WINTERS, RUNNELS COUNTY, TEXAS, FRIDAY SEPTEMBER 18, 1925

NUMBER 20

A Need Which Must Be Filled

If we started out to enumerate the many good things with which Winters is blessed it would take many lines of type and a lot of work to gather and list those things.

But, on the other hand, it wouldn't take very long to list the things we actually need in order to perpetuate our onward march of achievements of which some of our citizens do not even dream.

But, in our judgment, the time has arrived when one of these problems has reached the limit of endurance if we expect to expand and grow and be of real service to humanity and, after all, that's what we are here for. And when a proposition comes up which affects the upbuilding or stagnation of the best people in Texas—we're speaking of Winters and her citizenship—they have always put their heads and shoulders together and solved the problem in the right way and we can't expect less of them now.

If you don't know what we're talking about, We'll tell you.

We've got to have more room to take care of the youth of our section who are earnestly seeking to fit themselves to live by acquiring an education.

We need to build a high school building which will take care of our demands for some ten years to come. What are you going to do about it? We say, let's get together and put it over!

Norman-Smith Dry Goods Co. Had Big Saturday

The Chamber of Commerce will visit Crews Friday night, Sept. 25 for the purpose of letting our neighbors enjoy the splendid music of the Winters Band. We are assured of a welcome by that splendid community. We believe these neighborly meetings aid in bringing our people together in co-operation for mutual benefit. We hope by closer personal contact to become better acquainted, better friends and be able to work together plans for better roads, better schools, better markets, better quantities for the future of our and our children and a better friendship.

Big Crowd Attends Band Concert At Drasco Last Tues.

Last Tuesday some twenty-five or thirty cars loaded with Winters people and the Chamber of Commerce Junior Band made a friendly visit to the good people of the Drasco community where the band gave a most creditable concert under the direction of Director Joe Ward.

After several numbers were rendered Rev. Braxton, pastor of the Drasco Methodist church, made a short talk welcoming the delegation and expressing the appreciation of the people of the community for the visit and concert.

The response was made by President H. O. Jones, of the Winters Chamber of Commerce, who said we were merely making a friendly visit to a neighboring community; that we were not out there trying to take any business from the merchants, but when they had to leave home to procure anything the people of the Drasco section would find a hearty welcome in Winters.

Secretary Farrow of the Winters Chamber of Commerce made a short talk, drawing a pretty picture of the home where trees and flowers grew and other things which go to make the proper environment for the building of character of the youth of the country, saying that man's greatest was not in his broad acres but in his home, and that the people of Drasco were in the same boat with the people of Winters, and that the Winters Chamber of Commerce hoped to see the day come, and at an early date too, when Drasco would have many members in the Winters Chamber of Commerce and would also furnish a member of its Board of Directors, and help us make out our mutual problems.

J. D. Motley, secretary of the Balingier Chamber of Commerce, and Wm. Lehmborg, county farm demonstration agent of Balingier, made short, interesting talks, asking and stressing the necessity for co-operation of the people of every community in order that the Runnels County Fair could be the success which it should be.

There were at least one thousand people present for the concert and the people enjoyed one of the most pleasant gatherings we have been privileged to attend in many a day.

Drasco has one of the finest people in West Texas and we're ready to go back out there any time. It's your time, Drasco. Come to see us.

And Still The Old Town Grows

A deal which has been pending for some months past was finally closed the latter part of the past week when H. W. Lynn purchased the lot on Main street where the Delta Sandwich shop is now located, the consideration, we understand, being \$3,000.

Mr. Lynn informs us that the old building standing on the lot now will be torn away and a new, modern structure placed thereon sometime during the coming year.

This will be good news to all our people and The Enterprise is pleased to make the above statement.

SENIOR C. E. WILL MEET

The Senior Christian Endeavor of the Presbyterian church will meet at the church next Sunday, September 20, at seven o'clock.

George Hall will be leader of the subject, "Strength" and the scripture readings will be found in 2 cor. 12:6, 10 and Phil. 4:11, 13.

W. A. Esmond of Balingier, special agent for the Department of Commerce, Bureau of the Census, was in the city yesterday and informed that up to the first of September there were 51 bales of cotton ginned in the county, and up to the date last year there were ginned 92 bales.

J. Powell Wehrung of Waco, visiting in the home of her Mr. and Mrs. J. W. Smith.

Angelo Boosters Here Tuesday

Last Tuesday about 11:30 a. m. some hundred or more boosters from San Angelo arrived in the city in auto on a friendship tour, and incidentally distributed some advertising of the "All West Texas Exposition" which is to be held in Angelo October 26 to 31. The delegation was representative of San Angelo Board of City Development, San Angelo Fair Association, San Angelo Kiwanis Club, San Angelo Lions Club and the San Angelo Ad Club.

The delegation was met on the streets of Winters by many of our citizens where several numbers from the Angelo band and the Winters Chamber of Commerce Junior band were enjoyed.

The visitors were welcomed to the city by President H. O. Jones and Secretary Farrow of the local Chamber of Commerce after which the entire crowd marched to Tinkle Park where the Winters Chamber of Commerce had prepared a barbecue to refresh our guests from Angelo, and we heard many Angelo boosters saying no wonder Winters is such a good town! "With such loyal and hospitable citizenship as she has, Winters just can't help being anything else but a good town."

1078 Bales Cotton Ginned Here

A report from the different gins of the city yesterday at a late hour shows that 1078 bales of cotton had been ginned up to 5 p. m., distributed as follows:

Kornegay, square	51
Kornegay, round	324
Farmers Gin Co. No. 1	51
Farmers Gin Co. No. 2	278
Reid & Hinds	198
Williams & Miller	100
Runnels Co. Gin	76

Miss Jaunita Penetecost left one day the past week for Abilene where she will enter McMurray College.

Winters Blizzards Battle Clyde Yellow Jackets In First Game of Season

The Winters high school "Blizzards" were held to a scoreless tie last Friday in the gridiron battle on a sea of mud by the Clyde high Bulldogs. The only chance to score in the game came near the close of the last half when Winters tried a place kick from the twenty-three yard line which failed. Through the well organized defense of the home eleven Winters held the visitors to one first down while they were able to pile up five first downs on Clyde.

Fields kicked off for Winters. Tablor of Clyde received on the 20 yard line, and was downed in his tracks. Attempting a line plunge which resulted in no gain, a punt was resorted to which was received by Robertson on the 50 yard line, Roberts returned 5 yards. The entire first half was an exchange of punts. The half closed with the ball in possession of Winters on the 30 yard line.

Fields kicked off again at the half and failed to make a distance of more than 25 yards. Clyde used more versatility of attack in this half. Rushing the line, end runs and passes were all broken up driving the visitors to a punt again. Out of 6 trials at forward pass the Bulldogs completed only one, which made the sole of first downs during the entire game.

Coach Smith did not look troubled at any time during the game with his wealth of substitutes hovering around his camp stool on the side line. The home team indicated to the large crowd of fans and high school students "en masse" that they were in excellent shape. No time was taken out for Winters on account of injuries and every man

came out of the game sound. The next game will be placed at the West Texas Fair when Winters meets Anson High next Tuesday, September 22, 10:30 a. m. This day is School Day at the Fair.

Coach Smith seems to be optimistic over the game and said that with the improvement of the team since the Clyde game that he expected to bring home the bacon from the Anson delegation.

Practically every high school student has indicated that they would be there to carry on the W. H. S. colors in the grandstand while the team carries them on the field.

The lineups of last Friday's game follows:

Duncan, L. E.; Dedman, L. T.; D. Barber, L. G., Nance, C., W. Bailey, R. G., Capt. Knight, R. T., A. Neely, R. E., Robertson, O., R. Phillips, L. H., J. Fields, Full, B. Neely, R. H. Substitutes Vancil for Duncan.

Three prizes were given which were as follows: One dollar was donated by Principal C. R. Robertson to the man who made first tackle this was awarded to Ramond Phillipa.

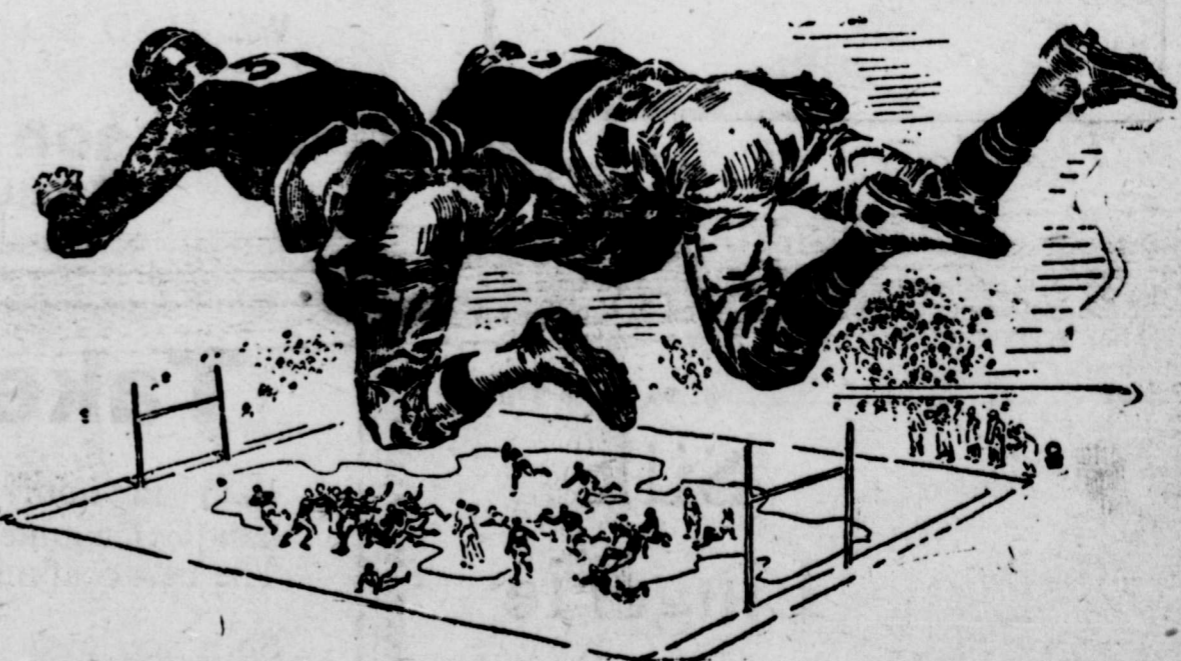

The Main Drug Co. offered a bottle of hair tonic (for external use only) to the man in the backfield who ran the best interference, prize won by Jim Fields.

A razor and shaving cream donated by Dr. Maddox was given to the man who played the most consistent game, awarded to Mack Dedman.

The next game is with Anson at the West Texas Fair, September 22, at 10:30 a. m. which is School Day. Every man on the team has been training intensely for the last few days.

Earnest Adami returned Sunday from an extended visit spent in Tahoka and other places of interest on the plains. Mr. Adami was so well pleased with the plains country we came very near losing him as a citizen of our city.

WINTERS BLIZZARDS GOING OVER ANSON'S LINE AT THE WEST TEXAS FAIR AT ABILENE NEXT TUESDAY MORNING AT 10:30 O'CLOCK

Munday Defeated By Anson 45 to 0 In Season Opener

Anson, Texas, Sept. 15.—The Anson Tigers opened the season here Monday by defeating the Munday High School team by a score of 45 to 0. Alfred Griffith, Tiger half-back, was the most consistent ground gainer for the day.

Anson's goal was never in danger during the entire game.

But, in order to carry the Winters colors to victory over Anson, the team is going to need all the encouragement we can possibly give them, so make your arrangements to be on the side lines at Anson next Tuesday and help them to "Keep the Win in Winters."

THE WHITE CROSS

It is intended to mark the location of auto tragedies with crosses in Ohio. The idea is that of Gov. Donahy and in its application a white cross will be placed "where the body fell" in every serious highway accident. If this plan prevailed in this State some of our roads would be a painful succession of shining markers.

WOMEN DO THE WORK

There are now more than 85,000 women working for Uncle Sam. They are in all departments, ranging

from diplomacy down to chasing bugs. When the ladies got the vote they began to take on more government jobs and now there are no recognized barriers. Virtually all positions are open—albeit a few are still listed as undesirable.

TIN BOSSIE, MAYBE

Here is Henry Ford's latest: "I don't believe in dairy cows. They are the most inefficient creatures in the world. Someone will invent a way to make milk synthetically. It will be cheaper and better than the milk we have now. You know, I don't believe in milk as a food, anyhow."

It is too bad that Henry doesn't believe much in milk as a food. The dairy interests are likely to exchange their Fords for Rolls-Royces, after this slam. Why it used to be taught in the schools that milk is the one perfect food. We suppose it is still taught.

The patient cow spreads her blessings beneath every sun. She will never be displaced. No one will ever turn out a flivver milk from vegetables that will beat hers. The public is always interested in every-

thing Mr. Ford says and does because more than 10,000,000 Americans have bought Ford cars. Nobody is likely to quarrel with him for his views, nor are they likely to have any profound effect on the dairy industry.

GOOD PLACE TO LIVE

It is, to say the least, an ungracious thing to speak lightly of the town in which you live. It is like defaming one's own home. Nor is it necessary for one living in Winters to exaggerate its advantages.

Many features and conditions go to make this a most desirable place to live and transact business. The habit of discreet boasting is a good one and one can do it honestly and sincerely when talking of Winters.

You, like every other true citizen, want Winters to grow and prosper.

Let's pull together for a still better town and community.

SHORT SKIRTS

Some people imagine that in these days of mechanical toys comparatively few doll dresses are made, but, on the contrary, more are sold than ever before. Only now the grown women are wearing them.

SOME SUIT

Baseball patrons as well as baseball club will await with interest the outcome of a suit in St. Louis by a spectator who was struck in the face by a batted ball which went into the stands. If he should win and recover damages real baseball fans will regard him as a very poor sort of sport. To others it may look like rather easy money and as an example worthy of imitation. Under no conceivable administration of justice should damages be allowed without mulcting the fans for part of it. Fans are responsible for the fact that ball players endeavor to swat the ball out of the lot, to knock the cover off, to give the old horse hide a ride or wallop out a four-begger.

Clarence Young, wife, daughter and mother, of Hillsboro, visited in the home of T. B. Young and family the past week-end.

Chevrolet Increases Output Schedule

Detroit, Mich., Sept. 15—Sustained demand and a growing list of unfilled orders has caused the Chevrolet Motor Company to increase heavily its production schedule during September.

The schedule revision involves an increase of more than 16 per cent over the production program originally planned for September. The new schedule calls for 53,165 motor cars and trucks in September, a Chevrolet record for that month and only 3,078 less than the highest production month in the history of the company.

Both day and night shifts have been augmented to maintain the new schedule. The company shipped 4,284 cars to dealers on Aug. 31, establishing a new record 600 higher than the largest previous shipment for one day.

The company, which recently made August a greater production month its two-millionth car, attained during far for 1925 than the entire production of 1924.

Several factors have contributed to the unprecedented demand according to C. E. Dawson, assistant general sales manager of the Chevrolet Motor Company.

"The August 1 reduction of \$40 to \$50 in the closed model prices together with the announcement of the improvements on all models caused a still further increase in the unfilled order list," said Mr. Dawson. "The greatest demand at present appears to be for the Chevrolet coach. Increased popularity also has been gained by the new Utility Express one-ton truck which has replaced the former truck of the same name.

"Another factor in car demand is the rapid economic recovery of the south and the southwest where purchasing power is now on a par with the remainder of the country."

M. Gattesfeld of New York City, is here visiting in the home of his sister, Mrs. Dave Goldman. Mr. Gattesfeld is a student of Vanderbilt University, but will put in his term at Simmons University, Abilene.

Best of Improved Ford Arrive Here

First of the improved Ford cars to arrive in Winters went on display Wednesday in the show rooms of Nance-Brown Motor Co., local authorized Ford dealers and immediately attracted the attention of everyone.

To say that people who saw the car were surprised at their appearance would be putting it rather mildly. The new types exceed all expectations in improved appearance and more comfort and convenience. For the most part the bodies have been completely redesigned and conform in every respect to the most advanced features of body construction.

Not only have bodies been built lower, but they are set on a lower chassis frame and with larger, low hanging fenders impart to the complete car a striking suggestion of riding and driving ease.

While Nance thar thar ahor taahr Mr. Lanham Brown returned home the first of the week from Dallas where he had been in an attempt to secure for their patrons enough of the improved cars to take care of the heavy demand, and he feels sure that soon they will be able to show all the new models here.

While Nance-Brown has been able so far only to show the touring car, other types will be shown as quickly as they can be obtained from the Ford Motor Company branch at Dallas, where because of their popularity, demands on production are somewhat delaying immediate delivery of all types of cars.

As people become more familiar with the attractiveness of the improved Ford cars interest not only increases, but orders for cars are growing in numbers, according to local Ford dealers.

Probably the best evidence of the widespread interest manifested in these cars comes from the general offices of the Ford Motor Company at Detroit where it was stated that since the new cars were announced orders for more than 192,368 have been booked by dealers throughout the United States. Thousands of orders are coming in every day.

This is not only a striking example of public confidence in the company's production but is also a sale record without precedent.

Added significance is given the sales report by the fact that the public generally has not yet had an opportunity to inspect all the new types. Distribution of cars among dealers so far has been limited principally to touring cars. In fact dealers in many sections are still awaiting their first car. In spite of this, orders continue to come in from all points not only for cars of the type shown, but the rest of the open and closed line as well, an indication that prospective purchasers are impressed with the soundness of the redesigning and refining of the cars and are satisfied that they will find the same standard reflected in the type of their preference.

Assembly at the Dallas branch of the company which supplies this territory is increasing daily and distribution among dealers will be much more rapid from now on than it has been up to the present time. However, those desiring a new Ford car for use during the coming fall and winter will do well to enter their orders early and avoid delay in delivery.

Thrifty people are already buying Christmas presents. Fine idea to grab old St. Nicholas by the forelock.

City Buys Farm; Suit Is Dismissed

The suit brought against the city, styled Meeks vs. The City of Winters, has been settled out of court and will be dismissed. Through the efforts of W. H. Rodgers and others who have worked earnestly and long, the matter has been amicably settled and the city has acquired property which will enable it to adequately take care of the sewage from the city for years to come, and the city hopes to make the land acquired lessen the financial problems at the same time.

Following is a statement from Mayor Roberts on the subject:

"The city buys the Chas. Meeks farm of 121 9-10 acres at \$120. per acre, one third cash, balance in 6 equal notes drawing 8 per cent and payable yearly. The sewage is to be taken across the creek and used for irrigation on the Chas Meeks land which is already in cultivation. The other two Meeks brothers are to dismiss their suits without cost to the city, and the city is to receive the rent on practically all the cotton on the place this year.

From a rough survey with a plumb-line level it appears that the only material required to get the water to the land (except crossing the creek) is less than 400 feet of 10 inch tile. Getting the line across the creek is an engineering job on which I am unable to make an estimate, but the cost should not be excessive.

From a close study of the field, but without surveying instruments I am convinced that almost every foot of it can be reached by gravity flow from the disposal plant. No change will be necessary in the disposal plant which is the best money can buy. There is sufficient land to take care of the sewage from a town many times the size of Winters.

For the first few years I believe that by growing different crops in the field, such as alfalfa, oats, wheat, maize and cotton, something can be kept growing the year round that will need water, but if there should be times the water would not be needed we have over a mile of large slough with a sandy gravel bottom in which we can run the water and sink it. In later years a large reservoir can be built if necessary above the ground, and of sufficient size to hold all the flow for three or four months, and released on the field by gravity when most needed. This reservoir could be made by building levees across the field at the highest point, running north and south and connected at the lower end. Of course the cost of such a project would be prohibitive now and would not be needed anyway for several years.

I believe that with the proper arrangement this farm can be made very valuable, and that the sewage disposal can be turned from a liability into a substantial asset. Many details remain to be worked out but it appears that we are about to solve this problem for all time to come.

This has been by far the knottiest problem the city council has ever been called on to face. Ever since the citizens voted to install a sewer system much thought and some sleepless nights have been given in an

"Chickie" With Big Cast Coming Soon

Dorothy MacKaill, who is "Chickie," in the First National picture of the same title, which comes to the Queen Theatre next Monday and Tuesday, hailed from England a few years ago with a determined effort to break into the American theatrical world. She was a half frightened, beautiful child of sixteen summers, with a wealth of long blond hair.

Flo Ziegfeld, that arch connoisseur of the beautiful in woman, picked young Dorothy for the Follies. Her hair was her crowning glory.

Then came an opportunity for Dorothy to get into pictures, and before long the frightened young English girl was a star. Ask her today what was her chief asset in reaching the top, and she will tell you it was her hair.

When First National brought Dorothy East to play the titular role in "Chickie," which was made by one of the Earl Hudson units in New York, Director John Francis Dillon threw a thousand fits when he realized Dorothy had long hair.

"You can't wear your hair long in this picture. 'Chickie' is an ultra modern girl. She wears bobbed hair," Dillon fairly screeched.

Dorothy tried to argue him out of it. She would get a hairdresser to fix her hair so that it would appear bobbed. The shears or nothing.

Dorothy cried a little, but finally gave away. A hurried call was sent to the most artistic "bobber" at the Ritz Carlton. In an hour he was at the studio, and fifteen minutes later Dorothy's tresses were off.

earnest effort to find some way of disposal that would not be an injury or injustice to anybody. We hope and believe we have found it."

"ACHED & ACHED"

Lady Says Her Back "Hurt Night and Day"—Least Noise Upset Her. Better After Taking Cardui.

Winfield, Texas.—"My back hurt night and day," says Mrs. C. L. Eason, of R. F. D. 1, this place. "I ached and ached until I could hardly go. I felt weak and did not feel like doing anything. My work was a great burden to me. I just hated to do up the dishes, even. I was no-account and extremely nervous.

"My mother had taken Cardui and she thought it would do me good so she told me to take it. My husband got me a bottle and I began on it. I began to improve at once. It was such a help that I continued it until after the baby's birth.

"I took eight bottles and I can certainly say that it helped me. It is a fine tonic. It built me up and seemed to strengthen me. I grew less nervous and began to sleep better.

"I can certainly recommend Cardui to expectant mothers, for to me it was a wonderful help. In every way I felt better after taking it and I think it is a splendid medicine."

Cardui is purely vegetable, and contains no harmful drugs.

For sale everywhere. NC-162
Take **CARDUI** THE WOMAN'S TONIC

In the cast with Miss MacKaill, who plays the part of "Chickie" in this sensational picture of modern girlhood, are John Bowers, Hobart Bosworth, Myrtle Stedman, Gladys Brockwell, Olive Tell, Paul Nicholson, Lora Sonderson and Louise Mackintosh.

OPENS TAILOR SHOP

Clyde Dorsett and Euster Roberts have opened a new cleaning and pressing parlor in rear of C. G. Meeks.

Both of these young men have many friends who wish them success in their business venture.

Isn't anybody ever satisfied?

Mr. and Mrs. Buford Owens were visitors in Ballinger last Sunday, this guests in the home of Mr. and Mrs. J. D. Motley.

Mr. and Mrs. H. Frank Meadows of Houston, brother of Mrs. J. W. Patterson, were week-end visitors in the Patterson home.

R. L. Stokes left Tuesday for Childress where he will remain a few days attending business matters.

Miss Selma Hillmer of Moulton, sister of Mrs. J. W. Schindler, has come to make her home here and has accepted a position with the Schindlers Variety Store.

PAXTON CLASS TO ELECT OFFICERS SUNDAY

The members of Paxton Bible class of the First Methodist church will elect officers for their class Sunday. Every member is urged to be present.

Albert Spill returned Tuesday from Dallas where he had been on a business trip of a few days.

Mr. and Mrs. A. Krauss and little daughter, Ray will spend the week-end in Sweetwater attending services celebrating the Jewish Holiday.

Airship dashes for the Pole are fascinating in interest, but a non-stop flight to Hawaii is an experiment with more practical possibilities.

A cheery face is the best toilet.

DRASCO

The Sunbeams, Juniors, Intermediate and Senior B. Y. P. U. gave a social Monday night.

The Singing school conducted by Messrs. Carr, Arnold and Huggins closed Monday night.

Mrs. Preston Braxton attended the district meeting of the Woman's Missionary Society at May and on returning visited her mother, Mrs. Mochen at Coleman.

Rev. Preston Braxton conducted the prayer meeting Wednesday night Prof. J. C. Watts will conduct the services next time. Come to prayer meeting at the Methodist church.

Puckett Bros. has painted a nice sign on their store. This enterprising firm is adding to their stock of goods and are kept busy.

Miss Eura Bibbs, saleslady of the Schindler's Variety Store at Winters, visited her parents Sunday.

Mr. and Mrs. Ed. Belew have returned from a visit to Lamesa, Plainview and Haskell.

Mr. Will Belew after a visit to his sister, Mrs. Emmett in Winters has returned to Drasco.

Mr. Bud Belew visited relatives in Ballinger Sunday.

Mr. Walter Smith, Rev. Braxton and daughter, Misses Ruby and Virginia were in Winters Saturday.

Several of our community visited in Bradshaw fair Saturday and pronounced a very fine fair. The people of Bradshaw deserves much credit for their efforts.

Mrs. Zack West has been visiting her mother, Mrs. J. P. Wood in Winters.

Prof. Meloin Roberts and family of Malone are visiting relatives at Drasco.

Mrs. Seaborn was in Winters Saturday.

Mr. Jesse Horn visited his aunt, Mrs. E. W. Pollock at Moro Sunday.

Mrs. H. O. Davis went to Wilmeth recently. Her uncle, Mr. Moreland died. Her many friends extend their sympathy.

Miss Agnes Lewis is on the sick list.

Mr. Sid Lewallen is building a nice house on his farm north of Drasco.

Get your ice cream in "Sandy Ann" and go on your way.—Main Drug Co.

It is time now to order your new fall suit. 2000 samples to select from.—C. G. Meeks, The Men's Store.

Loyalty Makes An Ideal Citizen

An ideal citizen is the one who sees clearly and ever something good in the city and never loses the opportunity to spread that good news abroad that others might deserve the benefits therefrom, whose unselfishness prompts him to want others to share opportunities, health and pleasure which his home city offers. Loyalty is the first requisite for the ideal citizen. The love for the place and his neighbors which dismiss the thought of self interest or policy and resolves itself into the knowledge of duty when he does all in his power to make the city a better place in which to live. There are three distinct attitudes which a citizen may assume toward the place in which he lives, which furnishes him food, shelter and association for himself and family, to boost, to remain quiet or to knock. The booster is that ideal citizen who is never forgetful for the obligations which he is due the home city. He is ever found at the front when any movement is launched which might lead to the advancement of the interest of the city. While others see darkly, to him good is visible at all times. The quiet citizen is satisfied to let the neighbor do the work and let it rest. The knocker is the man who is without a country. There is no room for him anywhere, his presence dampens the enthusiasm of every man or group of men who unfortunately come in contact with him. Having no faith in his own ability to go forward, he naturally lacks faith in his home city to do so. You have the chance to belong to either of the three classes. If you are a booster, your neighbor knows it well and will boost you. If you are aligned with the quiet class, you will not be regarded one way or the other, for the man who selects to steer in the middle of the stream, gets no support from either side. If unfortunately you are a knocker, get ready to be knocked, for eventually it is coming to you. As you give, so will it be meated out you.

See the new fall hats at C. G. Meeks, The Men's Store.

Gas may be cheap, but why step on it needlessly?

WITH THE BAPTISTS

Announcements

SUNDAY—
Sunday school 10 a. m.
Preaching 11 a. m.
At 2 p. m. all members of the G. A. will meet at the church and go to Drasco where they will render a program and assist in organizing a G. A. there.
B. Y. P. U.'s 7 p. m.
Preaching 8 p. m.
There will be a baptizing at the close of the evening service.

MONDAY—
W. M. U. will meet at 10 a. m. for all day prayer service. Mrs. Leslie Alexander will lead and all ladies of the church are invited.
G. A. will not meet Monday afternoon, but will render the program at Drasco Sunday instead.

WEDNESDAY—
Choir practice 7:30 p. m.
Prayer service 8:15 p. m.
Departmental meetings 9 p. m.
Rev. H. H. Stephens, Joe Baker and J. W. Patterson attended the workers' meeting at Fort Worth Tuesday and Wednesday of this week.

PRESBYTERIAN NOTES

We are requested to announce by Rev. Hal F. Smith that all the regular services of the church will be held next Sunday, as usual, and extend a cordial invitation to the public to worship with them.

We want you to see our "Model Five Room Cottage," just built and completely furnished throughout from our stock. It's furnished comfortably with moderate priced furnishings and is open to the public. Your visit will be appreciated. We have a wonderful display of house furnishing goods this fall in medium priced lines and want you to visit us often. Glad to show you.—Clements Hardware Co.

What about your new fall suit? Let C. G. Meeks take your measure.

Chassis Only \$550 f. o. b. Flint, Mich.

The Chevrolet chassis may be fitted with a wide variety of bodies, suitable for any industry, including such styles of bodies as Panel Delivery, Stake, Open Express, Canopy Express, Bus, Dump and Tank.

Large 30" x 5" tires on front wheels only \$35 extra. See us today regarding a style of truck to fit your particular needs.

Chevrolet introduces a new one-ton truck, built according to the fundamental policy of this company to provide "Quality at Low Cost".

It has a fine appearance and is specially designed and constructed for commercial service. Its deep 6-inch channel steel frame, hung low to the ground on long semi-elliptic springs, allows the platforms to be placed at the right height for easy loading and unloading.

The powerful Chevrolet motor is famous for its ability to stand up under heavy service. It has well balanced crankshaft thoroughly lubricated, standard 3-speed transmission, fully enclosed dry-plate disc clutch, extra heavy rear axle with large spiral bevel driving gears and rigid one-piece pressed steel housing, heavy truck-type wheels and large tires, full running boards and fenders, Remy generator, starter and distributor ignition, and other quality features.

This truck is not only well adapted to city work but also for use in hilly country and over difficult roads.

For lighter loads there is a Chevrolet commercial 1/2 ton chassis possessing the same quality features, price \$425 f. o. b. Flint, Michigan.

Kilpatrick Motor Co.

QUALITY AT LOW COST

Raising Money To Build Road

C. L. Green and Bill Paramore have been doing some mighty good work in raising money to rebuild part of the Franklin School House and Norton road so that the people living south and southwest of the Franklin School House might be enabled to come to Winters, their natural and logical market. Work started on the road yesterday. While not all the necessary funds have been secured, they assure us the money will be raised. If your name does not appear as a donor to this worthy cause, see Mr. Green and have it put on. The petition with a list of the donors follows:

The State of Texas, County of Runnels:

We, the undersigned citizens and residents of the town of Winters and surrounding community in order to make it more convenient for the people living south and southwest of the Franklin School House to come to Winters and also for the further purpose of helping hold the Rural Free Delivery on route No. 5 out of Winters as it now exists, subscribe the amount opposite our names to help open and build a new road about 1 1/2 miles in length connecting with the S. W. corner of the M. E. Harrell farm and ending with the S. W. corner of the Blackwood farm. Both the Harrell farm and the Blackwood farm connecting with what is known as the Winters-Norton public road via Franklin School. This new road being necessary to get over and around the creek and other bad places to put said road in possible condition. Money to be spent under the supervision of the County Commissioner.

WHO LOSES?

One of the speakers at the international Convention of the Associated Advertising Clubs of the World, held at Houston May 9th to 14th this year, brought out the fact that Out-of-the-State Concerns get a far larger share of the retail business in Texas than they do in other states.

Supposing, Mr. Customer, that that business taken out of Texas by foreign concerns had remained here, HOW MUCH MORE PROSPERITY WOULD THERE BE IN TEXAS THAN THERE IS NOW? If you, Mr. Farmer do not have the market for your products, who is to blame? If business is slack, perhaps thousands out of work and people can't pay the price to which you are entitled for your labor, WHO IS TO BLAME? None other than the man who crippled home industries and home merchants by sending out of the state to build Chicago, New York or some other metropolis, instead of building Texas.

Supposing again, Mr. Customer, that as a result of the heavy retail business these outside concerns get, a large number of small town merchants fail and as many more are forced into bankruptcy next year, and as many more the year following—supposing this happens, WHO LOSES?

The business man who had faith in your town naturally is the first sufferer, but you can't cut down the tree without bringing down the branches also. YOU, WHO ARE TO CERTAIN DEGREE DEPENDENT UPON THE PROSPERITY OF YOUR LOCAL MERCHANT, LOSE MORE than you can possibly realize. When business conditions are bad, the farmer gets lower prices and the laborer lower wages—yes, no work at all and he can't buy even the necessities of life, and—no matter who you are or what your vocation may be—You Lose!

When your local merchant prospers, he invests his earnings in your town. New buildings mean work at honest wages, honest wages mean higher standards of living, and that means more money for the farmer the producer of 80 per cent of all raw materials used in manufacturing. Employment means increased population, which results in increased real estate values, both in the town and

MADE IN TEXAS—"KEEP THE HOME FIRES BURNING"

By C. P. Epes, Secy. Chamber of Commerce, Olney, Texas
"Breathes there a man with soul so dead
Who never to himself has said—"I'll patronize my native land?"
Who has not boasted with pride, whether reared in luxury or in abject poverty, "this is just like mother made." It was probably NOT like mother made it, but his love of home and mother and his memories of her handiwork idealized home and all that came from home as better than the same thing from any other source, regardless of excellence. If "mother" made it, it was good and preferred for that reason. "Just like mother made"—made at my home—made where my boyhood memories influenced my life work, made where the swimming hole was an ocean and where a skimpy orchard was a forest of golden fruit—"Home Made" and well made synonymous. Every soldier when facing the foe visualizes home and mothers. That holy influence has changed the boundary lines of countries and won the wars of the world. "Home Sweet Home."

It is not only a logical conclusion but a natural sequence that, if we succeed in gaining the thoughtful consideration for the briefest moment, of our purchasing public, of our Texas Manufacturers, the response will be spontaneous. The sentiment is already rooted in the souls of Texas. Thoughtless disregard of the great good vouches safe to OUR HALF of this country in our patronage on competitive products, is the cause for existing conditions. Let's "keep our home fires burning" and if every citizen will do his part—just throw on a small lump of coal—it will make a mountain of fuel that will last thru all the winters ahead, and make bright and comfortable every home within our borders.

Look for the moment, at the goal to be reached by patronizing home institutions, and answer for yourself the questions that will establish the surrounding country.

When your local merchant fails because his legitimate trade is grabbed by the mail order house or chain store, you who do not trade with him, have cut the arteries of your civic body and it bleeds to death. You rob the laborer of his employment and force him to move. Reduced population cuts down the demand for any commodity you have to sell, be it agricultural products, manufactured articles or services. Empty residences, lower rents and depreciated real estate values follow.

If you are responsible for this great amount of Texas business going to foreign corporations instead of to your Home Merchants, it matters not what your vocation may be, YOU LOSE!

justice, wisdom and benefits, sure to result in the program. We must benefit ourselves in spending our money at home, that money will circulate locally and SOME of it will be returned to the same purse that started it on its local journey. It will pay.

The manufacturer, the employee of his factory, the grocer, the butcher, the doctor, taxes, which pay for your protection as a citizen, including the education of your children and the road for your transportation, benefit simply because you spend your earnings at home; you gave preference to home manufacturers and sent the money out to be spent in your own neighborhood.

But a reverse policy tells a different story. You give preference to foreign-made goods and you (in effect but not intent) rob your neighbor and yourself. You send your money to conserve the same purpose but with a different people—a people living on the fruits of your earnings and its final distribution is for the upbuilding and supremacy of the favored section you choose to give this preference.

This argument is not necessary for the patriots of Texas, nor do we hope for anything short of a solid endorsement of this campaign, which is an honest effort to revive the sentiment of youth and to rekindle that feeling of domestic pride and economical prudence in our homes, our states and our great southern country which will make a great country greater a prosperous people more prosperous, and the happy people happier.

It is Ideal, because it is made in Texas.

It is Better, because it is home made.

It is Perfect, because "mother made it."

Texas is your home, your Mother country—show her your love by giving her your patronage.

Texas made you what you are—show your gratitude by upholding her institutions.

Texas is your promise for advancement financially, your business is here, your investments are here, your hope is here, your home is here, then do this much to show your patriotism, help us to make a unanimous sentiment for the advancement of the commercial interest of Texas.

Make it at home—Buy it at home—Stimulate every industry by showing them their products will have a preferential patronage from the citizenship of our home people.

You would welcome this happy condition? Then do your bit to help bring it about.

Note Paying Time

The notes you owe are now, or will soon be due. If you have been charged over 10 per cent you have been charged too much, and we will gladly refund every penny.

At this National Bank the poor, the rich and the well to do alike borrow money at the same rate, the legal rate of 10 per cent.

Since the much boasted Guaranty Fund no longer applies here, would it not be wise to consider depositing with this fast growing National Bank, which has been thoroughly tried and tested by its experience of 1921.

Then when you need to borrow, we will handle your needs at the legal rate.

Forces Organized to Enforce Game Laws

The State Game, Fish and Oyster Department was made never better organized or ever had a more efficient force to enforce the laws coming within jurisdiction of that department, according to Commissioner Turner E. Hubby, who announced Monday that deputy game wardens were well distributed over the State preliminary to the opening of the hunting season, Sept. 1.

On that date the open season for killing doves in the north zone started and continued until Oct. 1. The north zone included that territory north and west of the L-G. N. and Texas Pacific Railroads, running from Laredo to San Antonio, to Austin, to Texarkana.

In the south zone, south and east of the L-G. N. and Texas Pacific Railroads, the open season for killing doves does not begin until Nov. 1, two months after the open season starts in the north zone and ends for doves Jan. 1. The bag limit is fifteen any one day and not more than forty-five in one week.

The open season for quail and Mexican pheasants starts in the north zone on Nov. 16, closing Jan. 16.

All deputy game wardens have instructions to closely watch that no quail are killed during the opening days of the dove season, and to vigorously prosecute all hunters found killing quail out of season. Every year complaints have come to the game department of the slaughter of young quail at the opening of the dove season.

The open seasons for other game, with bag limits are as follows:

Wild bear, north and south zones, Nov. 16 to Dec. 31, one in a season.

Buck Deer, north and south zones, Nov. 16 to Dec. 31, two bucks in one season; must have prongs.

Wild ducks of all kinds (except wood ducks), geese, brant, snipe, gallinules and mudhens, north zone, Oct. 16 to Jan. 31; south zone Nov. 1 to Jan. 31; twenty-five in any one day and not more than fifty in a week, the daily and weekly limit counting all varieties.

Prairie chickens, both north and south, Sept. 1, to Sept. 10; five in any day or ten in an open season.

Wild rail (other than coot and gullinules), wild black bellied plover, golden winged plover and yellow legs, Sept. and Oct., both north and south zones.

Red fox and gay squirrels, both north and south zones, May, June and July, and October, November and December; bag limit, ten in any

West Texas Fair Opens Monday

Abilene, Texas, Sept. 23.—Plans are maturing this week for opening the West Texas Fair here Monday September 21. It runs one week. No expense has been spared to make it the largest and best exhibition ever promoted here. Three new buildings have been erected and the grandstand enlarged, at a cost of \$40,000. The entertainment features, the premiums to be paid, and the program as a whole approximate a cost of \$50,000. The people of

one day. No restriction on squirrels in DeWitt, Caldwell, Guadalupe, San Saba Mason, Gillespie, Llano, Kimble, Menard, Comal, McCulloch, Kerr, Brown, Burnet, Mills, Schleicher and Edwards counties.

Wild turkey gobblers, both north and south zones, Nov. 16 to Dec. 31; three gobblers in one season. The wild turkey season is closed until Nov. 16, 1930, in Cameron, Hidalgo, Starr, Willacy, Kenedy, Brooks, Kleberg and Nueces counties.

Season is closed five years on wood cock, wood duck, sandhill, cranes, inca, or ground dove, and wild pheasant.

The federal law forbids the hunting or migratory birds between sunset and one-half hour before sunrise. The State law forbids hunting of all protected birds and animals between one-half hour after sunset and one-hour before sunrise.

The law enacted by the last legislature regulating, licensing and controlling the taking, trapping, killing and handling fur-bearing animals became effective September 1.

Moved

I have moved my filling station out on South main Street. It is the last station as you go out an first as you come in. We handle Texhoma gas and Amalie motor oils and will be glad to fill 'em up for you.

HOMER MOSLEY

Oldsmobile Dealer

the city are getting ready to extend the "glad hand" of fellowship to all visitors who come.

The high points of the program include a historical pageant, with all of the educational institutions of Abilene participating, on Monday night, September 21. An estimate indicated an attendance of 25,000 school children on Public School Day. There will be two football games on that day; Abilene Hi will play San Angelo Hi, and Winters Hi will play Anson Hi. Wednesday and Friday, automobile racing days, will see three of the world's fastest drivers on the local track, with many others. There are none faster or more renowned than De Palma, Lackhart and Shafer. Friday is also Shrine Day.

All the Nobles of West Texas are invited, and will be served with a barbecue on the grounds. A special train, bringing the Fort Worth Nobles is already arranged for. In collegiate football, Abilene Christian College will play Howrad Payne College of Brownwood on Thursday and Simmons University will play St. Ed-

ward's University of Austin on Saturday. Saturday is Traveling Mens Day, and the "peddlers" who sell everybody in West Texas are headed for Abilene on that day. On Friday night a sham battle in which 500 National Guardsmen will participate will be staged. Some of the boys who went "over the top" "over there" will take part, in order to show just how it was done. The Red Hussar Band will furnish music for the week. The regular grandstand program includes the best Hippodrome acts available.

The Agricultural show, the Manufacturers exhibit, the Livestock exhibit, the Dog show, and the Women's Departments are all overflowing, and thus promises to be the best ever seen in this section of the state.

More than 800 tons of dollar bills will be put into circulation by the government this year, but most of us will manage to bear up under our share of the load.

Does anybody here in Winters do the "Charleston?"

T. D. Coupland, W. S. Mitchell, Mrs. J. W. Freeman of Shreveport, Louisiana, after spending the summer in Denver, Colorado, came by for a few days visit with her son, Ben S. Freeman before returning to her home.

Better BUICK owners are Masters of the Road

Once you have driven the 75 horsepower, 75-mile-an-hour Better Buick;

Once you have wheeled it over some particularly tough hill—in high gear—gaining speed all the way;

Once you have observed the way it assumes the lead in traffic;

Once you have checked its economical gasoline consumption against your friends' cars—

Then you will realize fully that the Better Buick, with its 75 horsepower Valve-in-Head engine, gives you power—speed—and inexpensive performance like no other car you have known.

The best way to discover how very much the Better Buick has added to the pleasure of driving is to drive a Better Buick. We have one waiting for your telephone call.

We're With You, Boys! Beat Anson at Abilene Next Tuesday, 10:30 a. m.

School Notes

The old school is going again, and the idle summer dream of the school boy is past. W. H. S. of 1925-26 is a greater W. H. S. than she was last year, for it cannot stay the same and it must not go backward. It is true, that she is much like the "old shoe." There's so "many children" we don't know what to do. But the spirit that has made the school what it is, can maintain it in a crises like this.

The yelp of the Blizzard can be heard again and the cry of those on the sidelines. Songs of school girls and the flame of colors, blue and white, stir up memories of old victories and hopes for newer and greater one.

Throats that are still hoarse from "sideline stunts" last Friday in the Clyde game will grow well again in the fray Tuesday at the Fair with that famous foe, Anson. And we'll fight! Those Blizzards will fight with the brawn and muscle of their manhood and with the invincible spirit of their honor. And those who the sideline will fight with them—for the blue and white.

The new high school teachers are, Miss Laura Kilgore of the Spanish department, Miss Eugenia Mitchell of the Latin department, Miss Ruth Jones, Math and English, and Mr. Dwight Mitchell of the Commercial department. These teachers have already become a valuable part of the high school spirit.

A school paper staff made of the literary-inclined members of the high school will be elected next week and will furnish the news for this year, under the direction of the English department. This will be a splendid task for the students and will aid greatly in the matter of our publicity work. Those who show interest in the work up to date are, Jack Callan, Fannin Lowe, Auburn Neely, Evelyn Piercy and Henry Dixon.

The pep squad under leadership of Miss Ruth Jones made splendid show at our first game with Clyde, Friday. Those who tried out as candidates for pep leaders on that day were: Marie Griffis, Leop Campbell, Allie Lou Shipman, Lawrence Allison, Robert Burton and Shelly Poe.

Christine Barnett is another candidate for the place.

The Glee Club started Wednesday with unusual enthusiasm and interest, under the leadership of Mrs. Jackson. Forty members appeared at the first meeting and spent the initial meeting in practice on a new high school song. Mrs. Jackson has a splendid supply of new music for the club and plans to give a number of programs and operettos during the year.

The Junior class organized Wednesday at high tide. There are 32 enthusiastic members in the class at present and others to come in. The officers elected were: President, Auburn Neely; Vice-President, Marie Griffis; Secretary, Mary Ella Bradley; Treasurer, John G. Key; Reporter, Christine Barnett.

Fire! If you'd like to hear of the characteristics of the high school teachers—appear about the time classes are discussing class sponsors. It's very interesting.

GET THE "WIN" IN WINTERS.

Primary B. Y. P. U. Organized Opens New Homes To The Public

On last Sunday evening at the First Baptist church a Primary B. Y. P. U. was organized with twelve members. They chose the name of Diamond Union and the motto will be, "We Are Shining for Jesus."

Officers were elected as follows: President, Francis Howell; Secretary, Oma Lee Bell; Groupe Captain No. 1, Gladys Green; Groupe Captain No. 2, Percy Smith; Leader, Miss Estella Gilmore.

President Coolidge will be able to write his Thanksgiving message before Congress meets. That man always has luck.

The glow of health in a lot of fair cheeks sometimes denotes that she is healthier on one side than on the other.

Clements Hardware Company, who have just completed two elegant homes west of A. & S. on Magnolia street, have opened them up for inspection by the public.

Everyone is cordial invited to inspect these homes and they have been furnished complete throughout with everything, even the groceries in the pantry which were placed by Harwell-Hickman Co.

Misses Naomi Trunv, Louise Poe, Ruby Nell Roberts, Lucille Smith and quite a number of others whose names we failed to get, left the past week to enter Simmons University at Abilene.

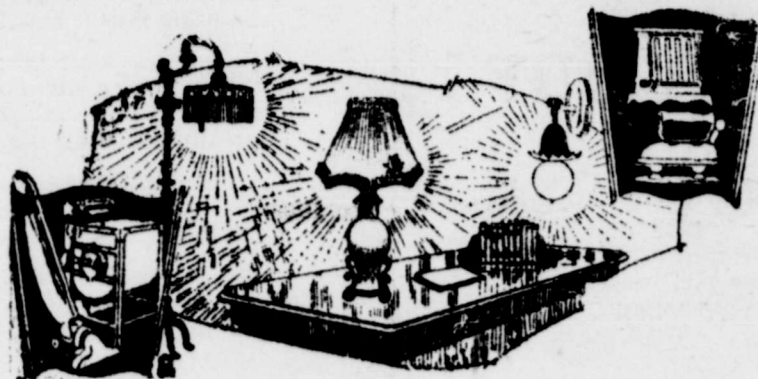

Another "perfect lover" has failed.
