tsa Mo Ga Study Club observed the holiday season with their annual Christmas dinner, held in the Plains School Cafeteria, Saturday night, December 12, 1970.

The tables were beautifully decorated with evergreen and joyful notes of Christmas. The traditional dinner was prepared and served by the State Line Home Demonstration Club. Special guests were the husbands of the members, and the Terry Bacon family.

A most enjoyable program was presented by Mr. and Mrs. Terry Bacon, Tammy Layne, Melissa Jayne, Sherry Dayne, Jennifer Shayne, and Terry Bayne. The family presented

a program of Christmas music in an old fashioned setting.

Mrs. Edmund Vickers, program director, read a lovely poem about the true meaning of Christmas.

Gag gifts were exchanged by the members and their guests.

Hostesses for the Christmas party were Mrs. Garland Swann, Mrs. Alf Carpenter, Mrs. John Nance, Mrs. Darrell Lindsey, Mrs. Jack Hayes, Mrs. Wayne Chadwick, and Mrs. Edmund Vickers.

The Tsa Mo Ga Club wishes to say Merry Christmas to each of you, and may God Bless you and keep you safe during the holidays.

## SUDIE THOMPSON CHDA★ SAYS....

### ROAST TURKEY

By Sudie M. Thompson

It's Christmas--let the aroma of roasting turkey set the festive mood for your holiday dinner. Always a favorite because it is so delicious and easy to prepare, turkey has, through the long years of American tradition, become our "holiday bird".

To enjoy a turkey dinner in Grandma's day, you had to buy a big bird and start preparing it early in the day, if not the day before. But today, because turkeys are produced in a wide range of sizes, from 6-24 pounds, you can find just the size to suit your needs.

If you're a homemaker who wants a traditional turkey dinner but something smaller or more convenient, then turkey parts or a boneless turkey roast can solve your problem. A big turkey, one that weighs 16 pounds and over, looks best on the table, provides plenty of tasty leftovers, and is your best turkey buy. These turkeys are usually a few cents cheaper per pound and there is a larger proportion of meat to bone.

Turkey parts--halves, quarter drumsticks, and pieces--although priced somewhat higher per pound than the whole bird, are excellent choices for small meals when no leftovers are desired. Your food stores will be well-stocked with turkey during the holidays. Your best bet in picking out a good turkey is to use the USDA's grade shield as your guide. This official grade shield means that the turkey has been quality graded by a trained federal grader. Only turkeys which have first passed federal inspection for wholesomeness can be graded.

The top grade for turkeys, the one usually found in stores, is US grade A. Grade A birds have good overall shape and appearance. They are meaty, have a well developed layer of fat in the skin and are practically free from defects. Turkey parts, which may also be officially graded, must be meaty and have good appearance to be eligible for U.S. Grade A.

When selecting a turkey, you

will also want to know the age of the bird. Age indicates tenderness and suggests ways to cook your turkey. Young birds, more tender than older ones--will be labeled "young turkey", "fryer-roaster", "young hen", or "young tom". They are best suited for barbecuing, frying, broiling, or roasting. Mature, less tender birds are sometimes preferred for stewing and baking or in soups and salads. They are labeled "mature turkey", "Yearling turkey" or "Old turkey".

The amount of turkey to buy depends on the number of servings needed and whether or not you want leftovers. For an average person--buy at least 1/4 lb. of turkey per person--but probably want more for a holiday meal. To prepare your holiday bird for roasting, just wash and drain it. Stuff it with your favorite stuffing recipes and place the turkey breast side up (skin side up if roasting parts) on a rack in an open roasting pan.

If turkey browns early in the roasting period, cover the breast and drumsticks with aluminum foil or thin cloth moistened with fat to prevent browning. For a simple holiday meal try a boneless turkey roast. Turkey roasts are excellent for small families, buffets, and entertaining. They weigh from 2 to 10 pounds and can be purchased as all white meat, all dark meat, or a combination of both. There is very little weight loss in cooking, and since there is no bone waste, there are more servings per pound than with whole turkey--allow about 1/3 pound for an average serving. Turkey roasts usually are packaged with cooking instructions which should be followed for best results.

Christmas dinner need not be your only delicious turkey meal. If you have turkey leftovers or "planned overs", you can create many different turkey dishes. Your favorite cookbook will provide recipes for simple as well as unusual turkey dishes. Try turkey soup or consommé. Use it in sauces, pies, casseroles, salads, hash, gravy, or croquettes. Turkey makes any meal a treat.

**I ENTER INTO THE PEACE OF THE CHRISTMAS SEASON**

The days before Christmas are busy times, and should be happy times. They will be, if we place ourselves and all our affairs in God's care and release any feeling of tension or anxiety. No matter how much there is that needs to be done by us, God power working through us enables us to do it smoothly and well. No matter how many demands are made on our time, energy and money, God's power in us is all-providing. In Him there is eternal time; in Him there is boundless energy; in Him there is inexhaustible supply.

Busy times can be joyous and peaceful times. Days crowded with activity can be days filled with the assurance of God's presence of love and goodness.

Let us keep before us in these days before Christmas the remembrance of what the whole season is about - the celebration of love come to earth - Christ reborn in the hearts and lives of men; peace made manifest. Christmas is a time of peace; let us be peaceful.

Glory to God in the highest and on earth peace, good will toward men. Luke 2:14 (A. V.)

## New Farm Program

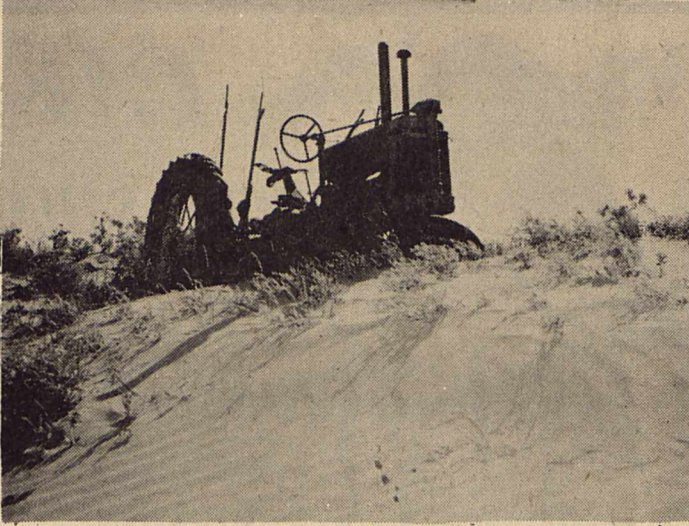

BY W. M. OVERTON

NEW FARM PROGRAM: It is expected that details of the new farm program will be out soon. We understand that it has now been signed into law. It is a three-year program and it does away with cotton marketing quotas and gives farmers more freedom to plant crops of their choice. We understand that in the 1970 farm cotton projected yield with the 1970 cotton production will be used to establish the 1971 projected yield, which will be used for payment purposes.

The law states the Secretary of Agriculture shall make adjustments for loss due to weather hazards. It appears the first thing farm operators should do is to turn in the cotton produc-

tion records for each farm they operated in 1970. The records should show bale numbers, bale weights and farm where produced. We understand this must be done before a cotton yield can be approved and a program worked out for the farm.

After details of the program received and the required production records have been presented and the 1971 projected yields have been approved in accordance with the legislation we will be ready to advise farmers the acres of set-aside required for each crop and the payment that may be received on each farm for participating in the new farm program.

Planning ahead to grow and use Cover crops, Crop Residue, Minimum Tillage and any other soil and water conservation practice will help to reduce sights like this.

## Yoakum SWCD News

BY C. M. THOMPSON

Yoakum SWCD News  
By C. M. Thompson

The Board of Directors of the Yoakum SWCD met Monday night in regular meeting. Present were, R. M. Jones, chairman, C. L. Gayle vice chairman, A. E. McGinty, secretary, and Henry S. May and William Worsham, members of the board. A total of 9 new conservation plans were approved. They were: Ramon Vasquez, Ricky Elmore, Dora Hicks, Charlie Robertson, C. R. Gayle, R. C. Trout, 2 places and Melvin P. Coffman and B. G. Craft.

They were Ramon Vasquez, Ricky Elmore, Dora Hicks, Charlie Robertson, C. R. Gayle, R. C. Trout, 2 places, Melvin P. Coffman and B. G. Craft. Two conservation plans were cancelled because of the land being sold. Any one interested in soil and water conservation is always welcome to attend board meetings, as this is a local organization run by local people for local people.

This is the time of the year when the Great Plains Conservation Program is being looked at by both land owners and the Soil Conservation Service who has responsibility for administering the program. GP CP contracts are written so they expire on Dec. 31 thus we

are trying to be sure all conservation work needed has been carried out and it is the wish of the producer that his contract expire as scheduled. This year we have 14 contracts that expire. They are as follows: J. B. Ashburn, Jerome Head, Robert Box, Vivian White, J. D. Adams, Jerrell T. Gate, C. M. Stewart, E. B. Teague, E. P. Caudill, R. W. Adcock, M. D. Watkins, Roy Keller, Lane K. Turner, and Roy Fitzgerald. On these contracts the following conservation practices have been carried out, Grass planting 1358 Acre, Hayland planting 871 acre, Brush Control 219 acre, Irrigation Pipeline 23, 366ft, Conservation cropping system 3353, Crop Residue Management 3353 acres, Irrigation Water Management 3217 acre, Irrigation Systems Sprinkler 25 ea, Hayland Management 871 acre, Pasture Management 1034 acre, Proper Range use 2483 acres, Minimum Tillage 800 acre, Mulching with cotton burs, 130acre. As you can see a great amount of conservation work is being done and has been done when you add up all the work on the 200 GP CP contracts that have been written and most of the work has been completed.

## Peanut Allotments

PEANUT ALLOTMENTS: Peanuts still remain under marketing quotas. Excess peanuts (peanuts in excess of peanut allotment or permitted) will be subject to peanut marketing quota penalty, same as in the past. Marketing quotas on peanuts were voted on and approved by peanut growers for a three-year period and run through 1971.

WOOL AND UNSHORN LAMBS: Sales receipts should be filed with the county office for incentive payments for wool, unshorn lambs, and mohair sold during 1970 not later than January 31, 1971.

AS SOON AS DETAILS of the new program are announced producers will be advised by newsletter and all farmers are urged to feel free to contact the ASCS County Office or their county committee for any desired information pertaining to the program.

CCC LOANS: Eligible producers may obtain cotton or grain sorghum loan through the ASCS office. Loan price on Cotton Middling 1 Inch White is 20.20 cents per pound with premiums and discounts for other grades and staples. Grain sorghum loan rate is \$1.62cwt for Number 2 or better stored in Yoakum or other nearby counties. For cotton for the loan, the warehouse receipt must not be dated later than 30 days from date of classification card.

Yours truly,  
W. M. Overton

## Dept. of Public Safety

The Texas Highway Patrol investigated two accidents on rural highways in Yoakum County during the month of November, according to Sergeant H. E. Pirtle, Highway Patrol supervisor in this area.

These crashes resulted in one person injured and an estimated property damage of \$1,900.00.

The rural accident summary for this county during the first eleven months of 1970 shows a total of 45 accidents resulting in one person killed, 20 persons injured, and an estimated property damage of \$39,478.00.

Traffic wise, the month of December has proven to be the most destructive month to the life of mankind—Death by a Motor Vehicle. In order to help reduce the traffic accidents and make this a happy holiday season, the patrol supervisor lists some safe holiday driving rules:

1. Check your car; be sure it is in safe driving condition.
2. Use seat belts to safeguard your family and yourself.
3. Be alert to road, weather and traffic hazards.
4. Do not overdrive for the existing conditions.
5. Allow plenty of time for your travel.
6. Make courtesy your code for the road; it pays.

"No Pets Allowed"

When the Scotts rented a new apartment, they took it for granted that their dog Rover would be as welcome as they were. But soon after they moved in, the landlord called their attention to the "No Pets Allowed" clause in their lease.

Unwilling to give up either the dog or the apartment, the Scotts determined to fight. In a court hearing, they offered this argument to the judge:

"Rover happens to be a quiet, well-behaved animal who never bothers a soul and never does any damage. Of course, if he should cause trouble, we would gladly take full responsibility. But in the meantime, enforcing this no-pets rule against us would be arbitrary and unfair."

Nevertheless, the court held they would have to abide by the rule or move out. The judge said a landlord may reasonably be concerned not only about noise, and not only about damage, but also about the likelihood that other tenants might want to keep pets too.

Generally speaking, the law gives a landlord broad discretion with regard to pets on the premises. In fact, even if no restrictions are spelled out in the lease, he may still be able to take legal action.

Thus, another landlord won an eviction order against an elderly woman who harbored no less than 25 cats in her small apartment. Even though pets were not mentioned in the lease, the court said 25 cats were—simply as a matter of common sense—"23 cats too many."

On the other hand, a landlord may lose his enforcement rights by "going easy" on a tenant for a substantial period. In one case, a landlord tried to evict a tenant after permitting him to keep a parrot for almost four years.

In these circumstances, the landlord was held to have waived the rights he had under the lease. The court said that, even though the lease plainly said "No Pets Allowed," the landlord's inaction spoke louder than words.

## Tax Man Sam Sez

Internal Revenue Service  
has their 1971 revision of the  
Tax Guide for Small Business  
on sale at all Internal Revenue  
Service offices. The price  
has gone up to 75 cents, just  
as the price of IRS's sister  
publication, "Your Federal  
Income Tax," went up.

If you operate a small bus-  
iness you will find that the  
Tax Guide for Small Business  
is still a bargain, even at an  
inflated price. The good tax  
folks figure that most users  
of the "Tax Guide for Small  
Business" save a lot more than  
the cost.
