Local Residents Visit Alaska

Mrs. Barron Blair and daughter, Linda, of Plains just returned from a very exciting 12-day trip to Anchorage, Alaska to visit daughter and son-in-law, Mr. and Mrs. Dwayne Canada.

Mrs. Blair expressed delight and surprise in finding Anchorage to be as modern and convenient as any of our bustling cities. She reported this thrilling trip to be her first flight and she enjoyed it very much. They left Seattle in darkness and landed 1 1/2 hours later in the Arctic daylight. They visited various points in Anchorage, Seward and Fairbanks. A most interesting point was Cook Island which is one of the largest ports in Alaska, supplying the main means of transportation for shipping goods not only to Anchorage but also to all points in the interior of Alaska.

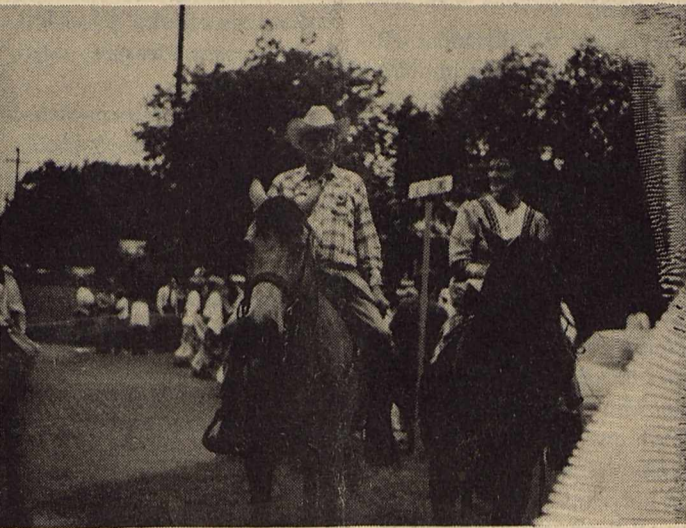

They visited the experiment farm of the University of Alaska, the Earthquake Park which is the existing damage of the earthquake of 1964, and the Portage Glacier.

In Fairbanks, they toured the University of Alaska, the Musk Ox Farm, the Museum of the University and the many beautiful glaciers.

Seward is another harbor for transporting supplies into Alaska.

The temperature ranges to 40 to 55 degrees in daytime and they have an average of 17 1/2 hours of daylight. The mountains were still covered with snow. The snow was beginning to melt and the countryside was preparing for floods. They went to Glacier Park and saw the many beautiful glaciers displayed. Mrs. Blair reported Brenda and Wayne are thoroughly enjoying their tour of Army Service in Alaska.

Time flies, as a hundred years can testify, but with the diorama every memory of circuses past is captured, and every dream of circuses to be is born.

Above is a picture of the Editor and his sister-in-law, Mrs. A. C. McConnell as they are preparing to ride in the parade at the Centennial Prairista Celebration at Russell, Kansas, held last week.

Council Equalization Meeting Uneventful Board Hearing

Though the City Council meeting, Tuesday night was interesting and informative, no official action was taken on any issue other than approving of the minutes and voting to pay the bills presented as well as the vote to adjourn.

Those present were; Mayor Roy Edwards, T. J. Miller, F. W. Graham, and C. C. Perkins.

The official minutes were unavailable at press time.

The prime issue of the meeting was an interview with the presentation of a proposal by J. J. Buddy Hewitt P. E. of Lovington, New Mexico for his services for engineering the laying of an eight inch water line from the source of water at the sites developed by the City of Plains approximately one mile west of the City.

Mr. Hewitt offered his services on a day to day basis and estimated the charge at \$875.00. As the City has already developed the water sites and computed the size of line desirable to them as an eight inch line and decided the class of pipe desirable, (without the aid of a registered engineer), Mr. Hewitt proposal was concerned only with the preparing of specifications and engineering plans and providing proper inspection of the operations and sanitation of the installation according to the provisions of the laws of the State of Texas. These specifications will be available to the prospective contractors wishing to bid on the project as a basis for establishing their bid.

Mr. Hewitt is licensed in both Texas and New Mexico and is a well qualified engineer. At present he is employed as engineer for the City of Lovington, N.M., and is engineering water and sewer improvement and street paving. He served several years as State Highway engineer for the State of New Mexico in the Roswell district. Mr. Hewitt is also a graduate of Texas Tech at Lubbock. He now operates the Circle Cross Engineering firm in Lovington, N.M.

A decision on the retaining of Mr. Hewitt was delayed by a lack of necessary information from the Texas State Health Department. This INFORMATION is expected to be available within a few days.

On Monday, June 7th, 1971, the Yoakum County Commissioners Court, acting in their capacity as an Equalization Board, held a hearing for all property owners of the county. Many oil company representatives were present for the hearing, and a few local people.

The most important action taken was the lowering of the county valuation ratio from 13% to 12% of the 100% valuation of owned property. The rate for 1970 was \$1.03 per hundred after the valuation of property had been multiplied by 13%. This rate still stands at this time at \$1.03 per hundred, but will be set later on in the year, which will be around budget fixing time, probably in July, 1971.

The grant total of all properties in Yoakum County for the year 1970 at 13% of 100% valuation on the \$1.03 per hundred basis, was \$115,049,865. The proposed valuation for 1971 of the grant total after reducing the 13% ratio to 12%, is estimated to be \$20,420,285.00, an increase of \$5,370,420.00. This increase is due to the water flooding of oil wells.

An example for computing your tax for your homestead is to take the total valuation of your homestead, say \$20,000., multiply it by 12% which would be \$2400. Then take the 24 hundred and multiply it by \$1.03 per hundred, making a total tax for the homestead for county to be \$24.72.

The state does not tax a homestead, but the rate for other property is taxed by the state at 32¢ per hundred.

Therefore, in computing the county and state taxes on other property, the rate per hundred should be multiplied by \$1.03 for county plus 32¢ for the state, making a total tax of \$1.35 per hundred on property that is not a homestead.

An example; Let's say you have other property with a tax value of \$20,000. Multiply \$20,000 by 12%, which is \$2400. Then multiply 24 hundred by \$1.35 per hundred which is \$32.40 taxes on other property for state and county. Total tax for \$20,000 homestead and \$20,000 for other property would be \$24.72 + \$32.40, making a total for county and state tax to be \$57.12.

Service Dinner Held

People from all over Texas and prominent government officials will gather in Dallas, May 27 to honor Senator John Tower with a "Decade of Service" dinner at the Fairmont Hotel.

The \$150-a-plate affair is sponsored by "Friend of John Tower," a statewide bi-partisan committee. Dallas businessman William P. Clements, Jr. is dinner chairman.

Attorney General John Mitchell and several senators will attend, including Howard Baker of Tennessee, Henry Bellmon of Oklahoma, Wallace Bennett of Utah, William Brock of Tennessee, Peter Dominick of Colorado, Paul Fannin of Arizona, minority whip Robert Griffin of Michigan, and Roman Hruska of Nebraska.

U. S. Representatives Bill Archer of Houston and Jim Collins of Dallas are also expected to attend.

Bud Wilkinson, special consultant to President Nixon and former national championship football coach at Oklahoma, will be master of ceremonies. Dr. Abner McCall, president of Baylor University, will give the invocation.

"We're very proud of our state's senior senator and want to have a truly outstanding event to commemorate his completion of 10 years' service in the U. S. Senate," Clements said.

The dinner date is exactly 10 years from the day John Tower won a close runoff election to fill the vacancy created by Lyndon Johnson's election as vice president. Tower was re-elected in 1966 with 57 per cent of the vote.

When first elected at 35, he was the Senate's youngest member. He now ranks 50th in seniority among the 100 senators yet only 17 of his colleagues are younger than he.

Senator Tower is third-ranking Republican on the Armed Services Committee and is ranking GOP member on the Banking, Housing and Urban Affairs Committee.

An Active Senator, Tower has made numerous trips abroad to work with U. S. officials and the military to maintain a strong defense posture. These have included trips to Southeast Asia and Western Europe where he recently participated in his fourth NATO defense study conference.

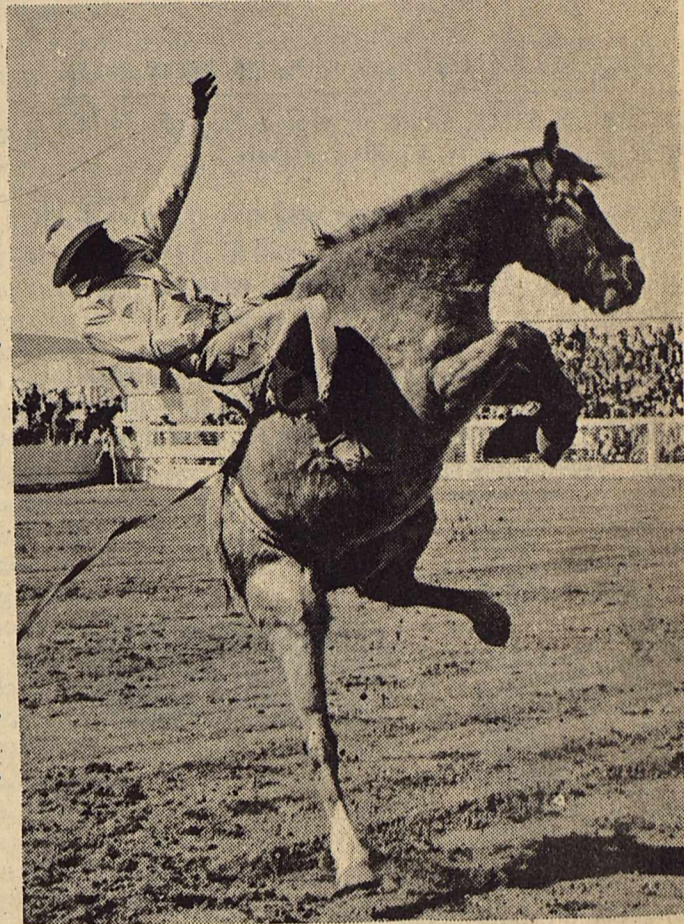

John Tower was born in Houston, the son and grandson of Methodist ministers. During his childhood, he lived in a number of Texas communities, including Doucette, Alvin, Jacksonville, Tyler, San Augustine, Douglassville and Beaumont.

At age 17, he enlisted in the U. S. Navy and during World War II saw combat duty as a Seaman aboard a gunboat in Asian waters.

Tower received a bachelor's degree in political science from Southwestern University in 1948 and a master's degree, also in political science, from Southern Methodist University in 1953.

He did post-graduate work at the University of London and taught government and political science for nine years at Midwestern University.

He is a trustee of SMU and Southwestern where a "John

Clovis N. Mex., --"HUD" IS THE BRONC, from the Beutler Bros., Linger and Cervi rodeo company and the cowboy is Broomfield, Colorado's Jim Mihalek. The pair is shown in Action typical of that to be seen this Friday, Saturday and Sunday (June 11-13) at the Pioneer Days Rodeo in Clovis.

Clovis Rodeo Starts Friday

CLOVIS, N. MEX. --A weekend of well-rounded, "family-style" entertainment kicks off Friday at 7:30 p.m. when the chutes fly open for the first annual edition of the revived Clovis Pioneer Days Rodeo.

Three action-filled performances are on tap, Friday and Saturday at 7:30 PM and Sunday at 2:30 PM with the pre-rodeo entertainment by a nationally known western band and the Clovis High School band beginning one-half hour prior to performance times.

A large downtown parade featuring floats, riding clubs, Pretty girls and antique cars is scheduled for Saturday at 10 AM.

Out-of-town entries already received include those from Amarillo's Will Rogers Range Riders riding club and the Luke Air Force Base, Arizona, marching band, which is to be flown to Clovis especially for the event.

Recording artist Johnny Bush and his Bandoleros will entertain at dances under the grandstand immediately following the Friday and Saturday performances.

More than 200 of the nation's best professional rodeo hands and cowgirls are expected for the Rodeo Cowboys Association-approved competition. Prize money including entry fees is expected to top the \$5,000 mark, in addition to special awards and cash prizes.

Veteran rodeo announcer Pete Logan, Medford, Ore., has been assigned the microphone chores. Logan, a member of the growing corps of rodeo people who pilot their own aircraft between events, has been featured at the National Finals Rodeo (NFR), Denver's National Western Stock Show and on several segments of the Daniel Boone television show.

Other NFR veterans on the program are clowns Wiley McCray, Briscoe, Tex., and Chuck Henson, Tucson, Ariz. McCray was the first in his profession, inducted into the Ak-Sar-Ben Western Hall of Fame in 1953.

He did post-graduate work at the University of London and taught government and political science for nine years at Midwestern University.

He is a trustee of SMU and Southwestern where a "John

Let's PLAY GOLF WEEK JUNE 6-13

YOAKUM COUNTY LIBRARY PLAINS, TEXAS

THEY SHOE HORSES, DON'T THEY? Sweden's lovely young equestrienne, Lilemor Moller, takes care of some "shoe" business. She's featured in the all-new 100th Birthday Edition of Ringling Bros. and Barnum & Bailey Circus. The Greatest Show On Earth comes to the Lubbock Municipal Coliseum on Tuesday and Wednesday, June 15 and 16. There will be two performances each day, 2:30 p.m. and 8:00 p.m.

Greatest Show On Earth

On June 15th and 16th Ringling Bros. and Barnum & Bailey Circus, now celebrating its 100th Anniversary, will begin its annual stupendous and awe-inspiring engagement in Lubbock.

Matinee and evening performances at the Lubbock Municipal Coliseum will present a panorama of The Greatest Show on Earth, a magnificent display, costing in excess of a quarter of a million dollars, that was prepared under the supervision of the Circus World Museum in Baraboo, Wisconsin, the nation's foremost repository of Circus history memorabilia.

Like the Circus, itself, the panorama will travel and eventually criss-cross the continent for appearances in leading department stores, banks and museums.

Then comes a world tour after which the panorama will become a permanent history of Ringling Bros. and Barnum & Bailey Circus in the Smithsonian Institute in Washington D. C.

The heart of this breath-taking panorama is the diorama which is hand-carved from wood, measures 6' across, stands 5' high and 30" deep. An in-depth view of people, towns, performers, etc., all hand carved from wood, pinpoints the exciting moments in the colorful history of The Greatest Show on Earth.

There are nine of these dioramas and all of them are the work of Jean Leroy, a former clown who has become one of the world's greatest living wood sculptors.

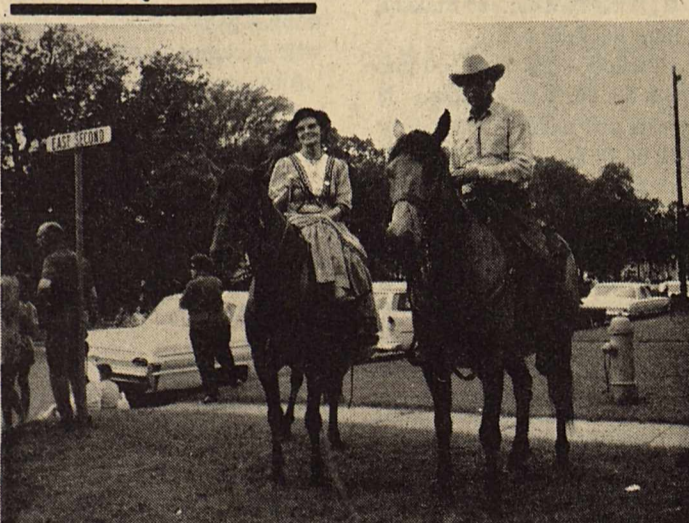

The first of these intricate, three-dimensional, dynamic diorama displays illustrates the first year of the wagon moved Barnum & Bailey Circus complete with all the animals, people and attractions that made this show world-famous.

Other exciting, animated dioramas pinpoint exciting moments in the flamboyant

history of The Greatest Show on Earth, concluding with a look at the Ringling Bros. and Barnum & Bailey Circus, dressed in all of its 100th Anniversary splendor in Madison Square Garden.

In addition to the magnificent diorama, The Greatest Show on Earth's Centennial Panorama displays actual antique circus posters and priceless memorabilia from the extensive collection of the Circus World Museum.

Time flies, as a hundred years can testify, but with the diorama every memory of circuses past is captured, and every dream of circuses to be is born.

Above is a picture of Mr. and Mrs. A. C. McConnell. Mrs. McConnell is the daughter of Mrs. Opydke, who was honored guest at the Celebration.

Mrs. Opydke (center), Centenarian, who was honored as the oldest, native born citizen at the 100th Anniversary at the city of Russell, Kansas.

EDITORIALS

To many readers the name of "Senator Teddy Kennedy" and "Chappaquiddick" are synonymous. In noting the Senator's bid for political popularity with his severe and inane attacks on the policies of President Nixon regarding the Vietnam withdrawal, one cannot avoid the mental vision of the word "Chappaquiddick" in bold headline.

It is apparent that Teddy Kennedy has no more regard for the prisoners of war held in North Vietnam than he had for the Chappaquiddick incident.

It may be conceded the majority of Americans favor a speedy withdrawal from Vietnam but it is quite doubtful that any of them with sons over there would care to entrust the lives and safe return of their sons to the hands of so ruthless a character as Kennedy and his gang of un-American activities. It is incomprehensible how such characters can maintain a constituency sufficient to return them to the respectable and responsible position of Senator from their district.

As per usual the rains finally came. While the recent breaker with its devastating hail is insufficient, it is hoped that it will aid in the planting of crops and lead to sufficient moisture to insure our area of a much needed bountiful harvest.

It is apparent that the majority of the Plains City Council are finally coming to the realization that there is a correct way of operating and a need for competent council and leadership.

There is a tremendous need for the good water available west of Plains. The citizens of Plains realize this need and are anxiously awaiting the day that it will be made available.

It is regrettable that the City has proceeded thus far with complete indifference to the requirements set forth in the statutes of the State of Texas with neither plans or legitimate engineering inspection, and were only brought to the realization of the need for proper engineering when legitimate contractors demanded engineering specifications before bidding on proposed projects.

The public has consistently been informed of the law regarding these proceedings by articles quoting the law printed in the PLAINS REVIEW. Violation of the law always brings its repercussions.

We can only hope that there will be no extended delay in the delivery of good water to the water taps in Plains.

Two slices of fresh apple put together with a layer of cream cheese or slices of Cheddar cheese makes a hearty and substantial snack. Remember overly sweet snacks reduce appetites for the next meal and promote tooth decay, since immediate brushing of teeth may not be possible.

Chocolate milk is a glamorous refresher when served in frosted glasses with a whipped cream garnish. To frost glasses dip rims of chilled glasses into unbeaten egg whites, then into confectioner's sugar.

Cheese is a concentrated form of milk. A medium slice or 1-ounce cube of Cheddar-type cheese equals about three-fourths of a glass of milk in calcium.

Chocolate milk is a glamorous refresher when served in frosted glasses with a whipped cream garnish. To frost glasses dip rims of chilled glasses into unbeaten egg whites, then into confectioner's sugar.

Out of town guests for the installation were, Mr. and Mrs. Gay Price, Mrs. Frances Cross from Brownfield, Mrs. Lois Pearce of Lovington, NM and Mr. Jessie Hale of Seminole.

Refreshments of sandwiches, cake, home-made ice cream, tea and coffee were served by Mr. and Mrs. Paul Cobb and Mr. and Mrs. Truitt Jones.

Musical Selections were presented by Mrs. Viva Hale.

LETTERS

TO THE EDITOR

Dear Editor,
I would like as an individual and as a representative for the Home Demonstration women of Yoakum County to say "Thank you" to the County Commissioners for the remodeling, painting, etc. of the old court house and especially of the two club rooms. A new stove, refrigerator and hot water heater have been installed in the kitchen with the cabinet and sink painted to match. New flooring, ceilings, windows, and painted walls make a very attractive, clean place for the people of our area to use at no cost. These two rooms are used often, and we appreciate having such a nice place for a family gathering, meetings, etc. There are a few rules and regulations for the use of the rooms. We hope the ones who use it will appreciate such a nice place and clean it thoroughly after every use and help keep it looking nice and clean. Let's show our appreciation by keeping it as some place we can be proud to meet.

Thank you,
Sincerely,
Margaret Box

Installation Ceremonies Held

Mr. and Mrs. Glenn Morehouse were installed as Worthy Matron and Worthy Patron of Plains Chapter 862 Order of the Eastern Star during ceremonies Monday night at the Masonic Hall.

Mrs. Rita Mae Snodgrass served as installing officer. Others participating in the installation were Mrs. Norelle Sloan, installing Marshall; Mrs. Ruth O'Neal, installing Chaplain; Mrs. Viva Hale, installing Organist; and Mrs. Bernice Bartlett, installing Secretary.

Other officers installed were Mrs. Ursula Henard, Associate Matron; Bert Bartlett, Associate Patron; Mrs. Sue Jones, Secretary; Mrs. June Anderson, Treasurer; Mrs. Nell Brian, Associate Conductress; Mrs. Lillian Luna, Chaplain.

Also installed were, Mrs. Florene Hayes, Organist; Mrs. Celes Anthony, Adah; Mrs. Shirley Suddreth, Ruth; Mrs. Louise Cobb, Ester; Mrs. Edna Chambliss, Martha; Mrs. Studie Mae Thompson, Electa; Mr. Paul Cobb, Warder; Mr. Joe Thompson, Sentinel.

Musical Selections were presented by Mrs. Viva Hale.

Refreshments of sandwiches, cake, home-made ice cream, tea and coffee were served by Mr. and Mrs. Paul Cobb and Mr. and Mrs. Truitt Jones.

Out of town guests for the installation were, Mr. and Mrs. Gay Price, Mrs. Frances Cross from Brownfield, Mrs. Lois Pearce of Lovington, NM and Mr. Jessie Hale of Seminole.

Kansas Futurity Trials

The largest field of candidates in the history of the running of the Kansas Quarter Horse Futurity will begin time trials Friday at Ruidoso Downs to determine the ten finalists who will battle for the crown on June 13th.

Seventeen trial divisions will be run to accommodate the 169 two-year-olds who made the final payment. Because of the large number of races, post time for Friday, only, has been moved to 1:00 PM (MTD) instead of the usual 1:30.

The trials for the Kansas Futurity will signal the start of the quest for the coveted Tres Coronas or 'triple crown' of quarter horse racing. The three tough tests are the Kansas, the Rainbow and the All-American. No horse has been able to annex all three legs of the challenge, although a few have nabbed two-thirds of the glory.

Friday's field will be the most talented two-year-old line-up ever. Although bloodlines and large sales prices will focus special attention on some of the freshman dashers, any entry in the field is capable of taking all the marbles.

Classed among those having advance notoriety are such hopefuls as Irene S1 m m s, Savannah's Gold, Shift'n Sand, Mr. Jet Moore, Sompin Certain Catch A Thief, Gal Watcher, Three Star Brandy, Duplicate Bid, Go With The Wind, and Some Kinda Man.

Friday's time trials will be run over a course of 350 yards and in 16 ten-horse divisions and one nine-horse dash.

Post time will be 1:00 P.M. (MDT).

Committee Appointed

Chas. C. Thompson of Colorado City, Chairman of the Farm Credit Board, announced this week that Herbert H. Decker has been appointed Chairman of the Presidents Committee of the three Banks which make up the Farm Credit Banks of Houston.

Decker, who is President of the Federal Land Bank, will also serve as Trustee of the Farm Credit Banks of Houston Retirement Fund. Other members of the committee are Murrell Rogers, President of the Houston Bank for Cooperatives and W. H. Calkins, President of the Federal Intermediate Credit Bank.

The principal function of this committee is to coordinate the personnel and related activities of the three banks. The chairman serves as liaison officer between the District Board and the Farm Credit Administration, the agency which supervises the Farm Credit Banks.

H.D. Council Meets

Yoakum County H. D. Council met in a regular meeting Tuesday, June 1 in the club room. Mrs. Robert Chambliss chairman, presided. Mrs. Pat Curtis acted as secretary. All four H. D. Clubs were represented with Mrs. Joe Henry Thompson, agent, present.

Plans were made for a luncheon meeting June 28 as a "thank you" for the Commissioners in having the old courthouse remodeled and especially the Club rooms. Council will not meet after the luncheon instead of July 6, and Mrs. Jeanette Head will give a program on "Care of Crystal and Silver." The public is invited to this program. H. D. women are to make 20 aprons for a National meeting in Dallas Sept. 20-24, so a day will be set aside to work on these. Delegates nominees for state meeting are to be elected this month by each club.

Meeting adjourned at 3:00PM.

4-H Play Day Results

By Leo L. White, County Agricultural Agent

The second play day in a series of six was held Monday night, June 7, in the Plains Rodeo Arena. Twenty 4-H boys and girls participated in the events with Mr. Tom Bowers making the official placings in the Western Pleasure and Reining classes.

The boys and girls are competing under a point system where the high point individual in each of the four age groups will receive a trophy at the end of the season. With two play days completed, Sam Bowers is leading the Pee Wee Group. Tim Bowers is out in front in the Young Juniors; where as, Paula Blount and Melvin Dearing are tied for the lead in the Juniors. In the Senior group, Janalyn Lambeth is now two points ahead of Melinda Millsap.

Following is a complete list of point winners in the Monday night play day:

Western Pleasure
Pee Wees: Sam Bowers 1st; Joy Morgan, 2nd; Guy Morgan, 3rd; Byron Merrill, 4th.
Young Juniors: Tim Bowers, 1st; Mylone Millsap, 2nd; Chris Winn, 3rd; Marvin Dearing, 4th.
Juniors: Paula Blount, 1st; Melvin Dearing, 2nd; Jena Altman, 3rd.
Seniors: Janalyn Lambeth, 1st; Melinda Millsap, 2nd; Denise Newsom, 3rd; Kathleen McGinty, 4th; Joetta Warren, 5th.

Pole Bending
Pee Wees: Sam Bowers, 1st; Byron Merrill, 2nd; Joy Morgan, 3rd; Guy Morgan, 4th.
Young Juniors: Tim Bowers, 1st; Chris Winn, 2nd; Amanda Phillips, 3rd; Melonie Millsap, 4th; Mylone Millsap, 5th.
Juniors: Melvin Dearing, 1st; Paula Blount, 2nd.
Seniors: Guy Bowns, 1st; Kathleen McGinty, 2nd; Melinda Millsap, 3rd; Janalyn Lambeth, 4th; Denise Newsom, 5th.

Reining
Pee Wees: Sam Bowers, 1st; Young Juniors: Chris Winn, 1st; Tim Bowers, 2nd; Amanda Phillips, 3rd; Marvin Dearing, 4th.
Juniors: Paula Blount, 1st; Melvin Dearing, 2nd.
Seniors: Denise Newsom, 1st; Janalyn Lambeth, 2nd; Melinda Millsap, 3rd; Kathleen McGinty, 4th.

Flag Race
Pee Wees: Sam Bowers, 1st; Guy Morgan, 2nd; Joy Morgan, 3rd; Byron Merrill, 4th.
Young Juniors: Tim Bowers, 1st; Chris Winn, 2nd; Amanda Phillips, 3rd; Marvin Dearing, 4th; Melonie Millsap, 5th.
Juniors: Melvin Dearing, 1st; Paula Blount, 2nd; Jena Altman, 3rd.
Seniors: Janalyn Lambeth, 1st; Kathleen McGinty, 2nd; Melinda Millsap, 3rd; Denise Newsom, 4th; Joetta Warren, 5th.

Barrel Race
Pee Wees: Sam Bowers, 1st; Byron Merrill, 2nd; Guy Morgan, 3rd; Joy Morgan, 4th.
Young Juniors: Chris Winn, 1st; Tim Bowers, 2nd; Amanda Phillips, 3rd; Mylone Millsap, 4th; Marvin Dearing, 5th.
Juniors: Melvin Dearing, 1st; Paula Blount, 2nd; Jena Altman, 3rd.
Seniors: Janalyn Lambeth, 1st; Kathleen McGinty, 2nd; Melinda Millsap, 3rd; Denise Newsom, 4th; Joetta Warren, 5th.

The best time in the pole bending event was 24.31 turned by Tim Bowers. Tim was also the only one to run the flag race in less than 10 seconds. His time Monday night was 9.98. Chris Winn ran the barrel race in 19.99 to have the best time in that event.

The next play day will be held Monday night, June 21, with the events getting started soon after 8:00 P.M.

Rodeo Livestock

CLOVIS, N. MEX. - The respected Curry County Mounted Patrol in open association with recognized outlaws? Impossible!

No, it isn't impossible, and a hard-core criminal element will soon invade Clovis at the request of the Mounted Patrol. Residents of the city need not be on the lookout for steely-eyed types with sixguns slung low or shadowy, trench-coated figures carrying violin cases, however, for these "outlaws" are of the four-legged variety, and they will be the real stars of the forthcoming Pioneer Days Rodeo celebration June 11, 12 and 13.

In charge of all livestock operations for the Buetler Bros. Linger and Cervi rodeo organization, of Sterling, Colo., is Howard "Sonny" Linger, a former rodeo contestant and veteran of U.S. Naval campaigns in the South Pacific.

In an odd twist of the much-mentioned generation gap, Linger's father was for twelve years executive secretary of the American Quarter Horse Association and spent a good portion of his life seeking out fine horseflesh. Sonny, at the other end of the spectrum, has dedicated his life to the procurement and preservation of the worst - or if you're a rodeo hand, the best - in horses and other rodeo livestock.

Linger does his job well. He is rodeo's most respected livestock man and has been the perennial "chute boss" at the National Finals Rodeo (NFR).

Last year fifteen of Buetler Bros., Linger and Cervi's animal outlaws were selected for the NFR, among them the famed saddle bronc, "Descent" 1970 marked the occasion of the big Palomino's seventh trip to the cowboy's season-ending contest, on four of which he was named by the top fifteen saddle bronc riders in the nation as "Bucking Horse of the Year."

A stablemate, Big Sandy, has to his credit five appearances at the NFR and was last year acclaimed outstanding saddle bronc at the gruelling event.

In 1970's NFR bull riding, 7 attempts by the sport's best cowboys were made at the Company's awesome brutes. Only two were successful. One of Linger's wards, a bull known only as "R", has never been successfully ridden.

Pioneer Days Rodeo sessions are scheduled for Friday, June 11 at 7:30 pm; Saturday, June 12, also at 7:30; and Sunday, June 13, 2:30 p.m.

Tickets - priced \$2.00 through \$3.50, with children 12 years and under admitted for \$1.00 in the general admission section - are on sale at Sasser's and Torrence's western wear stores in Clovis. Mail orders or inquiries should be directed to: Rodeo Tickets, Box 580.

Two rodeo dances and a downtown area parade are also on the week-end schedule.

ABOUT PEOPLE: Mini-News

Visiting in the Bobby Lester home last week were Mr. & Mrs. Terry Lester and Vickie of Sinton and Mr. & Mrs. Vaden Lester and Newman of Welch.

Mr. and Mrs. Posey Henderson had as their guest this past week, Mrs. Lou Patton and granddaughter, Kathy Patton of Phoenix, Arizona. They returned home Monday.

Cyndy Lester is visiting with the Terry Lester family in Sinton. She will spend a week there before returning home.

Mrs. Bob Lester entered the Lamesa hospital for surgery last Tuesday. She is reported to have come thru the operation just fine but not feeling very good as yet.

Marriage Vows Exchanged

Miss Cynthia Clair Swiedom and Ed Lee Hunter were married in a double ring ceremony at 8:00 p.m. June 5 in Zion Lutheran Church, Abilene, Texas with the Rev. William C. Peterson officiating.

The bride is the daughter of Mr. and Mrs. Herbert B. Swiedom, Abilene. A graduate of Abilene High School, attended Southwestern State College, Weatherford, Oklahoma. Will continue education at University of Houston, Houston, Texas. Mr. and Mrs. Edwin L. Hunter, Plains, Texas are parents of the bridegroom. He was graduated from Plains High School attended Hardin-Simmons University, Abilene and Southwestern State College, Weatherford, Oklahoma and will continue his education at University of Houston College of Pharmacy, Houston, Texas.

Presented in marriage by her father, the bride wore a gown of organza with Shiffle embroidery cascading down the front and back of gown, Venise lace outlined the scoop neckline, repeat of embroidery on Bishop sleeves featuring covered buttons and bridal point cuffs. The empire bodice accented in back with a satin bow and streamers with Venitian motifs, A-line skirt and chapel length train. Double bow of organza held the full length chapel veil of illusion edged in satin ribbon. The bride carried a round colonial nosegay of orchids.

Maid of honor was Miss Mikki Milan, Abilene, Matron of Honor was sister-in-law of the bride, Mrs. Lloyd B. Swiedom of Centerville, Georgia. Bridesmaids and Junior Bridesmaids were bride's cousins, Miss Patricia Siewert, Abilene; Mrs. Carl R. Yancy, Jr., San Angelo, Texas and Miss Susan Siewert of Abilene. They wore floor length polyester maize dotted swiss gowns with demure scoop necklines trimmed with moss green Venise lace and matching Dior bows in their hair. The attendants all carried green tone gamelia hand bouquets with camellia foliage surrounding the blossoms.

Flower girl was Miss Sandy Payne, cousin of the groom, wearing a gown similar to the other attendants.

Billy C. Stewart, Alpine, Texas was best man, Dr. Lloyd B. Swiedom, Canterville, Georgia, brother of the bride, Mr. Ross D. Blake, Oklahoma City, Okla; Mr. Dan C. Ziegler, Abilene and Fred Zeb Payne, III, Morton, cousin of the groom, were groomsmen and Junior groomsmen, respectively.

Mr. Jerry Siewert, Del Valle, Texas, cousin of bride; Brownlee Hunter, Austin; and Mike B. Anderson, Abilene, seated guests.

Musical selections, "Wedding Prayer" and "Lord's Prayer" were presented by Mrs. B. V. Collum, Jr., organist and Miss Jackie Hobbs, soloist, Both of Abilene.

A reception followed in the Parish Hall of the church featuring separate serving tables for the bride and bridegroom with background piano music.

After a wedding trip to Cloudcroft, New Mexico the couple will be at home at Space 22, Glamor Homes Park, Abilene.

Recent visitors in the J. M. Tippet home were their children, Lt. and Mrs. Bob Comolli of Sacramento, California, and Lt. and Mrs. James Tippet of Lubbock, Texas. Also visiting during their stay were Mrs. Tippet's sisters, Mrs. A. B. Van Tine, and Dr. Marguerite Potter of Fort Worth, and Mr. Tippet's sister, Miss Holly Tippet of Dallas.

Nancy and Bob flew to Plains by private plane and also visited Bob's family in Sweetwater and freinds in Lubbock and Big Springs. They left Plains early Monday morning for a visit with friends in Phoenix, Arizona en route to Sacramento.

Rhona Teaff, daughter of Mr. and Mrs. Rhonal Teaff was in the Yoakum County hospital last week for the removal of her tonsils. As if this weren't enough, Mr. Teaff came down with the mumps and has been very ill with them. He won't be able to return to work until next Tuesday at least.

Mrs. Leon Thompson was taken to Denver City hospital seriously ill Sunday afternoon. She was sent by ambulance in-

g. Mrs. Kern Grandstaff and 2 children of Midland spent two days visiting her grandmother, Mrs. H. F. Barnes.

Mrs. Ben Gibson returned home this weekend from Ft. Worth whereshe has been with her daughter and family, the Bobby Kinsays. Bobby has been hospitalized because of a suspected heart condition. He is still in bed for rest. The Kinsey family are former residents of Plains. The four children returned home with Mrs. Gibson.

Mr. and Mrs. Earl Kreig and Earl, Jr. left Sunday for A&M University where Earl, Jr. is to take entrance tests for next fall semester. He plans to major in Petroleum Engineering.

STRENGTH FOR THESE DAYS

from the Bible

A VACATION PRAYER
By ELIZABETH SEARLE LAMB

God bless all vacationers.
God bless those who vacation at home. Let this vacation time be rich in meaning, let it be a time of rest and renewal, let it bring peace to mind and soul.

God bless those who sail in sunny waters, climb snowcapped peaks, sun on sandy shores, or ride wilderness trails. Surround them with Your protecting presence, fill them with Your life and strength and joy.

God bless those who travel in strange lands. Let them see You in greeting smiles, let them hear Your voice in words of familiar accent or foreign tongue. Let their ways be made smooth and happy and free from worry or care.

God bless all vacationers. Open their eyes to the beauty all about them, open their minds to Truth everywhere, open their hearts to Your enduring love.

Friendly Chats with

Faye McConnell

Several weeks ago there was an article in The Plains Review on "The Peace Symbol." We regret that we failed to recognize the origin of this article. Oma McCargo made a trip to our home to bring it to us, and while she was there, we had a wonderful visit as we used to have in days gone by. Even though the Peace Symbol article was very enlightening for everyone who are Christians and wish to fight against the communists and Antichrist symbol for which it stands, Oma's visit was appreciated most of all.

This Peace Symbol has become a fad with the young people of this nation. Some wearing it without knowing its true meaning, but many are wearing it just for the reason it stands for, if not, why would there be such revolutionary movements as that which recently happened in the capital of the United States? Why the "open season on cops?" In 1969 there were 86 slain, a 34 percent rise over 1968. In 1970 the number rose to 100. So far this year, with only five months gone by, at least 49 policemen have been killed.

In the June 7th issue in the U. S. News & World Report is an article headed "As Fighting Slows in Vietnam; Breakdown in GI Discipline." Also in the article is a picture of a GI going out to battle, wearing his medals and the Peace Symbol around the neck, along with bullets. With the war fading away, the U. S. Army's hold on its men appears to be fading, too. Boredom, activists, and drugs all are contributing to the serious situation. It is time that Americans wake up to the fact that there is an undercurrent in the United States that is doing everything in its power to break down our government. When it comes to the place where the laws of our state are deliberately broken by small municipalities, and the people of such places uphold this lawlessness and give it full support, our country is in a disgraceful condition, and our democratic government eventually will fall, and be replaced by dictatorship of some nature.

Sometimes it is wondered if the leaders of our nation, who it appears has closed the mouth of my favorite, Vice President Spiro Agnew, or else he would have taken a larger part in the recent Washington march of the revolutionaries, are appeasing the Russians in every way possible. Authorities on the "U.S. - Russian Thaw" say that Moscow fully expects to come out ahead in any negotiations, counting on widespread dissension in the U. S., and strong pressures on the Administration at home to reduce global commitments. Analysts also note that for the past five years, the U. S. has deliberately allowed the Soviets to gain ground in nuclear armaments. After 19 months of arms-control negotiations, the Russians have pulled substantially ahead in intercontinental ballistic missiles. Some officials fear that the continued deployment of the huge 25-megaton S-9 missile could give the Soviets the capacity to destroy in the first attack, virtually all 1000 U. S. Minuteman missiles.

President Nixon made a statement after the May 20th talk with Soviet Officials that the agreement between the two nations marked the beginning of a "new era" in which countries would devote the resources to peace and not to weapons.

However, experts are warning us that the Soviet leaders have a different concept of "success." Their "success" means only world control, and through deceit, double dealings and trickery their "success" will be fulfilled through the American people's slothfulness and apathy to what is going on around them.

What a wonderful week was the week spent in Kansas. The Centennial Prairie-100 for Russell, Kansas where the editor was born, was in full sway. The editor's graduating class of 1921 held a 50 year's celebration by having a banquet entertainment, and meeting of old friends, seeing many for the first time since the graduation fifty years ago. The United Brethren Church services and luncheon on Sunday, with more food than I have seen in a long time; the May 31st Memorial Day Parade and Memorial Day ceremony at the City's cemetery; the Thursday parade with many beautiful floats, and the luncheon Thursday noon called "The Good Neighbor and Pioneer Luncheon," which also honored Mary Mc Connell's mother, Mrs. Opdyke, as being the oldest living native of Russell County, were enjoyed. Mrs. Opdyke will be 100 years old on December 25, 1971. Each day of the week was filled with entertainment, from a real old time German Wedding to the "Brothers of the Brush" ceremony in burying of razors and brushes.

One of the larger pieces of moon rock was on display at the Russell Library all during the week. Thursday and Friday nights a Historic Pageant, "Post Rock to Moon Rock" was acted out by local citizens showing scenes from the earliest days in Russell to the present day.

The "Post Rock" name was given to commemorate the rock posts used in Russell County for barb wire fencing instead of cedar posts of the new era. Many farms and ranches are still using the rock posts that were made from 30 to 100 years ago, and they are still being made there. On Saturday, the day we started home, the "Time Capsule Ceremony" was held. Historic items were placed in a capsule to be opened 100 years from now.

The parts of Kansas that we were in has had bountiful rainfall, and the country was beautiful with green in every direction you looked. The rolling green hills, the creeks and rivers were a delight to behold.

Saturday, on our way home, it started raining on us before we reached Amarillo, and continued with intermittent heavy rain, hail, and sprinkles until we were approximately 20 miles from Plains and dark rain clouds covering the sky.

Suddenly the editor asked: "What's that coming?" "It looks like a sandstorm to me," was the reply. The words were hardly spoken before it hit, and at times, we could not see more than 25 feet in front of us. Before we reached Plains, the sand had stopped but the wind continued until after we had gone to bed.

An amusing anecdote was heard on the streets of Plains after our return from Kansas. It was that the city well drilled on the Kerby place was fluctuating in depth of water. The reason? - Each time the Kerby's flushed their toilet, the water level in the well rose.

It surely is appreciated that this is only a joke. If it were true, the health board might enter into the transaction, and a new well would need drilling. However, it is true that the State Health Sanitation Board's regulations for a water well for public consumption, be as far away from a cess pool as 150 feet, and the City Kerby well is approximately 65 to 75 feet from one. All a person can do under these circumstances is to grin, hold your nose and drink the water, or drill a well for yourself.

THOUGHT FOR THE WEEK

"Fear is the lengthened shadow of ignorance."

1971 Graduation is over, but we have not forgotten. We would like to compliment the Seniors on the way they conducted themselves as they selected their gifts at our store. We'd also like to thank their parents and their many friends for their patience when they sometimes had to wait on us to help them when they came to pay on gift selections.

It's that kind of loyalty that keeps us in business.
Moore-Oden, Inc

Tokio News
By Fern Lowrey

Mr. and Mrs. L. L. Smith went to El Paso last Tuesday to attend the funeral of her uncle, Mr. Jim Stuart.

Jimmy Curtis, Brady Phillips, Steve Warren and Billy Romans left Sunday for the Jim Carlen football camp at Matador and returned home Wednesday.

Mr. and Mrs. Jesse Dearling, Mrs. Hoss Newsom, Mr. and Mrs. Gene Phillips, Mr. and Mrs. Billy Winn, Mrs. Claude Bowers, Dick McGinty and their children attended the 4-H play day in Brownfield Saturday.

Mr. and Mrs. Claude Addison accompanied their daughter, Debbie to College Station last week to enter the State 4-H contest. Debbie won first place in 4-H Nature Resources in District.

Mrs. Ethel Alexander was the Sunday guest of her brother, Mr. and Mrs. Roy Harris in Brownfield. Mrs. Alexander's grandsons Tommy Alexander and Richard Grimes of Brownfield spent the week with her and helped around the ranch.

Troy Wilkins accompanied Mrs. Vaughn Culwell and Juli to visit her parents Mr. and Mrs. Shorty Cisco at Childress over the week end.

Chris Ervin of Levelland was the over night guest of his cousin, Toni Lowrey Saturday. His parents, Mr. and Mrs. Joe Ervin and Gayla came after him Sunday and had lunch with the Roy Lowrey's.

Tracy and Tonya Lowrey returned home Saturday after spending the week with their grandparents, Mr. and Mrs. Mildard Martin in Levelland.

Guests Sunday of Mr. and Mrs. Melvin Lowrey and children were Mr. and Mrs. Rowe Stephens and family of Plains.

Jimmy Taylor filled the pulpit at the Tokio Baptist Church Sunday for both services.

Bro. Horace Kennedy of Ely, Nevada, former pastor of Tokio Baptist will hold the Revival at the church starting June 13 until 20th. Services will start at 11 a.m. and 8:30 p.m.

Jerri Jones visited Wednesday till Sunday with Mr. and Mrs. Jim Fitzek and family in Fort Worth.

Cindi Jones went to Cloudcroft, New Mexico with Mr. and Mrs. W. O. Batten and Wanda Wednesday and returned Saturday.

Visiting Cindi Jones this week is Cynthia Snell of Lamesa. Mr. and Mrs. Butch Gayle, Mr. and Mrs. Russell Gryder were Sunday guests of their parents, Mr. and Mrs. Loren Gayle.

Mr. and Mrs. Russell Stephens visited her parents, Mr. and Mrs. A. B. Williams.

Pam McDonnell is spending the week with her grandparents, Mr. and Mrs. Amos Smith while her parents, Mr. and Mrs. Duane McDonnell are vacationing in Colorado.

Glenn Ray Waters left Saturday to attend Boy's State in Austin this week.

Capt. and Mrs. Kenneth Brooks of Jacksonville, North Carolina are visiting her father, W.M. Taylor. Capt. Brooks was discharged from the Marines in April. Also visiting Mr. Taylor is his son, Roy of Austin who will remain for the summer.

Visiting Mr. and Mrs. Wayne Sherrin this week is their grandson Derrell Sherrin of State Line. He is helping his grandfather drive the tractor. Supper guests Monday night of the Sherrin's were Mr. and Mrs. Red Moore of Brownfield.

Mr. and Mrs. Ronnie Esill of Odessa visited her parents, Mr. and Mrs. Quenton Johnson.

Mr. and Mrs. Ray Bearden and children, Mrs. and Mr. C. C. Perkins, N. C. Clanahan, and Jerry Lowrey enjoyed lunch together Sunday in Plains. The Beardens then went on to Denver City to visit his parents, Mr. and Mrs. R. S. Bearden, Sr. and Mr. and Mrs. James Bearden.

State Line News
By Margaret Box

Mickey Dixon of Union came Friday to spend the summer with Mr. and Mrs. Tom Box and Tommy Guy.

Mr. and Mrs. Kent Welch children of O'Donnell visited her parents, Mr. and Mrs. R. G. Hartman Sunday.

Clifton Wood of O'Donnell is visiting his sister, Mrs. Don Young and family.

Tragedy struck the Garland Brown family Tuesday when his brother, Marvin Lee Brown Jr. of McDonald shot and killed his father, Marvin Lee Brown, Sr. of Bledsoe and then killed himself on the Brown farm west of Bledsoe. Services were held Sunday in the Methodist Church in Tatum with burial in the Tatum cemetery. Marvin Brown, Sr. was survived by his wife and 4 sons, Lloyd of Bledsoe, Ivan and Donald of Crossroads and Garland, 2 brothers and 2 sisters, and grandchildren. Marvin Jr. was survived by his wife, Edna, a daughter Kathy of the home, and son Lee Marvin of U.S. Navy and grandson, besides his mother and 4 brothers.

Lee Marvin Brown of the U. S. Navy returned home from the Pacific for the funerals. He is married to the former Billie Jane Williams, who has been living with her parents, Mr. and Mrs. Newell Williams while he was at sea. They have a 2 year-old son, Buster.

Mr. and Mrs. R. K. Field, Mrs. Lloyd Greathouse, Mr. and Mrs. Tommy Burris, Mr. and Mrs. Tom Box, Mrs. and Mr. Lee Roy Box and girls and Mr. and Mrs. Newell Williams and Newlene attended the Brown's funeral Sunday in Tatum.

Mr. and Mrs. Mike Whitten of San Angelo spent the weekend with her mother and grandmother, Mrs. Alma Lynn McGinty and Mrs. J. V. Been, on Saturday Mr. and Mrs. Ty Earl Powell and son, Mr. and Mrs. Willis Carnahan enjoyed ice cream in the Been home.

Mr. and Mrs. Murl Thompson returned home from Okla. where they visited her mother.

Mrs. Roy Perkins received word last week her mother, Mrs. W. E. Goldston, fell and broke her thigh. She is reported to be doing as well as can be expected.

Dr. and Mrs. Jerry Brown of Nebraska are in the Hobbs or Lovington area as a veterinarian. He is the son of Mr. and Mrs. Garland Brown.

Mr. and Mrs. A. H. Bacon of Clute and Mrs. Burk of Frankston visited Mr. and Mrs. Terry Bacon and family last week. They brought Jennifer Bacon home.

Mr. and Mrs. Clark Jones and Jimmy visited in Spur and Wichita Falls Saturday and Sunday. Bonnie Sue visited Beth Box while her grandparents were gone.

Mrs. Lorena Houston and Mrs. Les Barr of Lovington left Thursday for Bartlesville, Okla. to visit her daughter, Patsy Fulton, and family, also to see her first great grandson. Mrs. Clinton Houston and Mrs. Royce Trout are working in the Bronco store.

Janice Martin of Levelland is visiting her sister, Mrs. Travis Jones, and family.

Mr. and Mrs. Robert Young had as overnite guests Sunday, Mr. and Mrs. Art Campbell of Boise, Idaho, cousins. Supper guests were Mr. and Mrs. Foy Cogburn, Mr. and Mrs. James Cogburn and children, and Mr. and Mrs. Eddie Cogburn and girls of Denver City.

98% of the men go to the barber.
99% of all households use shoe polish.

SUDIE THOMPSON CHDA★ Says

June is Dairy Month and don't forget the high quality of dairy products.

What's the secret to fresh, good milk daily? Keep it cold, keep it covered and keep it in the dark.

Temperature, age, and handling conditions affect quality and flavor of all dairy products. To stay at peak quality, milk and fresh dairy products should be maintained at a temperature below 40 degrees F.

When dairy products are stacked too high in grocers' dairy cases or when they sit out in the aisle for long periods, the temperature goes above 40 degrees and quality goes down. Or if you take an hour to get home from the grocery store or let milk and other dairy products remain out for even 20 minutes, quality can be lost forever.

Milk properly handled and stored constantly between 33 and 40 degrees F. may keep as long as 24 day. But the same quart stored at 50 degrees F. may keep and be drinkable for only 24 hours. It develops a high bacterial count and possible off flavors, such as bitter or sour taste.

Dairy products have little consumer information on the labels because they are submitted to strict quality controls all the way from the producer to the supermarket. Federal and state laws define the contents, both specific and optional ingredients, permitted for milk, ice cream, sour cream, butter, ice milk, cottage cheese and sherbet. In addition to individual knowledge, then, the consumer can depend on these quality controls of dairy farmer, processors, transporters, warehousemen and grocery store personnel for the care of dairy products.

From infancy throughout adulthood, you need the nutrients of milk. Without milk in your diet it is hard to get enough calcium for healthy bones and riboflavin for healthy skin and nerves.

Milk also supplies high quality protein at low cost. A quart of milk gives children most of their recommended daily dietary allowance of protein, and more than half of the protein for teens and adults. Milk also contains good amounts of vitamin A, phosphorus and thiamine. However, milk and dairy products provide very little iron and vitamin C.

Aluminum foil is the camper's pal. It makes an excellent reflector to throw heat inside a tent or, in smaller versions, to bake biscuits next to the fire. Between a forked stick it makes a crude frying pan. Formed over a fist it can be a drinking cup, on your head a rain hat, and over a fishing lure, a lure of new shape and color—SPORTS AFIELD.

Begin your hunt for a big-game guide by laying plans well in advance of your projected trip. A year ahead isn't too soon, and six months ahead is getting on the late side. —SPORTS AFIELD.

LOOK WHO'S NEW

Mr. & Mrs. Frank Whitlock are proud grandparents again. A new grandson, David Lowell Whitlock, arrived June 4th, 1971. He weighed 6 pounds and 6 ounces. David Lowell was welcomed by his parents, Lowell and Ann Whitlock and a 6 year-old sister, Natalie, besides his paternal and maternal grandparents. Mrs. Frank Whitlock has been in Houston for several days helping to tend to the new arrival, but is expected home in a day or two.

Bridal Shower

A Bridal Shower for Gaye(Trout) Hudson will be held Monday June 14, from 2-4 p.m. in the old Courthouse Club Room. All are invited to attend.

| 23. R. M. Carothers, P | 47. Gaylon Tekell, P |
| 24. C. R. Gayle, Tokio | 48. J. M. Tippett, P |

Taxpayers Ask IRS

This column of questions and answers on federal tax matters is provided by the local office of the U.S. Internal Revenue Service and is published as a public service to taxpayers. The column answers questions most frequently asked by taxpayers.

Q My mother, whom I claim as a dependent, plans to take a part-time job. Has there been a change in the amount of gross income which a person may have and still be claimed as a dependent?

A Yes. For the year 1971 you may claim as a dependent a person who has gross income of less than \$650. This compares to \$625 for 1970. Of course, the other four dependency tests must also be met.

Q Does the Internal Revenue Service pay interest to the taxpayer when it is late in issuing a refund?

A Yes. However, the IRS has 45 days from the due date of the return or the date of filing, whichever is later, to issue a refund without payment of interest. If it takes longer than that, interest at an annual rate of 6 percent from the due date or the date of filing, whichever is later, is added to the refund.

Q I am going to work as a waitress at a summer resort this year. Much of my earnings will come from tips, and I will be furnished room and board. Are these taxable?

A Tips are taxable income. If the tips amount to \$20 a month or more, they should be reported to your employer by the 10th of the following month so that they can be credited for social security purposes. Your employer will also make the necessary adjustments for tax withholding. All other unreported tips are includable in your income at the end of the year.

Meals and lodging are not taxable if they are furnished without charge on the employer's premises and for his convenience, and you will not be hired unless you accept the lodging although it is not necessary that you accept the meals.

Q My partner and I have decided to incorporate our business. Must we get a new Employer Identification number?

A Yes. You must apply for a new Employer Identification number for the use of the new corporation.

Q The new E. I. number must be used on all current returns, payments, and tax deposits. Use of the old E. I. number will mean that your transaction would not be properly credited.

Q A new E. I. number must also be obtained when a business changes from a sole proprietorship to a partnership or from a partnership to a sole proprietorship.

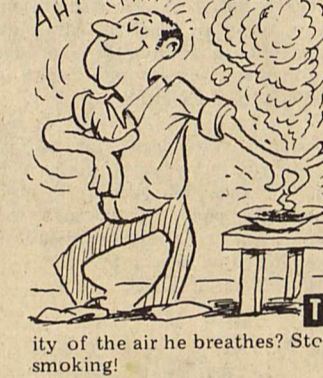

Q I'm buying a house this summer. What records of the transaction should I keep for tax purposes?

A You should keep the records showing purchase price of the house and any improvements you make to it that would affect your cost basis. This information is necessary to determine whether you have any gain to report when it comes time to sell.

Each year you should keep a record of the property taxes and interest paid on mortgage loans. These can be deducted on your income tax return if you itemize.

More information can be found in Publication 530, Tax Information on Deductions for Homeowners, available free from your IRS District office.

Advertisement For Bids

Notice is hereby given that the Commissioners Court of Yoakum County, Texas will receive bids for annual repairs and new construction work. Such bids to be delivered to the County Clerk of Yoakum County, Texas at any time prior to 10:00 o'clock A.M. on the 21st day of June, 1971 and such bids will be opened at 10:00 o'clock A.M. on said date.

The labor, materials and equipment for which bids are sought is described as follows: Sealing, paving and leveling roads in Yoakum County for a period of one year from date bid is accepted.

The Court reserves the right to reject any and/or all bids.

Ruby Heald - County Clerk Yoakum County, Texas

Published in the Plains Review June 10, and June 17, 1971.

Effects Of Smoking

If you're still smoking, think about the next drag you take. Know where that hot smoke goes? Into your mouth, down your windpipe, into your bronchial tubes. The smoke is filled with sticky tars and harmful gases. The tars and gases irritate the cells lining your bronchial tubes. The smoke triggers an excessive secretion of mucus.

The trouble is you can't see all this happening. But eventually you can feel the effects. You develop a chronic cough, for instance.

Smoking causes chronic bronchitis, an inflammation of the bronchial tubes that hangs on or keeps coming back. Deep coughing and thick mucus make breathing difficult. The flow of air in and out of your lungs is slowed down.

In fact, smoking just one cigarette immediately throws off the balance of blood in your lungs. The imbalance can be measured after a few puffs.

Then there is emphysema. In a recent issue of the Journal of the American Medical Association, three researchers Auerbach, Hammon and Kirman—reported an experiment that implicated smoking in the development of emphysema.

Through special tubes, the researchers taught ten dogs to inhale the smoke from 84 cigarettes a week. For fourteen months. All of the dogs developed various degrees of emphysema which was undistinguishable microscopically from human emphysema. For people and dogs who suffer from this disease, which has no cure, each breath is a terrible struggle.

Why not kick the habit right now? Better believe your tuberculosis and respiratory disease association. They know it's a matter of life and breath.

"New Numbers"—All passenger car tires made after May 22, 1971 are required by Federal law to have the new-type serial number shown above. "DOT" means the tire meets or exceeds Department of Transportation safety standards. "WY" is the code number assigned by DOT to the manufacturing plant. "L9" is the tire size (G78-14, in this example). "ABC" is a group of up to four symbols, optional with the manufacturer, to identify the brand or other significant characteristics of the tire. "261" means the tire was made during the 26th week of 1971.

Action Committee

The regular meeting of the Yoakum County Board of Directors will be held on June 10th at 8:30 p. m. till 9:30 p. m. at the Community Action Center in Plains.

- AGENDA
1. Call to Order by the president, Roy Edwards
 2. Reading of the Minutes, Mrs. Sally Torres
 3. Staff Report, Miss Lupe Flores
 4. Family Planning Report, Mrs. Esther Nevarez
 5. Mrs. Tippett reports on Plans for Spanish Classes
 6. Other Business:

Sincerely,
Roy A. Edwards

The way to weight a live minnow rig isn't to pinch a split shot on the leader above it. This kills the minnow's action. Instead, put the shot in the minnow's mouth and seal it with the hook through its lips. — SPORTS AFIELD.

KEEP IT CLEAN

DEAR MRS. WHITE: Due to a faulty washer on our kitchen faucet we have rust stains in our sink because of the faucet leaking. Is there anything, short of refinishing the porcelain, that will remove the rust stains?

MRS. T.E. DEAR MRS. T. E. Saturate a cloth with Super Cleaner and place on rust stains. Let set overnight. The next day stains will be easily removed.

DEAR VIRGINIA WHITE: In trying to do my bit for ecology, I have been using a phosphate-free detergent. I fully realize that phosphates were great for removing stains and heavy soil and that if we are to clean up our waterways we should all be using phosphate-free detergents. Now for my problem. Phosphate-free detergents do not remove, entirely, stains such as blood and grass and I cannot use chlorine bleach in our area. Can you help? MRS. R.V.

DEAR MRS. R. V.: Try a non-chlorine bleach for difficult stains, such as Miracle White Non-Chlorine Bleach. This product contains no phosphate and is completely biodegradable. Miracle White Bleach will safely remove set-in stains and heavy dirt and soil.

Young People

To Glorieta

Thursday morning at 8:30, 30 young people and sponsors from the First Baptist Church left for Glorieta, New Mex. for a Youth Camp. They will return Wednesday June 16.

Mr. and Mrs. John Nance, Roger Harvey, Mrs. Sidney Murphy and Mrs. Helen Worsham will go with the young people as sponsors, Mr. and Mrs. Douglas Patton and the pastor and his wife will also spend a few days with them.

There will be young people and adults from all over the U.S. at this assembly. Usually there are about 2,500 people attending for the week.

New Tire Safety Law

WASHINGTON, D. C. -- The Chairman of the Tire Industry Safety Council today urged all motorists, tire dealers and distributors to familiarize themselves with the new tire identification and record keeping system and help make it work for safety's sake.

"The system is designed to give added safety benefits to the tire buyer," said Ross R. Ormsby, Chairman of the Council. "In the unlikely event that a defect is discovered later in a certain lot of tires, the manufacturer will be able to notify everyone who bought one of those tires."

The new system of tire identification and record keeping went into effect May 22nd, under federal law. All tires manufactured after that date must carry a new type serial number which identifies the manufacturing plant, the tire size and type, and the week of manufacture.

The tire retailer is required by law to record the name and address of the person who buys each such tire, along with the new serial number, and return it to the manufacturer. The manufacturer then stores the information for later use, if necessary.

"The full cooperation of everyone in the chain of distribution is absolutely essential to make the system work," Ormsby said. "A great deal of expense and some inconvenience is involved, but it is the law."

The manufacturers have set up elaborate and costly programs, usually with computer help, to handle the huge volume of record keeping. The U.S. industry produces about 200,000,000 passenger car tires a year. Only a very tiny fraction of them have been involved in safety defect investigations.

Record keeping is not required by law for tires manufactured before May 22nd. As a result, registered and unregistered tires may be sold side by side for some months.

The new serial number will appear on the sidewall of the tire, near the rim of the wheel. It might look like this: DOT WYL9 ABC261.

"DOT" means the tire meets or exceeds Department of Transportation safety standards. "WY" is the code number assigned by DOT to the manufacturing plant. "L9" is the tire size, in this case G78-14. "ABC" is a group of up to four symbols, optional with the manufacturer, to identify the brand or other significant characteristics of the tire. "261" means the tire was made during the 26th week of 1971.

The Tire Industry Safety Council is made up of all U.S. manufacturers of passenger tires.

Veterans Hit High Of 28.2 Million

The number of American veterans hit a high of 28.2 million this month, the Veterans Administration announced today.

The VA said the number of living veterans is likely to continue to increase in the foreseeable future since the military discharge rate has been running over 80,000 a month and older veterans have been dying at a rate of about 26,000 a month.

Of VA's 28.2 million veterans, some 25.1 million served during a wartime period and an additional 3.1 million served after the Korean conflict and before the Vietnam Era—Feb. 1, 1955 to Aug. 4, 1964 inclusive.

Most of the million veterans now in training under the post-Korean G.I. Bill served during the Vietnam Era (after Aug. 4, 1964) and this group also makes up the large bulk of those now applying for G.I. loans.

In contrast, these young Vietnam Era veterans compose only 15 percent of the patients in VA hospitals, and about 10 percent of those on the disability compensation rolls.

Veterans who served after Jan. 31, 1955, are eligible for all VA benefits. While time has run out for World War II and Korean conflict veterans for G.I. Bill education benefits, unused portions of home loan guaranty benefits have been restored.

Veterans interested in VA benefits' information should contact their local VA office or veterans organization service officer.
