**Most Of Social Security Changes To Be Automatic**

Most of the Cisco area residents who will directly benefit at this time from the Social Security Amendments signed into law by the President on June 30 do not need to write or contact their social security office, according to R. R. Tuley, Jr., Abilene district manager for the Social Security Administration.

He has furnished the following summary:

- Automatic changes:
1. Aged widows already receiving benefits on their late husbands' accounts will get a 10% increase in September, for August, 1961.
  2. Beneficiaries with no dependents, who are receiving unreduced benefits of less than \$40 will be raised to \$40 in September, for August.
  3. Women receiving reduced retirement benefits because they started being paid before age 65, will get some increase if their basic rate, before reduction, was less than \$40.

Persons in the above groups do not need to take any action at this time.

Non-Automatic Changes:

4. Men may now receive benefits at age 62; on retirement, as dependent husband, or dependent widower, or dependent parent. Men with continued high earnings (over \$1200 per year) should check to see whether some payments would be possible despite such high earnings.

5. Some persons whose claims were denied before this month because they did not have enough credits under social security should make new inquiry. The minimum requirement of 1 1/2 years of credits was not changed; however, for those who needed more than that many credits, the number was reduced from 1/3 of the time to 1/4 of the time after 1950 and before age 62 for women and before age 65 for men. Men must have slightly more creditable time in the system than women.

Persons in group 4 or 5, should write to the social security office in Abilene, giving their dates of birth and social security number. Arrangements will then be made to talk with them when a representative of the Abilene office is at or near their home towns.

## Two County Girls Win Honors In Area Dress Revue

Eastland County was represented at the District 8 Girls 4-H Dress Revue by Joy Love of Gorman in the Junior Division and Mary Tonne of Nimrod in the Senior Division on July 20, at Stephenville. There were 15 girls in each division present from 15 different counties.

Joy Love brought home a blue ribbon and Mary Tonne received a red ribbon. These girls won the County Dress Revue in their respective divisions.

In order for the girls to enter the district dress revue they have to complete a record book in clothing, construct a dress and accessorize it and model their garment in the revue. All three phases are judged and the girl getting the highest composite score receives first place. This year District 8 will be sending 5 girls to the State Dress Revue which will be held in Dallas the first week in October.

AUSTIN — If you have ever been tempted to hunt bull frogs, you'll learn something from two articles in the July issue of TEXAS GAME AND FISH magazine. Curtis Carpenter tells with story and pictures how to catch them, how to clean them and how to cook them.

The pictures were made of bull frog hunters, using strong headlights and gigs on streams and stock tanks.

"Hunting frogs can be a very exciting and productive sport," the article says. "There's not much to it if you have the right equipment and a good frog pond." The article says a dozen good
