MARCEY HOUSE killed this deer by herself on Christmas Eve, while visiting her grandparents, Mr. and Mrs. R. W. House, who live near Goldthwaite in Mills County. She was accompanied on her hunting trip by her father. She helped dress the deer and is "looking forward to helping my father chicken fry those steaks." The daughter of Wayne and Phyllis House, she is eight years old and in the second grade.

Brownie Scouts To Sell Girl Scout Cookies Here

Brownie Scout Troop held its first meeting of the year Tuesday, Jan. 3 at 4 p.m. in the Heritage Room of Plains Library with 16 girls and four leaders present, along with several mothers.

The Brownie Promise was discussed and girls are to know the Promise by the next meeting, which will be Jan. 10 at 4 p.m. in the library. The Brownie story was read and the girls learned that a Brownie is a "helper." They each received three Brownie Helper slips.

The girls will be selling Girl Scout cookies this year and will begin taking orders Jan. 13 and conclude Jan. 25. Cookies will be delivered between Feb. 20 and March 8. In order for girls to participate in cookie sales, she must have her parents' signed permission on file with leaders. An order blank will not be issued without this. Parents and Brownies are to meet with the leaders at 4 p.m. at the library to receive the order blanks and be instructed on sales.

Membership in Brownies costs only \$4 a year with each girl bringing 25 cents to each meeting to help with cost of supplies. Girls take turns furnishing refreshments.

The only part of the Brownie uniform that is mandatory is the sash, as the awards earned are displayed on the sash. Other Brownie items may be purchased if desired.

Girls or parents interested in Brownies should contact Melinda Lazos, Lynne Bayer, Judy Eppler or Dean Richardson.

Annual Banquet Discussed By Chamber Board

The annual Chamber of Commerce banquet was discussed at the January meeting of the membership. The date for the banquet was set for Thursday, March 9 and will be held in the Plains School cafeteria. A speaker for the affair has not been engaged.

The meeting was held in Johnnie's Restaurant with Jim Warren, Dolores Davis, Toni Jones, Mary Jo StRomain, Dick McGinty, Paul Cobb and David Bunch present.

The next meeting will be at the same site Tuesday, Feb. 7 at 7 a.m.

'Home of the Cowboys & Cowgirls'

From The Superintendent's Desk

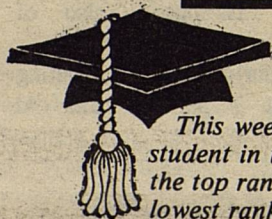

Dean Andrews

As we begin a new calendar year our wish to everyone is for a happy, healthy and prosperous new year.

We look forward to many good things for the school during this next year. It is our belief that the financial values will remain constant. Our facilities are in excellent condition and most important, our academic scores are at an all time high. There is always room for improvement and we will never be satisfied until each child is achieving to his or her highest ability.

We received two items of good news just prior to Christmas. The Austin Court of Appeals ruling in the Edgewood vs. Kirby law suit, and that Monte Hasie was named Chairman of the State Board of Education. The ruling in the law suit allows for the legislature to make adjustments for more equitable funding for all schools and Monte Hasie is from Lubbock and recognizes some needs in public schools that are not being met at this time.

PHS Grads of Yesteryear...

This week we want to feature the most outstanding student in the Class of 1927. This person was not only the top ranking student in his class, but he was also the lowest ranking. Dick McGinty was the only student in the Class of '27 and is probably more supportive of our school and activities than any other graduate through the years.

Dick has carried the chain at football games for thirty-five years. Dick and his wife Lois, who taught at our school for several years, are the parents of Ken and Alton of Plains, Sylvia of Van Alstyne, and Kathleen of Shamrock. The third generation of McGinty children are now attending Plains Schools.

Dick has been very successful in ranching and as you think of the Cowboy mascot, please remember that Dick McGinty is a true Cowboy.

Our Economic Destiny: In Whose Hands?

by Texas Attorney General Jim Mattox

The State song "Texas Our Texas" may someday have to be changed to "Texas Their Texas" if we do not act soon to reverse the trend of foreign ownership of Texas businesses.

In the last twelve months, we have seen control of our major banks move from Texas to New York, Chicago, and North Carolina.

Of course, the ultimate solution is a strong Texas economy built on a diversified industrial base. A strong economy will be disinclined and resistant to foreign ownership.

A cooperative effort by the citizenry, business, industry and government can Keep Texas our Texas.

MCorp, the last of Texas' large bank holding companies, is struggling to remain a Texas property. The other gigantic Texas bank holding companies, that faced massive loan defaults, fell to bailouts by out-of-state banking interests.

Now an even more ominous cloud is on our economic horizon.

Recently, the Antitrust Division of the Attorney General's Office received complaints regarding Texaco's sale to Saudi Arabia of half of its refinery operations, including its Port Arthur refinery.

This will adversely affect the ability of independent Texas businesses to compete in local markets and put thousands of employees at the mercy of foreign interests with no lasting ties to our state.

However terrible the results of such an acquisition, there are no state laws designed to stop or even detect such takeovers by foreign interests and the state's antitrust laws do not provide the answer to this problem.

This is just one of many significant acquisitions by foreign

Bill Nokes' Mother Dies In Corsicana

Funeral services were conducted Saturday, Dec. 31 at 2 p.m. in the chapel of Corley Funeral Home in Corsicana for Mrs. Bessie Lancaster Nokes. Burial was in the Hamilton Cemetery.

Mrs. Nokes died at 5:10 a.m. Dec. 29 at Park Row Health Care Center in Corsicana.

She was born March 21, 1894 in Navarro County and married William Clinton Nokes, Dec. 25, 1909. He preceded her in death Oct. 26, 1977.

Survivors include one daughter, Margie Baker of Irving and six sons, Bill of Plains; Vernon of Houston, Curtis of Santa Fe, N.M., Buddy of Waxahachie, Virgil of Corsicana and Robert of Bryan; 14 grandchildren and several great and great-great-grandchildren.

investors in our state. The economic downturn in the Texas economy has resulted in bargain-basement prices for our businesses and property, and has made them easy targets for anyone with money to invest.

Internationally, as the dollar becomes weaker and weaker, and our trade balance worsens, the result will be increased foreign ownership of the vital industries of our state.

The solution to the problem of foreign ownership of our vital industries will not be easy. A recent bill in the United States Congress by Rep. John Bryant would have required reporting of foreign ownership. Unfortunately, the bill died in the Senate.

State Representative Paul Colbert has announced that a similar bill will be introduced in the Texas Legislature. Other approaches are also possible. However, the time to act is now.

We must require the reporting of foreign ownership. It is not a solution in itself, but such information is necessary if the extent of the problem is to be understood and an immediate remedy is to be found.

Soil Test For '89 Crops

Soil testing should be one of the first steps in planning your 1989 crop production and now is the time to collect soil samples from fields to be planted in spring crops, said Yoakum County Agricultural Extension Agent Kirk Lewis.

"Cost of a soil test is a minor investment to make for the piece of mind it brings when faced with making fertilizer decisions," Lewis says.

Limited rainfall in many areas of Texas in 1988 resulted in crop yields below the yield goals for which crops were fertilized. Thus, some soils have fertilizer nutrient carry-over that could reduce 1989 fertilizer requirements. But only soil testing can determine the carry-over.

Following soil test recommendations can effectively reduce the per unit cost of producing a commodity and increase the chances of making a profit, says Lewis.

"Of course, a good fertility program can only ensure optimum yields when other conditions affecting crop yields are favorable," he says.

A good plant stand, adequate moisture, good physical condition of the soil and insect, disease and weed control are all important in obtaining profitable returns from money invested in fertilizers.

Crop producers who have not yet made a final decision about which crop to plant on which field should submit soil samples now and request fertilizer recommendations for several cropping alternatives per soil sample, says Lewis.

"This information can be helpful in making final cropping decisions," he says.

Soil sampling bags and information sheets may be obtained from the Yoakum County Extension office at Plains.

ROLE MODELING

A very good example of a role model to follow in learning contentment is the prophet Habakkuk, who could say:

Though the fig does not bud, and there are no grapes on the vines, though the olive crop fails and the fields produce no food, though there are no sheep in the pen and no cattle in the stalls; yet, I will rejoice in the Lord, I will be joyful in God my Savior (Hab 3:17-18)

These are certainly not the words of a man who allows negative circumstances in life to spoil his personal happiness. If we could translate Habakkuk's words into idioms of today, it might read something like this:

Though I'm living in a general recession, and my income has plummeted to zero; though I've lost my job, and my unemployment benefits expired yesterday; though I'm hungry, out of groceries, and don't know where my next meal is coming from; still I will rejoice in the Lord, I find joy in my Savior.

Beware of hidden calories!

- No single food supplies all the essential nutrients in the amounts you need. Therefore, eat a wide variety of foods to ensure an adequate diet.

- If controlling your weight is a problem beware of hidden calories. A chef's salad or baked potato isn't a low calorie option if you heap on fatty dressings or lots of butter and sour cream.

- Worried because you don't have time to sit down to breakfast? Have some leftovers or simple food—an oatmeal cookie, peanut butter sandwich, or even a slice of cold pizza. It doesn't matter that it's not "breakfast food." Your body doesn't differentiate which time of day you eat these foods.

- To fuel your muscles for training sessions, be sure you eat enough carbohydrate foods like bread, potatoes, pasta, fruit and cereal.
