On Saturday, July 1, the Muleshoe DeMolays will be having a car wash from 9-6 p.m. at the Richland Hills Texaco Station. Prices will be \$3 for a wash and \$5 for wash and wax.

Cynthia Phillips Finley of Muleshoe was listed on the Dean's Honor Roll for the spring semester in the College of Home Economics at Texas Tech University.

The Muleshoe DeMolays will sponsor a dance Tuesday, July 4, from 9 p.m. to 1 a.m. at the Youth Center. The band will be "Spunk".

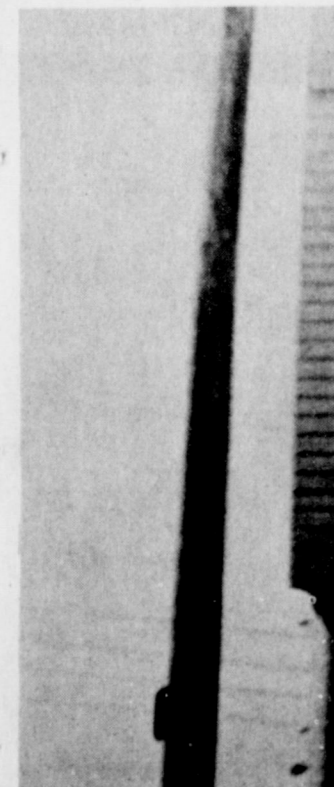

Area students on the Dean's Honor List for the 1972 spring semester in the College of Business.

Muleshoe Receives Award

The city of Muleshoe won the 2,501 to 5,000 population category in the Beautiful Texas Council Governor's Award Program. The cast aluminum plaque was presented by the Governor of the state June 22 at a noon luncheon in the HemisFair Convention Center in San Antonio.

Police Report

The Arrests logged in the Bailey County Law Enforcement Center this week included one for speeding, one for no driver's license and one for drunk by the Texas Highway Patrol, one for speeding, one for no driver's license and one sleeper by the Muleshoe Police Department; and one for breaking and entering and one for contributing by the Bailey County Sheriff's office.

FIRST WEEK OF SUMMER... During the first week of Summer, Muleshoe experienced some hot weather as shown on this thermometer in downtown Muleshoe. This 100 degree reading was caught by the camera on Friday, June 23. Other indications of summer, thunderstorms, have been roaming over Bailey County also. Most of these being late afternoon and night time storms bringing lots of wind and sand but little moisture this week.

Awards To Be Presented...

Senior Citizens To Sponsor Luncheon

The Muleshoe Senior Citizens will have their annual luncheon Monday, June 26, at noon in the Fellowship Hall of the First United Methodist Church.

Services Held In Lubbock For Victor Cox

Services for Victor Vern Cox, 63, veteran western movie star and stuntman, were held at 2 p.m. Friday in Sanders Memorial Chapel. Cox died Tuesday in Methodist Hospital.

Cox, who made more than 400 movies, including "Silver Prince" with Errol Flynn, lived at Route 2 Lubbock and was a former resident of Muleshoe. He spent more than 15 years in Hollywood. He was reared near Plainview and Petersburg and moved to Lubbock from Hollywood several years ago. He raised stock and race horses in Lubbock.

Cox was considered on of the oldtime stuntmen and movie makers. He was a member of the Screen Actors Guild and Riding Actors Association in Hollywood. He once tried his hand at stunts for such actors as Allan Hale, William Holden, Gene Autry, Fuzzy Knight, Bob Sills, James Cagney, Brad Crawford, Bob Baker and Ferrell McDonald. Survivors include his wife; Cont. on Page 2, col. 5

the Fellowship Hall of the First United Methodist Church. During the meeting, the Outstanding Senior Citizen of the Year will be named. He or she will be selected for "continuous interest and unselfish service to the community". Last year's winner was Mrs. Bill Moore.

Also during the luncheon, the Parade of Pioneers will be held with members dressed in authentic pioneer clothing. Business people of Muleshoe will judge the contestants on posture, poise, attitude and authenticity of the period depicted.

This year's Senior Citizens officers are C.F. Garth, president; Claude Coffman, vice-president; and Mary Young, Secretary.

The chapter meets every fourth Monday of the month in the Fellowship Hall of the First United Methodist Church. Refreshments are served at the meetings by the different women's clubs of the community.

At the present there are approximately 120 members and at their meetings they enjoy various programs, some educational and some entertaining.

The boy was working on an experiment when some materials he was grinding exploded. Both hands were severely injured in the explosion. He was brought to the hospital by Kenneth Hanks and Kenneth Powell who heard the explosion and went to the building to investigate.

Boy Injured In Explosion

Kenny Carter, son of Mr. and Mrs. Glen Carter, was brought to West Plains Memorial Hospital Wednesday after his hands were injured in an explosion near his home.

Both hands were severely injured in the explosion. He was brought to the hospital by Kenneth Hanks and Kenneth Powell who heard the explosion and went to the building to investigate.

Department Of Public Safety Issues Holiday Warning

"Independence Day!" What does this mean to you? One hundred and ninety six years ago this young nation rose up to declare its independence. To declare that all men are created equal, that all men are endowed with certain inalienable rights. Among these rights are life, liberty and the pursuit of happiness. These rights are still held in high esteem today. But, how much do we really place on life?

Minimum Wage For Farm Workers

A higher minimum wage for both farm and non-farm workers now seems almost certain to become law this year. The House has passed a wage-hour bill already, and the Senate is moving to follow suit with a measure that's similar, but tougher. The House-passed bill (passed by the wide margin of 330 to 78) calls for an increase in the farm worker minimum from the present \$1.30 per hour to \$1.50 per hour this year and to \$1.70 in 1973. It would cover, as does the current minimum, workers on farms using 500 man-days of hired labor in any calendar quarter of the year (equivalent to about seven or eight fulltime employees). Overtime exemptions for cotton gins and other agricultural processors would remain intact. Minimum hourly wage require-

Caravan Promotes Local Celebration

Local Girl Attends Explo '72 In Dallas

Explo '72, the International Student Congress on Evangelism sponsored by Campus Crusade for Christ, was held in Dallas, Texas, June 12 - 17, 1972. Barbara Haire, daughter of Mr. and Mrs. Lloyd F. Haire of Route 2, Muleshoe, was among approximately 100,000 high school students, college students, and laymen attending the congress. Every state in the nation and more than 100 foreign countries were represented, and Campus Crusade directors from over 50 countries were in attendance.

The entire group was broken down into more than 60 conferences. Miss Haire was fortunate enough to attend the Conference of Champions, originally open only to college and professional athletes, but later expanded to include some college students. Present at this conference were Norm Evans of the Miami Dolphins, Mike McCoy of the Green Bay Packers, and over 20 other pro football players, as well as many men training for the Olympics.

World record holding weight lifter Jerry Thayer and Dave Hannah broke their records at a Super Power Classic held at the Hilton Inn in Dallas.

At the conference meetings delegates were trained to share their faith in Jesus Christ with everyone all over the world. One of the major goals of Explo '72 and Campus Crusade is to see the fulfilling of the Great Commission by 1980 -- Taking God's Love to the World in Our Generation.

During the week delegates took their faith to more than 300,000 homes in Dallas, Ft. Worth, and Denton, witnessing in a personal, one-to-one situation. Thousands of people came to know Christ through the visits of these delegates.

During the afternoons there were special seminars on Love, Sex and Marriage, How to Live With Yourself, The Occult, and Eastern Religions, among others. There were also special speakers at various locations in Dallas and hundreds of display booths in the Women's and Electric Buildings on the State Fair Grounds.

Every evening, all the delegates filled the Cotton Bowl to overflowing to hear singing groups and speakers such as Bill Bright and Billy Graham. On Saturday, there was a Jesus Music Festival with entertainers including Johnny Cash, Kris Kristofferson, Andre Crouch and the Diciples, Love Song, Connie Smith, and many others. Speakers were Bill Bright and Billy Graham.

Equalization Board Appointed

The Muleshoe Independent School District Board of Trustees appointed the following men to the Board of Equalization at their regular meeting Monday night, June 19: Arvis Grogan, Jim Young, Horace Hutton, Ben Roring and Gordon Wilson.

This board will meet on Wednesday, July 12, at the school tax office.

Justice Council Meets In Muleshoe

Over 20 persons were present Thursday morning at the Criminal Justice Council meeting in the City Hall.

Ralph Graham, vice-chairman of the council, presided. Among those present for the meeting were Walter Head, coordinator from Lubbock; Jan Holliman, juvenile parole officer of the Texas Youth Council; the adult probation officer from the State Department of Corrections; Chief of Police James Tippett from Brownfield; Captain William Cox from the Muleshoe Police Department; Bailey County Sheriff, Dee Clements; Deputy Sheriff Pete Black; Muleshoe City Patrolman, Buddy Black; Justice of the Peace Morris Nowlin; and county judges from Hale County, Motley County, Cochran County, Bailey County and Parmer County; and John Shropshire, the head of the probation department for Lubbock and Crosby Counties.

The council approved a grant for an administration assistant for the Lubbock County Courts, and also approved a grant for probation services in Hale and Cochran Counties.

Cont. on Page 2, col. 3

Sidewalk Sale Will Be Held On Saturday

Muleshoe is planning the biggest and best July 4 Celebration to be held in these parts in many years this year.

To publicize this big event to the neighboring towns and communities, a caravan will be traveling the area Tuesday and Wednesday.

This caravan will leave Muleshoe each morning from the courthouse at 8 a.m. and return to Muleshoe around 4:30 p.m. Ed Cox, chairman, is still looking for cars and participants for the caravan. Anyone is welcome to come along on either of the two days or both days if they wish. Cox reports that he wants this to be the biggest caravan to ever leave Muleshoe.

On Tuesday, the caravan will leave Muleshoe moving south to Needmore, Baileyboro, Goodland, on up to Morton and then swinging to Levelland, then to Littlefield and back to Muleshoe, hitting all the little towns in-between.

The caravan plans to spend from 10 to 20 minutes in each town telling the people about the big celebration coming up and passing out free cokes. A police car will escort the caravan and there will be one car with a public address system. Members in the caravan will bring a sack lunch and the group will stop at noon at a roadside park for lunch.

On Wednesday, June 28, the caravan will leave Muleshoe heading for Earth, Springlake, Oilton and back through Dim-

mitt, Hub, Bovina, Farwell and back to Muleshoe. A satellite car will swing through Lazbuddie and Clay's Corner.

Chamber of Commerce Manager Glen King will also take a couple of cars and swing through Clovis and Portales on Tuesday. He will be stopping at the radio stations and television stations on his way.

A group has already been to Amarillo and Lubbock where they visited every radio and television station. They got some live TV interviews and were on radio spots. Many civic and community groups have been contacted to participate in this caravan but more people and cars are still needed to really make an impression on the surrounding towns. Teenagers, if you don't have anything pressing on these days, come down in your tacky clothes and go along for the fun of it.

If you have not been contacted and would like to go on the caravan, call Ed Cox at 4511 during the day or at his home, 4396, for more information.

Kicking off the big Fourth of July Celebration in Muleshoe will be the annual Sidewalk Sale sponsored by the Businessmen's Activities Committee of the Muleshoe Chamber of Commerce and Agriculture. This will be held Saturday, July 1, from 9 a.m. until 6 p.m.

Most of the businesses in Muleshoe will be participating with plaques to be given to the store for best pioneer dress and for the store with the best participation. Clerks and salespeople will be dressed in old time costumes for the day with merchants featuring "old time" prices on selected merchandise. A spokesman for the BAC reported that this year's Sidewalk Sale is shaping up to be the biggest and best in many years.

On Tuesday, July 4, there will be a full day's worth of activity in Muleshoe. Beginning at 7 a.m., with the ride-in breakfast at the Muleshoe Airport. Anyone riding a mule will receive his or her breakfast at no charge. At 7:30 a.m., the annual Needmore to Muleshoe Pony Express Race will begin with two teams running. The airport is to be the focal point of activities for the most part of the day. Beginning at 7 a.m. and continuing all day will be such events as parachute jumping, sail plane exhibitions and a model airplane show. Also to be held will be a spot landing contest and a flour bombing contest. Ronnie Spies, chairman of these two events, reports that four trophies will be given in each of these events and that there will be a \$3 entry fee. For the flour bombing, a bulls eye will be

LITTLE LEAGUE IN FULL SWING... As shown by this action, Muleshoe's Little League teams are in full swing now with eight minor league teams and eight major league teams playing. Senior Babe Ruth boys are also playing games now as are the ladies softball teams. A can catch a ballgame in Muleshoe at one of the baseball parks on just about any night now.

July 4...

Cont. from Page 1

drawn on the runway and sacks of flour will be furnished. The ones who hit the bulls-eye receive the trophies.

The World Champion Mule Shoe Pitching contest will also be held at the airport. Defending his World Champion title this year will be Ed Nuetzler, the 1971 reigning champ. Patty Pena will be defending her Women's Championship also.

One of the most popular Fourth of July events is the annual Old Settlers Reunion to be held in the Fellowship Hall of the First United Methodist Church beginning at 2 p.m.

Last year, Mrs. Mary Young and Elizabeth Harden won honors as best dressed ladies, Good Harden and Kelly St. Clair were named best dressed men and Tani Murrah and Gayla Hooten were named best dressed girls. This reunion usually draws many people from surrounding states and cities.

The Muleshoe Hobby Club will have an art display in the community room of the Muleshoe State Bank from 10 a.m. until 5 p.m.

The Muleshoe Art Association will hold an art exhibit at 222 Main Street on July 1, 3 and 4 from 9 a.m. until 5 p.m. On that night,

Sunday, the exhibit will be open from 1 p.m. until 5 p.m.

All members of the Art Association are eligible to participate in the annual exhibit. Any non-member may participate if they wish to join the association by paying the membership fee of \$5.00 plus the entry fee of \$1 per entry. Awards and citations will be awarded.

Beginning at 1:30 p.m. on July 4, the Alamo District Playoffs will be held at the Babe Ruth ball park.

Several different activities for the young children will be held at the courthouse Tuesday afternoon. The entire block will be roped off for bicycle races, sack races and other kid-oriented events. Ribbons will be awarded winners in various events.

Beginning at 4 p.m. will be the annual Fourth of July Parade down Main Street. Participating in the parade this year will be several floats, sweethearts, and riding clubs. The U.S. Marine Color Guard from Lubbock will lead the parade. Also featured in the parade will be the Amarillo Gun Fighters. This attraction includes 12 men dressed in authentic western costumes. They will present a 10 minute skit during the parade and will give an hour long performance at the football stadium beginning at 9 p.m. On that night,

Closing out the huge celebration will be the annual fireworks display at the football stadium beginning at 10 p.m.

An added feature this year will be a dance, sponsored by the Muleshoe DeMolay Chapter, beginning at 9:30 p.m. in the Youth Center.

Explo...

Cont. from Page 1

Well over 200,000 people were in attendance. But that was not the end. Challenged to tell the world, delegates left the conference determined to tell everyone the Good News of Jesus Christ and to help multiply His Kingdom.

Special training sessions all over the country, known as "Explo '72 Come to You" will give 500,000 people the same training received at Explo '72. This is another step in the building of a Great Commission Army of over five million people. The work has only just begun.

If you would like to know more about Explo '72, get in touch with Miss Haire at Route 2 Box 242, Muleshoe, or call 925-3132. Miss Haire will also be available to speak to church and civic groups and anyone interested in knowing more about Explo '72. For more complete information, write: Campus Crusade for Christ, Arrowhead Springs, San Bernardino, California, 92404.

For further information, contact the Office of Continuing Education at South Plains College, Phone 894-4921.

It doesn't take a superhero to stand on the corner and throw mud at someone who is trying to do something.

Clinic...

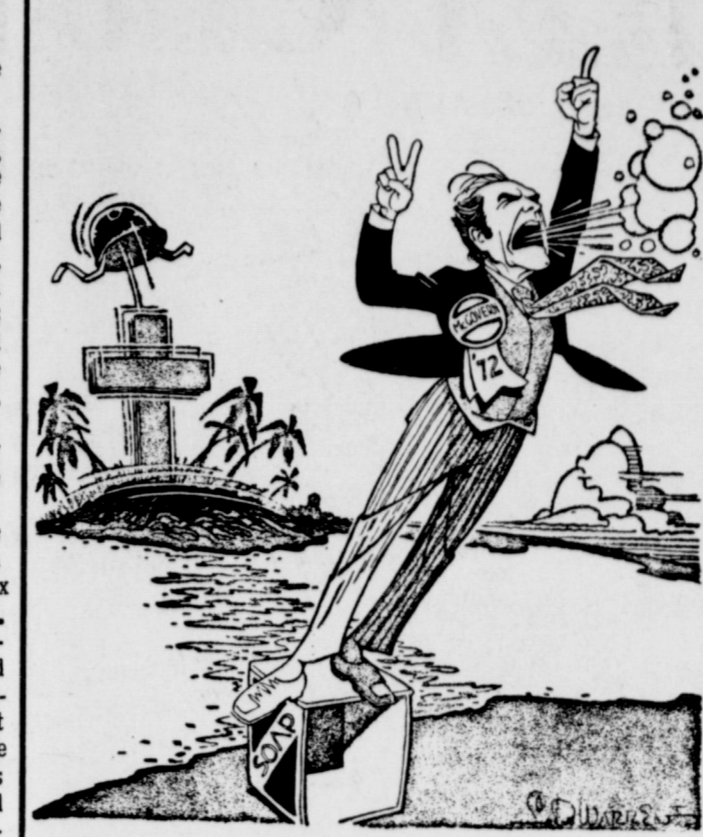

Cont. from Page 1

ions will be held in the Women's Gym on the campus of South Plains College. Mr. C.W. Dukes will be the instructor and supervisor of the clinic. As each group will be limited to twelve boys, registration will be received on a "first come, first serve" basis. Registration can be completed at any time between now and July 10 at the Central Office of the Technical Arts Building. Total cost of the clinic is \$15.00. Boys will need to furnish their own tennis shoes and gym clothes. The clinic will emphasize the basic fundamentals of basketball; included will be instruction in dribbling, passing, seeing, shooting, defense, offense and rebounding.

For further information, contact the Office of Continuing Education at South Plains College, Phone 894-4921.

and make this 4th of July a safe, happy holiday. Not a holiday that turns into mourning. Do your part. "Drive Friendly," the Texas way

Holiday...

Cont. from Page 1 of the traffic deaths and is continually made aware of the main causes of traffic accidents. This year's "Operation Motorcade" will begin at 6:00 P.M. on Friday, June 30, and will run until midnight Tuesday, July 4.

Major C.W. Bell, Regional Commander of the Lubbock Region of the Department of Public Safety states, "All available personnel will be used in an effort to keep the highway deaths at a minimal. We will be on the lookout for violations of the traffic laws; especially the speeding driver and the drinking driver." "Speed and DWI are the two largest contributors of traffic fatalities. Major Bell reminds all motorists that "each driver is responsible for keeping control of his vehicle in order to avoid colliding with another vehicle, a pedestrian or any fixed object. No one wants to be responsible for the death of another. Let's make our streets and highways as safe as possible. We all could drive twice as safe as we usually drive, so let's make an all-out effort

Tower Announces Alcohol Commission

AUSTIN -- Texas is the first state in the nation to be awarded Federal formula grant funds for prevention, treatment, education, and rehabilitation programs to deal with alcohol abuse and alcoholism.

Senator John Tower announced that the grant, in the amount of \$1,631,247, was made possible under Title III of the Comprehensive Alcohol Abuse and Alcoholism Prevention, Treatment, and Rehabilitation Act of 1970 (Public Law 91-616) which he cosponsored.

Dr. Morris E. Chafetz, director of the new National Institute on Alcohol Abuse and Alcoholism, a component of the N.I.H. health Services and Mental Health Administration of the U.S. Dept. of H.E.W., called the funds "a first step in developing programs to reduce what I consider the Nation's most treatable untreated illness."

The Texas Commission on Alcoholism, designated by the Governor as the single state agency responsible for alcohol-

ism programs in accordance with the Federal law, developed and submitted the first State Plan for the Prevention, Treatment, and Control of Alcohol Abuse and Alcoholism.

K. E. Beahan, executive director of the Texas Commission on Alcoholism, stated that the formula grant funds for Texas will be used for innovative approaches to categories of services including administration, community and regional assistance, occupational alcoholism programs, education and public information, research and evaluation, and training for personnel involved in alcohol prevention, treatment, and rehabilitation.

The Texas Commission on Alcoholism estimates that there are 425,000 alcoholic persons in Texas, equivalent to 3.8 percent of the State's population. The \$1,631,247 grant to Texas covers F.Y. 1972. A total of \$30,000,000 was appropriated for the nation under the Comprehensive Act for formula grants to the states.

Diseases Take Spotlight At Texas Cattle Raisers Meeting

FORT WORTH--Brucellosis, screwworm and scabies control took the spotlight of the quarterly directors meeting of the Texas and Southwestern Cattle Raisers Association at Huntsville, Texas, June 9 and 10, where some 300 cattlemen and associates gathered to explore the problem facing the industry.

William C. Donnell, TSCRA president, guided the general session through the animal health oriented meeting. Examination of the Panhandle scabies control program was reported by Jay Pumphrey, vice-chairman of the Animal Health Committee. Easing of quarantine measures in counties where no scabies incidents have been reported was asked of the Texas Animal Health Commission by this Committee.

The new intensified brucellosis program to bring the state to certified free status was proposed by the Commission at this meeting. TSCRA directors John Armstrong, Hillmar Moore and John Briggs, were designated to determine the feasibility of this pro-

posal. Dr. George Beto, director of the Texas Department of Corrections at Huntsville, addressed the directors on prison reform. He elaborated on the program for 16,500 state prisoners in Texas and work accomplished in this system. Some 200 cattlemen of the TSCRA had visited the Ellis unit of the Huntsville prison on the previous day. Farm and livestock systems were toured by the visitors.

Both Donnell and Don C. King, TSCRA secretary-general manager reported on the association activities placing emphasis on legislative matters. The 1971 state trailer brake and light regulations are in the process of being revised, partly through the efforts of the TSCRA.

Dudley Campbell reported for the Agricultural, Labor and state to certified free status Legislative Committee. Minimum wage legislation was examined, as were federal tax reform and school tax measures. Agricultural research and education were reported by Gage Holland, chairman.

Dr. M. E. Meadows, project director of the Screwworm Plant in Mission, discussed the present screwworm epidemic and the resultant pressure put on the plant facilities and personnel. Shortage of funds brought about initial cut-backs in sterile fly production which coupled with a mild winter in Mexico caused the current screwworm epidemic in Texas to reach 10,000 reported cases.

The imported fire ant situation was reviewed by Steele Wright, who discussed the dangers of the increased infestation of this poisonous insect in Texas. Restrictions on chemical control have hampered combatant measures. Robert E. Samuel, Jr., chairman, discussed the plans of the membership activities committee including possibilities of an association sponsored tour.

Billy B. Davis, of the Water Quality Committee, told the directors of the changes in state pollution control regulations on confinement feeding, now under consideration by the Texas Water Quality Control Board.

What's electricity been doing lately?...Getting ahead with the

POLLUTION SOLUTIONS

The ELECTRIC Company
FOR SO MANY PEOPLE

Providing enough power to take the smoke out of smoke stacks... to operate new urban mass transit systems... to recycle junk metal for new uses... whatever ways engineers, scientists or technologists think up to reduce or eliminate the many varieties of pollution, chances are Reddy will be their right hand man. Electricity is the cleanest, most versatile form of energy that can get the big jobs of environmental cleanup accomplished. It'll take a lot of brain and power, but that's a natural part of Reddy's job - serving tomorrow's needs today.

Lubbock Vows Read For Couple

Miss Vickie Lynn Lowery and Rex Jack Tiffin Jr. were united in marriage in a double ring ceremony at the Lubbock Kingdom Hall of Jehovah's Witnesses, Central Unit, at 6 p.m. on Saturday, June 17.

Parents of the couple are Mr. and Mrs. Rex Jack Tiffin Sr. of Silverton and Mr. and Mrs. Boyd Lowery of Earth.

Loyd Lowery, minister of the Littlefield Congregation of Jehovah's Witnesses and uncle of the bride, performed the ceremony. Decorations in the hall consisted of two large palms flanking a brick planter filled with greenery. Large pastel and deep pink bows accented the palms. Identical bows designated family seating.

In the foyer, Cheryl Tiffin, sister of the groom, registered guests from a table covered in white with a white net flounced overlay. Decorations on the table included the guest book and a small potted palm accented in the bride's colors.

Donna Lowery, pianist and cousin of the bride, rendered appropriate selections. Special music was presented by Mrs. Bob Mamzich, Earth, Mr. and Mrs. Jim Hartline, Muleshoe and Don Daniels of Lubbock.

The bride, presented in marriage by her father, was attired in a white gown fashioned by her mother. The peau de soie gown featured an Alencon lace bodice applied with a double row of tiny seed pearls around the scalloped empire waist and high collar. The long petal point sleeves of matching lace were accented with seed pearls and tiny covered peau de soie buttons. Her Alencon lace mantilla, which fell into a long train, was enhanced with a double row of pearls around the scalloped border. The mantilla fell from a Dior bow encrusted with tiny seed pearls. The bride carried a colonial bouquet designed of minuet roses, baby's breath and pale pink and American beauty rose streamers.

Maid of honor was Sherry Lowery, Earth, sister of the bride. She wore a formal length dress of American Beauty rose peau de soie featuring gently puffed sleeves and pastel pink lace trim around the empire bodice. Her head piece of pale pink tulle was attached to a bow of lace identical to that

around the bodice of the dress. She carried a nosegay of roses with long pink streamers.

James Ray Hartline, Muleshoe, served the groom as best man.

Ushers were Glen Lowery, Muleshoe, uncle of the bride, Charles Fanning, Muleshoe, Kenneth Roper, Earth, and Deny Haynes, Amarillo.

For her daughter's wedding, Mrs. Lowery wore a two piece ensemble designed with a sleeveless jacket in pink polyester. Her white accessories accented the ensemble. Mrs. Tiffin chose an American Beauty rose crepe dress with a matching brocade jacket and white satin accessories. Their corsages were of minuet roses.

Immediately following the

ceremony, a reception was held in the garden of the KoKo Inn. The bride's table was covered in white with a white net and lace flounced overlay. Focal points of the table were the bride's bouquet and the three tiered wedding cake decorated with pastel pink roses and soft green leaves. Pink punch, nuts and mints were served from crystal and silver appointments.

The groom's table was covered with a round ecru burlap cloth. A black wrought iron candelabra containing brown-tapers and accented with the groom's brand centered the table. Chocolate cake and coffee were served from granite ironstone appointments.

Members of the houseparty were Sharla Lowery, Yvonne

Lowery, and Mrs. F.B. Earnest, cousins of the bride; Mae Von McDonald and Karen Tiffin, cousins of the groom; Patti Tidwell, Stacy Stanton, Sharon Bowen, Regina Meeks, Brenda Tandy, Sherry Tyler, Mrs. Deny Haynes and Mrs. Kenneth Roper.

The wedding trip was to points of interest in Texas.

For travel the bride chose a pink dress with a fitted bodice of bubble polyester and a softly gathered skirt of knit. She wore a pink orchid corsage and white accessories.

The bride is a graduate of Springlake-Earth School. She is presently employed at Jim's Pay and Save, Muleshoe.

The groom completed his education at Silverton schools.

Out of town guests were from Littlefield, Muleshoe, Earth, Silverton, Quitaque, El Paso, Amarillo, Tulia, Benjamin, Plainview, Chickasha, Okla., Roswell, N.M., and Colvis, N.M.

A rehearsal dinner was hosted Sunday night, June 4, by the groom's parents at the Silverton school cafeteria.

Shower Honors Ronald Scotts

Mr. and Mrs. Ronald Scott were honored with a wedding shower on Friday, June 16, at 8 p.m. at the Jimmy White home.

The shower was for husbands and wives. Approximately 50 guests registered.

The serving table was covered with a white cutwork cloth over yellow and centered with a gold candelabra holding white tapers and entwined with yellow roses. The swan shaped cake and orange punch were served from brass and gold appointments.

The hostess gifts were a bathroom space saver and a table cloth.

Hostesses for the occasion were Mrs. John Hayes, Mrs. Alton Carpenter, Mrs. Melvin Seymore, Mrs. Grace Morgan, Mrs. Lloyd Haire, Mrs. Jack Schuster, Mrs. Mark Grimsley and Mrs. Jimmy White.

MRS. RONALD SCOTT

Wedding Solemnized In Spearman Church

A candlelight ceremony in the First United Methodist Church of Spearman united in marriage Miss Marsha Jan Schumann and Vernon Milton Pipkin. The double ring service was read Sunday, May 21, at 3 p.m. with Bill Osborne, minister of the Church of Christ, officiating.

Parents of the couple are Mr. and Mrs. Donald L. Schumann and Mr. and Mrs. J.W. Pipkin, all of Spearman. The Schumanns are former residents of the Lazbuddie community.

The ceremony was performed before an arch candelabra flanked with two spiral candelabra holding white tapers and decorated with garlands of greenery and bows. Pews were marked with bows of the bride's chosen colors of turquoise, yellow, orchid, lime and pastel green.

Eddie Gail Martin played traditional wedding selections including the "Wedding March", "Till", "More", and "We've Only Just Begun" and accompanied Mrs. Sue Hendrick, soloist, who sang "The Wedding Song" and "Sunrise, Sunset" from "Fiddler On The Roof." The recessional was "Joy" by Bach.

mann, and bridesmaids were Carolyn Langford of Farwell, Karen Taylor of Lovington, N.M., and Jan Walton of Bushland, all former roommates of the bride at college.

The attendants wore dresses of sheer dacron with a flopped floral design of pink, white and green. The dresses were empire waisted with gathered skirts featuring high necklines with standup collars and long puff sleeves gathered at the wrist.

The matron of honor wore orchid with an orchid straw picture hat and orchid velvet ribbon at the waistline which was tied in a bow with long streamers at the back of the dress. The maid of honor wore lime green with a lime green hat and lime green ribbon at the waist. Miss Langford wore yellow with matching hat and ribbon; Miss Taylor, turquoise; and Miss Walton, pastel yellow green. The attendants wore white sandals and carried colonial bouquets of mixed spring flowers with ribbon streamers to match their dresses.

Given in marriage by her father, the bride wore a Juliet gown of white organza designed with a fitted bodice, high ring neckline in a soft fold of satin, and large Bishop sleeves shirred to self-fabric bands. The bouffant bell shaped skirt was attached at the waistline with a wide satin cummerbund, accented at the back with long streamers. Tiers of deep tucks encircled the hemline. A matching bandeau held her chapel length veil of illusion bordered with wide lace and seed pearls.

The bridal bouquet was an orchid encircled with white rose

Pipkin wore a pale yellow dress with beige accessories. She wore a corsage of pink rosebuds and pink carnations.

The couple will be at home at Route 1, Perryton, where the groom will be engaged in farming and ranching.

The bride is a spring graduate of Texas Tech University with a degree in home economics. She was a member of Phi Upsilon Omicron, national home economics fraternity.

The groom attended West Texas State University where he was a member of Block and Bridge, an agricultural fraternity.

Out of town guests attended from Lexington, Perryton, Farwell, Albuquerque, N.M., Bushland, Canyon, Gruver, Farnsworth, Dumas and Cherokee, Okla.

The rehearsal dinner was held Saturday night, May 20, in the home of the groom's parents.

Legg-Reasoner United In Home Ceremony

Miss Velma Legg of Sudan and Tony Earl Reasoner of Hobbs, N.M., were united in marriage in the home of the bride's parents on Friday, June 2, at 7:30 p.m. Rev. Wayne Perry of Lubbock officiated.

The couple stood before an archway covered with greenery, pink mums and baby's breath.

Parents of the couple are Mr. and Mrs. Ernest Legg, Sudan, and Mr. and Mrs. Zack Reasoner, Hobbs, N.M., formerly of Needmore.

Given in marriage by her father, the bride wore a Juliet gown of white organza designed with a fitted bodice, high ring neckline in a soft fold of satin, and large Bishop sleeves shirred to self-fabric bands. The bouffant bell shaped skirt was attached at the waistline with a wide satin cummerbund, accented at the back with long streamers. Tiers of deep tucks encircled the hemline. A matching bandeau held her chapel length veil of illusion bordered with wide lace and seed pearls.

The bridal bouquet was an orchid encircled with white rose

Encourage Creativity In Children's Lives

COLLEGE STATION--Creativity means more than beautiful music, rhythmic poetry and scientific discoveries.

Everyone has the power to be creative, according to family life education specialist Jane Fleischer.

The Texas Agricultural Extension Service specialist said that most people are involved in creative experiences and activities daily.

"We need to think of creativity in terms of ourselves and our children," Miss Fleischer said. "Anyone who lives with children must continually look for new ideas and ways of helping and teaching them."

And this involves creativity in terms of ideas, feelings and experiences. Being creative means perceiving, thinking and learning about things in a new or unusual way.

"It's an open, responsive way of living--an exciting way of life," the specialist said.

Here are a few points Miss Fleischer gave for considering children and creativity:

Each and every child is creative in his own way.

Creativity means the ability to invent, discover, explore, innovate and place elements in a way they've never been placed before.

Children need to have the right kind of situations and materials to enhance the possibility of creative experiences. They need the right atmosphere and environment for creative thought and play.

Adults involved with children seem to set the atmosphere or mood. Children require a sense of security that everything is alright before feeling free to explore and venture into new experiences.

Grown-ups who use praise, clarification and questioning frequently obtain higher achievement from children than do adults who use lecturing, directions and criticism.

Wenner Family Holds Reunion In Del Rio

The Wenner family reunion was held June 17 and 18 in the home of Mr. and Mrs. Gilbert Wenner in Del Rio.

Those attending from Muleshoe were Mrs. F.L. Wenner, Mr. and Mrs. Deltor Wenner, Mr. and Mrs. Reaford Wenner, LaReta and Rayborn, Mr. and Mrs. Ronald Ashford, and Mr. and Mrs. Lonnie Merriott, Gary and Mickie.

Also present for the reunion were Ralph Wenner of San Diego, Calif., Rev. and Mrs. E.L. Merriott of Littlefield, and Rhonda Lewis of Friona.

NEW ARRIVALS

Cotton Council Comments On The Banning Of DDT

Memphis, Tenn. (Special) — the use of DDT on cotton who, after seven months of hear-ings, found that the benefits far outweighed the difficulties.

the president of the National Cotton Council commented today on the Environmental Protection Agency's action banning DDT.

Charles F. Youngker, Buckeye, Ariz., said the action is a critical blow to cotton growers who are already hard pressed to lower production costs. The order and general opinion banning DDT as of December

31, 1972, were released yesterday by EPA Administrator William D. Ruckelshaus.

"This means that in order to control pests in a large part of the Cotton Belt, cotton growers will have to turn to more expensive insecticides, to those that are hazardous to man, animals, bees and other beneficial insects, and that will have to be used about twice as often. We are already encountering some of these difficulties in Arizona as a result of an earlier ban on DDT by the state," Youngker added.

A Weekly Report Of Agri-Business News

Farmcast

Compiled From Sources Of The Texas Department of Agriculture
John C. White, Commissioner

Crop prospects said Fair... Wheat Production Up 30 Per Cent... Rural Development Commission Sets Meeting... Watermelon crop estimated at 630 Million Pounds... 1971-72 Texas Citrus Crop Down 8 Per Cent...

Crop prospects for most of the state are now rated as fair by the Texas Crop and Livestock Reporting Service. The coastal bend areas and south Texas sections as well as a portion of the Panhandle have good prospects.

Pasture condition over the state is rated at 77 per cent of normal, compared with 52 per cent last year.

TEXAS WHEAT production is now estimated at 40,700,000 bushels. This is 30 per cent above the 1971 production of 31,416,000 bushels. Yield now is expected to average 22 bushels per acre, up one bushel from last year's average.

Wheat harvest is now more than 25 per cent complete; in the major wheat producing area of the northern high plains, main harvest is now underway.

Cotton is making good progress in most sections of the state, but heavy fleahopper and boll weevil infestation is reported from the Blacklands to the Lower Rio Grande Valley. Grain sorghum is heading out as far north as the Blacklands. Early stands of soybeans are making good progress on the High Plains.

A MEETING will be held June 27 in Austin of the newly created Rural Development Commission of Texas. A staff has been appointed and offices are located in the Texas Department of Agriculture.

The commission is composed of 25 members plus about 80 "resource people" to assist in rural development.

Primary thrust of the commission will be in these areas: economic development, rural natural resources, human resources, general government, transportation, health, housing and education.

Roy Davis of Lubbock is commission chairman. Ray Prewitt, formerly with Texas A&M University, is director. Jim McAlister is assistant director.

WATERMELON forecast for the state is now set at 630,000,000 pounds. This is 21 per cent above the 1971 crop. Harvesting will be underway soon in Central Texas and in East Texas in early July.

CONNALLY TRAVELS
 President Nixon is sending outgoing Treasury Secretary John B. Connally on a month-long tour where he will visit 15 nations to discuss international economic matters and other subjects which may come up.

It's always easier to make plans than to make them waiting for a visitor is one of the tiresome ways of wasting time.

Wings

"If I take the wings of the morning, and dwell in the uttermost parts of the sea, even there shall the hand lead me, and the right hand shall hold me." Psalm 138:16

What a wonderful promise. No matter where we go or what we do, God is willing to lead us and is there to help us.

Another comforting scripture recalling God's love toward us is this: "How precious also are the thoughts unto me, O God! How great is the sum of them! If I should count them, they are more in number than the sand." Psalm 139:17, 18

It is comforting and pleasant to let our thoughts wing upward to verses like these:

Let us invite you to read your Bible and attend church this week.

The following business firms urge you to attend the church of your choice this Sunday and every Sunday.

**CONGRESSMAN
Bob Price**

**U.S. House of Representatives
18th Congressional District**

Congressman Bob Price testified before a Congressional committee today that the regulations of the Occupational Safety and Health Administration that apply to the oil and gas industry need substantial revision.

Speaking in behalf of several thousand small business men in the oil and gas industry, Price testified before the Subcommittee on Environmental Problems Affecting Small Business of the House Select Committee on Small Business. The subcommittee is holding three days of hearings this week on small business and the Occupational Safety and Health Act of 1970. Main objection of the small business men in the oil and gas industry is that some of the most costly changes required by the regulations have little if anything to do with employee safety, which was the purpose of the act. Price pointed out five specific examples that would be very expensive to carry out but which would not make conditions any safer for employees.

All five examples involve regulations covering either storage tanks or welding standards, and all five appear to be directed at the protection of property rather than employees safety.

Price stated that the standards which were designed to protect employees from injury were written for manufacturing concerns with concentrations of workers and in many cases are not reasonable applicable to work situations in the oil producing industry. Furthermore, Price stated, the regulations adopted by OSHA ignore standards of long standing in the

oil producing industry which have resulted in a history of safe operations.

If the regulations to which the small business men pointed out in the five examples are enforced instead of revised, premature abandonment of many oil producing leases would result, Price stated.

Recommending that the regulations be rewritten, Price said that members of the organizations he was representing stand ready to serve as advisors to accomplish the task. The 17 organizations that joined together in the statement presented by Price are the Panhandle Producers and Royalty Owners Association, West Central Texas Oil and Gas Association, North Texas Oil and Gas Association, Permian Basin Petroleum Association, Texas Independent Producers and Royalty Owners Association, Oklahoma Independent Petroleum Association, Kansas Independent Oil and Gas Association, California Independent Producers and Royalty Owners Association, Independent Oil and Gas Association, Producers of California, Independent Oil Producers and Landowners Association, Tri-State, Inc., Kentucky Oil and Gas Association, The Land and Royalty Owners of Louisiana, Ohio Oil and Gas Association, National Stripper Well Association, Pennsylvania Grade Crude Oil Association, Liaison Committee of Cooperating Oil and Gas Associations, Illinois Oil and Gas Association and American Association of Petroleum Landmen.

Price indicated that these organizations have members in every oil and gas producing state in the United States.

**Economic
Stabilization**

**Questions
and
Answers**

Q. What happens if a firm fails to file a required report with the Price Commission or is late in filing?

A. New Price Commission regulations provide the following administrative penalties for persons who have not complied with reporting requirements: (1) the implementation of future price increases is prohibited;

(2) action on all pending requests for price increases or exceptions is suspended; (3) the Commission may order such a person to reduce prices when appropriate under the circumstances; and (4) each day a person fails to comply with the reporting requirements is a separate violation.

Q. May an attorney who charged a percentage contingent fee (such as 25 percent of the amount recovered) for a particular service during the freeze base period continue to charge the same percentage fee for the same service, even though the dollar recovery may vary from case to case?

A. Yes. The attorney's percentage fee during the freeze base period is his base price.

Q. If a landlord agrees to accept less rent than provided for in the lease, is the base rent the amount paid or the amount in the lease?

A. The amount actually paid by the tenant should be used to determine base rent, regardless of what the amount provided in the lease is.

Q. Can a private nonprofit university increase its monthly charge for student housing without regard to rent controls?

A. Yes. Fees and charges by private schools not operated for profit are exempt from controls provided that they do not result in income subject to tax as unrelated business taxable income under the Internal Revenue Code. Charges for housing which a nonprofit school provides for its students is not unrelated business taxable income under the tax laws and thus is exempt from controls.

Q. When does a health service provider have to prenotify or report to the Price Commission?

A. An institutional or non-institutional provider of health services must prenotify and report to the Price Commission if it has annual sales or revenues of \$10 million or more. A health service provider is subject to Tier II reporting requirements if it has annual sales or revenues from \$5 million to \$10 million. All other health

service providers do not have to report or prenotify, but are subject to monitoring and spot checks by the Internal Revenue Service.

Q. Can I give a supervisor in my firm a 10 percent pay increase provided it was within an annual aggregate of 5.5 percent for all of my employees?

A. The supervisor could conceivably receive a 10 percent increase. However, the determining factor is not whether the aggregate for all the employees in your business is 5.5 percent, but rather that the aggregate for the employee unit in which the supervisor finds himself is not above 5.5 percent.

The appropriate employee unit for the measurement of changes in wage and salary levels is a group composed of employees in a bargaining unit or recognized employee categories in a plant or other establishment or in a department of the firm or in a company or in an industry, as best adapted to preserve contractual or historical relationships.

Q. My landlord sent me a brief letter announcing a rent increase. Isn't he required by Stabilization regulation to furnish me with more information than that?

A. Yes. Before raising your rent, your landlord must give you a written notice containing the following information: (1) the amount of monthly rent before and after the proposed increase; (2) the percentage increase and dollar amount of the proposed increase; (3) the effective date of the proposed increase; (4) the amount of the proposed increase attributable to capital improvements, state and local real estate taxes, and state and local fees, levies and charges for municipal services, and any increase allowed under the 2 1/2 percent rule; (5) the base rent and an explanation of the manner in which it was determined, including identification of the units involved and dates and amounts of transactions where applicable; and (6) the method of computation the proposed increase.

In addition, the letter must include statements on the right of the tenant to examine the landlord's records documenting the increase and to meet with the landlord to discuss it, as well as a declaration by the landlord that the facts in the letter are true and that the increase is not in violation of Economic Stabilization regulations.
