The Yoakum County Library in Plains is the center of many of the town's entertainment options.
Besides being home to more than 19 thousand books, the library has almost 80 video movies available to be checked out by its patrons.

The library also offers various programs for education and entertainment to Plains children and senior citizens.

Filmtime is open to pre-school age children from 10 a.m. until 11 a.m. every Wednesday. During this time, children will see films and hear stories or learn the pledge, the alphabet, numbers and colors. The class instructor is Kathy Holster.

Pat McNabb says this time is very important because Plains does not have a pre-school or day care center.
On the fourth Thursday of every month, there is a book review for senior citizens. According to Librarian Latrell McDonnell, volunteers are asked to critique a book during each session. She added the program is open to anyone interested in attending.
The library, funded by tax dollars, is currently in the process of updating its circulation system. Ms. McNabb is upgrading the system onto an IBM XT computer. According to Ms. McNabb, "Everything will be put onto a bar code system. The Librarian will run a wand

## Stamp Collecting Month Declared

Postmaster Melba Bearden announced this week that October has been designated as National Stamp Collecting Month.

This special observance for 1988 showcases the carousel animals block of four commemorative stamps. Featured as the newest entries in the postal service's folk art series, the lovely handcarved carousel figures are expected to be among the most striking and popular of all the U.S. stamp subjects.
The theme of the eighth annual observance is "For the Ride of a Lifetime Collect Stamps!" While the promotion is highlighting carousel stamps, other philatelic products are also available as well.
"We encourage collectors to share the history, beauty and excitement that can be found by collecting United States stamps," Ms. Bearden said.

She compared the system to the checkout line in a grocery store, where products are passed over a computer that reads the bar code, designating a price for the item.

Mrs. McDonnell says they hope to have the new system in operation before the new year. All persons having overdue books will need to return these books before checking out more books. When a person's name comes up on the computer moniter, all books checked out to him will appear, allowing library personnel to know if a patron has been irresponsible with his use of library bocks and services.
Also open to patrons is the Heritage room. This room is available to groups and organizations who need a place to have parties or meetings.

In addition, the library displays the work of local artists. Currently on display is the work of sculptor Rowlan Taylor. He has several western bronze sculptures displayed. The pieces range in price from $\$ 300$ to $\$ 450$.

MRS. ROBERT C. SUMMERS II

## Wedding Vows Exchanged In Plains First Baptist Church

Johnna Kay Brown and Robert C. Summers II were united in marriage Saturday, Oct. 1 in First Baptist Church of Plains, with the Rev. Ken Horn officiating the double ring ceremony.
Parents of the couple are Mr. and Mrs. J.D. Brown and Mr. and Mrs. Robert Summers of Alpharetta, Ga.
Pre-nuptial selections were by pianist Shari McCravey and organist Jan Horn, both of Plains. Soloist Jennifer Galey of Lubbock sang "Ever Green," "The Wedding Song," and "The Lord's Prayer." Flute soloist Raynee Davis of Plains played the theme from "Romeo and Juliet."
Vows were exchanged before an illumination of arch candelabras adorned with greenery, burgundy tiger lilies and burgundy and mauve bows. Silk dogwood trees accented with burgundy and lace bows, adorned each side of the candelabras. Matching bows marked the pews of the center aisle. Centered in the background was a white unity candle, flanked by mauve family tapers and accented with mauve and burgundy.
Escorted to the altar by her father, the bride wore a gown fashioned of white Versailles taffeta encrusted with sequins and pearls on Venise lace appliques. The bodice featured a sweetheart neckline, Renaissance sleeves and a formfitting basque waistline. The full skirt was trimmed with scalloped silk Venise lace and flowed into a semi-cathedral train. She wore a pearl- trimmed tiara type headpiece of Alencon lace with a side floral spray. The rolled edge twotier veil was appliqued with pearls.
The bride carried a cascading bouquet of silk tiger lilies, entwined with baby's breath, pearl shoots, English ivy, flowers of her colors and Chantilly lace. "Something new" was an embroidered handkerchief, given to her by her maternal grandmother, Mrs. Rose Hash of

Sherman, entwined in the bouquet. One of the streamers held the wedding band of her late maternal grandfather, which was "something borrowed." "Something new" was her dress and "something blue" was her garter. She completed her attire with a strand of pearls and pearl earrings. Both she and the groom wore "good luck" pennies in their shoes, minted in the year of their births.

Serving as matron of honor was the bride's sister, Mrs. Sue Baker of Andrews. Maid of honor was Deborah Head of Lubbock. Serving as bridesmaids were Barbara Summers of Tuscaloosa, Ala., sister of the groom; and Traci Crutcher of Houston. The attendants wore identical tea-length dresses of burgundy satin featuring puffed sleeves, sweetheart necklines, dropped waists and wide sashes tied in bows in front. They carried a single silk tiger lily accented with baby's breath and flowing mauve and white ribbons.
The bridegroom wore a black Pierre Cardin tuxedo with white accessories and cummerbund. Best man was Gene Collembrewski of Dallas. Groomsmen were Tim Swango of San Antonio, John Bush of Houston and Alan Surratt of Houston. They wore black Pierre-Cardin tuxedos with burgundy accessories. Junior ushers were Luke Fletcher and Tate Fletcher of Denver City, nephews of the bride. They were dressed in black tuxedos, accented with mauve and burgundy.

Kristy Schulenberg of Denver City, niece of the bride, served as candlelighter She wore a mauve silk dress with dropped waist, puffed sleeves and sweetheart neckline and added a pearl necklace and pearl earrings. Nancy Koncaba of Plains was flower girl. She wore a dress simila to that of the candlelighter. Aaron Baker of Andrews, nephew of the bride, was
ring bearer. Dressed in a black tuxedo, accented with mauve, he carried a satin a miniature birthday cake and sang pillow featuring ribbons in the bride's "Happy Birthday" to him.

## chosen colors.

Mother of the bride wore a dress of champagne crepe de chine, enhanced with satin ribbon and pearl and rhinestone appliques. The groom's mother chose an off-white brocade satin dress. They wore corsages of tiger lilies and baby's breath.
Guests were registered by the bride's sister, Mrs. Connie Fletcher of Denver City.

A reception followed in the church fellowship hall. The bride's table was covered with a floor-length lace cloth. A mauve ceramic vase held a floral arrangement of tiger lilies and island flowers in the bride's chosen colors. The traditional three-tiered wedding cake was topped with a miniature bride and groom figurine that was used by the bride's parents at their wedding 35 years ago, and also by her sisters, Connie and Sue. The cake featured large tiger lilies and island flowers.
Fruit punch, accented with a fruited icering, was served from a crystal punch bowl. Presiding at the table were the bride's sister, Judy Bryant and niece, Stephanie Bryant of Oklahoma City and niece D'Lee Fletcher of Denver City.
Ginger Spiller of Jacksboro and Toni Dunn of Lubbock presided at the groom's table, serving German chocolate cake formed in a horseshoe shape, sausage balls, green and red grapes, salted almonds and coffee. Accenting the table was a green plant. Appointments of silver and crystal were used at both tables.

The wedding cake was made and decorated by the bride's sister, Connie and friend, Cheryl Colton of Lexington. All flower arrangements were also designed by the bride's sisters, Mrs. Fletcher and Mrs. Baker.
Houseparty consisted of Mmes. Inetta Teaff, Betty Estep, Dolores Davis, Jean Patton, Sonnie Stephens, Latrell McDonnell and Jeanette Head.

Mr. and Mrs. Robert Summers hosted the rehearsal dinner at the Steak Place in Denver City, Friday evening, Sept. 30. The bride is a graduate of Texas Tech and holds a BA in journalism and is employed by DFW Suburban Newspapers Inc., in Carrollton. The groom is also a graduate of Texas Tech and holds a BBA in finance and is employed as a federal agent by the U.S. Treasury Department in Dallas.
Following a wedding trip to the Grand Canyon, the couple will be at home in Carrollton.
Special guests were Mrs. Rose Hash and Mr. and Mrs. E.W. Embry of Sherman; Mr. and Mrs. J.E. Adams of Pottsboro; Mr. and Mrs. Oscar Wetzel of Tom Bean; Mrs. Martha Shonk of Tucson, Ariz.; Mr. and Mrs. Mike Shonk and family of Big Spring; Mr. and Mrs. Cheryl Cotton, DeDe and Cody of Lexington; Marco Bawald of Switzerland; Mrs. Sunny Berry of Carrollton, Lori Montgomery of Odessa; Angie Teaff of Wolfforth and Mrs.Rhona:Welborn and Ryan of Slaton.

## Local District Attorney Linda Shoemaker Lowery <br> Attends Press Conference On Law Enforcement Issues

Yoakum County Criminal District Attorney Linda Lowrey was recently invited to travel to Dallas to participate with Governor Michael Dukakis and Senator Lloyd Bentsen in a press conference on law enforcement issues.
Mrs. Lowrey was accompanied by her husband, Melvin Lowrey, Chairman of Yoakum County's Democratic Party. More than 100 press representatives heard from Ken Oden, County Attorney of Travis County, who introduced Mrs. Lowrey. The press reps also heard from the Sheriff of Hidalgo County, which is Bentsen's home county.
Mrs. Lowrey and Terry County Attorney Dwayne Pruitt are members of a group called Law Enforcement Officials for Dukakis/Bentsen. The group's membership exceeds 150, and is composed of district attorneys, county attorneys and local law enforcement officials.
Mrs. Lowrey charged that the Bush years had been an ethical wasteland, with more high level officials being indicted than in any other administration in this century. She stressed that law enforcement involves values, and those values must be established and followed by our political leadership.
She labeled as "totally irresponsible" the Bush distortions of the Massachusetts furlough program. The furlough program was started in 1972 under a Republican governor, and was part of prison reform aimed at reducing the number of inmates in crowded penal institutions. Mrs. Lowrey said, "the program is very similar to one introduced by Ronald Reagan when he was governor of California. The program

was not changed in California even after an inmate on furlough killed a police officer. In any event, governors do not choose the inmates who are released on furlough. Their selection is based on their behavior as inmates. In Texas, Governor Bill Clements authorized the early release of 30,000 prisoners from the Texas Department of Corrections in 1987. It would be ludicrous to blame Clements for every crime committed by
a prisoner on early release," concluded Mrs. Lowrey.
Sheriff Marmelejo of Hidalgo County spoke about the problems faced by the border counties as they fight to slow the ever-increasing amounts of illegal drugs coming into our country. The Sheriff reminded his audience that George Bush was a total failure in his position as head of the Drug Inderdiction Task Force. He also said that the amount of cocaine
coming into the U.S. had tripled during the Reagan/Bush years. But in spite of increases in crime, the Republican administration had cut funding for state and local law enforcement programs.
Governor Dukakis was introduced by Ron DeLord, President of the Combined Law Enforcement Officials of Texas "CLEAT." This 8,000 member organization has endorsed Dukakis/ Bentsen.

Events of the past year have focused the nation's attention on drug abuse. The attention has been focused on ways to combat increases in the number of users and on ways to eventually eradicate drug abuse in the United States. This article will attempt to provide some information to those in law enforcement who have had little or no contact with a particular form of drug abuse - Smoking Crack. Since Crack is a form of cocaine we should begin our investigation of Crack by discussing the drug cocaine.

Cocaine is an alkaloid obtained from the South American coca plant. Cocaine first became popular in the United States in the late 19th century. During this period Parke-Davis, a U.S. pharmaceutical company, sold at least 15 products that contained cocaine. Those products included cigarettes and face powders. The original Coca-Cola was bottled with a dash of cocaine. Presently cocaine has been banned from use in all products manufactured in the U.S. The medical profession has generally discontinued the use of cocaine as a local anesthetic. However, the use of cocaine as a 'recreational' drug has skyrocketed. A 1985 study by the National Institute on Drug Abuse stated that there are currently 5 million regular cocaine users in America. Other studies show that while the number of users of other drugs has diminished, the number of cocaine users has risen. The continuing increase in cocaine users may be partially attributed to the highly addictive qualities of the drug.

Many doctors now believe that cocaine is the most addictive popular drug of all, and Crack is by far its most virulent and addictive form. Crack, a relatively new phenomenon, was first imported from the Bahamas in 1983. Crack (also called base, baseball, gravel, rock or roxanne) is the street name for a more purified form of cocaine that is smoked. The drug is named for the crackling noise it makes when heated. Crack, which may be as much as 90 percent pure, is significantly more potent than cocaine normally purchased on the street. Crack is generally sold in small plastic vials or pieces of foil in the form of small white to beige colored chunks. These chunks can be smoked in a marijuana or tobacco cigarette, although more commonly smoked in a glass pipe. Crack's inexpensive price (in many places $\$ 10$ will purchase enough for two or three uses) has made it the drug of choice in today's society. As stated earlier, smoking Crack is a relatively new phenomenon and some parts of the State have remained fairly unaffected. However, we should all be aware of the presence of Crack and informed of its dangerous physical and psychological effects because its users continue to become more and more widespread.

Smoking Crack brings the cocaine laced-vapors directly into the lungs where they are almost immediately absorbed into the bloodstream. Large highly
concentrated doses of cocaine are carried to the brain which initially gives the user a 'surge' of exhiliration, power, and self-confidence. This 'surge' is later followed by a 'crash' in which the user feels depressed, and develops paranoia and other problems. Physically, Crack causes extreme changes in blood pressure and increases the heart and respira-
tion rates of the user. Crack interferes with normal biochemical agents that control a person's desire for food, sex, and sleep. Smoking Crack has been linked to lung damage, heart attacks, strokes, and extreme weight loss. Death from Cocaine and Crack is almost unpredictable. There is no safe dosage; the dose
that may have resulted in no serious reaction yesterday could be lethal tomorrow. Regular users don't always become more tolerant or immune to Crack's lethal effects. In fact, the chance of fatal brain seizure may increase rather than decrease with continued usage. Crack's ability to cause physical and psychological dependency after only a couple of uses makes it especially dangerous.

Approximately one million Americans use Crack, and approximately 40 percent of them deal drugs to support their habits. An estimated 45 percent steal money to buy Crack. Law enforcement offiials say they expect more co-
caine- related deaths and crimes as the use of Crack spreads across the country. The increase in drug abuse has become a major problem not only for those involved in law enforcement but for society as a whole. The task of slowing the raging tide of drug abuse should not be left solely on the shoulders of the officer on the street or the prosecutor in the court, because they cannot do it alone. Each person must be educated about the harmful effects that illegal drugs such as Crack are having on our society. By knowing the true consequences of using Crack, many people may choose to forego drug use altogether and thereby make the jobs of those in law enforcement a lot easier.

## Cowboys Rack Up Second District Win At Meadow

Plains Cowboys traveled to Meadow Friday night and came home with their second district win. The Cowboys are now 2-0 in district competition.
The tone of the game was set in the first offensive series, as quarterback Monte Pierce relied a great deal on his throwing arm for yardage.
Throwing completions to Alex Barrientes, Shawn Booth and Juan Morales, Pierce led his squad down to Meadow's 12 yard line.

Under pressure, Pierce threw across the grain to Jeff Ashburn, who scored the touchdown. The PAT was unsuccessful, but Plains was on top 6-0.
Meadow came right back on their first possession and moved the ball on the ground with runs by Ernie Limon and Rodney Terry. Terry ran 26 yards for the TD. Ray Ruiz booted the PAT in and Meadow led 7-6.
After both Plains and Meadow's next drives stalled, Meadow punted from deep in their own territory. Anthony Asebedo got a hand on the punt and Henry Gonzales recovered it on the 20 yardline. He ran the punt back for the TD. Again the failed. The score stood, Plains 12 Meadow 7.

Meadow again moved the ball down the field on runs of backs Limon and Terry. The drive ended with a six yard pass to Limon for the TD. The PAT was good and the halftime score was Meadow 14, Plains 12
Early in the third quarter, Plains offense went into high gear. Pierce threw a 38 yard pass to Booth for Plains' third TD. Pierce ran the two point conversion in and Plains led 20-14.
The Cowboy defense hounded Fidel Villalpando, the Meadow quarterback, with frequent sacks and got the ball back on a punt. On the first play, Alex Barrientes ran 60 yards for the Cowboys' next score. The two point conversion was good and now Plains led 28-14.
With 3:51 left in the game Barrientes scored on a three yard run. Joel Vasquez kicked the PAT and the score was Plains 35, Meadow 14.

With only two seconds left on the clock Meadow ran one last play to score on a pass to Limon. The PAT was good and the final score was Plains 35 , Meadow 21.

Alex Barrientes was leading rusher with 13 carries for 99 yards. Monte Pierce had 9 completions in 13 tries for

111 yards passing. Jeff Ashburn had 4 catches for 43 yards and one TD. Shawn Booth had 2 catches for 45 yards and 1 TD.

Leading defensive tacklers were John Harris, Kyle Stephens, Chad Wall, Lebert Powell and Chad Guetersloh.

County Judge Dallas Brewer presided over the commissioners court when they met in regular session Oct. 10.
Jim Barron opened the session with invocation, followed by the pledge to the flag. Minutes of the last meeting were read and approved.

## From The Superintendent's Desk .Dean Andrews

I struggle from time to time as I try to decide on a topic for these weekly articles. Each time I have these feelings of indecision, I come back to the same question, "What is it that you, the general public, would like to know about school?" Many of you have students in school and get a first hand play-by-play of the happenings of our school day, but many of you are like my Mom and Dad and no longer have students in public schools. It is my desire to inform you all of the important things that are happening, or that are forthcoming, in our school.

We have just finished the first six weeks of the 1988-89 school year. Our high school juniors will be taking the exit T.E.A.M.S. test in a couple of weeks. This is the state test that each student must pass in order to graduate so it is very important to each of these students.

In this past six weeks our kindergarten students have learned many new things with perhaps their greatest improvement being during their cafeteria time as they have fewer and fewer spills. These little people are something else - they are O.K.!

Junior high and high school activities are in full swing. We play volleyball, football and band, several times a week with one group or another, and each group has been very successful. I encourage you to support our students both in academics and other activities.

Our high school band will compete in District competition on Tuesday, October 18, 1988, at 10:00 a.m. in Jones Stadium in Lubbock. We are looking for and expect another Division I rating. We expect excellence and our students deliver.

If you ever wish to attend any school function and have a health problem, be sure to let us know and we will do our best to make àrrangements for your comfort as you support our students. We at Plains Schools appreciate your support. We are proud of our school and of our community.

Rainbows may be seen at night. Just as the sun shines through a shee of falling rain to cause a rainbow, the moon can cause the same effect.

## Navy Blue Angels <br> To Be In Lubbock

Colonel Mark H. Lillard III, commander of Reese AFB's 64th Flying Training Wing has designated Sunday, Oct. 16 as "Commanders Day" Open House.

The base will be open to the public from 10 a.m. to 5 p.m.
The featured flying attraction will be the U.S. Navy's Blue Angels Flight Demonstration team. They will be making their first visit to Reese in 20 years and will be flying their A/F-18 Hornet jet fighters.
More than 30 , and possibly as many as 50 aircraft from all the military services will be on static (ground) display on the flightline when the gates open. The display will include fighters, bombers, reconnaissance, transports, helicopters and training aircraft.
Some of the more interesting aircraft currently scheduled to be on display are a B-12 bomber from Dyess AFB in Abilene and a C-5 Galaxie, the Air Force's largest transport aircraft. Visitors will be able to walk through the length of the $\mathrm{C}-5$ as it will be displayed with the front nose open and the rear ramp down.
Also on static display will be an $\mathrm{F}-15$ Eagle, a F-16 Falcon, an A-10 ground support aircraft and F-4 and an RF-4 Phantom. Cannon AFB in Clovis, will send an F-111. Other transport aircraft will be a C-130 Hercules and a C-141 Starlifter.

A number of the latest military aircraft are expected to fly-by and give a demonstration of their flying maneuver capability. Reese's T-37 and T-38 training jets will fly-by in formation prior to the Blue Angels show.

A number of exhibits and displays will be available for viewing. The Reese fire department will show the capability of their crash rescue trucks and demonstrate a simulated extraction from a disabled aircraft. The Reese Honor Guard Drill Team and Color Guard will perform throughout the day.

There will be plenty of food, drink and parking available.
The Reese AFB appearance will mark the only Blue Angels flight demonstration in the West Texas, Oklahoma, New Mexico area between now and the end of their 1988 show season in November.

## Card of Thanks

Perhaps you sent a lovely card, Or sat quietly in a chair.
Perhaps you sent a funeral spray,
If so we saw it there.
Perhaps you spoke the kindest words,
As any friend could say,
Perhaps you were not there at all,
Just thought of us that day,
Whatever you did to console our hearts,

We thank you so much whatever the part.

## 4-H Club Offers Youngsters Varied Choice Of Projects

by John Kraus Tournalism Stude

The week of Oct. 15-Oct. 22 has been declared 4-H Week for Yoakum County, said County Agriculture Extension Agent Kirk Lewis.
The purpose of commemorating the 4-H Week is to attract people to the organization, Lewis said. There will be a membership drive to recruit new members to the group and a re-enrollment for current members.

To enter the Yoakum County 4-H club, a prospective member must be at least in the third grade and be between the ages of 7 and 19. There are approximately 130 active members in the county, Lewis said, and of those, about half are girls.
The 4-H Club sponsors many activities, shows and offers a variety of learning experiences. Members may raise livestock, grow and prepare foods and/ or design and make clothing. There are contests and awards for any of these areas a member may want to pursue.
"It (the 4-H Club) offers kids any type of learning experience that can be had," Lewis said.
Since its beginning in Texas 80 years tion
