## Queen's Contest Started

The Plains Rodeo Association started their 1971 program Monday morning with a "kick off" breakfast for the Queen candidates. There are only three candidates for the Queenship this year, where last year there were five.

Present at the breakfast were the Queen of the Rodeo of 1971, Miss Denise Newsom, daughter of Mr. and Mrs. D.C. Newsom of Plains, who was sponsored by the Plains Lions Club in 1970. Queen Candidates, Miss Lola Bearden, daughter of Mr. and Mrs. Thomas Bearden of Plains, Newsom. The new officers will preside at the July 1st meeting.

The following officers were installed; Lion Boss (president) D.C. Newsom; 1st vice president, R.M. Carothers; 2nd vice president, S.L. Tingle; Secretary, P.W. St Romain; Treasurer, Leo White; Lion Tamer, Klel Qesenberry; Tail Twister, A.E. (Dick) McGinty; Assistant Tail Twister, Calvin Smith; Roy A. Edwards and James Warren were installed as new members of the board of directors.

Lion Boss Wilson Duke honored Lions Club Sweetheart, Miss Jan McCravey with a lovely travel clock and expressed the Club's appreciation for her association with the Club and her fine musical entertainment at each meeting. Miss McCravey retired from the position of Club Sweetheart and will attend South Plains College at Levell and this fall.  
Mr. Billie Moore is an ardent Lion and member of the Brownfield noon club. He briefly addressed the Club, highly praising it for its past activities and enthusiastically encouraging it on the praiseworthy manner in which the Club has performed.  
Mr. Moore has been a frequent visitor of the Plains Club as Zone Chairman and as deputy District Governor. In speaking of his retirement from this office Mr. Moore reported that Mr. Bob Levo, New District Governor has appointed Mr. Murrell C. Thompson of the Plains Club as the new deputy district governor of this district, 2-T-2.

The Plains Club is highly honored with this appointment. While this Club has had several zone chairmen appointments, this will be the first time that a member of the Plains Lions Club had held this honored position. Mr. Thompson has been a member of the Plains Club for about ten years and was Zone Chairman for this zone for the year 1966 and '67.

## Pool To Open At Night

Swimming pool business has been almost too good since the pool opened. Average daily attendance has been about 60 and is expected to rise when temperatures go up.

A 10 1/2 foot water slide has been ordered and should be in by July 1. Swimming lessons will begin again on Monday June 28. A few places are left so reservations for classes should be made with the pool manager before Monday.

The swimming pool may be rented for private parties any day after 6:00 o'clock. The charge is \$10.00 for two hour parties.

Starting on Thursday, July 1 the pool will be open from 8:00 to 10:00 at night for an adult swim. Charge will be 35¢ per person and anyone over 21 may swim at this time. Couples will especially be welcomed. This will continue throughout the remainder of the summer if interest is great enough.

The swimming pool is one of the best places for recreation and relaxation, so use your pool as much as you possibly can.

**Mr. & Mrs. Ralph McClellan Visits Relatives**

Mr. and Mrs. Ralph McClellan of Fairfield, Texas visited his daughter in Lubbock then on to Plains to visit his mother, Mrs. Walter McClellan and other relatives for a few days last week. They left Saturday morning, June 19th on their way to the Travco/Dodge Motorcade Club National Summer Rally at Wisconsin Dells, Wisconsin, June 25th and 26th. This is located on the banks of the mighty Wisconsin River.

All across the continent, preparation and early reservations were sent in for this rally. The advertising was sent out in Indian style. The drums beat, smoke signals and council fires summoned the members of the great Travco/Dodge Tribal Nation to the Dells.

When they arrive for the big pow-wow, they will find coonskin hats on frontiersmen, trappers, fur traders, circuit riding missionaries, shifty-eyed gamblers, dance hall girls, range riders and pioneer women preparing to join them for the costume contest. There will be a queens' contest for the fairest teenage maidens. The winner will return to her reservation publicly acclaimed the fairest of all the fair princesses. Other contests will test the skill, daring and endurance of the braves, squaws and papooses.

After all the different contest, dancing and feast is over and the final pipe of peace is smoked, some of the trappersmen will return to their home hunting grounds, but many will travel north and east together, to visit brothers in the land of the north in Canada, and to the Eastern States, back through the Southern states. Ralph and Ina are hoping that they can make this trip but were not sure it would be possible at the time they were in Plains.

Ralph and Ina attended the Punta Gorda, Florida winter rally, which was officially opened on Friday, January 22nd with an invocation by Dr. Lynn Huff, and an interesting program followed. Over 500 motorcaders attended this Florida rally.

During each night of the rally, drawings were held for door prizes, and Ralph won an electric (battery) clock donated by Magic Chef. The closing activities began Sunday night with songs by Travco's own pretty and talented Teen Queen, Tricia Weaver. The Florida Beach Club Jamboree came to an end at dawn Monday morning, January 25th. Ralph said that a freeze there kept them from going swimming as had been planned.

Ralph and Ina also have enjoyed the Hodges Gardens Rally in Louisiana with the entertainment beginning with a fish fry Friday night and continued through Sunday. 39 Motor Homes from 10 different states were at this rally. They also attended the April 23, 24 and 25th rally held at Lewisville Park on Lake Dallas. Ralph and Ina belong to the Texas and Louisiana Travco/Dodge Motorcade Clubs. The Louisiana Chapter is called "Cruisin' Cajuns Family Motor Coach Chapter of Louisiana." They have a C-B Radio, #K.D.V. 6005, and can use it while driving down the road. The channel call Monitor code is Channel No. 14.

These motorcades are held somewhere in the U.S., almost every month of the year, and the ones who aren't reti-

red must pick the ones that their work will allow.

Ralph is working for Glazner Hardware & Appliance at Fairfield, Texas and is doing electrical and plumbing work for them, plus many other calls. He has been working 6 days a week, and still must turn down jobs because he can't get around to all of them.

In the Punta Gorda, Florida Rally, it was voted that the National Winter Rally would be held in Texas sometime during the winter of 1971-72.

**Final Rodeo Results**

CLOVIS, N.M. - A New Mexico cowboy not listed in national standings bested the efforts of leading contenders for world rodeo championships and was the top money winner at the first annual Pioneer Days Rodeo which ended Sunday in Clovis.

Jerry Stroud, Portales, required only 11.7 seconds to win \$666 in calf roping, the only contest in which he was entered.

Phil Lyne (pronounced "line") George West, Texas, the current leader in all-around cowboy standings, was winless following attempts in both bull riding and calf roping Sunday afternoon.

Former world champion saddle bronc rider Bill Smith, Cody, Wyo., had to content himself with a tie for second place, two points behind Bobby Brower, Adrian, Texas, who won the contest - and \$392 - with a 69 point total. Smith currently leads for the 1971 saddle bronc title.

The 74 points scored Saturday night by Bill Stanton, Indian Valley, Idaho, held through Sunday and claimed for him the top spot in bull riding and \$423. Stanton is the nation's seventh ranked rider.

Fifteenth-ranked Jay Price Buffalo, S. Dak., got the nod over 32 other entries in bareback bronc riding and won \$368. His total tally on the two judges' books was 71.

In steer wrestling, contestants were allotted two rounds of competition. Phil Hatcher, Okemah, Okla., emerged with a low aggregate time of 13 seconds flat and \$365.

Lefty Wilkin, Hillsboro, and Frank Boyd, Rankin, Texas, won money in all three rounds of team roping, worth \$192 to each for 35 seconds' activity.

Barrel racer Celia Whitcomb, Sterling, Colo., the national frontrunner in her contest, ran the cloverleaf pattern in 17.7 seconds and collected \$252.

Rodeo officials, who said plans already were being formulated for 1972, quoted the three-session attendance at 8,500. Complete final winners:

SADDLE BRONC RIDING: Brower; Smith and Bill Martinelli, Oakdale, Calif., ties with 67; Wayne Harris, Albuquerque, 65. BAREBACK BRONC RIDING: Pr-

ice; Jay Himes, Beulah, S. Dak. 69; Joe Alexander, Com, Wyo. 66; Jimmie Dix, North Collie, West Australia, 65. BULL RIDING: Stanton; Bob Romer, Amarillo, Texas, 68; Bill Rineering Amarillo, and Tony Martinez, Roy, N.M., tied with 65. CALF ROPING: Stroud; tie between Pow Carter, Ft. Sumner and Tuffy Cooper, Monument, 12.7; Glen Franklin, House, 13.2. STEER WRESTLING: Hatcher; Jim Stevenson, Stratford Texas, 16.2; Jerry Peveto, Orange, Texas, 20.8; Mike Pettigrew, Clovis, 21.4. TEAM ROPING: Wilkin and Boyd; Jr. Vaught, Clovis, and Dillard Nuchols, Clovis, 46.5; John Wright, Clovis, and Al Gould, Albuquerque, 19.5 on two; Bob Lester and Tony Figueroa, both of Tucson, Ariz., 30.1 on two. GIRLS BARREL RACE: Whitcomb; Bonnie Wright, Clovis and Wandy Potter, Tucson, Ariz., tied with 18 flat; Kay Vamvons, Devol, Okla., and Vicki Helker, Forrest, N.M., tied with 18.1.

Competition was sanctioned by the Rodeo Cowboys Association and Girls Rodeo Association.

**Yoakum County  
ASCS News**

By W. M. Overton, County Executive Director, ASCS

**EMERGENCY TILLAGE APPROVALS:** Producers that requested emergency tillage cost-sharing for deep plowing, chiseling or listing for work done on or after April 14th, which was not a part of normal farm operations, have been mailed practice approvals. These approvals, with the measured acres, depth plowed, chiseled or listed must be completed and turned in not later than June 30th to be eligible for payment. All approvals not reported by June 30th will be canceled.

**CROP AND LAND USE CERTIFICATION:** Program certifications are being taken at this time. The final certification date is August 1st. Producers should keep in mind that an accurate certification is extremely important. Incorrect acreage reports could result in partial or total loss of payments. At least 15 percent of the farms will be checked after certification. The 15 percent is a requirement to see that reported acreages are correct.

**SET-ASIDE ACREAGE:** Farmers when certifying will report the measured set-aside acreage and will show on a map where the land is located on the farm; will state that the set-aside is or is not of eligible cropland which is at least equal in productivity to other cropland normally devoted to the crop for which payments are being made. If the farm has irrigation will state if the set-aside is or is not within the irrigation system. Some reductions in payment will be made due to less productive land being set-aside or set-aside not within the irrigation system on irrigated farms. Set-aside acreage should be in plots of not less than 4 acres, not more than 5 plots per farm, and not less than 1 chain wide, unless in an approved skip-row pattern.

**PREVENTED PLANTING OR DESTROYED CROPS:** June 15th was the final cotton required planting date. Since some parts of the county are still dry farmers that could not plant by the June 15th date, due to the drought, may (if they do not wish to have late cotton), file a request for prevented planting and history credit. This may be done by not later than June 30th. Farmers that lose cotton due to other weather hazards after it is too late to plant may also file requests for program payments and history credit. The requests must be filed within 15 days from date of loss and before other use is made of the land. July 1 is the final required planting date for grain sorghum, if the farm has not had sufficient moisture to plant grain by the July 1st date producers may file a request for program payments and history credit within 15 days.

**MEASURING SERVICE:** Farmers that have made application for measuring service should notify the county office when they are ready for their crops to be measured. Applications are still being taken for this service and all requests will be filled if help is available.

**HAYING, GRAZING AND LIVESTOCK FEED PROGRAMS:** Haying and grazing of set-aside acres has been extended to November 1st and for CAP land to September 30th. Requests for haying and grazing must be filed before the land is grazed or any hay cut. The Livestock Feed Program has been extended to September 30th also.

**SUMMER COVER CROPS:** Farmers that wish to request cost-sharing for seeding summer cover crops should file their requests immediately.

**HOLIDAY:** The ASCS office will be closed July 5th to observe Independence Day.

**--To End Long  
Journalistic Career**

AUSTIN, Tex. June 18 — Vernon T. Sanford, general manager of the Texas Press Association for almost 24 years, will retire on July 1.

Already presented with a half-dozen plaques and honors by various regional press groups with whom he has worked, as well as a resolution from the Texas Senate, he accepted the plaudits of the profession and announced he would go to Montana in early July "to do a little fishing."

He and his wife, Allyne, plan to continue to make their home in Austin, but hope to do quite a lot of traveling in Texas.

Sanford has been general manager of TPA since December 1, 1947, when he moved to Texas from his native Oklahoma. Since that date he has been a guiding force for the 634 daily and weekly newspapers of Texas, working quietly "behind the scene" to upgrade the journalism profession and help charter the course of newspapers in the state.

Today the organization is recognized as one of the leading press groups in the nation.

Sanford came to Texas from a 13-year career as secretary-manager of the Oklahoma Press Association. He set up the first TPA headquarters in one room, with one employee, in the Baker Hotel in Dallas. Next year the office was moved to Austin to be near the Capitol.

Recently he saw a major goal accomplished when the 91-year-old association moved into elegant new headquarters at 718 West Fifth Street in Austin — its first wholly owned, permanent home.

A native of Chickasha, Oklahoma, Sanford is a graduate of the University of Oklahoma and earned a masters degree of journalism degree from the University of Missouri.

Before joining the Oklahoma Press Association, he worked briefly in the same capacity for the Nebraska Press Association.

He began his newspaper career at age 10 as a carrier boy and printer's devil for the Chickasha Daily Express. He was employed by the Express for 10 years in circulation, reportorial and advertising departments. He left the Chickasha daily to enroll in the University of Oklahoma and join the staff of the Norman Daily Transcript. He also worked for and had an interest in the Democrat-News, a morning semi-weekly newspaper in Norman. At one time he operated his own advertising agency in Norman. Following graduation from MU, he became advertising manager of the Anadarko Daily News.

Honors have been bestowed upon Sanford in numerous realms. At age 19 he was awarded the first Legion of Honor Degree by the Chickasha Chapter of the Order of De Molay.

He is also a member of two outstanding honorary groups at the University of Texas in Austin: Alpha Delta Sigma, advertising fraternity, and Kappa Tau Alpha, national journalistic honor society.

He has an honorary lifetime membership in the National Press Photographers Association and is a lifetime member of Sigma Delta Chi, national journalistic fraternity.

In 1959 he was commissioned an Admiral in the Texas Navy by Gov. Price Daniel.

On the national level, Sanford has been president of Newspaper Association Managers and three-time chairman of National Newspaper Week, an annual promotional event sponsored by NAM.

In addition to membership in the Outdoor Writers Association of America, he belongs to the Texas Outdoor Writers Association and served as secretary-treasurer and bulletin editor for many years.

He is a director of the Texas Public Relations Association and is affiliated with the Texas Society of Association Executives, the Austin Ad Club, the Dallas Press Club, the Austin Society of Industrial Editors, a member of the Headliners Club, the Texas Press Club, Bass Anglers Sportsman Society and is an honorary member of the Capital Bass Club of Austin.

Sanford's hobbies have had a place in his professional life with the Texas Press Association. Currently he edits the Texas Press Messenger, a monthly magazine for Texas newspapers; a weekly Members' Service Bulletin; and produces four weekly columns: Outdoors in Texas, Tips for Outdoorsmen, News for Outdoorsmen and a State Capital News Column entitled Highlights and Sidelines from Your State Capital. His columns are some of the most widely published and widely read in the state.

**FOR THE FAMILY MANAGER**

**ITEM:** You can "store" food in your freezer for emergency situations such as the arrival of unexpected company. Make double batches of foods that are cooked like soups, chili, cakes and rolls. Serve half, reserve the remainder for the freezer.

**ITEM:** Your sewing machine is precision equipment that needs proper care. Sewing machines are built for sturdy use, yet lint buildup can throw the tension of a machine out of balance; grit or fibers from metallic cloth can cause motor damage. After eight hours of sewing time, clean lint from machine and oil it. Use a lint brush to clean the feed dog and thread-handling areas.

**Household Equipment**

To get the most efficient use and longest possible service from the equipment you buy, read the manufacturer's instructions carefully and follow them exactly, reminds Doris Myers, Extension home management specialist at Texas A&M University.

Equipment that is kept clean, oiled and in proper adjustment lasts longer. An alert eye and ear can save costly repairs. If you hear an ominous grind in the motor or notice that an appliance is not working, call a service man.

Refer to your warranty. It may assure you of service on new parts if the appliance does not work properly through no fault of your own.

To help keep the appliances you have in top working condition, follow these tips.

Never force gears, controls or working parts. Don't overload equipment; overloading causes wear and possible damage.

Set controls according to the manufacturer's instructions. When connecting an electric appliance, plug the electric cord into the appliance first, then into the outlet.

When disconnecting an electric cord, always grasp the plug. Don't pull the cord.

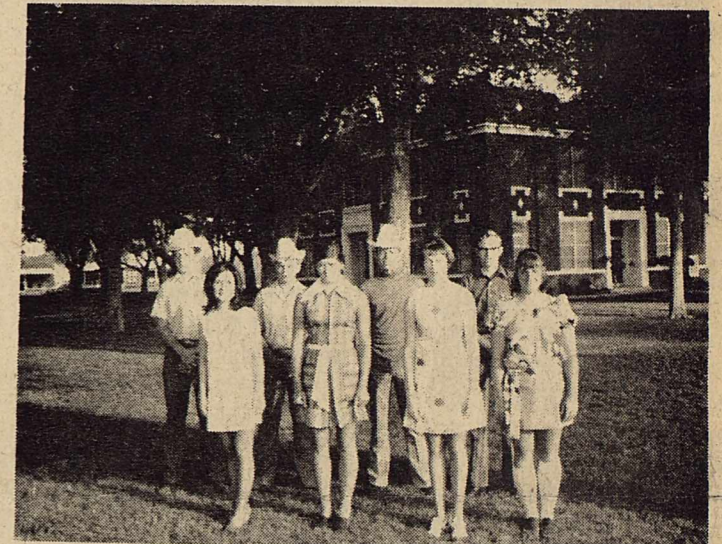

Allow hot appliances to cool before storing.

Coil electric cords loosely. Hang them over two supports or store in a drawer. Do not wrap the cord around a hot appliance or bend sharply.

Always put equipment away clean and ready for use. Avoid overloading electric circuits.

If you follow these suggestions your equipment will last longer and give much better service.

**4-H Leadership Workshop**

Nine 4-H boys and girls from Yoakum County attended the 4-H Leadership Workshop in Levelland Tuesday, Wednesday and Thursday of this week. They were (pictured left to right) Gail Rucker, Denise Newsom, Debbie Addison, Kathleen McGinty and Shelley Williams (Not pictured), Back Row, Tommy Guy Box, Dale Cleveland, Troy Wilkins, and Melvin Deering. Six of this group will be chosen by a committee appointed by the Yoakum County 4-H Adult Leaders Association.

Gail, Debbie and Melvin are members of the District II 4-H Council which entitled them to go since there was a special group for the District 4-H Council.

The 4-H'ers were divided into three groups and each group attended three sessions on a totalation basis. The groups were on 1. Communications, 2. Selecting a Career, and 3. Recreation.

The Home Demonstration Council gave \$40.00 to help pay expenses and the Yoakum County 4-H Council contributed \$5. The 4-H'ers stayed on the Campus of the South Plains College the entire time while at the workshop. But it wasn't all work for recreation was planned for the afternoon and evening. Yoakum County helped with the registration Tuesday morning which began at 9:30 a. m. and also held the Flag Lowering Ceremony on Wednesday evening just before the evening meal.

The workshop was concluded with the noon meal Thursday, June 24th. A gay and happy group of 4-H'ers returned to Yoakum County with the agents, Leo White and Sudie Thompson.

**STRENGTH FOR THESE DAYS**  
from the Bible

I BELIEVE THAT GOD'S WILL IS ALWAYS LIFE AND HEALING. I BELIEVE THAT WITH GOD ALL THINGS ARE POSSIBLE.

**W**E ARE meant for life. We are meant for health. Let us agree with this idea of life and health; let us know that God's will for us and for all persons is always life and healing.

Whatever the need or condition or appearance. God is powerful to heal. The life of God is present in us and in those for whom we pray, and this life flows through us, a healing, renewing, restoring stream.

Let us stand strong and firm in our conviction that healing is always possible, that miracles of healing do take place. The life of God is unlimited, the power of God is unlimited, and we are always and forever one with God, one with His healing activity.

Resting in the thought of the healing power of God at work, we feel the infilling of life and strength and we are channels through which God's healing work is accomplished.

John C. White, Commissioner

PHARR--Texas' first bale of the new 1971 cotton crop was ginned Tuesday, June 15 near this Valley town, according to Agriculture Commissioner John C. White and Texas Department of Agriculture officials.

Two irrigated fields, eight and ten acres, respectively, on the Crispin Gamez farm produced the bale, which weighed 528 pounds. Drouth conditions have hampered conditions for dryland farming but seemingly have not disturbed cotton farming on irrigated land. Today's bale was nearly two weeks ahead of the first bale of 1970, also produced in this rich cotton area.

It took three crews of 50 workers about three hours to accumulate a bale on Gamez' farm. Gamez has farmed in the Valley for more than 50 years.

Neal Polk, supervisor of the TDA's field office in Pharr, certified Gamez' fields as 1971 growth. Planting took place Feb. 4, 5 and 6.

Another TDA official, Lou Kroupa, said the San Juan Farmers Co-op Gin was the site for the initial weighing of the bale, which was of the TPFA-110 variety. It was later trucked to Harlingen for confirmation.

TAX MAN SAM SEZ:

Don't grill in an area where children are playing. A careless child may inadvertently run into the grill, tip it over, and be severely burned.

If any part of grilling were to be branded as particularly dangerous, it's lighting the fire. Many tragedies and near tragedies are caused every year by carelessness in lighting charcoal, according to the National Safety Council.

Gasoline, because of its explosive nature, should be avoided along with any flammable material not expressly designed for barbecuing. Electric charcoal lighters should be handled with care; their elements, if stored in dampness, may short out when used.

Follow the directions on the lighter fluid container which always say to let the liquid soak into the charcoal before lighting to reduce the hazard of a flash flame. Do not under any circumstances add lighter fluid once the grill is going.

For handling food on the grill, it's a good idea to have long-handled tools, preferably tongs that are sturdy with fire-proof grips, spokesmen for the Structo Barbecue Institute maintain. A pair of heavy gloves will keep hands safe when it's necessary to handle some hot item.

If you are a student who is working during the summer and you will not earn enough to owe any income tax (\$1,700), it's not too late to go back and talk to your payroll office about completing a Form W-4E. The "E" stands for exemption. A recent change in the tax law allows your employer to let you take home all your pay under these circumstances. The new law allows your employer to stop withholding on students who will not earn enough to owe any income tax. It also saves the government the trouble of sending you an income tax refund next January or February.

## Veterans Q & A

Veterans and their dependents are asking thousands of questions concerning the benefits their government provides for them through the Veterans Administration. Below are some representative queries. Additional information may be obtained at any VA office.

**Q --** I am a veteran who served three years on active duty from 1958 to 1961. I am totally disabled because of an automobile accident. Am I entitled to a non-service connected pension?

**A --** No. Pension is payable only to veterans of wartime service. Your active duty was during peacetime.

**Q --** I am undecided as to my program of education, and wonder if the VA will provide counseling?

**A --** Yes. A veteran may apply for counseling by the VA to assist him in selecting a program and educational goal. He may apply for it before beginning training on the VA application form 21E-1990, or at a later date by letter. There is no charge for counseling, but the veteran must pay any travel expense to and from the counseling location.

**Q --** If I sell my mobile home, can the GI loan be assumed by the purchaser?

**A --** Yes. However, you will remain liable for the loan unless you apply to VA for a release from liability, and the VA grants the release in writing. Further, you may not use your GI loan entitlement for any other purpose until the mobile home loan has been paid in full, regardless of whether VA releases you from liability on the loan or not. If the buyer obtains new financing in connection with the sale and the GI mobile home loan is paid in full, you will have no further liability on the loan and may then use your entitlement for other purposes.

## Business Fulfills Its Responsibilities

A successful corporation's "classic responsibilities" are a vital and integral part of what is becoming termed its "social responsibilities," one of the nation's leading businessmen asserts.

Archie K. Davis, president of the Chamber of Commerce of the United States, says that today's successful businessman is accepting both these responsibilities and the challenges they entail. Today's business leadership recognizes the fact that their world is not apart from the rest of society; "It society as a whole suffers, so does the corporation. If society has problems, they become the corporation's problems," the National Chamber president states.

Are big eggs more economical than little eggs? Not always. Small eggs can save you money when they are more than one fourth cheaper by the dozen than large eggs. Medium eggs are money savers when they are more than one eighth cheaper. The minimum weight for the large size is 24 ounces per dozen, for the medium 21 ounces and for the small 18 ounces.
