## South Korean leader to meet with Seoul rioters

By The Associated Press

SEOUL, South Korea - President Chun Doo-hwan made a dramatic reversal Monday after nearly two weeks of violent street protests, agreeing to meet with opposition leaders and consider demands for democratic reform.

His opponents insisted all political detainees be freed before the talks, expected later this week. Police say at least 8,000 people have been arrested since antigovernment agitation began June 10 and thousands remain in jail.

There were fewer reports Monday of protests and fights with riot police. Most of the violence occurred at

#### universities.

Thousands of students hurling firebombs and rocks battled police around at least four Seoul campuses and protesters briefly overran at least one riot squad. Police fired volley after volley of tear gas and attacked with ar- many of the people detained since June 10, when the rulmored cars.

The president said he would be willing to meet with Kim Young-sam, head of the Reunification Democratic Party, and other opposition groups and would consider opposition.

the former general declared April 13 that his successor would be chosen by the current electoral college system and debate on constitutional change would be postponed

until after the 1988 Summer Olympics in Seoul. He has chosen Roh Tae-woo, a former general, to succeed him in February.

News reports said the government would release ing party endorsed Roh's candidacy and protests began, and that Chun and Kim were expected to meet in two or three days.

The political violence is the worst since Chun gained demands for reform. Kim's party is the main political power after President Park Chung-hee was assassinated in 1979. The United States, which has 40,000 Chun's foes demand direct presidential elections, but soldiers in South Korea, has urged both sides to resume talks and avoid violence.

Gaston Sigur, assistant secretary of state and Washington's top Asian policy official, was due in Seoul

on Tuesday.

Roh, who heads the ruling Democratic Justice Party, announced the president's switch of position after holding what he called "frank talks" with Chun.

"I recommended it is desirable that the president meet political elders and opposition leaders to work out settlements," he told reporters, adding the government is preparing a package of reforms.

The newspaper Chosun Ilbo reported in its Tuesday editions the package would include renewed debate on changing the constitution and presidential election system.

Kim insisted that opposition leader Kim Dae-jung be released from house arrest, which was imposed April 8, and that all people detained in the protests be freed.

#### By CINDY PANDOLFO News Staff Writer

Former Gov. John Connally brought the same message to the Texas Tech campus Monday that he delivered to the Texas Legislature 24 years ago in his opening address.

"Education," he said, "is the talisman of a new age."

Connally, accompanied by members of the Friends of Education, spoke to more than 50 local and univeristy officials at University Center.

Friends of Education is a statewide organization of business and civic leaders dedicated to protecting higher and public education. The group formed about two months ago specifically to focus on budget decisions made during the special session, which convened Monday.

Connally said it is important that Texans understand what has already happened in order for the state to resolve future financial problems.

In 1984, state lawmakers made a commitment to higher education with the passage of educational reform. Since giving approval to the reform, the Legislature has appropriated only 60 percent of the mandated funding.

Connally said legislative higher education appropriations have been reduced by \$645 million since 1985, resulting in lost faculty, services and industry to universities and the state.

Connally stressed the important role that education plays in the cultural, social, economic and industrial growth of the state, and called on businessmen around the state to get involved in the funding battle for higher education.

Though Texans don't want more taxes, Connally said, citizens would vote in favor of taxes to maintain quality education.

"We are here to face reality," he said. "We have 30 days to get something done. Texas needs to mandate a return of educational funding to the appropriation levels of 1985."

Connally urged West Texans to communicate their support for higher education to state lawmakers.

"Paradoxically, only one person in West Texas is all out for appropriations to higher education," he said. "That is Sen. John Montford. I implore all of you to tell Montford that you are grateful for his support and tell all your representatives that you will support a vote for increased taxes for higher education."

## House member considers Clements impeachment over scandal

By The Associated Press

AUSTIN - A member of the Texas House of Representatives said Monday he is studying the possiblity of impeachment proceedings against Gov. Bill Clements in the wake of the Methodist bishops' report on the Southern Methodist University football scandal.

"I think that report that came out from the bishops can't be defended by the governor," said Rep. Paul Moreno, D-El Paso.

A report issued by four United Methodist bishops said Clements, as chairman of the SMU Board of Governors, knew improper payments were being made to football players and allowed them to continue even though the school already was on NCAA probation for

similar violations.

The bishops said Clements and several other members of the board of governors participated in an elaborate scheme to keep Clements' involvement a secret.

"It seems to me that a person of that background does not belong in the office of governor of the state of Texas," said Moreno, who first began studying impeachment last March when Clements admitted

scandal.

Another lawmaker, Rep. Eddie Cavazos, D-Corpus Chirsti, Monday asked Attorney General Jim Mattox to review the bishops' report and investigate whether any civil or criminal laws were violated. "I think we ought to give him his day in court, and that's what I have done," Cavazos said. Clements refused Monday a re- tion (impeachment)."

knowing about the pay-for-players quest for an interview about the SMU report.

His press secretary, Reggie Bashur, said the Republican governor doesn't believe the SMU affair is connected to his official duties. "It's a private issue, and it's not related to the affairs of state," Bashur said. "Hopefully, no legislator is going to be so partisan as to proceed on that course of ac-

In the face of changing times, education is the answer to the future of Texas, he said.

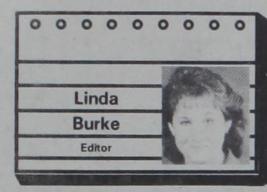

"In my opinion, in a relatively short period of time, we have seen a catacylsmic change that will change Texas for all time," he said.

"We have to build a whole new industry based on innovation, invention and even revolution," Connally said. "The question is, how are we going to handle it? Education will keep Texas where it should be in this nation."

## **Gunfights follow Syria's vow to free Glass**

By The Associated Press

BEIRUT, Lebanon - Gunfights broke out in south Beirut's Shiite Moslem slums, where foreign American journalist Charles Glass that will be accomplished soon." and the son of Lebanon's defense minister "at all costs.".

Police said 17 people were wounded during shootouts in the Shiite Moslem slums of Ghobeiri, Hay Madi and Haret Hreik between the Mokdad Shiite clan and supporters of Akel Hamieh, military commander of the mainstream Shiite Amal militia.

Neither faction has been linked to abductions of the 25 foreigners still held. Amal leader Nabih Berri, also Lebanon's justice minister, ordered his militia Saturday to join the search for Glass, 36, and Ali Osseiran, 40, whose father Adel is defense minister.

Street battles in the south Beirut slums began at midday, eased at midafternoon and picked up again before sundown, police reported. The sound of gunfire and rocket-propelled grenades could be heard in both Moslem and Christian sectors of the city.

Fourteen men abducted the latest victims last Wednesday, along with Osseiran's driver, in south Beirut's seaside Ouzai suburb. It is a

It also said two Lebanese militia chief's heavily fortified home man, one Italian, one Irish, one South linked to kidnappers, identified as Imad Muniyeh and Abdul Hadi Hamadi, were in Iran to testify against the Americans.

There have been previous unconfirmed reports that foreign hostages had been taken to Iran, or that the captives were being held in the Iranian Embassy in Beirut. Iran denied the reports.

The Christian-controlled Voice of Lebanon radio station said those holding Glass and Osseiran demanded a guarantee that West Germany would not extradite alleged TWA hijacker Mohammed Ali Hamadi to the United States.

Lebanese police and sources close to the Syrian command in west Beirut denied such a demand was made.

Security sources in Bonn said West Germany would not extradite Hamadi, a Lebanese Shiite, because of fear for the lives of the West German hostages kidnapped in Beirut last January.

### Army helicopter crash kills reservists

FORT HOOD (AP) - A military helicopter flying at low altitude crashed in rugged terrain Monday during training exercises, killing 10 people, authorities said.

One of the victims died at Darnall Army Community Hospital about an hour after the crash about 9:45 a.m., said base spokesman Maj. George Creach.

Reports on the number of victims have been revised, said base spokeswoman Jeanie Kitchens, because of earlier discrepancies when officials were not at the scene.

Most of the victims were apparently Army reservists, said Creach.

### **Korean-American protest in Austin**

AUSTIN (AP) - An estimated 100 people, mostly Korean-Americans, staged a peaceful demonstration on the steps of the Texas Capitol, asking the United States to withdraw support of the military-dominated government in South Korea.

The Austin demonstrators were among thousands who rallied Sunday across the nation to support anti-government protestors in South Korea and call for the removal of President Chun Doo Hwan.

### **Otwell rallies against Human Services**

AUSTIN (AP) — A minister running as in independent candidate for governor led a Capitol rally Monday to abolish the Department of Human Services, which he described as a wild beast run by third-class people.

Approximately 25 supporters, half of them children carrying placards, listened to Pastor W.N. Otwell of the Community Baptist Church in Fort Worth.

Otwell ran afoul of the law in 1986 when he refused to close his unlicensed church home for boys. He was found in contempt of court but Attorney General Jim Mattox agreed to drop the case when the preacher said he would close the illegal home.

In April a release from Otwell's church announced Otwell as the first 1990 gubernatorial candidate.

### **Tip of the Week**

EDITOR'S NOTE: Following is part of a continuing series concerning crime in Lubbock. Each Tuesday, this column details a crime reported to the Lubbock or University Police departments and crime prevention officials will offer tips on how to avoid a similar crime.

#### CRIME:

NEWS

The University Police Department June records show an increase in the number of harassing phone calls reported. The most recent incident occurred Friday. According to UPD reports, the victim said the harassing phone calls began about two weeks ago. The caller is described as a white college-age male. Reports indicated the caller would whisper and try to distort his voice. All of his calls are sexually-oriented. TIP:

UPD offers the following tips when dealing with harassing phone calls: Don't talk. Silence discourages the caller who is looking for an audience. The victim can control the situation by refusing to talk. Hang up immediately. Don't slam the phone down because this gives the caller the desired reaction. Report harassing phone calls to UPD or the Lubbock Police Department. If the phone calls continue and increase in frequency. keep a log of the calls. Include the time, day, sex of the caller and any other identifiable actions. The log will help law enforcement officers locate the caller.

### **Campus Briefs**

### Planning, construction director named

Larry Tanner has been named as the new director of facility planning and construction at Texas Tech. Tanner, who has been assistant director of the department for two years, replaces Jack Fenwick, who accepted a similar position at Georgia Tech University.

Tanner is a 1971 graduate of Tech's School of Architecture, and has taught in the departments of architecture and civil engineering.

### Endowment fund to help ag sciences

A \$10,000 endowment fund has been established in the Texas Tech University College of Agricultural Sciences as a memorial to W.C. "Brigham" Young, the founder of the Natonal Farm Life Insurance Company.

Young, a native of Ralls, played football at Tech under Pete Cawthorn and graduated in 1935 with a degree in agricultural economics.

### Mass comm prof to attend workshop

John Schweitzer, director of graduate studies and professor in the department of mass communications, has been selected as one of 15 faculty members nationwide to attend the Poynter Institute's Media Management Program.

## Tech hosts symposium to train Latin Americans

#### By CINDY PANDOLFO News Staff Writer

The fifth annual summer workshop on the development of rural management projects, sponsored by the Texas Tech Center for Applied International Development Studies (CAIDS), is being conducted entirely in Spanish.

The three-week workshop, which will continue through June 27, focuses on the needs of Latin American countries, said CAIDS Director Gary Elbow. Previous sessions were conducted in French.

The project is designed to produce better managers from national and local government employees, postsecondary and adult education teachers, officials of international understand that the budget and as

volved in rural development, Elbow said.

This year's program, "Project Administration in Rural Development," will offer classes in management skills, financial administration, financial sources of development projects and development and design of projects. Participants are offered an introductory class in computers.

Visits are scheduled to South Plains Electrical Cooperative, a local cotton farm and to the Tech experimental farm, where participants have the opportunity to view first-hand how projects should work.

Elbow said the workshop strongly emphasizes the merits of decentralization.

"We try to make these people organizations and others who are in- much control as possible must be

## **Teacher arrives on time** for 50 continuous years

#### By The Associated Press

BISHOP — An eighth-grade teacher here chalks up her 50-year perfect-attendance record to a love of education.

Lillion Effie Wimsatt Luehrs, 68, a language arts teacher at Bishop Junior High School, began teaching at the age of 18 in 1937, and since then she has never been late or absent. As a student, Luehrs was never tardy or absent, and this distinction put her in Ripley's Believe It Or Not in 1940.

"I find school to be the most exciting place in the world, and I don't want to miss a day of it," Luehrs says. "I love education, because the world opens up when you have

grade at the same school she had attended. A few years later, she began teaching a combination of grades, and for the last 20 years the eighth grade.

"This May was a time to make a decision, either stay or retire, but I decided to stay, and it's like starting over. I intend to teach as long as I am able . . .

"Each year is different because I try new ideas."

Luehrs is eager about starting her 51st year of teaching, and she spends the summer days working in her classroom.

"I've always felt parents have trusted me with their most precious possessions - their children - and I feel a tremendous responsibility to guide and direct these children in the proper way.

## Waters adopts new, pop sound

#### By ANNE RODGERS **Contributing Writer**

Pink Floyd's front man, Roger Waters, is back with his second solo LP entitled "Radio KAOS."

Pink Floyd fanatics will not get the expected legendary story with mystical music.

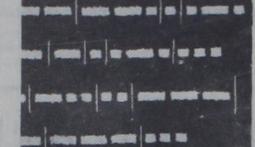

What you get is the unexpected; a new-wave, techno-pop sound and the same background sound effects as heard in "Dark Side of the Moon" and "The Wall."

"Radio Waves," the first single release off of the album, is a prime example of the new-wave, techno-pop who ends up speaking through voice sound.

This influence is the keyboard puters of the "world powers." magic in music these days that is destroying a lot of the natural musical worldwide nuclear attack in the song talent in people. And Waters got "Four Minutes." trapped.

The typical Pink Floyd storyline All of these events are discussed does click in, however.

The story centers on Billy, who Angeles radio station KAOS. Waters describes as a "vegetable,"

cludes the LP much like "Dark Side of the Moon." Also included in this disappoint-

ment is the identical wailing woman from "Dark Side" and the low echo from a male chorus as heard in "The Wall."

tinue as Waters introduces and con-

Waters still has his hang-up with politics, too.

After "The Wall" and "Final Cut" one would think it was out of his system, yet Waters centers on total destruction again.

Another absent item from the Pink Floyd days is the classic guitar work. Although it starts to make waves in "The Powers that Be" it is only in mute form.

"Radio KAOS" is a different LP expanding new territories.

The more time one spends listening to it, the more the Waters' techno-pop sound grows. It just did not live up to the abstract world Pink Floyd fanatics love and admire.

## Little America to play local club

### By JAY MILLER

News Staff Writer

The Los Angeles-based rock quartet Little America will bring its act to Lubbock tonight as part of a cross-country tour promoting its debut album "Little America."

Formed from the elements of two other bands, Little America claims talent from three different music scenes. Guitarist, vocalist and songwriter Andy Logan hails from the San Francisco Bay area and later joined with guitarist John Hussey in Santa Barbara. Vocalist/bassist/songwriter Mike Magrisi and the drummer named Custer joined the group after a stint on the Los Angeles club circuit.

The group signed a multi-album contract with Geffen Records in November 1985 after attracting the services of engineer/producer Paul Sabu, known for his work with the
