Letter To The Editor

Dear Editor:
As a mother of three school age youngsters, I have been pleased with the attitude expressed by Senator Bill Blakley toward home rule education. Not only does it keep control of our schools within the framework of our state, but his plans give relief to parents who are eager to give their children the opportunity of a college education.
It is rather difficult to instill in our children the ideals of personal initiative and free enterprise when our very own school systems are being threatened constantly with federal control.
I'm for a man who has a positive approach to the problem. That man is Bill Blakley. I'm going to vote for him on May 27 and am asking all my friends to check his record before voting against him.
Mrs. Glenn Justice

PLANS COMPLETE FOR RIBBON CUTTING CEREMONIES FRIDAY

Highway Commissioner Hal Woodward will cut the ribbon to officially open the new stretch of Highway 886 north of Cisco Friday afternoon, May 19, according to Standlee McCracken and Carl Lamb, co-chairmen of the ribbon cutting ceremonies.

The ceremonies will begin at 5:30 p. m. at the section of the road at Lake Cisco Park. Holding the ribbons will be Paddy Wright, "Miss Cisco," and her runners-up, Linda Latham and Loretta Whitehead.

Tickets for the barbecue to follow the ribbon cutting ceremonies are \$1.50 each and may be obtained at the Chamber of Commerce office or from committee members at the CoC. The barbecue will begin at 6 p. m. at the Cisco Country Club.

E. L. Jackson will be master of ceremonies for the ribbon cutting and a special program to begin at 6 p. m. at the Cisco Country Club. Callan Graham, executive vice-president of the Texas Good Roads Association will introduce Mr. Woodward.

Following a short talk, Mr. Woodward will introduce the

main speaker, Marshall Fomby of Plainview. Fomby was chairman of the highway commission when the road improvement project from Cisco to Albany was planned.

A group of citizens made a trip to Moran last week inviting residents to the ribbon cutting ceremonies, and a similar group from the Chamber of Commerce will visit Albany Wednesday.

Some 25 out-of-town guests and dignitaries have already notified local civic leaders that they will attend the ceremonies, according to the chairmen.

Paul Brashear is program chairman for the events. Other committee chairmen include W. B. Wright, menu; A. R. Rutherford, tickets; Roy Westfall, arrangements.

Committee members who have tickets to sell include Dick Lauderdale, Roy Westfall, Jr., Austin Flint, Charlie Graham, Lloyd McGrew, Bob Elliott, Wilson Meglasson, Winston Heidenheimer, Carl Lamb, Bill Wright, A. G. Sander, Bill Austin, John Webb, and E. P. Crawford.

Vets Questions And Answers

Q — This fall, I expect to be taking a night course in law under the Korean GI Bill. I will be starting a full four-year course, and at an accredited school, but will only be attending at night. For purposes of my VA training allowance will this be considered full-time or part-time training?

A — Your night school training will be measured as not more than three-quarters time training. It may not be considered as training full time.

Q — In the event a veteran's widow remarries, she forfeits the pension payments she has been receiving. Does that mean that the veteran's children under 18 also lose any financial benefits they were previously entitled to?

A — The children are still eligible for payments under certain restrictions of age, etc. Consult the nearest VA office for rates and other information.

Q — I am a peacetime veteran. Am I eligible to enter a VA domiciliary?

A — Yes but you must be permanently disabled, have been discharged for a disability incurred or service-aggravated disability, have no adequate means of support, be incapacitated from earning a living and meet certain other requirements.

KNOW!

Flameless electric cooking is cool cooking because an electric range keeps heat waste to a minimum.

Electric range surface units transfer heat to utensil bottoms by direct metal-to-metal contact. The heat goes into the utensils and the food, not into the kitchen air. And because the electric oven requires no oxygen to operate, it is insulated on all four sides, top and bottom, keeping heat locked inside where it belongs.
