

PROF. A. H. SMITH RE-ELECTED SUPT. OF WINTERS SCHOOLS

At a meeting of the school board some weeks ago the board re-elected Prof. A. H. Smith superintendent of the Winters schools for the term 1925-26.

Supt. Smith has had the offer under consideration for the past several days and has definitely decided to accept the position. The school board and citizenship generally are to be congratulated upon securing this good man and educator to direct the destinies of our schools another term.

THE BAPTIST REVIVAL STARTED YESTERDAY

Contrary to former plans, the revival meeting advertised to start at the First Baptist church, owing to the illness of the evangelist, Rev. John G. Winsett, also of the pastor, Rev. Stephens, was delayed and did not get under way until yesterday evening. All plans made heretofore for the advancement of the Master's cause in Winters in this special effort will be carried out as near as possible, and a great revival is being prayed for and expected by the members of this congregation. If you have not been out and heard the pointed, logical gospel messages being delivered by the Rev. Mr. Winsett and enjoyed the good music being rendered by soloist, choir and orchestra, let this be your invitation to do so.

Mrs. John Hall underwent an operation at the Baptist sanitarium in Abilene Monday and is reported to be doing nicely.

W. W. Nance and family visited relatives in Clyde Sunday.

LOCAL SCHOOL ELICITS PRAISE OF SUPERVISOR

Local school authorities are in receipt of the report of the high school supervisor as made to the state department of education. The inspection of the schools was made some two or more weeks ago, and the inspector in his recommendations and report was very complimentary relative to improvements made within the past year or two. The following paragraphs were taken from this report:

1. That a modern high school building be provided as soon as possible. The present building has been very respectably improved recently, but it is not well planned and is not adequate for expansion of the course of study.

The town is moving toward a new building. It should get it within a year or two.

2. That commercial courses, cooking and sewing and home nursing, and agriculture be added as soon as is practicable. Some of these can be added without great cost.

3. That additional material and apparatus for science laboratories be provided—compound microscopes, models for physiology, equipment for studying bacteria, relief maps, more individual sets. The laboratory recently created is a most excellent beginning, and it seems to be in excellent hands as to keeping and using; it deserves improving.

4. That accrediting be asked in English for the third or third and fourth units; in plane geometry for one unit; in English history for one-half unit; in physics for one unit; in biology for one unit; and in physiology and physiography for one-half unit each.

The town is to be complimented on the great improvement in their school within the last year, and especially on raising the tax rate from fifty to one hundred cents as a foundation for good things in the way of a high school. There is a fine schoolful of young people, and they deserve opportunities equal to those enjoyed by boys and girls in other towns.

Easter falls on April 12. Boys, beware the eggs.

CITY WATER SHOULD BE BOILED BEFORE USING

After a thorough examination of samples of water now being pumped into the city mains, the State Board of Health confirms the statement of City Health Officer Fred Tinkle that this water is absolutely unfit for human consumption and should be boiled some fifteen minutes before it is safe to use. The letter received by Dr. Tinkle from the State Board of Health follows:

Austin, Texas, Mar. 18, 1925, Dr. Fred Tinkle, City Health Officer, Winters, Texas. Dear Dr. Tinkle:—We hand you herewith two laboratory reports showing bacteriological results of analysis of samples of water sent in by you from your city on March 13. The results of these analyses corroborate your previous statements. You will note that the city lake water, although having a high bacteria count, gave no evidence of the presence of organisms of the B. coli group at the time of collection, and therefore is of a satisfactory sanitary quality. On the other hand, the sample taken from the well, besides showing a very high bacteria count indicates a heavy pollution of B. coli in even the .1 c. c. dilution. The water from this well, therefore could not be recommended for drinking purposes, and it is advised that precautionary measures, such as disinfection, should be employed before it is used for drinking purposes. Very truly yours,
H. O. SAPPINGTON,
State Health Officer.

Mr. and Mrs. Chas. Chapman and baby leave this (Friday) morning for a visit with relatives and friends in San Antonio, San Marcos and other Texas points.

LAST NUMBER OF LYCEUM COURSE COMES APRIL 2ND

The last number of the Lyceum Course will come to Winters in the form of a lecture by Earnest J. Powell at the high school auditorium on the evening of Thursday, April 2nd. We understand from those responsible for bringing the high-class and educational numbers offered by the Lyceum Course, that they are short several dollars yet on the guarantee and it will take a mighty good audience at this number to enable them to break even. The admission fee for this high-class entertainment is only 25c and 50c. The following is taken from the advanced advertising of this number:

"The road to Mr. Powell's present position in the Lyceum has been a rough one; he is a graduate of the University of Hard Knocks. This statement is not intended to cast any reflection upon his excellent academic attainments, but to endorse him as a man to whom has come a deeper knowledge and a broader vision than that acquired in the halls of learning.

"As a farm hand, earning money to complete his college education, as a rural teacher, as a railway Y. M. C. A. secretary, as County Superintendent of Public Schools, and as an editor of a weekly newspaper, his work was characterized by great industry and he acquired that tactful manner, resiliency of spirit and philosophical turn of mind that crowned with conspicuous success his efforts as a Chautauqua business and platform manager.

"He recently completed a tour of one of the great Chautauqua Circuits delivering seventy lectures in towns of the Mississippi Valley, appearing on programs with some of the most-noted orators of America and throughout the season his lectures created unusual interest and we have received numerous requests for return dates. Mr. Powell is very effective in his dramatic inspirational addresses, and his practical and businesslike town boosting talks are of inestimable value to any community."

The Powell lectures include "Fancies, Forces and Facts," "Purposes in Education," "The Uncrowned Conqueror," "Behind the Man," "Boosting of Busting the Home Town."

FIGURING WITH LOCAL MAN ON HOTEL SITUATION

At the luncheon of the Lions club last Tuesday at the noon hour, the hotel question came up for discussion and it was decided to give the backing and co-operation of the club to Leslie Alexander of the Rock Hotel in an endeavor to procure a modern hotel for Winters and see just what could be done along this line. The proposition, as we understand it, would require an expenditure of some \$50,000 to \$60,000 which would complete and furnish a hotel of some thirty to thirty-five rooms with baths and steam heat. The club's hotel committee, composed of Lions Lynn, Monroe and Paxton, were instructed by the club to go into details of the proposition with Mr. Alexander and render every possible assistance in working out and formulating plans whereby the undertaking might be carried to a successful climax.

Lion Jones, chairman of the club's committee to confer with a like committee from the Chamber of Commerce, on uniforming and providing means to send the band to the meeting of the West Texas Chamber of Commerce to be held at Mineral Wells, reported the committee had attended to its work and at the proper time a drive would be made for funds for the band to purchase uniforms and provide transportation for the trip.

Rev. Gid J. Bryan, in speaking of the effort to organize a golf club, said he hoped the organization would be put over, as he believed some form of recreation for the business men was essential, and he also stated it would be a fine advertisement for the town if those organizing the club would insert a clause in its by-laws stating there would be no playing on the Sabbath day. He also stated that some kind of playgrounds should be provided where parents could mingle, play with and offer some form of wholesome amusement and entertainment for the younger people, saying that the parents who failed to provide these things and promote a comradeship between themselves and their children would come to the time when they would regret their neglect along these lines.

Mr. Leslie Alexander was a guest of the club, and Mr. Dan Lobow of Abilene was a guest of J. W. Monroe.

Oh, yes! We almost forgot to advise the ladies that the club is preparing to entertain them sometime in the near future, and to insure an enjoyable evening, E. A. Sheppard was appointed toastmaster for this special occasion, provided he would wear that delicate pale blue necktie which has caused so much envy among his many friends.

The backing of the club was asked for the installation of a 10,000-egg hatchery for Winters to be put in by a local citizen whose name was withheld, and like all good Methodists when the chicken, we mean poultry, question came up, Bro. Bryan immediately made a motion that the club give this proposition whole-hearted co-operation, which was duly seconded and carried. We believe this hatchery will, if constructed, prove a great impetus to the poultry industry.

You can't get a spring poet to admit the plow is mightier than the pen.

Talk of the auto camp is another sure sign of spring.

Mr. and Mrs. Robert A. Bishop visited relatives in Paint Rock Sunday.

HORSE FALLS ON MAN AT WINGATE

Mathias Huggins of Wingate sustained a broken arm and other bruises about the face last Sunday evening when the horse he was riding fell with him. We failed to learn any of the particulars of the accident. Last reports stated that Mr. Huggins was resting easy and under the circumstances was doing as well as could be expected.

Mexican Slays Two Officers

SKAGGS STYLE SHOW A GREAT SUCCESS

The style show and fashion revue staged at the Queen theatre last Friday night by the Skaggs Dry Goods company was an artistic and well arranged affair as the writer has ever seen in Dallas or any other place. This firm always does things on a big scale and you can rest assured when you buy from Skaggs you get the best to be had, as was evidenced by the showing of the latest things in ready-to-wear and millinery.

The stage was beautifully decorated with huge baskets of flowers and ferns with immense bows of soft ribbon, making one feel that spring had arrived in all her fragrance and glory. The scene was indeed lovely and Mrs. Skaggs deserves quite a bit of praise for her arrangement of the stage. Miss Mary Kinava, who is quite an artist in her line of work, came over from "The Mary Beauty Shop," to beautify the models.

The first to come upon the stage was dainty little Miss Athene Ramsel, dressed in a lovely pale blue canton crepe lace trimmed frock, which was a Mary Lynn creation, and Master George Graham, looking for all the world like a little prince dressed in a blue velvet suit, each taking a statue-like pose at opposite sides of the stage. Next came Miss Kathleen Johnson looking very lovely in a dainty lace trimmed accoutrement of georgette, taking her place in the center of the stage.

Miss Pauline Dunn wore a green charmeuse fur trimmed coat with a Gage sport hat of white. She also appeared in a lovely ashes of roses dress embroidered in Du Barry blue.

Mrs. Speer was very smart in a special style Kasha coat with a Maufflan fur collar and bands, with hat of corresponding color.

Miss Helvey appeared in an ultra smart ensemble suit of printed crepe with hat to match. She also wore an Elizabeth dress of flat crepe in crab apple color with a Samuel Ach hat.

Miss Jewel Nance was indeed lovely, dressed in an Infanta crepe heavily lace trimmed and a stunning Fisk hat. She appeared again in a lovely creation of georgette crepe of Spanish yellow, heavily beaded in gold.

Miss Bonnie Davidson wore a Peggy Paige frock of Du Barry blue georgette, heavily beaded, and a richly flowered Gage hat. She also appeared in a lovely ashes of roses georgette gown gorgeously beaded.

Mrs. Callan appeared in a stunning sport dress of black and white crepe with a Samuel Ach hat to match. She also wore a lovely printed chiffon frock in Castilian shade.

Mrs. Speer was very charming when she appeared in a costume of coral flat crepe and again in a smart ensemble of georgette crepe of maize color.

Mrs. Ruth Ramsel was indeed lovely in a nasturtium georgette crepe heavily embroidered in black and a black Samuel Ach hat. She appeared again dressed in a black georgette, heavily beaded.

Mrs. Hodge was the picture of style dressed in a Pompadour, fur-trimmed flat crepe ensemble costume with a picturesque hat to match, appearing again in an Olian dress of black printed chiffon and a beautiful flower-trimmed black hat.

Miss Leon Campbell modeled a Little Darling dress of printed crepe, which was a lovely frock for the junior miss. She also wore an Olian dress of black satin faced crepe, beaded with cut steel beads and a chic rose hat with streamers.

Miss Frances Foster wore a wonderful creation of green and beige print, trimmed in flowers and ribbons. She appeared again in a gorgeous pleated georgette of a lovely shade of green, with gold and flower trimmings.

Miss Carrie Flynt wore a Dorothy Knapp dress of green Korteze crepe and a beautiful hat of rose and green creation. She appeared again in a lovely georgette dress of floral

Local Citizens Take Part in Search for Murderer of Sheriff of Howard County and Constable of Merkel.

LATER

It is reliably reported on the streets of Winters that the Mexican who murdered Sheriff Satterwhite of Howard county and Constable George Reeves of Merkel, was found in a box car at Lawn about 3 o'clock, yesterday afternoon, the searching party locating him killing him on the spot.

Seniors Give Play At Paint Rock

The senior class staged their class play, "Better Than Gold" at Paint Rock Friday night. Among the leading characters are: Misses Juanita Pentocost, Charlie Graham, Irene Perry and Ruth Baldwin and Messrs. Bailey McCaughan, Clifford Rhoden, Oral Toney, George Key and George Poe. Miss Stephenson is director. "Better Than Gold" will be presented here sometime in April and publicity will be given it then. The play is one of some depth blended with humorous situations that makes the whole rendition a very worth while entertainment. Watch for further announcement and do not miss your own high school play.

"There is a school away out west.
Yip! Ae-addy, Ae-aye—
Of all the schools it is the best,
Yip! Ae-addy, Ae-aye."

Perhaps never in all the history of our high school has our blood tingled with real school spirit and thrills, electrified us for our school as Friday morning, when Prin. Robertson and Coach Childers spoke on "Getting Into" the game with Abilene. The baseball men were asked to stand and spontaneous cheers greeted each introduction. Captain McCaughan spoke of the teams determination to "fight," and asked the school to stand by in either victory or defeat.

With the many contests ahead of us next week in athletic and literary events, what student is so dead as not to feel that his school is the best of all the world?

The Junior declamation try-out will be held Tuesday afternoon at 4:30. There are some 13 or 14 contestants among the Juniors, while the Seniors will be represented by only two contestants, Charistine Barnett and Truett Barber. Out of town judges will be secured for the try-out.

Track practice is popular these days on Winters "Hi" grounds. Coach Childers and his men intend to carry away all the laurels at Ballinger next week-end, for Winters. Abilene high out-played us Friday, but Angelo is our next attack. The Blizzards blew them away in basketball. And our gale is still brewing for them.

Many an eagle now soaring in the political sky was once a lame duck. Eighty-three colleges of the country have 345,248 students—the "rawraw" materials.

Spring is the time of gardens. Some get vegetables out of their gardens. Some get chickens.

It is understood the turnover in White House flapjack production this winter is unprecedented.

Returns from the legislative halls bear out the assertion that of the making of laws there is no end.

It's difficult for a truthful man to become an enthusiast.

Interested in the advance showing of lawn mowers? Neither are we.

In an attempt to catch the Mexican who murdered Sheriff W. W. Satterwhite of Howard county and Constable George Reeves of Merkel, which crime was committed at a point 12 miles southwest of Merkel shortly before noon Tuesday, a posse of local men composed of C. Kornegray, Sam Kirby, Claud Hightower, Frank Frynt, Earl and Qute Rodgers, Sewell Havenhill, King Jordan and Chas. Wimberly formed Tuesday afternoon and left immediately for the scene of the chase which carried them to Mulberry Canyon, near Blackwell, some 65 or 70 miles distance. They returned home late Wednesday evening and when seen by an Enterprise reporter a member of the posse stated they had found no trace of the Mexican, but believed him to be in the Canyon; that thousands of armed men were scouring the country for him and owing to the character of the country, they were afraid the Mexican would kill more men before he was finally taken, provided he did not get entirely away. The report of the Abilene Daily Reporter of Wednesday, follows:

Bulletin 2:30 p. m.

Assistant Chief of Police Lige Jennings of Abilene and Sheriff Tom Hudson of Anson, dead tired after long hours on the field of action, came into Abilene at 2:30 p. m. Wednesday. They denied anybody had been wounded by the Mexican, as reported from Sweetwater. They said at about two a. m. the bloodhounds showed by their actions they were hot on the trail, but a short while later lost it completely. Since then no new trail has been picked up. Dogs from Lubbock are now being used.

With several hundred armed men beating the hills and canyons of southwest Taylor county, and with independent searching parties posted at strategic points surrounding the area, the most extensive and relentless man-hunt in the recent history of West Texas was continuing unabated early Wednesday afternoon.

The searchers were looking for a Mexican, Lopez Morales, who is wanted for the slaying of Sheriff W. W. Satterwhite of Howard County and Constable George Reeves of Merkel, at a point 12 miles southwest of Merkel shortly before noon Tuesday.

Not for a minute since news of the slaying reached towns in this section has the search for the slayer been halted. Armed men poured into the area in automobiles from half a dozen or more surrounding counties to aid the Taylor County citizens and officers in the search.

Wild rumors were floating around Wednesday. There was one rumor originating at Sweetwater to the effect that one of the possemen had been killed. This could not be confirmed. There was another rumor, also originating at Sweetwater, to the effect that one of the possemen had been wounded. This also, was unconfirmed.

The fleeing Mexican, believed to be accompanied by another Mexican who is said to have been forced to accompany the slayer because he knew the country, was believed

When a Mellinger Man Goes In Your Tire Troubles Go Out

OLIVER NO. 221 PLANTER

The Oliver No. 221 Planter is a two-row corn and cotton planter, which is equipped with variable speeds, distributing both cotton and corn with a plate. Three plates for cotton with three speeds to each plate give nine variations of drop. It plants cotton seed in as small a quantity as desired. Corn can be planted close together or far apart in the row. An adjustable feature allows for planting rows from 32 to 40 inches in width.

General Construction

The frame is of high carbon steel which prevents twisting and protects the drive mechanism twisting and protects the drive mechanism from stress which might interfere with ped through improper meshing.

MOSES CHOSE SENATE HEAD

Senator George H. Moses of New Hampshire, who was yesterday named by the Republicans in the Senate to be President pro-tempore of the Senate. His nomination is virtually an appointment, as the Republicans have a majority in the Senate. (New and especially posed portrait of George H. Moses.)

**ROWENA MAN
GAGGED; STORE IS
SET ON FIRE**

The second attempt within ten days to destroy the store of C. J. Weisner at Rowena was made about 8:00 o'clock Monday night and with it came the narrow escape from death of Mr. Weisner, proprietor of the store, according to a report of the near-tragedy.

Mr. Weisner was knocked in the head, bound with wrapping cord and gagged with a handkerchief and left unconscious on the floor of the building and the building set on fire. It is claimed that the thugs used kerosene in firing the store. The fire did little damage as parties appeared on the scene before the fire gained headway and using a chemical fire extinguisher up the blaze out. At the front of the store, and with

According to reports of those who talked with Mr. Weisner, three men attacked him in the store and when he resisted their efforts to rob his store he was slugged over the head, and says he did not remember anything that took place after being struck over the head, until he was dragged from the building and regained consciousness.

Mr. Weisner says that he was at his desk writing when someone knocked at the door. He opened the door to find a man with a drawn pistol and the visitor ordered Mr. Weisner to turn out the lights. Mr. Weisner told the robber that the switch was at the front of the store, and with his pistol drawn the bandit marched Mr. Weisner to the front and forced him to turn the switch, and then walking backwards with the gun drawn, the robber ordered the merchant to follow him. While following the robber to the back part of the store, Mr. Weisner grabbed an axe handle, and knocking the gun out of the robber's hand he struck him over the head and flogged him. At this time the two other bandits rushed into the store and took a hand in the fight which left Weisner unconscious on the floor. Mr. Weisner says that he did not know what took place after he was struck over the

head. Parties were attracted by smoke issuing from the building and breaking in found Mr. Weisner on the floor near the front door with his hands and feet tied and with a handkerchief tied over his mouth.

After receiving medical attention, Mr. Weisner soon regained consciousness and talked freely about the attempted murder and robbery. He said that the robbers were masked, having red handkerchiefs tied over their faces. The cash drawer was opened and it was said that \$25 in cash was missing from the drawer.

It was reported that three men were seen in a new Dodge touring car in Rowena a short time before the hold-up. The officers were on the job within a short time after the alarm was given, but could find no clue which promised to lead to the arrest of anyone.

On March 13th an attempt was made to burn the Weisner & Pustka store. The building was set on fire, or at least fire originated from some unknown cause about 10 o'clock.

MISS ELIZABETH SPENCER

Miss Elizabeth Spencer the eminent Soprano, assisted by Miss Lucille Collette, Pianist, heard in a unique recital at Simmons College auditorium on the evening of March 31st.

Miss Spencer is one of the best known Sopranos on the concert stage. Her voice is rich and colorful, of genuine soprano quality with this unusually beautiful voice, is linked a personality rarely met with and these qualities combined with splendid musicianship, make Miss Spencer a decided favorite in concert field.

Miss Collette is an artist of considerable reputation and the concert undoubtedly will prove one of the outstanding features of the musical season in Abilene.

Admittance will be by card of admission only which may be secured without cost by writing or phoning G. W. Waldrop & Co.

Mrs. Price Campbell of Abilene, and her mother, Mrs. Wm. Daniels of Austin, after a pleasant visit in the home of Dr. and Mrs. Maddox, have returned to their homes.

VELMA GRIFFIS, SECRETARY OF FRESHMAN CLASS

Velma Griffis was born April 12, 1911, in Winters, Texas. The family moved from Winters to Abilene and returned in the fall of 1924.

Velma came into high school at the mid-term and was nominated and elected secretary of the Freshman class on Feb. 24, 1925.

Although she is one of the new "Fish," she can swim in deep water does not notice the tease of the Sophs and other classes.

A Freshman Flapper.

She walked slowly through the town. Her head lifted high into the air. She glanced at the bulletin board and seeing Pola Neagri's picture, lifted her arms to her side and spoke: "Ah, old kid, you do look cute, but, oh, if your manager could only see me."

The Way of a Freshman.

The Freshmen of '25 boast exceedingly as being the greatest class of past history. Every member does all in his power to do what is right and necessary

for the upholding of its school. We fully realize the need of affiliation and we hope by the end of May good old Winters high school shall rank among the best schools of the state of Texas.

Why should it not, with the faculty which it has and their interest toward the pupils "The Way of a Freshman" is loyalty to its school, to the teachers and to their own interest.

Locals.

Victoria Dry, who has been sick with pneumonia for the past two weeks, is now back in school.

The class is very glad to announce a new pupil, Zelma Dawson of Oklahoma.

Brother Clark gave a very good talk in chapel Thursday of last week.

To the disappointment of the class, Mr. C. R. Smith is keeping the study hall before school each morning.

Latin is a dead language, but Miss Fields does not think so.

WARNING.—The Freshmen boys will not be responsible for the loss of red barn paint taken by our flappers. Public take notice and do not leave the above named where it might be found.

JOKES.

A Freshman—"Who was the father

of David's children?"

Mr. Roberson (lecturing on the rhinoceros in physiology class)—"Now, class, you must give me your attention, for it is impossible to get a correct idea of this hideous monster unless you fix your eyes on me."

Mr. Roberson—"What is your head for?"

Joe V.—"Oh, it is a knot to keep your backbone from raveling."

GLORY!

Glory be to the Fish and to the Faculty. As it was in the beginning, is now and ever shall be, "WORST" without end. Amen. Amen.

FISHERMEN, NOTICE!

We are feeding cattle on the river now. No more camping, fishing or picnicing will be allowed until after the 1st of May. Respectfully,—D. E. Sims & Sons, Paint Rock, Texas. 47-3tc

Stone milk crocks, safe and sanitary, keep the milk cool. Coupland's Variety.

J. W. Schindler, wife and baby carried Rev. Wehmeyer to Rescoe last week end and also visited in the home of his brother-in-law, Ben Miller, while there.

W. W. Oliver was attending to business in Abilene last Friday.

Also, President Coolidge has a whiskerless cabinet.

The states have sung the child labor amendment peacefully to sleep.

T. B. Ray is now working for the Hardin Lumber company, where he will be glad to meet and serve his friends and the public generally.

There's one trust that can't be probed at Washington. It's on the coasts.

Water jugs, keep your drinking water cool at the turn row. Coupland's Variety.

FASTURAGE.

Will pasture 50 or 60 head of stock; horses or mules preferred.—M. E. Harrell, 5 miles S. W. of Winters, Phone 4022.

Jim Ewing and family of Shep were visitors in Winters Monday.

Mrs. Shorty Hodge visited relatives in Ballinger Monday.

Miss Fannie Foster is the guest of Mrs. Sanford Hodge this week.

R. J. Reach is attending to business in the city this week.

Mr. Eaton was in Winters Monday representing the Grubbs Produce company.

It's impossible for greedy people to be grateful.

Why not buy your

Drugs and Toilet Articles

from a firm that gives you service? From men who appreciate every dime you spend with them.

We have been here over a year trying to give you better service each day. We also know for a fact that we have one of the best drug stores in Winters, and can back every word of it up with the goods and service.

Every item in our store is of the very best. We do not carry any off-brand drugs. Our entire stock is brand new in every respect. Therefore you get the best when you trade with us.

All we ask is one trial. Then we will convince you that we know the drug business. Also that we give the best of service.

BUY IT IN WINTERS

On November 29, 1924, Winters people had the pleasure of attending the opening of the "M" System in our city. Before entering this system Mr. Jim Smith was one of the leading grocerymen of the city, and he saw an opportunity for such a store, and realized that the people were desirous of paying less for groceries. Of course everybody is acquainted with the "M" System, with its savings, its cleanliness and other features.

Since the opening, the "M" System store has enjoyed a remarkable business, and is now a household word with the housewives of Winters.

Below we are printing a short history of the "M" System stores:

THE BRIEF HISTORY OF "M" SYSTEM

(By E. H. Carlton)

I am not an inventor, a financier, nor a man of big business, but I am a retail merchant and more than twelve years of my life have been spent behind the counter serving customers. Always I felt a growing need to simplify retailing; to make retailing an art and a profession rather than the usual daily grind which gives the average merchant only a bare living.

Back in 1919 after much experimenting at Walnut Springs, by chance I hit upon a rather unusual arrangement which formed the basic foundation for the present "M" System Stores. After three years of planning, improving and study, I believed that the "M" System of retail merchandising was a reality—revolutionize the old-fashioned ways, but would also remake the then coming self service system.

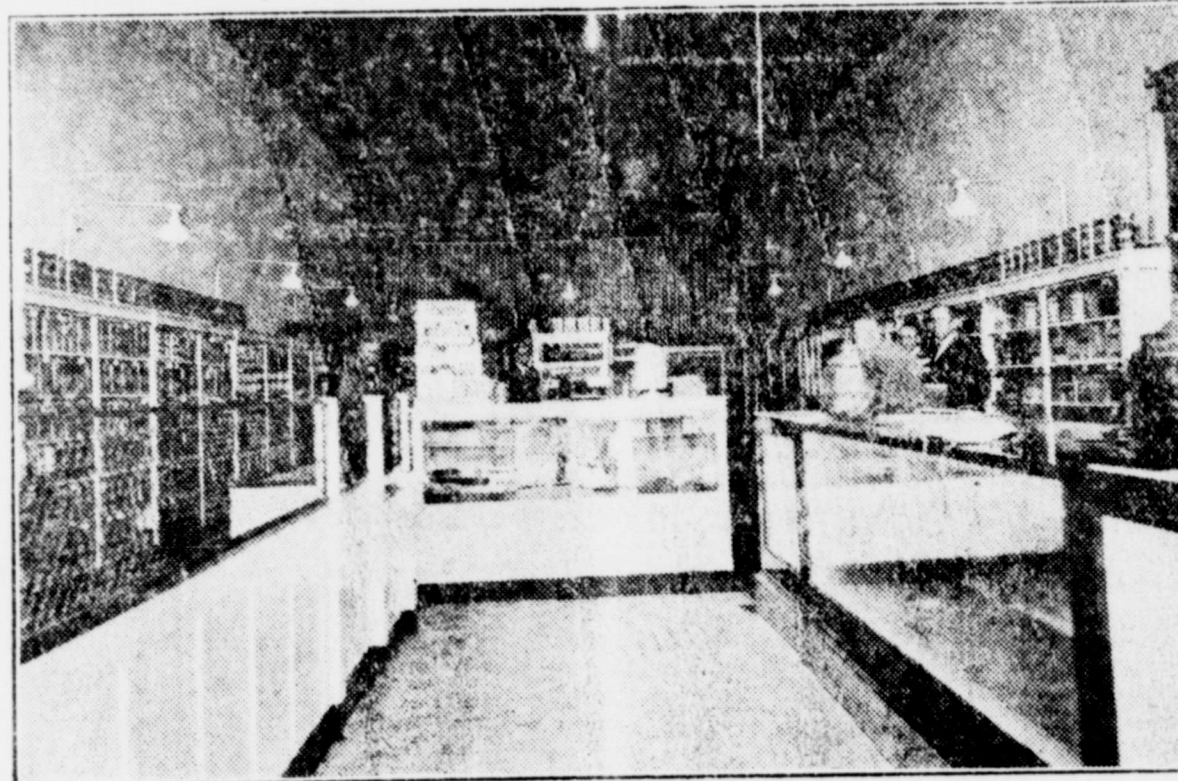

The Test

In the town of Clovis, New Mexico, on the 28th of October, 1922 the first "M" System store was opened. The fixtures were built with the aid of a cabinet maker from plans representing my three years of work. The town of Clovis was selected as a typical small town, in a state then none too prosperous, where the "M" System to succeed must work against hard times, established local competition and ties of friendship hard to break. I had no delusions, I knew the fight would be hard, but I wanted the acid test.

The volume of business of the original store justified a second, and within less than six months from the opening date of the first one store, No. 2 was opened. This store was as successful as the first original and both are today enjoying a prosperous business. Clovis is a town of 2,000 popu-

lation.

Bought Thirteen Fort Worth Stores

In November of 1925, Mr. J. B. Laski, sales manager for Harkrider-Keith-Cooke Company, became associated with me. We bought the chain of thirteen Turner and Dingle Stores in Fort Worth for the purpose of installing the "M" System equipment and putting to further test the merchandising plans which these stores for at least one year before offering contracts for "M" System stores in other cities.

As early as April and before we had completed the "M" System in our stores we felt a pressing demand from many sections of the country. Mr. V. R. Allen of Abilene, on a visit to Fort Worth saw the "M" System Stores in operation and was so enthused that he prevailed upon us to furnish him with the system and fixtures. In March, 1924, just one year prior to the printing of this booklet, the first contract was signed.

Today some three hundred "M" System Stores are in operation, representing a total valuation approximating \$30,000,000.00. One hundred stores are operating in Texas, Oklahoma and New Mexico; two hundred east of the Mississippi River and contracts are being granted daily in nearly every section of the country. Every one of these three hundred stores, without exception, has made and is still making very satisfactory profits.

Expansion

With the signing of Mr. Allen's contract for Abilene the demand became so great that we could no longer ignore it and were forced to deviate from our original plan and prepared to furnish the system and fixtures before the expiration of our allotted time.

A small building, 25x50 feet, located on Railroad Avenue was our first factory site. In a few weeks we outgrew this location and moved to the old Thompson Planing Mill in Luxton street where we had some additional machinery. Our third move was to the Camp Bowie Boulevard district for machinery. Our present factory, on the corner of Williams and Hayes streets (just one block north of the end of the Belknap car line) is fully equipped with modern machinery, has a floor space of approximately 30,000 square feet and works a large force of skilled craftsmen.

This phenomenal but healthy history offers indisputable evidence that a new and more perfect system of retail merchandising has been discovered. Although the fixtures are first in order, they are by no means the most important factor, but are given in this order to enable a more comprehensive understanding of the "M" System as a whole.

NEW SCHEDULE OF POSTAGE RATES EFFECTIVE APRIL 15

TO THE PUBLIC:
Please keep this for future reference:

The following changes in the postal rates will become effective April 15th, 1925:

First Class Matter.
The rate of postage on private mailing cards shall be 2 cents each.

Third Class Matter.
The postage on third class matter shall be 1 1-2c for each 2 oz. or fraction thereof, up to and including 8 oz. in weight, except that the rate of postage on books, catalogues, seeds, cuttings, bulbs, roots, scions, and plants, not exceeding 8 oz. in weight, shall be 1 cent for each 2 oz. or fraction thereof.

Fourth Class Matter.
There shall be a service charge of 2 cents on each parcel, except upon parcels collected on rural delivery routes.

Whenever in addition to the postage, there shall be affixed to any parcel of mail matter of the fourth class postage of the value of 25 cents with the words "Special Handling" written or printed upon the wrapper, such parcel shall receive the delivery accorded to mail matter of the first class.

Money Orders.
A money order shall not be issued for more than \$100, and the fees for domestic orders shall be as follows:

For orders not exceeding \$2.50, 5 cents.
For orders exceeding \$2.50 and not exceeding \$5.00, 7 cents.
For orders exceeding \$5.00 and not exceeding \$10.00, 10 cents.
For orders exceeding \$10.00 and not exceeding \$20.00, 12 cents.
For orders exceeding \$20.00 and not exceeding \$40.00, 15 cents.
For orders exceeding \$40.00 and not exceeding \$60.00, 18 cents.
For orders exceeding \$60.00 and not exceeding \$80.00, 20 cents.
For orders exceeding \$80.00 and not exceeding \$100, 22 cents.

Registered Mail.
Fees on registered mail carrying indemnification not above \$50.00 shall be 15 cents. Above \$50 to \$100, 20 cents. A fee of 3 cents shall be charged for a return receipt.

Insurance and C. O. D. Services.
Fee for insurance shall be 5 cents for indemnification not to exceed \$50.00; 8 cents for indemnification not to exceed \$25; 10 cents for indemnification not to exceed \$50; 25 cents for indemnification not to exceed \$100.

Upon payment of a fee of 3 cents a receipt shall be taken, showing to whom and when the same was delivered, which receipt shall be returned to the sender.

The fee for collect-on-delivery service shall be 12 cents for collections not to exceed \$10; 15 cents for collections not to exceed \$50; and 25 cents for collections not to exceed \$100.

Special Delivery.
(a) To procure the immediate delivery of mail matter weighing more than two pounds and not more than ten pounds, stamps of the value of 15 cents shall be affixed in addition to the regular postage. For mail matter weighing more than 10 pounds, stamps to the value of 20 cents shall be affixed in addition to the regular postage.

CARD OF THANKS.

ASTHMA

All forms quickly and permanently relieved. Many cases doctors pronounced hopeless and change of climate failed to help are now entirely free from that dreaded disease since using HOOVER'S IMPROVED ASTHMA REMEDY.
Ask your druggist for a \$1.00 bottle, if not absolutely satisfied with results after taking half the contents return the balance for the full purchase price.

Sold in Winters, Texas, by Owen's Drug Store.
Manufactured by GEO. D. HOOVER Mfg. Pharmacist, Inc., Des Moines, Iowa.

ITEMS OF INTEREST FROM C. OF C. SECY.

Among our people there seems to be a feeling of unrest. Impending drought, a lawsuit against the city, and the water question, all are causing a degree of bickering, and, of course, some animosity is engendered. There is grave danger of this becoming hurtful, as the good work towards unifying our people may be lost, and we break up into antagonistic groups. The great question before us is that of city building, and we know that cities do not happen, men build them. Come what will, let us pull together.

Statistics compiled since 1886 do not disclose anything alarming about the weather. Many years where the rainfall in January and February was light, we had great rains in April and May, resulting in fine crops, while others with good rains in the first months were followed by less, and a result of lessened crops. We must do as ever we do, remember that "He giveth rain in His season, and seed time and harvest are in His hand," and meet the conditions like men.

The suit, of course, will be settled in due time and our relations need not be strained because of it, and the great water question demands our most careful consideration and united efforts. In the mean time, let us fill our cisterns with good water from good wells and depend upon our city supply to tide us over for other necessary use.

So far this year Winters has made wonderful progress. Already twenty-six good houses with an approximate value of \$48,000 are built. Others are planned and other things of great value to any city are on the way. Among them is a fine prospect for a city system of free delivery of mail, to the extent of two routes and two carriers. One carrier will probably go west on Dale street, then south one block on August street; then east on State street to Arlington avenue, then south one block; then west on Lamar street to Frisco avenue, then south to Albert street, then east to Arlington avenue, then across the railroad going south from Dale street on Melwood avenue to Hamilton street, then east one block and back north on Church street, making a fine route and accommodating 124 families and 40 places of business.

The second route probably may be South Main street and Main street north to Jones street, then Truett avenue, then West Pierce street to Eason street, then south one block and east on West Truett avenue, then south on North Church street, making another fine route, though rather irregular, but accommodating

119 families and 50 places of business. Certainly this is a movement that is worthy of whole-hearted support. Two new mail carriers with their families as citizens, relief of our post office, mail at the door of those who desire it, more post office boxes to rent and another distinguishing mark that tells the difference between a town and a city.

What is our part in this forward step? Fix the sidewalks along the routes mentioned. These need not be of cement, but good cinder or gravel walks will fill the requirements, but, of course, cement walks are better. Then be sure that each house along the route bears its number. If the metal number is too expensive, paint the number over the door or on the frieze of the gallery. Your house is numbered and it may be secured by phoning the secretary.

FARM BUREAU MEMBERS TO MEET HERE SATURDAY

The members of the Farm Bureau Cotton association of Runnels county will meet in Winters Saturday, March 28.

Farmers are expected to be here from all parts of the county, and quite a large crowd is expected as the association has a large membership in the county. They will meet in the hall over the Main Drug company and sessions will begin at 2:30 in the afternoon. Many prominent speakers have been secured for this meeting, and subjects to be discussed interest every farmer. The following is the program:

2:30 to 2:40 Meeting called to order by Lynn Stokes, president.

2:40 to 3:00 "Farmers' Relation to Banking," by Jno. Q. McAdams.

3:00 to 3:20 "Should Co-operation among Farmers be Encouraged by Other Business Interests," by Bert E. Lowe.

3:20 to 3:35 "Why I Am a Cotton Association Member," by J. S. Neely, S. H. Meek, B. H. Marks.

3:35 to 3:45 "The Importance of Regular Monthly Meetings," by Henry Todd.

3:45 to 4:00 Question Box and Round Table Discussion.

Everybody, whether he be farmer, merchant or butcher, is cordially invited to attend this meeting.

Mr. and Mrs. E. Clements and Misses Carrie Flint and Jewelle Harris were visitors in Putnam Sunday.

Mexican Murder—

(Continued from page 1)

to be somewhere in the vicinity of the scene of yesterday's double murder. The country round about is extremely rough, and offers excellent hiding places for a fugitive. The Mexican is known to be well armed, and should he be overtaken a battle was the least that was expected.

National Guardsmen of Merkel, armed with a machine gun and over 1,000 rounds of ammunition, were ready for duty when their services were called for. A trench mortar, property of the artillery units at Abilene, was reported Wednesday to be available should the fugitive be cornered in an inaccessible place in the hills. Bloodhounds were being used in an effort to get on the trail.

Isolated farm and ranch houses throughout that section have been given warning of the presence in that section of the slayer, and every man, woman and child is on the lookout for him. There have been several rumors to the effect that he had been seen at various points, but none of these could be confirmed early Wednesday afternoon.

County Attorney Frank E. Smith talked over the telephone with Deputy Sheriff W. F. Whaley early Wednesday afternoon. Deputy Whaley said that at one time Tuesday afternoon they were within 300 yards of the fugitive, but he managed to elude them. The bloodhounds were unable to pick up his trail and keep it, and at about three o'clock Wednesday morning the trail was lost entirely.

At three p. m. Wednesday the last word from the scene was that "they don't know where the Mexican is now, but are still looking for him."

County Attorney Smith said if anyone had been wounded by the Mexican since the search started, he had not been informed of it.

The funeral of George Reeves who left a wife and children was to be held at five p. m. Wednesday at Merkel.

A dozen stories were current here Tuesday afternoon relative to the killing. Pieced together at points apparently the strongest of the officers were slowly working out the theory of the murder.

Satterwhite, according to Mrs. G. W. Richie, came to her house one mile east of Nubia, just before twelve o'clock. He asked if he could borrow her car to go for a doctor for Reeves whom he had left in the pasture nearly a mile north of her home.

"I backed the car out of the garage for him," Mrs. Richie said, "I went into the house. I heard a noise but thought it was a blow-out. I went to the door and saw the Mexican. He had fired at least three shots. I ran for my husband who was at work in the field."

G. W. Richie, owner of the farm where the killing took place, stated that he came to the house when his wife came for him. Pete Morales and the Mexican who did the killing came by the house just as he got there.

"The Mexican that shot the two men tried to get me to go down and get my car and help him escape," Mr. Richie said. "It was about a quarter of a mile down the road. I told him that it looked like it was wrecked and he had looked at it and seemed satisfied. He kept my wife and me and the other Mexican covered all the time with his rifle. He made me give him a drink of water, keeping the gun on us all the time."

Satterwhite, according to Mrs. Richie, apparently never saw the Mexican who was some 50 yards from and across the road north from the Richie home. He piloted the Ford down the road for nearly a quarter mile and in his dying breath is believed to have turned it towards the north fence to stop it.

The two Mexicans followed the car to where it stopped. When farmers went to the car they found that Satterwhite had been relieved of his gun and his body pushed down between the front and back seats. Only one shot took effect, this entering the back of the front seat at an angle and striking Satterwhite halfway between the waistline and armpit. It ranged upward and apparently struck his heart, it was said.

Only Mexicans lived to tell the story of the shooting of Reeves.

was going from Merkel Tuesday morning in an automobile to the Richie farm he overtook Lopez Morales about one mile from Merkel. He picked him up and carried him to the Richie farm. He did not talk to Lopez about the Big Spring killing, he said, though he knew Lopez was from Big Spring.

Lopez, the Mexican continued, went to work with the grubbing gang, though Pete remained at the house and was not seen all morning. About 11 o'clock Reeves and Satterwhite were seen coming through the bushes. The officers opened fire, Saminago said. He did not know whether Morales had drawn a gun but did not hear him shoot twice. He ran into the bushes, going north. Satterwhite picked up Reeves and carried him to a nearby tree. He then left, going across to the Richie farm house nearly a mile south.

Saminago said that the officers had left their car in front of Pete Morales' house, about one-quarter of a mile west of the place where the grubbing was being done. Satterwhite did not have his rifle with him, the Mexican said, and he did not know why the officer did not go back to his own car or whether Morales had cut him off from this.

Saminago said that after Satterwhite had gone Morales returned and saw that Reeves was only wounded. He shot him through the head and then set out in pursuit of Satterwhite. He did not see Pete Morales at any time. Lopez Morales took Reeves' gun and it is with this he is believed to have shot Satterwhite.

Mr. and Mrs. Richie stated that after the Mexicans left their house following the shooting of Satterwhite they headed north in the direction of the Mexican camp. Mrs. Richie stated that Pete Morales was forced to accompany his brother.

The search for the slayer continued vigorously throughout Tuesday afternoon. Each hour saw the posse increasing until by nightfall more than 100 automobiles and 500 men were at the disposal of the officers.

Sheriff H. T. O'Bar was in charge of the search, aided by Lige Jennings, assistant chief of police of Abilene, and Deputy Sheriff Whaley of Abilene. Officers continued to arrive throughout the night. Sheriff Biggs of Albany and his deputies and a posse from Baird reaching the scene about 10 o'clock Tuesday night.

Two bloodhounds reached the scene about eight o'clock Tuesday night. They were taken to the scene of the shooting of Reeves. For nearly two hours they struggled to pick up the scent but failed. Near ten o'clock Deputy Sheriff Whaley returned and stated that just before sundown he had found likely tracks at a point four or five miles to the south. They were carried to this point and within five minutes had picked up the scent. Five officers accompanied the dogs, the crowd of 500 men being held back nearly a half mile from the place where the tracks were located. Throughout the long hours of the night the dogs followed the trail and by early morning had advanced 10 or 12 miles. Exhaustion caused the men to halt the dogs. With the arrival of other dogs during Wednesday morning the chase was to be resumed.

Lopez Morales is described as being about 25 years old, low and heavy-set, with pock-marked face. He was said to be wearing a green shirt, blue trousers and a cap. Pete was said to be wearing a blue shirt and overalls and a white hat.

At nine o'clock Wednesday morning a posse from Abilene went out to the vicinity of View. County Attorney Frank E. Smith said an armed Mexican had been seen on the T. R. Smith farm near View at 7:30 Wednesday morning, and sent the party from Abilene to investigate.

Both Satterwhite and Reeves were popular officers. Friends of both from all parts of this section poured into the country around the scene of the killings to aid in the search for their slayer. Reeves had been appointed constable by the commissioners' court just a few weeks ago.

Funeral services for Sheriff Satterwhite were to be held at Big Spring Wednesday afternoon at 4 o'clock, with burial there.

We can sell you a windmill and steel tower, absolutely guaranteed to get the water and give satisfaction for only \$55.00.

J. I. Street & Co.
Sheet Metal and Plumbing Works

Sweetwater, Texas, March 25.—With more than 200 carloads of heavily armed men from Nolan, Runnels, Coke, Taylor and adjoining counties participating, greatest man hunt in recent years is in progress in rough, broken, hilly country where the four counties adjoin, as the slayer of Sheriff W. W. Satterwhite of Howard county, Deputy Sheriff George Reeves of Taylor county, Jaun Hernandez of Big Spring was being sought today.

The man hunt continued throughout the night. Bloodhounds from Paint Rock in Concho county were on the trail early. This morning two more bloodhounds passed through Sweetwater from Lubbock, and were put on the trail at once. During the night the scene shifted from Taylor county to the southeastern portion of Nolan as the bloodhounds sniffed the path of the fleeing Mexican. For a time activities centered around Dora, Nolan county. There was a report of suspicious circumstances near Lake Abilene, in the hills south of Abilene, and a large group of men left for the Smith ranch, near View, Taylor county.

Every rural home in the entire area has been warned by telephone.

Sweetwater, March 25.—The all night man hunt being staged for the Mexican Morales in connection with the murder yesterday of Sheriff W. W. Satterwhite of Howard county and Constable George Reeves of Taylor county had swung west into Nolan county at Dora, twenty miles south of here this morning according to reports reaching here. An unconfirmed report added that another member of the pursuing posse had been killed early this morning. Carload after carload of heavily armed men passed through here last night and this morning as authorities from a score of surrounding counties joined in the chase.

The fugitive has at least three and possibly more killings in his record. He was being trailed by Sheriff Satterwhite for the slaying of Jaun Hernandez, another Mexican at Big Spring Saturday.

"Tell Me Why" Birth Control At Mission Wed.

The Mission Theatre has booked an exceptional motion picture for showing in Winters on Wednesday, April 1st only.

The title of this different picture is "Tell Me Why," which has just been released in Texas and is controlled in Texas, Oklahoma and Arkansas by C. M. A. McCormick of Dallas, Texas, who will be here in person for the presentation at the Mission Theatre.

"Tell Me Why," dealing with birth control is a drama of great value, a tremendous human story of a typical American family caught in a maelstrom in existing conditions. A wife who does not realize the obligations of marriage. She is caught in the meshes of criminal thoughts. The situation is taken in hand by a man of the hour—a physician, who impulses and through laying in his past life, brings the young doubting wife to a full realization of her obligations to her God and to matrimony. An all-star cast portraying the characters.

"Tell Me Why," is a visualization of one of the most important and problematical subjects of the modern day, a photodrama for every father, mother, son and daughter to view and think about.

The success or failure in modern marriage depends upon the knowledge and not the lack of knowledge of the great sex laws. "Tell Me Why," knows all and tells all. You will learn the naked truth and see a vision of life before birth.

Clergymen, press and public have approved and endorsed this drama of mother love wherever shown.

"Tell Me Why," will be shown at the Mission Theatre on Wednesday, April 1st, because of the delicate nature of the subject there will be special shows for women only and men only. In the afternoon at 2:30, 4 and 5:30 o'clock women only will be admitted; at nights at 7, 8:30 and 10:00 o'clock men only will be admitted.

Style Show—

(Continued from page 1)

print, in rose, blue and silver. In an intermission between the showing of the newest things, Mrs. Ruth Ramsel sang in her usual sweet manner, "The Nightingale," and Miss Helvey gave a reading entitled "Roofs," by Joyce Kilmer. Both ladies are real artists and their part on the program was enjoyed by the audience, as was evidenced by the hearty encore given them.

The models taking part were very graceful and each one made a lovely picture as they presented to the large crowd the newest things in wearing apparel for women, for spring and summer.

Music was furnished throughout the entire show by Mrs. A. H. Smith at the piano and Mr. E. A. Shepperd on the violin.

After the show all the models were the guests of Mr. and Mrs. Skaggs at Jackson and Holcomb's drug store, where a two-course luncheon was served consisting of chicken salad sandwiches, olives, chocolate with whipped cream, nut ice cream, cake and mints.

The Skaggs Dry Goods company and Manager Hodge are to be congratulated on the great success of the evening.

"The Common Law" At Queen Theatre April 1-2

A selected cast of all-star players will be seen in "The Common Law," which will begin an engagement of two days, at the Queen Theatre on Wednesday, April 1st.

It ranks as a preferred photoplay attraction, which we feel sure all lovers of motion pictures will want to see. It is an adaptation of the story written by Robert W. Chambers, which was first published in serial form and later in book-form, which was sold in the hundreds of thousands.

"The Common Law" enjoyed a successful run on Broadway and has proven to be a great picture in all of the large cities in which it has played.

It is doubtful if any photoplay has ever been more lavishly cast. Beautiful Corinne Griffith, Conway Tearle and Elliott Dexter are co-stars.

Doris May, Hobart Bosworth, Miss Dupont, Bryant Washburn, Phyllis Haver, Harry Myers and Wally Van are others in the cast who are almost as equally well known.

Lots of city farmers make a specialty of sowing wild oats.

Mr. and Mrs. Shorty Hodge were among the many guests of Mr. and Mrs. Homer Hodge of Abilene Sunday, when they celebrated their 8th anniversary with an elaborate dinner.

Winters Has Come to Enjoy the Reputation

of being the cleanest little city in West Texas. We must merit that title. Civic pride is a decided asset to any community, but like anything, that is really worth while, bespeaks the interest and hearty cooperation of every man and woman, boy and girl of us.

We heartily endorse the clean-up campaign.

THE FIRST NATIONAL BANK

"More Than a Bank, a Community Institution"

A Laughter Sensation At Fire Company Called Queen Next Mon-Tues- Out Friday Morning

Samuel Goldwyn, producer of "In Hollywood with Potash and Perlmutter," which is said to be one of the most hilariously funny pictures ever seen on the screen, claims his picture is, in one way, very much like Shakespeare's "Hamlet." While one is comedy and the other stark tragedy, both make use of the "play within a play" idea. Only in "In Hollywood with Potash and Perlmutter," the play is screamingly funny—it being the initial venture of the famous clock and suits partners in the field of motion picture production.

The fire boys made a run to the Winters Confectionery, S. Main Tuesday morning.

A gasoline stove used by a hamburger stand became unruly.

A. M. Sparks succeeded in extinguishing the flames before the fire boys arrived, and in doing so, burned his hands and arms severely, which necessitated medical attention.

Spring poems are gradually coming out of cold storage.

The picture is the feature attraction at the Queen Theatre, Monday and Tuesday, March 30 and 31st.

"In Hollywood with Potash and Perlmutter" is an adaptation of the stage play "Business Before Pleasure."

Alexander Carr, the original stage Perlmutter, plays the same role in the picture, and George Sidney is seen as Potash. Others in the cast are Vera Gordon, Belle Bennett and Betty Blythe.

Much of the queerness affected by humanity is cultivated.

Social Activities

Mesdames Low and Jennings Entertained With a St. Patrick's Party

The climax of a series of parties occurred at the pretty home of Dr. and Mrs. T. V. Jennings on Thursday afternoon of last week, when Mesdames Jennings and Bert Low in their most charming manner entertained the Literary and Service club with a St. Patrick's party.

A green and white color scheme was very effectively carried out. Clusters of lilacs and snap dragons were artistically arranged through the reception suite, and pots of beautiful deep green ferns were seen here and there, lending a final touch of beauty to the scene. The green and white motif was cleverly carried out in contests, this being the diversion of the afternoon, proved to be very interesting. Mrs. H. O. Jones honored the party with one of her readings "A Letter From An Irish Maid" being both appropriate and pleasing. Then Miss Mary D. Taylor played beautifully as a violin solo "Mother Machree" accompanied by the victrola, after which a delicious salad course was served to the club members and the invited guests who were: Misses Mary D. Taylor and Jewell Harris, Mesdames Gid Bryan, L. W. Dixon. Out-of-town guests: Mesdames Leon Patterson of Dallas, and Dickerson of Ballinger.

St. Patrick Party

One of the most enjoyable social functions of the season was the St. Patrick's party given last Tuesday evening by Mr. and Mrs. Marshall Chapman at their pretty home on West Dale Street.

The rooms were prettily decorated with pot plants and the pencils and score cards favors, table pads and refreshments bespoke of the day.

The table favors were pretty little perfume bottles topped with green and the dainty plate favors were nut containers of little Shamrock hats. The brick cream was white and green, with the Shamrock leaf.

After a number of games of "42" were played a salad course consisting of chicken salad, olives, coffee and saltines followed by an ice course of cream and Angel food cake was served to the following: Dr. and Mrs. Jennings, Mr. and Mrs. W. F. Brim, Mr. and Mrs. Carl Davis, Mr. and Mrs. Faris Callan, Mr. and Mrs. Chas. Chapman, Mr. and Mrs. Bufford Owens, Mr. and Mrs. Horace Hawkins, Mrs. Merle Dobbs, Misses Francis Carr, Pauline Dunn, Loyle Kornegay and Messrs Haynes and Carlisle.

1ST. CHRISTIAN CHURCH

Sunday school 9:45. Ladies Aid Society meets every Wednesday.

The Sunday school will meet in the Chamber of Commerce rooms promptly at 9:45, and will dismiss in plenty of time for you to attend any of the other churches of the city.

Winters Creamery To Make Vanheller Ice Cream

The Winters Confectionery will soon begin the operation of their ice cream making department, manufacturing the Vanheller Ice Cream, first time ever induced in this part of the country.

The factory, of course, will start out on a small scale, but there is no doubt but the people will rally to the support of this industry.

Mr. Sparks, the manager is an experienced ice cream man, and says that if anyone once partakes of Vanheller ice cream they are sure to like it.

PASTURAGE.

Will pasture 50 or 60 head of stock; horses or mules preferred.—M. E. Harrell, 5 miles S. W. of Winters. Phone 4022.

Oratory seems to be coming back, as it should, and it is hoped that the elocutionists will not cause a detour.

**Throw it Away---
Beg it Back Later**

Man cannot change the laws of nature. Just as sure as night follows day will poverty and hardship follow persistent extravagance. You can't beat the game. But regular deposits in some dependable State Bank will grow into thousands as the years go by. Happy independence will be yours and at a small price.

Don't Spend it All!

WINTERS STATE BANK

"The Solid Bank Since 1906"

CLEAN UP TODAY

Abraham Lincoln said, "I like to see a man proud of the place he lives in."

So do we. So do your neighbors. Today (Friday) is clean-up day in Winters. You are urged to clean your premises of all rubbish and place in proper receptacles, and the city trash wagons will pick it up sometime during the day.

Everyone knows that unkempt lawns, and slovenly back yards reflect upon the whole neighborhood, and upon the town in general, so be a good neighbor and do your part, and help make Winters beautiful and clean.

CHEVROLET THIRD LARGEST MANUFACTURING CONCERN IN THE WORLD

During 1924 the Chevrolet Motor company was the third largest truck manufacturing concern in the world, being surpassed in the number of trucks sold by only two other automobile companies. Plans are now being formulated which, it is expected, will greatly increase truck sales during the present year and may place Chevrolet in second position for 1925.

There were nearly 24,000 Chevrolet trucks sold last year. These included both the commercial chassis and utility express types, the greater portion sold, however, being of the latter style.

An analysis of 1924 sales, R. H. Grant, vice-president and general

sales manager asserts, shows that farmers, dairymen, stock raisers, oil dealers and urban business requiring medium weight delivery cars were among the larger buyers of the utility express. A considerable number also were used for school buses.

The utility express has the regular Chevrolet valve-in-head motor but is constructed heavier at various points to conform to the requirements of a speedy, easily operated truck of one-ton capacity. It has exceptionally heavy semi-elliptic springs in the rear. The driving pinion and shaft are integral to eliminate any chance of back lash. Gears are specially heat treated and there is a special bevel gear drive at the rear axle.

The frame is of heavy channel steel, well supported by five sturdy cross members. Extra large brakes are used with an automatic brake equalizer. The transmission and disc clutch introduced on the new 1925

Chevrolet passenger cars are used on the utility express.

The commercial chassis is for light delivery work and closely follows that of the regular passenger cars except that it is equipped with heavier springs.

FIRST PHOTO OF VISIT OF GEN ERAL PERSHING TO CUBA, WHERE THE FORMER C. I. C. IS ILL

General Pershing received by Governor's Palace, Santiago de Cuba, last week. Governor Jose R. Barcelo is seen in center behind desk; General John J. Pershing at the left; and Brigadier General Herrera of the Cuban Army at the right.

EDWARDS HOLDS ABILENE TO SEVEN HITS

The Winters Blizzards baseball team bowed down in defeat at the hands of the Abilene Eagles Friday afternoon in the A. C. C. park by the score of 12 to 2. But in doing so they showed the Eagles that they would be hard to beat on their home field.

E. F. Edwards was the star of the Winters team. He struck out five men. He held the Eagles to seven hits, while the Blizzards got five hits, two of which were three-base hits. It is plain that errors lost the game for the Blizzards. The official scores credited them with 10 errors, while Abilene made only three. The Eagles obtained four runs the first inning, all on errors. After this inning the game was played fairly well.

The Blizzards gained much by playing this game and will give all opponents much competition for the rest of the season.

The Abilene Reporter gives the following report of the game:

The Abilene high school Eagles outthit their opponents here Friday afternoon and won from the Winters high school baseball team, 12 to 2 on Wildcat Field, A. C. C.

It was a one-sided affair from the beginning, the first four men at the bat scoring for Abilene. Abilene scored again in the third inning when two runs were pushed across. Walters led in hitting, getting two hits out of three times a bat.

The Eagles made seven hits to five for their opponents. Ten errors were made by Winters which accounted for a large part of the one-sided score.

Games Scheduled.

Winters at San Angelo, March 27. Miles at Winters, April 10. Ballinger at Winters, April 17. Abilene at Winters, April 24. Winters at Ballinger, May 1. Winters at Miles, May 8. Games will also be arranged with Bradshaw and Wingate on mid-week dates.

Track prospects look very bright with the following aspirants working out daily:

A. Neely, B. Neely, Fields, Knight, Lowe, Phillips, J. Key, Vancil, Flynt, Rhoden and Smith. In the distance runs the Neely brothers are going to be hard to beat. In the dashes Fields will probably be the best bet. Vancil is doing good in the jump and hurdles.

Mr. J. J. Ewing of Wingate was transacting business in Winters last Wednesday.

Mrs. Carol Mosley and baby of Big Spring returned home last week. Mrs. Mosley visited her brother, R. L. Mosley, and family of this city, and her parents, Mr. and Mrs. E. T. Brannon, of Hatchel while here.

J. L. Reagan and wife of Blackwell were shopping in Winters Tuesday. Although Blackwell is 23 miles from Winters, Mr. Reagan does most of his trading here.

Shorty Hodge made a business trip to Abilene Tuesday.

Announcements.

Sunday:—
Sunday school at 10 a. m.
Preaching, 11 a. m. and 7:30 p. m.
Sunbeams, 2 p. m.
B. Y. P. U. s, 6:30 p. m.

Monday:—
G. A. meets at the home of Mrs. Owen Ingram Monday afternoon at 4 o'clock. All other announcements will be made at the church Sunday morning.

Last Sunday was a great day even though Bro. Winsett, on account of illness, could not be with us. Bro. Key and Bro. Quindlen brought two very fine sermons. There were two conversions in the Junior department of the Sunday school and large crowds attended every service.

Senior B. Y. P. U. Program.
Subject: Missionary Meeting, Italy, Sicily and Sardinia.

Leader—Mr. C. R. Robertson.

Introduction—Leader.

"A Difficult Field in General"—V. E. Colburn.

"Some Specific Problems"—Mary D. Taylor.

"Power of a Publishing House"—T. J. Dunn.

"Trip to Stockholm"—Eunice Polk.

"A Glimpse of Our Several Fields"—Lillian Craig.

"Why Not Give Up Italy?"—Leader.

Piano solo—Lillian Craig.

Next Sunday morning the S. O. S. class will have charge of the opening exercises of the Senior department of the Sunday school. Let every senior be on time and bring some one with you. There were three new members in the Senior department last Sunday and four visitors. We hope that each one of you will be back next Sunday.

Citizen of Wingate Community Died Last Thursday

Mr. Carl Voss, a highly respected citizen of the Wingate community, died at the family home last Thursday morning.

Mr. Voss lived just over the line in Taylor county and came to this county 23 years ago.

He leaves a wife and several children.

Thirty-eight states are considering laws to curb auto speeders. That sounds like a big boost for the ten that do not seem to need them.

Say it with garden seed.

SAM ROGERS SLAYER IS INDICTED AT SHERWOOD

The grand jury at Sherwood indicted Gratton Davenport for murder last week in connection with the slaying of Sam Rogers a short time ago.

Davenport is alleged to have shot Rogers down on the streets of Merton without warning on February 23rd. Davenport has been in jail at San Angelo since the killing, having been denied bond.

Davenport will be arraigned before district court at Sherwood Friday and a change of venue will be asked in an effort to transfer the case to San Angelo. Judge W. A. Wright, an attorney for the defense, is opposing the change. It is thought the case will be set for trial at Sherwood for Monday, March 23rd.

Rogers was a son of W. H. Rogers of this city and was reared in this county. It has not been disclosed what Davenport's defense will be.

Hen scratch, chick scratch, the Superior feed in the Red Chain Bags. Jeanes Produce. 42ft

BILIOUS ATTACKS

From Which Kentucky Man Suffered Two or Three Times a Month, Relieved by Black-Draught.

Lawrenceburg, Ky.—Mr. J. P. Nevins, a local coal dealer and farmer, about two years ago learned of the value of Theford's Black-Draught liver medicine, and now he says:

"Until then I suffered with severe bilious attacks that came on two or three times each month. I would get nauseated. I would have dizziness and couldn't work."

"I would take pills until I was worn-out with them. I didn't seem to get relief. After taking the pills my bowels would act a couple or three times, then I would be very constipated."

"A neighbor told me of Black-Draught and I began its use. I never have found so much relief as it gave me. I would not be without it for anything."

"It seemed to cleanse my whole system and make me feel like new. I would take a few doses—get rid of the bile and have my usual clear head, feel full of 'pep' and could do twice the work."

One cent a dose. NC-161

Pain—a springtime magic.

Winters Fishermen Land a Big One

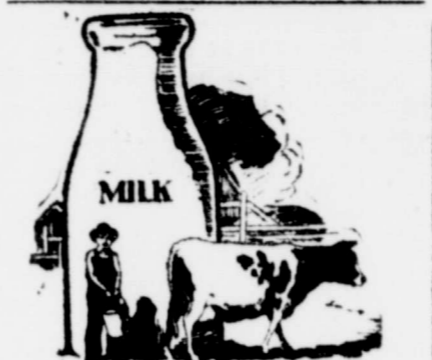

Tom Cummings, Woody McKisack and Guy Mullins returned the latter part of the past week from the Pecos where they enjoyed a very successful fishing trip, the largest fish caught weighing 37 pounds. We speak advisedly when we say this fishing trip was very successful for Mr. Cummings brought in to our office and gave to us some of the evidence, which was appreciated very much. Thanks!

Mr. and Mrs. W. A. S. Cobb of Coleman, who for several weeks have visited their daughters (Mesdames Bert Howell and W. E. Hickman, have returned home.

Mrs. Leon Patterson of Dallas was a recent visitor in the home of Dr. and Mrs. T. V. Jennings.

Mrs. Roy S. Curtis of Abilene is a guest in the home of Mrs. R. C. Maddox this week.

John Q. McAdams was transacting business in Austin the first of the week. On the return trip home he stopped over at Fort Worth.

TO SCREEN BY CAVE FAME

Homer Collins, whose name was spread across the continent by his agony at the entrance to Sand Cave, while his brother, Floyd Collins, died within, is to fill a motion picture contract at Hollywood, it is reported. After the publicity accorded the Kentucky tragedy it was felt that something like this was sure to happen. They can make a movie hero out of anything.

RELIEF ON WAY

Not by legislative enactment or by reports of commissions, but in better prices, agriculture is finding the solution or many of its problems. The grain farmer found many of his problems solved in raising prices for his products. The livestock men are at a similar turning point.

With the law of supply and demand, which controls the whole process, now working in favor of the producer, politicians will lose a precious opportunity to claim credit for the change unless they get a move on themselves.

Optimism as to the future is quite evident among stockmen. There is no use to clutter up congressional thought with remedial legislation for the farmer. He is on his way for a strong comeback.

WHAT AILS GASOLINE

It is easy to understand why turkeys go up just before Thanksgiving, and women's hats just before Easter. It is easy to understand why the hens won't lay, and why eggs become scarce when cold weather strikes. But what ails gasoline? Gasoline is not a seasonal or perishable commodity. Gasoline is not affected by style, the weather or pests. The price boost is not natural in origin, since there is no cause for it, and looks like manipulation somewhere.

LEAVING THE LAND

According to a survey made by an agricultural college, over 5 million souls have left the farm for a city in the last decade. The farm is the backbone of the world. It not only supplies the town with its meals, but with its men. Most of those who leave for the crowd are glad to get back again at a later period in their lives, sometimes when it is too late.

PLAYING AT WAR

Craft of the American navy is now engaged in playing at war in the Pacific ocean. One hundred and ten vessels are taking part in the game. It is said to be the greatest series of peace-time maneuvers ever attempted, and will continue throughout the months of March and April.

EASY TO TAKE

A prominent health official says that soap and water are the best disinfectants. There is at least no harm in trying them.

FARM BUREAU TO MEET HERE NEXT SATURDAY

All members and the public generally are notified of a meeting of the Runnels County Farm Bureau at Winters tomorrow (Saturday) at 2:30 p. m. in the hall over the Main Drug Co.—Henry Todd, County Representative.

Henry Todd, county representative of the Runnels County Farm Bureau, of Ballinger was in the city transacting business Wednesday.

Stone water coolers, for home or office use, at Coupland's Variety.

Bert Low of the First National bank is spending a few days in Austin and Fort Worth on business this week.

E. M. Hall and family visited with relatives and friends in Paint Rock last Sunday.

Congoleum rugs, 6x9, Gold Seal, guaranteed, at special price at Coupland's Variety.

The friends of Miss Rhoda Bryan, who was severely injured in an auto accident some two weeks ago, will be pleased to learn that she is still improving.

WINGATE MUSIC CLASS

The Wingate music class, taught by Miss Leila Harter, is progressing nicely and continues to grow in numbers. The honor roll of this class follows: Faye Ellie, Guyrene Mott, Mrs. Bessie Mosley, Mildred Smith, Maybelle Cole and Mary Lou Parish.

Competition may be the life of trade but it takes teamwork to make a good town.

DRASCO

Visitors to the Farmer's Short Course, Monday, March 16, were: Mr. and Mrs. Dee Jones, Mrs. Ocie Hunt, Jim West of Bradshaw, Mr. and Mrs. J. C. Watts and Rev. Speer of Winters, Mr. and Mrs. Robert White, Mr. Motley of Ballinger, Mrs. Will Parks and Mr. and Mrs. Collingsworth of Pumphrey.

Henry Hamilton, J. A. Horn and W. E. Jones were in Winters Tuesday.

Mr. and Mrs. Tony are the proud parents of a fine son.

Mr. and Mrs. Will Baker of Winters, former residents of Drasco, are attending the Methodist revival.

Guests in the home of Mr. and Mrs. Hugh Baker last Friday were: Mr. and Mrs. Harvey Baker, Mr. and Mrs. Albert Baker, Mr. and Mrs. Jones Mitchell, Mr. and Mrs. J. B. Ballew, Mr. and Mrs. Elmo Mayhew and Mr. and Mrs. Carlton Dobbins.

Mr. and Mrs. Boyce Gregory after a visit to Mr. E. W. Patterson and family, have returned to their home in Plainview, Texas.

Mr. and Mrs. Ocie Hoots were visitors at Wilmeth last Friday.

Miss Alice Moreland, formerly of Drasco, but residing now at Wilmeth, happened to a serious automobile accident. Her many friends wish for her a speedy recovery.

Mr. and Mrs. Pace visited friends at Pumphrey this week.

Miss Elva Massengale, who is teaching school near Luders, visited her parents, Mr. and Mrs. L. P. Massengale recently.

Mr. and Mrs. Joe Baker of Winters, were visitors in the Drasco community this week.

Drasco visitors to Winters last Saturday were: Mr. and Mrs. J. A. Horn, Mrs. Porter, Houston Puckett, B. Lewis, Buel Belew, P. C. Davis, J. B. Belew, Buford Smith, J. R. and Earl Seay.

Rev. and Mrs. John Riddle and Gerald and Geraldine were in Drasco Saturday.

Misses Ruth Wooten and Mamie Lou Campbell were visitors in Billinger last Saturday.

Prof. Bob. White and family of Ballinger, visited relatives here last

Sunday.

Rev. and Mrs. Speer, Mr. and Mrs. Drossett, Mrs. Munroe, Miss Nora Monroe and Miss Eura Bibb of Winters, attended the Methodist revival Sunday.

Mr. and Mrs. Luther Stephens of Moro attended the Methodist revival Sunday.

Miss Beatrice Mitchell, who is attending Simmons College, spent the week-end with relatives in Drasco.

Miss Margurite Mitchell, who is teaching in the Stone school visited relatives here Sunday.

Mr. and Mrs. Wood of Abilene, visited Mrs. L. C. Bibb Sunday.

Mr. and Mrs. Rush Allison of Abilene, were in Drasco Sunday.

Miss Zora Mitchell of Pumphrey, student of Simmons College, visited in Drasco Sunday.

The Methodist revival closed Sunday night with several additions to the church and a number surrendered their lives for special work.

Rev. Bart McRorer preached Sunday afternoon at the Methodist church.

The Baptist Sunday school is making preparations for a missionary program, which will be announced later.

The many friends of Walter Patterson will be glad to learn that he is again able to be out.

GIRL RAN OVER BY AUTO AT WILMETH

Alice Moreland of Wilmeth, while returning to her home from school Tuesday, the 17th, was run over by an automobile which broke her collar bone and one rib besides several other severe bruises. We learn through Dr. Dixon, who attended the young lady, that she is doing nicely and hopes to be up and in school again in a few days.

Aluminum canteens. Carry your own pure water to school. For sale at Coupland's Variety.

Rev. and Mrs. J. L. Speer and Mr. and Mrs. Dewey Speer left Tuesday morning for California where they will spend several weeks on a pleasure trip.

CHRISTY BROS. 5-RING BR. RIVES TAKING SHOW HERE APRIL 7TH. POST GRADUATE COURSE IN NEW ORLEANS

A horse ballet is one of the new presentations with Christy Bros. big five-ring trained wild animal show. Three squadrons of high-stepping horses are gracefully put through intricate figures of dance with rhythmic action without the assistance of riders. No stage favorite could convey a keener regard for time and picture effect than these equine dancers. The animals are beautiful specimens of aristocratic breeding, amazingly educated, and go through picturesque movements with a daintiness and precision of step that is thrillingly enjoyable. This feature in its varying entirety is one of the most fascinating equine offerings ever presented under a tent.

Then the new jumping horses are quite a new addition. A trio of highly bred, blublooded equines have been taught to make high jumps over obstacles that are really amazing. These steeds are champions in their class and the feats of leaping over the hurdles and other interferences is really astonishing to those who have seen feeble attempts to perform similar feats.

Sixteen high-school horses are also brought forward and they demonstrate in no mean manner how the equine is quite a factor in dancing and fancy stepping. They do all kinds of new stunts and one of the members of the troupe does a one step that is a revelation in horse training.

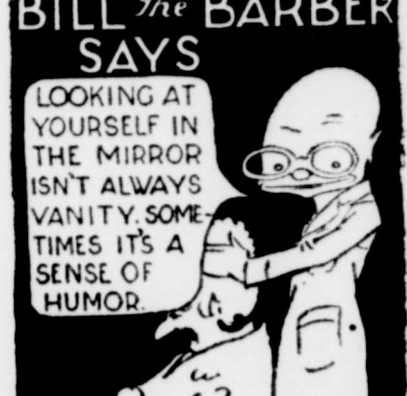

The equine features will all be presented by Christy Bros. when they appear in Winters on Tuesday, April 7th.

Dr. C. T. Rives, who believes in the old saying that "you never grow too old to learn," and endeavors to keep abreast with all the new and latest methods of relieving suffering humanity, left last Sunday for New Orleans where he will take a post graduate course in the treatment of diseases of the eye, ear, nose and throat, preparing to specialize in the treatment of these diseases.

We hope the doctor's trip will prove both pleasant and profitable.

August Spill, who gets his mail on route 2 out of Winters, was transacting business in the city Monday and called at The Enterprise office to renew his paper for another year.

Stone churns, all fitted with lids from pottery; one gallon up to 4 gallons, at Coupland's Variety.

PHONE 136

"TURNING IN"

"Turning in" has become an American obsession, an interesting entertaining, enchanting pastime which lures the fans even in the "wee small hours." Perhaps the most enticing part of it all is the ability of the receiver to make his own adjustments so that he can hear messages spoken, sung and played hither and yonder.

Vast strides have been made in radio, which makes one realize that this wonderful thing is just in its infancy, and as there are so many hundreds of thousands of people intensively interested, it is impossible to determine what the ultimate future of radio will be.

CROSS WORD NOVEL

An eastern publisher has announced the first cross word novel—a murder mystery story in which the plot is developed by the solution of cross word puzzles found at the scene of the crime. The reader aids the detectives by working the puzzles, and for those who are too impatient to brook this delay, the solutions of the puzzles are sealed in the back of the book. Pages on which the puzzles appear are of special paper which will stand enough erasures to permit the entire family to read the mystery.

MARK AT ZERO

After June the old German mark will be at zero. German marks held in the U. S. are said to total one quadrillion, with actual value not exceeding \$250, of which it may be assumed that not more than 30 cents can get one of the new gold marks for a trillion of the old marks now. You won't be able to do it after June. America is said to be the worst stung nation in the world in the matter, America speculated and lost.

Admiral Sims' idea seems to be that however much "backbone" a man may possess, he is seriously handicapped without arms.

PREPARING FOR COUNTY MEET

Ballinger, Texas, March 23, 1925. To the Members of the University League:—I have written the members of the executive committee and submitted a tentative program for their approval. All have answered except one or two, so I am announcing the program finally in this letter to you.

I hope that you will send in your entries just as possible, however, I believe that the rules say that these entries must be in ten days before the County Meet. Our County Meet will be held on the 3rd and 4th of April in Ballinger. We have tried to arrange a program that will suit the convenience of all.

The tennis will be held Friday afternoon and we can furnish three courts if necessary. We shall play the doubles first, beginning at 2 o'clock. The singles will be played immediately after the doubles are finished. We hope to finish the tennis Friday but can not tell until the entries are all in, therefore we ask that you get your entries in as soon as you can.

The preliminaries in debate will be held Friday night; the finals will be staged Saturday night.

Program.

9:30 a. m. Saturday, Essay contest, high school declamations.

10 a. m., Saturday, Spelling contests, all divisions.

10 a. m., Saturday, Music memory contest.

10:30 a. m., Saturday, Rural declamations, all divisions.

11 a. m., Saturday, Arithmetic contest.

11:30 a. m., Saturday, Extemporaneous speaking.

2:30 p. m. Track and field events. Any questions that arise in your mind, I shall be glad to attempt to answer if you will write me.

We have secured the services of four judges, two out of Abilene, Mr. Holden, associated with McMurray college, and Mr. Brewer, who is connected with the A. C. C. In addition we have asked that Supl. of schools at Santa Anna and Coleman, Messrs. Withers and Hufford, be with us. I shall try to secure at least one more judge for literary contests and if it meets the approval of the athletic director, I will be glad to get a man to help him handle the athletics.

Ballinger expects to pay the expenses of these judges by the sale of tags to our own people. In addition to this Ballinger Chamber of Commerce and the American Legion has agreed to give to the County League organization two loving cups, the first to go to the Class A championship and the latter to go to the Rural School championship. Winters is donating two cups, one to each of the debates, boys and girls. Miles is giving a cup to be awarded to the Class B championship winner of the county.

Rural as well as independent schools are cordially invited to enter into all activities of the meet. I hope that the rural schools will enter the track and field events for even if you have only one athlete he may possibly be the high point winner. I have seen the time when one or two men won the state event for a school. I know that often because they do not have a regular of one they fall to enter any at all. Do not let this be the case with our schools.

We also extend an invitation to all the people who are interested in this work to visit Ballinger on the days of the meet. We shall try to give you a hearty welcome and try to make you feel that you are really wanted.

Hoping that we may have a very pleasant and profitable meet, I am Sincerely yours,

W. A. CAIN,
Director General of County U. I. L.,
Ballinger

Bird Cunningham, son of J. W. Cunningham, is dangerously ill with dropsy of the heart. Prior to his illness he resided in Buffalo Gap. The Enterprise joins his friends in wishing for him a speedy recovery.

Mrs. Traff and family of Ballinger were guests of Mrs. J. Q. Lankford Tuesday.

Stone jars, in all sizes from one gallon up to 10 gallons. Coupland's Variety.

Misses Billie Cordell, Lula McElroy and Mrs. Sanford Hodge of Ballinger visited in this city Tuesday.

Mr. Egbert of the State Sanitary Department, Austin, was in the city last Friday. He says the water from the well which is now being pumped into the city mains is absolutely unfit for human consumption and that under no circumstances should it be used without first being boiled for fifteen minutes.

MUSICAL REVUE AT THE QUEEN TODAY

The Golden Gate Revue, a bevy of beautiful young ladies that will dance, sing and play their way straight to your heart and cause you to forget your worries, will be the attraction at the Queen theatre today and tonight. It is seldom you have the opportunity to attend a show the equal of the Golden Gate Revue, and you will thank the management for presenting this company, a company composed entirely of girls in their latest musical success.

The Paige Sisters, dancing stars, offer a repertoire of beautiful dances. Little winsome Lillian Kyle, nature's own comedy mimic, is sure to make you laugh, and Alice Heath will saxophone herself into your heart, playing the popular songs and melodies of the day. All in all you are assured a most pleasant evening. This company carries its own orchestra, stage settings and lighting effects.

JENNINGS—CARTER

Mr. Tillman Jennings and Miss Lila Carter were married at the home of Rev. W. I. Dunn Saturday, March 21. Mr. Jennings is a valuable employe of the oil mill, and Mrs. Jennings has been attending school here for the past five years. We wish for this estimable couple a happy and prosperous life.

Mr. W. H. Hasse, living on route 3, was a business visitor in Winters Wednesday. While in town he called at The Enterprise office and instructed us to keep the paper coming for another year.

Stone Chicken fountains, keep water fresh, cool and clean; 50c and 75c at Coupland's Variety.

Easter falls on April 12. Boys, beware the eggs.

DEBATING CUPS TO BE GIVEN

The student body voted Friday to present a loving cup to one of our debating teams, upon which challenge the Chamber of Commerce is offering another cup to be given the other team. Thus both the boys and girls teams are being offered the same incentive that the athletic teams are offered. The honor of carrying away the banner in debating, essay writing, declamation and other literary events is an honor equal with any honor that a student may bring to himself or his school.

"St. Patrick" Entertainment At Bradshaw

Bradshaw, March 23.—A "St. Patrick" entertainment was given by the teachers and students in the high school last Saturday evening at the old Methodist church. The church building being cleared of most of the furniture offered an ideal place for an entertainment. On this occasion it was decorated with green crepe paper for window shades, three-leaved shamrocks, pipes, pigs, plug hats, etc. All participants were dressed in Irish green.

Quite an appropriate celebration, too, as all four teachers, Mr. Norman O'Harris, Misses Ayres, Askew and Waddell, are of Irish descent.

A real "avenin' of diversion" in the way of contests, games, stunts, eats, etc., was enjoyed by all.

Doc Kelly and Albert Spill were fishing on the Concho a day or two the first of the week.

Ex-service men will please note Mr. Dempsey's announcement that he is about to abandon the fight game.

THE GREATEST COLONIZATION PROJECT EVER PUT ON IN TEXAS

The Henry Hagelstein Land Co., 406 East Travis street, San Antonio, Texas, is subdividing 20,000 acres of the richest land in Southwest Texas, and offering it to real home builders at prices and on terms unheard of before. This land is in the very heart of the famous Winter Garden district on the S. A. U. & G. R. R. near the Neueces river, and joins the Crystal City limits.

Crystal City is near the world's largest spinach market and in the center of the bermuda onion district. Every known vegetable and fruit except apples, grow to perfection and profitable.

We are in the heart of the shallow artesian water belt. We don't have to depend upon rain. Fortunes are made on one crop. One man paid \$22,000 rent on 47 acres of land on one crop, had \$33,000 left and went into the banking business. Another went in debt \$36,000 for a farm, paid for it in twelve months and had \$8000 left. One man has shipped over \$50,000 worth of spinach this season.

Mr. Miller, who at one time was a blacksmith in Winters, is near us and has one of the most beautiful, as well as valuable and profitable home and farms in Southwest Texas. We went out to see his home on the 18th. Mrs. Miller was watering some grape cuttings and flowers, while a bunch of little children followed her. I asked how she liked her home and the country in general. She said, "Man, a woman that could not be happy situated as I am, is either crazy or has no husband. Here I am in a nice home, surrounded by my oranges, lemons and grape fruit, all in full bloom. Roses in bloom, my date palms putting on great bunches of dates, my bananas growing and I can go out any morning and pick my own strawberries for breakfast and something to sell every day. Why should I not be happy?"

I told her I was going to bring some of the Winters people to see her. She said, "Bring all of them. We need them and they need this

country." Three paved highways will go through our lands. The great International highway from San Antonio to Mexico goes through Crystal City and our lands to Eagle Pass, which is only 36 miles from us.

Parties selecting their lands now will have the great advantage of being on a paved highway and close to the city schools.

We know these statements sound unreasonable. We know that all land salesmen are regarded as liars. But, listen. Mr. Henry Hagelstein is the only man who has ever gone to the state officials and secured a permit to colonize land in Texas. Every photograph, every word of advertising and every statement of salesmen must conform to the blue sky laws of Texas. Mr. Hagelstein is known personally by thousands of persons in this section, who do not question his honesty or sincerity. He is making his home in the Winter Gardens and persons going there will have his whole-souled cooperation.

I make weekly trips in cars. It costs you nothing to go and see for yourself. Onion shipping begins this week. I will be at Mrs. H. C. White's rooming house on the 28th. Come in and line up to go with me on the 29th or 30th.

A. J. OLIPHANT.
NOTE—This is written without the knowledge of Henry Hagelstein, but is true.

R. L. Stokes made a business trip to Ballinger Tuesday.

Presbyterian Notes

Senior Christian Endeavor.

Senior Presbyterian Christian Endeavor met at the usual hour Sunday evening. Leader, Mrs. W. E. Johnson.

Subject, Winning Others to Christ. This was the third of a series of meetings on evangelism. We had studied Christ's method of soul winning and the preparation we ourselves should make for the work; the work itself, and how it should be done.

Next Sunday we are to pursue the subject still further in our survey of evangelistic missions.

Topic for Sunday, March 29, 1925: "Friendliness as Expressed Through Evangelistic Missions," Mat. 9:35-38; Acts 8:25-37.

Daily Bible Readings.

Mon. Friendly Visits—Mat. 10: 11-15.

Tues. The Friendly Message—Luke 4:16-21.

Wed. Friendly Helps—Acts 14: 8-10.

Thurs. Goodwill to Men—Acts 3: 1-26.

Fri. Breaking Down Prejudice—Acts 10:24-48.

Sat. Establishing a Brotherhood—Acts 2:41-47.

Mrs. Hal T. Smith will be the leader for this meeting.

If this Endeavor is to be soul-winning society and its influence felt, in the church and town we must have sincerity, willingness, enthusiasm, choirmen and committees that work. Home study of God's word and earnest prayer.

Ladies' Auxiliary.

The Presbyterian Ladies Aid met on March 23 at the home of Mrs. Callan. There were ten ladies present. It being the end of the Auxiliary year, there was an election of officers for the new term, which were as follows: President, Mrs. W. W. Hall; vice president, Mrs. Vance; secretary and treasurer, Mrs. Dunn; press reporter, Mrs. Callan.

After the election the minutes were read and approved. The reports of the past year were also given. The afternoon was not only one of social activities but with the cooperation of each member our usual work went on for the upbuilding of our church. The next meeting will be at the home of Mrs. Gaston.

WHAT'S NEW?

Practical tests looking to the development of power from the geysers of Sonoma County, California, are being made by scientists of the Carnegie Institution. Volcanic heat as a source of power has been successfully developed in Italy and there seems no doubt that American volcanoes can be utilized in the same manner.

Pioneer Citizen Passes Away

After six months' illness C. Voss, aged 62 years, passed away at his home in Wingate March 18.

Mr. Voss had been for many years a citizen of this county and a man who was an uplift to any community. He came to this county 22 years ago from Guadalupe county. He was a member of the Lutheran church and will be remembered by his friends and loved ones as one of the best and most devoted Christian characters.

Interment was made in the Lutheran cemetery at Wingate, the Rev. H. C. Wehmeyer conducting the services.

Mr. Voss is survived by his wife and three sons, Rheinald, Edwin and Adolph.

STOCKHOLDERS MEETING

You are hereby notified of a stockholders meeting of the Farmer's Gin Co., to be held in the Odd Fellows Hall, Tuesday, April 7th, at 2 p. m.

Peddy-Mayfield Ballots Destroyed In Washington

The ballots, nearly a million, in the Peddy-Mayfield election case in Texas, taken to Washington for a count, preliminary to the contest over Earle B. Mayfield's seat in the senate, are being used as fuel to supply heat for the capitol.

There were nearly eight truck loads of these ballots and they are being burned in the government heating plant.

This is deemed to remove all further attempts to contest Senator Mayfield's seat during this term for any acts alleged to have been committed during the 1922 election.

WINTERS HAS NEW DRESSMAKING SHOP

A new shop, known as the "Modern Dressmaking Shop," has been opened in the rear of the "Fashion Hat Shop," where sewing of all kinds will be done, plain or fancy; also dainty little baby's clothes a specialty.

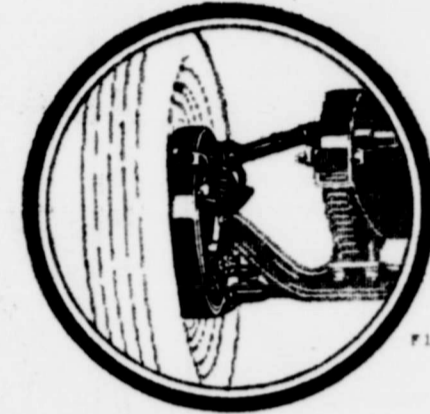

How Do You Like This?

One good used violin with bow and case, \$15. Cabinets for \$7.50 and up. A solid leather chair, \$10. One new King slide trombone with case, \$90. Cleveland and Son.

Mr. and Mrs. John R. Powell and Mrs. Sam Carter of Tuscola were shopping in Winters Tuesday.

WHY THERE ARE MORE THAN A MILLION

Buick Four-Wheel Brakes

Of the more than a million Buicks in use today, the last 350,000 built have Buick mechanical 4-wheel brakes. On these 350,000, Buick 4-wheel brakes have proved their increased control and safety by faultless operation through nearly two years, in every extreme of weather.

DAVIS-PATRICK MOTOR CO.

If you add to all the operating advantages of Hot Point Electric Range. The great human service it renders, you will agree that it one of the liveliest electrical appliances ever offered American public. It is clean as only electric cooking can be. It makes no smoke, does not heat the room and makes no greasy, sooty pots and pans.

Winters Oil Mill

Hints On Feeding For Higher Egg Production

The wild fowl of India from which the domestic hen originated lays about two dozen eggs in a season. In order to secure the high production expected of our flocks today, we are calling upon them to digest food more rapidly and more efficiently. To make this possible some of the food must be ground, and a high or economical production cannot be secured unless this is done. It is still necessary, however, to give some un-ground grains to induce exercise and maintain the bird's appetite. Exercise and appetite are necessary to health and production. Let us keep in mind, then, that we are to feed a mash of such a nature and in such a manner that the maximum of eggs can be produced, and feed the grains in a way which will provide the greatest inducement for exercise.

Ground feed may be fed in a trough or hopper to keep it clean and to save labor, but the value of grain is largely lost when it is made easily accessible on the bare floor or ground. Six to eight inches of dry, clean litter should be maintained on the floor and the grain buried in this both winter and summer. About 20 per cent of the grain mixture can consist of feeds like oats, barley, cane or millet which are more slowly eaten, lengthening the scratching period and providing a gauge as to whether too much or too little is being fed.

A change from day to day in what is fed will upset the bird's digestive system. This is often done to stimulate her appetite, but a much safer means is the giving of a good variety every day. There should be a minimum of three grains in the scratch feed and foreign ingredients to the mash accompanied by a supply of meat materials and green feed. A small flock benefits very much from table scraps in providing variety.—O. C. Krum, Poultry Specialist, Colorado Agricultural College.

EMERGES FROM ALLEY WITH ONLY TIE AND SHIRT ON AFTER BEING HELD UP

San Antonio, Texas, March 23.—One bow necktie and a shirt.

That was all a lone bandit left Virvil M. Walleck, 509 Delaware street, after holding him up late Sunday night in a dark alley between Weinrich and Martin streets.

His coat, trousers, vest, hat, socks and other available articles of wearing apparel, all of which Walleck wore when the bandit held him up, were taken.

Such was the statement the victim made to Police Detectives Fox and McDonald, who found him hiding in an empty barrel.

"OPEN DOOR POLICY" FOR MOTION PICTURE INDUSTRY

New York, March 23.—Establishment of "an open door" department in the motion picture industry, through which the public is invited to enter with suggestions and criticisms, was announced here by Will H. Hays, president of the Motion Picture Producers and Distributors of America.

"We invite the public," he continued, "to come in and tell wherein and why we are not—if we are not—measuring up to our job of making the motion picture industry the force it should be in promoting the best American ideals. We invite suggestions, helpful criticisms, constructive thought and every sort of viewpoint that will aid us in bringing the motion picture up to be the outstanding public influence that everyone wants it to be."

With Christy Bros. Wild Animal Show, Here April 7th.

HEADLIGHT LAW WORK STARTED

Austin, March 25.—Work of acquainting the county commissioners' courts with the provisions of the new headlight law passed by the 39th legislature has been started by Read Grandburry, author of the bill, who has accepted the position of headlight engineer for the Texas Highway Department.

The law specifies the manner in which the beams of the headlight shall be cast and not the type of reflector or lens to be used. It also provides that testing stations shall be under control of the county commissions.

Clean-up. Clean-up.

Trash wagons will cover the entire city Friday. Have your rubbish ready.

Thirty-eight states are considering laws to curb auto speeders. That sounds like a big boost for the ten that do not seem to need them.

Say it with garden seed.

BALTIMORE CONFERENCE IS AGAINST UNIFICATION

Washington, March 25.—The Baltimore conference of the Methodist Episcopal Church South, voted today against the unification of the Northern and Southern Methodist churches 141 to 37.

Get your trash ready to be carted away.

If there is anything the matter with modern young people it doesn't come from lack of advice.

Advocates Better Homes As Best Curb For Social Unrest

DULUTH MINN.

EDWARD D. DUFFIELD

MODERN HOMES AND THEIR SPONSOR

"One of the greatest sources of social discontent is that of improper and unsanitary housing which occurs in our large cities," is the contention of Edward D. Duffield, president of the Prudential Insurance Company, which organization during 1924 relieved the housing shortage by making loans on dwellings and apartments covering property accommodating 25,878 families. Above are three homes made possible through this policy.

"We are trying our best to meet this situation," he has said. "We are trying to make it easier, year by year, for the man who wants to build a home to do so. We are going to try and see whether we can develop a system under which we can make loans during the processes of construction with safety. We are going to try to make it easy for the honest up-

right American citizen who wants some help in order to build a home. We are going to make it just as easy for that man as we can do, having due regard to the fact that we are the trustees of other people's money."

"It seems to me we should give consideration to the fact that there are instrumentalities and agencies engaged in endeavoring to wipe out the slums that now disgrace the great cities of this country and substitute therefor decent housing facilities. I say that the Prudential ought to get back of every such movement. And I say that one of the missions of this company of ours is to make America a better America, and you can not do anything, in my opinion, that will more surely aid in this direction than to give people decent places in which to live."

OUR Sale Continues

Take advantage of our bargains while they last. Here are some of them:

- Men's Carlsbad and San Ann Hats only \$2.69
