## 4-H Gold Star Boy and Girl Named For Runnels County

In recognition of her 4-H work, Beatrice Ann Urbanek was named Gold Star Girl of Runnels County for 1961. Beatrice Ann is the daughter of Mr. and Mrs. Wm. Urbanek, of Rt. 1, Rowena, Texas.

Beatrice Ann joined the St. Joseph 4-H Club in 1954, because of a growing interest in sewing and cooking, and from the first year has been an active and interested member. She has been a 4-H member for seven years and has attended fifty four of the sixty 4-H meetings held during that time. Mrs. Urbanek has been an adult leader in the St. Joseph club for the past nine years and given Beatrice Ann help and encouragement from the beginning.

Beatrice Ann was bedroom demonstrator for one year, food demonstrator for two years, and a clothing demonstrator for four years. She served as secretary for one year and as reporter for two years, and helped plan 4-H meetings and the 4-H camp during this time.

While serving as bedroom demonstrator she added a large closet to the bedroom she shares with her two sisters. She helped paper and paint, put down new linoleum and hung curtains. They also purchased a new bedroom suit consisting of two double beds and a large dresser. She made dresser scarves and put pink bedspreads on the beds to carry out the pink and grey color in the wall paper. The linoleum also has specks of grey and pink in it. Beatrice also helped convert a porch into a bedroom and add two rooms on to a rent house.

Beatrice Ann attended the Electric Clinic held at Junction in 1960 and 1961, when it was held in Ballinger. She learned many things helpful to her at home such as keeping electrical appliances in good working order by repairing cords, plugs, etc.—1960 awards included an electric pin for her work.

During the summer she does most of the cooking, as well as the planning and she always tries

BEATRICE ANN URBANEK

LEONARD HEINZE

to have well balanced menus. She has planned and prepared about 700 meals and helped with 800. She estimates that she has prepared 2342 dishes. She has prepared 37 chickens and 12 packages of barbecue for the freezer. She has put up 72 pints and 87 quarts of vegetables and 34 pints and 28 quarts of fruit. She also helps her grandmother with preparing her vegetables and fruits for the freezer.

Beatrice Ann says she likes to bake and make candy using the recipes she receives in club meetings. She has learned the proper way to set the table and serve meals attractively and correctly. She has demonstrated what she has learned to ten other girls.

She also uses the methods of cleaning house which she has learned in 4-H, finding that it is easier and takes less time. She has arranged her clothes closet and drawers to make them easier to keep clean and straight, adding shelves so that she has a place for everything.

She enjoys helping with the planning for camps and other affairs for 4-H girls and boys and has helped younger girls with crafts, etc. Through her experience in 4-H she has become a leader in school, church and community affairs. Among other things she has used knowledge gained in 4-H work as the junior-senior banquet at the St. Joseph school, and a graduation breakfast for the 1961 graduates. She planned and was chairman for a bake sale to raise money for the banquet and prom. She also helped raise money for members of her club to pay

Leonard Heinze, 14 year old son of Mr. and Mrs. Milton Heinze of Miles, Texas, was named Gold Star Boy of Runnels County this past week.

This is the top 4-H award on the county level and is presented to the outstanding 4-H boy in the county each year. The award is based on a boy's leadership and participation in 4-H activities.

Leonard was selected to receive this award because of his outstanding leadership and his interest in all 4-H activities on both the local and state level. He was vice president of the Miles club the past year.

Leonard has been a club member four years and participated in almost every livestock show in the state with his feeding projects. He started his projects with one of the eight Sears gilts available to club boys. From this gilt he has developed an excellent herd of registered Poland China hogs.

In addition to his swine projects, lamb feeding has been another of his projects. Each year he feeds from six to ten lambs and exhibits them at the local and state shows. This past year Leonard had the Champion Crossbred fat lamb at the Houston Fat Stock Show and received \$560 for the lamb. This money shall be used to expand his projects. Just recently he bought a small flock of registered Dorset ewes which he will put in the show circuit in the spring.

Leonard has also carried field crops as another of his 4-H projects and has entered samples of his crops at the West Texas Fair in Abilene. Last month he had the first place group of five maize heads in the Abilene State Fair.

By carrying all of the above projects Leonard has a greater knowledge of the highly diversified farming that is carried on in the Miles area.

The county Extension agents office in Runnels County is proud to announce Leonard Heinze as the Gold Star 4-H boy for 1961.

### IN HANTSCH HOME

Among visitors in the T. F. Hantsche home last week were Mr. and Mrs. E. J. Adams, Mrs. Leona Hicks. Weekend visitors in the home were Mr. and Mrs. Ted F. Hantsche and DeAnna of Pampa. Sunday visitors were Mr. and Mrs. J. J. Wessels of Ballinger, and Mr. and Mrs. N. M. Ueckert, Mrs. Marguerite Smith, Margie and Danny of San Angelo.

## Fire Prevention Program Next Week In School

The fire prevention program in the Winters schools will begin Monday Oct. 9, and continue through Oct. 14, to coincide with Public School Week. The program is being sponsored locally by the Winters Chamber of Commerce and the Winters Volunteer Fire Department.

Pupils in two groups at the school, intermediate and primary, will compete for cash prizes to be awarded for the best fire prevention posters made by individuals. A total of ten ribbons will also be presented for posters on fire prevention.

Cash award will be made to each group, with pupils preparing winning posters to receive \$10 for first place; \$7.50, second place; and \$5, for third place. There will be two first place awards, one for the intermediate group and one for the primary group.

Posters must be prepared by the individual pupils, and cannot be made by groups, it was announced. Sizes of posters must be either 14 x 22, or 22 x 28. Winners will be announced following the judging.

Winning posters will be eligible for entry in district contests, said D. Waggoner, Winters fire chief, who will conduct the fire prevention program in the schools. He will be assisted by Rankin Pace and J. C. Wilkerson for the Fire Department, and by John Norman, Raymon Lloyd, C. P. Alfrey, Fred Young and A. L. Libbe for the chamber of commerce.

During the fire prevention program at school pupils will be given home inspection blanks.

Which they will be asked to take home so that their parents may make fire hazard inspections. Fire Chief Waggoner pointed out that it would be wise for each household to use the list in checking their own homes. Many existing fire hazards, which have gone unnoticed may be found if a thorough check is made, he said, and necessary improvements made to guard against fire.

In addition, members of the Fire Department will make fire hazard inspections in homes and business houses on the evening of Tuesday, Oct. 17. This will be a voluntary inspection, it was pointed out. Residents who wish to have their premises inspected may have this done by notifying the chamber of commerce or the fire chief before the inspection date.

## Father Johnson Honored With Farewell Party

Rev. Julius Johnson was honored with a farewell party in the Hall of Mt. Carmel Catholic church. Members of the two Altar Society groups of the church were in charge of arrangements.

The covered dish supper was served from tables laid with white and centered with Mexican daisies. The Rev. Johnson has been transferred to St. Mary's Parish in San Antonio. The members presented Rev. Johnson with a cash gift.

### FROM WACO

T-Sgt. and Mrs. Robert McClelland and daughter Debra of Waco attended the funeral of his grandfather, Ben Walker, in Ballinger, Friday and visited over the week end in the homes of their parents, Mr. and Mrs. J. A. McClelland Sr., of Ballinger and Mr. and Mrs. Bill Millhorn of Winters.

## Blizzards In C-City Saturday Night

The Winters High School Blizzards, fresh from their 8-0 win over unbeaten Hamlin last Friday night here, step out of their class Saturday night when they go to Colorado City to meet the Class AAA Wolves.

Saturday night's encounter at Colorado City will be the last pre-conference tilt for the Blizzards, before they meet Ranger here Oct. 13 in conference play.

Winters school buses will leave at 4 p. m. Saturday, October 7, for the football game in Colorado City. Buses this week will be for the band and cheer leaders only, and will stop in Sweetwater at 5:15 at the Holiday Inn restaurant for approximately one-half hour before continuing on to Colorado City.

With five games behind them, and a 2-3 season's record, the Blizzards are getting tougher by the day. They held the touted State Champion single A Albany Lions to a 14-0 score two weeks ago, to draw their third loss of the season. This against some predictions that Albany would run up an astronomical score. And then last Friday night they soundly whipped the Hamlin Pied Pipers 8-0. The Pipers had been in the ranks

of the unbeaten this year until after the Blizzards knocked them off the perch.

Coach L. G. Wilson probably will send his regular starters into the game against Colorado City, banking heavily on a fighting line and a snappy backfield.

The Colorado City Wolves are rated in the number 2 spot for District 3-AAA, with a 2-2 record. They fell under the onslaught of the Stamford Bulldogs 16-0 last week in Colorado City.

Elsewhere around the 7-AA circuit, Ballinger is out front with a 3-2 record. They knocked down Comanche last week to the tune of 14-0. Ballinger has lost to Brady, and Colorado City, and won over San Saba, Post and Comanche. The Ballinger team meets Lakeview this week.

Coleman fell into the trap of the Albany Lions Friday night, 21-6, and now have a season's record of 2-3. They also have lost to Anson and Brady, and won over Comanche and DeLeon. They meet San Saba this week.

Cisco has a 2-3 record for the season. They won over Eastland and Comanche, and lost to Hamlin, Anson and DeLeon. They meet 3-AAA Lamesa this week.

Ranger now has a 1-3-1 record. They lost to Rotan, DeLeon and Dublin, and tied Baird. Their only win was over Eastland. The Ranger Bulldogs meet Cross Plains this Friday night.

## City Sends Out Real, Personal Property Notices

Notices of taxes due on personal property and real estate owned by Winters residents were sent out this week by the City Secretary's office. These 1961 taxes are due Oct. 1, 1961. Taxpayers have until Jan. 31, 1962 to pay their taxes without being assessed a penalty.

City officials said that there may be many people who received notices this year on personal property who have not received notices in prior years. This is caused by an effort of the city tax department to bring all records up to date, and to assess all residents equally, they said.

The county clerk's automobile registration rolls were used to obtain a list of the cars owned by Winters residents, to be used in making city tax assessments. Information in the NADA Blue Book was used to arrive at values of automobiles, officials said. Automobiles have been assessed on half the value as listed in the Blue Book. However, tax officials having no way of knowing what model of cars are owned by individual taxpayers, used the medium priced cars as a base. In some instances, they said, this will be more than the actual value, and taxpayers may contact the City Secretary's office to have a correction made.

Although all personal property actually is assessable, city officials explained, it has been the practice to assess only automobiles in addition to business personal property. Most smaller towns in Texas follow this custom, they said. "In fact," one official pointed out, "taxpayers are getting a 'free ride' by not being assessed for each and every item of personal property which may be taxed under the law."

There may have been some errors made in making up the list of personal property, said officials. There may be some persons who live on the fringe areas, but do not actually live within the boundaries of the city, who received tax notices. Such errors will be corrected if brought to the attention of the City, they said.

## Seniors Are Taking Achievement Tests

Members of the Winters High School Senior Class this week are taking the California Achievement Tests, High School Principal Robert Christian said.

These tests are specially designed instruments for the measurement, evaluation and diagnosis of school achievement.

Six major areas of study are covered in the achievement tests, Christian said. They include U. S. History, Physical Science, Biological Science, Reading, Mathematics, and English.

Time required to take the test is eight hours.

Only the senior class is taking the test this week, the principal said. Other classes will take them later in the semester.

## Grand Opening At Alderman-Cave Draws Big Crowds

More than five hundred persons visited Alderman-Cave Milling and Grain Co. Saturday during their grand opening and open house, representatives of the company said this week. Open house was held from 2 until 4 o'clock in the afternoon.

Many visitors from out of town registered during the open house. Farmers and ranchers from Taylor County, Callahan County, Talpa, Sterling City, Ballinger, and many other areas registered.

Visitors were taken on a tour of the warehouses, mill and elevators during the afternoon. A drawing for door prizes was held in the afternoon.

JAMES C. KRUSE

## James C. Kruse, Stationed In Germany, Receives Promotion

James C. Kruse, son of Mr. and Mrs. Charles Kruse, Jr., was promoted recently to Specialist 5 in Heilbronn, Germany, where he is a member of the 38th Finance Disbursing Section of the Seventh Army.

Specialist Kruse entered the Army in June, 1959, and completed basic training at Camp Carson, Colorado, where he achieved recognition as a top Army marksman by qualifying for the Expert Marksmanship Badge during range firing.

After completing basic, Specialist Kruse was transferred to Fort Benjamin Harrison at Indianapolis, Indiana, where he received advance training in Finance School, U. S. Army, and graduated with honors.

On December 17, 1959, Specialist Kruse sailed for Heilbronn, where he has advanced to the position of head cashier of his company.

A native of Winters, Sp. Kruse is married to the former Miss Darla Gerlach, who, with their young son, Gregory James, joined her husband in September, 1960.

Both SP5 and Mrs. Kruse are graduates of Winters High School and were attending Hardin-Simmons University at the time of his induction.

## Food Service Ass'n. Met In Winters Saturday Morning

The Runnels County School Food Service Association met Saturday morning in the Winters School cafeteria with schools from Ballinger, Miles, Wingate and Winters being represented.

A bake demonstration was given by Mrs. Ernest Haupt of Winters and Mrs. Harold Routh of Ballinger stressing the use of balanced scales and the new bun divider. Cookies, French bread, cinnamon rolls, corn muffins and pastries were made and displayed attractively.

Both Mrs. Haupt and Mrs. Routh attended the three day bake school held in Arlington, sponsored by Texas Education Agency. The school was for the purpose of assisting in speed and efficiency in uses of flour and meal to the best advantage.

Officers for the year include Mrs. Sam Russell of Winters, president; Mrs. Maude Canady of Ballinger, vice president; Mrs. Edward Nitsch of Winters, secretary-treasurer; program chairman, Mrs. Josie Boswell of Ballinger, and reporter, Mrs. W. P. Johnson of Ballinger.

Reports of the Corpus Christi State Convention and the Denver National Convention were given by Mrs. Bernice Cervenka of Ballinger and Mrs. J. B. Whitlow who is chairman of District II, which covers 19 counties.

Emphasis will be placed on better nutrition for Runnels County school children in all the following meetings this year. "Likes and Dislikes of the Schol Lunchroom" will be the program of the Oct. 28 meeting to be held in Winters with students from Ballinger, Winters, and Miles being the speakers. On January 27 a food demonstration will be given in the Ballinger Elementary lunchroom. "Do it A-head Methods" will be demonstrated by Mrs. Ruth Clappitt, home economist, of Ballinger. There will be a film on "The History of Cooking."

A panel discussion on "Effects of Good Nutrition" will be the program for February 24, 1962 in the Ballinger High School lunchroom. Panel members are Dr. John E. Green of Ballinger, Mr. E. B. Blackburn, elementary school principal of Ballinger, and Mrs. Fred Young, Runnels County School Health Nurse. Officers will be installed at the April 28th meeting in Miles.

## Sgt. Claud Hunter Assigned To Signal Missile Support Group

Army Sgt. Claud H. Hunter, son of Mr. and Mrs. Frank Hunter of Winters, Tex., recently was assigned to the Signal Missile Support Agency at White Sands Missile Range, N. M.

The U. S. Army Signal Missile Support Agency provides communications electronics support for the guided missile program at the 5,600 square mile range. An electrical engineer's assistant in the agency's Headquarters Company, Sergeant Hunter entered the Army in 1948.

The 30-year-old soldier is a 1948 graduate of Abilene High School and attended Texas Technological College in Lubbock.

LUNCH TIME: Members of the Runnels County Food Service Association pause for lunch during their meeting in Winters last week. Left to right, they are Mrs. Ruth Butts of Winters; Mrs. Sam Russell of Winters, Chapter president; Mrs. Harold Routh of Ballinger; Mrs. Ernest Haupt of Winters; and Mrs. Emmett Simpson of Winters. ## STATE CAPITOL HIGHLIGHTS

### Texas and Louisiana Will Build Huge Reservoir On the Sabine River

BY VERN SANFORD  
Texas Press Association

Final legal details were bulldozed from the path of the biggest state water project in Texas history. Reason—to pave the way for ground-breaking ceremonies Thursday near the site of Toledo Bend Reservoir on the Sabine River.

State board of Water Engineers, Texas Water Development Board and the Attorney General's office worked overtime in order to approve the project—from engineering, fiscal and legal standpoints. Sabine River Authorities in both Texas and Louisiana are 50-50 part-

ners in the Toledo Bend Dam to be constructed near Newton Texas. It may cost as much as \$60,000,000. Original estimate, back in 1957, was \$54,000,000.

No federal aid was sought. Louisiana put up \$15,000,000 in tax money. Texas is lending the SRA of Texas \$15,000,000. Rest will be borrowed from private investors.

This giant hydroelectric project will provide power for utility companies in Texas and Louisiana to market. It will supply Calcasieu Parish, La., and Orange County, Tex., with water for do-

mestic and municipal use, irrigation and industries.

### LOST LAND

Land Commissioner Jerry Sadler dropped a bombshell in the laps of the Austin City Council.

In checking records at the Land Office, where all Texas land titles originate, he found no evidence of a patent or sale of Lots 6 and 7 of Block 185 of the original City of Austin.

Sadler referred the matter to the Attorney General, noting that these two lots hold one of Austin's water plants. Capitol wags were quick to ask if Sadler was trying to cut the city's water off.

### STATE DEFICIT GROWS

Texas is still waiting for the full impact of the new sales tax. Meanwhile, the deficit in the general revenue fund increases. Latest report shows a hike in the fund-shortage of \$20,500,000 in a period of 11 days.

With the mailing of first installment on this year's state aid to the school districts, the new total deficit is \$76,811,173 according to State Treasurer Jesse James.

First sales tax payments from retailers are due October 31.

### STEPPED-UP CHECK ON UNEMPLOYMENT CLAIMS

Texas Employment Commission is hiring additional investigators to look into unemployment compensation claims to ascertain that only those entitled to it receive it.

Commissioner J. J. Pickle, Employers' representative on the three-member commission, reports that eight or nine new probes are being hired by authorization of U. S. Department of Labor to study claims.

New investigators will be assigned to the larger employment district offices throughout Texas.

Commissioner J. E. Lyles, Employees' representative, said "too many people are receiving benefits from this program through misrepresentation, honest or otherwise."

### DRIVER TRAINING—FEWER ACCIDENTS

Governor Daniel reports "Major progress in reducing involvement in fatal accidents through the steady expansion of driver education classes in Texas public schools."

Driver education students are having 21 per cent fewer accidents.

Since 1957 a total of 265,028 students, in the 15 to 24 age bracket, have completed driver education courses, an increase of 80,091 or 43.2 per cent, over the preceding four-year period.

### STATE JOB CLASSIFICATION LEGAL

Atty. Gen. Will Wilson has ruled that the new state job classification program is constitutional.

Question was submitted by State Comptroller Robert S. Calvert. Opinion held that the graduated pay schedule for state employees is legal because the Legislature has authority to use this method of classifying workers.

New system provides for pay raises on the basis of seniority.

**CARLA'S AFTERMATH**  
"Carla the Hurricane has long since left Texas, but her mark remains.

Governor Daniel modified his remarks about insurance adjustors by saying that most companies were paying claims fairly. But a Chicago insurance execu-

tive came to Texas and blasted both Governor Daniel and Sen. Ralph Yarborough for remarks about fine print in insurance policies.

Speaker James Turman sent his general investigating committee probing along the Gulf Coast, intent on recommending a new wind-storm insurance law and one governing the handling of claims.

Texas public trusts and foundations have contributed \$255,000 to aid hurricane victims, and fund raising appeals under the Red Cross are under way across Texas.

As usual, warm-hearted Texans are chipping to help those hit hardest by Carla.

### GOVERNOR-FOR-A-DAY

Many senators get to be governor-for-a-day. But Sen. Bruce Reagan of Corpus Christi got a bigger break.

While Governor Daniel was attending the Southern Governor Conference, of which he is chairman, Reagan was acting governor for a full week. He even issued some edicts.

Reagan made the most news however, by publicly disagreeing with Daniel. He said he saw no need for another special session of the Legislature.

## Bulletin On Home Greenhouses Released

Many home gardeners in Texas are becoming more interested in extending their activities to include greenhouse gardening. In response to many requests for information on the construction of small greenhouses, the Texas Agricultural Extension Service has released a publication which presents the fundamentals of greenhouse construction and gardening and the possible variations in construction, materials and operation.

Today, prefabricated greenhouses are readily and economically available. When all factors are considered, they are cheaper and easier to erect and more satisfactory than those constructed with locally available materials and labor. The main consideration facing the home gardener about to build a greenhouse is the choice

of location, size and type of structure to build. Once the greenhouse is constructed, the owner must then prepare the inside. Benches must be constructed, work areas prepared and heating, lighting and watering systems installed on all of these points.

## A GOOD JOB

Billy's getting bigger, and Susie's catching up. And Mom—like any proud mother—is delighted. Their physical progress is one indication that she's doing a good job.

But is she being just as careful about other, equally vital parts of that job? Is she also measuring their spiritual progress? As it happens, she is. Billy and Susie are both already going to church and church school.

If you have been thinking that your own children are too young to begin their religious education, why not give them the chance to measure up spiritually, as well as physically? They're apt to surprise you!

### THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

## Dr. John L. Barron, Retired Physician, Died Last Tuesday

Dr. John L. Barron, 66, physician in this area since 1921, died at 3 a. m. Tuesday in Veterans Administration Hospital at Big Spring. He had been in ill health since 1952 and had been hospitalized 11 days.

Funeral services were held Thursday afternoon at 3 o'clock at First Methodist Church. The Rev. Ray Elliott, pastor of the church, officiated, assisted by the Rev. W. T. Hamor of Abilene, former pastor of Winters First Baptist Church; the Rev. Carl N. Roth of Bulverde, former pastor of St. John's Lutheran Church; and I. K. Hayhurst, minister of the church of Christ at Albany.

Burial was in Wingate Cemetery, with graveside rites conducted by the Hylton, Winters and Wingate Masonic Lodges. Pallbearers were Marvin Brown, Tatum, N. M., Charlie Cave and Austin Jordan, Blackwell, Duncan Hensley and Ed Kinard of Wingate, and Dr. Z. I. Hale, Guy Gannaway and B. D. Jobe of Winters.

Born Sept. 9, 1895, at Ogeby in Coryell County, he was the son of the late Mr. and Mrs. James Barron. As a small child he moved with his parents to South Taylor County and later moved to Fort Chadburne in Coke County.

Dr. Barron moved to Wingate in 1907, where his father operated a mercantile store and was a postmaster and a banker. He received his elementary and high school education at Wingate and at Ballinger. He later attended Stamford College at Stamford.

In 1916 he enrolled in the University of Tennessee College of Medicine but his studies were interrupted for service in the Navy during World War I as a hospital apprentice. However, he was allowed to resume his medical training and graduated in 1921, the year he was discharged from the Navy.

Dr. Barron married Margarite Mahoney on Jan. 16, 1920, in Memphis Tenn. He served his internship at Shelby County Hospital in

Memphis. Dr. and Mrs. Barron returned to Texas on July 9, 1921, when he started a medical and surgical practice at Wingate. He remained there until 1939 when he came to Winters to open the Barron Clinic.

He continued his practice here until ill health forced him to retire in 1958.

Dr. Barron was a member of the First Methodist Church here, the Wingate and Winters Masonic lodges and the American and West Texas Medical Associations.

Survivors include his wife; two daughters, Mrs. J. B. Guy of Abilene, and Mrs. C. C. McElfatrick of Tyler; one son, James P. of Sidney, Ohio; three sisters, Mrs. E. L. McFarland of Houston, Mrs. Robert Wheelis of San Angelo and Miss Demma Barron of Ballinger; one brother, M. D. Barron of Rose Meade, Calif.; nine grandchildren and one great-grandchild.

## Business and Social Meeting of Esther SS Class Held Tuesday

Esther Class of the First Baptist Church met Tuesday night in the home of Mr. and Mrs. Howard Worthington for their social and business meeting.

Mrs. Buck Smith presided for the meeting and Mrs. F. C. Mills gave the opening prayer. Mrs. C. E. Whitmire gave an interesting devotional on "What Do You Fear the Most."

New officers elected for the new year are: teacher, Mrs. Loyd Roberson; assistant teacher, Mrs. A. T. Williams; president, Mrs. Buck Smith; vice president and reporter, Mrs. F. C. Mills; secretary, Mrs. Gene Virden; treasurer, Miss Bessie Mae Wheelless; service group leader, Mrs. Gene Virden; group leader 1, Mrs. Ethel Graham; group leader 2, Mrs. R. L. Briley.

A motion was made and seconded for the class to send a check each month to the church for Jeanne Rowell of Round Rock. Mrs. R. L. Briley gave the closing prayer.

Refreshments were served to Mesdames Loyd Roberson, Buck Smith, F. C. Mills, Gene Virden, R. L. Briley, C. E. Whitmire, Lonnie Hester, Elzie Cox, Virgil Friserson, Bill Millhorn, Louis Blackmon, Joe Slaton and the hostess.

## Wedding Plans Announced For Jean Williams, Bobby James S

Mr. and Mrs. Dudley Williams, route 4, Winters, are announcing the engagement and approaching marriage of Patsy Jean, to Bobby James Staggs, son of Mr. J. J. Williams, and Mrs. Armittee Miles, Brentwood, Calif.

The wedding will be December 24.

## Christmas Program Discussed By C of C Directors Tuesday

The annual Christmas program sponsored by the Winters Chamber of Commerce was discussed at a meeting of the Board of Directors at Pierce's Cafeteria Tuesday morning. The board also discussed work on the City Directory and the fire prevention program.

During the discussion of the Christmas program, suggestions were made that a Kiddes' Parade be held again this year, as a main event. Also, that a house be set up at a vantage point where children may see Santa Claus rather than have him visit in the stores. It was also suggested that the Christmas lights be turned on downtown on December 1. The suggestion also was made that only one Santa Claus appear in the Kiddes' Parade, and that none appear on units in the parade.

Ted Meyer, who is heading the committee working on the City Directory, reported that work on this project is almost completed.

## Winters Soft Ball Club Closed Season With Barbecue Mon.

Members of the Winters Women soft ball club officially closed their season with a barbecue Monday night in the City Hall.

After supper dominoes were played and gifts were presented to the managers.

The club wishes to thank each and every merchant for making it possible for them to purchase uniforms and equipment and to also thank Cullen Busher for the catering service for the supper.

Those attending were Messers and Mesdames D. Waggoner and family, M. L. Guy and family, T. Medford and family, Preston Barker and daughter, Johnny Wilson and son, Carson Easterly and daughter, Raymond Pinkerton and family, J. C. Hodnett and family, Doc Smith and family, John Townsend and Paul Thorpe.

Next you and your partner get on one side of the car and shove it off the jacks. The wheels will come to rest outside the ruts . . .

Do the same thing with the front end of the car.

Now with the housing free you can build brush patch and drive out of the bog.

Needless to say, one should avoid bogs whenever possible. But if you do hit one, you can get out with a little thought, some ingenuity and lots of work.

**Dr. Rives Showed Film and Spoke At Club Meeting Thurs.**

Public Affairs was the program topic when the Junior Culture Club met Thursday in the home of Mrs. Dennis Poe. Mrs. L. G. Wilson served as co-hostess.

Mrs. Poe opened the meeting with prayer. A cancer film "Time and Two Women" was shown by Dr. C. T. Rives. He also answered questions asked by the members.

Those present were Mesdames Edward Bredemeyer, B. J. Colburn, James Colburn, Cecil Hambricht, James Hinds, Weldon Minzenmayer, Dennis Poe, Bobby Rogers, Melvin Ray Williams, and L. G. Wilson.

**RETURN FROM GERMANY**

Mr. and Mrs. Paul Gerlach returned home Friday from Germany where they spent several weeks visiting with their daughter and her husband, Mr. and Mrs. James Kruse, who are stationed with the Army there.

The seventh random sample egg production test conducted on the Texas AM College Poultry Farm was completed in mid-July. The test consisted of 30 entries of 48 birds each, with most of the popular strains of egg type chickens now being sold in Texas being represented. Bill Doran, test supervisor, said complete results of the test were available through his office.

**CARD OF THANKS**

We wish to take this opportunity to thank each and everyone who was so nice and thoughtful during the illness and death of our dear Mother. For the beautiful floral offerings, the food that was prepared, the kind words of sympathy, those who served as pallbearers and especially Rev. Nowell and Rev. James. May we be as comforting to you in your time of sorrow as you have been to us, is our prayer. The children of Mrs. Annie Sudduth.

One of the worst bogs you can get into is the kind in which the car sits on its housing and four wheels just spin free. Usually this is the kind of a bog that requires a truck or tractor to free you.

However, with a lot of work—and two jacks—you can free your car, but it's a two-man job. First, place the jacks so they won't slip. Then carefully jack up both wheels at the same time!

"Conscience is the sentry of the soul."—Ibrahim Matar.

The Lord's supper was observed Sunday morning at the Baptist Church.

Visitors Sunday morning at the Moro Baptist Church services were Mrs. Calwyn Walters and Ricky of Seagraves who also attended the night services. Noleta James and Roy Rice of Winters. The morning special was "Victory In Jesus," sung by Mrs. Earvine Carey and Clyde Reid with Mrs. J. W. Allmand at the piano. The special for the night service was "Kneel At The Cross" sung by Mrs. Russell Gurn, Mrs. Walters, Mrs. Allmand with Mrs. Carey at the piano.

Attending the morning services at the Drasco Baptist were Mrs. Bud Busher and Kelly of Abilene and Barbara Sneed who spent the weekend home from Tech, Lubbock. Mrs. Dick Bishop and O. C. Hill sang the morning special with Mrs. Hill at the piano. A playlet, "Bearing Fruit," was given by Mr. and Mrs. Herman Browne, Mickey and Claudia at

the night services, followed with a solo by Pastor W. I. Taylor with Mrs. Dick Bishop at the piano. The Lord's Supper was afterwards observed.

How Christians Grow is the subject for next Sunday's Sunday School Lesson. The following is by Rhoda C. Edmeston: The words of Jesus in Matthew 11:28-30 suggest the first step in our growth as Christians. Jesus said, "Come to me." We must do that; we must go to Him and accept Him as Savior and Lord of our lives.

In the same passage Jesus said, "Take my yoke upon you." That means that we must take part with Him in his work of the kingdom and must share with Him the cost involved. Thus the second step is service.

To his call to service Jesus added the third step: "And learn from Me; for I am gentle and lowly in heart." Such learning is growth.

The final step in Christian growth is that of being willing to make the sacrifices that must be made along the way as the price of growth.

# MOVIES

All the drama and spectacle of an historic era-including the clash of chariots, the race of battering rams, the passionate dance of the maidens, the mysterious underwater world of the mermaids-reportedly furnish the thrilling highlights of "The Warrior Empress," a tender love story movingly portrayed against a background of violence and revolution.

### "On The Double"

Danny Kaye returns to his original style of acting for fun in his new film, "On The Double," opening Sunday at the State Theatre. Co-starred with Kaye in the Shavelson-Rose Technicolor comedy-with-music are Dana Wynter, Wilfrid Hyde White, Margaret Rutherford and Diana Dors. Allan Cuthbertson, Jesse White, Greg Walcott and Rex Evans have other important roles.

In the Paramount release, set in London and Berlin during World War II, Kaye portrays two roles—a GI with weak eyes, a weak stomach and weak nerves, and a hard-bitten British General whom the Nazis want to assassinate. The GI, who resembles the General, is pressed into impersonating him, thereby becoming the target in "Operation Dead Pigeon," as British Intelligence realistically refers to the assignment.

### "The Ladies Man"

Jerry Lewis again combines his four-way talents as producer, director, writer and actor for his newest Paramount release, "The Ladies Man," which opens its local engagement beginning Wednesday at the State Theatre.

Co-starred in the Technicolor production are former Metropolitan Opera star turned comedienne Helen Traubel, Kathleen Freeman, Hope Holiday and Lynn Ross with new star discovery Pat Stanley making her motion picture debut. Miss Stanley left the Broadway cast of "Fiorello," the musical hit, to appear as Jerry's leading lady. Guest stars Buddy Lester, George Raft, and Harry James and his band are importantly featured, along with 31 gorgeous blondes, brunettes and redheads.

## Miss Barbara Hord Honored Recently At Bridal Shower

Barbara Hord, whose marriage to Archie Austin will be solemnized October 7 in St. John's Lutheran Church, was honored recently at a bridal shower in the Lutheran Educational Building.

The bride's chosen colors of orchid and white were featured throughout the party room. The refreshment table, laid in white linen, was appointed with silver and milk glass and centered with an arrangement of orchid dahlias with streamers of gold inscribed "Barbara and Archie."

Mrs. Freddie Bredemeyer greeted the guests and directed them to the registry, where Mrs. Herman Frick presided. Mrs. Carl Wessels presented the honoree, her mother, Mrs. W. M. Hord, and Mrs. J. R. Austin, mother of the prospective bridegroom. Mrs. W. E. Bredemeyer served cake squares and Mrs. Herman Bredemeyer ladeled punch.

Recorded music was played softly throughout the refreshment hour. Mrs. E. E. Thormeyer introduced the program and presented Mrs. L. R. Hoppe, who gave a reading. Mrs. Thormeyer then presented the gifts to the honoree.

Others assisting with hostess duties were Mesdames Robert Spill, Willis Whittenburg, Charles Kruse, William Hoppe, and Miss Estella Bredemeyer. Fifty three guests registered in the bride's book.

Clint Walker, John Russel, Edward Byrnes star in Warner Bros.' "Yellowstone Kelly," coming Saturday only to the Fiesta Drive In Theatre. The Technicolor production features the stars of the popular TV series, "Cheyenne," "Lawman" and "77 Sunset Strip."

In his production of "The Ladies Man," star director-writer-producer Jerry Lewis has headaches, thirty-one of them, four of whom are (from the left) Shary Layne, Ann McCrea, Patricia Olson and Gloria Tracey. The Technicolor comedy, a Paramount release co-starring Helen Traubel, comes to the State Theatre on Wednesday.

The general's estranged wife, Lady Margaret (Dana Wynter) returns home unexpectedly and sees thru the disguise. However, she is attracted to him and agrees to help him and intelligence. They throw a dance for the General's High-

## Sixteen Girls In FFA Sweetheart Contest

## Blizzards Upset Hamlin 8-0 To Halt Win Streak

The Winters Blizzards for the second year have hidden in ambush, waiting for the scalp of the Hamlin Pied Pipers, then tied the trophy to their belt by knocking Hamlin from the undefeated and untied list. The Pipers, this year as well as last, were heavy favorites by virtue of a no-loss record, as they met Winters here Friday night at Blizzard Field. When the final whistle sounded, Winters was on the long end of the 8-0 score.

Tommy Young took the kick-off from Hamlin, returning to his own 22. QB Johnny Caskey called on Steve Grissom for the first carry of the evening from scrimmage. A handoff to Young, and another to Grissom, failed to give enough yardage. Deep in his own territory, Caskey chose to punt.

From the Hamlin 43, the Pipers showed some of the strength that had carried them through four wins, and in six plays and two first downs they moved to Winters' 37. Two unsuccessful run tries by Rayford Williams, 165-pound senior fullback, and two incomplete passes from Stanley Austin, QB, gave the ball to Winters from that same 37.

Grissom picked up nine and Young five for Winters' first down of the evening. From the 48, Caskey, on an option, carried for 4. Denny Aldridge, 150-pound freshman, called for 4 yards, and Grissom for 6, for another first. From Hamlin's 38 Young was stopped with no yardage, but then made 4 on the draw play. Grissom moved to the 30, only to have the play cancelled by a penalty. Two passes, Caskey to Arroyo, and Caskey-Young-Arroyo, were incomplete, giving Hamlin the ball on their own 35, with 1:34 left in the quarter.

Hamlin claimed the first down of the second quarter, on the first play of that stanza, moving to Winters' 46. Three incomplete passes, plus two 15-yard penalties, moved Hamlin deep into their own end of the field. On fourth down, they punted.

Winters claimed a quick first down by Grissom, with 3, and Young with 11. However, the drive was stopped, and again Hamlin owned the ball from their own 40.

Two first downs moved Hamlin to the Winters 39. Austin kept the ball for 5, then Frankie Lee rolled off right guard for 4. With third down and one, from the Winters 30, Austin, on a keeper, was hit hard, and lost the ball to Winters Tackle Donald Clanton. This was the deepest that the Pipers were able to drive into Winters territory all evening.

Caskey, back to pass, was smothered on the 19. Grissom carried for one, then Caskey chose to run on an option to the 34. Still lacking 8 for the first, Caskey punted, setting up the most exciting 2:12 of the game.

Hamlin, from their own 15, claimed a first with runs by Cooper and Van Newberry. A pass was completed to Cooper, good for 25 yards to Winters' 49. Another pass, Austin to Lee, moved to the 37. Again Austin took to the air, but Mike Bedford, Winters little line-backer, intercepted to call a halt to what looked like a touchdown drive.

With 37 seconds left in the first half, Aldridge, moving around left end, lost the ball, and Dan Newberry recovered.

From Winters' 30, with 16 seconds left, Austin passed and Adolpho Arroyo intercepted on Winters' 5 yard line. As the first play from that point was snapped, the clock stood at 0:02. Caskey kept the ball close to run out the clock.

First half statistics showed Winters 4 first downs and Hamlin 8; Winters 32 yards rushing and Hamlin 23.

During the third quarter the ball moved back and forth between the teams until only 3:50 minutes were left. Moving from their own 35, Hamlin took to the air. Arroyo, playing with both eyes on the ball, intercepted for the second time, setting up the Winters touchdown drive.

The quarter ended with a 20-yard run to Hamlin's 18 by Tommy Young. A six yard gain by Aldridge, 3 by Caskey, 2 by Grissom, moved to Hamlin's 6. Young carried to the one, but it was Arroyo, on the third down try, who hit pay dirt with 10 minutes left in the game. Caskey pitched out to Young, who went over standing up for the extra points, as Winters led 8-0.

After the kick-off, Frankie Lee, taking the hand-off from Austin, made a 19 yard gain to Winters' 40. Three plays later, with fourth down and 12, from Winters' 42, Austin passed, and Steve Grissom intercepted.

A first down and Winters moved to Hamlin's 37, but the Pied Pipers strengthened their line, and Winters gave up the ball on downs at the Hamlin 31.

With two first downs in five plays, Hamlin was on Winters' 35. Frankie Lee, taking the hand-off, lost the ball as Steve Grissom recovered on the 33.

The remaining 1:33 minutes left in the game was used up by the Winters team, staying on the ground.

## Rev. J. W. Rodgers, Former Resident, Tells of Recent Journey To Holy Lands

Rev. James W. Rodgers, Pastor of the Panhandle Centenary Methodist Church, Goodwell, Oklahoma, has returned to his home following a recent trip to Europe and the Near East.

The Rev. Rodgers was reared in the Winters area and is a graduate of Winters High School, Texas Tech, and Perkins School of Theology at S. M. U. He is the son of Mr. Earl Rodgers and the late Mrs. Rodgers of Winters.

Rev. Rodgers' trip was basically to study in the Bible lands of Israel, Jordan, Syria, Lebanon, Egypt, Greece and Italy, the portion of the world which produced the old Testament of the Bible, Jesus of Nazareth, Paul, Peter and the early apostolic fathers.

Rev. Rodgers happened to be in Cairo, Egypt, during the celebration of the eleventh anniversary of independence from Great Britain. He was staying at the Nile Hilton Hotel which was the headquarters for the huge parade and he heard President Nassar as he addressed the crowds from a balcony. He also visited the United Nations refugee camps in the Arab states where over 600,000 Arab refugees from the Jewish state of Israel are still living and was in Damascus, Syria, when the Jewish planes flew over causing an air raid alert although no bombs were dropped. He then crossed over into Israel at the Mandelbaum Gate under machine guns and sand bagged windows and visited the Kibbutz where the Jewish Sabras are reclaiming the arid wastelands of the Negev and literally making the Biblical prophecy come true "And The Desert Shall Blossom As The Rose."

Only a few days away from the national elections Israel was alive

with politics, and the minister was able to hear Premier David Ben Gueron speak to a huge labor rally in Tel Aviv, and then observed a small communist rally being held in Nazareth.

Some sixteen countries were visited in all, with those of particular interest including Switzerland, where the annual festival of Geneva was in Progress; Paris, and the fabled Cafe De La Paix sidewalk cafe; Copenhagen, with its famous organ church and Hans Christian Anderson legends; and its fram ship and Kon-Tiki Raft and London, with the changing of the Royal Guard, Westminster Abbey and fabulous theaters.

The Oklahoma pastor thought it a particular thrill to see one of Shakespeare's plays at his hometown, Stratford-On-Avon. He was also in Edinburg for its famous arts festival and witnessed a military tattoo with over 500 massed bandmen and bag pipers.

The climax of the trip was when Rev. Rodgers joined 5,000 other delegates to the world conference of Methodism at Oslo, Norway at which the king of Norway, as well as some of the outstanding Churchmen of the world were in attendance.

The tour was made with 10 other delegates to the World Methodist Conference from such widely separated areas of the United States as Wisconsin, Louisiana, Arkansas, and New Mexico.

Rev. Rodgers is in his fifth year as the pastor of the Panhandle Centenary Methodist Church, and is the senior member of the Department of Religion at Panhandle A and M. College.

## Martha Louise Lloyd and Cullen Frank Johnson, Jr., Married Saturday Evening

The early autumn wedding which united in marriage Martha Louise Lloyd and Cullen Frank Johnson, Jr. of Brownwood was read Saturday evening in the church of Christ.

The bride is the daughter of Mr. and Mrs. Raymon W. Lloyd. Mr. Johnson is the son of Mr. and Mrs. Cullen Frank Johnson, Sr. of Brownwood.

Harrell Collard, Uncle of the groom officiated at the 7 o'clock double ring ceremony.

Wedding music was presented by a vocal group direct by Dan Danner and composed of members of the A Capella Chorus of Abilene Christian College who sang "O Perfect Love," "I Love Thee," and "At Dawning," with Mr. Danner as soloist. "Be With Us, Lord," was sung at the close of the ceremony.

The bride was attired in a traditional white gown of imported Chantilly lace. Rows of tiny seed pearls and ruching detailed the sweetheart neckline and the lace design of the bodice. Long fitted sleeves extended to a cathedral length train. Her fingertip veil of silk illusion fell in four tiers from a crown of pearls and crystal iridescents. She carried a white orchid showed with tiny white clusters of Gypsophila and stephanotis atop a white Bible traditionally carried by brides who are members of Delta Theta women's social club of ACC.

Matron of honor was Mrs. Rodney Lloyd, sister-in-law of the bride from Austin. Miss Darla Gloff, college roommate of the bride from Clifton, served as maid of honor. Bridesmaids were Mrs. Don Goodwin of Abilene, and Misses Jo Ann Alfrey and Bena Minzenmayer, both of Winters. The sister of the bride, Miss Debra Kay Lloyd, served as flower girl.

The matron of honor's dress was of emerald green peau de soie designed with scooped neckline bodice and modified bell skirt. Tiny nose veil attached to matching peau de soie bow complimented her ensemble.

Bridesmaids were attired in identical fashions as the matron of honor. They carried cascade bouquets of white fuji mums and waxed English ivy, accented by sprays of silver wheat.

Gladwin Gillispie of Dumas served as best man. Groomsman were Rodney Lloyd of Austin, Tommy Pipes of Dallas, and Ronnie Ellis and James Loudermilk, both of Brownwood.

Ushers were Bill Bowne of Austin and Phil Collard, cousin of the groom from Amarillo.

At the front of the church, banks of shiny magnolia leaves and lacey palmetto branches covered tall white accoridian screens. Punctuating each end were wrought iron stands holding large formal arrangements of white calla lilies, fuji mums, gladioli, asters, snapdragon, carnation, and pom-pom blossoms. Tall white tapers were interspersed in the arrangements and along the base of the containers.

The pews were marked by polished English ivy, white doves, and cut-glass crystals under which the bride and groom cut the cake.

Miss Leta Albritton of Paducah, Kentucky, Miss Betty Shulk of Philadelphia, Pennsylvania, and Miss Marcella Greene of Texarkana presided at the serving table. Miss Sylvia Young of Dallas registered guests. Other members of

the houseparty were Miss Jan Korngay of El Paso, Miss Linda Lloyd of Winters, cousin of the bride, Mrs. B. J. Smith of Denver City, aunt of the bride, and Mrs. W. F. Minzenmayer, Mrs. Wayne Roberts, and Mrs. George Ferrell Lloyd, all of Winters.

## Eastern Customs Studied By WMS At Tuesday Meet

Malaya and Indonesia were the topic of study when the Woman's Missionary Society of the first Baptist Church met in the educational auditorium Tuesday for the first meeting of the new year.

Costumed ladies who presented the program were Mrs. Bill Chapman, Malaysia; Mrs. Dennis Poe, Indonesia; and Mrs. Charles Hester, Singapore and Malaya. Mrs. Loyd Roberson was in charge of the program.

A coffee held in fellowship hall preceded the program with Mrs. Robert Briley presiding. The linen laid table was centered with a pineapple surrounded by tropical flowers. Table appointments were of oriental china.

Mrs. J. E. Smith presided and led the group in quoting the watchword, Psalm 67:2. "Jesus Shall Reign," the new hymn, was led by Mrs. Hester with Mrs. Chapman at the piano. Mrs. E. E. Dodson led the opening prayer. The program was concluded with Mrs. W. S. Cooke reading the prayer calendar and Mrs. Smith giving the benediction.

The 31 women attending included two new members, Mrs. Jesse Bailey and Mrs. Jim Bailey.

Other than in the United States, the sale of stocks (new issues) reached a maximum just before World War I, when London was the world's center of stock trading. World War I gave the London market a great blow; while World War II put New York ahead of all the world's centers.

**Babies Versus Bonds**  
Stocks offer a speculative profit which bonds do not offer. Stocks also benefit from inflation. Interrupted with a few eras of deflation, the inflation of currency has been going on for centuries. — since money was first used in Persia and Babylon 3,000 years ago. Bonds suffer through inflation, hence long-term bonds should usually be avoided.

Of a given corporation, however, the bonds should be safer than the stock, provided the bonds are due within about five years. They have a first lien on the company and, in case of trouble, interest on the bonds comes before dividends on the stock. The safest investments of all are healthy, well-trained children. To be doubly safe, take out an insurance policy on each child as soon as it is born.

**Consult County Agent Before Building**

If you are planning any new construction on your farm, you'll likely profit if you check with your county agricultural agent. He can tell you about the farm building plan service that is available from Texas A and M College and can show you what plans are available, says W. S. Allen, extension agricultural engineer.

The plans are for typical farm service buildings and homes which are recommended for the many different farm situations throughout Texas. The plans were developed over many years on the basis of research and field experience.

Agricultural engineers at Texas A and M say most farmers build no more than one building of any size as wealth have no value in Russia. Only in bank accounts of the Russian Government Bank can one save money in Russia. Even then, Russia devalues the ruble (or Russian "dollar") whenever it suits her convenience. Savings are not encouraged under any communistic government. The Russian government is supposed to own all land, factories, stores, etc. Well-trained children are the only assets considered.

In view of the above, those of us who have property dread communism. All property would be taken away from us; we would all work for the state, buying our food, our rent, clothes, and entertainment from the state. On the other hand, Russia is gradually becoming capitalistic, while the United States is gradually becoming socialistic. If we can continue fifty years without a World War III, there may not be much economic difference between the East and the West. This especially applies to those here who are living on inherited money and are not actual workers. The income of non-producers will gradually be taken away by taxes of various kinds.

**Health, Education, and Religion**  
This brings us back to our original thought, that well-trained children are the best security and insurance. Our President Kennedy, seeing this change coming in the distance, is working for legislation to give free medical service to those who deserve it. Already England has "from the womb to the tomb" coverage; while many other countries such as Sweden are trending that way.

I agree with the physicians that such a program is dangerous. I am even opposed to giving free obstetrical service. But some plan could be worked out whereby the family could get a tax reduction, directly or indirectly, on each baby born. With the growing importance of babies, some inducement should be given for the expenses connected with their birth and early years. To bring this about is a basic purpose of the Isabel Babson Memorial, in which I am much interested.

fore, reliable information is necessary to help plan and construct type during their lifetime. There's the most suitable building for any one specific purpose.

In selecting plans, the entire farm operation and the probable use of other buildings must be carefully considered. Any building that does not permit the best use of labor and equipment, or that does not do the job for which it is needed, should be remodeled. Allen says. Consideration should be given to the flexibility and possible future needs when selecting a plan for a new building. Also, a visit to another farm where a building similar to that planned is in use would be time well spent. A catalog of over 500 building and equipment plans is available from your county agent. He can advise on selection of the plan that will most nearly fit your needs. Plans can be obtained by the county extension agent free of charge.

**Mileage From Money**

This is not a matter of more miles per gallon, but rather, of more living per dollar.

In part, enjoying life fully is a question of attitude. However, it is also a question of aptitude. People who make the most of their lives also make the most of their money. Often, behind this "money wisdom" stands a full-service commercial bank. It's the most experienced kind of financial institution.

You see, full-service commercial banks are not limited to savings and a few kinds of loans. They have no "blind spots." By law, they can help you in more ways than others can. Only a full-service bank offers you all this: a checking account, all kinds of loans and financial counselling that has depth and thoroughness.

And one thing more. The bank that knows you best can best speak for you. As you work with a full-service bank you build a solid business reputation... a "standing" in your community. And that, too, as you probably know, is "money in the bank."

women in the filling of high-paying jobs.  
The communists are wise enough in the ways of the world, however, to know that more people buy sugar than vinegar. Therefore, it is not sufficient merely to be against everything. One must be for something. And, the sweeter and more palatable the fare, the more people the communist hope to attract.

Nonetheless, the hypocrisy in what the communists say they are for is evident. The communists declare themselves for a lasting international peace (as long as no one stands up to communist aggression), for peaceful coexistence (strictly on communist terms), and for freedom for all people (to live under a communist dictatorship).

Basically, communism pretends to offer all things to all men. Demands for a shorter workday, an end to discrimination of all kinds, aid to farmers, and promotion of higher salaries for teachers are all woven skillfully through the Communist Party line.

This approach presents the communists with a two-edged sword. Not only does it offer attractive inducements to people from every walk of life, but it also confuses the public by blending communist aims and purposes with those of legitimate, beneficial groups and organizations.

The uninformed citizen is thus doubly misled. Either he gets the idea that communists are good because they advocate shorter working hours, or he falls into the equally dangerous assumption that everyone who advocates shorter working hours is a communist. The resulting confusion and name calling have done much to benefit the communists by diffusing the forces of their opponents.

Unfortunately, some people try to resolve the problem by falling into the very error the communists are so careful to avoid: They concentrate on the negative rather than the positive. They are against communism without being for freedom. They are against ignorance

without being for education. They are against sin without being for God.

It might be well for these persons to realize that Hitler was also against communism. However, what he stood for is the basis of history's judgement.

### Deward Awalt Named Jr. Vice Commander Of Winters VFW

Deward Awalt was elected Junior Vice Commander of the Winters Post 9193, Veterans of Foreign Wars, at the regular meeting of the post Monday evening. Awalt will serve the remainder of the year in that office.

At the meeting, Ted Meyer reported that \$15.00 had been sent to victims of Hurricane Carla.

The group voted to hold a special party for members of the VFW sometime in October.

Also, it was reported that the concrete curbing of the Baby Land section of Lakeview Cemetery had been completed, and that two angel statues will be erected as soon as they arrive from Italy.

Present for the meeting were W. L. Collins, Ted Meyer, James Crockett, Joe Cortez, C. H. Harrell, George F. Lloyd, Wardell Long, and J. A. Henderson.

### H. A. Stanford Joins Exclusive Golfing Club

H. A. Stanford of Winters has become a member of the exclusive "Hole-In-One Club," as a result of his sinking a golf ball in the hole with his first stroke. Stanford hit his "ace" at the Winters Country Club several days ago.

The "hole-in-one" was made on No. 5 green; 3 strokes is par for that hole. Stanford used an 8 iron, sending the ball 125 yards to roll into the hole.

Four other golfers were playing a round with Stanford at the time. They were Mike Patterson, Jack Schackie, Jiggs Nichols and Loyd Roberson.

Stanford said this was the second hole-in-one he has made. The first

was at Memphis, Texas, about 21 years ago. He now is eligible to become a member of the National Hole-In-One Club, and probably will receive prizes for his feat.

The last hole-in-one made at the Winters golf course was hit by the Rev. B. T. Shoemaker some years ago.

### WASHINGTON NEWSLETTER

#### First Session of Congress Fraught With Turbulence

By Congressman O. C. Fisher

The first session of the 87th Congress, just concluded, has been fraught with turbulence. During this period, world-shaking developments have taken place. Communist inspired unrest has exploded in Cuba, Laos, Africa, Berlin, and in a dozen other spots around the world. These events have taxed the diplomatic capacity of a new administration.

By and large America has responded to the challenges forthrightly, with firm reassurances of our willingness to fight for liberty, freedom and justice. Krushchev chooses to force the issue. In the ill-fated Cuban invasion by Cuban patriots, we fumbled. In Laos we threatened intervention in the face of a very difficult situation, and the threatened Communist take-over there has at least been postponed. And in Berlin we have held firm, supported in our position by a united front with our NATO allies.

In the face of these critical developments, we must remain resolute. We must not relax for even one moment. This year we have added more than \$3 billion to our defense build-up—bringing the total outlay to an all-time peacetime total of more than \$48 billion. Our missile development program is proceeding well. Our long-range bombers, loaded with nuclear bombs, are poised at bases around the perimeter of the Iron Curtain. If the Kremlin should force a war, our retaliatory capacity is undoubtedly devastating. Therein lies the hope for peace.

On the domestic front, we have not fared well this year. Political spending for non-essentials has been excessive. This policy has pushed the public debt higher and higher. Only a fourth of this new spending has been for defense purposes. Most of it has been for welfare, socialization, and other non-essentials. At the end of the last fiscal year in June, we had a \$3.9 billion deficit, and the deficit for the current year will be at least \$5 billion, maybe as much

her expenses to the County 4-H camp. Beatrice is a member of the Hi-toppers Club, member and treasurer of the Library Club, and secretary of the senior class. She is also a member of the Children of Mary's Sodality and a very active member of the church choir.

Beatrice Ann says, "Clothing has been my main interest since I joined the 4-H club. By belonging to 4-H, I have saved about \$300 by sewing my own clothes also quite a bit by having a garden. My parents do not give me a regular allowance, but they buy my clothes and give me money when I need it. I earn money by helping out in the fields and by raising hogs and calves. I also help my Grandmother with her work and take her to town, for which she pays me. I really enjoy working outdoors. During my seven years I have put in 2110 hours of work on the outside. I have received many compliments on our yard and we recently made a large concrete porch, which I helped to pour."

Beatrice Ann first began sewing by sewing a straight seam and simple things such as cuptowels and aprons. After that she sewed for a small sister, next going on to making blouses and dresses for herself. She had her greatest difficulty in putting in a zipper, but through her 4-H leader she learned the easy way to do this. She won first place at the county dress revue in the junior division and went on to model it at the district revue in San Angelo. This gave her so much encouragement that she has since gone on to make 62 garments, including a wool suit. She has modeled seven times in county revues and twice in district revues.

Beatrice Ann has received seven pins, a clothing pin, dress revue pin, food preparation pin, an electric program pin, plus one white ribbon and one red ribbon. She won first place in the senior division at the county dress revue and second place at the district revue in Abilene. She also received as prizes two dress lengths and a purse.

She has given two talks to various groups and has written six as \$10 billion.

### James E. Packer Makes History In Jet Trainer

Second Lieutenant James E. Packer, son-in-law of Mr. and Mrs. E. Y. Buckner of Winters, climbed into the cockpit of a jet trainer at Randolph Air Force Base in San Antonio a few days ago and made history.

Lt. Packer initiated a new era in pilot training, becoming the first Air Force flight student to receive basic training at supersonic speeds. He flew in a T-38 "Talon" jet trainer.

The "Talon," first supersonic plane specifically designed for use as a pilot trainer, is now undergoing the final test phase and will take its place in the Air Training Command's all-jet training program in the spring of 1962.

Lt. Packer is the son of Mr. and Mrs. Eli B. Packer of Fort Worth. He is married to the former Paula Buckner of Winters. He is a 1955 Arlington Heights High School graduate, and received his Air Force commission in 1959 in the AFROTC program at TCU, where he received a bachelor's degree in mathematics, and a master's degree in English.

He is one of many young Air Force officers, formerly not on flight status, who are becoming pilots in accordance with an ATC directive to "qualify non-rated officers to perform the duties and assume the responsibilities of a rated pilot."

ATC instructions also point out that flying ability must include proficiency to fly high-speed aircraft. As a result, Packer has become of the fastest flying student in American aviation history.

He entered the pilot training program in June 1959 and took his solo flight in a T-37 trainer at Webb AFB, Big Spring, after 15 hours flying time. He had 150 hours of flight time in light aircraft when he entered the Air Force as a result of his membership in TCU's Flying Club.

Pilots previously had graduated to the T-33 for advanced training. This aircraft, which will be phased out of the program as T-38's assume the trainee load next year, is a two-place version of the first military jet put into production by the United States, the F-80 "Shooting Star."

The "Talon," with its faster-than-sound capabilities, will produce pilots who can make the transition to larger and faster aircraft with a minimum of advanced instruction.

Packer is receiving 428 hours of academic training and will spend at least that many hours in private study.

He won the Chicago-Tribune Award in 1957 as the outstanding sophomore in the AFROTC program at TCU and received the Air Force Association Award as the outstanding junior the next year. He was chosen from his class to attend the Air Force Convention August 20, 21, and 22 at Philadelphia, and appeared on television programs while there.
