By R. C. THOMAS

The last street sign was installed this week, and now the city of Winters is about as well marked as any in the country. According to information, a change or two will have to be made—in spelling, etc.—but the job of marking the town has been completed.

This street marking job was one of those jobs which could not be done overnight, and many long months of planning and working were required before it was completed. The townspeople owe a vote of thanks to those groups of men who worked so long and so hard for this project.

The Winters High School Junior class has undertaken the job of distributing and installing the house numbers. Numbers are being furnished by the Chamber of Commerce. Many houses already have been numbered, but some of them have been given the wrong number. This will be corrected as soon as possible, the committee working on the house numbering project has said.

Reserve seat tickets for the Ballinger-Winters football game, to be played in Ballinger Friday, Nov. 13, will go on sale in the Winters school business office next Wednesday. This last football game of the season promises to be sensational, with two longtime rivals locking horns, and seats probably will be hard to obtain at the gate. So it is suggested that seats be reserved ahead of time.

Every member of the 1960 Blizzard football team probably will try to get the "lucky" number "80" on his football jersey. According to information, it seems that for the past two years, players who have worn that number have been elected Football King. In 1958, Ricky Grissom, who is now attending San Angelo Junior College, was assigned that number, and was named king. Jimmie Smith, end on the 1959 Blizzard squad, wore that number, and was named Football King last Friday night.

Our season's average and out ego received a little boost after the college football games last weekend. We finally got more than 50 percent right in our guessing game, missing three and getting one tie, which totals four wrong and six right guesses.

We see no reason to stop this late in the season, so we'll say the following will be the results of games this week:

- Texas Tech over Arizona.
- Hardin-Simmons over Trinity.
- Air Force over Missouri.
- ACC over SW La.
- Texas over Baylor.
- SMU over Texas A. & M.
- Houston over Wichita.
- Virginia Tech over West Texas.
- East Tex. over S. W. Texas.
- Arkansas over Rice.

In the aftermath of the tv quiz show scandals, it is difficult to understand the "so what" attitude that so many of us have taken. In addition to the damage done to the prestige of the tv industry, and the danger of threatening restrictive governmental controls, there is the even more important facet, the question of moral responsibility.

If, in our "so what" attitude, we consider those who played important parts in the disillusionment of the tv viewers as paid performers, do we then condone their actions as performers? (And as we understand, there was never a hint that these were not spontaneous shows.) Further, if we condone their actions because we consider them paid performers, knowingly misleading the public into believing something which was not, do we in effect condone the practice of deceit so long as there is a monetary reward? If this is so, if we believe that the degree of honesty is dependent upon the degree of financial return, then the moral fibers from which the ideas and ideals of this nation were woven have worn dangerously thin. If so, we are in effect telling our children that honesty is not its own reward—that there is a dollar mark attached thereto. We are telling them that it is morally permissible to deceive the public so long as they are getting paid for it.

If we are not to condemn such practices of deceit, merely considering such shows as "entertainment," then to whom do we point the finger of blame if the same type of minds which conducted these shows invade the more important areas of thought which might eventually endanger our very way of life?

## Blizzards Travel To Cisco Friday Night

Still smarting from a two-point defeat handed down by Coleman last week, the Winters Blizzards take to the road Friday night for an encounter against the district-leading Cisco Lobos.

The Winters team has played three conference games thus far, and have two more to play. The game with Ballinger next week will wind up the season for the Blizzards. The locals have won two of their district games, and lost one. In season play, they have won five and lost three, and are in the number three slot in the district standings.

Coach W. T. Stapler's Blizzard team still is feeling the loss of Center George Scott, and the coach has said Scott probably will not play Friday night.

The Cisco Lobos have played eight games all season, and have lost no games. They have scored 345 points against their opponents' 78. In district play, the Lobos have scored 138 points against 52. Winters has scored 48 points in district play, and allowed only 8. All season, the Blizzards have scored 128 points against 110.

The leading scorer in the area, in all classifications, is the mainstay of the Cisco football team. Charles Lipsey, a Lobo halfback, leads all others in the area with 139 points to his credit this season. The Cisco team also is reinforced by Dwayne Hale, one of the top backs in the state. He was chosen all-district in 1958, and is one of the fastest backs in state schoolboy football.

The backfield of the Cisco team has been called "probably the fastest backfield in the state." They include three boys who can run the 100 in 10.2 and 10.4. The Lobos run with power and speed, and do a lot of passing. They are ranked about fourth in the state, and second to Stamford in the area.

The Cisco team has played and defeated three teams the Blizzards have beaten. They beat Ranger 64-18; Winters defeated Ranger 22-0. Cisco trimmed Eastland 38-8; Winters beat them 20-0. In pre-district play, Cisco defeated Anson about 30 points; Winters beat Anson 14-6. Cisco won last year's encounter against the Blizzards, 43-6.

Some changes have been made in the Blizzard lineup for Friday night. J. B. Guy Jr. has been moved to end; Little Jimmie Smith, who was crowned Football King at last week's game, will fill the other end slot.

Other probables will be John Jackson and David Burton, tackles; Dietz and Bolden, guards; Mathis or Carpenter in the center slot; Dunnam, QB; Butts LH; Grissom, RH; and Attaway, FB.

King and Queen of the Blizzard football team were crowned during half-time activities of the Winters-Coleman game Friday night at Blizzard stadium. Lavera Williams, head cheerleader, was chosen queen and Jimmy Smith, star Blizzard, King.

Escorted to the front of the marching "W" of the Blizzard Band, royalty was introduced to the football fans and presented robes by Nancy Roberts, drum major, and Nellie Lacy, feature twirler.

David Burton, Jerry Dunnam and J. B. Guy Jr., tri-captains, served as escorts for the queen and presented her with a crown, gift and flowers.

Cheerleaders Edna Mayfield, Evelyn Hudgins, Marta Davidson and Sharon Johnson, escorted the king and presented him with flowers and a gift.

Miss Williams, daughter of Mr. and Mrs. D. W. Williams, serving her fourth year as cheerleader, is a member of the girls basketball team and serves as sports editor of the Gale, school newspaper.

Smith, son of Mr. and Mrs. Earnest Smith, is a member of the National Honor Society and is past president of the Spanish Club. He is vice president of Winters chapter of Future Farmers of America and is a member of the Blizzard football and basketball teams.

Harvey Dale Jones, Mayor, City of Winters, Texas.

WHEREAS, the day of Nov. 11, 1959, has been designated as Veterans Day;

WHEREAS, the said Veterans were and are now of considerable value to our Community and to our nation;

NOW, THEREFORE, I, Harvey Dale Jones, Mayor of the City of Winters, Texas, do hereby proclaim Nov. 11, 1959, as Veterans Day, and I do hereby urge the public to take an active part in the observance of this day, and I urge the merchants to display the flag on this day.

In testimony whereof, I have herewith signed my name officially and caused the seal of the City of Winters to be impressed hereon, this 4th day of November, A. D. 1959.

## Chamber of Commerce Sets November 16 As Deadline For Xmas Parade Entries

November 16 is the deadline for entering floats in the Christmas parade to be held Dec. 3, according to the Winters Chamber of Commerce, sponsors of the parade.

Entries may be listed at the office of the chamber of commerce at any time prior to the deadline date.

The board of directors of the chamber of commerce set Nov. 16 as the date when tickets will be distributed to participating merchants in the big Christmas drawings to be held in December.

Registration for the first drawing may be completed as soon as the tickets are distributed. The first drawing will be held immediately following the parade on Dec. 3, and will be for \$100.00. According to rules of the drawing, no purchase is necessary in order to register for the drawings. Also, participating members and their families and non-participating merchants and their families are ineligible for the drawing.

A post card ballot will be mailed with a few days for election of new members of the board for the chamber of commerce. Five new members will be chosen. Outgoing members are J. W. Bahlman, John Waddell, Max Lewis, James Hinds and C. P. Alfrey. Members remaining on the board include Robert Everett, Dr. John Griffin, Tab Hatler, Gus Voss and Al Libbe.

Others in the five finalists were Nancy Benson and Rita Walker. The 16 candidates for the title of sweetheart were escorted to the stage by members of the FFA department. Others in the race were freshmen Sandra Dishner, Bettye Mayfield, Sharon Denison; sophomore, Marta Davidson, Marcene Mathies, Lou Awalt and Pat Turner; Junior, Naida Peacock, Linda Bentley; senior, Carol Smith and Toni Johnson.

Sammy Albro presided for the meeting. David Benson and John Jackson presented humorous skits while votes were being counted. Qualifications for queen were beauty, character, and scholarship.

## Post Office Will Move Next Week

Winters' new post office will be open within the next ten days or two weeks, Postmaster G. Rankin Pace said this week. Exact date of opening is not known because some of the furniture and fixtures have not arrived, he said.

Within the next few days, Pace said, letters will go out to all patrons who receive their mail in boxes at the post office, containing instructions on the use of the boxes in the new post office. The postmaster said that many people will have new box numbers, because of the difference in setting up the sections and numbering of the boxes in the new location.

In the letters, the postmaster has asked for "cooperation in having all mail addressed to box numbers," and added that if mail "continues to come to the old number it might be placed in the wrong box." He has asked that correspondents and publishers be notified of the change of address just as soon as possible after the opening of the new post office and the assignment of new numbers.

The new post office is located on the northeast corner of the intersection of West State and South Church Streets. It has been constructed by private persons, and will be leased to the post office department.

Pace pointed out that some of the equipment which will be installed for the opening of the post office will be used equipment, but that new equipment will be installed in the near future.

A special dedication and open house for the new post office will be held some time after the first of the year.

## Girl Scout Fund Drive Still Short of Goal

R. W. Balke, chairman of the Winters Girl Scout fund drive announced this week that they were still short of the goal which had been set for \$1000.00.

Funds contributed to the first of the week amounted to approximately \$640.00, and if there is any one who had been overlooked in the drive, Mr. Balke stated, "they were still in a receptive mood."

"There is no better investment than in Girl Scouting," Mr. Balke said, and that is why the citizens of Winters contribute so generously when the Girl Scouts ask for support.

The girls want to take this means of saying "than you" to everyone whose generous contributions means that there will be more scouting for more girls next year.

"The purpose of the drive was to seek urgently needed funds for continuing and expanding opportunities for Girl Scouts in this area—services that will help them to develop skills, talents and a strong character traits, that will make adolescence a sturdy bridge between childhood and creative maturity," Mr. Balke stated.

Another group hunted in Delores County, and bagged three deer. They were Tab Hatler, D. C. Robertson, and Bill Minzenmayer.

A group of nine men from Winters and other nearby towns hunted out of Durango, Colo., and shot six deer and three elk. They were O. D. Bradford, Sr., O. D. Bradford, Jr., Winters; Robert Gar-

nett, Abilene; Tim Sikes, and Pete White, Brownwood; Bill Myers, of Coleman; Roy Cox, Bill Griggs and James Hickman, all of Cross Plains.

A fourth group hunted in the Lake City, Colo., area, and downed four deer and one elk. They were Bill Bean, W. M. Hays, James Huddleston, and James Phillips.

## Council Passed Traffic Accident Ordinance

The Winters City Commission, meeting in regular session last week, approved an ordinance requiring drivers of motor vehicles involved in accidents to make immediate reports of such accidents.

The ordinance also requires garages or repair shops to submit reports to the police department on any damaged automobiles brought to them for repair.

The ordinance, as passed by the City Council, requires drivers who are involved in accidents within the city limits of Winters to report such accidents within a 24-hour period. Persons involved who fail or refuse to file written reports as called for by the ordinance may be fined not less than \$1.00 not more than \$100.00, upon conviction of such offense. Each day there is a violation of the provisions of the ordinance shall constitute a separate offense.

According to Mayor Harvey D. Jones, the City Council found it necessary to have such accident reports filed in order to better control traffic within the city. Information obtained from these reports will be used to set up traffic rules, he said.

Winters School To Dismiss Friday at 3

Winters Schools will dismiss Friday, Nov. 6, at 3 p. m., with all busses making regular runs at this time. The early dismissal will be necessary in order for busses going to Cisco to leave at 4:30 p. m. There will be a short stop in Abilene at the Dixie Pig at approximately 5:45.

## High School Band . . . Schoolhouse Symphony

Music can be the stepping stone to good citizenship and self discipline as the elementary, junior high and senior high school instrumental music students learn concentration and perseverance through their musical activities.

One of the top echelon administrators of a big metropolitan school system holds that music, more than any other art, shapes life and personality. And that group music teaches punctuality, teamwork, discipline and cooperation.

Out of 46 scientists and deans of leading U. S. technological schools who responded to a recent poll 70 percent maintained that the study of music is of great importance in preparing young-

sters for scientific pursuits. Where school children learn the relationship of music to math and science, they wind up doing better in all three subjects, it was disclosed.

Music directors have repeated many times that by playing in groups students learn to observe quickly, respond correctly to directions and are more perceptive because of the sharpening of their senses of sight, hearing and touch.

Instrumental music has given the youth of America a sense of belonging; it has increased his knowledge and understanding of good music; it has given him an insight into the American way of life by giving him the ways and means to live a good, fruitful life.

GOOD HUNTIN'—Above is one group of hunters from Winters reporting good results on a deer hunt in Colorado. They returned Sunday with four deer and one elk, bagged in the Colorado mountains. Left to right, they are, James Huddleston, Bill Bean, James Phillips and W. M. Hays. The elk was shot by Phillips, and the rack measured about 42 inches at the widest point.

Another group hunted in Delores County, and bagged three deer. They were Tab Hatler, D. C. Robertson, and Bill Minzenmayer.

A group of nine men from Winters and other nearby towns hunted out of Durango, Colo., and shot six deer and three elk. They were O. D. Bradford, Sr., O. D. Bradford, Jr., Winters; Robert Gar-

## ROGER BABSON SAYS—

### 'I Came to Central Europe an Optimist; I Return To the U. S. a Pessimist'

Warsaw, Poland, October 29. Warsaw is the capital of Poland, located not quite midway between Berlin and Moscow. I will not now discuss the government of Poland, although it claims to be a free democracy with officials and "parliament" elected by the people; yet 85 per cent of the property is owned by the municipality or state and practically all the people work for the government. It is much like Russia in many ways; but its people claim not to be Communists. The Polish people take part in no propaganda, but ask only to be let alone and left free to run their own affairs. They claim to be 100 per cent neutral, but surely appear friendly toward the Russians yet hate the Germans who bombed them unmercifully during World War II.

#### HISTORY OF POLAND

The city of Warsaw was found-

ed in the tenth century and Sunday I attended a church dating back to 1187, although Christianity was formally introduced into Poland in 962 and was actively practiced in Warsaw in 1241 when the Polish armies repelled the Mongol hordes. In fact, the whole of Southern Europe owes its freedom to the armies of Poland. Again it was the Polish armies which stopped the Turks from overrunning Europe in the 17th century. The whole of Europe owes a great debt to the Polish people whose kings fought continual attacks from all sides. Poland has a most marvelous history, and through the centuries has enjoyed periods of peace and prosperity, enjoying the culture of science, art, and literature, starting with the great astronomer Copernicus and ending with the great pianist Paderewski. Unfortunately, Poland was torn

asunder during World War II and Hitler gave it a terrible and unnecessary beating, principally—so he claimed—because of the large number of Jewish people who had escaped from Germany into Poland. As a result, nearly 800,000 innocent people perished in Warsaw between September 1, 1939 and January 17, 1945. This was not only the result of ruthless bombings, but of great fires and massacres, all under Hitler's directions. As a result the population of Poland dropped from 35,000,000 before World War II to around 28,000,000 in 1958.

#### POLISH PEOPLE CONTINUE TO BE COURAGEOUS

Notwithstanding the barbarous treatment by the Germans, Poland's people continue to be happy and courageous. The people are poor, there being very few automobiles and almost no bicycles. Living costs and taxes are high; but the people are very industrious and saving. Looking out of my hotel window this morning, I counted only three automobiles, but saw five home-made wagons with the shafts made of poles cut from forests and the harnesses of the faithful horses made of worn-out iron tires from broken cartwheels. Yet Warsaw is now mostly rebuilt and I should be proud to live in it.

Last week, in Germany, I was amazed at the energy of the Germans and noted their great activity. I wondered why this energy was not used to curb Hitler in his wickedness. It almost seems as if a vast number of Germans—in their own minds—hoped that Hitler would win. I further feel that many Germans believe another "Hitler" will arise who will have all of his energy but who will be without his sins!

Each of my readers—many of whom are loyal United States citizens, even though perhaps of German descent—must decide for himself; however, this is my reaction: Although I came to Central Europe an optimist, hoping to find some attractive German stocks and bonds to recommend, I am returning home pessimistic. The fire ignited by Emperor Wilhelm II and his Prussian followers may be yet smoldering. Wise are those who now invest their money only in the United States of America or in Canada.

#### T. E. L. SS Class Met in Brown Home

T. E. L. Sunday School Class of the First Baptist Church met Thursday in the home of Mrs. J. T. Brown.

The group sang "Amazing Grace" and "Have Thine Own Way" and Mrs. Cora White led in prayer. Those present gave their favorite scripture and what it meant to them and Mrs. E. W. Puckett read the class report. Mrs. Ed Brandon led the closing prayer.

Refreshments were served to Mesdames J. Drake, W. E. Puckett, Cora White, Charles Pumphrey, Cassie Cain, Ed Brandon, Mary Huffines, W. E. Hudson, J. T. Brown, Lora Coupland and Ella Ritch.

#### Autumn Theme Used In Decorations At Country Club Party

Autumn theme was used in decorations at a game party Thursday evening at the Winters Country Club for members, their wives and guests. Messrs and Mesdames Max Lewis, W. M. Bunker and Marvin Bedford served as hosts. Refreshments of apple pie and coffee were served buffet style from a table laid with white linen centered with an arrangement of fruit with vases of marigolds at either side.

Foursome tables were also laid with white centered with arrangements of miniature marigolds in wooden bowls. A cornucopia filled with fruit decorated the mantel.

(Although this is addressed to Chevrolet owners, we'd be glad to have you read it, no matter what make you now own or plan to buy. It might well be as interesting and significant to you as to the Chevrolet owner.)

## TO THE MORE THAN 16 MILLION PEOPLE WHO OWN CHEVROLETS

The first and the latest—the 1912 and the 1960 Chevrolet. The progress represented here is the result of continuing efforts to make your new Chevrolet always more beautiful, more useful and more valuable in every respect.

You belong to the largest family of owners in the automotive world.

We hope you're proud of that. It must give you great satisfaction to know that your judgment in choosing Chevrolet has been confirmed by so many other people.

We know that we can hold your preference and your loyalty only by meeting our responsibilities to you fully and completely from the day you buy your Chevrolet to the day you trade it in. And so we'd like to talk with you about our responsibilities as we see them, and what we are doing to meet them.

Our first responsibility, we think, is clear: To design and build products that satisfy your needs and your wants to the highest possible degree. To that end, we have done these things for 1960:

Made the 1960 Chevrolet more economical, roomier, more quiet and comfortable, easier to handle and maneuver. Introduced the compact and revolutionary Corvair. Produced a new line of Chevrolet trucks with unprecedented advances in efficiency, cargo handling, driver comfort and ability to get a job done.

But it isn't enough to design and build the kinds of products you want. They must be built right. Solidly. Carefully.

Let us assure you of this: Chevrolet's fine reputation as a solid, well-built, dependable product is being safeguarded by more checks and inspections and tests, than ever before.

Along with your Chevrolet dealer, we want you to have available the finest and most complete service facilities. That is why we: Conduct training schools for Chevrolet dealer mechanics. Study and recommend im-

proved service equipment and techniques. Maintain the industry's most complete parts warehouse system.

Finally, neither Chevrolet nor your Chevrolet dealer has any intention of forgetting you after you buy. To help keep you happy with your Chevrolet, we have established a department new to us, and so far as we know, new to the automobile industry. This is the Chevrolet Department of Owner Relations, whose only job is the coordination of Chevrolet and Chevrolet dealer activities so that you enjoy utmost satisfaction during your entire period of ownership. Through this department, and through all the other extraordinary steps we are taking, Chevrolet and your Chevrolet dealer hope to keep you a happy member of the Chevrolet owner family.

A Special Message from Chevrolet and Your Local Authorized Chevrolet Dealer

## Increase In Capital Structure

At a recent stockholders meeting of the Winters State Bank the privilege was unanimously given for the increase of our capital stock to \$100,000.00 and certified surplus to \$100,000.00 and for all practical purposes the capital of the bank is now \$200,000.00. The total capital structure, including reserves, is now in excess of \$430,000.00. When this bank was organized with a capital stock of \$15,000.00 little did the original stockholders think that the demands and privileges of this area would justify a bank with a capital structure equal to this figure. The progress of this bank has been made by strict adherence to conservative banking principles and now the bank is known at home and elsewhere as one of the dependable banks of the system. It is a tribute to the management of The Winters State Bank to know that all of the new stock was taken by former ownership and that not one share of the old or new stock was offered or is for sale. The new capital of the Winters State Bank permits us to perform even a greater service to this county and area. Our loan limit is now greatly increased and a greater opportunity is presented for the maintenance of the dependability for which this bank is widely known.

Give this bank a chance to prove our worthiness and the ability to perform in prosperity and adversity.

## Junior Culture Club Had Luncheon At Pierce Cafeteria

Members of the Junior Culture Club met Thursday, October 29, at 11:30 a.m. for a luncheon at Pierce's Cafeteria. Hostesses were Mesdames Douglas Cole, Hal Dry, Jim Wilburn, Henry Richardson and Wendell Holmes.

The table, laid with white linen, was centered with an arrangement of fall flowers and fruits with small pumpkin candles nestled among autumn leaves at either side. A picture of State Federation Headquarters in Austin was used on the place cards and orange and gold leaf shape placemats completed the table decorations.

Mrs. J. E. Roye introduced the Federation program by reading "What is a Club Woman" and Mrs. Douglas Cole gave "What Federation Is."

The theme of the program was "Federation Dreams" and Mrs. Cole told the group how Jennie C. Croly organized the first Womens Club in 1868. She also gave many reasons why federation helps its club members.

In closing, Mrs. Cole read the following Federation Creed written by Mrs. L. E. Dudley of Abilene, a past Texas Federation President.

"The Federation teaches me to give graciously of what is mine—to pour my strength into three great channels of life—my home and family, my church and my world.

The Federation demands that I feed my family mentally, physically and spiritually; it urges that I serve my church with steadfast heart. Added to that the Federation directs me in service to my world—it shows me the larger view that lies over the horizon outside myself.

The Federation teaches me that I am a necessary part in a pattern devised and perpetuated by women of all classes and creeds who believe that all the best in America is a priceless heritage worth working for and worth defending.

And what do I owe an organization with principles such as these?

Not lethargy, not acquiescence to lesser demands and not efforts beneath my abilities. If I am a true clubwoman, I will give unstintingly of what is mine."

Members present were Mesdames, R. J. Bauer, Ed Blair, W. F. Byrns, Rodney Cathey, Robert Christian, Bobby Drake, J. E. Hinds, Earl Little, J. E. Roye, Jerry Ward and Mrs. W. T. Billups, club mother.

## Amusements Coming to Local Theatres

### "THE HANGMAN"

An unusual and highly dramatic situation is the basis of the new outdoor production from Paramount, "The Hangman," starring Robert Taylor, Tina Louise, Fess Parker and Jack Lord, due next Thursday, Friday and Saturday at the State Theatre.

The story, by the famed writer of western tales, Luke Short, revolves about a relentless marshal's determination to capture a man implicated in a hold-up and murder, and an entire town's equal determination to prevent him from doing so.

Robert Taylor has the role of the marshal whose reputation for "getting his man" has earned him the unflattering title of "The Hangman." He is a bitter and cynical man, convinced that every man—and woman—can be bought if the price is right. With that philosophy he sets out to "get" Johnny Bishop (played by Jack Lord), believed to be hiding out under an alias in another town. Fess Parker portrays the sheriff of that town, a man who lives and lets live. He doesn't like Taylor's methods, especially when he involves a reluctant Tina Louise in his plan to trap Bishop.

### "A HOLE IN THE HEAD"

"A Hole in the Head," opening

on Sunday, Monday, and Tuesday at the State Theatre through United Artists release, stars Frank Sinatra in the most lovable role of his brilliant career: a happy-go-lucky guy who loves his kid, his Miami Hotel, and maybe a couple of women in his life.

The film is a screen adaptation of Arnold Schulman's Broadway hit play and in addition to Sinatra, stars Edward G. Robinson, Eleanor Parker, Carolyn Jones, Thelma Ritter and Keenan Wynn. And it introduces Eddie Hodges, the twelve-year-old star of "The Music Man," making his movie debut.

Frank Capra, three-time Academy Award winner, produced and directed "A Hole in the Head" for Sincap Productions (a title made up of his name and Sinatra's) in DeLuxe color and CinemaScope. Arnold Schulman wrote the screenplay. William Daniels was director of photography, and Nelson Riddle composed and conducted the musical score.

For "A Hole in the Head," Frank performed in an added capacity—as co-producer. Thus, when he was not actually before the cameras, he spent his time on the set conferring with various department heads on such varied aspects of movie production as costumes, sets, advertising campaigns, and other important matters.

### "THE BADLANDERS"

"The Badlanders" is an action-loaded outdoor drama of the Early West, filmed in CinemaScope and color, and telling the story of two men who meet as fellow inmates of the territorial prison in Yuma, Arizona, and who, on their release, join forces in a daring plot to rob a mine of \$200,000 worth of gold ore showing Saturday at the Fiesta.

Alan Ladd and Ernest Borgnine portray the partners in adventure, with the drama's romantic interludes featuring Katy Jurado and MGM's new beauty, Claire Kelly. An Arcola Production for MGM release, the picture was filmed on location in Arizona at the Tennessee Mine in Kingman, the famed Yuma Prison and the colorful Mexican settlement in Tucson.

### "MARDI GRAS"

Twentieth Century-Fox and Producer Jerry Wald have blended the talents of some of the brightest young people in show business into a gay, tuneful motion picture "Mardi Gras," opening Sunday only at the Fiesta Theatre.

Pat Boone, Christine Carere, Tommy Sands, Sheree North, Gary Crosby, Fred Clark and Richard Sargent are the principals in this mirthful adventure of four cadets from the Virginia Military Institute who come to New Orleans at the height of the annual Mardi Gras festival and encounter a provocative and diversified group of characters. The latter include a French screen star, a girl who is the star's best friend and confidante, a wily publicity man, a pretty girl from Ohio, and a shapely philosophy student who is a part-time strip tease artist in a New Orleans nitery.

Pat Boone, starring in his third film for Twentieth Century-Fox, plays the key role of the V. M. I. cadet who wins a student lottery which provides him with the funds to go to New Orleans and invite the movie star queen of the Mardi Gras to his school's graduation ball. Christine Carere, the very promising young star who recently made her debut in "A Certain Smile," plays the movie star and Pat's three school chums are portrayed by Tommy Sands, Gary Crosby, making his screen bow in a high comedy role, and Richard Sargent. When the four meet Sheree North, the publicity girl who can dance up a storm, and Fred Clark, the publicity boss who can talk up a storm, they find themselves thrown into some stormy and hilarious situations.

To hear some men talk you would think they knew more than the President, Congress, the Pentagon, and the United Nations, plus the bartender.

## Deadline Date For NROTC Exam Nears

High school seniors and graduates have only until November 14 to apply for the Navy's Reserve Officer Training Corps, VADM. H. P. Smith, Chief of Naval Personnel, said today. Applicants will take the nationwide competitive examination on December 12 as the first step toward an appointment as midshipman.

Designed to supplement the officer output of the Naval Academy, the NROTC program makes it possible for a young man to earn a regular commission while studying at the civilian college of his choice which has an NROTC unit. All tuition, fees and books are furnished by the Navy, and the student receives an annual retainer of \$600 for four years. During the summers the student goes on interesting training cruises to many parts of the world. After completing the usual four year college course, he is commissioned in the Regular Navy or Marine Corps and goes on active duty as a prospective career officer with the Navy's far-flung fleets.

## Quail Season Begins Early In Two Areas

Quail hunters in Texas got an early start this year in two areas, according to W. J. Cutbirth, Jr., assistant secretary of the Game and Fish Commission.

The season opened Tuesday, November 3, in Dimmit and Zavala counties in Southwest Texas, and in ten counties west of the Pecos river. The South Texas area can be hunted from November 3 until January 16, inclusive. In the Trans-Pecos area the dates are from November 3 to December 31 inclusive.

Counties in the Trans-Pecos area are Brewster, Culberson, El Paso, Hudspeth, Jeff Davis, Pecos, Presidio, Terrell, Reeves, and that part of Val Verde county west of the Pecos. The limit is 12 birds daily and 24 in possession in both the above areas.

Application forms are available at high schools, colleges, Navy Recruiting Stations or from the Chief of Naval Personnel, Department of the Navy, Washington 25, D. C.

There will be no change in dates on other Texas counties. However, the bag limit has been changed in the Possum Kingdom and the Pan-

handle areas to permit the killing of 15 birds per day, with 45 in possession.

The following counties are involved in the increased bag limit: Possum Kingdom: Archer, Baylor, Bosque, Brown, Clay, Comanche, Denton, Ellis, Erath, Hamilton, Hill, Hood, Jack, Johnson, Knox, Montague, Nolan, Palo Pinto, Parker, Somervell, Stephens, Tarrant, Taylor, Wichita, Wise, Young.

(While Wilbarger county now is included in the Possum Kingdom area, the law placing it under regulatory authority is not effective until November 4, which was too late to permit its inclusion in the increased bag limit.)

Panhandle areas: Armstrong, Bailey, Briscoe, Carson, Castro, Childress, Collingsworth, Cottle, Dallam, Deaf Smith, Donley, Floyd, Gray, Hale, Hall, Hansford, Hartley, Hemphill, Hutchinson, Lamb, Lipscomb, Moore, Motley, Ochiltree, Oldham, Parmer, Potter, Randall, Roberts, Sherman, Swisher, Wheeler.

# ELECTRIC RANGE!

It's so inexpensive to cook the modern electric way. The average family served by WTU can cook a complete meal the easy, fast electric way for less than three cents (3¢).

If you're like most homemakers, you'll agree to this: seeing your family sit down to a delicious dinner is one of the biggest thrills any woman can have. But—how often can you really enjoy it, when you're tired out, exhausted, after hours of battling with a balky, old-fashioned stove. Well, if that's your situation, get ready for something wonderful to happen—to you! Just start cooking with a modern, automatic electric range. Here's cooking that's faster, easier, cleaner—a range that does the work for you, turns itself on and off so that you don't even have to watch the food cook. You'll find that you'll enjoy dinner, too, along with the rest of the family. This is really living better—and cooking better—electrically. See the new automatic electric ranges on display today at your electric appliance dealer.

The ovens on electric ranges are easy to clean. The units are easily removed and the porcelain cleans so very, very easily.

## 8th Grade Breezes Stomp Lakeview Thursday Night

Running up their biggest score of the season, the Winters 8th grade team romped over Lakeview to the tune of 60-0 Thursday night at Lakeview. All members of the team entered into the melee, with each playing a fine game. Three touchdowns were made in the first quarter with Walter Butler accounting for two and Wayne Poe for the third. The score at the end of the quarter was 20-0.

Early in the second quarter, a Lakeview fumble was recovered by Charles Bahlman on the 41. Poe went to Winters 20 on first down and Steve Grissom made the TD from the twelve. Extra points were good and the score was 28-0.

After the kick-off, Lakeview failed in the first down department and had to punt. It was taken by Briley on his 38 and returned to the Lakeview 43. Wayne Poe accounted for the next touchdown and the extra point try by Middleton failed. Score 34-0.

Late in the third quarter, a 95 yard run by Poe accounted for the fifth TD. Try for extra was no good. Score now 40-0. A long pass originating on the Lakeview 40 and thrown by Araya was caught by Butler for another touchdown.

In the fourth quarter the last two counters were made by Steve Grissom and the extra point tries were unsuccessful and the final score was Winters 60-Lakeview-0. Good line play was outstanding in the game and several costly Lakeview fumbles aided the Breezes. Mike Mitchell, Charles Bahlman and Mike Briley accounted for several of the fumbles. The last game of the current season will be played Thursday in Stamford.

## Coleman Bluecats Take Grid Game From Winters, 8-6

The grim prospect of history repeating itself came true in reverse order as the Coleman Bluecats squeezed by the Winters Blizzards by a score of 8-6 at Blizzard Field Friday night.

The Blizzards scored first in the second quarter, when quarterback Jerry Dunnam dashed off tackle from the enemy 7 to paydirt. William Grissom, running wide on a play that had worked well all year long, was dropped just short of the double stripe as he attempted to cut in for the extra points, and the white team led, 6-0.

So the score stood, through the next two quarters and a half time show which saw the Blizzards King and Queen crowned. With 10 minutes remaining in the game, Blizzards fullback Thomas Casey plowed over from the six, scoring the first points to be scored in district play against the Blizzards defense. Seconds later Casey dealt the fatal blow as he crashed over for the conversion.

With the Bluecats leading 8-6, the Blizzards, led by fullback Dalton Attaway, marched to the visitors 28, where a fumbled pitch-out went back to the 41, where the Bluecats fell on it.

Time after time the Blizzards held to a fourth down situation, only to find the opposition shading first downs by inches. The Blizzards never regained control of the ball.

The irony lay in the fact that last year, at the Coleman homecoming, the Blizzards scored in the fourth quarter, spoiling the Bluecats celebration by a 14-12 margin, again the price of the extra points. The Blizzards were hurt severely by the loss of big center George Scott, who suffered a shoulder injury only two days before the game.

Attaway continued to plow yardage through the center, as he ripped the Bluecat forward wall to shreds.

Outstanding on defense was 146 pound Louis Dietz, playing his second year as a Blizzards regular, stopped an early Bluecat drive with a pass interception, and made innumerable good tackles. Jimmy Smith, who was crowned Blizzards king at half time, did a good job, as did David Burton, J. B. Guy, Jr., and Dunnam.

Tonight (Friday) the Blizzards travel to Cisco for a last ditch effort toward the district crown, in what should be the best 7AA game of the year.

## Mrs. Alton Roberts Died Wednesday In Bradshaw Home

Mrs. Alton Roberts, 50, died at 9:10 a. m. Wednesday at her ranch home near Bradshaw, following an extended illness.

Born Sally Lou Newby June 6, 1909 at Bradshaw where she spent her early childhood, she graduated from Winters High School in 1927 and attended McMurry, Sul Ross and North Texas State Colleges. She taught school at Longworth for four years and in Winters two years. She married Alton Roberts April 26, 1935 in Abilene.

Funeral services were held Thursday afternoon at 2:00 o'clock in the First Methodist Church in Winters, with the Rev. E. L. Craig, pastor, officiating. He was assisted by Rev. Albert Lunday, professor of Bible at Hardin-Simmons University. Burial was in the McBee Cemetery at Ovalo.

## Two Local Scouts Complete Merit Badges For Eagle

Dick Young, son of Mr. and Mrs. Fred Young and Charles Yust Jr., son of Mr. and Mrs. Charles Yust, passed the Council Board of Review for the Eagle Award, the highest rank in scouting, Monday night at the council office in Abilene.

These Boy Scouts will receive their awards in an Eagle Court of Honor to be held in Winters in the near future.

Charles completed 22 merit badges in less than two years of scouting and Dick completed 28 merit badges in approximately two years. Twenty-one merit badges are required for the Eagle rank.

J. T. Randolph and Charles Yust accompanied the Boy Scouts to Abilene.

## Public Invited To Visit Winters Public Library

"Go Exploring In Books" is the theme of National Book Week which will be observed at the Winters Public Library Saturday, November 7, with visitation from 2 to 5 o'clock. Every one is invited to call at the library during this time.

It has been a surprise for many to find what the library is like inside. The library is now in the sixth year of operation, supported by the Diversity, Literary Service and the Home Demonstration Clubs along with a family membership fee. Books are available to every age and it is hoped the library can soon have a special section just for the 7 to 9 year olds apart from the 10 to 12 year old groups.

New books recently received are "Happy Birthday to You" by Dr. Seuss, "Cats for Kansas", "Thanksgiving Story", Disney's "Tonka", "Beyond My Worth" by Lilian Roth and "Buffalo Grass." Other new books have been ordered in memory of Bobby Deike from 5th grade classmates and teachers and in memory of Mr. John B. Wilson from Mr. and Mrs. W. F. Byrns and friends of Mr. Wilson in Beeville, Texas.

These new books will be appreciated very much with the increase in reading there has been a demand for more books. For the month of October 479 books were checked out.

A group of newspapermen and tackle representatives were guests of the Sweetwater Chamber of Commerce recently at Oak Creek Lake. It is located just south of Sweetwater, in West Texas.

A few years back there was no lake at this point.

Oak Creek Lake was built by the city of Sweetwater as municipal water supply. As it is south of the Sweetwater watershed it is necessary to pump the water over the Callihan Divide from the lake to the city.

The lake isn't a large one, as compared with some of the other lakes in Texas. But when you put a lake where there has been none before, it is a large and important lake to people in the area.

The thing about this lake that impressed me most is the fact that it is typical of the recreational areas that have been developed around many other such resource lakes in the state.

Sweetwater's Oak Creek Lake is a veritable haven for water recreation. There is a large, wide-open area of deep water for those who want to participate in such water sports as skiing, swimming and fast-boat racing.

Then there are long arms of the lake which extend up the beds of formerly dry creeks, to furnish ideal fishing habitat. Not the least of these is the original bed of Oak Creek itself. This arm of the lake moves west from the main body, under the highway bridge and railroad trestle, for several miles upstream where no timber has been removed.

This is just about the bassiest water in Texas today.

Small bass are scattered throughout the area, but big bronze backs lay up against the cutbanks and around the roots of the huge pecan trees that dot the waterlines.

Some of these old trees have fallen into the water. The man who can cast a plug directly under one of these fallen logs and manipulate it just right likely will catch a big bass.

Fishing in Oak Creek is a challenge to good fishermen and a good proving ground for the tyro. It is a water for any lure. You can use good top-water plugs like chuggars or darters, or you can feed the bass on artificial worms or bottom baits like spoons and jigs.

Ever present in Oak Creek Lake are the minnow fishermen who fish slowly under these big trees for bass, crappie and cats.

It is a good country, with good water and good facilities. Around the lake there are several nice camps owned by people who live in nearby towns.

So, if you are in West Texas and are looking for a good place to fish, consider Oak Creek Lake south of Sweetwater.

It always is good to fish in man-made lakes, which have a dual purpose of providing recreation and water supply for the residents of the area. Usually they are clean, clear lakes. They are well policed and well protected.

In West Texas there are a number of them. San Angelo has two good lakes. Coleman and Brownwood likewise have their lakes... good fishing spots for years. There are others at Abilene, Haskell, Graham, and in the Ranger, Eastland area.

Then there is one at Snyder and still another at Colorado City.

A lake, which will be a small one by comparison, now is being completed at Lubbock. It is known as the Buffalo Lakes project.

Speaking of Lubbock, Leo Healer, outdoors editor of the Lubbock Avalanche-Journal, says it is "right in the heart of the best fishing area in the United States." There is good fishing to be had for 500 miles in any direction, says Healer.

There are hundreds of good lakes in East Texas, where the rainfall is heavier. But in West Texas, where the average rainfall is light and the river beds often dry, just any kind of a reservoir is welcomed. A reservoir is the only way many of the towns have been able to provide their municipal water supply.

And without these lakes, there would be no recreational areas other than golf courses.

While we are commenting on this West Texas area, we'd like to point out that there has been a comeback in other game in Nolan County.

A dozen years ago landowners in the area closed their land to hunters for a number of years. The Game and Fish Commission stocked the land with deer and turkey. Last year there was a deer season in the county for the first time in many years. Deer had made a comeback.

Turkeys also are on their way back and perhaps before too much longer hunters may be shooting turkeys again in that part of West Texas. All this has been made possible because of land-owner cooperation.

This land-owner cooperation is

something which should be cultivated by all sportsmen. Without the help of the landowner, the sportsman has an almost impossible situation.

For that reason the man who likes to hunt and fish should seek permission to hunt before entering the property. He should respect the landowners property and be willing to pay for its use.

**CARD OF THANKS**  
Mere words are inadequate to express our deepest appreciation of the kindness shown us in so many ways at the death of our loved one, Joe V. Hinds.  
We are grateful for the kind words of sympathy, the lovely flowers, cards and letters which helped so much in our bereavement. Mrs. Joe V. Hinds, Mrs. Lora Coupland, Mr. and Mrs. Neil Scott and family, Mrs. Ella Ritch. etc.

After all, the landowner can make a crop of wildlife just the same as he can make a crop of grain. And it can be profitable, too to him and to you.

There's a man with the angles, for every girl with the curves.

## BRADSHAW NEWS

"Truthful speaking and right living cannot be separated."  
—Lewis H. Crisman.

The Ronnie Dentons of Sweetwater and the Dewitt Bryans of Norton attended the Church of Christ services Sunday morning.

Skippy Sheppard of Winters attended the Baptist Sunday School Sunday.

Sunday morning at the Methodist church Pastor Devon McAnnally played a tape recording by a noted psychiatrist on the "Brain washing of our Service Men in the Far East by the Communists. Just here we would like to give an announcement concerning the radio program LIFE LINES which comes over many stations but in

this area we get it over KWKH, Shreveport, La., quite well. It is 1130 on the dial and is a daily program at 7:15 PM. It is a religious (non-denominational) and patriotic educational program by Wayne Poucher of Washington, D. C. Concerning this program W. R. White, President of Baylor University, states: "Life Line calls us back to basic fundamentals in faith and life. The subtle creeping 'isms' of our day threaten not only the fabric but the very foundations of freedom. This broadcast could be the turning point in the fierce battle of ideologies. Dynamic conservatism in faith and government is our only hope of survival." Henry B. Clay, Vice President and General Manager of KWKH, "The Life Line has become an authority."

Rev. T. R. Bedford of Abilene and Missionary to Indians in Arizona, was guest speaker and lecturer Sunday night at the Moro Baptist church. Mr. and Mrs. Bud Hicks of Abilene and J. W. Allmand of Ovalo were Sunday visitors.

Sunday from the Drasco Methodist attending Quarterly Conference at Wingate were Mr. and Mrs. Frank Simpson, Mr. and Mrs. M. L. Dobbins and Wayne and Jodie and Frances Stricklin. District Superintendent J. W. Whitefield of Brownwood officiated at the conference.

The Key Verse to next Sunday's Sunday School lesson is: "We ought to obey God rather than men." Meditation: "Christian life in a land with a Christian background and a tradition of religious freedom has a tendency to lull us into forgetfulness that we are engaged in a struggle of life or death which carries eternal consequences. Our witness for Christ is no trivial matter; it is, in fact, an attack upon the powers of darkness, and is itself an evidence of spiritual victory."

Mrs. Billie McCasland gave a Hallowe'en party for her Sunday Class-Juniors of the Baptist church—Thursday night of last week. Refreshments consisted of hot chocolate with Marshmallows,

pop corn balls and home-made cookies.

Special days next week are for: Ernest Wade and Udell Middleton the 8th; Zo Ann Sanders and Oscar Bryan, Jr., the 9th wedding anniversaries for Mr. and Mrs. DeWitt Bryan and Mr. and Mrs. J. D. Harrison the 10th; birthdays for Fred Allen, James Little, Frank Simpson and Rita Walker the 11th; Bob Herrington, Dan Roberts, Mrs. John Atkins and Milton Sharp, Sr., the 12th; Wayne Dobbins the 13th.

## Illegal Fishing Tops List of Violations

Fishing without licenses topped the list of game and fish violations in September, according to the director of law enforcement, Texas Game and Fish Commission. One hundred and ninety-eight persons were charged with fishing without the required licenses. Game wardens arrested 15 for failure to have resident hunting licenses.

"Everyone had substantial notice that new licenses would be required after August 31," said the director. "Many people go right on fishing without a license, either because they put off buying one or because they forget about one until they're in the boat and fishing. Nevertheless, a violation is committed and it cannot be overlooked."

Hunting out of season did not pay off for 22 persons who were caught in the act. Trespassing dropped far below the monthly average, while hunting with unplugged guns jumped up a notch or two. Another 14 were charged with hunting from an auto and 17 were hunting doves in closed season. A dozen hunters had too many doves.

Nine persons were charged with killing quail out of season and another 8 shot squirrel in closed season. In all, 43 persons were charged with killing game out of season.

A total of 369 charges were filed during the month by State game wardens. The persons charged paid a total of \$7,115 in fines and \$679 in court costs. One person served time in jail, 5 pleaded not guilty, 3 appealed to a higher court, one had his fine suspended, and 31 cases were dismissed.

Mrs. Cora Fine spent Saturday night in Abilene with the Clyde Storys who were celebrating their 25th wedding anniversary. Eighteen were present.

Wednesday of last week Mrs. Johnny Hicks of Winters was at the Milburn Shaffers. Mrs. Lizzy Green of Abilene route has visited at the Shaffer home.

**Gov. Price Daniel Being Asked To Call Special Session On Teachers' Pay**

By Vern Sanford  
Texas Press Association  
This is one of the questions being debated as teachers flood Gov. Price Daniel's office with letters asking for a special session of the Legislature next year to hike their salaries.

Other points of controversy: (1) How would you decide which are "better" teachers? (2) How do teachers' salaries compare with those of other college graduates? Texas State Teachers Association is asking for a \$405 per year boost in the present \$3,204 minimum annual salary.

R. W. Byram, State Board of Education member, has suggested giving teachers examinations to determine which should receive raises on the basis of merit. A bachelor's degree, Byram noted, is not a mark of "exceptional learning" in these days.

Choice, in Byram's view, is either better pay for the more competent teachers or a uniform scale pegged at a lower level.

Byram declared that teachers' salaries in the larger Texas cities which pay more than the statewide minimum already compare well with those of other professions. He said a beginning teacher in Houston gets \$444 a month, while a new geologist or petroleum

engineer may start from \$375 to \$425 with the necessity of living "where the job is."

A University of Texas job placement official challenged Byram's figures. Joe L. Bruns contended the Houston school pay is tops, not typical, for the state and reminded that teacher pay is for only nine months a year.

On a 12-months basis, said Bruns, most Texas teachers average \$267 a month. He said UT's engineering graduates last year started at an average of \$490 per month.

In Austin, he said, the average starting teacher has about \$220 a month take-home pay — not enough "to lure an able young man—particularly a married man."

**SENATE COMMITTEES**  
Lt. Gov. Ben Ramsey has passed out between-sessions study jobs to 29 of the Senate's 31 members.

Key posts went to members who have made up the Senate's conservative leadership for a decade or more. Omitted from committees were Sens. Henry B. Gonzalez of San Antonio and Andy Rogers of Childress, both regarded as liberals.

Named by Ramsey to the panels which will do advance research affecting 1961 legislation are:

**Legislative Budget Board:** Sens. William S. Fly of Victoria, Wardlow Lane of Center, Crawford C. Martin of Hillsboro and Dorsey B. Hardemen of San Angelo.

**Texas Legislative Council:** Sens. George Moffett of Chillocoche, Preston Smith of Lubbock, Neveille Colson of Navasota, Bruce Reagan of Corpus Christi and Abraham Kazen of Laredo.

**Commission to Study State and Local Tax Policy:** Sens. Fly, George Parkhouse of Dallas and Jimmy Phillips of Angleton. However, Phillips has announced his resignation from the Senate, effective Nov. 2. He will join the legal department of Dow Chemical Company in Freeport.

**Committee to Study Cost of Government:** Sens. Floyd Bradshaw of Weatherford, David Ratliff of Stamford, Ray Roberts of McKinney, Louis Crump of San Saba and Culp Krueger of El Campo.

**Committee to Study Problems of The Aged:** Sens. Crawford Martin of Hillsboro, Grady Hazlewood of Amarillo, Jop S. Fuller of Fort Arthur, Doyle Willis of Fort Worth and Ratliff.

**Educational Standards Commission:** Sens. Fly, Bradshaw and Roberts.

**Commission of City and County Governments:** Sens. Robert Baker of Houston, Frank Owen III of El Paso and Crump.

**Commission for State Health and Welfare Services:** Sens. Bill Wood of Tyler, Owen and Colson.

**Committee to Study State Fiscal System:** Sens. Jarrard Secrest of Temple, William T. Moore of Seguin, Lane, Hardemen and Reagan.

**Committee to Investigate Investment Practices For State Funds:** Sens. Martin Dies Jr. of Lufkin, Charles F. Herring of Austin, Hubert Hudson of Brownsville, Lane and Crump.

**Committee to Study Effects of Radiation:** Sens. Krueger, Reagan and Wood.

**BURGLAR WITHOUT CONSENT**  
If a burglar breaks into a house, the owner of the burglarized property must, if he testifies in court, state that he did not give the thief permission to enter the premises.

In one case the defendant confessed that he cut a hole in the ceiling of an office and stole a safe. However, in the appeals court opinion, it must be proven that the defendant was going against the wishes of the property owner.

**STOP FOR SCHOOL BUS**  
Texas motorists are being urged to observe the law to the letter when they encounter a school bus on the streets or highways. Ten children have been killed and 86 injured in school bus accidents since Sept. 1, the Department of Public Safety reports. Texas law requires that a car must come to a full stop when approaching from either direction a school bus that is taking on or letting off passengers. After a complete stop, the motorist may

**Picking Up Game Off Highways Can Be Illegal**

Only under very limited conditions is it legal to stop and pick up game animals that have been run down by an auto, warns the director of law enforcement, Texas Game and Fish Commission.

"The same laws that govern hunting game with firearms must be taken into consideration under all conditions," explained the director. "If it's illegal to have a particular species of game animal in possession, it doesn't make any difference whether you ran it down accidentally with an auto or shot it. You are still violating a law if you have one in possession."

"It's best not to take any chances," said the director. "If you accidentally hit a deer on the road, play it safe and notify the nearest game warden or peace officer. Don't pick it up. Just move it clear of the road."

Under no condition is it legal to run down intentionally a game animal with an auto.

When a warden is notified, he will pick the animal up and give

it to charity. This is the only way to dispose of an illegal kill.

"Remember," suggested the director, "that laws governing possession when hunting and fishing hold true even when picking up game that has been accidentally run down with a vehicle, or when accepting fish as gifts."

## Gilbert Armendariz Killed Tuesday In Auto Accident

Gilbert Armendariz, 30, Winters and Ballinger cafe owner, was killed Tuesday at 3:15 p.m. when his car overturned four miles south of here.

Charles Mapes of Big Lake, former resident of Ballinger, who was riding in the car was not injured. Deputy Sheriff Eskell Powell of Ballinger, Highway Patrolmen H. A. Anthony and Dale Bryce of Ballinger investigated the accident and stated that Armendariz's car apparently ran off the pavement and when he tried to get it back on, it went into a slide and overturned. He was crushed when the car rolled on him. Mapes stayed in the car.

Armendariz was declared dead on arrival at Winters Municipal Hospital where he was taken by spill ambulance.

Mr. Armendariz was born in Ballinger, September 27, 1929 and attended school there. He had operated the Acapulco Cafe in Ballinger for more than ten years and in 1957 he established a cafe by the same name in Winters.

Rosary was said at 7:30 p.m. Wednesday at St. Joseph's Catholic Church in Ballinger and Mass was read by Father Julian Johnson at 9 a.m. Thursday in the same church. Burial was in the Latin American Cemetery in Ballinger.

He is survived by his wife, Nellie; six children, Gilbert Jr., Johnny, Roland, Beck, Darlene and Robert; his mother, Mrs. Elena Armendariz; and two sisters, Mrs. Virginia Lopez and Mrs. Delphine Duart all of Ballinger.

## Attended Police Seminar In Abilene Recently

Included on the program were films on narcotics addiction and alcoholism, and talks by several educators and law enforcement officials.

Attending from Winters were Lawrence Hennigan, chief, Ray Heathcott and James Lee.

## Senior Citizens Observance Postponed

Senior Citizens Observance, sponsored by the Winters Garden Club, which was scheduled for Friday November 6, has been postponed until a later date.

The regular meeting of the Garden Club will be held Friday, November 6, in the Educational Building of the First Baptist Church.

If you can't get behind a movement for the good of the community, the least you can do is get out from in front of it.

## More Property Owners Hear Water Details

Between 35 and 40 property owners attended the second of a series of informational meetings on the Valley Creek Watershed Protection and Flood Prevention Program at Hylton Tuesday night.

Hugo Vogelsang, chairman of the Valley Creek Water Control District, said that the board of directors was well pleased with the attendance at the first two meetings. The board made plans to hold the next meeting at Valley View Tuesday, Nov. 10 at 7:30.

Vogelsang presided at the meeting and presented the speakers. He said that some of those who were to be on the program could not make it because of bad weather in the Ballinger area.

The history of the Valley Creek Control District, the work done by the steering committee, description of the Watershed, and how the program will work were explained by Woodrow Hoffman of the Soil Conservation Service, and Harry Rucker of the Sweetwater SCS office. A movie was shown of project in operation in a watershed similar to the one proposed on Valley Creek.

Vogelsang urged all landowners in the area affected to attend at least one of the meetings.

## Approximately 100 Attend Hallowe'en Carnival Saturday

Approximately 100 persons attended the Hallowe'en Carnival, sponsored by the Girl Scouts and leaders, at the Scout Hut Saturday night.

Mrs. Robert Kraatz, Jr. won the \$2.50 cash prize given for the lucky ticket on the cake walk. J. W. Hodnett, Mr. and Mrs. A. N. Crowley were judges in the beauty contest which resulted in Barbara Tatum as winner as the Hallowe'en celebrity, Marla Weems, the cutest, Kila Graves, the prettiest and Robert Kraatz III, the best looking guy.

There were chills, thrills and spaghetti galore in the witches cave and a gypsy fortune teller wandered through the crowd giving each child hopes for a bright and happy future. The operators in the witches beauty salon were busily preparing the entries for the beauty contest.

Games of dominoes and bingo were played throughout the evening, however the cake walk was the main attraction.

R. W. Balke, finance chairman, auction all left over food and ladies who donated cakes expect all plates to be returned to the leaders.

The total intake was \$78.82 and after all bills were cleared the profit amounted to \$41.57. Proceeds will be spent on tables for the scout hut.

## Decrease Noted In Broiler Placements

United States broiler placements have assumed a continuous downward trend since mid-June of 1959. However, this trend has closely paralleled placements during the same period in 1958. Total placements for the first eight months in 1959 were greater than for the same period in 1958.

Texas placements of broiler chicks have been greater for only a few weeks during 1959 when compared with the same periods in 1958, according to Marshall Miller, associate extension poultry marketing specialist. A rather pronounced decrease in total placements so far this year in Texas is taking place, he added.

Miller noted that Texas broiler prices so far in 1959 have ranged well below prices paid in 1958. Also, the average weekly price paid in 1959 has been less than the corresponding week in 1958 for every week so far this year.

For a number of years there have been wide monthly variations in the volume of broilers purchased by consumers. May through September are the months of heaviest purchases, with July the peak month and December the low month. There is only 8.6 percent difference between slaughter in July and that of December, but a 40 percent difference in consumer purchases. These differences bring about an imbalance between supply and demand, thus affecting price. It also encourages larger storage stocks during periods

of low consumption.

Placement of pullet chicks for broiler hatchery supply flocks by leading primary breeders in the U. S. totaled 1,834,000 during August 1959. This was 31 percent below August 1958. It should be noted, said Miller, that it will be five to six more months before these chicks will be of production age. The present supply of broiler-type chicks is coming primarily from replacement stock placed during the first three months of 1959. January, February and March, 1959 replacements were 102, 104 and 107 percent, respectively, when compared with 1958 figures. As a result, the supply of broiler chicks is likely to run relatively high for the remainder of 1959.
