

J. M. SKAGGS DRY GOODS COMPANY'S Great Closing-Out Quit-Business Sale

A Big Success! 25 Sales people on the floor Opening Day were unable to wait on the crowds that stormed the Big, Busy Store from early in the morning until 10 at night. And still they come! There must be a reason!

A \$75,000 stock of New Fall and Winter Merchandise - - -

On sale in many instances at less than it could be bought in the wholesale markets today, for there has been a sharp advance since this stock was bought.

SALE

This Store will be the Center of Attraction for Winters,

Runnels County and this trade territory during this sale. It's the acknowledged bargain center for everything in the Dry Goods line.

Remember, this is not a hatched-up excuse to put on a sale. Mr. Skaggs is positively forced to quit business on account of ill health. He must take two or three hours each day to rest, and is unable to attend to business most of the time, so he is offering his entire stock of Dry Goods, Store Fixtures, Store Building and his Home for sale ---that's all. This stock will be sold as fast as rapid selling can do the work. Come early, get your share of the Thousands of Bargains being offered. It's Bargain Day at the Big Store---COME!

**Terms of Sale STRICTLY CASH!
NOTHING CHARGED**

Please pay your account with us, whether large or small. We are anxious to wind up our Business as quickly as possible and quit.

J. M. Skaggs, in business in Winters since 1909, now retiring. This is one of the best dry goods concerns in Central West Texas. It has had a substantial, steady growth since it first opened its doors in Winters, gradually climbing and hammering its way on and up, until today you will find one of the best assorted and best selected stocks in Runnels County, bought direct from the best mills and factories in the East, always with ready cash in hand to take all discounts and buy in great quantities, in case lots, at lowest possible wholesale prices. Now, right in the beginning of the Fall Season, when such goods are most needed, you can buy your Fall and Winter supplies at a great saving to you. You are cordially invited to come. You will be welcome whether you buy or not. Meet your friends at the Big Busy Store—Skaggs Dry Goods Company.

Remember, this sale goes on Friday and Saturday of this week and all of the coming week, and until all stocks have been sold. Don't get the idea that it will all be gone the first week. This is a tremendous stock—

\$75,000 Worth of Dry Goods

—makes a big stock to choose from, and the assortments are large, consisting of large stocks of Ladies' Misses, and Children's Ready-to-Wear, New Fall Hats, everything for Ladies and Misses in all that's new and interesting. Wingate

The new home of Mr. and Mrs. O. C. Parrish and family is well under way, and from appearances is going to be a real nice home, and one that they and the community will be proud of.

Mrs. Sam Hemmeline returned home Sunday after spending several days in Sweetwater visiting her sister. Her friends will be glad to hear she is improving and we hope she will soon be well.

Duncan Hensley is sporting a new Willys-Knight coupe.

Mrs. Roy Sligers was on the sick list with a severe cold last week.

The Parent-Teacher Association held their first meeting Wednesday. We are sure much good will be accomplished by the organization during the coming year.

The Wingate Telephone company had a man from Abilene working on the switchboard all day Sunday, until eight o'clock Sunday night. I'm sure the people in general though the regular operator had run away.

Mrs. Edith Bryan and children, also Mrs. Nannie Belle Bryan and daughter, from Norton, spent Tuesday with their sisters, Mrs. Lula and Mary Allen.

Duncan Hensley was a business visitor to Clyde last Thursday.

Miss Hison Hill, sister of Mrs. R. W. Loyd, has returned home from an all-summer visit on the Plains.

Wingate school started Monday, the 17th, of which all the boys and girls were very glad.

It is possible that Norman-Smith Dry Goods company of Winters miss their erstwhile clerk, but he is doing fine over here teaching school.

Mrs. J. L. Barron and children left Saturday for a three weeks visit with her mother in Memphis, Tenn.

Mrs. Bruce Compton is visiting here. She resides in Wichita Falls.

Rev. L. B. Smith filled his regular appointment here Sunday.

Mrs. B. J. Smith and children, Mr. and Mrs. Hulen Rogers and baby left Saturday for Seymour for a visit with Mrs. Smith's mother.

Mr. Eugene Burton and family of Winters, spent the day Sunday with Mrs. Burton's mother, Mrs. J. D. Dunn.

Mr. and Mrs. James W. Allen made a business trip to Ballinger Wednesday.

Porter Gannaway and Mr. Jones of Hermleigh were visiting here last Friday.

Mrs. Miles, from Plainview, is visiting Mrs. J. W. Gannaway, her sister.

Claude Sneed and family are here from Fluvanna to see Mr. Denson, from Montana, who is visiting Mr. and Mrs. R. L. Gould, and his sons, Robert and Boot Denson.

Mr. and Mrs. Will Dun were in Winters on business, Friday.

There was a good singing Sunday

afternoon, sponsored by the Wingate singing class.

W. T. Talley and family were in Wingate Sunday afternoon from the Shep community.

Mr. and Mrs. Seymour have a new Chevrolet sedan.

Mr. and Mrs. Dee Jenkins visited

Colleen Moore Wears Amazing Garb in Latest

The most remarkable wardrobe ever worn by an actress at the First National studio was displayed in the person of Colleen Moore for scenes in her newest comedy "Naughty But Nice," which comes to the Queen Theatre Monday and Tuesday for a 2 day engagement.

The outfit represents the idea of finery entertained by a plain, awkward, freckled girl on an isolated Texas ranch, and she wears it when she sets forth for Washington, D. C., to enter a smart girls' finishing school near there.

Strangely, and yet very naturally enough, this costume, with its outlandish pieces, was far more difficult to assemble than the stunning frocks worn by Miss Moore in other parts of the picture.

Crews News

School opened at Crews Monday morning, but we regret that the larger percent of the pupils were not in attendance on account of the cotton picking which is at its height in this community.

The Methodist people entertained the Baptist people Tuesday night at the Methodist church, and the entertainment was well attended by members of both congregations.

The box supper that was held here Friday night was attended by a good crowd of home people and visitors. The boxes brought a neat sum which will be used to purchase athletic equipment.

Mr. and Mrs. John Phipps and children, Wilma, Irvin and Alma, attended church at Mud Creek Sunday.

A number of the Crews people attended the singing at Mud Creek last Sunday afternoon.

Mr. and Mrs. O. S. Clark and their daughter, Bonnie Mae, left for the Dallas Fair last Tuesday. They returned Friday, and reported a very pleasant visit.

Willie White and Miss Mabel McBeth were married immediately after church services Sunday morning. Their many friends wish them much happiness.

Get Rid of the Weeds

Weeds are much easier to cut while green, and the citizens of Winters should see that they are removed from their premises before frost. We have many nice home and several streets that could be improved wonderfully in appearance if this improvement could be brought about. Why not get rid of the weeds and trash? Many places here have the appearance of a deserted field. What would visitors think about Winters if the entire city was covered with weeds and trash?

Home Economics Girls Meet

During the past week, Miss Montague called a meeting of all Home Economics girls for the purpose of discussing the organization of a Home Economics Club. This was met with much favor, and a committee was appointed to select the various officers to put before the class for its approval. This committee was composed of Ora Louise Jordan, Clara Nell McAdams, Gladys Graham, and Margaret Nicholson.

The name of this organization shall be the "Winters Home Economics Club."

The object of this organization shall be: To form a connecting link between the home and the school; to further interest in Home Economics; to train girls to be active and efficient leaders in home and community life; to develop executive ability and poise; and to furnish an opportunity through organization for social life, such as programs, social gatherings, etc.

Any girl in high school who is taking the home economics course is eligible as an active member, and honorary membership may be conferred upon faculty members or other persons not in school, who show unusual interest in the society.

The officers shall be a president, a vice president, secretary, treasurer, reporter, parliamentarian, and an adviser, each of whom shall serve for one school year or term. The president and vice president shall be elected from the Sophomore, Junior, or Senior classes. The other officers shall be elected from any class, and the election shall be by formal ballot.

Regular programs may consist of music, recitations, talks, essays, debates, etc., and the club shall cooperate with local clubs, as P. T. A. No member shall have or hold two offices in the Winters Home Economics Club at one time.

Home Economics is a part of one's education, and we feel that the Home Economics girls will be greatly benefited by a Home Economics Club. The club shall be organized at the earliest opportunity, and work begun in earnest.

Glacier Staff Elected

The student association met Friday, October 21st, with the president in charge of the meeting. The list of candidates for the "Glacier" were read and the candidates were escorted from the room by the Sergeants-at-Arms. Some excellent speeches were made (I think some of the boys will be congressmen).

The officers elected were: Lavere Neely, editor-in-chief; Chester Collinsworth, assistant editor; Bill Phillips, business manager; George Hill, assistant business manager; Mary Helen Nicholson, art editor; Kathleen Lamberth, society editor; Gladys Graham, secretary; Evelyn Hartzog, cartoonist; John Gardner, boys' athletic editor; Maggie Sue Key, girls' athletic editor; Roy Young, joke editor; Margaret Nicholson, organizations and clubs; Ora Louise Jordan, kodak editor; Vernon B. Campbell, sales manager.

Heretofore the Glacier staff has been composed only of members of the Senior class, with the exception of representatives of the respective classes. This year every class had a voice in the election and has put forward candidates for each place, except that of editor-in-chief, business manager, and secretary.

With the officers who now compose the Glacier staff we feel that there is nothing to prevent us having a worthwhile annual, and we are depending on them to send in the "best that they have." We know Winters high school is going to have the very best annual in the year of 1928 that she has ever had.

Organization of "W" Club
One night during the past week a group of boys met at the high

school building with Coach C. R. Smith and Principal L. A. Woolridge for the purpose of organizing a "W" club.

The following officers were elected: Vernon B. Campbell, president; Albert Keifer, vice president; Bill Phillips, secretary; Gaylord Singleton, treasurer; Brevard Bedford and Albert Keifer, application committee and Myron Pumphrey, chairman.

The purpose of this organization as outlined in the constitution is to further the best interests of clean, sportsmanlike athletics in Winters high school.

Any boy who has lettered in any branch of athletics in Winters high school is eligible to place his application with the proper authorities, and his application, in written form, is considered at the meeting next following the filing of same.

The charter members are Vernon B. Campbell, Bill Phillips, Albert Keifer, Myron Pumphrey, Brevard Bedford, and Gaylord Singleton. This is an outgrowth of three years

effort to organize. In fact, the "W" club has planned this organization for the last three years, and their plans are just now going into effect.

The club is making plans for their first annual banquet to be given the first week in December, and every effort is being put forth to make the club one of the best.

PLANNING NIGHT SCHOOL IN VOCATIONAL AGRICULTURE

Plans are being made by R. E. Homan, teacher of vocational agri-

caused by dandruff. Dissolve the dandruff and stop the trouble. To do this, just apply a little BID-O-DANDER before retiring. Use enough to dampen the scalp. Rub it gently in with finger tips. A few applications and your dandruff is gone. Continued use prevents re-infection. Shortly your hair will stop falling out and take on new growth. The first application stops the itching. Your hair will be soft, lustrous and silky. It will feel better, look better. This remedy never fails. Beware of your druggist, or

culture in the Winters high school, to hold night school for those who are engaged in agricultural work. This will probably be made a special and greatly broadened work some time in the future. At present time will be limited for work of this kind

and for that reason only a few schools may some day be moving South Texas, Missouri, California, Kansas and other states to Winters—that is we will not have to depend upon these other places for our meats, fruit, hogs, corn, potatoes, truck, etc.

The Right Spirit

R. L. Stokes has this week indicated his special interest in the development of Winters by increasing his subscription to the chamber of commerce 25 per cent. He has proven an excellent worker and in addition to giving of some of his time to the community, feels the importance of caring for the financial part of the work. We need more citizens like Mr. Stokes. Winters is blessed with business men and others who have a vision of the possibilities, and we believe that a great deal is going to be accomplished through the wonderful cooperative spirit that prevails.

CARD OF THANKS

We wish to express our sincere appreciation and heart-felt thanks to our friends and neighbors for the many acts of kindness, the expressions of kind sympathy and the beautiful floral offerings in the illness and death of our loving husband and father.

One of the dearest gifts God gives to us for consolation in time of sorrow and depression is friends.

May God bless you with years of happiness and a crown of supremacy in Heaven.

"A loved one from us is gone,
 A voice we loved is stilled;
 A chair is vacant in our home
 Which never can be filled."
 —Mrs. A. T. Stokes and Children.

Mrs. Hal F. Smith, Mrs. W. R. Johnson and Mrs. V. Vanzandt went to Ballinger Tuesday to attend a called meeting of the officers and local presidents of the missionary societies of the Brownwood Presbytery. They report a successful meeting and hospitable entertainment by the ladies of the Presbyterian church of Ballinger.

Trials of a Modern Eve--"Fig Leaves"

Prehistoric monsters and modern beauty, to say nothing of some marvelous Technicolor sequences of the Garden of Eden, are combined in "Fig Leaves," a Howard Hawks production for Fox Films, which opens a two day run at the Queen Theatre next Wednesday and Thursday, November 2 and 3. Olive Borden and George O'Brien are ideally cast in the leading romantic roles.
 This is a story of the trials and mishaps of a modern Eve, who, like her sister of the long ago, is tempted when the serpent whispers sinister suggestions. In the case of the modern Eve Miss Borden, as the wife of a plumber, is baited with fine clothes by Andre, a fashionable designer, who dictates the fashions for women. How the beautiful Eve outwits the designer and brings happiness to her household forms the basis for a remarkably well-knit story.

MRS. R. L. HINKLE BURIED AT PUMPHREY

The death of Mrs. R. L. Hinkle occurred Monday, Oct. 24th, at the home of J. J. Hinkle, 8 miles northeast of Winters.

Deceased was forty years of age and had moved here just a few days prior to her death, intending to make their home in Runnels county. She had been in ill health for the past year and death, though not unexpected, came rather sudden. She is survived by her husband and several children.

Funeral services were held Tuesday afternoon and the body was laid out rest in the Pumphrey cemetery.

Mrs. Gid J. Bryan Hostess to Sunday School Class

Mrs. Gid J. Bryan was the charming hostess on last Tuesday evening when she entertained her Sunday school class of the Methodist church with a party of pretty appointments.

Cut flowers added the floral adornment to the reception rooms, where three tables of progressive contests of "dressing peanuts," "your relations puzzle," and "threading needles" were cleverly arranged, and furnished a happy diversion for the guests. A bird contest and the reading of fortunes were enjoyed.

The hostess served chicken salad sandwiches, potato chips, olives, hot chocolate and angel food cake, with whip cream, to the following guests: Mr. and Mrs. A. H. Smith and Aubrey Harris, Misses Ivy, Carr, Farnsworth, Young, Rogers, Brown, Collinsworth, Stevens, Mrs. Chapman, Bro. Bryan and Alonzo.

Mrs. G. E. Seagler Hostess to T. E. L. Class

The T. E. L. Class of the First Baptist church met in the home of Mrs. G. E. Seagler last Thursday for a business meeting. Officers were

electd for the Home Department, as follows: Mrs. J. L. Pumphrey, superintendent; and Mrs. Byers, secretary. Mrs. G. E. Hamm was elected to fill the vacancy for the second vice president of the class.

Prospective members were listed from the religious census recently taken, followed by a very pleasant social hour.

The following members were present: Mesdames S. L. Alexander, M. L. Civils, G. E. Hamm, D. Mitchell, Z. V. Dry, G. E. Seagler and one visitor, Mrs. Pete Davis.

Diversity Club Meets With Mrs. Wetzel

The Diversity Club enjoyed its regular program and business meeting Friday afternoon at the home of Mrs. Jess Wetzel.

Mrs. Pyburn gave a very able discourse on parliamentary law, which was both instructive and interesting. The constitution and by-laws were read by Mrs. R. K. Russell.

The reception rooms were gay with Halloween decorations and this motif was carried out in the dainty refreshments served to Mesdames J. W. Dixon, Carl Davis, W. C. Nunnally, J. M. Pyburn, R. K. Russell, Frank Williams, Harry Tompkins, W. W. McKissack, and R. H. Henslee.

T. H. Haynie Goes to Houston

We regret very much to lose Mr. and Mrs. T. H. Haynie and son, Jack, from our city. Mr. Haynie has been in Winters about a year and a half while Mrs. Haynie and Jack have been here since the close of the last term of school, and they have made many friends, both in the business and social life, but aside from that they have been faithful and loyal church workers, ever ready to lend a helping hand to every proposition either in work or financing plans in all phases of church work.

Our best wishes for their future happiness and prosperity go with them to their new home in Houston, where Mr. Haynie takes charge of the city agency of the American Life Insurance company—a Houston institution. Mr. Haynie disposed of his insurance business here to E. A. Sheppard.

Methodist W. M. S. Enjoyed Social Hour Monday

The Methodist Woman's Missionary society met in the basement of the church Monday afternoon in regular social meeting, with Mesdames Pace, Nance and John Jackson as hostesses.

Vases and baskets of autumn flowers were employed as floral decoration to the large room.

An interesting program on "Friendship" was rendered followed by a reading by Mrs. Sanders, a vocal solo by Miss Lavera Neely, a piano duett by Mesdames Smith and Chapman and a clever contest.

The hostesses served brick cream and cake to sixteen guests.

Mr. and Mrs. R. W. Higginbotham of Abilene, were guests in the G. E. Nicholson home last Sunday.

Rev. D. L. Barnes, pastor of the Wingate Circuit, is announced to preach over Radio Station K. R. L. D. Dallas, 461.3 meters on Wednesday, Nov. 16th. This radio service to be conducted by Rev. Barnes will be one of the series of radio revival services conducted by "Hawkins & Hayes." These services are held at 3 to 4 p. m. on Sunday and 12 to 1 p. m. on week days.

Miss Susie Burnett of Terrell is a guest in the home of her sister, Mrs. Earl Piper.

Mr. and Mrs. Howard Poe and children and Mrs. Ruth Ramsel and children spent the day Sunday at the Alexander ranch near Millersview.

ON THE UP-GRADE

The livestock industry generally is on the up-grade and making profits for those engaged in it. From year to year it is demonstrated more generally that it pays to raise the best grades of beef cattle. The same is true of other livestock, but the demonstrations have been particularly instructive in beef cattle. Several lots of the best grade of steers have been on the market recently and have shown exceptional weight and sold at the highest prices recorded in several years.

It pays to buy good cows for the herds. It pays best of all to have pure bred bulls. It cannot be reiterated too often that it costs no more

to raise a well bred animal than it does to raise an inferior animal, and the returns on the one are sure to be greater than on the other, with the same feeding.

There always is a premium on the best beef cattle, not only as to price, but also as to salability. In an overstocked market the stronger demand will be for the highest grades.

ATHLETIC WOMEN

Business men have to join golf clubs or athletic clubs to keep fit, but just give a woman plenty of solid furniture to shift around and rearrange and she'll get a few hours of physical culture every day.

NO PRICE WAR IN CARS

There has been a lot of wild and unfounded talk about a motor war between General Motors and the Fords, while people have been waiting to see what the new Ford car will be like. Mr. Sloan, president of the General Motors corporation, has given denial to such a rumor in unqualified fashion. His statement was clear and definite, and admits of no question of doubt.

A price war would do neither the

motor business nor the country at large any good. It would not produce better cars, but inferior ones. People would pay lower prices, but they would get no more than their money's worth.

FOOL DRIVERS

Educating the public to avoid driving automobiles into moving trains and like dangers is a slow process, and probably never will be entirely successful. Although it will gradually reduce the number of collisions. But there will always be somebody willing to take a shot at beating the locomotive to it just as there is always some moron willing to take a shot of loaded gin.

Last year 202 persons were killed and 1430 were injured by running into the sides of trains. The railroads, the highway engineers and others must do everything they can to make it mechanically impossible for us to destroy ourselves by our own folly or the carnage will continue to increase.

RESTING EASY

Now that financial matters have been arranged Tunney and Dempsey may return to their golf games and call it a season. They will not have to fight again for a year—or at least until the fans are able to save up enough dough to make another raid worth while. Right after the Chicago scrap Tunney was reported as saying that he would never fight Dempsey again. Now he is quoted as being perfectly willing, but leaving the decision to Tex Rickard. This promoter has become the Warwick of the ring game. The gate prospects must decide.

GIVE 'EM THE LIMIT

Twenty-three years or longer is the sentence that should be imposed on chicken thieves. Fellows who will go out and deliberately steal chickens from people who have labored

diligently and carefully in bringing up the flock to the marketable stage, should be given the limit of the law. Most farmers who raise chickens give them much time and take great pride in them. To have them stolen after they have cared for them through the spring and summer months is disheartening.

IT LOOKS SO EASY

Those who are always ready to criticize the work of country editors ought to try getting out a paper for about thirty days.

A man in California bought a town the other day for \$7,500. That is one way to become a power in his home town.

Baltimore doctor says a clock ticking induces sleep. So does bed ticking.

The professional gossip starts off with "and they say."

Alcohol and gasoline do not go well together in a motor car.

It's better to look forward with optimism than to look backward with regret.

New Bridge on Bluff Creek in Use

Have you been out over the road leading northeast from the city? If you haven't just run out a mile or two and make your discovery. It's a dandy bridge across Bluff Creek on the Truett road, one good enough for any highway and just another of Commissioner Yeager's ideals in road construction. The bridge is broad enough to accommodate two lines of traffic and is steel and concrete. Mr. Yeager has wide approach on either side extending a good distance from the creek which is a special precaution for the safety of the public. We hope to see the time come, and not far distant, when all of the roads may have grades built up to keep the people out of the mud and seepage, and first-class bridges over the principal creeks. This is just as necessary for the welfare and convenience of the farmer as the improved street is for the city fellow and visitors.

Write briefly for a newspaper, sign your name and dodge the waste-basket.

\$4,000 Blaze At Miles Gin

Miles, Texas, Oct. 21.—The plant of the Kornegay Gin company here, owned by C. Kornegay of Winters, Texas, was damaged by fire of unknown origin to the extent of \$4,000 Friday morning by the burning of the seed cotton house and nine bales of cotton. The loss is covered by insurance. Damage to the gin proper was averted by quick work done by the local volunteer fire department, aided by the fire department of Ballinger.

If you want to insure your son's financial future, buy him a pair of boxing gloves.

A stitch in the clock saves time.

Cooking Chats with 6 Famous Cooks

(Courtesy of the Domestic Science Department, Perfection Stove Company)

SALADS SPARE THE COOK IN HOT WEATHER

(Editor's Note: You'll get many hot weather cooking tips from this article—one of a series which 6 famous cooks are contributing to this paper.)

Of course we're hungry, even though the weather is hot! But we don't need the heavy foods so essential on cooler days. And there is no reason for any woman to wear herself out in the summertime, laboring over the stove.

MRS. KATE B. VAUGHN

Spare Yourself

Do as much of the preparation and cooking as possible in the early morning hours. If you must bake, do it just once a week. Don't light the oven every day.

And remember that salads, dainty or substantial, are a boon to cooks during hot weather.

Mrs. Kate Brew Vaughn, director of household economics, Los Angeles Evening Express, suggests a simple cabbage and a carrot salad.

Use Cabbage and Carrots

Grate three raw carrots. Chop enough cabbage to make one cup. Chop one pimento and green pepper. Mix these ingredients with mayonnaise and put in icebox to chill. Serve on lettuce leaves.

If preferred, this salad may be served with French dressing.

With Cranberries

This is a cooling dish—cranberry salad. Here's Mrs. Vaughn's own recipe:

- 1 pound cranberries
- 2 tablespoons gelatine
- 2 cups sugar
- 1/2 cup water
- 1 tablespoon lemon juice
- 1 cup nut meats
- 1 cup celery
- 1 cup mayonnaise

Boil sugar and water, add cranberries and boil until they pop. Add gelatine, softened in 2 tablespoons water. Cool and add lemon juice, nut meats and celery. Mold or serve in spoonfuls on lettuce leaf with sweet mayonnaise.

There is a big hot weather advantage in cooking with oil. You use only as many burners as are absolutely necessary. Then, too, in the best oil stoves the burners come in a row. There is no reaching across a hot fire.

Two Fruits

Another simple salad suggested by Miss Margaret Allen Hall, nutrition specialist at the Battle Creek College of Home Economics, is made of dates and apples.

- 2 cups diced apples
- 1 cup cut dates
- 1/4 cup Golden Dressing

Peel the apples and cut into one-half inch cubes. Marinate with the juice of a lemon to prevent discoloration. Put the dates into cold water. Remove the stones and cut each date into about four pieces. Pour boiling water over them. Chill thoroughly. Mix apples and dates and stir in the Golden Dressing. Garnish with lettuce or nasturtium leaves.

Golden Dressing

- 1/2 cup pineapple, apple or other light colored fruit juice
- 1/4 cup lemon juice
- 1/2 cup sugar
- 2 eggs

Beat the eggs sufficiently to blend the yolk and the white, but not until foamy. Add the juice and the sugar. Cook in a double boiler, stirring constantly until thickened. Set in cold water to cool.

One of the biggest advantages of cooking with an oil stove is the fact that it can be moved to the coolest spot. Cook on the back porch, the summer kitchen, wherever it's most convenient. No fuss or piping to connect. Take the stove wherever you want it.

Lettuce and Bacon

Boiled or mashed potatoes, with "wilted" lettuce, or lettuce salad with bacon dressing, make a good luncheon with a dessert and beverage.

This is the recipe used by Miss Lucy G. Allen, head of the Boston School of Cookery.

Wash lettuce and set away to chill. At lunch time make the bacon dressing. Dice four or five very thin slices of bacon and fry until crisp. Mix one-half teaspoonful mustard, one teaspoonful sugar, and add to one egg slightly beaten.

Then add one-third cup of vinegar which should be very weak. (Two strong vinegars will coagulate the egg and give a curdled appearance to the dressing.) Pour this into the pan containing bacon and fat. Have a low flame and stir rapidly until the mixture is the consistency of heavy cream. Pour over lettuce.

Make Your Own Combinations

Instead of warming up leftover meats, dice and combine with cold cubed potatoes, peas and salad dressing. This makes a luncheon dish in itself. Other combinations will no doubt occur to you.

Dale News

Miss Lois Green of the Dale community spent Saturday night with her friend, Miss Gracie Hendrix of Winters.

Mr. and Mrs. Joe Carter and Miss Virginia Carter attended a singing at Hatchel Sunday evening.

We regret to report that Mr. and Mrs. Bill Whitley are moving to Winters where they will obtain employment. This good couple were the life of the Dale community and the center of its social life. Every one hopes that Mr. and Mrs. Whitley will gain as many friends in their new home as they have at Dale.

Miss Myrtle Mayo of the Dale community is now a visitor on the Plains. Miss Dalpha Lee Williams spent the night with Mariella Lehman the latter part of the past week.

We are sorry to report that Mr. Sellers of this community has been ill with pneumonia this week, but is a little better at the present.

Vernon Wright has been breaking land the past week. Miss Gracie Hendrix of Winters visited friends in this community last Sunday evening.

Carl Lehman visited Buster Green Sunday afternoon.

Mr. and Mrs. Tom Brevard, Arlus and Olga Brevard attended the singing at Hatchel Sunday night.

Miss Nora Jaynie Green was a visitor in Winters Saturday night.

Mr. and Mrs. Charles Adami, Mr. Osmar Adami and Misses Eleanor and Edwina Adami visited in Winters Sunday evening.

Mr. Knight of this community was a business visitor in Winters Friday.

The Dale school boys met last week and organized a senior and junior basketball team. They will start practicing soon and hope to be well broken in by the opening of the basketball season.

Charley Hope has been real busy cutting cane this week.

Miss Norma Stanley spent last Saturday with Miss Charley Maye Cane. Both parties reside in this community.

Aided by some of the finest weather we have ever experienced in the fall season, cotton picking is progressing nicely in this community.

Vernon Hightower was a visitor in Winters Sunday morning.

Arthur and Miss Nora Jaynie Green visited in Winters Sunday night.

Mrs. Elson and baby from the Plains, are visiting Mr. H. A. Green and family of this community.

John Phelps and H. F. Lehman visited in Winters Saturday evening.

"Yes, Willard Mack is right, Luckies are best," says Paul Berlenbach

Popular pugilist tells his manager, Benedict Sterns, that Lucky Strikes are the finest cigarettes.

Willard Mack, Noted Author, Producer and Actor, writes:

"We people of the theatre are, as a rule, extremists. This is the reflex action from overworked nerves. When a man smokes forty cigarettes a day, as I do, he must be sure of his brand. I smoke Lucky Strikes because I have found they are soothing to the nerves and at the same time they cause no throat irritation. My voice is always in perfect condition and I am never troubled by any coughing which might be annoying to me in my work as an actor."

You, too, will find that LUCKY STRIKES give the greatest pleasure—Mild and Mellow, the finest cigarettes you ever smoked. Made of the choicest tobaccos, properly aged and blended with great skill, and there is an extra process—"IT'S TOASTED"—no harshness, not a bit of bite.

The happy couple are well known in this section, the bride being a talented and charming daughter of Mr. and Mrs. Pete Hudson. The groom is a son of Mr. and Mrs. J. D. Smith. They will make their home in this community, their many friends wishing them a long, happy and prosperous life.

**Historical Events
Feature Picture
At the Queen**

One of the screen's great gifts to the public is the history lessons contained in such pictures as "The Overland Stage," the Ken Maynard starring feature for First National, coming to the Queen Friday.

This impressive production shows one of the really great events in the conquest of America; the linking of the stage coach lines from east to West. The celebration of this historic event was recently reproduced on a massive scale at the site of its occurrence, Deadwood, S. D., and the Maynard company, directed by Albert Rogell, journeyed there to film it as part of their epic.

Although the picture is the first to deal in any large way with the epic of the transcontinental stage-coach, the picture, which deals romantically with the historical events is frequently seen, and, when well done, is always among the most popular screen offerings. It happens that one of Ken Maynard's first screen parts was that of Paul Revere in a great Revolutionary War film. This way of bringing historic events and personages into view, and injecting into them the very breath of life is destined to be the educational method of the future, according to the psychological experts.

"The Overland Stage," which is destined to give great impetus to this method of teaching history of the early West is from an original story by Marion Jackson.

TAKING SPECIAL PROJECTS IN VOCATIONAL AGRICULTURE

Vocational agricultural work of the Winters high school is coming on fine—doing the kind of work that will count in later years, when the present student body will be called upon to meet the problems of life.

There are thirteen boys who are taking special projects in this work. These are divided as follows: Poultry: Clarence Spill, Joe B. Wilson, and Owen Forbus; Turkeys: Doyle Hickson; Hogs: Howard Chapman, Calvin Dodson, Howard Mayo, Reginald Polk, J. C. Williams, O. C. Stooksberry, L. S. Adams, and Henry Dale Jones. Emmett Taylor, one of the number, has not yet decided the course he will take as a special project.

Those entering the hog project will likely get registered sow pigs from A. & M. college. All the boys will conduct their various undertakings under the careful supervision of R. E. Homann, vocational agricultural instructor in the high school here, and will each keep a strict record of their own work. Practical knowledge is necessary and we predict for these boys some outstanding records, and some special honors within the next twelve months.

WHAT'S DOING In West Texas

PRESIDIO—Rapid progress is being made on the Orient railway and the line will soon be to this city from the Old Mexico terminus.

TULIA—Considerable improvements are under way at Hotel Tulia. Gas stoves have been installed, and concrete walks are being laid about the building.

CANADIAN—The Hemphill Co. Agricultural Exhibit was shown at three fairs this fall—the Tri-State Fair at Amarillo, the Texas-Oklahoma

ma Fair at Wichita Falls, and at the State Fair at Dallas. Their exhibit took third place at Amarillo, fourth at Wichita Falls, and third at Dallas, beating every county that scored above it at the two other fairs at the Dallas showing, except that of Garza County.

ABILENE—President R. W. Haynie of this city and Manager Homer D. Wade of the West Texas Chamber of Commerce, will motor to Brady on November 10 to attend the annual Turkey Trot held in that place on November 11th.

FLUVANNA—Oil and mineral tests are being made in this section, but the Fluvanna section is not depending upon such development for prosperity. Agriculture is the mainstay of this region. The Fluvanna community exhibit won first place at the 1927 Scurry County Fair, Snyder, and it displayed many excellent home-grown agricultural products.

LORAIN—New four-inch water mains are being laid into the Templeton Addition in the eastern part of town, and will be complete for service at an early date.

SWEETWATER—Date for the West Central District convention of the West Texas Chamber of Commerce has been reset for November 28. The previous date scheduled was November 14th.

MASON—Native stone is being quarried and hauled on the grounds for construction of a second story to a local building. The addition will house the leading law firm of the city.

STINNETT—Work of laying concrete on the highway has been started at the south line of the county, and is well under way.

EASTLAND—Plans are now being made for construction of eight or ten new business houses to be occupied by new firms.

LUBBOCK—The last mile of grading on the Estelline-Lockney-Lubbock line of the Fort Worth & Denver South Plains railway above the caprock, is under way. Trains are expected to be in operation over the entire line by May or June 1, 1928.

DUMAS—Six new residences are under construction here. Gas and light conveniences are now available systems having been completed recently. Oil in Moore county has

helped the town and promoted record activity here and throughout this section.

MIDLAND—Opening of the new Mayo Hotel has given approximately 250 hotel rooms to the city. This number will be augmented to 400 when the new Scharbauer Hotel opens the first of January.

ARTESIA, N. M.—Twenty-five cars of apples have been shipped from here to date. Production is heavier than at first anticipated.

Miles Man Burned by Gasoline

Miles, October 22.—Jack Thomas, owner of the Thomas garage, sustained serious burns on the left hand and arm when a bucket of gasoline became ignited. Thomas was washing auto parts when some one tossed a match after lighting a cigaret, into the bucket of gasoline.

spector of agricultural education of A. & M. college, it is interesting to know just what it may be. He visited our school last week and was well pleased with the excellent start made. Mr. Alexander made a trip out into the rural districts and was very favorably impressed with the good farm homes, work stock, and general farming conditions maintained. He said that the work stock was worth special notice and above par. In his comment he stated that the people wonderful agricultural possibilities. "Take off them whiskers ----you ain't Santa Claus!"

By S. P. FLOYD

I FORGET now just who the fellow was who trimmed the Indians out of Manhattan Island for a couple of quarts of rum and some shiny beads.

But I'm willing to bet the biggest Goodyear balloon I have in stock that some of his descendants are in the tire business.

Just read the ads. Just listen to the old stoftalk. You'd think these birds were going to be unhappy the rest of their lives if by some mischance they sold you a tire at a profit.

I hate to be a kill-joy, but that stuff is the bunk. You know, and I know, that in the tire business as in any other business, Christmas comes but once a year.

Why Not Be Frank?

Maybe I'm slow, but I make no pretense of being a 100% philanthropist. I don't try to tell you I'm selling tires below cost, and I don't think you expect to buy them that way.

What you want, if you're like other sensible people, is known and reputable merchandise at a fair price—the same fair price that everyone else pays. You buy clothes and shoes and other things on that basis—why not tires?

Well, right or wrong, that's the way I run this business. I sell Goodyear Tires, the best that

money can buy. My prices are based accurately on costs, and my costs are low. The values you get are dependable and good.

There's no guess about those values. They've been tested time and again. As a result, some of the smartest "low cost per mile" buyers in this section, including many business concerns, get tires from me. They've proved by experience and careful figuring that Goodyears are cheapest in the end.

The Best Buy For You

Of course, I could do it the other way. It's no difficult trick to fatten up retail prices on inferior tires in order to "discount" them down so the proposition would look good to you.

But I have no burning desire to make myself a good fellow at your expense. And I'm sure if I tried it, instead of a steadily growing business as I have now, I'd eventually lose both the friendship and the trade of my customers.

No; I'm satisfied the best deal for me is to continue to sell Goodyear Tires on a legitimate, aboveboard basis, because that is the best deal for you. So I'll keep on doing this, and you do your part by telling the dealer who offers you something for nothing:

"Take off them whiskers—you ain't Santa Claus!"

The Remembrance OF QUALITY

The remembrance of quality lingers long after the price has been forgotten. That is the reason we never offer jewelry made to sell only on its price appeal. But we carefully search the market for jewelry of dependable quality, that we can sell at reasonable prices, and you will find here, not only quality, but a wide range in prices.

Christmas will soon be here, and many are making selections of fine jewelry and paying for it on our easy payment plan now.
