County Judge Dallas Brewer Appointed To Committee

Dallas Brewer, Yoakum County Judge, has recently been appointed to the Agriculture and Rural Affairs Policy Steering Committee of the National Association of Counties.

The Steering Committees are the heart and soul of the policy work of NACO. The deliberations are critical in bringing the public to a consensus on national policies affecting county government and their constituents.

The issues before the agriculture and rural affairs steering committee are particularly important during this year. This is also a critical year for county government as Congress continues to take aim at the federal

deficit and members look for innovative ways to pass on burdens or costs. At the same time, presidential politics creates a new environment for opportunities.

Awards Banquet To Honor 4-H Members & Adults

National 4-H Week is Oct. 5-11. In observance of National 4-H Week, Yoakum County 4-H members and adults will be honored at a 4-H Achievement Banquet Oct. 17 beginning at 7:30 p.m. in the Plains School Cafeteria. Guest speaker will be Jerry Hunkle of Amarillo.

The Yoakum County 4-H program is for all youth in Yoakum County with all types of interests, says David Kight, County Extension Agent, Agriculture.

The youth program is for young people ages nine through 19 years of age. 4-H members participate in a variety of projects such as: leather-

craft, parliamentary procedure, livestock judging, food and nutrition, clothing, photography, shooting sports and many other projects. 4-H'ers can participate in an unlimited amount of projects other than the traditional projects such as beef cattle, sheep and/or goats and swine. The 4-H program has no enrollment costs. Meetings are held on the second Tuesday of each month at 7:30 p.m. in Plains.

Parents and potential 4-H members are encouraged to attend these meetings and find out more about the 4-h program in Yoakum County.

FLOWER SHOW AWARD WINNERS, from left to right, are Mary Lou Parks, winner of the Richardson Insurance Agency Award; Wilma McDonnell, Sweepstakes Award; and Ita Young, Award of Horticulture Excellence. The winning "dried arrangement" pictured with the winning trio was created by Wilma McDonnell.

LETTER TO EDITOR

We're only one month away from voting on numerous propositions in November. These propositions are major decisions. On November 3, 1987 the ballot will include twenty-five propositions which could result in amendments to the Texas Constitution.

Centering my attention to Proposition No. 15 - The constitutional amendment to provide for the abolition of the office of County Treasurer in Gregg, Fayette and Neuces Counties.

This amendment was proposed from joint resolutions passed by the Texas Legislature during the 1987 regular session.

Both the County Treasurer's Association and the National Association of County Treasurers are working strongly to stop the abolishment of any County Treasurer and to restore previous County Treasurers Post having been abolished.

Before examining the powers and duties of the County Treasurers it is necessary to understand the nature and legal status of county government in Texas. Today, in the rural areas of Texas and across the country, county government is the most important unit of grass-roots government available to the people. County government in the United States is local government. This is extremely important. The office of County Treasurer was set up by the CONSTITUTION. It is an elected position by the people.

Article 16, Section 44 of the Texas Constitution provides or states: The Legislature shall prescribe the duties and provide for the election by the qualified voters of each county in the state, of a County Treasurer and a County Surveyor, who shall have an office at the county seat, and hold their office for four years and until their successors are qualified; and shall have such compensation as may be provided by law.

In county government the commissioners court is the administrative body for the conduct of county affairs and control the county courthouse, buildings and facilities. It is the most important governing body of the county. If Gregg, Fayette and Neuces counties have a problem with an elected official not performing the duties they have been elected to do, then it should be resolved by the voters of those counties in the next election with the advice and support of the commissioners court. An amendment to abolish an elected position does not solve the problem.

Recently at our County Treasurer's Annual Conference held in Odessa, Texas we were honored to have seven out of eleven presidents of the Texas Association of Counties to speak. Not one was in favor of the abolishment of any County Treasurer, including the President of the Texas Association of Counties, our honorable Bill Melton of Dallas, Texas. Also, to add that our Attorney General Jim Mattox stated at the conference that he could not support the abolishment of any elected position and that he and his committee were working on an Attorneys' General opinion.

In closing I professionally and

personally ask the voters of Yoakum County and all counties to strongly consider their decision on all these amendments proposed.

s/Cheryl Henry
Polk County Treasurer
Livingston, TX

Dear Editor:

In response to the letter from the

Polk County Treasurer, Cheryl Henry, I could not agree more. Not only is the office of County Treasurer set up by the Constitution, the office provides an important check and balance record on money flowing both in and out of county government. The dispersion of public funds among several of-

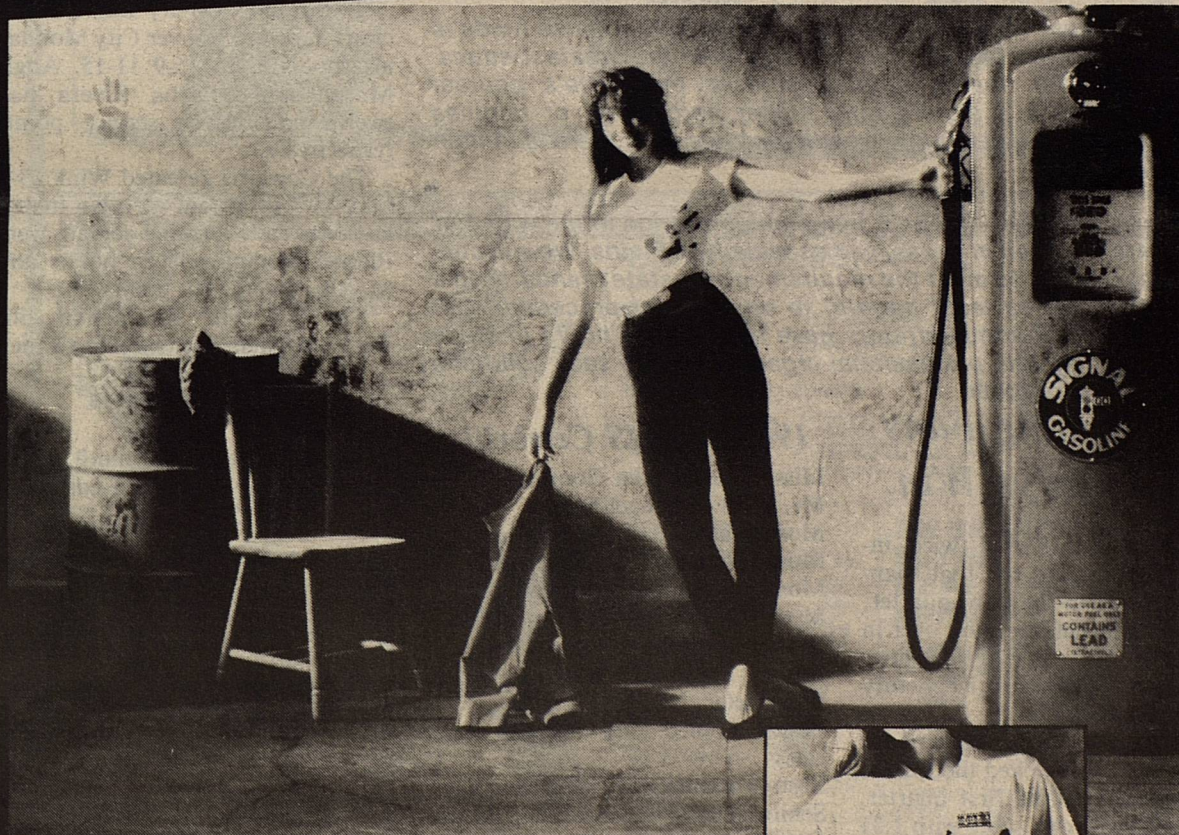

ficials assures an orderly and honorable administration of public finance in ways which merit public trust.

Please consider Proposition 15 when voting November 3.

Toni Jones
Yoakum County Treasurer

BUMPER TO BUMPER

Plains Independent School District

From The Superintendent's Desk

DEAN ANDREWS

This is the one hundred twenty-third article that I have written for the Plains Pride. I have tried to give you, the readers, insight into the things that affect our day to day school operation. I have also tried to inform you of things that would be good for our school as well as those that would be detrimental.

Last week we looked at statistics of schools and there was an error in reporting the number of students in Houston I.S.D. There are 175,928 students enrolled in that school district this year.

On July 5, 1987, our article alerted you to the fact that State District Judge Harley Clark had ruled that the present plan for state education funding was unconstitutional and a new plan must be in place by September 1, 1990. I feel this will create a real challenge for our school district. We must meet the mandates of the courts and also maintain a school district that meets the needs of the students of our community.

Several people have asked what this ruling really means to Plains I.S.D. As we understand it, the judge has stated "...under the constitution, education is a fundamental right for each of our citizens." As a consequence each student by and through his or her school district, would have the same opportunity to educational funds as every other student in the state, limited only by discretion given local districts to set local tax rates. Equality of access to funds is the key and is one of the requirements of this fundamental right.

Judge Clark went on to show unequal opportunity to raise funds is exacerbated by the fact that the children with the greatest educational needs are heavily concentrated in the State's poorest districts. There is a significantly higher percentage of families below the poverty level in low wealth districts than there is in high wealth districts.

This means that there will be a tremendous change in the way that schools are financed in Texas, and especially in Plains. We will continue to seek ways to meet the requirements of state mandates in a manner that will be least harmful to our present procedure. Our school board and administrators have spent many hours in study and are working with professional organizations to seek solutions to correct this problem.

Homecoming Fans See Cowboys Win

Shane McMinn scored twice, including a three yard run that snapped a 14-14 tie in the third quarter, and the Plains defense took over in the second half as the Cowboys posted a 28-14 non-district victory over Jal, N.M.

McMinn, who dove one yard for a touchdown and kicked the first of his two PATs in the first quarter, ran three yards for a score with 1:31 left in the third quarter to provide Plains, 4-1, with the winning points.

GIVEN LAYETTE COURTESY recently in the home of Mrs. Wayne Lee Davis was Suann Parrish, center. Special guests were the honoree's mother, Maxine Sumrall of Grady, N.M.; and mother-in-law, Wanda Parrish.

Mrs. Suann Parrish Honored Recently

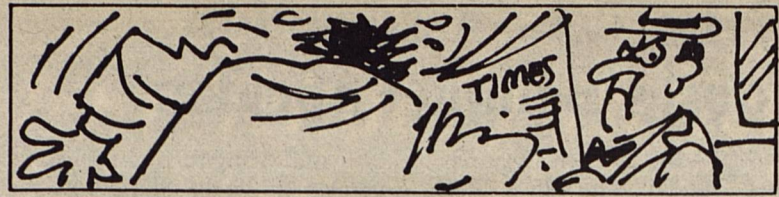

Suann Parrish was complimented with a layette shower Saturday afternoon, Sept. 26 in the home of Mrs. Wayne Lee Davis.

Special guests were the honoree's mother, Maxine Sumrall of Grady, N.M. and mother-in-law, Wanda Parrish. Other special guests were the honoree's sisters-in-law and nieces, Susie, Holly and Christy Sumrall of Grady, N.M. and Jan and Lisa Parrish.

The table was laid with a white and blue cutwork cloth over a blue underlay. Crystal appointments were used to serve peach punch, assorted cookies, fresh fruit with dip, nuts and mints. Complimenting the setting was a peach and navy silk flower arrangement featuring numerous peach and navy colored Teddy bears.

Gifts presented the honoree included a blue and white baby sox corsage, a stroller and changing table.

Assisting Mrs. Davis with hostess duties were Wendy Barron, Arlene Carnohan, Sandy Craft, Sara Mason, Dolores Davis, Kathy Jones, Phyllis House, Eileen Fillipp, Neoma Taylor, Sharon Turner, Kristi Cobb, Dorthy Wilkins, Pat Altman and Beth Clanahan.

On June 13, 1948, a Los Angeles resident named Jack O'Leary caught a fit of hiccoughs. It was not until June 1, 1956—about 160 million hiccoughs later—that the fit ended.

RENEWABLE ENERGY ALTERNATIVES - SOLAR POWER

Sunshine is free, it's clean & it's in infinite supply. It can provide us with hot water, space heating, cooling & electricity. The initial cost for generating electricity is high, though, backup systems are necessary & large land areas are needed. Perhaps future technologies will change this.
