EAST LAS VEGAS, NEW MEXICO,

SATURDAY, JULY 28, 1917.

NUMBER 5.

DRAFTED MEN TO BE GIVEN FULL INFORMATION

PUBLICATION OF INSTRUCTIONS
IS BEING HURRIED IN
WASHINGTON

Washington, July 26.—While local selection boards were at work today assembling men of the selective draft forces, officials of the provost marshal general's office began preparing a new publication to furnish registered men with an easy method of keeping track of their status in their districts.

The new list will be issued with cross reference by number between the red ink and drawing numbers. It will be possible for those supplied with the lists to inform any man almost instantly in what order he was drawn when he furnishes his red ink number.

Registrants who expect to be called in the first draft now must watch the selection board headquarters so as to know when their names are posted. The date when they are to report for examination will be shown at the same time.

The question of dependents will not come up in any way until a report upon a man's condition shows him to be suitable for military service. When that has been received, the selection board will be prepared to receive affidavits on dependents the prospective soldier has. The forms of the affidavits will be shown by the board.

Similarly forms for applications for examination on industrial grounds and for an appeal from the ruling of the selection board will not be available until the time for their use comes. The purpose of the plan is to avoid the piling up of documents and to provide that the boards will have before them at any time only the papers of cases in process of hearing.

Russians Lose Heavy Artillery

London, July 26.—"An appalling blow" is the description of the Russian collapse in a dispatch from Petrograd to the Post. Never in the war has Russian pult afflied such enormous armies. British and French guns and gunners, flying machines, aviators, and British armored cars were added to the unprecedented technical strength of the Russians themselves to make this particular front equal to anything. Information re-

garding the guns of the Eleventh army almost staggers belief.

It appears that the infantry shot down their own gunners in order to get their horses or shot down the gun horses in revenge as they retreated, leaving practically all the artillery in the enemy's hands.

As far as the artillery and technical appliances of the Seventh and Eighth armies are concerned, there is also no hope of their being saved. The Germans were already a couple of days ago across the best road on the shortest line of retreat. The rate of the enemy's advance on the western wing is accelerated and the gun positions are behind the line now occupied by the Germans. It is becoming an exceedingly anxious question whether the Eighth army will succeed in getting away at all but it is making the best haste eastwards.

Although deserted by the infantry, British armored motor cars covered the retreat in Galicia and later cooperated with the Russian cavalry in front of Tarnopol.

Germans Take Galician Towns

Berlin, July 26 (Via London.)—German troops have captured the Galician towns of Buczacz, Tlumacz, Otylnia and Delatyn, the war office announced today. The Russians also are said to be retreating in the direction of Czernowitz, the capitol of Bukowina.

The war office says the German artillery partly closed a breach made in the line by the Russians south of Smorgon. The heights west of Tarnopol and the Gnszna river sector as far as the Trembowla-Nusiatyn railroad were occupied. Heavy artillery fighting on Field Marshal von Mackensen's front is reported.

Rumanians Capture Prisoners

Petrograd, July 26.—Rumanian forces captured in Tuesday's and Wednesday's battle on the Rumanian front more than a thousand prisoners, says the official statement issued today by the Russian war department. The Rumanians also took 33 guns, 17 machine guns, ten mine throwers and much military material. On the same front, the statement says, the Russians also captured about a thousand prisoners and 24 guns.

Teutons are Nervous

British Headquarters in France, July 26 (By the Associated Press.)—The German and British fighting lines in France and Belgium after lying comparatively dormant for several weeks so far as any large offensive is concerned, have tensed perceptibly in the last few days. Out of the stiffening have grown numerous fierce

artillery duels, especially in Flanders.

The Germans have developed what is known among the British as "nerves," that is they have become exceptionally sensitive to any movement of their opponents which deviates from the routine, and give evidence of this condition in furious bombardments at suspected points. From this the conclusion is drawn that for reasons of their own the Germans may be fearing that trouble is impending in some section and are not certain where to look for its appearance.

Lens and Hill 70 nearby have been under heavy and almost continuous gun fire. Even the battle-scarred and barren Vimy ridge, which overlooks the valley above Lens, has been the object of vigorous shelling, which has accomplished nothing except to add still more shell craters on the already badly punished hill.

Armentieres has also undergone a tremendous fire and various other places which appear to have come under the suspicion of the gunners have withstood a rain of shells.

Meantime the Germans have brought long distance guns into play and have been throwing high explosives shells far behind the British lines in an endeavor to rout them. The British on their part have been paying off the score with big interest and with disastrous results to the German lines and defenders.

The artillery battle of unprecedented intensity which is being waged in Flanders is doubly interesting because the fighting has been carried out in No. Mans' Land. Ever since July 9, when the Germans made an assault on two British battalions near Lombaertzyde and forced a little bit of the British line back across the Yser this section of the front has been marked by a persistent hostile artillery activity which has been gradually growing stronger and which has found response from the entente allied guns. The Germans are known to have brought up fresh troops and many new guns into Flanders, and they appear to be using the full force of their artillery in this section.

In addition to the artillery activity during reconnoitering raids and bombing expeditions have been increasing in number on both sides throughout the length of the line. The opposition air services, too, play their parts and some of the severe combats of the war have been waged between great squadrons of fast flying battle planes. Destructive bombing raids have been made far back of the German lines by intrepid British aviators, who have maintained their supremacy

The Paris underground railways now employ women as car couplers and switchmen.

LOSS OF SHIPS IS GROWING SMALLER

THE FRENCH LAST WEEK ESCAPED WITHOUT DESTRUCTION OF SINGLE VESSEL

Paris, July 26.—During the week ending midnight July 3 not a single French vessel was lost. Six French merchantment were attacked unsuccessfully.

Italy Loses Two

Rome, July 26.—Two Italian steamers were sunk and one small sailing vessel was damaged during the week ending at midnight July 22, says an official announcement.

Norwegian Ship Sunk

London, July 26.—A German submarine operating off the Azores has sunk the Norwegian steamer Hansaat, says a Norwegian foreign office message transmitted by the Central News correspondent at Copenhagen. The crew was saved.

The American sailing vessel Augustus Welt, 122 tons, was sunk last Sunday. The crew was saved.

German Ships Sunk

Amsterdam, July 26.—Two German vessels have been sunk and two German steamers have been taken to England by the British destroyers, according to the correspondent at Texel, one of the Frisian islands, of the Amsterdam Telegraaf. A German steamship which had been torpedoed, the correspondent adds, has arrived at Denheld.

MORE DEPUTIES UNLAWFUL

Santa Fe, July 26.—Attorney General Harry L. Patton today directed an opinion to Traveling Auditor A. G. Whittier that the employment of additional deputies by county clerks is unconstitutional, because the legislature in the law delegates the authority given it under the constitution to the board of county commissioners and the sum authorized for deputies in effect increases the compensation of county clerks.

GUNNERS' MATE KILLED

Buenos Aires, July 25.—Clay Tenny Lyles, a gunner's mate, is dead as the result of an explosion of powder on board one of the ships of the visiting American squadron. The accident occurred while the vessel was firing a salute.

SAN MIGUEL COUNTY'S QUOTA WILL BE FILLED FROM MEN IN THIS LIST

Following is the order in which San Miguel county men registered for army service will be called before the examining board:

No. 258—Jose L. Cisneros, Las Vegas.
 No. 458—Adelaido Baca, Chaperito.
 No. 854—Francisco Lopez, Isidore.
 No. 1878—Pedro Gabaldon, Las Vegas.
 No. 1095—Jose Maria Lopez, East Las Vegas.
 No. 1455—Toribio Roybal, Los Torres.
 No. 1813—Jose Betriz, Sena.
 No. 1752—Jose Crescencio Sandoval, Maes.
 No. 1117—Arthur Nelson, East Las Vegas.
 No. 1552—Everett Lee Shirley, Cherryvale.
 No. 1748, Melecio Masetas, Maes.
 No. 1025—Earnest R. Blood, East Las Vegas.
 No. 837—Samuel Crespín, San Pablo.
 No. 337—Gerardo Sandoval, Valley Ranch.
 No. 275—Demetrio Ortz, Las Vegas.
 No. 676—Eulalio Dimas, San Juan.
 No. 1185—Ray Spotts Dum, East Las Vegas.
 No. 564—Manuel Antonio Martinez, Rociada.
 No. 509—Ramon Jimenez, Ferndale.
 No. 596—Simon Guerrero, Sapello.
 No. 1267—John Luther Jones, East Las Vegas.
 No. 536—Flabian Ortiz, Rowe.
 No. 1495—Elias Trujillo, Chapelle.
 No. —, Atanacio Archuleta, Rowe.
 No. 1679—Juan Gilberto Gurule, Trujillo.
 No. 1237—John Benjamin Howell, East Las Vegas.

PRESIDENT WILSON CALLS OUT SECOND INCREMENT FOR TRAINING

Washington, July 25.—The second increment of National Guard troops was called into the federal service today. All troops from Maine, New Hampshire, Vermont, Massachusetts, Rhode Island, Connecticut, New Jersey, Delaware, Maryland, District of Columbia, Virginia, North and South Carolina, Tennessee, Illinois, Montana, Wyoming, Idaho, Washington and Oregon came under President Wilson's proclamation, preparatory to mobilization in southern training camps to be equipped and outfitted for duty in France. The remainder of the state forces from far western and southwestern states will be taken in August 5.

DO NOT WISH GERMAN PEACE PROPOSALS TO HAVE INTENDED EFFECT

Paris, July 25.—The labors of the allied conference will not be limited to the Balkans. For one thing it is important to clear the air after the reichstag action last week. Although Premier Lloyd George has already replied to a certain extent to the speech of Chancellor Michaelis, it is desirable, says the Matin, that the allies should issue a joint statement on what happened at Berlin so that Germany's peace maneuvers may everywhere be checked and reasons given where they are needed why the allies cannot accept the reichstag resolution as a basis for peace negotiations.

Representative Tague of Massachusetts introduced a resolution to empower the president to make treaties or other arrangements with foreign governments to define the military status of foreigners here.

FIVE MEMBERS OF CREW OF AMERICAN WARSHIP KILLED AT CAVITE

Washington, July 25.—An explosion yesterday on the submarine A-7 at Cavite, Philippine Islands, killed five men and injured three of the crew and officers. The dead as reported today in official dispatches are: Lieutenant Arnold Marcus; machinist's mate, first class, H. H. Lang; gunners' mate, second class, O. Hopewell; chief electrician, J. M. Curry; machinist's mate, K. A. Kunz.

Following are the injured:

Burns on the waist and arm, Chief Electrician Scharlin; Fireman, second class, A. M. Jacob, Machinist's Mate, second class, J. P. Hixon. The explosion, from a preliminary examination was from the inside of the ship, apparently.

DESTRUCTIVE CONFLAGRATION OCCURS IN PHILADELPHIA REFINING PLANT

Philadelphia, July 25.—Fire at the Atlantic Refining company's plant, which has been burning since last midnight, spread suddenly to 12 gasoline stills this afternoon causing them to explode along with two naphtha tanks. A number of men were injured. The fire after the explosion spread to several buildings in the vicinity.

POSTMASTER ACCUSED

Washington, July 25.—Postmaster General Burleson today ordered an in-

vestigation of Senator McCumber's charges that the postmaster at Bowman, N. D., was guilty of disloyal utterances.

CENSOR ALLOWS CRITICISM TO PASS AND BE READ BY REST OF WORLD

Copenhagen July 25.—A remarkably frank article by the Berlin correspondent of the National Tidende passed by the foreign office censorship, discusses the Zamy side of the submarine campaign and the effect it has upon neutrals. It is generally recognized, he says, that the longer the campaign continues, the fewer friends Germany will have after the war.

Disregarding Galician happenings as accidental, the correspondent says there can be no question of a big offensive owing to lack of men, as Field Marshal von Hindenburg frankly admitted, but there is no doubt the front can hold out.

INDICATIONS ARE THAT YESTERDAY'S SHAKEUP WILL PROVE BENEFICIAL

Washington, July 25.—Reorganization of the shipping board and the emergency fleet corporation was in full swing today, following President Wilson's acceptance of the resignations of Chairman Denman and General Goethals, and the end of the row which long has delayed the shipbuilding program.

The senate commerce committee quickly recommended confirmation of Edward E. Hurley of Chicago, as the new chairman, but action was delayed on the nomination of Bainbridge Colby for member of the board to succeed Captain John B. White. Senators Wadsworth and Calder of New York requested the delay. Mr. Colby had been prominent in the progressive party in New York. Administration leaders, however, expect no serious opposition to Mr. Colby.

Acting Chairman Brent today also offered his resignation, but the president took no action. Mr. Brent was a supporter of Chairman Denman.

Mr. Hurley's nomination was confirmed by the senate late today.

ONLY ONE SUBMARINE THAT ATTACKED TRANSPORTS WAS ABLE TO ESCAPE

Halifax, July 25.—British sailors arriving here today who claim to have been among crews of vessels in the vicinity of the transports which conveyed the first American troops to France, say they were credibly informed that German submarines made a concentrated attack and were beaten off with a loss of six u-boats, only one submarine escaping. The sailors said they were within three miles of the transports and witnessed heavy and continuous fire. The men were on three former Dutch vessels which had been taken over by the British government and were on their way to Europe.

UNITED STATES WILL USE CITIZENS OF ENTENTE IN HER ARMIES

Washington, July 25.—Treaty changes with America's allies to make their subjects in this country eligible to the draft were considered today by the senate and foreign relations com-

mittee. Committee sentiment was said to favor subjecting all aliens to the draft, except enemy subjects and neutrals. All the allies except Russia were said to have indicated their assent.

HOUSE OF REPRESENTATIVES REJECTS RESOLUTION OF LACK OF CONFIDENCE

Tokio, July 25.—The house of representatives has rejected a resolution of lack of confidence in the government by a majority of 110. The chief basis of the attack of the opposition was the failure of the empire's foreign policy, especially in China, and the dispatch of a Japanese fleet to the Mediterranean. It was said the sending of the fleet was not required by the Anglo-Japanese treaty.

The government was blamed for not taking the initiative in China which had been assumed by the United States. China's participation in the war was opposed as meaning that at the peace conference Japan would have another vote against her. Premier Terauchi repudiated charges of interference with China's affairs, saying Japanese activities were limited to encouraging and guiding China.

Yukio Ozaki, leader of the constitutionists, asked if the democracy is overcoming autocracy in all other parts of the world, "in Japan and China bureaucracy still predominates over freer political ideals. Why is it?"

The premier replied that he could not discern such political tendencies in the world as Mr. Ozaki described. The sending of Japanese warships to the Mediterranean was said to constitute part of the empire's co-operation with her allies.

MAYER-HILE WEDDING

Joseph Hile, a prominent ranchman of Watrous, and Miss Anna L. Mayer were united in marriage this afternoon at 3:30 o'clock at the home of Rev. D. H. Kunkle, who officiated. The ceremony was witnessed only by the Kunkle family. Mrs. Hile is a resident of this city and has a large circle of friends here. She is a graduate of the Las Vegas High school, class of 1916. She has resided here with her uncle and aunt, Mr. and Mrs. W. E. Friesner. Mr. Hile is a former resident of Las Vegas, and at one time was employed by the First National bank. He is now a successful ranchman. The couple will be at home to their friends after August 25 at Watrous.

PREMIER KERENSKY PROPOSES CAPITAL PUNISHMENT FOR COWARDLY MEN

Petrograd, July 25 (via London British Admiralty Per Wireless Press)—Russian commissioners who reported discipline in the seventh and eighth armies, making possible the recent Russian offensive in eastern Galicia, after witnessing the retreat of the Russians in the face of the Austro-German attack, have sent their reports to Premier Kerensky. They advise that "capital punishment should be meted out to those who refuse to risk their life for their fatherland and freedom."

The Russian women's battalion raised by the twice wounded girl-officer Vera Butchkareff was in action

on the front at Krevo yesterday for the first time. They are expected to have been successful, although the battalion suffered some losses.

Finnish Independence Refused

The socialist majority in the Finnish langtag has drafted an address to the Russian government to accompany the notification of the law providing for Finnish independence. Last night the provisional government, after hearing the report of Michael Stakovich, the governor general of Finland, decided to refuse to accept the validity of the independence measure. Governor General Stakovich declared today although he shortly will resign his post, the government will appoint a successor and maintain him and his staff at Helsingfors in order not to give Finland a pretext for declaring that Russia has in fact recognized the law.

May Execute Lenine

New York, July 25.—The Russian provisional government has determined to arrest Nicholas Lenine, the radical socialist leader, and many of his followers, the Russian information bureau announced today. Lenine will be shot if he is convicted as a German spy, otherwise he will be isolated during the war. Lenine is declared to be a greater danger to Russian than the German armies.

Lenine, whose right name is Vladimir Ilich Ulianoff, is described by the Russian information bureau as a man with a record, a record which before the revolution commanded respect throughout his country. The book "The Development of Capitalism in Russia," is regarded as one of the most valuable contributions to Russian literature.

Since the revolution Lenine is believed by some to have acted as an agent of Germany in spreading peace propaganda. Many of his friends declare he has become insane.

TWO WHOLE REGIMENTS VOLUNTEER IN EL PASO WHEN MEN ARE NEEDED

El Paso, July 25.—Lacking a few men to fill up an artillery regiment for foreign service, Brigadier General E. St. J. Greble today called for volunteers from two regiments of other branches of the service, choosing that method rather than arbitrarily designating the men needed. The plan failed, for on the appeal for volunteers, every officer and enlisted man of the two regiments stepped forward. It was then necessary to designate the men desired. Older soldiers of long experience were chosen.

SENATOR SMOOT GIVES ESTIMATE OF EXPENDITURES FOR THE PRESENT YEAR

Washington, July 25.—America's war bill for the fiscal year will total \$17,000,000,000, Senator Smoot told the senate today, instead of the \$14,226,000,000 he estimated yesterday, the increase resulting from an additional \$500,000,000 for the shipping board, \$2,000,000,000 for the allies and \$150,000,000 deficit in the executive departments.

FOR AVIATION STATION

Washington, July 25.—The bill to permit the government to take over North Island in San Diego harbor for an army and navy aviation training station, recently passed by the senate, was passed today by the house.

EUROPEAN WAR

Russian Retreat a Rout

Copenhagen, July 25.—A semi-official German report describes as a striking panorama the retreat of the Russian armies in Galicia. Retiring columns stretching to the horizon can plainly be observed from numerous vantage points. The retreat occasionally descends into a full route of the Russians who are abreast the infantry vanguards and dash forward to a hill to reform, where they pour a demoralizing fire into the masses crowded in the roads. Additional quantities of munitions, provisions and six heavy guns were captured. Another report says that airplanes heavily bombarded the station at Monasterzyska and the new road for the Russian troops south of the point, from which regular communication has been severed.

German Attack Fails

On the French Front, July 25.—The furious attack of the Germans along the Chemin des Dames sector on the Aisne front has brought them nothing but death and the failure of all their plans to obtain possession of the ridge and the observation places.

At daybreak today the French launched a counter attack with such vigor that they turned the Germans out of the few hundred yards of trenches they had succeeded in occupying in the first day, and the pushing back to their old lines. The famous One hundred and fifty-second regiment led the attack.

The Californie plateau was the scene of the most furious fighting. The Germans who had gained a footing there were driven out everywhere except at one small point which is of no importance.

On the Casemates plateau the result was similar. At almost every point the French compelled the retirement of the Germans, but the Germans tried once more in vain to drive out the French.

The artillery tonight is at work most vigorously. The front line is almost as light as day from the flashes of shells.

Fighting in Flanders

Berlin, July 25 (via London)—Continuation of exceptionally violent artillery fighting in Flanders is reported in today's official account of operations on the western front. The advance of the Austro-German forces in eastern Galicia continues uninterruptedly. Tarnopol has been captured and the Germans are nearing Buczacz. The statement also reports the capture of Stanislaw and Nereve. Heavy fighting is in progress in Rumania.

The British Statement

London, July 25.—British troops yesterday made successful raids east and west of Ypres on the Belgian border, capturing 114 prisoners including two officers, according to the official statement issued by the British war office.

The French Report

Paris, July 25.—The Germans attacked this morning on the Aisne front at the Californie plateau, in an effort to recapture the positions from which they were driven yesterday. The war office announces that the attack was repulsed. The French are concentrating their new positions.

ONE HUNDRED FIFTY ALUMNI OF ROSWELL SCHOOL ARE WITH THE COLORS

Roswell, N. M., July 23.—That more than 150 young men, former students of the New Mexico military institute at Roswell, are now actively engaged in the work of helping Uncle Sam carry on the war against Germany, is the official announcement made by officers of the institute. Every mail brings Colonel J. W. Willson information in regard to graduates of N. M. M. I., who are enlisting in various branches of the service—and all of them are making good. The government has pushed the N. M. M. I. men to the front in almost every instance.

Take Rank Quickly

Three institute men—hardly out of their teens—have this year entered the ranks of the marine corps as lieutenants. Rolla Hinkle, a graduate of the class of 1914, who was a student at Washington and Lee university in Lexington, Va., was ordered to Fort Royal, S. C., when war was declared. After serving less than a week as a school officer he was placed in charge of the rifle range and later as officer in charge of the post exchange, two very important details for a young officer just entering the service. The cases of J. O. Hyatt and Fred C. Eastin, Jr., of the 1917 graduating class are also striking examples of the preference shown N. M. M. I. men. Both were called to the marines, are already enjoying their commissions and report that they have had no trouble whatever in handling the work assigned to them as officers. Mr. Hyatt and Eastin expect to land in France before the early fall.

Called to Regular Service

Two of the institute graduates have recently been called from the national guard of New Mexico to the regular army service. C. P. Duson, 1915, and Richard Daugherty, 1913, both lieutenants in the N. M. N. G., have been selected as military officers for the regular army because of their ability in army affairs.

The war department has made it plain to N. M. M. I. authorities that the institute must continue its work of training young men, and if possible increase its efficiency in military instruction. Major Barlow is now at Fort Sheridan, studying the latest wrinkles in the war game, preparing to introduce all new methods approved by the federal government in the New Mexico school this fall and winter.

Outlook is Good

There is every indication that N. M. M. I. will enjoy a remarkably successful term during 1917-18. Realizing the necessity of military training and appreciating the high rank given the institute by the war department, many young men will this year enter N. M. M. I. for two years' training in the junior college, preferring this method to attendance at the universities. It is believed that this is a wise selection, as the college work offered by the institute is equal to that of the first two years in any of the universities. Young men taking this course can easily receive credit in event they decide later to take up work in a professional school.

SANTA FE AND OTHER COUNTIES SHOW A DECIDED GAIN IN VALUATION

Santa Fe, July 23.—Not only Santa

Fe county shows an increase of a million dollars in its assessment over last year, but Quay county also increased its valuation from \$10,335,199 to \$12,339,770, or a total of \$1,304,571, which is doing pretty well for a dry farming county with less population than the county of Taos for instance, many times older and much richer in mineral and irrigated lands, and yet having only one-third of the assessment that Quay county reports.

Curry county, too, another dry farming county, reports an increase from \$9,287,860 to \$10,008,615 or \$720,755. Lincoln, also in the dry farming class reports an increase from \$9,310,957 to \$9,021,713 or \$710,755. Otero in the same eastern tier increases its valuation from \$9,110,295 to \$9,435,955 or \$324,760. Socorro shows a handsome growth from \$14,391,614 to \$14,952,672 or \$561,058; Torrance from \$8,508,833 to \$8,661,371 or \$152,432; San Juan from \$4,222,010 to \$4,370,859 or \$148,849; and McKinley from \$9,372,853 to \$9,381,868 or \$9,015. Chief Clerk Rupert Asplund of the state tax commission, figures that those eight counties for which the assessment rolls are in, show an increase in assessment over last year of \$4,432,225, and that the total increase for the state will probably exceed \$10,000,000.

WHO'S WHO AMONG GARDEN ENEMIES

The following "who's Who Among Garden Enemies" is prepared for the readers of The Optic by the national Emergency Food Garden Commission of Washington which is co-operating with this paper in a nation wide campaign for more food gardens and in a campaign to conserve the nation's food supply.

Anthracnose, "leaf spot" or "rust" attacking beans, tomatoes, celery and melons. Use Bordeaux mixture or summer-strength lime-sulphur or ammonical copper-carbonate to avoid stains on foliage of celery.

Aphis, or plant lice. Attacks peas, melons and so on. Use nicotine preparations or kerosene emulsion at intervals of three or four days.

Asparagus beetle. Use arsenate of lead on summer foliage; cut and burn all vines in late summer.

Blight, affecting cucumbers, potatoes and other things in various forms. Spray with Bordeaux frequently enough to keep all new growth covered. Dust with sulphur lead preparations.

Caterpillars. Various kinds attack cabbage, tomatoes, tobacco, and so on. Use arsenate of lead, paris green or hellebore, or pick by hand.

Cutworms. Fat, ground worms, brown with dark stripes, cutting through the stems of many plants, especially when just up or newly set out. Trap under pieces of shingle of flat stones; or scatter about toward nightfall a mash made of one quart of wheat bran, one teaspoonful of paris green or white arsenate, one teaspoonful of cheap molasses, mixed with enough water to make a mash.

Cucumber Beetle, yellow and black striped. Use tobacco dust. Pick by hand the first bugs in early morning.

Flee Beetle. A small hard shelled jumping beetle, which punctures leaves of tobacco, potatoes and seedling plants. Use tobacco dust or kerosene emulsion on seedling plants; Bor-

deaux candle lead on tomatoes and potatoes.

Meal Bug. Ascale-like insect with cottony cover, attacking some flowers. It seldom appears in the vegetable garden. Use kerosene emulsion apply alcohol with small brush.

Potatoe Beetle. Use arsenate of lead of paris green. On egg plants use lead only and pick by hand.

Squash Bug, lively flat black. Use tobacco dust, or pick by hand to get rid of old bugs and eggs; use kerosene emulsion or nicotine sulphate for the young ones.

White Fly. Attacks tomatoes, vine crops and some flowers. Use tobacco dust. spray with kerosene emulsion.

To avoid what is known as "flat sour" in peas, also asparagus, beans and corn, the fresh product should be handled carefully, says today's bulletin from the national emergency food garden commission, which is co-operating with this paper in a nation wide campaign to conserve the food supply of the country.

Only fresh young peas should be used, the best time to gather these being in the morning while it is cool. The whole process should be carried on rapidly as possible and peas should not be allowed to stand after shelling.

Shell and sort, putting pease of the same size and maturity together. Be sure not to put hard ripe peas among tender ones. When peas are too old or split or broken they should be removed before packing as the liquid becomes cloudy.

Blanching, cold dipping and packing are very important, for it is in these processes that the damage occurs which causes "flat sour."

To blanch the peas plunge them into boiling hot water for from four to eight minutes, depending upon their tenderness; then put them immediately into cold water for an instant. Pack at once into jars within half inch of top. If jars are too full some pease will burst and make the liquid cloudy. Add one level teaspoonful of salt to the quart and fill with hot water. Partly tighten the tops and sterilize for two and half to three hours. (If using tin cans seal completely before sterilizing.) After proper sterilization remove jars from boiling water, complete fastening tops, invert jars and place out of draught to cool. Wrap in dark colored paper to prevent bleaching in storage.

Enclose a two cent stamp to the commission at 210 Maryland Bldg., Washington for a canning manual which will be sent free.

SENT TO REFORM SCHOOL

Santa Fe, July 26.—Because he is incorrigible, 11-year old Frank Reed, after probation for many months under supervision of District Judge George A. Richardson, has been sent to the reform school at Springer to spend from four to four and a half years. Despite every effort to help the boy lead a straight life, it was impossible to wean him from habits of petty thieving and destructiveness. Despite the rain, 13 Boy Scouts from Roswell are enjoying an outing in the White Mountains. Rains in the White Mountains have sent the Ruiloso and lesser streams a-booming and furnishing irrigation water at a critical period in the crop season.

The following numbers complete the draft numbers received by The Optic; it was impossible today to finish the task of listing the names of the men drawn:

Nos. 6, 148, 1, 1643, 668, 88, 1890, 1494, 1797, 1074, 1518, 743, 827, 1242, 1038, 1386, 976, 473, 1683, 1614, 287, 586, 260, 527, 446, 1888, 89, 1726, 1197, 932, 1204, 1377, 883, 358, 451, 745, 573, 1739, 1742, 1106, 308, 429, 1833, 1703, 1451, 1383, 1787, 1668, 1459, 2257, 2095, 1814, 1055, 1225, 394, 1025, 417, 354, 445, 1497, 1819, 1609, 217, 1615, 259, 1295, 1756, 1068, 1374, 1268, 1631, 1450, 312, 1120, 1365, 242, 1333, 1584, 702, 232, 597, 694, 198, 1421, 1018, 1666, 799, 671, 561, 1621, 495, 145, 1310, 98, 1053, 1184, 801, 286, 990, 1573, 44, 226, 1746, 7, 846, 398, 216, 847, 302, 26, 1844, 1123, 662, 475, 641, 1661, 1392, 1749, 1104, 239, 1137.

DRAFT NUMBERS CORRECTED

It was announced today by the Associated Press that a few mistakes had been made in the transmission of draft numbers. These corrections, in several instances, affect Las Vegas, and persons registered here should pay especial attention to the changes: The two thousand eighty-ninth number drawn should be 1179 instead of 1170. No. 1179 is Thomas Vernon Wogan, East Las Vegas.

The four hundred thirty-fifth number drawn should be 1751 instead of 1551. No. 1751 is Jose Hilario Medina, Maes.

The two thousand eighty-seventh

number drawn should be 10021 instead of 1021, which is held by a man in the Las Vegas district, while the larger number is not.

The twelve hundred thirty-fifth number drawn should be 10053 instead of 1053.

In the list of numbers of men drawn for the army published in The Optic the number 1264 erroneously was ascribed to Lloyd Grinslade. Mr. Grinslade's number is 1264½. No. 1264 is that of David Hendin, according to the list furnished The Optic several days ago by the county exemption board. However, until the official numbers are received from Washington, nobody may be absolutely certain that he was drawn or not drawn for the first quota, owing to the liability of mistakes getting on the wires.

When you feel lazy, out of sorts and yawn a good deal of the daytime you can charge it to a torpid liver which has allowed the system to get full of impurities. HERBINE cures all disorders produced by an inactive liver. It strengthens that organ, cleanses the bowels and puts the system in good healthy condition. Price 50c. Sold by Central Drug Co.—Adv.

MURDERER JOINS NAVY

Santa Fe, July 24.—Governor Lindsey today directed a requisition to Secretary of the Navy Daniels, asking for the return to New Mexico of George Woodruff Cavender, charged with the killing of Frank Brownell of Lordsburg. After the killing, Cavender enlisted in the navy, and is now at Goat Island, California, where he was found by Sheriff H. J. McGrath, who came to Santa Fe today with several deputies, lodging five prisoners in the penitentiary, and at the same time securing the requisition papers and taking back with him to Silver City Pedro Montez, who is to be hanged on Friday afternoon for killing his sweetheart.

Straightened Him Up

Weak, overworked or deranged kidneys permit impurities to remain in the system and cause rheumatic pains, backache, pains in sides, stiff and sore joints and muscles. Mrs. A. G. Wells, Fecky Mount, N. C., writes: "I cannot praise Foley Kidney Pills enough for the wonderful benefit I derived by their use." O. G. Schaefer.—Adv.

NEW DRUG COMPANY

Santa Fe, July 24.—The City Drug company of Clovis filed incorporation papers today. The capitalization is \$10,000, of which \$5,000 is subscribed, each of the four subscribers taking 1,250 shares each at \$1: Dr. J. Foster Scott, Jr., Cash Ramey, R. C. Hunston and Leland Chapman, all of Clovis.

John L. Sullivan on Overeating

John L. Sullivan, the ex-pugilist, says that is also the case over there, eating than from drink. One of the most prominent physicians in England says that is also the case over there. No wonder that so many people are troubled with indigestion. If you have trouble with your stomach adopt a diet suited to your age and occupation. Then if you should have indigestion take Chamberlain's Tablets. They strengthen the stomach and enable it to perform its functions naturally.—Adv.

It's surprising how many ailments heretofore unsuspected have been discovered preying upon our young manhood since the draft went into operation.

Personal liberty is being cut down these days. Those residents of Utah who still enjoy the privilege of having more than one wife will be obliged to go without their beer after August 1.

The way the Raton Range is going after Mayor Shuler and John Barleycorn is the talk of the north end of the state. The Range is getting to be a strong anti-liquor paper, and it blames Mayor Shuler for allowing liquor to be sold on Sundays.

Governor Lindsey has named some conservation inspectors for New Mexico. It might be well if he would name a few conversation inspectors, judging from rumors of unpatriotic utterances being made by supposed-to-be Americans.

President Wilson is depriving himself and the country of valuable assistance by not finding something for Theodore Roosevelt to do during this war crisis. Mr. Roosevelt has the ability and the patriotism, and it's a shame to have him lying idle. He should be mobilized at once.

After having made much conversation and little progress, General Goethals and Chairman Denman have resigned respectively from the Emergency Ship corporation and the shipping board. It is presumed that something will be done now. Goethals showed by his work in Panama that he is competent. Denman never did anything to particularly recommend him as a man of ability. Judging by their performances in relation to the emergency fleet, the latter lived up to his reputation while the former fell below what might have been expected.

E. V. Long, the East side postmaster, informs The Optic that 180 letters, evidently from tourists in this locality, went out through the mails Tuesday to the Lone Star state. It is fair to conclude that at least half as many were mailed on the West side. This is a good showing for the Commercial club, as it has been devoting especial attention to the southwestern auto touring people in an effort to

bring them here. This item is worth the attention of all Vegas people for it shows what may be done by some effort to attract tourists from the hot summer regions of the south to our unexcelled summer climate, our fine fishing and incomparable scenery. Las Vegas extends a hearty welcome to our summer tourists. There is nothing too good for them. Every Las Vegan should do his "level best" to accommodate these people and help give them a good time.

Most of us never heard anything about Premier Kerensky of Russia until recently. And when we finally became aware of his existence, we experienced no thrills, nor did we consider the discovery anything of moment. Right now, however, we feel more kindly disposed to Kerensky than to any other person on so short an acquaintance. We feel, somehow, that our welfare is tied up in his success or failure. And we are all "pulling" for him with might and main.

Kerensky's task is to make the Russian people realize the gravity of the situation they are facing. He must make them overcome the desire to avoid the present danger at the risk of encountering a greater one later on. He must make them see that while war is horrible, peace at any price is likely to lead to something more horrible. Kerensky is a socialist and is radical in his thoughts. But we are for him, no matter what his political beliefs, so long as he can undertake bravely the task of putting a steel spine in a nation that has lost its back bone.

Kerensky is a patriot first and a socialist afterwards, as is evidenced by his actions in regard to war. While other socialist leaders are talking for a cessation of the war because they are opposed to war as a principle, Kerensky is advocating a continuance of the struggle that the ideals which he cherishes may live.

There is something about Kerensky's personality which has come to us by cable, by wireless or by some unknown sense, that seems to inspire confidence. Eventually he will put Russia on her feet, but the process will be a painful process to all Russians who differ with him or oppose him.

Women in commercial and professional life hold a better position in the United States than in any other country.

NUNS DO LAUNDERING American Bluejackets Give Work to Sisters Near American Flotilla Base

Base American Flotillas, British Waters.—Cloister nuns, in a home for Sisters of Good Shepherd near the base from which the American flotillas are operating against German submarines, have been doing a thriving business among the bluejackets.

Through the intercession of two of their devoted women friends with the American consul and Vice Admiral Sims, the nuns obtained permission to receive any work the American naval men were willing to turn over to them. When the jack tars learned that this war virtually the only means of support the secluded women had, they at once showed an eagerness to aid. As a result, there has been a growing laundry list each week.

Although the nuns have been devoting many hours daily to this work, they never see the young Americans who have been so generous in their patronage. The laundry is sent to the convent in motor launches from the American destroyers as they return from patrol duty. The bluejackets declare the work is such as to make the modern American laundryman envious and at prices considerably lower than on the other side of the Atlantic.

The work the nuns are doing is of course only a small part of the fleet's washday output. The great bulk of it is done on board the supply or mother ship in an electrically operated laundry, which is said to be the most complete ever seen in this part of the world. Prices charged the men are less than half of those charged by American laundries. Collars rate one cent each, socks per pair one cent, negligee shirts five cents and towels five mills. Ninety per cent of the receipts are divided among the laundrymen, while the remaining ten per cent covers the losses and cost of soap supplies. One of the features of the ship's laundry is a miniature soap factory.

WAGNER AT COMMENCEMENT

Santa Fe, July 25.—Superintendent of Public Instruction J. H. Wagner, who has just returned from the National Education convention at Portland, Ore., left for Silver City to attend the commencement of the State Normal summer school. He addressed the Loretto Teachers' institute this afternoon, Sisters from all over the southwest being in attendance. On his return he will stop in Albuquerque to be with Governor and Mrs. Lindsey and daughter Helen, to receive General Roop and the Russian mission.

FLETCHER IS MARRIED

New York, July 25.—Henry P. Fletcher, American ambassador to Mexico, and Miss Beatrice Bend of this city, were married today at the home of Mr. and Mrs. Willard D. Straight at Old Westbury, Long Island. The couple met eight years ago in China when Mr. Fletcher was first secretary of the American Legation. His bride was then traveling the Orient.

STRIKE MEDIATOR NAMED

Boston, July 25.—Andrew J. Peters of this city, reported to have been appointed mediator in the street car strike at Seattle, Wash., is on a pleas-

ure cruise and probably will not learn of his appointment for a day or two, it was stated at his office today.

ENGLAND FINDS SCANDAL

London, July 25.—William August Casson, a retired civil servant, was remanded in Bow street police court today charged with unlawfully and corruptly conspiring with Wing Commander John C. Porte, R. N. A., and Lyman H. Seeley to contravene the provisions of the prevention of corruption act of 1906. The charge concerns large sums of money alleged to have been from time to time corruptly paid and received by Porte, as agent of the crown, in respect to certain contracts between the lord commissioners of the admiralty and the Curtiss aeroplane company of New York.

FOOD COMBINE CHARGED

Denver, Colo., July 25 (Legislature)—Continued debate on the administration food control measures in the senate today brought charges by Senators James C. Starkweather and Francis J. Knauss that four Denver commission houses had combined to control food prices and prevent competition of producers. Senator Starkweather, advocating passage of the food control bill, said federal measures would not touch intrastate matters and that the states were needed for that reason.

WHEAT YIELD CUT

Salt Lake, Utah, July 25.—Continued hot weather for the last month has largely reduced the promised acreage of wheat in Utah. Many of the grains are shrunken due to too rapid ripening and lack of moisture, according to the weekly report of the United States department of agriculture issued today from the local office of the weather bureau.

READY FOR FIGHT

Philadelphia, July 25.—Johnny Kilbane, feather weight champion and Benny Leonard, the lightweight, titleholder, will meet in a six-round bout at Shibe park, tonight for a purse of \$20,000, each man to receive one-half. Both men are in excellent form.

MONEY FOR MEXICO

Mexico City, July 25.—The house of deputies last night passed a bill giving the president power to contract a loan of 150,000,000 pesos for the government budget. The senate passed a bill granting authority to contract a loan of 100,000,000 pesos to finance the new government bank issues.

EMMA OUT AGAIN

Jefferson City, Mo., July 25.—Miss Emma Goldman, sentenced to the Missouri penitentiary by the federal court in New York City for attempting to interfere with the army draft law will be released on bail today and returned to New York.

PERSHING VISITS FRONT

Paris, July 25.—General Pershing, accompanied by General Joffre, yesterday visited the French front.

San Jose, Cal., July 25.—After an investigation, Colonel R. P. Davis telegraphed Major Hunter Liggett, commander of the western department of the United States army today recommending that a company of troops be sent to San Jose and Santa Clara to guard life and property threatened by striking fruit cannery workers.

ERRORS AND OTHER FAULTS OF BOARDS WILL BE CORRECTED IN EVERY CASE

Overshadowing nearly all else in importance is the matter of exemptions, to be passed upon and decided by the county and federal district boards. In order that the people of New Mexico might have a clear statement on the subject, The War News has secured the following from Charles Springer, chairman of the executive committee of the New Mexico council of defense:

There have been many inquiries received as to how exemptions from the selective draft are to be determined. The following is taken from the rules and regulations prescribed by the president under the act of congress approved May 18, 1917.

For New Mexico there will be a local exemption board in each county and probably two federal district boards. The local boards have already been appointed and it is expected that the district boards will be appointed this week.

Boards to Notify

The local board will mail a notice to each man drafted, requiring him to appear on a certain day stated in the notice for physical examination. If the man is absent from the county or for any other reason cannot appear before the board on the day mentioned in the notice, he should immediately make application to the local board to be examined before some local board in another county, or, if he cannot appear on account of sickness, he should immediately notify the board to that effect.

The local board has authority to discharge persons found to be physically deficient, according to forms and regulations to be furnished by the government and they may also exempt the following:

Officers, legislative, executive or judicial, of the United States or of the state.

County and municipal officers who have been elected by popular vote and whose offices cannot be filled by appointment or unexpired terms.

Ministers of religion.

Students of divinity.

Persons in the military or naval service of the United States.

Subjects of Germany residing in the United States.

All other aliens who have not taken out their first papers declaring their intention to become citizens of the United States.

Persons employed by the United States in the transmission of the mails.

Persons employed in the service of the United States in other departments, upon affidavit being made by the proper officer of the United States stating that such persons are necessary to the adequate and effective operation of the department or branch of service in which they are engaged.

With Dependent Families

Those in a status with respect to persons dependent upon them for support, which renders their exclusion or discharge desirable. This applies to any married man whose wife or child is dependent upon his labor for support, to a man who has aged or infirm parents, or who has one or more brothers or sisters, who are dependent upon his labor for support,

or who has a widowed mother who is dependent upon his labor for support.

The local board may also examine or discharge those found to be morally deficient, viz., persons who have been convicted of a felony.

The local board may also exempt persons belonging to religious organizations, which existed prior to May 18, 1917, whose creed and religious convictions are against participation in war in any form.

The claim on the registration card that the person is entitled to exemption is not sufficient and claims for exemption must be filed with the local boards, supported by proper affidavits by the person called or some one in his behalf, on or before the seventh day after the mailing by the local board of the notice to be given such person of his having been called for service.

Appeals to District Board

Appeals from the decision of the local board may be made to the federal district board, provided that notice be given by the local board to the person stating that his name has been called for service and not exempted or discharged.

The fact that a man is not able to speak, read or write the English language is not a ground for exemption or discharge.

The local boards have no jurisdiction to discharge or exempt any person on account of his being engaged in agriculture or other industry or enterprise necessary to the maintenance of the military establishment, but all such questions will be determined by the federal district board.

The mere fact that a person is engaged in agriculture or other necessary industry will not of itself entitle him to exemption. Each case will be considered on its merits and in order to entitle a person to exemption on this ground it must be established by evidence, to the satisfaction of the district board that the continuance in such occupation or industry by the person is necessary to the maintenance thereof, and that he cannot be replaced by some one else without direct, substantial and material loss and detriment to the effective operation of the industry or agricultural enterprise in which the man is engaged.

File Claims Promptly

It should be borne in mind by persons desiring exemptions that the claim therefor must be promptly filed within the time stated in the regulations, and that appeals from the decision of the local boards must be promptly filed within the time stated in the regulation for taking such appeals, and that the claims for exemptions and the appeals must be supported by proper affidavits and evidence.

The local board may allow claims for exemption or discharge to be filed or affidavits in support thereof to be filed after the expiration of the time designated, when it is shown to the satisfaction of the local board that the failure to file the same within the designated time was due to necessary absence or illness of the claimant, which prevented the filing of the same, or for any other cause which appears to the local board to afford reasonable ground for allowing claims or affidavits to be filed after the expiration of the designated time.

In case where a person is register-

ed in two counties he may file, with the local board to which he elects to present such application an affidavit signed by him stating that his home is in the other county and that his registration in the county where he filed such application should be cancelled and if his application and affidavit are accompanied by a proper affidavit of the clerk of the local board in said other county, stating that his registration card is in the possession of such local board of which the affiant is clerk, the order may be entered cancelling his registration by the board to which such application is made.

Errors do not Exempt

Any clerical errors in the numbering of the cards or making out lists or publication of the names of persons called for service will be corrected when discovered, and will not entitle any person to exemption or discharge.

No member of a local or district board may participate in the hearing or decision of any claim for exemption filed by or in respect of any person who is related to such member by blood, or by marriage nearer than second cousin.

It is not necessary that a claim for exemption or an appeal be filed or signed by the person called for service, but may be filed or signed by any other person or officer of a corporation.

An appeal may be taken from a final decision of the district board in any case in which said board has exclusive, original jurisdiction to the president of the United States, but unless the district board shall otherwise order, a filing of such appeal shall not prevent such person from being accepted and ordered into military service pending such appeal.

30 YEARS IN BLUE AND KHAKI

Minneapolis, Minn., July 25.—There are a great many worse jobs than that of the enlisted man in Uncle Sam's army, in the opinion of Sergeant William H. Deavey, who today completed 30 years of service in the army. For the past 17 years Sergeant Deavey has been stationed in the Minneapolis recruiting office, but previous to that time he saw enough active soldiering to make him thoroughly familiar with every phase of the soldier's life. After enlisting in New York, July 24, 1887, he went with the Seventh cavalry to South Dakota and fought under General Miles in the Pine Ridge uprising. He was with the Third infantry at the battles of San Juan and El Caney in the Cuban campaign and during the next few years he "did his bit" in the suppression of the Filipino insurrection. Sergeant Deavey is now one of the oldest enlisted men in the army in point of service.

LICENSE IS REVOKED

Santa Fe, July 25.—The license of the Arizona Fire Insurance company to do business in New Mexico was revoked today by the state insurance department on the ground that the company failed to give satisfactory evidence that it had made good an alleged impairment of assets and had failed to give acceptable guarantees of competent management in the future. In March of this year, Deputy Insurance Commissioner Peter A. M. Lineau together with the Arizona In-

urance department examined the affairs of the company at Phoenix and reported that the capital of \$200,000 had been impaired \$75,500. In May the company was notified that sixty days would be given in which it could make good the reported impairment of capital and give guarantee of future sound management. The sixty days expired yesterday and as the department was not satisfied with the status of the company its license was revoked.

COUNTY ATTORNEYS AND SHERIFFS PLAN TO ENFORCE NEW PROHIBITION LAW

Salt Lake City, Utah, July 25.—

County attorneys and sheriffs of Utah met in conference with Attorney General Shields here today to agree upon uniform plan of procedure in the enforcement of the Utah statewide prohibition law which is to come into effect one week hence. The law is considered one of the most drastic of its kind adopted in any of the states. In general, it prohibits the manufacture, sale or possession or importation of any intoxicating liquors, except alcohol for manufacturing, scientific and medicinal purposes.

The injunction and abatement law is included in the provisions of the law in order that property where violations of the law take place may be closed up. The second conviction for a violation of the act, other than appearing intoxicated in the street, is made a felony.

Search and seizure of persons, receptacles and vehicles under suspicion of having or containing intoxicating liquor is permissible, but search warrants must be sworn out to search residences or buildings for liquors.

Provision is made for the destruction of liquors, fixtures or furniture seized in connection with violations of the law. The governor has the authority to call upon any peace officer, including game wardens, to enforce the law.

NEW MINING COMPANY

Santa Fe, July 25.—The Beal Mining company of Silver City, capitalized at \$1,000,000, filed incorporation papers. The sum of \$2,000 is subscribed by the incorporators, Roy Beal and Arthur Moore of Tyrone; D. H. Bell and R. Atkins of Silver City and W. B. Hays of Fort Bayard. The Home Refining company of Oklahoma, with New Mexico headquarters at Dayton, Eddy county, also filed incorporation papers. The capitalization is \$1,000,000.

TUCUMCARI MAN LOSES

Santa Fe, July 25.—Only two candidates for the officers' reserve corps were examined today: Joseph L. Goodel of Albuquerque, who passed the physical examination, and Edmond N. Hobart of Tucumcari, who was rejected.

CONSERVATION INSPECTION

Santa Fe, July 25.—Governor Lindsey today commissioned 11 Denver insurance men as special conservation inspectors of New Mexico, under the plan of the Underwriters' association as suggested by the national council of defense. Those appointed are: Frank G. White, Creswell Emery, C. G. Redd, George F. Whitford, W. P. Coffee, B. E. Moreau, E. L. Maltby, M. H. Collins, Richard White, M. E. Tinney and T. S. Heath.

YESTERDAY'S REPORT FROM SANTA FE SHOWS MEN WILL GO TO CAMP

The following report from Santa Fe contradicts and corrects that of yesterday, which, it seems, was erroneous, though it appeared in Santa Fe newspapers and was sent out by correspondents:

Santa Fe, July 21—Edward T. Springer, son of Frank Springer, patron of the museum of New Mexico, passed the examination yesterday for the officers' reserve corps, being the second son of Mr. Springer to enter the service, Wallace Springer being in the aviation corps now in camp at the aviation grounds at Dayton, O. John E. Powers, P. T. Lonergan, Hugh A. Carlisle, Ralph H. Nelson, Pearce C. Rodey, Frank M. Tierney, Jack A. Stewart, Charles G. Hedgecock, Herbert W. Gehring, Guy A. Reed, C. H. Hamilton, F. Herman, Albert E. Lyon, Virgil L. Snyder, Charles E. Lee, Frederick W. Townsend, Fred Queensberry, Ben E. Williamson, Carrol Belknap, Chester P. Stevens, Charles A. Marrott, John F. Rightmire, John F. Harn, Jeremiah McCarty, Charles H. Lutz, Flavius J. Lindsey, Robert L. Richardson, Ove E. Overson, Louis H. Kroenig, Michael T. Hughes, William F. Read, George S. Flanders, Frank M. Culberson, Ray Traxler, Luther J. Tillery, Edward C. Smith, Joseph B. Leahy, Howard W. Lindsey, son of Governor W. E. Lindsey and county clerk of de Baca county; Alfred L. Taylor, Anastocio D. Montoya, James F. Hubbell, Frank D. Shufflebarger, John W. Harris, Jr., Arthur H. Sisk, Thomas G. Lackland, Wallace F. Fiske, are others who have passed thus far. Those rejected are H. W. Brose of Gallup for defective eyesight; Gilberto Mirabal, Morgan O. Llewellyn, Chester F. Morgan, Edward P. Davies, George L. Kelly, Robert C. Thaxton, John C. Robbins, Jr., Benjamin F. Morris, Kenneth Marmon, Doyle Rentfrow, Manuel P. Manzanares, Carl W. Whistler, Arthur H. Colgan, Jesse E. Emmons, Arthur E. P. Robinson.

OLD ATTORNEY DEAD

Santa Fe, July 24.—W. E. Kelley, aged 81 years, one of the oldest attorneys in New Mexico, was found dead in bed at his home in Socorro, of which city he had been a resident the past 35 years. He was a charter member of the Socorro Odd Fellows' lodge, which took charge of the funeral yesterday, interment being made in the Odd Fellows' plot.

The Cause of Constipation

Constipation is usually due to a lack of water in the excrement. To effect a cure you must take more water into the system. It may be months, however, before this has any appreciable effect on the bowels, but when persisted in and fruit and vegetables containing water are eaten freely, the condition may be overcome. In the meantime use the mildest laxative obtainable and take only enough to produce the desired effect. Chamberlain's Tablets are one of the best. They are easy to take and most agreeable in effect.—Adv.

STEAMER RATES APPROVED

Washington, July 23—Regulation of ocean steamship rates between the United States and allied nations has been agreed upon in principle by the American and British governments.

MEN GUARDED AT BISBEE

El Paso, Tex., July 24—The war department is expected to issue orders making provision for those of the deported men from Bisbee, Ariz., who may be called to form the first quota of national army troops from Bisbee. These men, with more than 1,100 others, have been held in a camp at Columbus, N. M., but were released by army officers Saturday. At Bisbee the guard of citizens maintained to prevent the return of the deported men is still being maintained. Whether registered men obliged to appear before the exemption board for examination would be allowed to return there was uncertain today. At the district headquarters of General George Bell, Jr., the opinion was expressed today that some arrangement would be made for examining those exiled from Bisbee whose service in the army is required. Though released from custody many of the deported men were still at Columbus today.

For Men, Women and Children

Young and old find in Foley's Honey and Tar Compound a true friend when suffering from coughs, colds, croup, whooping cough, asthma, or hay fever. Mrs. Chas. Reitz, Allens Mills, Pa., writes: "I have used Foley's Honey and Tar for eleven years and would not be without it." When you get FOLEY'S you get the genuine. O. G. Schaefer.—Adv.

SPANISH TROUBLE ENDS

Madrid, July 21.—Premier Dato said today that the situation in Barcelona, brought about by the attempt of members of parliament to hold an unauthorized session there, was completely normal. Two civilian guardsmen said that the agitation continued in Valencia, where groups of strikers attacked a train but were dispersed by troops.

A Bad Spring for Women

The late, cold, and damp spring seems to have caused much suffering from backache, rheumatic pains, aches and pains in sides, joints and muscles, lumbago and similar ailments. Mrs. T. J. Bucknell, Hardy, Neb., writes: "I am recovering from an attack of lumbago by the aid of Foley Kidney Pills. They surely help me." O. G. Schaefer.—Adv.

MARINES WELL FED

Port Royal, S. C., July 23—Over 5,000 loaves of "bread like mother used to make," are produced daily by the marine corps bakers in their giant bakery at the recruit depot here. This amount is required for feeding the recruits undergoing the "two-in-one" marine corps course of intensive training for modern warfare. "First to fight" also means "first to eat," say the marines, and they believe their "chow" is fully as important as their military education.

Help Asthma and Hay Fever

Now comes the season when hay fever and asthma cause thousands to suffer. "I have been troubled for years with asthma," writes E. C. Schaaf, Creston, O., "and find Foley's Honey and Tar the only thing that gives me relief. It loosens the phlegm so I can throw it off and then sleep." Contains no opiate. O. G. Schaefer.—Adv.

RETAIL CLOTHIERS

Reading, Pa., July 24.—This city is entertaining for two days the annual convention of the Pennsylvania Retail Clothiers' association.

THIS STATE RANKS FIFTH THROUGHOUT THE ENTIRE NATION

Santa Fe, July 23—A report received from Washington today by R. C. Reid, federal disbursing officer, shows that in men furnished for the National Guard in proportion to population, New Mexico ranks fifth among the states of the Union. New Mexico's percentage is 00351, or 351 to each 100,000 population, and this showing is exceeded only by Kansas, South Dakota, Maine and Vermont. Kansas supplied 424 men to each 100,000 inhabitants, South Dakota, 422, Maine, 420, and Vermont, 374.

Chamberlain's Colic and Diarrhoea Remedy

Mrs. Charles Palmer, Andrews, Ind., says: "Chamberlain's Colic and Diarrhoea Remedy has never failed to give me prompt relief. From my own experience and that of my friends and neighbors, I know it will do all that is claimed for it.—Adv.

CONTRACTS ARE APPROVED

Santa Fe, July 23—The department of insurance was officially notified today that the New York and Pennsylvania insurance departments have approved the re-insurance contracts made by the Pittsburgh Life and Trust company, of which many policies are held in Albuquerque, El Paso, Las Vegas and other southwestern cities, with the Metropolitan Life Insurance company, whereby the latter takes over all of the assets of the former and also assumes the liabilities. The contract provides that all losses occurring within the next five years are to be paid in full.

When the baby is suffering the double affliction of hot weather and bowel disorders, the remedy needed is McGEE'S BABY ELIXIR. It reduces the feverish condition, corrects the stomach and checks looseness of the bowels. Price 25c and 50c per bottle. Sold by Central Drug Co.—Adv.

VISITORS IN CAPITAL

Santa Fe, July 23—Morgan O. Llewellyn of Las Cruces, former treasurer of the state college, his father, Colonel W. H. H. Llewellyn of Fort Selden, and former Governor George Curry came in today from the south. Chairman W. H. Gillenwater of the republican state committee spent several days in town. Dr. James A. Massie while on his way east was summoned back to Santa Fe to perform a critical operation at St. Vincent's sanitarium. He arrived last evening.

Cramps of the Stomach and Bowels

"I have a high opinion of Chamberlain's Colic and Diarrhoea Remedy," writes Joseph Krier, Philo, Ohio. "It will cure cramps of the stomach and bowels quicker than anything I know of"—Adv.

A. G. Moore has entered the employ of the Rosenthal Furniture company. Mr. Moore formerly was connected with the Globe-Miami Furniture company, of Globe, Ariz.

Worms interfere with the growth of children. They become thin, pale and sickly. Get rid of these parasites at once if you would have healthy, happy, cheerful children. WHITE'S CREAM VERMIFUGE destroys worms and benefits the whole system. Price 25c per bottle. Sold by Central Drug Co.—Adv.

WIFE OF ROSWELL EDITOR HEADS WOMEN'S CLUBS OF NEW MEXICO

Santa Fe, July 24—Mrs. C. E. Mason wife of the editor of the Roswell Daily Record, has been elected president of the New Mexico Federation of Women's Clubs, to succeed Mrs. George E. Ladd of the state college, who resigned because of her removal from the state. Mrs. Mason was third vice president. Mrs. Charles A. Spiess, first vice president, could not accept the honor because of the critical illness of her husband, National Committeeman Spiess. Mrs. Ada Bttner of Albuquerque, declined the honor because she intends to move out of the state. The election was by the executive committee, which met with Mrs. Henry Stoes at Las Cruces being in session two days. On the board are Mrs. George Frenger, Las Cruces; Mrs. L. S. Wilson, of Raton; Mrs. Frank W. Parker, of Santa Fe, and Mrs. Henry Stoes of Las Cruces. The annual convention of the Federation will be held at Gallup, October 2 to 4. Mrs. Ladd goes to Cambridge, Mass. Her son, Lieutenant Shaler, has gone with the marines to Pantico, Va. He is a graduate of the state college. A second son, Hammond Ladd, who volunteered for the army at Atlanta, was rejected because he was "too tall."

A bad taste in the mouth comes from a disordered stomach, and back of that is usually a torpid liver.—A condition which invites disease. HERBINE is the remedy needed. It corrects the stomach and makes the liver active and regular. Price 50c. Sold by Central Drug Co.—Adv.

TEN MORE PASS

Santa Fe, July 24.—Ten more applicants for the officers' reserve corps passed the medical examination today: Elmer A. Rose, Roswell; John B. Connolly, Roswell; Henry A. Goldenburg, Tucumcari; Elmer L. Hinton, Encino; Glen L. Ross, Lordsburg; Harry C. Miller, El Paso; Arthur W. Brook, Deming; Frederick W. Miller, Lumberton; Edwin C. Mammel, Metcalf; Floyd A. Geis, Metcalf, Ariz. Four were rejected: H. Victor Betts, Santa Fe; Clark H. Kissam, Albuquerque; Robert T. Sewell, Albuquerque; Mark B. Thompson, Las Cruces.

Santa Fe, July 24.—Estimates for the number of automobile licenses to be issued this year, were exceeded today when the total reached 12,013. The great prosperity brought by the war seems to have increased automobile purchases materially and while it was figured that only 12,000 licenses would be issued in 1917, the total will probably exceed 21,500 valued at ten million dollars, while the expenses of maintenance and gasoline per year no doubt exceeds more than all the taxes collected by the state from all sources.

Stings or bites of insects that are followed by swellings, pain or itching should be treated promptly, as they are poisonous. BALLARD'S SNOW LINIMENT counteracts the poison. It is both antiseptic and healing. Price 25c, 50c and \$1.00 per bottle. Sold by Central Drug Co.—Adv.

Kenneth White, formerly a carrier for The Optic, has been promoted to the rank of corporal in the Colorado cavalry, which he joined several months ago.

**INDICATIONS ARE THAT THEY
WILL BE ABOVE WHAT WAS
EXPECTED RECENTLY**

Santa Fe, July 24.—The United States monthly crop report, just published by the department of agriculture, gives the following important agricultural product figures for New Mexico:

Honey, condition 92 per cent, as against 82 per cent last year with a surplus yield of 41 pounds per colony as against 25 pounds last year and 80 pounds in 1915.

Beans, yield 1,156,000 bushels as against 425,000 last year and 368,000 in 1915, the great increase being mostly due to the state council of defense, furnishing seed and urging an increase in acreage, there being 136,000 acres under cultivation, only Michigan, California, New York and Colorado having a greater acreage each.

Cantaloupes, 600 acres harvested yielding 121,000 cantaloupes leaving 700 acres to be harvested with an approximate production of 126,000.

Corn 156,000 acres, an increase of 25 per cent over last year; condition 80 per cent as against 88 last year, probable yield 349,000 bushels as against 2,625,000 last year.

Wheat, winter, 75 per cent, against 86 per cent last year; yield 1,224,000 bushels against 1,072,000 last year; spring wheat 87 as against 89 per cent last year, yield 1,173,000 bushels as against 1,228,000 bushels last year; there is still on hand from last year's crop 11,000 bushels as against 59,000 bushels at this time last year of the 1915 crop.

Oats, 85 per cent against a ten years' average of 89 per cent, yield 2,221,000 bushels as against 1,856,000 bushels last year.

Barley, 88 per cent compared with a 90 per cent average for the past ten years; 343,000 bushels as against 308,000 bushels the year before.

Potatoes 14,000 acres or 70 per cent more than last year; condition 85 per cent against 88 per cent last year, yield 1,250,000 bushels against 816,000 bushels last year.

Hay 82, per cent against nine year average of 89 per cent, 449,000 tons against 383,000 tons last year.

Timothy 80 per cent, against ten year average of 86 per cent; clover 90 per cent, against 83 per cent ten year average; alfalfa 85 per cent against 88 per cent, ten year average; pasture 66 per cent against 80 per cent; grain sorghum 75 per cent as against 82 per cent; field peas 95 against 84 per cent.

Sorghum for syrup, 30,000 acres or ten per cent increase, stand 80 per cent against 86 per cent last year, yielding 2,000 gallons.

Grain sorghums, 5,141,000 bushels, against 3,960,000 bushels last year, a total of 216,000 acres having been planted, an increase of 20 per cent over last year.

Apples 70 per cent against 61 per cent ten year average; 766,000 bushels as against 357,000 last year.

Peaches 30 per cent against 53 per cent ten year average; 51,000 bushels against 40,000 bushels last year; pears 55 per cent, with 62 per cent nine year average, yield 45,000 bushels as against 36,000 last year.

Grapes 69 as against 73 per cent ten year average; blackberries 85 against 79 per cent; watermelons 74 against 82; cantaloupes 74 against 80;

tomatoes 81 against 79; cabbage 88 against 83; onions 90 against 89; field beans 90 against 86; sugar beets 75 against 88; broom corn 80 against 81; peanuts 85 against 72.

Wool, 5.8 pounds per fleece, against 5.7 last year and a ten year average of 5.8.

The general crop conditions for the state are 93.4 per cent, which is not bad considering the drouth. Although for most of the crops, the average is below the ten year advance, yet, through the campaign of the state council of defense, the area under cultivation has increased so greatly, and prices are so high, that instead of a total yield of \$45,000,000, the estimated value of crops last year, the total will be near the \$100,000,000 figure this year.

Something of the increase in values is indicated by the crop report:

Hogs \$12.20 against \$7 last year; beef cattle \$8.40 against \$6.50; veal \$11 against \$8.30; sheep \$9.50 against \$6.70; lambs \$12.30; against \$7.50; wool 43 cents against 23 cents; milch cows \$77.50 against \$65; horses \$86 against \$80; cabbage \$7.20 against \$3.60; onions \$2.90 against \$2.10; beans \$7.50 against \$3.25; alfalfa \$17.30 against \$10.50; prairie hay \$16.50 against \$12; bran \$48.70 against \$30; cottonseed meal \$40.90 against \$24.20; corn \$2.10 against 86 cents; wheat \$2.75 against \$1.04; oats \$1.02 against 45 cents; potatoes \$3.16 against 90 cents; loose hay \$18 against \$9; butter 39 cents against 34 cents; eggs 33 cents against 24 cents; chickens .171 against .126.

**MAY BE FOUND TONIGHT AND
TOMORROW AT OFFICE OF
COUNTY AGENT**

Joe G. Crick, the prairie dog expert who is representing the United States government in its campaign to eradicate the prairie dogs in New Mexico and other southwestern states, started out this morning with County Agent Gonzalez to size up the situation in San Miguel county.

Prairie dogs, jack rabbits, gophers and all other soil pests look alike to Mr. Crick who has been fighting these evils for the government for three years. His field of operation has covered all of the southwestern states. At this time he has a number of large crews working under him in various parts of New Mexico, one crew of 15 men being now engaged in Socorro county.

The government does not perform the work in the communities where the various campaigns are on, but after investigation plans the campaign, and assists in carrying it out. Mr. Crick is here to look over the ground, suggest the proper measure for eradicating the evil, and if he succeeds in interesting several land owners in a campaign he will return in a few weeks to conduct it personally. He will be in the city until tomorrow night, and is desirous of meeting San Miguel county people who desire to stamp out the prairie dog or jack rabbit. People who wish to get in touch with him are requested to call at the county agent's office in the Commercial club rooms.

FOR SALE OR TRADE—Ten head of stock mares, with colts. J. A. Wilson, Watrous, N. M., (Fort Union.)

**MEN SUMMONED BY DRAFT NOT
CALLED BY NEWSPAPER
PUBLICATIONS**

Sheriff Lorenzo Delgado of the county exemption board stated this morning in regard to the draft that the men drawn would be ordered to appear before the board of exemption 10 days after the publication and posting of the official list of men called for service.

The sheriff expects to receive his instructions and order of procedure for the examinations with two or three days. The official list will then be posted and printed, and the men who are to be called for the first draft will be notified to appear for medical examination.

For exemption there is a great deal of red tape to be gone through with in order that men who are not exempt but think they ought to be may not slip out. A pamphlet of several hundred pages containing the instructions for the members of the examining board has been issued showing in detail all that is necessary for the exemption of men.

**PRESIDENT WILSON SIGNS OR-
DER BANISHING THEM FROM
ARMY CAMPS**

Washington, July 24.—By executive order issued Monday President Wilson prohibited the existence of disorderly resorts or saloons with five miles of any military camp. Any town within such radius licensing saloons would not be affected, but no saloon may be within a half mile of the camp. Private persons living within five miles of such a camp may have liquors in their possession for personal use, but may not give them to any soldier.

**MAN WHO STOLE MONEY FROM U.
S. GRILL SENTENCED BY
JUDGE LEAHY**

Judge David J. Leahy yesterday afternoon sentenced Earl Hudson to from one year to 18 months in the state penitentiary for larceny. Hudson, while working in the United States Grill for A. C. Erb in the capacity of cook one night about one month ago, rifled the cash register and took several watch charms made from five dollar gold pieces and skipped to Albuquerque, where he was apprehended and brought back to Las Vegas.

Sheriff Lorenzo Delgado will take the prisoner to Santa Fe tomorrow afternoon when he will commence the serving of his sentence. He is at present confined in the county jail. Hudson plead guilty to the charge.

Reports from Chapelle in regard to Emilio Trujillo, who was severely stabbed in the back by Daniel Martinez, one week ago today, are to the effect that Trujillo is recovering rapidly and that he will be brought to this city tomorrow.

Keep Fit and Feel Fine
Foley Cathartic Tablets thoroughly cleanse the bowels, sweeten the stomach and arouse the liver. For indigestion, biliousness, bad breath, bloating, gas, or constipation, no remedy is more highly recommended. Don't be careless. See that your bowels are regular. Keep fit. Feel fine. O. G. Schaefer.—Adv.

The Evening Line-Up

Both children and grown-ups, with coughs and colds, are all the better for a dose of Foley's Honey and Tar at bed time. It wards off croup, stops tickling throat, and hacking coughs, and makes an otherwise feverish, sleepless night of coughing and distress, a quiet and restful one.

BROWNSVILLE, TEXAS. Mr. Chas. Baker, writes: "My wife would not think of using any other cough medicine, as Foley's Honey and Tar is certain to bring quick relief. It is especially effective in cases of bad coughs, and we give it to our children and recommend it always as a safe remedy, for it contains no opiates."

O. G. SCHAEFER

**DETROIT ATTORNEY LAUDS IT
FOR SECURING HIM A
REFUND**

Hugh H. Williams of the state corporation commission has received a letter from Charles J. Burgess, who is an attorney at Detroit, commenting favorably on the state commission and its work. Mr. Burgess has been unable to secure a small sum of money due him from the Michigan Central railroad company, while he was able to secure justice from the Santa Fe railroad company through the state corporation commission.

In commenting on the commission, Mr. Burgess writes:

"I appreciate the interest you are taking in this matter, and feel satisfied that if we had in the state of Michigan a commission similar to yours, these matters would be attended to much more promptly by the railroad companies, and the public would receive the protection in such matters that they certainly are not now receiving."

NINETEEN STATES IN CALL

Washington, July 24.—Pursuant to the proclamation of President Wilson and the orders of the war department the National Guards of 19 states and the District of Columbia are to be called into the federal service tomorrow. The states included in the list are Connecticut, New Jersey, North Carolina, South Carolina, Washington, Oregon, Idaho, Wyoming, Montana, Illinois, Tennessee, Virginia, Maryland, Delaware, Rhode Island, Massachusetts, Vermont, Maine and New Hampshire.

Zensal will stop the itching. For all skin troubles. Sold by E. G. Murphey.—Adv.

Santa Fe, July 24.—Dr. A. D. Crile, president of the State college, made an address of great power in Methodist Episcopal church at Las Cruces on Sunday morning and made such an impression that he will be asked to fill the pulpit at frequent intervals. He was formerly a Lutheran clergyman in Chicago and has the doctor of divinity degree.

Solomon Bequette, Flat River, Mo., writes: "Two years ago I was down on my back till I could hardly go. Foley Kidney Pills straightened me right up." Rheumatic pains, aching joints, sore and swollen muscles indicate deranged kidneys. Foley Kidney Pills give prompt relief. O. G. Schaefer. Pills get right at the trouble and —Adv.

CHNAGIN SEMESTER TO QUARTER PLAN ENABLES FASTER PROGRESS OF STUDENTS

Albuquerque, N. M., July 25.—A complete change in the operating schedules of the New Mexico state university is announced to take effect when the university opens on October 1. The old two-semester plan is to be abandoned and the four-quarter system will take its place. Under the two-semester plan, generally used in American colleges for a century, the university work was conducted through two periods of 18 weeks each. Under the four-quarter plan the work will be arranged in four periods of twelve weeks each. Under the old plan the university plant was idle one-fourth of each year. Under the new plan it will be in full operation from October 1 to September 1 of each year, being idle during the four weeks of September. Under the old system the individual student must adapt his time and finances to the university's set working plan. Under the new plan the courses are so arranged that the university's schedules become readily adaptable to the needs of the individual student.

A large proportion of students at the state university are self-supporting. Last year 65 per cent of men and 25 per cent of women paid part of their own expenses. The old two-semester system permitted these young people only three months of earning time, in which to accumulate funds for the next college year. The new system will permit the student to earn money six months, attend college six months, and graduate in five years, without interruption of courses or loss of credits.

The four quarter period was unanimously endorsed at the recent war conference of university presidents in Washington. At this meeting it was determined that American universities should not suffer in efficiency from the war as European universities have done. The four-quarter working plan was endorsed as the most practical means of increasing efficiency. Under it students needed on farms need not be called away during the planting or harvest time by necessity for college attendance or loss of credits. It lends itself to the uncertainties which many young men face in the selective draft. It is a boon for those who must earn their way through college, and at the same time for the young man or woman who wishes to force education and be ready for the call for trained man and women it is desirable since it permits those whose health and means will permit to attend college 48 weeks in each year and thus graduate in three years. Save for certain required work in the freshman year, the courses will fall into four recurring periods of work. Thus the student attending six month will graduate in five years, the student attending nine months may finish in four years, and the all year student will graduate in three. The University of New Mexico has the distinction of being the first American university to change over to the new war plan, since the recommendation of the conference of presidents was made.

The university regents have given careful consideration to the new plan. They believe it to be peculiarly adapted to the needs of New Mexico. They are business men and have looked with regret on the three months of

each year during which the university's growing plant has been idle. The new plan means that the state will get full value in continuous, efficient service from its investment in the university. Details of the new four-quarter plan are given in a supplement to the annual catalogue which has been prepared and will be ready for distribution from the office of President Boyd within a few days.

GOVERNOR TO ASSIST

Santa Fe, July 25.—Governor Lindsey will take part in the reception to General Roop and other members of the new Russian mission now in the United States, at Albuquerque next Saturday evening. He will be accompanied to Albuquerque by several members of his staff, and by Mrs. Lindsey and Miss Helen Lindsey.

The members of the Russian Mission, now visiting various American cities, will reach Albuquerque Saturday evening at 7:30 and the program in connection with their visit includes a review of the National Guard, and a dinner and public reception at the Alvarado. At the reception there will be addresses by Governor Lindsey and others.

ANOTHER CALL NEEDED

Denver, July 25.—Discovery that no mention of the subject of food control was made in the call of Governor Gunter for the present special session of the legislature has led to considerable confusion. The control of food crops, to the end that the cost of living might be reduced, marketing and allied subjects were considered. All are referred to in the message of the governor but not in the call. Legislature leaders now are considering adjournment sine die with the tacit understanding the governor will issue a new call, permitting reassembly almost at once, the new call containing the food control clause.

HOLD UP SUSPENSION

Santa Fe, July 25.—At the request of J. F. Koontz, general freight agent of the Santa Fe system, the corporation commission has withheld its formal order suspending the tariff advancing freight on coal within the state 15 cents a ton until Mr. Koontz can confer with the commission on August 1.

BERNALILLO GROWING

Santa Fe, July 25.—The state tax commission today received the 1917 Bernalillo county assessment roll, showing a total assessment of \$19,284,769, compared with \$18,351,000 last year, an increase of almost a million dollars, although the assessment is still considerably below that of Grant, Chaves or Colfax counties.

BOOZE IS TO BLAME

Santa Fe, July 25.—Jose Rodriguez was slashed in the chest and the left leg, and Francisco Garcia in the right leg in a fight that occurred in front of a San Francisco street saloon last night. Manuel Romero is in the county jail awaiting the outcome of the injuries inflicted on Rodriguez, which may prove fatal. Booze is blamed for the stabbing affray.

Santa Fe, July 25.—The Equitable Building and Loan association of Roswell filed papers with the state corporation commission today increasing its capitalization from \$500,000 to \$1,000,000.

CONVENTION WILL BE HELD IN PUEBLO NEXT MONTH; MANY DELEGATES EXPECTED

Santa Fe, N. M., July 25.—Local motorists and those of other sections of the state are interested in the coming convention of the National Old Trails association, which will be held at Pueblo, Colo., August 16 and 17.

"The convention last year in Kansas stirred Kansas boosters to action with the result that work is now well under way looking toward the hard surfacing of the National Old Trails road entirely across that state," writes Secretary Frank A. Davis. Continuing, the letter says:

"Colorado has promised that the holding of the convention this year in that state will lead to the hard surfacing of the road across that state; and Pueblo asserts that she will furnish our delegates the liveliest convention we have ever held.

"Motor parties should be organized and summer excursion rates are in effect with stop over privileges on all railroads at Pueblo.

"The National Old Trails association is entering upon its sixth successful year in the promotion of more than 3,000 miles of road, from Washington, D. C., to Los Angeles, California.

"During that period of time more than \$10,000,000 has been spent on the project and more than 1,200 miles of hard surfaced road has been built along its line.

"It has been sign-posted with steel enameled signs from Los Angeles to St. Louis; averaging one to the mile; a crew is now on the road placing signs across Illinois and Indiana; and the work will be carried on to Washington, D. C., during the coming year."

COUNTY CLERK SAYS THERE IS NO TROUBLE IN BERNALILLO COUNTY

Santa Fe, N. M., July 25.—Little trouble is being experienced with attempts to sell liquor to the National Guardsmen now in camp at Albuquerque, according to County Clerk Nestor Montoya of Albuquerque, who was a visitor in the city yesterday.

"There have been no complaints so far as I have heard of efforts to evade the law and county saloon keepers have generally shown a disposition to heed the request to co-operate," he said.

Mr. Montoya says the camp has been put in splendid shape, and that the young soldiers, by dint of their 10-hour daily drilling stunt are rounding into fine form and becoming highly efficient. Mr. Montoya is especially interested because he has two sons in the service; one Nestor, Jr., who served 11 months with the guard at the border, having immediately volunteered when the call for troops came after America entered the big war; the other, Theodore Roosevelt Montoya, is in the navy, having offered his services at the age of 17½ years.

Mr. Montoya is a member of the Bernalillo county exemption board and was here to confer with the federal disbursing officer and council of state defense.

A memorial to Betsy Ross, maker of the first United States flag, has been erected in one of the public parks in San Francisco.

OFFICIALS REFUSE TO ALLOW GUARDSMAN TO SECURE HIS IMMUNITY

Albuquerque, July 25.—Rosendo Fernandez, the guardsman, who criminally mistreated a twelve-year-old Martineztown girl he took from a dancehall last week and kept out all night, will not escape the consequences of his deed by marrying the child. Marriage was proopsed by Sheriff Garcia yesterday afternoon after Fernandez's arrest, with the idea of righting the girl, and Fernandez seized upon it eagerly when he was told that the penitentiary was the alternative. The plan was knocked in the head with promptness and emphasis today by Dr. C. E. Lukins, head of the Children's home and child welfare work, and District Attorney George R. Craig, who pointed out that children twelve years old cannot be married under the laws of New Mexico. The age of consent is 16.

Dr. Lukens, who with District Attorney Craig, worked up the case and ran down Fernandez, scored the plan to settle the case by marriage not only because it was illegal, but because he objected to a line of action that would extricate Fernandez from the grip of the law.

Fernandez's arrest at the national guard camp yesterday afternoon followed a conference between Dr. Lukens and District Attorney Craig, at which the evidence they have gathered was sifted and welded into shape for action. The girl had failed to identify her assailant among the guardsmen at the camp and the sheriff's office had stated that there was reason to believe that the criminal was not a guardsman, but the district attorney's office and Dr. Lukens had clues that pointed straight to the camp, and they followed the trail.

A man under suspicion disclosed the name of the quarry. Faced with the possibility of arrest on the charge himself, he weakened and accused Fernandez. The arrest followed, and Fernandez admitted he was the man sought.

Fernandez is a member of E. company, First New Mexico infantry. He was in the ranks when the men were lined up before the girl the day after the crime, but she did not identify him. She identified him yesterday afternoon when he was taken to her home after the arrest.

Complaint under a special statute was filed today before Justice of the Peace John W. Wilson by District Attorney Craig. It was expected that Fernandez would be arraigned for preliminary examination some time during the day. From what he has said it is expected that he will plead guilty to information in the district court and waive grand jury action and trial.

TROUBLE AT MADRID

Santa Fe, July 25.—The miners employed by the Albuquerque-Cerrillos Coal company at Madrid, who voted two Sundays ago not to strike, now demand that their union be recognized. State Senator George Kase-man, head of the coal company, is not inclined to grant the demand and a strike is again threatened.

The wardrobe of an officer of the United States navy includes special full dress, full dress, evening dress, mess dress, and white and blue service dress uniforms.

ON THE ROAD

Taos, N. M., July 26—On the twentieth, my wife's husband, in company with some others, packed up at Beulah and started on a tour of western Colorado and eastern Utah, and after leaving Las Vegas made his first stop at Rowe, where an inner tube was hastily replaced by another which was not punctured. Santa Fe was reached in due time and some time spent visiting relatives, during which an evening was spent at the movies, where a large per cent of the people were strangers, which is usually the case on a man's first visit to a city. Leaving Santa Fe, a few miles on the Taos turn pike some 10 miles or more of mud and slush was reached, (not ten miles deep—perhaps not more than a mile) and a good deal of gasoline went up in smoke. The scenery along the Rio Grande is most beautiful and inspiring. At Rinconada, the climax was reached by the display of appetizing fruits of various kinds grown on the Green Gate orchard grounds.

At Taos I am the guest of the acting forest supervisor, and by accident met our most efficient game warden. His policy seems to be not to harass anyone, but to insist that every one respect the law, or bear the penalty. While Taos is not as large as some other towns both within and without the state, the possibilities lie within her reach to build up and reach an enviable place among the thrifty rural towns. However there are prospects of railroad facilities in the near future.

RUSTICUS.

CANNERIES REPORTED

San Jose, Calif., July 25.—Two of the five fruit canneries at Santa Clara which were tied up by a strike for higher wages and a closed shop, resumed work today under guard. About 700 of the 2,200 strikers were said to have reported for duty.

**Dry Zensal

LINE DRAWN THROUGH SOUTHERN BOUNDARY OF GUADALUPE DIVIDES STATE

Santa Fe, July 23.—A line drawn along the southern boundaries of Valencia, Torrance, Guadalupe and Quay counties divides the state into the two state board of appeal districts for those drafted into Uncle Sam's service. The board for each district will consist of five members appointed by the president upon recommendation of Governor W. E. Lindsey. The two boards will be mobile, going from county seat to county seat to hear appeals. The picking out of the names of those drafted from the cards in the office of Federal Disbursing Officer R. C. Reid, is more of a task that appears on the surface. For cross indexing purposes, the cards of most of the counties have been arranged alphabetically, so that the numbers do not run consecutively at all and each number has to be picked out of possibly a thousand or more cards.

Following are those drawn for Guadalupe county.

No. 258—Lucas Martinez, Santa Rosa.

REGISTRATION FOR WAR SERVICE IS BEING CARRIED ON IN NEW MEXICO

Santa Fe, July 23.—The registration of women by the Woman's Auxiliary of the State Council of Defense continues. In some counties they have sent for more cards, and in others they are asking for more time. Undoubtedly in New Mexico returns will be slower in coming in than in Rhode Island, which is about as big as one of our counties, or in other more thickly populated states. But they will come in just the same.

In the mean time it seems necessary to correct a few erroneous impressions in regard to this registration. It does not mean that one must register for volunteer service, or even for paid service, unless one wishes to.

It is simply a method of estimating what percentage of the women in the state, and in the nation, are available, if need be, for public service, and for what class of service, and how many are already contributing their services, whether it be in the home, or in private or in public office.

This registration offers to the untrained worker, if she wishes it, the opportunity to apply for training, with free or paid tuition. To the trained worker it offers the opportunity to volunteer her services, if she wishes, or to apply for a situation, if she has not one already. To the women already employed, or to the woman in the home who already has all she can do (except possibly the little more that she can squeeze in relief work, or in the added zeal with which she may attack food conservation problems, it offers the opportunity to state precisely that fact. But it is essential that such women register as well as others, otherwise the number registered will fall far short of the desired quota and the women of New Mexico will seem to show less loyalty than the women of sister states.

This registration embraces that of all the other organizations for war relief and service. Those who are

working for the Red Cross, for the Navy League and all Allied Relief will state this fact on the registration card, and a complete report be forwarded from the headquarters of the Women's Auxiliary of the Council of Defense of New Mexico to the Woman's Committee of the Council of National Defense of Washington. In order to prevent overlapping and to perfect the working organization of the national committee, the heads of the various associations for relief within the state are asked to assist by seeing that each member of the individual organization registers on one of the official cards furnished by the Women's Committee, or, as it is being done in some of the Eastern states, by turning over the registration of the separate organization en bloc to the state committee.

Information was received this morning at District Attorney Hunker's office to the effect that a shooting scrape had occurred at Cherryvale on the fifteenth of this month. Jim Gentry, for no apparent cause, drew a revolver and shot Pablo Santistevan, injuring him slightly. Gentry was arrested and taken before the justice of the peace at Cherryvale and placed under bond to await a hearing of the grand jury. The justice from Cherryvale came in this morning to have Gentry placed under peace bond.

FAIR COMMISSION NAMED

Santa Fe, July 23.—Governor W. E. Lindsey today appointed the following New Mexico state fair commission: Walter E. Connell, Albuquerque; Eduard M. Otero, Los Lunas, and Dr. A. D. Crile of state college. W. C. Oastreich, president of the Commercial club of Albuquerque, was in conference with Governor Lindsey for over an hour this forenoon, in reference to the fair. The new commission will organize immediately and choose a secretary and treasurer. It is customary to elect the local member to the presidency because of the convenience of having the presiding officer on the ground. The secretary and treasurer is selected from the outside. The members of the commission serve without salary but are allowed traveling expenses when attending meetings not to exceed \$250 a year. The state appropriation for the fair is \$5,000 a year contingent upon the City of Albuquerque contributing a similar amount.

MISS RUTH ARMSTRONG, WHO WENT THERE TO BE GOVERNESS, CANNOT BE FOUND

Los Angeles, July 23.—An immediate and searching investigation of the disappearance of Miss Ruth Armstrong formerly of Youngstown, Ohio, in Havana, Cuba, was ordered today by United States Attorney General Gregory according to a message received here today by Burl Armstrong, a brother. No further information has been received by him regarding the circumstances of his sister's disappearance. A Havana dispatch last night said the secret police there were searching for her. It said Miss Armstrong failed to return from a walk in a park where she went for relief from the intense heat. Miss Armstrong went to Havana two weeks ago as a governess.

Try Zensal for that itching Eczema. Sold by E. G. Murphy.—Adv.

WAR TIMES WILL NOT INTERFERE WITH ACTIVITIES OF THE SCHOOL

Despite the unsettled condition of our country the 1917-18 faculty of the New Mexico Normal University will be larger than ever. Dean Frank Carroon will be assisted in the supervision of the training school by Ernest F. Monroe. Mr. Monroe has been on the summer school faculty and will be retained for the winter months; he is a graduate of the University of Nebraska and comes highly recommended. Mr. Thomas G. Rodgers will be assistant Dean as he has formerly been and will have complete charge of the academic and college sections. Miss Ida Nolds has been promoted from critic teacher of the fifth grade to critic teacher of the seventh. Miss Vollmer, an alumna of Normal and graduate also of the University of California will be instructor in Spanish. Miss Cassie R. Spencer a graduate of the University of Minnesota, will take a position as critic teacher of the sixth grade. Miss Spenser is deeply interested in training school work and has prepared a book on "Methods for the Rural Teacher," which has been widely read. Miss Esther Mangan who is known very favorably among New Mexican educators has been offered a position as teacher in the training school of the Normal. Miss Mangan has been on a leave of absence during the past year to attend Chicago University.

The following are the faculty for the coming year:

Frank H. H. Roberts, B. Ped., B. Ph., A. M., Ph. D., LL. D. President and professor of sociology and history.

Frank Carroon, B. Ped., A. B., A. M. Dean and professor of psychology.

Thomas G. Rodgers, A. B., A. M. Assistant dean of the college and professor of mathematics.

Ernest F. Monroe, LL. B., A. B. Assistant dean for training school and professor of Education.

Antonio Lucero, professor of Spanish.

Ida Kruse McFarlane, A. B., A. M., Litt. D. Special Lecturer.

Arthur H. Van Horne, A. B. Professor of Latin and Librarian.

May Ross Conwell, Graduate Emerson College of Oratory. Oratory.

Mabel E. Hall, Matron La Casa de Ramona.

Susie Deane Whitaker, Graduate Gem City Business College. Secretary to the President.

Jennie Pearl Hutchison, B. Ped., M. Ped. B. A. in Education, Critic Teacher, Eighth Grade.

Ida Nolds, A. B., Denver University. Critic Teacher Seventh Grade.

Marie Louise Senecal, B. Ped., M. Ped., A. B. Director of Art and Music.

Clyde Douglas Williams, B. S. Director of Manual Arts.

Clarence Flavius Lewis, A. B. Professor of Science.

Margaret J. Kennedy, B. L., A. B. Professor of English.

Esther Mangan, B. Ped., A. B. Critic Teacher Fifth Grade.

Anna Elizabeth Wiltse. Critic Teacher, First and Second Grades.

Bess Chappell, M. Di., B. S. Professor of Household Arts.

Helen Ball, A. B., A. M. Critic Teacher, Third and Fourth Grades.

Victoria G. Wilhelmy, graduate from Battle Creek School of Physical Education. Director of Student Welfare.

Paul S. Lomax, Professor of Commerce.

Ruth Anderson, Assistant Librarian.

Louise Consuelo Jaramillo, B. Ped. Assistant in Art and Music.

Audrey Burns, Office Assistant.

Sylvia Vollmer, Student in Germany, Spain and graduate of University of California, Assistant in Spanish.

Cassie R. Spencer, Sixth Grade Critic Teacher.

LAS VEGAS WOMEN TAKE UP ENTHUSIASTICALLY THE WORK OF LOVE

Are you knitting for the comfort of a soldier or sailor. The knitting unit met at Mrs. Harriett Van Petten's home Thursday. Work has been given out to 44 ladies.

Pershing Explains Soldiers' Need

Washington, July 18—Hurried orders which resulted in thousands of comfort kits being rushed to Red Cross headquarters here by the chapters in New York, Philadelphia and Baltimore some time ago, were explained today by officers of the Red Cross war council, who said the kits were requested by the war department for General Pershing's forces in France.

In a message of thanks for the gifts, General Pershing said:

"These things cause the soldier to remember that the people at home are behind him. You do not know how much that means to any soldier who is over here carrying the flag for his country. This is the point which should be impressed in the minds of those who are working for the soldier."

HOLDS POSITION OF PREMIER AS WELL AS MINISTER OF WAR

Petrograd, July 21.—The cabinet meeting leading to the announced resignation of Premier Lvoff sat until dawn yesterday and was somewhat stormy. Minister of War Kerensky criticized the ministers and military authorities for not rising to recent events and for not using their powers to suppress mutiny. Mr. Tereschtenko will remain in office as foreign minister. M. Kerensky, besides succeeding M. Lvoff as premier, will continue for the present his duties as war minister.

Detachments of soldiers with machine guns have arrested 36 Maximalist (radical socialist) delegates to the Baltic fleet on board the Russian destroyer Orpheus, which was lying at a British quay. The residents participating in the Petrograd disturbances are being disbanded. More troops are arriving from the front.

Trouble is Expected

Helsingors, Finland, July 19.—A conflict with Russia is regarded as inevitable because of the action of the Finnish diet in adopting a bill granting independence to Finland.

LAND FOR SCHOOL

Santa Fe, July 21—Federal Judge Colin Neblett this afternoon in federal court signed the order to pay \$17,500 to land owners near Albuquerque for lands purchased by the government for the United States Indian school. Judge Neblett after a hearing granted a temporary injunction against a number of water users on the Pecos above the McMillan and Avalon dams in Eddy county prohibiting from diverting water for the present from the river as the flow is insufficient to supply the water users under the Carlsbad dam project. The in-

junction was granted on petition of the United States reclamation service.

LLOYD GEORGE SAYS TEUTONS SHOW THEY STILL WANT WAR

London, July 21—Premier Lloyd George said today that the speech in the reichstag of Dr. Michaelis, the new German chancellor, meant that if Germany were victorious there would be annexation all around and that the military autocracy would be established more firmly than ever. The speech showed, the premier asserted, that those in charge of Germany's affairs had for the moment made the choice for war.

Mr. Lloyd George said the food supply for the 1917-18 period had already been secured and that a program of cultivation had been arranged to take the supply for the following year secure, even if losses increased.

"We can't make peace with Germany dominated by autocracy," declared Premier Lloyd George. "The war now becomes a struggle between two definite groups of national ideals. Significant in this respect is the news announced today of the accession of that brilliant Russian statesman Kerensky to the leadership of Russian democracy."

"I don't wish Germany to harbor any delusion," Mr. Lloyd George continued, "that Great Britain will be put out of the fight until full liberty has been established. I predict it will not be long before the German chancellor delivers a different speech and that is the one for which we are waiting."

The premier said the statement of Dr. Michaelis contained phrases which would be understood by the military powers of Germany. Unless these were wiped out, he added, they would again plunge Europe into a welter of blood.

"I have read Chancellor Michaelis' speech three times, said Mr. Lloyd George. "I see in it sham independence for Germany, sham peace for Europe."

At another point in his speech, which was delivered in London, the premier said:

"Regarding the submarine menace, I must disagree with Chancellor Michaelis. Gradually but surely we are increasing our protection and diminishing our losses."

Speaking of the ship building program, Mr. Lloyd George said England this year would turn out four times as many ships as last year. In the last two months of 1917 as many ships will be finished as in all of 1916.

In conclusion the premier said that the entente allies would go on fighting to the end, knowing that the future of mankind was in their trust to maintain and defend.

OTHER MEMBERS OF NEBRASKA NATIONAL GUARD ARE TAKEN SUDDENLY ILL

Grand Island, Neb., July 21—Sergeant Joseph Leo, of M. company, Fifth Nebraska infantry, whose home is at Merna, Neb., died during the night of what is believed to have been ptomaine poisoning. Three other members were slightly affected, but only one of them had to go to the hospital. He is about fully recovered today. Most of the one hundred members of M company partook of their evening meal at the same restaurant.

MILLET ALSO IS BEING PUT IN THE GROUND; BEAN BEETLE DOES DAMAGE

The farmers in the vicinity of Las Vegas are still planting oats, the crop to be cut for use as hay. Quantities of beans are being planted below the mesas, where the danger of early frosts is not as great as in the country immediately adjoining Las Vegas.

Late reports from the farmers continue to show that the bean beetle is doing considerable damage to the crops. The beetle has attacked other plants besides the beans. County Agent Gonzalez stated this morning that where the beans are being raised in large quantities the only remedy against the bugs is to hand pick them. The prices on chemicals and equipment for spraying are so high that it would be impracticable to attempt this method. An army of boys is the only recourse for the farmers.

For use in gardens around the city where only small quantities of spray are needed the county agent said that two level teaspoonsful of the arsenate of lead to one gallon of water is all that will be necessary.

Considerable millet is being planted at the present time, as this crop is the only one that can be planted as late as this and be certain of maturing. The seed association is receiving requests for the seed and will be able to supply many more than have asked for it at the present time.

FOOD BILL PASSES

Washington, July 21—Virtually rewritten as it came from the house a month ago, the administration food control bill, modified but still giving the president broad authority to regulate foods, feeds and fuels, providing for a board of three food commissioners instead of a single individual and authorizing a minimum guaranteed price of \$2.00 per bushel for wheat, was passed late today by the senate.

Prohibition provisions, prohibiting further manufacture of distilled beverages and directing the president to buy all distilled beverages in bond were left unchanged. The final vote on the bill was 81 to six.

Those voting against the bill were: France, Penrose, Sherman, Sutherland, republicans, four; and Hardwick, and Reed, democrats, two; total, six.

HANNA IS HOME

Santa Fe, July 21—Chief Justice R. H. Hanna returned this evening from a business trip to Washington, D. C. A number of opinions are to be handed down in the course of the next few days.

OBJECT TO PARDON

Washington, July 21—"Silent picketing" at the White House gates was resumed by 12 members of the women's party today without interference from the police or citizens. It was the first time since the women staged their suffrage demonstration for the benefit of the Russian mission that the women had been permitted to parade their banners before the White House unmolested. President Wilson was away on a week-end cruise. The demonstration was a protest against the president's action in pardoning 16 of their number from the workhouse recently.

Mrs. Anna B. Simison, who has been employed by the Rosenthal Furniture company for the past two years, has resigned her position with that firm.

NORMAL UNIVERSITY SUMMER SCHOOL HAS ANNUAL COMMENCEMENT TODAY

The New Mexico Normal University summer school commencement exercises were held this morning at the Duncan opera house when the students were given their diplomas and the degrees were conferred by President Roberts. John V. Conway of Santa Fe, who was to have addressed the class, did not arrive because of pressing business matters.

Dean Frank Carroon of the Normal University spoke to the graduates, laying special emphasis on the teaching of true patriotism in the schools. The dean stated that teachers had not been particular enough in this respect, and urged a greater care along this line for future work. Filemon Martinez, a graduate, spoke to the students in Spanish, urging them to attend the Normal University until they had completed their education, fitting themselves in this way to become better and more efficient teachers.

Several of the students then were called upon for speeches and also Mrs. Hallett Reynolds of the board of regents. State Senator L. C. Mersfelder also made a few remarks to the audience on the work of the teacher.

J. W. O'Banion read a paper of resolutions thanking the citizens and merchants of Las Vegas for the way in which they have aided in making the summer here a pleasant one. Bryon J. Reed was presented with a Normal seal ring by one of his classes. R. S. Tipton and Drury L. Adkins were presented fountain pens by their classes. The cast of the performance of "As You Like It," presented Mrs. May Ross Conwell, the director, with a handsome Filigree bar pin.

Music was furnished by Miss Ethel Harper, who played the overture, and the glee club, directed by Miss Senecal, which sang Ethelbert Nevin's "Nightingale Song." The Spanish-American scholarship students sang "America." The degrees were conferred and the diplomas presented by President Roberts. The guests of honor at the exercises were Senator L. C. Mersfelder, Mrs. Ruth Coleman Miller, M. R. Gonzalez, the Rev. Ray Spotts Dum, and Judge E. V. Long.

Those receiving diplomas and degrees this morning are: Academic diploma: Christine Clara Mair, Herman Hfeld Bacharach, Arthur Rogers, Olivia Kennedy, Effie Gross, Mabelle Ozelze Boucher, Jeanette Eller, David E. Trickson, Oriol Curtis, Sadie J. McCaw, Zella Mayes, Mae Kennedy, Julia Masten, Alice D. Kier, Alma Troutman, Nellie Lee Wagner, Roxy Walters, Lola Yessler, Golden D. Neff, Maude L. Blaney, Iona Stevens, Anne L. Harris. The bachelor of pedagogy degree: Vesta Addison Kiker, Elvie Belle Fraser, Edith Mae Long, Ella M. Baughman, Joan Ballantyne, John Victor Bieler, Ruby Neel Neff, Mabel J. Smith, Alice M. Tipton, Minnie Pearl Kelly, Raymond M. Mickle. The master of pedagogy degree was conferred upon: Chella H. Van Petten, Louise Wells, Florida Gallegos, Marion McMelan.

Degrees were conferred on two graduates in the bachelor of arts in education section. John William O'Banion and Tinnia May Conger received this degree.

ADELAIDO TOFOYA HAD BEEN IN POOR HEALTH FOR PAST SEVERAL MONTHS

Adelaido Tafoya died this morning at 8:45 o'clock at his home on the West side from Bright's disease. Mr. Tafoya had been sick for several months and his death was not unexpected.

Mr. Tafoya was born 47 years ago at Sapello. When a young man he came to Las Vegas, where he received his education in the Sacred Heart college on the West side that was conducted by the Jesuite Fathers. The college has since been removed to Denver. In 1892 he married Miss Francesita U. de Montoya. They have resided in Las Vegas ever since. Seven years ago he was elected probate judge and has been serving in that capacity since. He was in his second term at the time of his death. He was a member of the Fraternal Union of America, lodge No. 115. Judge Tafoya is the second county official to die this year.

His wife and five children survive Mr. Tafoya. Leo, aged 21; Jacob, aged 14; Napoleon, 12; a daughter Elvira, aged 5, and an infant son, Horacio, aged 21 months.

CHICAGO BOARD OF TRADE

Chicago, July 26.—The closing quotations of the Chicago Board of Trade today were as follows:

Wheat, July \$2.46½; Sept. \$2.22½.
Corn, Sept. \$1.62; Dec. \$1.16.
Oats, July 76¼; Sept. 58¾.
Pork, July \$41.15; Sept. \$40.40.
Lard, Sept. \$20.65; Oct. \$20.77.
Ribs, \$21.82; Oct. \$21.72.

KANSAS CITY LIVE STOCK

Kansas City, July 26.—Hogs, receipts 6,000. Market strong. Bulk \$15@15.70; heavy \$15.50@15.85; packers and butchers \$15.20@15.75; lights \$14.75@15.50; pigs \$12.50@14.

Cattle, receipts 8,000. Market weak. Prime fed steers \$12.75@13.90; dressed beef steers \$10@12.50; western steers \$8@13; cows \$6@9.50; heifers \$7.50@13; stockers and feeders \$6.50@12.50.

Sheep, receipts 2,000. Market steady. Lambs \$14.25@15.25; yearlings \$10@11.50; wethers \$8.50@10; ewes \$7.50@9.50.

Mrs. Layton, the mother of E. E. Wentworth Layton, who resides on Eighth street, was removed to the Las Vegas hospital this morning in a precarious condition.

Isidoro Paez has applied at the court house for bounty on one coyote killed by him July 19 near Las Vegas.

State Game Warden Douault said this morning that in his recent trip to Taos he had found many tourists fishing without licenses. In every instance they told the warden they had been informed they would not need licenses. This is a mistake, the warden says, every tourist being obliged to have a non-residence license.

Sheriff Lorenzo Delgado received a notice from Trinidad this morning to the effect that robbers last night had broken into residences in that city, making away with a quantity of valuable diamonds and other jewelry. It is thought that the robber or robbers made for this section of the country after the burglary. The sheriff has

men posted and is keeping a sharp lookout for clues as to the offenders.

Miss Roxy Walters left today for her home at Hagerman, after having attended the summer session of the Normal University.

Pete Knauer of La Cueva, George Griegos of Varidero, Hunker Gerguson of Las Alimos, M. A. Sanchez of Las Vegas, W. A. Lane of Las Vegas and E. C. Sperry of Raton have purchased Chevrolet 490 touring cars from Coors Lumber Co., local agents.

The handsome residence of Dr. W. R. Tipton on Seventh street has been sold to Albert T. Rogers, Jr., the attorney, according to report today. The home is one of the most beautiful and conveniently arranged dwellings in the Hill section, which is noted for its fine houses.

A man who gave his name as George Lynn was arrested last night by Officer Pierce Murphy on complaint of waitresses at the White kitchen. The girls said that Lynn had used vile and ungentlemanly language to them. Lynn, who wears a soldier's uniform, but who is not a soldier, was told this morning by Police Judge Stewart that he was a disgrace to the khaki. The judge gave him fine and costs amounting to \$20 and four days in which to get out of town. Lynn has been employed here as an electrician.

According to the Raton Range, No. 1732, the number held by James Watson, was drawn. Mr. Watson evidently registered in Raton.

United States Navy Recruiting Officer Hanson today sent two men, A. J. Spahr and F. E. Stoddard, to El Paso for service in the navy. Both men came from Albuquerque last night in order to enlist in the service. Philip N. Sanchez is expected to arrive from Wagon Mound today to enlist in the navy. The recruiting officer received a telegram today from headquarters stating that men could enlist in the navy up until the time that they were called to appear before the examining board for military service. Several other prospective volunteers have applied at the navy recruiting station for particulars in regard to service in this branch.

Further corrections have been received by Associated Press for the list of numbers drawn in the draft for the selective army. The following affect Las Vegas and San Miguel county:

No. 1053, which is within the limits of San Miguel county's registration, should have been No. 10,053, which is not listed in this county. This releases Fred Bolling of East Las Vegas from call by draft.

The number sent as 1170 should have been 1179, which is held by Thomas Vernon Wogan.

No. 1021 should have been No. 10,021, thus releasing Manual Roybal of East Las Vegas.

The number sent as No. 1043 should have been 1143; thus calling Clinton Menick Graham of East Las Vegas and releasing Vernon Schlott, now of Segundo, Colo.

The number sent as 507 should have been 570, thus calling Benturo Martinez of Rociada.

The number sent as 5038 should have been 538.

PLAN UNCONSTITUTIONAL

Santa Fe, July 26.—Because of a constitutional question, the state highway commission may be unable to anticipate one-half the proceeds of the 1917 state levy for roads by the issuance of certificates of indebtedness. Sections 7 and 8 of Article 9 of the state constitution specify that any statute providing for the contracting of indebtedness to anticipate a tax levy must be submitted to the people and approved by them. The road law passed at the regular session of the last legislature authorized both the state and counties to anticipate tax levies by issuing certificates of indebtedness, but made no provision for a vote of the people on the proposition.

Unless the money can be secured in some other way, the commission may be unable to meet federal appropriations for roads until the collection of the 1917 taxes. At the last meeting of the commission a resolution authorizing an issue of \$1,500,000 in certificates of indebtedness was adopted.

STATES TO BE GIVEN SIX YEARS IN WHICH TO ACT UPON AMENDMENT

Washington, July 26.—Leaders representing the wet and dry factions in the senate today agreed to consider Senator Shepherds' national prohibition amendment next week. Senator Shepherd had agreed to an amendment fixing a limit of six years in which the states must act upon the amendment.

TOLD THEY MUST HIRE CERTAIN MEN OR HAVE THEIR CROPS BURNED

Denver, July 26.—Appeals for protection, inspired by alleged threats to burn their crops, were received from farmers of Logan, Phillips and neighboring counties in Colorado today by officers in charge of recruiting a home guard here. The appeals declared the farmers feared that acts similar to those threatened by the I. W. W. in middle western wheat sections might be carried out on their crops. The appeals of the farmers indicated that many of them had received letters whose purport was that they must employ such men as applied for work as harvest hands and pay the wage these men asked or their crops would be destroyed.

GOVERNOR LINDSEY ASKS THAT NEW MEXICO RECRUITS BE GROUPED

Santa Fe, July 26.—Governor Lindsey announced today he would ask the war department that the Spanish-American recruits be used in one regiment from this state to belong to a New Mexico regiment, which would result in the establishment of an all-Spanish regiment. The governor believes this would work to advantage.

YOUTH OF TWENTY WAS TO HAVE MARRIED WIFE OF 'VICTIM, ADOLPH ENDER

Chicago, July 26.—S. H. Walker, 20 years old, and Mrs. Lucille Ender were arrested today following Walker's confession of a plot to kill Adolph Ender, the woman's husband, a wealthy coal dealer. Walker said he was to have married Mrs. Ender and had been promised \$60,000. The plot was revealed when Walker paid a man, who proved to be a city detective \$15 "to put a light out."
