### New Traffic Law

AUSTIN — Slow-moving drivers who drive on the inside lanes of divided highways may find themselves in trouble after September 1. On that date, Department of Public Safety patrolmen will begin enforcement of a new state law which requires that vehicles traveling at less than the normal speed of traffic be driven in the right-hand lane, or as close as practicable to the right-hand curb or edge of the roadway, except when passing.

Another section of the law requires moving traffic to stay to the right of the center line on roadways having four or more lanes of traffic, except when authorized to go to the left of such center line by traffic control devices or when making left turns into or from alleys, private roads or driveways, regardless of whether there is a double yellow stripe

## 3-County Meet On Peanut Vote Set At R. S.

Details of the referendum to be held on September 24, when peanut growers will vote on a self-assessment program, was discussed at a meeting in Rising Star Thursday night, August 21, it has been announced by County Agent DeMarquis Gordon. The meeting was held in the American Legion Hall beginning at 8 p.m.

Gordon says the meeting was planned by farmers in Brown, Callahan, and Eastland Counties to inform the peanut growers of the important election. He says other meetings will be held in Gorman, Desdemona, and Carbon in the near future.

Ross Wilson, manager of the Southwestern Peanut Growers Association, discussed the assessment program and answered questions.

Free coffee and donuts will be provided by the Rising Star Chamber of Commerce.

The county agent says the proposal would allow peanut producers to assess themselves a maximum of \$1.00 per ton of production and permit them to elect a nine-man commodity producers board to administer the proceeds.

Qualified voters may place their names in nomination for positions on commodity producers board by filing an application with the Southwestern Peanut Growers Association by no later than August 24. Applications must be signed by the individual and 10 other eligible voters.

The money would be used for research, disease and insect control, education and promotion of production, marketing, and use of peanuts.

## Local Man's Kin Buried Thursday

Funeral services for Mrs. A. A. Leo Jackson, 75, of Eastland, mother of Charley M. Jackson of Carbon, were held at 2 p. m. Thursday, today, in First Church of God at Eastland with burial in the Eastland Cemetery. Mrs. Jackson died Tuesday about 4:30 p. m. in Eastland Memorial Hospital after a short illness.

Survivors include two other sons, five daughters, two sisters, two brothers, 23 grandchildren, six great-grandchildren.

or not.

Colonel Wilson E. Speir, director of the Texas Department of Public Safety, said still another new law provides for the adoption of a "slow-moving vehicle emblem" for vehicles.

## Carbon Schools Open; Wolverines Scrimmage Lueders Avoca Friday

Carbon Schools opened their 1969-70 school term Monday morning with assembly and a complete faculty. Buses ran on Monday with the same schedule as last year and the cafeteria was open to serve lunch. Classes will be dismissed next Monday, Labor Day, and will resume again on Tuesday. Everything is in order for another successful term with James L. Hughes again serving as superintendent.

Charles Bryant, coach of the Carbon Wolverines 6-man football team, has been working his boys hard getting them in shape for their first game of the season which will be Friday night, Sept. 12 with Mullin, here.

The following boys have reported for football: Doug Bryant, Dale Jackson, Donald Hughes, Larry Stubblefield,

Bobby Carlton, Durwood Webb, Larry Griffin, Darrell Carlton, Tommy Pierson, Timmy Woolley, Byron Casey.

They will scrimmage Lueders-Avoca next Friday night here and the fans will get their first look at our 1969 team.

Lets make plans to give our boys and coach our support as we have done in the past which will help to have a winning team again this year.

## Sweeping Changes In MV Inspection Laws

AUSTIN — The most sweeping changes ever to be made in the State's Motor Vehicle Inspection Act will become effective September 1, according to Colonel Wilson E. Speir, director of the Texas Department of Public Safety.

Speir said the amended act, recently adopted by the Texas Legislature, will place Texas on a 12 month inspection period. The measure increases the inspection fee from \$1.75 to \$2.00, and moves the location of the inspection sticker from the right of the windshield to the left. It also adds exhaust emission systems on 1968 or later vehicles, and exhaust systems on all vehicles, to the list of items to be inspected.

Speir said that all vehicles subject to inspection must be taken to an approved motor vehicle inspection station between September 1, 1969, and April 15, 1970. Upon satisfactory completion of the inspection procedure, the mechanic-inspector will remove the old sticker and affix the new one.

"The new stickers will expire 12 months from the date of inspection, and will contain a large number tab showing the month of expiration," Speir noted. "For example, a sticker issued in September will contain a number nine, and will expire on the last day of September, 1970. A sticker issued in January will contain the number one and will expire at the end of January, 1971," he added.

The DPS director urged all motorists to have their cars inspected early to get ready for fall and winter driving, and to avoid long lines which may develop in April as the deadline draws near.

In addition to the new items to be inspected, inspection stations will check brakes, lighting equipment, horns and warning devices, mirrors, windshield wipers, and front seat belts in vehicles where seat belt anchorages were part of the manufacturer's original equipment on the vehicle. The inspection also includes steering and wheels and rims.

## Outlook For Peanut Crop Now Brighter

The peanut crop in Eastland County looks much better after the recent rainfall reports De Gordon, County Agent. Farmers and others connected with the peanut industry are more optimistic about this crop now than they have been all year.

Gordon warns that it is too early to make any predictions about crop yields, but at this time the chances of a good

crop are very good. The peanut yields for the last three years have been the best ever made in Eastland County. Most producers believe this year's crop will rank with the last three years.

The lesser cornstalk borer is still causing considerable damage in dry land peanuts. One farmer in the Scranton

### Teaching Staff Complete for Ranger High

Supt. James R. Clark announced Thursday that the public school teaching staff at Ranger was completed with the employment of Mrs. Loys W. Baker of Ranger to teach 7, 8, 9 Science and Biology. Mrs. Baker is a graduate of Birdville High School in Haltom City and received her Bachelor of Science and her Master of Education from Texas Wesleyan in Fort Worth. She has had 16 years of teaching experience. She has taught at White Settlement and Castleberry in Tarrant County as well as at Harlingen, Texas three years and El Paso over five years. Her most recent experience was in

Phoenix, Arizona for nearly three years. Mrs. Baker recently moved to Ranger and Eastland Hill from Vancouver, Washington. She has three children. This completes the teaching staff Clark said although a teachers aide is still needed for a half days work.

Purpose of the 1900 Boxer Rebellion, according to its participants, was to drive all foreigners from China.

## Pioneer Boom

Editor's Note: The following item is taken from The Rising Star, a column written by Vada Arnold and titled "It Has Been."

During the hey-day of the Pioneer boom, dozens of Model Ts, trucks, wagons, and teams bogged down in sand or mud, on the roads leading into the town or oil field. Between Rising Star and Pioneer farmers hauled loads of sorghum and maize stalks, piled them into the boggy places in the road to fill up holes. Several farmers along the road made good money by pulling bogged conveyances out of deep ruts, off of "High Center."

Every day in the week resembled a holiday at Pioneer. Crowds moved up and down the streets and board walks, continually. Some were working men, some peddlers, crying out their wares in loud, strained voices, sight seeing crowds, and loafers hunting for a place to pilfer, along

with some women and dirty children.

Today Pioneer is a small community town where many fine intelligent and prosperous people live in quietness and peace, where older citizens tell their descendants tall tales of the Boom days in Pioneer back in 1921 and 22, and flags were flying from every conceivable building, telephone pole, trucks, on the bridles of heavy Percheron horses used to haul oil well supplies, and cars and trucks. There was a rodeo, a carnival, baseball games and other amusements along with a world of drunks. There was a patriotic rally under a brush arbor. The Hon. H. P. Balford of Eastland spoke to an overflow crowd. Everybody celebrated.

The term, ballot, meaning "little ball," stems from classical Greek jury practice. White balls meant acquittal, black balls, banishment.

Johann Sebastian Bach's family had been dedicated to music for six generations.

community said some of his peanuts were so damaged by the borer that they will not be worth harvesting.

Leaf worms have caused more damage this year than usual the county agent said. Most producers are having to spray to control the leaf eating pests.

Gordon said that leaf spot, a fungus disease of peanuts, is increasing rapidly and will cause considerable loss in yields if not controlled. Most producers do not realize the damage caused by leaf spot. Gordon says. Tests in Eastland County have shown that income can be increased by as much as \$28.00 per acre when leaf spot is controlled. Gordon says that fungicides should be applied at the first signs of leaf spot and continued at 7 to 14 day intervals until harvest.

## New Traffic Laws Into Effect Sept. 1

AUSTIN — A number of changes in the State's traffic laws, some of which are highly significant to Texas motorists, were made by the Texas Legislature during its regular session.

Colonel Wilson E. Speir, director of the Texas Department of Public Safety, noted that the new laws will all be in effect by September 1, and pointed out that Department of Public Safety patrolmen will begin enforcement on that date.

While the measures range from one establishing new motor vehicle inspection procedures to allowing the owner

of a parking lot to remove cars parked on the lot without his consent, one of the most important is the new "implied consent" law covering breath testing of drivers.

Under the terms of this law a motorist is "deemed to have given consent" to a breath test if arrested for any alleged offense arising out of his actual operation or physical control of a motor vehicle while under the influence of intoxicating liquor. Refusal to take the breath test may lead to suspension of the suspect's driver license for up to one year.

Another measure which involves drivers is on which requires that slow-moving vehicles, that is, vehicles, traveling at less than the normal speed of traffic, be driven in the right-hand lane or as close as practicable to the right-hand curb or edge of the roadway except when passing.

Also effective on September 1 is an act which establishes a new intersection right-of-way law for the State of Texas. Under this, there are four rules governing the right-of-way at intersections. In cases of collision, it will be presumed that the driver did not yield the right-of-way if the four conditions have not been satisfied.

The Legislature also made changes in the "following too closely" law. Drivers, after the effective date, must give due regard to the speed of the vehicles, traffic upon and condition of the street or highway, to insure that their motor vehicle can be safely brought to a stop without colliding with the preceding vehicle or bearing into other vehicles, objects or persons.
