HOME TOWN
Talk
By R. C. THOMAS

Although officials of District 7AA decided before the season that all conference football games would begin at 7:30, the Winters-Coleman game scheduled for next Friday night, Oct. 28, will be an exception. Because Coleman will be celebrating their homecoming, and want to give ex-students as much time as possible to make the trip "back home," the two schools agreed to delay the game until 8 o'clock. This will be the only conference game in which the kick-off time will be changed from the original 7:30.

Incidentally, Winters fans who are planning to attend the Coleman game are urged to purchase their reserved seat tickets prior to leaving Winters. It not only means a chance of getting a better seat—it will mean more money in the coffers for the Winters school.

We've been called several times about that little "letter F" puzzle we ran last week. If you didn't find all six "F's" the first time around, don't feel too badly—few of us did. In fact, when we first read it we had to strain to find three.

Some quotes we've read lately: "Everyone believes in the Golden rule: Give unto others the advice you can't use yourself." "A super - market is a place where you can find anything you want except the kids when you're ready to leave."

"Man now knows what's on the other side of the moon, but still can't tell what's in the back of his wife's head."

In 1930, we're told, the College Star, campus newspaper at Southwestern Texas State College, San Marcos, was edited by a fiery young man whose interests were political. His name was Lyndon B. Johnson.

Today, thirty years later, the Star's managing editor is bent by the political wind, also. His name? Richard Nixon.

The clergyman had a discussion with the parents before he baptised their infant. "Think of the future that may lie before this dear child," he said. "One day he may become a pastor like myself or perhaps a gallant airman or a sea captain. Who knows—he may even become president! Think of the joy that will be yours guarding him and watching his career. Now what name did you say?"

The mother replied timidly, "Mary Jane."

Carried in the advertising columns of The Enterprise this week is evidence that another major national advertiser is recognizing the important part played by the weekly newspaper in getting his message across to the consumer. The makers of Camel cigarettes are placing advertising in every weekly newspaper in the United States. This in itself testified to the fact that advertisers are seeking the medium which will reach the most people. It's been said that the weekly newspaper is a powerful advertising tool due to the fact that this week's issue probably will be read by each member of the family—at their leisure—and research has shown that a particular week's issue probably will be around the house for several days. By using the newspaper, the advertiser is not faced with the problem of picking out a certain minute from the 10,800 minutes in a week when he'll have the biggest audience.

And in spite of the lack of "glamour" or "drama" associated with some media, the advertiser, when using the newspaper, will not lose 90 percent of his audience while they raid the refrigerator for a snack.

Now that Khrushchev has gone home, Castro is picking chickens in Cuba, the World Series is over, and Casey Stengel has "retired" again, we can all settle back and get ready to hear another of the "great debates." The Blizzards have an "off" week this week, so about the only exciting thing is the cotton picking—and that has been delayed by the rains. Of course, if one tries hard enough, one can start a discussion on the upcoming election.

We've been keeping a little file of clippings on our football predictions this season, and get a bit dizzy when we look at it. So far this year we have been on the losing end most of the time, and can't find anyone to take the

First Baptist Church To Host District 16 Convention Here

Winters First Baptist Church will host the 17th annual session of the District 16 convention which will be held on Monday and Tuesday October 24-25. There will be a number of outstanding speakers on the program.

Dr. E. S. James of Dallas, editor of the Baptist Standard, will speak at 8:20 p. m. on Monday. The Winters First Church choir directed by Loyd Roberson will present the special music at 8:10 o'clock. The program will begin at 7 p. m. with the theme of "World Evangelism".

On Tuesday morning the program will begin at 9:45 o'clock with Rev. R. C. Tennyson of San Saba preaching the annual sermon at 11:25. The choir from the Immanuel Church in San Angelo directed by S. L. Tate Jr. will present the special music.

Dr. James Basden of Dallas, chairman of the benevolence commission, will speak at 3 p. m. on institutions. Dr. Vernon Yearby of Montgomery, Alabama, from the Southern Baptist department of evangelism, will bring the final message of the convention at 8:30 p. m. on Tuesday. Special music will be presented by the choir from the First Church at Ballinger under the direction of Paul Goodwin. Dr. L. H. Tapscoff of Dallas, state Brotherhood secretary, will also speak.

Those in charge of arrangements are Rev. Travis Gibson of Brownwood, district president, and Dr. Clifford Nelson of Brownwood, missions secretary. Rev. B. T. Shoemaker is the host pastor. The board meeting IPW?BSAT. The board meeting will be held at 4:00 p. m. on Monday.

Preceding the convention the annual Woman's Missionary Union will be held beginning at 9:30 a. m. Mrs. Joe Brosig of Paint Rock, district president, will direct the day's activities. Mrs. Clem Hardy of Waco, state president, will speak at 11:00 o'clock. Mrs. Hardy was a missionary in Brazil for 18 years, and attended the Baptist World Alliance this summer.

Mrs. A. L. Leake of McKinney, who has served as a home missionary to the mountain people, will speak in the afternoon. The meeting will adjourn at 3 p. m.

blame. We figure, though, that if we just keep on, the law of averages will force us to be more than half right on just one week's predictions. We'll call 'em like this for this week:

- Arkansas over Mississippi.
- Texas A. and M. over Baylor.
- Houston over Alabama.
- Oklahoma over Kansas State.
- Oklahoma State over Kansas U.
- Texas over Rice.
- Texas Tech over SMU.
- TCU over Pittsburgh. (Not the Pirates)
- Tulsa over Cincinnati.
- Air Force over Wyoming.

R. F. LOYD

R. F. Loyd of Austin To Speak To County Teachers Oct. 24

R. F. Loyd, a representative of the Texas State Teachers Association, is scheduled to speak to the Runnels County Local Unit of TSTA which meets in Winters Monday October 24, at the High School Auditorium at 7:30 p. m. His subject will be "The TSTA Legislative Program for 1961."

Mr. Loyd has been associated with the public schools of Texas for 25 years, having served as classroom teacher, elementary school principal, high school principal, and assistant superintendent prior to accepting his present position as Assistant Director of the Division of Research and Records of TSTA.

Mr. Loyd is a graduate of East Texas State College, having completed the requirements for a BS degree in 1937, and receiving a Master of Science degree in Administrative Education in 1948. He holds a Professional Teacher's and Administrator's Certificate and is a member of local, state, and national professional organizations.

Girl Scout Fund Drive Completed

H. C. Satterwhite, chairman of the Winters Girl Scout Fund Drive announced this week the successful completion of this year's campaign.

"There's no better investment than Girl Scouting," Satterwhite said. "Maybe that's why our town responded so generously when the Girl Scouts asked for support. Today the girls want to say thank you to everyone whose generous contribution means that there will be more Scouting for more girls next year."

"The purpose of the drive was to seek urgently needed funds for continuing and expanding opportunities for Girls Scouts in this area—services that will help them to develop skills, talents and strong character traits, that will make adolescence a sturdy bridge between childhood and creative maturity."

FROM SAN ANTONIO

Mr. and Mrs. Jeff Moore and daughters and Mrs. W. B. McCaughan of San Antonio spent the week end visiting in the home of Mr. and Mrs. B. B. Henry.

Area Rains Halt Cotton Picking; 7,227 Bales Ginned

After several weeks of near-perfect cotton picking weather, the rains of the past few days in this area have brought the gins to a halt. A few bales, picked prior to the rains, were left to be ginned Wednesday; otherwise, the gins had halted.

Up to Wednesday, the three Winters gins had ginned 7,227 bales from the 1960 cotton crop, but much more remains to be picked.

Although the rains stopped the picking, and there will be some drop in cotton grade, according to some sources, this area did not receive the heavy driving rains experienced in some sections of the state, which would have damaged or destroyed the cotton in the fields. Most farmers contacted in this area said that if there is no hard driving winds and rain, a few days of sunshine will put the pickers back in the fields.

Gauges vary in measurement of the rains, with some communities receiving much more than others. In Winters, rainfall recorded since the beginning of the week stood at a little more than 2 inches.

MYF To Receive Banner From Sub-District

Winters Methodist Youth Fellowship will receive a banner for having the highest attendance at St. Paul's Sub-District held October 17, in the Coleman Trinity Methodist Church. Twenty-two members of the MYF, Rev. Ray Elliott, pastor and four adults attended the meeting.

The Santa Anna Church received a banner for having the highest percentage to attend. Jean Mayo, president of the Winters MYF, was chosen as the MYF'er of the month and was presented a MYF pin by Sandra Cotes of Coleman. The MYF'er of the month is chosen by the youth director for work done for the Sub-District.

Dr. Ward of the Harris Hospital in Fort Worth gave an interesting talk on nursing and films of the hospital were shown. Seventy-nine youths, pastors and adults attended and the MYF benediction concluded the meeting.

Freddy Hood Injured In Odessa Accident

Freddy Hood, 9, son of Mr. and Mrs. Fred Allen Hood of Odessa, former residents of Winters, was critically injured Friday afternoon when he was struck by a truck near his home. The child received a double concussion and a specialist from Lubbock operated shortly after the accident happened. Other injuries have not been determined.

He is a patient in a hospital in Odessa and his condition was reported to be a little improved Wednesday morning. Freddy is the grandson of Mr. and Mrs. Arch Hood of Odessa, former residents of Winters.

FROM WAXAHACHIE

Rev. and Mrs. Eugene Robertson and children of Waxahachie spent the weekend visiting in the home of his parents, Mr. and Mrs. D. C. Robertson.

Salvation Army Finance Drive Begins Oct. 26

The Salvation Army Annual Finance Drive will start with a kick-off breakfast at Pierce Cafeteria Wednesday morning, October 26 at 6:30, according to the Rev. Leslie E. Ellison, drive chairman.

All workers for the Winters campaign will meet at that time for breakfast, instructions, a brief program, and to select prospect cards. The goal of the North Runnels campaign has been set for \$1,000 by the Service Unit Committee.

The North Runnels Salvation Army Service Unit committee is headed by R. D. Cathey. Members include W. M. Hays, Mrs. B. B. Bedford, Dr. H. H. McCreight, W. H. Hudgins, the Rev. Ellison and Laurence Hennigan, all of Winters and Henry Adcock and A. Dooley of Wingate.

The local Service Unit of the Salvation Army aided 138 people in an emergency way last year, and in addition 1000 articles of clothing were distributed. The emergency aid included groceries, fuel, garments, shoes, medicine, hospital care, lodging, meals, and transportation. In addition to local aid, the local service unit aided in the state disaster relief, camping, home and hospital for un-wed mothers, and other state services of the Salvation Army.

The Rev. Ellison has named as captains for the drive, Clarence Alfrey, Homer Hudgins, Mrs. A. W. Libbe, Mrs. Jerry English and James West. John Gardner is heading a team for the advanced solicitation, and Ted Meyer is heading the employee division.

Ellison asked that everyone be as generous as possible as the requests for emergency have been greater in Winters and North Runnels County and money will be urgently needed to carry out the program during the next year.

Robert N. Eastus, Jr., Field Representative of the Salvation Army, is assisting the local committee with the mechanics of the drive.

Jaycee-Ettes Plan Hallowe'en Carnival

The Jaycee - Ettes completed plans for the Halloween Carnival at their meeting held Tuesday evening at Pierce's Cafeteria. Mrs. Obie D. Bradford presided.

The carnival will be held Monday, Oct. 31, in the Economy Food Store Annex beginning at 6:30 p. m.

The Town and Country Garden Club will have the sweet walk; VFW Auxiliary, ghost house; Junior Culture Club, fish pond; Winters Garden Club, bingo; Goal Diggers Club, general store; Literary and Service Club, fortune telling; Firemen's Auxiliary, fire truck; Girl Scout Troop 3, dart board; Boy Scouts, Girl Scouts and Jaycee-Ettes, concession stands.

Other organizations who are interested in sponsoring a booth are asked to contact Mrs. Obie D. Bradford Jr.

Badge Workshop for Intermediate Girl Scout Leaders Set

The Heart of Texas Girl Scout Council will conduct a Badge Workshop for Intermediate leaders and assistant leaders on Thursday, October 27, at Brownwood, beginning at 9:30 a. m. The workshop is planned to strengthen the Girl Scout program in Intermediate troops. Badges earned by girls are symbols that they have done a thing often enough, and well enough to be prepared to give service in it. Girl Scouts wear badges to let people know they are prepared and willing to be called on because they are Girl Scouts. Girl Scouting is not just knowing but doing—not just doing but being.

Content of the workshop will include the purpose of badge work, how long it takes to earn a badge, and how to plan badge work with girls. Badges earned in Girl Scouting are tied up directly to their motto of "Be Prepared."

The workshop will be conducted by Mrs. Ray A. Hoyle, Executive Director and Mrs. Wayne Holland, District Director of the Heart of Texas Council. Students attending the workshop are asked to bring their handbooks, pencil, paper and a sack lunch.

C. of C. Is Planning Christmas Program

Santa Claus will come to Winters December 1.

This is the day the Winters Chamber of Commerce has picked for the annual Christmas parade and the first of many events to pack the Christmas season. The parade is the number 1 item, but the chamber of commerce has again planned several drawings for cash money during the season. A total of \$650 is to be given away.

The Christmas parade will begin at 4 p. m. Thursday, December 1, according to Homer Hudgins, who heads the retail trade committee of the chamber of commerce. The Winters High School Blizzard Band will head the parade, and bands of schools in surrounding area and independent organizations will be invited to build the floats. Merchants or businesses may build their own float entries, according to the chamber of commerce. The practice of having merchants sponsor floats and independent organizations build and enter them in the parade has been adopted so more floats will be entered in the parade. Because the parade comes during a rush business season, many merchants who would like to display floats do not have the time to prepare them, it was announced. John Norman is parade chairman.

The annual Kiddies Christmas Parade will be held December 10 at 3 p. m., with Mrs. B. B. Bedford, chamber of commerce secretary, as chairman. There will be five divisions in the kids' parade: best decorated wagon (miniature floats), best decorated tricycle, best decorated bicycle, costume and group entry. First, second and third prizes will be awarded in each division. Prizes are \$6, \$4, and \$2. Deadline for the children to enter the parade is December 9 at 5 p. m., Mrs. Bedford said. Participants must come by the chamber of commerce office and receive a number for their entry in the parade.

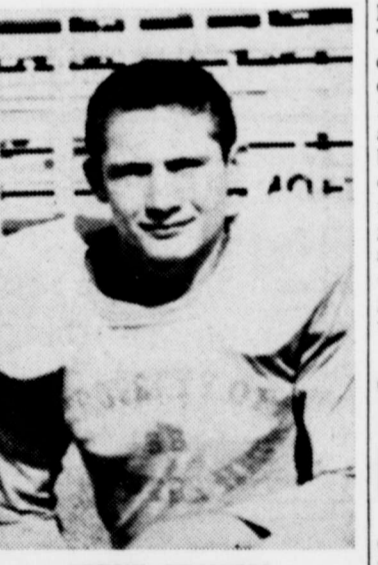

Out-of-town judges will be secured for both parades. Clubs and other organizations who are interested in entering a float in the parade are asked to call the chamber of commerce and register. The other main event of the Christmas season will be the cash drawings to be held at the chamber of commerce office. The first will be held December 10 at 4 p. m. Other drawings will be held on December 17 and December 24. Three drawings will be held each day, it was announced. On the first day, December 10, and December 17, drawings will be for \$100, \$50 and \$25. The drawings on December 24 will be for \$100 each. Tickets will be distributed to members-merchants on November 12 to be given customers who will deposit stubs in available boxes. No purchase will be necessary to be eligible, however, it was announced, winners must be present.

CROP Trick or Treat Slated for Oct. 29

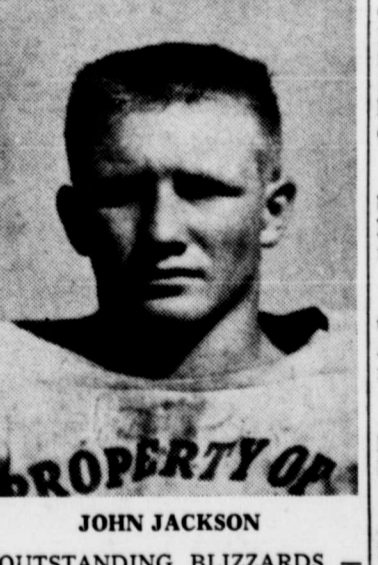

Youth of the Presbyterian and Methodist Churches will collect coins for The Christian Rural Overseas Program Saturday October 29.

CROP is the community food appeal of Church World Service and will help needy children all over the world to have milk to drink and food to eat.

The youth are asking the citizens if Winters to donate to CROP Trick or Treat October 29.

STEVE GRISSOM

JOHN JACKSON

OUTSTANDING BLIZZARDS — In the game against Ranger last week, according to Coach L. G. Wilson, all the linemen scored in the 80's in offensive blocking. Tommy Webb was high man with a score of 89 percent effectiveness. John Jackson was second high man in blocking, and second high man in tackling. William Grissom led the field in tackles made. Steve Grissom, who made three successful tries for extra point runs, was outstanding on both offense and defense. One of his extra point runs was called back on penalty, however.

Winters-Coleman Game Reserved Seats Available

The school business office has received 640 reserved seat tickets for the Winters-Coleman football game scheduled for 8:00 p. m., October 28 in Coleman. These tickets are all between the 40 yard lines and are all good seats.

Football fans are urged to purchase their tickets here in Winters due to the fact that the district rule gives Winters \$.75 of the \$.125 on each ticket and Coleman \$.50 on each ticket sold in Winters. If you purchase your ticket in Coleman, then Winters only gets the \$.50. Also, these tickets will cost \$.150 at the gate in Coleman on game night.

Out-of-town judges will be secured for both parades. Clubs and other organizations who are interested in entering a float in the parade are asked to call the chamber of commerce and register. The other main event of the Christmas season will be the cash drawings to be held at the chamber of commerce office. The first will be held December 10 at 4 p. m. Other drawings will be held on December 17 and December 24. Three drawings will be held each day, it was announced. On the first day, December 10, and December 17, drawings will be for \$100, \$50 and \$25. The drawings on December 24 will be for \$100 each. Tickets will be distributed to members-merchants on November 12 to be given customers who will deposit stubs in available boxes. No purchase will be necessary to be eligible, however, it was announced, winners must be present.

Roger Babson Says

U. S. and Great Britain Should Hold Together as Foundation for Free World

My first thought as I complete my six weeks away from the United States is that we and Great Britain should hold together as a solid bloc and foundation for others of the free nations who are willing to put character and courage ahead of propaganda and selfishness.

Attitude of France
 Certainly deGaulle has done wonders for France. He, however, appears to be a very conceited man and knows little about economics. If deGaulle should suddenly drop dead, most intelligent French people believe that France would revert to chaos. Surely I would invest no money in France. Mrs. Babson, who spent her time at the hotels and stores, fears that France is "pricing herself out of business."

Personally, I have not seen much of the Germans since I spent some months there just before World War I. There is no doubt, however, that they are the most industrious people. If the French endeavor is to give a little for as much as possible, certainly the Germans are supplying the most goods possible for as little as possible. As a result, great purchases both of machinery and of goods are being made in Germany by American manufacturers.

What About Italy?
 Italy is also forging ahead in exports to the United States and all over the world. This especially applies to plastics, for the manufacture of which Milan has very large factories. This includes not only solid plastics, which will soon compete with steel in our new light-weight automobiles, but also textiles of all kinds from tableware to dress goods and clothing. Both the textile labor unions and the manufacturers of woven products already see the handwriting on the wall!

During my trip I met several buyers from such concerns as Sears Roebuck, Montgomery Ward, Woolworth, McCrory-McLellan, and Macy's. These concerns are bringing goods from both Europe and Japan in shiploads to sell in the United States and South

America—at low prices and at good profits. When China also breaks into these markets the competition will be very severe. This latter may be worrying Mr. K and be one reason for his tirades!

What About the American Stock Market?
 From the above, it looks as if the profits of our industrial companies will continue to decline, and be followed by dividend reductions. If competition increases, as I expect, it will result in unemployment followed by more labor strikes. Employers may not be about to reduce wages but they surely will resist wage increases and the "fringes" which are constantly increasing. I now see no reason for a real business depression, but certainly this situation does not now encourage another bull market, except possibly in the merchandising and specialty stocks.

Then what is holding our U. S. stock market up? My answer is "European buying." Our gold supply is surely eroding, yet every European with whom I have talked believes that the United States is the safest country in which to invest funds. Every German and Italian manufacturer who gets surplus funds (either from the sale of goods or perhaps from the sale of his entire business to Americans) is sending a portion of those dollars to the U. S. to invest in the Dow Jones stocks, including the steels!

Conclusion
 Such foreign buying of U. S. stocks could hold the Dow Jones Industrials up while earnings and possibly dividends decline. But I now hesitate to recommend either the purchase or sale of active stocks for capital gains or tax losses. Of course, we will know much more after November 8. We then, however, should not judge the true effect of the election by what happens to the stock market during the first 30 days, but should have patience to wait a few months.

P. S. Reading over my notes, I see that I have made no mention

A Lesson Learned On Foreign Soil

(The following was written by Mrs. Florence Bosl, widely-known and much-honored editor - owner of the weekly Schulenburg Sticker, who has travelled in 52 countries including Russia and nations behind the Iron Curtain and observed first-hand what can happen when apathy prevails among a country's citizens. This is an impartial article being published as a public service.)

By MRS. FLORENCE BOSL
 Why am I personally asking YOU to vote on November 8?

Stranded on the international bridge that separates the land of Poland from the Soviet Union not so many months ago, I faced the fact that my Polish visa had been annulled and that my Soviet visa had expired. What did I think about on that Bug River Bridge?

Two things, and two things alone, gave me courage to find a way or make a way to get home. First, was my faith in God. Second, was the knowledge that I was a citizen of the United States.

It requires some real thinking when a lone American woman is left a midnight, miles from even a farmhouse, six miles to the nearest town, with luggage too heavy to carry and only American traveler cheques for money.

During the three days and four nights I rode in an open cattle train without food or water in order to get to Moscow so I could argue with officials about getting out of the country, these thoughts repeatedly turned over in my

mind: What were the two most valuable things I owned in all the world? My Bible and my American citizenship. It was during this ride that I resolved that if I ever arrived back safely to my beloved hometown of Schulenburg that I would not be an indifferent, apathetic citizen of the U.S.A. Never again would I fail to vote at an election. Never again would I look with smug security at the freedoms in America, especially the right to vote. On the cattle car in the black night unlighted by even the stars I knew that with my freedoms came responsibilities. That I must work hard to earn the right to have and to keep these priceless privileges. That I must be willing to shoulder the duties of a good citizen, duties that include voting at each and every election.

Other thoughts came to my mind as I looked toward the land of Poland, a country behind the Iron Curtain under the domination of Communism: Our greatest dangers lie within ourselves. Rugged individualism had turned to "let Joe do it" thinking. We seem to have specialized in knowing how to ask, but we have forgotten how to give. We know what we are owed, but have forgotten what we owe.

Patriotism — love of country — was once the almost sole motivating force of these whose memory we honor and cherish. They were men and women who sacrificed time and money, even life itself, to serve and preserve our United States. In eternity they are watching us now.

Will it be necessary for each of us to stand on freedomless soil to know how immeasurably wonderful it is to be a citizen of these United States?

When election time rolls around you can be sure I shall cast my ballot, and it will be a vote to retain our priceless freedom.

County HD Council Hears Reports, Makes Plans for '61

The Runnels County Home Demonstration Club council held a regular meeting on Oct. 14 in the conference room of the courthouse with Mrs. Harion Hays, the chairman, presiding. Mrs. Hays read "Sermons We See."

The ten clubs of the county were represented with 27 members attending. Miss Chenoweth, agent, and Mrs. Herman Hulsey were visitors. Mrs. Archie Wallace gave the treasurer's report.

All council officers, committee chairmen of council, and club presidents gave a yearly report.

Fourteen new club members have been added during the past year and 79 non-club members have been given specific instruction by club members. Three of these non-club members live in other states.

Many club members are also active Farm Bureau and Electric Co-op members. Clubs have adopted patients at Big Spring Hospital and Mexia State School and have donated to the March of Dimes and Heart Fund. There were over 100 pillow cases sent to McKnight Hospital by club members and all clubs sent gifts to Abilene State School on special occasions and at Christmas. One club donated \$24.00 to the Winters

library and assisted two Latin American families with gifts of food and clothing. Club members have been very active in church work, as Boy Scout and Girl Scout leaders, in P-TA and Band Booster clubs, and as 4-H Club adult leaders.

THDA recommendations have been carried out in the programs presented to the clubs. These include programs on family life, citizenship, civil defense, health and safety, and recreation. The foods programs presented by Miss Chenoweth either directly to the clubs or by leaders, received much praise. Some of the other programs reported were making lamp shades, upholstery workshops, fitting a dress, care of fabrics, good grooming and styling and care of the hair, plastic flowers, wood fibre flowers, wall plaques, drivers education, lye soap, fruit and collars suited to the individual.

Club members have made many improvements in their homes, making them more convenient and livable during the past year. One club honored their Senior Citizens at Christmas with a party.

Three county program building sub-committees are to meet next week to plan county programs. These are the Home Management committee with Mrs. Neuman Smith, Mrs. Marion Hays and Mrs. Lester Lee as members; the Clothing Committee, consisting of Mrs. J. L. Ohlhausen, Mrs. Archie Wallace and Mrs. A. J. Bishop Sr.; and the Family Life Committee with Mrs. Clyde Simmons and Mrs. Bill Hays as members.

Miss Lucile Moore, State Recreation leader, is to conduct a training school in Ballinger on April 20, 21 and 22. Representatives from Tom Green, Coke and Runnels counties are to attend. The representatives are to be selected from all Home Demonstration Clubs, girls' clubs, boys' clubs and community clubs.

There were many good programs selected for 1961 when the year book committee met in September. The council officers elected for 1961 are Mrs. M. R. Petree of Crews, chairman; Mrs. Edwin Vogelsang of the Ballinger Club, vice chairman; Mrs. Clyde Simmons of the Bethel Club, secretary; and Mrs. J. L. Ohlhausen, South Ballinger Club, treasurer.

Miss Maeona Cox, State Foods Specialist, met with the County Program Building committee recently to plan county-wide programs needed for Runnels County. The committee decided that the county needed programs on management of the food dollar to include more dark green and dark yellow vegetables and more citrus fruits and milk in the diet. Attending this meeting were Mrs. Mead McShan, Mrs. J. J. Wessels, Mrs. J. L. Ohlhausen, Mrs. Owen Bragg, Mrs. Clyde Simmons, Mrs. E. B. Campitt, Mrs. William Urbanek, Mrs. Marion Hays and Miss Ollie Chenoweth.

Lone Star Gas Co. To Build 18-Inch Pipe Line In Area

Lone Star Gas Company and its wholly-owned subsidiary, Lone Star Producing Company, have been active in development and purchase of natural gas from oil and gas fields in the West Central Texas area for more than 30 years according to Lone Star president L. T. Potter of Dallas.

Latest action by the company is its proposal to build an 18-inch, 52-mile natural gas pipeline in West Central Texas which will increase capacity of the company's transmission facilities by more than 100-million cubic feet of gas daily, Potter said. The new pipeline is estimated to cost in excess of \$2 million, he noted.

"The proposed project, which is subject to final approval by Lone Star's board of directors, is endorsed by company management," he continued. "When approved, this action will demonstrate the company's confidence in growth of energy demands in its present market areas, and confidence in West Central Texas gas producers."

Preliminary engineering and surveys for the pipeline are now underway. Actual construction would begin early in 1961, Lone Star president stated.

It would run in a southwesterly direction from the company's Springtown Gasoline plant, across Parker and Palo Pinto counties,

to Gordon in Palo Pinto county.

At Gordon the pipeline would tie into the outlet of the company's Gordon Gasoline plant and the east end of a recently completed 12-inch Lone Star transmission pipeline. The 12-inch pipeline now terminates near the corner of Brown, Comanche and Eastland counties.

At Springtown the 18-inch pipeline would tie into a 48-mile, 20- and 24-inch pipeline recently completed by Lone Star to the edge of Northwest Dallas County.

Lone Star Gas Company has long been active in gas purchase activities in West Central Texas. Its transmission system was extended to this area during 1926. Since then it has proven a continuous, valued source of supply for Lone Star's ever growing markets.

Recently developed new sources of supply, particularly in Erath, Palo Pinto and Stephens counties, are now being connected to the

Company's vast interconnected transmission system, Lone Star records revealed.

Company records show that during the past five years alone (1954-59), more than 321 billion cubic feet of natural gas was purchased from producers in the West Central Texas area. The records also show that Lone Star's purchases have been increasing each year during the five year period.

These purchases are the result of contracts negotiated with about 125 different producers in the West Central Texas area, Lone Star records show. In addition, the company holds contracts with several gasoline plants in the area which buy from numerous smaller operators.

The producers and plants are located in the following counties: Palo Pinto, Erath, Hamilton, Stephens, Comanche, Eastland, Coleman, Young, Brown, Callahan,

Shackelford, Runnels, Taylor, Jones, Stonewall, Scurry, Fisher, Nolan, Coke, Tom Green, Sutton and Schleicher.

Now Is Time To Apply for NROTC Qualifying Tests

High school seniors and graduates who are sincerely interested in earning a commission in the Regular Navy or Marine Corps should send in their applications now to take the Navy College Aptitude Test which is the qualifying examination for the Regular Naval Reserve Officers Training Corps. Deadline date for mailing your application is Nov. 18, 1960. The test will be administered on one day only, Dec. 10 1960 for the 1961 increment of the NROTC program.

The Regular NROTC program provides education and training at 52 leading colleges and universities to fully qualified candidates selected for enrollment in the program. All tuition, fees and books are paid for by the Navy in addition to annual retainer of \$600 for not more than four years. During the summers between academic years, the NROTC Midshipmen go on interesting and exciting training cruises to many parts of the world with liberal liberty in foreign ports. Graduates are commissioned in the Regular Navy or Marine Corps and go on active duty in the modern Navy. Duty preferences are carefully considered and may include immediate assignment to submarine or aviation or in such technical fields as nuclear, electronics and the many other assignments available in the Navy of today and tomorrow.

Applicants must have reached the 17th anniversary of birth but must not have reached the 21st anniversary of birth on July 1, 1961. Those who score sufficiently high on the Navy College Aptitude Test will be scheduled to report to a Navy Recruiting Station for physical examination, interviews and preparation of an application file for consideration by a state selection committee. It is anticipated that 1600 candidates will be selected for the 1961 Regular NROTC program.

Application forms for the Navy College Aptitude Test may be obtained from your high school counselor, Navy Recruiting Stations or from the Chief of Naval Personnel, Department of the Navy, Washington 25, D. C.

Tree Seedlings Will Be Available To Landowners

Tree seedlings will again be available to West Texas landowners for planting windbreaks next January. Don Young, head of the Forest Management Department of the Texas Forest Service, urges landowners to place their orders as early as possible before the February 10 deadline.

Orders must be in multiples of 50, and no order for less than 100 trees will be accepted. The delivered cost of seedlings this year is \$1.50 per hundred. Tree species available for the 1960-61 planting season are Austrian pine, black locust, black walnut stratified nuts, catalpa, cottonwood, Chinese elm, mulberry, osage orange, ponderosa pine, red cedar, rosa multiflora, sycamore, slash and loblolly pine.

All seedlings are packaged in moss and moisture-proof paper and shipped directly to the landowner. Tree seedlings, purchased from the Texas Forest Service, may not be used or resold for ornamental purposes. The landowner further agrees to protect the trees from fire, cattle, and destructive insects.

Application forms can be obtained from county agents and Soil Conservation District offices in the West Texas area. Forms are also available upon request from the Director, Texas Forest Service, College Station, Texas.

A cheerful temper spreads like the dawn, and the vapors disperse before it.

County Agent Lists Warning to Farmers On Army Worms

Now that this area has received some rain many farmers and ranchers in the county will be planting small grain, and that old enemy, the fall army worm, is ready and waiting to pounce. The larvae of the army worm feed on a large variety of plants and can cause serious damage to young small grain. They usually appear in areas that have received rain, and while they will probably disappear with the first real cold spell, they can do a lot of damage during the next few weeks.

It is important to check small grain fields and pasture land for the presence of these worms, the county agent's office warns. At first the young worms skeletonize leaves and this causes whitish patches to appear on the foliage. Insecticides should be applied at the first sign of army worm outbreak as the small worms are much easier to kill than the adult, the agent said. If allowed to live to maturity they have been known to demolish a field of small grain almost overnight, it was stated.

Insecticides should be applied at the recommended rate per acre or you may have a residue problem. The amount of residue that may remain on a crop at the time of harvest or grazing is set by the Pure Food and Drug Administration. For this reason, the kind and amount of insecticide allowed for treatment of certain crops, and the time between treatment and harvest or grazing are limited in order to conform with the regulations.

Babs Tatum Honored On 10th Birthday With Slumber Party

Babs Tatum was named honoree when her parents, Mr. and Mrs. Walker Tatum, entertained with a slumber party Friday night at their home at 211 Paloma. The occasion was Bab's tenth birthday. Hot dogs, Kool-Aid and party snacks were served for the evening meal.

The birthday cake was white and had red roses with the words "Happy Birthday" on the top. Ten candles were in the center surrounded by circus animals. Games were played and the honoree opened her gifts. The following day the girls attended the Saturday matinee.

Those attending were Jeri Cox, Kay Lynn Rives, Mary Lou Wilkinson, Beverly Sprinkle, Gwen Wheeler, and Ella Peterson.

Blizzards Freeze Ranger Bulldogs 36-0 Friday Night

An early-season blizzard hit Winters last Friday night as the Winters High School Blizzards moved in to put a frostbite on the Ranger High School Bulldogs in the district opener. The game, first in district 7-AA play for both teams, was played in a muddy field, left in sad condition by a Ranger Junior College game the night before following a sizeable rain. But mud and mess didn't seem to bother Coach L. G. Wilson's boys, as they handed Ranger a 36-0 defeat.

After Winters won the toss and elected to receive the kick-off, which bobbed on what looked like an attempted on-sides kick and was claimed by Winters on Ranger's 32 yard line, Johnny Caskey, 140-pound quarterback, pulled a surprise out of his helmet as he passed down to the 2 yard line to James Williams. From there William Grissom took a pitchout for 1, and Caskey, on his second keeper try, plunged over from the half-yard one for Winters' first touchdown. The try for extra points, a pitchout to Grissom, was not enough for the two points.

Ranger received the after-touchdown kick, but QB Richard Robie was unable to get his Bulldogs started, which was the story all night, and chose to kick on the third down. From their own 31, QB Caskey called on Tommy Young, off left guard for 8; then a handoff to Steve Grissom paid off with 6 yards. From the 45, still in Blizzardland, the Ranger line held as William Grissom took a handoff for no yardage. A jump pass, Caskey to Rodney Butts, held for 7 yards, and William picked up 13 yards on a handoff placing the ball on Ranger's 35. Steve Grissom took a handoff for 5, and Young came through with 3. But a penalty called against the Blizzards made it third and 17, and Caskey decided to toss, but could not connect. On fourth down, William Grissom kicked; giving Ranger the ball on their own 12 yard line.

Toy plays from scrimmage netted Ranger only 3 yards, and as the play for third down was snapped the ball flew loose, and Kenneth Crowe recovered for Winters on Ranger's 15. After two small gains on the ground, and an incomplete pass, Tommy Young took a handoff and ran the ball across the double stripe for the 12. A pass to Crowe by Caskey was good for the extra two, and Winters went ahead 14-0.

Taking the kick off return up to their own 37 yardline was James Henry of the Bulldogs. Ranger tried a pass, but it fell incomplete. Two more plays on the ground provided only 3 yards, so Ranger kicked. From Winters 39 Steve Grissom took a handout good for 5, then William Grissom made 7. On the middle field mark, again S. Grissom took the handoff, but Ranger broke through the line to throw him for a five yard loss. An incomplete pass and a handoff to William Grissom good for 6, left the Blizzards short, so W. Grissom kicked to Ranger's 20. As the quarter ended, Kenneth Crowe on a third-down pass by Ranger, intercepted the ball and moved to Ranger's 12 yardline. On the fourth down, Caskey passed to Crowe from the 12, and Winters claimed another TD. The try for extra point was a wide kick, but a penalty gave Winters a second chance. However, the handoff to Steve Grissom was not enough, so the score at the end of the half was Winters 28, Ranger 0.

Winters kicked off after the half-time intermission. With the ball on their own 15, Ranger failed to move, and was forced to kick. The Blizzards took the ball from Ranger's 44 yardline, and started for the goal line again. Young claimed 7, and W. Grissom finished that first down yardage with 5. Steve Grissom moved the ball on down the field to the 20. Four runs, three by William and one by Steve, the Grissom Brothers, moved the ball to Ranger's 4. A penalty moved the ball back to the 9 as Ranger took over. Again Winters intercepted a pass on the 9 and again had first down and goal to go. Steve Grissom took a handoff for 3, then on the third down Robert Marks, 155-pound senior, went off right guard from the 6 for the TD. A handoff to Steve Grissom was good for the 2 extra points and Winters went ahead 28-0.

As the quarter ended Winters took over from Ranger on their 22. A handoff to Steve Grissom was good for 3; two incomplete jump-passes and a penalty made it fourth and 15. Caskey faded back and hit Big William Grissom on the one yard line, for a 29 yard pass gain. On a handoff, W. Grissom claimed the touchdown. The pass for extra points was wide, but Rodney Butts found the ball in his hands as a Ranger player deflected it in an interception try. The score moved up, Blizzards 36, Ranger 0.

The remaining minutes of the game, played by the entire Blizzards roster, was sparked by quarterback Adolfo Arroyo, who gave Caskey his first rest of the season.

Winters HD Club Held Regular Meeting Wednesday

CARD OF THANKS

We wish to express our thanks to our many friends who helped us to bear our grief for our loved one, J. M. Hickson. A very special thanks to Dr. C. T. Rives and the nurses who worked so faithfully with him. To the ones who sent flowers, food and helped serve, we are deeply grateful. May we be of help to you in your hour of need in our prayer. The Family of J. M. Hickson.

Every man is like the company he is wont to keep.

Former Wingate Resident Died In Abilene Wed.

Patsy Renfro, 24, of Abilene, a former resident of Wingate, died Wednesday afternoon at her home. She had been ill about three weeks. Born January 17, 1936 in Winters, she moved to Robert Lee two years later with her parents, Mr. and Mrs. J. O. Renfro, and the family moved to Wingate in 1942.

A 1955 graduate of Winters High School, Miss Renfro moved to Abilene soon after graduation and completed a business course at Gail Business College in Abilene.

She had worked as a secretary for Sunny Dale Nursing Home.

Funeral services were held Thursday afternoon at 3 o'clock in the Wingate Church of Christ with E. B. McCowen of Abilene officiating. Burial was in the Wingate Cemetery. Survivors include her parents, Mr. and Mrs. J. O. Renfro and several aunts and uncles. Pallbearers were Carl Green, George Cathey, John Byrd, Boot Denson, H. L. Doggett and Enoch Doggett.

Now Is Time To Apply for NROTC Qualifying Tests

High school seniors and graduates who are sincerely interested in earning a commission in the Regular Navy or Marine Corps should send in their applications now to take the Navy College Aptitude Test which is the qualifying examination for the Regular Naval Reserve Officers Training Corps. Deadline date for mailing your application is Nov. 18, 1960. The test will be administered on one day only, Dec. 10 1960 for the 1961 increment of the NROTC program.

The Regular NROTC program provides education and training at 52 leading colleges and universities to fully qualified candidates selected for enrollment in the program. All tuition, fees and books are paid for by the Navy in addition to annual retainer of \$600 for not more than four years. During the summers between academic years, the NROTC Midshipmen go on interesting and exciting training cruises to many parts of the world with liberal liberty in foreign ports. Graduates are commissioned in the Regular Navy or Marine Corps and go on active duty in the modern Navy. Duty preferences are carefully considered and may include immediate assignment to submarine or aviation or in such technical fields as nuclear, electronics and the many other assignments available in the Navy of today and tomorrow.

Applicants must have reached the 17th anniversary of birth but must not have reached the 21st anniversary of birth on July 1, 1961. Those who score sufficiently high on the Navy College Aptitude Test will be scheduled to report to a Navy Recruiting Station for physical examination, interviews and preparation of an application file for consideration by a state selection committee. It is anticipated that 1600 candidates will be selected for the 1961 Regular NROTC program.

Application forms for the Navy College Aptitude Test may be obtained from your high school counselor, Navy Recruiting Stations or from the Chief of Naval Personnel, Department of the Navy, Washington 25, D. C.

Tree seedlings will again be available to West Texas landowners for planting windbreaks next January. Don Young, head of the Forest Management Department of the Texas Forest Service, urges landowners to place their orders as early as possible before the February 10 deadline.

Orders must be in multiples of 50, and no order for less than 100 trees will be accepted. The delivered cost of seedlings this year is \$1.50 per hundred. Tree species available for the 1960-61 planting season are Austrian pine, black locust, black walnut stratified nuts, catalpa, cottonwood, Chinese elm, mulberry, osage orange, ponderosa pine, red cedar, rosa multiflora, sycamore, slash and loblolly pine.

All seedlings are packaged in moss and moisture-proof paper and shipped directly to the landowner. Tree seedlings, purchased from the Texas Forest Service, may not be used or resold for ornamental purposes. The landowner further agrees to protect the trees from fire, cattle, and destructive insects.

Application forms can be obtained from county agents and Soil Conservation District offices in the West Texas area. Forms are also available upon request from the Director, Texas Forest Service, College Station, Texas.

A cheerful temper spreads like the dawn, and the vapors disperse before it.

Martha SS Class Met Recently In Howard Home

County Agent Lists Warning to Farmers On Army Worms

Now that this area has received some rain many farmers and ranchers in the county will be planting small grain, and that old enemy, the fall army worm, is ready and waiting to pounce. The larvae of the army worm feed on a large variety of plants and can cause serious damage to young small grain. They usually appear in areas that have received rain, and while they will probably disappear with the first real cold spell, they can do a lot of damage during the next few weeks.

It is important to check small grain fields and pasture land for the presence of these worms, the county agent's office warns. At first the young worms skeletonize leaves and this causes whitish patches to appear on the foliage. Insecticides should be applied at the first sign of army worm outbreak as the small worms are much easier to kill than the adult, the agent said. If allowed to live to maturity they have been known to demolish a field of small grain almost overnight, it was stated.

Insecticides should be applied at the recommended rate per acre or you may have a residue problem. The amount of residue that may remain on a crop at the time of harvest or grazing is set by the Pure Food and Drug Administration. For this reason, the kind and amount of insecticide allowed for treatment of certain crops, and the time between treatment and harvest or grazing are limited in order to conform with the regulations.

Babs Tatum Honored On 10th Birthday With Slumber Party

Babs Tatum was named honoree when her parents, Mr. and Mrs. Walker Tatum, entertained with a slumber party Friday night at their home at 211 Paloma. The occasion was Bab's tenth birthday.

Hot dogs, Kool-Aid and party snack were served for the evening meal.

The birthday cake was white and had red roses with the words “Happy Birthday” on the top. Ten candles were in the center surrounded by circus animals. Games were played and the honoree opened her gifts. The following day the girls attended the Saturday matinee.

Those attending were Jeri Cox, Kay Lynn Rives, Mary Lou Wilkerson, Beverly Sprinkle, Gwen Wheeler, and Ella Peterson.

Blizzards Freeze Ranger Bulldogs 36-0 Friday Night

An early-season blizzard hit Ranger last Friday night as the Winters High School Blizzards moved in to put a frostbite on the Ranger High School Bulldogs in the district opener. The game, first in district 7-AA play for both teams, was played in a muddy field, left in sad condition by a Ranger Junior College game the night before following a sizeable rain. But mud and mess didn't seem to bother Coach L. G. Wilson's boys, as they handed Ranger a 36-0 defeat.

After Winters won the toss and elected to receive the kick-off, which bobbed on what looked like an attempted on-sides kick and was claimed by Winters on Ranger's 32 yard line, Johnny Caskey, 140-pound quarterback, pulled a surprise out of his helmet as he passed down to the 2 yard line to James Williams. From there William Grissom took a pitchout for 1, and Caskey, on his second keeper try, plunged over from the half-yard one for Winters' first touchdown. The try for extra points, a pitchout to Grissom, was not enough for the two points.

Ranger received the after-touchdown kick, but QB Richard Robie was unable to get his Bulldogs started, which was the story all night, and chose to kick on the third down. From their own 31, QB Caskey called on Tommy Young, off left guard for 8; then a handoff to Steve Grissom paid off with 6 yards. From the 45, still in Blizzardiand, the Ranger line held as William Grissom took a handoff for no yardage. A jump pass, Caskey to Rodney Butts, held for 7 yards, and William picked up 13 yards on a handoff placing the ball on Ranger's 35. Steve Grissom took a handoff for 5, and Young came through with 3. But a penalty called against the Blizzards made it third and 17, and Caskey decided to toss, but could not connect. On fourth down, William Grissom kicked, giving Ranger the ball on their own 12 yard line.

Toy plays from scrimmage netted Ranger only 3 yards, and as the play for third down was snapped the ball flew loose, and Kenneth Crowe recovered for Winters on Ranger's 15. After two small gains on the ground, and an incomplete pass, Tommy Young took a handoff and ran the ball across the double stripe for the 12. A pass to Crowe by Caskey was good for the extra two, and Winters went ahead 14-0.

Taking the kick off return up to their own 37 yardline was James Henry of the Bulldogs. Ranger tried a pass, but it fell incomplete. Two more plays on the ground provided only 3 yards, so Ranger kicked. From Winters 39 Steve Grissom took a handout good for 5, then William Grissom made 7. On the middle field mark, again S. Grissom took the handoff, but Ranger broke through the line to throw him for a five yard loss.

An incomplete pass and a handoff to William Grissom good for 6, left the Blizzards short, so W. Grissom kicked to Ranger's 20. As the quarter ended, Kenneth Crowe on a third-down pass by Ranger, intercepted the ball and moved to Ranger's 12 yardline. On the fourth down, Caskey passed to Crowe from the 12, and Winters claimed another TD. The try for extra point was a wide kick, but a penalty gave Winters a second chance. However, the handoff to Steve Grissom was not enough, so the score at the end of the half was Winters 28, Ranger 0.

Winters kicked off after the half-time intermission. With the ball on their own 15, Ranger failed to move, and was forced to kick. The Blizzards took the ball from Ranger's 44 yardline, and started for the goal line again. Young claimed 7, and W. Grissom finished that first down yardage with 5. Steve Grissom moved the ball on down the field to the 20. Four runs, three by William and one by Steve, the Grissom Brothers, moved the ball to Ranger's 4. A penalty moved the ball back to the 9 as Ranger took over. Again Winters intercepted a pass on the 9 and again had first down and goal to go. Steve Grissom took a handoff for 3, then on the third down Robert Marks, 155-pound senior, went off right guard from the 6 for the TD. A handoff to Steve Grissom was good for the 2 extra points and Winters went ahead 28-0.

As the quarter ended Winters took over from Ranger on their 22. A handoff to Steve Grissom was good for 3; two incomplete jump-passes and a penalty made it fourth and 15. Caskey faded back and hit Big William Grissom on the one yard line, for a 29 yard pass gain. On a handoff, W. Grissom claimed the touchdown. The pass for extra points was wide, but Rodney Butts found the ball in his hands as a Ranger player deflected it in an interception try. The score moved up, Blizzards 36, Ranger 0.

*The remaining minutes of the game, played by the entire Blizzards roster, was sparked by quarterback Adolfo Arroyo, who gave Caskey his first rest of the season.

BRADSHAW NEWS

"There cannot be a better world without better individuals." — Frederick Kettner.

Sunday afternoon at the Moro Baptist Church Clyde Reid was ordained deacon. Participants in the services were pastor of the Drasco Baptist Church, W. I. Taylor; pastor of the Shep Baptist Church, Ted Bigham; pastor of the Moro Church, W. S. Armstrong; Rev. Row of Abilene; Robert Conner of Drasco; W. S. Shaffer and Earvine Carey, members of the Moro Church. Visitors were Mr. and Mrs. Russell Sneed of Shep.

Mrs. C. H. Vaelkil and children, Brenda and Gary of Ballinger were night visitors at the Drasco Baptist services. They were visitors of the Omar Hills.

Pastor David Benningfield of the Drasco Methodist Church was absent from his appointment there Sunday morning due to illness.

Mr. and Mrs. Adron Hale and grandson, Jeffery of Ballinger attended the Church of Christ Sunday morning at Norton.

The key verse for next Sunday's Sunday School lesson is Psalm 42: 11. "Why art thou cast down, O my soul: and why art thou despondent within me? hope thou in God: for I shall yet praise Him, who is the health of my countenance, and my God."

The following is by John Brabham: "Have you ever noticed how a person's countenance reflects his life? A flushed menacing face is associated with anger. A serious forlorn face expresses sadness or despair. An expectant face registers hopefulness. A smile and shining eyes denote happiness.

"It is very hard to hide our innermost thoughts because they are often expressed in our countenances. Yours may have a profound influence upon another even though you do not know it. This happened to me in my middle teens.

"Johnny, the Lord has been very good to me and He will be to you if you will let Him," said the dear, little lady whose pain-racked body lay bedridden in her home. As she uttered these words, her face shown with a radiance of peacefulness and serenity which came from her life-long experience with the living Christ.

"The doctors had told her that she would never walk again and that she would be completely dependent upon others for the rest of her life. She could easily have said, 'Why did this happen to me?' but she never mentioned her affliction.

"That day when I left her home I felt the presence of God very near, and her countenance of happiness and serenity, her hope in God, and her love for Christ will live in my memory forever.

"The Psalmist recognized within himself that, whatever happened, his hope was in God and that he would continue to praise Him always."

Special days next week are for: Jack Bishop the 23rd; Gary Bryan and Mrs. Jack Whittenberg the 24th; Allen Sikes, R. L. Wood, Virginia Webb, Sherry Reid, Denise Grun and Bo Evans the 25th; Jim Berry, Mrs. M. L. Dobbins and Minnie Rebecca West the 26th; Vellie Irvin the 27th; Odas Claxton and Earvine Carey the 28th; Lovey Bailey, James Abbott and Mrs. Marvin Jacobs the 29th.

The William Fines of Ft. Worth have visited his mother, Mrs. Cora Fine.

The Russell Gruns of Moro had Wednesday of last week supper at the Lloyd Gruns of Guion.

Mark Bagwell of Abilene visited last week with the Adron Hales

Tuesday night of last week Mark with the Hales were at the Joe Hales at Ballinger to celebrate the third birthday of Jeffery Hale.

Mr. and Mrs. Arvil Pearce of Crews and Mrs. Fennie Dyess of Abilene were at the Joe Buchanans one night last week.

Mr. and Mrs. Troy Buchanan were with the Alex Buchanans Sunday afternoon.

Mrs. M. L. Dobbins with Mrs. Bill Mayo of Winters visited last week with Mrs. C. M. Nectoux of Port Arthur who was a medical patient at St. Mary's hospital.

Flem Babwell of Oklahoma was in town Friday of last week.

At the Lily and Bill Butlers at Moro have been the Hugh Butlers of Lenora; A. C. Bishop of Sweetwater; Johnny Butler of Winters; Ray and Diane Butler of Pico Rivera, Calif.; Mr. and Mrs. Ennis Bishop, Marjorie and Tamara of Fresno, Calif. Mrs. Lily Butler accompanied the Bishops home from Fresno after her extended visit with them and others in California.

Mike Smith of Pumphrey celebrated his seventh birthday at the home of his parents, Mr. and Mrs. Horace Abbott of Drasco Friday night of last week. His sisters and brother, Pam, Phyllis and Stephen were also in on the celebration. The four spent the night at the Abbotts. Mark Abbott of Loraine recently visited at the Abbotts.

MEDALLION HOME

The door to a Medallion home opens to modern living convenience at its best. Any home, anywhere, can be a Medallion Home, regardless of styling, size or price. It is what's inside the Medallion Home that makes the difference.

Open the door to a Medallion Home and see for yourself. Note the number of work-saving electric appliances... the service entrance, circuits and outlets that mean REDDY WIRED... the handy light switches and decorative lighting fixtures, each with a definite purpose and each in the exact location to furnish plenty of "light for living."

All these conveniences are required in a Bronze or Gold Medallion Home. And, in the Gold Medallion Home, there are more... including clean, comfortable electric heat. Before you buy, build or modernize, get the facts about Medallion living from your Building Contractor or WTU.

...all these features in a Medallion Home

LIGHT FOR LIVING
This is the kind of light that beautifies your home and provides glareless light to protect the precious eyesight of your loved ones.

REDDY WIRED
The wiring needed for trouble-free use of all of the many electric conveniences is always yours in a Medallion Home.

ELECTRIC SERVANTS
Every Medallion Home has a flameless electric range plus at least 3 other major electric appliances. This assures you of the basic electric servants the day you move into your Medallion Home.

James Cagney as Admiral Halsey outlines naval battle maneuvers to his subordinates in a crucial development during World War II. "The Gallant Hours," a United Artists release, produced and directed by Robert Montgomery, will open Sunday at the State Theatre.

Coming Attractions at Local Theatres

"Hercules Unchained"
Once more Steve Reeves plays the role of the mighty Hercules in the new Joseph E. Levine presentation "Hercules Unchained," opening today at the State Theatre.

The tall, handsome and very powerful young Montanan first became identified with the legendary hero of Greek mythology when the film entitled "Hercules" was released and proceeded to break box office records in both hemispheres. In "Hercules Unchained," produced on an even more lavish scale, Reeves is plunged into such adventures as fighting tigers (as well as Primo Carnera), spectacular underwater swimming, driving battle chariots, and the perils of being loved by the Queen of the Lydians, Omphale. Supporting him in the cast are Sylvia Lopez, (as Queen Omphale), Sylvia Koscina as Iole, and Primo Carnera as Antaeus, son of the Earth goddess, whose battle with Hercules is one of the high spots of the picture.

The mightiest of all — Steve Reeves, who portrays the legendary Hercules in Joseph E. Levine's sweeping spectacle, "Hercules Unchained," gets ready to take on the first of three tigers in a key action sequence in the Warner Bros. release. In addition, Reeves topples towers filled with men, and meets head on the overpowering Primo Carnera, who plays the son of an Earth goddess.

"The Gallant Hours"
Two of Hollywood's most illustrious names have combined to bring to the screen the exploits of Admiral William F. Halsey, one of the authentically great naval heroes of World War II. The new and promising independent production company, called Cagney-Montgomery Productions, has filmed "The Gallant Hours," opening on Sunday at the State Theatre.

James Cagney is the star of the picture, playing the role of Admiral Halsey.

Robert Montgomery is producer and director.

"The Gallant Hours" is the story of the fantastic five-week period, from mid-October through mid-November of 1942, in which a handful of army, navy, and marine personnel, under the command of "Bull" Halsey, stopped the numerically superior Japanese dead in their tracks and turned the tide of World War I. It is a realistic, no-nunches-pulled account of modern warfare, from the viewpoint of one of the saltiest and most colorful personalities in the Allied high command.

Chemicals Give Effective Control Of Mesquites

More and more farmers and ranchmen in Texas "mesquite belt" are resorting to chemicals for control of pasture brush. Diesel oil or mixtures of diesel oil and 2,4,5-T have generally proven effective for controlling mesquite. As a result of this control, many landowners now have excellent pastures where there was only sparse grass before, says G. O. Hoffman, extension range specialist.

An example of the success accorded chemical treatment comes from Gonzales County Agent F. M. Stockton. He reports that grass recovery in areas sprayed has been exceptional this year. One of the local ranchers said of the spraying, "The amount of grass that came where there hadn't been grass for six or eight years is almost too good to believe."

J. C. Mayfield, a Val Verde county rancher, is another strong supporter of spraying. He treated an area of his ranch 15 months ago, and he says that the results already received made the application economical. "Once the leaves fell off the mesquite, the grass underneath jumped a foot," he explained.

Similar reports are coming in from all over the state, Hoffman continues. Some of these areas will need another application to kill regrowth, but the advantages realized from treatment will far outweigh the monetary outlay. The cost of spraying is usually less than \$5 per acre, and this is very economical when you consider that you get excellent weed control as well as brush control, the specialist points out.

Hoffman recommends that landowners interested in trying chemical brush control contact their local county agent. He can help with cost estimates and he can also supply valuable information on application methods.

"Remember," Hoffman concludes, "Less mesquite and brush means more grass, and more grass means more money in your pocket."

"The Perfect Furlough"
Tony Curtis and Janet Leigh finally got married the way they had always intended — formal ceremony, elaborate bridal gown, flower girls, the works.

They tied the knot for a scene in their new Universal-International picture, "The Perfect Furlough." In the spicy Army comedy, which is to arrive Sunday only at the Fiesta Drive-In theatre, Tony plays a snow-nosed, Arctic-stationed soldier who quickly begins to thaw once he comes within range of sultry Janet and peppery Linda Christal.

"Our actual marriage," said Janet, "was practically an elopement — we made up our minds in such a hurry there just wasn't time for the kind of wedding I had always dreamed about since the days when a girl first starts thinking in that direction."

Although all the "I do's" were part of the script for the scene, there was one big surprise in store for the "bride." After the rites Tony presented her with a new wedding ring to replace the modest band they used at the original wedding.

"Don't know why," said Janet, "but this time I think I was twice as nervous as at the actual ceremony—probably because I've had so much more time to think about it beforehand."

State Capital Highlights

Battle Already Joined Over Sources To Raise More Tax Revenues

By VERN SANFORD
Texas Press Association

Though the legislators are still home, shots already are whizzing in the battle over how to raise more state revenue in 1961.

When the lawmakers arrive in January, they will have a hard time finding a road to new money that hasn't been land-mined and strewn with barbed wire by some group that opposes that course.

Advance studies indicate the need for as much as \$100,000,000 a year in new taxes.

Business groups, who have been holding meetings over the state, have come out flatly for a retail sales tax. They contend that to meet its needs, present and future Texas must have a broad-based, spread-thin tax that will grow with the economy.

Representatives of organized labor, strongly opposed to a sales tax, fired back. Labor has endorsed the idea of a broad-based "growth" tax, but insists it should be an income tax, on corporations and individuals.

Governor Daniel has voiced opposition to both sales and income taxes. Many legislators were elected on platforms opposing both.

Only other likely courses would be to raise taxes that already exist, or vote taxes previously rejected. But these roads also are blocked by groups ready to defend to the last.

On such a battlefield, lawmakers might be tempted to retreat—except that this course is cut off too by supporters of better colleges, teacher raises, medical payments for the aged—all of which require money.

UNIVERSITY OF HOUSTON AID APPROVED

Commission on Higher Education recommended that the University of Houston be added to the state college system if it wouldn't cut into funds needed by the 19 already existing state colleges.

Final decision can be made only by the Legislature.

A Commission study indicated the University of Houston would cost the state approximately \$4,000,000 a year more from the general revenue fund. It has a 22-acre campus and a plant valued at \$22,000,000. Enrollment for this year is 11,500, second only to the University of Texas with 19,000.

Commission emphasized that adding the Houston school should be conditioned on providing adequate financial support to existing state schools. Commission is tentatively recommending an appropriation of \$69,350,000 for higher education in 1962. University of Houston's needs would be in addition to this, meaning more money-raising problems for the Legislature.

AUTO INSURANCE PLAN REVISED

State Board of Insurance has removed certain driving violations, mostly minor, from the list of those incurring penalties under the state's merit rating plan for auto accident insurance.

Board members disagreed among themselves over whether to retain the present plan or abolish it and let companies set up merit rating on an individual basis.

Board Chairman Penn J. Jackson favored the individual plan but was voted down by members Robert W. Strain and Ned Price.

Removed from the list of driving offenses which cause the driver to have to pay higher accident insurance rates were such offenses as fraudulent use of drivers license, mental incompetence, physical incapability, driving on the wrong side of the street, going the wrong way on a one-way street, blocking traffic, illegal backing, improper signals, etc.

Points will still be assessed against the driver for such violations as speeding, running red lights or stop signs, illegal turns, negligent collision, illegal passing, failure to have drivers license, whether involved in an accident or not.

Changes go into effect Jan. 1.

BOWLING TAX OPINION

A big bowling alley costs less than a tiny one, state tax-wise.

Atty. Gen. Will Wilson ruled that the operator of a regular bowling alley should pay only the \$10 occupational tax, but that owners of coin-operated miniature bowling machines must buy a \$60 license for each machine.

Two machines joined together cannot get by on the same license, said Wilson in the same opinion, given at the request of State Comptroller Robert S. Calvert.

Only service machines are tax exempt, said Wilson.

TOURIST BOOKLET DUE

Texas Highway Department expects to have a new 32-page booklet designed to attract tourists to Texas ready for distribution by the end of this month.

It will be the first booklet of its type paid for with state funds. It will have 76 color pictures to show people why they should spend time—and money—in Texas.

Texas' tourist industry, an important source of revenue to the economy and the state treasury, has been slipping in the past few

years. Competition of other states is blamed for the drop from 10,300,000 visitors spending \$531,000,000 in 1957 to 9,600,000 spending only \$431,000,000 last year.

First printing of the new brochure is 40,000. It will give the Highway Department something to send to the some 200,000 potential tourists who write in each year—plus extras with which to prod new interests.

TIDELANDS LEASING ANNOUNCED

School Land Board will start offering oil and gas leases in the Texas tidelands at its sale Dec. 6.

Atty. Gen. Will Wilson announced that the U. S. Supreme Court decision recognizing state ownership of the tidelands for three leagues (approximately 10 miles) had been made final.

This clears the way for the state to begin realizing revenue from them, said Wilson.

SHELTER POSSIBILITIES EXPLORED

Core tests reveal that the area underneath the state Capitol building is almost solid rock for 80 feet down.

This indicates a favorable place to construct an underground fallout shelter for essential government services in wartime, says Rep. Charles Sandahl of Austin. Sandahl has proposed building such an underground shelter to be used for parking space in peacetime. State Building Commission ordered the soil test to get an idea of whether such a project could be done and to arrive at a cost estimate.

Junior Lutherans Held Monthly Meeting Sunday

Junior Lutherans held their meeting at St. John's Lutheran Church Sunday afternoon at 2 o'clock.

Margie Kraatz gave the opening prayer and song service was led by Butch Spill and Drew Flathman. Miss Minnie Beltz gave the Bible study on Romans 5:1 and Sue Hoppe gave the offering prayer and the offering was received.

Beth Spill, president, opened the meeting and Margie Kraatz, secretary, read the minutes and called the roll. Sally Spill, treasurer, gave the treasurer's report and the group decided to sell

Dyess AF Base Will Observe Kid Day Oct. 29

Brig. Gen. William R. Yancey, 819th Air Division commander at Dyess—in conjunction with the Abilene Kiwanis Clubs — has extended an invitation to the children, parents, and general public of Winters to attend the annual Kid's Day festivities at Dyess Air Force Base Saturday, Oct. 29.

The base and flight line will open at 8 a. m. and close at noon on Saturday, with featured attractions including the USAF Thunderbirds and the USAF Drum and Bugle Corps. The Thunderbirds, the first supersonic aerobatic team are making their second annual Kid's Day appearance here and always put on a spine-tingling demonstration of precision flying, using their F-100 Super Sabre aircraft.

Besides the above features, there will be a sentry dog demonstration static displays of the Strategic Air Command's latest jet bombers and support aircraft. Among aircraft scheduled for display are a B-52 jet bomber, KC-135 jet tanker, a KC-97 prop driven tanker, B-47 jet bombers and F-100, F-101, F-102 and F-104 fighter aircraft. The aircraft will fly over Abilene and the Dyess flight line.

Held in conjunction with the 96th Bomb Group Association's reunion, Kid's Day features such as the Drum and Bugle Corps, the Thunderbirds and the static display of the famous World War II B-17 Flying Fortress, were arranged through the courtesy of Col. B. C. Andrus Jr., 96th Bomb Wing commander, and his personnel.

Last year 25,000 people attended the Kid's Day activities.

Is it cheaper to own cotton harvesting machinery or have the harvesting done by a custom operator? Many Texas cotton producers who expect to machine harvest their crop will soon be faced with making that decision, says C. A. Parker, extension farm management specialist. He suggests that cotton growers discuss the situation with local county agent before making a final decision.

The chief support of an autocracy is a standing army. The chief support of a democracy is an educated people.

Christmas cards with scripture readings.

The group was divided into two classes conducted by Mrs. Walter Spill and Miss Minnie Beltz. Mrs. Calvin and Glenn Hoppe served refreshments to approximately 20 who attended.

Health Letter

The major killers — cancer, heart diseases and accidents—do most of the statistic rattling in Texas just as elsewhere throughout the United States.

But there are lesser killers, no less potent once they strike—and in many cases the disease is preventable.

For instance, during 1959 there were 52 deaths attributed to tetanus, often called lockjaw. Most could probably have been prevented.

Twenty-four deaths were among infants less than one-year-old, but 17 fatal cases of tetanus were among persons 15 years of age or older.

Tetanus can be guarded against with appropriate toxoid injections. In fact, a standard recommendation of the American Academy of Pediatrics is for children to be immunized against tetanus in combination with pertussis and diphtheria, commonly referred to as DTP shots.

Parents are familiar with the DTP shots administered to their infants by pediatricians or a family doctor while the child is still less than a year old.

Such early protection is also recommended by State health authorities.

However, the protection afforded by tetanus toxoid loses strength over the years and should be maintained with a periodic booster or in the event of injury subject to tetanus infection if recommended by your family doctor.

Especially vulnerable are playing children and workers who may be injured on the job.

Males fall victim to the disease nearly twice as often as females. In 1959, there were 34 tetanus deaths among males and only 18 among females.

The tetanus germ is a stable spore which can lie dormant for long periods of time — blowing around in the dust waiting for an opportunity to spring to death-dealing life under the proper conditions of warmth and moisture found in a deep cut or puncture wound, or even an abrasion.

Tetanus appears to be a stable item in the death columns of Texas. In 1958 there were 57 deaths,

Sheep Income For 1959 Studied

Net income for a typical Southwestern sheep ranch was \$10,812 per ranch in 1959, reports Tom Prater, extension farm management specialist. This figure, based on a recently completed USDA study, is more than double the 1947-58 average for similar operations, but it is about 5 percent below the 1958 average. Prater says this \$10,812 net income per ranch compares to \$8,181 for the Northern Plains ranches.

Gross ranch income was higher in 1959 than 1958, but slight increases in some costs reduced the 1959 net income below the 1958 net income Prater continues. Some of these costs were hired labor costs, feed and grazing costs and a decrease in inventory from 1958. Inventory charged in 1959 still showed an increase, however, it was less than 1958 increases.

Total capital investment was an average of \$206,980 per ranch. Land and buildings accounted for \$172,890 of this investment, machinery and equipment \$4,940, livestock \$28,320 and other \$830. The ranches averaged 13,405 acres, the specialist continues. All sheep numbered 1,333, with 1,046 of these being breeding ewes. Average lamb crop was 81 percent, which was 3 percent above 1958 and 12 percent above the 1947-49 average.

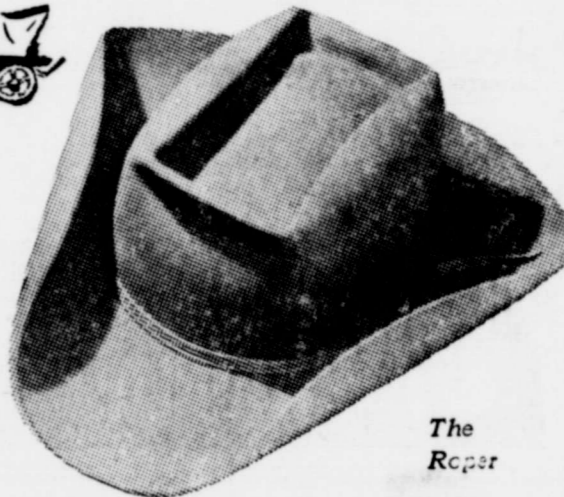

Record high production, fairly high prices for lambs, near-record prices for mohair and relatively large wood incentive payments per ranch were some of the factors that contributed to the relatively favorable ranch income in 1959, Prater explains.

In comparing these sheep ranches to Southwestern cattle ranches, we find that the cattle operations averaged an \$8,309 net income and had a \$157,670 capital investment, Prater concludes.

1957-46, 1956-52, and 1955 — 54 deaths.

It is a small figure in the total death picture of Texas—but even one death is too much when it can probably be prevented with tetanus toxoid.
