NUMBER 22

Special City Election Slated For Wednesday, Aug. 30

Only One Name On the Ballot . . . BUT

Next Wednesday, August 30, citizens of Winters will go to the polls in a special City Election to elect a man to the City Council. In addition to the importance of this election in light of the issues involved, there also is the importance of every qualified voter exercising his constitutional right to express his opinion by way of the ballot, and to govern himself. Hand in hand with the indifference akin to non-voting goes the danger of losing the right of expression of opinion and choice. If we feel that we have a rightful voice in the conduct of our city government, we'll turn out and vote; if we feel that we can trust the affairs of the city government to just anyone who wishes to take over, then we can forget it.

On the surface this would appear to be a no-contest election. Wesley M. Hays is the only announced candidate on the ballot.

With only one candidate for the one office, there is a danger that some voters will take the attitude that "the candidate is elected anyway, because he has no opposition, so why should I vote?" As little as many of us may have thought about it, this is exactly the attitude hoped for in many, many instances by those who would wrest control from the people.

There have been rumors that an attempt will be made to elect an un-announced candidate on a write-in campaign. How much basis and power behind these rumors remains to be seen. The fact remains, however, that it can be done, if enough of us stay away from the polls on election day. This is not to say that a man does not have the right to vote for whom he pleases. However, we do believe that a man should be sent to the city council through the "front door," by accepted methods of announcing his candidacy, rather than through the "back door" on a write-in.

Wes Hays chose to accept his part of the responsibility of conducting his business—the business of the City of Winters—rather than take the easy way out, to just stand and watch. He offered his services at the request of many friends who are interested in an efficient city government, just as he offered his services in the fight for freedom during World War II. The United States was pleased with his services as a pilot, enough to award him the Navy Cross, the highest honor in the Navy; we believe the citizens of Winters will be likewise pleased with his services.

We believe that Wes Hays will make a good City Councilman because of his proven successful business ability; we believe he will take that ability to the City Hall.

We believe that Wes Hays will make a good City Councilman because he is a man of unquestioned integrity. Men of his caliber are needed in all levels of government. He believes in a policy of fairness to all, and believes that no man has the right to deny to another that which he claims for himself.

We like Wes Hays—and if you feel the same way, we urge you to go to the polls next Wednesday to show him you agree with him, and to show your appreciation to a man who volunteers his service.

A special City Election to name an alderman will be held at the City Hall next Wednesday, August 30.

Wesley M. Hays is the only announced candidate for the one vacancy on the City Council. However, there has been talk of a write-in campaign for an un-announced candidate.

The vacancy on the council was created with the resignation of J. F. Richie, who moved to Abilene a couple of months ago. The term to be finished by the councilman elected next Wednesday will expire in April, 1962. The terms of office for two other councilmen will expire in 1962.

Voters who qualify may vote on absentee ballot in this election. Absentee ballots may be cast by voters who will not be able to go to the polls on election day because of illness or absence from the city, it was said. Deadline for absentee voting will be three days prior to the election.

Voting will take place at the Winters City Hall, Wednesday, August 30, with polls opening at 8 a. m. and closing at 7 p. m. Election judges will be Don Bedford, H. F. Gerhart and J. C. Wilkerson.

In his announcement that he was a candidate for alderman, Wesley Hays said that he believed that "the franchise for the West Texas Utilities Co. should be extended, and that extension should be made now." He also said that he believed that "elected officials have a moral responsibility of being truly representative of the majority of the people," and that "I believe that the wishes of the people of Winters, regarding the franchise, have been clearly expressed . . . and they should be respected, regardless of the personal feelings on the part of some elected officials."

Hays is owner of the Western Auto Associate Store in Winters, where he has been since 1948. He is a veteran of World War II, a naval pilot, and received the Navy Cross, the highest commendation awarded by the U. S. Navy, for action in the Pacific against the Japanese. He is married to the former June Kirkpatrick of Santa Anna. Mr. and Mrs. Hays have four children, and live in Sunlawn Addition.

500 Attended Annual Barbecue, Several Firemen Received Service Pins

More than 500 persons attended the annual barbecue of the Winters Volunteer Fire Department last Thursday night, and several firemen received service pins in recognition of their service to the organization.

Hudie Crowe was awarded a 20-year service pin, and ten-year pins were presented to Cecil Scott, B. B. Bedford, C. N. Chambers and Carson Easterly. Receiving five-year pins were J. T. Sprinkle and Bob Drake.

Firemen retiring from the organization were also recognized for at least 20 years service. They included Jess Wetzel, John Shipman, B. G. Owens, M. G. Middlebrook, Joe Baker, Fred Young and J. S. Bourn.

Mayor Harvey D. Jones spoke to the crowd and told them that he wished to "pay tribute to the Winters Fire Department, and to thank individual firemen for their services through the many years since the organization was formed" more than 50 years ago.

Fire Chief D. Waggoner, who also is president of the Hill Country Firemen's Association, and Winters Fire Marshal, presented the special awards. J. C. Wilkerson, president of the Winters Volunteer Fire Department, was master of ceremonies.

The annual firemen's barbecue grew from a small informal celebration for firemen and their families many years ago and has become an annual affair. Firemen feed barbecue to all members of the department, their families, ex-firemen, former residents who were once members of the local organization, and to special guests.

Mrs. Floyd Sims was given special recognition as president of the State Women's Auxiliary. The local women's drill team was praised for its outstanding performance at a recent competition session in which it brought home six first places and one second place trophy.

Special entertainment for the evening was furnished by the Simpletones Quartet, an Abilene group, who presented special music. The quartet is headed by a former Winters man, David Bedford.

Among out-of-town guests and visitors at the annual barbecue were Vernon B. Rucker, fire chief at Killen and president of the State Firemen and Fire Marshal's Assn.; Mrs. Frank Williams of Austin, a former resident here whose late husband was a leader in firemen's activities; State Senator Dorsey Hardeman of San Angelo.

Also, Harris Mullin of Dalhart, former resident who served the first barbecue at the event many years ago, and Jack Sneed of Coleman, vice president of the Hill Country Firemen's Assn.

Mascot Jimmy Vaughan of Winters also was introduced to the group.

The Rev. H. K. Flathmann, pastor of St. John's Lutheran Church, delivered the invocation.

The food for the annual barbecue was donated by various merchants of Winters.

"Blueprint for Robbery"
An \$8,000,000 armored car service heist is the basis for the suspense thriller, "Blueprint for Robbery," which arrives Sunday afternoon only at the State Theatre. It was produced by Bryan Foy and directed by Jerry Hopper and deliberately cast with players not too well-known to screen fans in order to enhance the story's realism.

"The Hoodlum Priest"
If you go into any back alley

of St. Louis today, or down any dark street steeped in violence and crime, you may very well find a man who has become known to the press and public as "The Hoodlum Priest." Now, a thrilling film based on the life of this tough, determined Jesuit opens Sunday and Monday at the Fiesta Drive In Theatre, through United Artists release. Don Murray stars as Rev. Charles Dismas Clark, S. J., "The Hoodlum Priest" who is still devoting his exciting life to the rehabilitation of convicts, the reform of penal systems, and the active prevention of crime.

Murray formed his own production company, together with Walter Wood, after a chance meeting with the remarkable Father Clark, expressly to make the story of Clark's work with hoodlums and ex-convicts. He hired the team of Don Deer and Joseph Landon to write a fast-paced, shocking screenplay. Irvin Kershner directed with both force and compassion.

"The Last Time I Saw Archie"
"The Last Time I Saw Archie," a fast-paced comedy starring Robert Mitchum, Jack Webb, Martha Hyer and France Nuyen, will open at the Fiesta Drive In The-

atre on Tuesday, Wednesday and Thursday through United Artists release. The film, which Webb directed and co-produced with screenwriter William Bowers, also stars a baker's half-dozen of television's top comedians.

"The Last Time I Saw Archie" offers a comic facet of Army life never before brought to the screen. It deals with a company of overaged and overweight civilian pilots drafted into the Army Air Force in the waning days of World War II. Mitchum, in the title role, portrays the boldest, goldest gold-brick of all time, with Webb playing his cynical sidekick. Misses Hyer and Nuyen are seen as two lovely young ladies whose charms often induce the unwilling soldiers in training to forego the Army grind for the pleasures of civilian life—while on duty. James Mitchum, teen-age son of the noted star, appears in the film with his father.

Billions Being Sent Abroad Besides 'Foreign Aid'

By Congressman O. C. Fisher

Foreign aid for another year sailed through the House last week, but only after an amendment was adopted which continues the program on a year-to-year basis. The President had requested authority to undertake a mammoth blank check development loan plan under which commitments for projects could be made for five years in advance and financed by a "back door" technique, avoiding the need to come to the Congress each year for approval of what is planned.

The \$4.8 billion bill was approved by a vote of 287 to 140, with 11 Texans, including myself, being recorded against it.

There is presently \$5 1-2 billion of carry-over unexpended funds from prior appropriations for foreign aid. And while portions of the omnibus bill are admittedly desirable, the bill includes a wide range of items which I consider unsound, wasteful and unjustified.

Aside from this foreign aid program, this country carries on a world-wide give-away plan that runs into billions. During the past 6 months, for example, agreements for the shipment overseas of \$2.5 billion worth of surplus farm commodities were concluded. This is a part of the so-called Food-for-Peace program. Most of this food is either given away or sold for local currencies. If the latter, the major portion of what is collected is plowed back into the local economies, gratis.

This latter plan has been going on since 1954. During these 7 years \$14.4 billion worth of surplus food and fibre have been shipped abroad.

In addition, through the World Bank, the International Monetary Fund, and a half dozen other programs, many billions have been loaned, mostly in American money.

So, regardless of the fate of the current Foreign Aid legislation, this country is in other ways pouring billions of dollars in cash and goods into the economies of nearly a hundred nations all over the world.

Lydia—Specialist in Purple and Prayer is the subject for next Sunday's Sunday School lesson. The following comes from the leader Sunday School Magazine. Only two references are made to Lydia in the Bible, yet a Sunday school lesson has been created surrounding her. It seems that foremost in the thinking of the planners of the International Uniform Lessons Committee may have been the fact that Lydia was the first recorded convert in Europe. When it is realized that Christianity made its greatest impact upon the world in a westerly direction, this first convert is worthy of study. Lydia was undoubtedly one of the first members of the church at Philippi, along with the Philippian jailer and his household and the girl who had been possessed with a spirit of divination. Then, there are many details in the characteristics and habits of Lydia that will prove to be both interesting and inspirational to us.

Pastor Jerry and Mrs. Henson had Sunday dinner with the Ramon Hudsons and supper with the Bud Harrison.

Mrs. Akins has a major in elementary supervision and minors in art, psychology and the American heritage. The completion of this major qualified Mrs. Akins to supervise the instruction of any elementary subject in any school in Texas.

Miss Parker has a major in elementary education and a minor in art and psychology.

Selective Service Director Advises College Students

Students who plan to continue their studies in College or university and those planning to enter their freshman year should not let increased draft calls interfere with their educational plans, according to information received by W. O. Wallace, co-chairman of Texas Local Board No. 21 at Coleman.

This is the advice of Colonel Morris S. Schwartz, state Selective Service director, who heads the 137 Texas draft boards.

"Students will be considered for scholastic deferment and will, in all probability, be given the deferment if they are full-time students and are making passing grades," Colonel Schwartz said Wednesday.

The state Selective Service director is convinced that draft boards are "conscious of the need for a continuous supply of trained and educated people in the state and nation."

Colonel Schwartz said that "knowledge is the basis of strength" in our armed forces, on our farms, and in our laboratories, factories, and professions.

"Mirabeau B. Lamar put it better than I ever could," he stated. "When the father of education in Texas said, 'The cultivated mind is the guardian genius of democracy,' he uttered something of posterity."

The state Selective Service director pointed out that, under present policy, no one is drafted under age 22. He said he did not expect increased drafts calls to alter this policy, at least for the foreseeable future.

"Under this policy alone," he said, "some young men will have a good opportunity to complete work toward some bachelor's level degrees before being considered for an induction call."

He counseled students to seek deferments from their local boards when these deferments are needed for the students to complete their college or university work.

Texas draft boards have currently more than 8,000 college students deferred on the basis of educational deferments in the state's consolidated military manpower pool.

Some college students also get deferments for their activity as students taking military training. This activity includes ROTC and other officer training programs and enlistments in the National Guard and reserve organizations of the armed forces.

Currently there are almost 44,000 draft-registered men classified by the state draft boards as being reservists or students taking military training.

Colonel Schwartz urged young men, both in and out of college, to seek information and understanding from their draft boards. "After all is said and done," he counseled, "no one is better prepared to advise draft-age men than the draft boards."

Local Draft Board Receives Call For Inductions in Sept.

Texas Local Board No. 21, serving Coleman and Runnels Counties has received a call for six (6) men to be delivered for induction on September 6, 1961, and nineteen (19) men to be forwarded for pre-induction physical examinations on the same date.

Orders to fill this call are now being prepared and mailed. Names of the registrants will be made available to the press within the next few days.

Mrs. Virginia Kelly To Receive BBA Degree From NTSC

Mrs. Virginia W. Kelly of Winters is one of 427 seniors who have received bachelors' degrees at North Texas State College this semester.

They will be the last graduates to receive degrees from North Texas State College. By an act of the Texas Legislature, the school will become North Texas State University on Aug. 29.

Summer commencement exercises were held at 8 p. m. August 24 in Fouts Field.

Mrs. Kelly, daughter of Mr. and Mrs. Henry T. Webb, Route 4, Winters, is a candidate for the bachelor's degree in business administration.

State Draft Quota For September Is Double August Call

The state draft quota for September, on file at state Selective Service headquarters early Friday, is almost double the August call.

The September call for Texas' 137 draft boards is 1,112, compared to 561 for August, Colonel Morris S. Schwartz, state director for Selective Service, announced.

The September quota of 1,112 is the state's share of a national quota of 25,000 men, all for the Army.

The September induction call is the largest received by Texas since January 1955, when the quota was 1,249.

Colonel Schwartz also announced that local boards would be directed to send 5,004 men for pre-induction examination in September, compared to 3,655 for August.

Local Board quotas, now being compiled, were scheduled to be mailed from state Selective Service headquarters by August 15, Colonel Schwartz said.

The September quota will be filled with men who are at least 22 years old on September 1, with the exception of volunteers, or delinquents, under the law, who may be younger.

Monthly draft calls in 1961 ranged from 292 down to zero prior to August. Monthly examination quotas prior to August ranged from none to 2,255.

Mexico State University selected participants from states. Their six-week work included seminars, supervised labs, and individual projects. Bob is the son of Mr. and Mrs. B. T. Shoemaker.

Political Implications In Ben Ramsey's Appointment as RR Com.

SEN. SANFORD Press Association

Raymond's appointment as commissioner — after a long search which his name has been chosen with the Lieutenant Governor — carries several major political implications.

A pretty safe bet that the East Texan will be in the field of contenders for the governor's chair. Pre-speculation has had practically every gubernatorial prospect in recent years.

At least a half-dozen prospects already have been named.

Sen. Bruce Reagan puts Sen. Bruce Reagan's automatic resignation of the Lieutenant Governor's duties. He was elected as President of the Senate short-term.

Price Daniel's appointment to the Governor's office would be several "Lieutenant Governors" before the year. This depends on legislative sessions now and then. Texas provides that a Pro Tempore shall be chosen at the beginning and at the end of each session.

Price Daniel has announced that he will call another special session before the end of the year. He is up to the Senate to choose a Lieutenant Governor for the interim between the end of the session and the beginning of the next one.

Reagan is first in line for the Governor's appointment to the year Railroad Commission as no surprise in circles.

Reagan is for the unexpired term of the late Olin Culbertson until January 1, 1962. If Ramsey desires a second term, he will have to wait until the next election.

Ernest O. Thompson, William J. Murray, the chairman, on one of the important agencies in the government. The Railroad Commission not only regulates all railroads and gas production, but also regulates freight rates in the state.

Special Session Assured: The Governor called a special session which voted a tax raise averaging \$810 million.

Gov. Daniel will call another session before the end of the year to act on several matters.

He will submit such a law to include banks and a law to include banks and a law to include banks.

Recently passed abandonment of the act, juvenile delinquency, and controls on municipal annexation.

Special session, in addition to the teachers' pay raise, also includes additional money for education and maintenance of roads and for administrative expenses.

requiring runoff in congressional elections when one candidate doesn't receive a majority in the dying moments of the session.

With the major objectives of the Texas State Teachers Association have been reached, there is a possibility of a sick leave plan for independent units for large systems; using average attendance, instead of scholastic, as the factor for determining distribution of the available school funds to districts; more driver education; compulsory attendance for all children, six to 16, for the whole school year; and creation of regional film centers.

Finally, the \$810 teacher pay raise doesn't necessarily mean a raise. Some districts are already paying their teachers more than the state minimum. In such cases it's up to the state to decide whether a raise is in order.

Sales Tax Explained: The targets of the state's new 2.2 percent sales tax, which becomes effective September 1, are household and kitchen appliances, clothing with some exceptions, household supplies, restaurant meals and gas.

Utilities bills, however, are not affected by the new levy. The break for the taxpayer comes with the new tax bill. The 2.2 percent tax which was on sets, radios and air conditioners will be reduced to two percent. Cosmetics tax will be reduced from 2.2 percent to two percent.

which are dependent upon adequate revenue and appropriations.

"It is with considerable regret," he said, "that I feel compelled to permit this type of bill to become law. Among other inequities it contains a limited type of general sales tax which I have opposed for 22 years."

There is no time to "re-fight" the tax battle, he added.

School Bus Prices Fixed? An anti-trust suit has been filed by Atty. Gen. Will Wilson against 16 persons and firms. Suit alleges that bids on school buses sold to the state have been rigged.

Weakness can't co-operate with anything. — President Eisenhower.

Night Depository Installed At Winters City Hall

A night depository where Winters utility customers may pay their light, water and other bills after office hours, has been installed at the City Hall, the City Secretary's office said this week.

A hole has been cut in the wall next to the front door, with a container inside to hold the envelopes. The secretary's office said that a shelf with envelope and blank check material will be built next to the depository slot for the convenience of customers. They said that payments may be made either in cash or by check, and that

receipts would be forwarded to the customer who makes payment in this manner.

Letters To The Editor

LETTER TO THE CITIZENS:

Many have asked: "Why not print facts about other towns who own their own light systems?"

Suppose we consider Coleman, a town near enough for any group of local citizens or individuals could go and find out first hand just what those people think of their light plant.

We have some figures on Coleman, as well as some 40 or 50 other towns in Texas, showing the results of owning their own plants.

Coleman is a town of 6400 people as compared to Winters' population of 3233. Coleman owns the only light system in their town.

For the fiscal year of 1960-61 their plant operation was as follows:

Total Electric Revenue \$345,055.45
Total Operating Expense \$149,582.30
Surplus Available for Debt

Retirement or other Purposes \$195,473.15
During the year they transferred to the General Operating Fund (which in most towns usually comes from

taxes) \$104,005.00
On their water system \$5,000.00
Transferred to cemetery \$5,000.00
Added as Capital Outlay (Improvement to Plant) \$20,041.75
Transferred to Sinking Fund (For Payment of Plant

Revenue Bonds and Interest only) \$21,600.00

Coleman has a property tax rate of \$1.25 per \$100.00 valuation as compared to our \$1.50. Their total proposed tax to be collected during 1961-62 year from 6400 citizens amounts to \$81,760.98 or \$12.75 per citizen.

Winters has a tax rate of \$1.50 per \$100.00 valuation and the proposed tax levied for the 1961-62 fiscal year is to be \$81,141.00 or \$25.10 per citizen.

You don't know whether these figures are true or not, so why don't you become interested enough to find out for yourself?

"We feel that a town who owns their own light system is much more progressive than those who don't" is an expression often made by people who know the facts.

"We like to be able to vote each year, as stockholders, on the Board of Directors of our utilities," is another observation often expressed. T. A. SMITH and Others.

The president of a big company called in a long-time employee and said, "I've heard you've been to church praying for a raise. Don't you know I won't stand for anyone going over my head?"—AMA Journal.

Mining Ghost Town

Head for them that hills men, they've found silver.

Matter of fact, they're mining it at Shafter, Texas, right now.

Most interesting however, is the ghost town of Shafter itself. It's located in Presidio County in far west Texas, near the Mexican border.

You can wander along the river gulch and find old mining machinery in the deserted homes of the former silver miners. Seeing it is just like reading an historical book or western novel.

Cattlemen Organized

Forty men organized the Cattle Raisers Association of Texas in 1877 under an oak tree that still stands in Graham, Texas, northwest of Fort Worth.

A stone monument now stands by that Young County tree, commemorating the site as the beginning of this great organization. On the monument are the names of the association's first officers.

Ye Ole Franklin

Ever been to Franklin, Texas, at the western tip of the state? No, we don't have our directions confused. We mean west, not east.

The Franklin of West Texas is a wonderful town with most everything that a town of over 130,000 population should have.

It's on the Mexican border too, for an added attraction.

Never heard of this Franklin? Well, that's probably because they now call it El Paso! But it was named Franklin way back when it was first settled.

Fishy But True

Many native Texans and thousands of visitors to the lone star state take advantage of Texas' vast water resources, both salt and fresh water, for the restful, yet exciting, sport of fishing.

Anglers fishing Texas rivers have lured many sportsmen to the Lone Star State by proving we really grow them big in Texas.

For instance, the 279 lb. Alligator Gar caught by Bill Valverde in the Rio Grande River; or the 50 lb., 5 oz. Longnose Gar hauled out of the Trinity River by Townsend Miller.

These aren't just fish stories. They are officially recorded world records.

Huntsville Honors Houston

The gravestone monument of Sam Houston stands silent but proud in the Memorial Cemetery at Huntsville, Texas, in East Texas' Walker County.

Houston was a giant in history,

a great statesman, and an unforgettable military hero and commander.

He held many political positions. He was Governor of Tennessee, twice President of the Republic of Texas, and Governor of Texas.

His monument at Huntsville reads, "The World will take care of Houston's fame."

With this monument, Huntsville has helped the world do just that.

Colonizing Daily

Stephen F. Austin settled his colony near Sealy, Texas, but on the same location you can now settle and rest with a quiet day of fishing, boating, camping and picnicking.

You can also play golf. The kids will love the playground—and the confection stand.

This original site of the Austin colony is converted into a beautiful 664 acre park for your enjoyment. It is located just 3 miles east of Sealy, Texas, in Austin County due west of Houston.

Don't miss this historical Stephen F. Austin Park on your next trip through Central South Texas.

MRS. GARNER YOUNG (Photo by Little)

Wedding Vows Solemnized Saturday For Elizabeth Mitchell - Garner Young

In a double ring ceremony solemnized Saturday at 7 p.m. at the First Methodist Church, Elizabeth Mitchell and Jack Garner Young were united in marriage by the Rev. J. S. Tierce, uncle of the bride and pastor of the First Baptist Church in Ganado.

Mr. and Mrs. Audra L. Mitchell are the parents of the bride and parents of the bridegroom are

groom. For the traditional something old she carried a linen and lace handkerchief which was given to her by her grandmother and namesake, the late Mrs. J. D. Smith. She also wore a strand of pearls, a gift of the bridegroom.

Following the ceremony, a reception was held in the Fellowship Hall of the First Methodist Church. The bride's table, laid with white net bordered by rows of satin ribbon and clusters of white satin roses nestled in drapes at each corner over satin, was centered with an arrangement of white spider mums and white tapers. Mrs. J. S. Tierce served the three tiered wedding cake decorated with love birds and topped with wedding bells. The cake, on a reflector, was accented with ruffled net and pink satin roses. Mrs. W. F. Turk of Pecos ladeled punch from a crystal punch bowl. Pink tulle rice bags were on a silver tray and other table appointments were of crystal. Mrs. Andy Alder presided at the register.

Other members of the houseparty were Mesdames J. E. Smith, J. D. Smith, Robert Conner and Omer Hill, all of Winters and aunts of the bride. Also Mesdames J. R. Woodfin, Truett Smith, Bill Colburn, Pyburn Brown, all of Winters, Mrs. J. B. Edwards of Sweetwater and Mrs. Fredric Poe of Midland.

For traveling the bride wore a turquoise silk sheath designed with matching jacket and portrait collar. Accessories were turquoise velvet and black and her corsage was the orchid from the bridal bouquet.

The bride, a graduate of Winters High School, attended Baylor University and Hardin-Simmons University where she was a member of the Beta Social Club. The bridegroom is a graduate of Winters High School and Texas Technological College. He is employed by the Small Business Administration in Dallas where the couple will reside at 825 Cedar Hill Avenue.

BRIDESMAIDS LUNCHEON

Mrs. Roy Austin and Miss Kleta Gerhart were assisted with hostess duties by Mrs. Austin's mother, Mrs. J. E. Smith, when they complimented Miss Elizabeth Mitchell, bride-elect of Garner Young, with a bridesmaids luncheon in the Smith home Saturday.

A salad plate was served to guests seated at a table laid in embroidered linen.

Guests included the honoree, her sister, Marilyn Mitchell, Carol Ann Smith, Virginia Edwards of Sweetwater, Mrs. Robert Hammack of Snyder and Debbie Holbrooks of Stamford.

REHEARSAL DINNER

Mr. and Mrs. Fred Young hosted the rehearsal dinner in the Fellowship Hall of the First Methodist Church.

Ann Grimsley and Douglas J. Ringo Were United In Candlelight Ceremony Here

First Presbyterian Church of Winters was the scene of a candlelight ceremony Saturday evening uniting Herald Ann Grimsley, daughter of Mr. and Mrs. Russell Grimsley of Ballinger and Douglas Joe Ringo, son of Mr. and Mrs. James A. Ringo of Oxnard, California.

The Rev. Leslie Ellison, pastor, officiated for the double ring ceremony before an altar decorated with baskets of white gladioli and tiny white mums flanked with candelabras holding white tapers.

Tamala Gans, organist, played traditional wedding music and accompanied Norman Hamm, soloist, who sang "The Lord's Prayer" and "O Promise Me."

Alicea Grimsley, sister of the bride, was flower girl.

Lynn Pace of Oxnard, California served as best man and groomsmen were Charles Grimsley of Ballinger, brother of the

bride, and James Ringo of Oxnard, California, brother of the bridegroom.

Luanne Houston of Oxnard, California, cousin of the bridegroom, served as maid of honor and Dolores Proffitt of Ballinger was bridesmaid. Miss Houston wore a blue polished cotton sheath with contrasting sash of white organza. She wore a floral head-dress and carried a colonial bouquet. Miss Proffitt wore a white polished cotton sheath accented with a blue sash and carried a colonial bouquet.

Given in marriage by her father, the bride wore a gown of white chantilly lace over silk taffeta designed with a fitted bodice, mandarin neckline and tapered full length sleeves. The bouffant skirt accented with lace tiers and deep net ruffles extended into a chapel train. Her finger tip veil of nylon net edged with lace fell from a

coronet crown studded with pearl and sequins. She carried a cascade arrangement of white carnations nestled in jeweled ribbon puffs atop a white satin Bible.

Following the ceremony a reception was held at Zentner's Steak House near Ballinger and members of the houseparty were Mrs. David Rick and Mrs. George Proffitt.

For traveling the bride wore a blue linen suit with white accessories.

The bride is a 1961 graduate of Ballinger High School. The bridegroom, a 1958 graduate of Oxnard High School, attended Ventura Junior College in Ventura, California. He is in the United States Air Force and is stationed at Dyess Air Force Base.

The couple will reside at the Trailer Village in Abilene.

A rehearsal coffee, hosted by the bride's parents, was held at Pierce's Cafeteria.

Little minds are tamed and subdued by misfortune, but great minds rise above it.—Washington Irving.
