How Does Freedom Die?

(This is the last of a series of three articles stressing the importance of voting on Nov. 8. Mrs. Florence Bosl, editor-publisher of the Schulenburg Sticker who has travelled in many countries, is the author of the series.)

By Mrs. Florence Bosl
The greatest tragedy that can happen to the United States is the death of freedom.

I have seen freedom die.

In Czechoslovakia its ugly scarred face reared up rebelliously.

In East Germany, deep hope and faith stood as the only crutches to hold up the dying cause of freedom.

And the Soviet Union, especially in the Ukraine, the suffering of this disease was etched into the walk, talk and thought of the people.

Nothing I have ever seen is comparable to the agony of watching freedom die, because the death pains are passed on for generations to come.

The yet unborn children will come into a world inheriting this agonizing sickness. They will be born without the dignity of freedom's blessings.

I shall always remember the celebration of the Danes on the Fourth of July as I observed our birthday of freedom in Copenhagen last year.

I saw them solemnly march in tribute to the United States, a land they greatly admire for our freedom.

I saw the concentration camps—places where six million Jews were exterminated. I saw the rags made of human hair, the pap-

er weights from dried human skulls, and the vast evidence when tyranny took over the freedom of man.

Then I realized that these cruelties did not start with the top leaders of government, but only when the masses of everyday people delegated more and more authority to the few.

I have seen freedomless souls walking in desperate darkness, their gait aimless, purposeless, hopeless. Their empty lives, completely controlled by their governments, haunt my heart.

November 8 is election day in Texas, and across the nation. Pray that we may vote on November 8 to preserve the rights of the individual.

Pray that we may not let freedom die.

Let us—all of us—go to the polls and vote on November 8.

"We Stand Today On The Edge Of A New Frontier"

KEEP THE VOICE OF TEXAS STRONG

Texas' dominant position in the Democratic Party has been a major factor in the amazing growth and prosperity of our State during the past 50 years.

Count our blessings that have come because TEXANS were in the RIGHT party at the RIGHT time.

Count the jobs... educational opportunities... military installations... defense projects... water and soil projects... rural electricity and telephone systems. Count our ultimate potentials for development.

Now the Democratic Party has selected a TEXAN for one of the two top offices our Nation has to offer. As Vice President, Lyndon B. Johnson will be in a position to render the greatest service any Texan has ever been able to give his State, his Party, his Nation.

Our Nation needs the dynamic leadership of John F. Kennedy and Lyndon B. Johnson. And Texas needs to be counted in the Democratic column November 8 to keep its voice STRONG in the party that has honored its sons and nurtured its growth. Texas has no such stake in any other party or any other candidate.

Texas' future — and America's — lies in your response November 8.

Facing My Guilt is the subject of next Sunday's Sunday School Lesson. Dr. Robert G. Lee has written that "It is dangerous to do wrong. Sin's road may seem to be soft and smooth, but sin's road grows rough toward the end, and ends in black night. Sin plants its flowers and puts underneath each one a tarantula. Sin spreads its silken and downy couch of indulgence which outwardly appears beautiful, but has a nest of brooding serpents beneath it. Sin opens sparkling pleasure fountains, but every one who drinks from them drinks water which is more bitter than the bitter waters of Morah. Sin, with opaline lights, lures us out to sea, and then, in the horror of the night, strangles our cry in the deep. Sin promises us substance and store if we will walk its deceptive streets, and then,

having pierced our feet with thorns it leaves us to stumble on to the dungeons of hell."

Blizzards Lost To Coleman 8-0 On Rain-Soaked Field

On what looked more like a plate of chocolate pudding than a football field, and boosted by a loyal but rain-soaked crowd, and in blowing rain until the last eight minutes of play, Winters was handed their first defeat in district play at Coleman Friday night, Coleman on the long end of the 8-0 score stick.

Both teams went into the game with a 1-0 district rating, considered by most fans of both towns as the most important conference game. Winters took their first district game over Ranger 36-0, and a week later, Coleman defeated Ballinger.

The game, set back to eight o'clock to allow time for homecoming ceremonies for the Bluecats, began with Winters kicking. Coleman, defending the north goal began their first series of play from their own 28 yard line. Three plays netted only five yards, so they kicked to Winters' 46. A five yard penalty against Winters on the first down handicapped them with 15 and first. Halfback Steve Grissom plunged through for 3; William Grissom, in at half-back this week, moved back as though to kick, on second down, and was smothered on the 33 yard line. A pitchout, on the third to William Grissom was good for just one, so on the next play he pulled back and kicked to Coleman's 25 yard line. Coleman end, Leon Galloway grabbed for the ball on the 28, chased it back to the 25 where he picked it up, and headed south. A few blocks on about the 35 yard line in Winters territory opened up the field, all the way to the goal line. William Grissom moved in on Galloway, but barely touched him on a flying leap tackle try on the ten yard line, and Galloway moved on into the pay territory with 6:45 minutes yet to play in the first quarter, after moving 75 yards on a slick, muddy field, for Coleman's first and only touch-down. The try for extra points was not good; the score, Coleman 6, Winters 0.

The kickoff after scoring placed the ball on Winters' 25, from which the Blizzards turned up their collars and settled down to business. Two plays, a handoff to Steve Grissom for 8, and a handoff to Robert Marks, in at fullback, good for 5, made the first first down of the game. Three more handoffs by Caskey, to William Grissom for 7; to Steve Grissom for 1; and another to Steve, plus a five yard penalty gain, made another first and ten to go. From their own 49 yard line, again Caskey decided to keep the slick ball safe, as he handed off to William Grissom for 3, kept the ball himself for 1; handed off to Robert Marks for 3, and William Grissom again for 4, moving down to the 40 in Coleman's end of the field.

Again the handoffs of QB Johnny Caskey worked as Steve Grissom made 2; Marks claimed 3; then 4 on the next play and Steve Grissom got away for three yards, down to Coleman's 28 as the first quarter ended.

Two runs, one by W. Grissom and the other by Marks, netted 4 yards each, but a 15 yard penalty moved the Blizzards back to the 35. W. Grissom made 10, and on fourth down Caskey threw the first pass of the game, but it fell incomplete and the ball went over.

Coleman made a first down, their first from scrimmage, with a run by Thomas Casey good for 6, and a keeper by QB Dale Greaves for 5. From their own 43 yard line on the second down, Casey fumbled and the muddy Blizzards recovered.

A fifteen yard penalty against Coleman gave Winters their first down, as the first down play was snapped. From Coleman's 29 the Blizzards dug in with 4 yards by W. Grissom, 4 by Marks, and 2 by W. Grissom, for the first down. Two more plays, 2 yards by Tommy Young and 7 by W. Grissom, moved the ball down to the 17, as on the snap, the ball slipped loose and Coleman's Lonnie Smith was the first man to capture it on Coleman's 15.

Three keepers by Greaves and a half-yard gain by Casey moved the ball up to Coleman's 27. A 15-yard penalty moved it back to the 17, after a gain on the keeper. Mike Hayes got away for 11 on a pitchout, and a fake by Greaves left the down at 4, as well as the yardage needed, for the first. A trick shift by the Bluecats pulled the Blizzards offside and gave Coleman their first down. The Blizzards were able to throw Coleman back 14 yards on the next three plays, as the halftime was called.

Coleman kicked off to start the second chapter, but the Blizzards were unable to move and from their own 26, W. Grissom kicked out.

Coleman took the ball on their 48, but found the going too rough, and kicked out to Winters' 23.

From here QB Caskey, with runs by Marks and W. Grissom, moved up to the 46. A completed pass, Caskey to Crowe, good for 9, was followed by 2 yards by W. Grissom putting the ball on Coleman's 43. However, four plays were not good for the first, so Coleman again owned the ball on

their own 34. They had troubles, as W. Grissom went charging through a hole in the line to throw Greaves for a big 6 yard loss. Winters took over on downs, and as the third quarter ended they needed 6 yards on third down from their own 24, and W. Grissom moved back and kicked.

Taking the ball on their own 36, Coleman's Casey ran for 8; and Greaves made 4. The longest run from scrimmage was made by Casey in the next snap as he took the handoff and headed for the open country, only to be stopped by Kenneth Crowe and Caskey. From Winters' 38 the Bluecats failed to make the necessary yardage as again W. Grissom found a hole and got to Hayes for a 7 yard loss. As they kicked from

the 38, the rain stopped for the first time since the game had started, the clock reading 8:54 to play.

Winters took the punt and lined up on their own 14 as the Blizzard fans came alive. On a triple-reverse pass play, Caskey was caught behind his own goal giving Coleman 2 points on a safety.

After the kickoff from the 20, Coleman took the ball on Winters' 46, and moved to the 33 before losing the ball on downs.

From their own 27, Caskey tried to get going, but fumbled the ball and was thrown for a 7 yard loss in the recovery. A fourth down pass play was intercepted and Coleman took over on Winters' 18 and ran the clock out on the ground.

Barn At Hord Farm Destroyed By Fire Wednesday

The barn on Tom Hord's farm, seven miles northwest of Winters, was destroyed by fire Wednesday about 1:30 p. m.

Hord's loss was estimated by Fire Chief D. Waggoner at about \$4,000, \$1,000 for the barn and \$3,000 for oats, hay and cottonseed stored in the barn.

Winters firemen took one truck and went to the scene of the fire. There were no injuries to firemen or to any of the livestock, the fire chief said.

KENNEDY and DEPLETION

Senator Kennedy has voted in the past to reduce depletion allowance for the largest producers. However, for those producers from five million dollars down, he would maintain the depletion allowance at 27½%.

What does this really mean to the Independent Oil Operators of Texas?

There are more than 7,000 independent oil operators in this State. They are responsible for more than 90% of all wells drilled in Texas. Of these 7,000 producers, less than 10% of them have a production income of more than 1 million dollars per year; less than one-third of 1% have a production income of more than 5 million dollars per year.

I contend that Senator Kennedy's ideas on depletion would aid the Texas oil operator for the following reasons:

At this time there are a few extremely large compan-

ies involved in producing and importing foreign oil. Some of these companies produce as much as 1 million dollars per day, or more, in these foreign areas;

I do not believe that oil produced in other lands should enjoy the same depletion percentage as domestic production;

In 1952 Texas producers had almost 3 times as many producing days as we have now. There were almost twice as many rigs running than there are now. Producing days are now the lowest in history. Unemployment among drilling crews has never been higher.

I do not believe that the oil business can afford another 4 years under the Republican administration!

Dr. McDonald Held Spoke To Teachers On Communism

Dr. McDonald Held of Howard Payne College in Brownwood discussed communism vs democracy in his address to the faculty of the Winters Schools Thursday afternoon in the high school auditorium. Dr. Held was the third speaker to appear before the Winters faculty concerning the American Heritage program.

Nov. 8, YOU MUST CHOOSE NIXON'S or KENNEDY'S

"Prosperity and Progress Without Inflation"

"Big Government and Bigger Taxes"

NIXON ...

- ✓ Is pro-Texan.
- ✓ Supports the 27 1/2% oil depletion allowance — an allowance which has made possible Texas' biggest source of jobs and revenue.
- ✓ Supported Texas' claim to the Tidelands which has meant millions for our school children.
- ✓ Believes that every man should have the right to say whether or not he must belong to a union.
- ✓ Is for peace without apology.
- ✓ Believes in the rights of states and local communities to govern themselves.
- ✓ Believes that local school boards are capable of running their schools.

KENNEDY ...

- ✗ Is anti-Texan.
- ✗ Has voted and worked to reduce the 27 1/2% oil depletion allowance.
- ✗ Opposed returning the Tidelands to Texas. His platform calls for review of the whole matter.
- ✗ Has pledged to change the Taft-Hartley Act and take away the working man's privilege of a free choice of jobs.
- ✗ Would apologize to Khrushchev.
- ✗ Believes in a big Federal Government running everything for everybody.
- ✗ Would have the Federal Government control the schools through Federal aid.

"There is no man in the history of America who has had such careful preparation as has Vice President Nixon for carrying out the duties of the Presidency..."

PRESIDENT DWIGHT D. EISENHOWER

"Senator, (Kennedy) are you certain that you are quite ready...for the role of President...I would hope that someone with the greatest possible maturity and experience would be available..."

EX-PRESIDENT HARRY TRUMAN

EISENHOWER and NIXON have led the fight against inflation... Kennedy's program will necessarily mean more taxes and more inflation, which is the cruellest tax of all.
