

## HOME TOWN

# Talk

By R. C. THOMAS

A Winters girl is the champion fisherman of the Lower Rio Grande Valley. Judy Kay Turk, 10-year-old daughter of Mr. and Mrs. Virgil Turk, caught a 190-pound gar in Delta Lake, 26 miles northeast of McAllen.

The Turks are visiting the Bob Eason family of McAllen. Judy Kay hopes on this trip or others to try her luck in all the Valley fishing "holes," including one of the world's biggest, the Gulf of Mexico at Port Isabel and Padre Island. Huge Falcon Lake, teeming with white and black bass and catfish (according to a publicity release), the Rio Grande, Marte R. Gomez Lake and the Arroyo Colorado are other places Judy Kay hopes to wet a hook in.

According to Postmaster Rankin Pace, anxiously awaiting the start of city mail delivery in Winters July 23, there have been a few reports that a few houses have no numbers yet. Numbers may be obtained by calling at the office of the chamber of commerce. Pace also said that some of the street names may be wrong, or signs turned around on the posts. This can also be corrected, he said, by calling the chamber of commerce.

Another important item Pace wants to call attention to is that mail carriers, when they begin their rounds on July 23, will not have stamps for sale.

We'll bet half of Texas woke up with a good sunburn Tuesday morning. At least the half we have seen was not looking for any back-slapping.

With the long Fourth of July weekend, there probably was not a body of water in the whole State bigger than a horse trough which was not churned to a froth by boats, skiers, fishermen and bathers.

The really active and challenging water sport seems to be skiing. Every family has at least one fan, and many times there is difficulty to find someone to run the boat. From the little tykes to the older generations, everyone has taken to the water on those strips of waxed wood. It doesn't end there, though. There are all manner of surfboards, disks and kites to please the fancy of those looking for high speed thrills on the water.

We got out a couple of days to commune with nature; tried a little fishing, with the usual lack of luck. We tried minnows, shrimp, plugs. We even fished with flies. In fact, we fished with flies, slept with flies and ate with flies.

One thing new was added to the many pleas and gimmicks in an attempt to cut down on the long list of traffic fatalities during the July Fourth holidays. A campaign to "Light up and Live," or drive with the car lights on, was conducted.

The hope was that drivers would have heard the plea to "Light Up," and upon meeting cars with lights burning, would tend to drive more carefully.

There is no way to actually measure the success of such a campaign; according to press reports, traffic deaths set a new high for the three-day celebration of Independence day. But who is to say how many lives were saved because of the campaign? There probably were a good many batteries drained due to drivers who were not used to driving in the daytime leaving their lights burning after their trip was finished.

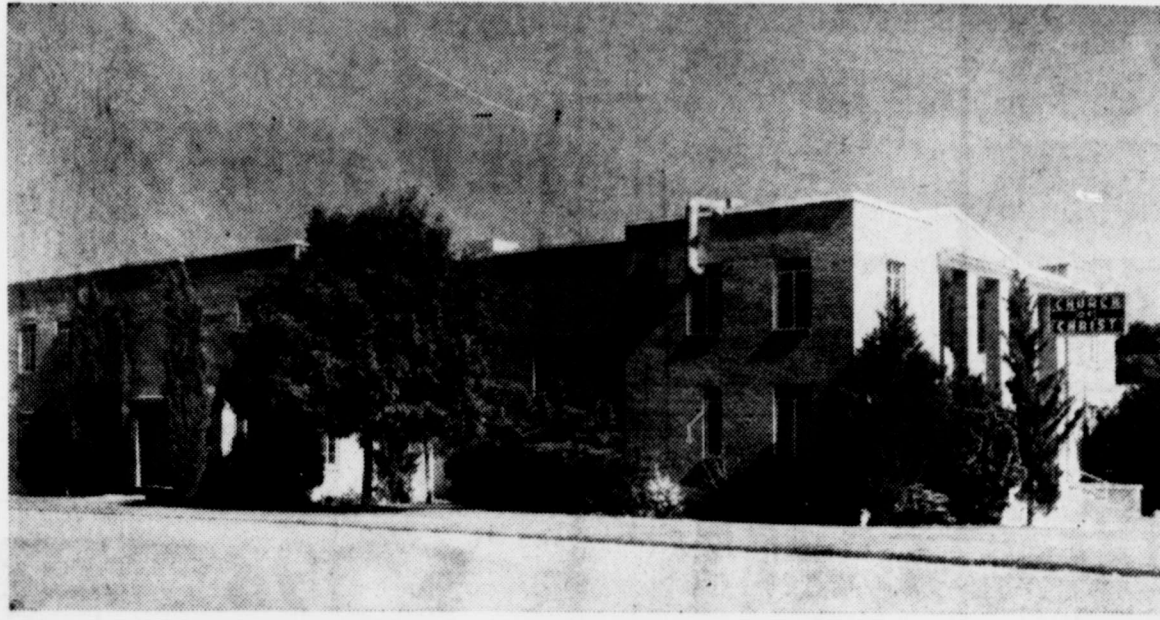

We did note, however, during the little time we spent on the highways over the weekend, that the lights on an oncoming car served to remind us that the other driver was a potential killer, and we acted accordingly. We figure that many other drivers did the same.

Another glaring fact was noted, too. In every single case of what we judged were rank violations of law and safety rules—such as passing on curves, hills, refusal to stop or give right-of-way, or other downright reckless acts of driving and disregard for the safety of others—the offending driver had his lights on!

Which reminds us that there is no gimmick or plan or plea which can cut down on the heavy traffic toll, if the person behind the wheel thinks it's for the "other driver."

### TO BROWNWOOD

Mrs. Albert Sykes and Mrs. J. C. Wilkerson, Mary Lou, Jimmy and Joe spent Monday in Brownwood visiting with relatives.

**CHURCH ADDITION**—Shown in the left of the above picture of the Winters Church of Christ is the new addition to the church, which was completed recently. The new building has an auditorium which will seat about 550. Former seating capacity was about 350. Six new classrooms have been added, in addition to a new baptistry and wash rooms. (Little photo)

## Homecoming Event To Mark Finish Of Church Addition

PAUL WALLACE

A homecoming event and the beginning of a series of special meetings will mark the completion of the new building addition at the Winters Church of Christ, according to Jim Wilburn, minister. Work on the new addition was completed this week with the laying of carpet and installation of new pews.

The church has been using the new facilities for several weeks, while work was continued to have the addition completed in time for the homecoming events to take place on Sunday, July 10. That day will also mark the beginning of a series of meetings to continue through July 17. Paul Wallace, of Brownwood, will be the special guest speaker at the meetings.

Many former members and friends of the congregation are expected to be present for the homecoming event, which will include the morning Bible study, worship, dinner on the ground, and an afternoon of singing. Classes will begin at 9 a. m., worship at 10 a. m. and 6 p. m. The afternoon area-wide song service will begin at 3 p. m.

The new building has an auditorium which will seat about 550, according to Wilburn. Former seating capacity was about 350.

With six new classrooms, there are now 15 classrooms, besides the auditorium and balcony. The auditorium and balcony sometimes are used as classrooms. The addition also has a new baptistry and wash rooms.

Construction of the new addition was done by Paden Construction Co. of Cleburne.

Paul Wallace, who is to be the speaker for the series of special meetings, has been in meetings in the Winters Church of Christ in recent years. He has worked in his area, mainly in Coleman, for about ten years. Mr. Wallace is the son of a noted preacher, Foy E. Wallace Sr., and his older brother, Cleo Wallace, served as the first full time local preacher for the Winters congregation early in the history of the church, in 1910. He attended Freed-Hardeman College in Henderson, Tenn., and Southern Methodist University.

The time for the special series of meetings will be 7 a. m. and 7:30 p. m., Monday through Friday, and at regular announced times on Sundays.

The public is cordially invited to attend these services.

### Winters Boys To Enroll At Texas U. In September

Billy Lynn Little, son of Mr. and Mrs. W. E. Little and Pat Patterson, son of Mr. and Mrs. C. O. Patterson of Lawn, went to Austin Wednesday to attend a 4-day orientation session at the University of Texas.

These Winters boys are among the group of 400 who will enter the University of Texas in September as freshmen. Students to attend the session were chosen on the basis of high scores made on the entrance tests given in the spring.

### Assembly of God Church To Begin Revival Sunday

Get-Acquainted Revival will begin Sunday, July 10, at 7:30 p. m. at the Assembly of God Church, according to Rev. J. C. Amburn, pastor.

The Rev. Amburn will do the preaching and special music will be presented each night.

The public is cordially invited to attend these services.

### New Super Market Under Construction On East Tinkle St.

Ground was broken Thursday of this week for a new super market building in the 100 block of East Tinkle street.

Joe May, formerly of Hermleigh, is to be the owner of the new business, which will be called the "Cashway," and which will be finished by the middle of September, according to plans.

The building will be 60 x 90, with a brick and glass front, and concrete block sides and back. A big paved parking lot, 70 x 120, will serve the new store.

May said the new super market will be privately owned and operated.

Plans call for three check-out counters, 20 feet of meat display space, and 24 feet of self service meat and dairy products area. There will be a 40-foot refrigerated vegetable case, and a 24-foot frozen food and ice cream case. Big display gondolas, with 120 feet of space, will be arranged on the floor of the building, in addition to six big dump tables for potatoes, onions and dry vegetables.

May Brothers Contractors of Sweetwater are doing the construction work.

Refrigerated air conditioning will be built into the new building, May said.

May is a former school teacher and farmer. He is married, and has two children. Mrs. May will be a home economics teacher in the Winters Independent School beginning with the fall term.

Mr. and Mrs. May have bought a home at 1008 North Rogers, and will move to Winters in the near future.

### Lt. Minor Nelson Piloting New F-106

First Lieutenant Minor W. Nelson, 456th Fighter Interceptor Squadron, Castle Air Force Base, Calif., is both the Assistant Administrative Officer for an organization of over 400 men and a pilot flying the world's fastest jet aircraft, the F-106. Lt. Nelson is the son of Mrs. A. M. Nelson, of Winters.

Built by Convair, the F-106 holds the official world speed record at 1525.95 miles per hour. The delta-winged fighter is designed to intercept and destroy, quickly and accurately, any invading enemy aircraft.

## Clean-Up Week Is July 11-15

The week beginning July 11 has been proclaimed "Clean-Up Week" for Winters by Mayor Harvey D. Jones. Citizens have been asked to place a special emphasis on cleaning up property, removing unsightly heaps of rubbish and cutting grass and weeds around their places and on vacant lots.

In calling for a special clean-up week, Mayor Jones has reminded that "the first impression we make on visitors is a lasting one, and it behooves us all to create a favorable atmosphere by presenting to outsiders a town which is progressive and well-kept."

Residents have been asked to gather all rubbish and place it in the regular pick-up places. Arrangements have been made for four trucks which will patrol the town and pick up all trash. The pick-up will not be until Monday, July 18, however.

Because of the danger of fire, residents have been asked to refrain from burning rubbish during this cleanup week.

This "Clean-Up Week" is being sponsored jointly by the Winters Chamber of Commerce and the City of Winters.

## Civil Defense Unit Being Organized

Preliminary steps were taken at a meeting Tuesday night to organize a Civil Defense unit operating in Winters and North Runnels County. More than 50 city officials and representatives of several clubs and organizations attended the meeting, which was described as "very impressive" by Mayor H. D. Jones, who led the discussions.

W. R. Bodine, Plans and Operations officer of the state civil defense department, met with the group, and explained the necessity for a well-planned and operating civil defense unit. It was explained that "no one community is exempt from natural disasters or the dangers inherent in an enemy attack." Several instances were mentioned where organized civil defense units proved their value, during floods, hurricanes and tornados.

The Winters City Council recently passed an ordinance to establish a civil defense unit locally. The mayor is permanent chairman of such an organization, and he will, with the recommendations of the council, appoint coordinators and advisory councils, fire and rescue units. This will

be done within the near future, according to Mayor Jones, who has expressed his appreciation "for the cooperation received from so many organizations and clubs."

Present at the meeting Tuesday night were representatives of the school system, fire department, all city departments, ladies clubs, Lions Club, chamber of commerce, ham radio operators, transportation and communications outlets.

It will be several days before all details have been worked out for the organization of a civil defense unit, Jones said, but plans call for organizing transportation and communications units, rescue, and first aid instructions. There is some possibility of working with the Federal government in regard to first aid instructions, the mayor said. There is a plan whereby teachers in the schools may take instructions, and in turn act as instructors, with the assistance of the Federal government, he said.

The next meeting will be held as soon as details are worked out and certain appointments made by the mayor.

## Winters Jaycees Will Hold Charter Night Banquet Friday At Pierce's

Richard R. Wadsworth of Irving, president of the Texas Junior Chamber of Commerce, will be guest speaker at the charter night banquet of the Winters Jaycees Friday night, July 8, at Pierce Cafeteria.

The Winters Jaycees were recently organized with 41 active members. James West is president of the new organization; Franklin Milliff, first vice president; Johnny Wilson, second vice president; J. E. McAdoo, secretary-treasurer; and Lawrence C. Hennigan, state director. Club directors are Dalvin Await, Jerry English and Weldon Huntsman.

The charter night banquet will begin at 8 o'clock. James Barr, president of the Ballinger Jaycees, sponsors of the Winters organization, will represent his club at the banquet.

Lewis Timberlake, of Stamford, a national director of the Jaycees, and Ernest Sears, State Vice President, will present the charter and install the officers of the Winters club.

The Rev. L. E. Ellison, pastor of the First Presbyterian Church, will give the invocation, and the benediction will be given by Jim Wilburn, minister of the Winters Church of Christ.

Approximately 50 out-of-town guests, members of Jaycee organizations from several area towns, will be present for the charter night affair, according to local officers.

Richard Wadsworth, the guest speaker for Friday night's ban-

JAMES WEST

quet, has held membership in the Jaycees for the past eight years, during which time he has served as charter president of his home organization, a state director, and chairman of numerous projects of the Junior Chamber of Commerce.

Lewis Timberlake, who will make the presentation of the charter, is state vice president of region 5. He has been chosen as one of the ten outstanding young men in the nation by the Jaycees.

Ernest Sears, an insurance representative from Snyder, is serving as one of the eighteen vice presidents of the Texas Junior Chamber of Commerce. He is also a member of the executive committee of the Texas Jaycees. He will install officers for the Winters chapter.

Deanna Kozelsky, daughter of Mr. and Mrs. Joe Kozelsky, will present vocal selections during the dinner.

## Will Hold Talent Hunt At State Theatre July 15

Announcement of a talent show and a music jamboree was made this week by Bobby Mayo, manager of the State Theatre. Theatre Productions, Inc., of Abilene, are sponsors of the show and are in hopes a lot of new talent will be uncovered in Winters. Mayo said.

The talent hunt and music jamboree will be held at the State Theatre Friday, July 15, at 8 p. m. First auditions for talent will be from 2 p. m. Friday afternoon at the theatre. Anyone who can sing, play an instrument or act is invited to audition for the show. Those playing instruments are asked to bring their own instruments. Part of the band which will present the music jamboree will serve as accompaniment.

The music jamboree will feature Bill Whittle, recording star of Nashville, Tenn. He will be playing and singing some of his own compositions of which he has written more than two hundred. Also featured will be Kenneth Box and his "Melody Masters," recording artists.

Neita Flowers, new recording star and song writer, will also be featured in the music jamboree show. Jobe Pratt of Abilene will be master of ceremonies.

## St. John's Starts Bible School On Monday, July 11

The opening date for the annual Vacation Bible School of St. John's Lutheran Church has been set for Monday July 11. The school will continue for two weeks through July 22.

The theme for this year's program is "Teach Us to Pray," based on the Lord's Prayer. The sessions are held from 8:30 a. m. to 11:00 a. m., Monday through Friday. Bible stories, film strips, music, and hand crafts will be a part of each day's program.

The staff for the school consists of Mrs. Herman Spill, superintendent; Mrs. Johnny Wilson, intermediates; Mrs. Jack Whittenberg, Mrs. L. Kettler, Miss Althus Ueckert and Miss Martha Turk will be in the junior department. Primary teachers are Mrs. E. R. Wessels and Mrs. W. W. Ahrens; kindergarten, Mrs. A. B. Spill and Mrs. A. N. Crowley; and Mrs. Grady Byers, Eugenia Voss, Helen Wessels, nursery.

All children between the ages of 3 through 14 are invited to attend. Refreshments will be served daily.

**BRUSH CONTROL** — above is shown the road maintainer which has been converted to a treedozing machine by W. T. Billups, who farms 12 miles north of Winters. Front wheels of the piece of equipment

are used to push the large trees down and then the root system is knifed below the bud zone on mesquite. Billups uses this machine to control brush on his land which is a practice included in his

Great Plains Conservation program contract. Areas disturbed were reseeded to a mixture of sideoats grama, King Ranch bluestem, and Plains brome.

## WINGATE NEWS

Visiting the Tom Holders during the holidays were Mr. and Mrs. Peterson and Mr. and Mrs. Roy Holder of Abilene. Roy and Delaine also visited Sol Doggett. Mr. and Mrs. Raymond Dunn, Kathy, and a girl friend spent the holidays in Ruidoso.

The Brannon family held a reunion in Shep on July 4. All children were present except Roy Brannon. They are Mrs. Lucion Jackson, Abilene; Mr. and Mrs. Bob Brannon, Colorado City; Mrs. Cecil Self, Mrs. Fred Lawrence, of Shep; Floy and Mrs. Fred Helms, Fort Worth; and Roy also of Fort Worth.

Mrs. Williams of Tuscola, a sister of Ed Kinard, passed away after a long illness. Funeral services were held Friday in Tuscola Baptist Church and burial was in the Tuscola cemetery. Among those attending from Wingate were Mr. and Mrs. Vester Parrish and girls, Mr. and Mrs. Nolan Cave, Grandma Cave and Mrs. Hunter, Mr. and Mrs. W. W. Wheat.

Mr. and Mrs. Ollie Hamilton of Odessa visited her sister, Mrs. Marvin Smith this week. Other visitors were their son, Billy and

family. Mrs. Edgar Rodgers of Colorado City and daughter of Mr. and Mrs. Elmer King had surgery in Shannon hospital in San Angelo last week and has been staying a few days with her parents here. Mr. and Mrs. Jack Hall and family of Farmington, New Mexico, are visiting his parents, Mr. and Mrs. David Bryan.

Visiting in the W. W. Wheat home during the holidays were Mr. and Mrs. W. F. Matthews and boys of San Angelo and the Arley Ray Wheats of Midland. Arley's family and Mr. and Mrs. W. S. Smith of Winters have just returned from a trip to South Dakota.

Mr. and Mrs. R. E. Hodges have been visiting in the Verg Awalt home.

Mr. and Mrs. Pete Polk of Lampasas are here to be at the bedside of her father, Ike Phillips.

Mr. and Mrs. Rass Grisham had several of their children visit them during the holidays.

Mrs. Lillie Harter has returned home from the Bronte hospital. Grace spent the week end with them.

### Roger Babson Says

## Graduates Should Analyze Self And Get In Work For Which Best Suited

Babson Park, Mass.—Now that graduates from high schools and colleges are looking for jobs, may I devote this week's column to a discussion thereof? Let me start by saying that the first step is to analyze oneself and ascertain the line of work for which one is best fitted.

### Five Different Pathways

Most of today's graduates have come to a "parting of the roads" and are faced with five different paths which they may follow. (1) The professions. If you feel you are best suited to be a doctor, dentist, lawyer, teacher, or minister, you must go back to a college which specializes in one of these professions. I sometimes think there are enough lawyers in the country, but certainly the other groups are rendering a needed service and are being amply rewarded.

### (2) Engineering and Building.

There are many opportunities in this line provided you work in a progressive and growing community. (3) Manufacturing. This is the line of work which will probably confine you to spending your life with one or more large companies. If you like people and are not ambitious to be your own boss, it is well to get connected with a large manufacturing company. You, however, must be willing to go where you are sent and to obey orders. (4) Agriculture. At one time this meant working on a farm but it is not so any longer. The reason is that raising both crops and livestock has become an intricate business. Those loving such work could take an additional course at an agricultural college. Every state has such a college with low tuition.

(5) Selling and Advertising. If you want to sit in an office and dictate to a blond, you should not take up selling—not even selling advertising. If, however, you are willing to wear out shoe leather, ring door bells, and fight for business, selling offers you a great opportunity.

### Importance of Salesmen

Salesmen have never needed a labor union in order to get higher wages or commissions. A salesman can always get well paid, according as he produces. I know a salesman who earned more money than anyone who had gone into the first four of the above mentioned lines of work. A salesman must be willing to start at an average wage; but "the sky is the limit," if he will produce. This especially applies to those who secure a position with high-grade banking houses and are able to help float important underwritings.

Another thing, all of those who choose one of the first four lines of work listed above are dependent upon the selling of their products or services. This is especially true of construction, manufacturing, and agriculture. The customer must be "sold" if he is to buy houses, merchandise, or even farm products. Truly, "the harvest is great," although the good salesmen are few. The national problem of employment and in fact the prosperity of the nation are dependent, not on the Administration or the Congressmen and Senators in Washington, but rather upon the salesmen of the nation; they control its economic destiny. Some will wonder why I did not make a special sixth division for Banking, but the successful bankers must be excellent salesmen.

### Importance of Patience

When climbing a ladder, use the first rung, and climb slowly upward. Do not try to start where your parents leave off. The fun of life is in the striving, rather than in the arriving. Present starting wages in the above five groups are good at the present time; but sometime there will be a day of reckoning. "Trees do not grow to

the sky" and prosperity does not continue forever.

I opened this week's message by referring to graduates who are meeting a "parting of the road." It may not be long, I fear, before these five paths may converge again into a temporary period of readjustment and unemployment. Then the travelers of all these pathways will be competing with one another, and surely with the hard-working intelligent people of Europe.

## Mrs. S. P. Gray Hostess For Bee Busy Sewing Club

Mrs. S. P. Gray served as hostess for the regular meeting of the Bee Busy Sewing Club recently in her home. Hand work was done for the hostess.

Following a short business session, refreshments were served to Mesdames George Seitz, W. H. Cain, G. T. Shott, Bill Millhorn, Jack Martin, W. E. Coley, Jake Smith, Fred Poe, B. G. Mills, J. T. James, M. H. Hogan and three visitors, Mrs. Pat Gray, Debra McClelland and Keith Poe.

The next meeting will be held July 11 in the home of Mrs. M. H. Hogan.

## Nellie B. Lacy Weds James R. Largent Monday, June 20

Mr. and Mrs. A. O. Lacy of Bradshaw are announcing the marriage of their daughter, Nellie B. to James Richard Largent, son of Mr. and Mrs. F. J. Largent of Spearman. Marriage vows were repeated June 20.

Mr. and Mrs. Buddy Matthis served as the honor attendants.

The bride wore a white embroidered cotton street length dress with white accessories. Mrs. Matthis wore a beige sheath with matching accessories.

Mr. and Mrs. Largent are residing at 418 Palm Street in Abilene where the groom is employed by F. H. Harwell for the summer. He is a student of Texas Technological College in Lubbock.

### CARD OF THANKS

We take this method of expressing our thanks to friends, neighbors and relatives for the many kindnesses shown during the illness and at the death of our loved one, Pauline Matthis. We also want to express our appreciation for the beautiful floral offering, the memorial contributions, the food that was brought to the home and the meals that were served by the ladies. We especially thank the hospital staff and doctors of all three hospitals that served her. Mrs. Maple and Mrs. Brannon for staying with her at home and all those who sat up with her at night, also the pastors that visited her. May God bless you all. We hope to be of some help to you when sorrow comes. Fritzie Matthis, Mr. and Mrs. John Gerhart, Mr. and Mrs. Otto Kelm, Mr. and Mrs. August Shippick, Mr. and Mrs. Hans Gottschalk, Mr. and Mrs. Carl Gottschalk. ltp

### CARD OF THANKS

I wish to express my sincere thanks to those who were so kind and thoughtful during my stay in the hospital and since I have returned home. Your cards, flowers, gifts and visits were deeply appreciated. Roeneal Boles.

# OUTDOORS IN TEXAS

By VERN SANFORD

Sandies, those scrappy little fish that are so prolific in Lake Texoma, are creating a sensation along the Texas-Oklahoma border.

Night fishing for Sandies is great sport, as testified by the hundreds of after-dark fishermen who line the Roosevelt Bridge by Lake Texoma Lodge on U. S. Highway 70 between Durant and Kingston.

Almost any evening from dark to daylight you'll find the anglers elbow to elbow along the rail, almost all the way across the bridge.

Their fishing technique is unique, to say the least. As would be expected, most of them fish in pairs, or families. They bring the kids too, if the youngsters have reached the careful age.

By careful, we mean alert enough to dodge the cars that cross the bridge, sometimes in continuous streams; thoughtful enough to be cautious about leaning over the rather low railing; and calm enough not to become over-excited when the fish strike.

Oklahoma is to be congratulated for having thought of the fishermen when they built the mammoth concrete structure that spans Lake Texoma at this point. A raised sidewalk, about a foot higher than the roadway, affords protection for the anglers. At the same time that it gives them a protected place to fish, it also furnishes a shelf for the necessary gear.

This gear is what fascinates us. Actually, each group brings its own electric power plant. There were 142 such units by actual count one night—a busy week-end.

Each power unit is a home-made affair, and they differ like night and day.

Simplest was the gasoline engine taken from a powered lawn mower, connected to an automobile generator, which in turn fed juice to a 300-watt bulb placed under a broad reflector hood that had been lowered some 75 feet from the bridge, to within a few inches of the water. Many rigs include a weight hanging down from the reflector on three lines a few feet in length. As the weight was submerged in water, this stabilized the light and kept it from swinging in the wind.

A gallon tank of gas was sufficient fuel to last throughout the night.

Some of the fishermen used Coleman or Bernz lanterns. These proved effective, but threw less light than did the electric units. The lanterns are better for the shallower water fishing, say some of the fishermen.

The principle of the light was, of course, to attract insects. The insects fell into the water only to be gobbled up by the minnows and shad that also had been attracted by the brilliant light shining up on the water.

Deeper down lay the larger fish, pan-sized Sandies, gobbling up the crippled minnows that sank bottomward.

Most fishermen used a short, heavy rod with a 20 to 28-pound braided line and a small, inexpensive reel. How many are dropped overboard we do not know, but we're sure there must be plenty—which is another reason for using the less expensive rigs.

A heavy lead weight is attached to the end of the line. A few feet above is a stagion about 12 to 18 inches long, to the end of which is tied on a small hook.

Minnows are used as bait.

That of course presents another problem, the matter of keeping the minnows alive while fishing from a bridge high above the water. Solution is a bull cord tied to the minnow bucket and long enough to lower the bucket into the water, and tie to the bridge railing.

Minnows are used as bait.

Director of the school and head of McMurry's band program, Dr. Raymond T. Bynum, said around 450 are expected to attend.

Instruction is offered to college, high school and junior high students in twirling, individual instruments, band work and marching.

Fifteen instructors, plus several assistants, will be on the faculty this summer. Ten Texas cities are represented by the veteran musicians. These cities are Odessa, Brownfield, Dallas, Ropes, Abilene, Snyder, White Deer, Midland, Winters and Colorado City, where the band school instructors direct high school or junior high bands.

McMurry dormitories will house out-of-town students and a recreational program is provided, in addition to several concerts.

Accepted from Wingate is Charlotte Dooley, who will receive instruction in the oboe.

All of which means that it's a long pull to bring the fish up, once he's hooked, some twenty or thirty feet deep in the water; and it's another long pull to drag the bucket up again to re-bait.

That isn't all there is to it either. What to do with the fish presents another problem. Some ice them down, then and there, atop the bridge. Others drop a stringer into the water and keep the string of fish alive until ready to return home.

Slickest deal we saw was by a Dallasite who used the metal stringer hooks, available in singles, that slide down the line. It was a fast ride to the water that his Sandies took, but it sure saved him the task of dragging an ever-increasing string of fish 100 or so feet out of the water each time he landed a Sandie.

Fishing from a bridge is illegal in Texas. Although they can't do it at home, many Texans aren't missing the fun. A large number of the bridge fishermen we talked to were Texans who bought Oklahoma fishing licenses primarily to enjoy the sport of bridge fishing.

## LONE STAR AGRICULTURE

A well-administered crop loan support program with efficient handling could bring about government recovery of about 100 cents on each loan dollar, the 14-state Southern Commissioners of Agriculture decided in their 1960 meeting in San Antonio.

The decision was reached in considering a national farm program submitted in detail by Agriculture Commissioner L. Y. Ballew of North Carolina, who had collaborated with many of the other commissioners in drafting his proposals.

"Despite the variable factors in farming," said Commissioner Ballew, "properly drawn legislation, properly administered, could keep supply and demand in balance by employing an aggressive program of disposal geared to world markets and world conditions, while supporting production controls and improving domestic distribution."

"This could be done with little more than a reasonable revolving fund, provided there is administrative machinery to prevent harvest season gluts from destroying the markets for both controlled and non-controlled commodities. The government now recovers about 85 cents of each dollar extended to farmers through commodity loans, and that is a much higher figure than some people would have you believe."

"Under a well-administered support loan program the government could recover just about 100 cents on the dollar, and the cost to the taxpayer would be no more than the cost of administering the program."

"In drafting legislation," it was emphasized, "proper consideration should be given to adequate storage of storable commodities to meet anticipated emergencies, and this kind of carry-over should not be charged to the farm program."

Instead, the Commissioners urged, there should be a long-range plan "to keep in supply a reasonable amount of storable foods and agricultural commodities along with other stockpiles of strategic materials as a part of the defense program. Neither of these measures should be changed to the farm program any more than flood control, airplanes or guns."

"Similarly, farm commodities bought by the government for donation to institutions, schools, welfare agencies and other public groups, should not be charged to the farm program as a farm subsidy."

"The national farm program also should include government incentives for the proper utilization of land to protect both present and future needs."

## Health Letter

The wave of infectious hepatitis now sweeping the nation is being felt strongly in Texas.

State Health Department officials are rushing quantities of gamma globulin to local health authorities who request it for use in forestalling further increases in cases of the liver ailment.

An aggregate of 1,061 cases of the disease - sometimes called "yellow jaundice" - had been reported as of May 28, compared with 553 cases for a similar period last year.

Infectious hepatitis, caused by a virus, is usually transmitted through close contact with infected persons and through contaminated milk, food and water.

A closely related disease called serum hepatitis is spread by accidental inoculation of infected human blood or blood products, or by use of needles contaminated with traces of blood from infected persons.

The ten leading causes of death in Texas during 1959 caused 60,721 out of a total of 73,753 deaths. Heart diseases and cancer were the number-one and number-two killers respectively.

Heart disease accounted for one out of every three deaths—24,629—and coupled with cancer - 11,086 deaths - claimed half of the total for last year.

Apoplexy was the third ranking cause of death followed in order by accidents (including automobile), diseases of early infancy, pneumonia, birth defects, general arteriosclerosis, diabetes, and suicides round out the top ten killers.

Two-thirds of all deaths in Texas are attributed to the four lead-

ing causes which includes accidents.

Improvements in the control of communicable diseases - malaria, tuberculosis, yellow fever and typhoid - have made all of these diseases, except tuberculosis, curable in Texas.

The chronic diseases - heart and vascular disorders, cancer, and diabetes - are now the leading causes of death along with accidents and infant deaths.

### Funeral Rites For Mrs. Ernest Matthies Sunday

Funeral services for Mrs. Ernest Matthies, 52, of Ballinger, former resident of Winters, were held Sunday afternoon at Spill Memorial Chapel at 4 o'clock and at St. John's Lutheran Church at 4:15. The Rev. Henry Flathmann, pastor, officiated and burial was in the Lutheran Cemetery.

Mrs. Matthies died Friday evening at 7 o'clock in Winters Municipal Hospital where she had been a patient since Wednesday. She had been in ill health for several months.

Mrs. Matthies, the former Pauline Emilie Gottschalk, daughter of the late Mr. and Mrs. Richard Gottschalk, was born April 24, 1907 in the Norton community. She was married to Ernest Matthies in April 1947 in Winters and the couple farmed southwest of Winters until Mr. Matthies died in December 1956. Following his death, Mrs. Matthies and her son Friedrich moved to Ballinger where they made their home.

She was a member of St. John's Lutheran Church in Winters. Survivors included her son, Frie-

dich, three sisters, Mrs. John Gerhart of Winters, Mrs. Otto Kelm and Mrs. August Schipplack, both of McGregor; two brothers, Hans and Carl Gottschalk, both of Winters.

Pallbearers were Fritz Minzenmayer, Herman Spill, Paul Gerlach, Walter Gerhart, Wayne Bryan, C. H. Eubanks, Albert Lippe, and Wilkerson Hoppe, both of Ballinger.

#### RETURNED HOME

Mr. and Mrs. W. L. Johnson and La Frances returned home recently from a vacation trip to Estes Park, Colo. They also visited other points of interest in Colorado.

#### FROM FORT WORTH

Paula Buckner and Jim Packer, both of Fort Worth, Mr. and Mrs. E. Y. Buckner, Diane and Kay, spent the holiday weekend at Oak Creek.

#### LEFT SATURDAY

Mr. and Mrs. Allen Meadows accompanied by their daughter and family of Lemarque, left Saturday for Bakersfield, Calif., for a few days visit with relatives, and then they will go to Washington to visit with their daughter and family.

The best is the cheapest.

### Congress To Go Back To Work August 15th

By Cong. O. C. Fisher  
Congress, in recess until August 15, will return to work on a few election-year bills that are both controversial and complicated.

First, there's an uncompleted minimum wage bill, approved by the House in a watered-down version, but not acted upon in the Senate where a similar bill by Senator Kennedy would raise the minimum to \$1.25 and extend coverage to some 7 million in retail and service establishments.

Secondly, a health insurance bill for the aged remains to be acted upon in the Senate, after passing the House.

A mammoth and admittedly inflationary and unnecessary \$1.5 billion bill was in an impasse, as the recess began.

And, finally, the controversial federal aid for education legislation was hung up in the House Rules Committee, after passing both the House and Senate in different versions.

All of these bills, which could easily be postponed until next year, or for 10 years for that matter—will be kicked around in the August heat, with probably two or three of them to be enacted in one form or another—and each facing a possible veto, depending on how far they go.

A Sugar bill, designed to clip Castro's wings, was enacted at the last minute. It authorizes the President to cut the Cuban quota and protect the U. S. against any "dumping" attempt by the Communist government in Cuba.

This will be our last Newsletter for the session. I will be in Los Angeles for the convention, joining in a drive for Senator Lyndon Johnson who appears to be quite definitely the most capable man in the field. In a way the convention will provide a test of sectional prejudices. Our northern friends have raved themselves hoarse about alleged racial prejudices and religious prejudices, but seem to forget that some of them are fanning the flames of regional prejudices by insisting that a Texan, even though more able and capable, should not be nominated for the presidency!

Time will tell. We shall see just how many will be controlled by their prejudices rather than by the merits of candidates. It is just that simple.

Why use an unfamiliar word if an ordinary word will do the job?

No amount of money can entice some men to assume responsibilities that others consider routine.

Some people never speak on a subject till everybody else is tired of hearing about said subject.

It's entirely possible to feel that you are the equal of anyone else, but if others don't accept your opinion, what good does it do?

A child's first lesson should be obedience, and the second will be what thou wilt.

### Former Resident Married June 25 In Everman

Miss Juanda Thomasson and Perry Mack Flories exchanged wedding vows at 7:30 p. m. Saturday, June 25, in the Everman Church of Christ, with the minister, Dennis Moore, officiating.

Parents of the couple are Mr. and Mrs. J. R. Thomasson of Everman, formerly of Winters, and Mr. and Mrs. Gene Flories of Rt. 7, Fort Worth.

Mrs. Eugene Patton of Abilene was her sister's matron of honor. Other bridesmaids were Mrs. Roy Stowe, sister of the bridegroom; Miss Arveta Tippie, and Miss Cheryl Norman. Lisa Payne of Odessa was her cousin's flower girl.

Best man was Wayne Ray, and groomsmen were Donnie Lough, G. A. Walker and Jerry Cole, all of Everman. Ring bearer was the

bride's cousin, Chester Smith, of Fort Worth. Ray Stowe and Joe David Bryant ushered.

The bride, who was given in marriage by her father, wore a gown of lace over satin styled with a full floor-length skirt. The fitted bodice was complemented with a lace bolero with a stand-away collar. The bride carried a white orchid on a white Bible, and for something old, she carried a white lace handkerchief which belonged to her great, great-grandmother.

A reception was given at the home of the bridegroom's parents. House party members included Mrs. Eugene Payne of Odessa, Mrs. Roy Smith Jr., of Ballinger, and Mrs. G. A. Walker of Everman.

The couple is residing in Fort Worth.

#### FROM FORT WORTH

Mr. and Mrs. Weldon Andrae of Fort Worth spent last week visiting in the home of Mr. and Mrs. Walter Andrae.

#### ON HONOR ROLL

Johnny Pope, son of Mr. and Mrs. Royce Pope, was named on the College of Pharmacy scholastic honor roll for the spring semester at the University of Texas.

It's strange how outgo precisely balances income, even counting unexpected bonuses and windfalls.

On the field, in uniform, all ballplayers look alike to me.

One thing women soon learn, when on their own, is that a man is a useful accessory in public, especially in bars and restaurants.

Why not try for a better job on this earth instead of reserving a seat in a proposed trip to the moon?

If a man could have half his wishes he would double his troubles.

## Winters Boys To Attend Junior Olympics In Abilene

Fourteen Winters boys will take part in the Junior Olympics elimination contests in Abilene Saturday. Winners and high point men will participate in the State Junior Olympics to be held in San Antonio a few days after the Abilene events.

Don Edwards, of the coaching staff of Winters High School, has been working with the local boys all summer and will accompany them to Abilene. L. G. Wilson, who was recently hired by the Winters schools as head coach, will also come to Winters to go with the group to Abilene. He still is living in Temple, where he has been assistant coach in the high school. Ed Cheek, of the Winters coaching staff, also will go with the boys.

Boys who will participate, and the probable events they will enter, include:

Senior Division: Joel Butts, broad jump, 100-yard dash, 440-yard relay, 880 relay; Ray Clark, 880 relay, 880 run, 440 dash; Robert Marks, 440-yard dash, 880 relay; William Grissom, hurdles; Lonnie Lacy, 100-yard dash, 440 relay, 880 run; James Williams, 440 relay, 880 relay, discus, shot put.

In the Junior Division will be: Tommy Young, 440-yard relay, 880 relay, 100-yard dash, broad jump, high jump; Dan Roberts, 220 dash, 880 relay, 440 relay; Steve Grissom, 100-yard dash, 440 relay, 880 relay, broad jump; Mike Bedford, 440 relay, 120 low hurdles; Walter Butler, 70-yard high hurdles, 100-yard dash, 220-yard dash; Gary Young, 440 dash, 220 dash; Bernard Adams, 880 relay, 220 dash; Hank McCreight, 880-yard run.

## Tickets For Shrine Bowl Football Game On Sale at Smith Drug

Reserved seat tickets for the first annual West Texas Shrine Bowl professional football game in Abilene August 20 are now on sale in Winters at Smith Drug Company.

The tickets are \$5.00 each and are also being sold in Abilene at the Eagle Gym headquarters and in 26 other area cities. The Abilene Shrine Club officials, sponsors of that city's first pro football game, have distributed equal-good tickets to each of the West Texas cities. Mail order tickets may be purchased by sending check or money order to P. O. Box 2334 in Abilene, adding 25 cents to each order for postage and handling.

The Shrine Bowl game matches the Dallas Texans against the New York Titans in an American Football League exhibition contest. The game will begin at 8 p.m. in the new Public Schools Stadium east of the city on the fair grounds. The stadium seats 15,042.

Many of the football players on both teams will be familiar to the West Texas football fans. Almost 60 percent of the Texan squad is composed of Southwestern players while the Titans have close to 25 percent of their squad from Texas.

Slingin' Sammy Baugh, former Hardin-Simmons University head football coach, is the coach of the Titans. He will bring with him eight former H-SU Cowboy stars as well as five former McMurry College athletes.

The Texans are coached by Hank Stram, former SMU coach, and are owned by Lamar Hunt, the organizer of the new American Football League. Among the Texans' stars are Jack Spikes of Snyder and TCU; Chico Mendoza of TCU and Ranger; Marvin Terrell of Mississippi; Jim Swink of TCU and Abner Haynes of North Texas State.

**VISITED PARENTS**  
Button Little, who is employed in Lubbock for the summer, spent the holiday week end visiting in the home of his parents, Mr. and Mrs. Bud Little.

## Former Winters Man Makes Hole-In-One In Unusual Manner

Coach Charles Baker of Wharton, a former resident of Winters, playing golf last Saturday afternoon with Coach Ben Boehnke on a golf course at Wharton, had his first hole-in-one in a very unusual way, according to an item in a Wharton newspaper.

Playing his first round of the day, Baker used a nine iron for his tee shot on number eight, 135 yard par three hole. He lofted the shot and when it came down, neither he nor Boehnke were sure what had happened to the ball.

According to his report the ball had neither bounced nor rolled but "plopped" into the cup on the fly. Baker is the son of Mr. and Mrs. Joe Baker of Winters.

## Melvin Mapes Guest At C. of C. Meeting Tuesday Morning

Melvin Mapes, commissioner of precinct 2, discussed Highway 83 improvements at the regular meeting of the Board of Directors of the Winters Chamber of Commerce held Tuesday morning at 6:30 at Pierce's Cafeteria.

A. W. Libbe, president, read a letter from the District Highway Engineer, J. A. Snell, San Angelo and introduced Mr. Mapes. He also encouraged members to attend the meeting of the Commissioners Court and Highway Department to be held July 15, at 10 a.m. Robert Everett, street and highways committee, stated that July 11-15 had been designated for the annual Clean-Up Drive and dates for the trash to be picked up will be set this week.

T. L. Hatler reported the City Mail Delivery would begin July 23, and minutes of the June meeting were approved as read. Other items discussed were Winters Manufacturing Company, Civil Defense, Council meetings, the Atlas Missile base, airport and Christmas program.

Members present were A. W. Libbe, Bob Everett, Gus Voss, Harry Herman, Homer Hudgins, Bob Loyd, T. L. Hatler, Mrs. B. B. Bedford, secretary, and Melvin Mapes.

## Install Officers In Masonic Chapter, Council

Officers for the Winters Masonic Chapter and Council were installed in ceremonies in the Masonic Hall Tuesday evening, June 28.

Installed in the Winters Chapter Royal Arch Masons, were B. D. Jobe, high priest; T. A. McMillan, king; Grady Byers, scribe; and Charlie Awalt, A. B. Prince, B. M. Smith, J. C. Martin and A. Z. Pittman.

Installing officers were Earl R. Little, District Deputy Grand High Priest of District 36, and W. D. Lang, past District Deputy High Priest.

Officers of the Council, Royal and Select Masters, were installed by W. D. Lang as installing officer and Earl Little, installing marshal.

T. A. McMillan was installed as thrice illustrious master; B. D. Jobe, right illustrious deputy master; Grady Byers, illustrious principal conductor of the work. Other officers were J. C. Martin, captain of the guard; Charlie Awalt, conductor of council; A. B. Prince, steward, and B. M. Smith, sentinel.

## Coleman Rodeo Scheduled For July 13-14-15-16

Coleman's 23rd annual RCA professional Rodeo, a feature attraction on the great Southwest rodeo circuit, will be held in Coleman Wednesday through Saturday, July 13, 14, 15, 16, with night performances only, beginning at 8 p. m. Afternoon parades will be held each day at 5 p. m., with a dance at the National Guard Armory following each rodeo performance, featuring the music of Don Allen and his Sunset Ramblers of Lubbock.

Rodeo producer Buettler and Son of Elk City, Okla., will furnish the livestock. In addition to the bareback bronc riding, calf roping, saddle bronc riding, steer wrestling and bull riding, stellar feature attractions are included on the program. J. W. Stoker will present a trick roping and trick riding act, and Junior Meeks will thrill the crowd with his bull fighting. An unusual highlight will be a chariot race, featuring the white horses used in the Ben Hur film. These horses come from Rome, Italy. Rodeo officials state that the chariot race will be one of the most spectacular events ever staged in Coleman.

Also, there will be a special matched calf roping each night, between Rex Beck and George Epperson, two of the nation's top ropers. Another feature will be the cowgirl's barrel race. Miss Becky Hemphill, queen of the rodeo and "Miss Rodeo of Texas," will appear in the arena each night. Miss Hemphill will represent Texas in the Las Vegas finals to select "Miss Rodeo of America."

## Mrs. Glenn Eager Presided For HD Club Meeting Wed.

Mrs. Glenn Eager, president, presided for the regular meeting of the Winters Home Demonstration Club held Wednesday at the club house.

The group gave the pledge to the flag and Mrs. J. D. Vinson gave a poem "Sermons We See." Mrs. A. B. Spill, secretary, called the roll and the group answered with "Things we do together as a family." Minutes of the last meeting were read and the group studied plans for the 1961 yearbooks.

Refreshments were served to Mesdames R. B. Osborne, A. B. Spill, Jim Edwards, Glenn Eager, O. V. Cooper, W. W. King, Hill, Emma Cole, Whitmore, Bill Proctor, Agnes Lawrence, W. I. Dixon and a new member, Mrs. Darlene Dean and a visitor, Mrs. Goldman.

### Now Is Time To Reduce Root Rot

Deep-plow 1961 root rot infested cotton land as soon as possible. This advice comes from Dr. Harlan E. Smith, extension plant pathologist.

Deep plowing is most effective in reducing root rot if no rain occurs for at least two weeks after plowing according to Smith. A lot of hot, dry weather generally occurs during July and August thus making them good months in which to deep plow.

Smith goes on to explain that drying out the soil for 2 weeks or more after plowing helps to kill the root rot fungus by drying, aeration and killing roots of susceptible weeds.

Check the long range weather forecasts and try to select a time for deep-plowing when dry weather is expected, he advises. Deep plow 10 to 14 inches or deeper with a mold board or disc type plow. Bedding or listing is ineffective in reducing cotton root rot.

Because of late cotton harvests in north Texas, many growers deep-plow small grain stubble or early grain sorghum land during July and August. This land is then used for cotton the following year.

Ask local extension agents for a copy of MP-361 "Root Rot Losses of Cotton Can Be Reduced." Smith suggests that renters of cotton land send a copy of the publication to their landlord. Landowners will be interested in helping carry out a cotton root rot reduction program because it will increase the farm income and increase the value of the land.

### Origin and Causes Of Gin Fires In Texas Studied

Every year, Texas ginners suffer sizeable losses as a result of gin fires. In an effort to determine the causes of these fires and the effectiveness of recently developed preventive devices, the Texas Agricultural Experiment Station conducted a study of fires in approximately 10 percent of the State's gins. Five types of gins were selected to make the reports: those with green boll or rock traps only, those with magnets only, those with rock traps and magnets, those with complete or partial CO2 systems with magnet or green boll trap, or both, and a control group without any of these devices.

Matches were found to be, by far, the greatest cause of fires. This can only be attributed to carelessness on the part of cotton pickers. No device has been developed to trap matches, and the only practical means used by ginners to reduce these losses is the distribution of safety matches to pickers.

The gins with no devices at all had one of the best fire loss records. These results could be due to chance, or because of too small a sample or too short a test period.

Whatever frazzled means, that's how I feel at this moment.

### Cotton Defoliation Guide Is Released

Effective March 5, 1960, defoliant and desiccants came under the regulations of Public Law 518. The basis for the control program on farm chemicals is to prevent undue risk from residues of the chemicals in the raw agricultural product.

Certain of these chemicals, however, have been granted an extension by the Food and Drug Administration, explains Fred Elliott, extension cotton work specialist. This extension is good until March 5, 1961, he says.

Any defoliant or desiccant used will eventually have tolerances or an exemption from tolerances designated for its safe use or will

be registered on a nonresidue basis. Until official Federal regulations are issued governing the use of a specific defoliant or desiccant, it should not be used, Elliott warns.

In a recently published Texas Agricultural Extension Service leaflet, Elliott lists the chemicals that have been granted this extension, and gives a guide for their use. This leaflet may be obtained from the local county agent or from the Agricultural Information Office, College Station, Texas. Ask for L-145.

### LEFT WEDNESDAY

Mrs. Bill Moore left Wednesday morning for Van Wert, Ohio where she will visit with her daughter, Mr. and Mrs. Sidney Lex and family.

### Baker Youth Is Injured By Car

Bob Baker, son of Mr. and Mrs. Charles Baker of Wharton, was injured Tuesday morning when he darted behind the car being driven by his father. Mr. Baker, a former resident of Winters, was backing out of the driveway after first checking to be sure the children were not in the vicinity of the drive.

The bumper of the car struck the head of the four year old knocking him to the ground causing painful bruises and lacerations about the head.

He was rushed to the Vaney Valley Hospital where it was determined that he was not seriously injured.

According to a press report from Wharton he will remain in the hospital for observation and recuperation for several days. The boy is a grandson of Mr. and Mrs. Joe Baker.

## Sandra Lowe and Jimmie Hoppe Married Last Thursday at First Methodist Church

Wedding vows were repeated in a candlelight ceremony at the First Methodist Church Thursday evening, June 30, at 7:30 o'clock, uniting Sandra Lamoine Lowe, daughter of Mr. and Mrs. William Forrest Lowe, and Jimmie Leeroy Hoppe. The bridegroom's parents are Mr. and Mrs. Leeland Raymond Hoppe.

The Rev. Cecil Taylor, pastor of the Englewood Methodist Church in Fort Worth, officiated for the double ring ceremony before a white satin prayer bench beneath an archway entwined with greenery and outlined with white tapers. The altar rails, covered with greenery, were accented with four baskets of white gladiolus flanked with graduate candelabras holding white tapers. The family pews were marked with wrought iron hurricane lamps holding white candles and decorated with greenery and white bows.

Jo Hudson of Coleman, organist, presented nuptial wedding music and Robert Gans, pianist, accompanied Dorothy Roark of Wink, soloist, who sang "Ah, Sweet Mystery of Life," "Wedding Prayer," and "Because."

Ushers were Gaston Ernst, Jim Austin, James Parker, all of Winters and John Cagle of Abilene.

Candlelighters were Gaston Ernst and James Parker and flower girls were Sandra Gans, the bride's namesake, and Jo Ann Hoppe of Ballinger, cousin of the bridegroom. Glenn Hoppe Jr., cousin of the bridegroom, was ring bearer.

Bill Chapman served as best man and groomsmen were Donald Roach of San Angelo, Bud Busher of Abilene, Weldon Andrae of Fort Worth, Bill Brown of Denver City and Jerry Strickland.

Mrs. James Frederick Helm of Abilene was matron of honor and bridesmaids were Paula Spurlin, Neta Milner, both of Abilene, Betty Lemons of Memphis, Janie Milkien, of Garland, and Margie Martin of Santa Anna.

They wore identical ballerina-length dresses of yellow cotton satin designed with fitted bodice, swooping neckline extending to a deep V in the back, fastened at the waist with a bow and a bouffant skirt. They wore matching pumps, picture hats, white gloves and carried parasols made of yellow and white ribbon accented with white carnations.

low and white ribbon accented with white carnations. The flower girls' dresses were styled similar to those of the bride's attendants and they wore yellow net hats fastened at each side with white bows.

Given in marriage by her father, the bride wore an elegantly simple wedding gown of frosty white imported silk organza fashioned with an empire bodice accented with satin embroidered applique leaves, a wide bateau neckline outlined with matching appliques, slim sleeves caught at the elbow with tiny gathers. From the circular applique line, panels of the leaves cascaded down the full length flowing skirt. She wore gauntlets of pure silk organza and her circular veil of imported illusion fell from a tiara studded with pearls and rhinestones. She carried a white orchid surrounded with white stephanotis atop a white Bible.

For something old, a coin belonging to the bride's grandfather was worn in the bride's shoe; for something new, a strand of pearls, a gift from the bridegroom; something borrowed, a white Bible belonging to the bride's social club, Delta Beta Epsilon; and something blue, a garter made by Mrs. Earnest Brown of Winters.

Immediately following the ceremony, a reception was held in the Fellowship Hall of the church. The bride's table was laid with tiered white organza trimmed with lace and accented with white satin bows over satin. The bridesmaids' parasols centered the table and appointments were of crystal. Mrs. Vern Underhill ladeled punch from a crystal punch bowl and Mrs. Jim Austin, and Mrs. Jimmy Phillips of San Angelo alternated in serving a three-tiered wedding cake topped with a miniature bride and groom. Annette Holman and Gayle Rucker alternated in presiding at the register and Jo Hudson furnished music during the reception.

Other members of the house party were Mrs. Donald Roach of San Angelo, Jan Wayne of Abilene, Ann Henry of Rule, Peggy Ray of Stanton, Bobby Lemons of Memphis, Katherine Brookshire and Betsy Baker of Mineral Wells, and the bridesmaids.

For a wedding trip to Monterey, Mexico, the bride changed to a white embroidered linen suit, white accessories and wore the white orchid from the bridal bouquet.

The bride, a 1957 graduate of Winters High School, attended McMurry College in Abilene, where she was a member of the Delta Beta Epsilon social club; social chairman of Martin Dormitory; a member of Wah Wahtaysee and National Education Association. She served as secretary-treasurer of the junior class and was junior class favorite runner-up. She is majoring in business education with a minor in English. The bride was secretary to Thomas B. Colwell, president of Poza Rica Oil Company in Abilene until June.

The bridegroom, also a 1957 graduate of WHS, is a graduate of San Angelo Junior College and a senior at Texas Technological College in Lubbock.

The couple will reside at 419 East Dale Street in Winters until September when they both will enroll at Texas Technological College in Lubbock, where they will make their home.

The bridegroom's parents hosted the rehearsal dinner in their home Wednesday evening.

The bridesmaid's luncheon, hosted by the bride, was served on Thursday at 1:30 p. m. at the Acapulco Restaurant. Mr. and Mrs. A. C. Ernst hosted the bachelor luncheon Thursday at their home.

Pre-nuptial parties honoring the bride included a kitchen shower hosted by bridesmaids in the Martin Dormitory Lounge at McMurry College, a tea in the parlor of the Winters Methodist Church; a seated tea in the parlor of St. John's Lutheran Church and a Coke party hosted by Mrs. Robert Gans.

The bride and groom were honored at a lawn party at the home of Mr. and Mrs. Earl Roach and a buffet supper hosted by Mr. and Mrs. Jake Cagle of Abilene.

### Cars Now Have Right-of-Way Over Cattle On Roads

The Texas Department of Public Safety reminded Texas cattle owners today that a new law went into effect July 1 aimed at controlling livestock on designated US and state highways.

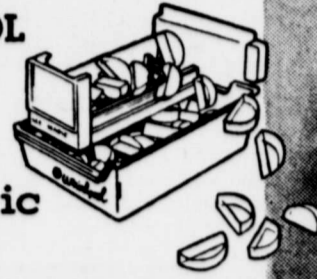

The new law makes it illegal for a person knowingly to permit his domestic livestock to roam at large and unattended on state and federal highways. It applies regardless of whether or not the highway right-of-way is fenced. Maximum fine for such violation is \$200, and each day the violation occurs may be considered a separate offense.

Farm to market roads are excepted from the law. The new law gives law enforcement officers the authority to have such livestock picked up, when unable to locate the owner, and turned over to the sheriff or constable in the county.

The law does not prohibit the driving or herding of livestock across or along highways. It gives peace officers the authority to enforce provisions of the act without a warrant.

## Amusements Coming to Local Theatres

### "Yesterday's Enemy"

According to those who have seen it, "Yesterday's Enemy" is the most controversial war drama ever filmed. Starring Stanley Baker, Guy Rolfe, Leo McKern and Gordon Jackson, the Columbia picture in Megascopes is due Saturday only at the State Theatre.

"Yesterday's Enemy" dares to tell the truth about the crimes of war, crimes committed in every battle and under every flag.

Baker plays a tough young officer who, in the fearful holocaust of the British retreat in Burma, orders the killing of innocent villagers in order to convince a Japanese informer that this, too, will be his fate, if he doesn't spill his guts about vital military information. Once the man has talked, Baker orders his death.

When the Japanese successfully counterattack, the positions are reversed. This time, it is the British who face the threat of immediate execution unless they reveal what they know. Once again, Baker must make a fateful decision.

Rolfe, as an Army chaplain, and McKern as a war correspondent, are unable to accept Baker's war-born philosophy and tactics. Jackson is seen as a sergeant who goes all the way for his officer.

### "A Touch of Larceny"

One of the most hilarious, and entirely fictional, hoaxes ever perpetrated on an unsuspecting public, is dramatized with great wit in the forthcoming Paramount release, "A Touch of Larceny," starring James Mason and Vera Miles. The film, due Sunday only at the State Theatre, was produced and directed by two of Britain's top picture-makers, Ivan Foxwell and Guy Hamilton.

Based on the novel, "The Megstone Plot" by Andrew Garve, which was highly successful in England, "A Touch of Larceny" tells a breezy, romantic story about a British Naval Commander—an officer, but not quite a gentleman—who has to strike it rich fast or lose the girl he wants. Since the Commander is a man with a keen mind and a sense of humor to match, his idea of how to accomplish his purpose is not extremely clever, but equally hilarious. When, however, in spite of his control of the situation, his plot boomerangs, the picture's plot

acquires the additional dimension of suspense.

### "Visit to a Small Planet"

Fasten your seat belts, fans, we're about to be invaded from outer space by a creature masquerading as Jerry Lewis in the new Paramount-Hal Wallis production, "Visit to a Small Planet." This spoof about a beatnik from the stratosphere whose hobby is the Earth and who decides to come take a look at it, is based on the Broadway stage hit, and is due Thursday, Friday and Saturday at the Fiesta Drive-In Theatre.

The screen gives the hilarious story, so successfully dramatized on the stage, more of an opportunity to garner laughs than did the show. It takes Jerry, as Kretton, from his habitat—way out there—and brings him way down here where many mad things happen to him (and the poor people with whom he comes in contact), the full laugh potentials of which could only be realized through the magic of the motion picture camera.

Kretton arrives on Earth wearing a Confederate uniform since he's gotten his dates mixed. However, the members of the unfortunate family he decides to "visit" are themselves dressed to attend a masquerade party so Kretton's strange appearance is taken for granted. But when they learn the "facts" and when the impish visitor falls in love with the beautiful daughter—well, there are more laughs to pay than even the most devoted Jerry Lewis fan can imagine.

Co-starring are Joan Blackman, Earl Holliman and Fred Clark, with John Williams, Gale Gordon and the sensational young dancer, Barbara Lawson.

### "Once More, With Feeling"

Yul Brynner demonstrates, in the new Stanley Donen production, "Once More, With Feeling," that he is as much at home in modern sophisticated comedy as he is in swashbuckling spectacle. If anything, Brynner is even more powerful a screen personality, according to a Hollywood which currently is cheering his performance as a temperamental music maestro.

Lovely Kay Kendall co-stars with Brynner in the Columbia re-

Brynner and Kay Kendall star in Stanley Donen's production for Columbia Pictures of "Once More, With Feeling," in color by Technicolor.

Look who's a Spaceman! Jerry Lewis takes a fling at Earth in "Visit to a Small Planet," Paramount's Hal Wallis production based on the Broadway hit.

lease, at the Fiesta Drive-In Theatre on Sunday and Monday in color by Technicolor. The beautiful actress appears as Brynner's equally temperamental wife, matching his flights of emotional fancy with some delightful pyrotechnics and madcap clowning uniquely her own.

Screenplay for "Once More, With Feeling" was penned by Harry Kurnitz from his own successful Broadway stage play, the happy comedy of musical genius whose egocentricities are kept in check by his wife... until she discovers him "auditioning" a sultry young pianist. She walks out on him, and his career promptly starts skidding.

In time, the maestro decides to forgive her, only to discover she now is in love with an atomic scientist and is determined to marry him once her divorce comes through.

### "The Nun's Story"

"The Nun's Story," the eagerly awaited film dramatization of Kathryn Hulme's famous book, opens Tuesday and Wednesday at the Fiesta Drive-In Theatre as one of the most important motion picture events of the decade.

The picture, a year in filming, has already been widely heralded as a memorable experience behind convent doors. It stars Audrey Hepburn in the role of Sister Luke, the Belgian girl who became a nursing nun in the Congo, and whose adventures—both physical and in her tortured conscience—have aroused worldwide interest.

The Nun's Story" was directed by Fred Zinnemann, an eight-time Academy Award winner, whose "High Noon," "From Here to Eternity" and "The Search" have won him international recognition.

### Morning Coffee Honors Mrs. Chapman And Four Sisters

Mrs. Charles Chapman and her sisters, Mrs. J. E. Drummond, of San Antonio; Mrs. R. C. Terry, of Talpa; Mrs. W. A. Welsh, of Fort Worth; and Mrs. H. L. Jackson, of Houston, were honored with a morning coffee Wednesday in the home of Mr. and Mrs. M. E. Leeman. Mrs. James Glenn assisted Mrs. Leeman with hostess duties.

Other members of the house-party included Mrs. Douglas Cole, Mrs. Earl Dorsett, and Mrs. W. T. Billups.

Mrs. Leeman greeted the guests and introduced them to the honorees.

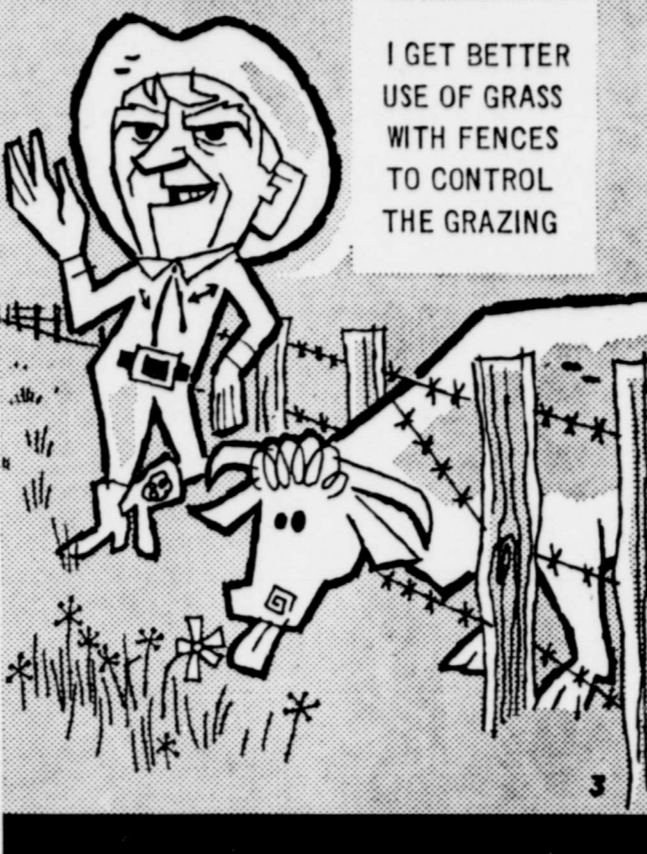

Mrs. Glenn directed them to the refreshment table, which was laid with white applied organza and centered with an antique silver candelabra.

Mrs. Cole and Mrs. Dorsett alternated at ladling iced orange juice from a silver punch bowl. Mrs. Billups poured coffee from a silver coffee service. Other appointments were of crystal.

Approximately forty friends called.

## Other States Are Going After Industry With Huge Budgets... But Not Texas

BY VERN SANFORD  
Texas Press Association

When the various states go to battle to capture new industries, other states go in with cannonized budgets. But not Texas.

Texas is, by comparison, fighting with a rubber band and spit balls. At least that's the view of the man who heads the Texas effort, Walter E. Dickerson.

Dickerson, as executive director of the Texas Industrial Commission, directs himself. He has no staff and no secretary. Legislature allotted him \$23,750 a year to do a job for which the neighboring "poor" state of Arkansas spends more than a half-million a year.

Dickerson uses his slim funds for a brochure on Texas, and, since out-of-state travel is impossible, long-distance telephoning. He's also seeking additional funds from Texas firms to carry on the work.

Next winter he'll be before the Legislature to ask for more money to give Texas an even break in the intensely competitive industry-seeking field.

Dickerson's pleas come against a background of warnings that Texas manufacturing has not been growing fast enough to offset the decline of oil and agriculture. Some areas, such as the Gulf Coast, are becoming highly industrialized, but Texas needs more industry all over, say the economists, if it is to avoid a stall.

More manufacture of products for the Texas consumer market is especially recommended. Dickerson has data showing that Texans send \$2,500,000,000 of their money out of state to buy manufactured products.

Dickerson also supports his urging for a beefed-up Industrial Commission with figures showing that new industry is literally "money in the bank" for a town and state.

For each industry with 100 employees—not a particularly big one—bank deposits jump \$270,000 and retail sales \$360,000 per year.

**BUSINESS TOTALS TUMBLE**  
Texas' most recent business activity reports are not entirely rosy either.

Retail trade for May was down 2 percent from April and 4 percent from a year ago, according to the University Bureau of Business Research.

Building construction was also in a downward spiral, 3 percent from April and 11 percent from last year. Building decline between April and May was due to a sharp drop in home building. Non-residential construction was up 3 percent.

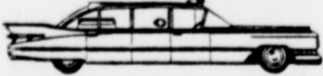

Slow down in retail buying was unexpected, inasmuch as employment, income and savings are at an all-time high. An increase in home building is hoped for as a result of eased FHA down payment requirements. More home buying would, in turn, stimulate more retail buying, particularly furniture, appliances and hardware.

**GAS TAX LOSES ROUND**  
Texas' new natural gas severance beneficiary tax flunked its first court test when an Austin district judge ruled it unconstitutional.

Judge Jack Roberts held the tax violated the U. S. Constitution's prohibition against levying a tax on interstate commerce. Severance beneficiary tax is aimed at the natural gas pipeline companies, who, the tax's supporters contend, benefit from taking the gas from Texas soil and should pay a tax for these benefits. Most pipelines operate on a national scale. Producers, the people who actually take the gas from the ground, already pay a tax.

Atty. Gen. Will Wilson, representing the state, said he would appeal Roberts' decision, probably.

# SHACKLED BY RELIGIOUS CREEDS?

Freedom in Christ is a priceless gift of God. Jesus said, "If the Son therefore shall make you free, ye shall be free indeed" (John 8:36).

Yet, many believers in Christ yield this freedom to the restrictions of denominational alliances and human traditions. They cannot understand that the church established by Jesus Christ, and described in the New Testament, was neither Protestant, Roman Catholic, nor Jewish—in the sense that men today tend to classify one another into religious categories.

The first century church of Christ, however, could be considered Jewish in the sense that its first members were Jews; it could be considered protestant in the sense that its leaders and members would boldly protest any new doctrines or innovations; and it was catholic (universal) inasmuch as it was established for all peoples of the earth.

Members of the church in that age were called Christians. There were thousands of them, and they belonged to no denomination. They were all members only of that broad universal church for which Jesus died (Acts 20:28). They were not sectarian in any sense. They had become members of Christ's spiritual body through obedience to the gospel (Hebrews 5:8, 9).

In the unity of a faith universal, they were recognized universally as simple Christians.

If this view of Christianity, so plainly set forth in the New Testament, had been maintained through the centuries, we would not have the divided warring factions that spend their energies fighting each other rather than fighting Satan. Sadly, thousands of believers in Christ are shackled by religious creeds.

The New Testament view of Christianity is not a narrow-minded one. Under this view alone can men hold that every person who has been born again is a brother or sister in Christ. Any denominational view, regardless of how tolerant, is bound to be more restricting and narrow than the undenominational Christianity of the first century.

According to this view, men are free under God to believe and obey the commands of God without human restrictions. Every man is responsible to God alone for searching the Scriptures for himself and rendering loving obedience to the Father's will. When people follow this pattern, obey Christ's will, and associate themselves together for the purpose of worship and service — maintaining allegiance to Christ rather than men or creeds of men — this is truly the Lord's church.

To be a simple New Testament Christian, without denominational restrictions, is a glorious privilege. This is the practice of the church of Christ in Winters. We strive to follow Christ and thus be Christians only. Without limiting Christ with denominational designations, we can give glory to our Creator through the non-denominational body which he founded, Christ's church. This indeed, is the freedom that is in Christ. We invite you to study God's Guide, the Bible, our only creed, and learn with us to grow to be more like the church of Christ described therein.

"If the Son therefore shall make you free, ye shall be free indeed." (John 8:36).

The Struggle for Righteousness is the subject for next Sunday's Sunday School Lesson. Meditation: "Some of the Scandinavian countries have a very unusual and important official known as the 'grievance man.' It is his responsibility to listen to the complaints of any of the people who have been wronged. He is the champion of social justice, and the defender of the rights of the common man. In Old Testament times prophets such as Amos took the duties of the 'grievance man' for the Jewish nation. They protected the common people from cruelty, oppression, and every form of social injustice. In the present day every Christian should take the part of a grievance man, showing compassion to all who are in need, and championing all who are unfairly treated. This should be a characteristic of the true follower of Jesus."
