Cowboy Coach Wins First; Five Battle For 2nd & 3rd

Gridiron guessers competed last week in the first week of the annual Pride football contest and it took the tie-breaker game between Plains and Tahoka to determine the winners.

Randy Clay was the lone contestant with 19 correct predictions, claiming first place monies totaling \$10. There were five entries with 18 correct guesses - Brenda Wauson, Shane McMinn, Kenneth Engle, Gary Jones and Chris Blundell. Using the tie-breaker score, Brenda Wauson and Shane McMinn come out as second and third place winners, receiving \$7.50 and \$5, respectively. Second place prediction was off 13 points in the tie-breaker and third place, right behind with a 14 point miss. Engle missed the tie-breaker by 20 points; Jones, 21 points; and Blundell, 33 points.

The contest is fun and open to everyone. Entire families may compete but only one entry per person is allowed. Official entry blanks are printed in each week in the Pride.

To enter, select a winner in each of the featured games. Predict a score for each of the tie-breaker foes and fill in the entry blank. Drop the

entry in the collection envelope at Pay-N-Save Grocery or mail to P.O. Box 774, Olton, TX 79064.

Entries will be picked up at 3 p.m. Fridays. Mailed entries must be postmarked Friday or earlier, prior to the contest game. Any late entries will be discarded. The season's best predictor at the end of the contest will win an additional \$100, to add to their previous weekly earnings.

Sponsoring the fun game are Plains Appliance Center, Pay-N-Save Grocery, Marjorie's Coiffures, Bayer Lumber and Hardware Co., Yoakum County Federal Credit Union, T-Ex Fertilizer, T & B Exxon, Plains Chamber of Commerce, Yoakum County Co-Op Gin and Murrell and Helen Thompson.

From The Superintendent's Desk

DEAN ANDREWS

As we begin the 1986-87 school year everyone is excited about the various activities and accomplishments that take place throughout the year. These are very important to the school system however we should keep in mind that the area of academics is the most important. We would like even greater success for each student in the academic area.

I encourage you to make your child aware of the importance of exerting his/her finest effort in academics. We are into the days of testing in schools. Tests are a valid educational tool which enable educators to evaluate the student and student needs. It is very important that students know how to take a test. The following are suggested strategies which will help your child to be more successful when taking tests.

Build a positive attitude towards tests. Let your child's teachers know that you are interested in his or her progress, that you want to be kept informed and are willing to do what you can at home to encourage learning.

Develop good work habits. Encourage the kinds of good work habits that are particularly useful in testing situations: paying careful attention to directions, keeping track of time, using time efficiently, avoiding careless errors, and, if time allows, reviewing one's answers.

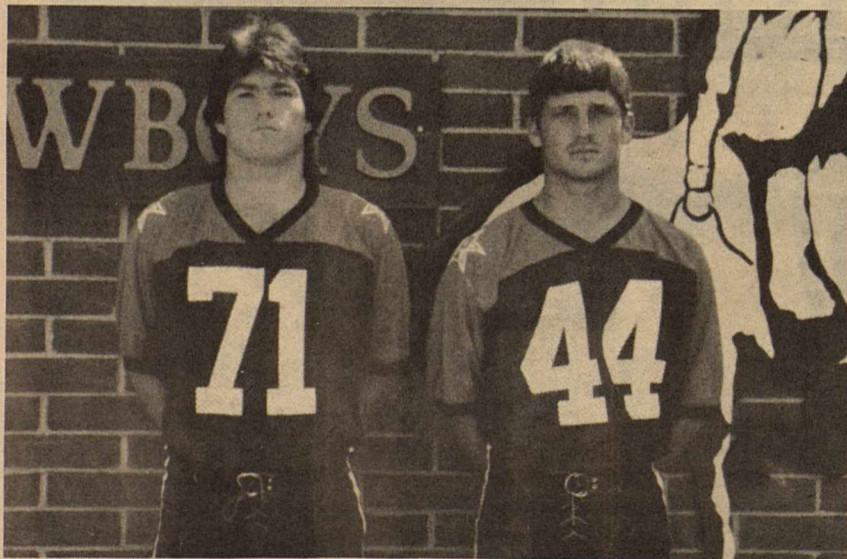

Discuss test results. You are entitled to see your child's test scores, and it's often helpful to discuss them with his or her teachers. Ask if the results are consistent with your son's or daughter's classroom performance. Let the teacher know if the results are not consistent with what you know about your child's abilities or if there were circumstances that may have influenced the performance on the test.

With all administrators, teachers, aides, secretaries and parents working with our students, we will have the best school year ever. We want to help in every way possible to achieve student success.

Against Tahoka

Cowboys Victorious

by Julian Romero

The Cowboys came away with an impressive victory last Friday night with an impressive victory last Friday night with a 14-0 drubbing of Tahoka.

Tahoka had the first opportunity to put points on the board on their first possession of the game. The Bulldogs drove from their own 31 yard line all the way down to the Cowboy 15. But after a four yard loss on third and nine, Tahoka misfired on a 29 yard field goal attempt that carried wide right. That was as close as the Bulldogs would come to the Cowboy goal line the rest of the night.

Plains then drove 81 yards for a touchdown led mainly by the Barrientes brothers, Alex and Martin. The big play though, was a 33 yard scoring strike from Shane McMinn to Scott Lowrey on a third and 11 play that put the Cowboys ahead 6-0. The extra point attempt by Bryan Baldwin failed.

That's the way the score stood until midway through the third period. After a Bulldog fumble on the Cowboy 25, Plains was able to advance to the 15 yard line on an eight yard scamper by Michael "the Cobra" Diaz and a two yard plunge by Shane McMinn. On the ensuing play, Diaz dashed 15 yards into the end zone putting the Cowboys up 12-0. Diaz got the call again on a

fake field goal attempt when McMinn took the snap three yards outside the goal line, pitched it to a sweeping Diaz, who took it in for a two point conversion, making the score 14-0.

Head Coach Larry McMinn commended the team for their effort and was real pleased with their win. He cautioned "the Cowboys would definitely have to cut down on the number of turnovers and penalties - before their next game."

The Cowboys had the chance to polish up on those areas this week as they clashed with the Forsan Buffaloes Friday night in Plains. The black and gold will take to the road to roundup the Farwell Steers this Friday night.

CP National Begins 'Pay-By-Mail'

CP National, including subsidiary companies such as Romain Telephone Company, has announced its intent to consolidate business office and commercial activities into centralized locations, according to company officials.

Ken Barnes, manager of Romain Telephone Company, said today that all business office and commercial functions of the local company would consolidate with other CPN Texas Subsidiary companies in Grandview, effective Nov. 1, 1986.

Our consolidation effort will not change the manner in which we maintain service and correct service outages; however, it will affect the way some customers pay their telephone bills, Barnes added.

Under the new procedure, telephone customers are requested to pay by mail. All telephone bills

carry a return address on the reverse side of the statement and are printed in such a manner to show through the window envelope which is enclosed with every telephone bill. Payments will not be accepted at the local office after Nov. 1, 1986.

"Paying by mail will reduce time needed to credit payments quickly, efficiently and correctly," Barnes said.

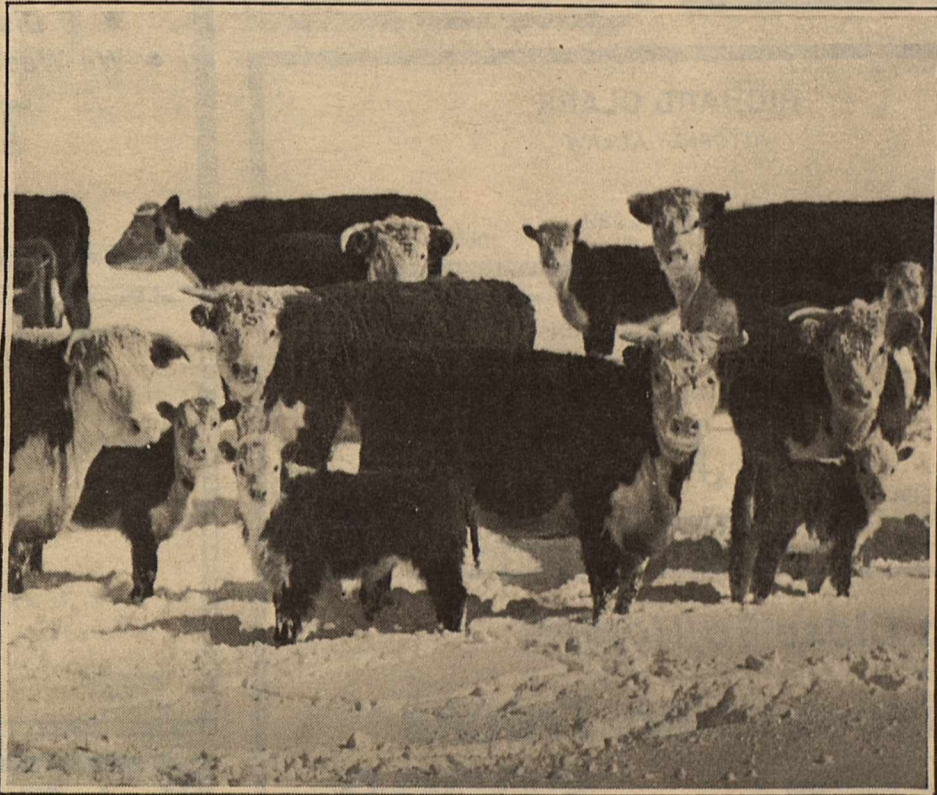

He added that many telephone companies had implemented pay-by-mail procedures years ago. Times are changing - automation is taking place all around us. In our case, automation will, in fact, enable us to continue to provide high quality service at affordable prices.

"Keeping our expenses low, keeps our rates low -- We (Romain Telephone Company) have not ex-

perienced a rate increase in over ten years. We're proud of our accomplishment," Barnes emphasized.

Check depositories will be installed at the Plains Headquarters Building for the convenience of customers who choose not to pay-by-mail. Receipts will be gathered from the depositories and forwarded to central collection point at Pasadena, Calif.

Telephone customers, including applicants for new service, will continue to call the regular 456-2211 number to establish service or to request moves, changes, reconnects, disconnects and other commercial related matters. Service outages or any type trouble will continue to be reported by calling the 456-2231 number.
