## Bradshaw Bank Robbers Get \$50 In Small Change

About \$50 in nickels and pennies was taken from the Bank of Bradshaw, 12 miles north of Winters, last Saturday night when entrance was gained to the vault by cutting out the lower section of the steel door with an acetylene torch.

Up to yesterday noon there had been no arrests made in connection with the robbery. The Yeggs are believed to have made their get-away in a Studebaker sedan.

The robbery was discovered Sunday morning at about 10 o'clock by Ocie Hunt, cashier of the bank. Mr. Hunt immediately notified the sheriff's department at Abilene and several officers went to Bradshaw to make an investigation.

The robbery is thought to have been the work of amateur bank thieves, according to Deputy Sheriff Frank Whaley. A package containing more than \$1,000 worth of unregistered coupon bonds was tossed to one side and two sacks containing nickels and pennies were taken. A box in which there was more than \$50 in pennies was also left in its place.

The large safe inside of the vault, which contained the silver and currency on hand, was not opened by the thieves. All of the pressure torch equipment thought to have been stolen in Abilene, was left inside the building when the robbers made their getaway.

Entrance to the bank building was made through a window in the rear. The glass panes were removed without being broken.

### PRESBYTERIAN MEN'S CLASS ELECTS OFFICERS

The Men's Class of the Presbyterian church recently held its annual election of officers at which time L. R. Gaston was elected president; Jno. Q. McAdams, teacher; Thos. H. Haynie, assistant teacher; A. J. Pfeiffer, secretary-treasurer, and Jim Davidson, assistant secretary-treasurer.

The class room has been equipped with a linoleum carpet, a pulpit and hat rack, the material for the latter piece of furniture being donated by the H. H. Hardin Lumber Co., for which a rising vote of thanks was given to the Hardin concern and its local manager, James Hufflines.

This class extends a hearty invitation to all men of Winters and its vicinity.

Mr. and Mrs. W. P. Gardner left Saturday for the eastern market to purchase new fall and winter merchandise for Gardner Bros. store.

## New Oil Mill Manager Takes Charge

Horace Hawkins of Fort Worth, new manager of the Winters Cotton Oil Company, Inc., succeeding W. H. Lynn, arrived in the city the first of the week and has assumed his new duties. Mr. Hawkins is a young man of pleasing personality and acknowledged business capacity and will, no doubt, prove quite a valuable acquisition to the business life of the city. As soon as he can secure a residence he will move Mrs. Hawkins, who is visiting relatives and friends at Coleman, here.

The Hamilton Herald-Record, published at Mr. Hawkins' old home, had the following to say when it learned of the promotion of Mr. Hawkins to the place he holds at the local mill: "Friends here will be pleased to learn of the splendid recognition accorded Horace Hawkins by his company in making him manager of the Winters (Texas) Cotton Seed Oil Mill. He had been employed in another capacity for some time and had shown such loyalty, fine business ability and possesses a genial presence which makes it easy for him to approach the public, so he was placed in the highest place within the authority of his employers. The Herald-Record, with other friends would offer congratulations."

## One of The Prettiest Country Homes to Be Found in West Texas

Photo by Jordan

Home of Tad Richards, 18 miles west of Winters. Another evidence of the fertility of the soil of the Winters country is the substantial and better class of farm homes to be found in this section, and as the diversified farming program grows more and more such homes will be erected in this section.

## Young Lutherans Convene at Winters

Last Sunday, July 31st, was a banner day for the Luther Leaguers of West Texas when approximately 75 visitors from Wichita Falls, Slaton, Wilson, Southland, Roscoe and Lorraine met in convention at St. John's Lutheran church.

Saturday night the League of the local church entertained with a get-acquainted social, which proved to be a happy and successful affair.

Sunday morning at 11 o'clock, Rev. A. B. Weiss of Slaton, occupied the pulpit and delivered an inspiring message to approximately 300 attentive hearers. He had chosen for his text from the 2nd Book of Samuel, chapter 15, verses 19-22.

At the noon hour the local congregation took the visitors to the shady trees on Bluff Creek in the G. A. Prusers pasture, where a splendid dinner was served to all present. At 2:30 members from the various Leagues represented rendered a fine joint program. The different numbers rendered were of a religious nature and were well received. After the program supper was served on the grounds, after which all left, to assemble at the church for the closing services at 8 o'clock. The church was again filled. Every available seat was occupied. The Rev. A. H. Muehlbrad of Wichita Falls delivered the message on the basis of Ephesians 4:1-6.

Monday morning the majority of visitors left for their respective homes while a few remained for a fishing party at Bluff Creek.

Thus came to a close what might be termed to be the most successful Luther League Convention ever held in this part of the State.

## Honored Citizen Claimed by Death

The death of W. R. Hamner which occurred at the family home eight miles southwest of Winters, Monday August first, marks the passing of a highly respected and honorable citizen of Runnels county. While his death was not altogether unexpected it came as a profound shock to the large circle of relatives and friends who had so tenderly cared for him during his illness.

Deceased was seventy-six years of age, and was well known, having lived here for the past seventeen years. He was a faithful member of the Methodist church, always willing to do what he could for the cause of his Master, and took an active part in the upbuilding of the community in which he lived.

Surviving him are his wife, five daughters, Mrs. Jack Tackett, Mrs. Luther Smith, Mrs. Joe Casey, Mrs. O. K. Paschal, of Winters; Mrs. A. M. Stanley, Midland; two sons, J. H. Hamner of Winters, and T. K. Hamner of Stanton; one brother, R. C. Hamner of Knox City, and several grandchildren, all being present at the funeral.

Funeral services were conducted by Rev. A. P. Jones of Ovalo, assisted by Rev. D. L. Barnes of Wingate, and the body was laid to rest in Fairview Cemetery.

Pall bearers were R. W. Smith, Will Brown, Lawrence Looney, J. D. Presley, H. N. McDonald, H. B. Poe and I. G. Hensley.

Sincerest sympathy is expressed by a host of friends for the bereaved relatives in the loss of their loved one.

### Methodist Sunday School Picnic

The entire Methodist Sunday school will have a watermelon feast at Tinkle Park next Tuesday evening, beginning at about sundown.

The committee in charge of procuring the melons report they are searching the watermelon market for the finest that the land produces, and that they will be just cold enough to be fine for eating.

Miss Madie Bell McElroy returned Monday from Boulder, Colo., where she attended the summer session of the university.

Miss Fannie Lou Stokes is visiting Miss Karleen Low at Abilene this week.

News was received here the first of the week that Mr. and Mrs. C. S. Boone of Woodsboro were the proud parents of a fine baby girl, who arrived Monday. Mrs. Boone is a daughter of Mr. and Mrs. H. O. Jones and her many friends here extend congratulations upon the arrival of the new daughter in her home.

## All Amendments Fail to Carry

All four constitutional amendments voted on last Monday were overwhelmingly defeated locally as well as all over the state.

There was not very much interest evidenced in the election here, which passed off very quietly, but what little interest that was manifested seemed to be almost entirely directed against all four of the measures.

### Open New Garage

Jess Wetzel, Marion Seay, and George Frith, well known and expert automobile mechanics, have combined their talents and experience and opened their own business—The City Garage—in the old Chevrolet building on North Main street. Two of these boys have been connected with the Nance-Brown Motor Company for a number of years, and all of them are skilled mechanics on any and all makes of cars. They will be glad to have you call around and see them, and promise you prompt and efficient work.

## Local Talent Play Hi School Tonight

The stage is all set for the play lovers of Winters to enjoy a fast-moving, American farce comedy when the Epworth League is to present "Safety First" at the high school auditorium, Thursday evening, August 4th, at 8:30.

"Safety First" is delightfully different, amusing, and a thrilling comedy picturing true types, and many laughable situations.

Those who carry parts are: Auburn Neely, Doye Campbell, Gattis Neely, Fred Young, Garland Nance; Misses Leon Campbell, Louise Stephens, Lavena Collinsworth, Valera Duncan, and Charlsie Graham.

### Leaves for Market Centers

H. O. Jones, buyer for the Farmers Mercantile Company, left Monday for northern market to purchase fall and winter items for this store. Before leaving Mr. Jones stated he expects to purchase the largest amount of goods this year than ever before.

### Transferred

Clifford Rhoden, who has been in the employ of the Winters Cotton Oil Mill for some time in the capacity of bookkeeper, was transferred the first of the week to the Ballinger mill where he takes the place of cashier. This is a nice promotion for Clifford and his local friends are expecting him to climb still higher in the oil mill industry.

## Local Man Heads Ginners Ass'n.

Ginners of Tom Green, Concho and Runnels counties met in San Angelo Tuesday and organized an association to be known as the Colorado-Concho Valley Ginners Association, and C. L. Cooke, local manager of the Farmers Gin Co. of this city, was elected president.

The association was organized because it was felt that a closer cooperation would result from the study of local condition which, it is claimed, cannot be gone into thoroughly by the West Texas Ginners Association, however, the former organization is not intended to take the place of the latter.

Those attending the meeting from Winters were Messrs. C. Kornegay, Ralph Ashburn, H. K. Reid, Jake Davidson, Wiley Hinds and C. L. Cooke.

### Is Old Time Resident

A visitor to the city this week was M. C. Bishop, whose family were old time settlers in the Winters country, residing here when the city was a cattle range, or to be exact a huge prairie dog colony. Many relatives still reside here, and Bro. Bishop was enjoying meeting them the first of the week. He now resides at Post, Texas, and his visit in this section is to conduct the revival meeting now going on at Antelope.

Mr. Bishop was greatly surprised at the changes made in this section, and pronounced this one of the best farming districts in the state.

## Weather Report

FOR MONTH OF JULY

Special to Enterprise.

Drasco, Texas, Aug. 1.—The weather for July was varied to a greater extent than usual. A report of the precipitations are as follows:

July 1st, .01 inch of rain; 12th, .27 inch rain; 14th, .22 inch; 27th, .57 inch; 28th, .02 inch, making a total of 1.09 inches.

We had traces of rain on the 5th, 8th, 13th, 19th, and 22nd. Thunderstorms passed near on the 5th, 8th, 12th, 13th, 19th, 22nd and 27th.

A sand storm from the northeast on the 1st; hot winds on the 8th and 9th. A lunar halo the 12th; a solar halo the 26th, and a brilliant aurora the evening of the 28th.

Cotton and grain sorghums are in excellent conditions. Roads are fine.

## Two New City Ordinances Go In- to Effect Today

Passed last Friday evening at the regular meeting of the city council, with the emergency clause appended, two new ordinances go into effect here today.

One has to do with the traffic regulations, pertaining to parking, etc., while the other forbids the distribution of circulars, pamphlets, and other advertising matter upon the streets within the fire limits of the city. Both ordinances appear in full in another part of this paper.

The city fathers are also testing out "no left turn" signals at Main and Dale streets and in front of the post office on West Dale. It is stated that after a two week's test of this regulation, it will either be adopted by the council or dropped.

Quite a bit of opposition from the business interests and others has developed to the last named regulation since the test started last Monday.

### EDWARDS FAMILY HAD BIG REUNION SUNDAY

Last Sunday was a memorable day for Mr. and Mrs. G. W. Edwards, as their children and their families gathered at the home for a family reunion. All the children were present with the exception of one, Dr. V. E. Edwards of North Carolina. Mrs. R. F. Goolson of North Carolina, who had not seen her parents for thirty-one years, was present and needless to say the occasion was a happy one.

A bounteous dinner was prepared and the family once more gathered around the family table. There were fifty-five relatives present and thirty friends of the family.

Those present from out-of-town were Mrs. R. F. Goolson and three children of North Carolina; Mr. and Mrs. Francis Tuft of Cleveland, O.; Mrs. H. G. Phillips and children of Lamesa; Mrs. Clare and two daughters of Oplin; Mrs. Thomas of Ballinger, and Mrs. Jack Thomas of Miles.

### Buys Magnolia Filling Station

M. P. Renfro, well known in the Winters country, has purchased the Magnolia Filling station from Jim Johnson, and will continue to operate it along the same lines as heretofore. Mr. Renfro invites his many friends to share their business with him, and promises them dependable products and a quick and efficient filling station service.

Mrs. Jodie Anders of Northport, Ala., is a guest in the home of her brothers, J. L. and W. M. Pamphrey.

## Plan for Farmers Meeting Here Soon

There are many things that are of special interest to the farmers of this territory that the chamber of commerce is planning to lend every assistance to. In order to make this part of the program of greatest benefit, it will be necessary to have a meeting of the farmers during this month. The Winters Chamber of Commerce is largely a service organization and the fact that agriculture stands at the top of the list in importance, a great deal of attention is to be given along this line.

It is very important at this time, that those who may need laborers or expect to use additional help at any time notify the secretary of the local chamber of commerce so that he can begin to line up hands to harvest the maize and cotton crops. You do not need to wait for the meeting to do this. The chamber is already receiving inquiries from those who wish to come here to gather maize and pick cotton.

Look out for announcement of the meeting and tell your neighbors of it so that every community may be well represented. An idea as to the total number of hands, price to be paid, etc., should be decided as early as possible.

WARM WEATHER

Hot weather is good for people, says a prominent physician. It accomplishes three important things:

Every one knows the boys play a better game of ball on a hot day. Even those who have little to do, take no interest in sports and sit it out find a none too gentle perspiration bathing their frame.

Hot weather loosens channels of

conversation. Stranger stops stranger on the streets and asks the well known question, "Isn't it hot?"

Those who fume and fret over the weather relax grouches, allowing them escape through the pores of the mind.

## BEATING EVIL WITH GOOD

The International Uniform Sunday School Lesson for August 7. Overcoming Evil With Good. Text: 1 Samuel 26:7-14, 17, 21

So David and Abishai came to the people by night: and, behold, Saul lay sleeping within the trench, and his spear stuck in the ground at his bolster: but Abner and the people lay round about him.

Then said Abishai to David, God hath delivered thine enemy into thine hand this day: now, therefore, let me smite him, I pray thee, with the spear, even to the earth at once, and I will not smite him the second time.

And David said to Abishai, Destroy him not: for who can stretch forth his hand against the Lord's anointed, and be guiltless?

David said furthermore, As the Lord liveth, the Lord shall smite him: or his day shall come to die; or he shall descend into battle, and perish.

The Lord forbid that I should stretch forth mine hand against the Lord's anointed: but, I pray thee, take thou now the spear that is at his bolster, and the cruse of water, and let us go.

So David took the spear and the cruse of water from Saul's bolster: and they gat them away, and no man saw it, nor knew it, neither awaked; for they were all asleep; because a deep sleep from the Lord was fallen upon them.

Then David went over to the other side, and stood on the top of a hill afar off; a great space being between them:

And David cried to the people, and to Abner the son of Ner, saying, Answerest thou not, Abner? Then Abner answered and said, Who art thou that criest to the king?

And Saul knew David's voice, and said, Is this thy voice, my son David? And David said, It is my voice, my lord, O king.

Then said Saul, I have sinned: return, my son David; for I will no more do thee harm, because my soul was precious in thine eyes this day: behold, I have played the fool, and have erred exceedingly.

THIS is a lesson of David's goodness and mercy triumphant over the insane passion and jealousy of Saul. Herein an act of David's magnanimity brings to the surface Saul's better nature and leaves him, for the time, repentant.

David's goodness brightens the pages of Saul's pursuit of him. This gives us a picture of David at his best. His own life in danger, David refrains from enmity. His courage and complacency reveal qualities of character really noble.

### Abishai Unmoved

Abishai here represents the normal spirit of man. He was moved with no larger considerations of magnanimity. He urged David to let him kill Saul in the moment of opportunity, boasting that he could slay the sleeper with one stroke of his spear.

David, though a man of spirit, was moved by finer feelings and higher moods. There was in him, too, something playful, for he found a certain boyish satisfaction in stealing away Saul's spear and the cruse of water that had been at his head.

Perhaps he did this, also, to reveal his magnanimity to the man whose life lay in his hands. He may have thought that here was a chance to turn from himself and from Saul the evils of jealousy and hate.

### Saul Repents

At the time David's greatness of soul brought results. Saul's cry is full of pathetic repentance: "Then said Saul, I have sinned: return my son David; for I will no more do thee harm, because my life was precious in thine eyes

this day: behold, I have played the fool and have erred exceedingly."

It was a flash of Saul's better self, but it was not to endure. Eventually his bitter passion and jealousy were to triumph.

David's action came at a time when men were not given to finer considerations of mercy. Abishai, rather than David, is typical of the age. Here is shown the moral and spiritual quality of the Old Testament; in this narrative burns the rich idealism that has pointed the way to a higher and better way in life for the souls of men.

### AN ORDINANCE

Prohibiting the pasting of signs or postures on motor or other vehicles by persons not the owner of such vehicles, without the owner's consent or permission; prohibiting the tacking, pasting or attaching of signs, postures, handbills or circulars to any telephone, telegraph, light or power line pole, within the fire limits of the city of Winters, prohibiting the scattering or distributing of any handbills, circulars, dodgers or pamphlets by, and placing same in any motor or other vehicles, within the fire limits of the City of Winters. Fixing a penalty for violation thereof, and declaring an emergency.

Be IT ORDAINED by the City Council of the City of Winters, Texas, that—

1. It shall hereafter be unlawful for any person or persons to paste or cause to be pasted, any signs or

postures on any motor or other vehicle, by persons not the owner of said vehicle, without first receiving the owner's permission so to do.

2. It shall hereafter be unlawful for any person or persons, to paste, tack or attach in any matter whatsoever, any signs, postures, hand bills, dodgers or circulars to any telegraph, telephone, light or power line pole, within the fire limits of the City of Winters, Texas.

3. Hereafter it shall be unlawful to scatter or distribute any handbills, dodgers, circulars or pamphlets by handing same to any person upon the streets, alleys or sidewalks or placing same in any motor or other vehicle, within the fire limits of the City of Winters, Texas.

4. Any person or persons, firm, officer, agent, servant or employee of any corporation or association of persons, violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be fined in any sum not exceeding \$100.00.

5. This ordinance shall be and is hereby declared to be cumulative of all other ordinances of the City of Winters, Texas, not in direct conflict herewith, and shall not operate to repeal or affect any such ordinance or ordinances, except to the extent which it may be in direct conflict herewith.

6. The holding or adjudication of any section, portion or part hereof to be invalid, shall not affect the validity of any such other section, portion or part of this ordinance, but all such other sections, portions and parts hereof shall be and remain valid.

7. The fact that there is now a widespread practice among the citizenship of this City of pasting signs on motor and other vehicle and the attaching of hand bills, dodgers, circulars, and pamphlets to telegraph, telephone, power and light line poles and the scattering and distributing of hand bills, dodgers, circulars and pamphlets in the fire limits of the

City of Winters, Texas, all of which acts are hereby declared to be a nuisance and a menace to the public health and safety of persons and property, creates an emergency and more than one reading of this ordinance is hereby expressly dispensed with and the same shall take effect and be in force from and after its passage, approval and publication.

Regularly passed, adopted and approved by the City Council of Winters, Texas, this 29th day of July, A. D. 1927.

Approved: A. F. ROBERTS,  
Mayor Winters, Texas.

Attest: ROXIE FLOYD,  
City Secretary.

Our revival meeting closed last Thursday morning at the water's edge in the Wood & Wright pasture, where forty followed Christ in baptism. Seven others joined the church by letter and statement.

Plans are being made to build a meeting house this fall at Harmony. Quite a number from here attended church at Crews Sunday night.

Mrs. T. H. Hill of Ballinger is visiting her daughter here.

Mr. and Mrs. Henry Seals and children attended church at Ballinger Sunday, where his brother, B. V. Seals, of California, is conducting a meeting at the Nazarene church.

Mrs. E. A. Meadows of Winters, the two little Polk boys, and Malcolm Stokes were guests of Mrs. Cora Cummings and family Sunday.

Miss Vivian Gallant was a guest of Mrs. Jim Tunnell Sunday.

Mrs. Nat Moffett and daughter, of Lamesa, and Mrs. Brown of Novice visited Mrs. Charlie Jackson and family Sunday.

Misses Nellie and Salbie Hill of Ballinger visited their sisters, Mesdames Lee, Frank and Jim Seals and Edgar Brancham a few days last week.

Mr. and Mrs. H. E. Vernon and children attended church at Crews Sunday and took dinner with Mr. and Mrs. Edgar Brancham.

Misses Maudie and Stella Hartley, Fay Seals, and Alice Worthington visited Miss Vera Cummings Sunday.

Charlie Jackson went to Novice last Friday on business.

Mr. and Mrs. Frank Seals attended singing at Crews Sunday afternoon, and also attended the Crews baptizing in the Wood & Wright pasture. There were seven baptised.

## Wingate

Everybody in this community is rejoicing over the fine rain that fell recently. Crops will be greatly benefited.

Mr. and Mrs. W. B. Dodgen of Wilmeth spent Sunday in the home of Mr. and Mrs. M. T. Hensley.

J. L. Ragsdale of Bradshaw was here Saturday.

Mr. and Mrs. H. E. Sanford of Winters were visiting Mr. and Mrs. J. O. Sanford Sunday.

Mrs. Fred Green has returned to Rockdale after a visit here with her parents, Mr. and Mrs. Charlie Pruitt.

Mr. and Mrs. W. D. Smith spent Sunday in Ballinger.

The Christian meeting will close Wednesday night. There has been several from Winters, Norton and adjoining communities attending the meeting. Up to this time there have been five added to the church.

The Baptist meeting will start here Friday night. Rev. White from Greenville will conduct the meeting. He comes here highly recommended, and all are invited to come.

The delegates who were sent from here to the Farmers' Short Course returned home Sunday and they report the trip very profitable.

### CARD OF THANKS

We sincerely thank our friends and neighbors for their kind assistance and tender words of sympathy during the illness and death of our dear husband and father, W. R. Hamner. Especially do we appreciate the beautiful floral offering. May God's richest blessings rest upon each of you in the prayer of our hearts.—Mrs. W. R. Hamner, Jno. H. Hamner, R. C. Hamner, Mr. and Mrs. T. K. Hamner, Mr. and Mrs. A. M. Stanley, Mr. and Mrs. Jack Tackett, Mr. and Mrs. O. K. Paschal, Rev. and Mrs. J. T. Casey, Mr. and Mrs. L. H. Smith.

## WHAT'S DOING In West Texas

**SAN ANGELO**—Efforts are being made to secure a fish hatchery for Tom Green county. This county has more miles of running streams than any other county in Texas, and the streams are frequented by fishermen. A hatchery is necessary to keep the streams properly supplied. Commissioner W. J. Tucker is expected here at an early date to go over the situation with officials of the San Angelo Board of City Development.

**STEPHENVILLE**—The Stephenville chamber of commerce held a membership banquet here this week. An overflow crowd assembled to enjoy the constructive program and to greet C. C. Colvin, new secretary of the Stephenville chamber of commerce.

**STAMFORD**—The West Texas Chamber of Commerce has pledged support to the ranchmen of West Texas whose rights to oil royalties have been jeopardized by action of the state in seeking to declare unconstitutional an act of the legislature granting one-sixteenth of the oil to land owners purchasing state land. Under the old law the state retained the mineral rights of state land. The legislature passed a bill giving the land owners one-half the royalty and acting in good faith the land owners permitted oil operations on their land. Should the bill be declared void, title to royalties on many thousand acres of West Texas land will pass from the land owners and will work great hardship in West Texas. The matter was precipitated when the royalty of Ira G. Yates was attacked. The Yates pool in Pecos county is now one of the most promising of West Texas. The directors of the West Texas Chamber of Commerce voted at their recent meeting in Cisco to support Mr. Yates and other West Texans whose property is jeopardized and the legislative bureau of the organization instructed to take whatever action is necessary in the case. Homer D. Wade, manager of the organization is now making a study of the matter.

**VERNON**—Programs and invitations to the Northwest Texas Press Association meeting in Wichita Falls September 9 and 10th, are being sent out by Ray Nichols, editor of the Vernon Record, who is also secretary of the press association. Sam Roberts of Haskell is president of the organization.

**WICHITA FALLS**—The special train of West Texans who went from Wichita Falls to California where they spent two weeks studying the irrigation system there has returned. The party was headed by J. A. Kemp of this city. B. M. Whiteker, agricultural manager of the West Texas Chamber of Commerce, represented his organization. The party reported a successful trip and returned convinced that Texas offers a better field than California for agricultural development.

**LAMESA**—The largest motorcade in the history of Texas journeyed over the Dal-Paso Caverns Highway from Breckenridge to Carlsbad, N. M. Nearly five hundred people made the trip. A business meeting was held in Seminole at which place for improving this important artery of travel were made.

**DALHART**—A. T. Holcomb, secretary of the Dalhart chamber of commerce has requested the West Texas Chamber of Commerce to create a new district in the north plains section. According to Mr. Holcomb, the present north plains district is too large to permit the entire section to have representation at the district conventions. Mr. Wade has the matter under advisement and will announce his decision at an early date.

**AUSTIN**—Great progress has been made by the schools of West Texas during the past year. The State Department of Education reports that scores of West Texas towns have been granted increased affiliation and have increased their rank. Unusual efficiency has been reported in administration and instruction in the high schools of West Texas. Remarkable increase is reported in the number of new school buildings in West Texas and the same improvement is reported in school equipment in that section.

On a tombstone in another state: "Here lies an editor who told the truth. That's why he's here."

## Ben Lyon Featured in New Kane Farce

"High Hat," Robert Kane's latest comedy featuring Ben Lyon, Sam Hardy and Mary Brian, opens at the Queen Theatre Monday and Tuesday, August 8 and 9.

A satire in studio life, the picture burlesques all phases of movie life, from the romance of the extras to the temperaments of stars and directors.

To any one who has ever aspired to a day inside a great picture studio this fast moving film is recommended as a screen traveltogue through Hollywood or the studio row of New York.

Ben Lyon is particularly appealing as a lazy, but loveable, extra. Mary Brian does a turnabout from

the Barrie type of role she has heretofore played, and gives a splendid performance as a sophisticated little boss of the studio's wardrobe.

It is Sam Hardy, however, who rivals Ben for the honor of the show. As a conceited, self-conscious ham actor, he contributes much to the comedy.

James A. Creelman directed this play from his own original story.

New York is going to have a 23-story church. That is one sure way of getting closer to heaven.

Those unable to take a vacation this year can try to keep cool with Coolidge in the Black Hills.

A real fisherman thinks it a mighty disappointing day when he doesn't catch three times as many fish as he knows what to do with.

An expedition is to sail from New York for South America in search of queer life. Why leave New York?

Labor day and Thanksgiving come next, with a few wretched birthday anniversaries thrown in between.

### Four Big Group Meetings Planned For Next Week

When you start to read this article, get your pencil ready for use. You cannot successfully finish this article without the use of a pencil.

Effort has been made to list a representative of every business firm and professional individual in the city into one of four groups. If some one has been overlooked, it will be greatly appreciated if you will phone the secretary of the chamber of commerce so that he can give the name to the proper chairman.

The chamber of commerce is doing everything possible to build a constructive and well-rounded program. To best do this and be able to know the minds of the people—what they want, what is best for the city and community, what may not be best although suggested or undertaken, how to really build a broad outline for action of the people for the people, means that they must think. We cannot do just what the people want done unless we know what they want. This suggests the great importance of having group meetings of our citizens. The reason for groups is to give plenty of opportunity to every individual for an expression of ideas and making suggestions along the different lines of activity. This does not mean that every idea can be put into use—not by a long shot, but it does mean that all ideas and suggestions thrown together, the board or directors, committees and manager can work more intelligently toward the desires and better interests of the general public.

Stop! Get your "thinker" in action. Can Winters citizens, through their most wonderful cooperative spirit accomplish something worth while? They positively can! Is your assistance by making suggestions and your individual effort worth anything? Absolutely so! These undeniable affirmative answers bring every individual face to face with a real challenge—a challenge to do some constructive thinking and planning for Winters and Winters territory. Is your pencil in readiness? If it is, you may read question number one.

No. 1. In your opinion, what are two or three things of greatest importance to Winters which the chamber of commerce should act upon?

Write down your answer to No. 1 and then read No. 2.

No. 2. In your opinion what are some of the most important steps the chamber of commerce should take relative to the rural and agricultural program?

Now, if you have filled the place of a real citizen in answering the above, you are ready for No. 3.

No. 3. In building our chamber of commerce program for next year what three or four projects, matters or propositions have you thought of, should head the list?

All questions answered, turn them over to the chairman of your group, sign your name or leave your answers unsigned. It is better to sign, if you will. Be dead sure to attend your group meeting next week. You will be at liberty to discuss your suggestions if you wish. Let's have four great round table meetings next week.

The following lists are given for your benefit and in order to give an opportunity to any business not hav-

ing a representative, to have their names included before the meetings are held.

### Rambling Thoughts

By Jack Callan

#### Are You a Good Stockholder?

Every stockholder of a corporation undertakes with determination to make his company a success. He boosts it by advertising, by personal praise, and by doing everything possible to make his concern an emblem of prosperity.

Did you ever stop to consider the fact that every citizen of the city of Winters without consideration of age, is a stockholder in the municipal corporation of the City of Winters?

What would you think of a prominent stockholder of some large business corporation buying his merchandise from a similar company? What would you think of a stockholder boosting another company and failing, or rather neglecting, the requirement of working and boosting for his own? You would think him unloyal to the interests of his company and that is certainly true.

Every citizen is a stockholder of the town in which they live; they have invested their business, whatever it might be, in that city, and the "interest" which they in turn receive is in proportion to their investments.

It does not matter whether the stockholder of a city owns a business or tends his service, or performs manual labor, he must boost his town, must trade at home, must encourage every enterprise which shall promote town progress, and must be a true stockholder before he receives "interests."

#### Are you a good stockholder?

#### Advertising

No business institution can succeed in a financial way without proper advertising. It is necessary in the great business world of today with its constant changes, and its magnetism, that every institution tell the world its business and purpose.

Every individual can recall numerous instances in which advertising has played the prominent role in the success of every enterprise, business institution, or the success of a town.

A business institution may have superior goods, but completely fail in selling them for the simple but magnetic reason that they failed to advertise. The same principle is true with towns and cities. It becomes necessary in order that a town may progress as it should with a continual growth and expansion, that proper advertising is carried on. Daily news articles recording the growth and expansion as well as the possibilities of our town and city should be sent to the leading newspapers of the State so that the world may know where our city is, and what its annual accomplishments are. Advertise!

#### Town Progress

It is an impossibility for a town to progress unless every citizen cooperate with his fellow-citizens and attempt to "put over" every beneficial enterprise which tends to promote town progress and makes it a possibility. In speaking of town progress it is meant an annual development worthy of consideration. It does not necessarily mean that some unusual developments are made as a result from the discovery of oil, but it means that some annual accomplishments are made. Our own city has had this annual growth and is still growing, due to the cooperation existing, and the remarkable enthusiasm revealed when an enterprise is suggested.

If your name does not appear in the lists of Pushers, Pullers, Self-Starters and Live Wires, it was overlooked. Don't wait for the chairman to hunt you up. See them now and get in for the big group meetings next week.

See "Safety First" tonight.

### Assemblies of God Revival Meeting

An old time revival meeting under the auspices of the Assemblies of God was begun on South Main street last Saturday night, and there has been an increasing attendance and interest from the very first until it now seems that, by the last of the week, the tent will be more than full, and parking space close to the tent will be at a premium. The evangelistic party is sparing neither effort nor expense to make the meeting a power for good to Winters and the surrounding country, and to make every thing comfortable and convenient as possible for those who attend. Every revival of any consequence

has been born of much prayer and saturated with it all the way through, so it is the purpose of the workers to endeavor to make this a real "prayer-full" revival with much waiting on the Lord for a mighty outpouring of God's Holy Spirit. "It is not by might nor by power, but by my Spirit, saith the Lord of Hosts" is the promise of the Lord for real revival success that the already saved may be made better Christians and that the unsaved may be brought in touch with the mighty salvation of the Lord with an experience that is a reality.

People are changing, fashions are continually different, inventions are advancing civilization is not what it used to be; in fact everything is continually undergoing radical changes; but God, His Word, and His plan of salvation have never changed, but are always the same. There is no new-fashioned God, nor gospel, nor plan of salvation; neither a new way of obtaining it, so the party is endeavoring to present to the people of Winters the old-time gospel in the old-time way that will give the same old-time results as marked out in God's Word; consequently the evangelistic party is able to conscientiously extend to all a hearty invitation to come and enjoy the services.

### Winters to Have Gas By Sept. 15th

Mr. Bagley in discussing the gas situation a few days ago, said that the Lone Star Gas company was making good headway and that they would be ready to give the citizens of Winters service by September 15. They asked the chamber of commerce last week to supply thirty-five additional hands. Mr. Bagley stated they were putting in at least two regulation stations and quite a lot of six-inch mains in the city. Looking to the future development of the city, a system will be put in sufficiently large to accommodate a population two or three times that of Winters now.

Mr. and Mrs. J. R. Cook and family are spending this week at Christoval.

TO THOSE WHO WILL BE INTERESTED IN

## Using Gas

In view of the fact that we are going to have gas in our city at an early date, we suggest that you let us have your contract for piping your house. We have several contracts on our books already and all work will be done in rotation. We do not intend to start this work until we are fully assured that gas will be supplied.

Full and complete line of gas ranges and heaters will soon be on our floor. Save your orders for us. The prices will be right.

## Social Activities

### Mrs. J. A. Davidson Entertains Sunday School Class

One of the most enjoyable afternoons of the season was spent in the home of Mrs. J. A. Davidson on Monday, August 1, when the Friendly Class met in its regular business and social meeting from four to six.

During the business hour the white rose was chosen as the class flower and upon the resignation of Mrs. R. T. Thornton as president, Mrs. Jno. Q. McAdams was elected president and will take her office on September first.

After a pleasant social hour dainty refreshments of ice cream and cake were served to the following: Mesdames Smith, Gannaway, Dry, Wilson, Haynie, Johnson, Hays, Davis, Thornton, Cliff, Denny, Labenske, Dunn and Vanzandt. The visiting guests were Mrs. Luther Haynie, Mrs. Jno. G. Key, Mrs. Jake Davidson, Miss Mollie Waskey and Miss Ester Kilander.—Reporter.

### Martha Class Enjoyed Special Meeting

Mesdames Frank Johnson and R. L. Stokes were hostesses to the members of the Martha Sunday school class on last Tuesday evening at the pretty home of Mr. and Mrs. R. L. Stokes.

Punch was served in the dining room where Misses Nola and Erma Stokes graciously presided, and the guests were invited to the porch where five tables were attractively arranged for games of "Martha." Partners were chosen by matching names of women of the Bible.

Ferns and late summer flowers, arranged about the porch, added beauty to the gay scene. At the conclusion of the games "Pollyannas" were revealed and gift exchanged.

Iced watermelon was served to Mesdames Hickman, R. H. Henslee, A. A. Harrison, Ralph Lloyd, C. G. Meeks, S. H. Davidson, Weldon Woodrow, Y. G. Stephenson, Grace Williams, C. C. Benson, Pete Davis, A. L. Barlow, Wheeler, Floyd Smith, L. T. Smith and Miss Estelle Gillmore.

The Pushers, The Pullers, The Self Starters and the Live Wires are four groups of the citizens of Winters scheduled for four distinct meetings next week. An attendance and project contest will be put on. Just as well line up and get in the game.

### Mrs. W. R. Gannaway Entertains Sunday School Class

Mrs. W. R. Gannaway was hostess to her Sunday school class the "Anti-Cants", Monday evening, August 1, at her home on Rodgers street. A short business meeting was held at the beginning of the evening and after discussing a few plans for the future, Pollyannas were revealed, and many gifts distributed, after which a social hour was enjoyed and delicious refreshments of peaches were served to the following: Misses Evelyn Davidson, Irby Key, Arlee Dry, Mozelle Wilson, Juanita Miller, Esther Kilander, Mammie Jones, Mary Ethel Cliff and Beulah Kesner.

## Boys May Work Way Through College

Arrangements are being made whereby one hundred boys can work their way through the North Texas Agricultural College at Arlington on the half-time cooperative plan during the ensuing scholastic year. Three vocational courses will be placed on this basis: general electricity, auto mechanics and agriculture. The boys taking these courses will alternate between work and study. For a period of six weeks they will be in the classrooms at the College, receiving instruction in the principles and theories lying at the foundation of the courses they pursue. That is to be followed by another period of six weeks in industry where each boy will be assigned a job at which he may work for pay. The jobs, for the most part, will be in the electrical industries, with the automobile dealers and well equipped garages, on the up-to-date farms, and at the well-appointed commercial dairies in the vicinities of Arlington, Fort Worth and Dallas.

In general the boys will receive enough money while on the job for six weeks, if they are economical, to pay most of their expenses while in school the following six weeks. However, earning one's expenses while in school, or working one's way through school, worthy as that may be, is not the main object of the cooperative plan. That is a mere incident to it. The chief thing in view is its educational value—the proper union of theory and practice. College education is often criticized and even reviled for being impractical. Graduates are denounced as helpless—helpless because they have read about and been told about so many more things than they have ever had an opportunity to touch, handle, and master in a practical way. It is just

this weakness, so universally recognized in the American system of education that the part-time, cooperative plan seeks to alleviate. Boys of limited financial means who desire to take advantage of this plan should apply at once to Mr. D. A. Bickel, Registrar of the North Texas Agricultural College, at Arlington, Texas.

Mr. and Mrs. R. L. White are comfortably domiciled in the home of Dr. and Mrs. R. C. Maddox for a few weeks, Mr. White being associated with the Lone Star Gas company. They have as their guests the latter's sister, Mrs. Bush of Abilene.

### NOTICE OF SALE

The Board of Trustees of the Winters Independent School District will receive bids on a four room wooden structure until noon, August 17th. Right is reserved to reject any and all bids. All blackboard moulding reserved. Bids should be submitted to W. E. Hickman, Secretary, Winters, Texas. 14-t2c

## See "Lindy" Monday, Sept. 21st

Abilene, August 1.—For the first time a world famous personage is coming for a visit in West Texas. Other parts of the country have had presidents of the United States, inventors of wide renown and visiting queens and princes stop in their cities, but West Texas people have never before had an opportunity, unless they traveled far from home, to see any person whose name has been carried around the globe on account of some unusual act of connection, but now West Texas has come into her own. Col. Chas. A. Lindbergh, the youth whose intrepid crossing of the Atlantic Ocean in a frail airship brought him international notice and acclaim, and a place in the catalog with Columbus, Magellan and other fearless men who have dared the unknown and come out successful, is to pay West Texas a visit.

According to the tentative schedule announced for the tour of Colonel Lindbergh over the United States, on which 75 of the outstanding centers of the nation will be visited, West Texas will have an opportunity, on Monday, September 16 of seeing the "flying fool." On that day "Lindy" will, while enroute from El Paso to Fort Worth, make a landing at Kinsolving Field, Abilene, and remain for at least an hour. This will be the only scheduled stop between El Paso and Fort Worth.

Plans for the reception of the world renowned aviator on his visit to Abilene are being worked out by the aeronautic committee of the chamber of commerce.

Indications are that the largest number of people ever together in any West Texas city will be in Abilene to honor Lindbergh, and to satisfy their desire to say they "laid eyes" on the man and machine whose exploits filled newspaper front pages for days and days while other events which would ordinarily have commanded lead positions were relegated to places of minor importance.

A program which will allow every person in Abilene on that day to see "Lindy" and his ship is being worked out.

Abilene will care for all comers, Mayor Thomas E. Hayden, Jr., declares, and nobody need stay away for fear the jam will be so great they will not get to see the attraction.

Lindbergh's visit to Abilene will come on the opening day of the West Texas Fair, which will this year be offered on a larger scale than ever before.

West Texas people can very profitably spend September 26th in Abilene. In addition to having the opportunity of seeing Lindbergh and his ship they will have a chance to

A football game between the high school teams of Abilene and Anson, the last year's unofficial winner of the Class B state championship, will be another attraction. To end the day comes a concert in the magnificent new municipal auditorium, when Thavie and his internationally famous band, assisted by eight singers, eight dancers and a number of other entertainers will present a musical comedy program and several other features for the entertainment of visitors to Abilene and the fair.

## OLD, CHERISHED POSSESSIONS AGAIN IN JEFFERSON HOME

WHEN the Thomas Jefferson Centennial Commission gathers August 13 at Monticello, Jefferson's Virginia home, to draw up recommendations for Congress, the old home will be practically the same Monticello that Jefferson left July 4, 101 years ago.

Many of the cherished possessions of the early American statesmen have been restored. Since the Thomas Jefferson Memorial Foundation acquired Monticello and made it a national shrine, many people who found themselves with articles that had belonged to Jefferson have sent the things back so the home may be like it was in Jefferson's lifetime.

### A Combination Desk

Jefferson had a mechanical turn of mind. One piece of furniture was a combination writing desk and drawing table that could be tilted and used on either side.

Jefferson's mother possessed a candle table, a graceful piece of furniture that she valued highly. She used it constantly. Just before Jefferson started for Philadelphia in his "gig" to write the Declaration of Independence, his mother died. The little candle table was kept by him as a remembrance of his mother. After his death that too, was taken. Lately, through the generosity of a patriotic friend of Jefferson's, the table was returned.

### An Historic Table

Jefferson entertained lavishly. His dining table was given him by his friend and admirer, George Wythe, the noted Chancellor of Virginia. While Jefferson was in France as minister from the United States, he bought three dining chairs which he used with Chancellor Wythe's table. These articles also passed to the Ran-

"Monticello," home of Thomas Jefferson, on Little Mountain, Virginia.

dall family, kin to Jefferson. Recently the table and chairs were presented to the foundation by the estate of Mrs. Alexander B. Randall of Waterbury, Conn., and are back in Monticello. In Jefferson's day many silhouette artists plied their scissored art. Three delightful silhouettes, through the generosity of Mrs. Martin W. Littleton, have found their way back to Monticello. One is autographed by Thomas Jefferson, 1820, another bears the autograph, "John Randolph of Roanoke" and the third is signed by Meriwether Lewis of the Lewis and Clark expedition. A stately highboy has been re-

turned by Mrs. Fanny Burke, a descendant of Jefferson. A lowboy also is again at Monticello. It was taken originally to Florida by the Eppes, grandchildren of Jefferson. They settled in Monticello, Jefferson county, Florida. The lowboy was presented to the Florida room at Mt. Vernon where it remained fifty years. Then Mrs. Thomas P. Denham succeeded in having it returned to Jefferson's home as the gift from one great American shrine to the other.

From all over the United States little and big gifts of furniture and treasures are making their way back to Monticello.

**Chevrolet Plants In Europe Running at Capacity**

William S. Knudsen, president and general manager of the Chevrolet Motor company, is scheduled to return the second week in August from a combined business and pleasure trip to Continental Europe, which included a visit to his former home at Copenhagen, Denmark, the Chevrolet Motor company announced today.

Mr. Knudsen embarked for Europe late in May, and according to advices from him, left Copenhagen on July 30th, on the Swedish steamer "Gripsholm," for New York City. The steamer is due in New York on about August 30th.

His travels took him to the Chevrolet assembly plants at Copenhagen, Antwerp, and Berlin, which, like the American plants, are running at peak production. Mr. Knudsen noted that during the first six months of this year these three plants turned out more units than during the entire year of 1926, thus attesting to the overwhelming favor which the "Most Beautiful Chevrolet" is finding with the European buyers.

In addition to inspecting these plants, Mr. Knudsen traveled extensively in Germany, Denmark, Belgium, Holland and France. His visit to Copenhagen revived

memories and associations of his early life, for he was born and reared in this Denmark town. After being educated at the grammar and high school and the government technical school at Copenhagen, he apprenticed himself for a period of four year to gain a thorough knowledge of his trade. At the age of nineteen he left Denmark to make America his home.

Mr. Knudsen's advance here was rapid. In 1922 he became associated with the General Motors Corporation and shortly afterward was made vice president in charge of operations of

the Chevrolet Motor Company. On January 15, 1924, he was elected president and general manager of Chevrolet and a vice president of General Motors.

Mr. Knudsen is expected back at the Chevrolet executive offices at Detroit, Michigan, by the middle of August.

**"Whittlin'" Hughes Carves Way to Fame As Arkansas' "Sculptor Laureate"**

G. A. HUGHES of Waldron, Ark., is the world's champion whittler.

Whittling is his life's hobby and he has made an art of it. In his native haunts he is known as "Whittlin'" Hughes, the "sculptor laureate" of Arkansas. Now and then, just to make things interesting, he goes to town wearing a hat or necktie whittled out of wood. To make things more homelike, he recently whittled out a life-sized woman for his bachelor home.

"She doesn't quarrel or cry and she stays put," he explained.

**Uncle Sam on Job**

Mr. Hughes, when not incapacitated by rheumatism, is a farmer. He lives alone in a three-room cottage. In front of his home stands a whittled figure of Uncle Sam holding up the mail box.

Upon entering the premises, one begins seeing interesting things galore. On the walls of the room are queer, hand-carved musical instruments shaped like turtles and fishes and watermelons.

Hughes never had a lesson in art. But this does not prevent his being an artist. He has carved in wood nearly everything an ordinary man could imagine.

Water beetles, grasshoppers, woodpeckers, turkeys, tigers, fish, crocodiles, violins, bugs, bees, squirrels, quail, apples, grapes, bananas, King Pharaoh's daughter, Gallant Knight and Eve, not to mention house flies.

**Infant Moses**

In his woodcarving Mr. Hughes has maintained the old idea of woman beautiful. One of his maidens holds a basket above her head and in the basket there is the infant figure of Moses.

The baby is no longer than one's thumb, but pick it up and

"Whittlin'" Hughes and two of his wooden friends.

examine it carefully and you will find that the little figure is complete in every detail.

The knees are drawn up, the fists are held close to the body, and on the face is the expression of a baby about to cry. Eve, a nude figure about six inches in height, has coiled about her shoulders a serpent. Adam remains yet to be whittled.

Mr. Hughes is not a compli-

ment seeker. He carves because he likes it.

Frequently visitors attempt to buy carved objects from the whittler. But he has nothing to sell—and says so pointedly.

He has made several quaint walking sticks. One of those had for a head an image of a fiver, complete from headlight to fenders. Only the crank is missing—someone tried to turn it!

### Alleged Letter of the Savior

(Published at the request of Lum Gilbreth, Winters, Rt. 3).

Country papers throughout the United States are printing what is alleged to be a letter written by Christ.

In this letter was an injunction that it should be published to the world by who ever found it together with the statement that misfortune and bad luck would follow the person having possession of it, and not giving it publicity.

There was likewise a promise that whoever may have a copy of this in his or her possession will prosper and be followed by good fortune.

According to the history of the letter it was written by Christ just after His crucifixion, signed by the Angel Gabriel ninety-nine years after the Savior's birth and presumably deposited by him under a stone at the foot of the cross.

On this stone appeared the legend "Blessed is he who shall turn me over."

No one knew what the inscription meant or seemed to have sufficient curiosity to investigate until the stone was turned over by a little child and the letter which follows was discovered:

"Whoever works on the Sabbath day shall be cursed. I command you to go to church and keep holy the Lord's day without any manner of work. Do not idle or misspend your time in bedecking yourself in costly apparel and in dressing, for I have ordered it a day of rest. I will have that day kept holy that your sins may be forgiven."

"You shall finish your work every ments, but observe and keep them, they have been written by my hand and spoken from my mouth. You shall not only go to church yourselves but also your man servant and maid servant. Observe my words and learn my commandments."

"You shall finish your work every Saturday at 6 o'clock in the afternoon at which hour the preparation for the Sabbath begins. I advise you to fast five days in the year, beginning on Good Friday and continuing the five days following in remembrance of the five bloody wounds I received for you and mankind."

"You shall love one another and cause them that are not baptized to come to church and received the Holy Sacrament, that is to say baptism, and then the supper of the Lord, and be made a member thereof and in so doing I will give you long life and many blessings. Your land shall be replenished and bring forth an abundance and I will comfort you in the greatest temptation and surely he that doeth to the contrary shall be cursed."

I will also send hardening of the heart on them and especially on hardened and unpenitent unbelievers. He that hath given to the poor shall find it profitable. Remember to keep the Sabbath day, for the seventh day I have taken as being day to myself."

And he that hath a copy of a letter written by my own hand and spoken by my own mouth and keepeth it without publishing it to others, shall

### 25 Years of It

not prosper, but he that publisheth it to others shall be blessed by me and if their sons be as many as the stars by night, and if they truly believe they shall be pardoned and they that believe not this writing and my commandments will be consumed, with your children, goods and cattle and all other worldly enjoyments that I have given you. Do but once think of what I have suffered for you in this world and in the world which is to come.

"Whoever shall have a copy of this letter and keep it in their house nothing shall hurt them, neither pestilence, thunder nor lightning, and if any woman be in birth and put her trust in me she shall be delivered of her child. You shall hear no more news of me except through the Holy Scriptures, until the day of judgment. All goodness and prosperity shall be in the house where a copy of this letter shall be found. Finished."

The story goes that the little child who found it passed it to one who became a convert to the Christian faith. He failed to have the letter published. He kept it, however, as a memento of Christ and it passed down to different generations of his family for more than one thousand years.

During this period the family suffered repeated misfortunes, migrated to different countries until finally one of them came to America, bringing the letter with them. They settled in Virginia, then moved still

farther south, still followed by misfortune when finally the last member approached her deathbed, and called a neighbor, Mrs. Thompson, giving her the letter and related its history for more than a thousand years. The Thompson woman began the attempt to have it published and it first appeared in the Rome, Ga., Tribune on October 31st, 1891. It then appeared in the Dalton, Ga., Citizen, and Mrs. Wortman, now living in Marion, Ind., clipped it and kept it in her possession for many years without an effort to have it published. She was followed by misfortune which she attributed to her neglect in trying to have the letter published.

Mrs. Ruby Crutchfield of Trezvant, Tenn., is also said to have had a copy and failed to make an effort to have it published for three years, and was followed by a varied lot of misfortunes which she attributed to the fact of her neglect in this respect.

### The Nation's Most Serious Situation

The facts about the farm situation do not have to be imagined. The net income of the average farmer in the United States last year shrank 20 per cent over the preceding year, and his income for the previous year did not average half that of men employed in industry. A report of the federal bureau of agricultural economics gives the figures for the year 1926-27. The total net revenue from agriculture in the United States last year including that from products consumed on the farms, amounted to \$853 for each farm family. Allowing for 4 1/2 per cent interest

on the capital investment, the average income to the "farm operator" was \$627. This sum was what he and all the members of his family got for their labor and management on the farm and in this sum is included the estimated value of things they raised for themselves. Now, what kind of a rural civilization do we think we are going to maintain on an annual family wage of \$627? What is the use of talking about making rural life more attractive; what is the use of talking about improving educational conditions, when the average farm income, including the value of things raised and consumed at home is \$627 a year?

The government bureau reports also that total invested farm values in the United States declined by one and one-half billion dollars in the last calendar year. So the 4 1/2 per cent allowed for interest on capital was on a decreasing valuation, and even then the figures show that the landlords and the land owners didn't get their 4 1/2 percent. They got about 4 1-5 percent on their greatly deflated capitalization, while the corporate interests of the country were getting a total of 13 percent on their capital investment.

Needless to say, that the value of farms is going to shrink a great deal more unless they can earn more than 4 1-5 per cent on present valuation. And the shrinkage has already been tremendous, it being estimated that agricultural investment has lost eighteen billion dollars in value since just after the war. These figures are enough to illustrate the

## INSPIRED FOR SERVICE

### Backed By Ideals!

A store or an institution is in its character and methods only a reflection of those who guide it. Behind every institution, formulating the ideals of its business and shaping its policies, is some personality or group to whose inspiration the structure owes its existence.

The founders of this store, when they laid down the fundamentals of this house, had as their inspiration the ideals of Quality and Service. How well we have carried out this spirit is attested by the steady business growth.

FURNITURE—We are complete home furnish-ers. From the finest living room suite to the moderate, as well as other pieces, may be found, and for a small investment you can enjoy attractive and comfortable surroundings. When you get ready let us have the pleasure of showing you.

HARDWARE—Our store is famed for quality Hardware, and we carry the lightest to the heaviest including John Deere farm implements. Come to us for your hardware needs.

IN STOCK OTHER WELL KNOWN AND NA-TIONALLY ADVERTISED PRODUCTS  
ATWATER KENT RADIOS—Installed and ready for you when purchased from us.

Hoosier Kitchen Cabinets, Gold Medal Separators, New Perfection Stoves, Cole's Hot Blast Stoves, National Canners and Sealers, and many others too numerous to mention.

AN ADDED SERVICE—When you buy Furni-ture or Heavy Hardware we deliver it right at your home, no matter where you live.

### Ambulance Service

### Satisfying All

This store justifies its existence because of its single-purpose policy of giving the public only merchandise of character and dependability, coupled with an aim to the customer's absolute satisfaction.

These principles first implanted here are as active and vital today as they have been throughout the years. They operate in the conduct of every member of our organiza-tion and are manifested by quality, service, courtesy, and hospitable spirit.
