## LEGAL NOTICE

### BICYCLE ORDINANCE

AN ORDINANCE PROVIDING FOR THE REGISTRATION AND LICENSING OF BICYCLES; PROVIDING A FEE THEREFOR; PROVIDING FOR THE TAGGING AND IDENTIFICATION OF BICYCLES AND REGULATIONS THEREFOR; REQUIRING ALL BICYCLES RIDDEN BETWEEN THE HOURS OF SEVEN P. M. AND FIVE A. M. TO BE EQUIPPED WITH A REFLECTOR OR ELECTRIC HEADLIGHT ON THE FRONT AND A REFLECTOR ON THE REAR; PROVIDING A PENALTY FOR THE VIOLATION HEREOF; PROVIDING THAT THE INVALIDITY OF ANY PART HEREOF SHALL NOT AFFECT THE VALIDITY OF THE REMAINDER; AND DECLARING AN EMERGENCY.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF WINTERS, TEXAS:

Section 1. It shall be unlawful for any person to operate or use a bicycle propelled wholly or in part by muscular power upon any of the streets, alleys or public highways of the City of Winters

without first obtaining from the Police Department a license therefor as hereinafter provided.

Section 2. The Police Department is hereby authorized and directed to issue, upon written application, bicycle license which shall be effective for one year, and all such licenses shall be dated November 1st of the year of issue, which license, when issued, shall entitle the licensee to operate such bicycles for which said licenses have been issued upon all the streets, alleys and public highways, exclusive of the sidewalks thereof, in the City of Winters.

Section 3. The Police shall provide each year metallic tags and seals having registration number stamped thereon, commencing with the number "1" and indicating the year for which same is issued, and the letters "WBL" stamped thereon suitable for attachment upon the frame of each bicycle. It shall be the duty of the Police Department to attach one of said metallic tags to the frame of each bicycle upon the payment of the license fee herein provided, and said tag shall at all

times during the license year for which it is issued remain so attached. At the time of the issuance of the license, the Police Department shall also issue to the person obtaining the license a registration card, which said card shall bear the license and registration number of such bicycle. The Police Department shall keep a record of the date of the issuance of each license, the name of the person to whom the same issued and the number thereof, together with a description of the bicycle license.

Section 4. It shall be the duty of every person who sells or transfers ownership of any bicycle to report such sale or transfer by returning to the Police Department the registration card issued to such person as licensee thereof, together with the name and address of the person to whom said bicycle was sold or transferred, and such report shall be made within five (5) days of the date of said sale or transfer. It shall be the duty of the purchaser or transferee of such bicycle to apply for a transfer of registration therefor within five (5) days of said sale or transfer.

Section 5. It shall be unlawful for any person to wilfully or maliciously remove, destroy, mutilate or alter the number of any bicycle frame licensed pursuant to this ordinance. It shall also be unlawful for any person to remove, destroy, mutilate or alter the number of any license plate, seal or registration card, during the time in which such license plate, seal or registration card is operative, provided, however, that nothing in this ordinance shall prohibit the Police Department from stamping numbers on the frames of bicycles on which no serial number can be found, or on which said number is illegible or insufficient for identification purposes.

Section 6. Within ten (10) days after any bicycle registered and licensed hereunder shall have been dismantled and taken out of operation, such information shall be reported to the Police Department by the person in whose name the bicycle has been licensed and registered.

Section 7. The annual license fee to be paid for each bicycle shall be fifty cents (50c) and shall be paid in advance; and pursuant to Section 4 of this ordinance, such license may be transferred when the ownership of said bicycle is transferred, and a fee of twenty-five cents (25c) shall be paid for such transfer. Any licensee who has lost his registration card of license plate shall pay a fee of ten cents (10c) for a re-issuance thereof. All license fees collected under this ordinance shall be paid into the General Fund of the City

of Winters.

Section 8. Any person who rides a bicycle between the hours of 7:00 P. M. and 5:00 A. M. must have said bicycle equipped on the front thereof with an amber reflector at least two and one-half (2 1-2) inches in diameter or an electric headlight with the lens not less than two and one-half (2 1-2) inches in diameter, and the rear of said bicycle must be equipped with a reflector of at least two and one-half (2 1-2) inches in diameter.

Section 9. Every person, firm or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor, and upon conviction shall be punishable by a fine of not more than Twenty Five Dollars (\$25.00) nor less than Five Dollars (\$5.00).

Section 10. If any section or provision of this ordinance is declared to be invalid, said fact shall not affect the validity of any other provisions herein.

Section 11. This ordinance after its publication as required by law will become effective November 1, 1960.

HARVEY DALE JONES  
 Mayor.

Attest:  
 ROXIE FLOYD,  
 Secretary.

### Don't Disappoint Someone This Christmas!

Possibly last year due to the last minute rush persons found themselves unable to give the finest gift of all and one which no one else could give — their photographs. We'd like to help this year by asking that you make an early appointment for a sitting.

Avoid disappointment — call us now and assure your sitting!

Portraits are not just taken off the shelf and wrapped up. Each is a hand-made product, created with great attention to detail. Good work requires time.

Deadline on sittings for Christmas pictures is Saturday, December 10. We can take no sittings for Christmas orders after that date. CALL EARLY!

### Mrs. J. W. Bahlman Presided For Band Mothers Meeting

Mrs. J. W. Bahlman presided for the regular meeting of the Band Mothers Club Tuesday afternoon at the Band Hall.

Mrs. Creighton Stanley gave the secretary's report and Mrs. Billy Joe Robinson gave the treasurer's report. Mrs. Bahlman expressed the club's appreciation to Mrs. A. S. Henley, Mrs. Bill Bean, Mrs. Roy Young and Mrs. George R. Hill for their efficient management of the Band Mothers Concession stand during the football season and also to the ladies who assisted at the stand at various games. The club is selling vanilla and pepper.

Robert Gans, director, demonstrated a new copying machine which is used in the study of band. This machine uses a dry process and can be used without a warming period. It was also announced that the Blizzard Band will go to San Angelo Nov. 19 to participate in the Interscholastic League Marching Contest.

Mothers attending according to grades of their children were fifth grade, six mothers; sixth grade, eight; junior high, ten; and senior high, fourteen.

### Ladies Aid Met Thursday At Lutheran Church

Ladies Aid of St. John's Lutheran Church held their monthly meeting Thursday, Nov. 3, at 2 p. m. at the church with Mrs. Walter Gerhart, president, presiding.

Mrs. E. R. Wessels was program chairman. Mrs. Ted Hantsche, Mrs. Fred Voss, Mrs. Robert Gerhart and Mrs. Erwin Ueckert presented "Advent Means Coming." The opening song, "The Bridegroom Soon Will Call Us," was sung by the group with Mrs. W. F. Minzenmayer at the piano.

"Our Best Wishes" was given by Mrs. Walter Kruse for seven members who had birthdays this month. Mrs. Walter Kraatz gave a report on the convention in Lubbock.

Mrs. Herman Spill, Mrs. August Stoecker, Mrs. Richard George and Mrs. Ellis Ueckert are on the visiting committee. The monthly offering went for retired pastors. The women of the church will have a group meeting at the church Nov. 20 at 2 p. m. Mrs. Jake Presley called the roll and read the minutes of the last meeting and Mrs. Fritz Pruser gave the treasurer's report.

The meeting closed with the Lord's Prayer. Fifty members were present. Hostesses were Mesdames John Hiller, T. F. Hantsche, Hans Gottschalk and Miss Tenna Goetz.

#### FROM HILLSBORO

**THE CHURCH FOR ALL . . .  
ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Day	Book	Chapter	Verses
Sunday	Isaiah	7	13-16
Monday	Proverbs	6	20-22
Tuesday	Galatians	4	1-7
Wednesday	Ephesians	6	1-4
Thursday	II Timothy	3	14-17
Friday	Hebrews	13	7-8
Saturday	Psalms	77	13-14

I call Bruce my combination angel-terror. Soon he will be four, and he is a fascinating mixture of mischief and goodness.

At bedtime, I always tiptoe into his room to be sure he's covered. Then it is that I am struck by the innocence of his face in sleep. Then it is that I realize how helpless is this small dynamo, who plunges with such boundless energy about our house and yard all day. Then it is that I am struck by the awesomeness of my responsibility.

I realize it is entirely up to me to see that Bruce learns right from wrong, to see that he grows into the sort of man who will be a credit to his family, his community, and his country. I must teach him to keep a steady heart and a level head, to resist the many temptations that will be strewn in his path, to hold honor and truth and integrity high.

When I think of my task, I send a small and special prayer to God to aid me. And I thank God for his Church on earth which, for years to come, will be helping me, again and again, in making my small mischief into a man.

Mark Abbott of Lorraine and Mike Smith of Pumphrey attended the Drasco Methodist Sunday School. They were with their grandparents, Mr. and Mrs. Horace Abbott.

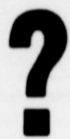

The key verse to next Sunday's Sunday School Lesson is Psalms 116:1—"I love the Lord, because He has heard my voice and my supplications. The following is by Bishop Hiram A. Boaz: "This Psalm of praise and thanksgiving is from an Israelite who had been in deep distress and had been delivered from all his troubles by the Lord of Hosts.

"Jewish tradition says it was written by Hezekiah. Evidently it was written by one who had been in much sorrow and distress and who had called upon the Lord: 'O, Lord, I beseech thee, save my life.'

### Funeral Rites For Oliver J. Radcliff Held In Brownwood

Funeral services for Oliver Jacob Radcliff, 71, a resident of Winters for one month, were held Tuesday morning at Morris-Davis Funeral Home in Brownwood. The Rev. Charles Miller, pastor of Lometa Methodist Church, officiated and burial was in the East Lawn Memorial Cemetery in Brownwood.

Mr. Radcliff died Saturday morning at his home after suffering a heart attack. He and his wife were waiting for a van to move them back to Brownwood.

Born November 27, 1888, in Lexington, Illinois, he came to Texas in 1921 settling at Gainsville where he worked for one year then moved to work as a cook for the Fred Harvey Restaurant until his health began to fail about ten

years ago. He was married to Ena Lyle on June 6, 1912 in Brownwood. Following his retirement he came to Winters for a short time and worked as a cook at the A-1 Steak House. He moved back to Brownwood and about a month ago he and his wife moved to Winters.

He was a member of the Indian Creek Methodist Church near Brownwood and was a veteran of World War I, serving over seas for 18 months.

Survivors include his wife; one daughter, Miss Anna Mae Radcliff of Tuscola, Ill.; two sisters and two brothers, all of Chicago, Illinois.

## Blizzards Drop Game To Cisco Friday, 16 to 0

The Winters Blizzards took a beating at the hands of the Cisco Lobos last Friday night, losing to the visitors by a 16-0 score, and suffering heavy injuries to players.

William Grissom, who has done yeoman duty at fullback and more recently at left half, suffered a knee injury. Jerry Dunn received a broken hand. Sophomore Mike Bedford also suffered a broken hand in the Cisco fracas. Halfback Steve Grissom had received an injury in the Coleman game.

In Friday night's game, Cisco kicked to the Blizzards, who began their drive from their own 17 yard line. A hand-off to William Grissom netted 2 yards, as did a hand-off to FB Robert Marks. Tommy Young gained one yard, with 5 yards still needed. Grissom kicked out, to give the Lobos the ball on their 41 yard line.

Two runs by Lynn Hagan and two by Rex Miller moved the ball to Winters' 29 and a first down. With another first down they moved to Winters' 16. After a keeper by Lobo QB David Callerman failed to move the ball, and two more plays only netting them 2 yards, Callerman, on fourth down attempted a pass that fell incomplete, and Winters took over on downs.

From their own 23, Marks drove through for 3 yards, and two runs by Grissom made the first on Winters' 37. Three runs by Marks were good for a total of 7, and as Grissom was back to punt on fourth down, the pass from center was high. Grissom recovered and tossed to Johnny Caskey to the 49 for a first down. Two yards, by Marks, and an incomplete pass, set up the fourth down play, with QB Caskey back to kick. Grissom was injured on this series of plays.

Cisco began their touchdown drive from their own 26 and had moved the ball up to the 43 in three plays, as the quarter ended.

Twelve plays later, with good runs by Hagan, Miller and Kenneth Kinney, put the Lobos on Winters' 3 yard line. Lynn Hagan took the handoff from QB Callerman and plunged over from there with 5:06 left in the second quarter. Don McCrary, another big gun from Cisco, moved across the double stripe standing up, marking up a score of 8-0 for Cisco.

On the first play from scrimmage after the TD kickoff, Caskey faded back and hit Kenneth Crowe for a 30-yard pass play, moving the ball to Cisco's 33. Marks moved in for 3, and Caskey claimed 1 on an option. Again Marks took the ball for 2 yards but an incomplete pass gave the ball to Cisco on their own 25. This was the deepest penetration made by the Winters team during the game.

Nine plays later with runs by Hagan and McCrary, and with three incomplete passes, Cisco moved the ball to Winters' 41 as the half ended.

Rodney Butts kicked off after the half for Winters. Don McCrary took the ball on his own 20 and went 80 yards for Cisco's second TD. A handoff to Rex Miller was good for the extra points try, and Cisco led Winters 16-0.

The Blizzards began their play on their own 12 with a keeper for 2. Marks, who was leading ground gainer for Winters, claimed 5, and Tommy Young plunged through for 7 and the first down.

From the 24, a handoff to Joel Butts, long absent with a broken collarbone, was good for 1; Marks came through with 3 and again Butts made 4. Caskey kicked out to Cisco's 49. Runs by Hagan, Kinney, and McCrary moved the ball to Winters' 39 before Cisco chose to kick. Winters took the ball on the 20, and Butts was thrown for a 4 yard loss. Marks produced 5 yards, as Caskey took to the air, but was wide, so was forced to kick. Cisco received the ball on their 24, but could move only 5 yards, and kicked out on fourth down.

On the triple-reverse-pass play, the ball fell incomplete again, as did the next pass try. Caskey to Rodney Butts. Caskey kicked to Cisco's 4, where the ball was spotted as the third quarter ended.

Again Hagan, Miller and Kinney were called on to take handoffs from Callerman, as the Lobos moved up to their own 42, before kicking on fourth down. A jump-pass by Caskey was incomplete, and he tried the long pass on the next play, but Don Gosnell moved in and intercepted the ball, and was able to move 50 yards down to Winters' 18 before he was pulled down. A fifteen yard penalty set the Lobos back, and on fourth down with 17 yards to go from Winters' 25 Callerman kicked out to the end zone—giving the Blizzards the ball on their own 20. Young came through with 4, then after taking the hand-off from Caskey, Joel Butts passed to Young, good for the first down. Marks made 3, another pass fell incomplete, and Caskey called for the same play as a few before, only different, that is; handoff to Young who passed to Butts, at least attempted to pass, but was incomplete. Caskey, again was called on to use his toe, as he kicked to Cisco's 47.

From here with runs again by the four fighting horsemen, Hagan, Kinney, McCrary, and Miller they

## Mrs. Reece Hayes Guest Speaker At Town, Country Club

Mrs. Reece Hayes of Olney was guest speaker at the regular meeting of the Town and Country Garden Club Wednesday, November 2, in the home of Dr. and Mrs. Henry McCreight.

Mrs. Hayes presented an interesting program on preparing and drying native materials. Mrs. Hayes gave three methods of drying and preserving materials for dried arrangements and plaques. She used the glycerine method which consists of one cup of glycerine and two cups of boiling water. Place the material in a pyrex container and add enough of the mixture to cover 3-4 of the material and let stand in the mixture for three or four days.

Mrs. R. L. Briley, president, presided and a report on the Halloween "sweet walk" was given. Mrs. Jack Harrison was granted an inactive membership. Refreshments were served to Mesdames D. L. Moreland, Wayne Bedford, R. L. Briley, W. N.

Reese, Frank Mitchell, George Briley, Floyd Sims, George Rosdon, L. G. Wilson, C. R. Pinkerton, F. C. Mills and Mrs. Reece Hayes, guest.

## Coming Attractions at Local Theatres

**"Strangers When We Meet"**  
 "Strangers When We Meet," starring Kirk Douglas, Kim Novak, Ernie Kovacs and Barbara Rush, opens Sunday at the State Theatre. A frank look at marital infidelity, the Richard Quine production for Columbia Pictures was filmed in CinemaScope and Eastmen Color. Co-stars are Walter Matthau, Virginia Bruce, Kent Smith and Broadway musical comedy star Helen Gallagher in her motion picture debut. "Strangers When We Meet" was written for the screen by novelist Evan Hunter and is based on his own best-selling novel. Quine produced

and directed.

**"Sex Kittens Go To College"**  
 One of the zaniest comedies ever produced in Hollywood, "Sex Kittens Go To College," will open here Saturday and Sunday at the Fiesta Drive-In Theatre with three alluring young girls, Mamie Van Doren, Tuesday Weld and Mijanou Bardot, heading the cast.

The comedy was produced and directed for Allied Artists by Albert Zugsmith, and it makes the 42nd film he has made since invading Hollywood 10 years ago after a career as a newspaperman and newspaper and radio station broker.

In addition to Misses Van Doren, Weld and Bardot, the comedy based on Zugsmith's original story and written for the screen by Robert Hill, also stars Mickey Shaughnessy, Pamela Mason, Louis Nye and Marty Milner.

**"The Time Machine"**

A remarkable excursion into the fourth dimension—TIME—is depicted in "The Time Machine," George Pal's new science-adventure drama for Metro-Goldwyn Mayer.

Filmed in wide-screen and color against both realistic and strikingly imaginative settings, and with the unique photographic effects for which five-time Academy Award-winner Pal is noted, the new picture is based on H. G. Wells' famed novel concerning an Englishman who invents a machine which takes him into the future.

The Time Traveler is played by Rod Taylor, with other top roles enacted by Alan Young (who starred in Pal's previous production, "Tom Thumb"), Sebastian Cabot, Tom Helmore and MGM's new find, blonde Yvette Minnieux. The latter plays a girl depicted as living in the year 802,701 A. D., and one of the fascinating aspects of "The Time Machine" is its view of what people will look like, dress like and behave like 800,000 years from now.

A monster of the world of the future threatens Yvette Minnieux in the fantastic climax of "The Time Machine," George Pal's new science-adventure drama for MGM, based on H. G. Wells' prophetic novel. Rod Taylor plays The Time Traveler who invents a machine which takes him on a fantastic fourth dimensional trip through time to the year 802,701 A. D.

### Ruth SS Class Met Thursday

Ruth Sunday School Class of the First Baptist Church met Thursday evening in the home of Mr. and Mrs. Ray Laughon with Mrs. Truett Smith assisting with hostess duties.

Mrs. Calvin Holloway presided for the business session and Mrs. Truett Smith led the opening prayer. The secretary and treasurer reports were given by Mrs. Laughon.

Mrs. M. G. Roper gave the devotional on "Thanksgiving" and Mrs. Carl Pendergrass led the closing prayer.

Members present were Mesdames D. B. Brookshire, Rodney Cathey, Carl Pendergrass, Dolf Richards, Jack Pierce, J. C. Hodnett, Calvin Holloway, M. G. Roper, Carson Easterly and Truett Smith. Mrs. Fox was a visitor.

### Final Plans For Veterans Day Made By VFW Auxiliary

Final plans for the observance of Veterans Day, November 11, were made at the regular meeting of the Veterans of Foreign Wars Auxiliary Monday evening at the post home. A breakfast will be held at 6:30 a. m. Friday at Pierce's Cafeteria and a pre-game ceremony was scheduled for 7:10 at Blizzard Stadium.

Mrs. James Crockett, president, presided, and Miss Nevell Fisher gave a report on the booth at the Halloween Carnival. Mrs. W. L. Collins, chairman, gave a community service report and an announcement was made that \$5.00, 70 magazines and 25 pocket books had been sent to the Veterans Hospital in Big Spring.

Mrs. Collins, chaplain, gave the obligation of the Auxiliary to Mrs. J. P. Durgan and Mrs. Paul Gomez. A school of instruction was also held.

Those present were Mesdames James Crockett, Deward Await, C. C. Paske, Ted Meyer, W. L. Collins, Joe Kozelsky, M. L. Guy, Wallace Watson, J. L. Morrow, Martha Sellers, Joe Cortez, J. P. Durgan, Paul Gomez and Miss Nevell Fisher.

## Children's Book Week At Winters Library Nov. 13-19

Children's Book Week will be observed at Winters Public Library November 13-19. All children are invited to visit the library Wednesday and Saturday of that week between the hours of 2 and 5 p. m.

In recent months the question has been asked, "How old does a child have to be before checking out books?" Actually, there isn't any certain age, as soon as the child begins to talk a bit, he will probably want to look at big picture books with the help of an older child or an adult. The library now has many children two years old getting books as often as the school-age children.

All books may be kept for two weeks and renewed twice.

Some new books for children in the library are "I Know Why We Give Thanks," "Benny and the Bear," "Two Travelers," "The Steadfast Tin Soldier," "Mr. Angelo," "Fury, Son of the Wilds," "Civil War Land Battles," "Our Post Office," and "The True Book of Freedom."

The library is supported by a family membership fee and donations from the Literary and Service Club, Diversity Club, and the Home Demonstration Club, and by individual donations.

Recent donations were made to the library by Mr. and Mrs. W. B. Middleton, Mr. and Mrs. James Glenn and Jimmy, Mr. and Mrs. Douglas Cole and daughters, E. R. Little and Misses Ellen and Eupheme Jane Deisman.

The library is in the American Legion Hall and is open every Wednesday and Saturday afternoon.

Use your eyes, use your ears, use your brakes: you'll last for years.

## '61 TORSION-SPRING CHEVROLETS

If you don't think scrapping the front axle has made a world of difference, you haven't driven a Chevy in a while. A few minutes behind the wheel and you can feel why drivers are happier and breakable loads are better protected. But the biggest advantage of all, you'll realize, is that the truck itself (sheet metal, tires, chassis components, everything) takes less abuse. With independent front suspension soaking up road shock and vibration, the truck lasts longer, goes extra thousands of miles before trade-in time. Add that to what everybody's always known about Chevy dependability and you find yourself looking at the soundest truck investment you could bet your business on.

# A Day for REMEMBRANCE

This November 11th marks the 42nd Anniversary of the Armistice which ended World War I. But the peace for which we hoped was of short duration and twice since that time America has exerted her might to halt aggression.

Whether or not the decisions of our leaders were always wise, those who were called upon to defend our flag have never failed us on the fields of battle. On Veterans Day we honor them with parades and ceremonies for their great service to the nation.

The highest tribute we can pay to them is forever preserve and protect the principles of liberty which they have so nobly defended.

**Results of 1960 Census Reveals Shift In Population From Big Cities**

Babson Park, Mass. — The following rough analysis of the 1960 Census figures is intensely interesting to me. The figures show that the total population of the United States, including Hawaii and Alaska, is now about 180 million. This is 30 million over 1950.

**Large Cities Suffer**

For the first time since the original federal decennial census in 1790, all of our largest cities except one now show a decline. By "large cities," I mean those with 1,000,000 or more population forming the core of larger "metropolitan areas." Considering that the U. S. has been taking censuses for 170 years, this is an extraordinary event.

The above-mentioned "one exception" is Los Angeles, which shows a gain of over 20 percent. This is due to several reasons. Los Angeles found oil within its borders. It is also a center of the fruit industry, or at least it was until the inhabitants began to uproot trees in order to build subdivisions. Until the smog trouble developed, the Los Angeles climate was also superb.

**Boston Among Worst Declines**

Of all large cities in the U. S. Boston has suffered one of the greatest losses. My first job after graduating from M.I.T. was in Boston, which then had a population of 500,000. This increased to 750,000 in 1940 when the Boston Chamber of Commerce was forecasting a population of 1,000,000 for the city. Boston proper did not reach 800,000 in 1950; but the number has since dwindled to 677,000.

Boston has lacked natural resources, with the possible exception of the fishing industry. Educational institutions and small factories have been its chief assets. Boston may still claim to be a great educational center, but it is rapidly losing its factories and mills. The New England shoe industry has moved to the Central West where hides are plentiful; the textile mills are moving to the South where they are nearer the cotton and sheep. However, Southern California and Eastern Massachusetts ride at the head of the "electronics parade." Union wages and restrictions are a handicap but the quality of New England workmanship is very high.

**The Rise of Suburbia**

The most revealing statistics of the 1960 Census concern the mighty force and growth of suburbia. Most people who have left the large cities have not moved to other states. Rather, they have moved primarily to new suburbs some fifteen to twenty-five miles distant. This not only gives them better living conditions, but provides an entirely new social life.

Major factors causing this change are automobiles, telephones, and television. These factors, plus airplanes, have raised havoc with the railroads as well as the large cities. The railroads now employ only 800,000 workers compared 1,200,000 in 1950. Trucks are car-

rying the less-than-carload freight while supermarkets and shopping centers are distributing the merchandise. Use of natural gas has doubled, while coal has suffered tremendously. The number of miners working in some areas of West Virginia is now only half those in 1950.

**The Boom in Housing**

Since the census of 1950 the U. S. population has increased by 20 percent; housing by 70 percent. And almost half the expenditure for total new construction is now going into housing—practically all in the suburbs, and built mostly on credit amounting to \$100 billion or more.

The most unfortunate figure in this 1960 Census is the amount being spent on borrowed money. These great mushrooming suburbs are built on borrowed money—not only the new houses, but also their furnishings and the automobiles. I estimate that the suburbs have also borrowed, since the 1950 census, over \$100 billion for roads, sidewalks, water, gas, etc. One dollar out of every eight of take-home pay is apparently obligated for appliances and other things useful but not necessary. What would happen to these suburbs in case of a severe depression makes me shudder.

**Trees Available for Reforestation And Windbreaks**

Plenty of seedlings are available for Texans who want to reforest or plant windbreaks this winter, reports Bill Smith, extension forester. Orders are being taken now by the Texas Forest Service, College Station.

"Requests for trees will be handled on a first-come-first-serve basis, so interested persons are urged to submit their applications and payments right away," Smith explains.

Application forms for reforestation pines are available from Pineywoods county agents, Soil Conservation Districts, ASC officers or district offices of the Texas Forest Service. The windbreak tree forms are available from some of the offices of West Texas county agents. Either of the forms may be obtained by writing Texas Forest Service, College Station, Texas.

Shipment of reforestation seedlings will start about Dec. 15, Smith continues.

Also, some 13 different kinds of hardwood and evergreen seedlings plus multiflora rose plants will be available for farmstead, feedlot or field windbreak plantings. The trees will be shipped between Jan. 15 and March 15, 1961.

"These trees will not be available for shade ornamental plantings," Smith said.

**Mouth-To-Mouth Resuscitation Best Method of Life Saving In Some Cases**

By VERN SANFORD

Newest and by far the best method of life saving—in case of drownings, heart attacks, shock or suffocation—is mouth to mouth resuscitation.

We've just seen a short film on the subject—which everyone in the state should view. It tells how, in a graphic way, to apply this greatly improved method of artificial respiration.

We can't explain it as clearly as the film portrays, but we'd like to relay this message to you until the time comes when you too can view the picture.

First step is to free the victim's mouth of any obstructions—food, if the victim is choking, water if drowning—then lay the person on his back, sit beside him, tilt the head far back, lift the chin high, grasp the nose to close it tightly, then take a deep breath (bring enough air into your own lungs to serve two persons), open the victim's mouth wide and force all the air you can from your lungs into his.

Then rest a second or two, take another deep breath, open the victim's mouth wide and again force all the air you can into his lungs.

Keep his nose closed all the time you are breathing into his lungs.

Repeat the resuscitation procedure until you see the first signs of life returning.

If air gets into the victim's stomach, press gently on his stomach to force the air out.

Here's hoping that this film will be shown before every sportsmen's organization in Texas, in the youth camps, before every civic group, women's club, the boy scouts, girl scouts, schools, groups everywhere, including of course the Red Cross, Junior Red Cross and the military.

Many a life, lost from drowning, suffocation and the like, could have been saved had knowledge of this revival process been widely known.

There is one important fact about this method of revival—the only equipment needed to do the job is always with you. It's you.

The film, entitled "That They May Live," is available for any and all gatherings, free of charge, from the film library of the State Department of Health, 100 West 49th Street, Austin, Texas. The telephone number is GL3-6631. If you want to make a LD call, ask for the division of health education.

Whether you're an outdoorsman, or an indoorsman for that

matter, you need to view this film. You need to learn this method—for your own good and your family's good, if for no other reason.

While deaths by accidents outdoors—on our lakes and streams and our hunting grounds—are many, fatal accidents in the home occur even more frequently. So, whoever you are, wherever you are, there is a good possibility that you or those dear to you may find this lifesaving method useful. We urge you to re-read, again and again, the simple procedure outlined above, learn the steps by heart so that you can perform them quickly. Then, if at all possible, see the film!

It was our good fortune to witness the showing at the recent Austin meeting of the Sportsmen's Clubs of Texas. It received a tremendous ovation. Everyone agreed that it should be circulated throughout the length and breadth of Texas.

Regardless of your station in life, it is important that you have knowledge of the methods of performing artificial respiration. In fact, your own life may some day be in the hands of someone you taught how to do an efficient job of artificial respiration.

We repeat, at your first opportunity, see the film "That They May Live."

**Night Hunters Pay Big Fines for Deer**

Two deer hunters in Comal County last week learned it doesn't pay to headlight deer. They were caught by the game warden with two buck deer already skinned out, a headlight and two scope equipped rifles.

They lost the meat, the guns and equipment, and paid fines of \$230 each.

A warning was issued this week by J. B. Phillips, assistant director of law enforcement of the Game and Fish Commission, against headlight shooting, hunting from automobiles and roadside shooting.

"Game wardens are working day and night right now watching out for these game violators," Captain Phillips said. "Sometimes they are given valuable tips by law-abiding persons. Most of the time, however, they happen on these violators while patrolling back roads."

Valuable assistance also is given to wardens by other peace offi-

cers. Very frequently sheriffs' deputies, highway patrolmen and even city policemen apprehend violators with game in their cars. They immediately radio the game wardens who make the case. Fines are then assessed in court.

Dogs were the first domestic animals, dating back to the late Paleolithic period.

**Literary, Service Club Met In Gray Home Thursday**

Literary and Service Club held their regular meeting Thursday afternoon in the home of Mrs. Sallie Gray with Mrs. Max Lewis serving as co-hostess.

Mrs. L. E. Ellison led the opening prayer and Mrs. H. K. Flathmann, president, presided for the business session. Plans were made for the Christmas float and all committees are to make a report on their progress on the float at the next meeting.

Mrs. J. E. Davis gave "Your

Future Figure Depends on Today's Decisions," and Mrs. M. G. Middlebrook gave "Good Taste Not Dependent on Pocket." Mrs. Earl Dorsett conducted a quiz on the life of Mr. Roberts, author of "Roberts' Rules of Order."

Those present were Mesdames John Davis, Earl Dorsett, L. E. Ellison, Jerry English, H. K. Flathmann, Sallie Gray, J. C. Jarrell, Max Lewis, A. J. May, M. G. Middlebrook, J. T. Randolph, L. O. Y. D. Roberson, George Rosson, W. D. Sanders, Claude Tatum and Charles Chapman, honorary member.

**Highway Department's Booklet Is An Invitation To Tourists To Visit Texas**

By VERN SANFORD  
Texas Press Association

Like a debutante daughter in bouffant gown, Texas' many charms have been wrapped in a lavish, full-color booklet and presented for the attraction of free-sending visitors.

First of its kind ever published in Texas, the 32-page brochure was compiled by the State Highway Department and is being distributed free. First printing of 400,000 copies is being sent to travel agencies, clubs, newspapers, anywhere that it may be used to draw tourists to Texas.

It is one of the first big steps in a program to reverse Texas' decline in tourist revenue.

Texas is "twenty years behind the times" in advertising tourist attractions, says Tom H. Taylor, director of the Travel and Information Division of the Highway Department. Next goal is to get the Legislature to appropriate \$300,000 to be used for media advertising over the country, as other states do.

Requests for copies of the brochure should be sent to the Travel and Information Division of the Texas Highway Department in Austin. Taylor said the Department expects heavy demand and will not be able to furnish the booklet in quantities.

**MORE WATER AID IS GOAL**

Gov. Price Daniel said he will ask the next Legislature to take action aimed at speeding up local water conservation projects.

Speaking to the Texas Water Conservation Association, the governor said he would urge more money for water projects and a more flexible financing program.

Marvin Nichols of Fort Worth, chairman of the Texas Water Development Board, urged that the present ceiling of \$5,000,000 on any one water loan be raised to \$15,000,000. Under the present water development program the state sells bonds to raise money to lend to local governments to help pay for water conservation construction. Lending is limited to one-third the total cost and \$5,000.00 on any one project.

Nichols said the Water Development Board was "admittedly disappointed" in the small number of loans (eight for a total of \$14,840,000) completed since the program was passed in 1957. Abundant rainfall has caused many local governments to lose a sense of urgency about water conservation, said Nichols.

Several speakers warned of the certainty of another drought. "Biggest problem in many cities by 1980 may be getting a good drink of water," said one.

**INSURANCE RATE HIKE REJECTED**

State Board of Insurance turned down by a unanimous vote a proposed 30 percent increase in auto insurance rates.

Board will re-study the problem in June, 1961. Until then the present rates will continue.

Board also turned down by a 2 to 1 vote a proposal by Chairman Penn J. Jackson to allow companies to make the merit rating system optional. It is asking for an attorney general's opinion on whether optional merit rating would be legal.

Board member Robert W. Strain said he felt an across-the-board raise in auto insurance rates would be unfair to law-abiding, accident-free drivers.

**DPS MEMORIAL PRESENTED**

A 6-by-8-foot bronze plaque commemorating Department of Public Safety men killed in line of duty is to be mounted in the lobby of the DPS Headquarters in Austin.

Private citizens paid for the plaque which was presented to Col. Homer Garrison, Jr., DPS director, at an honor banquet.

Names of 21 men are inscribed on the plaque. Sixteen of these were killed in traffic accidents while on duty; two were killed by the ill-famed Clyde Barrow; three were shot to death by other outlaws.

**CAN'T TAKE CAR FOR TAXES**

A local taxing district cannot seize a person's personal car because he has failed to pay property taxes on it, the Attorney

General's Department ruled. However, the tax assessor still has plenty of ways to "get at" the car owner who tries to evade taxes.

An automobile — one only — is part of a person's homestead, said the opinion and cannot be taken for forced sale to satisfy a tax claim. However, it said, the tax collector can get a judgment that will allow attachment and sale of a second car, or any other property not included in the homestead exemption.

**SHOP-AT HOME**

State Highway Commission has reaffirmed its policy of using only U. S.-made materials for road and bridge construction in the state highway system.

Beginning January, 1961, all contracts for highway construction will include a provision that all materials furnished will be manufactured in mills located in the United States or its territories and possession.

This policy was vigorously protested by representatives of industries of other countries at a hearing earlier this fall.

Policy will not apply to products finished in this country using some component parts furnished from abroad—such as pigments put into paints, wire made into wire mesh, etc.

**SHORT SNORTS**

Eleven assistant attorneys general are working on 365 cases over the state, aimed at stopping the charging of illegally high interest rates by loan companies, Atty. Gen. Will Wilson announced. Wil-

son said a court decision allowing the attorney general to examine records of suspect companies will be a great help in the effort.

State taxes collected on the sale of cigarettes, liquor and wine for October ran \$1,589,729 higher than for the same month a year ago, said State Treasurer Jesse James. Total collections were \$8,478,194.

Number of employed persons in Texas hit 3,453,000 during September, highest September total ever recorded, reports the Texas Employment Commission. Employment was down from August, however, mostly due to ending of summer jobs and returning of students to school.

Hopes for a new medical school in the Capital City were revived by the announcement of a study being undertaken by the Texas Medical Association on whether the state needs a fifth school. Austin lost out to San Antonio in bidding for the fourth medical school authorized by the last session of the Legislature.
