## Talk

By R. C. THOMAS

Social and civic organizations in Winters are again offered a chance to add to their treasuries by building and entering floats in the big annual Christmas parade to be held here Dec. 3. All that is required is the effort it takes to build a Christmas parade float, registration at the office of the Chamber of Commerce. No money is required, and organizations have a good chance of receiving prizes for their entries.

Several business firms in Winters have offered to finance the building of floats by organizations, with the clubs to receive the prize money won. There has been a limit of \$40 set for materials to be used in constructing the floats, but the amount of imagination which can be used is unlimited. The only other requirement is that floats and decorations have a Christmas theme and convey a Christmas spirit.

Several organizations have already expressed a desire to participate in the program again this year, and have registered their intentions at the chamber of commerce. Organizations which have not registered are urged to do so before the deadline of Nov. 16.

The mother of a Winters kindergarten tyke has been unable to convince her son that the flags flown on the streets on Veterans Day were not being flown in honor of her birthday.

We finally pushed over the hump last week and upped our average on predicting the outcome of college football battles. Only Texas Tech and Air Force let us down, and left us with an 8 right and 2 wrong guess pattern.

So, encouraged, we go out on the limb again and predict the following results this week:

Hardin-Simmons over N. M. St. Texas A. & M. over Rice. Texas over TCU. Tex Tech over Houston. Texas Western over ACC. Baylor over Southern Cal. Arkansas over SMU. Air Force over Arizona. Navy over George Washington. McMurry over Tampa.

Herb. Love of the Journal in Shoshone, Idaho, where we paused for a while some years ago, tells about a butcher who kept frozen chickens in a barrel of ice. And a lady came in and ordered one—and he only had one left.

The butcher reached down into the barrel and pulled this last one out, weighed it and said, "That will be \$1.83."

The lady said, "Well, I really wanted one larger than that." So the butcher put it back in the barrel, fumbled around in the ice and brought it out again and weighed it and said, "Well, here is one for \$2.47."

The lady thought for a minute and then said, "Well, I believe I'll take both of them."

The last meeting of the Winters Boosters will be held in the dining room at Pierce's Cafeteria Monday evening at 7:30. Films of previous games will be shown, and plans made for the annual football banquet. Members are urged to come out for this last meeting.

## School Board Employs Attorneys To Collect Taxes

The Board of Trustees of Winters Independent Schools approved Tuesday the employment of W. A. Johnson and W. W. Tupper, attorneys of San Angelo, to collect delinquent taxes. The two attorneys are also working for San Angelo, Tom Green County and the City of Ballinger.

The board also accepted resignations from Mrs. Phyllis Huff, a Junior High teacher, and Mrs. Dean Robertson, the Junior high librarian.

To fill the vacancies created by the resignations, the board has employed David Ledbetter, who has been teaching in junior high school, and Mrs. Tommy Johnson as junior high librarian and clerk.

David Ledbetter, son of Mr. and Mrs. Clarence Ledbetter of Bradshaw, is a graduate of Winters High School and North Texas State College. He holds a Bachelor of Science degree.

## Blizzard-Bearcat Game Friday Night

The Winters Blizzards play their last game of the season Friday night, traveling to Ballinger to meet the Bearcats. No longer battling for top honors in the conference, the two teams will compete for third place in District 7AA.

Both Ballinger and Winters have lost to Cisco and Coleman, who will be playing for the district championship in Coleman Friday night.

Ballinger and Winters have a similar record for season play, with a 5-4 pattern. District-wide, both teams have won 2 and lost 2. Winters has scored 70 points in district play, and allowed 50 points by competition. Ballinger has scored 92, and allowed 85.

Ballinger will field several returning starters, including Dalton Hoffman, one of the outstanding backs in the area. He has been described by scouts as "good as Dwayne Hale, Cisco back."

The two teams go into this game evenly matched, using past performance as a guide. Ballinger lost to Coleman 20-6; Winters lost 8-6. Ballinger beat Eastland 40-8; Winters defeated Eastland 20-0. Ballinger beat Ranger 14-6; Winters beat Ranger 22-0. Ballinger lost to Cisco 38-26; Winters lost to Cisco 42-22.

The Blizzards, out for revenge for the 32-14 drubbing they took from Ballinger in '58, have been whittled by sickness and injury for this last game. Kenneth Crowe, who has been one of the main pass receivers this year, will be out of the game after injuring a finger in a saw earlier this week. Several others have missed workout this week, and their presence on the field Friday night is in doubt.

Probable starters include Williams and Smith, E.; Burton and Jackson, T.; Dietz and Bruce Waggoner, a 129-pound newcomer to the starting lineup; G. Mathis, C.; Dunnam QB; Guy RH; Grissom, LH; Attaway, FB.

Twelve seniors will be playing their last game of high school football Friday night at Ballinger. Coach W. T. Stapler has said this has been the finest group of senior players he has ever had the pleasure of working with. Out for the last time will be Jimmy Smith, Sammy Albro, Elmer Nelson, David Burton, Louis Dietz, Stanley Bolden, George Scott, Tommy Cranford, Jerry Dunnam, David Whitely, J. B. Guy, Jr., and Dalton Attaway.

## Annual Livestock Survey In County Begins Nov. 19

Postmaster Rankin Pace announced today that rural carriers will begin distributing Livestock Survey cards November 19.

Ray L. Hollingshead, Route 1, R. D. Collins, Route 2, W. S. Cooke, Route 3, and W. E. Little, Route 4, will be leaving cards with farmers and stockmen along their routes.

Patrons receiving livestock cards are requested to complete and return them to their mail box. Cards will then be returned to the Texas Crop and Livestock Reporting Service in Austin. Information from this survey is used in estimating numbers of cattle, hogs, sheep and chickens on Texas farms and ranches.

Many farmers and ranchers are glad to take a few minutes time to answer the questions asked on livestock numbers in order to have information available for making business decisions. Information obtained from this survey is returned to farmers and ranchers through Texas Crop and Livestock Reporting Service releases, newspapers, radio and television.

This annual survey has been a joint undertaking of the Post Office and the Department of Agriculture since 1924, concluded Mr. Pace.

### IN MAYO HOME

Mr. and Mrs. Bailey Mayo returned Sunday to their home in Lubbock after spending a few days visiting in the home of their parents, Mr. and Mrs. A. L. Mayo, Mr. and Mrs. Charlie Mathies. They attended the Roberts funeral and also visited the Don Roberts and Jimmy Phillips of Abilene while here.

### BROTHER DIES IN HOUSTON

Mr. and Mrs. E. C. Collinsworth received a message Friday of the death of F. M. Nixon, brother of Mrs. Collinsworth and Jack Nixon of Ballinger. Mr. Nixon died at his home in Houston and was buried there on Monday.

## WTU To Hold Open House Friday, Nov. 13

The Winters office of the West Texas Utilities Co. will hold their semi-annual open house Friday, Nov. 13, from 11:00 a.m. until 2:00 p.m., according to Homer Hudgins, manager.

The public has been invited to visit the offices of the utility company; turkey sandwiches, cookies and coffee will be served.

Mrs. Abby Andrews, of Frigidaire Sales Corporation, Fort Worth, and Mrs. Ruth Clappitt, home economist from the company's Ballinger office, will be hostesses at the open house.

## Blizzards Lose To Cisco Loboes 42-22 Friday

By Billy Lynn Little

The Winters Blizzards battled to a 22-42 defeat administered by the mighty Cisco Loboes at Cisco on Friday night.

It could almost be said that the Blizzards were beaten by their own name; the game was played in sub-freezing weather, and icy fingers and cold footballs don't make good combinations.

The Blizzards, led by quarterback Jerry Dunnam, unleashed a tremendous passing attack, hitting 13 of 38 aeriels, for a total of 228 yards. But the heartbreak was in the fact that many times receivers were hit, only to find the cold too much, and the ball bouncing away from freezing fingers.

The Loboes took the lead late in the first quarter, when a bad pass from center on a punt attempt gave Cisco the ball deep in Blizzards territory, fullback Duane Hale plowed over from the two yard line, and then added the extras.

Early in the second quarter it was Hale again, this time off tackle for 62 yards and the tally. Charles Lipsey kicked the red flag as he went into the end zone, but the extra points counted, and the Loboes led 16-0.

But here came the Blizzards driving, passing, and fighting for yardage. With only a minute left in the first half, Dunnam connected with halfback William Grissom in the endzone for a thirty-five yard touchdown pass. Dunnam whipped another bullet to end James Williams for the extra points.

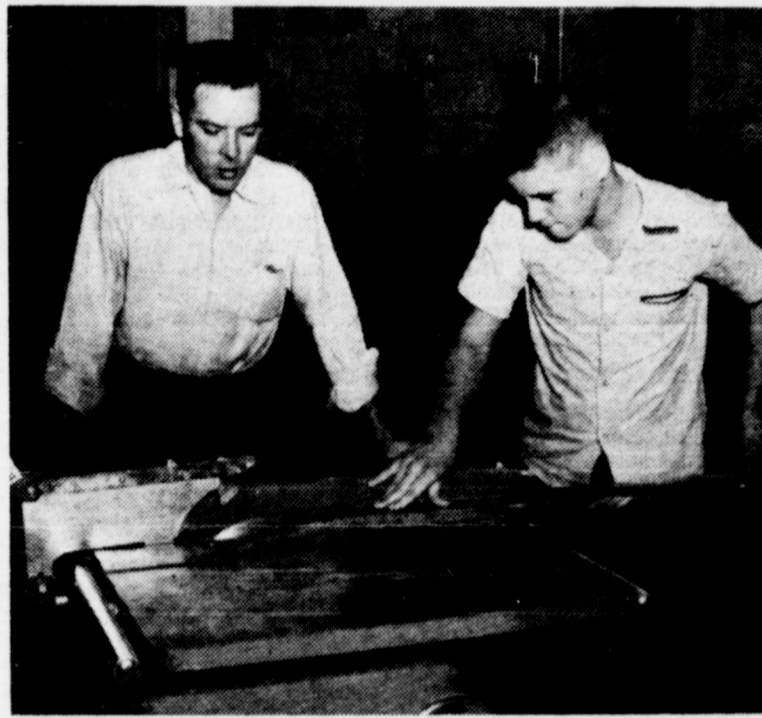

Cisco came roaring back after the half, as Hale scampered 37 yards for the tally, and Lipsey added the extras. Four minutes later, Hale went over left tackle again—this time for 38 yards. With only a minute left in the third quarter, Lipsey went down the sidelines for 21 yards, tight-ropeing the edge of the playing field while shaking off numerous Blizzards tacklers.

But once again, with that never-say-die attitude, the Blizzards passed their way down to the Cisco 13, where Dunnam, rolling out to pass, saw an opening and raced the distance for the TD. The extra points were good, making the score 36-16. Later in the same period, the Loboes drove down to the 21, where, needing 3 yards for the first down on fourth, Hale fumbled the ball forward after being trapped, and the Loboes recovered, with a first down by inches.

Cisco quarterback Delbert Schaefer passed to Lipsey in the endzone for the final Loboe points.

But the fighting Blizzards weren't through yet, as they moved to their own 45, where Dunnam fired a

## Open House At New School Manual Training Shop Set For Sunday, Nov. 15

The recently completed manual training shop, the newest addition to a growing Winters school plant, will be open for patron visitation and inspection Sunday afternoon, November 15, between 3 and 5 o'clock.

Members of the manual training class and the instructor, Jerry Durgan, will be on hand to show visitors around the shops and classrooms. The new building enables the school to offer courses in mechanical drawing and woodwork with about 60 students participating.

The building consists of approximately 2500 square feet and has classroom facilities for mechanical

drawing, office space and shop area. Construction is of concrete block, steel beams and asphalt tile roof. Building was done by Winters Lumber Company.

A complete line of power tools is available for student use, including wood and metal lathes, band saws, planer, shaper, drill press, jointer, power saw, and others.

Courses in mechanical drawing and woodwork are being taught by Jerry Durgan, graduate of Sul Ross College.

Student projects will be on display during the open house Sunday afternoon. The public is invited to visit this new school facility.

## November 16 Deadline For Entering Float In Winters Christmas Parade

November 16 has been set as the deadline for entering floats in the big Christmas parade to be held December 3, according to members of the board of directors of the Winters Chamber of Commerce, sponsors of the parade.

The committee in charge of the parade has asked that all organizations, individuals or businesses who wish to enter floats in the parade register at the chamber of commerce office on or before Nov. 16, so that final plans can be made for the parade.

Several business firms have agreed to finance floats to be built by social and civic organizations again this year. This system was very successful last year, according to the chamber of commerce board. The firms will furnish the money for materials to build floats, with the organizations doing the work and entering the parade. Organizations will draw for sponsoring merchants, and will receive all prize moneys

awarded for participating in the parade. Sponsors and organizations building floats may spend no more than \$40 on each float, according to the rules of the parade committee.

Three places will be awarded for parade competition. First prize will be \$50, second, \$25, and third place, \$15. Each decorated float shall have a theme of Christmas and convey a Christmas spirit, to be eligible for prize money. The club or organization decorating the float must submit a general plan for the float to be approved by the sponsor and give a final accounting of the cost to the sponsor. Each float shall be judged on its merits, and the contribution it makes to the parade.

Merchants who wish to participate should also register by Nov. 16. Those who have already registered are Spill Bros. Co., Wadell Chevrolet, Winters Enterprise, Piggly Wiggly, Bahlan Jewelers, Heidenheimer's, Economy Food Store, Alfrey Lumber Co., Smith Drug Co., Western Auto, Crockett Ford Sales, White Auto, Harrison Auto Parts, and West Texas Utilities Co.

Business firms may build and enter their own floats if they desire to do so, the committee pointed out.

### IN LANG HOME

Major and Mrs. Edwin Speer, who have been in Chicago several weeks where he attended school, arrived last week for a visit with her parents, Mr. and Mrs. W. D. Lang and other relatives and friends here.

## P. O. To Be In New Building Monday

### Warm Clothing Is Needed For Small Boy and Girl

Mrs. B. B. Bedford, secretary of the Winters Chamber of Commerce, has had an urgent call for warm clothing through the Salvation Army for a small girl, 5 years-old and a two-year-old boy.

Parents who have good clothing their children have out-grown, especially coats and sweaters, are asked to contribute them to this urgent appeal for these children. These are children of a local family.

The doors of the old post office on South Main Street will be locked at noon Saturday, and the new post office on West State Street will be open for business Monday morning, according to Rankin Pace, postmaster.

After the mail is up Saturday morning, November 14, the post office will start moving into the new building, Pace said. He asked that patrons please get their mail out of the boxes and call for packages early Saturday so that the move can be made as quickly as possible.

New box numbers and combinations were put in boxes Thursday, Pace said. He requested that box holders try the new box combinations before Saturday, if possible.

Letter drops at the old post office will be sealed Saturday afternoon, but mail can be deposited at the new post office.

Open house for the new post office will be held after the first of the year, following the Christmas rush, Pace said. There also is some additional equipment to be installed before the open house is held.

## Annual Salvation Army Drive Kicks Off at Breakfast

Winters Service Unit of the Salvation Army began its annual appeal for funds Wednesday morning with a kick-off breakfast in Pierce's Cafeteria. The Service Unit Committee, composed of Chairman, R. D. Cathy; Vice Chairman, Wes Hays; Treasurer, W. H. Craven, Jr.; Welfare Secretary, Mrs. B. B. Bedford; Mrs. Alvin Benson, W. H. Hudgins, Dr. H. H. McCreight and Bill Harmon of Wingate, is a committee to administer emergency assistance to anyone in need.

The Ladies Auxiliary of the Veterans of Foreign Wars has taken the Salvation Army drive for its civic project. Mrs. Frank Brown, president of the Auxiliary and campaign chairman, presided over the kick-off breakfast.

Workers for the drive in Winters are: Captains Roger Robinson, J. C. Wilkerson, Mrs. Weldon Collins, Elzie Cox and Mrs. R. P. Penny. Workers include: Martin Middlebrook, Billy Chapman, John McAdoo, C. W. Sneed, H. N. Nichols, Max Lewis, Mrs. B. B. Bedford, Z. I. Hale, C. R. Kendrick, Nevelle Fisher, Dorothy Paske, Lou Ellen Yockam and Margrete Rowell. In Wingate the drive is headed by A. Dooley and including Mrs. Bill Harmon, Mrs. Flossy Kirkland, Mrs. C. L. Rogers, Mrs. Duncan Hensley, Mrs. Pearl Parish, Mrs. Mildred Clark and Mrs. Bill Miller.

The people of Crews, Dale, Drasco, Harmony, Independence, Pumphrey, Victory and Mann are also being contacted. Treasurer Bill Craven's report was read at the kickoff where it was explained to the workers that some 153 persons had been given assistance by the Service Unit Committee in North Runnels County during the past year. This assistance included groceries, fuel, garments, milk, lodging, meals, transportation, a summer camp program for deserving boys and various other types of emergency assistance. The Service Unit Committee is not a "red tape" program, any two of the members and often one can make an immediate decision and assistance is given at once. "If we are to fulfill our obligation to our less fortunate we must be prepared to meet any emergencies. This committee is prepared, whether it be shoes for an 8 year old school girl or furniture for a burned out family," Mrs. Brown stated.

Mrs. Brown asks that all workers contact their prospects and attend the final report meeting Friday afternoon at 3:00 in Pierce's Cafeteria, November 13th. "Let's all work and make this a short and successful appeal," she said.

## A. L. Afflerbach Died Of Heart Attack Wednesday

Albert Afflerbach, 61, manager and co-owner of Spill Bros. & Co., furniture store and Spill Funeral Home, died unexpectedly at his home at 3:15 a. m. Wednesday.

Death was due to a heart attack.

Mr. Afflerbach had been recovering from pneumonia and had been discharged recently from Hendrick Memorial Hospital in Abilene. He had been in Winters Municipal Hospital for several days prior to being transferred to the Abilene hospital.

Rosary was recited at 8 p. m. Wednesday and again at 8 p. m. Thursday at Spill Memorial Chapel.

Mass will be said at 10 a. m. Friday at Our Lady of Mount Carmel Catholic Church in Winters. Burial will be in Fairview Cemetery.

Mr. Afflerbach was born at Ballinger June 6, 1898, and came to Winters in 1919 to help his uncles, the late Albert Spill and the late Ben Spill to operate their furniture store. He worked his way up to manager and co-owner of the business.

He was a director of the Winters State Bank, a former vice president of the Winters Chamber of Commerce and a former member of the Winters School Board. He was a member of the West Texas Funeral Directors Ass'n., and the National Ass'n. of Funeral Directors.

Mr. Afflerbach married Olga Zappe in 1928 at Ballinger. She died November 11, 1946. In 1952 he married Ila Harrell Mershon.

Survivors include his wife; two daughters, Mrs. LeRoy Liberda of Kingsville and Mrs. Stanley Pensick of San Antonio; one brother, Chester of Ballinger; and five grandchildren.

Pallbearers will be John Norman, John Waddell, Frank Pumphrey, Mayor H. D. Jones, Dr. R. C. Maddox, C. S. Yust and A. W. Libbe, all of Winters, and J. G. Tuckey of Ballinger.

Winters businesses will be closed from 10 to 11 a. m. Friday during the funeral services.

## Tri-County Singers To Meet Sunday

Regular meeting of the Tri-County singers will be held Sunday afternoon November 15, from 2 to 4 o'clock, at the Hopewell Baptist Church, it has been announced by Clyde Brevard, secretary.

Mr. Brevard stated that all singers and pianists are needed. Singers are expected from Winters, Coleman, Ballinger and San Angelo.

## Scout Fund Drive Netted \$1365

The recently completed drive for funds for Winters Boy Scouts has been the most successful campaign to date, with a total of \$1365.46 contributed, J. C. Martin, campaign chairman, said this week.

In behalf of the many people who worked on this drive, Martin expressed thanks to the residents of the Winters area for having "again expressed their interest in the youth of the community."

'59 BLIZZARDS—Above are the members of the 1959 Winters Blizzard football team. So far this season, the team has a record of 5 wins and 4 losses. They have won 2 and lost 2 in District 7AA

competition. The Blizzards will play the last game of the 1959 football season Friday night when they go to Ballinger to play the Bearcats.

**Trinity River Hassle Typical Of Tangle Confronting Texas In Water Problems**

By—Vern Sanford  
Texas Press Association

Typical of the tangle of interests and viewpoints that confront Texans when they set out to "solve the water problem" is the current hassle over Trinity River water. Trinity development poses special problems. This second largest river in Texas (in volume of water) has a 455-mile channel that meanders through or near three major population centers—Fort Worth, Dallas and Houston. All are directly concerned, not to mention the smaller cities along the way.

In the current hearing before the State Board of Water Engineers, Houston and the Trinity River Authority jointly seek permits to build two dams, both near Houston. One would be a reservoir at Livingston; the other, a salt water barrier at Wallisville.

At first, Houston alone sought the permits with stiff opposition from TRA. Then the two agencies compromised and agreed that both would build the dams with Houston footing 70 per cent of the bill and getting 70 percent of the water.

But before the plan could be approved, objections came from all sides. These now are being heard before the Water Board.

San Jacinto River Authority, which supplies part of Houston's water, contends the city should stick with the San Jacinto. North Texas Municipal District and the Municipal Service Company are worried about their own future water supply from the Trinity.

Southern Canal Company, which long has sought irrigation rights downstream, is opposed to the plan as are various landowners whose property would be flooded by the new reservoir.

Testimony is complex, often heated and expected to be quite lengthy.

Some of the data presented on future water needs provides a glimpse of the possible Texas of tomorrow. And engineer, appearing for Houston, predicted the nine-county area around that city will have a population of 6,750,000 by the year 2010—more people than the whole state had in 1940. Water needs will be a staggering 2,682,000,000 gallons a day, he said.

**URANIUM PROMOTION STUDIES**  
House Investigating Committee

has been looking into the money-raising methods of a man who claims to have a device to upgrade uranium ore.

John Milton Addison faces charges in state and federal courts of using illegal financing methods. He has purportedly borrowed \$1,000,000 at 10 percent interest in unsecured loans.

But lenders appearing before the House committee said they had faith in Addison and felt he had been "persecuted" by law enforcement officers.

Rep. H. J. Blanchard of Lubbock heads the investigating panel. Other members are Reps. Joe Burkett of Kerrville, Tom James of Dallas, Carl Conley of Raymondville and John Allen of Longview.

**COURT TO MOVE**  
Texas Supreme Court holds its last session in the 71-year-old State Capitol building this week. But it may be a month before the high court gets all its records and huge library moved and gets settled into the splendid new quarters in the just completed Courts Building.

On Nov. 18, however, the judges are to sit at the new marble bench. Furthermore, they will add a new tradition to Texas judicial history by wearing black robes.

Court of Criminal Appeals and Third Court of Civil Appeals are to move into the new building at a later date.

**UNION MAY BE SUED**  
State Supreme Court has ruled that a labor union may be sued for damages by one of its members.

It reversed the holding of a lower court that the union could not be held responsible. This clears the way for a plumber to seek \$19,039 in damages.

H. J. Borden, the plumber, charges that an agent for the United Association of Journeymen and Apprentices of the Plumbing and Pipefitting Industry barred him from work.

**ASLEEP?**  
Texas Conservatives heard a familiar voice tell them they have become "lazy".

Shivers, long a Conservative standard bearer, recommended development of a program for the

Those present were Mesdames J. D. Vinson, Ella Ritch, Lee Herman, Elmo Mayhew, G. E. Shook, W. T. Stanley, Jerry English, Bob Hatcher, George Rosson, R. P. Weeks and the hostess.

The next meeting will be held Tuesday November 17, at 9 a.m. at the church with Mrs. Lee Herman as hostess.

The Ophelia Circle met in the home of Mrs. Thad Traylor and Mrs. Carl Baldwin gave the devotional on the customs and creeds the African women made for themselves and led in prayer.

Mrs. Sam Jones gave a talk on the African and illustrated on the map. Mrs. Traylor gave "The Bride's Price in An African Tribe" and the meeting was closed with the group repeating the Lord's Prayer in unison.

Refreshments were served to Mesdames Sam Jones, Jim Edwards, W. W. Parramore, Thad Traylor and Carl Baldwin.

**Funeral Rites For Mrs. Lela B. Hill Conducted Monday**

Funeral services for Mrs. Lela Burnet Hill, 77, longtime resident of Crews community, were held Monday morning at 10 o'clock in the Newby-Davis Chapel in Ballinger. Burial was in the Fairmont Cemetery in San Angelo at 2 p.m.

Mrs. Hill was killed at 8:30 a.m. Saturday when her car and an empty cattle truck collided at the intersection on U. S. Highway 67 and FM 382 one mile east of Ballinger.

The truck driven by Donald Carson 26, of San Angelo was traveling on the main highway and Mrs. Hill was driving off the FM road onto the highway. The car was dragged approximately 100 yards. Mrs. Hill died enroute to the hospital. Carson was uninjured.

A native Texan, Mrs. Hill was born April 12, 1882 in Bell County and moved to Runnels County from San Angelo in 1930. She was a school teacher and her late husband ran a store. She was a member of the Church of Christ.

Survivors are one half-sister, Mrs. E. C. Wooley of San Angelo and several nieces and nephews.

**Literary, Service Club Met Thursday In Lewis Home**

Literary and Service Club held their regular meeting Thursday in the home of Mr. and Mrs. Max Lewis with Mrs. Z. B. Morgan sharing hostess duties with Mrs. Lewis.

**MOTORISTS SPEED UP—**

Texas drivers are bearing down on the accelerator more this year, a State Highway Department survey shows.

Study showed average highway speed at 54.8 miles per hour in 1959 compared to 53.4 for 1958. Passenger cars are traveling at an average 56.2 miles per hour; trucks, 50.3; busses, 60.7. Legal rate of speed for busses is 55 miles per hour.

According to the sampling, 21.9 per cent of passenger cars are exceeding the legal rate of 60 miles per hour. Last year only 15.2 per cent were above the legal speed.

Highway Department's survey was made with camouflaged radar equipment at 24 representative locations on rural state highways.

## Tribute to A. L. Afflerbach Who Passed Away Wednesday, November 11

By RUTH LITTLE

November 11 dawned gray and dreary in the little town of Winters. And the somber mood of the day matched the spirit and hearts of its inhabitants. For one of the best known and best loved of its citizens was gone.

Albert Afflerbach, local funeral director, suffered a fatal heart attack at 3:15 A. M. at his home here. And with his passing Winters lost one of its biggest hearted residents of all time.

The people he helped, in their time of need, are innumerable. Mr. Afflerbach was more than just the funeral director who handles the last rites of loved ones in a business like manner; he was a friend to all with whom he came in contact. Through his 40 years at the funeral home here, he was always there to comfort, console, and take burdens from the shoulders of those in grief.

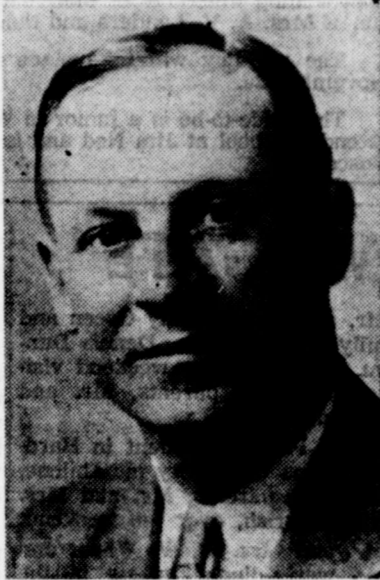

When someone died or was killed, whatever hour, Afflerbach himself would always be found on the job, even after his job, proper was finished, serving as the close friend needed in such times. All the little things that few people remember to do were taken care of in his quiet modest way. The kindness and consideration in his voice and his comforting smile of understanding touches deep into the memories of practically every resident of the town.

People from many parts of the nation, as well, have come to this West Texas town for their loved ones' funerals, only to go away comforted by his thoughtfulness and understanding, with a new found friend. It can be said that almost everyone in Winters who has ever suffered a loss loved Albert Afflerbach.

Yet he was a man in whose life tragedy had come. A son, Lieutenant Robert Afflerbach, was killed in action in the Korean conflict; another son, Howard died at the age of four, and his first wife died in 1946 after a long illness. Still there was no bitterness in him. Only a sadness in his eyes at times ever gave evidence of the fact that he, too, had suffered.

A little over a month ago, when he first fell ill, a woman, who had recently lost her husband was heard to remark "this town couldn't get along without him." She expressed the sentiment of the town.

This was only one of such comments which have either been voiced or thought during recent

A. L. AFFLERBACH

weeks—not concerning the finances of the town, nor the growth of the town, but a tribute to the man and his dedication to service of his people.

And his people came to pay tribute. Literally hundreds of them called at the Funeral Home, where he still presided, but in a different role.

The procession began early Wednesday morning as the news of his death was spread by word of mouth. People of all classes and races from all walks of life mingled sadly in a united grief. A poorly dressed man in frayed clothing stood beside a fashionable woman wearing diamonds. The eyes of both filled with tears as they gazed at the lifeless body of their friend, and they shared a common grief.

### Ernestine Scott Presided At Meet Of FHA Monday

A regular meeting of the Future Homemakers of America was held Monday, November 9, in the Homemaking Cottage.

Ernestine Scott, president, presided over the business meeting. Toni Johnson read the minutes and Pam Bedford gave a treasurer's report. A float committee was appointed and December 1, was set as the deadline for Christmas cards, which are to be sent to the Hospitals. The Daddy Date Night, which will be held on November 24 was discussed.

Ruth Ann Spill was in charge of the program which was initiation of new members. She was assisted by Ernestine Scott. Those being initiated were: Rosaline Scott, Bobbie Howard, Elizabeth Lopez, Sandra Dishner, Beth Corder, Karen Foster, Sharon Denson, Dickie Hale, Linda White, Carolyn Helm, Beverly Huddleston, Linda Hoff, Carolyn Scott, LaRoss Sheppard, Judy Smith, Gretta Riddle, Judy Wearden, and Sharon Johnson.

Barbara Bolden led the members in the F. H. A. Prayer Song and the meeting was adjourned.

## Girl Scout Council Held Meeting Monday Evening

The Winters Girl Scout Council held an associational meeting Monday evening at the Methodist educational building. Mrs. Clem Rozman was in charge of the business session, and Mrs. Creighton Stanley gave the report of the nominating committee and read the minutes.

Mrs. J. C. Wilkerson, program chairman, read the plans for the assembly meeting to be sponsored by the Garden Club. Members of the Garden Club will be responsible for a meeting the fourth Tuesday of each month. The Brownie program will be held from three to four and the intermediate group will meet at four o'clock. Leaders are invited and all troop meetings will be omitted that week.

Mrs. Walker Tatum gave the final report on the carnival and also stated that the tables purchased from the funds were in the scout building waiting to be varnished. As soon as they are finished, the tables will be ready for use.

At the start of the second half Stamford kicked to Winters. Arroyo took it on the Winters 15, and after an exchange of fumbles the game slowed down. A Winters recovery and Briley carried to his 30. Poe went around end to the mid stripe, and Awalt made a first. Briley marked up five and Poe went for a first. Briley accounted for still another first inside the 10. Glenn Awalt charged over for the first touchdown from the ten, putting Winters out front 6-0.

In the fourth quarter a Stamford fumble started the Breezes on the road to their second touchdown. Poe, Briley and Awalt racked up successive first downs. Then Winters fumbled and Stamford recovered. Good defensive work by Winters players kept Stamford from making a first and the ball went over on downs. A complete pass and a first by Poe set up the TD and Briley made it 12-0. Extra point run was good, and the final score, Winters 14, Stamford 0.

R. W. Balke held a short discussion concerning the fund drive. It was decided that a Halloween carnival be held annually, and this proposal will be presented to the leaders in September, 1960.

Mrs. W. J. Briley was hostess of the month. Attending were Mrs. Clem Rozman, Mrs. Mary Wheeler, Mrs. Tommie Hodnett, Mrs. Jack Whittenburg, Mrs. Pauline Kraatz, Mrs. Shirley Crouch, Mrs. James Wallen, Mrs. Hubert Crenshaw, Mrs. Raymon Lloyd, Mrs. Creighton Stanley, Mrs. Walker Tatum, Mrs. J. C. Wilkerson and R. W. Balke.

## 8th Grade Breezes Roll Over Stamford 14-0 Thursday

The Winters Eighth Grade Breezes climaxed a highly successful season by beating Stamford 14-0 in a cold-weather finale last Thursday night. For Coach Ed Cheek's eighth grade team, the game played in Stamford was the tenth straight win this season. They lost only one game last year.

For the first time in any game this season, the Breezes were scoreless in the first quarter. Cold hands were the cause of several fumbles on both sides, and play was primarily give and take in the middle of the field. Mike Mitchell and Wayne Poe were responsible for several nice tackles during the initial period.

The second quarter also proved scoreless. A sustained drive with nice carries by Poe, Mike Briley and others, moved the ball to the Stamford 15. There Stamford intercepted Arroyo's pass. But the ball changed hands as Winters recovered a Stamford fumble. In this quarter, there was good defensive play by Charles Bahiman, Mike Mitchell, Johnny Hopper, Mike Briley and Wayne Poe.

At the start of the second half Stamford kicked to Winters. Arroyo took it on the Winters 15, and after an exchange of fumbles the game slowed down. A Winters recovery and Briley carried to his 30. Poe went around end to the mid stripe, and Awalt made a first. Briley marked up five and Poe went for a first. Briley accounted for still another first inside the 10. ## Funeral Rites For Mrs. C. E. Sullivan's Father In Cisco

Funeral services for J. C. Underwood, 84, father of Mrs. C. E. Sullivan of Winters, were held Friday afternoon at 2 o'clock in the Calvary Baptist church at May, with the Rev. Ed Crow, pastor of the First Baptist Church at Cisco, officiating. Interment was made in the May cemetery.

Mr. Underwood died Thursday in the Graham hospital where he was taken following a heart attack while on a visit with a son, Felton Underwood, of Cisco.

Native of Mississippi, Mr. Underwood was born in Baldwin October 25, 1875, and moved to May in 1896. He married the former Susie Glenn in May, 1903. She passed away in 1925. Mr. Underwood was a retired rural mail carrier and deacon of the Baptist church.

Survivors include one daughter, Mrs. C. E. Sullivan of Winters; four sons, Alton Underwood of Big Spring; Jack Underwood of Odessa, Wilburn Underwood of Mont Belvieu and Felton Underwood of Cisco; eight grandchildren and three great grandchildren.

## Cisco Game--

(Continued from page 1)  
long pass to Jimmy Smith, who gathered the pigskin on the 8, and left defender Schaefer "waiting at the altar" as he jack-rabbitted in to paydirt. The try for extra points failed, and the final score of 42-22 was on the board.

Still the White Wave fought on, as they recovered a Cisco fumble, and with less than a minute left, it was "Katy bar the door," for the Blizzards let loose with everything but the kitchen sink, and moved down to about the 20, where the final gun sounded.

Most of the Blizzards' rushing yardage was picked up by full-back Dalton Attaway, who was once again big boom for the Blue on the ground.

And now the Blizzards prepare for the last game of the year, and the big game of the season, the traditional battle with the Ballinger Bearcats in Ballinger Friday night. It should prove to be a close game, with a lot of "No holds barred" football.

## Many Self-Employed Farmers Not Aware Of Rights Under SS

There are still many self-employed farmers who may not be aware of their rights and obligations under the social security law according to Floyd B. Ellington, manager of the San Angelo Social Security district office.

The law provides that self-employed farmers must report and file social security tax returns if their net earnings equal or exceed \$400 a year from their farm. In addition, a farmer whose profits are less than \$400 has certain options in reporting the income derived from his farming activities. For example:

(a) If a farmer's gross income is between \$600 and \$1800, he may count as his net earnings for social security purposes either the actual profits, if at least \$400, or two-thirds of his gross farm income, even if he had a loss for the year.

(b) If his gross farm income is more than \$1800 and his net profit is less than \$1200, he may report either \$1200 or his actual net earnings.

These options are available to farmers for all taxable years ending on or after December 31, 1956. Ellington pointed out that the payment of social security taxes is compulsory if a farmer nets a profit of \$400 or more, and he added that farm operators who overlooked the optional methods of the law still have time to report their earnings for the years starting with 1956. A farmer who does not report his earnings for these back years, will lose social security credit toward future benefits. For example, a farmer who reached age 65 last January will need at least two years under social security to qualify for benefits. If a farmer has not reported his earnings for at least two of the years beginning with 1955 (when farmers' earnings could start counting toward social security benefits), he will not be eligible for retirement payments.

Since the amount of your old-age, disability and survivors benefits is directly based on your average earnings under social security, it is extremely important to file tax returns on time and to show all farm income and expenses fully and correctly.

Ellington urged all farm and ranch operators who wish additional information to contact his office at San Angelo.

**ATTENDED FUNERAL**  
Mrs. T. A. Lindley and sons, Buck, and Mr. and Mrs. Ben Lindley and wife, and grandson, Mr. and Mrs. Don Lindley, and baby, returned Tuesday night from Fort Worth where they had attended the funeral of Mrs. T. A. Lindley's mother, Mrs. Anna Haas, who died Monday morning.

## 1959 Farm Census Questionnaires Being Mailed

Questionnaires for the 1959 Census of Agriculture are now in the hands of local farmers within a few days, it was announced today by Field Director James W. Stroud of the Census Bureau's regional office at Dallas.

The farm census questionnaires are being mailed from Chicago, Illinois with the distribution timed so that the report forms will reach farmers about a week ahead of the date when census takers will begin the field canvass. The advance mailing is for the purpose of giving farm operators time to consult their records before filling in the answers required by the questionnaires and getting them ready for the census takers to pick up. This procedure is designed to insure greater accuracy of reporting and to save time both for the farmer and the census taker when the latter calls at the farm.

The 1959 Census of Agriculture questionnaire is designed to provide information on the number and size of farms, acreage and harvest of crops, livestock production and inventories, selected farm facilities and equipment, selected farm expenditures, farm values, and mortgage debt. On the average, each farmer is asked about 100 questions, many of which can be answered by simply checking "yes" or "no".

Inspect the roof to see if the summer sun has curled or caused shingles to split. Check metal flashings in roof valleys, around chimneys and other critical points. If they are in poor condition, replace or repair.

Regular meeting of the Brownie Troop No. 2 was held Tuesday afternoon in the home of Mrs. Billie Wilbanks. Eleven Brownies were present.

Nibbles were served by Stephanie Cox to Brenda Awalt, Debbie Worlick, Beverly Sprinkle, Susan White, Donna Benson, Ethel McMillan, Dorothy Martin, Carolyn Blake, Janice Grady, and Theresa Meyer.

Members of Brownie Troop No. 1 met Wednesday November 4, at 3 o'clock with one committee mother, Mrs. J. C. Wilkerson and one leader, Mrs. Mary Wheeler, present. The girls made fish-shaped pot holders. All members were present.

Members of Troop 1 and Troop 4 met jointly Wednesday, Nov. 11, with a new leader, Mrs. Pauline Kraatz, present.

New members are Pauline Rozman, Anna Gonzales, Brenda Gresham, and Deidra Templeton.

## TO MARKET IN DALLAS

Mrs. Frances Campbell of the Fashion Shop was among the 5000 buyers attending the American Fashion Association's early spring market held in Dallas last week.

## VISITED IN OKLAHOMA

J. L. Downing returned Wednesday from Shawnee, Oklahoma where he visited in the home of his brother, Mr. and Mrs. E. P. Downing and with his daughter, Mrs. Tom Stevens and Mr. Stevens.

## IN TINKLE HOME

Mr. and Mrs. J. S. Tinkle of Abilene and Mr. and Mrs. George M. Garrett of Fort Worth have visited in the home of Mrs. Fred Tinkle this week.

## Make Minor Home Repairs Now

With winter weather turning the corner, now is the time to check your home and other buildings to see if any part of the structures need replacement or repair, is the advice of W. S. Allen, extension agricultural engineer.

Inspect the roof to see if the summer sun has curled or caused shingles to split. Check metal flashings in roof valleys, around chimneys and other critical points. If they are in poor condition, replace or repair.

## Which of these Babies is J. D.?

This is the nursery of a large metropolitan hospital. Six times a day these precious bundles visit their happy mamas. And every night their proud papas gape at them through the glass. Nurses watch over them constantly. Doctors examine them daily.

But the statistics in the files of the police department cast a black shadow over this innocent scene. For one of these babies is J.D.

J.D. is short for a juvenile delinquent. And from police records and census figures we can estimate the proportion of new-born infants who will become juvenile delinquents in ten to twenty years. The one factor that threatens the accuracy of our calculations is that juvenile delinquency is *increasing*.

There are just two ways to deal with the problem. One is to enlarge our jails. The other is to give every child's spiritual well-being the same thorough attention that this hospital gives his physical well-being.

Is yours a church-going *family*? Is yours a religious *home*?

### THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

## "Current Rebuilding of Russian Homes Causes People to Worship Communism"

Moscow, Russia, Nov. 5—After traveling two days from Warsaw, Poland through Russia, we have remained about one week in Moscow. It certainly is a wonderful city, with 5,000,000 people plus 2,000,000 in the suburbs; but, of course, to comment on Communism after such a short visit would be foolish.

### Freedom To Investigate

Many Americans report that they are compelled to tour with "Communist guides" who show them only what the Russian rulers wish them to see. This I do not believe. First, because of the language difference, guides who can talk English are absolutely necessary. English-speaking persons are very, very scarce here. Second, I can testify that our

guide—a woman—took us everywhere we asked to go. She had no prescribed route; also, every question we asked she answered frankly. Furthermore, tourists from the United States are well treated, especially since Mr. K's visit to the U. S. A.

Unfortunately, the weather has been against us. It seemed very cold to us; two days it snowed hard, which made it impossible to see much from our taxi; but the guide took us into every building we asked to see. Let me add that our U. S. Embassy here was most helpful.

### Russia Now Is Materialistic

Russia was in wretched condition when the Revolution came in 1917. Moscow had narrow, poorly paved streets and mostly wooden

houses. The new government's first act was to widen greatly the streets of every large city and build five-story cement apartment buildings. As these were built the old houses were pulled down, and this is still going on today. This rebuilding naturally caused the people to worship Stalin, accepting blindly the new Communist form of government. In the course of 20 years this has succeeded in giving every family a good home in a modern apartment building and—through the collective farms—plenty to eat,—with free hospitals and other comforts. There are now no slums in Russia such as are in our large cities!

At the same time, all church worship was discouraged. The old Russian churches under the Tsars had done nothing for the people; so Stalin decided to wipe them out. Almost all the people you meet state proudly that they are "atheists." We, however, insisted on visiting one of the beautiful remaining open Orthodox churches. Our guide stated that she had never been to church before, although we found that this one was attended each Sunday by over 4,000 praying people, all of whom must stand since there are no seats. True worship is coming back in Russia gradually; but first everyone who is willing to work is being given shelter and food.

### Education Now The Goal

During the years Stalin, and now Khrushchev, have directed great efforts toward free education. Most beautiful school and college buildings have been built. Everyone must attend school from the age of 7 to age 14. At 14, they are given competitive exams and those who pass are admitted free to high school for three years. At the age of 17—directly after high school—everyone must go to work in a factory, or on a farm, or in construction work, or in the army. During those two years they are carefully watched to see whether they deserve a college training in science, mathematics or "inventions."

Of the million children attending school in Moscow, about 50,000 are now in colleges or universities. They are constantly checked and about 5,000 are given the very advanced work which results in development of space missiles and other remarkable inventions. Certainly there is much that we in the United States can learn about educating our young people. Moreover, if any of the Russian students feel they were overlooked in the "sifting" described above, they have the opportunity of studying under the world's most complete correspondence courses.

### Russian Government Finance

I was given excellent opportunity to learn how Russia raised the money to build these thousands of apartment houses and beautiful highways and to give such excellent free education. This is the answer: Instead of selling bonds to the banks as we do in the U. S., the Russian government, which owns all the property, prints money to pay the workmen, teachers, professors, etc.—and also to provide old-age pensions, etc., direct. Every worker in Russia receives newly printed rubles for his or her work. This both reduces the cost of financing and immediately circulates the money among the consumers.

"But how does this prevent inflation?" you ask. Here is the answer: The government collects rent from all its apartments; it makes a profit on all goods—including foods—sold in its government-owned stores. In addition it makes a profit on its vast electrical power distribution, its railways, busses, telephone-telegraph, and factories; also from the collective farms and fisheries. These profits are used for depreciation charges on all property. Hence a percentage of the rubles which were issued to construct are annually destroyed. Large amounts of currency are therefore constantly being retired. If these profits are not sufficient, small taxes are collected, although the goal is to have no taxes.

### Incentive Or Fear?

We who are fortunate enough to live under a free-enterprise system wonder how Russia can achieve efficiency and progress without giving rewards in the form of increased salaries or gold-braid uniforms. Such rewards are being given in Russia to a certain extent; but as there are no labor unions or strikes, there are no wage increases except to those who produce more. In fact, the motto is: "Those who do not produce cannot eat unless disabled." Furthermore, since the government owns everything and no one gets private profits, the factory and farm workers are told "the factory or farm in which you work really belongs to you."

## Funeral Services Held Sunday For Jimmy Bryan Ash

Funeral services for Jimmy Bryan Ash, three year old son of Mr. and Mrs. James Ash, who live on a farm 12 miles west of Winters, were held Sunday at 3:30 p. m. in Spill Memorial Chapel. The Rev. Virgil James, pastor of the Southside Baptist Church, officiated and the Rev. Don Lange, pastor of the Dunn Baptist Church, assisted. Burial was in the Wilmeth Cemetery.

The child died suddenly at Bronte Hospital at 5:15 p. m. Saturday after undergoing an operation for the removal of his tonsils and adenoids Saturday morning.

He was born May 11, 1956 in Bronte.

Survivors include his parents, one brother, Wesley, 7; the paternal grandmother, Mrs. J. W. Ash of San Angelo and the maternal grandparents, Mr. and Mrs. Elmer Bryan of Winters.

Pallbearers were Walter Onken, Cecil Tekell, Lenard Wright and Robert Lee Hill.

## Former Resident Of Moro Community Died In Amarillo

Miss Roma Estell Neill, 45, former resident of the Moro community, died at 10 p. m. Thursday in Amarillo. She had been ill with cancer four months, becoming ill while in Fairbanks, Alaska.

Miss Neill was born in Kermit March 14, 1914 and attended school at Moro and a business college in Louisiana. She had been manager of post exchanges for the Air Force bases, as a government employee for sixteen years. She had worked for Sheppard AFB, Wichita Falls and was transferred to Alaska in 1956. She returned to Amarillo October 17. She was a member of the Baptist Church.

Funeral services were held Sunday afternoon at 2 o'clock in Elliott Funeral Chapel in Abilene with the Rev. Clyde Jackson, Baptist minister from Hobbs, N. W. Mexico, officiating. The Rev. Thomas Young of View assisted. Burial was at Bluff Creek Cemetery near Bradshaw.

Survivors include six brothers, Alex of San Angelo, Garland of Fort Knox, Tenn., Tom and Bill of San Diego, Robert of Amarillo, John of Abilene; one sister Mrs. Ira Durham of Tuscola.

Although I speak without authority or actual knowledge, I feel that fear is an economic factor. Certainly the fear of very severe punishment prevents graft from developing in some part of this great economic machine. This fear may percolate through every family and worker. How long this universal fear can continue without a blow-up, only the future can tell. This is well discussed by Eleanor Roosevelt in her recent book "On My Own" published by Dell Publishing Co., Inc., 750 Third Avenue, New York 17, N. Y. price 50 cents. Every reader of this column should own a copy.

High heels were invented by a woman who had been kissed on the forehead. When you get too old to dream, check your social security rights.

## Mrs. Worthington Presented Program At Garden Club

"Home Landscaping Design" was the topic of the program presented by Mrs. T. H. Worthington at a meeting of the Garden Club held Friday afternoon in the Educational Building of the First Baptist Church.

Mrs. Worthington stated that foundation planting should begin with a plan on paper. Shrubs can ruin the landscape if the homeowner does not know beforehand the height, width, and depth of the shrubs at their maturity. Colored slides of various yards were shown and pointers on good and bad ways to landscape were given.

Mrs. C. W. Mayes reported on the activities at the Fall District meeting which she attended in Abilene October 8, and Mrs. J. E. Griffin stated that the dedication of the new post office will not be held until the first of the year.

Mrs. Buck Smith was a guest and members present were Mesdames O. D. Bradford Sr., George Briley, R. L. Briley, Jerry English, L. Ernst, Robert Everett, J. E. Griffin, A. W. Libbe, C. W. Mayes, John Minzenmayer, W. D. Sanders, A. Z. Sharp, Floyd Sims, J. W. Ward, M. C. Wilbanks and T. H. Worthington.

## Sub Deb Club Held Regular Meeting Monday Evening

Regular meeting of the Sub Deb Club was held Monday evening in the Jack Frazier home with their daughter, Linda, serving as hostess.

Nancy Roberts presided for the business session and Edna M. A. Field called the roll and a treasurer's report was given. The deadline for the selling of Christmas cards was extended until next Monday and a letter of acceptance from Mrs. Jerry English, club mother, was read.

Two amendments to the constitution were presented and will be voted on next Monday. The group discussed the annual Thanksgiving banquet, the float for the Christmas parade and the selling of candy and Gandy products.

"What You Want To Know About Hair Coloring" was the topic of the program presented by Evelyn Hudgins and Tam Gans.

Scandal was read and refreshments were served to LaGatha Traylor, Evelyn Hudgins, Martha Marks, Bobbie Howard, Naida Peacock, Linda Frazier, Tam Gans, Nancy Roberts, Ernestine Scott, Edna Mayfield, Carol Ann Smith, Nancy Benson, Bettye Mayfield, Mrs. Wes Hays and Mrs. W. T. Stapler.

The benediction was repeated and the meeting was closed.

## Amusements Coming to Local Theatres

### "THE MYSTERIANS"

The existence of beings on some faroff planet with such extraordinary mental powers that compared to them we are like apes is one of the frightening concepts explored in the new science-fiction thrill film, "The Mysterians."

An MGM release in wide-screen and color, "The Mysterians" tells the hair-raising story of a race of gigantic scientific intellects whose planet is destroyed by an atomic disaster and who determine to take over Earth, mate with its women and enslave its men.

How the nations of the Earth learn to put aside their differences and unite to defeat the invaders makes "The Mysterians" spectacular and action-filled entertainment. It is a Toho Production.

### "THE GEISHA BOY"

Jerry Lewis dons a Japanese kimono and opens a bag of hilarious new tricks in his upcoming Paramount picture, "The Geisha Boy" which co-stars Marie McDonald and Sessue Hayakawa and arrives Sunday only at the Fiesta Theatre.

Filed in Technicolor and VistaVision, "The Geisha Boy" stars Jerry in the role of an unemployed magician who joins a U. S. O. unit in Japan and Korea. It tells the story of his adventures there, and since they are Jerry Lewis's adventures it follows as the night the day that they are bound to be the zaniest and most uproarious

that ever befell man—or magician.

Contributing to the proceedings are a number of new personalities including pretty Suzanne Pleshette from the Broadway stage, luscious Japanese beauty Nobu Atsumi McCarthy, little Robert Kazuyoshi Hirano the famous Japanese wrestler Ryuzo Demura. A most amazing little white rabbit, Harry Hare, is among those present—and, of all things, the Los Angeles Dodgers! But then, anything can be expected in a Jerry Lewis picture, most of all laughs, so be sure to get your share from "The Geisha Boy".

### IN ANDERSON HOME

Mr. and Mrs. A. H. McAgee of Pampa and Mrs. Wade Robertson of Lubbock were over night visitors recently in the home of Mr. and Mrs. Sid Anderson.

### RETURNED HOME

Mr. and Mrs. Sid Anderson returned home this week from Austin where they attended the funeral of Mrs. Anderson's brother-in-law, C. M. Fincher, held Sunday in Austin.
