

## Rural Development Program Is Underway In State

In line with Secretary of Agriculture Orvill L. Freeman's recent announcement that the Rural Areas Development program had reached the operational stage, the Texas Agricultural Extension Service has held orientation meetings on the program in east and northeast districts of the state.

It is in this section of Texas, said Frank Sheppard, extension resource development specialist, that most of the announced eligible counties are located. He pointed out that some 40 of these counties were listed because they had either been participating since 1956 in the rural development program or had indicated a desire to do so. Other counties were added to the state list on the basis of farm income figures. He said other counties may be added to the eligible list and some of those

now on the list may not be able to qualify for federal grants and loans under the program.

Sheppard said the new program as outlined under Public Law 87-27 is not a give-away deal and that it was hoped that local and private funds would be used extensively to supplement any loans or grants.

He emphasized that the program is strictly volunteer and that participation is up to local leaders and interest. It is, he said, the responsibility of the State Agricultural Extension Services to provide the organizational and educational leadership in setting up development committees to handle the program from the local to the state level. Also to provide educational assistance to local leaders and private groups with regards to total economic development programs within counties or areas.

Much progress, he concluded, has been made under the rural development program and projects now ready for operation may be able to qualify for loans or grants.

MRS. JERRY DON STRICKLAND

## Nancy Roberts and Jerry Strickland Wed In Candlelight Ceremony Saturday

In an early evening candlelight ceremony Nancy Marilyneve Roberts, and Jerry Don Strickland of Pampa repeated wedding vows Saturday, August 5, at 6 o'clock in the Winters Church of Christ.

Mr. and Mrs. Wayne Roberts of Winters are parents of the bride and Mr. and Mrs. S. C. Strickland of Pampa, former residents of Winters, are parents of the bridegroom.

Paul Watson officiated for the double ring ceremony before an altar decorated with candelabras entwined with greenery and white feathered carnations flanked with baskets of white gladiolus and greenery. White ribbon marked the family pews.

Ushers and candlelighters were David Burton and Vernon Smith, both of Winters. Greg Roberts served as page and Douglas Roberts, ring bearer, both of Odessa and nephews of the bride.

Johnny Pope of Austin served as best man and groomsmen were Gary Dolgener of Lake Jackson, Doyle Buchanan of Bradshaw, Jimmy Hoppe of Lubbock and Weldon Hogan of Winters.

Miss Susan Roberts was her sister's maid of honor and bridesmaids were Miss Carol Smith, Miss Nona Davidson, both of Winters, Mrs. A. Wayne Roberts of Odessa and Mrs. Jimmy Roberts of Abilene.

The maid of honor wore an ice blue silk organza dress over taffeta styled with a fitted bodice, bouffant skirt and matching cummerbund. Her headdress was of ice blue tulle and she carried a colonial bouquet of white flowers and wore white gloves. Bridesmaids wore rainbow colored dress-

es of silk organza over taffeta and matching headdresses. They wore white gloves and carried colonial bouquets.

Given in marriage by her father, the bride's gown was a ballerina length creation of lace over taffeta with a three tiered bouffant skirt with scalloped edging. The portrait neckline was formed with scallops of lace and the long sleeves extended to a point at the wrist. The basque bodice extended to points at the waistline and fastened in the back with tiny covered satin buttons. Her fingertip veil of illusion fell from a tiara of seed pearls and crystals fashioned with the same scalloped design.

Following the ceremony, the bride's parents hosted a reception at Pierce's dining room. The bride's table, laid with net over taffeta, was centered with an arrangement of white gladiolus and stock. Mrs. Jack Underwood of Odessa served a divided three-tiered wedding cake decorated with white, topped with a miniature bride and groom with a

background of heart shaped net. The cake, on a reflector, was surrounded with rainbow colored net puffs and satin flowers. Table appointments were crystal. Mrs. Paul Tharp, Miss Edna Mayfield and Miss Janet Underwood alternated in ladeling punch. Mrs. Clarence Young of Abilene presided at the register.

For a wedding trip to Amarillo and Palo Duro Canyon, the bride wore a yellow and white plaid Moygashel linen suit with white blouse and accessories and a gardenia corsage from the bride's bouquet.

The bride, a graduate of Winters High School, attended Abilene Christian College and is a sophomore at North Texas State University. The bridegroom, also a graduate of Winters High School, is a senior at North Texas State University. During the summer he is employed with Webco Construction Company in Pampa where the couple will reside at 1805 North Dwight.

## Elizabeth Mitchell Is Honoree At Pre-Nuptial Party

The honoree's chosen colors of pink and white accented table decor when Miss Elizabeth Mitchell, bride-elect of Garner Young, was complimented with a luncheon on Thursday.

Mrs. Vivian Colburn, Mrs. Floyd Sims, Mrs. Truett Billups, Mrs. Raymon Lloyd, and Mrs. E. Y. Buckner were hostesses in the Colburn home.

A salad luncheon was served to guests seated at two round tables laid in white linen and centered with arrangements of pink queen's wreath and roses.

Guests besides the honoree included her mother and sister, Mrs. A. L. Mitchell and Marilyn; Mrs. Fred Young, mother of the prospective groom; Mrs. Roy Young and Miss Sylvia Young of Dallas; Mrs. Billy Joe Colburn; Mrs. Weldon Middleton; Mrs. Gattis Neely; Mrs. Clarence Ledbetter; and Mrs. Ray Elliott.

Miss Mitchell's corsage was pink carnations.

A hostess gift of silver was presented to the honoree.

Many tourists each year visit the Sabine Bank Lighthouse.

This guidepost for the ships at sea is still in use today. It lies 16 miles out in the Gulf of Mexico from Sabine Pass on Texas' eastern Gulf Coast.

This old lighthouse isn't a "one and only" but it still has distinction in the "only one" class. This because there is only one other lighthouse located in open water in the United States.

## Farm Production Of Beef Alternate Source Of Income

Crop restrictions are forcing some farmers to consider other means of making money from the farm. One possibility is the raising of beef calves, says U. D. Thompson, extension animal husbandman. They offer a way to increase the value of farm produced roughage and grain.

How would such a system operate? Here is one possibility. Calves which are either bought or raised by you would weigh about 400 pounds this fall, and they would be weaned and ready for grazing. They could be grazed on permanent pasture, cotton fields after harvest, sorghum field stubble or any other crop residue. These sources of roughage are considered good feed if they are supplemented with cottonseed meal or cake, says Thompson.

If none of these feeds are available, then silage or hay crops need a supply of silage or hay if you plan to full feed the calves. The idea is to provide all the grazing possible from crops like oats, wheat or winter legumes during the fall and winter.

As long as there is sufficient green grazing there is no need for any additional feed. But on days when the cattle can't graze, they should be fed a roughage and

about 1-2 pound of a protein supplement. It is tant to keep the calves at least one pound daily during the grazing period.

After spring grazing, calves may either be put on pasture or drylot. This depends largely on the weather. If it has been wet, summering works well. On the other hand, if it has been dry, drylot would be better. If the summer grazed, then the calves should be put out in the drylot when the weather is dry. The gain put on feeding in the drylot will be expensive than the gain but when you sell the calves of the drylot you get a price for the grass gain for the feedlot gain.

The main thing is keeping simple, says Thompson. Keep the calves on permanent pasture, a good roughage, properly fed, good fattening job. Ask your county agent for a copy of System of Farm Steer Raising.

I enjoy a quiet trip on rare days when, in spite of rain, I carry an umbrella.

CARD OF THANKS

Kei Bedford Hosted Barbecue For Firemen

Kei Bedford, junior sponsor of Winters Volunteer Fire Department, was hostess for a barbecue for the department Tuesday night, August 1, in the back yard of her parents' home. Barbecue chicken

and all the trimmings were served to the guests. Special guests were Jimmy Vaughan, boy junior sponsor, Leodonna Dodd, sweetheart and Sid Ley of Van Wert, Ohio. We discern perfection in things, but seldom in people.

I wish to thank everyone who helped during my illness and while I was in the hospital. A special thanks to those who gave blood, sent flowers, cards and made visits. The thoughts and kindnesses shown by everyone were appreciated greatly. My wife joins me in this thanks. R. D. Collins.

**Letters To The Editor**

**T. A. Smith Talks About Light Plant**

To The Citizens of Winters: More people are becoming interested each day in asking questions about the City's Light Plant. It is a good sign that they are, since we firmly believe every citizen should take it upon himself to become informed.

It would not be possible to answer all questions in one letter so we will try to take them as we can get to them.

1. Would the City's plant be able to handle all the electric load of the town if the W. T. U. Co. should quit operating in Winters?

YES. The fact of the matter is the W. T. U. Co. has no intention of pulling out of Winters.

Let's suppose, for the sake of argument, the W. T. U. should ask permission of the City Council to be released of their franchise contract, and the Council agreed. The W. T. U., operating as a public necessity would be obligated to serve you until the City's line could be extended to you. A Railroad operating as a public carrier cannot change its passenger or mail services without giving sufficient notice of such changes.

2. Is the City's equipment wearing out? The City's auditors have taken into account the wear on the City's system and set up depreciation reserves. The audit also reflects sums of money being used each year as maintenance on lines and plant. The plant and lines are being kept up in good shape at all times.

In last week's letter we quoted from the City's audit showing that of each dollar you paid the City plant for electricity last year cents went into profit to the plant.

Of each dollar 45 1-2 cents went through local merchants pockets as business volume.

A part of the profits from your plant can eventually be applied to a reduction of taxes. The present plant debt will be paid off in 14 more installments, and you will be surprised how short a time that will be.

The City of Hearne, Texas, a town of 5072 people owns the only light, water and sewer plants in their town. Last year their Utilities funds contributed \$84,500 to the tax supported departments of the town, thereby relieving the tax payers of that much of their tax burden.

The taxes collected in Hearne last year from its 5072 people amounted to only \$28,686 or \$5.65 per person. Our tax program, as recommended by our Mayor for this year proposes to collect \$85,141 from our 3233 people, or \$26.33 per person.

The above difference in taxes is not due entirely to the utilities funds contribution but in part to the efficient manner in which their City's administrative expenses were handled.

The City of Hearne operated their City Hall last year for \$14,093 or \$2.77 per citizen. Our Mayor proposes to spend this year, for the operation of our City Hall, \$25,929 or \$8.02 per citizen.

We sincerely challenge our Mayor and Alderman-to-be, before they make too many political commitments, to visit such towns as Hearne and many others who own their own utilities. There are many things to be learned if you dig into it with the desire to be of real service to the people of your home town.

Let's guard that money well because it is coming from the pockets of tax payers, many of whom have a hard time digging it up.

T. A. Smith and Others

**Mrs. J. M. Hickson And Brother Died Saturday, Aug. 5**

Funeral services for Mrs. J. M. Hickson, resident of Runnels County all her life, were held Sunday afternoon at 3 o'clock at the First Methodist Church with the pastor, the Rev. Ray Elliott, officiating. Interment was in the Crews cemetery.

Mrs. Hickson, 77, passed away at her home here at 4:45 Saturday afternoon following an illness of three years. She had been critically ill for the past ten days. Her brother, Arthur E. Wilkerson of Fort Worth passed away on the same day following a heart attack at 12:40 Saturday afternoon enroute to a hospital.

Mrs. Hickson was born Mertie Estelle Wilkerson, September 5, 1883, daughter of the late Noah and Dorintha Wilkerson of the Crews Community. She was married to James Monroe Hickson at Crews December 5, 1900. Mr. Hickson died in October, 1960.

She had lived in Crews until 1921, when the couple moved 5 miles northeast of Winters and in 1931, they moved to their present home, 301 East Wood in Winters. Mrs. Hickson was a member of the First Methodist Church.

Surviving are one son, Doyle Hickson of Las Vegas, Nevada; two daughters, Mrs. Elois Hamilton and Miss Floy Hickson, both of Winters; 9 grandchildren and 11 great grandchildren; two sisters, Mrs. W. P. Gardner of Winters and Mrs. J. A. Iden of Big Spring.

Other survivors are four brothers, Lloyd Wilkerson, Rev. Chester Wilkerson and Leonard Wilkerson, all of Winters and Dewey Wilkerson of Abilene.

Casketbearers were Dr. J. Dexter Eoff of Ballinger; H. E. White, V. A. White, Arthur Bates, Reuben Gehrels, Raymond Phillips, Fred Young and Mord Tucker, all of Winters.

Arthur E. Wilkerson, 79, was born at Talpa, Texas on October 18, 1881. He moved with his parents near Crews when a small boy where he lived until his marriage to Loreta Montgomery at Crews in 1902. Following his marriage he moved to Crews where he operated a grocery store and post office.

In 1910 the family moved to Fort Stockton and in 1922 he moved to Fort Worth and operated a grocery store until his retirement a few years ago.

Surviving are two sons, Lyle and Arthur D., both of Fort Worth; two daughters, Loreta and Juanita, both of Fort Worth; five grandchildren; two sisters, Mrs. W. P. Gardner of Winters; Mrs. J. A. Iden of Big Spring; four brothers, Lloyd, Rev. Chester and Leonard Wilkerson, all of Winters and Dewey Wilkerson of Abilene.

Funeral services were held at the funeral home in Fort Worth at 2 p.m. Monday with the Rev. Maggart D. Howell, Methodist pastor, officiating. Burial was in a cemetery in Fort Worth.

A small town is usually divided by a railway, a main street, two churches and lots of opinions. — Vancouver (B. C.) Province.

**WINGATE**

Visitors over the week end in the Rass Grisham home were Mr. and Mrs. Garland Brown of Lovington, New Mexico. Mrs. Brown is the former Maurine Grisham. Another daughter, Totsy, visited them Saturday.

With Mrs. Lola Dean were most of her family and they were here for the homecoming. Those present were Mr. and Mrs. Wesley Dean, Shep; Mr. and Mrs. R. B. Dean, Lubbock; Mr. and Mrs. A. J. Dean, Mr. and Mrs. Truman Bodine, Colorado City.

Mrs. Lula Hennabill was a visitor here over the week end.

Mr. and Mrs. Arley Ray Wheat, Larry and Debby spent the week-end here, attending the homecoming. Also here were the W. F. Matthews and L. C. Brileys.

The Dean Holders of Abilene, Sandy Holders of Fluvanna and Red Huckabys of Abilene visited the W. T. Holders.

Mr. and Mrs. Max Shivers visited Dixie and the Ed Deans.

Mr. and Mrs. Bogue Forehand of Fluvanna also attended the homecoming.

Johnny Cathey, son of Mr. and Mrs. George Cathey, was hit by a car when he started across the highway. He was rushed to Winters Hospital and was treated and released the next day. He didn't have a serious injury.

Bob Smith is visiting his sister, Mrs. Myrtle Allen.

Mr. John Green is on the sick list.

Cub Scouts and their parents were at camp over the week end, according to Cubmaster Barney Sheppard. Those attending were Loyd (Boo) Byrd and Van, Fred Cromley and Mike, Frank Antille, Gary and Tommy and Barney Sheppard and Maxey.

The Church of Christ meeting is in progress with Bill Gipson doing the preaching.

Mr. and Mrs. Winfred Cathey of Monahans were here for the homecoming.

There were about 500 who attended the homecoming. Francis Reese from Bakersfield, California traveled the farthest.

**Literary and Service Club Had Called Meeting Recently**

Mrs. Jerry English presided for a called meeting of the Literary and Service Club held recently in the home of Mrs. Loyd Robertson.

The budget and projects for the coming year were read and discussed. The main project of the year was discussed and date set for the show will be September 11, at 8:00 p.m. at the High School auditorium.

The president named committees for the style show and the resignation of Mrs. Charles Kruse was accepted. Two new members elected to membership were Mrs. Sue Buxkemper and Mrs. Jeanie Minzenmayer.

Refreshments were served to Mesdames Claude Tatum, Sallie Gray, W. D. Sanders, J. W. Bahlman, Floyd Sims, Jerry English, George Kosson and Loyd Robertson.

### CAPITOL HIGHLIGHTS

## Baby's Diapers, Bathing Suits Are in Hot Discussion In Sales Tax Fight

**BY VERN SANFORD**  
Press Association

The sound and fury of the Legislature, Texas, in the idea of far-reaching taxes—could be heard from the bottom of the Capitol building as baby's di-

apers and bathing suits were the subject of many discussions. Legislative chambers in the Capitol corridors, was the scene of "outer wearing apparatus" exempt from sales taxes. The simple enough at first proposal was to exempt items costing less than \$10.

**BOOTS**

the intention being to exempt work clothes. But many a question popped up when the tax writers went into details and spelled out that this exemption would not include accessories like "cuff links, belts, ties, scarves, billfolds, hand bags, canes, unattached buttons, ornamental jewelry of any type, bathing suits, sleeping garments, bathrobes, lingerie, negligees and lounging pajamas."

Clearly, baby's diapers are outer wearing apparel. But, do they remain in that status when covered with rubber or plastic pants? Nobody could readily answer the question. That was something to be decided later.

And what about bathing suits? These certainly are not undergarments—except, of course, when worn under street clothes. And who ever wears anything "outer" than a bathrobe?

Then there was the more serious talk about the definition of work clothes. The exemption was confined to those made of cotton, twill, poplin, denim, and chambray. Suppose, somebody questioned, a man ran across a pair of blue denims with nylon knees? And why, a white collar worker asked, shouldn't his wool trousers be exempt, too, since he works in them?

Senator Wardlow Lane of Center quipped, "I'm personally not for any kind of tax . . . just like I'm not for pneumonia, death or anything else bad . . ."

**ATTORNEY GENERAL RULES**  
An Attorney General's opinion holds that the state's admission tax does not apply to tickets to baseball, football and basketball games, but is applicable to horse races, dog races, motorcycle races, auto races, dance halls, night clubs, skating rinks, "and any and all like places of amusements, contests, and exhibitions."

State Comptroller Robert S. Calvert, who asked for the ruling, was advised that horse races are subject to the tax because they are specifically mentioned in the tax law, while baseball, football and basketball games are not.

**REFERENDUM ON HORSE RACE BETTING SOUGHT**  
Rep. V. E. (Red) Berry of San Antonio, who got nowhere with his bill to legalize horse race gambling in Texas and another calling for a statewide referendum on the question, doesn't plan to give up.

Representative Berry said petitions are being circulated by members of the Texas Thoroughbred Breeders Association asking support of a Democratic party referendum from 10 per cent of the qualified voters in Texas. He estimated 155,000 signatures will be necessary to cause the State Democratic Executive Committee to submit the proposition to the voters in the first Democratic primary election next May.

The petition, he said, calls for submission of a constitutional

amendment to the electorate. **HISTORIC DOCUMENT ON WATER PROBLEM**

"If Texans cannot change the weather, they can at least, through sound, farsighted planning, conserve and develop water resources to supply their needs."

So said the State Board of Water Engineers as it turned in to Gov. Price Daniel the state's first comprehensive, projected plan for meeting the industrial, municipal and other water needs in 1980.

Governor Daniel termed the 200-page document, which envisions the construction of 45 new reservoirs over the state, "one of the great things in the life of our state."

The board made the observation that the people of Texas have not yet been "aroused to the dire consequences of inaction or the consequences of building projects which at best provide for only small increases in water needs . . . in relation to long term future needs in many areas, water is the least abundant of Texas' important natural resources; certainly it is the most indispensable."

The board said that through proper development, Texas has adequate water to meet its municipal and industrial needs in 1980 and sustain agriculture and other uses. A significant statement in the report was to the effect that such a program as outlined "appears to be within the financial capability of the state and local interests, with federal participation in projects containing flood control."

In short, the so-called "Master Plan" for development of the State's water resources is at least an outline of what can be done, and might be done, to meet one of the state's most crucial problems.

**ATTACK ON "SOFTNESS" LAUNCHED**

Physical education teachers from over the state at a meeting in Austin have come up with a plan to turn talk into action and do something about physical fitness in the schools.

The plan includes 15 minutes of strenuous body exercise in physical education periods; teaching the right way to walk, sit, climb, pull, push and all the other ways the body obeys the laws of physics; teaching games and sports people can use throughout their life including tennis, golf and swimming and other popular sports; teaching the history of games; fitting activities such as folk dancing into social studies; emphasizing sportsmanship as part of social behavior; accomplishing social control through release of tension in athletics; and promoting a favorable attitude toward physical activity both as children and as adults.

**BUS RATES GO UP**

Bus travel in Texas is costing the operators more and so it will be costing the passengers more. No one objected at a hearing which resulted in a general hike of five per cent in bus fare rates approved by the State Railroad Commission.

Operators testified expenses increased 8.9 per cent in 1960 over 1959, against a revenue increase of only 4.6 per cent. The last time bus fares were increased was in 1958.

The increases will be in effect no later than September 1. There were some exceptions to the general five per cent increase, such as an approved boost of 10 per cent for Texas bus lines operating between Galveston-Beaumont and Port Arthur-High Island, and a 10 per cent increase for Texas Electric Bus Lines.

**GOVERNOR FOR A DAY**

One of the nicer traditions in Texas politics is that which permits the man who is third in line to the Governorship officially to take over the reins of state government for a day.

By custom, the Governor and Lieutenant Governor absent themselves from the state for a 24-hour period so that the Senator who has been elected by his col-

leagues as President Pro Tempore of the Senate can step into the Governor's chair.

The honor went to easy-going, well-liked Senator Preston Smith of Lubbock last week. He signed proclamations, as Acting Governor, got in little plugs for his area of the state, and was feted at a banquet which rounded out the festivities in the evening last Friday.

**SHORT SNORTS**

Moonshining still goes on . . . The Texas Liquor Control Board reports seven illicit stills were taken by inspectors during the month of June with a capacity of 710 gallons. Inspectors seized 590 gallons of mash and made nine arrests. The stills were located in Lamar, Bowie, Marion and San Jacinto

Counties.

Texas Business Review reports retail sales in Texas for the first six months of 1961 increased steadily, but still fell behind the first half of 1960. One reason—consumers using current income to catch up on old debts.

Construction industry reached near record levels with substantial increases over 1960, according to the University of Texas Bureau of Business Research. Authorized construction this year so far is less than one per cent below the record reached in 1959.

**VISITED DAUGHTER**

Mrs. Lee Blackwell of San Angelo visited Thursday in the home of her daughter, Mrs. Carl Green and Mr. Green at Wingate.

**ON VACATION**

Mrs. Ellen Reid and her granddaughter, Margaret Ellen Stoecker left Sunday for a vacation in Dallas, Tyler, Paris and other points in East Texas and Oklahoma.

We help others when we go ahead; that's why we should always take a constructive view of things.

**FOOT TROUBLE?**

## FHA Title I Loans

The Winters State Bank is now qualified to make FHA Title I loans in this area. It is their intention to be as conservative with these advances as they are with all other loans, yet they are in position to consider advances under this title on what may seem a liberal basis.

This is just another addition to the services this bank is in position to render the banking public of this county and area.

The usual procedure is through contact with a lumber yard for the purpose of having the requirements met and the obligation delivered to them for completion of the whole transaction.

**Melinda Ann Baldwin Honored On Third Birthday Saturday**

Mrs. B. E. Baldwin hosted a party at her home Monday honoring her little daughter, Melinda Ann, on the occasion of her third birthday anniversary.

The party was held in the backyard of the Baldwin home and out-door games were enjoyed by the children.

The birthday cake, a white confection, was embossed in pink "Happy Birthday" and decorated with three yellow cowgirl candles.

Refreshments were ice cream cone cake topped with one candle on each with Kool-Aid drinks. Party favors were whistles and soap

bubble sets.

After Melinda opened the gifts the children played games. Those present were Tye and Tracey Workman, Randy Awalt, Lisa and Laurie Robinson, Susan Bryan, Greg Black, Sallie Lane, Stephanie and Stephen Bales, Tawyna Smith, Donald and Deanne Woods, Teresa Emmert.

The mothers present were Mrs. Deward Awalt, Mrs. Jimmy Black and Mrs. Don Bales.

**IN HANTSCH HOME**

Among those visiting in the T. F. Hantsche home Sunday were Mr. and Mrs. Erwin Voss of San Angelo; Chubby Ehlers of Wilson; Betty Wessels of Midland; and Julius Herring of Abilene.

**Bride-Elect of Billy Jacob Introduced At Tea Sunday**

Miss Darlene Lemons of Fluvanna, bride-elect of Billy Jacob, was complimented at a tea Sunday afternoon hosted by Mr. and Mrs. Lawrence Jacob, parents of the prospective groom. The party was given in the educational building of the St. John's Lutheran Church.

Red gladioli in attractive arrangements gave floral beauty to the rooms. Mrs. Dick Dunlap, sister of Billy Jacob, presided at the register and Mrs. R. C. Simpson laded punch. Coffee was poured from a silver service by Mrs. A. C. Ernst.

The tea table, laid with white net over white was centered with a lovely arrangement of pink carnations with a steamer attached bearing the announcement "Darlene and Billy, August 26, 1961."

Approximately forty attended to meet Miss Lemons, her parents Mr. and Mrs. Hurston Lemons and her brother, Buster Lemons.

The Lemons family returned to their home in Fluvanna after a visit in the home of Mr. and Mrs. Lawrence Jacob.

**RETURNED HOME**

Mrs. R. H. Holland and daughter, Stephanie, of Hobbs, New Mexico returned home Tuesday after several days visit with her sister, Mrs. Raymond Henslee.

**B. F. Haynes Honored With Barbecue Supper**

Mr. and Mrs. Travis Jordan hosted a barbecue supper on the lawn of their home Wednesday, August 9, honoring her father, B. F. Haynes on his 90th birthday.

Those present were Mr. and Mrs. Melvin Mapes, Mrs. E. H. Brown, Mr. and Mrs. Loyd Roberson and Mr. Roberson's mother, Mr. and Mrs. W. C. Workman, Mr. and Mrs. Floyd Wood, Mr. and Mrs. Carl Wessels, Mrs. A. B. Holliday, Mrs. Eva Kelly, Mr. John Hardy, Mr. Joe Baker, Mr. and Mrs. B. F. Haynes and Mr. and Mrs. Travis Jordan, all

of Winters.

Also present were Mr. and Mrs. Howard Naegele, Mike and Beth, Albany, Georgia; Mrs. A. B. Badgett and granddaughter of Hobbs, New Mexico.

**VISITED IN GEORGIA**

Mr. and Mrs. Earl Dorsett have returned from a 10 day vacation in Albany, Georgia as guests in the home of their son, Mr. and Mrs. Wendell Dorsett. Among the places of interest they visited a weekend in Savannah, Georgia and a trip to Jekyll Island, a resort area on the Atlantic Coast.

## Roger Babson Says

### Teen-Age Segment of Population Has Far-Reaching Effects On Business

Babson Park, Mass. Most people have not been giving enough serious thought to the relationship of teen-agers to business. Too often teen-agers are looked upon as a nuisance, and many of us sort of hold our breath waiting until they grow up and have learned to take care of themselves. A study of population statistics shows, however, that we have been wrong in taking this attitude.

**What Population Figures Show**  
 I have divided the census figures into three groups.—first, the "teen-age" group, between 15 and 24; second, the productive group, between 25 and 55; and third, the older-age group. To my surprise I find that the teen-age group has increased 50 percent since the previous census. The older-age group has increased 25 percent.

**However, those between the ages of 25 and 55, who are earning money by producing goods and services, have just about held their own.**

The bulge in the teen-age segment has far-reaching effects upon business. Also, more teen-agers today are seeking higher education after graduation from high school than ever before. For young people in this age group, any income earned is likely to be small; but their needs are enormous. Hence, the longer period spent in classrooms places a heavier burden upon parents who are footing the bills.

**What Teen-Agers Are Buying**  
 What teen-agers are buying the most is food. Teen-agers are the profit makers for supermarkets. They buy more goods, get their parents to buy more, and they

buy things which are attractively and conveniently pre-packaged and precooked. In short, they are highly susceptible to "impulse buying," and very responsive to the forces of advertising, fashions, and fads. The fast pace of youthful life, together with the generous allowances which parents today give to their children, are proving to be a boon to "snack" shops, ice cream parlors and confectionery stores.

Next to food, I would say that clothing lines are profiting most from the teen-age group. Young people like to dress up and look attractive. They spend considerable money on clothing, at least until they get married. Therefore, the department stores and chain stores which handles inexpensive lines of clothing are profiting. It follows that beauty parlors, barber shops, and manufacturers and distributors of cosmetics also derive a big chunk of business from this segment of the population. Doctors and dentists, firms engaged in medical and dental supplies, and drug stores also are profiting from the desire of teenagers to look and feel well.

**Teen-Agers Help Other Industries**  
 In studying my grandchildren, I would judge that telephone companies also benefit greatly. When I was young, few households had a telephone, and those that did used it largely for emergencies. Today, teen-agers think nothing of calling a friend some distance away on a rainy day for want of something to do. In fact, I am told that the principal users are the teen-agers.

Since the newly aroused interest in science education, school committees are spending more money on textbooks and equipment. This also applies to school buildings and, unfortunately, to competitive school athletic tournaments. Certainly, the large universities have made a great error in building huge stadiums which put competitive athletics ahead of studies.

**Effect Upon Investments**  
 As my column is read mostly by small investors, they should try to use their savings to the best advantage by considering the above facts in connection with their investments. The economy should experience continued husky demand from teenagers for several years more.

However, some industries are not faring so well at the hands of teen-agers. For example young investors just entering the market regard railroad securities as "out-of-date." A railroad president attributes the railroad and bus passenger service deficits to the fact that "teen-agers insist on going everywhere by automobile."

**SPEEDERS' CHEATER**—A North Tonawanda, N.Y., firm has developed an early warning device for motorists. The gadget warns of police radar speed traps on the road ahead.

**HIS WORST ENEMY**—This pugnacious peacock at the Memphis, Tenn., Zoo unleashes his fury on his own image in a mirror. The proud, jealous bird clawed and pecked in vain.

## Vote On 1961 Wheat Quotas Scheduled For August 24

Wheat producers will determine whether or not wheat marketing quotas will be in effect on the 1961 wheat crop on August 24.

"The decision farmers make is extremely important to them and to the rest of the nation not only for 1962 but also for many years to come," said Secretary of Agriculture Orville L. Freeman when he announced the referendum date. "The program available with quotas in effect would be far different from that which could be operated without quotas," he added.

If two-thirds of the referendum voters favor quotas, cooperators will be eligible for full 1962 wheat price support. Although the level of support has not definitely been determined, it will be higher than the present level of \$1.79 per bushel if proposed legislation now before Congress becomes law. At a recent press conference, Secretary Freeman said that the national average support for wheat would likely be in the neighborhood of \$2.00 per bushel.

If farmers decide in the referendum against quotas, there will be no limit on marketings, price support would be at 50 percent of parity (wheat parity is now \$2.37 per bushel) and would be available to those farmers who plant within their acreage allotments.

On May 12, Secretary Freeman proclaimed marketing quotas and a national acreage allotment of 55 million acres for the 1962 wheat crop on the basis of estimated supplies and utilization of wheat. At that time he deferred setting the date for the referendum pending action to provide an improved wheat program for next year's crop.

"Though action has not been completed on a new program," the Secretary explained, "it seems desirable to now set a date for the referendum on 1962 marketing quotas in order that all producers may be appraised of the voting time. Under legislation now being considered, stocks of wheat would probably be reduced by 100 million bushels rather than increased by that amount if changes are not made. This would result in savings to the Government on this one crop of \$50 million in the

### Texas Molehills

Texans often are accused of making mountains out of molehills. But, you have to admit, we have some pretty big molehills in Texas.

We have 15 mountain-molehills that rise over 7,000 feet above sea level. All of these are in our highly tourist western tip of Texas.

Our tallest molehill is Guadalupe Peak. It is 8,751 feet high and is located near the New Mexico border in Culbertson County.

Our Texas mountain-molehills once served as guideposts for early travelers — somewhat like a landlubber's lighthouse.

first crop year, and in the period before new stocks could be disposed of at present rates the savings on this one crop would amount to \$258 million."

## September Wedding Date Set For Martha Lloyd and Cullen F. Johnson

Mr. and Mrs. Raymon W. Lloyd announce the engagement of their daughter, Martha Louise, to Mr. Cullen Frank Johnson of Mr. and Mrs. Cullen Frank Johnson of Brownwood.

The wedding will take place September 30 at the Christ in Winters.

Miss Lloyd is a graduate of Winters High School and Abilene Christian College where she was vice president of Theta, women's social club, member of Kitten Klub and Education Association.

Mr. Johnson graduated from Brownwood High School, 1961 graduate of ACC. At ACC, he was president of the Association, president of Galaxy, men's social club, Alpha Chi and "A" Club Chapter of Blue, national honoraries, and was listed in Who's Who in American Colleges and Universities. He is presently employed by Southwestern Bell Company in Dallas.

### RETURNED TO HOUSTON

Mrs. Pauline Rogers and children, Kathy and Mike returned Monday to their home in Houston after several days visit in the home of her parents, Mr. and Mrs. John F. Brown and other relatives here.

### COUPLE ADOPTS

Mr. and Mrs. Bobbly adopted a baby boy, Brett, born June 24, 1961. Mr. and Mrs. Carl Green of Wingate, Okla. grandparents are Grady Dunnam.

The Eldon Bagwells and the Adron Hales attended the Bagwell and Hale reunion Sunday at the Ballinger Park.

The formal opening of the Parker Beauty Shop will be this Thursday, Friday and Saturday. The shop is located one mile north of town on the Abilene highway and Mrs. John Parker is the operator.

**Babes of Wild Picked Up At Your Own Risk**

Despite warnings to refrain from picking up young of the wild, the practice persists in many areas, according to J. B. Phillips, assistant director of law enforcement of the Game and Fish Commission.

"Wardens all over the state have been notified to make arrests where violations are reported," he says. "Too many people are inclined to pick up baby animals, especially fawn deer. These animals have much better chance of survival in their native woods than they do in the city, even when bottle fed."

## WASHINGTON NEWSLETTER

### CIO Releases Its "Blacklist"; Cong. Fisher Included

By Congressman O. C. Fisher

CIO's COPE (Committee on Political Education), preparing for next year's elections, has just released a "black list" of nine Texas Congressmen, including myself, marked for liquidation. Other Texas Congressmen included are: Casey, Alger, Dowdy, Kilgore, Teague, Burlison, Mahon, Rogers.

This follows on the heel of Jimmy Hoffa's recent announcement that his Teamsters union is training their wives to join them in an all-out drive to defeat those of us who have stood up against their selfish demands.

This reminds us of James B. Carey's threat against those of us who voted for the Landrum-Griffin bill to curb racketeering among union bosses. In a letter to me Carey said his crowd would go into my district and "take appropriate action at the ballot box" because of my vote against union racketeers.

Carey, a vice-President of CIO, is regarded by many as one of the leading advocates of class warfare in America.

Further evidence of the arrogance of Labor's radical political bosses, was shown by James McDevitt, National Director of COPE in a speech to union leaders in Hartford, Conn., when he cracked the whip over their heads by saying: "We are going to get the labor leaders who differ publicly with the position on candidates and issues already established by the labor movement. . . We are warning you now and we are warning all in the future; do not differ with the movement with respect to issues or candidates. We will not stand for it."

But an analysis of election returns has revealed that the Union political bosses have not always

been able to lead the union members around by the nose, as they often seek to do. Many union members insist they are still free Americans and prefer to exercise some measure of freedom at the ballot boxes, despite the threats and intimidations from the big bosses.

It goes without saying that the CIO leaders are free to support or oppose any candidate for any office. They have axes to grind. They support measures which if enacted would wipe out such laws as the Landrum-Griffin Act, the Taft Hartley Act, and other measures designed to bring the unions under some measure of public control. They advocate state welfare and socialistic programs which now prevail in socialist countries.

Those of us who do not yield to such threats and pressures can expect to be opposed by the professional leaders. In their lust for power they want Congressmen who will do their bidding. I am not surprised, therefore, to be included on their black list.

**Git-A-Long'n Blow Me Down**  
You may think of Texas as a country of cowboys and ranches but you'd better add big ships and sailors to your thoughts too. Our great Gulf Coast is one of the busiest segments of coastline in the world.

Texas has important deep water ports located at Houston, Galveston, Corpus Christi, Freeport, Port Aransas, Orange, Brownsville, Port Arthur and Sabine Pass.

Houston is the largest of all the Texas ports and you'll see a United Nations array of ships when you visit this colossal gateway of our land.

One of the most impressive trips in Texas is that taken down the Houston ship channel to the great San Jacinto Battleground.

#### VISIT IN NEW MEXICO

Mr. and Mrs. Walter Spill and children returned home Saturday from a visit to the Carlsbad Caverns, Santa Fe and with relatives at Tierra Amarillo, and Espanola, New Mexico.
