## Ross S. Grace is New Methodist Pastor Here

At the Methodist Conference held in Fort Worth last week, Rev. S. Ross Grace was sent to Carbon as pastor of the First Methodist Church for the coming year.

Rev. Grace, who has served as pastor of the Caddo Methodist Church for the past five years, moved with his family into the parsonage this week and will fill the pulpit Sunday. The new pastor succeeds Rev. John Mood who went to Tulsa, Okla. where he will work as youth director in a church there.

We welcome Rev. Grace and his family to Carbon and hope that their stay here will be a prosperous and happy one.

## Work Is Started On New Carbon-Gorman Highway

All right-of-way for the new Carbon-Gorman highway has been secured, according to an announcement made Monday by County Commissioner B. M. Bennett.

He said the cities of Gorman and Carbon had secured right-of-way from all landowners who will be affected by the new routing of the highway.

His workers are already busy clearing the right-of-way.

Highway 6 will be redone from Carbon to Gorman and the new highway will skirt Gorman instead of passing directly through the city. The routing through Carbon will not be affected by the new highway.

## Attend Workers Conf'ee.

Rev. and Mrs. Roger Butler, Mr. and Mrs. Frank Park, Mrs. Hallie Seastrunk and Mrs. Wade Clark attended the Workers Conference of the Cisco Baptist District at Desdemona Tuesday night.

Bro. Butler had a part on the program that emphasized the summer Camp Program at Lueders. Camp Rally Day at Lueders is Monday, June 18.

Dean Campbell of Dallas visited relatives here this week.

## OMAR BURLESON WILL RUN FOR RE-ELECTION IN 17TH DISTRICT

Congressman Omar Burleson today authorized The Press to announce that he will be candidate for re-election as U. S. Representative from the 17th Congressional District. His statement follows:

It is customary for a candidate for public office to make a formal announcement of his intentions.

I have filed my application for a place on the July 28th Primary Ballot with each County Democratic Chairman for reelection to Congress. Due to pressing business of the Congress, this is about the first opportunity I have had to issue a newspaper statement.

In a previous campaign announcement, I quoted Champ Clark, one of America's great statesmen and a former Speaker of the House of Representatives of the United States. He made the following statement, not in a political campaign but as political doctrine: "The truth is being more and more realized that, other things being equal or anywhere nearly equal, the value of the Representative (in Congress) increases in proportion to his length of service. The best plan for a constituency to pursue is to select a man of good sense, good habits, and personal integrity, young enough to learn, and relect him so long as he retains his facilities and is faithful to his trust."

OMAR BURLESON

It is my hope that I thusly qualify, and on this principle I base my candidacy for reelection to Congress.

My record should be known to all who have given attention to it. During my service in the Congress, a constant effort has been made to do two things particularly: (1) to know the views and feelings of my constituents and reflect their sentiments to the greatest possible degree in the Congress; and (2) to inform and advise, as clearly as I can, on those issues which affect my constituency and our Nation.

Space will not permit a discus-

sion of specific issues, simply because there are too many. Generally, however, I have consistently voted to reduce expenditures of government at every opportunity, only voting for those things applicable to our national defense and those things which I believe to be beneficial to the people as a whole. As the record will show, on many occasions I have found myself in the minority but have never failed to exercise the right to vote and to do as I thought best, regardless of any other consideration. In this session of the Congress alone, I have voted to reduce spending by more than 6 billion dollars, which I did not believe was necessary, although some of it may have been desirable. It is a simple fact that the only way our taxes can ever be reduced is cutting expenditures.

At all times, I have tried to represent the very best interest of every segment of the economy in our 17th Congressional District. All matters affecting the farmer, the oil business, the business and professional man have received my unstinted attention. Many times we do not accomplish all we think should be accomplished in these things, but I know in my heart, and believe those who have had occasion to learn first-hand know, that I have done the best possible under all the circumstances which must be met.

Farmers know of my work in their behalf. The independent oil

operator is generally aware of my activities in behalf of the industry. Two or three items especially are of constant and continuing importance to the oil economy: namely, the depletion allowance, foreign oil imports and the necessity of preventing the Federal government from controlling gas prices at the well-head.

Most veterans are aware of my work connected with their problems. As a veteran, it has given me great personal satisfaction in rendering every possible deserving service.

In all things I have favored States' rights. This proposition covers many issues and, in all of them, my record will show my opposition to the Federal government's encroachment in any field rightfully belonging to the States.

At all times I have tried to conduct my self in a manner to deserve to the greatest possible degree the great trust and confidence, which have been placed in me by my friends for the past several years. To violate that trust in any respect would be unthinkable, and it shall never knowingly be done.

Both my wife and I have tried at all times to do those things to bring the greatest possible credit to our area, and shall continue to do so.

As Chairman of the Committee on House Administration, and because of other important Committee assignments, it is necessary that I be in Washington at the time when the Congress has about completed three-fourths of its Session.

Just as soon as possible, without neglecting highly important business, I expect to return home to campaign. In the meantime, I hope you, my friends, will believe in me and trust me with your affairs in the United States Capital. I shall continue to be devoted and faithful to every responsibility.

Sincerely yours,  
 OMAR BURLESON.

### WEST TEXAS RANCHERS GROUP ELECTS FIVE NEW DIRECTORS

The new board of directors elected by the West Texas Ranchers Association includes Roy Brickman of Eastland County, Buell Whiteside of Stephens County, Fred Wylie of Shackelford County, N. M. George of Callahan County and C. B. Quante of Palo Pinto County. Election of these directors was conducted at the regular annual meeting of the Association held at Eastland Thursday night.

Judge Earl Conner of Eastland, attorney for the Association, was in charge of the election proceedings.

Five discussions were given by area agriculture experts as the feature of the meeting's program. Each spoke on a topic which was of interest to the group of ranchers in attendance.

Glen W. Green of Callahan County, in discussing range management, recommended the rotation of the use of pastures, the

running of mixed classes of livestock on pasture lands and the planting of the better grasses on available pastures.

The origin of the various breeds of sheep was discussed by J. M. Cooper of Eastland County who described each breed and type of the sheep family. The breeding of a combination mutton and wool sheep was also outlined in Mr. Cooper's talk.

Usage of silage in fattening steers was urged by W. C. Vines of Shackelford County. Mr. Vines stated that although the gains in weight are slower with the silage ration, the method is cheaper and shows comparable

Slides and charts issued by the U. S. Department of Agriculture showing the comparison of incomes of the working classes of American industry were discussed by Jack Gressett of Stephens County.

## MY STAND ON INTEGRATION

**THE RACE PROBLEM:** There is no race problem. The majority of White and Negro people wish to be left alone. Social fusion must be left to time and man's destiny and the will of God. This unholy wedlock forced upon two different races by north-eastern left-bank radicals will serve to no advantage, to the discomfort of the South and to the delight of the Communists. Society must have free choice in determining its social pattern. The time and decision, if ever, will be the result of philosophic thought resulting from social evolution and God's will, and not a materialistic command by several jurists who have violated states rights in rendering a decision that once again activates the word "nullification" and pits white men against black man while a few evil men promulgate racial hatred to serve self-interested groups.

The White people and the Colored people of the 17th Congressional District wish to be left alone and resent interference by the Federal Government and intellectual "do gooders." This is a problem for Texas and Texans. In fact, there was no problem at all until outsiders, who would have us give up our states rights, took it upon themselves to tell us through the Supreme Court how to run our affairs. How long are we going to allow the Federal Government to usurp the power of the state? How long will it be before the name of a state will be just a name — nothing else? Let us stop this ever increasing encroachment upon our individual freedom now at the polls. Tomorrow will be too late.

There are no race problems in the 17th Congressional District and Texas. Interference by the Federal government into the affairs of the people of Texas can mean only one thing—Bloodshed, nullification, and civil war in the sense that political withdrawal from those who advocate a centralized government at the expense of the people's freedom can no longer be considered representatives of an America built for the people and by the people and governed by the states. Racial fraternization must be left up to the choice of the individual. No man-made law on God's earth can compel two racial groups as a whole to immediately intermingle and join each other in a fraternity of social relationship. The White people do not desire this. The Colored people do not desire this.
