## BILL THOMPSON'S POCKETBOOK IS OPENED

MAYOR OF CHICAGO SENDS  
CHECK FOR \$1,000 TO RE-  
UNION ASSOCIATION

Treasurer "Bill" Springer of the Cowboys' Reunion association has received a letter from Mayor William Hale Thompson of Chicago, enclosing a check for \$1,000, which "Big Bill" asks to be used by the association, with his compliments. Mayor Thompson regrets, as do his companions, who were here last year, that he and they were unable to attend the Reunion this year, but, he wrote, the unfortunate situation at present made impossible for him to come. In acknowledging the receipt of the check, Mr. Springer wrote that the cowboys here appreciate his generosity, and regret that he could not come this year.

No matter what the outside world may say, think, or do, to the New Mexico cowboys, and to Las Vegas, as well as to the Reunion association, Mayor Thompson will remain the same old "Big Bill," who was so joyfully entertained last year. The cowboys all like him, and they want him to come, whenever he can, reunion or no reunion. This was the statement made today by an officer of the organization.

ALBUQUERQUE MAN PUTS UP  
STIFF FIGHT WHILE RESIST-  
ING ARREST

Albuquerque, July 11.—Two attempts were made to take away Undersheriff R. L. Wootton's gun when he was arresting Rafael Barga of Old Town, charged with beating his wife and mother yesterday afternoon. Barga tried to get hold of the gun while he was resisting the undersheriff and when the undersheriff broke his hold, his mother tried to snatch the weapon. While Wootton was busy with the mother the son made his escape. He was rearrested in Barelmas.

Undersheriff Wootton went to Barga's house after him when he got word that the man was violently drunk and assaulting the two women. Barga turned on the undersheriff when told that he was under arrest. He struggled hard and Wootton was forced to knock him down. He reached up and tried to pull the undersher-

iff's gun from its scabbard. Wootton caught his wrist and broke his grasp on the weapon. The undersheriff was still struggling with Barga when his mother tried to snatch the gun from its scabbard. Wootton flung Barga aside to keep his gun from the woman. She afterwards explained that she was afraid the undersheriff would use it on her son.

While Wootton was busy with his mother Barga took to his heels. He ran into another room and jumped headfirst through a screened window. He was out of sight when the undersheriff started after him.

Wootton was organizing a search for Barga when he got word that the fugitive had been surrendered to a deputy sheriff by his father. He was locked up in the county jail to await a hearing.

CANTRELL, ALSO ACCUSED OF  
ROBBERY, IS EXONERATED  
FROM BLAME

Earl Hudson, arrested in Albuquerque and brought to Las Vegas last night by Sheriff Lorenzo Delgado, this morning pleaded guilty before Justice of the Peace Felix Garcia y Gutierrez to charge of robbing the United States Grill. Hudson was arrested by Albuquerque police the day after the robbery, and had the greater portion of the stolen money on his person. He was held by Judge Garcia y Gutierrez to await the action of the grand jury, though it is likely that he will ask to plead guilty before District Judge Leahy, and be sentenced before the grand jury meets.

"Frenchy" Cantrell, accused of being an accomplice, evidently knew nothing of the robbery, and the state had no case against him. He was dismissed from custody.

MEN ATTEMPTING TO CROSS RIO  
GRANDE NEAR EL PASO ARE  
STOPPED

Presidio, Texas, July 12.—Four armed Mexicans, crossing the Rio Grande to the American side near Indio, southeast of here, were fired upon by a patrol of United States regular troops on refusing to halt, according to a report received here today. The report said one Mexican was wounded and two taken prisoners. What happened to the fourth was not stated. Villa is reported moving north to Nogal, 20 miles south of Ojinaga.

PROPOSED PLAN FOR DRAFT  
WOULD SHOW MEN ORDER  
IN WHICH CALLED

Washington, July 12.—Persistent inquiries from all parts of the country for information about the method to

be followed in selecting men for the national war army caused war department officials to explain today that President Wilson's determination to have absolute fairness govern the process was responsible for the decision to withhold announcement of the exact plan until the eve of the drawing.

Secretary Baker announced late today that in the drawing to select men for draft into the war army numbers likely will be drawn representing every one of the nearly 10,000,000 men registered, so that each man may know the order in which he is liable to be called for service.

Liability will be fixed by the order in which the names come out. There are some 6,000 districts with numbered registration cards, so the first number drawn will represent the first 6,000 to appear before the exemption boards.

CHICAGO BOARD OF TRADE

Chicago, July 12.—Big breaks in the value of corn resulted today from the action of board of trade directors last night in establishing a maximum price for new crop deliveries. General selling took place as soon as the market opened and quotations in some cases made a sheer descent of as much as 3½ cents. Gossip that peace possibilities were being brought nearer by the cabinet crisis in Berlin tended somewhat to emphasize bearish sentiment.

Wheat and oats showed firmness, notwithstanding the downward swing of the corn market.

Provisions reflected the downturn of the corn market. Declines, though, were not of a radical sort. The close was:

Wheat, July \$2.04; Sept. \$1.92½.  
Corn, Sept. \$1.59½; Dec. \$1.16½.  
Oats, July 68¼; Sept. 55¼.  
Pork, July \$41; Sept. \$40.25.  
Lard, July \$21; Sept. \$21.20.  
Ribs, July \$21.57; Sept. \$21.27.

KANSAS CITY LIVE STOCK

Kansas City, July 12.—Hogs, receipts 4,600. Market higher. Bulk \$14.90@15.65; heavy \$15.5@15.75; packers and butchers \$15.25@15.65; lights \$14.75@15.35; pigs \$13@14.

Cattle, receipts 6,000. Market steady. Prime fed steers \$12.50@13.50; dressed beef steers \$9.50@12.25; western steers \$8@12; cows \$5.75@10; heifers \$7.50@12.55; stockers and feeders \$6.50@9.75; bulls \$6.50@8.50; calves \$7@13.35.

Sheep, receipts 2,000. Market higher. Lambs \$14.75@15.75; yearlings \$10@11.50; wethers \$8.75@10; ewes \$8.25@9.25.

Wheeling, W. Va., expects to be the first city to have women street car conductors.

## THREE BILLION- BUSHEL CORN CROP

PRESENT INDICATIONS ARE THAT  
ALL PREVIOUS RECORDS  
WILL BE BROKEN

Washington, July 9.—A three billion bushel prospective crop of corn this year is the answer returned by farmers of the United States to President Wilson's call for food for America's allies in the war. Never before has such a crop been grown.

Production forecasts of the country's principal crops announced today by the department of agriculture expressed in millions of bushels follow:

Winter wheat, 402; spring wheat, 276; all wheat, 678; corn, 3,124. Wheat remaining on farms July 1 is estimated at 15,000,000 bushels.

Condition of crops July 1 follows:

Winter wheat, 75.9; spring wheat, 83.6, all wheat, 78.9; corn, 81.1; oats, 89.4; barley, 85.4; rye 79.4; white potatoes, 90.1; sweet potatoes, 81.9; tobacco, 86.8; flax, 84.0; rice, 85.1; hay, 84.3; apples, 64.0; peaches, 55.2.

In its first forecast of corn production this year, the department of agriculture announced July 1 conditions forecast a crop of 3,124,000 bushels. Sixteen million bushels more this year were planted to corn than last year. The acreage exceeds the record of that planted in 1909 by 13,000,000 acres.

The wheat crop, responding to better weather conditions with a production of 425,000,000 bushels. That would exceed the previous largest crop, grown in 1912, by 32,000,000 bushels. Prospects of the rye crop show a slight decrease from the June forecast, but the production will be a record with a total of 56,100,000 bushels.

GEORGE LOOK DEAD

Santa Fe, July 12.—George P. Look, at one time of Albuquerque and who had visions of a great city on the site of Nutt station on the Silver City line, has died at El Paso. When he came to Nutt from Albuquerque, he laid out a town site and cleared \$1,400 which he invested in El Paso real estate and became rich. He was aged 65 years and came to New Mexico some 40 years ago.

President Van Hise of the University of Wisconsin predicts world-wide woman suffrage after the war.

# COWBOYS REUNION A BIG SUCCESS

A crowd that filled the grandstand and overflowed onto the bleachers attended the Reunion Thursday and witnessed the most thrilling events of the week. Two of the bronc riders were pinned beneath their mounts, and one of them, Slim Allen, was injured seriously; Bugger Red, in attempting to bulldog a steer from the Tex Austin automobile, threw the steer with such force that the animal slid entirely from his grasp, and left the bulldogger lying in the dust.

The steer bulldogging contest was exciting, and several of the steers ran almost directly toward the grandstand, and were bulldogged near the audience, which stood and cheered. Cy Perkins made the sensational catch of the day in the bulldogging contest. He chased the animal entirely across the inner arena, and just as the steer was ready to leap the fence, Cy made his leap and caught the animal even before he struck the fence. Cy's time was 20 seconds.

## Strickland Wins Mule Race

The wild mule race was won by Hugo Strickland, who rode the same buckskin mule that won first place on Tuesday. The rest of the racing brutes took their time about coming in, and it was not until after the "hazers" had gone down the track and shoved the mules, that the race was decided. Ed Bowman won second money, and Walter Rumans came in third.

The bronc riding was the most exciting of the week, and the horses seemed to be on the war-path. Those who witnessed the riding yesterday have no suspicion that the horses here are trained to buck. Every horse ridden showed that he was an outlaw, and each one of them went after the rider with the purpose of dislodging him. Slim Allen's mount, "Airship," turned completely over backwards, and caught Allen beneath him. That the rider wasn't killed was a miracle. Dan Offutt's horse, "Black Jack," turned a "wildcat somersault" on the rider, but did not injure him seriously.

## Parker's Great Ride

An amusing incident of the bronc riding was Tex Parker's unprecedented ride. Tex's horse didn't pitch when the chute was opened, but stood on the ground, crouching low, and ready to spring. Tex spurred him and tried to make the animal move but unsuccessfully. Tex Austin, to assist, rode around behind the horse and fired his gun, which set "Carry Nation" to going like she was headed for a saloon with her hatchet. Parker heard the shot and thought one of the judges had fired it, either because he had been disqualified, or because the horse hadn't pitched. He began to look around for a "pickup" man to hand his rein to, and Carry Nation continued to pitch with such violence that Tex was almost dislodged, and no pickup man was in sight. When he learned that the shot was not fired by a judge, he became rather peeved, but soon recovered his good nature.

The following riders contested on Thursday:

Johnnie Judd, on Red Rock; Cy Perkins on Rocking Chair; Bugger Red, on Nancy Hanks (Bugger said Nancy "shore can buck"); Walter Ru-

mans, on Jesse James; Tex Parker, on Carry Nation; Hugo Strickland on Calamity Janes; Jack Parker, on Rocksy; Cliff King, on Black Witch; Fred Atkinson on Red Bird; Tom Eckard on Yellowstone; Slim Allen, on Airship; Ed Bowman, on Star; Dan Offutt on Black Jack; Bill Stanton on Flip Flop; Dave Campbell on Red Light. Elmer Watts was to have ridden Gone Wrong, but evidently Watts had heard more about the horse than he liked to hear, for he asked to put up a substitute. However, Gone Wrong was not ridden, either by Watts or by a substitute.

Today's program feature, the grand finals, for the contests, which are the most exciting. In the bronc busting contest there were eight riders, who had been picked out by the judges as qualified for the final test of skill in sticking to the bucking horses. They are: Dan Offutt, Bill Stanton, Cliff King, Tom Eckard, Slim Allen (a substitute to ride for him,) Johnnie Judd, Fred Atkinson and Hugo Strickland. The horses were to be selected by the judges, and each rider was to ride as often as the judges asked him to. Events on today's program which have not been held heretofore were a range relay race and a pack race. There were eight entrants in each of these contests.

## Thursday's Day Money

Free for all horse race, 440 yards, dead heat between Queen of Hearts and Marks.

## Steer roping:

George Rusby and Nay Stiles, tied for first at 11 seconds; Charlie Weir and Johnnie Judd, tied for the next best time, with 12 seconds.

Spud race, won by Bugger Red's team with 18 potatoes, while Dave Campbell's team succeeded in securing but a dozen of the murphies.

Steer bulldogging, Cy Perkins, with 20 seconds; Tom Eckard, second, with 24 seconds and Fred Atkinson, third, with 36 seconds.

## CONTESTANT IN RIDING CONTEST SEVERELY INJURED; DAN OFFUTT IS HURT

Slim Allen, bronc buster, was injured severely Thursday afternoon when "Airship," the bronco he was riding, fell over backward at Cowboy park. Allen fell under the horse, with his head back, and between the animal's struggling hind feet. Had it not been for the fact that a dozen cowboys ran to the horse and grappled with him, Allen doubtless would have been kicked to death. The Cowboys' service car carried Allen to the emergency hospital under the grandstand, where he was given first aid treatment, and an ambulance brought him to the Las Vegas hospital, where he remains.

Allen seems to strike hard luck as soon as he reaches Las Vegas each year. Last Reunion a horse fell on him, and fractured three of his ribs; and in a bulldogging leap, he was injured, but not severely. Allen's home is in Garden City, Kansas, and his wife, "Prairie Lillie," is here with him.

"No man, unless by a miracle," said a cowboy yesterday afternoon, "could have gotten out of the accident as lucky as Allen did. I looked to see the boy dead when I got there from

the fence, where I was sitting. Allen was making the prettiest ride of the day, too."

Dan Offutt's horse, Black Jack, turned over, forward, on him, but did not hurt him badly. Offutt had several scratches on his face, and he said his "chuckwagon" was somewhat upset. Cowboys call this kind of a fall by a bronco a "wildcat."

The third annual Cowboys' Reunion is over. The judges have handed in their decisions and the winners have been paid in United States gold currency. All of the contestants have expressed their satisfaction of the way in which the reunion was handled and signified their intentions of returning next year.

The silver loving cup donated to the Reunion, to be presented to the best all-around cowboy entered in the contests, was awarded to Salem Curtis by the judges. Curtis was in the money every day and showed up remarkably well in all of the events in which he was entered. The cup was donated by the Bryant Robinson Corn company of Kansas City, Missouri.

The judges, C. W. Jackson, R. C. Currie and E. T. Davis, awarded the daily and final money to the various contestants as follows:

## First Day's Winners

For the first day, July 3: Steer bulldogging, D. Bledsoe, first; Fred Atkinson, second; and Tom Eckard, third. Wild mule race, Bill Stanton, Fred Atkinson and Walter Rummins, first, second and third respectively. The potato race was won by Salem Curtis' team. In the bronc riding Bill Stanton and Dan Offutt tied for first and second places, with Johnnie Judd pulling down third. In the steer roping Salem Curtis was first, Gaines Weir, second and there was a tie between Bill Davis and Brite Bagley for third.

Contestants in the steer riding were awarded according to whether or not they removed the bell from the steer's neck and the circingle within the given time and before dismounting. Ten dollars was given for the removal of the bell and \$15 for the bell and circingle. The winners on the third were: Johnnie Judd, bell; Salem Curtis, bell and circingle; Cy Perkins, bell and circingle; Sammy Garrett, bell, and Bugger Red, Jr., bell.

Fourth of July winners in the various events were: Steer roping, Charles Weir, Hugo Strickland and Gaines Weir, first, second and third. Bronc riding for cowboys, Bill Stanton, first; Slim Allen, second, and Johnnie Judd, third. Steer riding, Walter Rummins, circingle and bell; Tex Parker, circingle and bell; Jack Parker, bell; Hugo Strickland, circingle and bell; Fred Atkinson, circingle and bell; Tom Eckard, circingle and bell. Steer bull dogging, Tom Eckard, first; D. L. Bledsoe, second, and Ed Bowman, third. In the potato race Bill Stanton's team won by a good number of spuds. The wild mule race was won by Ben Stacel with Salem Curtis second and Ed Bowman third.

For the fifth the steer roping contest was awarded to Nay Stiles and W. B. Shipley, who tied for first and second places, and Johnnie Judd and Charles Weir for third place. The steer riding, Ed Bowman, circingle and bell; Ben Stacel, bell; Dan Wylie, bell; Cliff King, bell and circingle; Mack Wilkinson, bell and circingle;

Bill Stanton bell and circingle. The spud race was won by Bugger Red, Jr.'s team. Cy Perkins and Slim Allen tied for first and second places in the steer bulldogging, with Tom Eckard third. Bronc riding prizes were awarded to Tom Eckard, Bugger Red, Jr., and Johnnie Judd. The wild mule race was won by Hugo Strickland, Salem Curtis and Jim Bryant, riding for Walt Rummins, each receiving first, second and third respectively. Ed Bowman received a special award.

Friday, July 6, the finals in all of the contests were run off with keen competition in all of the branches. The steer roping was awarded to Charles Weir who had an average time of 41 seconds for three steers. Hugo Strickland won second with three steers in 45 seconds. Malcolm Major third with 50 seconds for the three, and Gaines Weir 55½ seconds for his three. In the cowboys bronc riding Bill Stanton was awarded first, Dan Offutt second, and Tom Eckard third. Tom Eckard rode for Dan Offutt in the finals, winning second place for him and pulling down only third when riding for himself. The cowgirls bronc riding awards were made to Prairie Rose, first; Montana Belle, second; Prairie Lillie Ailen, third, and Clyde Lindsey, fourth, with a special \$50 prize. The range relay race was won by Salem Curtis with Jim Giles second and Bill Davis, third. Salem Curtis was also the winner in the pack race with Bill Davis second and Hill Burrow in third place. Yesterday seemed to be Curtis' lucky day, for he won first also in the wild mule race, with Dave Campbell and Jim Bryant finishing second and third. Hugo Strickland was the first to finish in this race, but was disqualified because he selected his own mule before it was brought to the track.

The trick roping money went to Montana Jack Ray, first; Johnnie Judd, second, and Sammy Garrett, third. In the trick and fancy riding Sammy Garrett received first honors, Montana Jack Ray, second and Ed Bowman third.

Running races for the three days, July 4, 5, and 6, were decided as follows. The horses owned by Charles Burks took first place and third with Sam Simerel's racer second, on the fourth. The fifth witnessed a dead heat between one of the horses of Burks and that of Simerel. Yesterday a half mile race was run with Burks' horses again finishing first and third and Simerel second.

The auto race, which was for five miles or ten laps around the track, was won by Fritz Orth driving an Apperson Jackrabbit. The second place car was a Buick and the Hudson third. The race was not as fast as might have been expected, due to the heavy dust on the track that prevented speed. The Hudson driven by Morris Biehl, held second place for over half the race, but was forced by a blowout to drop behind just when he was making substantial gains on the lead car.

Saturday afternoon several matched races between the cowboys, each of whom thought his cowpony just a little better than any other pony on the field. A roping contest between Walt Naylor and Dick Carroll, winner of the roping contest, was scheduled with a side purse of no mean proportions.

### REUNION CROWDS TREATED TO THRILLERS WHEN FINALS ARE RUN OFF

The grand finals in all of the events of the Cowboy's Reunion were run off Friday afternoon before a good sized crowd of spectators. All of the events were extremely exciting, the punchers and cowgirls doing their best in their endeavors to exceed their rivals in the various stunts.

In the trick and fancy roping Montana Jack Ray, Johnnie Judd and Sammy Garrett twirled the manila in expert fashion. Montana Jack handled three ropes at once. One of the loops was kept going behind him by means of a wire that was fastened around his waist. Montana Jack and Judd put on a stunt roping a horse, each one catching the animal by all four feet, Montana standing on his head while he cast his loop. The judges awarded the first prize in the roping to Montana Jack, the second to Johnnie Judd and the third to Sammy Garrett.

#### The Girls' Riding Contest

Prairie Lillie rode Nan Patterson, and Montana Belle, riding for Clyde Lindsey, drew Carrie Nation. Both girls put on a good exhibition of riding, their horses pitching in a manner that brought out the best in the riders. In the cowgirls' bronc riding finals Prairie Rose Henderson was awarded the first money, Montana Belle, second, Prairie Lillie Allen third and Clyde Lindsey fourth. The judges and officials of the reunion made the fourth prize \$50.

The range relay race proved one of the most exciting events of the afternoon. The horses were placed in a corral and the riders were required to rope their horses, and saddle and bridle at each change. Each horse had to be replaced in the corral before the next one was caught. Salem Curtis was the first one out, keeping the lead all the way and winning by a good margin. Jim Giles won second place, being the second out and keeping his lead. Sammy Garrett finished third, but was disqualified for entering the corral while after one of his horses. Third place was awarded to Winn Bowlin.

#### Weir Wins Roping Contest

In the steer roping fairly good time was made throughout, although several of the men failed to catch and others didn't make the required time to qualify. The judges awarded the prizes for the entire contest in steer roping as follows: First place, Charles Weir; second, Hugo Strickland; third, Malcolm Major, and fourth Gains Weir.

The exhibition steer riding provided considerable amusement for the crowd. Two punchers were mounted one one steer when it left the chute, but were forced to dismount in a hurry when the steer rolled over in its efforts to unseat them. Another puncher was dumped in his attempt to ride.

Riders in the grand final bronc riding for the cowboys were forced to extend themselves to the limit to stick to their mounts. Two of the men qualifying for the finals were kept out because of injuries and some of the other punchers rode as substitutes. Hugo Strickland rode for Dan Offutt, and later rode again for himself. According to the report of the judges, Strickland made a better ride for Offutt than he did for him-

self. Dave Campbell rode for Slim Allen. One of the riders in attempting to dismount after his ride caught his spur in the saddle and was dragged several feet by the horse before he was able to free himself.

The steer bulldogging prizes for the grand finals were awarded to Tom Eckerd, first place; D. D. Bledsoe, second place, and Cy Perkins, third.

The trick and fancy riding prizes were awarded: first to Sammy Garrett; second, Montana Jack ay, and third, Ed. Bowman.

The steer bulldogging was up to standard, Powder Face Eckard, roping for Slim Allen, did an especially quick job of it. In this event D. D. Bledsoe substituted for Dan Offutt and Dave Campbell was represented by Tom Eckard. Bugger Red, Jr., bulldogged a steer from an automobile for the amusement of the crowd.

Salem Curtis proved the most efficient in the pack race, winning first place easily. In this event the horses were placed in the corral and then the men went to bed. At the given signal all jumped out, caught two horses, saddled one and put their beds on the other, first rolling them into packs. Curtis made good time, winning by a comfortable margin.

#### Mule Race Is Exciting

The wild mule race proved lots of fun, several of the men having considerable trouble in getting their mounts saddled and started the right direction around the track. Hugo Strickland came in first in the contest of yesterday. He was the winner twice before. Many of the punchers claim that it was the bell that Strickland tied around the mule's neck each day that gave him first place. The mule was so busy thinking about the bell that he forgot to pitch.

During the afternoon three of the cowgirls took up a collection in the crowd for the benefit of the three injured contestants. Prairie Lillie, Montana Belle and Prairie Rose passed through the audience with large cowpuncher hats; \$150.04 was the total taken in. This will give each \$50 toward their expenses.

#### NAYLOR LOSES CONTEST

In a roping contest held Saturday at the Cowboy park, Dick Carroll bested Walt Naylor, president of the Cowboy's Reunion association. The men roped two steers each. Carroll caught his two in 70½ seconds and Naylor caught his two in 70½ seconds. An impromptu match was held between Dick Carroll and Hugo Strickland. Strickland was the winner, catching his two steers in 50 and three fifths seconds. Carroll caught his first steer in 32 and two fifths seconds, but failed to catch the second one. Oscar Neafus and Tom Jackson were the next on the program each agreeing to catch two of the animals. A good sized crowd was at the park, many people motoring out to see the sport. The cowpunchers had considerable fun watching their sedate president trying to outdo one of their number.

#### SALEM CURTIS, BEST ALL-ROUND COWBOY BECOMES COW OWNER THROUGH REUNION

Hail to the best all-around "hand" of cowboyland! To the puncher king of the three-year-old reunion; to the squarest, fairest sport that ever grac-

ed a saddle or twirled a whistling lariat. Hail, and hats aloft, to Salem Wallace Curtis, Jr., the A1-er, the winner de lux, the selected, elected, tip-top puncher of the biggest and best wild west gathering ever pulled, and the roundup, if you please, that had more "Ty Cobbs" of cowboyland in its contestant line-up than any other similar show extant. All of which makes Salem's victory the more glorious, for we know that our home town boy has matched his wits, his skill and his daring with those sons of the range who have reached the highest pinnacle of their profession; men from every state in rangeland, and Salem, our Salem, has emerged from the galaxy, the officially acknowledged winner, the king pin of 'em all.

And so it came that Salem Wallace Curtis, Jr., was presented with the big, beautiful two-foot, silver loving cup which bears this inscription:

"To the Best All-Around Cowboy of the Third Annual Cowboy's Reunion. July 3, 4, 5, 6, 1917, Las Vegas New Mexico. Presented by Ryan-Robinson Commission Company, Kansas City Stockyards."

And while Salem, in his modest, almost blushing manner, gulpingly and smilingly bowed his thanks, he was surrounded by a back-slapping, hand-pumping crowd of sincere congratulators.

Salem Curtis, Jr., first saw daylight on his daddy's ranch in Taylor county, Texas. In 1908 he arrived in New Mexico to be associated with Oscar Neafus on his ranch near Cuervo. When the Cowboy's reunion was suggested, Salem was one of the first hands to promise his presence and hearty co-operation, and he has been in the forefront of the reunion activities ever since. Due entirely to the Cowboy's reunion, Curtis is now a full-fledged cowman—a cowowner—for with his first reunion winnings of \$300, instead of "blowing it in" he immediately invested it in cattle, and while still punching on the Neafus ranch, he ran his little herd on the side. The second year Salem won \$425.00 and this year \$400.00, all of which has been placed in cowflesh, with the result that Curtis, adding his wage savings to his reunion winnings, is now the proud possessor of a bunch of 200 of the finest cattle buyable. Here's hoping that the Cowboy's Reunion will bring to the front more of the kind and character of Salem Wallace Curtis, Jr., cowpuncher—sport—man.

P. H. L.

#### COLONEL PEARSON TELLS HOW FAMOUS MOVIE MAN BROKE INTO THE GAME

There are few people in Las Vegas who do not remember Bronco Billy Anderson, the moving picture cowboy, who made such a success with the Essanay company. Bronco Billy is no more of a cowpuncher than many of the other movie cowboys, but he had a tutor who taught him enough of the cowboy stuff to put him on the screen with so great a success that Bronco Billy now is a millionaire. This man was Colonel Idaho Bill. Here's Colonel Idaho's story:

"I was making pictures, in Chicago, of the life of Jesse James and Gilbert Anderson was working for me. I tried to get him to ride, but he was afraid of even the gentlest horses. In the Jesse James picture, he drove a team, but, do what I would, I could not persuade him to mount even my

gentlest saddle pony. After finishing the Jesse James picture, I made some wild west stuff, and when Gilbert saw it, he decided he wanted to be a cowboy; he was just a young kid at the time. I loaned him a pair of old chaps I had, and he rode a horse in one of the pictures. Then he began to learn all the stunts of the cowboys. He learned how to mount an animal without doing it awkwardly; he learned how to sit in the saddle like a real puncher, and he learned how to dress. That was his greatest asset; he looked the part. Then he and Spore entered the game for themselves. Their company was known as Spore and Anderson, then it became the S. and A., and later was called Essanay.

"He went west and started a branch studio in California. I visited him there, and saw what a nice place he had; homes for his actors, and all that. Anderson was fast becoming expert as a movie cowpuncher, and his stunts went across with a bang on the screen. Those who saw his pictures thought he was a really honest to goodness cowboy that had broken into the movies. He had the make up, and was willing to learn. He practiced for hours, on one little stunt, so he could do it naturally and easily. He learned to roll a cigarette with one hand, and to vault from the ground to his saddle. Bronco Billy made good, and made a pile of money. I'm glad he made a success of his work, and I laugh when I think of how I used to beg him to mount my gentlest saddle pony, and how he would back off and refuse, saying he was afraid!"

#### ONE HUNDRED AND TWENTY-THREE THOUSAND ACRES FOR HOMESTEADERS

Santa Fe, July 9.—There are still 47,380 acres in Bernalillo county subject to public land entry according to the report of the Santa Fe land district, one of six land districts in the state. The total acreage subject to entry in the district is 4,858,212 acres, of which 3,608,312 acres are surveyed and 1,249,900 acres remain to be surveyed. Of Bernalillo county's public lands, 21,700 acres remain to be surveyed. Santa Fe county still has 95,480 acres, of which 27,400 acres are unsurveyed, subject to entry. Sandoval county still has 427,670 acres subject to entry; San Juan county 990,610 acres or an area exceeding that of the state of Rhode Island. San Miguel has 122,730 acres; Taos 346,280 acres; Rio Arriba 737,840 acres, also more than the area of the state of Rhode Island; McKinley 568,012 acres. Colfax, Guadalupe, Mora, Socorro, Torrence and Valencia counties are only partially in the Santa Fe land district. The unappropriated federal public lands in the Santa Fe land district altogether cover an area equal to about the area of the state of Maryland.

#### PARLIAMENT CALLED

Madrid, July 9.—The government yesterday refused a request from a number of Catalonian senators and deputies, asking that parliament be convoked. They declared that if the government did not summon parliament they would call upon the members thereof to meet in Barcelona.

Nearly 35,000 women in New York city are employed as stenographers or typewriters.

### STATE COUNCIL OF DEFENSE CONDEMNNS THEIR UNPA- TRIOTIC ACTIVITIES

Lincoln, Neb., July 11—The Nebraska state council of defense today issued a statement charging "certain professors of the University of Nebraska and the 'conspicuous representatives of the Lutheran church' in the state with 'disloyal activity and passivity that has tended to give aid and comfort to Germany as an enemy.'"

Business men in pro-German communities and especially bankers, are declared to have exhibited an "alarming antagonism toward Red Cross and Liberty bond activity," and some of them are said to have openly made threats of business reprisals against men who were supporting Liberty bonds sales and the Red Cross work. A banker is quoted as saying:

"I would commit suicide before I would take arms against Germany."

"The conspicuous representatives of the Lutheran church," the statement says, "have virtually, generally, and it may be said, almost universally, refused to co-operate with any of the several efforts made by patriotic citizens for the support of the government. On the contrary, they have virtually generally, publicly and privately, discouraged the American cause and shown marked partiality for the cause of America's enemy."

Concerning Nebraska university professors, the statement says:

"Several professors of the University of Nebraska have so persistently given encouragement, publicly and privately, to those who are out of harmony with the American cause, that the council deems it necessary and proper to publicly register protest against these practices."

The council, it is announced, "intends to employ its power and authority to the limit in the effort to suppress in Nebraska any interference with the determination to push this war to a speedy and successful conclusion."

The statement is signed by Lieutenant Governor Edgar Howard, acting governor; Adjutant General Phil Hall, and all members of the state council of defense.

The statement is made, it is announced, "after the most serious and solemn investigation and consideration," and after 100 reports were received from every section of the state. The following publication is given as a sample of 75 letters received from bankers:

"We don't fear threats, but would not be greatly surprised if the fact became known that we had invested money in war bonds, a good many deposits would be quietly withdrawn." A report says of one community:

"Many of the business men seem to be timid for fear they will lose business if they engage in patriotic activities."

The majority of bankers and other businessmen even in pro-German communities, let it be known emphatically they would not be influenced by threats, the statement says. "It is very generally reported that among the native born as well as the foreign born and concerning whose loyalty there can be no question, there is generally misunderstanding as to the meaning and the purpose of the war, and therefore among these a general lack of sympathy with the war."

To do away with this misunderstanding it announces patriotic meetings will be held soon in every town in Nebraska.

### TROOPS FROM NORTH AND SOUTH DAKOTA, IOWA AND NE- BRASKA TO DEMING

Washington, July 11—Subject to approval by Major General Bliss, acting chief of staff, the following assignments of National Guard troops to concentration camps has been made by the militia bureau for the troops from the western and central areas of the country:

North and South Dakota, Iowa, Nebraska, to Deming, New Mexico; Kansas and Missouri to Fort Sill, Oklahoma; Texas and Oklahoma to Fort Worth, Texas; Colorado, Utah, Oregon, California, New Mexico and Nevada to Lindavista, Cal.; Washington, Mont., Idaho and Wyoming to Palo Alto, Cal.

### SENATE TENTATIVELY ADOPTS FOOD BILL AMENDMENT RE- GARDING WHISKEY

Washington, July 11.—Administration leaders in the senate spurred on by Herbert C. Hoover's letter to President Wilson declaring that further delay in enacting food legislation threatens serious losses to both farmers and consumers, today sought to hasten action by the agricultural committee in perfecting the Gore substitute for the food control bill under consideration in the senate. The committee again today worked on the substitute bill, while the senate continued debate on general features of the measure. The senate will vote on the bill July 21.

After accepting tentatively the committee amendment authorizing the president to commandeer whiskey held in bond, consideration of the administrative sections of the food bill was taken up by the senate.

Senators Overman and Smoot objected to appropriating \$150,000,000 for carrying out the provisions of the act without some provisions for a detailed statement of expenditures. Senator Chamberlain then introduced an amendment to require the president to file an itemized account annually. He also introduced an amendment appropriating \$200,000 for the erection of temporary buildings on grounds owned by the government to be used by the administrators of the food bill.

Senator Reed said he understood the agriculture committee was obtruding in a substitute food bill, and he protested against further consideration of the present bill as a waste of time. Senator Knox also voiced disapproval of this method.

No conclusion upon the Gore substitute bill was reached today by the agriculture committee at its first session. Steps were taken, however, toward removing constitutional objections to the Smoot amendment by providing that should distilled spirits be commandeered by the government, a "just and fair" price shall be paid instead of a price fixed by congress.

A vigorous protest again the delay in reporting the food survey bill now in conference was made by Senator Smith of Michigan, who charged that it was being held up for the purpose of whipping senators into line to pass the pending the measure. Senator Johnson, South Dakota, declared the

country was looking to the senate for the reason of the delay in passing the pending measure.

"I believe the packers, the big terminal elevators and storage houses are lending their assistance to oppose the bill," he said. "You will have a hard time making the people believe that it took you a month to make up your minds how to vote on this bill," he said.

After lengthy debate the senate, by a vote of 38 to 24, accepted the committee amendment striking from the house bill the provision putting under civil service employes who will be engaged in carrying out the provisions of the act. The recommendation was accepted practically by a straight party vote, the republican senators favoring the retention of the section.

### LOSSES FOR THE PAST WEEK ARE REPORTED; AMERICAN STEAMER LOST

London, July 11.—The sinking of 14 British merchantmen of more than 1,600 tons is reported in the weekly summary of shipping losses issued today.

Three merchantmen of less than 1,600 tons and seven fishing vessels also were sunk.

### The Kansan is Sunk

New York, July 11.—The American steamship Kansan, carrying a crew of 50 men, has been sunk, presumably off the French coast, according to a cablegram received today by the France and Canadian Steamship company, which chartered the vessel. The fate of those on board is not known.

The vessel was valued at \$3,000,000. She carried a cargo of flour and other foodstuffs, together with 4,000 tons of steel valued at \$2,000,000, consigned to the French government. A majority of her crew were Americans. The cablegram did not say whether the steamer was torpedoed or where the sinking took place. She left New York on June 28, commanded by Captain E. A. Forsythe.

All of those on board were reported landed except the following four members of the crew, who are considered lost: First Assistant Engineer J. M. Murphy, American; F. Aguirre, English; A. P. Kua of Honolulu, and C. Hanan of Singapore.

### INSTITUTE IS OPENED

aSanta Fe, July 12—The teachers' institute for Dona Ana county began its sessions yesterday at Las Cruces with a good enrollment, Professor J. H. Vaughn of state college being the conductor, and Dr. R. E. McBride and Miss Sadie Stuart of Mesilla Park instructors.

Washington, July 11—Favorable report on a resolution providing for a test of a mysterious little machine which its inventor claims could propel an aeroplane from Washington to European battle fields and back again without carrying fuel, was voted today by the house patents committee. T. K. Giragossian, the inventor, says his discovery harnesses at trivial cost an untapped ocean of power. The committee's resolution would guarantee governmental protection in case he demonstrates the usefulness of his machine to five scientists.

### REGULATE COAL SUPPLY

Copenhagen, July 11—Coal cards have been introduced in Berlin in order to regulate the winter supply.

Teofilo Baca of Chapelle, applied to the county clerk this morning for \$2 bounty, on a wild cat killed recently by him. Moen Brothers of the Mora road, applied for \$8 on two coyotes and two wild cats.

Richard Wooley, a member of the Colorado National Guard, has been arrested in Raton and is being held there pending orders from the federal authorities. Wooley had concealed his uniform under a suit of overalls which he was wearing when he was arrested, and attempted to convince Santa Fe officers that he was acting as a special inspector of railway police and bridge and tunnel guards. He made no attempt to escape, when arrested by the officers.

### NEW MEXICO WILL HAVE TO RELY UPON THE MOUNTED POLICE FORCE

Santa Fe, July 11—That New Mexico will be unable to secure United States troops in the event trouble develops at coal and metal mining camps in the state was indicated by the fact that a telegraphic request for half a troop of cavalry to guard the power line extending from Trinidad, Colo., to Colfax county coal properties made to General Parker by Governor Lindsey Saturday night, brought a reply today that it would be impossible to spare cavalrymen for such duty.

Some time ago Governor Lindsey planned to send detachments of the National Guard to the power line and to various mining camps in the state, but found that the army authorities objected, on the ground that it was intended to put all guardsmen through a course of "intensive training." As neither federal troops nor guardsmen would be available, should trouble develop, it probably would be necessary for the governor to commission an armed mounted police.

It is reported today that the I. W. W.'s are concerned in the movement to organize the employes of the Albuquerque & Cerrillos Coal company at Madrid, and plan to organize the coal miners in Colfax county.

### DESPITE HEAVY INCREASES IN EXPENSES, PROFITS ARE LARGER

Washington, July 11.—Reports of 178 of the principal railroads of the United States to the interstate commerce commission today showed that despite heavy increases in expenses, earnings had increased in May, 1917, more than \$3,500,000 over May, 1916. These roads earned in May, 1916, \$101,169,248; in 1917, \$104,721,377. Eastern roads showed a decrease in earnings which was more than offset by increases for both southern and western roads.

May earnings for eastern railroads in 1916 were \$45,590,116; for May, 1917, \$41,246,770. Southern roads increased from \$15,153,713, to \$15,717,557. Western roads showed a gain from \$40,425,419 to \$47,757,050.

Paris, July 12—The French mine sweeper Jupiter struck a mine in the British Channel Tuesday and sank. Eleven lives were lost.

### O. W. EASON OF TOPEKA, FINDS THE SENSATION TO BE ENTIRELY THRILLING

O. W. Eason, of Topeka, Kas., was spending a vacation with S. L. Fisher, the forestry hunter, when a large bear was captured by the well known bear getter. Mr. Eason was with Mr. Fisher yesterday as he made his round of traps, near Mineral hill, and while about three quarters of a mile from the trap, the men could hear something thrashing about in the brush, and Fisher said: "We've sure got him this time," and, sure enough, when the trap was reached, there was Mr. Cattle Thief, doing his "darndest" to get free and attack his captors. A bullet from Fisher's trusty rifle put an end to Bruin's attempts to pull his foot out of the large steel trap, and the animal was loaded onto one of the horses and packed to the Fisher ranch, several miles distant.

Mr. Eason is what westerners call a "Kansas tenderfoot." He is nervy enough, and all that, but he had never been mixed in a bear fight and he said this morning that his hair pushed his hat off his head before the bear was shot, and that even while they were loading the carcass onto the pack horse, he could barely keep his feet under his shaking knees. Mr. Eason is a Santa Fe employe at Topeka, and is taking his vacation in New Mexico. Mr. Eason left this afternoon for Albuquerque.

The bear, which was captured in Blue Canyon, not far from the William M. Nelson ranch, weighed 550 pounds, and was rolling fat. Doubtless it is one of the numerous cattle thieves that have been killing cattle by the wholesale in the Gallinas, and Hollinger canyons. Fisher thought he was a grizzly.

### JUMP INTO RIVER IN EFFORT TO SAVE COMRADE WHO HAD FALLEN OFF BRIDGE

El Paso, July 10—Two enlisted men of the regular army, were drowned and eight or ten others had a battle for life in the waters of the Rio Grande today as a result of the effort of a military guard at a foot bridge near here to keep it from being destroyed by an obstruction of logs borne down by the current. Private Clyde H. Gardiner, trying to move the jam, fell into the river when the bridge railing broke, and was drowned. His body was not recovered.

Almost instantly about a dozen comrades dived from the bridge to rescue Gardiner. They were caught in a swirling current, but all escaped save Private Martin L. Dietz, who was drowned, and his body swept across the river. There it was lassoed by Mexicans, two of whom then braved the river, bringing the body to the camp of the guard.

Both dead soldiers were recruits who had been in the service about two months. Gardiner's home is at Lynn, Mass, while Dietz's home address is given in army records as Staten Island, N. Y.

### SENDS ACKNOWLEDGEMENT OF SUBSCRIPTIONS TAKEN IN THIS COUNTY

While the exact amount collected by the San Miguel county chapter for the Red Cross war fund has not been finally tabulated, the approximate to-

The following personal letter has been received by J. H. Culley, chairman of the local chapter, from H. P. Davison (of the firm of J. P. Morgan and Company) chairman of the Red Cross war council:

Mr. John P. Culley,  
East Las Vegas, New Mex.

Dear Mr. Culley:

At the close of the wonderfully successful campaign for the Red Cross war fund I intended, in behalf of the war council, to send you and your associates, a telegram of thanks and congratulation for your splendidly effective work. On reflection, however, I decided in view of the nation wide extent of our organization that it would be more economical, and equally satisfactory, to write to you instead of telegraphing.

We of the war council are deeply grateful to you, to your colleagues, to the devoted men and women of local Red Cross chapters and auxiliaries, and to every element and individual in your community who aided by service and contribution.

There is no method by which we can reach the legion of individuals, organizations, churches, newspapers, societies, banks, companies and firms whose united effort has provided this great fund for humanity and if through your press and by other means you can make public expression of our gratitude we shall deeply appreciate the courtesy. Their joint accomplishment has stirred the pride of every American.

I wish to add my personal thanks to you, and through you, to all who contributed to the splendid result.

Very sincerely yours,

H. P. DAVISON,

Chairman, Red Cross War Council.

Mr. Culley wishes to state that he and his associates feel that the satisfactory result of the local war fund campaign was due not to their efforts, but to the entire willingness to give on the part of the citizens of Las Vegas and San Miguel county. Numberless subscriptions came in unsolicited. One member of the finance committee stated that it had been worth a hundred dollars to him to find out how ready Las Vegas people were to give money for a great cause.

The chairman of the finance committee, George H. Hunker, will announce in a few days the exact total subscribed, and will send a receipt to every subscriber.

### COUNCIL OF DEFENSE SAYS INCREASED ACREAGE IS HIGHLY SATISFACTORY

Santa Fe, July 10—The splendid result of the propaganda by the state council of defense for increased crops is apparent from the summary of the July crop report for the United States and for New Mexico just issued by the bureau of crop estimate of the United States, department of agriculture. In every instance, New Mexico's crops this year will exceed by far the crops garnered last year, while for the United States as a whole the opposite is true.

In corn, for instance, the yield this year in New Mexico is estimated at 3,490,000 bushels as against 2,625,000 bushels last year. Wheat is to yield 2,390,000 bushels, as against 2,104,000 bushels last year. Oats are estimated at 2,220,000 bushels as against 1,856,000 last year; potatoes, 1,250,000 bushels, as against 816,000 bushels in

1916; hay, 449,000 tons, as against 383,000, in 1916. Even in apples New Mexico is to have a bigger crop this year, 765,000 bushels against 357,000 bushels last year. At the same time, the farmers will get much bigger prices for their produce. Wheat, which was \$1.04 a bushel last year at this time, is now quoted at \$2.75 a bushel; corn, which was 86 cents, is now \$2.10; oats, which sold at 45 cents, are quoted at \$1.02; potatoes, which were 90 cents, now are \$3.16; hay has advanced from \$9.00 to \$18; eggs from 24 cents to 33 cents.

### THE USEFUL COCOANUT

Santa Fe, July 10.—"Cocoanut as a valuable food, of which there is an abundant supply and of which the price is still at its old normal position," is being urged upon housekeepers in a communication to the New Mexico Institute of Science. Claudia Quigley Murphey, consultant in home economics in New York City, writes:

"One of the conditions concerning cocoanut is that few know many ways to use it. We are all familiar with it as a filling for cakes, with its use in pie, and occasionally in cake or pudding making. In India it seems to have been a favorite article of food and is used there in soups as well as in deserts. After diligent search I have gathered a few of typical East Indian recipes which it will be a pleasure to send you if you care for them. They are very palatable but unique in their combination. The general experience has been that the cocoanut in the nut stage is a little difficult to handle, the shredded cocoanut is more convenient for use, keeps better and is handier as well as much more economical. If you care to experiment with cocoanut, I will be very glad to have sent you sufficient supply for that purpose if you will advise me of your requirements. It seems to me that there is an opportunity to find added uses for a food that is at our door in abundant quantities, possessing all the nutrition needful, being tasty, palatable and with a pleasant appearance."

### FREIGHT RECEIPTS GROW

Santa Fe, July 11—Not only does each month this year show an increase in passenger and freight receipts of the A. T. & S. F., but also a considerable increase over the corresponding month of last year and every preceding year, thus demonstrating the material prosperity that war times are bringing to Santa Fe. The other two railroads having terminals here have similar increases to report.

### VISITORS FROM SOUTH

Santa Fe, July 9—Former Senator J. F. Hinkle, Fred Miller, J. B. Herbert and W. F. Nutt of Roswell arrived today on their way to the streams north of Santa Fe to get the cool air of the sierras and to spend two weeks fishing and camping.

Santa Fe, July 9—Pablo Molendrez, an old Indian fighter, died at the age of 80 years at Dona Ana. His wife, a son, two sisters and two brothers survive him.

The secretary of war and the secretary of the navy have agreed to prefer women employes henceforth in appointments to the clerical force of the war and navy departments.

## STATE NEWS

### Car Overturns

When a Ford car being driven by Tom Denton, of San Juan, became unmanageable, while going at a speed of 35 miles an hour on the Ozark Trail, sixteen miles from Tucumcari last Tuesday afternoon, it ran into a ditch, overturned twice, and the occupants narrowly escaped a tragic death. Those in the car were Walter Sharp, Ed Frier and the driver, Tom Denton. Passersby saw them lying in the ditch, as if dead. They hurried to Tucumcari, and doctors went to the scene to find that none of the men were injured dangerously, though Sharp had a broken arm and was otherwise bruised. Porter had his jaw broken, and he was hurt internally. Denton was not injured so seriously.

### Blacksmith Shot

Jake High, a Clovis blacksmith, is in an extremely critical condition with a bullet wound in the region of his heart, ranging directly through the body.

Chief of Police Sadler is in a critical condition, due to concussion from a wound in the head. A barber named Harvey Boothe, who was injured also, is in custody. Sheriff Moye is injured in the arm and chest, all as the result of an altercation on the street.

Boothe, it was said, came up to Sadler on Main street and struck him with a loaded whip. The officer was said to have no gun, but overcame his assailant and knocked him down in the ensuing struggle.

According to reports the trouble started when Sadler put Boothe off the street Sunday, when the latter was alleged to have been drinking. It is said that criticism directed at Sheriff Moye over the Sadler-Boothe trouble led to a controversy in which High is said to have struck the sheriff with a heavy wagon spoke, hurting his arm. It is alleged that High followed up the attack. The sheriff shot him.

### Flood Wrecks Pipe Line

A hail storm and cloudburst northeast of Maxwell Tuesday afternoon caused a flood in Red River which washed out about 200 feet of water main leading from the spring to the reservoir in town. The result is that Maxwell is again without water. The Townsite company has a force of men at work repairing the damage, but no estimate is made as to when the town will again have water.

The roar of Red river could be heard all over town. Fearing for the safety of the water system Marshal Davis went to the river to see if the pipe line was in danger. Before he reached it the line went out. Turning on his speedy horse he made a wild Paul Revere ride through town calling "The pipe line is gone! Fill your cisterns!" There was a rush for water and before nine o'clock the reservoir was empty. But for Mr. Davis' watchfulness and timely warning no one would have had an opportunity to store water and the town would have been extra dry until repairs are made. At it is there is probably water enough to do in the emergency.

## SANTA FE ROUNDHOUSE IS NEARLY COMPLETED

The new roundhouse that is being erected here by the Santa Fe system is fast nearing completion, and in another month will be in use. Six teams are at work filling in and grading so that the tracks may be laid, and in the building, proper, painting and a few finishing touches are all that the men are at work on.

The new improvements represent an expenditure of about \$200,000.

Charles A. Fellows, the contractor, stated yesterday morning that when finished the roundhouse will be one of the largest and best along the entire system. It will have all the latest machinery for taking care of engines and will hold, without any trouble, the largest locomotive on the road. The building is 675 feet around on the inside with a radius of 214 feet.

There are 34 stalls for engines, each 92 feet in length. Twenty-five stalls are for use in the roundhouse proper, six in the machine shops and three in the blacksmith shops.

The building is constructed of reinforced concrete. It has a composition roof, a brick floor that is laid on a base of five-inch concrete with a sand cushion between the bricks and the concrete. It will be heated by a modern steam heating plant. Radiators are placed in pits in the engine stalls, as well as along the walls.

In the repair pits in the roundhouse there are trussed steel rails so constructed that an engine can be driven over them, blocked and the rail removed so that the old bearing boxes may be taken out and new ones put in. The construction was a difficult job and the contractor has handled it in a capable manner. There also are pits for the truck wheels, drive wheels and tender wheels.

There are 26 cast iron smoke jackets to carry the smoke of the engines out of the building. These are large affairs, capable of removing all of the smoke from the building without any difficulty. The jackets were made by Paul Dickinson and Company of Chicago.

The upper transoms will be covered with a wire screen for protection, and the lower windows will have heavy wire guards on them to prevent breakage by flying tools. There are 6,685 panes of glass in the building. These were installed in one week's time by three men, who came down from Denver for the purpose of doing the work.

In the blacksmith shop a large steam hammer will be installed to do the heavy work. A large crane already is in place in the shop. The repair shops will be fully equipped with the most modern machinery made for work on engines. One advantage of the new shops is that the engines may be driven into the shop and then the doors can be closed. This will enable the men to have a warm room to work in, and will keep the tools protected from the weather.

Two modern cinder conveyors will be installed to take care of the cinders and do away with much hard and tedious work. A car is constructed that will run down into the pits beneath the engines, take the load and automatically run out and dump it. The \$30,000 coal chute is already in operation. This chute also

is automatic, registering and delivering the coal all at one operation.

A permanent concrete wall for a 100-foot turntable has been constructed, but because the railroad company cannot secure the necessary steel for the construction of the table a temporary wooden wall has been placed in the pit for an 85-foot turntable. In the center pier for the turntable 75 cubic feet of cement were used. This is considered the largest single piece of concrete ever used in railroad construction. The foundation for this pier was placed on bed rock. The pier has to hold the entire weight of a locomotive while the table is turning, so that great strength is a necessity.

Besides the roundhouse a power house has been constructed where the company will generate its own power for machine uses. Two boilers already have been placed in the power house. The lights for the shops and roundhouse will be from the Las Vegas Light and Power company service.

A building for the foreman's office and lavatories for the men is yet to be erected. This will be completed before the end of the summer.

In connection with the construction of the roundhouse the Gallinas river was moved 500 feet to a 950-foot retaining wall of concrete was built, extending south from the Prince street bridge.

The foreman of the construction gang, who has been in the city ever since the work was started, left today for Canadian, Texas, with a gang of men. A round house is to be constructed in that city.

The contractor will remain in the city for a while as he has been engaged to remodel the Castaneda hotel installing a short order dining room, in addition to the present main dining room and lunch counter.

### Straightened Him Up

Solomon Bequette, Flat River, Mo., writes: "Two years ago I was down on my back till I could hardly go. Foley Kidney Pills straightened me right up." Rheumatic pains, aching joints, sore and swollen muscles indicate deranged kidneys. Foley Kidney Pills get right at the trouble and give prompt relief. O. G. Schaefer.—Adv.

### ROOT COMING HOME

Washington, July 10—America's commission to Russia, headed by Elihu Root, nearly has completed its work in the new democracy and soon will start for home. Administration officials expressed the greatest satisfaction today over what has been accomplished.

Stings or bites of insects that are followed by swellings, pain or itching should be treated promptly, as they are poisonous. BALLARD'S SNOW LINIMENT counteracts the poison. It is both antiseptic and healing. Price 25c, 50c and \$1.00 per bottle. Sold by Central Drug Co.—Adv.

### GERARD QUIT'S DIPLOMACY

Washington, July 9—James W. Gerard, former ambassador to Germany, has resigned from the diplomatic service and returned to private life.

### Chamberlain's Colic and Diarrhoea Remedy

Now is the time to buy a bottle of this remedy so as to be prepared in case that any one of your family should have an attack of colic or diarrhoea during the summer months. It is worth a hundred times its cost when needed.—Adv.

## WOULD ALLOW PERSONS CONNECTED WITH GOVERNMENT TO MAKE FOOD SALES

Washington, July 7.—President Wilson has thrown the weight of his personal influence against a provision attached to the food bill which it is said practically would disrupt the great machinery of the council of national defense. The provision in question would forbid any person connected with the government from selling to it anything in which he has an interest.

Inasmuch as the greatest business interests of the country are represented on the advisory committee of the council, the enactment of the provision, the president thinks, would disrupt all machinery set up for an efficient, economical conduct of the war by marshalling the country's best brains and resources.

## UNITED STATES TAKES STEPS TO PUT MEN OUT OF TEMPTATION'S WAY

Washington, July 7.—All Germans, formerly connected either with the German embassy or any one of the many consulates in America have been requested to leave the United States. Notification that their presence in America is undesirable has been sent to them by the state department.

The Germans, who principally are clerks or servants, were not told that they were suspected of being spies. The inference that their loyalty to the kaiser might make it difficult for them to remain in this country without attempting to send information of a military character to their government is taking steps to tighten the spy net and make even more difficult the getting of military information to Germany.

The cleaning out of former German officials here is but the first step in a systematic attempt to root the spy system out in this country. State department officials say that an iron-bound censorship will be established on all outgoing cables in line with President Wilson's proclamation at the earliest hour that the machinery can be built up. They also are most urgently urging a mail censorship, beginning at first with all countries not now covered by the British, and as soon as possible including that as well.

### Former Attache Sent Home

New York, July 7.—Heinrich Schaeffhausen, former German embassy attache, whom the United States government has decided to send out of this country, was placed on board a Norwegian steamer by agents of the department of justice here today. The arrest of all German agents suspected of activities against the country has been ordered from Washington.

When you feel lazy, out of sorts and yawn a good deal of the daytime you can charge it to a torpid liver which has allowed the system to get full of impurities. HERBINE cures all disorders produced by an inactive liver. It strengthens that organ, cleanses the bowels and puts the system in good healthy condition. Price 50c. Sold by Central Drug Co.—Adv.

France has two women locomotive engineers.

## DESPITE PRESENCE OF TROOPS, PITCHED BATTLE OCCURS IN STREET

Globe, Ariz., July 7.—While federal and state mediators were conferring with representatives of the mine owners in an effort to settle the copper strike here, the first disturbance in the strike district since the arrival of United States troops occurred opposite the Old Dominion mine. In an altercation two Austrian strikers were shot. Deputy sheriffs prevented further disturbances and arrested five other men.

Phoenix, Ariz., July 7.—A long distance telephone message from Globe this afternoon states that a pitched battle occurred in Globe this morning between Austrian miners and Serbian miners. A number of shots were fired by both sides and it is reported that there were a large number of wounded, four of whom are known to be seriously wounded. No deaths had been reported as a result of the battle.

It is stated that the battle occurred in the streets of Globe and that it raged for several minutes before United States troops could get to the scene and put a stop to it. The arrival of the troops served to restore order, and Globe is now reported quiet again.

Phoenix, Ariz., July 7.—E. Beck, shift boss at No. 2 shaft of the Ray Consolidated mine at Ray, Ariz., was this morning beaten to death by a discharged Austrian employe named Mandisch, who, after felling Beck with his lantern, proceeded to kick him in the head as though it were a football.

Apparently satisfied that his victim was done for, Mandisch fled from the mine, but was later captured and is now being held at Ray. Beck lived but a few minutes. It is stated that Mandisch was discharged several times by Beck, but he returned and asked to be put back to work, which Beck did. This morning, it is stated, Beck again found it necessary to discharge the Austrian, and upon being told to leave the mine and report at the office, he replied by making an attack upon the shift boss, which resulted in Beck's death.

Witnesses to the affair declare the attack to have been of an exceptionally brutal character, and the enraged miner repeatedly kicked the prostrate man in the head with great force, the miner being heavily shod in rough boots.

### Denies Calling Strike

Chicago, July 7.—William Haywood, head of the Industrial Workers of the World, said today that Governor Campbell of Arizona had been misinformed if he believed that the strike in the mines of Arizona had been called by I. W. W. headquarters.

"We have no power to call strikes anywhere," said Mr. Haywood. "Our first news of the strikes in Arizona came from points in that state. There is no plan that I know of for a co-ordinate series of strikes."

### Cause of Despondency

Despondency is often caused by indigestion and constipation, and quickly disappears when Chamberlain's Tablets are taken. These tablets strengthen the digestion and move the bowels.—Adv.

### TEACHERS APPRECIATE WORK OF CONDUCTOR AND TEACHERS, RESOLUTIONS STATE

The Optic has been asked to publish the following resolutions:

We, the teachers of Mora county, in body assembled in the normal institute the 27 day of June, 1917, considering that the work of the present institute has been a complete success, have decided to draw the following resolutions:

Therefore, be it resolved that a vote of thanks be extended to our county superintendent, Mr. Milnor Rudolph, for his untiring efforts in making this institute a success.

Be it resolved that we extend our most sincere thanks to our worthy conductor, Professor E. C. Ringer, for the business-like manner in which he has conducted the work of this institute and that as an appreciation of his work, we the members of the institute use the united effort towards securing Professor Ringer for our conductor next year.

Be it also resolved that our thanks be rendered to Miss M. Kohn and Miss Elida Carlson for the professional ability with which they have worked as instructors of this institute and the interest they have shown in behalf of the teachers of Mora county and that we use our united influence to have them as our instructors for our next institute.

But it also resolved that we extend our most sincere thanks to the sisters of Loretto for their hospitality and kindness in allowing us the use of the building for our institute.

Be it also resolved that we extend our thanks to our state superintendent, J. H. Wagner and his assistant, Superintendent J. W. Conway, for their agreeable visit, as well as to our governor, W. E. Lindsey and Mrs. Lindsey and Mrs. Ruth G. Miller, industrial teacher of the state of New Mexico.

Be it resolved that a copy of these resolutions be sent to the following newspapers for publication: El Paso del Norte, Mora, N. M.; El Combate, Wagon Mound, N. M.; El Independiente, Las Vegas, N. M.; The Optic, Las Vegas, N. M., and the New Mexico Journal of Education, Santa Fe, N. M.

#### Keep Fit and Feel Fine.

Foley Cathartic Tablets thoroughly cleanse the bowels, sweeten the stomach, and arouse the liver. For indigestion, biliousness, bad breath, bloating, gas, or constipation, no remedy is more highly recommended. Don't be careless. See that your bowels are regular. Keep fit. Feel fine. O. G. Schaefer.—Adv.

#### SEEK ALLEGED DESERTER

Wagon Mound, July 9.—Condolino Saime, is being held here, on a charge of failure to register for conscription on June 5. It is said that he claimed at the time of registration, that he was a member of the National Guard, but it was learned that he is wanted by the military authorities on a charge of desertion from the National Guard while on duty on the Mexican border. The federal authorities at Albuquerque have been notified.

### INFORMAL STATE GATHERING IS ATTENDED BY LARGE NUMBER OF VISITORS

The informal state convention of the Epworth league closed Sunday at the First Methodist church, with an attendance that filled the building to overflowing, it being necessary to place chairs in the lecture room to accommodate the crowd. Two hundred and twenty-five persons were present at the services Sunday night.

The program opened at 7:30 o'clock with a song service and at 8 o'clock Rev. F. E. Lockridge, state president, delivered an address, which was followed by a sermon-talk by Dr. Frank H. H. Roberts. Special music was furnished by Rev. Ray Spotts Dum and Miss Ida Nolds. The Methodist orchestra was present and played accompaniments to the songs and furnished several selections. Sunday morning Rev. R. E. Farley of the Anti-Saloon league, state superintendent, delivered a temperance sermon which was pronounced the best ever heard in Las Vegas.

One hundred and ten delegates registered at the convention, representing 44 communities. Eighty of the delegates were from out of the city and 25 represented Christian Endeavor societies, and two represented other young people's organizations. The convention, the first of its kind ever held in the state, will be an annual occasion, and will be held in Las Vegas each summer, during the summer Normal. The biggest success in young people's work that the state has ever known, is the opinion of President F. E. Lockridge, and other officials who were here.

The informal state convention of the Epworth league opened Friday at the Methodist church, with a large number of the delegates, most of whom are summer school attendants, present. An address, welcoming the delegates to Las Vegas, and to the convention, was delivered by Professor Paul F. Lomax of the Normal. This was responded to by Rev. F. E. Lockridge, state president of the Epworth league.

The address of the evening was an illustrated lecture by Rev. S. Alonzo Bright, on the subject, "Methodism's Opportunity in New Mexico." Moving pictures of the Normal and of Santa Fe and scenes in the cliff dwelling district about the Ancient City, were shown. An informal reception was held in the church after the program.

Saturday a devotional service was held with Secretary Howard P. Scott of the Y. M. C. A. leading. Rev. Sidney M. Bedford, pastor of the First Christian church, Professor Paul F. Lomax and Miss Vivian Hedgecock were the speakers of the morning.

#### COMMISSION FOR KERMIT

Plattsburgh, N. Y., July 10.—Kermit Roosevelt, son of former President Roosevelt, has received an offer of a commission with the British army operating in Asia Minor. He was granted his discharge from the officers' training camp, and will sail Saturday for Spain, accompanied by Mrs. Roosevelt. Two of Kermit Roosevelt's brothers, Theodore, Jr., and Archibald, are with the American expedition in France.

Try Zensal for that itching Eczema. Sold by E. G. Murphey.—Adv.

Matilde Angel de Montoya was granted a decree of divorce yesterday from her husband, Tranquilina Montoya. District Judge Leahy granted the decree. Mrs. Montoya, who was represented by Attorney Chester A. Hunker, alleged that her husband had used cruel and inhuman treatment toward her. Montoya was not present, nor was he represented. The case was decided in Mrs. Montoya's favor, by default.

Among the various contributors to the Red Cross fund was the Woodmen circle, which gave \$10. The woodmen circle is the smallest secret organization in the city, having but 32 members, 14 of whom are not residents of Las Vegas. The \$10 was taken from the general fund, by unanimous vote of the organization. That the little circle could give, and was more than willing to give the amount to the Red Cross fund, speaks well for the patriotism of the circle and of the individual members, most of whom gave money to the fund.

The open veranda on the second floor of the Masonic temple, leading off from the Commercial club rooms, is being converted into a room. It and the room adjoining it, now used as a card room, will be occupied by M. R. Gonzalez, county agent.

Miss Mary Davis has been informed of the death of Mrs. Sarah M. Atkins, widow of the late Dr. Atkins of Las Vegas, which occurred in Los Angeles recently. Mrs. Atkins is survived by two sons and two daughters, Dudley and Emerson Atkins, Miss Beatrice Atkins and Mrs. Virginia McIntyre. The Atkins family lived in the home on Seventh street now occupied by K. D. Goodall.

Assistant State Traveling Auditor Earle Wiley is here from Santa Fe to check the county offices at the court house. Mr. Wiley began this morning with the county clerk's office. He was amused when he read the findings of the grand jury in the county matters when State Auditor Howell Earnest had accused the county officials of various misdemeanors. The jury agreed with Mr. Earnest in but one thing and that was that the system of using a rubber stamp to sign the county officials' names to vouchers be discontinued.

Miss Jessie Evans of this city is the teacher employed in the Watrous schools, where the pupils receiving the highest marks in eighth grade work in San Miguel county were pupils last year. In the case of some of the pupils great improvement was made over the work of the year before, when failures occurred, and Miss Evans deserves credit for enlisting their interest and arousing their ambition. Her work was most successful and she is receiving congratulations from her friends in school circles.

Otto Don Zorn, of Wichita Falls, Texas, and Miss La Verne Ferguson of this city, were married Saturday night at the Methodist parsonage by Rev. Ray Spotts Dum. The bride is a daughter of Mrs. James Ferguson, who resides here. Mr. Zorn is a promising young business man of Wichita, Falls. The newlyweds left Monday for Wichita Falls, where they will reside.

Provision will have to be made next year to care for Reunion visitors, it is said by those who know. This year a woman rented the upper story of her barn to several men who were glad to get it for a place in which to sleep. The hotels and rooming houses were filled, and people received rooms in private homes. More private homes will have to be opened next year to the visitors.

In the case of Jose G. Alarcon, vs. Buck Hammond, injunction, a hearing was had before Judge Leahy in chambers. The plaintiff in the case asked for a temporary injunction against the defendant to restrain him from driving his cattle on land of the plaintiff and watering his cattle at a well of plaintiff. A showing was made by the defendant that he had moved his cattle twenty miles distant from the ranch of Alarcon, and the injunction was dissolved. As to the question of damages, this matter will be decided by a jury at the trial of the case December 10, during the winter term of the San Miguel county district court.

A reunion visitor last week got away with a \$10 bill belonging to the woman in whose house he had a room. Chief of Police Coles was given a description of the man and found him drinking in a saloon. "Give up that \$10 that belongs to your landlady," said Coles. The man produced the bill, wadded into a knot, from the depths of a trousers pocket. "It was a mistake in the change," he said. "I meant to take it back." Coles said he preferred to deliver it in person, so as to be sure the money got back to its owner. No charge was lodged against the man.

#### ELKS' RELIEF FUND

Boston, July 10.—Delegates to the convention of the Benevolent and Protective Order of Elks today received a recommendation from the board of trustees that there should be created a war relief emergency fund. The total membership of the order for the year was given as 474,690. A surplus of \$712,277 was reported.

#### VISITING IN BRAZOS

Santa Fe, July 10.—W. H. Hahn, F. E. Nuding and a number of others left today on a motor trip up the Chama and Brazos rivers to Tierra Amarilla. They will fish along the way.

#### BRIGADIERS ASSIGNED

Washington, July 10.—Assignments for the recently promoted general officers of the regular army were announced today as follows: Brigadier General Henry C. Hodges, Jr., to command troops at San Francisco, Calif.; Brigadier General W. H. Sage to command troops at Fort Snelling, Minn.; Brigadier General Henry T. Allen, to command troops at Fort Riley, Kan.

#### A RICH MAN WEDS

Chicago, July 10.—Colonel Edward H. R. Green, son of the late Hettv Green, and probably the most proposed to man in the United States, was married here today to Miss Mabel E. Harlow of Highland Park, a suburb. The ceremony was performed at Trinity Episcopal church. The bride is wealthy in her own right. The couple have been acquainted 15 years.

The Santa Fe New Mexican sees no reason why the press of New Mexico should give publicity to the activities of the Ozark Trails association, giving as the reason for its assertion that the organization seems to be engaged in nothing more than boosting Colonel "Coin" Harvey, its president. The New Mexican takes offense at the organization because, it alleges, the annual convention of the Trails association gave Governor Lindsey of New Mexico little respect and no attention, though the executive had gone there to make an address and to display New Mexico's charms of scenery and climate, by picture and by oratory. The Optic had not heard that the Ozark Trails association had been discourteous to the governor, but if such was the case, the association deserves criticism for its conduct. When the chief executive of a sovereign state sees fit to visit a gathering of any kind, he is entitled to respectful attention and courteous treatment.

In refusing to boost the Ozark trail, however, the New Mexican is taking a wrong attitude. The Ozark trail opens to New Mexico an immense amount of tourist traffic from districts that would send few visitors by rail. It puts New Mexico in competition with Colorado for tourist business in Oklahoma, Texas, Kansas, Arkansas, and Missouri. Therefore we cannot afford to quarrel with the Ozark Trails association, as such. But we can criticize its officers if they neglected to treat our governor with courtesy.

A writer in the August Woman's Home Companion says:

"Close to me lives a man whose interests have been separated from mine by more than a mere ivy-grown stone fence—to be exact, by several hundred thousand dollars. The other day he leaned over the fence and inquired:

"Your boy going?"

"Yes."

"Mine, too. Had a notion he didn't want to wait for conscription. By the way, those eggplants of yours are not coming on very well. May I send my man over with some fertilizer that has helped ours?"

"The fence is still there—but not the barrier. Our boys and our country leveled it.

"There's bound to be a lot of such leveling from this time on. Some of us who have been too busy to get acquainted are going to know each other.

Some who have been too absorbed by money-making and reputation-seeking to make friends will suddenly feel the need of comradeship. Some of us who have worried because our neighbors dressed better than we did, had a finer phonograph, or ran a faster car are going to have our eyes opened to the falseness of the standards by which we have judged ourselves and each other. We're going to like each other a great deal better and to need each other a great deal more."

## AIR PLANES FOR NAVY

Washington, July 9.—Congress was asked by Secretary Daniels today to appropriate \$45,000,000 for naval aeronautics in addition to previous amounts announced.

"The navy is making efforts to build up an air force of sufficient size to operate as scouts from naval vessels, to patrol the waters off the coasts of the United States and our insular possessions and to co-operate with naval forces abroad in anti-submarine warfare," Mr. Daniels said.

Brigadier General Squier, chief signal officer, and other army experts appeared today before an executive session of the house military committee to advocate immediate action on the bill providing for the war department's great aviation program.

General Squier explained that the 22,625 aircraft desired and engines for them would cost approximately \$363,000,000 and the rest of the \$276,000,000 would be necessary to man the fleet and provide ammunition and supplies.

## NINETEEN MEN WANTED TO FILL ITS ASSIGNED PLACE IN NATIONAL GUARD

Santa Fe, July 10.—Governor Lindsey, Adjutant General Baca, Captain de Bremond and Major Morse conferred yesterday afternoon at the executive office on ways and means to speed up recruiting for the National Guard. Six counties have furnished more than their quota so that the quota for the counties that lagged behind is less than it would be otherwise. Eddy county furnished 113 more than its quota, Luna, 38 more; Santa Fe, 26 more; Chaves, 8; Curry, 7, and Dona Ana 1 more than their just share. The following have lagged behind their quota: Colfax still has 101 men to furnish; Socorro, 95; San Miguel, 90; Rio Arriba, 85; Grant, 77;

Mora, 61; Union, 52; Valencia, 50; Quay, 49; Lincoln, 48; Bernalillo, 44; Sandoval, 34; San Juan, 33; Taos, 31; Guadalupe, 27; Torrence, 26; Otero, 16; Sierra, 15, and McKinley, 10.

San Juan and Lincoln counties have furnished only two members of the militia each: Rio Arriba furnished 3; Sandoval and Socorro 5 each; Colfax, 7; Quay 13; Sierra, 14; Valencia, 18; Torrence, 23; Mora, 25; Otero, 28; McKinley, 30; Taos, 32; Guadalupe, 44; Roosevelt, 51; Union, 52; San Miguel, 53; Grant, 63; Curry, 67; Luna, 79; Dona Ana, 93; Chaves, 114; Bernalillo, 120; Santa Fe, 126, and Eddy, 181.

## LAS VEGAS YOUNG WOMAN RESCUES TWO GIRLS FROM A WISCONSIN LAKE

Miss Sadie Tooker, who is visiting in Wisconsin, recently had an experience which gave her an opportunity to show what physical culture, as learned out west, has done for her.

With two young lady friends, Miss Tooker was canoeing on a lake in the Wisconsin woods, when suddenly the canoe capsized, throwing all three girls into the water. Neither of the two companions were swimmers, and Sadie knew it, so she went about righting the canoe, as they were, at the time, several hundred yards from the shore. When the canoe had been placed right-side up, Sadie caught one of the girls, and, after a struggle, in which the drowning girl almost dragged the rescuer to the bottom of the lake, she succeeded in getting the girl into the boat. Then Sadie turned around to rescue the other girl, but she was nowhere to be seen. Watching a moment, she saw the girl rise to the surface of the water, several feet distant, and then sink again almost immediately. Without waiting for her to rise again, Sadie dove from the boat, caught her companion, under the water, pulled her to the surface, and landed her in the canoe. After the shore was reached Sadie went about with what she knew of first aid to the drowning, and resuscitated both her companions.

Miss Tooker is a daughter of Mr. and Mrs. Tooker of this city and she had not visited her parents' home in Wisconsin since she was a little girl. Her relatives called her the "dry-land sucker," because, they said, there is no water in New Mexico. Were Sadie here, she doubtless would have answered the bunkhouse advertisement for a trained swimmer, who was wanted to teach bullfrogs to swim down on the Bell ranch, her friends say.

## WILL NOT GIVE UP HER INTENTION OF GETTING ANNEXATIONS BY WAR

Berne, Switzerland, July 10.—According to Berlin newspapers, the German chaffero, Dr. von Bethmann Hollweg, said to members of the reichstag:

"I repeat that the formula of peace without annexations is unacceptable to us. We cannot declare our terms of peace. We must fight and conquer."

The chancellor made a strong attack on Mathias Erzberger, leader of the Catholic center party, who assailed the pan-Germans in his address before the main committee last night and advocated peace without annexations or indemnities. Dr. von Beth-

mann Hollweg said Herr Erzberger's attitude was unpatriotic.

According to the summary of the chancellor's speech before the main committee published in the Lokal Anzeiger of Berlin, he said:

"We must continue the war with our whole energies. I do not deny that we have great difficulties to overcome, but so have our enemies. We shall see whether their difficulties or ours are greater. I am sure we can win if we hold out.

"Nothing was further from my intention than to cling to my post, but now it is a question of protecting the fatherland from injury and for this reason I consider it necessary to retain my post."

## Hindenburg Urges Stability

Copenhagen, July 10.—Theodore Wolff of the Berliner Tageblatt doubts whether Chancellor von Bethmann Hollweg will fall, and whether anything beyond the usual compromise will emerge from the present political crisis in Germany.

Reports on the crisis are that Foreign Secretary Zimmermann retires with Admiral von Capel, who succeeded Admiral von Tirpitz as head of the ministry of marine, and that Dr. von Buelow, opposed the idea of peace without annexation and that General van Stein read a letter from Field Marshal von Hindenburg to bolster up the submarine policy.

A German arriving here last night from Berlin makes the statement that the purpose of Herr Edzberger, the Catholic center party leader, in making his sensational speech before the main committee of the reichstag Saturday was to secure an abandonment of the submarine campaign as well as the proclamation of a peace program without annexations or indemnities.

The majority in the reichstag has been practically formed on the basis of these demands which it was thought would align America and Russia for peace and powerfully influence France and England. It was said the same majority has been secured for a demand for the institution of a parliamentary ministry with Dr. Gustav Stresemann, nationalist, and Philipp Scheidemann as candidates for portfolios.

## Zimmermann to Leave

London, July 10.—It is reported in Amsterdam, says the correspondent of the Exchange Telegram company, that the resignations of Dr. Karl Helfferich, the German vice chancellor and secretary of the interior, and Dr. Alfred Zimmermann, the German secretary for foreign affairs, have been decided up by Emperor William.

## MAKES AN EFFORT TO HANDLE ENORMOUSLY INCREASED BUSINESS

Topeka, Kas., July 10.—To deal with the car shortage, the Santa Fe railroad has purchased 3,800 new freight cars at a cost of \$8,910,000, it was announced at the general offices today. The company also has purchased 130 new locomotives, at a cost of \$6,500,000.

## SWEDEN GETTING SORE

Stockholm, July 11.—The government has instructed the Swedish minister at Berlin to protest against the torpedoing of Swedish fishing boats by submarines.

**BETTER RATE SECURED**

Santa Fe, July 12—The state corporation commission has succeeded in giving Santa Fe merchants better rates on hay and water melons than had been heretofore enjoyed. Cartwright Brothers complained that the rates on hay from the Mesilla valley, 30 cents per hundred, to Santa Fe, is higher than the rate to Las Vegas, 25 cents a hundred. The A. T. & S. F. was notified by the corporation commission and its freight officials acknowledged the claim, remarking, however, that the rate to Las Vegas is too low, but nevertheless, granting Santa Fe a similar rate of 25 cents. The commission gave the railroad permission to reduce the rate to Santa Fe on one day's notice.

Similar complaint was made that Santa Fe merchants were being charged 80 cents per hundred on water melons in carload lots from Phoenix, Ariz, while Raton was paying only 57½ cents. Investigation showed that the regular rate to Santa Fe is only 60 cents a hundred and a refund has been ordered to be paid Santa Fe merchants.

**TO RAISE COAL RATES**

Santa Fe, July 12.—General Traffic Manager F. B. Houghton of the A. T. & S. F., gave advance notice today to the state corporation commission, that in accordance with the decision of the intrastate commerce commission, granting a fifteen per cent advance to western railroads on coal and coke, permission to make such advance on coal from the Dawson and Raton fields to points within New Mexico would be made by the road. New Mexico rates are based on the Trinidad rates and the proposed advance will be on the same basis. The corporation commission soon after it was in office, secured a favorable decision from the interstate commerce commission in its efforts to equalize freight rates to and from New Mexico with those of Texas, Colorado, Arizona and California, obtaining considerable reduction on practically every tariff.

The corporation commission has succeeded in obtaining a revision of hay and straw rates from Las Lunas and similar points to stations in New Mexico. The petitioner, Simon Neustadt, also asked for lower minimum weights on hay and straw to El Paso but the New Mexico commission is without jurisdiction in interstate rates.

**BIG REALTY DEALS**

Santa Fe, July 9—A number of real estate deals are reported the past few days. County Treasurer W. W. Cox has purchased the \$15,000 residence built at Las Cruces by T. R. H. Smith, whose spectacular management of the defunct First State bank brought him much publicity. It is the most pretentious home in Dona Ana county. P. A. Whitwell of Joplin, Mo., has purchased the George Dietsel home on Marcy street just completed by Dr. J. A. Rolls and sold to Mr. Dietsel. It is a modern brick cottage. The consideration is reported to have been \$3,260. The Christian Scientists have organized in Santa Fe and look forward to putting up a temple, reading room and home. The Baptists have also purchased a lot on which to erect a modern church in the capital.

### PLANS ARE WELL UNDER FOR EXPANDING AVIATION SERVICE

Washington, D. C., July 6 — Acting in the belief that aircraft will be one of the most important factors in determining the world war, the War Department is exerting every effort toward the expansion of the American military aviation service and the construction of the great aero fleet which it is proposed to send to Europe. In order to construct the thousands of fliers that will be needed for the service it is anticipated that many automobile and other manufacturing plants throughout the country will be turned over to this use.

The construction of the American aero fleet will be the greatest task of its kind ever undertaken by the nation. The greatest difficulty is anticipated, however, in securing a sufficient number of trained aviators to man the machines when they are completed.

If the new aircraft bill, carrying an initial appropriation of \$600,000,000 for action purposes, is passed by Congress, as there is every indication it will be, the aviation section of the Signal Corps will be expanded to almost 50,000 men within the coming year. Of these 50,000 men it is expected that about 20,000 will be from the ranks of the infantry arm, and will be trained at once as pilot-observers. The greater part of the remainder, it is expected, will be recruited from civil life and will be put through the regular course of training.

For the purpose of training this great army of aviators 24 camps will be established at a cost of approximately \$1,000,000 each. The largest of these training schools will be at Camp Kelly, San Antonio, Texas. Others will be located at convenient points in various sections of the country.

In charge of this huge department of the military service is Brig. Gen. George O. Squier, who, within a year, has risen from the rank of Lieutenant-colonel to brigadier-general. It is only a little more than a year since Lieut. Col. Squier was nominated by the Secretary of War to be head of the aviation section of the Signal Corps. His attainment as an electrician and mechanic and his resourcefulness as an inventor made the choice seem a natural one to men in the army who believe in placing experts in charge of important details of administration.

General Squier was born at Dryden, Mich., in 1865. He entered the United States Military Academy when eighteen years of age, and was graduated with high honors in 1887. He studied physics while at West Point, but later at the direction of the War Department added to his scientific knowledge by a course of Johns Hopkins University, being made a Fellow at that institution in 1892.

He acted as chief signal officer of the Third Army Corps during the war with Spain. For two years, 1900 to 1902, during the laying of the Philippine cable telegraph system, he was in command of the cable ship Burnside. The work of laying the cables between the various islands of the Philippines was undertaken at great risk owing to the hostility of the natives.

In 1912 Col. Squier was named as

military attache of the American embassy in London. He returned to the United States later to find that what he had studied at John's Hopkins as a theory had become practical device. He studied aeronautics for some time, but it was while at work in the laboratory of the Signal Corps at Washington that he discovered "wired wireless", which includes multiple telephony, wireless telephony, long distance telephony and practical telephony, all of which became possible at a single stroke through Col. Squier's invention of the multiplex telephone. After the colonel had patented his invention he presented it to the public.

Since he became chief of the aviation section of the Aviation Corps Gen. Squier has displayed the same thoroughness in his study of the science of aviation that he did in his early electrical investigations. Today he is generally recognized as the ablest man who could be selected by the War Department to direct the construction and operations of the great American aero fleet that is counted on by the Allies to destroy the "eyes" of the German military forces.

### NEW YORK OFFICERS BELIEVE THEY HAVE LOCATED ONE OF THE KINGPINS

New York, July 6.—Agents for the department of justice this afternoon arrested two Germans, one reputed to be a paymaster for the German spy system in this country, and the other alleged to have been formerly associated with Captain Franz von Papen, at one time military attache at the German embassy in Washington.

### NEW MEXICO SENATORS AGREED IN REGARD TO PUBLIC LAND POLICY

Washington, July 6.—Conferences on the first food bill providing for stimulation of production and a national food stuffs survey today tentatively agreed to provide for settlement of unsurveyed public lands in western states along lines of Senator Fall's amendment, but probably with new restrictions safeguarding the government's interests. Senator Kendrick of Wyoming, Senator Shafroth of Colorado and Senator Jones of New Mexico urged adoption of the Fall plan. The conferees proposed settlement of other disputes.

### BIG RELIGIOUS SOCIETY WILL NOT ALLOW SMOKES SENT TO SOLDIERS

Winona Lake, Ind., July 6.—Cigarettes and playing cards will be noticeable by their absence from the comfort bags for soldiers to be prepared by Christian Endeavor societies. Trustees of the United Society of Christian Endeavor, which plans to enlist one million persons in some form of patriotic service, so ordained today. Rev. Francis E. Clark, founder of the society, was re-elected president. Others elected include Daniel A. Poling, associate president; Rev. Howard B. Gross, vice president; William Shaw, general secretary; A. J. Shartle, treasurer; Karl Lehmann was re-elected southern states secretary.

Zensal will stop the itching. For all skin troubles. Sold by E. G. Murphy.—Adv.

### GOVERNMENT IS DENOUNCED FOR TRYING TO MISLEAD THE PEOPLE

Copenhagen, July 6.—The German government's over-optimistic reports on the crop prospects, which were declared on June 25 to be "really brilliant," were sharply criticised by speakers in the Reichstag ways and means committee. They accuse the government of giving the people a false view of the situation, arousing unrealistic hopes.

Herr Roesicke, president of the German Farmers union, also said that the grain crop had suffered greatly because of drought. He expressed hope for the crop growing on heavy soils which usually prospered in dry seasons. He said that even the early potato yield was poor but that the late potatoes usually made up for this.

### INDUSTRIAL WORKERS OF THE WORLD SAID TO HAVE MEN READY FOR DEED

Sioux Falls, S. D., July 6.—Regular army officers in South Dakota have reliable information that Industrial Workers of the World leaders in the state are in possession of maps of the principal agricultural districts of the state and have men stationed throughout the state who will make simultaneous attempts to burn this season's crops, it was made known here today.

### GERMAN MILITARY CRITIC BELIEVES THEY CANNOT EQUAL FRENCH SOLDIERS

Copenhagen, July 6.—Captain von Salzman, military critic of the Vossische Zeitung of Berlin, devotes a two-column article to the military influence of America on the war, which he says is already evident, and that the effects must not be underestimated. Captain von Salzman assures his readers that in regard to quality the American soldiers will not attain the standards of brilliance characterizing the French and German armies, or their talent in leadership, finesse in execution and quickness of decision, but that America's military contribution, like Great Britain's, will find expression in number and mechanical application of brute power.

America's numbers, he writes, are counted upon by the entente, in respect of men, artillery and particularly aviators. Incorporated in divisional units with British and French troops, as Captain von Salzman expects the American forces to be, he says they will be worthy opponents.

Nevertheless, the Americans will not affect the result on the western front, he writes in conclusion, because Field Marshal von Hindenburg says the submarine will force a decision before they become a decisive factor.

Worms interfere with the growth of children. They become thin, pale and sickly. Get rid of these parasites at once if you would have healthy, happy, cheerful children. WHITE'S CREAM VERMIFUGE destroys worms and benefits the whole system. Price 25c per bottle. Sold by Central Drug Co.—Adv.

London, July 9.—The American steamer Massapequa, was sunk on Sunday by a German submarine. The crew was landed at the small island of Sein, 287 miles southwest of Brest, France.

### Neighbor Told Her Cure for Lumbago

Rheumatism and lumbago are awful things and cause great pain and misery, but Foley Kidney Pills can rout them.

Mrs. G. H. Eveland, Duncan Mills, Ill., writes the following letter: "I was stricken down with lumbago and was unable to turn myself in bed. A neighbor brought me a half bottle of Foley Kidney Pills, and said she had been similarly afflicted and that they had helped her. So I tried them and was completely relieved by the use of two or three bottles. I have had splendid success with them and have never known them to fail. I most heartily recommend Foley Kidney Pills."

Foley Kidney Pills tone up weak, inactive, sluggish kidneys, rid the body of poisons, give appetite, energy and refreshing sleep after pain. Don't neglect kidney trouble. Remove the cause with Foley Kidney Pills.

O. G. SCHAEFER

### WOMEN WHO PARADED IN FRONT OF WHITE HOUSE GIVEN LIGHT TERMS

Washington, July 6.—Eleven of the 13 suffragists arrested at the Fourth of July demonstration in front of the White House were tried today and given the alternative of a \$25 fine or three days in jail. They choose to serve the three days.

The police judge who tried them offered to take their personal bonds on promise to stay away from the White House, but they refused and were taken to jail.

The suffragists are Gladys H. Griner, Margaret F. Whittemore, Vida Milholland, Mrs. Helena Hill Weed, Iris R. Calderhead, Mrs. Frances D. Green, Elizabeth Stuyvesant Joy Young, Mrs. Lucille Shields, Lucy Burns and Dora Lewis.

Miss Hazel Hunkins, who contended she did not carry a banner in the demonstration was granted a separate trial. Miss Kitty Morgan, suffragist, and Charles E. Morgan, a war department clerk, charged with fighting also are to be tried tomorrow.

### STATE GUARDSMAN DIES

Albuquerque, July 7.—Wilfred Waddell, one of the best known men of the 70,000 members of the International Typographic union, a private of I company, First New Mexico regiment, died yesterday at St. Joseph's hospital from, it was reported, meningitis and complications.

This is the first death to occur since the regiment was mobilized.

"Rube" Waddell, as he was known from coast to coast by the printers fraternity, it is said, had his name appear in articles in the International Typographical Journal as often, perhaps, as any other prominent member of the great host of men in that organization. He was perhaps better known in New Mexico and Arizona than in any other section, his home being at Phoenix, Ariz.

### For Men, Women and Children

Young and old find in Foley's Honey and Tar Compound a true friend when suffering from coughs, colds, croup, whooping cough, asthma, or hay fever. Mrs. Chas. Reitz, Allens Mills, Pa., writes: "I have used Foley's Honey and Tar for eleven years and would not be without it." When you get FOLEY'S you get the genuine. O. G. Schaefer.—Adv.

The largest safety razor company in America has a woman as advertising manager.

### FRIENDS OF JULIAN ROMERO HOPE HE WILL NOT HAVE TO HANG

A petition is being circulated by the friends of Julian Romero, convicted of first degree murder, asking Governor W. E. Lindsey to commute the sentence of death, imposed by Judge Leahy, to life imprisonment. It is said that the petition has been signed by a number of persons. However, according to the district attorney's office, it is doubtful if Governor Lindsey will see fit to interfere in the matter.

Romero is the man who was convicted at the last session of the district court of murdering Mrs. Maria Barela de Jaure, at Upper Las Vegas. The murder was cold blooded, according to the evidence introduced, and in the trial Romero attempted to besmirch the character of the woman he had killed. He was found guilty, and June 25, District Judge Leahy imposed the sentence of death on the guilty man, and set the date for July 20.

If Governor Lindsey does not commute the sentence, Romero will hang, in the courtyard of the county jail, between the hours of 9 a. m. and 4 p. m., on July 20, in the presence of not more than 20 persons. Sheriff Delgado is making ready the enclosure, and work on the scaffold will begin next week, perhaps Monday. It will be remembered that Romero attempted to plead guilty to second degree murder, but his plea was not accepted by Judge Leahy, who entered a plea for Romero of not guilty to the indictment, which charged first degree murder.

### TO TRAIN OFFICERS

Washington, July 9.—Six additional schools for chief officers of the American mercantile marine are to be opened today. The locations are Atlantic City, Cape May, Philadelphia, Baltimore, Crisfield, Md., and Norfolk, Va. The plan is to give intensive training in use of instruments, in computation and a few studies of the kind to men with good nautical experience. Skilled in the technique of management of vessels the special training will give to the government the much-needed officers for the mercantile fleet now being built.

Mrs. J. C. Stuppi, of Magdalena, is here for a visit with friends, and will take special work at the Normal. Mrs. Stuppi formerly was Miss Gladys McVey of this city.

### WOOL IS HOARDED

Santa Fe, July 9.—That the hoarding of wool is as detrimental in war times as hoarding of sugar, coal, potatoes or any other commodity in order to raise prices, is the opinion freely expressed by federal officials. At Roswell, it is reported only one clip has been sold thus far this season and 1,500,000 pounds are said to be in storage in order to force even higher prices than prevail now. The federal government may be asked to investigate the situation.

When the baby is suffering the double affliction of hot weather and bowel disorders, the remedy needed is McGEHE'S BABY FLIXIR. It reduces the feverish condition, corrects the stomach and checks looseness of the bowels. Price 25c and 50c per bottle. Sold by Central Drug Co.—Adv.

### ENDS BREAD RETURNS

Washington, D. C., July 10.—By agreement between the National Association of Master Bakers and the commercial economy board of the Council of National Defense the long-standing custom of the wholesale bakers in permitting the retailers to return unsold bread will virtually cease throughout the country today. More than 22,000 bakers, representing the wholesale trade in practically all the important cities throughout the country, have agreed to abide by the promise of the association to abolish the practice. By thus compelling the housewives to order for their needs and retail dealers to confine supplies to actual demand, enough waste will be eliminated to feed 200,000 persons besides releasing many employes for other necessary work.

### Are You One of Them?

There are a great many people who would be very much benefitted by taking Chamberlain's Tablets for a weak or disordered stomach. Are you one of them? Mrs. M. R. Searl, Baldwinville, N. Y., relates her experience in the use of these tablets: "I had a bad spell with my stomach about six months ago, and was troubled for two or three weeks with gas and severe pains in the pit of my stomach. Our druggist advised me to take Chamberlain's Tablets. I took a bottle home and the first dose relieved me wonderfully, and I kept on taking them until I was cured." These tablets do not relieve pain, but after the pain has been relieved may prevent its recurrence.—Adv.

### MONEY FOR RIVERS

Washington, July 10.—With its totals \$27,023,000, an increase of \$130,000 over the appropriations, as passed by the house, the rivers and harbors bill was reported to the senate today by the commerce committee. Amendments added include a provision to enable the states of Minnesota and North and South Dakota to make a survey in order to improve navigation and prevent floods on their boundary waters; and another to appoint two army officers, two civilians and five hydraulic engineers to make a general investigation of waterways.

Weak, overworked or deranged kidneys permit impurities to remain in the system and cause rheumatic pains, backache, pains in sides, stiff and sore joints and muscles. Mrs. A. G. Wells, Focky Mount, N. C., writes: "I cannot praise Foley Kidney Pills enough for the wonderful benefit I derived by their use." O. G. Schaefer.—Adv.

### WAITERS' STRIKE BROKEN

Boston, July 10.—Former Governor David I. Walsh, August Herrman, chairman of the National Baseball commission, and Elks from all parts of the country, today served as voluntary "strikebreakers" in leading hotels of Boston, where dining room service had been virtually suspended by a strike of waiters, who quit work last night to enforce demands for one day's rest in seven without loss of pay. The guests were forced to don white aprons and pass coffee, etc.

A bad taste in the mouth comes from a disordered stomach, and back of that is usually a torpid liver.—A condition which invites disease. HERBINE is the remedy needed. It corrects the stomach and makes the liver active and regular. Price 50c. Sold by Central Drug Co.—Adv.

### COUNTY AGENT GONZALEZ TELLS HOW IT MAY BE ELIM- INATED

B. Gandert, acting county agent of Mora county, who was recently appointed by the state through the agricultural college, was in the city today conferring with County Agent M. R. Gonzalez. Mr. Gandert has been working for the past month against the grasshoppers that have been causing considerable trouble in Mora county.

Mr. Gandert came to Las Vegas to obtain material with which to demonstrate how to spray bean plants to do away with the bean beetle. This bug is causing considerable damage to the crops of Mora county and also of San Miguel. Heretofore the agents have been advocating the picking of the bugs by hand, but their numbers have become so numerous that spraying is necessary.

A spray for the destruction of the beetle is composed of two pounds arsenate of lead (powder) to 50 gallons of water. This is sprayed on the plants with as fine a spray as possible, so as to completely soak the leaves and yet conserve the liquid. Another spray is made of a mixture of four pounds of arsenate of lead (paste) to 50 gallons of water. Further explanation as to the means of fighting the bug will be furnished upon request by the county agents.

### EMPEROR MARKED FOR DEATH

San Francisco, July 7.—The young emperor of China, Hsun Tung, has been marked for death by military leaders of the republic's forces according to cable advices received today by the Chinese nationalist league. The troops of the monarchy are retreating, closely pursued by the republican army, the report states. Su Fo, son of Dr. Sun Yat Sen, first president of the Chinese republic, has arrived in San Francisco, presumably on his way to China to take part in the fight for the preservation of democracy.

### Doing Good

Few medicines have met with more favor or accomplished more good than Chamberlain's Colic and Diarrhoea Remedy. John F. Jantzen, Delmeny, Sask., says of it, "I have used Chamberlain's Colic and Diarrhoea Remedy myself and in my family, and can recommend it as being an exceptionally fine preparation."—Adv.

### SANTA FE MAN CHOSEN

Topeka, Kan., July 10.—Edward Chambers, vice president of the Santa Fe road, has accepted an appointment as assistant to Herbert C. Hoover, the nation's food controller, it was announced today. He will have charge of transportation of foodstuffs during the war, his headquarters being in Washington. Mr. Chambers began his career as a freight handler for the Santa Fe at Pueblo, Colo., 39 years ago.

### Help Asthma and Hay Fever

Now comes the season when hay fever and asthma cause thousands to suffer. "I have been troubled for years with asthma," writes E. C. Schaaf, Creston, O., "and find Foley's Honey and Tar the only thing that gives me relief. It loosens the phlegm so I can throw it off and then sleep." Contains no opiate. O. G. Schaefer.—Adv.

### IT WAS FORTUNATE CHARLES MORRIS DREW CHECK FOR NO MORE THAN \$20

Charles Morris, who uttered a worthless check Friday afternoon, plead guilty this morning before Justice of the Peace Charles H. Stewart, and was sentenced to serve 30 days in the county jail, and to pay a fine of \$30. The check was for \$20, and it was in the discretion of the judge to sentence Morris or to have him bound over to the grand jury.

Morris, who is 35 years of age, was employed by Wilbur and Livingston, the camera men at the Cowboy's park, to sell postcards. He sold \$40 worth, and, he claimed, spent \$20 of the money due his employers. He issued a check to H. E. Livingston, made on the First National bank. Livingston went to the bank about 4:00 o'clock Friday and found a bookkeeper there who said that the man had no funds in the bank, nor had he ever had. Livingston began a search for Morris, and later saw him passing the Plaza studio, in a taxicab. He stopped the taxi, and held Morris until Policeman W. H. Coleman arrived, and then turned the man over to the officer.

When arraigned Saturday Morris said that he was drunk, had been drinking for several days, but he admitted that he knew what he was doing when he signed the check. Judge Stewart, after sentencing the man, said:

"You can just pat yourself on the back for being so lucky. I could have made a felony case of this and have had you sent to the penitentiary for two or three years."

Morris said he had been employed at the Thornton Jones ranch, near Sands, for the past four months. He is single, and appeared to be an ignorant man, and not overly-weighted down with common sense.

### Aged Vagrant Arrested

Patrick Carroll, a vagrant, was arrested Friday by Officer Jesse Hunsaker, and was discharged Saturday by Police Magistrate Charles H. Stewart. Carroll promised to get out of town before sunset, and Judge Stewart told him that he had better make his promise good, or there would be a jail sentence coming. Carroll is an old man, claiming to have passed his seventy-third birthday. He came from Colorado, and said he was anxious to move on, but failed to state where he was going.

### Tire Reported Stolen

Dr. J. G. Martin, while attending the Cowboy's dance at the armory Friday night lost an automobile tire, which was stolen from his car which stood in front of the armory. The tire is a Firestone, 30 by three and one-half, and was strapped on the car in a black case. The case was ripped down both sides. He reported the loss to the police Saturday.

### A Bad Spring for Women

The late, cold, and damp spring seems to have caused much suffering from backache, rheumatic pains, aches and pains in sides, joints and muscles, lumbago and similar ailments. Mrs. T. J. Bucknell, Hardy, Neb., writes: "I am recovering from an attack of lumbago by the aid of Foley Kidney Pills. They surely help me." O. G. Schaefer.—Adv.

You might sell it by simply using an Optic classified ad.

# The Boys from Whom Uncle Sam Will Select His Fighters

Following is a list of additional names of the young men of San Miguel county who registered for military service. For the most part the names published today are of men who reside in country precincts. Owing to the system of numbering adopted, it was impossible to group each precinct by itself.

**San Juan**—660, Alejandro Flores; 661, Jose Pilar Tafuya; 662, Vicente Sandoval; 663, Abel Flores; 664, Vicente Tapia; 665, Heriberto Giron; 667, Juan de Montoya; 669, Dionicio Giron; 670, Westley Baker; 671, Candido C. Aragon; 672, Manuel Aragon; 673, Benjamin Baca; 674, Celestino Baca; 675, Andres Flores; 676, Eulalio Dimas.

**Valley Ranch**—261, Encarnacion Ribera; 316, Anastacio Ribera; 317, Jessie Sandoval; 318, Melisandro Gonzales; 319, Juvenio Roibal; 320, Melquiades Ortiz; 321, Francisco A. Sandoval; 322, Robert Argyle Kemp, (Eldora, Boulder Co., Colo.); 324, William Mente; 325, Geronimo Gonzales; 326, Casimiro Gallegos; 327, Oscar Anton Fischer; 328, Androu Victor Sendquist; 329, Albert L. Curry; 331, Sanchez, Urbon; 332, Macario Portillo; 333, Emilio Gonzales; 334, Mose Wood; 336, John Merrill Scroggs; 337, Gerardo Sandoval; 338, Matias Roibal; 339, Jacobo Martinez; 340, Jose D. Sandoval; 342, Emeterio Sandoval; 343, Celestino Urbon; 344, William Joseph Harper; 345, Seth Baldwin; 346, Harry Bye; 347, M. Matsuo; 348, David Salomon Fritz; 349, August Carlson.

**Sabinoso**—721, Faustin Gutierrez; 722, Juan Lujan; 731, Emilio Garcia; 729, Jose Inez Lobato; 735, Felipe Martinez; 739, Rafael Crespin; 740, Frank Lujan; 741, Donaido Quintana; 742, Mateo Chavez; 744, Juan Manuel Rodarte; 735, Jose Gabriel Torres; 754, Luis Martinez; 755, Jose Ignacio Lujan; 760, Max McLinsky, (1111 N. Porter, Sherman, Texas); 763, Casimiro Jaramillo; 774, Juan Jose Zamora; 768, Bonifacio Lobato; 769, Ricardo Romero; 761, Jesus Marquez; 757, Antonio Quintana; 758, Manuel Lujan; 759, Francisco Carmel Rodarte.

**Fulton**—668, Anrighio Garcia; 659, Juan Benavidez.

**Isidoro**—849, Eufrazio Jimenez; 850, Riley Baron Robb; 852, Virgil Murphy. **Ojitos de los Montoyas**—128, Tranquilino Montoya; 131, Otilio Montoya. **Sulzbacher**—114, Hilario Arguello. **Canon del Agua**—806, Ernest Schutt; 807, Vicente Domingue; 1287, Ernst Emanuel Johnson; 1288, Fred Schutt; 1285, William Peter Speicher.

**Park Springs**—468, Diercio Moya. **Onava**—2, Ernesto Garcia; 825, Linden Duthie; 826, Byrl Meeks; 829, Sinfon Blea; 830, Juan Anaya; 1767, Leonhard J. Richert.

**La Palma**—38, Abenancio Chavez; 39, Jose M. Sandoval; 40, Juan V. Lucero.

**Ferndale**—509, Ramon Jimenez. **Cowles**—323, Charles Earl Moore; 335, David Roibal.

**Los Alamos**—823, Cloremido Ulibarri; 824, Donato Ulibarri; 828, Urbano

Gonzales; 831, Lorenzo Griego; 832, Santos Salazar; 833, Jacobo Ortega; 834, John T. Craig.

**Hilario**—450, Guillermo Gonzales. **Soham**—666, Frank Bromley Leonard.

**Chacon**—225, Manuel C. Lucero. **Chavez**—50, Ambrocio Montoya.

**Variadero**—846, Vivian Eulogio Sanchez; 847, Jose Candelario Sena; 848, Patrocinio Ganna; 851, George Henry Hale.

**Isidoro**—854, Francisco Lopez. **Trementina**—855, Pedro Antonio Teodoro.

**Bell Ranch**—856, Cacy Thomas Day. **Variadero**—857, Geronimo Garcia; 858, Bernardo Lopez Griego; 859, Clinton Elma Bell; 860, Fidel Dominguez.

**Bell Ranch**—861, Ernest Floyd Jacobs.

**Variadero**—862, Frances Williamson. **Isidor**—863, Clyde Almer Smith.

**Variadero**—864, Marco Griego; 865, Prudencio Gonzales y Garcia; 866, Francisco Dominguez Garcia.

**Bell Ranch**—867, Claude Hemphill. **Variadero**—868, George Mirled Frick; 869, Alex Earnest Hale.

**Isidor**—870, Secundino Ribera. **Variadero**—871, Isaias Griego.

**Bell Ranch**—872, Ivan Putnam Rudolph.

**Variadero**—873, Leopoldo Estrada; 874, Clodio Bernardo Aragon; 875, Fred Smith; 876, Justo Mateo Sena; 877, Walter Darworth Latham.

**Isidor**—878, Martin Blea. **Bell Ranch**—879, Reginald Stanley; 880, Paul Hagins.

**Variadero**—881, Carlos Martinez. **Isidor**—882, Earl Edward Smith.

**Variadero**—883, Matilde Garcia; 884, Eduardo Lazaro Dominguez; 885, Florentino Gallegos; 886, Gregorio Gonzales. **Bell Ranch**—887, Roy Franklin Hollis.

**Variadero**—888, Apolonio Ortiz. **Cuervo**—889, Jose Cerilo Gonzales.

**Isidor**—890, Miguel Madrid; 891, Maximiano Lopez.

**Variadero**—892, Jacobo Griego. **Cuervo**—893, Walter Marvin Barnes.

**Isidor**—894, Faustin Madrid. **Variadero**—895, Antonio Gonzales; 896, Epifanio Lucero; 897, Florentino Martinez.

**Isidor**—898, Jose Gregorio Lucero. **Tucumcari**—899, Franklin Harry Swift.

**Isidor**—900, Claude Elvin Smith. **Variadero**—901, Jose German Sena.

**Isidor**—902, Delfino Lopez. **San Agustin**—903, Domingo Ribera.

**Variadero**—904, Tomas Gonzales. **Trementina**—905, Dionicio Aropagita Brito.

**Variadero**—906, Hilario Gonzales y Gonzales.

**Isidor**—907, Rafael Sedillos; 908, Pablo Blea.

**Variadero**—909, Iris James McIntosh; 910, Martin Napolian Clark.

**Sapello**—1302, Rosendo Martinez; 1303, Frank Herrera; 1304, Saturnino Vigil; 1305, Frutoso Martinez; 1307, Paul Herrera.

**Rociada**—1308, Frank Martinez. **Sapello**—1309, Sebero Montoya; 1310, Atanacio Sanchez; 1311, Jacobo A. Vi-

gil; 1312, Jose Urban Lucero; 1313, Jose Odacio Salazar; 1314, Francisco Trujillo.

**Rociada**—1315, Daniel Trujillo. **Sena**—1316, Ignacio Sena; 1317, Fulgencio Matirnez; 1318, Rosalio Martinez; 1319, Emilio Martinez; 1320, Jose Felipe Chavez; 1321, Miguel Griego; 1322, Jose Pedro Gonzales; 1323, Nemeo Medina; 1324, Sixto Manzanarez; 1325, Ramon Chavez; 1326, Eustaquio Atencio; 1327, Francisco Saiz; 1328, Juan Nepomuceno Sena; 1329, Serafin Baca; 1330, Andres Sandoval Gonzales; 1331, Jose Celestino Archibeque.

**El Pueblo**—1332, Ignacio Gutierrez; 1333, Aniceto Ulibarri.

**San Miguel**—1334, Federico Sena. **El Pueblo**—1335, Eusebio Gallegos; 1336, Antonio Gutierrez; 1337, Candelario Ulibari; 1338, Vicente Ribera; 1339, Jose Solom Gallegos; 1340, Juan Estevan Griego; 1341, Donaciano Sena; 1342, J. ## WAREHOUSE AT MARE ISLAND NAVY YARD DESTROYED EARLY THIS MORNING

Washington, July 9—Five men were killed and 31 injured in an explosion which wrecked two storehouses at the Mare Island navy yard today, according to the Commandant's report to the navy department.

### The List of Dead Announced

Vallejo, Cal., July 9—Fire at the Mare Island navy yard as a result of an explosion in a store house has been brought under control. Officials at the yard are engaged in a systematic search of the wrecked and damaged building.

An official announcement of the dead resulting from the explosion at the Mare Island navy yard at 7:53 a. m., was given out this afternoon and included the following names: Allen M. McKenzie, a chief gunner. Mrs. McKenzie and Dorothy McKenzie, aged 12, their daughter. Mildred McKenzie, aged 8, their daughter. George Stanton, a gardner; N. C. Damsteadt, a civilian employe of the ordnance department.

Orders that no persons be allowed to leave Mare Island were issued by Captain Harry George, commandant of the navy yard. Mare Island is just across a narrow channel from Vallejo.

### Two Hundred Men Employed

San Francisco, July 9—Two storehouses at the Mare Island navy yard on San Francisco bay were destroyed by an explosion this morning. Whether many lives were lost has not been determined. Twelve or fifteen magazines were badly damaged by the explosion, the force of which broke thousands of windows in Vallejo, about half a mile away. Fire started in the wrecked buildings, and desperate efforts were made to prevent its spread to other buildings, where explosives are stored.

Naval officials at Vallejo said about 200 men were employed in or near the buildings wrecked, but whether these men had reported for work at the time of the explosion was not known.

The first injured to be reported were three men on the Southern Pacific ferry boat El Capitan, which operates between South Vallejo and Vallejo junction. The ferry was in the stream, about two miles from the scene of the explosion and was damaged considerably, all the windows and doors being blown out.

The injured: Lieutenant C. Bird, United States marine corps; D. W. Salburg, of Pasadena, and J. D. Soule, a carpenter. These men were cut from flying glass. Their injuries are not serious.

Four of the injured were seriously hurt. The ammunition magazines were not set off, although many buildings at the station were damaged. Following is the navy department's statement:

"The department is in receipt of information from Mare Island navy yard that the black powder magazine exploded at about 8:00 o'clock this morning. The explosion killed five and wounded 31, four of whom are seriously hurt."

This afternoon it was stated that the number of dead will be at least six. Fire which started from the explosion and for a time threatened to spread to the magazine proper was extinguished. No estimate of the ex-

tent of the property damage has been made.

The damage in Vallejo was extensive, windows being shattered and doors as far as two miles from the scene of the explosion twisted from their hinges. No one is allowed to leave the island and only those having official business with the navy department are allowed to land at the yard.

### TO ORGANIZE MINERS

Santa Fe, July 9—Renewed attempts are being made to organize the mine workers in the camps of Madrid, Dawson, Brilliant and other points in New Mexico. Governor Lindsey is keeping in close touch with the situation in all of the coal camps. It is certain that the situation points to coal scarcity this fall and winter and in consequence to coal prices that are above even the high prices of the present. In fact, it may become next to impossible to secure an adequate supply.

### HEAD OF THE MISSION TO THE UNITED STATES FRIENDSHIP INSPIRES VISIT

Tokio, July 6 (Friday Delayed.)—An enthusiastic farewell dinner was given tonight by the American-Japan society in honor of Viscount Kikujiro Ishii, head of the mission soon to visit the United States.

"Despite the indefatigable efforts of the Germans to bring about discord between Japan and the United States," said Viscount Ishii, "the two countries are now practically all connected, making common front against Germany."

"My mission I consider is a military one in one respect," continued the viscount, "and one of peace in another. Military as against the central European system of militarism and domination, but one of peace to be consolidated and reaffirmed as between Japan and the United States."

After tracing the benefits of the exchanges of visits between Americans and Japan, the viscount said:

"It is gratifying to think of one great benefit with which the war has already endowed Japan and the United States. I mean the disappearance of Germany in this quarter of the world. Now that Germany, the universal disturber of the peace, has been once for all put out of her Asiatic bases, there remains no longer any who will venture to cherish the design of estranging Japan from America. Consequently, the Pacific henceforth will have the noble destiny to join the two nations and never to separate them."

Viscount Entaro Kaneko, a member of the house of peers and a privy councillor, who presided at the dinner, emphasized the nobility and uprightness of the attitude of the United States, which he said was fighting for individual liberty, national freedom, peace and civilization of mankind.

"A clear understanding with the United States is most important for the present and the future," he added. This must be the aim of Viscount Ishii.

Former Minister Aioki expressed the opinion that in accordance with the questions of the day, all questions of any importance existing between the United States and Japan would not escape either sentiment, while Viscount Ishii was in America. The mission was a difficult one because of the vastness of the field and the complexity of the problems to be

handled, he conceded, but the two groups would not be throwing dust into each other's eyes. There would be plain dealing, just and fair, actuated by mutual respect and sympathy.

### SOCIAL DEMOCRATS AND CLERICALS EXPECTED TO WITHDRAW THEIR SUPPORT

Berlin, July 7 (via London Sunday)—Unless all present indications fail, in the course of the next few days, the German empire is on the eve of a momentous if not historical upheaval. Developments in the last 48 hours point to a significant realignment of factions in favor of sweeping electoral and parliamentary reforms.

Although the sessions of the main committee and the constitutional committee have been on an executive nature, press comments permit the inference that they engaged in discussions of vital subjects of government policies. That they have been of gravely significant import is indicated by the sudden decision to postpone the Sunday plenary session, which was to have marked the opening of general debate and the expected speech of Chancellor von Bethmann-Hollweg.

The absence of the chancellor from the sessions of the main and constitutional committees in the last few days has lent comment in parliamentary circles as exceptional, in view of the character of the meeting. Monday will mark the inauguration of what promises to be one of the most memorable parliamentary sessions in the history of the empire. All the reichstag factions remained in session in individual groups until late last night to decide what action might be taken.

The Am Mittag says that a deputation of six members from the social democratic party in the reichstag called on Chancellor von Bethmann-Hollweg Friday for the purpose of talking over the situation. The delegates insisted that the chancellor make a declaration that the government was prepared at any time to enter into peace negotiations on the basis of the status quo.

### MINORITY ACTION IN GERMANY ISSUES ITS PEACE APPEAL

Stockholm, July 9—Immediate conclusion of peace conditions which shall include the establishment of an international committee to bring about disarmament is the demand of the proletariat, according to German minority socialists who have just issued a lengthy memorandum, which contains the following recommendation:

Obligatory international rights of all inhabitants of any country, regardless of nationality, race, religion, is an imperative necessity. Secret treaties must be abolished.

Modifications of frontiers must depend on the consent of the populations concerned and must not be effected by violence.

Annexations and indemnities shall be fixed on the basis of the right of nations to decide their own destinies.

Re-establishment of Serbia as an independent country is necessary.

The aspirations of the Polish people toward national unity is understood, but to concede right to autonomy to Russian Poland and refuse it

to Prussian and Austrian Poland is irreconcilable with the right of nations to decide their own destinies.

Continuation of the war to establish this right as well as to solve the question of Alsace-Lorraine is condemned. An opportunity ought to be given Alsace-Lorraine to decide by referendum to which country it wishes to belong.

It is impossible to refuse Belgium complete political independence and complete autonomy. The Belgian people should receive reparation and damages due to war, particularly the losses, this having nothing in common with war indemnities, which is condemned.

The policy of colonial conquest is condemned.

The essential preliminary of a lasting peace is the independence of the socialistic party in their relation with the imperialist prelates.

A peace program would be idle talk unless supported by energetic efforts of the masses.

### PROVISIONAL REPUBLICAN GOVERNMENT IS SET UP IN OPPOSITION

Pekin, July 9.—General Chang Hsun, head of the imperial forces provisioning the forbidden city and strengthening its defenses. This indicates that if his troops are defeated at Feng Tai, near Peking, the last stand will be made there. The thirteenth division accompanied by artillery, is leaving Peking for Feng Tai.

### New Chinese Republic

Washington, July 9.—Official dispatches that reached the department of state confirmed reports that Vice President Keng Kwo-Chang assumed the office of acting president of China on July 7 and established the provisional government at Nanking. Officials here think the attempt to restore the Manchu dynasty has failed and that it is only a question of how long it will be before the republic is restored.

### TRINIDAD CASES DROPPED

Trinidad, Colo., July 9.—All indictment spending as a result of the coal miners' strike in the southern part of Colorado in 1913 were dismissed in the district court of Las Animas county today. The dismissals were at the request of Attorney General Hubbard. The most important case dropped was that of John R. Lawson, charged with murder on four counts. Four indictment against Louis Zancanelli, convicted of the murder of George W. Belcher and given a life sentence, which was remanded by the supreme court, also were dismissed.

Washington, July 9.—Conjecture here as to the purpose of the conference between Emperor William and the neutral ambassadors yesterday ranged all the way from new peace proposals to threats of drastic action against the north European neutrals in the event they should yield to the United States and refuse to continue to supply Germany with food and materials. The belief is that the emperor is making it plain to the Scandinavians if they allow their territorial waters to be patrolled or mined by the entente allies or refuse to continue to exchange goods with Germany, he will regard the action as a breach of neutrality and as an act of hostility toward Germany.

### MAN WHO FURNISHES THE BUCKING HORSES ADMIRES SPIRIT SHOWN HERE

Colonel B. R. Pearson (Idaho Bill,) who brings the bucking broncos to the Cowboy's Reunion every year, has stated that there is no wild west contest which he enjoys more than the one held here each year. The boys, he says, are friendly to him, treat his horses right, and he enjoys seeing really good cowpunchers riding, and trying to ride his really bad outlaw horses.

Colonel Pearson is pleased with the spirit of the business men of Las Vegas, and as he has promoted a number of frontier days contests, he believes that the business men here stand in with the promoters of the Cowboys' Reunion in such a manner that the Reunion can be nothing but successful. One businessman told Colonel Pearson that the Reunion visitors this year had spent a great deal more money than those of last year. That is the spirit all over town, too.

Colonel Pearson said today that his horses will not be used in any contests in New Mexico during the remainder of this year. He is taking them to Colorado where he will use them in making moving pictures for a few weeks; thence he will ship them to his ranch in the Snake river valley, and will keep them there until contest time next summer.

Colonel Idaho Bill wants to come back to Las Vegas next year, and he said that if he does, he's going to bring two or three new outlaws, that he will guarantee to disqualify every rider who mounts them. Colonel Idaho Bill's horses are not trained to pitch, as those who saw them know. They are outlaws, picked up off the big ranches of the west, where the hands have been unable to tame them. They are kept wild to such an extent that they are almost as bad as if they had never seen a lariat rope. They are harder to ride than wild horses, however, because they know how to pitch, from experience, and they go to it with the intention of dislodging their riders, and some of them seldom fail in their attempt.

Las Vegas likes to have Idaho Bill come, and have him bring his horses. Colonel Pearson is a "good scout," and a jolly fellow, and one whom it is pleasant to meet. His western spirit is natural; he is a westerner, and his heart is in the west. Let him come next year, is the request that Las Vegas makes to the Cowboys' Reunion association.

### QUAKE AWAKENS POPE

Rome, July 9.—Pope Benedict was awakened by an earth shock which shook the whole of Rome early Sunday morning. Many people dressed, while others left their rhomes, fearing a second shock. The people inquired as to the extent of the earthquake and learned there was no damage nor victims.

### JAPS DIDN'T INTERFERE

Tokio, Friday, July 6 (Delayed).—Denial that Japan had assisted the northern or any other Chinese party was made by Premier Terauchi in the diet today. Japan's policy was to let China be governed by the Chinese, he declared.

Mrs. Theodore Roosevelt, jr., is an instructor in the cooking school for naval reserves at Newport.

### COWBOYS, IN UNOFFICIAL CONTESTS, MAKE SOME SPECTACULAR THROWS

Roping contests seemed to be the favorite pastime at Cowboy park Saturday afternoon, when the punchers met to decide, unofficially, just who was the best roper in the bunch. The first event, a contest between President Walt Naylor and Dick Carroll, was won by Carroll. Each man roped two steers. Naylor's time was 46 seconds on the first steer and 24½ seconds on the other, making his total time 70½ seconds. Carroll roped his first steer in 34 2-5 seconds, and the betting immediately swung in Carroll's favor. Carroll grandstanded his second throw, making the catch, clean, and over both horns, in 13 seconds. This throw, while an excellent one, was, even he admitted, a streak of good luck. Carroll was running the steer directly away from the corrals, and the animal turned suddenly to the left. Just after it crossed in front of his horse, Carroll threw, and made the catch. His total time for the two steers was 47 2-5 seconds.

Then Hugo Strickland challenged Carroll to rope a couple more steers. Carroll accepted and the fireworks started. Strickland's time was 19 3-5 seconds and 31 seconds, total 50 2-5 seconds. Carroll roped his first steer in 32 2-5 seconds, and missed his second.

Brite Bagley challenged Con Jackson to a roping contest, with a side bet of 25 cents. Jackson climbed down off the fence and as the steers were becoming scarce it was decided that one steer each would be enough. Jackson caught his animal before it had gone 30 feet from the dead line; his time was so short that the judges didn't even get their watches going good. Bagley failed to catch his animal on the first throw, but got him good the second, in about 40 seconds. Jackson pocketed the two bits and climbed back on the fence.

The last event of the afternoon was a "pool" contest. Five ropers pooled their entrance fees, and made a first and second prize of anteing proportions. Hugo Strickland won the contest, with 11 2-5 seconds as his time. Salem Curtis was second, with 13 seconds. The other ropers' time:

Jim Whitmore, 19 seconds; Dick Carroll, 19 2-5 seconds, and Johnnie Judd, no time.

### HIGHEST GOOD ROADS MEETING

Colorado Springs, Colo., July 9.—The highest good roads meeting ever held in the United States will be staged on the summit of Pikes Peak tomorrow, when the mid-summer gathering of the Pikes Peak Ocean to Ocean Highway association assembles for a two-day session. Added interest is given to the meeting owing to the fact that a majority of the delegates will drive their own cars to the summit of the famous "Sentinel of the Rockies" over the new Pikes Peak automobile road, the highest in the world.

One of the important matters to come before the meeting will be the report of the committee on western extension of the highway from Utah through Nevada and California to the Pacific coast. When the western extension question is finally arranged, the Pikes Peak Ocean to Ocean highway will have an independent organization from coast to coast along its entire route.

### PRESIDENT WILSON RESTRICTS SHIPMENT UNDER THE ESPIONAGE ACT

Washington, July 9—Shipment of many commodities out of the United States, except under federal license, will be barred on and after July 15 by President Wilson's proclamation putting into operation the recent act of congress authorizing government control of exports. The list of commodities includes all munitions, foodstuffs and fertilizers.

President Wilson's proclamation, issued last night, says:

"I hereby proclaim to all whom it may concern that, except at such time or times and under such regulation and orders and subject to such limitations, and exceptions as the president shall prescribe, until otherwise ordered by the president or by congress, the following articles: coal, coak, fuel oils, kerosene or gasoline, including bunkers; food, grains, flour and meal therefrom; fodder and feeds, meats and fats, pig iron steel billets, ship lates and structural shapes, scrap iron and scrap steel, ferro manganese, fertilizers, arms, ammunition and explosives shall not on and after the fifteenth day of July, 1917, be carried out of or exported from the United States or its territorial possessions, to Abyssinia, Afghanistan, Albania, Argentina, Austria-Hungary, Belgium, her colonies, possessions or protectorates; Bolivia, Brazil, Bulgaria, China, Chile, Columbia, Costa Rica, Cuba, Denmark, her colonies, possessions or protectorates; Egypt, France, her colonies, possessions or protectorates; Germany, her colonies, possessions or protectorates; Great Britain, her colonies, or protectorates; Greece, Guatemala, Hayti, Honduras, Italy, her colonies, possessions or protectorates; Japan, Liberia, Leichten stein, Luxemburg, Mexico, Monaco, Montenegro, Morocco, Nepal, Nicaragua, The Netherlands, her colonies, possessions or protectorates; Norway, Oman, Panama, Paraguay, Persia, Peru, Portugal, her colonies, possessions or protectorates; Rumania, Russia, Salvador, San Marino, Serbia, Siam, Spain, her colonies, possessions or protectorates; Sweden, Switzerland, Uruguay, Venezuela or Turkey.

The orders and regulations from time to time prescribed will be administered by and under the authority of the secretary of commerce, from whom, in conformity with the law, said orders and regulations, will issue.

"In controlling by license the export of certain indispensable commodities from the United States, the government has first and chiefly in view the amelioration of conditions which have arisen or are likely to arise in our country before new crops are harvested. Not only is the conservation of our prime food and food stuff supplies a matter which vitally concerns our own people, but the retention of an adequate supply of raw materials is

essential to our program of military and naval construction and the continuance of our necessity. We shall therefore similarly safeguard all our fundamental supplies.

"It is obviously the duty of the United States in liberating any surplus products over and above our own democratic needs, to provide for the necessities of the nations engaged in war against the central empires. As to neutral nations, however, we also recognize our duty. The government does not wish to hamper them. On the other hand it wishes and intends, by all fair and equitable means, to co-operate with them in their tasks from our surpluses to their own supply, and of meeting their pressing necessities or deficits. In considering these difficulties of food supplies, the government means only to fulfill its obvious obligation to assure itself that neutrals are husbanding their own resources and that our supplies will not become available either directly or indirectly to feed the enemy.

### COUNT VON BUELOW, FORMER PREMIER, MENTIONED FOR CHANCELLORSHIP

Amsterdam, July 9—The Tageblatt of Berlin says it is rumored that a change in the German chancellorship may be expected. Among those mentioned as the possible successor of Chancellor von Bethmann-Hollweg, it names Prince von Buelow, former chancellor; Count Hertling, Bavarian prime minister, and Count von Roeder, secretary of the imperial treasury.

Count von Hertling has had several conferences recently with Austro-Hungarian officials, presumably in regard to the peace question. He is said to favor peace without cash indemnity. During the war Prince von Buelow has spent most of his time in Switzerland. It has been reported the German government has kept him in a detached position in the expectation of calling him back when the time came to arrange peace, with the idea that he could render greater service on account of having no share in the war.

### ABOUT MILLION AND A HALF WILL BE DRAWN TO GET 627,000 SOLDIERS

Washington, July 9—Unofficially it was indicated today that 627,000 is the number of men to be selected for the first national war army from the millions registered June 5. Probably twice that number of names will be drawn, as the number of exemptions to be allowed is estimated at 50 per cent. Next Saturday is understood to have been tentatively fixed upon as the date for the drawing, although no announcement has been made by the provost marshal general's office.

## Dry Zensal Moist Zensal

The fact that Zensal is made to reach the two distinct types of Eczema should appeal to all skin sufferers. Tetter, Salt Rheum and Dry Eczema should be treated with Dry Zensal. Moist Eczema or Weeping Skin with Moist Zensal, 75 cents a jar at

**E. G. MURPHEY**

## MEN FROM WHOM ARMY WILL BE SELECTED

**La Liendre**—794, Jose Quintana; 795, Luis R. Tapia; 796, Florentino Martinez; 797, Jacobo Lopez; 798, Agustin Quintana; 799, Jose Otero; 800, Telesfor Herrera; 801, Jose S. Gonzales; 802, Agapito Otero; 803, Gregorio Garcia; 804, Victor Garcia; 805, Pablo Marquez; 808, Samuel Gomez; 809, Jose Luis Gomez; 810, Crescencio Gomez.

**Chaperito**—447, Vicente Rivera; 448, Cruz Arguello; 449, Fulgencio Maestas; 451, Benerito Ortega; 452, Eliseo Aragon; 453, Crescencio Arellanes; 454, Gregorio Capodaca; 455, Rafael Garcia; 456, Eufemio Callegos; 457, Pedro Lucero; 458, Adelaido Baca; 459, Jose Garcia; 460, Doroteo Arguello; 461, Delfino Garduno; 462, Jose Crespin; 463, Bibian Archuleta; 464, Cruz Lucero; 465, Miguel Lucero; 466, Enrique Valdez; 467, Utimio Archuleta; 469, Agustin M. Duran; 470, Porfirio Goldsmith; 471, Juan Isidro Duran; 472, Enrique Duran; 473, Isidro Lucero; 474, Pedro Garduno; 475, Isidro Apodaca; 476, Apolinar Crespin; 477, Benito Lucero; 478, Benedito Duran; 479, Preciliano Maestas; 480, Porfirio Saiz; 481, Pedro Apodaca; 482, Francisco Arellanes; 483, Roy Curtis; 484, Salem Wallace Curtis, Jr.; 485, Charles E. Atkinson; 486, Nicanor Lucero; 487, Patrocinio Vigil; 488, Eduardo D. Gallegos; 489, Daniel B. Mondragon; 490, Adelaido Mondragon; 491, Vicente Lopez; 1860, Rejino Sena.

**Bell Ranch**—1861, Earl Van Dorn Lee.

**Variadero**—1862, Gaspar Lucero; 1863, Manuel Sena.

**Red Mountain**—725, Valentin Archibeque; 727, Catarino Martinez; 736, Ambrosio Trujillo; 743, Ramon M. Trujillo; 745, Elias Torres; 773, Maximiliano Esquibel.

**Ribera**—1, Andres Garcia; 3, Jose A. Dominguez; 4, Abel Segura; 5, Jose Evaristo Tapia; 6, Placido G. Baca; 7, Salomon Urioste.

**Tecolote**—1465, Benigno Romero; 1466, Telesfor Lucero y Chaves; 1467, Manuel Lucero, Jr.

**Anton Chico**—1468, Abenicio Rael.

**Tecolote**—1470, Gregorio Lucero; 1471, Pedro Marquez y Garcia; 1473, Jose Adelaido Lucero; 1474, Faustin Baca y Urioste.

**Anton Chico**—1475, Hipolito Rael.

**Tecolote**—1476, Esipio Salas; 1477, Buck Hugh Hammond.

**La Liendre**—1518, Valentin Gonzales; 1519, Bisatacion Urioste; 1520, Florencio Roybal; 1524, Jacobo L. Jaramillo; 1525, Edubigen Sais; 1526, Hemojeda Gonzales; 1528, Juan B. Romero; 1522, Eliseo Jaramillo; 1884, Julio Martinez; 1530, Rosendo Montano.

**Upper Las Vegas**—150, Julian Romero; 350, Elias Jaramillo; 351, Maximiliano Gallegos; 352, Walter B. Kolbo; 353, Pedro Romero; 354, Joseph Melville Thornhill; 355, Jose Andres Abelino Jaramillo; 356, Salomon Zamora; 357, Delfido Rodriguez; 358, Alejandro Otero; 359, Joe Jones; 360, Benito Jaramillo; 361, Narciso Abelino Otero; 362, Juan Roybal; 363, Jose Gorge Gallegos; 364, Charles Augustus Wagner; 365, Bonifacio Jaramillo; 366, Eusebio Gallegos; 367, Jose Rodriguez; 368, Olin Irving Lewis; 369, Adolfo J. Baca; 370, Harry Cardn Johnson; 371, Juan Bausita Baca.

**Sapelle**—577, Eduardo G. Gallegos;

578, Severiano Montoya; 579, Ignacio Bowles Archuleta; 529, Telesfor Archuleta; 530, Adolph John Willm; 531, Ezequiel Padilla; 532, Apolonio Archuleta; 534, Juan O. Quintana; 535, Atilano Ortiz; 536, Flabian Ortiz; 537, Filomeno Archuleta; 538, Pablo Herrera; 539, Jose Luis Kolowski; 540, Florencio Griego; 541, Pedro Archuleta y Garcia; 542, Pantaleon Archuleta; 543, Felix Valencia; 544, Florencio Esquibel; 545, Henry Dean; 546, Edgar Stanley Shaffer; 547, Jose Gutierrez; 548, Atanacio Archuleta; 549, Mariano Quintana; 550, Polito Gonzales; 551, Telesfor Padilla; 552, George Archuleta; 553, Miguel Montoya; 554, Margarito Archuleta; 555, Cerilio Herrera; 556, Felix Ortega; 557, Alejandro Montoya; 558, Juan Bautista Quintana; 559, Vicente Gutierrez.

**Tecolote**—44, Candelario Ortiz; 59, Apolonio F. Gonzales; 106, Madeo Aragon; 108, Clemente Montano; 109, Juan Gutierrez; 110, Jose Ignacio Trujillo; 112, Antonio Pacheco; 113, Elias M. Trujillo; 115, Guadalupe Pacheco; 116, Alfredo Trujillo; 117, Cleofas Herrera; 118, Isidro Martinez; 119, Ignacio Gonzales; 120, Cruz Herrera; 121, Alfredo Apodaca; 123, Juan Esquibel; 124, Eugenio Esquibel; 125, Margarito Herrera; 126, Gregorio Martinez; 127, Sotero Martinez; 129, Abel Montoya; 130, Julian Gonzales; 132, Escolastico Rodriguez; 133, Ernesto Griego; 135, Jose Modesto Gallegos; 136, Hilario Rail; 132, Daniel Martinez.

**Rociada**—560, Celestino Martinez; 561, Placido Sandoval; 562, Francisco Antonio Maestas; 563, Nemeocio Sena; 564, Manuel Antonio Martinez; 565, Leandro Bustos; 566, Juan Cristobal Bustos; 567, Fidel Marino Sandoval; 568, Juan Antonio Maestas; 569, Jose Patricio Maestas; 570, Bentura Martinez; 571, Filiberto Martinez; 572, Agustin Sena; 573, Jose Abel Martinez; 574, Margarito Antonio Bustos; 575, Juan de los Reyes Martin; 576, Nestor Bustos; 581, Apolinario Valerio; 582, Bernandez Martinez; 583, Daniel Suazo; 585, Juan Francisco Gallegos; 586, Jose Ramon Martinez; 587, Manuel Baros; 588, Damacio Martinez; 589, Adolfo Chavez; 590, Isidro Duran; 591, Florencio Lucero; 592, Luis Bargas.

**Leyba**—677, Ray Robert Canon; 678, Antonio Salazar; 679, Antonio Armijo y Tapia; 680, Walter Lesslie Myers; 681, Oscar L. Huddleston; 682, Daniel B. Serna; 683, Felipe Chavez; 684, Antonio Sanchez; 685, James D. Boswell; 686, Aurelio Leyba; 687, Seth Bryant Gray; 688, Cosme Domian Leyba; 689, Lorme Echie Turney; 690, Isidoro Lucero y Flores; 691, Eduardo Quintana; 692, Willie Leyba; 693, Gregorio Chavez; 694, Natividad Sena; 695, Jessie Frank Busby; 696, Theo. Murphy; 697, Francisco C. Ortiz; 698, Nazario Sandoval; 699, Benseslad Quintana; 700, Guy Overton Patrick; 701, Ramos E. Leyba; 702, Miguel Padilla; 703, Dionicio Chavez; 704, Catarino Garduno; 705, Antonio Ortiz; 706, Gus Canon; 707, Jose Sena; 708, Martin Luther Fowles; 709, Benito Romero; 710, Fidel Cordova; 711, Hugh Charles Pittman; 712, Robert Edward Brown; 713, Juan Demata Tenorio; 714, Juan D. Leyba; 715, Juan Aragon; 716, Enrique H. Leyba; 717, Juan L. Lucero; 718, David Ortiz; 719, Feliberto Tapia.

**Rowe**—330, Juan Blea; 519, Carlos M. Creamer; 520, Juan Jesus Archuleta; 521, Samuel Sena; 522, George Gutierrez; 523, Rosendo Ortiz; 524, Pablo Antonio Ortiz; 525, Patricio Archuleta; 526, Jose Andino Gonzales; 527, Antonio Gabaldon; 528, Pedro

528, Severiano Montoya; 529, Ignacio Bowles Archuleta; 529, Telesfor Archuleta; 530, Adolph John Willm; 531, Ezequiel Padilla; 532, Apolonio Archuleta; 534, Juan O. Quintana; 535, Atilano Ortiz; 536, Flabian Ortiz; 537, Filomeno Archuleta; 538, Pablo Herrera; 539, Jose Luis Kolowski; 540, Florencio Griego; 541, Pedro Archuleta y Garcia; 542, Pantaleon Archuleta; 543, Felix Valencia; 544, Florencio Esquibel; 545, Henry Dean; 546, Edgar Stanley Shaffer; 547, Jose Gutierrez; 548, Atanacio Archuleta; 549, Mariano Quintana; 550, Polito Gonzales; 551, Telesfor Padilla; 552, George Archuleta; 553, Miguel Montoya; 554, Margarito Archuleta; 555, Cerilio Herrera; 556, Felix Ortega; 557, Alejandro Montoya; 558, Juan Bautista Quintana; 559, Vicente Gutierrez.

**Chapelle**—613, Luis Apodaca; 614, Marcial Marquez; 615, Enrique Otero; 616, Miguel Trujillo; 617, Santiago Trambley; 619, Hipolito Baca; 620, Camilo Baca; 621, Onofre Aragon; 622, Marvin O. Giles; 623, Miguel Sisneros; 624, Rodolfo Gonzales; 625, Eduardo Elvires Martinez; 626, Brigido Trujillo; 627, Emilio Trujillo; 628, Refugio Ortiz; 629, Antonio Pacheco; 630, Eduardo Trujillo; 633, Enrique Vigil; 635, Daniel Martinez; 637, Demetrio Duran; 638, Cipriano Trujillo; 639, Gregorio Montoya; 640, Teodoro Herrera; 641, Cruz Sisneros; 642, Petronilo Apodaca.

**San Geronimo**—483, Alonzo Rivera; 484, Atanacio Swabacher; 485, Samuel Sanchez; 486, Elvido Gomez; 487, Tranquilino Quintana; 488, Marcos Esquibel; 489, Pedro Maes; 490, Eduardo Gonzales; 491, Sesario Garcia y Montoya; 492, Santiago Quintana; 493, Celso Roybal; 494, Manuel Gonzales; 495, Pedro Roybal; 496, Daniel Trujillo; 497, Victor Lopez; 498, Hilario Abeytia y Benavidez; 499, Atanacio Garcia y Benavidez; 500, Refugio Esquibel; 501, Jose Ramos Crespin; 502, Pedro Roybal; 503, Dionicio Gonzales; 504, Antonio Jose Abeytia; 505, Pedro Trujillo; 506, Saturnino Crespin; 507, J. Norton McSchooler; 508, Apolinar Garcia y Montoya; 510, Zachariah Robert Wall; 511, Tomas Sanchez; 512, Jose Miguel Santillanes; 513, Eusebio Gutierrez; 514, Atanacio Gonzales; 515, Ramon Esquibel; 516, Perfecto Sanchez; 517, Francisco Esquibel; 518, Justo Pino; 1531, Juan Gutierrez.

**Ojo del Medio**—107, Jose B. Montoya; 111, Jose Dolores Montoya; 122, Reyes Montoya; 134, Juan Montoya.

**Anton Chico**—31, Jose Martin Duran; 32, Blas M. Flores; 34, Camilo Lucero; 41, Feliciano Duran.

**WOOL AT 60 CENTS**  
Santa Fe, July 11.—J. H. Clements has sold his wool clip of 90,000 pounds at the record price of 60 cents a pound.

**NATIONAL GUARD CALLED**  
Washington, July 10.—President Wilson late yesterday issued a proclamation drafting the entire National Guard of the country into the United States army to date from August 5, also calling regiments into active service.

**WHOLE OF COUNTRY SURROUNDING LAS VEGAS GETS A REAL SOAKING**

The rain that fell in Las Vegas last night was the best thing that has come to the city since the Cowboy's reunion. It rained for about an hour in the city, the precipitation being one inch. The drought here had discouraged the farmers, whose crops were suffering badly. According to information received today, the greater part of the crops of the county were saved by the rain yesterday and last night, though in some parts the yield of rain will be small.

A telephone report from Watrous this morning said that it rained there for five hours last night, a steady downpour. Yesterday and Tuesday, it rained at Mora, and along the national highway toward Raton. Reports from Santa Rosa this morning indicated that a heavy rain fell in Guadalupe county yesterday afternoon.

**VALMORA MAN SAYS THE COMMUNITY SHOULD SHOW APPRECIATION**

Dr. W. T. Browne is in town, full of suggestions, as usual. The genial head of the Valmora sanitarium says that it would be a good plan for Las Vegas to show appreciation of the Cowboy's Reunion and the good it does for Las Vegas, to give a banquet soon for the officers of the reunion association. It would afford an occasion on which a good time could be enjoyed, and would be a splendid tribute to the cowboys. Dr. Browne says that Valmora sent big delegations to the reunion each day.

Dr. Browne suggests that a field day be held at the reunion park about the middle of September, when the weather is good. Horse races, automobile races and all sorts of sports should be enjoyed, the money to go to the reunion association. The doctor believes that the affair would furnish a good time to a large number of people who would appreciate it.

**TAXES ARE RAISED**  
Santa Fe, July 12.—The board of county commissioners last night closed its sessions as board of equalization after continuous sittings during which the assessment rolls of Santa Fe county received an overhauling such as they have never had before. As a consequence a million dollars have been added to the taxable and a number of tax payers are so sore that they can't see straight. A few of these appeared before the Board to protest, but in most instances, skillful questioning by Chairman Arthur Seligman revealed more property that had not been returned, and instead of being lowered many an assessment was raised still further. Yesterday afternoon, representatives of the A. T. & S. F. were heard on a proposed raise of \$100,000. They admitted that some of the property added by the county commissioners should have been taxed, but succeeded in cutting down somewhat the \$100,000 raise.
