Plains Independent School District

From The Superintendent's Desk

DEAN ANDREWS

Now that we are about to complete the first six weeks of school it seems appropriate to update our community on the statistics concerning Plains I.S.D. The following information is published in a brochure each year and is made available to those persons with an interest in our school district.

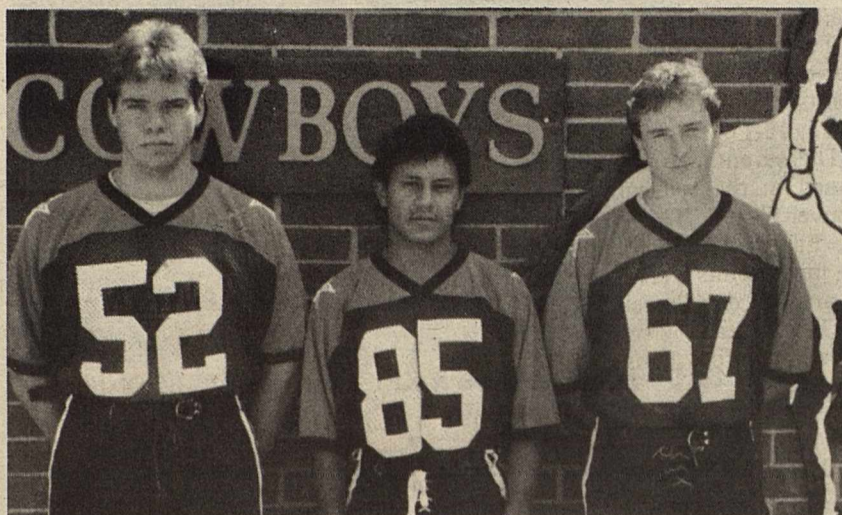

Plains I.S.D. has an area of 599 square miles with an assessed valuation of \$846,757,826.00. Our school tax rate is \$0.34 per \$100.00 valuation which results in a revenue of \$2,967,745.00 - 92% of our total revenues. State funds provide \$115,900.00, approximately 3.5%, and Federal funds \$135,145.00 approximately 4.5%. Of the 92% generated by local taxes, 95% are mineral and 5% property taxes. The 1986-87 budget is \$3,603,147.00, 65% is allocated for instruction costs, 14% for maintenance, 10% for administration, 7% for food services and 4% for transportation.

Of the 85 persons employed by Plains Schools, seven are administrators, forty-six are teachers, six clerical, eight aides, ten maintenance and transportation and eight food service employees. Our food service ladies served 77,274 lunches last year and 23,715 breakfasts. The transportation department operates and maintains sixteen buses and twelve other vehicles including two tractors. Our six daily bus routes travel a yearly total of 148,651 miles. In addition our buses travel a total of 57,943 activity miles (sports, industrial arts, FHA, etc.) yearly. The ten Plains I.S.D. maintenance and grounds personnel maintain all buildings and grounds in the 23.4 acre campus.

Our forty-six teachers guide and teach an average of 510 pupils, 123 in High School, 163 in Junior High School and 224 in Elementary School. The average yearly cost of educating each student is \$7,065.00. Plains I.S.D. pays professional persons \$7,000.00 above the state recommended salary base. The monthly payroll is \$187,913.00.

Plains Independent School District's Board of Trustees and administrators spend many hours in budget planning each year as they seek to use tax dollars to the best advantage for students and patrons.

7TH GRADE

Plains hosted the Plains Junior High School invitational tournament Oct. 4. The games held during the event included the seventh grade A-Team taking on Tatum. Daphne Lowe was high server with seven points. The home team lost 15-4, 12-15, 15-1.

The seventh grade A-Team continued in the tournament, playing Denver City B. The Wranglers shut the Fillies out, 15-4, 15-4. Serving the most points were Daphne Lowe, 10 and JoLena Powell, 8.

The A-Team went on to play Levelland for consolation. The

Cowboys To Begin District Play

By Julian Romero

For the fourth time in four weeks the Plains Cowboys have dropped a game. Last Friday night the Pokes took their 1-3 record to Jal, N.M. hoping to come away with a victory and a positive attitude before heading into district play. The Cowboys were set back however as the Panther defensive unit did not allow a score and the offense managed to tally up 15 points. The 15-0 loss left the Cowboys with a 1-4 record.

Earlier this year head coach Larry McMinn said that if they could get out of the non-district games in respectable fashion, it would certainly be a lift going into district action. Thus far, the Cowboys have lost to Forsan, Farwell, Stanton and Jal, N.M. The three Texas teams have all been ranked in the top 10 teams of the area in their respectable classes.

Looking ahead for the Cowboys, the road to a playoff spot is certainly one that will have to be earned. Meadow sits all alone at the top with a 5-0 record, followed by O'Donnell 4-0; Wilson 3-1; Sundown 3-2; Plains 1-4 and Ropes 0-5.

The Cowboys may get a break this week, however. The Pokes will travel to Ropes to face an offense that has scored only 16 points in five games and given up 102.

It holds true that there are three different phases in a football season — the non-district games, district games and the ultimate "play-offs". The Cowboys have one phase behind them and are looking forward to district play where teams will be more compatible in size.

ENERGY TIP...

Use cold water to operate your food disposal. This saves the energy needed to heat the water and is recommended for the appliance. Grease solidifies in cold water and can be ground up and washed away.
