VOLUME XX

WINTERS, RUNNELS COUNTY, TEXAS, FRIDAY FEBRUARY 20, 1925.

NUMBER 42

Winters "Blizzards" Basket Ball Team

Top Row, left to right, W. Bailey, B. McCaughan, G. Knight, Coach Childers. Bottom row, left to right, B. Bedford, R. Phillips, Capt. C. Rhoden, J. Fields, A. Neely.

WINTERS TAKES GAME FROM BALLINGER

The followers of the Blue and White again got their desire to see the Blizzards trample over Ballinger satisfied last Friday afternoon, when the local quintet ran over the five from the county seat by a score of 34 to 7. This in a small measure healed the wounded pride of the high school crowd for having lost the county tournament by a margin of one point.

The game was never in danger for the locals went in to win and shot goals as if they were inspired. Knight, center, who has been below par in looping baskets got into form and rang up a total of 13 points in the 13th game of the season upon Friday the 13, for high point man of the game, Neely came close after with 10 points.

Neely was awarded the beautiful gold medal offered by the Hood Rubber Co. for all round team work, and we must admit that his teammates selected well for his passing was wonderful and his form unequalled. Neely will bear watching in basket ball in this section next season for he has a fighting spirit which will win.

To those who were disappointed in the work of Fields a word should be spoken. The sacrificing spirit which this boy exhibited in the game was worthy of praise. "Bullet" Fields has been the terror of most teams who have met the Blizzards because he is accurate in shooting. This was so true to the Ballinger club that they persisted in keeping two or three men on him at all times in order to keep him from scoring. Fields seeing this managed to lead the opposing guards out of the play many times allowing Knight and Neely to score the points which he usually got. As a result Jim got only one field goal during the game.

Capt. Rhoden, playing his last major game of his fourth year played his usual stellar game and kept up his reputation of being the best running guard in this section. Phillips also deserves praise for holding down the scoring of Baker who is usually dangerous any place around the basket. Few high schools have a more consistent station guard than Winters has in Phillips.

For the visitors Patterson seemed to be the most consistent player of coach Oliver's badly demoralized club.

A summary of the season shows a fighting team of clean players, for not since coach Childers called for athletes last September has he had a man who has been accused of un-sportsmanlike play. Coach Childers has given us a clean team with a good record and he deserves no little praise for his work.

Line Up—Ballinger
Baker and Carter—Forwards, Marcek—Center, Pariah and Patterson—Guards.

Line Up—Winters
Fields and Neely — Forwards, Knight—Center, Rhoden (Capt) and Phillips—Guards

Directors Meeting Chamber Of Commerce

Tuesday evening was the regular time for the meeting of the directors of the Chamber of Commerce. All were present.

A circular letter was ordered for the purpose of backing up the excellent work done by our merchants and business men with reference to the motor car question. Mr. Hunt reported fine encouragement from the change in the freight during the last few days.

The question of a Trades Day has been discussed at various times. Saturdays need no stimulus to bring a crowd, but since the Second Monday in each month has been used for years as a sort of jockey day, it was decided to name Second Monday as Trades Day. It is suggested that each merchant use part of his advertising space in furthering it and to prepare and advertise a counter of "Specials" for that day, possibly displaying it during Saturday to attract a Monday crowd. More will be done as the season progresses.

Window cards are ordered, they are intended to catch the eye of traveling-men and enlist them in our cause for the patronizing of the railroad. When they realize that their success and the success of their house as far as Winters is concerned is wrapped in the railroad question we ought to secure their co-operation instead of their silly or cute disparaging remarks.

The state Highway came in for extended discussion. The fact that Winters has been left off of its markers on Highway No. 30 was a surprise and caused some resentment. A letter from the engineer however will allow the secretary to place a properly uniform marking to be placed on the poles with the other. A supply of road maps was distributed and Sec. Carwell's suggestion that the highways from San Antonio this way should be carefully logged and advertised, turning Colorado tourists over our highways was reported feasible and the secretary requested to co-operate, yet to be careful of expenses.

Uniforms for the band, and seats for Tinkle park and the question of the Mineral Wells Convention of the W. T. C. of C. in May was considered but not finally disposed of. These are great questions and may call for a meeting of all the directors and the active co-operation of the Lions Club. We have twelve or thirteen musicians that can safely meet other

CO-OPERATION WHICH IS APPRECIATED

For nineteen straight years, without missing a single issue the advertisement of the Winters State Bank, one of the strongest financial institutions in the West, has appeared on the front page of this paper.

In order that The Winters Enterprise might present a more pleasing appearance, John Q. McAdams, cashier of this popular banking institution, gave his consent, along with other Winters institutions who had a claim upon this space, for their advertisement to be placed upon another page. They will continue to use space in the paper and will endeavor to make the subject matter of their advertising well worth your reading. We ask our readers to look up their ad and read it; we also take this opportunity to thank this institution for their hearty co-operation in assisting us in our endeavor to give the Winters Country a good newspaper.

Also for the same co-operation we extend thanks to the City Drug Co., E. A. Shepperd, Insurance and Loans; and the First National Bank.

Rogers Slayer Is Moved to San Angelo

Granton Davenport, a young ranchman held in jail at Sherwood on charge of murdering Sam Rogers, manager of the Suggs 7-D ranch near Merton, was transferred from the Sherwood jail to the Tom Green county jail Saturday. It was said that accommodations and safety for the prisoner were lacking at Sherwood, as no jailer occupied the jail and it was without police protection.

Since shooting Sam Rogers in the streets of Merton, Davenport has been in jail, having been denied bond. Rogers was the son of W. H. Rogers, one of the pioneer and prominent citizens of Winters, and the young man lived for the greater part of his life at Winters.

Davenport has so far declined to make a statement, and no motive for the killing has been assigned. Officers are working on the case, and the killing will be submitted to the Iron county grand jury for investigation.—Ballinger Ledger.

bands of the state, but we need more. The question of a Runnels County band under the leadership of Mr. Ward seems a practical solution of the question.

The secretary was asked to get in touch with the Information Bureau of the larger cities near here, with hope of turning tourists our way, by furnishing information that will help to inform them of conditions of roads, views, and other possibilities of the Winters Country.

Another regular meeting is called for Tuesday evening, February 24.—J. C. Watts, Sec'y.

Are You For Winters?

If the last 15 days operation in this month proves to be profitable to the Abilene & Southern Railway, there is no danger of the motor car being taken off. As Winters is more vitally interested in the matter than any other town on the line, and the only one that it would effect, it is nothing but proper for everyone who has any town pride at all, should rally to the support of the road and do everything in their power to keep this service going.

In the event it is taken off, to our way of thinking would be a backward, unfortunate, and disastrous step in a descending course, which would probably retard the rapidity of the city's growth, and at the same time in the eyes of the outside world, it will suffer untold injury.

The argument of the Abilene & Southern is indefensible in that revenue from operation of the car, does not near meet its own operating expenses. But the officials are willing to operate it provided they can get all the freight hauls, which will make up the motor car shortage.

It has been said by some that if

Ginning Records Show Runnels County Increase

Galloway Cotton Breeding Industries To Locate Here

Mr. W. S. Galloway of San Marcos, who has been in the city for the past several weeks arranging to locate his Cotton Breeding Industries in one of if not the best cotton producing sections of the state of Texas informs us that it is a settled fact that he will locate this business in Winters.

We find particular pleasure in making this announcement first, because we are very favorably impressed with Mr. Galloway as a gentleman of the first degree—a man who can at any and all times be depended upon—one who when he tells you anything you can depend upon that thing being as represented to the letter.

Then, too, we believe this industry will prove to be one of the biggest propositions coming our way in quite awhile. A pure bred cotton seed industry located in the best cotton country in the south will, without doubt, be worth many thousands of dollars to the Winters country.

The Monroe Seed House, located at San Angelo, former patron of Mr. Galloway, learning that he was locating in Winters, telegraphed him as follows:

"San Angelo, Texas, Feb. 5, 1925.

Galloway Cotton Breeding Industries, Winters, Texas: Learning that your Cotton Breeding Industries were to be hereafter located at Winters, am wiring my order or what I hope will be Winters carload shipment number one. Am not asking price of our former dealings have been such that I know you will treat me right both in price and quality of seed. My strongest endorsement is my order.—Monroe Seed House."

We understand Mr. Galloway had already received an order from some point in Oklahoma before this telegram reached him.

The San Marcos Record among other things had the following to say of Mr. Galloway: "We believe that you are one of the men who is really putting San Marcos to the front as the center of the cotton breeding business by producing and distributing a bona-fide higher grade cotton seed."

The Winters country is indeed fortunate in locating Mr. Galloway and his pure bred cotton seed industries here.

BANKS TO OBSERVE MONDAY AS HOLIDAY

The banks of the city have announced that they will observe Washington's birthday on next Monday, as a holiday. The first president's birthday falls on Sunday this year.

Winters Handles More than Half of the Runnels County Cotton Crop

According to records compiled by special agent Wm. Desmond of the Sate department of Commerce, Runnels county had ginned prior to January 16, 1925, 53,010 standard bales of cotton from the 1924 cotton crop as compared with 45,854 which was the 1923 total according to his records.

Winters gins have ginned up to February 1, 1925, out of the 53,010 bales produced in Runnels county 24,251 bales. It is conservatively estimated that there are 750 bales in the yards and scattered over the Winters section which would bring the Winters total to 25,001 bales.

Reducing it to plain figures, the record is:

Bales of cotton ginned in Runnels county in 1924	53,010
Previous year	45,854
Increase over previous year	7,156
Of the 53,010 bales produced in Runnels county Winters gins ginned	20,031
Of the 53,010 bales produced in Runnels county Winters Handled	25,001

To reinforce the marvelous wealth of the Winters Country soil her farmers are developing remarkably along the lines of poultry raising, dairying, etc. The possibilities of the Winters country have merely been sampled. Intensive farming methods—"making two bales of cotton grow where one grew before," further development along diversification lines, poultry raising and daily application of thrift and conservatism will make of this section truly a "land of milk and honey." There is wealth happiness and comfort aplenty hidden in the bosom of the Winters country that will yield to industry, thrift and economy. Let's go hand in hand, knitting ourselves together in a bond of prosperity, growing the good, overcoming the bad, and enjoying the wonderful blessings of nature.

\$600. PURSE MADE UP FOR MRS. MOORE

Through a Klan committee the citizens of Winters the first of the week contributed a purse to Mrs. T. H. Moore, who lost her husband last Sunday, of approximately \$600.00. The liberality of the Winters people can't be out done anywhere when a worthy cause such as this comes to their attention.

Mr. and Mrs. W. J. Jones, North Main street, are the proud parents of a fine boy, born last Saturday evening. The youngster weighed eight pounds. Mother and son are reported to be doing nicely.

P. T. A. Begins Annual Drive

The annual membership campaign of Winters Parent-Teacher association will begin on Wednesday, February 25, and on this date a thorough canvass of the city, both business and residential will be made by the members of the association.

The Parent-Teacher association is doing much to educate the people to the needs of the public school system, and is an auxiliary between the home and school. Its influence for good is inestimable.

The citizens of Winters should with joy be members and as the yearly dues are only \$1, everyone can become affiliated with the organization.

BALLINGER LOSES TO WINTERS

Ballinger is losing another one of her good citizens, and Winters is gaining at our expense, in the person of Oscar Williams. Mr. Williams has tendered his resignation with the city administration and has accepted a position with O. D. Dillingham and will have charge of the Dillingham ice plant at Winters.

Mr. Williams will take charge of the Winters ice plant as manager on March 15th, and between this and that date he will be succeeded by someone else in the city hall. He has charge of the city bookkeeping since the municipal light plant was installed, and the city will suffer a loss by his removal. Their many friends will regret to learn that Mr. and Mrs. Williams are to move away, and while they wish them success, trust their removal will not be for keeps.—Ballinger Ledger.

The Enterprise is pleased to extend Mr. Williams and family a cordial welcome to Winters and hope they will find pleasure and profit amongst us.

Mr. J. W. Bartee, who runs a general merchandise business in Shep, was in the city Tuesday transacting business. He says he doesn't get to town very often as he is a pretty busy man, saying he was part merchant and part farmer. He readily agreed with us that Winters was the best little town in this part of the state, saying he buys practically all his supplies here.

"GREETINGS"

I indeed hail with joy the opportunity of being in the beautiful little city of Winters and associating with you good people. I have been treated with courtesy on every hand, my fellow students have welcomed me into their happy throng. The folks here at the Rock Hotel have treated me with courtesy, reverence, and respect. Last, but not least, I wish to express my appreciation to the good teachers of Winters High school for the interest they have given us in our studies. And I feel assured that with the effort these teachers are putting forth that we shall make this term of school the most successful term that Winters has ever witnessed.

As I am indeed happy with the joys and pleasures that enthrone me, I wish others peace and contentment. I sincerely and earnestly desire that I shall in some way brighten someone's pathway and in so doing make their life more pleasant. Realizing the fact that when they have been placed beneath the sod that they cannot see and enjoy the flowers that are placed on their graves. Let us then scatter smiles, pure thoughts and good deeds along life's uneven journey realizing that we are leaving footprints on the sand of time that may shape somebody's destiny. Then at last, if we have done our duty, we can look back and realize that life has not been in vain.—Alfred Lamotte.

Thrilling Western At Queen Theatre Saturday

The demand for new faces on the screen will be appeased in "Trigger Fingers" which opens at the Queen Theatre for an initial showing in the heart of the country on Saturday. A story that barks out drama and action with the speed of a machine gun is interpreted by Bob Custer, new western star, who has come straight from the unfenced Texas Panhandle to the confines of a motion picture lot. In physique, good looks and ability this new star promises to outshine many of the fixed liberties of filmdom.

Custer is one of the most colorful characters ever seen on the silver sheet. Margaret Landis, sister of Cullen Landis, takes the principal feminine role opposite Mr. Custer. Reeves Eason directed the picture, which contains more action than the battle of the Marne.

Volstead Free In Praise Of Dry Law

Prohibition has reduced the prison population of this country and greatly increased the church membership according to Andrew J. Volstead, former Minnesota Congressman and father of the prohibition enforcement act.

"Under the old rule of affairs," Mr. Volstead recently wrote a personal friend, "the saloon never obeyed any law, while now, despite our increased population, there are fewer prisoners by several thousand in our jails."

"There has been a decided increase in the church membership since the eighteenth amendment became a law. The average length of life has been increased by three years; people are saving money and buying homes; slums in the cities are no more; gone are the ribald songs and foul stories."

"There is no constant violation of the prohibition law, generally known, which goes unpunished. It is unfortunate that certain large newspapers labor to encourage resistance to law enforcement. Nothing is perhaps better calculated to effect that purpose than to extol the alleged high character of those who are breaking the law."

"That prohibition cannot be enforced; that the difficulties are fundamental and inherent in the character of the legislation and the nature of the people, is not clearly disproved by our experience in the prohibition states, but by what we have accomplished under national prohibition."

"Public opinion, reflected in more drastic and adequate punishments, is growing stronger and the organization for enforcement is steadily improving and becoming more effective."—Ex.

P. M. Martin of route three, was in to see us last Saturday while transacting business in the city. He said he believed the farmers of this section would profit greatly if more attention was given to poultry and produce production. We enjoyed his visit very much.

Friday the thirteenth will occur twice more in 1925—in March and November. Keep your skid chains handy.

The old family dictionary has come into its own at last.

Low Of The First National To Attend Bankers Convention

Bert Low, the popular cashier of the First National Bank, will attend the Sixth District Bankers' Convention at Brownwood, which convenes in that city next Saturday.

Mr. Low believes in giving his time to these gathering or any other propositions which will enable him to better serve the farming and business interests of the Winters Country.

PRESIDENT COOLIDGE TAKES RIDE ON AN ELECTRICAL HORSE

Washington, Feb. 16.—President Coolidge has an electric hobby horse. Tucked away in a room of the White House, the mechanical steed affords the president much of his exercise.

It is a regular gymnasium horse run by machinery. When Mr. Coolidge mounts it, he finds a row of buttons by his hand, pressing one marked "walk" the charger goes through the motions; pressing one marked "trot" the horse follows orders and if "gallop" is pressed, the steed races, but of course, doesn't get anywhere.

Mr. Coolidge uses the hobby two or three times a day for periods of 10 minutes and the exercise so gained is said to contribute much to his condition. He rode real horses for a few days after he became president but abandoned them for the hobby.

The horse's body is made of sheet iron upon which is mounted a regular leather saddle.

Though it has no head the president can sit in the saddle with his feet in the stirrups and hold the reins which are attached to the front of the horse's body and thereby get all the sensations of riding out doors. The animal has three speeds for each of its gaits, so that Mr. Coolidge can ride either at a mild or at a wild gallop.

BILL TO REIMBURSE DONORS OF CAPITOL GROUNDS PROPOSED

Austin, Tex., Feb. 17.—A tall woman in black, who has been visiting the senate chamber for a week, saw a step taken in the senate today toward a hope that has lingered for half a century. She is Mrs. Kate Chambers Sturgis, whose father, General T. J. Chambers, once owned the land on which the state capitol stands. The land, it is asserted, was condemned by the Republic of Texas for the site of the capitol. General Chambers, it appears, was not paid for the property and today Senator T. J. Holbrook of Galveston, introduced a bill, appropriating \$100,000 to reimburse Mrs. Sturgis and other heirs of General Chambers for what they conceive to be a fair purchase price.

The bill was referred to the committee.

Mr. J. W. Wilson of Milford, Texas, brother of J. R. Wilson, deceased, is here visiting Mrs. Wilson and assisting her in financial matters of his deceased brother.

WHAT'S NEW?

Practical tests looking to the development of power from the geysers of Sonoma County, California, are being made by scientists of the Carnegie Institution. Volcanic heat as a source of power has been successfully developed in Italy and there seems no doubt that American volcanoes can be utilized in the same manner.

The mail robber sent to Atlanta for 64 years won't have to worry for some little time about return postage.

Live today, forgetting the anxieties of the past.

Greenville Passes Water Bond Issue

Greenville, Tex., Feb. 17.—By a vote of 791 to 89, almost waterless Greenville yesterday voted a \$400,000 water bond issue for a 900,000-gallon city reservoir, complete returns today showed.

Winters has a water problem of its own which will have to be solved sooner or later and to our mind the sooner the better.

"Boy Of Mine" H. S. Benefit Film At the Queen

Through the courtesy of Mr. Hodge, manager of the Queen Theatre, will be shown on the afternoon and evening of Friday, February 20th, a First National Attraction entitled "Boy of Mine," a Booth Tarkington story, as a benefit for the athletic fund of the Winters High School.

J. K. McDonald, producer of "Penrod and Sam," the Booth Tarkington story which the First National recently gave to the picture-going world as a film drama, follows up this success with a second Tarkington story, "Boy of Mine," a First National picture, directed by William Beaudine.

So pleased was Tarkington with the screen version of "Penrod and Sam" that he consented to write an original story for McDonald's second production for First National. The result is one of the most human stories Tarkington has ever penned.

"Boy of Mine" is a six-reel human

interest drama interpreted by a well balanced cast of big artists, including Henry B. Walthall, Irene Rich, Rockliffe Fellowes and Ben Alexander, the last of whom interpreted the role of "Penrod" in "Penrod and Sam."

Remember the date and come out and help the high school along with

their athletic problems. They need and will certainly appreciate your cooperation.

Come in and let us show you the famous White sewing machine. It's the best on the market.—SPILL BROS. & CO.

Advertising is news.

GOOD Fire Record

Based on a three year record, Winters will again be entitled to a credit of 15 per cent on fire insurance written within the corporation limits for 1925. Money spent with the "Mutual" or "Reciprocal" companies contribute nothing towards this splendid record, but only the "Old Line Stock" Companies records are accepted by the State Insurance Commission.

FIRE INSURANCE CREDITS LISTED

COMMISSION PUBLISHES ITS FIRST RECORD OF TOWNS IN STATE

Austin, Texas, Feb. 14.—The State Fire Insurance Commission has published its first list of towns to which good fire record credits had been awarded for the twelve months beginning March 1, 1925. These credits are based on the loss ratio for the last three calendar years and range in multiples of from 3 to 15 per cent of the schedule rates, depending on the three-year loss ratio. A considerable number of towns are included in the first publication made by the commission, though none of the large cities of Texas are listed. The towns receiving the credits, together with their basic three-year loss ratio are as follows:

The minimum 3 per cent to Tullia, loss ratio of .547.

Six per cent to the following: Bowie, loss ratio .495; Cleburne .451; Round Rock .458; Whitesboro .465.

Nine per cent: Gunter .444; Rising Star .403; Sanger .415; West .430.

Twelve per cent: Beeville .389; Devine .365; Savoy .357; Smithville .362.

Maximum 15 per cent: Abanathy .092; Alvarado .22; Alvin .351; Bradwell .011; Bartlett .326; Bellevue .003; Canadian .136; Carbon .251; Clifton .181; Coleman .341; Deport .115; Eagle Lake .161; El Campo .340; Fayetteville .056; Freeport .159; Ganado, no insurance loss; Gatesville .034; Giddings .113; Groverton .031; Hamilton .058; Henderson .227; Hereford .279; Honeygrove .333; Itasca .189; Kerrville .321; LaGrange .012; Lometa .012; LaPorte .224; Mission .213; New Brunfels .052; Olney .049; Pampa .272; Pharr, no insurance loss; Pilot Point .314; Rock Port .085; Rockwall .167; Roscoe .283; Sabinal .224; San Augustine .164; Shiner, no insurance loss; Timpson .192; Van Alstyne .300; Waelder .060; Windon .318; Winnaboro .187; WINTERS .054 and Yorktown, no insurance loss.

Mary Carr and Tully Marshall At Queen

"For Sale," a First National production, which comes to the Queen Theatre for two days commencing Monday February 23, is said to be a distinct triumph in society dramas. This story has been produced on a lavish scale and presents an entirely new phase of America's social life.

One of the most interesting figures in the play is the character of "Joseph Hudley," a social climber who endeavors to use his wealth to "buy" the girl. This part is most ably played by Adolphe Menjou, of "Woman of Paris" fame.

The remainder of the imposing cast of "For Sale," includes such film luminaries as Tully Marshall, and Mary Carr.

Mary Carr will be long remembered for her remarkable portrayal of the mother in "Over The Hill." But in "For Sale" she plays a part entirely different from anything she has ever been seen in.

LOST!

In the District Court of the United States for the Northern District of Texas, at San Angelo

In the matter of Mack Lee Maples, Bankrupt.

No. 372, in bankruptcy. San Angelo, Texas, February 6, 1925.

Creditors of Mack Lee Maples, a farmer of Wingate, Runnels county, Texas, are hereby given notice that on the 2nd day of February, 1925, the said Mack Lee Maples filed his petition herein, praying for a decree of the court discharging him from all debts provable against his estate in bankruptcy save such debts as are by law specially excepted from such discharge.

Considering said petition, IT IS ORDERED that any creditor or other party in interest who may desire to oppose the granting of the discharge as prayed for, shall, on or before the 7th day of March, A. D. 1925, file with the undersigned referee, formal notice in writing of such opposition, and within ten days from said last named date, specifications of objection thereunder must be filed.

Carter T. Dalton, Referee in bankruptcy.

Dress Suit and the D. C. in Congress

By BILL PRICE

Here's where we rise to the defense of Congressman TOM BLANTON. His friend, Congressman Zihlman, of Maryland, "let the cat out of the bag" in open House that the Texan had appeared the night before all dolled up in "evening clothes," and one newspaper goes so far as to print a picture of the silk hat he is alleged to have worn on that occasion.

This writer saw Blanton in the dress suit at the annual banquet of the Firefighters' Association of Washington. The writer happened to be master of ceremonies, once called "toastmaster" back in the days when there was something liquid to offer in the way of toasts.

Well, Tom Blanton looked the part of a million dollar in his nifty suit. He smiled like a million dollars, his speech was of that eloquent, earnest, courageous kind he always makes, and he got a storm of applause from the Washington firemen he has consistently befriended in Congress.

It can't be possible that this thing has been sprung on Blanton to put the cowboys of his Congressional district to kidding him or to have them turn their admiration toward a political rival who does not believe "in them darn dress suits." If it was, we don't mind telling those cowboy Texans that their friend Tom "ain't no slouch" in a dress suit and that he is "right there" whenever his duties or obligations call him, even if he does have to put on a "jimswinger" or a dinner coat.

As a matter of fact, all Texas statesmen are at home either at a social gathering or stiff poker game and mighty few of them refuse to don evening clothes when the occasion demands. Former Senator Joe Bailey of Texas, was one of the few Texas statesmen of recent year who positively would not take to evening wear, and so kept out of so-called "society."

Blanton is no society leader, either, but he likes to mingle among red-blooded men like the firemen of Washington.

Fighting Tom Blanton doesn't have the right slant as to heavy taxation of District citizens for the upkeep of a strictly National Capital, but means to be fair. That he is sincere and honest goes without question. The worst thing yet brought against him is this dress suit charge and we hope we have explained that satisfactorily to his constituents.—Washington Times.

Novice Man Raises Pure Bred Turkeys

J. M. Roberts of Novice transacted business in Winters last Saturday, and while here was a pleasant caller at the Enterprise office. Mr. Roberts is a progressive farmer, and raises fine pure-bred turkeys as a business, and cotton as a side line. He states that last year he sold \$286.00 worth of turkeys, and is planning to beat that record this year. Mr. Roberts came from Valera, Texas to this country the first part of last year.

Hon. J. M. Winterbotham of Galveston, was in the city Friday visiting his friend, H. W. Lynn and attending to his business interests here.

Preliminary news of a colorless inauguration is a sad blow to folks in District of Columbia. They're great for a big show March 4—when Uncle Sam foots the bill.

INCOME TAX

N. Dow Chapman, income tax consultant will be in Winters, Texas, from February 2nd to February 7th, both dates inclusive, for the purpose of preparing income tax returns to be made to the government before March 15, 1925. Office will be at E. A. Shepperd's. Have your figures on 1924 business ready and come in to see him. 3tc

ORGANIZING CHRISTIAN CHURCH IN WINTERS

A. K. Scott, state evangelist of the Christian Church filled his appointment here Sunday, holding services in the Chamber of Commerce hall. The purpose of Mr. Scott's visit here is to organize and build a church of his denomination, and all members of this faith in the city and country, are urged to get in line, by either attending the services or seeing Mr. Scott.

There is nothing that speaks better for a town than its churches, and this church is the only protestant faith that is not represented in Winters. Mr. Scott spends his entire time during the week-days, and is working hard to perfect plans, in order that construction of the edifice may start as soon as possible.

Norfleet to Talk to Stock Show Visitors

Fort Worth, Feb. 17.—J. Frank Norfleet, of Hale Center, formerly deputy sheriff, who became famous for his man hunt of four criminals who swindled him out of \$45,000 will give short talks from a booth at the Southwestern Exposition and Fort Stock Show, March 7 to 14.

He will relate some of his experiences through 36 states and three countries in quest of the men he finally caused to be arrested and convicted.

EAST TEXAS MAN IS CHAMP. COTTON PICKER

As far as we know, we have found the champion cotton picker, who is A. J. Essary, of Onalaska, Polk county in East Texas.

Mr. Essary is a brother-in-law of John Shipman, who is employed by Clements Hardware Company.

At the beginning of the fall season, Mr. Essary came west to pick cotton, and to our notion has hung up a record.

From the 15th of September to January 17., 124 days in all, he worked 68 days and lost 39, and during these 68 days he picked 41,699 lbs. of cotton, averaging 613 lbs. per day.

If Mr. Essary did not break the record, we can say that he is some cotton picker.

Wise men think. Fools talk.

ANOTHER PIONEER PASSED AWAY ON LAST FRIDAY

At the family home some four miles west of town last Friday, near the midnight hour, another old and highly respected pioneer, C. Ernst answered the last call.

Mr. Ernst, who had resided in the Winters Country some 27 years, was 79 years, nine months and twenty-six days of age and the end came to this good man on his 52nd wedding anniversary. He was a consistent christian and a member of the Lutheran church.

No bronze or marble shaft, no splendor of ancient or modern tombs and no play of immortal genius can adorn the memory of such many men. Their lives, their deeds, their influence, living or dead, and their pure aspirations are the monuments that will keep their names burning in the home and the hearts of kindred and brethren, while the flying moments are dimming with their dust and rust the inscription upon the brightest obelisk in the cemetery. While the silence of death wraps and chills us at this moment, memories, sweet and precious, come crowding in.

Burial took place in the Lutheran Cemetery, the Rev. Mr. Wehmeyer of the Lutheran church, conducting the services, the funeral being handled by Spill Bros., local funeral directors. A large concourse of relatives and friends gathered at the graveside attesting the high esteem in which the departed was held.

Besides a wife, deceased is survived by seven children and twenty-five grandchildren. Eight children blessed this union, one however having died in infancy. The surviving children are: Charlie, Fritz, Louise, Adolph, Will, Mrs. Louis Frick and Mrs. Wm. Minceinmeyer, all of the Winters section excepting Fritz, who resides in Dallas.

The Enterprise, along with many friends, offers sincere sympathy in this sad hour.

Electric steam peating, hem-stitching and button making. Mrs. J. T. Stevenson, phone 340. rfc

Big Birthday Bargains Celebrating the 22nd., Year of Rexall Sale Now On

Twenty-two years ago forty progressive Druggists under the leadership of Louis P. Liggett, joined together in the co-operative manufacture and distribution of drugstore merchandise, with the idea of giving the public quality goods at saving prices.

Today these original forty Rexall Stores have grown to 10,000 and constituted a wonderful system of reliable, money-saving, service-giving drugstores.

We, with thousands of Rexall Druggists are celebrating the Twenty-second Birthday of our Company by offering for a limited time only, tremendous savings on seasonable drugstore products. Be sure and take advantage of these remarkable buying opportunities.

Sale Ends Feb. 21

Mr. A. D. Palmer who with his family moved to Winters to make his home during the past fall, was in our office last Saturday. He tells us that he will start work next week on two new six room modern residence buildings, one located two blocks south of the high school building and the other out on Tinkle street. Since his short residence here these two residences will make a total of four he has erected. He is thoroughly sold on the great Winters County.

S. T. Hogg and family of Bronte, were in Winters shopping Saturday. Mr. Hogg was a caller at The Enterprise office, and said that although he lived within three miles of Bronte, he prefers to do his business here, as he has always found that he could get anything he wants here.

Mental power cannot be had from ill-fed brains.

Father of Our Country

Sunday, February 22, the 193 anniversary of George Washington, father of the American republic and its first chief executive, will be observed throughout the U. S. and wherever outside of it groups of thoughtful and loyal American citizens happen to reside.

The most fitting manner of celebrating the holiday is to reflect upon the qualities, the service and the example of Washington as a soldier, president, patriot and citizen. Certainly national holidays should be spent in part in contemplation of the great men whose lives were and are an inspiration to the millions of average citizens.

Washington was proclaimed by his contemporaries to be first in war and first in peace, chiefly because he obeyed the still small voice of conscience and employed his exceptional gifts in the service of his country and his fellowmen. To admire Washington sincerely is to admire unselfishness, rectitude, nobility, courage, perseverance and faith, and properly to admire those attributes to endeavor to cultivate them.

Winters has some things that the average resident does not appreciate as much as they should. One of these is her paved streets. Can you think of a town the size of Winters that has such good streets? Can you name a town the size of Winters that has a sewerage system? Can you pick out a town that has such department stores to its size? And can you name one that has such commercial activity as Winters? All these things, many towns would be glad to acquire. And can you bring to your mind a town that exceeds ours in anything. It has city airs, the hustle and vigor that makes it the flowerette of the west. Boost it when you can.

WITH THE BAPTISTS

Sunday, February 22, 1925—
Sunday School 10:00 a. m.
Preaching 11:00 a. m. and 7:00 p. m.
Sunbeams 2:00 p. m.

Tuesday—
The B. Y. P. U. training school will meet from 7:00 to 9:00.

Wednesday—
The B. Y. P. U. training school will meet from 7:00 to 7:45.

Regular mid-week prayer service from 7:45 to 8:30.

Thursday—
Thursday afternoon the ladies will hold a prayer service at the church.
Thursday evening from 7:00 to 9:00 the training school will meet.

Friday Evening—
Training school will meet from 7:00 to 9:00—Come prepared for Exams.

All Who Play—

If you play any kind of instrument you have an urgent invitation to join our orchestra.

Glad to note so many people in the services last Sunday.

We expect to have for the different departments next Sunday a list of possibilities from the census tabulation. Time for our revival is drawing near. The Winsett Evangelistic Party expects to arrive March 21.

B. Y. P. U. TRAINING SCHOOL.

The B. Y. P. U. Training School has been planned for next week, February 23 to 28. We want every B. Y. P. U. member to make your plan to be there every evening. Lunch will be served each evening by one of the unions. The following books will be taught: "Advanced B. Y. P. U. Methods, Senior B. Y. P. U. Manual, Intermediate B. Y. P. U. Manual, The Master Poet, Junior B. Y. P. U. Manual." Get your book and be in the main auditorium of the church by 7:00 p. m., Monday, 23.

Social Activities

Miss Taylor Honored by G. A.

The Girls Auxiliary of the First Baptist Church met at the home of Mrs. Bert Low on Monday afternoon at four o'clock with twenty-five members present. There was a program on "Pioneer Christians," led by Louise Poe. During a short business meeting Misses Gladys Palmer and Altha Sullivan were welcomed as new members of the Auxiliary. A delightful outing was planned for Friday afternoon, February 27. The guests were invited into the dining room, which was prettily decorated in pink and white where a beautiful birthday cake assenting the color scheme was aglow with tiny candles. The compliment was for Miss Taylor, G. A. sponsor, whose birthday was the occasion of celebration. The honoree was delightfully surprised when she was presented with a package containing twenty-one handkerchiefs. Mrs. Low served refreshments of sandwiches, potato chips, hot chocolate with marshmallow topping, and angel food cake. The club will meet on March 2, with Mrs. L. E. Low, hostess.

Paint designs on your window shades: Brilliant butterflies, parrots or gay baskets of posies are most effective.

P. T. A.

The Parent-Teacher Association of Winters will meet in regular business session, February 24.

The association is discussing and dealing with problems that should and do, concern every parent of this community.

A membership campaign will be put on the latter part of February and the first of March. We urge everyone who are not members of the association to become members during this campaign, and help to make this work the best it has ever been.

SENIOR C. E. MEETS

The Senior Christian Endeavor Society met at the church February 15 at 6:15 p. m. Subject: Jesus the Friend.

This was a splendid meeting. Some beautiful and helpful lessons were brought out in this program. Those attending these meetings are helped and strengthened for the duties of the coming year.

Next Sunday February 22 "Industrial Missions," topic "Friendliness" as expressed through Industrial Missions.

Daily Bible reading for the week: Monday—Ruth, 2:11-17; Tuesday—Jas., 2:8,9; Wednesday—Exod., 20:9-11; Thursday—Matt., 20:1-15; Friday—Eph., 4:7-28; Saturday 2 Thes., 3:7-12; Sunday—Isa., 61:1-4. A warm welcome to all.

The new bow tie which replaces the four-in-hand of yester-year, is smartest on the jumper dress.

P. T. A. Announcement

The Parent-Teachers Association will have an important business meeting on Monday afternoon, February 23 at four o'clock in the High school auditorium. Every member is urged to attend this meeting. There are vacancies in office to be filled. Delegates to the National Convention at Austin will be elected and plans for the membership campaign are to be perfected. Every parent of children of school age should support this association and co-operate with same by active membership.

Church of Christ Bible Class

The Ladies Bible Class of the Church of Christ met on Monday afternoon at three o'clock, with twelve members present in study meeting. Several new members were present. Study of the "Herbert Moninger System" was continued. The new Testament being recently taken up. Mr. Clark, teacher of the class, was absent and Mrs. Russell took charge. Mrs. Cramer lead the devotional and dismissal was said by Mrs. Clark. The editor wishes to correct a statement in last week's paper. Through error it was stated Mrs. Owens, instead of Mr. Clark to be leader of this class.

Make last year's dress a "this year's frock." The old black satin will be unrecognizable with the aid of new collars and cuffs of white linen, and pheasant sleeves of brilliant figured chiffon or georgette.

Mr. and Mrs. Hickman returned from Dallas Friday.

Mrs. R. C. Maddox and little daughter of Abilene spent Tuesday in Winters.

Ego Amo Te Club Party

Misses Dunn and Flynt will entertain the Ego Amo Te Club and friends and husbands of the members on Thursday night at the home of Miss Flynt.

Sunday School Class in Valentine Party

Le Vere Neely was hostess to the second year Intermediate class of the First Methodist Church last Friday night when she entertained with a Valentine party. The house was beautifully decorated in red and white, streamers and hearts being used effectively. Games appropriate to the season were played. Refreshments of heart shaped sandwiches, hot chocolate with whipped cream and cake were served. Those enjoying this delightful affair with La Vere, were the following members: Jaunita Miller, Billie Bailey, Lucile Neely, Milna Hodges, Ona Belle Rhoden, Marie Townsend, Lucille Donham, Earline Baldwin, Anna Mae Baker, Ruby Bryant and guests were: Eunice Allen, Leta Rountree, Ruby Nell Roberts, Isabelle Adams, Ollie Bailey and Rev and Mrs. Gid Bryan and Alonzo Menk Bryan.

Birthday Dinner for Mr. Larkin Speer

Mrs. Larkin Speer entertained with a dinner party celebrating the birthday of her husband at the home of Mrs. Dewey Speer on Tuesday evening. The guests found their places at the table by the means of dainty hand-painted place cards. The table was beautiful in appointments of snowy linen and silver. The birthday cake in pink and white formed the center decoration. Graceful silver candle sticks holding pink candles and plate favors of sweet peas completed the color scheme and enhanced the beauty of the candle-lit room. The following menu was served: Baked hen with dressing, stuffed peppers, English peas, asparagus tips on toast, congealed fruit salad, peaches with whipped cream, cake and hot chocolate. After dinner the guests enjoyed the evening in chat and music. Mr. and Mrs. Speer made this a happy occasion for: Rev. and Mrs. J. L. Speer, Messrs and Mesdames Dewey Speer, Tommy Fry and Misses Ona Parker and Jewel Harris.

Study Meeting of Methodist W. M. S.

The W. M. S. of the First Methodist Church met on Tuesday afternoon at three o'clock in the church parlors. This was a study meeting and was largely attended by members and ladies of the church. Devotional was lead by Mrs. Jennings.

The lesson of the afternoon was "Sarah" and very interesting under the leadership of Mrs. Bryan. Mesdames T. V. Jennings and Sidney Neely are newly elected President and Secretary and the class is gaining in interest and membership.

The society will meet next Monday afternoon at three o'clock at the church in business and social meeting. Every lady in the church is invited to be there.

Personals

Mr. and Mrs. Tanner returned from Dallas last week.

Mesdames Dewey Speer, Tommy Fry, Jimmie Speer and J. E. Forbe were shopping in Ballinger Tuesday afternoon.

Mr. and Mrs. R. E. Dick and Mr. Hull of Abilene were in Winters Tuesday on business.

Miss Fredie Mae Fry, who is attending Howard Payne College was at home for the week-end.

Mesdames Larkin Speer and Tommy Fry spent the week-end in San Angelo.

Miss Naomi Hunt, student at Simmons college, Abilene spent the week-end at home.

Mr. and Mrs. Hawkins returned Thursday night from Dallas.

Dr. H. A. Fairy, who has just recently moved to Winters from Concho county, now has under course of construction a modern 5-room home on the east side of town.

Messrs. Walter and J. S. Neely and W. S. Galloway left Monday on a business trip to San Marcos, Texas.

The back yard flock can be made to be a profit to the owner by feeding Superior feeds.—Jeanes Produce.

W. M. S. SOCIETY MEETS

Presbyterian Missionary Society met with Mrs. Hal F. Smith Monday February 16th.

The meeting was opened by singing "Savior, Like a Shepherd Lead Us."

Scripture reading—Mrs. Johnson. Prayer—Mrs. Smith.

At this meeting we had the annual election of officers for the year beginning April 1. Those elected were: Pres., Mrs. C. T. Rives, Vice-Pres., Mrs. Hal F. Smith; Sec-Treas., Mrs. L. R. Gaston; Sec of Library, Mrs. W. R. Johnson; Press Reporter, Mrs. H. W. Lynn.

After business was disposed of the meeting was turned over to the leader of the mission study class.

Before the discussion of the lesson Mrs. J. M. Pyburn, leader, gave a short review of the work of Mrs. Mary Hinde Gomeurl who wrote "Ming-Kwong—City of the Morning Light." Our lessons will be taken from this book, (Ming-Kwong) for the next two months.

It is a study of mission work—China, at each lesson we will have some work that our church, Presbyterian, U. S. A. is doing.

We wish that every woman of the church would avail herself of the privilege of hearing these interesting talks Mrs. Pyburn is giving every first and third Monday afternoons.

Wouldn't you like to hear of the faith, courage and sacrifice of our missionaries that the "Morning Light" may penetrate for away China.

THE CHIROPRACTORS

The State Senate has before it a bill, favorably reported out of the committee room, providing for the licensing of chiropractors by the state. The bill was introduced by Senator Archie Parr of Benavides, away down in southwest Texas, at the suggestion of out-of-the-state practitioners. The Chiropractors declare they want the bill passed, as a means of "elevating our profession and weeding out incompetents;" and the State Senate will probably engage in some weighty discussions before finally disposing of the proposed legislation.

The state now requires that all physicians desiring to practice in Texas be examined by a state board, and the examinations in recent years have been very rigid. As a usual rule, about six years of intensive study is required of any young doctor who hopes to pass the examination by the medical board, and he must pass such examination before he can practice medicine in the state. If the Parr bill becomes a law, the practitioners who call themselves chiropractors can secure state licenses for the same practice as that of the medical practitioners; and the state will be in the attitude of giving its official sanction to two distinct and conflicting schools of treatment. It will require that those who propose to remedy human ills by administering pills and powders must pass examinations which can be negotiated only after several years of intensive study; and that those who propose to treat illness by twisting the backbone—"manipulating" the chiropractors call it—may do so after passing an examination requiring at the most not more than a year and a half of training.

As we view the situation, the Legislature instead of providing for the licensing of Chiropractors should strengthen the laws designed to protect the people against imposition by quacks masquerading as healers. If there is anything of value in chiropractic, as the so-called science of the backbone-twisters is called, the system can be used by regularly qualified doctors passing the test prescribed by the Board of Medical Examiners. If there is not anything good in it, and we seriously doubt whether there be any, then the system should not be permitted in this state at all. Its foremost defenders admit that the "profession" of chiropractic is filled with incompetents, and it is significant that the contention for the licensing bill is to protect the profession against such incompetents rather than to protect the people against them. The State Legislature should avoid the responsibility of giving official sanction to chiropractic by the establishment of a licensing system, because the legislature cannot be sure that the practice is of any value, and would be in the position of placing official endorsement upon it if it should license it. As it stands today, chiropractic is without official recognition in either legal or scientific circles in this state and the Legislature is not competent to recognize it because it lacks scientific knowledge of the subject. At present, it is merely a highly commercialized system of quackery, and the Legislature has no right to say that it shall be anything else.—Brownwood Bulletin.

We have chicken starter, turkey starter and egg laying mash of the Superior Brand in large and small sacks.—Jeanes Produce.

Community Interests

We hardly think you will find better kept Cemeteries than ours in all the country. But did you know that above the east and west driveways in the cemetery we only have six lots that are not sold, and that the lots below this are very undesirable because of water so near the surface. In the Old Cemetery there are perhaps five lots left. We must in this problem, as we have in others, co-operate and try as best we can to eliminate this difficulty.

We are for the best interests of our community in every instance, which means we are for, and will patronize the Abilene & Southern in every instance possible.

Sunday, February 22nd being the birthday of George Washington this bank will be closed the following Monday in honor of the Father of our Country.

PRESBYTERIAN NOTES

Presbyterian Ladies In Missionary Study

The Presbyterian W. M. S. met in the church parlors on Monday afternoon at three o'clock in study and business meeting.

Devotional was led by Mrs. Johnson. During the business discussion the following officers were elected: Mesdames Rives, President; Hal Smith, Vice-President; Gaston, Secretary; W. R. Johnson, Secretary of Literature; Mrs. Lynn, Press reporter.

The study of the afternoon was "Ming K Wong, City of Morning Light," and was very interesting under the leadership of Mrs. M. B. Tyburn. Mrs. Tyburn also gave the class a most instructive talk on "Pekin, capitol of China." Those present were: Mesdames Smith, Rives, Lynn, Van Zandt, Gaston, Tyburn, Townsend, and Johnson.

Literary and Service Club in Study Meeting

The Literary and Service Club met at the home of Mrs. Donhan, with Mrs. Marshall Chapman hostess, on Thursday afternoon, February 12, at three o'clock. The members answered to roll call with "Activities of prominent Club Women."

The Club is studying modern drama and the entire afternoon was devoted to Kaufman and Cornnerly's "To the Ladies." Mrs. Paul Holcomb, was leader of the afternoon's discussion, and read the paper submitted by Mrs. Smith on the "Essential Truth into the Ladies." After a round table discussion, the meeting adjourned until March 5, when Mrs. Hickman will be hostess. The fol-

lowing were present: Mesdames L. Owens, H. O. Jones, Gaston, R. T. Thornton, Paul Holcombe, Brophy, Jennings, Misses Josie Heavenhill, Francis Carr and the hostess.

Baptist W. M. S. in Study Meeting

The Womens Missionary Society of the First Baptist Church met in the church parlors on Monday afternoon at two o'clock in study meeting. Mrs. Stevens lead the devotional and was instructor of the afternoon's lesson. The class studied the third and fifth chapters of the "Decade of W. M. U." The Society will meet next Monday at the church, and study chapters six and seven.

Essential For Service

H. M. Atkinson, of the Georgia Railway and Power Company, gives five factors essential to the development and increase of new industries.

1. Availability of raw material.
2. Labor supply and conditions, both skilled and unskilled.
3. Transportation facilities.
4. Power supply.
5. A favorable attitude of the public mind toward the establishment and operation of industries.

Given the first four developments is impossible without the fifth. The public mind is brought to a favorable attitude by the constant vigilance of our modern industries and public companies to the ever-increasing needs of the people for new and varied products and services.

D. W. Yeager, of the Harmony community and county commissioner of the Winters precinct, was in the city Monday transacting business and attending the sick bedside of his brother-in-law, Mr. John Eoff.

It pays to be upright.

INSURANCE HELPS BUSINESS GROWTH

It has often been stated and it is a fact capable of proof, that insurance is today virtually the basis of all credit. The development of aircraft has been a hazardous undertaking and until recently it could hardly be classed as a safe commercial venture. Recent developments, however, show that the time is not far distant when the aeroplane and airship will take their place as a part of our daily life. Before they can do this, however, insurance protection must be provided to safeguard life and property from damage or death caused by this newest means of transportation. The first attempt of insurance companies to issue policies on this class of risks resulted in the loss of hundreds of thousands of dollars to the companies. Not discouraged, however, they are again attempting to co-operate with the manufacturers of aircraft in order to afford insurance protection. In writing this form of insurance, safeguards will be required on the part of manufacturers which will add greatly to the security of the public. This is insurance extended to new fields and the development of an industry made possible which otherwise would lag due to its inability to safeguard the public against unreasonable loss.

Our Country Still Best

"Big Bill" Haywood would rather come to America and face prison, than to stay in the communistic Russia of his muddled dreams. Emma Goldman, sick at heart over the failure of the soviet oligarchy to give or even dream of people's government, wants to come "home" to the land she said she despised. Theodore Tetroff, a vulgar swindler caught in Winsconsin, pleads for life imprisonment in this country rather than deportation and freedom in Russia.

Only the blind man will say that everything is "all right" in Our Country. There are many things that need fixing; things that need the golden rule and the rule of common sense and the teachings of experience. But it is still the best country. It can be made still better when more sense that any sovereign realizes the responsibility for the charge committed to his care. More active participation in every public move, an intelligent vote in every primary, a realization that every broken law is a personal assault on the national life, would greatly improve social and political conditions in Our Country.

COAL

We deliver from \$1.00 worth up. —Winters Ice & Coal Co., Telephone No. 120. 42-1f

A Good Man Dies Sunday

As soon as the news had spread that Mr. T. H. Moore had died, the expression, "a good man is gone," fell from the lips of everyone.

Mr. Moore came to Winters about a year ago, and during that time made a host of friends as the attendance at his funeral fully verified.

He was born at Port Sullivan, in Milam County, October 9, 1869, and died Sunday, February 15th, at 4:30 p. m.

He married Miss Estelle Mayes, who lived in a neighboring community, and to this union was born four children, one son and three daughters: Mrs. Abernathy of Dallas, Mary and Estelle and George. All his children were at his bedside when the end came.

Funeral services were held at the Methodist church Monday afternoon by his pastor, Rev. Gid J. Bryan, assisted by Rev. Smith of the Presbyterian church.

Mr. Moore was a devout member of the Methodist church, and there is no language by which we may fittingly portray the sincerity of this man's Christian character, and he walked hand in hand with God. He was not only a model Christian, but he was an honorable gentleman in the highest sense that term implies. To everyone, he always extended a cordial greeting, that lent a ray of light. It was perfectly natural for Mr. Moore to do right, and it can be well said that a good and righteous man has been taken from our midst.

Surviving Mr. Moore are his wife, three children, one sister, one brother and a multitude of friends to mourn his going.

The remains were laid to rest in the New Cemetery.

AGED CITIZEN ANSWERS LAST CALL

Early Wednesday morning John Eoff of this city answered the last call after an illness of some week or ten days. Funeral services were conducted at the Church of Christ by A. H. Clark of this city and G. W. Cybert of Merkel, the latter named gentleman an old-time friend of deceased, on Wednesday at 4 o'clock, interment taking place in the Fairview Cemetery.

We hope friends of the deceased will furnish us with proper reference to the life and death of this good man for our next week's paper.

WINTERS GETS A NEW FIRE RATE

The Texas Fire Insurance Commission granted a fifteen per cent reduction in fire insurance key rates to sixty-one towns Saturday, which included Winters.

This rate is given for good fire records, and are effective for one year after March 1, 1925.

To the local fire company, which have rendered invaluable assistance to the city in the matter of effective protection may be given some credit for the good showing Winters is making along this line.

Mrs. T. Ray Garrett went to Winters Saturday to be with her sister, Miss Jewel Harris, who is confined to her bed with flu.—Santa Anna News.

BARBER SHOPS TO CLOSE CLOSE AT 6:30 P. M.

We the undersigned barber shops do hereby agree to close our doors at 6:30 p. m. except on Saturday nights.

Mr. and Mrs. E. M. Hall and son, Broyles, were over from Winters Sunday guests in the Broyles home.—Concho Herald.

R. G. Clark and wife spent a few hours in Bronte Wednesday.

DRASCO

Mr. and Mrs. Ray Lee are the proud parents of a fine son.

Mr. Faulkner of Abilene, was in our community Thursday.

Mr. and Mrs. Tom Puckett gave the young people a social at their home Friday night.

Mr. and Mrs. Dee Jones of Bradshaw, visited relatives at Drasco Sunday.

Rev. and Mrs. L. E. Hunt of Plainview, are visiting their daughter, Mrs. H. O. Davis.

Rev. John Riddle of Abilene, filled is regular appointment Saturday at the Baptist church.

Rev. Sam Malone preached at 11 a. m. and 7 p. m. at the Baptist church.

A Leader Named Washington

In the honors accorded him in the infancy of this Republic were shown the affection, the esteem and the trust in which George Washington was held by the people of his day.

As the years have multiplied, greater and greater tributes paid to the memory of the great Revolutionary General and First President have spoken eloquently to this steadfast, far-visions, resourceful leader—in truth one of the founders of Liberty for the world.

In Observance of the 192nd Anniversary of the BIRTH OF WASHINGTON This Institution Will Not Be Open MONDAY, FEBRUARY 23RD.

Where Blue Sky Laws Fail

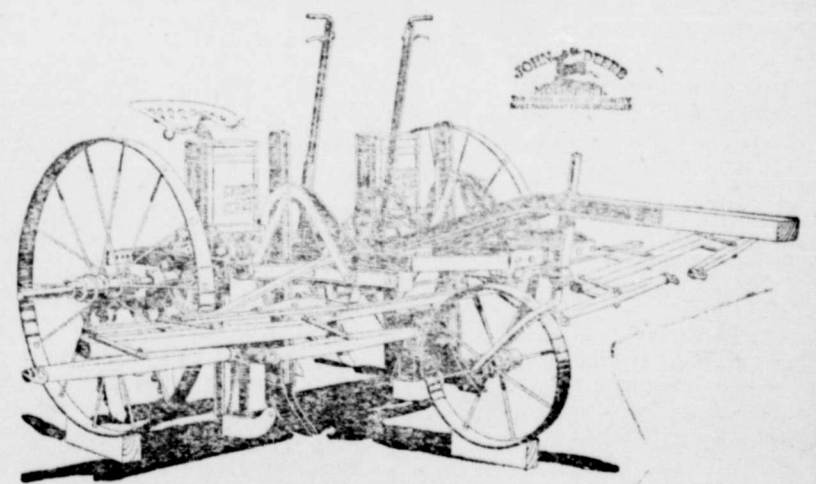

A reliable authority estimates that the small investors of the United States lose about \$2,000,000,000 a year through ill-advised, fraudulent and worthless investments. This sum, he says, would purchase outright 17 of the greatest public utilities companies in the country.

The value of a dollar, the ways of getting it and the story of what it can do and how it should function in society, ought to be a good course in the schools and colleges. Greece Latin, French and astronomy are excellent cultural studies; but some knowledge of industries and business principles on which a government functions and a community exists, might be infinitely more valuable. Part of this vast sum lost on bad investments might be saved by such a course of study.

BLANTON FLAYS FALLS HYDRO PROJECT

The proposed construction of a hydro-electric plant at Great Falls upon which the House will be asked to vote Monday, was today sharply attacked by Congressman Thomas L. Blanton of Texas, in a minority report submitted to the House.

"I cannot agree with the six members of the committee who voted to report this bill favorably," Blanton said. "The amended bill and the committee report are both misleading. Neither gives a true idea of what is proposed."

Blanton declared that the Patomac Electric and Power Company is now providing cheaper current than most cities are furnished. He declares that there is no threat of increased charges.

"The uncontroverted evidence in the hearing before the committee shows that even if this project could be built with the \$44,421,000 public money proposed in the bill it would be a saving of only four cents per month to each family living in the District of Columbia. Such a proposal is ridiculous," Blanton said.

He charges that the project is "the pet scheme of Congressman Frederick N. Zibelman of Maryland and R. Walton Moore of Virginia, whose districts would be benefited by the erection of the plant."—Washington Times.

Marie Prevost and Montie Blue At Queen

Paris, as full of caprices as a pretty woman, carefree and captivating, the place we all long to visit at least in our life time, lives in "The Lover of Camille," the screen adaptation of the Sacha Guitly play and David Belasco production, "Deburau," coming next week for a run of two days at the Queen theatre.

All the romance of love at its most flaming is to be seen here. Everybody knows the famed "Camille," of the Dumas play, and of the many loves of the unprincipled heart-breaker whose heart broke in the end, and who died repentant. This Warner Bros. Classic of the screen is the story of one of the lovers, Armand Duval.

Montie Blue plays the role of Deburau who finds in the Lady of the Camellias the dream he has cherished for many years. Marie Prevost, whose last recent performances have shown her to be the possessor of consummate histrionic ability, is the Camille.

CITY DRUG PUTS IN NEW FIXTURES

Among the many new improvements being made in the city at this time none are more pleasing than the new fixtures being put in by the City Drug Co.

The management of this popular and up-to-date store will be more than pleased to have, it friends and the public more perfect service. The new equipment, which has been installed with a view of giving the public more perfect service.

GET BUSY

Decide now, Mr. Business Man, what proportion of last year's sales you are going to spend in advertising this year, make up your budget and get busy with your advertising. The more time and attention you give to your advertising and the more money you put in it, the greater your returns will be.

THE W. C. T. U.

The fiftieth anniversary of the Woman's Christian Temperance Union attracted but small attention generally, yet the accomplishments of this organization stand out prominently in the history of the nation. The part it played in bringing about the abolition of liquor through constitutional amendment was large. It won because of unwavering conviction and persistent militancy, and it represents one of the most effective organizations of women that ever came into existence in the United States.

That many of those who helped found the union lived to see the day when a prohibition amendment became part of the federal constitution is little short of astonishing. The fiftieth anniversary of this organization of earnest women is an event of more than sentimental importance.

Pity Poor Printer

Formerly Gloria Swanson. Now Mrs. Marquis de la Falaise de la Coudray. Oh, nothing, only we were just thinking of the poor printer trying to get all that into box-car type in a 5-inch movie ad.

T. I. Bishop, who lives north of town, and who has been quite sick for the past several weeks, is able to be up, and was in town Saturday.

CONSTABLE'S SALE

The State of Texas, County of Runnels.

By virtue of an execution issued out of the Honorable Justice's Court of Precinct Number 5, Runnels County, Texas, on the 10 day of February A. D. 1925, by the Justice of the Peace, in the case of E. F. Edwards Versus Clyde Brinkley, Number 1016, and to me as constable, directed and delivered, I will proceed to sell within the hours prescribed by law for constable sales on the 28th day of February A. D. 1925 at Winters in Runnels County, Texas, the following described property to-wit:

One Hudson five passenger automobile identified under the State license laws of Texas, for the year 1924, State license number 458617, seal number 439956, motor number 14280, levied on as belonging to Clyde Brinkley and being the property of Clyde Brinkley, to satisfy a judgment amounting to \$74.80 in favor of E. F. Edwards and costs of suit.

Given under my hand this 11 day of February A. D. 1925.

Sam Briley, Constable Precinct Number 5, Runnels County, Texas.

ATE TOO FAST

South Carolinian Took Black-Draught For Indigestion, and Says He Could Soon Eat Anything.

Ballentine, S. C.—Mr. W. B. Bouknight, of this place, gave the following account of his use of Theford's Black-Draught.

"Just after I married I had indigestion. Working out, I got in the habit of eating fast, for which I soon paid by having a tight, bloated feeling after meals. This made me very uncomfortable. I would feel stupid and drowsy, didn't feel like working. I was told it was indigestion. Some one recommended Black-Draught and I took it after meals. I soon could eat anything any time.

"I use it for colds and biliousness and it will knock out a cold and carry away the bile better and quicker than any liver medicine I have ever found."

Eating too fast, too much, or faulty chewing of your food, often causes discomfort after meals. A pinch of Black-Draught, washed down with a swallow of water, will help to bring prompt relief. Bloating, sensations, eructations, bad breath and other common symptoms of indigestion have disappeared after Black-Draught has been taken for several days. NC-164

Theford's BLACK-DRAUGHT LIVER MEDICINE

DELCO DEALER WINS TRIP TO DAYTON OHIO

Mr. John Young, representative of the Delco-Light Co. in this territory with headquarters in Winters, was in the Enterprise office one day the past week and informed us that he had again won a trip to Dayton, Ohio with all expenses paid by the company. In order to win this trip dealers must sell at least \$12,500 worth of Delco products within twelve months. Mr. Young informs us that he almost doubled this amount during the last twelve months.

We want to congratulate Mr. Young upon this fine record, and hope that he may enjoy his trip to the factory of the Delco-Light factory to the fullest extent.

Rev. Mr. Hickey of Abilene was in the city a few days during the past week. We were pleased to have him visit in our office while here.

Busy Henry

It is asserted that last year Henry Ford sold his cars at the remarkable rate of better than four a minute, or 250 an hour. The most wonderful thing is how he could find time to wait on so many customers.

Electric steam pleating, hem-stitching and button making. Mrs. J. T. Stevenson, phone 340. tfe

Brothers always scold and help each other.

RETURNS FROM FISHING TRIP

Mr. and Mrs. J. Q. Lankford, Mr. and Mrs. C. E. Jones and Mr. and Mrs. W. A. Pace and wife returned Saturday from Corpus Christi, Port Aransas and other gulf points where they spent several weeks enticing the finny tribe of the briny deep, and report that they were successful in their efforts.

Mr. Lankford stated that on account of the cold weather, all the big fish stayed out in deep water, but they caught all they could eat, with some to spare.

CARD OF THANKS

We take this method of expressing thanks to our neighbors and friends who were so kind and thoughtful of us during the last illness and death of our companion and father. May the Great Ruler of the universe reward you for your many kind deeds and words toward us during our sore affliction.—Mrs. C. Ernst and children.

LAND FOR SALE

Section unimproved, good land, eight miles south of Seminole. Guarantee plenty of good water at 65 to 100 feet. Fenced on three sides. Jno. H. Crow, owner, Abilene, Texas, phone 903.

ITCH!

MONEY BACK WITHOUT QUESTION

IF "HUNT'S GUARANTEED SKIN DISEASE REMEDIES" (Hunt's Salve and Soap) fails in the treatment of Itch your druggist is fully authorized to return to you the purchase price.

A Medford, Oklahoma man, among thousands who praise HUNT'S SALVE, says:

"Some people dislike to call it the Itch, but candor compels me to admit I had it badly. Your Hunt's Salve, however, cured me after many other remedies had totally failed."

"HUNT'S GUARANTEED SKIN DISEASE REMEDIES" (Hunt's Salve and Soap) are especially compounded for the treatment of Itch, Eczema, Ringworm, Tetter and other itching skin diseases, and is sold on our money-back guarantee by all reliable drug stores.

Remember, if it fails it costs you nothing, so give it a trial at our risk.

OWENS DRUG STORE

THE DIFFERENCE

When a doctor makes a mistake he charges twice for it.

When a lawyer makes a mistake he has a chance to try the case all over again.

When a carpenter makes a mistake it's just what he expected.

When a doctor makes a mistake he buries it.

When a judge makes a mistake it becomes a law of the land.

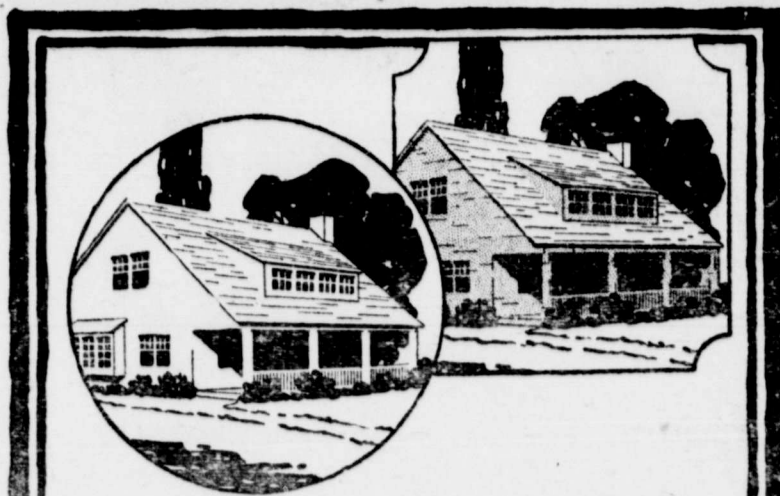

When a preacher makes a mistake

nobody knows the difference.

But when the editor of the Enterprise makes a mistake—good night, everybody in the country knows it.

Mr. August Pfeffer, who lives out on route 2, was in town Saturday and called pleasantly at this office. He tells us that the returns from his poultry and cows pays at least half of his living expenses and that he doesn't see how he could get along without them.

The Enterprise \$1.50 per year.

Two Houses Just Alike but So Different

TWO houses just alike, yet one looked to be worth twice as much as the other. And why? Simply because it was painted and the other was not.

What About Your House? If your house needs painting we are in a position to be of real service to you. We carry Lowe Brothers "High Standard" Liquid Paint—the paint that has stood the test for more than half a century. It covers better, spreads farther, lasts longer and is therefore the most economical paint to use.

Lowe Brothers

HIGH STANDARD PAINT

But most important, "High Standard" produces a beautiful, weather-proof surface that will hold its original color and protect your house for many years.

C. L. GREEN MILLING AND GRAIN CO.

Mr. H. E. White of route two, was in town transacting business last Tuesday and called at this office. In conversation with Mr. White we learned that he and Mrs. White and baby had just returned from a two months visit near Birmingham, Ala. Mr. White stated that while in the old home state he sold his property there. He said that was a very good

country, but could not in estimation compare with the Winters Country, and while they enjoyed their visit very much, they were indeed glad to be at home again.

Jim Johnson, a pioneer citizen of Runnels county who has been quite sick, is reported to be improving to the delight of his many friends.

Girl Workers Safeguarded From Weather Ills By Plant For Drying Damp Garments

What might have been years ago considered "just another new-fangled idea" has definitely taken its place in the equipment of at least one large business organization and increased efficiency through the simple expedient of keeping women workers in dry clothing and shoes. Employees of the Prudential Insurance Company's home office, at Newark, N. J. never have to work through the day in wet garments or damp coat wear.

If they are caught in a storm they report the fact immediately upon arriving at the office and are furnished with dry slippers and a fresh outer garment. Their wet clothes are placed in a new steam

dryer, where in a short time they are made fit to wear again. The medical division estimates that the per centage of illness resulting from exposure has been reduced to a minimum through this precaution. In addition there is never the usual slump in energy among the employees and the consequent reduction of production so often noticeable in offices when people are trying to work in a physically uncomfortable condition. As there are more than 3,000 women of virtually all ages and all heights employed at the Prudential home office the welfare division has to keep on hand a stock of slippers and skirts in a full range of sizes.

RESOLUTIONS OF RESPECT WINTERS CAMP NO. 1111 WOODMEN OF THE WORLD

Be it resolved by this camp, that in the death of Sov. R. P. Penny that we have lost a faithful member, the community a good citizen and the family a loving husband and father and we extend our sympathy to the bereaved family.

Be it further resolved that a copy of these resolutions be spread upon the minutes of our order, a copy furnished the family and published in the Winters Enterprise.—C. A. Byers, J. N. Key and J. I. Guffey, Committee

The Common Cold And Influenza

The Common Cold Is Contagious— It May Be the Forerunner of Influenza!

Rules to Avoid Respiratory Diseases:

1. Avoid needless crowding—fluenza is a crowd disease.
2. Smother each cough and sneeze—others do not want the germs which you throw away.
3. Your nose, not your mouth, was made to breathe through—get the habit!
4. Remember the three C's—clean mouth, clean skin, and clean clothes.
5. Try to keep cool when you walk and warm when you ride or sleep.
6. Open your windows or tent flaps always at night.
7. Improve your physical condition by chewing your food well.
8. Your fate may be in your own hands—wash your hands before eating.
9. Don't let the waste products of indigestion accumulate—drink glass or two of water each morning when arising.
10. Don't use napkin, towel, spoon, fork, glass, cup, or pipe which has been used by another and not boiled.
11. When air is pure, breathe all of it you can—breathe deeply.

PHOTOGRAPHS AND KODAK FINISHING

Why A Parent-Teacher Association

To raise the standard of the home. To raise the standard of schools. To promote acquaintanceship and understanding between the parents and teachers.

To unite them in co-operative effort for the improvement of conditions in schools and community.

In a nutshell here is the "why" of a parent-teachers association: To create a purposful parenthood, to offer means to parents and teachers of acquiring knowledge for the task of child training, to make the child and all forces which affect his welfare the center of all study and activity, to recognize the teacher as a trusted friend and the home's strongest ally in instilling the principles of honesty, purity and patriotism, arouse intelligent interest in civic, industrial and educational questions affecting child life in community, state and nation.

The annual membership campaign begins next Wednesday. Join!

RESOLUTIONS OF RESPECT

Whereas it has pleased our Heavenly Father to remove from our midst our beloved brother and comrade Klansman, James R. Wilson and placed him in the imperial realms beyond the tomb.

Therefore the Winters Klan No. 273 in klunklave assembled do hereby record our appreciation of the sterling qualities of our brother. He was a kind and provident husband and father, a man among men, a true American, and a Christian, worthy of emulation.

We hereby acknowledge the sovereignty of Almighty God, and bow to His will.

Be it resolved therefore that a copy of these resolutions be spread upon the minutes of the Klan, a copy be delivered to the bereaved family, and another be furnished to the Winters Enterprise for publication.

Approved by unanimous vote, February 16, 1925.—Committee.

COAL

School Notes

Basketball—Arthur Abtson AA and M. The gold medal offered the basketball man who displayed the best all-round playing in the Ballinger game was awarded to Auburn Neely. Auburn has not only shown himself a steady, excellent player all the year through, but he is a man who trains well. He is the best prospect as a track man that W. H. S. probably has. He shows more development with time and training than usual athletes and has proved himself to be a valuable man to the Winters high school team.

The various classes elected class historians and class poets, this week, for the annual. Alfred Lamotte is senior class poet and Ruth Nell Roberts, historian. Auburn Neely is junior class poet and Gladys Palmer is sophomore poet and Mary Ella Bradley, historian.

The students are selling tickets this week for the picture "Boy of Mine" by Booth Tarkington, to be presented at the Queen Friday night. The proceeds which come to the H. S. is to be used in purchasing baseball suits, equipment, etc. for spring athletic. Buy tickets from the students and help support a better school.

The sophomores celebrated Tuesday with a harmonious hike and picnic, led by their president, Dorothy Green and sponsor, Miss Barber, they left the school about four o'clock and celebrated until seven.

Kodak pictures was the feature of the afternoon. The happy occasion came to a climax by a feast spread under the bridge. The "feast" was seasoned with songs, jokes and stunts about the fire, which made the crowd reluctant to leave, when study time came.

The picnic served a double purpose in that it served to celebrate the sponsor's birthday. As the sophomores how she celebrated it in offering a little excitement with barbed wire fences.

The ball game with Abilene Hi. in Simmons Gymnasium was a big occasion to the student body Wednesday. Several cars of students and teachers drove over to "root" for the Blizzards. This is the last game of the basketball season.

Miss Maude Joe Fields, who was very ill Thursday and Friday of last week, is back at her desk this week.

Leon Campbell and Glee Ingram, Benton and Auburn Neely, will make up the girls and boys debating teams respectively, for the county contest

staged in the Interscholastic League. Debating and declamation is a phase of student activity that is sorely under emphasized in our high school. As much glory and honor attends the victory for one's school on the debating or oratory stand as ever attended the most important athletic contest. We should not deprecate the athletic field less, but the literary field more, making them rank side by side. Surely the former should not overshadow the last.

Leon, Glee, Auburn and Benton are spending precious hours of study and sweat in a back room, unnoticed and without encore. They should be encouraged and a sentiment for good oratory and high literary feats should thus be cultivated more and more in the high school.

Many students who are poor in prose often prove themselves to be excellent verse writers. So from time to time, for stimulation in the art of making verse and rhythm and causing students appreciate the technique as well as the sentiment of poetry, we shall furnish original poems for the school news. This week will be represented by two ninth grade girls.

AIRCASTLES

(By Dorothy Green, English II B)
In the fires last ruddy glow, it seems that I can see the myriad castles of my dreams,
Where there are no shadows, but skies are blue,
And I wonder if these dreams will ever come true,
Or will they moulder and die and rust
As the campfires turn to ashes and dust?

THE OLD SWIMMING HOLE

(By Gladys Palmer, English II B)
The trail that goes through the woods,
Leads to a bend in the old creek,
There, shadowed by willow trees,
The warm water is clear and deep.
The banks are covered in ferns,
There an old tree is soft with mold;
Oh, how our carts do yearn, now
For that good old swimming hole.

We are glad to learn that Mrs. Jim Miller of Wingate, after a severe illness of erysipelas, is recovering and hopes to be up again soon.

Mr. M. C. Odell of the Drasco community was in the office Wednesday transacting business. Mr. Odell said that he heard on the streets that our good friend Albert Spill was circulating the report that since we came to town he (Spill) had lost reputation of being the ugliest man in Winters and he (Odell) came in to verify the report. We don't like to talk about our good friend Spill so we will just omit Mr. Odell's verdict.

Income Tax Collector In Winters

For the convenience of those who file or may be liable to file Federal Income Tax Returns, a deputy collector of internal revenue will be at Winters, Texas, on February 23-24, 1925 to assist in preparing returns without cost. You may be liable to make a return and are not aware of the fact; it is of interest to you to give this matter your attention.

Tips that may solve income tax problems:

Income Tax In A Nutshell WHO MUST MAKE RETURNS? Single persons who had net income of \$1,000 or more, or gross income of \$5,000 or more, and married couples who had net income of \$2,500 or more, or gross income of \$5,000 or more must file returns.

WHEN? The filing period is from January 1 to March 15, 1925.

WHERE? With collector of internal revenue for the district in which the person lives or has his principal place of business.

HOW? Instructions on Form 1010A; also the law and regulations.

WHAT IS THE TAX? Two per cent normal tax on the first \$4,000 of net income in excess of the personal exemption and credits for dependents; four per cent on next \$4,000; six per cent normal tax on balance of net income. Surtax from 1 per cent to 40 per cent on net incomes over \$10,000 for the year 1924.

WHAT ARE THE EXEMPTIONS? \$1,000 for a single person, \$2,500 for a married person, or the head of a family, with an additional \$400 for each dependent.

Harmony News

Born to Mr. and Mrs. Robert Warren a fine girl the 9th.

We are having some fine weather. The farmers have finished breaking their land.

We are glad to report those on the sick list improving.

Mrs. Lillie West visited relatives in Ballinger and Coleman Saturday and Sunday.

Miss Gussie Burrows visited her mother in Ballinger Saturday and Sunday.

Mr. and Mrs. Guss Georheart went to Winters Friday.

Mesdames, Fred Georheart, Tunnells, Billie Reele, Lucy Wood and Miss Opal Guy visited the school Friday afternoon. The teachers prepared Valentine boxes for the children, they all received quite a number of Valentines and had a nice time.

Messrs. Henry Cummings, Andrew Cable, Andrew Cummings, Henry Seals and Rev. Autrey went to Winters Saturday.

R. A. Bishop and family visited in the Token community Sunday.

Mrs. Jim Seals visited her aunt, Mrs. W. F. Meadows in Winters Friday.

Mrs. Howard Wheeler and children of Sweetwater came home with her mother, Mrs. A. N. Cummings Sunday on a visit.

Miss Fay Seals visited Miss Drusset Boyington Sunday.

Mr. and Mrs. Hill of Benort visited their son, Auther and family Sunday.

Mrs. and Mrs. Bill Worthington went to Eagle Branch Sunday to attend church.

Rev. Preston Braxton filled his regular appointment Sunday afternoon.

Mr. and Mrs. Carl Smith and baby visited in the former's sister, Mrs. Charlie Bartee near Talpa the latter part of the week.

Mrs. Edgar Branham and children visited her mother, Mrs. T. H. Hill in Ballinger Saturday and Sunday.

We are sorry to report Mr. and Mrs. Stanley's baby being sick.

Mr. S. E. Hunt, local ticket agent of the Abilene & Southern, is building a modern 6-room bungalow south of the depot, in Westmoreland addition.

A. K. SCOTT, Pastor.

CARD OF THANKS

To our many friends and all who with their kind words and deeds were such comfort to us during the illness and death of our beloved husband and father, T. H. Moore, we take this means of expressing our heartfelt thanks and appreciation.

May God's richest blessings rest upon you all is our prayer.—Mrs. T. H. Moore and children.

The price of wheat is up so they are saying it with flour.

Less than half the service men entitled to the bonus have so far applied. In other words the half has not been doled.

In the District Court of the United States for the Northern District of Texas, at San Angelo

In the matter of Mack Lee Maples, Bankrupt.

No. 372, in bankruptcy. San Angelo, Texas, February 6, 1925.

Creditors of Mack Lee Maples, a farmer of Wingate, Runnels county, Texas, are hereby given notice that on the 2nd day of February, 1925, the said Mack Lee Maples filed his petition herein, praying for a decree of the court discharging him from all debts provable against his estate in bankruptcy save such debts as are by law specially excepted from such discharge.

Considering said petition, IT IS ORDERED that any creditor or other party in interest who may desire to oppose the granting of the discharge as prayed for, shall, on or before the 7th day of March, A. D. 1925, file with the undersigned referee, formal notice in writing of such opposition, and within ten days from said last named date, specifications of objection thereunder must be filed.

Charter T. Dalton, Referee in bankruptcy.

Mr. Mayes of Delia, Texas, some 75 miles below San Antonio, brother of Mrs. T. H. Moore, is in the city for a few days. He was called here on account of the death of his brother-in-law who was buried last Sunday.

Paper money breeds disease, says a headline. Well, if it needs a culture medium, here we stand.

Hoover is one statesman who does not care to be a farmer. He declined proffero of Secretary of Agriculture.

Modern Boy Ambitious And Able, Says Executive Who Has Helped Thousands To Higher Places

OGDEN and HIS BOYS

Those who question the flapperism of 1925 and mourn the jazzy maiden need have no fear that American youth considers life a giddy, dizzy plaything. Only one boy in a hundred is discharged for "freshness" from one of the largest business organizations in the United States. This testimony as to the sound moral fibre of the modern boy is provided by L. H. Ogden, of Newark, who starts hundreds of boys on their business careers every year.

"Practically all boys engaged by the Prudential Insurance Company at the Home Office in Newark begin their work in the mail department," explains Mr. Ogden. "I know boys pretty well, for I have dealt with them for thirty years at the Prudential. They are about the same now as they were years ago. We rarely have to discharge a boy for insubordination. Sometimes a little of the aggressive spirit, if not over-emphasized, is a helpful factor in his getting along. However, the 'too fresh' boy doesn't last long."

"Then there is the draw-back to the boy who is over serious—who is a man before his time and is

weighted by too heavy thoughts early in life. That type is liable to be an old man before he reaches twenty-one."

The boys at the Prudential begin as mail-boys, thus learning where the departments are located and the personnel of the office force in general. By the time each boy is qualified for promotion and is removed from the duties of his original assignment, he is ready to fill in various places and thus attains a broader acquaintance with the office. This method also provides an opportunity for closer enlightenment as to the young man's ability and general make-up.

The boys remain in the mail department only long enough to earn promotion. Just as soon as a department or a division head needs a boy or a position, it is filled from the ambitious ranks of the mail room.

Mr. Ogden says the boys often have dual personalities. During business hours they are serious, quite and hard working. A few minutes after the closing hour they may be seen in the role of the hilarious, modern American growing boy.

A BIGGER AND Better Service

We now have in transit, the Myer Both newspaper advertising illustrated service.

This is one of the best advertising feature services in U. S. we believe, and is our first step in making the Enterprise a better paper during

USE OF ELECTRICITY INCREASES IN WINTERS

Through information furnished us by Mr. Vanzandt, the popular manager of the Winters Light & Power Co., operated by the West Texas Utilities Co., we learn that the people of Winters are continually increasing the use of electricity for cooking purposes, and this information might also serve as a reminder of the steady and healthy growth of "The Busiest Little City in the West."

Mr. Vanzandt tells us that a year ago he had twenty electric ranges in use in Winters whereas today the number has increased to fifty-seven, and hardly a week passes now but what he adds a new one to the list, and sometimes more.

Write us for prices and other information. **RUSSELL COTTON BREEDING FARMS, ANNONO, RED RIVER COUNTY, TEXAS**

CHEVROLET DEALER RETURNS FROM MEETING

E. B. Kilpatrick and W. F. Brim returned from Dallas Monday where they attended a meeting of the Chevrolet dealers from all parts of the state.

At this meeting Mr. Kilpatrick said "that sales and service problems for the coming year were discussed by more than 400 dealers. Factory officials were present to meet the dealers, and from the reports given, showed that the Chevrolet sales were increasing."

Mr. Kilpatrick said that he saw the new Sedan, and every dealer expressed admiration for it. This new model represents many refinements and improvements in body and mechanical designs and will soon make its appearance in our city.

"There is hardly a feature of the Chevrolet that is not new, improved or redesigned," said Mr. Kilpatrick.

In speaking of the sales of the Chevrolet, he said "that 1,107 Chevrolet cars were sold during the Chicago Automobile Show, and that sales and deliveries in January were 40 per cent greater than for the corresponding month last year as well as January, 1923, which is a record that bespeaks well for the entire Chevrolet organization and reputation of this motor vehicle."

CAMPBOR ACTS QUICK

People are surprised at the quick action of simple camphor, witchhazel, hydrastis, etc., as mixed in Lavoptik eye wash. One small bottle helps any case sore, weak or strained eyes. Aluminum eye cup free.—Owens Drug Store.

It takes a vast army of men to trail a small regiment of bootleggers.

Congress Practices Economy

Congress refuses to yield the palm for practicing economy to any government institution, the budget bureau not excepted. In his annual report, issued today, William Tyler Page, clerk of the House, reported that he had turned back into the Treasury \$63,406.47 of last year's appropriation for the House.

"This represents economy practiced by the House," Page reported.—Washington Times.

Runnels Breeder Tops the Market

Harris Mullin, of Winters, was on the market Wednesday with a car of the highest-priced cows sold in Fort Worth recently, \$5.40 being received for a consignment averaging 956 pounds. Mullins is a sheep fancier, but announced that he had realized a fair profit on his cows, and expressed satisfaction with the market.

They were some of the famous Bar S cows and were from a point West of San Angelo. Mullin fed them on meal and hulls. He has on hand another car of cows and three loads of bulls, all of which are making good progress.—Fort Worth Star-Telegram.

PETITION IN BANKRUPTCY FILED HERE ON MONDAY

A voluntary petition in Bankruptcy was filed Monday in the office of the clerk of the United States court here by Charles Jovis Poor, merchant of Bradshaw.

Assets were given as \$9,909.06 of which \$6,100 was claimed exempt. Liabilities were listed as \$28,513.94.—Abilene Reporter.

Poe News

There has been quite a lot of sickness in this community from fever to pneumonia.

Clarence Davis' baby has been very low with pneumonia but we are glad to report he is improving.

The Misses Gladys and Ima Gideon were visitor of Poe school Friday afternoon.

Miss Mamie Gideon of the Pumphrey community was a visitor at the home of Mr. and Mrs. J. H. McDonald Sunday afternoon.

Alva McDonald is visiting friends and relatives of Crossplains this week.

Miss Gladys Gideon spent last Sunday night with her cousin, Miss Mamie Gideon.

R. N. Gideons baby has been ill for the last few days but is better at this writing.

Mr. and Mrs. Willie Balham entertained the young people last Saturday night by giving a party, all reported a nice time.

Miss Ethel McDonald of this community spent last Saturday night with Miss Mamie Gideon of the Pumphrey community.

J. W. Gideon and family spent Saturday night with his brother, R. W. Gideon and family.

C. M. Gideon was in Ballinger last week on business.

Poe Chapel will put on a program at the church Friday afternoon, everyone invited.

The farmers of this community are almost through breaking and they are looking forward to a prosperous year.

A government suit has been filed against an alleged peanut trust. But what about the trust of peanut politicians?

McAdams to Attend Bankers Convention At Brownwood

John Q. McAdams, cashier of the Winters State Bank, will leave the latter part of this week to attend the Sixth District Bankers Convention, which convenes in Brownwood Saturday. The officials of this great banking institution never miss a chance to attend these meetings, believing that by so doing they better fit themselves to render service to their patrons. Mr. McAdams will also visit Fort Worth during his absence.

Here's hoping you have an enjoyable and profitable trip, Mr. Mc.

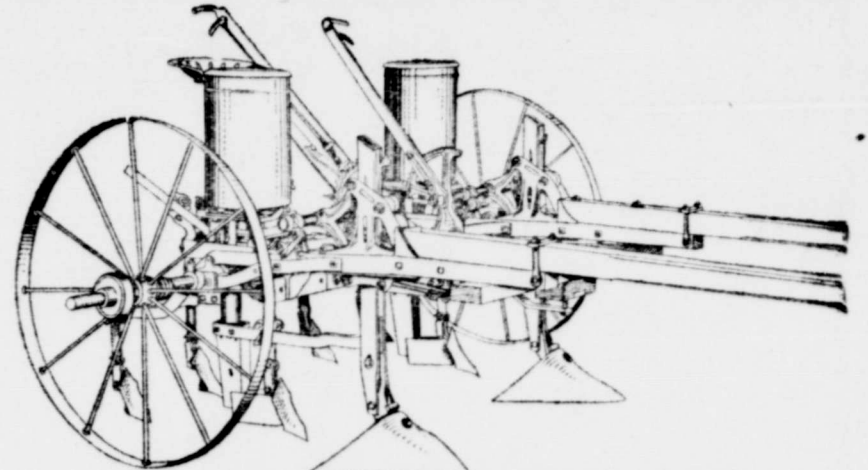

Dempsey will take the count May 20.

We would be more than pleased to have you to come in and inspect our line of White sewing machines. —SPILL BROS. & CO.

OLIVER NO. 221 PLANTER

The Oliver No. 221 Planter is a two-row corn and cotton planter, which is equipped with variable speeds, distributing both cotton and corn with a plate. Three plates for cotton with three speeds to each plate give nine variations of drop. It plants cotton seed in as small a quantity as desired. Corn can be planted close together or far apart in the row. An adjustable feature allows for planting rows from 32 to 40 inches in width.

General Construction

The frame is of high carbon steel which prevents twisting and protects the drive mechanism from stress which might interfere with ped through improper meshing.

New Chevrolets Sold In Chicago During the Auto Show

During the recent Chicago Automobile Show 1107 Chevrolet cars were sold at retail—a record never before equalled by any car exhibited at this show. Such records made, not only at the Automobile Shows, but by dealers throughout the country are fairly indicative of the public acceptance of the new Chevrolet.

Attaining a position as the second largest automobile manufacturer in the world during the last few years through producing a quality car to sell at low cost, Chevrolet this year offers far greater quality than ever before. The public has been quick to realize this fact and, as a result, the Chevrolet Motor Company has broken all previous January records for retail sales.

WINTERS GETS NEXT MEETING OF COUNTY MEDICAL SOCIETY

The Runnels County Medical Society held their first business meeting of the year on Thursday evening, February 12th, at the Central hotel, Ballinger.

The Winters doctors report a well attended and interesting meeting, with several visiting doctors in attendance.

Preceding the business session a sumptuous banquet was served. Dr. Joe Dildy of Brownwood was toastmaster of the evening. Several short talks were made, and among the speakers were Drs. Dixon, Rives and Sanders. The society was reorganized with the following officers elected for the ensuing year:

President—Dr. Dixon, Winters.
Vice-President—Dr. Maeune, Ballinger.
Secretary—Dr. Lassiter, Ballinger.
The society will meet in Winters on the second Thursday evening in April.

Messrs. S. H. Nance and Lanham Brown of Rising Star are in the city negotiating a deal for the local Ford agency. Owing to the fact that the deal is not entirely closed, we defer particulars of same until our next week's issue.

FORMAL OPENING MISSION THEATRE

The Mission Theatre, formerly the Hollywood, has been shut down for the past three or four days undergoing extensive remodeling, which makes this popular theatre right up in the front rank in the amusement world.

The Mission will have their formal opening next Monday, Tuesday and Wednesday, presenting that favorite of the silver screen, Harold Lloyd, in "Girl Shy." This picture will afford you seven reels of laughter, romance and thrills, along with the popular and instructive Pathe News reel.

Please look up the Mission's half page announcement in this issue of The Enterprise.

WINTERS NEEDS A GOLF COURSE

Why cannot Winters have a golf course?

Golf is becoming so popular that every city and town the country over has one or more courses.

The game of golf has grown in the last few years from a rich man's game to a game for everybody.

In popularity in the U. S. it bids fair to soon surpass our great national pastime of baseball.

There is no better exercise as well as an enjoyment for the tired business man than to pick up his trusty club, and journey out to the golf links and match his wits and skill against the antics of the illusive golf ball.

Winters can have a golf course and for a nominal expense to anybody who cares to go into it.

The Enterprise is for one, and will give any movement toward organizing a golf club all the publicity possible.

Why have to go to Abilene or Ballinger for a little recreation? Have it in Winters.

WANTED—To rent a small house by a party who is a permanent resident of Winters. Address Renter care Enterprise.

Tax Free Property

It used to be only churches and schools that were tax free property on a large scale, and state legislatures always had someone who enjoyed introducing a bill to place church property on the tax rolls.

We hear little or nothing of that any more, but in the past twenty-two years the value of real property exempted from taxation has risen to twenty-one billion dollars, says a National Board.

How such a vast amount of real estate and improvements can escape taxation, will become the subject of a great deal of inquiry and possible official investigation.

Considered on top of tax-free securities in the shape of municipal and state bonds, that are voted by the people for all manner of public purposes, the problem is a serious one and affects all investigations.

Friends of Mr. E. A. Shepperd will be pleased to learn that after an illness of erysipelis he is again down town in his insurance and loan office.

Mrs. O. M. Smith and Miss Mattie Lou Sullivan of Bronte, Miss Jessie Still of McMurry College, Abilene, and Miss Verna Smith of Simmons College, Abilene were visitors in the home of Mr. and Mrs. Riley Clark during the past week-end.

Chas. Moore and family of Winters, spent the week-end with relatives in this city.—Santa Anna News.

MRS. FLOYD ANNOUNCES FOR CITY SECRETARY

After carefully considering the encouragement of several of her friends Mrs. Roxie Floyd has decided to announce her candidacy for the office of City Secretary of the city of Winters—the election to be held the 1st Tuesday in April.

She feels that she is capable of assuming the responsibility of this office having had two years college work in the University of Mississippi for which she was granted a state permanent teacher's certificate in that state. Furthermore, she now holds a teacher's state permanent certificate of Texas which was obtained through work in Simmons College. She has taught school fourteen years—nine in Mississippi and five in Winters including this term. She has had a course in clerical work as well as experience in that work. This office will give her all year employment, which she feels is very important, where teaching gives her only nine months work.

If elected she promises to give her time and talent to the work, ready and willing at any time to serve the public to the best of her ability. She will appreciate your vote and influence.

From Everybody's Pocket

President Coolidge says he is convinced that the boarding of the field of federal aid, which is proposed for everything under the sun from reforesting the hills down to instructing women in the business of maternity is detrimental both to the federal and state governments.

We cannot abandon to the government the duties that belong to the states, the counties and ultimately to the people without losing the principle of independence and initiative upon which our form of government was founded. This system destroys the sense of direct obligation and makes the people, in effect, servants of the government—socialism.

Another thing: The government has no way of getting money for all of these projects except by taxation. Grants from the government are really grants from everybody's pocket.

Consider how they revile the poor oyster. It is just because its dumb and can't defend itself.

Buy of Winters merchants. They give you quicker, better service and far better values.

George Washington is nearly 200 years old and going as strong as ever.
