## Editor's Views

Some folks are what might be likened to a "Two day millionaire." They find one day that they have some money and hunt all day the next day for a place to spend it. Such seems to be the case in Plains at this time.

In 1968 the voters of Plains voted \$50,000 revenue bonds and \$50,000 of general obligation bonds to be used in a water development project which for various reasons never developed.

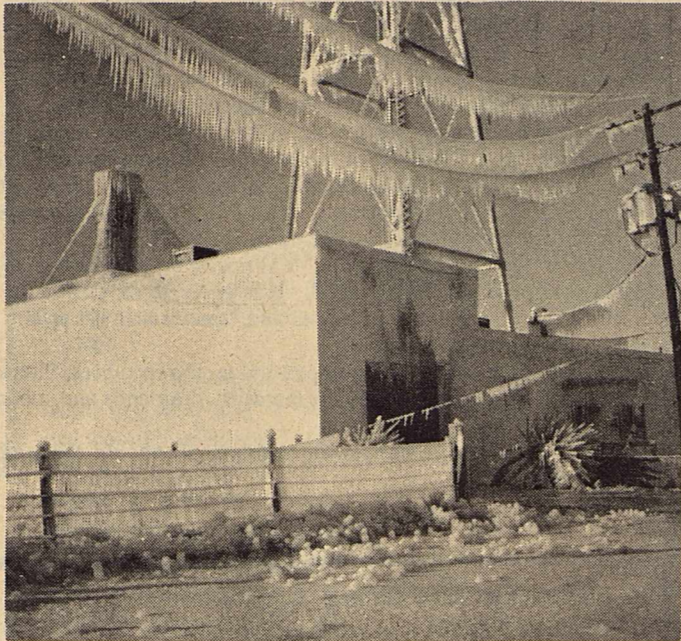

The bonds were never sold. Partly due to the fact that they were not needed and partly due to the interest rate which was incompatible to the bond market. About two months ago when all interest rates were at a peak, a market for the \$50,000 general obligation bonds was found and the bonds were sold. The \$50,000, the proceeds from the bond sale is now on deposit in the Plains State Bank drawing interest at a rate nearly equivalent to the amount being paid by the city for the bond sale. Two of the city councilmen are like a man with ants in his pants, as they search for a place to dispose of this money. One councilman even objected to placing this great amount of money on interest bearing deposit because it would soon be spent anyway.

In our opinion, this money is in a very safe and sane place and should remain there until a thorough survey is made of the city's water system and the system brought up to meet the state requirements for a public water system. Such a survey could reveal why some users complain of air at their water taps.

It was revealed at the council meeting Tuesday night, that there are several areas in town that are being serviced with lines of inadequate size. And that in one area, five homes are being serviced from a one-inch service line. Another area, a home is serviced from a main line with three fourth inch pipe. It was also revealed that the city has some six inch mainlines where eight inch is the requirement. More fire hydrants throughout the city would greatly reduce the fire hazard as well as to help reduce the insurance rates now being paid.

Plains now has the money. The results of the last election are indicative of the satisfaction of the residents with the present water quality. A survey of the present system could reveal the disposition of the 14 million gallons of water not accounted for last year. It could also reveal that with the proper corrections and improvement that Plains presently has sufficient water supply for their year round needs.

The people of Plains are entitled to a good and healthy water service. Let this money be invested sanely and wisely and where most needed, and not to further someone's political aspirations.

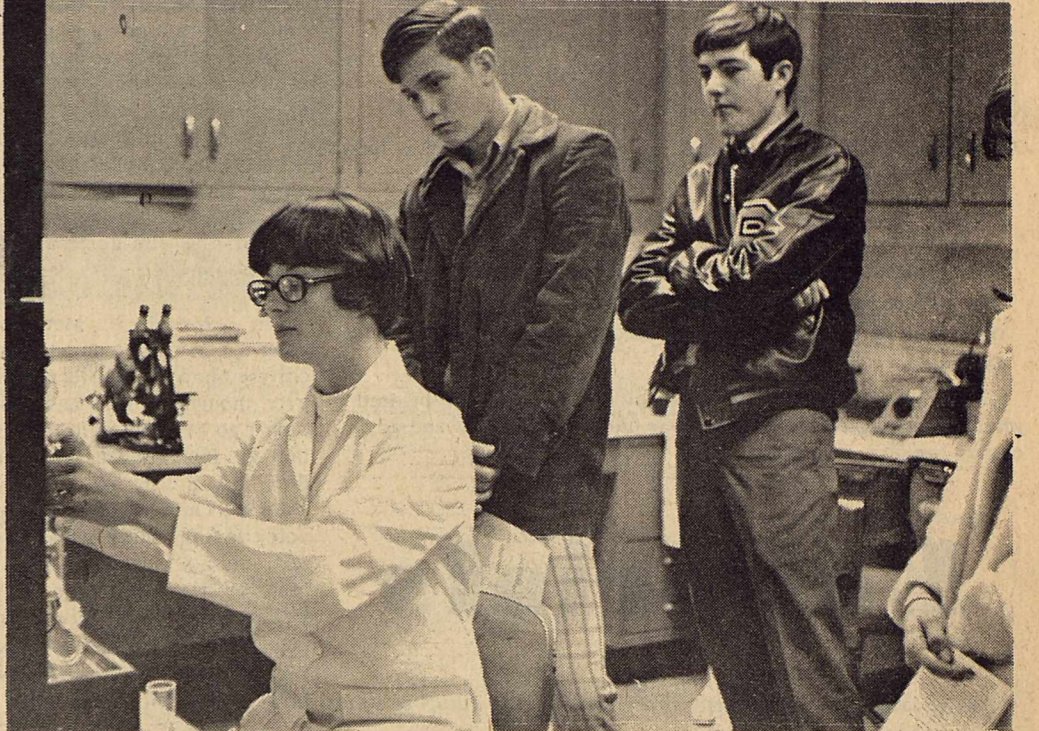

## A Sight To Behold

The sudden cold spell Sunday night was the cause of a freak mishap at the city water tower. It was reported that a small water tube leading to an automatic mercury switch froze. The switch failed to function and the pump continued to run after the tower tank became full. As the tank overflowed, the water froze creating picturesque conditions as pictured above.

It is not known just how long the tower tank overflowed. When the malfunction was discovered at 6:30 a.m. Monday, and the pump shut off, everything in the near vicinity was covered with ice. Icicles hung from all the tower braces, the power lines and telephone lines and the street was a glare of ice for a block and a half east of the tower. Toll telephone service was disconnected with Brownfield when the toll line was severed by the weight of the ice. No explanation for the frozen line was given. The same mechanism had withstood much colder weather in the early part of January.

Other than the broken toll line no serious damage has been reported.

## Scotty Bayer Neal Newsom and Observe Bloodtesting Procedures

The Plains High School Science and Math Club recently visited the laboratory at Methodist Hospital and the Computer Center at Texas-Technological University. It was the first field trip of the year. During the tour of the laboratory, the students were able to observe actual tests of various body fluids. They observed blood being tested on a machine valued at \$35,000.00

At the Tech Computer Center, the mechanics of a computer was explained to the group.

The Club is planning other field trips and activities for the year. Mr. Bob Graham and Mr. Royace Aikin are the student sponsors.

## FROM TEXAS HIGHWAY DEPARTMENT

AUSTIN: The Texas Highway Commission reduced the normal work week of hourly-paid maintenance employees of the Texas Highway Department from 45 to 40 hours a week.

The change is effective March 1. The action was taken to bring the work week of hourly-paid maintenance employees in line with those of salaried employees of the Department who have been on a regular 40-hour work week for several years.

The Commission has had under study for a considerable time a proposal to place all employees on a uniform work week without a reduction in gross pay. The action today implements this proposal.

## Narcotics Film Strip To Be Shown

The Yoakum County Highway Patrolmen are to show a film strip on narcotics and drugs at the First Baptist Church, Wednesday morning at 9:45 A. M. They are being sponsored by the women's auxiliary. The schools, churches, and law officers are very interested in trying to teach the young girls and boys of the danger of these narcotics.

The public is invited to attend this film strip and it is hoped that many of the town citizens will attend.

## Our Men in Service

Corky Coke and Tommy Blount are taking their basic training in the army at Fort Polk, Louisiana.

Wayne Box, who is stationed in Fort Benning, Georgia, is taking an advanced training course in Combat Engineering.

John Preston Robertson is stationed in Okinawa serving in the intelligence department. Joe Beal will go in the armed forces on February 22nd for his basic training.

David Dwain Lusk, who arrived in the United States on February 5th from Viet Nam, was separated from the Air Force at Travis Air Force Base, California, on February 5th. He is spending a few days in San Jose with his brother and family, Tony Lusk before coming home, which we are hoping to be February 10th. This was his second year to spend in Viet Nam during his 4-year Air Force duties.

## Judge Bennett

## Holds County Court

Tuesday, February 9th, the jurors of 36 men for this session of county court reported, less a few that had been excused, with a final list of a six-man jury being picked.

They were Henry S. May, foreman of the jury, A.G. Brantley, Noel Clananah, A. J. Crutcher, Billie Bagwell, and Clarence Ray Gayle.

Cases on the Docket were: Edward Thomas Evans for Driving While Intoxicated, who pleaded guilty and was given a fine plus court costs and six months probation; Robert Edward Pinson, Driving While Intoxicated, who pleaded guilty and given a \$100. fine plus court costs of \$42, and 6 months probation; David A. Culbertson for Abandonment of children - an agreement was settled

between him and his ex-wife; Kenneth Moran Fisher - Driving While Intoxicated who pleaded guilty and was given a fine of \$100 fine, plus \$42. for court costs and 6-month probation; Jesse David Thompson, Jr. - case was dismissed for insufficient evidence; James Wesley Young, Driving While Intoxicated was given a continuation of case; and Robert Weldon Freeman, Driving While Intoxicated. The jury found him "guilty as charged" and given a fine of \$200 plus court costs of \$42.00 and a 6-month probation term.

Grady Earl Owen, for carrying a prohibited weapon, who was supposed to be tried, but was unable to be located and will therefore be continued until the next term of court.

## Land Bank Association Head Announces Reduced Interest

Joe Breed, Manager of the Federal Land Bank Association of Levelland, received word today that the Federal Land Bank of Houston has reduced the interest billing rate on variable rate loans to 8%. "This reduction effects more than 90 million dollars of variable rate loans to more than 2800 farmers and ranchers throughout Texas," Mr. Breed stated.

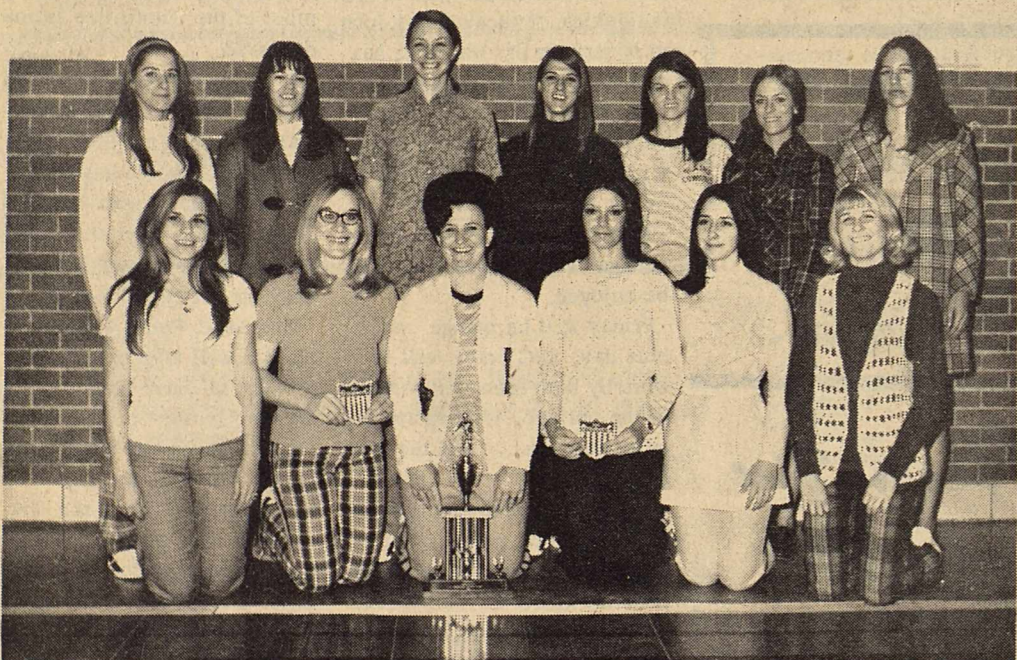

The variable rate loan plan which was introduced by the Houston Bank in July 1969 lets the interest rate "float" over the variations in the money market. In specific year will reflect the changes in prices which the Bank must pay for the money it makes available for farm mortgage loans.

Breed pointed out that this action is in line with the Bank's policy in providing farmers and ranchers credit at the lowest possible cost consistent with sound business practices.

The Federal Land Bank of Houston long term real estate loans on farm and ranch lands throughout Texas. On January 1 of this year, the Bank had over \$529 million in volume of loans outstanding.

The local association makes and services loans in Cochran, Hockley, Terry and Yoakum Counties. Members of the local board of directors are: L.F. Schoenrock, Leon Lawson, J.F. Steele, all of Levelland; G. I. Sims of Brownfield, and Hugh Hansen of Morton.

## 1971 COWGIRLS

PICTURED ABOVE, first row - L-R; GAIL ANCINEC, SUE SPENCER, WANDA ARMSTRONG (COACH), PAM MCDONNELL, RITA BRIAN, AND ROJANNA HARVEY.

(Second row - L-R): KAY SWANN, JUDY SMITH, PEGGY RUSHING, GAY SWANN, BETH HALE, JOETTA WARREN, AND ELAINE FELTS.

## Basin Volleyball Tournament

### Cowgirls Win 3rd-Third Place In Permian

The Plains Cowgirls journeyed to Odessa last weekend where they won third in the Permian Basin Volleyball Tournament at Odessa College. Sue Spencer and Pam McDonnell were selected by the officials for the elite eight member all-tournament team.

The Cowgirls drew a first round bye and therefore advanced to play Ft. Stockton, the winner over Snyder in the first round. The Plains Team won over the Pantherettes 15-7 and 15-10. Their second opponent was Big Spring, who had overcome Midland Lee in their first match. Starting slowly, the Cowgirls finished strongly with a 15-13, 15-7 victory, which sent them to the semi-finals against Andrews. The surprising winner over Crane and Denver City, the Andrews six came from behind to defeat the Cowgirls 11-15, 15-13, 15-12, for their third upset in the "Tournament of Upsets." With that loss, the Cowgirls moved to play Pecos for the third place trophy. Pecos had defeated Monohans, the Tournament favorite, in their second game for the upset of the tournament. The Cowgirls took the floor surprisingly calm and confident and soundly thrashed the Eagles 15-3, 15-8. Midland Lee won the Consolation Trophy by downing Seminole; and once again Andrews pulled another upset to beat Midland High in the Championship game.

"The Odessa Tournament, with its 10 teams is the largest one in West Texas. This year 240 girls were competing for 12 awards - 4 trophies and eight all-tournament patches. We played very well with one exception and brought home three of those awards. I was very pleased with the girls and the large number of fans who attended the games," stated Cowgirl Coach, Wanda Armstrong.

Monday night the Cowgirls played Snyder in the Plains gymnasium and barely squeezed by the Tigers 15-6, 8-15, 15-9. On Thursday, the girls will travel to Midland to play the very strong Midland High Bulldog team. The "B" game will begin at 6:30 p.m. and the "A" game will follow at approximately 7:30 p.m.

## CITY COUNCIL HOLDS MEETING

The Council was called to order by Mayor Roy Edwards and the minutes of the previous meeting were read and approved.

A motion was made and seconded that the city let the Plains School Vocational class repair the city's farm tractor as a class project. Motion carried.

A discussion of the change in the water line which furnishes water to the Plains Nursing Home and five other homes, one block West, was heard. No definite action was taken.

A majority of the council, definitely opposed the suggested practice of boycotting businesses of Plains that are not on city electricity.

The council unanimously reject the proposition of the purchase of the desalination plant, and to officially notify the Du Pont Company of their action.

Mayor Edwards officially ordered a city election for April 3, 1971. The purpose of said election will be to fill the position of 3 councilmen whose terms expire at that time. They are: L. L. (Snake) Smith, T. J. Miller and D. C. Newsom, Jr.

The mayor announced the appointment of an election board for said election consisting of Mrs. Betty Livesay, a judge; Mrs. Burve Overton, as clerk, and Mrs. Lois Romans, as clerk.

The final filing date for can-

didates for these offices will be closed as of March 2nd. Filing forms for candidacy were passed out to the 3 incumbents. One application, that of Mr. I. L. (Snake) Smith was signed and returned at the council meeting.

The proposition for immediate development of the city's water rights west of Plains, and piping water to the water system was brought before the council by Mr. Smith. Councilman Graham reported that many had voiced to him a desire for this development.

Councilman Miller suggested a delay in action in lieu of an authorized engineering plan and cost estimation.

It was the contention of Mr. Smith and Mr. Graham that the engineer's report was unnecessary for the drilling and testing of the wells. Mr. Smith stated that he could furnish such a required engineer's report with no cost to the city. No voted action was taken on the matter, but was generally agreed by the council to consider an authentic report if presented by Mr. Smith.

It was voted by the council that the city run an advertisement in the Plains Review in support of the 3-Day Annual Junior Livestock Show beginning February 18th, 1971.

The bills presented to the council at the meeting were approved by a majority vote. Meeting was adjourned.

Editorials

It is apparent that some strict law governing the ethics of state office holders be passed.

The confidence of the people of Texas in their government must be maintained. The loose rule of conduct, employed by the unscrupulous few, has brought a disrespect and an assumption of deceit for the entire governing body.

A child is born in the neighborhood. The attending physician gets \$100. The editor gives the baby and happy parents a sendoff and gets \$0.

Around Town

By Billie Blundell

Charlie Gillis, while observing the many "Young Ladies" working for the County Tax Assessor, asked who carried the most weight around the office?.....Helen Beal quickly replied, "I do!"

I called the Junior High Office earlier and asked Sue Barron to get a student to write up the seventh and eighth grade Basketball District Results.....When I went to get the report.....she said they needed another hour.....they still hadn't found anyone smart enough to write it!!!!!!

Gerard Ritchie "showed off a little" by telling me that he had turned his homework in to Mr. Nance's office 24 hours before it was due!!!!!! I was very impressed! His students will be very proud of him too!

Marcene Phillips demanded that Cubmaster Jim Barron give Brady an "award"!!!! Jim, trying very hard to be cooperative, said "Uh-yes, of course! What award has he earned?....." "I don't know," replied Marcene, "I just thought it was time he got one!".....Seriously speaking, the Cub Scout Program is in full swing and Den Mothers, Margie Barron, Barbara Howell, and Marita Guetersloh are doing a fine job.

Speaking of "working with our youth," Preacher" Mosely and Buddy Hanna are doing a fine community service, refereeing basketball games.....Perhaps when warm weather returns to Plains, Coach Edmund Vickers will "make the scene" in his burmuda shorts! The last time he refereed, he "wowed" the fans so much they had to call the school the next day to find out who won!!!!!!

A very talked about addition to the Plains Elementary is the Kindergarten department, taught by Mrs. Connie McWhirter, Mrs. Ann Harvey, and Mrs. Thelna Ellis..... I heard that Roger Harvey, Principal, said that there had been a misrepresentation of facts concerning the fence built around the kindergarten area. He stated that the fence was not built to keep the children from running away, but rather... TO KEEP THE TEACHERS IN!..... I also heard that Tracy Welch, five year old son of Mr. and Mrs. Kent Welch, insisted that Mr. Harvey explain to him why the kindergarten must keep quiet, when the teachers just talk! talk! talk!..... Clay Lindsey, son of Mr. and Mrs. Darrell Lindsey, rushed home full of excitement about the many things he had learned that day. He said, "Mother, did you know that Lincoln got shot?" Jo Ann said "Yes Clay. Did you study President Lincoln today?" He said, "... Yes and did you know that some more presidents got shot?..." Jo Ann said, "Well, yes." Then Clay said, "But Mother, George Washington didn't get shot..... he just died on purpose!!!!"

Friendly Chats with

Faye McConnell

People are funny. Most of them want the FRONT of the bus, the BACK of the Church, and the MIDDLE of the road.

A club has been formed called the "Lame Duck Congressmen's Hunt Club" by a few taxpayers. It really sounds so interesting that it seems a good idea for all taxpayers to join the club.

The club's purpose is to keep congressmen who were defeated at the polls or who announce their retirement, from making worldwide tours at the taxpayers' expense before leaving office. For a number of years, the congressmen have been making world tours, trips to Paris for the first time, Rome, Alaska, Viet Nam with a layover in Hawaii and other interesting places. In fact, they can go wherever they please, and spend as much as they wish to with no restrictions whatsoever-- except maybe their conscience.

Mr. & Mrs. J. W. Moore on reporting about their trip to Arizona to visit their son and family, stated that one of the grandchildren had her tonsils removed while they were there, and even though the visit and trip was a very happy occasion, they didn't go very far from their son's home. Eunice did report that she found out that West Texas was not the only place where they had sand storms.

Before Oma McCargo came to the phone, there was heard a voice saying "she is about to get her head cut off." Oma, herself, did not know why, only that she always had to take the brunt of all jokes around the store. But knowing Oma as well as I do, her happiness always fills each person who is around her very long with the same happy spirit, and that "getting her head cut off" was only their way of expressing "We love you, Oma."

LaVerne Newsom, who has been on the sick list for the last week, was feeling well enough Friday night to go watch her daughter, Denise, and other girls practice volleyball.

By, by! But didn't W. A. Hatfield, deputy sheriff, have a busy week last week! With all of his other duties in trying to keep Yoakum County citizens on the lawful road, he had 2 prisoners to take to Huntsville State Penitentiary and one patient to take to the Waco Veterans Mental Hospital. Perhaps Sheriff Joe will let him rest this week.

It appears that the 3 R's are meaning different things these last few years than what they did when I was a child. At that time, they stood for "Readin', 'Ritin', and 'Rithmetic." The only thing that is found for them to stand for now is Riot, Restlessness and Rebellion. How long this can continue, without Ruin, Rot and Regret, is something no one knows. Let's get back to the first meaning of the three R's, or at least let them mean Respect, Religion and Responsibility. Perhaps all six would be a very wonderful idea.

The editor has been reminded a number of times that this coming Sunday is Valentine's Day. He is wondering if he will ever live that mistake down!

Visitors at the Plains Review this week were John and Jewel Anderson, who had come back to Plains for another truck load of things to take to their new home in Peacock, Texas. They are two happy people. It has been many a day since I have seen the sparkle of happiness that shines in Jewel's eyes.

It appears that Ray and Mary Strickland are always going some place and having a great big time. I am almost becoming jealous as it seems that the editor and I never go any place. This time it was Lubbock, but many times it is Cloudfcroft or Ruidoso, or some beauty spot. It is very surprising that Mary hasn't tried skiing. Perhaps she has and is just keeping it to herself. Last weekend, they spent Saturday night in Lubbock visiting Ray's sister, Ethel Tipton, brother Wayne, and their two daughters, Jana and Rheanell. They ate supper at Furr's Cafeteria and later went to the theater.

Mr. Foy Cogburn, who became ill last week, went to see Dr. Bill McCollough last Saturday. Dr. Bill sent him to Lubbock to the Methodist Hospital. Mrs. Ita Young reports that although a few tests have been run, the cause of his illness has not been definitely diagnosed.

Foy has been working very hard for a number of years, and it is hoped that he only needs a good rest. There is no better place to rest than in a hospital unless it might be on a river bank all by yourself, fishing.

It is hoped that after this rest that Foy will soon be as well as ever, and with his usual cheerful greeting that you always receive when you enter the Cogburn-Young Hardware.

One of my dearest friends, Vicie Hinkle, who has been ill for a few weeks and who is staying with her daughter, Lucille in Brownfield, started to move a chair last Friday and in some way struck her arm against the chair and broke it. Vicie did not tell Lucille about it until Lucille noticed her trying to move the hurt arm with the other arm. After taking her to the doctor, the bone was found to be broken.

The following poem was sent me from Abilene, Kansas by my brother-in-law, Harold McConnell. The topic of the poem has such a great lesson for life that it should be shared with everyone, and especially with my dear Vicie, and Mr. Foy Cogburn in order to let them know that we are trying to send a little sunshine and laughter their way, and with best wishes that they will soon be home and well.

A BOOMERANG

When a bit of sunshine hits ye,
Afte' passing of a cloud,
When a fit of laughter gifts ye,
And ye'r spine is feelin' proud,
Don't forget to up and fling it
At a soul that's feelin' blue,
For the minute that ye sling it
It's a boomerang to you.

P. S. Foy Cogburn came home Wednesday after I had written the above article. The poem is still sent to him with hopes it will brighten up his day.

Shower For

Mrs. Sarah Guetersloh

A pink and blue shower will be given for Mrs. Sarah Guetersloh, February 18th. It will be held in the home of Mrs. Inetta Teaff, as a "come and go" shower from 7:00 to 9:00 p.m.

The hostesses for the shower are Inetta Teaff, Lydia Gass, Mary Strickland, Sandy Morgan, Nelda Loyd, Margaret Liles, Caroline Culwell and D'Linda Loyd. Everyone is cordially invited.

Notebook

It has been said that education boils down to just two things: character and good manners. A man or woman who can develop good character with good manners is educated because everything else will come.

Without these two things, there is no use in having schools or schoolteachers, because you cannot do anything with people who have not developed these two all-important things--character and good manners.

However, there could be another added. A cheerful disposition with a smile and greeting for everyone. The fine art most neglected in America is the supreme art of happy living. Our age has contributed every conceivable requisite for the ideal life except happiness itself. This, so far, seems to have eluded us.

It is not so much what we get out of life as to what we put into it that determines how large our returns of happiness shall be. The triumphant life is to be achieved through service. But it must be free and not compulsory... There is a place where the path of duty suddenly becomes the path of beauty.

Happiness comes unexpectedly. It is not to be overtaken; it steals quietly upon us from behind. It is given to us through the senses to enjoy a world of colors and "sounds and sweet airs that give delight and hurt not."

There are those whose friendships I value above rubies. There are moments in my memory like emeralds, diamonds and moonstones.

Life has so many precious jewels to share, we should all feel as rich as Kings!

SUDIE THOMPSON CHDA★ Says

TIPS ON SEWING WITH KNITS

Press knits lightly in the lengthwise direction of the garment. The fiber content of knit will determine the temperature setting of the iron. When pressing lightweight knits, place strips of brown paper under the seam to prevent an impression on the right side.

Nylon or polyester zippers are ideal for knits because of their flexibility. Either an invisible or conventional zipper may be used. Care should be taken not to stretch the fabric when applying the zipper. Zippers should always be pre-shrunk before using in washable garments.

Because of the elasticity of knits, the garment should hang 24 hours before hemming. This

will help to insure a straight--and even hemline.

This special hint may be used in heavy knits--double stitch the hem, measure the proper hem allowance to do this, mark the hem, and cut off the excess fabric. Stitch 1/4 inch from the raw edge and pink the edge. Baste the hem in place at the fold and along the center line of the hem. Fold the hem back along the basting line and catch stitch around the hem. This line of stitching is for support only, so do not pull the stitches tightly.

Turn up the edge of the hem and stitch the garment with a second line of catch stitching. Stretch the edge every 4 or 5 inches and tack so the thread will be loose and allow some give.

Homecoming AT SPC

LEVELLAND(Special) This week in recognition of their work during the years of college planning. Dr. C. C. Colvert, Junior University of Texas will be the dinner speaker. He worked with the committee in the establishment of the college. Members of the committee are: Orlin Brewer, Vernon, former editor of the Level and Daily Sun News; Dr. O. W. Marcom, Pasadena, former Level and School Superintendent; John Potts, Lockhart; Robert Claude Walker, Jr., Albuquerque, New Mexico, former Level and Chamber of Commerce Manager; W. L. Reed, Dr. C. M. Phillips, J. G. Stacy, O. R. Watkins, Lavern McCann, Level and, T. O. Petty, a member of the committee is now deceased.

A large Bonfire Pep Rally will be held beside Lamar Hall at 6:45 p.m. Friday. The SPC Cheerleaders and a portion of the Texan Band will be on hand only with a large crowd of students, former students, faculty and staff. The South Plains College Texans will take on New Mexico Military Institute in a Western Junior College Conference contest at 7:30 p.m. During halftime the 1970-71 Homecoming Queen and her Court will be presented. Finalists from a group of 28 contestants are: Kathline Carson, Olton; Patsy Collin, Morton; Kathy Decker, Pep; Anne Fawver, Floydada; Patsy Gunn, Level and; and Laquita Hargrove, Carlsbad, New Mexico. The Queen will be crowned by last year's Homecoming Queen, Donna Hoffman Pharies. The Citizens Committee will also be presented at this time, and the Tex-Ann and Texan Band will present a special performance.

A reception will be held in the carpeted lounge of the Student Union Building at 9:30 p.m., and two dances will follow in the SUB. A Rock dance featuring "The Stone Vessels" and a Western dance featuring "The Branded Four" should meet the pleasure of all attending.

The concluding event is a Midnight Breakfast at 12:45 a.m. in Texan Hall and reservations are necessary for this event. Those desiring to attend should contact Tom Selman at the college.

The Homecoming Parade will begin promptly at 4 p.m. Friday, leaving the Chamber of Commerce grounds and traveling up Avenue H, around the sides of the square and down Avenue G to the Chamber of Commerce grounds. During the parade the Tex-Ann and Texan Band will perform in front of Anthony's Department Store. A dozen beautiful floats, many autos bearing pretty girls and college officials and many other special units will make up the parade.

The Dedication Dinner at 5:30 p.m. Friday in Texan Hall Annex will be one of the main events. At this time members of the college's Citizen Committee, the organization responsible for the initial establishing of the college will be honored. They will be presented plaques

Tsa Mo Ga Club

The Tsa Mo Ga Study Club met Monday night, February 8, 1971. The meeting was called to order by Mrs. Darrell Lindsey, Vice President. The club collect was read and the pledges to the United States and Texas flags were given.

Program director, Mrs. P. W. St. Roman, showed color slides on Texas wildflowers, compiled by Mrs. Cliff Drake, Botanist and Photographer, of Borger, Texas.

Mrs. Drake's film displayed the 5,000 species of flowers grown in Texas. Pictures were shown of the Bluebonnet, our state flower. It received its name because it looked like the sun bonnets that the Pioneer women wore. The State flower was adopted in 1901. The club members also learned that you could eat or pickle the flowers of the Red bud tree.

Mrs. Drake said they were very good in a salad. Mrs. Sherm Henard, business for beauty district chairman, showed a film on CITGO-- A Beautification program. The film showed the 'before' and 'after' effects on the community.

A scripture reading by Mrs. F. W. Graham, concluded the program.

Valentine refreshments were served by hostesses, Mrs. J. C. Chambliss, Mrs. Ty Field, and Mrs. F. W. Graham.

The members wish to express their heartfelt sympathy and love to the family of Mrs. P. W. Williams, charter member of the Tsa Mo Ga Study Club.

Mrs. Williams is the mother of Mrs. A. S. Mabry of Hartshorne, Oklahoma.

Mrs. G. W. Cleveland gave the story of the Hymn of the Month, "Still, Still With Thee," and it was sung by members of the club, accompanied by Mrs. Darrell Lindsey.

Plains Fine Arts Club met February 4, 1971 at the home of Mrs. Terry Bacon with Mrs. Rhona Teaff and Mrs. Calvin Smith as co-hostesses.

Mrs. Robert White presided at the business meeting. Reports were given from the committees. Mrs. Charles Williams was voted in as a new member.

Mrs. Jack Palmer, program director, presented Mrs. Gayle Craft, who reviewed the American Opera "Peter Grimes." This opera was presented in England, first, in 1945 and was so popular that it was presented in several other countries shortly thereafter. Mrs. Craft also played several recordings from the opera.

Guest at the meeting were Mrs. C. L. Young and Mrs. Wayne Carter.

The Eleventh Annual Community Sacred Music Program will be held March 25, 1971, at the First Baptist Church in Plains. Please keep this date in mind and plan to attend.

**GENE BENNETT**  
**PLAINS REVIEW**

And why beholdest thou the mote that is in thy brother's eye, but considerest not the beam that is in thine own eye?  
St. Matt. 7:3

Regardless of how saintly we believe ourselves to be, there is always some sin lurking in the background of every person, and perhaps many more yet to be made. Usually the sin that we can not forgive in another person, has at one time been in our own lives or perhaps something just as bad. As Christ Jesus said: "Woe unto you, scribes and Pharisees, hypocrites! for ye are like unto white sepulchres, which indeed appear beautiful outward, but are within full of dead men's bones, and of all uncleanness. Even so ye also outwardly appear righteous unto men, but within ye are full of hypocrisy and iniquity."

Did not Christ Jesus say unto the scribes and Pharisees who had brought unto Him a woman taken in adultery: "He that is without sin among you, let him first cast a stone at her" . . . And they which heard it, being convicted by their own conscience, went out one by one, beginning at the eldest, even unto the last. . . . When Jesus lifted up himself, and saw none but the woman, he said unto her, Woman, where are those thine accusers? hath no man condemned thee? She said, no man, Lord, and Jesus said unto her, neither do I condemn thee: go, and sin no more."

Therefore, instead of condemning another person for his sins, we as Christians must do everything that we can to help build again the Christ Spirit our fellowman. When we allow bitterness, hatred, resentment, malice, haughtiness, fear or selfishness to come into our lives, they will be held against us as debts.

Who taught the law of "not fellowshiping with the person who in his life has done some sin?" It surely was not Jesus. He said "Neither do I condemn thee; go and sin no more." Your high privilege is to be workers together with God. Follow in the footsteps of Jesus, and abide always by His examples.

**THE THOUGHT FOR THIS WEEK**

Today I will rejoice and be glad. Poise and serenity are mine today.

If you like good religious-hymn music, listen to "Songs of Faith" program every Sunday Morning on K-R A N, 1280 on your dial, Morton, Texas.

**OBITUARIES**

Mrs. Foster Illa Winn BROWNFIELD (Special) Mrs. Foster Illa Winn, 64, died about 10 a. m. Saturday at Knoxville Stone Clinic. Services were held at 2 p. m. Monday, February 8, 1971 at Crescent Hill Church of Christ with Doyle Kelcy, minister of the South side Church of Christ, officiating. Burial was in the Terry County Memorial Cemetery under the direction of Brownfield Funeral Home.

Mrs. Winn came to the Johnson community in Terry County from Knox County in 1919. She was married to Foster Winn in Brownfield Dec. 17, 1928.

Survivors include her husband; two sons, Billy of Plains and Tommy of Brownfield; two daughters, Mrs. G. W. Henson Jr. and Mrs. J. W. Cooper, both of Brownfield; three brothers, Omar Stice of Brownfield, Olie Stice of Midland and Burney Stice of Mesa, Arizona; two sisters, Mrs. C. A. Winn of Brownfield and Mrs. S. C. Rawlings of Lubbock; 12 grandchildren and two great-grandchildren.

Mrs. Dan Allen DENVER CITY (Special) Mrs. Dan Allen, 79, a pioneer Yoakum County resident, died about 9:15 p. m. Thursday, February 4, 1971 in a Denver City hospital following a long illness.

Services were under the direction of the Singleton Funeral Home of Denver City.

Mrs. Allen had been a resident of Yoakum County since 1910, 30 years before Denver City was founded.

Survivors include five daughters, Mrs. Helen Monroe of Denver City, Mrs. Allie Kornegay of Hobbs, N. M., Mrs. Hazel Bales of Ignacio, Colo., Mrs. Clela Tucker of Plains, and Mrs. Joyce Tucker of Oregon City, Ore.; a son, Charles Allen of Denver City four brothers, Walter and Wallace Anderson, both of Denver City, Charlie Anderson of Levelland and Albert Anderson of Truth Or Consequences, N. M.; and several grandchildren and great-grandchildren.

**BOYS' LONG HAIR CAN AFFECT SKIN**

The concern over long hair for boys has led to the revelation that it can be a major cause of problem skin.

Psychologists say that between the ages of 11 and 18 a boy becomes hyper-sensitive, hyper-critical, and hyper-self-conscious—it's called the hyper-phase—and long hair is just one of the many hyper-phase fads and notions he may try in order to find what is "right" for him.

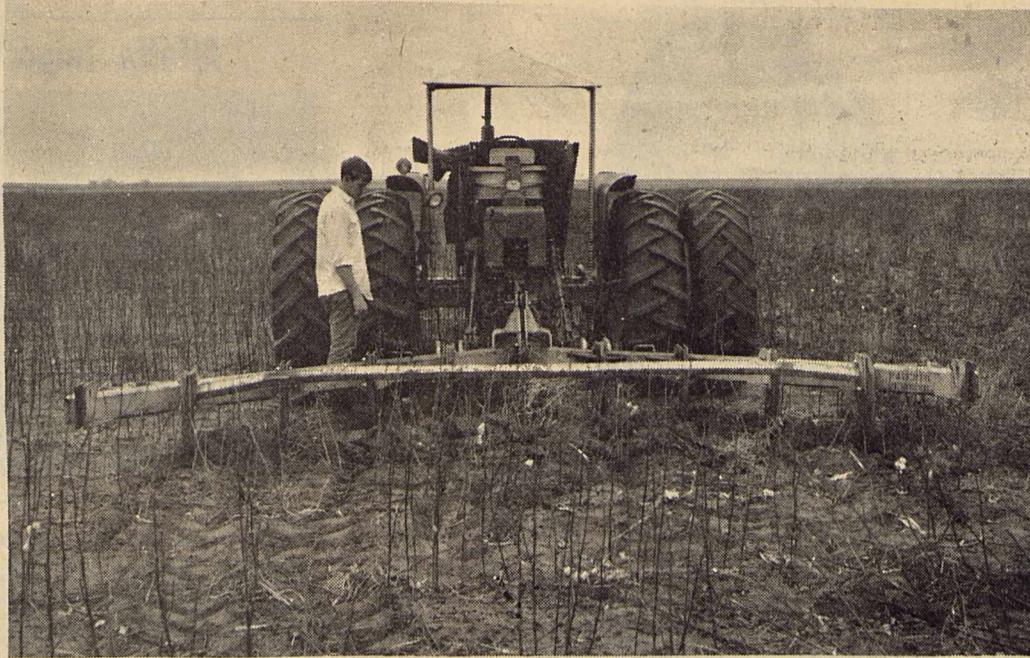

But while most girls are used to the problems of controlling long hair, a boy is less apt to keep his hair as clean as he should because he finds that the oil that develops on it helps him to control it. And it is this accumulation of excess oils that can create and spread an acne-like skin condition.

There is no one prescribed cure for this problem skin, but dermatologists stress that a rigorous regimen of cleansing is of the utmost importance in controlling its spread. Today they recommend a liquid cleanser with anti-bacterial action for both the face and the scalp. And the most recent development, the foaming Hyperphase cleanser—named after these skin problem years—adds cumulative protection.

For shampooing, authorities say that massaging about 1/2 teaspoon of the Hyperphase liquid into the wet hair, adding more warm water for more lather, starts the action against the bacteria-spreading oils. They remind that any after-shampoo conditioner should be greasiness to avoid putting oil back on the hair.

Whether it's long or short, hair that is properly cared for can help reduce the skin problems of those hyper-phase years, say the experts.

Do you like good religious-hymn music? Listen to "Songs of Faith," program every Sunday morning on K-R A N, 1280 K. C. Morton, Texas.

Steve Allsup, son of Mr. and Mrs. Lloyd Allsup in a field on the Allsup farm where he has been CHISEL plowing leaving the cotton stalks and rough soil to control wind erosion and hold moisture.

SCS PHOTO

**Yoakum SWCD News**

It may be too dry to plow but lots of Soil Conservation and Moisture Conservation work is being done. Chisel plowing, to loosen the soil without inverting and with a minimum of mixing of residue and top soil, is the type of conservation most farmers are doing now. Some of those plowing are Lee Roy McCravy Tom and Robert Box, Darrell Crooks, Fred Lowrey, Carl Melvin, and Roy Lowrey. R. E. Bearden, Foye Powell, R. G. Hartman, Lloyd Allsup, Roy Guetersloh, Wendell Norman John Wesley Gunter, C. B. Poindexter, and many more over the district.

J. A. Pebworth, Jr. is revising his Great Plains Conservation Program contract. He is adding 1440 acres to the present contract and will plant 91 acres of grass, control 34 acres of brush, re-organize an irrigation system along with many acres of Conservation cropping system, crop residue management, Irrigation water management, four new sprinkler systems, and pasture management.

Gilbert Pierce has staked locations for irrigation wells on Yoakum County, Ben Gibson, and Irrigation pipeline on E. E. Harbin, Dallas Brewer operator, they will install 1400 ft. of underground high pressure irrigation pipeline.

While work is going on, plans are continuing to be made for later on, conservation work, revision of old conservation plans, writing of news ones on Dr. Don Kennedy farm E. O. Winkle, operator, D. H. Engle, J. D. Hawthorn, operator, Raymond Sherrin A. V. Weaver, Tom Box, operator Jerome Head, J. B. Ashburn and Skelly Oil Company, J. A. Pebworth Jr. operator.

In traveling about the District, I found many acres of crop-residue, stubble from last year's grain sorghum crop still on the land. This is without doubt the best conservation practice we have. It holds more soil and moisture than any other type of cover on crop land, and does it very economically too.

end visitors in the home of Mr. and Mrs. Clark Jones, Jimmy and Bonnie Sue.

Mr. and Mrs. Roy Perkins and Mr. and Mrs. Lee Roy Box went with a group to the "Hayloft" Thursday night. There were forty-seven in the Turner Club group to attend.

G. W. Cleveland left Monday to attend the El Paso Stock Show. He is to return home Tuesday.

Mr. and Mrs. Bob Jones spent last week at Ft. Worth Stock Show and visiting this week they are in Houston attending Co-op Gin cotton meeting.

Mr. and Mrs. R. G. Hartman, Mr. and Mrs. Bill Overton, and Mr. and Mrs. James Warren flew to Galveston to attend a state A. S. C. meeting. They are to return home Thursday. The meeting will be in the Moody Center.

Mrs. Alma Lynn McGinty brought her mother, Mrs. J. V. Been home from the Brownfield hospital Sunday. Mrs. Been is doing well.

Dale Cleveland left Saturday morning with Floyd Gossett, Tommy Crooks and Mike Blount for the El Paso Stock Show which will begin Monday.

## Valuable Prizes Available For Stock Show Winners

BY LEO WHITE

Cash premiums will be paid to livestock exhibitors in relation to the way their animal places in the various classes. Each exhibitor who brings an animal into the show ring will receive a cash award. The highest premiums are paid in the beef calf division. The first place winner in each of the three classes will receive \$25,00. The second place individual receives \$20,00; third \$15,00; fourth, \$10,00; and all others in the class receive \$5,00. With fifty-one calves divided into three classes, the total prize money for all calves in the show would be \$405,00.

The prize money is the same for lambs and barrows with the top animal in each class eligible for \$15,00. The second place lamb or barrow will receive \$12,50; and all others in the class as follows: third, \$10,00; fourth, \$7,50; fifth, \$5,00; and others in the class receive \$2,50. With 140 barrows in the show, they would be divided into seven classes and the total prize money for barrows would be \$612,50. The eighty-two lambs will be divided into five classes and the total figure for them would be \$392,50.

In addition to the \$1,401,00 in cash premiums, the exhibitors of the two Champion lambs the Grand Champion Calf and the Grand Champion Barrow will receive animals made available by donors. A heifer will be donated by Darrell Lindsey and will be awarded to the exhibitor of the Grand Champion Calf. Kenneth Altman is donating a gift to be given to the exhibitor of the Grand Champion Barrow, and a ewe lamb will be given to the exhibitors of the Champion Fine Wool lamb and the Champion Mutton Lamb. The fine wool ewe is being donated by Gene H. Bennett and the mutton type ewe is donated by Kreig Blount. These four animals can be valued from \$250,00 on up, depending upon the quality.

The Plains State Bank always makes a cash award to each of the exhibitors. This

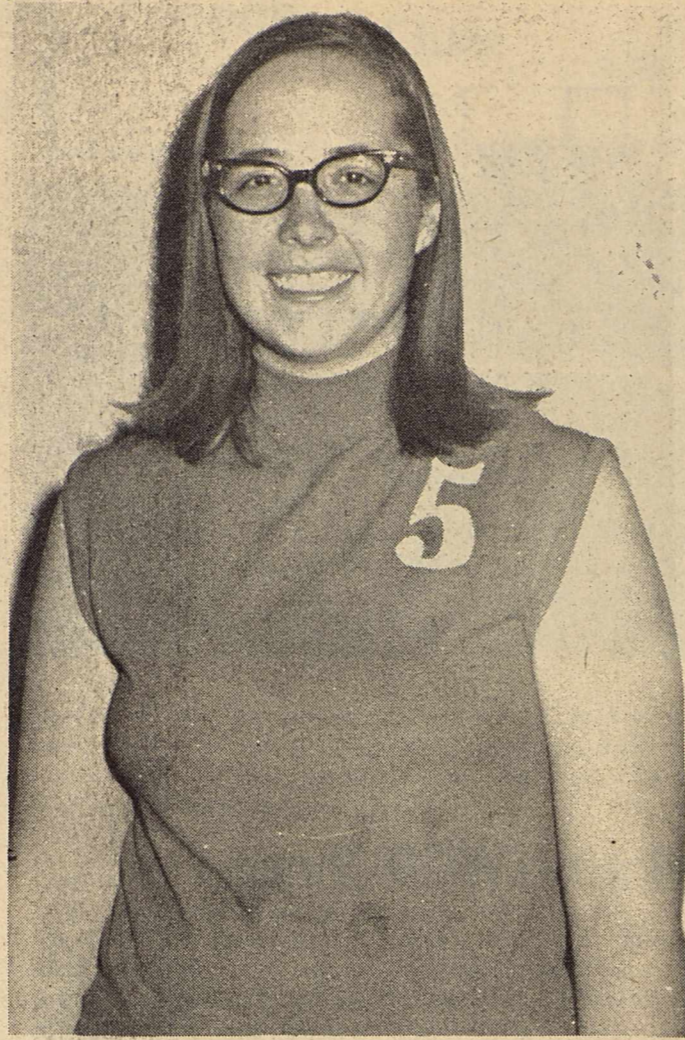

year they have agreed to pay calf exhibitors \$7,50; Barrow exhibitors will receive \$3,50 and lamb exhibitors will get \$3,00. Each exhibitor is entitled to one award on one animal, so he will be paid for the one that is the highest. Early estimates show the Plains State Bank will contribute about \$590,00 as additional prize money in the 1971 show.

Trophies will be given to the exhibitors of Champions, to showmanship winners and to the winner of the beef calf gain contest. Mr. Eddie Courtney of the Cowboy Stores in Levelland and Brownfield will provide the trophies for exhibitors of the four champions. Mr. Johnnie L. Fitzgerald will furnish the trophy for the best showman in the beef calf department. The swine showmanship trophy is donated by Dr. Berry Squyres; Mr. G. W. Cleveland is donating the trophy to be given the showmanship winner in the lamb division. The award in the beef calf gain contest is provided by Farmer and Rancher Commission Company of Lubbock.

The most sought after showmanship award is the Rusty McGinty Memorial Award, made possible by Mrs. Alma Lynn McGinty and her two daughters, D'Lois and D'Lynne. To win this award, an exhibitor must exhibit in more than one department of the show and consideration is given for the neatness of pens, stalls, and other surroundings.

Announcements of the various winners and the presentation of the awards will be made just prior to the auction sale. Since the sale is scheduled to begin at 1:00 p. m., the show officials will start making announcements and presentations at 12:30 p. m.

The date for the annual meeting of association members has not been set but it is generally held about the third week in March. This is the meeting where the pictures will be seen and the Plains State Bank will present a check to each exhibitor at this meeting.

## Member Of Sul Ross State University Volleyball Team

ALPINE--Miss Kay Whitley daughter of Mr. and Mrs. C. E. Hale of Plains, is a member of the Sul Ross State University Women's volleyball team; currently the United States Intercollegiate Champions.

Miss Whitley, a junior Biology major at Sul Ross, is a graduate of Brownfield High School where she won the district doubles tennis title in 1968.

The Lobos, undefeated in varsity action with a 44-0 record, will be defending their national title in Lawrence, Kansas, February 5, 6.

The team, organized in 1968 captured the state volleyball tournament for the second year in a row in November, in Kingsville, and won the right to defend their national

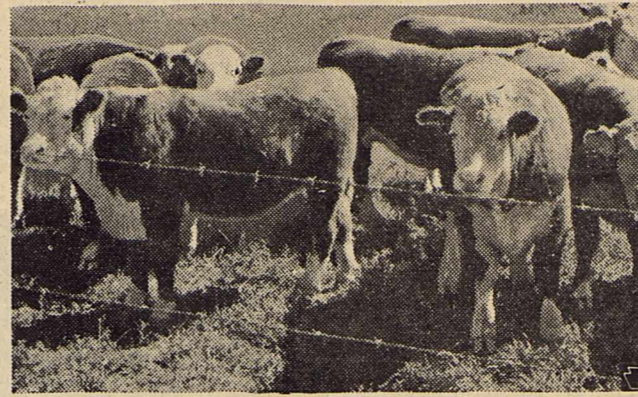

crown.

The national tournament will feature 28 of the top collegiate teams in the country including four from Texas. In addition to Sul Ross, the other Texas schools include Lamar Tech of Beaumont, Southwest Texas State of San Marcos and Texas Women's University of Denton.

The Lobos recently defeated the University of Brazil of Sao Paulo in a three game international exhibition series. The Brazilian team is ranked number four among world university teams.

The Sul Ross team is coached by Miss Marilyn McReavy of Big Lake, a member of the 1968 United State Olympic team.

## Alfalfa Important To Beef

Beef is the biggest single source of income to the United States farmer.

If the population of the United States increases at the present rate of 5.8 people per minute, there will be 32 million more people to feed in 1976. At the current annual per capita consumption rate of 108 pounds, the United States by 1976 will require 5.2 million more steers.

Animal protein consumption is directly dependent on public taste, per capita income and product cost. Consumers have demonstrated that they will resist beef prices that exceed certain levels.

The biggest single cost factor in beef production is energy. Anything which supplies energy must be economical.

The trend is to feeding and marketing animals at lighter weight and with this approach of lighter finished weight and faster gain, cost of maintenance can be reduced 20 percent or more.

Corn silage and alfalfa haylage have proven more efficient in fattening steers than either one alone. Research has

established that when alfalfa accounts for approximately 40 to 50 percent of the dry matter in the ration, each eight pounds consumed will account for one pound of beef gain. Thus, eight tons of alfalfa will convert into a ton of beef.

Alfalfa and its legume and grass companions are of major value in a beef pasture. Research at many experimental stations in the United States has shown repeatedly that pasture is the least costly, and highly preferred feed for beef cattle. It provides an abundance of protein, minerals, vitamins and carbohydrates.

A new publication giving information about the feeding of alfalfa for livestock production can be obtained by writing to the Certified Alfalfa Seed Council, Route 3 - Box 1513, St. Charles, Illinois 60174.

## Veterans Administration

The 1,000 wives of American servicemen missing or captured in Vietnam make up only a small percentage of the 580,000 women eligible for educational benefits, home loans, or both from the Veterans Administration. Jack Coker, Director of the VA Regional Office in Waco, pointed out today.

A law signed by the President last month made wives of servicemen listed for more than 90 days as missing in action, captured or "forcibly detained or interned in the line of duty by a foreign government or power" eligible for VA home loan and educational programs.

The largest group of women eligible for VA programs is 180,000 female veterans of World War II and the Korean Conflict. Their unused expired loan benefits were restored by law last October.

Another 160,000 women now in service, or who served after January 31, 1955, qualify under the current GI Bill for monthly checks for educational purposes and for the home loan program with loans guaranteed up to 60 percent with a maximum of \$12,500.

Under a new VA program 175,000 widows of deceased veterans can go to school, take training or make home loans under VA programs. Some 8,230 thus far have taken advantage of these major programs.

Wives of 64,000 permanently and totally disabled veterans are eligible for VA educational benefits. Some 1,800 have participated so far.

Women who think they may be eligible for benefits under VA program are urged to contact their nearest VA office for further information.

## PLAINS VS SEAGRAVES

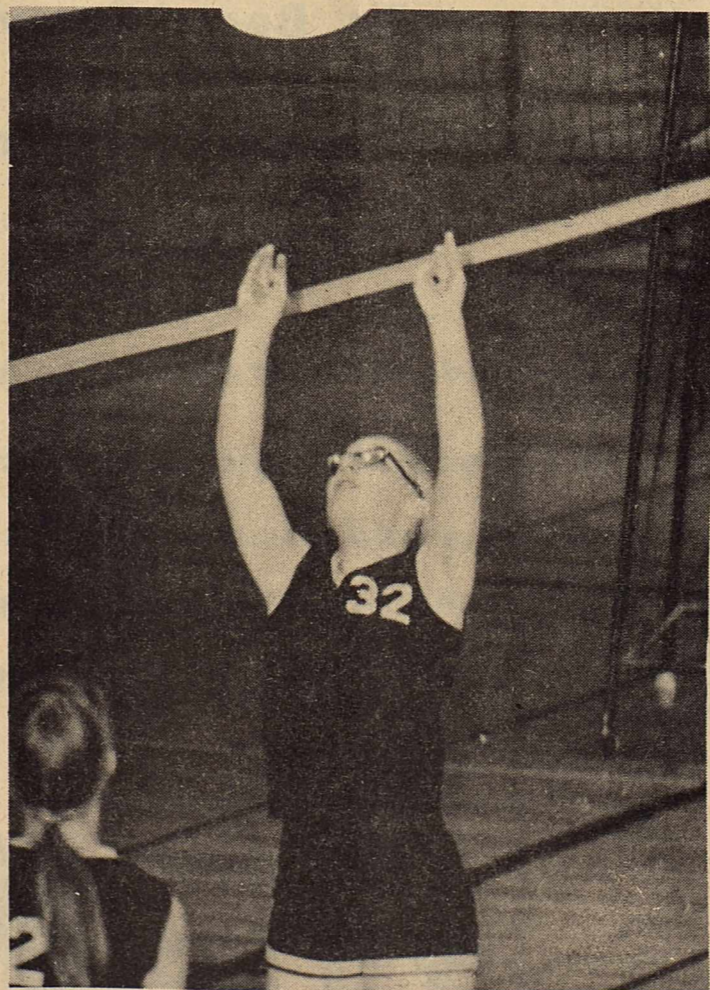

## New Electronic Machines For Commercial Department

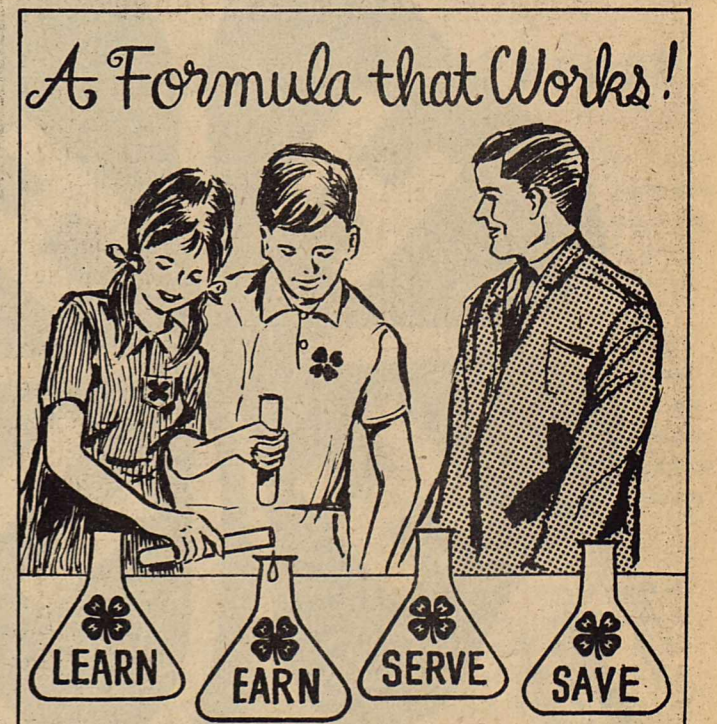

TIM BYRUM AND RONNIE RAINS ARE STUDYING THE OPERATIONAL PROCEDURES OF THE NEW ELECTRONIC MACHINES IN THE PLAINS HIGH SCHOOL COMMERCIAL DEPARTMENT. MRS. J.B. ASHBURN IS THEIR INSTRUCTOR.

The commercial department of Plains High School has been using six different types of office machines which were furnished by two companies as demonstrators.

The 10-key printing adding machine, the electronic 10-key adding machine, the electronic calculator, and the printing calculator are being tried out in anticipation of up-dating the commercial department with a course in business machine practice so that a student may be proficient in the operation of the machines used in a business when the course is completed. This, along with the courses offered in typing and bookkeeping, would better prepare the student for a job in the business field upon leaving high school.

GO! FIGHT! WIN!

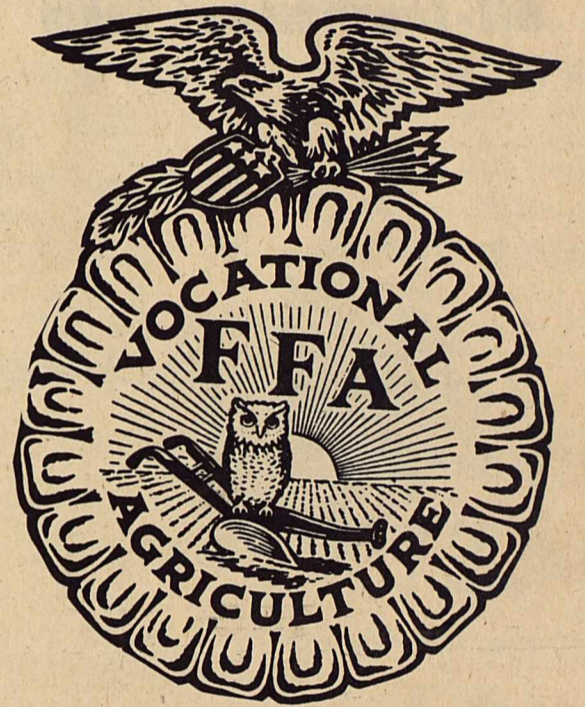

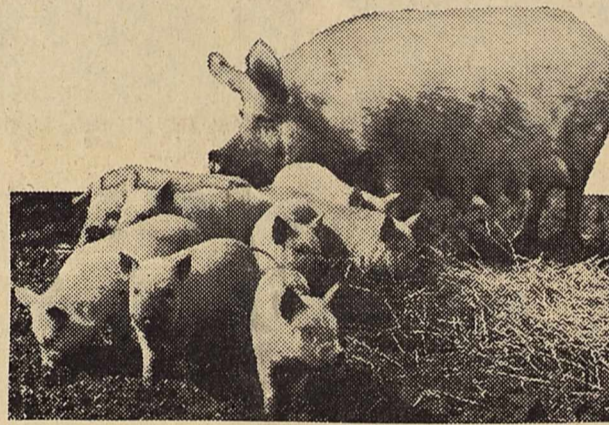

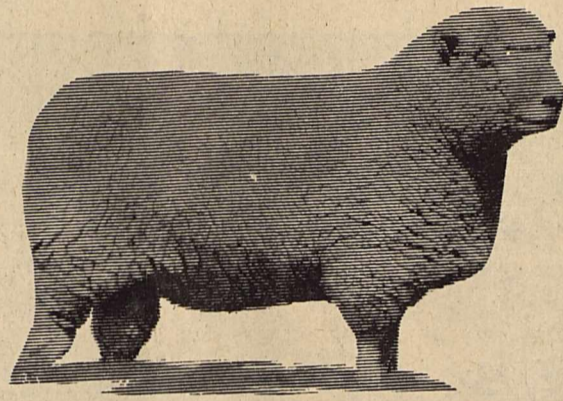

# Welcome

FOR OUTSTANDING WORK IN THE COMMUNITY . . WE SALUTE

**FUTURE FARMERS**

We wholeheartedly congratulate you young men of our community who are learning to do by doing. Your activities have been an inspiration to all of us who seek to do a better job in our own occupations.... who strive to be better citizens. Your contributions to the progress of our community are immeasurable!

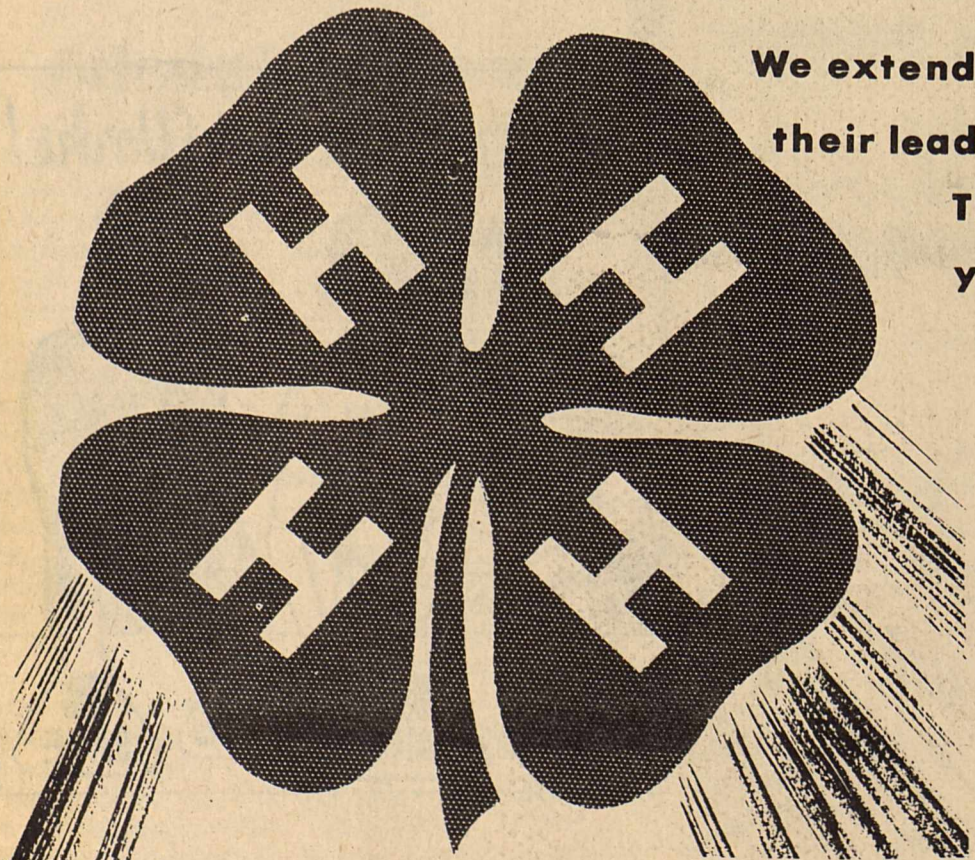

## Officers And Directors Of The Yoakum County Livestock Improvement Association

<b>President</b>	<b>Gene Bennett</b>	<b>Virgil Kelly</b>	<b>A. E. McGinty</b>
<b>Vice President</b>	<b>Pat Henard</b>	<b>Dr. Berry Squyres</b>	<b>Darrell Lindsey</b>
<b>Sec. &amp; Treas.</b>	<b>Kenneth Blount</b>	<b>Claudie Addison</b>	<b>Johnny L. Fitzgerald</b>
<b>Assistant Sec.</b>	<b>Joe Crump</b>	<b>Ty Field</b>	

All of us might well adopt their motto, "To Make The Best Better."

We extend special congratulations to our local 4-H clubs and their leaders. Encourage and assist the 4-H club work in America.

These fine young people represent the flower of our youth....the hope and strength of our future.

*Well done*
