"Reds Plan World Domination By 1973," Banquet Speaker Tells Local Teachers

The year 1973 is the target year picked by the Communists to conquer the world, R. H. Lawrence, executive director of the Texas Bureau for Economic Understanding, told Winters teachers here Monday night.

He was principal speaker at the annual Teachers Appreciation Banquet in the school cafeteria.

"The greatest strength of the Communists today is not the missile gap but the message gap," he told more than 150 teachers and citizens of Winters.

The Reds have sold a bill of goods and are "dedicated people," he said.

The teachers and others attending the program were challenged

to be "real honest" with themselves in considering the serious menace of Communism to American society. Lawrence declared that America is a living fulfillment of the "law of God" and Americans must dedicate themselves in protecting this nation.

The speaker was introduced by Winters school superintendent James B. Nevins.

Lacing his talk with evidence of a broad sense of humor, Lawrence told his audience that the American Heritage program, now being participated in by the Winters schools, was vital to the town, county, state and the country. The program is sponsored and promoted by the Texas Bureau for Eco-

Local Girl Scouts Begin Knocking On Doors Here To Sell Girl Scout Cookies

Girl Scouts here began knocking on doors Thursday to sell the popular Girl Scout cookie that has financed a \$80,000 camp on the shores of Lake Brownwood.

Although the camp features a number of new, modern structures, two of the original four units planned are yet to be constructed. Cookie money will be used primarily for development and maintenance of this camp—Camp Wood Lake—which serves scouts in the 16 counties within the Heart of Texas Council.

The sale will continue through March 1.

Joining with the local scouts in the cookie sale program will be scouts in the other cities of the council. Council cities are Ballinger, Brady, Breckenridge, Brownwood, Cisco, Clyde, Coleman, Eastland, Goldthwaite, Graham, Jacksboro, Lampasas, Mineral Wells, Stephenville, Weatherford, and Winters.

The girls will be selling three different kinds of cookies this year: a 10-ounce box of assorted (chocolate and vanilla) sandwiches, a seven-ounce box of cookie

minits, and a 10-ounce box of vanilla thins. The cookies will cost 50 cents per box or \$6 per carton.

The council's goal is to sell 48,000 boxes during the 10 day drive. Each troop has a goal of an average sale of 20 boxes per girl.

Although cookie funds go chiefly for Camp Wood Lake, the scouts also get some individual and troop benefits from the cookie money. Each troop receives five cents per box of cookies sold by its members. And a girl who sells 49 or more boxes of cookies becomes a member of the council's "48 Campership Club" and receives a \$5 campership to be applied on her camp fee.

Besides the two additional units planned for the camp, other developments to be financed from cookie funds include a craft house, adequate swimming facilities and boat docks.

The council's cookie committee this year is composed of Mrs. Patrick T. McGowan, chairman; Mrs. Fay Looney, treasurer; and Mrs. Ray A. Hoyle, staff adviser. Mrs. Clifford Hill is local cookie

Winters Teachers Receive Awards At Banquet Monday

Sixteen teachers and employees of the Winters school system were given service and achievement awards Monday night during the annual Teacher Appreciation Banquet.

Mrs. E. Y. Buckner, Mrs. H. H. Henniger and Mrs. J. B. Whitlow, school cafeteria manager, were given 15 year service awards. Ten year pins were presented Mrs. Myrtle Frazier, school librarian, and Mrs. Sam Russell, cafeteria employee.

Teachers receiving five-year awards were Mrs. Dorothy Akins, Mrs. Lula Harrison, James Jones, Mrs. H. M. Nichols and Mrs. B. T. Shoemaker. A five-year pin also was presented Mrs. O. H. Green, cafeteria employee.

School Supt. James B. Nevins, master of ceremonies, also recognized bus drivers Weldon Middleton, James Jones, T. C. Stanley, Troy Pillion and Reed McMillan for achievements.

The program was held in conjunction with Public School Week. A. W. Libbe, president of the Winters Chamber of Commerce, extended the greeting, and a welcome was delivered by John W. Norman, Winters Independent School District Board president. Lon McDonald, president of the Winters Classroom Teachers Association, gave the response.

Special entertainment was presented by an Abilene Christian College foursome, "The Embers." Members of the foursome were Miss Kay Maples, Broken Arrow, Okla., Douglas Young, Laramie, Wyo., Kyle Ellison, of Ralls, and Harold Brown, Hobbs, N. M. at the piano.

Members of the school board were introduced.

Special awards were presented to Winters Post of the Veterans of Foreign Wars for their work in forwarding the work of the Winters schools. The VFW has presented flags for use at the Elementary School and at the football stadium, and have helped with work in special classes. The organization also presented workbooks and clothing for underprivileged children.

Candidates Will Draw Friday For Places On Ballot

The City Secretary's office announced this week that candidates for the city election April 4, will draw for places on the ballot at the City Hall at 10 a. m. Friday, March 10.

There will be two candidates for the office of mayor, incumbent Harvey Dale Jones and George Poe, and five candidates for the two places on the city council. Candidates for alderman are Griff Brown, T. A. Smith, A. C. Ernst, Barney Bryant, for re-election, and Ralph Lloyd, for re-election.

Candidates or their representatives will draw by lot to determine the position of their name on the ballot.

Dr. Lloyd W. King City Health Officer

Dr. Lloyd W. King recently was named City Health Officer by the Winters City Council.

Dr. King succeeds Dr. John E. Griffin, who moved from Winters some time ago.

A "need for a rededication to the great ideals that gave rise to this land of America" was listed by the speaker. First, trust in God; and, importance of individual, freedom of individual, private ownership of property, the role of government—to protect men in their God-given rights, never to provide for their needs. He said that under Socialism, "only government can work out decisions. Under the American way, only man under God can work out decisions."

FFA Annual Pancake Supper March 23

Annual pancake supper sponsored by the Winters Chapter of Future Farmers of America will be held March 23, from 6 until 8 p. m. in the school cafeteria.

Fathers of the FFA boys will prepare and serve "all the pancakes you can eat."

Tickets may be purchased from any member of the FFA Chapter and proceeds will be used in various activities of the Winters FFA.

C of C Membership Drive Due Tuesday

Annual membership drive of the Winters Chamber of Commerce will be made in one day, Tuesday, March 14, according to an announcement made by Al Libbe, president.

Members of the organization will make the drive in pairs and it is the plan for enough members to take part that each team will have only two business men to call on during the day.

The breakfast meeting is slated

More New Lights Going Up In Town

Workmen this week were installing a few more of the new mercury-vapor type of street lights, this time on Main Street.

Some of the new lights were installed in the Leeman Addition some weeks ago.

City officials said that they are working as fast as possible to replace the old type lights with the new mercury-vapor type, but the program is of necessity a long range project. It is hoped that the entire length of main street may be illuminated by the new light before many more months.

Rev. C. N. Roth Will Speak At Lutheran Church

The Rev. C. N. Roth, former pastor of St. John's Lutheran Church in Winters, will be the guest speaker at a dedication service of a new educational building of the Winters Church. The dedication will be one of a special series of events on Sunday, March 19.

Following a congregational dinner at noon, an "Open House" will be held in the new building from 2 until 5 p. m.

The Rev. Mr. Roth was pastor of the Winters Lutheran Church from 1934 until 1946, when he was elected as president of the then Texas District of the American Lutheran Church. He served in that capacity for two five-year terms. He is presently pastor of St. Paul's Lutheran Church at Bulverde.

Friends of the former pastor are cordially invited to come and hear him speak, and residents of Winters and the surrounding area are invited to attend the open house of the new facilities.

WHS Concert Band Won 1st Divisions At Sweetwater

For the fourth time, the Winters High School Concert Band, under the direction of Robert R. Gans, came away from the Band Festival Contests at Sweetwater Saturday with the top ratings in both concert playing and sight reading events.

In competition with five other bands in AA classification, the Winters musicians were chosen tops in the two events. Other schools competing were Hamlin, Cisco, Stamford, Haskell and Lockney.

Other winners were Lincoln Junior High band of Abilene, in Class CC; Travis Junior High, Snyder, in C class and Munday High School, in Class A.

for 6:30 o'clock Tuesday morning at Pierce's Cafeteria, Mrs. B. B. Bedford, secretary, will contact the members by telephone Saturday morning for breakfast reservations.

The regular meeting of the board of directors was held Tuesday, March 7, at 6:30 at Pierce's Cafeteria. Al Libbe presided for the meeting.

John W. Norman, chairman of Public School Week, reported that handbills and ribbons advertising the special week had been delivered to the business district. Those distributing the ribbons were Mrs. Harry Herman, Mrs. B. B. Bedford, James Griffin and Barney Bedford.

Mr. Norman also told the directors that nothing more had been done on the air-strip and the work is being held up until measurements for a regulation air-strip are received.

Ted Meyer asked that a hospital sign be placed at the intersection of Truitt and Main Streets. Mord Tucker, chairman of streets and highways, will investigate the possibility of such a sign.

Mr. Tucker also told the directors that Bob Chastain of Wichita Falls, paving contractor, had met with a group last week at the chamber of commerce office and discussed the paving project under consideration. Four blocks of paving will be required before he will make a contract.

Present at the meeting were A. W. Libbe, Ted Meyer, Harry Herman, Mord Tucker, Walker Tatum, Homer Hudgins, John W. Norman, and the secretary, Mrs. B. B. Bedford.

Jo Ann Alfrey New Secretary of Sorority At TCU

Miss Jo Ann Alfrey, Winters student, was installed Monday as secretary of Kappa Delta, national social sorority at Texas Christian University in Fort Worth.

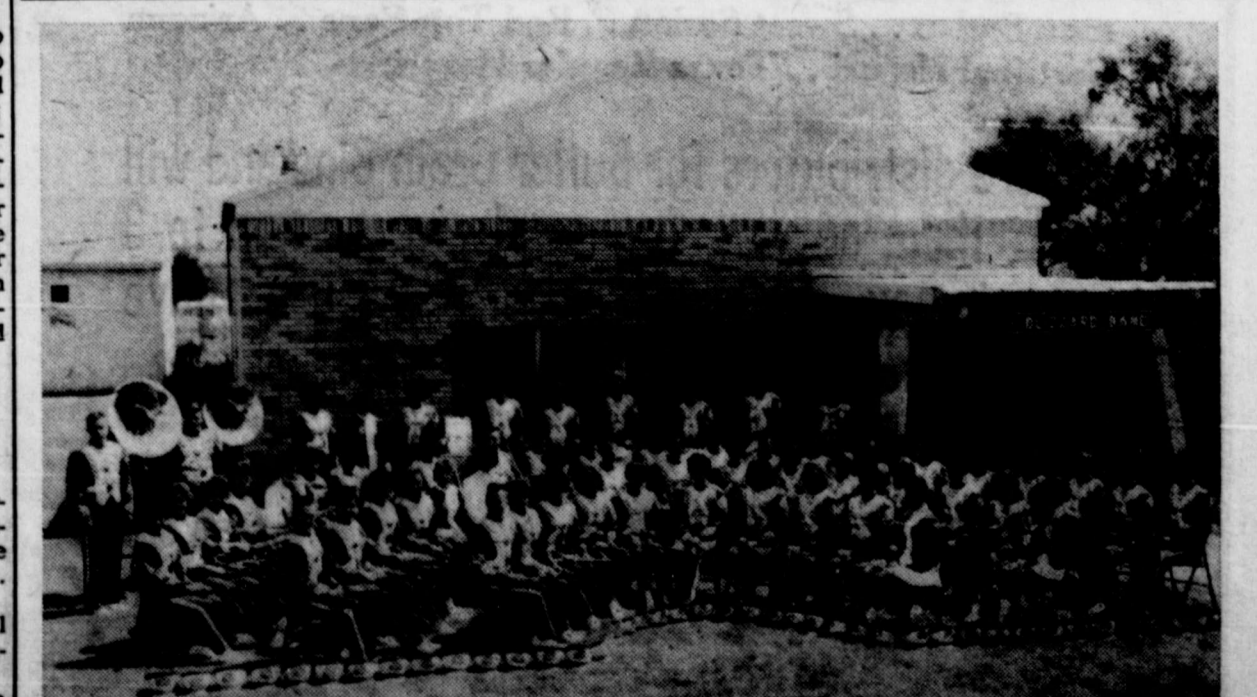

She was elected at regular formal meeting Feb. 27. Announcement of the new council officers was made at the Initiation Banquet held Saturday.

Council officers are president, Sue Stuter, Dallas; vice president, Brenda Norman, Amarillo; treasurer, Ann Wofford, Wichita Falls; assistant treasurer, Evelyn Manning, Fort Worth; editor, Lynn Swann, Atlanta, Ga.; and rush chairman, Paula Ramsey, Fort Worth.

Miss Alfrey is the daughter of Mr. and Mrs. C. P. Alfrey. A graduate of Winters High School, she is a sophomore at TCU.

"Selfishness is the soil in which many other unlovely traits of character are likely to thrive and multiply." —Selected.

Harold Ray Wilson of Del Rio and Skippy Sheppard of Winters attended the morning services at the Baptist Church Sunday.

Attending the morning services at the Drasco Baptist Church were Mr. and Mrs. Perry Wood of Plainview; Mrs. Gayland Robinson and two children and Bertalena Lewis of Abilene; Bertalena also attended the night services.

Mr. and Mrs. Paul Tharp of Winters attended the night services at the Drasco Methodist Church.

Night visitors at the Moro Baptist Church were Linda Van Cleve of Tuscola; Stanley Boulter of Ovalo and Rev. T. R. Bedford, Mrs. Bedford and three children of Abilene. Rev. Bedford delivered the night message. The special number for the night service was given by Mrs. Earvine Carey and sons Randall and Mike with Earvine accompanying with the guitar.

The title of the number was "The Family Who Prays." The special for the morning services was a trio sung by Mrs. Jack Bedford, Mrs. Earvine Carey and Mrs. Grun with Mrs. J. W. Allmand at the piano. The title was "What Will your Answer Be?"

The key verse to next Sunday's Sunday School Lesson is: "Jesus answered him, 'If a man loves me, he will keep my work, and my Father will love him, and we will come to him and make our home with him.'" John 14:23.

The meditation is by Frank Buterworth. "Woodrow Wilson tells us that among his earliest mem-

ories was one of his mother reading to the family, not light fiction, but The Iliad, The Fairy Queen, Idylls of the King, John Green's A short History of the English People, and books of travel. The taste for the best was inculcated in him at an early age.

"Among his earliest memories of his father was the image of the family kneeling in prayer while his father talked with God after reading the Scripture. Is it any wonder that the boy grew up to be a thinker and an idealist?"

"We become like that with which we keep fellowship. Those who walk with God find themselves echoing His footfalls. One cannot live in the daily contemplation of love without becoming more loving. Men know that we have been with Christ when they see in us a concern for others or an awareness of God. We become 'at home' with God, and He dwells in us."

Special days next week are for: Joan Hurley, the 22th; Neely Bagwell, Dorothy Elizabeth Battey and Lesa Giles, the 14th; Martha Louise Brown, Sheila Williams, Jess Horn and A. H. Brede-meyer, Jr., the 15th; a wedding anniversary for Mr. and Mrs. Russell Sneed, the 16th; Elton Bredemeyer, the 17th; Billy Wade and Mrs. Travis Wood, the 18th.

Someday the Sun Will Furnish Free Power to Peoples of the World

Babson Park, Mass. — It has long been thought by scientists that the sun should some day give us free power. Unfortunately, the clouds and storms have prevented this. Furthermore, nations in different latitudes would get different amounts of sun power, and all latitudes would get varying power according to the time of year.

Harnessing Power of Gravity

I again call readers' attention to the work which the Gravity Research Foundation of New Boston, N. H., is doing in fundamental physics. By giving grants to colleges the Foundation hopes to interest students in harnessing gravity to supply free power anywhere in small units. But first it must discover a partial insulator, or absorber, of gravity.

The Foundation now has the world's best files on gravity and is giving \$1000 annual awards for the best original essays upon the subject. These essays average over eighty a year and come from the United States, Great Britain, France, Germany, and other countries.

Discoveries In Space Exploration

While the Defense Departments of the United States, Russia, Great Britain, and other countries have been spending billions on missiles, the American Telephone and Telegraph Company has been making some very important experiments. By the use of microwaves and other processes they have succeeded in sending signals through space hundreds of miles above the earth—with power waves "bounced" from one orbiting object, or man-made satellite, to another.

These experiments have aroused in me a great interest in "space travel." I am not interested in having men go to the moon or having the military attack any enemy from a hundred or more miles up in the air. I, however, am greatly interested in the work of the Telephone Company. This will first be used in sending messages and television waves. I earnestly watch the newspapers each day for such "Space News."

Powerful Electric Waves Showering the Earth

The next step will be to capture and harness the electric waves which are coming toward us every hour of every day. They cannot be shut off by clouds or storms, they fall upon all nations equally. Their power, all of which now goes to waste, is terrific. I believe that the Telephone and electric utilities will combine to concentrate these waves over all nations and give each free power. This would be far better and cheaper than the use of uranium. My use of the words "free power" refers only to the generation of electric power. Distribution systems will continue to be needed. Hence I am more bullish on electric power company security securities because they may have no generating costs.

I forecast that each of the fifty largest countries in the United Nations will have its own "transformers" in the sky securing electricity from the radiation off the thousands of galaxies in the sky. For years the astronomers have known of these galaxies and of the electrical rays they are emitting;

but their intensity has been known only since the "Space Age" discoveries and measurements.

I understand that the future space program will not be under the personal attention of Vice President Lyndon Johnson. He says we may expect the landing of a planetary spacecraft in 1962; and in 1963 the safe landing of certain instruments on the moon. Our "Midas," under the direction of Dr. Wernher von Braun, now of the Huntsville Center, can be depended upon to make more new and important discoveries.

These governmental developments will primarily be to warn us of what the Russians, or other potential enemies, may be doing as well as to give us knowledge of impending hurricanes and other destructive forces. Although paid for by us, they will be given freely to all nations. The next step will be the study of these electrical currents which will finally be harnessed to give each nation free power. This would do much to hasten world peace.

P. S. In fairness to readers I should add that the nuclear fusion research with hydrogen (obtained from water or air or chemicals such as lithium) may even give free power before the harnessing of electric waves above described.

Cub Scout News

Den 5 of Winters Cub Scouts met recently in the home of Mrs. Fletcher Campbell. The following officers were elected: Bruce Wallen, denner; Charles Campbell, assistant denner; Danny Van Meter, scribe. The group visited the telephone company. Nibbles were served by Charles Campbell and the Den mothers, Mrs. Fletcher Campbell and Mrs. Don Van Meter.

Ladies' Aid Circle Met Thursday At Lutheran Church

Ladies Aid Circle of St. John's Lutheran Church met Thursday, March 2, in the church parlor with Mrs. Bill Minzenmayer, president, presiding.

The meeting was opened with the song, "Just As I Am," with Mrs. Ellis Ueckert at the piano. Mrs. George Pruser Sr., was program chairman for the month and Mrs. H. K. Flathmann gave the Bible study "How Shall I Pray When I Have Sinned?" Several ladies assisted Mrs. Flathmann in reading and the Bible study was closed with prayer.

A solo was sung by Mrs. Ervin Ueckert for those having birthdays in March. Mrs. Ueckert was accompanied by Mrs. Bill Minzenmayer.

Mrs. Glenn Hoppe gave the worship offering. Several committee reports were given and the new constitution was read. The meeting was closed with "The Lord's Prayer."

Hostesses for the month were Mesdames John Hiller, T. F. Hantche and Mrs. Hans Gottchalk. Forty-three members and several visitors were present.

Wingate 4-H Club Met In Wingate School Cafeteria

The Wingate 4-H Club met on March 6 at 3 o'clock in the Wingate school cafeteria.

Miss Chenoweth and Mrs. Raymond Dunn met with the group. Cynthia Antilley presided over the meeting, and roll call was answered by "a clothing problem I have." A discussion about good grooming was held.

Members present were Kathy Dunn, Dolores Ibarra, Cindy Antilley, Linda Tischler, Brenda Robertson, Cindy Robertson, Dora Valverde, Candy Allen, and Carla Walker.

CARD OF THANKS

We wish to express our sincere thanks to our many friends and neighbors who were so kind and thoughtful during our recent bereavement. Your cards, visits, beautiful floral offerings and the food that was brought and served were deeply appreciated. A special thanks to Ted Meyer and Dr. Lloyd King for their services. May God bless each of you in our prayer. The Family of Mrs. Elmer Yates. Itc

FLEW TO HAWAII

Lynn Faubion, son of Mr. and Mrs. N. L. Faubion flew to Hawaii Wednesday, March 1, where he will participate with the Whiting Field, Milton, Fla., basketball team for the naval basketball championship. They won the South Atlantic Regional against Corpus Christi on Feb. 25.

RETURNED TO BASE

Airman Third Class James H. Bryan has returned to base after visiting with his mother, Mrs. Hardy Bryan and other relatives in Wingate. Airman Bryan entered the service Sept. 12, 1960, and is now stationed with the Air Force Band at Barksdale Air Force Base in Louisiana.

WSCS Met Tuesday At Methodist Church Parlor

The Woman's Society of Christian Service of the First Methodist Church met in the church parlor Tuesday morning. The opening hymn was "Praise Him! Praise Him!" with Mrs. W. W. Parramon at the piano.

The business session was conducted by Mrs. G. W. Cowan and Mrs. Garland Shook gave a devotional. Mrs. Frank McAdoo taught the lesson, "Giving Thanks In Lent."

Members present were Gattis Neely, Elmo Mayhew, Jones, Thad Traylor, Carl Win, W. D. Sanders, George son, Jerry English, R. P. W. H. Baker, D. A. Dobbins, Edwards, W. W. Parramon, W. Comegys and Frank McAdoo. The Frances Bowden Circle will meet Tuesday morning at 8:30 at the home of Mrs. E. L. Crook. The Mary Martha Circle will meet in the home of Mrs. G. Shook.

CARD OF THANKS

We wish to express our thanks to those who were so thoughtful to me during my stay in the hospital. Your cards, flowers and visits were deeply appreciated. A special thanks to Lloyd King and the staff of hospital for their services. E. T. Bridwell and Family.

Goal Diggers Held Progressive Dinner Monday Evening

The Goal Diggers Club held a progressive dinner Monday evening. Eugenia Voss served appetizers and a salad was served by Marta Davidson. The main course was served by Carolyn Craddock and Jean Mayo served the dessert. Following the dessert course, Cecile Nitsch, president, presided for a business meeting, roll was called, pins checked and the homecoming tea was discussed. The program, "Dear Beauty Editor," was presented by Jaye Henley, Pam Bedford, Marta Davidson, Lynann Kruse, and Jere Merck.

Those present were Cecile Nitsch, Lynann Kruse, Pam Bedford, Diane Buckner, Marcene Matthies, Jere Merck, Carolyn Helm, Jaye Henley, Betty Stanley, Eugenia Voss, Jean Mayo, Margaret Stoecker, Virginia Foster, Carolyn Craddock, Nancy Norman, Marta Davidson and the club sponsor, Mrs. S. B. Parks. Club benediction was repeated in unison.

Miss Christiane Julien, Franklin O'Dell, Married In France On February 12

Christiane Theresa Julien of Evreux, France, daughter of Mr. and Mrs. E. Julien of Les Baux Sainte Croix, France, became the bride of Franklin Charles O'Dell, son of Mr. and Mrs. B. E. O'Dell of Winters, at Evreux Air Base, France, February 12 at 2 p. m.

Myriam Jink was organist and Major Scott officiated for the double ring ceremony. Fred Walsh of Florida served as best man and Charles Greti of White Oak, Texas, was groomsmen. Ushers were Stanley Drinnon of California and Donald Jack of Mississippi.

Miss Janine Julien of Evreux, France, cousin of the bride, was maid of honor and Miss Annette Daufresne of Evreux, cousin of the bride, was bridesmaid. Miss Julien wore a short dress of brown silk and carried carnations. Miss Daufresne wore a short dress of white and carried carnations.

Given in marriage by her uncle, F. Davfresne, the bride wore a short white nylon lace dress. She had a small veil and carried a bouquet of carnations.

A reception was held at Standre and a large white cake and punch were served to approximately 50 guests.

Leaders Plague Democratic Administration

Congressman O. C. Fisher

It is always interesting to observe the "honeymoon" period of a new administration. Errors are inevitable. Popularity readings of the administration go up and down, like the mercury in a thermometer. Eager to get their feet in their shoes, the new administration is sure as God made little fishes. It seems to happen with every Administration.

The first blooper, from the new administration's point of view, was made by Secretary of Defense,

Robert McNamara. He told newsmen that studies revealed no missile gap. That did not exactly jibe with the campaign issue last Fall when candidates Kennedy and Johnson made much of our lagging behind the Soviets in missile development. So the President, a bit embarrassed, told newsmen he was not prepared to go as far as the Defense Secretary had gone.

But the latest—and the worst—blunder was made by Mennen (Soapy) Williams, Assistant Secretary of State for African Affairs. Soapy, apparently thinking he was still in Detroit appealing for Negro votes, invaded British East Africa the other day, went from colony to colony taking gratuitous pokes at our British friends.

"Africa for Africans," he roared in a speech at Nairobi, Kenya Colony. "And," he continued, "as far as we are concerned that is

RETURNED HOME

Mr. and Mrs. J. J. Love returned home Thursday from Kerrville where they visited his nephew at the Veterans Hospital.

FROM ALTUS, OKLA.

Lt. and Mrs. Sherwood McNeely, Lanny, Doug and Ken of Altus, Okla., spent the weekend visiting in the home of her parents, Mr. and Mrs. C. L. Liddell.

true of the Rhodesian Federation and the Union of South Africa."

Calling for a strong, independent African government, he said otherwise a vacuum would be created where "another kind of tyranny" could enter, "worse than they ever suffered before."

Well, it happens that the British do not believe a "kind of tyranny" has ever been imposed on the Africans by the British. And the South African Union, an independent Republic and our staunch ally in war and peace, seems to think the Soapy one is meddling into the internal affairs of another country's business.

Running for office in Detroit is one thing. Making friends and practicing the sensitive art of diplomacy is quite another. As the President must now recognize, more care and caution should be exercised in selecting men to speak for the Administration in the world's councils. Foot-in-mouth disease, with which Soapy seems to be afflicted, can do this country irreparable harm. He should be either fired or called home and told to keep his big mouth shut.

Meeting To Further Organize Winters Civil Defense Unit Scheduled Friday

A meeting for the purpose of further organizing a Civil Defense unit in Winters will be held at the City Hall at 7:30 Friday evening, according to officials.

Tom Holland, minister of the Winters Church of Christ, and director of Civil Defense for Winters, said a complete organization plan will be gone over at the Friday night meeting. Different departments in the overall local unit will be organized and assigned duties in case of disaster, Holland said.

A workable Civil Defense unit in Winters is necessary, Holland pointed out, "in order to secure maximum physical and mental preparation in case of disaster or catastrophe, whether produced by natural elements or by an attack of an enemy." Further, he said, a functioning organization will be needed if there ever should be a "malfunction of our own protective weapons (such as aircraft crashes), which might result in fire, explosion or fall-out." Trained personnel or the lack of such trained personnel might mean the difference between total disaster and lives lost, and a fast recovery of the community in the event of any type of disaster, it was pointed out.

Under the local Civil Defense setup, which will operate by authority of an ordinance passed last year by the City Council, several different departments are contemplated, it was said. These departments

will include transportation, legal, training, public information and communications.

Operational under the organizational chart system will be a fire and rescue team, and an engineering team, which will include workers in utilities and public works. The fire department, already organized, will also undertake the responsibility of organizing a rescue team.

The service department will include police, health and emergency units, medical services, and emergency welfare. Holland said that these units will be organized at Friday night's meeting, and begin immediate training, to mold the entire Civil Defense organization into a functional team.

All persons who are interested in the organization of the Civil Defense unit in Winters are urged to attend the meeting. University of Missouri researchers have found that dairy cattle produce 14 percent more milk when red four or seven times daily than when fed only twice a day.

Almost half of all consumed on hot dogs to a leading manufacturer's condiment.

Your RIGHT TO VOTE MR. AND MRS. VOTER, do you feel that you should have an opportunity to vote on legalizing Parimutuel Horse Race Betting? A constitutional amendment (H.J.R. #4) is being considered whereby Texans will be given an opportunity to legalize horse race betting in Dallas, Tarrant, Harris, Galveston, Bexar, Midland, Hidalgo, Cameron and Webb Counties, subject to approval by LOCAL OPTION. H.J.R. #4 provides for distribution, ANNUALLY, among all counties that do not have race tracks, one-half of the STATE TAX REVENUE obtained from horse racing. Each county would receive approximately \$1.00 per capita population the first year. Counties where the tracks are located would receive 2% of parimutuel handle. The state's tax income from horse racing alone would run close to \$12,000,000 the very first year—possibly more—besides all the tourists would bring to Texas—which would amount to millions of dollars, plus a great ad valorem tax on race tracks, breeding farms and many valuable race horses. Please express your opinion by checking (X) the appropriate box. You do not have to sign your name unless you like, but we would prefer it. P O L L YES: I feel that the people should have an opportunity to vote on horse race parimutuel betting. NO: I am not in favor of letting the people vote on the subject. J. E. Forbus, Former Resident, Died Tuesday

J. E. Forbus, 83, of Carrizo Springs, former pioneer resident of Winters, suffered a fatal heart attack Tuesday afternoon at 5 o'clock at his home.

Mr. Forbus, a retired owner and operator of a wagon yard and service station-grocery store here, was born December 13, 1878, in Georgia. He moved to Texas in the 1890's settling in Falls County. He married Miss Emma L. Gardner in January 1900 at Marlin. He and his family moved to Runnels Coun-

ty in 1902 and to Winters in 1911 where he lived until moving to Carrizo Springs in 1960.

Funeral services were held Thursday at the funeral chapel in Carrizo Springs with burial there.

Survivors include his wife; two daughters, Mrs. Dewey Speer of Carrizo Springs, Mrs. Edwin Lamb of San Antonio; two sons, Owen Forbus of Corpus Christi and J. T. Forbus of Whitney; nine grandchildren and two great-grandchildren; three sisters and one brother.

I. N. Johnson, his brother-in-law, died in Winters Saturday night and was buried here Monday.

Week of Prayer Observed By Baptist WMU

A week of prayer for Home Missions was observed March 6-10 by members of the Woman's Missionary Union of the First Baptist Church meeting at the church each morning, except Wednesday, for a program and a season of prayer with the theme, "That They Might Be Saved."

Monday's program was presented by the Geraldine Lawton Circle with Mrs. Cora White, Mrs. W. W. King, Mrs. Royce Pope and Mrs. George Poe presenting phases of

the mission work in good will centers, rescue homes, and among the migrants. Mrs. W. S. Cooke, prayer chairman, introduced the program and read the prayer calendar.

On Tuesday Mrs. J. F. Priddy led the program and introduced members of the Irene Sanders Circle who represented people that had been helped by mission work, among them the deaf and underprivileged. Those on the program were Mrs. Clifton Davis, Mrs. Joe Irvin, Mrs. C. E. Whitmire and Mrs. J. F. Richie.

Wednesday night's prayer service was a dramatization of work among the minority and language groups entitled "The Same Lord Over All." Dr. Courts Redford, executive secretary of the Home

Mission Board, was represented by John Norman who introduced people whom he had met in his travels: Missionary to the French, Howard Worthington; Latin - American girl, Mrs. Dennis Poe; a Seminole Indian woman, Mrs. Ches Busher; Italian man, Ed Cheek; and a Chinese girl, Mrs. Royce Pope. They were presented in colorful costumes.

Babs Tatum and Beverly Sprinkle, junior girls, sang a duet accompanied by Mrs. Alvin Benson.

A panel discussion was presented on Thursday with Mrs. Alvin Benson, Mrs. T. I. Goodwin, Mrs. W. R. Kennedy and Mrs. J. O. Baker taking part. Mrs. Loyd Ro-

person led the program for the Dale Moore Circle. Mrs. Glenn Eager and Mrs. E. E. Dodson were hidden voices off-stage.

Work in Cuba, in mountain areas, in Alaska and in the San Blas Islands was discussed by this panel.

The week's observance of prayer will be concluded on Friday with the Helen Jean Parks Circle presenting the program under the direction of Mrs. Charles Hester. Those having parts on a panel discussion will be Mrs. Jack Pierce, Mrs. Dennis Poe, Mrs. Billy Ray Chapman, and Mrs. David Carroll. An average of 25 women attended each day's program.

"Sword and the Dragon"
 A motion picture of gigantic proportions, which includes seven wonders of the motion picture world never seen before, is the "Sword and the Dragon," which opens at the State Theatre Friday and Saturday.
 The super epic, produced in extreme wide screen, natural color and the latest and most exciting film process, Vitamouon, is being presented by Sig Shore and Joseph Harris and released by Valiant Films.
 The story is the result of three years of intense research by thirty teams of experts in all phases of

the life, customs, costumes and artifacts of the period. They found that the Ilya Muromets legends were spread over most of central and eastern Europe. The "Sword and the Dragon," is a compilation of the most popular of the legends. The picture incorporates the most outstanding elements of the Muromets legends—seven in number—which, when seen on the screen, fill the audience with wonder, excitement and suspense sometimes bordering on disbelief. These outstanding climaxes are billed as "The Seven Wonders of the Motion Picture World."

Elizabeth Taylor tells Laurence Harvey that she is aware that his wife is returning to town in a scene from "Butterfield 8," Metro-Goldwyn-Mayer film version of John O'Hara's dynamic novel. Eddie Fisher also stars in the ace cast, with Dina Merrill portraying Harvey's neglected wife. The Pandro S. Berman production, directed by Daniel Mann, is in CinemaScope and color.

postponed after its sponsor claim- ed it had been "amended to death." This bill, by Rep. Max Carraker of Roby, would set a uni- form utility tax rate of 1.997 per- cent and eliminate exemptions for rural areas and REA co-ops.
Fourth of Governor Daniel's de- ficit-canceling measures (besides the gas tax, franchise tax and abandoned property act) is a pro- posal to take the \$15,000,000 a year for farm-to-market road building from regular highway funds rather than the general revenue funds.

MAILMEN STAGGER
Supporters of legalized horse racing bargained for time as a- roused church people flooded the House members' desks with anti- racing letters.
Rep. V. E. Berry, sponsor, won by a narrow 79-to-70 vote a mo- tion to postpone action on the racing measure until March 21. Op- ponents pressed for action to "Kill it not."

Some members reported their secretaries were bogged down in answering "hundreds of letters" prompted by sermons and religious magazine articles against the proposal.
Berry's secretary is flooded with mail urging passage of Berry's resolution.
Actually the resolution (HJR-4) does not legalize horse-race bet- ting. It calls only for a poll of pub- lic sentiment on the subject of whether or not the voters would like to vote officially on the mat- ter at the next general election.
Then the topic would still be up for legislative debate.
Berry's argument is that the people have a right to express their opinions; and they can do so at the April 4 election at no cost to the state.

DRIVER INSURANCE DEBATED
Everyone wants to promote safe driving. Disagreements come only on whether the present merit rating auto insurance plan is a fair and effective means of achiev- ing that end.
In a background briefing for Austin newsmen, Sen. Grady Haz- lewood, opponent of the present plan, declared, "I'd like to see a plan that would really promote safe driving. . . but one that law-abiding, decent people can live with."
Referring to letters he had re- ceived, Hazlewood cited case af- ter case in which people declared they had received insurance premi- um penalties for relatively harm- less, minor violations or for in- cidents that were not their fault.
In the same briefing, former Sen. Johnny B. Rogers of Austin defended the plan as basically sound despite problems arising from uneven or unfair law en- forcement. "During the past year under the present plan," said Rogers, "Texas had the lowest num- ber of highway deaths since 1949." Number of deaths in proportion to the number of miles traveled was the lowest in history.
Rogers said there was no ob- jection to removing some of the more petty, inconsequential viola- tions from the penalty point list.

MILK IMPORTS CAUSE HASSLE
Two segments of the milk indus- try are joined in battle over the conditions under which milk from other states may be brought into Texas.
Milk producers are pushing a bill which would require that the Texas Health Department certify that any milk shipped into Texas meet standards for milk produced in Texas. This will prevent im- porting of substandard milk, say the producers.

I. N. Johnson Suffered Fatal Heart Attack Sat.

I. N. Johnson, 83, resident of Winters since 1946, died at 9:30 p. m. Saturday following a heart attack. He had spent the day fish- ing and was preparing to retire when he suffered the attack.
Born January 28, 1878, at Atlan- ta, Georgia, he came to Texas with his parents, the late Mr. and Mrs. John Johnson, when he was 13 years of age. They settled in Falls County and he was married

Milk distributors oppose the measure, saying that it would make it impossible for them to buy from anyone but Texas pro- ducers. They say required inspec- tion of out-of-state dairies would be impossible and impractical. Re- sult, they declare, would be a monopoly for Texas producers and higher prices to consumers.
Senate Public Health Committee approved the bill.

AERONAUTICS BOOST URGED
A bill to make more money available for aeronautics regula- tion won Senate State Affairs Com- mittee approval.
Sens. Ray Roberts of McKinney and Grady Hazlewood of Amarillo are sponsors of the bill to provide for allocation of some \$70,000 to \$140,000 from taxes paid for air- plane fuel.
Under the Roberts - Hazlewood plan, 35 percent would go to the Aeronautics Commission for op- erations, 40 percent to the Commis- sion for airport and landing strip improvements and 25 percent to the available school fund.

FIREMEN'S PENSIONS STUDIED
A plan to bolster the firemen's pension fund brought howls of protest from those asked to pick up the tab — municipal government and fire insurance companies.
It is under study in the House Revenue and Taxation Committee.
Rep. Franklin Spears of San Antonio is sponsor of the bill which would levy an extra 2.75 percent tax on fire insurance premi- ums, with three-fourths of the money raised to go to the fire- men's pension fund. Municipal governments also would be asked to up their allocations to the fund.
City officials said they didn't know where the money would come from. Insurance industry spokesmen declared it would be unfair to charge all insurance buy- ers—in the country as well as the city—to pay for city firemen's pensions.

to Mamie E. Gardner on Novem- ber 6, 1904. In 1907, he and his family moved to Howard County near Big Spring where he worked on an oil lease until 1919 when he moved to Ranger, where he con- tinued working for an oil company. He also followed the carpenter trade until he retired. Mr. and Mrs. Johnson moved to Winters in 1946.
Mr. Johnson was a member of the Methodist Church.
Funeral services were held Monday morning at 10 o'clock in Spill Memorial Chapel with the Rev. Ray Elliott, pastor of the First Methodist Church, officiat- ing. W. L. Johnson, elder of the Winters Church of Christ, assisted and burial was in the Lakeview Cemetery.

Survivors include his wife, one son, Gardner Johnson of Albany; three daughters, Mrs. C. E. Hor- ton of Andrews, Mrs. D. W. Ash and Mrs. R. Short, both of Crane; eleven grandchildren, fourteen great-grandchildren; two sisters, Mrs. R. Miles of Dublin and Mrs. Mattie Pretty of Clovis, N. M.

Home Town Talk—

(Continued from page 1)
improvement — more knowledge. All down through the years the seeking of more knowledge has grown so that each year sees more and more students leaving high school for higher institutions of learning. And it has not been entirely the result of a sudden, latter-day desire on the part of citizens to learn more—it is the evolutionary result of a nation on the grow. If this system of local problems solved by local people, and a steady advance in educational endeavors—if this is the wrong way, then the pattern on which it was built was wrong. If we have a second class educational system in this country, as some would have us believe, and if by following the pattern used down the decades has been wrong, then how in the cat hair can it be possible that this nation has become the nation that it is today, with the highest standards of living in the world—the leading nation in the world?

The ultimate educational goal may—to some—seem a far cry from a band festival in Sweetwater, a track meet in Hamlin, or the manner in which the kids conduct themselves, or even the deep dedication on the part of the teachers who guide these kids. But they are all a part of the whole. They are all a part of the American process of education—of continued growth, home controlled. We think we've got a pretty good system of education—what do you think?

And we'd like to congratulate all those kids—and their teachers.

The past few days of spring-like weather may be the cause for many people to come down with fishin' fever. One farmer was reported to have been seen coming out of a store with a plow point in one hand, and a fishing pole in the other. Now there was a man with a problem—a man with a decision to make.

Fishing stories are beginning to crop up, too. Tom Holland reports that he caught a 16-pound catfish out at the Old Winters Lake. We've heard about it several times. Not being much of a fisherman, we've always wondered how it would feel to pull out an 18-pound fish like that. Indeed, it must be a thrill to feel a tug at the end of the line, as Tom did, and pull in a 20-pounder. But the biggest thrill probably comes from showing off that 22-pound fish.

Congratulations on your 16-pound catfish, Tom.

Our farmer friend out on Bluff Creek has had it. Says it's been his habit—independent cuss that he is—at any election, to scratch all the names printed on the ballot and write in his own choice. In the upcoming April 4 election

Cancer Society To Organize In N. Runnels County

Through the efforts of a number of volunteer workers who are especially interested in doing what they can to facilitate research in ways of preventing, detecting and curing cancer, to acquaint the general public of the nature, and symptoms of cancer and to offer service to patients of cancer in our community, the American Cancer Society is going into action in North Runnels County.

The Chairman of the Service Committee is Mrs. Homer Hodge, Jr., the objective of their committee is to render a complete service program through the production and donation of dressings, provision of loan closet items, local transportation and visitations to every cancer patient residing in our community. Mrs. Hodge says, "I hope that we will be able to look to the community for the support we need to get this program efficiently executed for the welfare of those stricken with malignancies."

The Service Committee has an immediate need for old bedsheets or other soft cotton material, the man power to transform these into surgical dressings, information on various items for sick room equipment that would be given or be available for borrowing for cancer patients as the need arises. If you wish to help in any of these areas please contact Mrs. Hodge.

The Committee will work in close cooperation with the local Medical Society members.

To help save lives by bringing men, women, and children to their physicians at a time when cancer is most curable is the purpose of the Public Education Committee of the American Cancer Society. The Society has many films and pamphlets about the danger signals of cancer and these are free for your use. Mrs. J. W. Bahlman, who is chairman of the Public Education Committee, urges that each club or organization in Winters, make a special effort to have one of these films shown at a club meeting of yours in the very near future. If you would be interested in having one of these films, contact Mrs. Bahlman. The films range in length from 10 to 17 minutes. Of all Americans who die of cancer today, the deaths of one-fourth might be avoided if proper treatment were begun in time. To see these films is to prompt us to be aware of the danger signals of cancer.

for U. S. Senator, though, he says he'll have a hard time thinking of someone who's not already on the ballot.

Ellis Ueckert Heads Lutheran Church Campaign

The Campaign for \$400,000 being conducted by the Lutheran Churches of this Southern Area, to build two "Homes for the Retired," have selected Ellis Ueckert as the Sub-Area Chairman in this immediate neighborhood. Mr. Ueckert will be working through the Lutheran churches in Haskell, Sagerton, Stamford, Avoca, Snyder, Abilene, Winters, San Angelo, Miles, Roscoe, and Sweetwater. Meetings are now being arranged and promotional material is being distributed. It is hoped that this campaign effort can be successfully brought to a close by March 20th.

The funds thus secured are to be used to modernize and enlarge the existing Trinity Lutheran Home at Round Rock and to build a completely new Home at Shiner, Texas. These Homes, available to persons of any denomination, are to provide residential and nursing services for the retired.

Joe Yocham Won 13th In Houston Stock Show

Joe Yocham placed 13th in the Angus breeding heifer class at the Houston Stock Show last Thursday, with his registered Angus heifer which he won last year in the judging contest. There were 39 entries in this class.

LONE STAR AGRICULTURE

A prompt attack on the essential short range credit problem for farmers operating on a family-size scale was predicted not long ago by Texas Agriculture Commissioner John C. White after a visit with U. S. Secretary of Agriculture Orville L. Freeman in Washington.

This has not been confirmed by an announcement from Secretary Freeman that an additional \$35 million previously allocated, has now been made available for farm operating loans.

"To the extent that farm loan policies and available funds can prevent it," Secretary Freeman declared, "no qualified family farmer will be required to give up farming because of his inability to finance his 1961 operations."

The additional funds are being made available through the USDA's Farmers Home Administration, which has been instructed to review its regulations and to take every step within its authority to meet realistic farm credit needs.

The additional \$35 million came from a contingency fund set up by Congress for the 1961 fiscal year. Previously, \$197.1 million had been made available for this type of credit for the 1961 fiscal year. As of Feb. 10, approximately \$150 million of the \$97.1 million had been loaned and most of the remainder committed.

In announcing expanded measures being taken to meet credit needs, Secretary Freeman said that "we expect the extension of agricultural credit services can be carried out without additional personnel, and with no increase in administrative expenses. Additional loans will be made available to farmers, but this will not result in any actual increase in expenditures of the federal government since borrowers of the Farmers Home Administration have a superb record of repaying their loans.

"Over the past nine years the total real net income of farm families from farming has dropped approximately one-fourth; farm prices have dropped to around four-fifths of the parity level. It is the intention to reverse the downward trend in farm income and enable efficient family farmers to earn and get a parity of income. When the new farm program becomes effective, these efficient family type farmers will again be good commercial credit risks. It would be unthinkable to allow many efficient farm families to give up the struggle now because they are unable to obtain credit needed to finance 1961 operations."

JONES WITH FTD

Alton Jones, formerly of Winters, is now with the field service section of the Florist Telegraph Delivery, according to word received by friends here. He has been in New York at a flower show recently, and in Ohio and Kentucky. After Easter, he probably will have a territory in the Southern States.

Four western states—California, Arizona, New Mexico and Nevada—will produce more than 20 percent of the nation's cotton crop this year. The same states accounted for only 6 percent 20 years ago.

WTU and Editor Receive George Washington Medals

West Texas Utilities Company and Jimmie Martin, editor of the Electric Times, employee monthly publication, have been awarded the George Washington Honor Medals, along with 2 other Texans. Winners of the annual Freedoms Foundation awards were announced on February 22 from Valley Forge, Pennsylvania.

A total of 773 medals were awarded in 1961 to American citizens, organizations and schools who won prizes for things they said, did and wrote. WTU's two medals were awarded for editorials, feature articles and stories which appeared in the Electric Times during 1960, and were judged as being "an outstanding achievement in helping to bring about a better understanding of the American Way of Life."

Early last November a panel of judges began examining and judging several tons of material which had been submitted and was housed in four wings of the Valley Forge Army Hospital.

Guaranteed by Uncle Sam:

A retirement plan that will return \$1.93 for every \$1.00 you put in

Would you like to be sure that every dollar you put aside for retirement will pay you \$1.93 later on? It can be done, and here's an example:

Buy a \$100 Savings Bond (for \$75) each month for 17 years and 9 months. (This is exactly ten years longer than the official maturity period for Bonds, and means extra interest earnings.) At the end of that time, you can cash in a Bond every month for the next 17 years and 9 months, and each one of them will pay you \$145. This works out to \$1.93 for every \$1.00 you put in Bonds—and please note—the \$75 figure is only an example. You can put as little or as much as you like into this retirement plan. See the chart.

SOME ADVANTAGES YOU MIGHT THINK ABOUT

You can save automatically with the Payroll Savings Plan. Tell your company how much to set aside from your pay for Bonds. This way you won't forget to save and your savings will add up automatically.

You now get 3 3/4% interest, at maturity. This new rate, which went into effect June 1, 1959, makes your Bond money grow faster. Series E Bonds now mature 14 months earlier than

before—in just 7 years, 9 months. Bonds bought before June 1, 1959, earn more, too—an extra 1/4% from then to maturity.

You can get your money, with interest, any time you want it. Bonds are a ready reserve that you can cash any time at any bank. But it pays to keep them.

Your money is guaranteed by the U.S. Government. Bonds are an absolutely riskless investment. The Government promises you that the cash value of your Bond will not drop—it can only grow.

Your money can't be lost or stolen. The Treasury will replace your Bonds, free, if anything happens to them.

You save more than money. You help save the peace with every Bond you buy. Peace costs money—money for science, education, military strength. And the money you save helps keep our nation's economy strong.

Pick the amount you would like to receive each month for 17-3/4 years

	\$36.25	\$72.50	\$145.00	\$290.00	\$725.00
You save each month for 17 years, 9 months	18.75	37.50	75.00	150.00	375.00
At maturity, 7 years, 9 months from issue date, each bond will be worth	25.00	50.00	100.00	200.00	500.00
Hold each bond for another 10 years	36.25	72.50	145.00	290.00	725.00

Tables based on assumption that 3-3/4% rate will be in effect 17 years and 9 months from original purchase date of each Bond.
