Announces Faculty Assignments For 1927 School Term

Winters, Aug. 24, 1927.—To the patrons of Winters Public Schools: Again we say to you that school begins Monday, September 5. Are you planning with your children that they shall have the best year of training they have ever had? Discourage with them the common idea that their days of pleasure are over with the close of the vacation time. Encourage them in believing that their school days are the happiest, best days.

Those boys and girls who are nearly grown and are tempted to stay out of school and work should be induced to come along to school. The returns from their time in school will be far greater than from any work they can do now.

Everything is fast being put into shape for the work to start. The buildings are being repaired and renovated, and will be in first-class shape. Definite plans are being made for the starting classes so that no delay may occur.

Our football boys are in camp now preparing for a good season. They deserve your support and cooperation. True it is that football is primarily a sport, but the same principles that hold good in football hold good in the game of life and the characteristics that will win a game of football will win success in a game of life.

At the close of the term last spring quite a number, especially in the high school, did not make the proper adjustment of their text books. To those pupils we can only say that these books belong to the State and not to us. We are under heavy bond for an accurate accounting of them. If you lost a book the law says you must pay for it. If you loaned your book to some one else and they lost it you are still responsible for it. If you did not get your book record clear last spring please make arrangements to do so before school opens. We cannot issue you text books until that is done.

High school pupils coming to us from other schools should secure a complete record of the past work and present it to us before the opening date, so that their credits may be properly evaluated and recorded.

The following teachers will be in charge of the work, as indicated, this year.

Mr. L. A. Woolridge, who has had several years experience in one of the best high schools of the State, and is a graduate of Simmons University, will be high school principal.

Mr. C. R. Smith, who needs no introduction, will again teach Mathematics and direct athletic activities. Those who know "Coach" best like him best. He is also a graduate of Simmons.

Miss Gladys Joseph will again be with us as head of the English department. Last year Miss Joseph convinced us of her ability to teach English as well as her worth to the school as a coach of debate. She is a graduate of Baylor College.

Miss Veda Wells will again be head of the History department. Her work last year speaks for itself and needs no comment. Miss Wells is an excellent instructor and a very congenial teacher. She is a graduate of Howard Payne College and has had special instruction for teaching in a university of Colorado.

Miss Ethel Montague will have charge of the Home Economics work. Miss Montague is a new teacher with us, but comes highly recommended both as an instructor and as a young lady. She is a graduate of the College of Industrial Arts, having had special training all through college for teaching Home Economics. Also she has successfully taught the subject.

Mrs. C. S. Jackson is again with us, this time as head of the Commercial department. Her work with us in past years is a sufficient recommendation within itself. Those who know her and know of her work know that taking her courses means to master the subject. She is a graduate of Baylor College.

Mr. R. E. Homann will have charge

RECITAL DRAWS GOOD CROWD

The recital given at the high school last Friday evening by Mrs. L. T. Smith and Miss Naomi Hunt drew a large and appreciative audience.

Both ladies exhibited rare talent and delighted their hearers.

Winters is very fortunate to have such able teachers of the fine arts in our schools this year.

Preceding the recital, the Winters Chamber of Commerce Band, under the direction of E. M. Shepperd, rendered several numbers which drew hearty applause. This will probably be the last appearance of the band under Mr. Shepperd as he is leaving for San Antonio.

Mr. and Mrs. H. K. Reid, Mrs. Noel Reid and daughter Doris Fay, spent the past week-end with Noel Reid at San Antonio. Many friends will be glad to know that Noel, who has been under treatment of a specialist in that city for some time is getting along nicely.

R. A. Cramer is a business visitor in Fort Worth this week.

of the Vocational Agriculture and Science departments. Mr. Homann is a new man with us, but comes very highly recommended by those who know him and with a fine college record. He is a graduate of A. & M. College, with special training for Vocational Agriculture.

Miss Mattie Alete White will again teach Latin and Spanish, being head of both these departments. Her work in this capacity last year is sufficient recommendation unto itself. No better instructors ever join a faculty than Miss White. She is a graduate of Simmons University.

Mr. M. L. Penn, a graduate of Daniel Baker College, is principal of the grammar school, and without any comment the following assignments of teachers have been made in the grades:

Miss Lora Farnsworth, arithmetic; Miss Vera Bell Wilson, writing; drawing and music; Miss Aileen Showalter, language; Miss Evelyn Gannaway, language; Mrs. E. M. Hall, geography; Miss Irene Brown, writing; Miss Elgie Robbins, arithmetic and spelling. Mrs. L. L. Deffenbach and Miss Christine Boone, third grade; Miss Madie McElroy and Miss Mary McCorkle, second grade; Mrs. H. H. Chandler and Mrs. J. H. Rhoden, first grade. Many of the grade teachers have been with us before, and are well known to our people, and all who are coming to us for the first time come with excellent records both as to training and past experience.

If you will add support and cooperation to the teaching force and equipment we have, our school will be as good as the best.

All high school students should report for registration Friday or Saturday forenoon, September 2 and 3.—Yours for service, A. H. Smith, Supt.

Winters Couple Wed at Abilene

The many friends here were interested in the announcement of the marriage of Miss Charlie Graham to Mr. George Poe, which was solemnized at Abilene Sunday evening at eight o'clock, at the Methodist parsonage with the pastor, the Rev. Dowling, reading the sacred vows, in the presence of George Hall of this city and Miss Gladys Geisman of Abilene.

Both the bride and groom were reared here and have a host of friends among the younger set.

The bride is a daughter of Mr. and Mrs. C. L. Graham, and received her high school education at Winters, graduating with the class of '24 and attended Simmons University. For the past few months she held a responsible position with Harwell-

Hickman, where she made many friends by her ever courteous and pleasing manner.

The groom is a fine young man of promising business ability and comes from one of the oldest and best families of Winters, being the youngest son of Mr. and Mrs. W. W. Poe. He is a graduate of Winters high school and is worthy of the fine young lady he has won for a life companion.

After a few days visit with relatives at Fort Worth, Mr. and Mrs. Poe will return here to make their home.

Store Force Enjoy Swim

On last Thursday evening the store force of Krauss Dry Goods Co., chaperoned by Mrs. A. Krauss, enjoyed a picnic and swimming party on the creek near Old Runnels. Those present besides the store force were Mr. and Mrs. B. F. Kirk, Mr. and Mrs. Bill Whitley and Mr. and Mrs. L. Daniels.

Blizzard Squad in Training Camp On Concho River

Accompanied by Coach C. R. Smith the Blizzard squad struck camp on the bank of the Concho about a mile and one-half below the historic town of Paint Rock Sunday afternoon.

Those who have looked the squad over are of the opinion that a fair team can be whipped into shape from the material offered, although the line will need lots of padding to bring it up to last year's standard. We are counting strongly on Coach Smith, however, and feel confident that his efforts will produce just as strong a team as in 1926. However, this article is not intended to prognosticate a champion team for Winters high this year, but merely to help the folks at home keep tab on the boys in camp.

That they are in good hands goes without saying. Coach Smith is a strict disciplinarian, and at all times demands that his charges go through the daily program, regardless—but they like it—and him, too. Two sets of workouts are indulged in daily to loosen the "joints" of our football machine, and in these the two new recruits, Kelly and McCasland are showing to good advantage. They are a husky pair and if they can fill the gap left by the Barber boys the fans' cup of joy will run over.

Though rather early to render even a fair estimate of the squad, the promise is a team with a backfield that will average 145 pounds, and a line that will scale an average of 20 pounds heavier. The latter is a formidable looking bunch.

And the camp life is not a continual grind, as plenty of recreation is provided, good reading material is supplied, daily swims enjoyed, their parents and friends visit them at a stipulated period each day and, all in all, it's just the kind of a life the average red-blooded boy just can't get enough of.

Those at the camp are L. S. Adams, G. Blanchard, Brevard Bedford, Vernon B. Campbell, Chester Collinsworth, Phillips Davidson, J. S. Ensor, R. V. Hardegree, Geo. Hill, Jno. G. Key, Lawrence Kelly, Albert Keifer, L. P. McCasland, Bill Phillips, Newby Pratt, Myron Pumphrey, Gaylord Singleton, Joe B. Wilson, Francis Smith, Ted Williams, Roy Young, Ray Young, Jack Young and Henry Orr.

Harold Norman returned Sunday from New York and other eastern markets where he bought new fall and winter merchandise for Norman-Smith dry goods store here.

Mr. and Mrs. G. A. Edwards and children and Mr. and Mrs. Press Edwards spent the week-end visiting relatives at Lamesa.

Want Young Lady Sponsor to Greet Col. Lindbergh

When Col. Chas. A. Lindbergh arrives in Abilene on Monday, September 26th, for his visit to West Texas, he will be officially greeted by a group truly representative of West Texas and the forces impelling the development of this section of the Southwest.

Winters will have a part in the ceremony. Honorable A. F. Roberts, mayor, and Geo. C. Hill, editor of The Enterprise have each been given an invitation to serve on the reception committee for this affair. Mr. Hill has already notified the Abilene committee in charge of arrangements for the occasion that he will be there.

Mayor Roberts has been asked to designate some young lady of this community to serve on the reception committee. This feminine representative will be designated as the "Spirit of Winters" and together with sponsors from other West Texas towns will in addition to taking part in the official welcome to be given the distinguished flyer, be guests of honor at a number of elaborate social functions which will be arranged for them by Abilene people.

Miss Emily Frances Key of Lamesa, who was crowned "Queen of West Texas" at the Wichita Falls Convention of the West Texas Chamber of Commerce will attend the affair and represent "The Spirit of West Texas." Miss Mary Alice Parramore, daughter of a pioneer West Texas family, is to be "The Spirit of Abilene" and as such will be the official hostess for the visiting "Spirits."

Lindbergh's stop in Abilene will be the only one for West Texas and the people of that city, through the chamber of commerce are asking the assistance of all West Texas in making this affair a memorable one.

Little Theatre Show Sept. 9th

The Little Theatre Group started work in earnest this week on "I Want the Moon," Chas. F. Harrison's latest comedy-drama.

Miss Naomi Hunt will play the lady lead, that of a spoiled wife, with Carl Henslee opposite her in an excellent role. Miss Ruth Jones and Auburn Neely have heavy characters to portray. P. G. Garrett has a low comedy old man part; Richard Homann will appear in a genteel old man part, while Miss Leon Campbell and Jno. W. Norman are both carrying the light comedy roles.

The date of this interesting play has been set for September 9th, at the high school auditorium.

Mrs. F. D. Woods and daughters, Louise and Kathaleen, Mrs. John S. Cain and son, Edwin, of Cordele, Ga., have returned home after a pleasant visit in the home of their brother, E. H. Cain of the Dale community.

HOME MERCHANTS CAN FIGHT CATALOG HOUSES

To sum it all up: Don't be afraid to acknowledge that there are catalogue houses. You can show your customers the kind of goods they handle and let them know that you can sell a similar quality at the prices quoted and on the same terms. Educate them to the fact that you can also furnish them much better goods if they so desire. Instill into their minds the fact that the dollars they spend at home benefit and advance the interests of the locality of which they are residents.

In short, do not be afraid of the catalogue houses or of any of their alluring literature. Be ready to meet them and to fight them on their own grounds and do not neglect to let your customers know your position.

WASTING GOOD ENERGY

Building a town, like building anything else, requires work, but it also demands that which some human beings unfortunately lack—vision. If it were not for the men and women with vision, towns would seldom get very far, for the tendency of those without this attribute is usually to go backward instead of forward.

The citizen in the picture trying to destroy that which has been built, presents a rather foolish spectacle, but he is a figurative example of what critics without vision would do if they had their own way. Destructive assaults upon the structure of the town's progress amount to the same thing.

Vision is a quality that a knocker can develop by going in reverse. If he could be made to realize it, he would actually get more pleasure out of utilizing his energy in a constructive manner than he gets out of knocking.

Were These Things Expensive?

The furniture in your home costs a great deal of money, and it should be insured as well as the house itself. Many a man forgets to protect all his possessions, and his carelessness costs him heavy in case of fire.

Adequate insurance on your property means freedom from worry about possible loss.

Make certain that you are completely protected; talk with our insurance experts.

The Advice of this Agency has saved many a property owner from loss. Why not let us help you, too.

THE NEW SCHOOL YEAR

The Winters public school will reopen for another year on Monday, September 5th, and indications point to a large enrollment. The buildings are in first-class condition. The teachers will all be here in good time. All is in readiness for the resumption of probably the most important single industry of this or any other community—that of educating the children of the community.

Tradition dies hard, so every child who will enter school is pictured as dreading the opening day. In song and story these children have been shown as wishing the teachers would get sick, that the schools would burn or that some other calamity would defer the opening indefinitely.

This may be true in some extreme cases, but the work of the school is so interesting these days, and there are so many activities to command the children's attention that it is safe to assume that many of those who go are happy to have the chance.

There is a strong corps of teachers, headed by Superintendent A. H. Smith, and there is every reason to believe that the year 1927-28 will be one of the best in the history of our schools. Let's all do our part this year in making the schools what we want them to be.

PUNCHING HOLES

Speaking of deep wells, a spouter has come in in an Oklahoma field at a depth of more than 6,000 feet. Will Rogers never thought that a guy would pop up with a corkscrew more than a mile long and bore a hole in the crust of his old domain in order to get juice to run a Ford.

Carolina and California Meat Recipes which Satisfy

(Editor's Note: This is one of a series of cooking articles by 6 famous cooks.)

"Almost everyone enjoys meat," says Miss Rosa Michaelis, the New Orleans cooking authority. "It's highly nutritious, because of its high protein content. It contains valuable fats, mineral salts, and important vitamins."

Carolina Broiled Steak

"Steak is especially good when prepared Carolina broiled. Be sure to select a tender steak, preferably 1 1/2 inches thick. "Have the skillet piping hot, and salted. Put in the steak, searing it quickly. Turn often. Use two forks, and try not to puncture the steak. Keep all the juices in. "Steak should be cooked rare in 10 minutes. Well done in 15. When done as you prefer it, place on a heated platter. Season with pepper and butter, and serve piping hot."

For frying steak you need a very hot fire. If you use an oil stove with long chimney burners, you will get most satisfactory results by turning the flame until yellow tips appear, about 1 1/2 inches high above the blue area.

California Peppers

Mrs. Belle DeGraf, San Francisco home economics counselor, is very fond of California stuffed peppers and West Coast pot roast.

For the former, select short, plump peppers, cut off tops and remove seeds. Put in a saucepan and cover with boiling water to which has been added a bit of soda the size of a pea. Let peppers stand in water about 10 minutes. Drain and place each pepper in a greased muffin pan. Then fill with the following mixture:

Mix 1 1/2 cups boiled rice with 1 cup of minced ham and 1 cup of savory sauce. Add 2 tablespoons of melted butter to 1/2 cup of dry fine bread crumbs and place on top of filling. Serve with sauce.

West Coast Pot Roast

Select not less than 4 pounds of beef from the round. With a sharp-pointed knife make deep incisions and force in stuffed olives. Make about 15 incisions. Sprinkle meat with salt and pepper then dredge with flour. Heat 2 or 3 tablespoons of beef drippings and brown meat on all sides. Then add 3 cups of boiling water, 1/2 teaspoon salt and one onion for each person. Stick 2 whole cloves in each onion and add to meat. Cover closely and cook over a low flame under boiling point until meat is tender, about 1/2 hour for each pound of meat. Keep about the same amount of water in the kettle, adding more as it cooks away. When cooked, remove meat and onions and thicken gravy.

THE TITLE BOUT

What probably will be the world's most profitable man-to-man bout in all history will take place in Soldiers Field, Chicago, September 22, when Jack Dempsey pays his call of courtesy on Gene Tunney. It is the opinion of Champion Tunney that he will be able to knock Dempsey out with no difficulty. Too much confidence may be a mistake. The purchasers of ringside seats like a long and uncertain battle.

GOOD PEOPLE IN MAJORITY

The good people of a county, or a community, are not to be blamed because the acts of criminals and irresponsible who may infest that particular county or community. The good people are in a big majority everywhere. But when a criminal does appear on the ramparts the officers are to be severely blamed if he is not apprehended, or at least if every possible effort to that end is not put forth.

"CHOOSE"

"Choose," we are told, is a popular word in New England, used mostly at meals.

"Will you have some more beans?" "No, thank you, I do not choose any more beans."

Hence: "Will you be a candidate for President in 1928?"

"I do not choose to run for President in 1928."

The first answer, as interpreted in New England, is always taken as sufficient assurance that the speaker has had enough beans, does not want any more beans, positively will not have any more beans.

The second answer given by a New Englander, may be accepted as meaning that the speaker has had enough presidency, does not want any more presidency, positively will not have any more presidency.

Then, again, on the other hand, it may not mean that.

Figure it out for yourself. That's what everybody else is doing.

Veal Birds

Try veal birds once, and you'll want to cook them often in the way suggested by Mrs. Kate Brew Vaughn, director home economics department, Los Angeles Evening Express.

6 slices veal off loin cut thin (1/4 lb.)
Flour, salt and pepper to taste
6 tablespoonsful bread crumbs
Savory Dressing
1 tablespoonful lemon juice
1/2 onion
2 tablespoonsful butter
1/2 cup cream

Brown well on one side. Dredge with flour, salt and pepper and put in the center of each a tablespoonful of bread crumbs seasoned with savory dressing and a few drops of lemon juice and onion (1/4).

Bring the birds together as nearly in the shape of a bird as possible and tie with a strong string. Fry slowly until a golden brown in two tablespoons butter in a pudding pan.

Then cover with 1/2 cup cream. Place in hot oven for 20 minutes (450° F.). Remove the cover from the vessel and allow to brown for seven minutes. The drippings in the pan may be used for gravy, if liked.

Ham and Raisin Sauce

Ham with raisin sauce is delicious, and can be cooked in 50 minutes according to Mrs. Vaughn's recipe.

1 slice ham (1 lb. 10 oz.)
1 cup brown sugar
1/2 cup water
2 tablespoons cornstarch
1/2 cup vinegar
1/2 cup raisins

Place slice of ham in oven 400 degrees F. in a small baking pan. Mix sugar, cornstarch in saucepan and add water and vinegar slowly, stirring until thick. Add raisins. Cook ham for 40 minutes, pour the raisin sauce over ham and continue to cook for 10 minutes longer.

Graveyard Poetry
 Over in Kansas City they have a skeleton who recites the epitaphs on his neighbors' tombstones along toward midnight, when the moon is shining. Usually he is most audible when Bud Weiser is around. It's only fair to say that.

Here are some of his latest:
 This is the grave of Solomon Day, Who died defending his right of way, He was mighty right as he sped along But he's just as dead as if he'd been wrong.

This one belongs to Cornelius Treat, Who read a newspaper while crossing the street, Why weary your ears with the rest of the tale, Cornelius is here, the driver's in jail.

Here is the grave of Annie McHale, Who walked downstairs with her hand off the rail, One high heel caught and down Annie fell, And never stopped rolling until she woke up in—her present company.

They all had their chance, but did not give heed, They were reckless or careless or wild after speed, So just take a tip from a guy gone before, In this place where I'm at, there's still room for more.

ENSEMBLE IDEA SPREADS TO EVENING CLOTHES, WHERE STRIKING NEW MODELS ARE SHOWN

BY HARRIET

THE evening ensemble of related formal gown and wrap will be a fashion highlight this fall. For the ever popular ensemble, initiated on the tennis court and golf links, is not satisfied with its conquests in the realm of daytime frocks and street costumes. It now enters the drawing room, the box at the opera, and the ballroom.

Both in color and fabric do the gowns and coats of these evening ensembles tie up. There is the elaborate ensemble of brocaded velvet skirt, with its gold or silver lace bodice, topped by a matching brocaded velvet coat.

And there is the ensemble which uses ermine tails to decorate a metal cloth gown and reverses its English to line an ermine cape with metal cloth.

Elaborate Trimmings

The evening wrap may be a cape, coat or a short jacket. The coats, however, are more popular, though short velvet jackets are tremendously good with velvet dresses. Wraps may be as elaborate as milady wishes, with a combination of decorative fur inserts in gorgeous brocaded materials. Or they may achieve distinction through their simplicity, relying on the richness of their fabrics and the smartness of their lines for chic.

The average well-dressed woman will undoubtedly choose the ensemble of chic simplicity. Her preference will fall on one of the charming, clingingly feminine crepes for the gown, with a flattering velvet coat of some harmonizing color taking the crepe for its lining.

This is the type of evening ensemble that such smart people as the new Mrs. "Bud" Stillman choose for their early autumn wardrobes. When she went abroad on her honeymoon she took a half-dozen delectable evening ensembles in georgette or crepe Elizabeth frocks with contrasting or matching velvet coats.

Two of the chic new evening gowns reveal the modernistic influence in their decorative treatment.

One is orchid crepe Elizabeth, with geometric tucked design giving the bodice a pointed tiered

Two of the striking new evening wraps now being introduced.

effect. The neck-line is as correspondingly modern, with its pointed shape cut straight across by the matching slip underneath.

Mist-green georgette fashions the other frock, which has its skirt's panels cut in perfect triangles to give it a symmetrical silhouette while preserving the fullness underneath.

Coats to Match

Two flatteringly soft velvet coats are fashioned to top these gowns. The orchid gown takes a deep wisteria-shaded panne velvet coat, lined with orchid crepe Elizabeth.

Cape-like is its novelty collar and its gathered skirt empha-

sizes the organ-pleating idea of featuring the garters as decorative trimming.

This little evening coat ties shut comfortably at a lower waist-line and has singular girlish charm and beauty.

More sophisticated is the other coat, both in its cut and color. Its mist-green velvet fashions an Elizabethan ruff for a collar that stands at attention to enhance its wearer's beauty. Sleeves get extreme fullness by clever gathers under the arm while preserving the plain shoulder line. In an ingenious manner this same fullness becomes gored at cuff-length until the sleeves just fit the wrist comfortably.

Ft. Worth Livestock Price Quotations

Cattle receipts have been the heaviest this week that they have been for some time, both here and at Northern markets. Most all classes of fat steers are 15c to 25c lower for the week, good to choice caked steers are selling from \$9.75 to 10.25; medium to good kinds \$9 to \$9.50; good to choice grassers \$8 to \$8.50; medium to good kinds \$7.25 to \$7.75; common kinds around \$6.50. Good to choice white-faced stocker steers of all ages are selling from \$8 to \$8.50, and could be good enough to bring a little more; medium kinds around \$7.50 to \$8. Choice red stockers \$7.25 to \$7.75; medium to good kinds \$6.75 to \$7.25; common kinds \$5.50 to \$6.25.

All classes of fat cows are around 25c lower; stocker heifers about 25c lower; fat heifers 50c lower. Choice kind of heifers on the baby beef order would not sell that much lower, and strictly choice grain feds would not be any lower. Best fat cows are selling from \$6 to \$6.50, though prime kinds would bring a little more. Good cows, \$5.25 to \$5.75; common kinds 4.75 to \$5; cutters \$4.25 to \$4.75; canners \$3.50 to \$4.

Bulk of the white faced stocker heifers selling from \$7.25 to \$7.50, though choice, lightweight muley heifers would bring up to \$8; red heifers selling from \$6 to \$6.50; common kind around \$5.50. Good to choice young white face stock cows are about 25c higher. We sold a little over a load of young white face muley stockers at \$6, averaging 600 pounds. This is the highest sale of stock cows here this season. Bulk of odd white face stock cows \$5 to \$5.50, bulk red cows and aged white faces \$4.50 to \$5.

Heavy calves generally 50c to 75c lower for the week, bulk of best heavy calves selling from \$8 to \$8.50 a few choice ones up to \$8.75 today. Medium kind of calves \$7 to \$8. There have been a good many half-fat kind of calves here this week and some sales are around \$1 lower, and very slow sale at the decline. Good veals are about steady, choice kinds selling up to \$12.50; bulk of the good veals \$10 to \$12; medium kinds

\$9 to \$10. Hog market 10c to 15c lower, top for light butcher hogs \$10.55. Hogs weighing 220 to 230 pounds selling from \$9.75 to \$10.25.

Men Arrested at Oklahoma City In Fort Worth

Three young white men, said to be wanted in several Texas counties and for a jail break in South Dakota, were in custody of Sheriff O'Bar of Taylor county, at Fort Worth last night after having been taken in Oklahoma City. They are being held for investigation in connection with the recent robbery of the Bank of Bradshaw, 9 miles north of here, where \$100 in small coins was stolen by cutting through the safe wall with an acetylene torch.

Sheriff O'Bar was accompanied by two other officers said reports from Fort Worth. The prisoners were obtained in Oklahoma after maneuvering from South Dakota officers.

The trio is thought to have blown a tire station safe in Fort Worth a month ago. O'Bar was to be in Dallas today conducting investigation regarding offenses the men are thought to be connected with. They are also wanted in Greenville, O'Bar told Fort Worth reporters.

Although considerable damage was done to safe and vault equipment of the Bradshaw bank when it was robbed a month ago, little money was taken. Explosives were used to blow off the vault facing but the thieves were unable to gain entrance to the inner vault. All the torch equipment used was left in the bank. The torch used was traced to a place that was robbed a few days before at Ft. Stockton.

Mrs. J. A. Lamberth returned home Tuesday from Comanche where she had been attending the bedside of her father who passed away Saturday night.

Mr. and Mrs. J. M. Skaggs, buyers for Skaggs Dry Goods store, returned home the latter part of last week from St. Louis and other eastern market centers.

Miss Ethel B. Montague and her mother are now comfortably domiciled in one of the new homes recently erected by Rev. H. H. Stephens. Miss Montague is the home economics teacher.

QUIETNESS

... and Smooth Running

"The quietest balloon I ever used." So one car owner told us about the NEW Goodyear All-Weather Balloon. And this tire IS quiet—quiet and smooth running. It rides on its sturdy shoulder ribs with no objectionable rumble, vibration, or loss of power.

Eighty treads were actually made up and tested in road service before this tread was adopted because it was quiet, yet had traction, safety and long wear.

Whether you need tires now or not—see Goodyear's NEW balloon tire. Let us explain why it is the World's Greatest Tire.

Winters to Get Hard Surface Road

Highway No. 39, one of the most important traffic arteries in the ever-expanding Texas system, has just received another important boost toward becoming a permanently improved road with passage by the state highway commission of a resolution ordering approximately 20 miles in Runnels county, from the Taylor county line at Bradshaw southward through Hatchel, about 9 miles south of Winters, topped with asphalt after reconstruction of both base and top.

This road classed as a cardinal highway by the United States bureau of public roads, leads from the Rio Grande to the Red River, from Del Rio to Wichita Falls, passing through Val Verde, Edwards, Sutton, Schleicher, Tom Green, Runnels, Taylor, Jones, Haskell, Knox Baylor, Archer and Wichita counties. No definite reason as to why R. A. Thompson, state highway engineer, was ordered to advertise for bids and contract out—when the announced policy of the commission has been that the department would do its own maintenance as far as possible—could not be obtained from officials. It is stated in an Associated Press dispatch.

The project in Runnels county is one of 19 included in the commission's resolution. Strips of state highways in 17 counties will be treated with asphalt as a part of the state's maintenance program. The stretch in Runnels is already surfaced with gravel, which may be reconstructed to carry an asphaltic topping. Cost of topping the Bradshaw to Hatchel stretch is placed at \$29,236 per mile in the commission's resolution.

That No. 39 may within a comparatively short time be a hard-surfaced road from Ballinger to Wichita Falls is becoming more apparent daily, as various counties either vote on road bond issues or begin general discussion of such a move.

Delegates to Short Course Entertain

Members of the firms and civic organizations that donated to the fund to send some twenty boys and girls from Runnels county to the annual A. & M. College farmers' short course, were treated to a luncheon Saturday on the court house lawn by the delegates.

There were about 500 present for the luncheon and for the program which was held following the feast.

The Runnels county delegation to the short course was the largest delegation from any West Texas county and it was made so by the close cooperation of the business interests and chambers of commerce of the county.

The luncheon was spread under the trees in the park.

After the luncheon C. W. Lehmann, county agent, presided at the program and reports were heard from the various delegates to the short course.

Paschal Deitz, of Crews, welcomed the business men and gave a short report of the annual gathering. Mr. Deitz told the business men just how much their cooperation and efforts were appreciated by the rural citizens of this county.

Scott H. Mack, representing the Ballinger chamber of commerce responded. S. W. Cooper, secretary of the Winters chamber, also made a short talk on this line, stating that the Winters organization was always ready to cooperate with other citizens for the good of agriculture in this section.

Mrs. Lura Hollingsworth, home demonstration agent for this county, gave a concise report of the trip of the Special Texas Farm Bureau train through the western states including Colorado, Utah and California. Miss Lynette Stokes, also a member of the delegation, told of the California schools she visited.

"The Thing That Meant Most to Me at the Short Course," was discussed by Mrs. Ross Smith, Mrs. Percy Crimm, D. A. Dobbins, Lesse Wood, Earl Berry, Misses Hazel Mae Grounds, Mildred Smith and Iwilda Allen.—Ballinger Ledger.

MRS. A. KRAUSS OPENS HOME TO W. M. S. AND S. S. CLASS

Late summer flowers and ferns gave the floral decorations to the pretty home of Mr. and Mrs. A. Krauss on Monday, August 15th, when the members of the Wesley Workers Sunday school class and the Missionary Society of the Methodist church entertained with a shower, honoring a member.

The guests were greeted at the door by Mrs. Krauss and ushered to the dining room where delicious punch was served.

An interesting feature of the entertainment was a piano solo by Mrs. A. H. Smith, vocal duett by Miss Modessett and Mrs. Latham, followed by two very clever contests which caused quite a bit of amusement.

Delicious refreshments of frozen fruit salad and angel food cake were served to thirty-five ladies present.

Former Winters Girl is Married At Plainview

The marriage of Miss Trubia Mosley to Mr. Raymond Rees was solemnized on last Thursday evening, August 18th, at 8:30 o'clock in the beautiful home of the bride's parents, Mr. and Mrs. R. L. Mosley, with the Rev. A. J. McCarty, pastor of the First Baptist church of Lockney, officiating, using the ring ceremony.

The bride party was led to the parlor through an arch of vines and flowers swung in the entrance of double doors. Miss Louise Warren played the wedding march, while the Rev. Mr. McCarty led the bridal party which consisted of Miss Bertha Rees, maid of honor and sister of the groom; Mr. L. G. Mosley, best man, brother of the bride; Miss Dot Rude, bridesmaid; Mrs. K. D. Watson, groomsmen; then the bride and groom followed and stopped under the arch and there took the sacred vows which made them husband and wife.

The bride wore a blue dress of Elizabeth crepe, overdressed with Spanish lace and accessories to match, bearing a large bouquet of sweet-peas. Her going away dress was of brown crepe and accessories to match. The maid of honor wore a pink silk dress trimmed with shadow lace; the bridesmaid wore a blue silk dress with hand-painted flowers. The groom wore a dark blue serge suit. The best man a suit of grey, and the groomsmen wore a suit of brown.

The home was beautifully decorated with pot flowers and cut flowers.

The bride is a daughter of Mr. and Mrs. R. L. Mosley of Plainview, a graduate of the Winters high school in '25, and a graduate of Wayland Baptist College, Plainview, '27. She is one of the best Junior B. Y. P. U. leaders to be found in Texas, and is the much-loved Sunday school teacher of the 12-year-old girls, and takes an active part in all phases of church work.

The groom is the eldest son of Mr. and Mrs. C. B. Rees, Plainview, and is a fine young business man, being connected with his father in the new City Creamery, as manager of the concern, and has a lively interest in church activities. He is also a graduate of the Coyne Electrical School, Chicago, Ill.

Refreshments of banana-nut ice cream and cake were served to members of both families and a few friends: Mr. and Mrs. B. M. Sims and son, John; Misses Louise Warren, Dot Rude, Alma Jay, and Mr. and Mrs. K. D. Watson.

Mr. and Mrs. Raymond Rees left Friday for Ceta Canyon to attend the Panhandle Baptist encampment for a few days and will also visit in Amarillo and other places, after which they will return to Plainview where they have a host of friends who wish for them a most happy and prosperous wedded life.

Abilene is Assured We are Interested in New Highway

(Coleman Democrat-Voice)

Coleman people are deeply interested in the Great Plains highway, the north and south route from Canada to Mexico, declared S. O'Neal, secretary of the chamber of commerce, while in Abilene Saturday.

"The people are highly elated at having this road come our way," O'Neal said. "Many of them say they would rather have it than a new railroad."

As designated, the Great Plains highway follows State Highway No. 7 from the south side of Taylor county to Coleman. The road is state designated, but some of it does not meet state requirements at this time.

The road has recently been surveyed and blue prints have been made on it, O'Neal said, and the highway department of the Coleman chamber of commerce, under the direction of Leon Shield, prominent West Texas banker and oil man, is now working to get the right of way for the road 80 feet wide over the entire distance in this county.

Several meetings have been held recently to arouse interest in the road, and at one of the latest J. P. Morris, ranchman and capitalist, volunteered to give all land needed for the road through his ranch. Highway No. 7 goes through the Morris ranch for about 15 miles.

Lawrence Jennings, small son of Dr. and Mrs. T. V. Jennings, is satisfactorily convalescing following a throat operation at the local sanitarium.

Mr. and Mrs. W. P. Lloyd spent several days the past week in Snyder visiting their daughter, Mrs. Sims Saylor.

Mr. and Mrs. L. A. Woolridge of Abilene came in Friday and are comfortably located in one of the Stephens apartments on Tinkle street.

Mr. and Mrs. A. P. Jordan and daughter, Ora Louise, were business visitors in Abilene Wednesday.

Keaton sets Laugh Record in New Film

If you were a peaceable individual who never did anything more brutal than lick a postage stamp; and you fell in love with the daughter of a hardboiled woodsman who frowned on your matrimonial ambitions, because you were, in his eyes, a weakling; and in order to win the girl you posed as a prize fighter and convinced your future father-in-law that you were a man-killer; and you wed the apple of your eye and everything seemed hotsy-totsy.

Then you discovered that your deception had developed into a Frankenstein, and people accepted you as a great fighter, although they never had seen you fight; and you got deeper and deeper in the web, culminating in a trick of fate that matched you with the world's champion middleweight.

What would you do?

That's the situation Buster Keaton finds himself in at the Queen Theatre where he is starring in "Battling Butler," his latest and funniest picture. The frozen-faced comedian has the role of a rich and lazy youth who gets knocked for a loop by Kid Cupid while traveling through the great open spaces along the paved highways. After committing matrimony, the idleized son of an over-indulgent father masquerades as a ring celebrity in order to please his bride. Complications pile up thick and fast; how he saves his pseudo ring honor—and his bride—provides the most sensational climax ever introduced in a comedy. "Battling Butler" is opening a 2-day run at the Queen, starting Wednesday, August 31, and Thursday, September 1.

**Scouts Will Meet
Col. Lindbergh
At Abilene**

The Boy Scout Camp, Camp Tonkawa, closed in a blaze of glory with a re-ignition of more than two hundred scouts from every scout council in the Chisolm Trail Area Council, with the exception of Ballinger, Santa Anna and Cross Plains. It was a great camp with real scouting going on at all times and indications point to a big fall camp and a larger 1928 camp.

All scouts registered and in good standing have been invited to participate in the Lindbergh celebration at Abilene September 26th, the only restriction being that the scout be registered up to date and in full uniform. Lindbergh is a Boy Scout, having been recently honored and awarded membership on the honorary board. Let us all get ready and make it possible to have 1000 boy scouts in Abilene September 26.

Mr. and Mrs. E. J. Wess were in the city a few days the latter part of the past week, guests in the home of Mr. Wess' sister, Mrs. Lyle Deffenbach. Mr. Wess is in the employ of the Prairie Oil & Gas Co., with headquarters at Borger, Texas.

School opens Monday, Sept. 5.

To the 90,000 Who Died

In honor of the 90,000 British soldiers who perished at the famous Ypres salient during the World War, this monumental gateway has just been dedicated on the outskirts of the famous little Belgian city. The photo shows the gateway as it appeared during the dedication ceremonies, at which King Albert of Belgium spoke.

Mrs. W. A. Pace had as guests in her home a few days the latter part of the past week, guests in the home of Miss Lois Fender of Kaufman, Mrs. J. D. Fender and daughter, Frances, of Dallas, and Mrs. J. Mack Bacon of Abilene.

**Why
we sell
the
DUNLOP
TIRE**

FOR 39 YEARS Dunlop has been building the world's supreme tire. Dunlops wear longer because Dunlop knows how to build better at each vital point.

Take the hidden carcass beneath the tread. Dunlop owns its own cotton mills for no other purpose than to spin the best long-fibre cotton into the famous cable-twist cord that goes into this carcass.

The extra strength in these cords means an added factor of safety against constant load and pounding of roads—longer life and greater mileage.

The extra "stretch" enables the carcass to give under severe blows, and to come back into its original position without internal injury.

The Dunlop tread—the toughest rubber development known—wears slowly and smoothly, making sure that you get out of your Dunlops, all the extra mileage that added care and longer experience have built into them. We recommend that you put Dunlops on your car.
