Yoakum County's newest employee in Precinct 4 drives a dump truck three days a week, but comes to work wearing make-up and carrying a purse. Peggy Squyres sees nothing unusual about driving a dump truck but a lot of people have been surprised when they first notice her at work.
Peggy sees a lot of comparisons in her job and those of a farm wife who drives grain trucks, operates tractors and changes her own flat tires.
Growing up in Sunray, a small farming community in the Texas Panhandle...about the size of Plains...Peggy got her commercial license in September of 1972 so that she might drive a maize truck during harvest.
"Many women in Sunray helped with the wheat and maize harvest," she recalls.
"The guys at Precinct 4 have all been considerate, patient and good natured," says Peggy. "I have tried to prove that I will do my share of the work."

Last week, her work was to haul 40 loads of caliche...and load her own truck with a front-end loader. Some days she and other workers patch roads and Peggy, too, wields a shovel when it's necessary to fill in pot holes.
Peggy's boss, Commissioner Johnnie Fitzgerald comments, "I take very seriously Yoakum County's equal opportunity employment policy. I personally believe in hiring people according to their ability. Peggy had applied for a job driving a truck and she had prior experience. So, when the need for an extra hire, part time position became available, I thought of Peggy. She asks for no special favors, services her own truck and keeps it clean as well as being a good truck driver."
"Peggy blends in well with her fellow workers," adds Fitzgerald "I am very pleased with her work."
Wife of Newell Squyres, Peggy is the mother of twelve-year-old Shannon, seven-year-old Robin and three-year-old Brett. Her family is her number one priority.
Currently serving as vice chairman of Yoakum County Child Welfare Board, Peggy is on that agency's public awareness committee. Her work with that group is her favorite project.
Peggy is an active member of First Baptist Church and is presi-
dent of Miriam Sunday School Class. She loves to shoot and is a member of Plains Trap Club.
She has served as recording secretary for GFWC Tsa Mo Ga the past four years and is district International Affairs Chairman and District Conservation Chairman for the Caprock District, TFWCGFWC.
Describing herself as an "outside person", Peggy loves softball and has played since she was in the seventh grade.

## Special Awards <br> To Be Given

Stock Show exhibitors will once again be trying for the Rusty McGinty Showmanship Award. Given annually in honor of Rusty McGinty by his immediate family, the award is determined on the basis of showmanship, sportsmanship, neatness of the exhibitor, grooming of his or her entries, appearance of animal quarters and cooperative attitude.
To be eligible, the exhibitor must own at least one animal. Three local persons will be selected to judge the eligible participants.

Another memorial award is the Mr. and Mrs. John E. Fitzgerald Memorial Award presented to the exhibitor of the Champion Crossbred Steer. The G.W. Cleveland family gives an award to the exhibitor of the Champion Hereford Steer.

## Warren Purchases Denver City Firm

Jim Warren of Plains Insurance Agency recently purchased Kizer Insurance Agency of Denver City. He will divide his time between the two offices.

Kizer Agency is located at 310 North Main in Denver City. Employees are Eddie Taylor, Sandy Hutson and Velda Dorethy. Frieda Humphreys is employed in the local office.
"I feel we can better serve the people of Yoakum County with their insurance needs," Warren states. "Both firms are Independent Agencies which affords specialized insurance for your particular needs."

## Business Women's Association Plans To Organize Locally

Plans are being made to charter a Plains Chapter of American Business Women's Association (ABWA). Business women interested in learning more about the new chapter are asked to contact Cindy Davis, 456-7494.
Mrs. Davis notes, "American Business Women's Association has been making tomorrows better for active and concerned business women since 1949 . At that time, as today, the primary objective of the Association was to aid in the professional, educational, cultural and social advancement of business women."
ABWA, she explains, is an educational association devoted to elevating the status of business women through education. Almost $\$ 3,000,000$ was awarded in scholarships to qualified women by ABWA last year.
"As a member of ABWA, you may exchange ideas and information with over 112,000 women from varied occupations and professions - and from all across the nation,' says Mrs. Davis.
'And today, as a member, you will enjoy the many and varied benefits of membership in this prestigious organization - seminars and workshops, ABWA's national magazine, vacations at special group rates, special travel discounts, prescription discounts, selfawareness profile, vehicle accident

## Fire Damages Mobile Home

Fire and smoke damaged a mobile home at 1100 Avenue D about 1:30 p.m. Jan. 23. Plains Volunteer Fire Department answered the call to the trailer owned by Junior and Estella Caballero.

The fire apparently started near the water heater and spread to insulation underneath the home. Heaviest damage was to the bathroom and kitchen area.

## Buffet Supper

## Fetes ' 86 Seniors

"Time is Precious" was the theme of a buffet supper honoring the Seniors of 1986. GFWC Tsa Mo Ga hosted the supper Monday in the clubhouse.
Mrs. Dewayne Canada spoke the welcome. Traci Nance, class president, gave the response.
A report on Girls State was given by Miss Nance. Paul Kennedy reported highlights of Boys State. A report was also given by Brad McWhirter, recipient of the HOBY Leadership Seminar Award.

Along with the honored class, 20 clubmembers attended and nine guests.

Tsa Mo Ga will meet at 7 p.m. Feb. 10 in the clubhouse for an evening of fun and games. Husbands will be guests.

## ENERGY TIP...

Consider installing an aerator in your kitchen sink faucet. By reducing the amount of water in the flow, you use less hot water and save energy that would have been required to heat it. The low flow pressure is hardly noticable.

LEA COUNTY ELECTRIC COOPERATIVE, INC.

Have you ever noticed how much things change? As I began to think of this week's article, I gave thought to the changes around us. There is evidence of many changes in structure and instruction, and all of these changes have been made to meet the needs of the changing times.

In every situation things change as needs change and as we look around this fact becomes very obvious in our school system. So many changes have been made during the past few years. Technology is advancing at an unbelievable rate and this is reflected in the methods and equipment used in our schools today. Ten years ago we seldom heard the word computer in school and now not only is the word commonplace but there is at least one computer in almost every classroom. A 16 mm . projector was considered to be the ultimate in audio visual equipment, and now a video recorder has almost completely replaced the 16 mm . projector. The tape recorder has been replaced by the cassette recorder and so on. The one thing that really dates an individual at school is to call a chalkboard a blackboard.

Oftentimes we have a negative reaction to these endless changes but we know that changes are not always bad. We know we must look to the future and to the needs of the community. However to forget the things that might be old and good would be very bad. Many of those "old" ideas and methods are tried and true. It is important that we retain what is good of the old to add to what is good of the new.

There will always be changes in our lifestyles and environment but one thing that will probably never change is the idea expressed by the story that says "Parents spend the first half of a child's life teaching him to walk and talk, and the other half of a child's life trying to get him to sit down and shut up!" This is a typical example of the changes that naturally occur in our lives. We must learn to expect and adjust to changes and to use those changes to our best advantage. It is our hope that the changes in our educational system will always be to the advantage of our students and will help them to receive the very best education possible.

## Scholarships <br> Are Available

Applications for the Smallwood Scholarship from South Plains College are now available in the counselor's office. Also, the Presidential and Carr Scholarships from Angelo State have arrived. Several academic scholarship applications are available from Sul Ross State University.
Some of these scholarships will need more specific information, but for the most part, the student needs to be in the top 25 percent of his/hergraduating class and score at least 21 on the ACT.
Seniors who qualify are encouraged to make application.
