Architecture separation idea considered possible

By KIRSTEN KLING University Daily Staff Writer

Establishment of the Division of Architecture as a separate entity from the College of Engineering may be near reality, according to Texas Tech officials.

Regents chairperson John Birdwell appointed a committee Friday to study the implications of the possible separation. Birdwell said the separation seems to be a favorable move, but he said he will know more after the committee examines the matter.

The National Architecture Accrediting Board in 1982 suggested an examination of the structure of Tech's Architecture Division. In May 1984, Cavazos appointed an ad hoc committee, comprising Tech chairpersons, deans and alumni, to evaluate Tech's architecture program and its operational status. The committee recommended separation of the academic areas.

I am optimistic that in a first-class university the quality of education, the quality of students and the quality of research will always be foremost. ... The separation would be beneficial the whole university

-Thompson

According to the committee report, the visibility and identity of architecture as a school would enhance the quality of students and faculty attracted to Tech. A new structure also would correspond to the real-world professional relationships that exist between architects and

John Darling, vice president for academic affairs and research, said he believes the regents' committee members will be as supportive of the separation as the members of the university committee.

"It's an exciting possibility. I don't know if it will attract more students, but it will have an affect on its image in the professional world," Darling said.

"The collegiate status (of the Architecture Division) gives a different level of identification for students and faculty as a professional unit on campus - not unlike the Law School, but on the undergraduate level," he said.

Division Chairperson Dudley Thompson said he is optimistic that the separation will be approved.

"I am optimistic that in a first-class university the quality of education, the quality of students and the quality of research will always be foremost. ... The separation would be beneficial to the whole university," Thompson said.

Thompson said the College of Engineering and the Architecture Division work well together and that competition does not exist between the two academic areas.

"We are just stating our case, not competing with the Engineering College," he said.

Having the Architecture Division as part of the Engineering College is like putting law into economics, Thompson said.

Tech President Lauro Cavazos said he anticipates a recommendation from the regents' ad hoc committee before the March board meeting.

"Right now we have an excellent Division of Architecture. It's important that we do not lose quality through any type of separation," Cavazos said. "There is a strong sentiment in favor of the separation." Although the Architecture Division is autonomous,

Cavazos said his concern about the separation is financial. The transition should not be costly, because allocations are based on a formula basis, he said. Both Cavazos and Darling emphasized that the Ar-

chitecture Division does not financially support other departments in engineering or vice versa. "They each have their own identified budget," Darl-

ing said. "We treat all areas simultaneously. We can't concentrate on one area and not another."

However, engineering departments do affect the reputations of other departments within engineering, he

Implementation of the separation — if passed by the regents - would depend upon action by the Coordinating Board, Texas College and University System, in Austin. At the current stage, Darling said, the separation probably will not become a reality before the fall of

"A change from its (Architecture Division) current classification to a free-standing college is a natural evolutionary move," Darling said.

In Washington, D.C., House Agriculture Chairperson Kika de la Garza said Wednesday that he will fight the Reagan administration to keep current farm programs intact but expects Congress to go along with

The administration is expected to send its proposed 1985 farm bill to

Secretary of Agriculture John Block has said the administration hoped to move toward more "marketoriented" programs in an attempt to begin weaning the industry from government-backed support prices

"I would put a hold on for a year or the general public doesn't believe 18 months and see where we are," said de la Garza, D-Texas, in an interview. "This is not the time for a radical philosophical changeover."

> Abolition of commodity support prices would cause "utter chaos," de la Garza said.

> "All I've heard from the adthe costs," de la Garza said. "And oriented,' which someone mentioned, they want a market-oriented program, but there is no market.

> "That they mention agriculture first (for cuts) when commodity programs are 1 percent of the federal budget - we have a cheap food policy," de la Garza said.

> De la Garza said farm programs already have been cut \$20 billion in four years, but probably face additional cuts this year because the public, and consequently the Congress, does not recognize the serious plight of the farmer.

New superintendent named at state school

By KELLI GODFREY University Daily Staff Writer

The Texas Board of Mental Health and Mental Retardation has named Texas Tech graduate Lonnie Willis to the post of superintendent of the Lubbock State School.

Willis will replace John Gladden, who was fired at the request of the Texas Department of Mental Health and Mental Retardation (TDMHMR) Commissioner Dr. Gary Miller in October.

Willis said he looks forward to his new position at the state facility and he hopes to build a more positive image of the Lubbock school since Gladden's dismissal. He would not disclose the reason for the superintendent's removal.

"I think we've got quite a few challenges ahead of us. There have been some problems in the past, but we'll put those behind us - and I'm optimistic that we'll get the job done," Willis said.

State school superintendents serve at the pleasure of the TDMHMR commissioner in Austin and may be removed from that position at any time. Commissioner Miller said Willis is prepared for the superintendent's duties considering Willis' years of experience with the department.

"Since 1979 Lonnie Willis has given our system facilities professional assistance with their program, administative and budgetary activities. These excellent experiences prepared him for his new post," Miller said.

A native of Abilene, Willis graduated from Tech with a bachelor's degree in business administration and has served TDMHMR for 11 years. Before his appointment, Willis served as assistant deputy commissioner to Miller

He also has worked as a personnel assistant at the Abilene State School and personnel and training director at the San Angelo State School.

Willis said after spending his college years at Tech, moving back to Lubbock is exciting.

"I feel very comfortable coming back to Lubbock ... It's kind of like coming home. I'm excited about it," Willis will relieve he said. James Armstrong, superintendent of the Corpus Christi State School, who has been acting superintendent

in Lubbock since October.

It is sad to be sad when a prediction comes true. Sara, "Pandora" Weddington cannot understand the bombings that come as a result of the murder of myriad young people. A major reason for the fierce protection of life has been a fear of opening Pandora's box if we accept any taking of human life.

begets terror. All of the selfish arguments about a woman's body befice. The signs said things like "STOP ing her own do not outweigh the facts of life that have been established over many centuries.

one would argue that the person who kills many others deserves death, but there is still enough doubt as to the there is still enough doubt as to the ultimate outcome that we wisely reconsider the decision to put a killer to death for fear of Pandora's box.

Now that terror has started, how does society stop it? Look at Ireland, the Middle East, Southeast Asia. The madness is spreading. Ask yourself, dear reader: How do we close the box with the deaths of so many innocent children on our consciences? Yet, close the box we must, even at the inconvenience of some to whom play is more important than human life. W.B. Jarzembski

Begging Terror begets terror. Certainly no mercy for

To the Editor:

When we seek compassion for others, we ignore the most persecuted person in our society - the rapist. This poor man is haunted by a compulsion that he cannot control.

When a rape occurs, there is more than one victim. The trauma that a rapist encounters before, during and after a rape is ignored by our society

Instead of being met with the compassion he needs, the rapist is brutally shuffled through our penal system and is incarcerated with common criminals.

The rapist is a man with an illness who should be treated as such. When society realizes that rape is a symptom rather than a crime, we can begin atoning for the transgressions that we, as a society, have committed against the rapist. He cannot control his illness any more than a cancer patient can control his.

While the needs of the rapist are being ignored, we cannot claim to be a just society. Name Withheld

NEWS BRIEFS

Poll shows Texans want blue law to end

AUSTIN (AP) — Two-thirds of the Texans polled in a recent survey want the blue law repealed and a majority want legalized pari-mutuel betting and a state lottery, according to a study released Wednesday.

Pollster George Shipley said his survey showed 66 percent support for repeal of the law that effectively closes most stores on Sundays. Twentysix percent of the about 700 people questioned favor the law and the rest had no opinion, he said.

A similar survey done by the Texas Poll at Texas A&M University in 1984 showed 70 percent of those surveyed support repeal.

Baker confirmed as Treasury secretary

WASHINGTON (AP) - The Senate Finance Committee voted unanimously Wednesday to recommend confirmation of James A. Baker III as Treasury secretary after hearing him say the administration believes simplifying the tax code is as important as attacking deficits.

Baker, however, stressed repeatedly that the tax plan unveiled by the current Treasury secretary, Donald Regan, was only a "starting point" and could be modified substantially before the proposal is sent to Congress.

Proposal may end Texas prison lawsuit

AUSTIN (AP) - A proposal that could lead to a settlement of a 12-yearold civil rights lawsuit against Texas prisons will be filed today in federal court, a lawyer for inmates said Wednesday.

Attorney William Turner of San Francisco said he signed the agreement because, "We were convinced of the sincerity of the Texas Department of Corrections people that they really want to deal with the overcrowding problem."

Study shows rise in low-income people's tax share

By The Associated Press

WASHINGTON - The share of all taxes paid by lower-income Americans has risen over the past two decades, due mainly to increasing Social Security taxes and a decline in corporate levies, a study concluded Wednesday.

Pechman of the private Brookings In- major equalizing effect on the and a reduced role for local property stitution in Washington, D.C., found that the share paid by the wealthiest

And while taxes have done little to shift income among various levels of society, Pechman wrote in a book titled, "Who Paid the Taxes, 1966-85," such government payments as Social Research by economist Joseph A. Security and food stamps have "a

distribution of income."

Those payments have offset some 10 percent of taxpayers has declined of the redistribution of wealth that otherwise would have occurred under the tax system, he said.

> Pechman also found that a dollar of wages likely is to be taxed at a higher rate this year than a dollar of investment income because of long-term reductions in corporate income taxes

But his key finding was that the American tax system — federal, state and local - has become less progressive since 1966. The federal income tax generally is known as progressive - meaning that the tax is based on ability to pay and that taxes claim a larger share of each dollar as income increases.

FLIGHT TRAINING

The Navy presently has several openings for the most exciting and challenging job in the world-NAVY PILOT. If you qualify, we will guarantee you a seat in the most prestigious flight school.

At the completion of training you will fly the Navy's high performance aircraft. BSBA degree. Less than 29 years old. Excellent health.

If you think you can qualify, and would like to earn up to \$33,000 in four vears, CONTACT 1-800-354-9627.

Cheerleader pitches chips

By CHERYLE LOCKE University Daily Staff Writer

Temporarily abandoning her customary short skirts and bold black-and-red sweaters, Texas Tech cheerleader Joni Miller recently lent her gymnastic and cheerleading talents to the whims of the advertising world.

After being selected by the National Cheerleaders' Association as the No. 1 female cheerleader, Miller received the opportunity to fly to London to perform in the newest Doritos brand corn chip television commercial.

Miller won the Dorito Superstar Award along with James Speed of the University of Louisville, who was named the No. 1 male cheerleader. Miller and Speed were flown to London during the Christmas holidays for rehearsal and filming of the advertisement.

After arriving at the studio in London, the two American cheerleaders were introduced to the commercial's English cast.

"The other kids in the commercial were nice, but they (many natives of England) don't like Americans very much. They seem to put us all in one category. They think we have a lot more money than they do, and that we have it so much easier over here," Miller said.

Noting that American television programs such as "Dynasty" and "Dallas" are popular in London, Miller said she thinks maybe the English assume all Americans live a similiar lifestyle.

Miller said the young actors and actresses of the Doritos cast did not understand what a cheerleader was. Two young actors in the cast had Miller explain what a cheerleader's purpose is and asked her to teach them a cheer.

Miller said she taught the twins a simple cheer she teaches high school cheerleaders at cheerleading camps. "It was so funny to hear them yell the cheer with their English accent," she said, "but you know it's really strange how fast you begin to pick up their accent when you're only there for such a short time."

Miller said she could not disclose details about the commercial's format until the advertisement is released in February.

"They (the advertisers for Doritos) are real weird about letting us talk about the commercial — I guess for competitive reasons," she said. "The commercial is a real upbeat musical, and the other kids in the commercial cast are professional actors and actresses.

"It was weird because they had already had acting lessons and I have never acted at all before. The director would walk up to one of us and tell us how he wanted us to do a certain step or something.

"I would want to say, 'I don't want to do that. I feel stupid trying to do that.' I would go ahead and do what

The University Daily/Ron Robertson

Joni Miller

he said, but at times I felt dumb."

"When the director is standing there trying to get everything together, you're afraid to to ask questions because you don't want to hold up the whole

commercial."

Miller, an Amarillo native, said she was surprised at the appearance of some of the people who walked the busier streets in London.

"We went to Picadilly Square and Lester's Square, and people would just walk around there at night. They have different colors in their hair, lots of hot pink and green," Miller said.

She said the crew spent three days filming the commercial. Each day began at 8 a.m. and ended at 10 p.m. Miller said most of the time was spent standing and waiting around.

"It was neat because it was just what you imagine," she said. "The director would always yell 'cut' and the whole works. Every five minutes they (the makeup artists) would come and put more lipstick on me.

"The set was pretty unreal. They wanted to try and make the commercial look very American, but they had a hard time. The clothes in London are so different. They are really wild, and they just don't look very American."

The commercial Miller worked in is expected to begin airing Feb. 18.

CAMPUS BRIEFS

Five-week fitness program scheduled

A first step toward fulfilling New Year's resolutions to live a healthier lifestyle may be attending a five-session seminar titled "Human Wellness: Facts, Fallacies and Food for Thought," slated to begin Wednesday.

Sessions are scheduled to meet from 7:30 p.m. to 9 p.m each Wednesday in the Men's Gym. Mike Bobo and Patsie Ross of the health, physical education and recreation department will discuss aerobic dancing and other conditioning exercises in the first seminar.

Other topics in the series are "Conditioning for Jogging," which deals with preventing injuries while jogging; and "Employee Fitness and Recreation Program Management," which focuses on starting a recreation program and the growing role of businesses providing employee fitness programs.

The cost for each session is \$7.50. For more information or registration, telephone Continuing Education at 742-2354.

Gifted students' winter classes slated

"Super Saturdays," a program for high-achieving and gifted students, will begin winter sessions Saturday at Texas Tech.

Designed for kindergarten through 12th-grade students, the program provides academic and creative experiences beyond the normal school curriculum. Classes meet after school weekdays and Saturdays.

Sponsored by the Division of Continuing Education's Institute for the Gifted, course offerings will include: computers, French, games of strategy, math, Olympics of the mind, veterinary pet care and photography. Taxidermy, study skills, solar energy, science, puppetry, Spanish, geology, medical terminology, bacteriology and astronomy classes also will be offered.

To enroll in any of the more than 80 courses offered, students may nominate themselves or be recommended by a parent, teacher, counselor or school administrator.

Class costs are \$50 to \$60 plus lab fees in some courses. Some financial aid is available for students who show need. Class sizes are limited.

For more information or to register for any "Super Saturdays" class, contact the Division of Continuing Education, Box 4110, Texas Tech, Lubbock 79409, or telephone 742-2353 or 742-2404.

House-sharing alternatives explored

A Shared Housing Conference will explore ideas for more efficient housing arrangements at 1:30 p.m. Friday at 5012 50th St. Sponsored by the National Shared Housing Resources Center, the conference will examine two types of shared housing — match-up and group residence.

Dennis Day-Lower, director of the National Shared Housing Resource Center in Philadelphia, will be the keynote speaker. A question-andanswer session will follow his speech.

Anyone interested in learning about combining resources for more efficient, effective housing is invited to attend. The cost is \$3 per person.

Donors sought for two blood drives

United Blood Services will collect blood from donors on Friday. The Tech Health Sciences Center, located at Fourth Street and Quaker Avenue, will sponsor the first blood drive from 9 a.m. to noon. Goodwill Industries will sponsor the second blood drive from 3 p.m. to 5 p.m. at 715 28th St. Donors of all blood types are needed.

Navy searches for late aircraft

AGANA, Guam (AP) — A Navy A-3 reconnaissance aircraft carrying nine crew members was 4½ hours overdue Wednesday and is believed to have gone down in the Pacific Ocean, a Navy official said.

Lt. Roberta Hackney said the aircraft was believed to have gone down 125 miles north-northwest of Guam and an air and sea search has been launched in the area.

Hackney said the search is being headed by the Joint Rescue Coordinating Center based in Guam.

L.A. 'wolves' inspired by Latino roots

By PETE WILKINS University Daily Staff Writer

Although Los Angeles-based quintet Los Lobos may draw heavily from Baby." their Latino roots, they are the quintessential American rock 'n' roll band. Los Lobos ("The Wolves") play the kind of music that is true to their working-class background - honest, "I wonder ... why not?" drummer gutsy and a lot of fun.

a Latin folk music experiment. But as Perez said that the C&W twang was well as traditional Mexican music, not intentional. "Everything just the band members loved rock 'n' roll. The result is a happy combination scene in the '80s.

mercial radio has started to put the risk into their formula," Perez said.

One person Perez credits with 'n' roll is the late Richie Valens, who died in a plane crash with Buddy Holly and the Big Bopper in 1959. "It begins and ends with Richie Valens," Perez said. "He was unique, original. He has been an inspiration."

Considering the different styles of music that Los Lobos performs, from Mexican polkas to blues/rock, the wess of playing styles. "There's a definite difference," Ferez said. "But "We've played together a lot," Perez we put as much energy into a traditional song as a rock 'n' roll song."

On the album "How Will The Wolf Survive?," most of the rock songs are class sound.

sung by guitarist Cesar Rosas in a characteristic, gut-sounding vocal style. "Cesar's a real fan of soul music," Perez said. "Before Los Lobos, he was always putting bands together with horns."

Now that the band has contributed a substantial amount to the music industry and established themselves firmly with their album, "How Will The Wolf Survive?," are they under any pressure by their record company to make a more polished. "Anglo packaging?"

"We have been very fortunate with Warner Brothers," Perez said. "They were real supportive, we never had to compromise our Mexican heritage." One place Los Lobos' Mexican heritage is presented is in the band's video for "Don't Worry Baby."

A second video also is in the works for "Will The Wolf Survive," which will be released as a single sometime next week, according to Perez.

Another working class band with whom Los Lobos often performs is The Blasters. Saxophonist Seve Berlin left The Blasters a year and a half ago before joining Los Lobos.

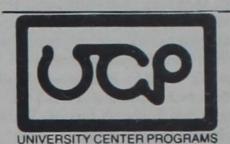

said. "We're just real good friends." Like The Blasters, Los Lobos has a good reason for that honest, working-

"night Mother" seats available

Tickets still are available for the production of playwright Marsha Norman's "'night, Mother," a cultural event sponsored by University Center Activities.

Headlining for the Broadway touring company will be Phyllis Somerville as Jessie Cates, a middle-aged divorcee whose life is strewn with personal problems.

Mercedes McCambridge will play Thelma, Jessie's mother, who

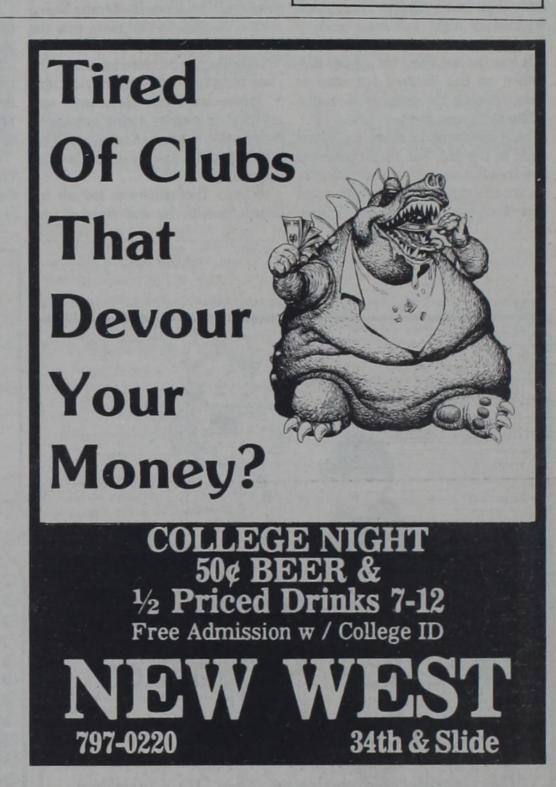

tries to comfort her suicidal daughter. The drama centers on the emotional dialogue and strained relationship between the two women as they uncover the roots

of Jessie's depression. All seats are reserved for the Pulitzer Prize-winning play which will be presented at 8:15 p.m. today in the Center Theater.

Advance tickets are priced at \$7 for Tech students and \$11 for the general public. Tickets purchased at the door will cost \$11.

SMU edges Texas; Hogs whip Owls

By The Associated Press

Southern Methodist 54, Texas 46 AUSTIN — Olympian Jon Koncak scored 18 points as No. 2 Southern Methodist celebrated its highest college basketball ranking ever with a 54-46 Southwest Conference victory over Texas Wednesday night.

Koncak, a 7-foot senior, scored three consecutive field goals in the last five minutes to give SMU its cushion before 11,499 spectators.

The crowd, the largest at Texas since Bob Weltlich took over as head coach three years ago, saw SMU lift its record to 16-1 overall and 6-0 in the SWC. Texas fell to 10-7 and 3-4.

Koncak also swatted away at least

SWC Roundup

three field goal attempts by Texas' 6-10 John Brownlee, who scored just 10 points — about eight below his SWC average.

Carlton Cooper led Texas with 14 points, including 10 in the second half. Mike Wacker and Alex Broadway each had 10 points for the Longhorns.

SMU got 10 points from Carl Wright, but the touted Mustang forward turned the ball over three times.

Arkansas 67, Rice 56 FAYETTEVILLE, Ark. — Center

Joe Kleine scored 27 points and freshman Andrew Lang rejected five shots to lead Arkansas to a 67-56 Southwest Conference basketball victory over Rice Wednesday night.

Arkansas never trailed in the game and was tied only once early at 2-2.

The victory snapped a two-game losing streak for the Razorbacks and raised their SWC record to 4-3. Arkansas is 13-6 overall.

Rice fell to 8-8 overall and 1-5 in conference play.

Kleine pumped in 14 first-half points as the Razorbacks built a 32-18 halftime advantage. One key to Arkansas' success was going the first 19 minutes without a turnover.

Lang, a 6-11 forward from Pine Bluff, blocked four shots in the first half, three coming in the first 2:08 of the game.

Rice was led by junior center Terrance Cashaw with 14 points. Forward Charles Balentine added 14 for BARTENDERS wanted, flexible hours, no experience Arkansas.

from the field in the second half hit- with insurance, able to work nights and weekends. \$3.40 per hour plus commission plus tips. Apply ting on 15 of 19 attempts.

SMU tickets become scarce

Saturday's Texas Tech-SMU basketball game at the Coliseum will go on know Lubbock well. Four hours in evenings sale to the general public today on a 763-5014. first-come, first-served basis.

Tickets cost \$6 and can be purchased at the Texas Tech Ticket Office at lunchtime wait persons. Apply in person 2419 Broadthe north end of Jones Stadium.

A sellout is expected for the contest. All reserved-seat tickets have been sold, and because of local fire ordinances, no standing-room-only ween 2:00 - 5:00 p.m. tickets will be sold.

The second-ranked Mustangs will be the highest-ranked team ever to PART-TIME clerk typist, 9 a.m.-1 p.m. Mondayplay in the Coliseum.

bout will be his last

By The Associated Press

NEW YORK - Win or lose, Larry Holmes' fight against David Bey will be his last, the unbeaten heavyweight champion said Wednesday at a news conference interrupted when a disgruntled fighter appeared uninvited on the dais.

"I don't know 'lose,' " said the 35-year-old Holmes. "I'll win and I'm going to quit. I don't want you guys to write, 'Larry Holmes fought one too many."

"This is Larry Holmes' last fight," promoter Don King said of Holmes' International Boxing Federation title defense against Bey, who has a 14-0 record, March

15 at Las Vegas, Nev. At this point, Mitchell Green, a ranked heavyweight contender, appeared on the dais.

"Why can't I fight Larry Holmes?" shouted Green, who felt he wasn't offered enough money to fight James Broad on the undercard of the Holmes-Bey match. Green didn't sign for the fight, said

"You want to fight me?" said

"Yeah," replied Green.

"Come down to the gym tomorrow," said Holmes.

Green was removed from the dais by Holmes' brother, Jake, and security man Bob DiJuilio. Green accused DiJuilio of biting one of his fingers, and DiJuilio said Green put a hand around his

"I got into the game to make money," said Holmes, who has a 46-0 record in a pro career that began for less than \$100 at Scranton, Pa., in 1973. "I made it and now I quit. I'm not in the business to win any popularity contest."

A reporter reminded the champion that he had said recently he would fight Gerry Cooney if the money is right.

"Twenty-five million dollars." Holmes said.

Told he sounded as if he was pricing himself out of a rematch against Cooney, Holmes said, "They don't have to bother me. The hell with them."

Holmes says March Fans need break from football

By The Associated Press

The Super Bowl ended just in time. We wouldn't want it interfering with this week's opening of United States Football League training camps.

The glut goes on. This endless stream of football

AP Commentary

games has left the American public's demand for the sport more than satisfied. Saturated might be a better description.

Instead of more games, what Instead it will get more games.

Make room for the San Antonio third home in as many USFL seasons. And, the Houston Gamblers and the rating to its clients. Jacksonville Bulls, and all the rest.

had his fill of football. The coach of That, possibly not co-incidentally, the champion San Francisco 49ers has packed away his projector and doesn't care if he sees another blitz or bomb until July. He'll do some skiing, play a little tennis and give his fertile mind some well-earned time off from punts and pitchouts.

business.

The public, however, gets no break. The USFL is warming up for another springtime season, just in case Walsh April or May.

The National Football League, of course, is not thrilled.

The overkill football has inflicted on America needs right now is a break. the American public was eloquently demonstrated on Super Sunday.

ABC, celebrating its first Super hamburgers. Gunslingers and the Portland Bowl, set a record fee of \$1 million per Breakers, who are settling in their advertising minute based on its estimate that it could deliver a 50

of the game, confessed that he has cisco and Cincinnati produced a 49.1. perfect pairing. was the last Super Bowl before the players' strike.

Surely, after three years though, the game has recovered from that affair. People forget. This was, after all, the Super Bowl, more than just a game but an event. The NFL was And this, remember, is his celebrating a banner season with record-shattering performances by a half dozen of its biggest names including Walter Payton, Eric Dickerson and Dan Marino. Who wouldn't gets antsy and needs a football fix in pay a million bucks for a minute's

worth of that product? What's more, a 50 rating would mean half of the homes having television sets would be tuned in. That potentially translates into the sale of an awful lot of tires, cars, beer and

Even with the hefty pricetag, big business couldn't wait to write out the commercial checks, especially after San Francisco and Miami, the NFL's The best previous Super Bowl two best teams, emerged from the endless diet of it, even Peking duck

Then, just to make things even better, much of the country was locked in the grip of an Arctic cold wave, ostensibly trapping millions of people in front of their television sets.

A captive audience. Let the ratings roll. Well, they didn't.

The Nielsen figures showed a national rating of 46.4, tying for fifth place on the list of most-watched games. Hardly heavyweight stuff. And that included a 55.1 in San Francisco, where the citizens were somewhat intimately involved in the

In some cities, the figures must have been positively depressing to ABC and the NFL. Boston had a 32.9, New York a 38.8, Chicago a 44.4.

What went wrong?

Simple. If you like Chinese food, you might eat it once or even twice a week. But if somebody fed you an Even Bill Walsh, a devoted student rating came in 1982 when San Fran-playoffs to give the network the would begin to seem rather ordinary.

Nicklaus joins Watson, Norman in L.A. Open

By The Associated Press

LOS ANGELES - Jack Nicklaus filed a last-minute entry and joined Tom Watson and Greg Norman in the 144-man field for the \$400,000 Los Angeles Open golf tournament.

Watson, who acquired a record sixth Player of the Year title last season, and the Australian Norman both are opening their 1985 campaigns in the tournament that begins Thursday on the difficult, 6,946-yard, par 71 Riviera Country Club course.

Watson, twice a winner of this title, collected three victories last year and led golf's money-winners for the fifth time.

That record, plus a history of playing very well early in the season, and

Nicklaus

Watson

his affinity for this course, made him a major contender for the \$72,000 first

One of Watson's 1984 victories, in the Western Open, came in a suddendeath playoff over Norman. The powerful Australian, who has come to be known as the "Great White Shark," also lost the U.S. Open in a playoff, won two other PGA Tour titles, some \$310,000, challenged for the British Open championship and enjoyed his finest season.

Nicklaus did not have this event on his original schedule and did not enter until moments before the deadline.

Among the other leading contenders are defending titleholder David Edwards, Masters champion Ben Crenshaw and the winners of the first two Tour events this season, Lan-

ny Wadkins and Calvin Peete. Other standouts include Ray Floyd, Tom Kite, Bruce Lietzke, Johnny Miller, Mark O'Meara and Hal Sutton, who won the PGA championship on this course two years ago.
