

# Next Wednesday, Nov. 4th, Big Day In Winters

## The Winters Enterprise

VOLUME XXI

WINTERS, RUNNELS COUNTY, TEXAS, FRIDAY OCTOBER 30, 1925

NUMBER 26

### A. H. Clark Addresses P.-T. A.

The Parent-Teacher Association met in regular session Tuesday with the president, Mrs. Dixon in charge of a pleasing program.

Song—"America" was sung by the audience and the devotional was led by Mrs. Hall after which Mrs. H. O. Jones gave an enlightening paper on "The Child's Instincts and Impulses." Then came Mrs. W. R. Johnson with a message from Mrs. Porter on the work on P. T. A. and Mothers Congress. Each of these papers were so good I wish we had space to mention them here.

The talk by Elder A. H. Clark was truly the talk of the hour and so eloquent and weighty was it that the Baptist pastor, Rev. H. H. Stephens moved that the P. T. A. give it to the paper with our report for the benefit of those who were not present and here it is as follows:

#### "WHAT IS THE MATTER WITH OUR SOCIAL STRUCTURE TODAY? IS IT LACK OF REVERENCE?"

I do not know who is responsible for the assignment of the above stated theme, but this I do know, that for magnitude both of proportion and importance, a greater could not have been given. There are included within it, at least relatively, the very vitals of all life and living, God and the Soul.

The theme recognizes by implication, that there is really something wrong with our social structure, and he has indeed been a superficial observer who yet needs convincing of the truthfulness of implication. Statisticians tell us that in the last twenty-five years there has been a 100 per cent increase in murders in this country. That there are 135,000 murderers at liberty in the United States menacing us in cities, towns and highways, and that there are more than 350,000 men and women who make their living either wholly or partly by crime. That last year there were 10,000 murders and more than 300,000 robberies and holdups, and in many thousands of these criminal acts the victims were beaten and wounded. That there are 2,000,000,000 dollars taken from the American people every year by fraud, and that does not include the money taken by crimes of violence. That we are well beat in conservative limits when we estimated that, if crime increases in the U. S. next year in the same ratio as it has increased this year over last, that the number of murders in 1926 will be 12,000 and the property loss through crime will be \$10,000,000,000. That for every ten murders in London, England, there are 160 in New York City. But New York is not the worst city in the United States from a criminal viewpoint, Chicago recently attained first place with a record of a murder a day which record is thirteen times greater than all the murders in the dominion of Canada. And to all this I feel compelled to add the countless number of unborn infants heartlessly murdered by parents who don't want them in the last four or five years the marriage and divorce ratio, which in the cities was formerly substantially in the ratio of four marriages to one divorce, has become nearer to two marriages to one divorce. And to all this we may add the number of separations which never reached the divorce court and the number of secret desires for separation and divorce which are averted only because there are children who would have to be disposed of.

And now, let us not get the idea that because these statistics are compiled from figures obtained from the court records of our cities, that they in no way represent us who live in the smaller towns and villages, for since the ushering in of the era of automobiles and other modern inventions we are but one big city and the social evils that were at one time practically confined to the cities are to be found today in every town and village and even country

lane. After four years of residence here I am thoroughly convinced that in proportion to her population, Winters is not one whit behind any other town or city in all our country in actual crime! All too often we are shocked with the news that a murder has been done; a thievery or a robbery has been committed; our back alleys in the business section and the flat roofs of our business houses are littered strewn with empty "jake" bottles and extract bottles, an indisputable proof of the fact that one or more of our so-called business men are selling it in violation of the law; evidence of the bootleggers work is to be seen and smelled on the streets every day and shall we imagine that they all live somewhere else? Profanity is used on the streets every day to the embarrassment of our Mothers, wives and daughters (I mean those who do not themselves use profanity) and to the disgust of Christian men. To this charge even some of our officers must plead guilty. A fully commercialized Sunday prevails with business houses wide open and patronized by an equally guilty public all of which is incompatible with the spirit of the day but seemingly done without a thought of God or a quance of conscience. Automobiles are driven at a high rate of speed and with shrieking whistles even right past the church house where some are met together in the earnest desire to worship God. Joy-riding boys and girls scarcely well into their teens and busily engaged in the wellknown pastime of "petting" are neither hindered or embarrassed when they meet you on the highway.

But what shall we assign as the producing cause of this deplorable social condition? Surely there is some cause. I am wholly committed to the position that whatever other contributive causes might be assigned, they may all be summed up in this one "A LACK OF REVERENCE." A lack of reverence for what? First of all, a lack of reverence for God and His divine laws designed by Him to govern, control and restrain us in all our relationships both social and commercial, in the home and in the shop. Secondly, a lack of reverence for the authority of the laws of our land the universality of which is evidenced not only by the way we see them promiscuously violated but by the leniency with which the courts punish the few violators who ever reached the courts. Thirdly, a lack of reverence or regard on the part of children and the youth for the authority of parents.

Let me call upon you all, in conclusion, for a return to a greater reverence for God and for the sovereign authority of the laws of the land, and for a whole-hearted co-operation in lifting from our own U. S. A. the indictment which proclaims it to be the most lawless country on earth.

The Flying Circus that is scheduled for Winters next Wednesday will be a spectacle worth seeing. It was made possible by the co-operation of the business men of the city, and is solely for the entertainment of their friends and customers. It is advertised as an educational feature, but it will prove profitable to many as various institutions are giving away cash and merchandise to those who are lucky and find the small silk parachutes that will be released from the planes while in flight. Read the instructions in the Flying Circus Extra. The main thing is that the entertainment is provided for the people, it is absolutely free and the folk here will be disappointed if the rural districts are not deserted next Wednesday. So, arrange to bring the entire family to Winters on that day and see a sight that you may never witness again.

All parachutes numbered "0" are good for a free ride in the plane. All numbers must be presented on circus day or they are value less.

### "Ten Commandments" at Queen Monday and Tues.

Next Monday and Tuesday the Queen Theatre of this city will screen one of the biggest pictures probably of the age when they bring to Winters "The Ten Commandments."

As a usual thing the citizens of the smaller cities and towns have to make a special trip to the larger cities in order to witness such pictures as "The Ten Commandments," but Mr. Hodge, manager of the Queen and Mission Theatres, seems to go on the assumption that nothing is too good or too big for his patrons, hence he has booked this gigantic attraction for the Queen next Monday and Tuesday, and we feel quite sure that the public will show their appreciation by giving him a full house at each and every performance.

### J. W. Tanner Announces Big Sale

Today's paper carries a double page ad of J. W. Tanner's Make Room Sale. This sale is the outcome of the new location for the postoffice for Winters. One-half of the present Tanner Dry Goods Company store will be converted into the new postoffice, which will be greatly appreciated by the citizens of Winters. This is just another progressive characteristic of J. W. Tanner who has been at the wheel of every movement that has helped Winters to occupy her forward position in this great state of ours. Since Mr. Tanner's citizenship in Winters, dating back some years ago, Winters has felt his influence; lending a hand in any and all things that go to make a town a better place in which to live. Mr. Tanner has been associated with a number of businesses in Winters and each adventure he has made a better business. Being in the cattle business for a number of years, Mr. Tanner's friends are numbered by the hundreds in other parts of the State as well as Winters. Mr. Tanner's personal message in the double page ad today, tells the reason why he is inaugurating one of the mightiest merchandise movements in his mercantile career. We off our hats to J. W. Tanner—a citizen, a business man, an alderman, a cattle man—whom we all hold in the highest of esteem.

### Lions Club Met Last Tuesday

Last Tuesday at noon the Lions Club met at the Methodist church and enjoyed another one of those fine luncheons served by the ladies of the Methodist church.

Owing to the busy season and some members being out of town the attendance was not as large as is usual.

Bert Low was toastmaster for the occasion, and after a few reports from outstanding committees, the guests of the club were introduced. They were Mr. Fain of Dallas, a guest of J. Q. Lankford; Marvin Atkins of Ballinger and J. R. Hill of Abilene.

Mr. Atkins, who is an enthusiastic Legionaire, made a beautiful plea for the proper use and respects of the American Flag. Also Messrs Fain and Hill made short talks.

J. Ginsbury of the Leader was a business visitor in Dallas the first of the week.

Mr. and Mrs. C. L. Bibb of the Drasco community were shopping here last Thursday.

### First Christian Church Purchased Property

The members of the First Christian church closed a deal this week for the purchase of two lots opposite Tinkle Park, where we understand they will immediately begin the erection of a closed in tabernacle and in the near future they contemplate building a church and using the tabernacle for summer time meetings.

This is a live wide awake band of workers and have accomplished great work in a few months, starting the first of the year with two or three families as members and organizing a church about three months ago with 41 members enrolled and 60 enrolled in the Sunday school. They have worked faithfully and we understand made a cash payment on the property acquired.

### Total Ginnings Up to This Date

The total number of bales ginned to date up to a late hour yesterday were 16,256 distributed among the gins as follows:

Kornegay's, round 9946 square 1094	6067
Farmers Gin No. 1	754
Farmers Gin No. 2	3182
Reid & Hinds	2445
Williams & Miller	1983
Runels County Gin	1825
The total number ginned in the different places and communities in Runnels county up to October 24 were as follows:	
Winters	15,494
Ballinger	5183
Rowena	4816
Miles	6900
Pony	946
Wingate	2499
Wilmeth	1496
Olfen	750
Hatchell	1033
Maverick	1245
Norton	3217
Total	43,579

### R. L. Cook Buried Here Last Sunday

R. L. Cooke died very suddenly at the home of his son last Friday, October 23, death being due to heart failure.

The funeral services conducted by Bro. Clark were held at the grave in the Old Cemetery at 8:30 Sunday afternoon.

Deceased was born in Rusk county, March 19, 1865 and had lived here the greater part of the past fifteen years. He was a devoted husband and a kind indulgent father, and made a profession of faith early in life and joined the Methodist church.

Surviving him are his wife, four daughters and three sons, Mrs. Lucy Kirkpatrick of Hydro, Okla., Mrs. Eddie Brookshire of Killen, Mrs. Minnie Williams of Fort Worth, Miss Bertha Cook of Fort Worth, Richard and Robert Cook of Winters, and Charlie Cook of Fort Worth, all present at the last sad rites of their loved one.

It is the broken ties at the grave that prompts us to a fuller appreciation of the tenderness of ties that are not yet broken; so while we mourn the loss of our dead we may rejoice that there is no cloud so dark that there is no light behind it, no sorrow so poignant that there is not a balm for the wound that it inflicts.

The sympathy of all who know the grief stricken family goes out to them in this sad hour.

We are very sorry to report Mr. Dewey Speer on the sick list this week.

### Jake Fields Receives Appointment to West Point

News was received at this office one day the past week that Jake Fields, son of D. M. Fields living a few miles out from Winters, who is a student at Texas technological College had received an appointment to West Point. Jake is a brother of Jim Fields who is full back on our football team, and we understand he is always bringing in the honors.

He graduated at Rotan the past year and was valedictorian of the class, receiving a scholarship to Tech. This is quite an honor to Winters and Runnels county to have one of her boys so highly honored as to receive an appointment to West Point and we are proud of Jake and wish for him every success in his future undertakings.

### GAS TAX IN SEPTEMBER NETS STATE \$415,000.00

Austin, Texas, Oct. 29.—One cent gallonage tax on gasoline sold in Texas during September amounted to approximately \$415,000, which was about \$5,000 less than the August collections.

Comptroller S. H. Terrell has received gasoline sales report on sales for the last month from the five largest companies as follows: Gulf \$103,465, Texas \$66,365, Humble \$20,391, Magnolia \$81,512 and Pierce Oil Corporation \$32,958. The tax from these concerns constitutes the major part of the entire gasoline tax received.

## A Frenchman's Prediction

By Joe Sappington

Now comes a Frenchman who says the time will come when we will converse with many of the animals. He believes that dogs, cats, elephants, horses, ducks and even the mosquito and other insects communicate with each other.

It may be as he says that all animals as well as some insects, talk to each other by mysterious sixth sense, but I doubt very much that we will ever be able to understand them. In proof of their intelligence he says a horse learns to know the meaning of "whoa!" and a dog to obey the command of "lie down!" Also he could have added that a cat knows the meaning of "seat, you d—n cat" and especially when the words are accompanied with some hard unyielding substance hurled in its general direction.

To the exception of old Pete the family mule and a certain one-eyed bovine of the feminine gender I once tried to milk. I have had good success in making myself understood to my animal friends. Old Pete understood the meaning of "whoa," and was never known to disobey the command; but that was the extent of his education. He had none of the finer feelings of the dog or the cat, which was most convincingly proved the time I started to escort Sallie Dudley home from church back in the early eighties. After Sallie decided that her escort was liable to be detained indefinitely and loped away from the troubled zone, I used all the cuss-words known to the English language and almost threw an arm out of place in an effort to convey my sentiments to that blamed old ass, but accomplished nothing. The things I said to that old donkey would have put to flight all the dogs and cats on Cave Creek.

The cow is another animal that nature has not overburdened with sense and the only word she has ever learned in our language is "saw," and some of the breed have never even learned its meaning.

Many years ago when I tried to milk a cow that didn't know what "saw" meant or if she did she would not acknowledge it in public. Naturally I thought every cow worthy of the name knew that "saw" meant for her to back a leg so as to place herself in a position to be milked and I approached her with confidence uttering the word three times most distinctly as I squatted by her side and started to juice her. And how was my gentle advances received? Was kiked through a stouter plank fence that stunned and humiliated me for the longest time. On all subsequent occasions when performing the duties of a milk maid I used a Spanish oak pole on her instead of the spoken word when I wanted her to shift gear.

If that frogster would put from his list the elephant and other quadrupeds such as the horse and the duck and the mosquito and confine his researches to the dog and the cat, I could be of great assistance to him as I am quite familiar with their habits and peculiar temperaments. For a small consideration I would share my room with him of nights which offers every opportunity for studying the canine and feline languages. I gather from the loud barking that begins every evening just after I retire and continuing throughout the night that a bitter feud is now going on in dogdom and all the dogs in my end of the town are involved in it. In my crude way I have expostulated with most of these dogs whose habitats are adjacent to that of my own with fairly good success save and except a long backed, bench-legged cur just across the street that defies and ignores me no matter how loud and vehement I become. I met him face to face the other day in broad daylight and kicked him off the side walk. But he got even with me the very next night by coming right up under my window and yelping and growling till broad daylight. Also the cats in my neighborhood it seems have had a social bust up and are using the fence back of my boarding house at all hours of the night as a public forum to air their grievances and judging from the riproaring squalls emanating from that locality some scandalous things have been going on in the cat "four-hundred" in my neighborhood.

Personally I'm opposed to cats and dogs talking in our language for if they ever should I can see trouble a plenty ahead. Dogs are all jealous minded and instantly devoted to their masters and their master's families and once let the tongue of slander start to wag against any member of a family owning a dog, said dog would take up the fight and hurl the lie in the teeth of every gossiping man or dog within the sound of his voice. Yes, indeed I think it would be against the peace and dignity of all civilized communities if dogs should ever learn to talk.

B. F. Guin and wife of Columbus, Georgia, are visiting in the home of their parents, Mrs. Mary Guin, at Hatchell and Mr. and Mrs. H. L. Chapman, Winters. Mr. and Mrs. Guin are former citizens of Winters, having lived here a number of years. Mr. Guin was in the employ of the Runnels County Gin Company and also the Winters Oil Mill and as this is their first visit in two years they are enjoying it very much and friends are glad to welcome them back home.

A great many people will take some consolation from the fact that they could not be robbed of \$725,000 in jewelry.

In the aviation investigation the sky's the limit.

## WITH THE METHODISTS

Regular services:  
Sunday school 9:45 a. m.  
Preaching service 11 a. m.  
Epworth League 6:30 p. m.  
Evening service 7:30 p. m.

If you belong to this church you are urged to be in your place for every service. If you are a visitor in town you are invited to come and worship with us.

You owe it to yourself to attend the mid-week prayer service Wednesday evening at 7:30.

Epworth League: The Harry Hughes Memorial Service

Do you know that he was a young preacher from our own conference who gave his life while working for his master in Japan? Come to League Sunday evening and hear more about this interesting man.

Following is the program:  
Prelude.  
Song—Footsteps of Jesus.  
Prayer.  
Song—Jesus Saves.  
Scripture—John 24:44-49; Romans 1:14-16.

Who was Harry Hughes?—Gladden Bedford.

Notes from his Diary.  
Special music.  
What is the Harry Hughes Memorial?—Auburn Neely.  
Prayer for the Memorial.  
Taking of the Pledge.  
Song—Let the Lowe rLights be burning.

Announcements.  
League Benediction.

Mrs. W. F. Meadows, who was called to California several weeks ago by the serious illness of her son-in-law, Ed Stokely, is expected home in the next few days. Many friends here will be glad to know that he is improving and on the road to recovery.

Mr. and Mrs. Van H. Piercy and daughters, Doris and Artis, were week-end visitors to Rising Star. They were accompanied by Mrs. Piercy's father, S. Falls, Sr., who will spend the winter in that city.

A great many people will take some consolation from the fact that they could not be robbed of \$725,000 in jewelry.

J. P. Kirby, living on route 1, was a business visitor here last Saturday. Mr. and Mrs. W. H. Gardner of Santa Anna were the guests in the W. P. Gardner home Sunday.

## SAN ANGELO BUSINESS COLLEGE

San Angelo, Texas  
Good location; growing city; thorough instruction; teachers with university degrees and years of business experience. Entire faculty studied this past summer in Berkeley and Dallas. Many NEW ideas for YOU.

If you suffer from Sore Gums, Bleeding Gums, Loose Teeth, Foul Breath, or from Pyorrhea in even its worst form, we will sell you a bottle of Leto's Pyorrhea Remedy and guarantee it to please you or return money. This is different from any other treatment, and results are certain.

CITY DRUG COMPANY

STOP THAT ITCHING

Sufferers from skin diseases such as Itch, Eczema, Tetter, Poison Oak, Ringworm, Old Sores or Sores on Children may find relief from the use of a jar of BLUE STAR REMEDY or their money will be refunded. The first application relieves that terrible itching. Will not stain clothing and has a pleasant odor.  
CITY DRUG COMPANY

for Economical Transportation

You are Invited

to take a picture trip through an automobile plant

Learn how quality is attained with modern production methods! This week we are making a special photographic exhibit illustrating the precision methods by which quality is achieved in the manufacture of the modern motor car.

Showing the Reason for Quality at Low Cost

The exhibit consists of 40 remarkable photographs of the most interesting processes in modern automobile manufacture. It will provide the same interesting knowledge that you would get by taking a trip through the plants where Chevrolet cars are built. Each picture is accompanied by a full description of the operation it illustrates. It is an exhibit of unusual interest and value. Bring the children.

Queen Theatre, Wednesday and Thursday, Nov. 4 and 5

### Mrs. Stephens Buried at Drasco Last Wednesday

Mrs. Nancy Estella Stephens died at the home of her mother, Mrs. J. P. Wood, Tuesday, October 27, and interment was made in the Bluff Creek Cemetery Wednesday. Rev. Riddle of Drasco conducted the funeral services.

Deceased was 35 years of age and leaves her husband, two daughters and one son to mourn her loss. She professed religion early in life and joined the Baptist church and lived a consistent christian life, attending services regularly and lending a helping hand whenever needed. She was a devoted wife, a kind loving mother and seemed like a mother to her four brothers and four sisters whom she practically raised. Her own mother passed away when she was just a little girl at the tender age of thirteen. She was loved by all who knew her. Life will never be the same to those who loved her for they will long for a kind mothers advice and a wife's gentle and loving sympathy yet it is a comfort to know she is now at home in that beautiful land where there is no night, for the face of Jesus is its light.

### BOY BREAKS LEG

Boy Minter, who lives a few miles west of town, while riding on the side of a car decided to jump off and in some way the car ran over him, resulting in a broken leg. He was brought to the local sanitarium where the injured limb received medical attention, and at this writing is doing nicely and will be able to return to his home in a few days.

Miss Laura Coupland returned Saturday from an extended visit to Dallas, Waco and other places. While away she was instrumental in securing funds for the passage and all expenses for a four year course in Baylor University, for a young Chinese lady, who is highly educated in her native country and a faithful christian worker. The young lady is expected to spend the holidays in Winters.

Be a booster.

### MUSEUM PLAN EXPLAINED

The proceeds of the school program given October 22, at the Mission Theatre will be invested in a display case, which is now under construction. The size will be about 6x10x3 1-2 feet.

It will be known as the Ward School Museum that the contents will be mostly illustrative teaching material such as the process of refining oil, materials used in the world war and other things in accordance with certain progressive school plans and methods.

This material may be contributed by individuals, firms or organizations. Many exhibits previously secured are now stored away where ever space is available. Some material is in transit from South America.

You are invited to watch and help the Ward School Museum grow.

Special price on all dresses and coats.—Mrs. C. W. Gregory.

K. Goodman, advertising manager of the West Texas Chamber of Commerce with headquarters at Stamford is in the city in interest of the membership campaign.

Miss Loyle Kornegay left Thursday for Waco where she will visit the Cotton Palace and attend the football game between the Baylor Bears and the A. & M. Farmers, to be played on the Cotton Palace gridiron next Saturday. Loyle is an enthusiastic football fan and has not missed this annual game since her graduation from Baylor.

If in need of Window glass of all size.—Call on Spill Bros.

R. L. Stokes of Childress came in last Wednesday to spend a few days with his children.

"Aviators' complex" is the latest. Mussolini seems determined to make a real muss.

Add to the list of slogans the gunman's "stick 'em up."

And the next stop in the day's grind is Thursday, Nov. 26.

My, what a lot of good looking school girls Winters has.

### Miss Velma Sowell Weds Valley Mills Man

A wedding of interest to many was that of Miss Velma Sowell, daughter of Mr. and Mrs. J. S. Sowell, to Mr. Claudia Hart of Valley Mills, which occurred at the Baptist Parsonage last Wednesday afternoon at four o'clock. Mr. and Mrs. Hart expect to make their future home in this section of the country. We wish for them a long and prosperous life.

Armistic Day—Nov. 11.

J. D. Gardner of Corsicana visited his brother, W. P. Gardner Sunday.

Mrs. D. Mitchell and daughter, Miss Laura, left this week for Winters to make their future home. It is a splendid addition these people will make for that good country, as they are active christian workers, loyal with their attendance and their money in the advancement of church enterprises.—Killeen Herald.

J. M. Carter left on the early train Sunday morning for Winters where he went for a visit with his sons, Troy and Loyd and other relatives, and also a daughter, Mrs. R. V. Sarrels of Abilene.—Killeen Herald.

Mrs. Mattie Anderson and son, Norris, were here from Wingate during the week visiting her sister, Mrs. John Dwyer.—Killeen Herald.

### POSTED

All hunting parties are hereby notified that my farm is posted according to law, and all trespassers will be prosecuted.—F. S. Brede-meyer. 26-3tp

R. F. Kemp of Guion was transacting business here last Saturday.

Tut! tut! with a few days practice you'll be able to swing the furnace shovel just as skillfully as ever.

Perhaps what the country needs is a little harder-boiled justice.

Mrs. L. W. Mosley received a message Wednesday from Odonnel, Texas, stating that her father, Mr. Lackey, was seriously ill and she left immediately to attend his bedside. Mr. Lackey is one hundred and three years old and has been a very active man and able to walk to town and other places he wished to go. Many friends of this good man will be grieved to know of his illness and wish for him a speedy recovery.

We are glad to report Carl Henlee, who was real sick the first of the week, able to be up and back at his desk at the Winters State Bank.

Have put in a complete stock of Society Maid Hose in all the popular shades. Have handled this line before and needs no recommendation. Mrs. C. W. Gregory.

Miss Fern Brock, who is a student in Simmons University, was a guest in the home of her aunt, Mrs. H. H. Stephens last Sunday.

### BILL BOOSTER SAYS

DEP, I HATE TO SAY IT, BUT THE TROUBLE WITH SOME BUSINESSMEN IS THAT THEY HAVE A WISHBONE INSTEAD OF A BACKBONE! YOU GOT TO STEP OUT AND HUSTLE IF YOU WANT THE DOLLARS TO ROLL YOUR WAY, AND I DON'T MEAN MAYBE!

### EXAMS WILL COME

Examination week has rolled around again. Pupils are dreading it as usual. We hope the grades will be much higher than they were last month and it is probable that they will be since the teachers indicate that better work has been done.

### JOKES

Miss Mitchell—"Did you ever see a bobbed hair bandit?"  
Mr. Robertson—"Why I take one out every night."

Miss Barber—"Turney make me a sentence using the word diadem."  
Turney N—"People that drink moonshine diadem sight quicker than those that don't."

Another absent minded man is the man who went home and tried to sell his wife a box of cigars for her husband.

Raymond—"I don't like some of these flies."

Jim—"Pick out the one you don't like and I will kill him."

Prof—"I started out on the theory that the world had an opening for me."

Mr. Mitchell—"And you found it?"

Prof—"Well, rather, I'm in the hole now."

"How many work in your factory?"

"About one out of every ten."

Charles Dorsett and Vivian Colburn of Wingate went to Brownwood last Thursday where they joined the students of Howard Payne College in making up a special train to attend the Baptist Student's Union Convention at Baylor University. While in Waco they saw the opening of the Cotton Palace, also the Baylor-Howard Payne football game.

Mr. and Mrs. J. L. Pope of Tuscola were guests in the home of Mrs. and Mrs. C. G. Smith last Tuesday.

Mr. and Mrs. C. T. Howard and Mr. and Mrs. Rube Queen living on Valley Creek were shopping in Winters last Thursday.

Paris Scientists Predicts Coldest Winter in 200 Years

CABLEGRAM: Paris, July 27th. (U. N.)

Next winter will be the worst in 216 years, according to a paper read before the Academy of Science by Prof. Bigourdan. The paper covers 744 years of Meteorological and Astronomical Conclusions. It is said the coming winter will compare with the terrible winters of 1709 and 1523.

We have been living in West Texas too long to make any predictions as to the weather, but if this Scientist's figures work out the way he is predicting, it certainly will be worth while to consider the right kind heating stove for your home.

For the most practical, satisfactory, and economical one we recommend

### OUR LEADEROLA

Our factory building the Leaderola have been building stoves 88 years and we believe they know how to build the best, and are equipped to build the best for the least money. We do not hesitate to say to our customers that the Leaderola is one of the very best parlor furnaces on the market. There are several good ones. All of them are good if they are built by experienced stove people. Ours is one of the very best.

### THE LEADEROLA

Will heat your entire house properly, and burn no more coal than the ordinary one room heater. It will last. It's cheaper in the long run.

Put a LEADEROLA in your home and you are through buying heaters. Let us set one up for you this week, burn it, try it out properly first, then if it suits you buy it. You are under no obligation to us to buy. We are glad of an opportunity to demonstrate what The Leaderola will do.

Our factory advises us that most of the dealers handling the Leaderola are selling them at \$145.00, but we make our own price, and

OUR PRICE IS \$125.00

Most all the other parlor furnaces run upward of our price and are no better. The finish on ours is in Brown Mahogany and matches all the newest furniture. We also furnish the Leaderola for general store and use in public buildings at \$100.00 finished in black Japan. The same stove, but the black Japan finished instead of the Mahogany.

Call in and look the Leaderola over.

We also carry the full line of Leader Stoves in all the sizes from the little Bachelor Heater up to the Leaderola. We can solve your stove problems.

**CARD OF THANKS**

We desire to thank the people of Winters and our friends and neighbors of the Drasco community for the many kind deeds and expressions of sympathy shown us during the eight week illness and death of our dear wife, mother and sister. When the same sad hour comes to you we hope to be the first to lend a helping hand. May God bless each of you is the prayer of our heart.—L. B. Stephens and children brothers and sisters.

Mrs. J. A. Horn, worthy matron of the Bradshaw Chapter of the O. E. S. is attending the state meeting of this organization in San Antonio.

Mrs. L. E. and Bert Low are attending the Grand Chapter of the Eastern Star in San Antonio this week.

Miss Myra Pack, the efficient stenographer at the First National Bank, visited friends in Abilene Sunday.

Mrs. Cap Williams of Abilene, is visiting her daughter, Mrs. Calvin Williams.

Mr. and Mrs. E. J. Wiss of Ranger, visited in the home of Lyle Defebach Saturday and Sunday.

**Satterwhite and Fergusons Have 'Fallen Out'**

Austin, Texas, Oct. 27.—Although former Governor James E. Ferguson and the governor declined to discuss the conference yesterday with Lee Satterwhite, speaker of the house, Mr. Satterwhite admitted today that there is an open break. He said that he "tried to be Ferguson's friend, but Jim would not let him."

Satterwhite said he told the governor and Mr. Ferguson that he would not call a special session of the legislature unless results of the investigation of the highway department conducted by Attorney General Dan Moody showed that it was necessary.

The speaker declared that Mr. Ferguson said, "you are either for or against us, and if you are not for us, you are against us."

Mr. Satterwhite said that his conference was the "old, old story. Jim got mad. Just like he did before, he got mad with power."

He admitted that Mr. Ferguson invited him to go before the grand jury and to state what he knows about the administration.

This morning Mr. Satterwhite held a conference with Attorney General Moody to "go over some details," he said.

Doug Motley, Secretary of the C. of C. at Ballinger, and Mr. Woods, District Farm Demonstration Agent of College Station, were visitors in our midst last Saturday afternoon. Doug said that the next time he came he would walk or else ride the Motor as he had entirely to much trouble finding a parking space for his car.

**Cotton is Still Going Down**

H. & B. Beer, New Orleans, Wired Jess Taylor Co., Winters, the following on a cotton market yesterday.

Damage from the cold wave, according to private advices has not been material except in northwest Texas, and the trade generally is of the opinion that large cotton crop is assured with prospects for large cotton crop in foreign cotton-producing countries the trend of values remained downward today values reaching new low levels for thus far this season nearby deliveries declining to below the 19 cent level.

There are prospects of the return of bad weather inland and gradually temperatures if rains set in again they may serve to sustain the market especially if tomorrows weekly spinner takings are bullish, in which event a temporary rally may be witnessed, Cotton Goods markets of the north are ruling quieter and some what easier with the trade anticipating lower prices eventually because of the much lower prices for raw cotton.

It was reported here today that some houses were re-calling their spot buyers, but some other houses claimed their buyers were still in the market for cotton.

Daily sales of spot cotton at the 10 reporting southern spot markets denote continuance of a good demand for white cotton, sales remaining larger than at this time one year ago.

The status of the cotton market is such that while there remains a good demand for the better grades law grades are neglected and consequently accumulating while the prospective crop as a whole, promises more than an ample supply of the season except perhaps, at lower

**A Fact It Is**

18 and 20 cent cotton is here. At this price it will never pay for many homes or enables you in old age to live in ease. Wouldn't it be fine if we had some good porkers to sell, the price is high; some good Jersey milk cows, the price is all that anyone could wish; even butter and cream are bringing a good price; lots of hens, for eggs are in demand and at good prices, and the prospects for a higher price for Turkeys bids exceedingly fair. Everything high but cotton. A one-crop country sooner or later will come to grief, where a diversified section will always be prosperous.

We are going to try to distribute a carload of good Jersey Milk Cows and heifers, also a load of good Brood sows and gilts. If you are interested or know of anyone that is, see us. We will go to the limit for any worthy person in assisting them to diversify. Raise More Cows, Hogs, Turkeys and Chickens.

Many apparently are finding it to their advantage to do business with this fast growing bank. Think it over! Perhaps you will find it to YOUR advantage, too.

THE BANK FOR EVERYBODY

**The First National Bank**

prices, which would likely cause the demand to increase all the more.

While the market may continue to experience temporary rallies from time to time the present outlook is for lower prices, still ultimately. The New Orleans C. S. O. Market ruled steadier and somewhat higher today in the face of a further decline in the cotton market due mainly to shots covering, fearing some damage to seed by the recent rains followed by the cold wave, but as the crop promises to be a large one providing a large supply of seed, Chances are that the market will be sold on bulges, and that lower prices will prevail eventually prime summer yellow oil in bulk 9.20 up 15 points.

The City Market is recognized and noted for choice, full-flavored, tender meats sold at moderate price. Thrifty housewives are finding quality cuts of meat here.

**OYSTERS ARE NOW HERE**

### What's Doing in West Texas

Wichita Falls—Three hundred thousand dollars is being expended by the Southwestern Bell Telephone Co. in improvements and betterments of their Wichita Falls plants. The improvements include the erection of a three-story building size 35x50 feet, installation of three thousand lines of underground cable a distance of 6000 feet; and installation of much new equipment. Wichita Falls will have ten thousand telephone connections by July 1, 1926 when the program will be completed according to statements of officials of the company.

Canyon—A half million dollar building program for West Texas State Teachers' College here is outlined by Dr. J. A. Hill, president of the institution who announces he will ask the legislature for this amount for the next two year period. A \$200,000 Library and Education building, a \$175,000 Science building and improvements to present structures will constitute the program.

Quanah—This city is advertising for bids for constructing sewer extensions here. The city conducted a "Clean Up" campaign recently and the passage of stringent sanitary laws has caused numerous petitions for sewer extensions.

Slaton—A new hot water boiler washing plant has been added to the Santa Fe shops here. The plant represents an investment of \$50,000 and will enable the local shops to wash the boilers of all locomotives.

Sagerton—A campaign for \$100,000 road bonds is being pushed here. The election will be held Nov. 7 and if carried the bonds will be used to build an improved highway from Stonewall County line to Stamford connecting up the Plains Cut Off Highway. The highway will follow the Stamford and Northwestern railroad.

Dallas—West Texas exhibitors at the Dallas Fair were honored with a banquet at the Baker Hotel given by the West Texas Chamber of Commerce. Dignitaries present included Col. R. Q. Lee, President of the organization; Col C. C. Walsh, A. B. Spencer and Clifford B. Jones, Past Presidents; Porter A. Whaley, Manager of the organization; Mesdames C. C. Walsh, Clifford B. Jones, Porter Whaley, Homer D. Wade, Assistant Manager presided.

Memphis—The Memphis City Council has been petitioned to call a bond election for the purpose of voting city paving bonds. Thirty five to forty blocks of residential street paving is contemplated in the petition.

Burnet—The first car of 1925 pecans to move from Burnet county was shipped from Marble Falls and another car is now being loaded. The nuts found a ready market at a good price.

Happy—Material is on the ground and work will begin at once on a high line to serve this city. The line is being built by the Texas Utilities Co. and will be built to this point from Canyon. Another line from Canyon to Hereford will be built as soon as the Happy line is completed.

Littlefield—T. F. Moffat of Stephens county has closed a contract with the Yellowhouse Land Co. by which he leases a tract of land seven miles from this city for the use as a stone quarry. An upheaval in geological times placed here an immense quantity of limestone and Moffat will install a big stone crushing plant which will turn out stone for use on panhandle highways. The plant is located on the Santa Fe railroad.

Vernon—The Vernon Semi-Weekly Record will be transformed into a daily newspaper Nov. 1 with full leased wire Associated Press Reports. E. H. Nichols, owner, was formerly editor of an Amarillo daily newspaper.

### Baptist Meeting Date is Changed

Dallas, Texas, Oct. 27.—The date of the seventy-seventh annual session of the Baptist General Convention of Texas and its auxiliary bodies has been changed from November 18 to December 2, it has been announced by Dr. F. S. Groner of Dallas, General Secretary of the Executive Board of the Convention. The decision came following a vote of the executive board members, taken by telegraph in which the postponement of the meeting was favored almost unanimously.

The two auxiliary bodies of the convention are the Woman's Missionary Union and the Pastor's and Laymen's Conference. Both of these groups will meet two days before the opening of the Convention.

Decision to postpone the Convention followed requests from virtually every section of the state for delay in closing the convention year, due to the late crops all over the state. The churches have not been able to take the best collections because of the delay in the crops.

A conference between members of the State Baptist Executive Board and Dr. Harlan J. Matthews, pastor of the First Baptist Church of Mineral Wells and other Baptists of that city resulted in the call for a vote on the matter. Dr. Matthews reports that the change is agreeable to the Baptists of Mineral Wells.

C. B. Coffey of Elgin, Texas, is here making arrangements to open an auto paint shop in a building to be erected for him just to the rear of the two new buildings now nearing completion on South Main street by Mr. Sam Woods. Mr. Coffey is quite experienced in this line of work and we bespeak for him success in his new location.

### Corrine Griffith in New Screen Play

Corrine Griffith cannot receive too much praise for her superb manner in which she dramatically interprets the role of Lady Helen Haden in the First National production, "Declasse," which will be at the Queen Theatre Wednesday and Thursday, Nov. 4 and 5.

Never has the little star lent herself to a part more admirably suited to her dramatic ability. It might have been written for her. Her gowns represented the latest fashions of this country and abroad.

The skillful touch of Director Robert Vignola evidenced itself throughout. Lloyd Hughes, in a not overly sympathetic part in the beginning, proves himself capable of handling a difficult role.

The lighting effects and photography are the work of Gaetano Gaudio. The adaption is by Bradley King and Charles Whitaker.

The story deals with the unhappy marriage of Lady Helen Haden, and her love for an American, Ned Thayer. Thayer has fallen into the hands of an adventuress and need forces him to become clay in her hands. His reformation and Lady Helen's future happiness are the basis of a thrilling and entertaining story.

"Declasse" was adapted to the screen by Charles E. Whitaker and Bradley King from the stage play which Ethel Barrymore made famous.

News received one day the past week from Dexter Eoff, who is a student of Baylor University College of Dentistry at Dallas states that he is doing nicely in school and enjoying his work.

Saturday is Hallowe'en.

### Senior Christian Endeavor Program

The following program will be rendered at the Presbyterian church Sunday, November 1, at 6:30 p. m.: Subject—The Golden Rule. Leader—Mrs. Vanzandt. Song.

Scripture—Matt. 7:12; Lev. 19:18; Gal. 6:1. Prayer.

Information and Announcements. "When Business Obeys the Golden Rule"—Mr. Johnson.

"Our Relation to Business Men"—Mr. Pfeffer.

"The Golden Rule in Speech"—Mr. Hall.

"The Golden Rule in Our Work"—George Hall.

"The Golden Rule in Society"—Mrs. Gannaway.

"The Golden Rule in Correspondence"—Mrs. Johnson. Song.

Prayer. "Golden Rule Men"—Mrs. Rives. "The Golden Rule Company"—Mr. Pfeffer.

"Golden Rule Sunday"—Mrs. Smith.

"The Golden Rule in the Home"—Mrs. Vancil.

"The Golden Rule in School"—Miss errilee Gannaway.

"For Information"—Mr. Gaston. Repeating of the Pledge With Offering.

Endeavor Benediction.

Rev. and Mrs. W. I. Dunn had as their guests for a few days the past week, J. A. Robertson and wife of Corpus Christi, Texas, Mrs. W. H. Buchanan of Jarrell, Texas, Mrs. M. E. Robertson, Mrs. Anna Brewster and daughter, Bessie, of Capps, Mrs. J. D. Dunn and Mrs. Minnie Lee Moore and little daughter, Dolpher Francis, of Wingate, all near relatives of this estimable couple, who enjoyed their visit very much.

Florida compares its boom to the gold rush of 1849. As in that case, Mrs. Elbert Bishop and family and Mr. Wingate this week.—Killeen Herald.

**TEAM WORK**

You know what wins pennants. It's the grand old team work. Everybody pulling together with only one thought in mind, to lead the league. It's this sort of team work that won the world's series from the Pirates.

In anything—it's team work that counts.

It's team work and co-operation and all pulling and boosting together that builds towns and cities.

No matter how strong the individual, he becomes more powerful with team co-operation—team work.

When the business men and citizens of a community drop their feuds and petty jealousies to pull together, that town and community get somewhere.

Are you making your co-citizens in Winters realize your desire to assist them commercially and socially.

Are you helping your friends and neighbors to feel the advantage of living in this good town of ours? Are you extending a cordial heart and warm hand?

**IDLE MONEY**

The stock bank and tomato can savings accounts are supposed to have gone out of fashion, but Federal investigators have learned that the owners of one-tenth of United States currency are cheating themselves out of interest on their savings.

Hoarders are holding out about 450 million dollars tucked away in parlor clocks, sewed in mattresses, hidden in odd corners and buried in back yards.

Banking system of today is so well established and supervised that any recognized bank is a far safer depository than any hiding place, however cunningly chosen.

Idle money means economic waste—loss to the community as well as to the owner.

**WRIGLEYS**

**AFTER EVERY MEAL**

affords benefit as well as pleasure.

Healthful exercise for the teeth and a spur to digestion. A long-lasting refreshment, soothing to nerves and stomach.

The Great American Sweetmeat, untouched by hands, full of flavor.

**POOR SHELTER**

The open field, the fence corners and the barnyard make a poor shelter for farm machinery. You can guess quite closely as to how a farmer is prospering when you see neglected machinery about the place. Sights like this are too common. It is a leak in the business shop that may cause it to sink in time. The farmer who cleans up his machinery at the close of the season and stores it carefully away under shelter, after making a record of any repairs needed before its use next season, will always be ready on time, and time is an important factor in good farming.

**MORE AND MORE JOBS**

The roll of job holders at Washington lengthens. There are, according to latest figures, 16,000 more than there were two years ago. The explanation for this increase by civil service officials is that the government is now engaged in many more activities than it was nine years ago, before the war, and that in order to prosecute them successfully more and more jobs must be created.

**SURE PUNISHMENT**

More than 60 per cent of the bandits who rob the mails are finally captured and punished and nearly 70 per cent of the money taken is recovered. This proves that, after all, the criminal has a hard time beating Uncle Sam.

**COURTESY**

An eastern city is sporting the latest thing in an automobile novelty sticker sign. It is placed just below the rear license plate, but instead of advising you that you are "too darn close," this one says: "Hello, friend, you have the right of way."

The newest New York hotel will be 56 stories high, doubtless with rates to correspond.

**WHAT COUNTS?**

It is said that the original "Safety First" sign was put up over a gate at the Illinois Steel Company's plant about 18 years ago. But the important thing is not so much when it was first put up as when it was last remembered.

**WAIT FOR BARGAIN DAY**

We see by the papers a New York department store is advertising airplanes for \$25,000. It might be wise to wait for clearing sales before buying.

**A DESIRABLE CHRISTMAS GIFT**

Young folks, here is a CHRISTMAS PRESENT for you. Place the matter before your parents in the right way. They will not refuse you for it is the best proposition you ever made them. It is the thing that will win your independence, giving you an insurance policy against poverty with a paid up-premium for life.

It is a SCHOLARSHIP in the TYLER COMMERCIAL COLLEGE at Tyler, Texas. America's largest school of Bookkeeping, Banking, Business Administration and Finance, Penmanship, Shorthand and Typewriting, Civil Service, Cotton Clipping, Telegraphy, Radio and Secretarial. A scholarship in the school will not only prepare you most efficiently, but will endeavor to secure you a position.

The cost of a scholarship in a course of Bookkeeping is \$75, Shorthand and Typewriting is \$75. Board and room is from \$20 to \$25 per month. The average time for completing any of the courses is from three to five months. Figure the cost of board and tuition and you will be surprised to find how little it will cost you to obtain a cash producing education.

It is a Christmas present that you will always appreciate because you will never cease using it at a profit. It is something of every day use. It will make you a more useful citizen.

If you or your parents have not the cash to pay for the course in full, ask Tyler Commercial College about their Student Loan Fund. The old saying, "When there's a will, there's a way" is quite true. Perhaps the management of this paper can supply you with a scholarship at a discount. Ask them for details.

One of the biggest things that you can do from the standpoint of business success is to secure a training that will make you independent for life. Convince your parents that you are determined to be a success.

Clip the coupon below and send it for large book, "Achieving Success in Business." It will help you to decide which course to take according to your talent. The book is FREE.

During the Christmas holidays, the students may leave for ten days if they so desire. Regular classes will be conducted for those who wish to stay.

(We have no other schools anywhere. We lead; others follow.)

**Ford Breaks all Production Records**

The Ford Motor Company reached the highest production peak in the record of the company Friday when 8,165 cars and trucks went off the assembly lines of domestic branches. Friday's record, however, is expected to be short lived, for production will reach 8,500 cars daily before the end of the month, making possible a total output of approximately 200,000 for October, the greatest in Ford history.

This information was contained in a statement issued at the company's general offices here Saturday afternoon, which details the remarkable industrial accomplishments effected in producing the improved Ford cars and which at the same time definitely dispels all fictitious rumors regarding Ford production circulated since the new cars were announced.

"Less than sixty days after discontinuing its former style passenger cars the Ford Motor Company has brought the improved types into normal production in all its assembly plants throughout the United States," it was stated.

"The former type passenger cars went out of production in August during which month 4,616 passenger cars were produced.

"Because of the many changes and improvements made in Ford bodies it was necessary to re-arrange departments in all assembly plants, install considerable equipment, and lengthen paint ovens to permit longer baking and an increase in the number of coats of paint given the cars. This was accomplished and production started in the paints early in September.

Output of the improved cars increased rapidly and the week ending September 19th the production total showed 22,376 cars and trucks.

"Since that time output has been growing steadily. During the last few weeks the company has been shipping through its branches to dealers to the record reached Friday, October 16th, when 8,165 cars and trucks were produced. This output will be increased to 8,500 a day before the end of the month. Production for October will run close to 200,000, a new high record.

"These figures assure the public that cars will be forthcoming in such large quantities from now on that deliveries can be made to customers without any great delay.

"Preparations for bringing in the new cars, which entailed the changing to all steel bodies, were begun months back, but the actual work of placing cars in production and bringing the output up to the normal average of more than 7,000 a day has all been accomplished within sixty days.

"Aside from the engineering work, the task of producing the improved cars involved in part, the preparation of tools for 8,291 new operations necessitating more than 3 million hours of work by expert toolmakers, complete changes of whole departments, the installation of 1,704 new machines in the Highland Park and River Rouge plants and in other manufacturing units, the designing and making of 903 new and different small tools totaling 75,000 pieces and

**Industry is Doing the World's Work**

—The people who know most about industry are those who are in industry. In addition to knowing about industry people who are in the public service industry know about the interest that all the rest of the people have in that industry.

—The public utility industry—for instance the service of West Texas Telephone Co., is peculiar in that it can do well only as the people served by it do well. It is an essential service, and experience has shown that an industry which is affected with a public interest serves well only through co-operation between the service and the people served.

—The spirit of co-operation for the benefit of both the service and those served is the spirit that inspires this company to look always to the welfare of its customers and of the community it serves.

LINCOLN *Ford* FORDSON  
CARS - TRUCKS - TRACTORS

### Ford Touring is Biggest Seller

Despite the growing general tendency toward the closed type of car, the touring car is the biggest selling automobile in America. Severe weather gives closed cars great sales impetus and in the north sections of the country where the climate is rigorous, the preference for open cars of family size is sufficiently pronounced to turn the balance of the entire nation.

In this connection reports of the Ford Motor Company show a demand for Touring Cars which is unusual for this season of the year and which calls for a production of 100,000 of these cars during October.

The Touring Car always has been the most popular in the Ford line. The exceptional demand for the present time, however, may be accounted for by the new features of comfort and convenience which have been incorporated in the improved types.

Addition of a door at the driver's left, storm curtains which afford complete protection and open with the doors, greater leg room and a more attractive appearance in the general lines of the car have all contributed to bringing increased popularity to the five-passenger open type car.

Mr. and Mrs. J. S. Wilcox, Mr. and Mrs. Joe Wilcox and Mrs. Whittenton of Shreveport, La., arrived in the city last Monday and are guests in the home of W. M. Pumphrey. We understand they are delighted with the Winters country and are very loud in their praise of Winters.

### What a Man Learned About Running Paper

Once a farmer had 1,800 bushels of wheat, which he had sold, not to one grain merchant, but to 1,800 different dealers, a bushel to each. A few of them paid cash, but far the greater number said they would pay later. A few months passed and the man's bank roll ran low. "How is this?" he said, "my 1,800 bushels of grain should have kept me until another crop is raised, but I have parted with the grain and instead I have a vast number of accounts, small and scattered, that I cannot get around and collect fast enough."

So he posted a public notice and asked all who owed him to come and pay quickly. But few came. The rest said: "Mine is only a small matter and I will pay you some other day." Though each account was small, when all were put together it meant a goodly sum to the man, and enough to enable him to pay his own bills and meet his needs. Things went on thus. The man began feeling so badly that he fell out of bed and awoke. Running to his granary he found the 1,800 bushels of wheat still there.

The next day he went to the publisher of his home-town paper and said: "Here sair, is pay for your papr, and when next year's subscription is due you can count on me to pay you promptly. I stood in the position of an editor last night earnestly earned money scattered over the country in small accounts.

The moral is: "Go thou and do likewise."—Chatsworth (III.) Plaindealer.

PANAMA'S SOLID GOLD ALTAR ONCE PIRATE LURE

This solid gold altar, most treasured relic Panama owners, was once coveted by the pirate, Morgan, in whose day it served the famous old cathedral church in old Panama. Eight spanish soldiers escaped and warned Morgan's plans; allowing time to hide treasures of Panama. It remained hidden until 1911, when, following the feeling of security established by Uncle Sam's presence priests got busy and dug off accumulated dirt of centuries until it once more shone as in the days of old.

C. W. Miller, a former resident of Winters, but now living in Demmitt county in the Winter Garden district is visiting friends and relatives here. Mr. Miller won five blue ribbons at the State Fair at Dallas on fruit raised on his place in the Winter Garden district.

## How Can Oakland do it?

How can any motor add more than 100 improvements to a product already unmatched in performance, appearance and value—and at the same time lower prices \$74 to \$307?

That is the question which brings motor car buyers everywhere flocking to Oakland salesrooms. That is the question which puzzles them more and more after they see and drive the car.

The answer is, Oakland and General Motors determined to lift the New Oakland Six to unexampled heights of value and dedicated all their resources to this purpose, knowing that the reward would equal the achievement.

Now, with Oakland sales mounting week after week to new high levels, it is competition that asks—"How can Oakland do it?"

Preaching 7:30 p. m.  
Sunday from 3 to 5 p. m. will be the regular monthly song service. Special invitation to all lovers of music of all the surrounding communities.

**MONDAY**—  
The W. M. U. will meet at the church in Bible study and monthly business meeting.

**WEDNESDAY**—  
Prayer meeting and will continue the study of our church covenant. Following prayer meeting will be general workers council of the Sunday school.

Our work in general is holding up unusually well for the busy season.

### Chevrolet Has A New Time Purchase Plan

The new time payment purchase plan of the General Motors Acceptance Corporation when applied to the purchase of Chevrolet automobiles makes the time payment price of the car from \$15 to \$35 lower, according to C. E. Dawson, assistant general sales manager of the Chevrolet Motor Company.

Mr. Dawson expresses enthusiastic approval of the plan.

"Today the automobile is a necessity; it has long passed the luxury stage," said Mr. Dawson. "Therefore like other necessities the automobile logically may be purchased out of current income and a majority of automobiles are so purchased.

"The G. M. A. C. plan enables the purchaser to buy his car out of income without the imposition of heavy premiums. A Chevrolet now may be bought on one-third down payment and operated during the year in which the payments are being completed at an additional cost of only eight cents per day for financing the time payments. This eight cents, besides meeting all interest and carrying charges, gives the purchaser complete fire and theft insurance coverage for the year.

"Heretofore, when dealers were financing their time payment sales through independent finance companies the interest and carrying charges varied greatly according to the resources of these companies and the volume of their business.

"The G. M. A. C. was organized as an aid to the General Motors dealers in order that they might give their patrons the benefit of lower interest and carrying charges. Because of its immense resources and the steady volume of business which it receives from the General Motors units, the G. M. A. C. enables dealers to reduce interest and carrying charges to the absolute minimum.

"The G. M. A. C. time payment plan is dove-tailing perfectly with the Six Per Cent Certificate plan by which prospective Chevrolet owners are paid 6 per cent interest on money deposited toward a first payment on a car. When this money and the interest reach the sum of a down payment, the car is delivered and the purchaser completes his payments under the inexpensive G. M. A. C. financing plan."

Mr. and Mrs. W. A. Pace left Monday for Marlin Wells, where Mr. Pace is under treatment of a specialist.

Miss Opal Jennings of Wilmeth, who recently underwent an operation in the local sanitarium, for the removal of her appendix, has sufficiently recovered as to be able to return to her home.

Mr. and Mrs. Jack Thomas are the proud parents of a lovely little baby girl born Saturday, October 24. Mother and little daughter doing nicely.

### An Appreciation From the Mosleys

We wish to express to all our friends, that we have made at good ole' Winters, just how much we think of you, and what your lives have meant and shall mean to us. We still believe that Winters is a fine place to live and wish that we could live there still, but as two of the children are ready for college, we decided to move close to a town, where there was a good college and also good farming land surrounding it. We like the country fine and the people are as friendly as anyone could wish.

We will never forget the many good friends there and let me say here, that, all of us look forward with intense interest for the Winters Enterprise; it is as welcome as a letter, to a person who has been away from home, for the first time. I lack in my vocabulary, words to express our sincere love and appreciation for the Winters people. Especially do we wish to thank the ladies of the Baptist church for their gifts of love to us.

As we look back over the years spent in and around Winters (twenty three years) it almost seems a dream. We regret of the many mistakes that we have made, and wish we could have lived better. But, we must not turn back, we must ever go forward, we can only ask forgiveness for the past mistakes, and try to use each one as a stepping stone to higher and nobler living.

Remember, we shall be glad to see any of you at any time. When you

are in Plainview or just passing through, don't fail to stop in. Remember, also, that the latch hangs on the outside. Yours truly,—R. L. Mosley and family.

Mr. and Mrs. W. F. Stephens of Ballinger were guests of Mr. and Mrs. Dewey Speer last Sunday.

Mrs. Ed P. Eason and son, Ralph, left Monday for San Angelo for a few days visit with her father.

### RUNNELS COUNTY BAPTISTS TO MEET AT BROOKSHIRE

We are requested to announce that the Runnels County Baptist Worker's meeting will convene next Tuesday, November 3, with the Brookshire Baptist church.

A sign on the store front is like holding a girl's hand. An ad in the Enterprise is like popping the question.

### Help The Home Electrically

—We offer you an unusual opportunity to become acquainted with many beautiful and practical appliances for your home.

If your wife is still a slave to the old and ancient broom, wash-board and wood or oil, why not get her the proper tools to lighten her burdensome drudgery.

Come in and let us advise with you.

Mr. and Mrs. Busby of Tenn. have been visiting Messrs. Ben and Ed Belew.

James A. Horn was in Abilene Monday and Wednesday attending court.

The Methodist Missionary Society had a social at Mrs. Preston Braxton Wednesday afternoon. A nice quilt was made. Refreshments were served.

The Baptist Missionary Society met Wednesday afternoon. Lesson in Royal Service. A Bible study will be the lesson next week.

Prayer meeting at the Methodist church was conducted by Rev. Preston Braxton. Psalms 8 was read and discussed. J. A. Horn will lead next time.

Work on the Teacherage is progressing nicely.

Farmers are busy gathering maize and cotton.

Mesdames H. O. and E. E. Davis and B. Lewis were in Winters Wednesday.

Mr. Hugh Baker was in Winters Wednesday.

Messrs Julins Pace and Ed Belew were in Winters Wednesday.

Mrs. J. R. Seay is on the sick list.

L. C. Bibb, H. O. Davis, George Scott, Zack West, J. A. Horn, Henry Mitchell, Alton Seaborn were in Winters Saturday.

Mrs. J. A. Horn will represent the Bradshaw's Eastern Star Chapter at the annual meet in San Antonio at the State meeting.

The quarterly conference of the Drasco Methodist District convened at Pumphrey Saturday. The annual conference will soon meet and the many friends of Rev. Preston Braxton wish he would return for another year.

Mrs. Arb Daniels and daughters, Misses Mildred and Anita were in Winters Saturday.

Mrs. J. A. Horn was in Bradshaw this week.

Drasco Public school will begin Nov. 2. Prof. J. C. Watts, and Misses Ruth Wooten and Walker will compose the faculty.

Mr. Will Belew has returned from a visit to Mrs. Will Parks at Pumphrey.

Mrs. Vivian Wood was in Winters Saturday.

Preaching at the Methodist church on the second and fourth Sundays. At the Baptist church on first and third.

Miss Eula Key, the Runnels County Home Demonstrator will be with the Drasco Ladies' and Girls' clubs Monday, Oct. 26 at Mrs. B. C. Lee.

**Bob Custer in "The Bloodhound"**

There is a compelling fascination and ever-fresh charm woven about the Royal Northwest Mounted Police, with their record of indomitable pluck, courage and resourcefulness; and across the snowy backgrounds of "The Bloodhound," a tale of the far North, a colorful and spectacular story crashes its way with the thunder of a winter avalanche. Bob Custer, hero of the Texas Ranges, is starred in this production, and he is even more attractive and He-Manish as Sergeant McKenna, of the "Mounted" than in his more conventional cowboy roles. There is plenty of riding and fast action, with the beautiful backgrounds that only a good "snow picture" can provide. "The Bloodhound" comes to the Queen Theatre Friday and Saturday, October 30 and 31.

Why do the Reds want to come to a country that is the least red of all the countries of the earth?

Uncle Sam finds local talent sufficient to supply any reasonable demand for oratorical agitators.

**Opening of Red Sea Shown in "Ten Commandments"**

Will Rogers, in speaking of his inauguration as President, in case the people of the United States had chosen him instead of Calvin Coolidge, said:

"In my movie contingent I would have had Cecil DeMille (of "Ten Commandments" fame) part the waters of the Potomac and let the people west of the river come over. If he divided the Red Sea, it ought to be a cinch to handle the Potomac (it's more a name than a river, anyway)."

Mr. Rogers, like so many others, has been impressed by the marvelous feat of photography in this picture, the parting of the waters to allow the Israelites to pass through.

The waters of the sea actually divided. A path is opened. On the side, huge walls of water glisten. The children of Israel walk through and arrive safely on the opposite shore. Pharaoh's chariots follow. They are about to reach safety when the waters close. Men and animals are tossed around and drowned in the angry sea. It is one of those scenes which is breath-taking.

Yet the magnitude of this main story is twice the magnitude of rich and colorful Egyptian spectacle, dimensionally and every other way. The authors chose mighty San Francisco as the background. Here the fierce life pulsation makes or breaks heroes or victims. Rising phoenix life from its ashes, the Queen City of the western sea has been greatly enriched with beggard by its upbuilding. On a tall church spire two hundred feet above a teeming city square, Mr. DeMille and his co-workers filmed some of the most thrilling moments of the drama.

The opportunity came through the construction during the summer of 1923 of the new Sts. Peter's and Paul's cathedral-like edifice. This is the church that (in the play) Dan McTavish contracts to build. The plot as relates to Sts. Peter's and Paul's is rarely imaginary, but strikingly typifies the results of flouting the divine as well as man-made law.

"Then Ten Commandments" is not a preachment. It is a simple story with more than one thing to think about. Not only does it say that when you persist in ignoring these plain rules for right living you bring your own hell on yourself as a natural result, but it also says, through the mistakenly narrow character of the little Scotch-American Mother that you can drive your children away from the God you want them to love, by "using the Cross as a whip!"

"The Ten Commandments" tells you first that "they are not rules to obey as a personal favor to God." "They are the fundamental principles without which man-kind cannot live together. They are not laws. They are the LAW."

And then the picture proceeds on its way of showing you, in one half the times of Moses and Rameses, the Pharaoh, when this human law was first recognized. It runs with the blood and tears that the ignoring of them brought. In the next half it shows you what law has to do with the lives of a family—a mother and her sons. She sees through narrow glasses. One son is impatient, fed up with a severe tangent. The other is tolerant of his Mother's beliefs, but sane and able to apply the true meaning of those laws to his modern life.

Then skipping to the modern, just at the close of the picture, we see the commandment-breaking son in his attempt to escape the police by a dash to Mexico in an open power-launch. These scenes show what real motor-boat speed is. The craft

**Oakland to Put Out New Sedan**

The Oakland Motor Car Company now has in production a new style Landau Sedan with larger body, wider rear seat, larger rear quarter windows, new colors and many other refinements. Price remains unchanged—\$1295 f. o. b. Pontiac, Mich.

The lengthening of the body affords added space in the tonneau of the car and easier entrance, while the widening of the rear seat provides big car roominess so desirable for the complete relaxation of occupants.

The rear quarter windows have been enlarged from the oval to a square finish, with upper rear corners rounded to conform to the shapeliness of the rear line of the body. The graceful bows upon the leather rear quarters still remain one of the distinctive features of this body style.

The change in Duco finish to a pyramid gray lower body, with black upper structure and red striping on body, hood louvres and wheels adds to the attractiveness of this most distinctive car in the Oakland line.

Automatic windshield cleaner, visor, front snubbers, natural wood wheels, front bumper, rear fender guards, gasoline gauge and instrument board, heater, moto-meter, Fisher VV one-piece windshield, roller shades and other appointments associated with this type such as Harmonic Balancer, air cleaner, oil filter and mechanical four wheel brakes.

Current sales of the Landau Sedan, the highest priced Oakland type, are greater than those of any other car in the line, with the exception of the Coach.

seems to fly through the water, and ends by being driven onto the rock-bound coast by the huge waves.

"The Ten Comandments" is based on 10 reels and by it being so long we will only run 4 shows each day and we will urge all who can and will to attend the evening shows and avoid the night crowd.

"The Ten Comandments" will be shown at the Queen Theatre on Monday and Tuesday, November 2 and 3. Each show will start as scheduled: 2:15, 4:30 and 9 p. m.

Cross stitching prevents a lot of cross talking.

**BILIOUS ATTACKS**

From Which Kentucky Man Suffered Two or Three Times a Month, Relieved by Black-Draught.

Lawrenceburg, Ky.—Mr. J. P. Nevins, a local coal dealer and farmer, about two years ago learned of the value of Theford's Black-Draught liver medicine, and now he says:

"Until then I suffered with severe bilious attacks that came on two or three times each month. I would get nauseated, I would have dizziness and couldn't work.

"I would take pills until I was worn-out with them. I didn't seem to get relief. After taking the pills my bowels would act a couple or three times, then I would be very constipated.

"A neighbor told me of Black-Draught and I began its use. I never have found so much relief as it gave me. I would not be without it for anything.

"It seemed to cleanse my whole system and make me feel like new. I would take a few doses—get rid of the bile and have my usual clear head, feel full of 'pep' and could do twice the work."

One cent a dose. NC-161

## SOCIETY

### Methodist W. M. S.

**Enjoys Literary Program**  
The Methodist Woman's Missionary Society met Monday, October 26, and carried out a literary program.

Mrs. Garrett opened the meeting with the devotional. The program in charge of Mrs. Jennings was carried out as follows: A paper by Mrs. Stephens "Our Little Sister, Dependent Children", a reading "The Boy Who Prayed Himself into a Chinese Shepherd" by Mrs. Lee; a piano solo by Mrs. Buford Owens; a paper by Mrs. Collingsworth "A Message from Bashti."

During the business meeting it was decided that the society have a day of prayer and dinner on the ground next Monday, also a linen shower for the Orphan's Home.

### Baptist W. M. U. Had Circle Meetings

The Woman's Missionary Union of the First Baptist Church met Monday, October 26, in circle meetings and each meeting was well attended.

Circle A met with Mrs. L. W. Mosely, Circle B met with Mrs. R. L. Farmer and Circle D met with Mrs. J. W. Dixon. The first lesson in the new book "Ministry of Women" was studied in each circle and proved to be real interesting.

### THE DRAMATIC CLUB

Our first meeting was called on Monday, October 26. In this meeting we elected our officers and also Miss Jones, our leader, spoke to us on the Drama, gave its origin and how many other important things about it. The final decisions upon our officers are as follows:

President, Perry Barber; Secretary, Velma Griffin; Treasurer, J. D. Robertson; Reporter, Bendena Spill. Our stage manager as yet has not been elected, but will be in the next meeting.

The Dramatic Club is intending to do some real work this year, and we hope to make a great success.

### ANNOUNCEMENTS

The Baptist Woman's Missionary Union will meet at the church next Monday, November 2, in Bible study and monthly business meeting.

Mrs. Horace Hawkins will be hostess to the Literary and Service Club Thursday evening at 8 o'clock.

G. A. will meet at the home of Rev. and Mrs. H. H. Stephens Monday afternoon, October 2, at 4 o'clock.

**Mesdames Hickman and Gaston Hostesses to Literary and Service Club.**

The lovely new home of Mr. and Mrs. L. R. Gaston was thrown open to the members of the Literary and Service Club and invited guests, Friday evening, October 23, when Mesdames Hickman and Gaston were hostesses at a cleverly planned party, which offered the first opportunity of many friends of seeing her beautiful new home. The tastefully finished and furnished home was the cause of many expressions of admiration.

With shades drawn, candles lighted and the soft light from the chandeliers together with the lovely vases of roses, chrysanthemums and massive ferns artistically arranged to furnish the floral adornment to the lovely reception rooms which presented a very pleasing effect.

The guests were greeted by the hostesses Mesdames Gaston and Hickman and presented to those in the receiving line who were Mesdames Gid J. Bryan, Hal F. Smith, Carl Henslee and C. T. Rives.

After a delightful time was spent in informal talk six tables were arranged for a series of "42" games, which held happy interest for one hour.

Daintly refreshments were served two courses consisting of candle salad stuffed olives, potato chips in wafer baskets, and hot tea, brick cream

## Winters Hi to Meet Simmons Seconds Today

The Winters High School Blizzards will meet the Simmons University Tenderfoot in the sixth game of the football season today at Ashley park at 4:00 p. m. So far the games that have been played have been with High School teams and out of the five played the Blizzards have lost only one. The game which was played with Anson at the West Texas Fair on September 22 was ordered by the University Interscholastic League to be a forfeit in favor of Winters due to the ineligibility of some of the players used in this game. The score of a forfeited game is 1-0 in favor of the offended team.

The game today will take on a new phase as the Blizzards are up against some of the best trained football men on this second squad of Simmons University and it is expected that the experience out of playing with well coached men will benefit from a standpoint of learning some football and from the standpoint of getting a little more experience from these men who have not had a full year at the gridiron work. It takes experience to make a winning team. Boys have to grow up with a sport to become proficient in the game itself and later in the season these youngsters who have a desire to make football players in the future will be given a chance to learn some of the fundamentals of the game in workouts which Coach Smith is planning after football season closes.

## Winters Defeated by Fast Coleman Eleven

Friday the Winters Blizzards motored over to meet the Coleman Bluecoats. The game went off in good fashion in the first half and neither team was able to gain very much and therefore were forced to resume to punts. Winters had a good margin on the punter of Coleman and keep back the threat to score that was made by Coleman. Coleman tried for one field kick but the Blizzards messed up the play for the kicker. The game was fast and frequent fumbles were made by both teams but mostly by Coleman who were successful in recovering them, or making them after the whistle had blown. The game by plays as follows:

### First Quarter

Bourland of Coleman kicked to Fields on Winters 25 yard line who returned to the 55 yard line. Bailey goes 7 at left. Singleton goes 2 at right. Robertson fails at center. Robertson kicks to Coleman 38 yard line. Both sides off side and the down was still first for Coleman. Henderson makes 2 at right. Bourland makes 5 at left. Coleman off side. On the next play they failed to gain and Bourland kicked to the Winters 31 yard line where the ball went out of bounds. Fields makes 2 at right. Bailey makes 5 at left. Fields fumbles but recovers for a 6 yard loss. Robertson punts to the Coleman 47 yard line where the man is down in his tracks by Knight and Neely. Livingston makes 1 at center. Henderson fails to gain. Bourland makes 2 at left. Henderson makes 4 at center but the ball went over on downs. Singleton goes 2 at right. Fields goes 3 but Winters penalized 25 yards for clipping. Robertson punts to Coleman's 47 yard line. Coleman fumbles but recovers for no loss. Livingston makes 4 at left. Bourland makes 1 at right. Crenshaw makes first down. Bourlands pass was incomplete and the quarter ended with

and angel food cake with salted nuts in attractive orange and black basket as favors, to the members: Mesdames F. J. Brophy, Paul Holcomb, H. O. Jones, Bert E. Low, L. E. Low, J. Q. McAdams, Harris Mullines, Luther Owens, J. H. Rhoden, W. D. Sanders, E. A. Shepperd, J. M. Skaggs, A. H. Smith, R. T. Thornton Jr., W. W. Oliver and Misses Josephine Heavenhill, Loye Kornegay, Gladys Oliver and invited guests: Mesdames Hal F. Smith, Gid J. Bryan, Carl Henslee, C. T. Rives, J. W. Dixon, E. Clements, B. F. Howell, C. Russell, C. S. Jackson, W. H. Robinson and Geo. C. Hill.

Coleman in possession of the ball on the Winters 43 yard line. Score Coleman 0, Winters 0.

### Second Quarter

It was Coleman's ball on the Blizzards 43 yard line, and it was second down. Crenshaw makes 2 at tackle, and a first down was made on the next play at the right for Coleman. Henderson makes 5 at left. Bourland makes 2 at center. Livingston makes first down at left end. Crenshaw makes 2 at right. Bourland was thrown for 2 yard loss by Capt. Knight. Crenshaw was thrown for a 2 yard loss by Fields. At this period of the game Bourland tries a drop kick from his 30 yard line but the kick was short and to the left, Robertson catches on the bounce and carries to the 15 yard line where he was tackled by Burkett. Bailey makes 2 at left tackle. Robertson kicks out of bounds on the Coleman 45 yard line. Coleman fails to gain on a fake to the left. Crenshaw clips off 3 at right end. Time out for Winters and R. Phillips was sent in for Singleton. Henderson makes 4 at left on the next play, Crenshaw failed to gain and the ball went over. Edwards was sent out at quarter for Robertson. Bailey fails to gain. Fields' pass was incomplete. Fields punts out of bounds on the Coleman 42 yard line. Coleman fumbles and Winters recovers but referee rules it Coleman's ball because the whistle had blown. Livingston makes 4 at left. Martin for Coleman was off side on the next play and Coleman penalized 5 yards. Bourland makes 4 at right. Bourland punts to the 50 yard line and Edwards fumbles and Coleman recovers and the half ends. Score 0-0.

### Third Quarter

Bourland kicked to Fields on the Blizzards 25 yard line and Fields returned to the 49 yard line. Phillips makes 2 at right. Bailey makes 1 at left. Fields pass was incomplete, and on the next play he kicks to the Coleman 32 yard line. Bourland makes 7. Crenshaw adds 4 and first down. Livingston makes 6 and Henderson makes a first down. A Neely threw Henderson for a 4 yard loss, and time was taken out for Winters and P. Barber was sent in, and Robertson for Edwards for a quarterback. Crenshaw makes 6, Bourland fails to gain on a fake. On the next play Winters was penalized 5. Livingston makes first down. T. Barber for Campbell at guard. Crenshaw makes 2 at left. Livingston makes first down at center. Bourland makes 2 at left and Henderson a first down. Henderson fumbles and Capt. Riley recovers for the Bluecoats. Crenshaw adds 1, and Livingston makes first down. Crenshaw fails. On a triple pass Bourland to Henderson to Livingston the Bluecoats makes 23 yards and a first down on the Blizzards 12 yard line and the quarter ends. Score 0-0.

### Fourth Quarter

Crenshaw makes 1. Henderson no gain. On a fake line play Coleman makes a first down on the Blizzards 2 yard line. Crenshaw makes a 1-2 at center. Henderson a small gain and on the next play Livingston went over for the only touchdown of the game and Bourland drop kicked the goal. Score 7-0 Coleman. P. Barber received the kick off and returned to the 35 yard line. Fields makes no gain at left. D. Barber was sent in for T. Barber at left guard. Robertson thrown for 2 yard loss. Time out for Winters. Fields pass was incomplete. Winters punts but Coleman was off side and the ball was brought back, on the next play Robertson punts and Henderson fumbles and Vancil recovers for Winters. Fields breaks loose and runs 20 yards but was tackled by the Safety man on the Coleman 23 yard line. Bailey fails to gain and on the next play Fields made 8 at right. Winters was penalized for Dedmon getting on the field too late to report before the next play Phillips makes 3 at right. Bailey makes 5 at left and it was fourth down and our ball on the Coleman 7 yard line. Fields pass to Neely was grounded and the ball went over. Very little occurred before the game ended. When the final whistle blew it was Winters ball on the Coleman 40 yard line. Score Coleman 7, Winters 0.

## APPRECIATION

Good wishes won't build a town.  
Knocking and whining won't build a town.

It takes cash and brains and hard work and a few fellows who can stand the gaff.

A good town is worth working for, an dworking for a good town is a great deal easier task than plugging for one that is not progressing.

Give his town the best he has in him, and a man will find that it is glad to give him some of its besgt. Appreciation is nothing like a unsommon as some people imagine it.

## The Lone Star Flying Circus

Has been brought to Winters for the entertainment of the people of this trade territory by the business institutions advertising in this section. The entire performance is absolutely free, so don't fail to bring the entire family to enjoy this thrilling entertainment arranged especially for YOU.

### VALUABLE GIFTS FREE MORNING AND AFTERNOON !

#### LARGE CROWD SEES FLYING CIRCUS AND CHEER FLYERS LAST SUNDAY IN EASTLAND

The week just passed has been a week of many opportunities for amusement and entertainment for Eastland. Two major attractions in addition to a number of other entertainments furnished by both local and foreign talent were in the city during the time. One of these was the Carnival which remained here during the entire week under the auspices of the Fire Department and which was attended by many hundreds of people during the six days that it was open. The other was the thrilling performance of the Lone Star Flying Circus consisting of three planes with a troupe of expert World War fliers and the incomparable "Shorty" Radock.

Included in the program of the afternoon were stunt performances in which Ted Kincannon, one of the best stunt fliers who has even went aloft, executed loops, barrel rolls, nose dives and other breath taking gyrations with a perfection that marked him master of his art, an airplane race, fence jumping with the plane swooping within inches of the earth to leap fences and trees, wing walking, parachute jumping and most thrilling of all a loop the loop with "Shorty" Radock standing with arms extended upon the upper wings of the plane.

Hundreds of spectators cheered as the aviators and "Shorty" completed their daring performances. Mr. Radock showed good evidence of why he has been named the peer of all stunt performers. With a plane sweeping within fifty and a hundred feet of the earth the little fellow hung by his feet, by one hand from a ladder suspended from the landing gear and finally by his teeth. He rode the tail of the machine and climbed all over it while it was in motion as readily as one might climb about it while on the ground. Then a thousand feet in the air he stood erect upon the top wing and remained so while the pilot sent it into perfect loop the loop with the crowd below holding its breath in anxious suspense. He then completed the afternoon's program with a parachute drop from an altitude of 2,000 feet. As he cut himself loose from the wing of the plane and the beautiful canvas spread into a perfect half sphere floating slowly downward to the landing field hundreds cheered wildly. It was by far the most beautiful sight of the entire performance. The parachute which he used was constructed in Eastland by Mr. Hardin and others of the circus, and was used for the first time Sunday afternoon.—Eastland Exchange.

At each performances miniature parachutes will be dropped over the town. These parachutes are numbered, and in the advertising section you will find a corresponding number and when presented to the institution in whose ad the number appears, you will be presented with a valuable free gift as advertised. Parachutes must be presented on Circus day to get prizes offered.

We are using That Good Gulf Gasoline and Supreme Auto Oil in these planes.  
C. L. CHAPMAN, Agent, Phone 216, Winters, Texas

#### WHEN DAREDEVIL DEFY DEATH WITH STUNTS HUGE CROWDS HERE RECEIVE BIG THRILLS

Gasps of astonishment came from the mouths of 6,000 spectators, when E. E. "Shorty" Bradock, aerial daredevil, hanging by his teeth with the plane going 100 miles per hour, provided the big thrill in the exhibition given by the Lone Star Flying Circus, of Dallas, Texas, Sunday afternoon, over a field just off Meister-rd., west of the city, under the auspices of the Mullen-Murray post, Veterans of Foreign Wars.

Radack was enthusiastically applauded by the large crowd on the flying field, when he climbed down the rope ladder suspended from the stunt plane, closed his teeth on a knot at the end of the rope, and flung his arms and legs to the wind. The plane, which was piloted by Ted Kincannon, few low to the ground and Radack's act was easily seen by those on the field.

With his feet strapped to the top of the same plane, Radack stood upright while the plane went through three loop the loops. Although probably more spectacular, the loop the loop stunt was far less dangerous

than Radack's first act, in that his feet were securely strapped down. When he was hanging by his teeth, however, Radack had no other means of support. He used no devices or safety appliances in his work.

The daredevil also gave an exhibition of wing-walking and rope-ladder work. On one occasion he climbed to the lowest rung of the ladder, hung by his legs, and then unfurled an American flag.

Radack closed the day's program by dropping in a parachute from an altitude of about 2,000 feet, landing safely in a near-by field.

The first event on the program was a series of stunts by Ted Kincannon, former army flier. Kincannon "took off" soared into the air, and after maneuvering for position, presented a 20-minute exhibition of loops, spirals and nose dives.

Two planes participated in the circus, but one of them developed engine trouble during the first flight and made a forced landing in a near-by oat field. A third plane, a big five-passenger cruiser, was used only to carry passengers during and after the program.

DRY GOODS CO.  
"SATISFIED CUSTOMERS"

# Our 6th Anniversary Sale

WILL CONTINUE THROUGH THE FLYING CIRCUS

We want you to come in and inspect the enormous stock of merchandise, and see what you can get in our big stock. We buy in such enormous quantities, which enable us to sell you merchandise at lower prices than some merchants can even buy them. A special invitation is extended to the men and boys to see our big line of Suits. They are wonderful. If you want a blue serge, come in and let our clothing man show you number 1669. It is the best we have ever shown.

Of course, the ladies are not forgotten. New modes in coats and dresses arriving daily, and you may be sure to find what you wish in our Ready-to-wear department.

We want to take this opportunity to invite the new comers to visit our store, and get acquainted with the KRAUSS policy of doing business, which is only fair and square. Our old customers know this, but we want to meet the new people of our country. Come and make yourself at home.
