## HOME TOWN

### Talk

By E. C. THOMAS

ing still is several weeks and the change of the season usually is a signal for a change, or an attempt to change, into the city and the coming of all kinds of parasites and schemers out to buck off unsuspecting

some of these promoters, the year around, regardless of season, as evidenced by information that law enforcement agencies have picked and charged with swindling, men who apparently were enough to return to town to let their fleeing operations. Investigation is being of the backgrounds of the two of whom the Sheriff's says have records.

method of operation of these promoters, and schedulers usually follows the same pattern. They are, talkers, and usually on single elderly people who suspect them. To meet them on the street you would not suspect them of being the swindlers they turn out to be.

are many promotion stunts by these crooks, but "imitating" seems to be one of their mainstays. They'll fasten into paying for their services, spray a little water and around the premises, collect a fee and then skip. Some they'll even return to make "inspection," and then the promoter gets hooked again for price for his services.

Another big bill for a few days and a handful of time, most of the time unneeded at the first place.

A City Ordinance program of kind of soliciting without permits without first permit from the City. Application is made for a permit from the City. A thorough check of the applicant is made. The permission to solicit is given. These crooks know they cannot stand the close of the law enforcement. They do not bother to try to get their shady missions and then skip town because depend upon the publicity in ferreting out fly-by-night crooks. Officers possibly be in every part at all times, and depend on the citizens to alert them to these promoters in town. The next time someone knocks door and offers some kind of service, ask to see his permit. If legitimate, he'll have that to solicit in Winters; and if honest he'll not mind showing it to you. If the solicitor is evasive, get rid of him in the most possible manner and police.

account, police warn, try matters to your own eyes. If you are suspicious of any person, call the police. When people are apprehended by police, they usually come a week—they've probably been on the road before. But that many times house-elderly people have no protection—and, as the have pointed out, many of have records—and there is no way they could try to do a harm if an attempt is made to get them. And don't try to get them, police warn—these have various ways of getting out of jams. The only way is to contact the police immediately, and let them take it.

is in no way meant as a condemnation of honest promoters. And there are many who work in Winters. But if you hear they're also ready to get out, they're also ready to get out. If you're willing to cooperate to their reputation clear, and if you think if you have them in mind, in fact, some of them are such investigation. So if you have an idea to suspect all of them, they have been cleared by police.

there are few services out-of-town persons offer are not offered right here by your friends and neighbors—whom you know you

BLIZZARD CAGERS—Here's the group of Winters High School basketball team members who are knocking on the door of the district championship. They meet Coleman here tonight (Friday) in a very decisive game. Left to right, they are Mike Bedford, Johnny Caskey, Tommy Young,

## Blizzard Basketballers Meet Coleman Team Here Tonight

Winters High School Blizzards cagers, with a 4-1 district record, meet a strong Coleman quintet here tonight (Friday) in one of the most crucial games of the 1962 basketball season. Coleman has a 4-0 record for district play.

If the Blizzards defeat Coleman, they will tie the Bluecats for district honors. The only district loss on the slate for the Big Blue team was to Coleman, 41-48, recently.

Winters has one more district game following Coleman. They will meet Cisco later. Coleman must play two more games following tonight's encounter, against Cisco and Ballinger.

District setup for basketball is same as in football, it was explained. The district winner will play for bi-district, and then go on to regional at Lubbock.

Game time for tonight will be 8:30. When the "B" teams will play. Time for the "A" game will be 8 p.m.

## Tamala Gans To All-State Band Clinic

Tamala Gans, junior student at Winters High School, will represent Winters school and Region 2 of the Texas Music Educators Association at the All-State Band Clinic in Dallas.

This is Miss Gans' third trip to the all-state band clinic, the highest honor which can be awarded a high school band student. The sixteen-year-old flute and piccolo player won the honor in competition with students from four other regions in Texas, including the towns of Iowa Park, Dallas, Fort Worth, Wichita Falls, Richardson and Grand Prairie.

Miss Gans won a chair in the all-state band, playing a piccolo. The two previous years she went to all-state playing the flute. She also is an accomplished organist and pianist, and plays the vibraphone in the high school swing band, and sings with the girls' ensemble, the Sno-Flakes. She is organist for the First Methodist Church and is pianist and sweet-heart of the Winters Lions Club.

The Texas all-state band program is much like the all-state football and basketball program. The honor is recognized by all secondary schools and colleges and universities in Texas. During the three-day clinic and convention Commander Brendler of the U. S. Navy band will conduct the 150-piece all-state band in concert to be held at the Dallas Coliseum on Saturday evening beginning at 7:30.

During the three days of the clinic, all-state members will rehearse eight hours each day in preparation for the grand concert. In addition to the all-state band, there will be a 150-piece all-state orchestra and a 300-voice all-state choir. These organizations will be featured at the concert.

Miss Gans is the daughter of Mr. and Mrs. Robert Gans of Winters. Gans is band director at Winters High School. Tamala is a member of the National Honor Society, Quill and Scroll, business manager on The Glacier, a member of FTA, and will be the drum major of the Blizzard Marching Band in the fall.

## Awards Presented To Cub Scouts Tuesday Night

Winters Cub Scouts held their pack meeting Tuesday night at the Scout Hut.

The new Cub Master, Joe Stevens, presented awards to the following boys: Toby Davis, Jimmy Sims, Cliff Poe, Jimmy Wilkerson, Gary Dry, Mike Emmert, Bill Hinds, Roger Nichols, Butch Spill, Randy McCreight, Robert McMillan and Rex Harrison.

## Five Arrested On Charges Of Swindling Here

Five men have been arrested and charged by the Runnels County Sheriff's Department for allegedly swindling homeowners in Winters. Charges grew out of complaints by Winters people that the five had contracted exterminating jobs in Winters, used inferior materials to do the work, and charged exorbitant prices for work supposedly done on homes here.

Joe Stevens, Winters Chief of Police, said the five men came to Winters early in December, contracted for exterminating work on some homes, sprayed some kind of chemical, and departed. He said the sheriff's department had made tests of the chemicals used and that reports indicated that nothing but kerosene and water was used.

Last week the men returned, supposedly to check their work, and after examining some of the homes told owners that extensive repair work would be required. One home owner was charged \$135, and another \$180, for repair work the men said had been done. Stevens said that after he had received a report, he crawled under one of the homes and discovered what he estimated to be about \$10 worth of material had been used; a lumber yard representative said that there had been about \$7.50 worth of material used, on the job for which the men had allegedly charged \$180.

A representative of the Sheriff's Department said that two of the men have records for swindling, checking and burglaries, and that they also were wanted in another town. Investigation is being continued, he said.

Police Chief Joe Stevens has warned Winters residents to be on the lookout for fly-by-night solicitors. He has asked that citizens notify the police department regarding any questionable activity, so that proper steps can be taken to prevent recurrence of such incidents. He said that a City Ordinance prohibits soliciting within the city limits of Winters without a permit issued by the police department. He said that when applications for such permits are made, subjects are always given a thorough check, and their backgrounds are investigated. He asked that residents ask for identification and ask to see permits before entering into any kind of agreement with solicitors of any kind.

## Riding Club Will Sponsor Dance Friday, Feb. 9

Members of the Winters Riding Club held their regular meeting, recently, at Scott's Cafe.

Plans were completed to sponsor a Valentine Dance to be held in the Higginbotham Building, Friday, February 9, with music by Dean Beard and his Crew Cats. The public is invited and tickets are available from any member of the Winters Riding Club. A snack bar will be open with sandwiches, soft drinks and coffee to be served. Committees are working to complete arrangements.

Building of a practice arena and Club House is the major project for the club at this time. The club is also making plans to participate in area parades and Grand Entries of their rodeos.

The members completed plans to purchase 12 new sets of breast harness to be issued to the members and several new members are ordering new chaps. The club voted to dye the old chaps to match the new ones. Green and white will continue to be the color of the Riding Club outfits, with white shirts and green ties. New green saddle blankets were discussed but no final decision was made.

Plans were outlined for the building of the Riding Club Arena to be built in the near future.

Selection of new summer straw hats will be made by the club members at the next meeting, Feb. 6, at Scott's Cafe.

E. R. Sawyer, president, presented a gift to the retiring sweetheart of the Riding Club, Marta Davidson. It was a charm (heart shaped) with a small diamond.

Winters Riding Club has won several trophies in the last few years, which are on display at Scott's Cafe.

Members present were Messrs and Mesdames Press Edwards, Bill Graham, J. E. Cooper, Raymond Hudson, C. B. Huckaby and Dianne, Mrs. Floyd Sims and John, Dr. H. H. McCreight, James West, John E. McAdoo, E. R. Sawyer, Charles Sawyer, Weldon Minzenmayer, Tony Rougas, Jim Williams, Guy Seals, Wayland Scott, Arthur Clark, Bud Eoff and a guest, Richard Chambliss.

## Six Candidates To Run For Alderman

Three men announced as a group this week they will seek election to the Winters City Council in the April election, bringing the total number of candidates for the three seats to six. Three candidates announced last week for the spots.

T. A. Smith, C. V. Pierce and John Gardner have announced they will be candidates for the three vacancies, and have made a joint statement of their platform.

The first three to announce as candidates, W. M. Hays, J. W. Bahlman and R. C. Thomas, made their announcement last week, and said statements of their positions would be forthcoming. Hays will seek re-election, and Bahlman and Thomas will seek the seats being vacated by Councilmen O. B. Raper and J. E. Smith.

None of the candidates has filed officially with the City Secretary's office, it was announced Wednesday. Candidates must file at least 30 days prior to the date of the election. Mayor Harvey Dale Jones said this week that he would officially call the election as soon as election supplies are received. Date for the election will be April 3.

In making their announcement, the three new candidates said:

"We are entering the race for the coming Winters City Council election and ask the support of the voters of the city upon the basis of the following seven-point program which we consider to be the basic things we hope to accomplish during the two-year term, if elected to serve.

"1. We will reduce taxes.

"2. We will reduce light and water charges.

"3. We will continue garbage pick-up service, but will not force the collection of charges for this service by cutting off water and light service.

"4. We pledge to work in cooperation with REA in an effort to locate their area generating plant near Winters, and by so doing try to increase our water supply.

"5. We will strive to keep the city's light plant.

"6. We will strive to keep the city's light plant competitive with the West Texas Utilities system.

"7. We are for the people of Winters and are not obligated to any outside interest.

"We would appreciate the voters of our city supporting us on the basis of our program first, and as personalities second. We feel that as a group we can better accomplish the aims of our platform.

Sincerely, John G. Gardner, C. V. Pierce, T. A. Smith

## Rev. Flathmann Will Move To Shreveport, La.

The Rev. Henry K. Flathmann, pastor of St. John's Lutheran Church, announced this week he has accepted a call to the First Lutheran Church in Shreveport, La., and he and his family will move to that city about the middle of February.

The Rev. Flathmann has been pastor of the Winters Lutheran Church since April, 1954, coming here from Sweetwater. During his pastorate here, he has been chairman of the Stewardship and Finance Committees of the Southern District of his church; he is past president and is presently vice president of the Northern Conference of the Southern District.

His activities in Winters have included terms as chaplain of the Veterans of Foreign Wars, Chaplain of the Volunteer Fire Department, a member of the board of directors of the Winters Lions Club, and has been a member of the City Hospital Board. He also is a five-year member of the fire department.

Mrs. Flathmann is past president of the Literary and Service Club, and has been a member of the Junior Culture Club and otherwise active in community affairs. She is a registered nurse. The Rev. and Mrs. Flathmann have three children.

The son of a Lutheran minister, the Rev. Flathmann was reared in Texas. He is a graduate of the University of Texas and of Wartburg Seminary, Dubuque, Iowa. He also attended Texas Lutheran College, Seguin.

He is a veteran of World War II and saw service with the 9th Air Force, flying in B-26's, in England. At present he is a Captain (Chaplain) of the 2nd Battle Group, 142nd Infantry of the 36th Texas Division of the National Guard.

Mrs. Flathmann is a graduate of Waverly, Iowa, High School, and took her nurse's training at John Sealey Hospital, Houston. She also attended Texas Lutheran College.

On making the announcement of moving to Shreveport, the Rev. Flathmann said, "We have enjoyed working in Winters and have made many good friends."

No announcement has been made of a replacement for the Rev. Flathmann as pastor of St. John's Lutheran Church.

FB Begins Annual Membership Drive At Supper Feb. 5

The Runnels County Farm Bureau will begin their annual drive for members with a kick-off supper for members with a kick-off supper at Palmer's Cafe, Ballinger, at 7 p.m. Feb. 5, it was announced this week.

Guest speaker for the evening will be W. C. (Bill) Wedemeyer, director of research and promotion of the Texas Farm Bureau. Other entertainment is being planned.

The membership drive begins during the week which has been proclaimed "Farm Bureau Week in Texas" by Governor Price Daniel. Drive activities by county Farm Bureau organizations will be concentrated during this special week. The drive will end officially Oct. 31, and the worker with the greatest number of enrollments during the year will be given recognition at the county convention.

Membership quota for 1962 for the Runnels County Farm Bureau has been set at \$10, with a goal of 825, organization spokesmen said. The organization had a total of 794 in 1961.

The 1962 workers anticipate a successful drive for 1962, leaders said, and look forward to Runnels County winning first place in the 19 county district.

## Will Show Sheep In Houston Event

Joseph Priddy has entered eight Dorset in the open division and eight Dorsets in the Junior division in the 1962 Houston Livestock Show. Also, Mike Priddy has entered ten head of Dorset sheep in the open division of the show, which will run from Feb. 21 through March 4.

This 30th annual livestock exposition promises to be one of the finest ever with more participants than in any previous year, it was announced.

## Mansell Bros. Co. Noting John Deere 125th Anniversary

The 125th Anniversary of the development of the first successful steel plow is being noted locally by Mansell Brothers, farm implement and supply store, as part of the world-wide commemoration of the event during 1962.

"We're happy to take part in this observance. The John Deere name is very familiar as the brand name for tractors and implements. But many people aren't aware of the significance of the name and the important role John Deere played in development of American agriculture. G. W. Sneed, manager of the Winters business, said.

John Deere, a pioneer blacksmith, developed the first successful steel plow 125 years ago in the small midwestern village of Grand Detour, Ill. His plow, first to scour itself clean in the rich prairie soil of the midwest, was one of the early key developments which sparked the growth of American agriculture.

Today, the organization which John Deere founded has grown into one of the 100 leading manufacturers in the United States. It is a leading producer of farm machinery for the American market, a major producer of power equipment for the earthmoving, logging, landscaping and materials handling industries, and one of the important producers of agricultural fertilizers.

In addition to 16 plants in the United States and Canada, the John Deere organization has manufacturing operations in Germany, France, Mexico, Argentina, Spain and England.

Mansell Bros., one of 4,000 John Deere dealers in the United States and Canada, has been the local retail outlet for the Company's products for the past several years.

FROM SAN ANGELO COLLEGE

Ricky Gresham of SAC was a week end visitor in the home of his parents, Mr. and Mrs. Boyd Gresham.

Mr. and Mrs. Wayne Roberts of Odessa were week end visitors in the home of his parents, Mr. and Mrs. Wayne Roberts.

## February Plentiful Foods List Is Featuring Potatoes

Popular, nutritious, economical potatoes is the featured item among plentiful foods in February, reports the Texas Agricultural Extension Service.

The entire official list includes 11 highly menuable foods as determined by the U. S. Department of Agriculture, in cooperation with growers and the food trade.

Other foods listed as plentiful, or in supply greater than normal trade needs, include grapefruit, apples, turkeys, lamb, eggs, frozen and canned red cherries, honey, pecans, dry beans and rice. The January 9-12 freeze in South Texas eliminated this source of fresh fruit but other producing areas report plentiful supplies.

Potatoes head the list because stocks in storage in December were about 16 percent larger than a year earlier. Prices paid to farmers were low, according to USDA's Agricultural Marketing Service that compiles the list each month.

Carrots and cabbage had been suggested for the February list but were removed at the last minute because the recent freeze in producing areas reduced volume considerably. USDA's Statistical Reporting Service indicates South

## "Promises of the Bible" Roll Call Subject for HD Club

Mrs. O. C. Hill was hostess for the Drasco-Pumphrey Home Demonstration Club when they met in her home recently.

The president, Mrs. Rural Woodfin, opened the meeting by reading the club creed and roll call was answered with "Promises of The Bible". Mrs. Woodfin appointed new committee members for the year and the demonstration was on congealed salads.

Mrs. Hill showed slides of the club and other interesting subjects during the recreation period.

Next regular club meeting will be in the home of Mr. and Mrs. Rural Woodfin.

A salad plate was served to the members present, by Mrs. Hill.

Texas cabbage supplies will be light the rest of the season and will not reach the usual February and March peak. Heaviest loss of carrots was in late plantings.

Consumers will do well to watch for regular and special sales on all 11 plentiful foods at local grocery stores, and to serve these foods often. Abundance usually means lower prices, wider selection for quality and ready availability.

## ROGER BABSON SAYS

### Believes Time Will Come When People Will Eat Wood and Wood Products

I have always loved trees, and have invested in forests. Natural reserves such as oil, iron, copper, etc., do not reproduce themselves; forests are the only natural resource which does. Moreover, most forest land is now protected against fire by watchtowers and other means. Of course, you must pay taxes on individually owned forest land; hence you may prefer to hold stock in companies which own large forests. Among such companies I would mention Crown Zellerbach, Rayonier, Georgia-Pacific, and Weyerhaeuser. I once had a large interest in the APW Paper Company of Albany, New York. This company had considerable forest acreage and a pulp mill in Sheet Harbour, Nova Scotia. Against the advice of the managers, Mr. Francis Dougherty and his brother of Old Town, Maine, I sold this Canadian acreage to William Randolph Hearst. I shall always regret this sale, especially as it resulted in my selling the paper mill at Albany. I later invested the money in seven thousand acres of woodland in New Hampshire. This consists of various kinds: Not much spruce, but some very valuable pine and much second-crop hardwood. I am obliged to pay taxes on this acreage and do not expect to get much profit, but it should be a good inflation hedge and I love to see the trees grow summer and winter, holidays and Sundays, whatever the weather, and without any labor unions to supervise.

Two years ago I was invited by Mr. W. G. Robertson, president of the Bangor and Aroostock Railroad and his Board of Directors, to see the state's natural resources. (Let me insert that I consider this railroad the best operated east of the Ohio River, due to Mr. Robertson.) Maine's natural resources contain the woodlands of the Great Northern Paper Company and the profitable potato fields which supply much of the railroad's freight. These woodlands and potato fields have the same kind of soil, same rainfall, same sunshine, same temperature,—yet yield distinct products (newsprint and potatoes).

come when we humans will eat wood, though not in the form of sawdust. We cannot dissolve the cellulose in our stomachs, as certain animals are able to do. We humans must dissolve the cellulose before we put it into our stomachs.

**What Dupont Has Done**  
The DuPont Company of Wilmington, Delaware is making nylon from air, water, and coal. DuPont is making rayon and other products from cellulose by passing a solution of it through spinnerets to form threads ready for weaving. Its latest development is the making of synthetic leather for the uppers of shoes. Artificial leather for soles is still made by the rubber interests and is very satisfactory.

I understand that the American Viscose Corporation is now using the cellulose of trees and dissolving same into a chemical and selling the product to manufacturers of "non-fattening" foods. Later, newspapers may be used; but I believe this will be sometime in the future as newspapers are now used for making corrugated paper cartons and need not be de-inked

**STATE CAPITOL HIGHLIGHTS**

**Legislature Had A Lot of Problems To Kick Around During Special Session**

BY VERN SANFORD  
Texas Press Association

Price Daniel's long fight reporting unclaimed property and other state for escheat has posed a problem for the legislature. The argument over returned roads policy. The scrap over the question of interest rates and lenders' fees settled. And it may not be for a long, long time. The legislature has settled the road and road policy questions. It has partially solved the advertising program for tourists, judge parole and repair of the Jacinto Monument. Money problems were eased. Comptroller Bob Calvert estimated that the escheat report passed last year will yield at least \$300,000 during the next 20 months. He put no estimate on the bank reporting law laid on Governor Daniel's certain signature into the legislature meets. Texas brings a pack of high plains irrigation farmers quarrel with their gas company. They want its rates regulated. Sen. Andy Rogers of Childress and Rep. H. G. Wells of Tulia led a bill through both houses. The farmers appeal to the board of directors, just as citizens do if the gas company raises its rates. San Angelo and Edinburg got favorable reports from the Commission on Higher Education on San Angelo College and American College, now local. Supported, part of the state term of colleges in 1965. They came to Austin to get the legislature to pass the necessary bills, and make the state take the support of the colleges. Representatives went with both proposals. Sen. W. T. Moore of Bryan, in A. & M. country, thinks Texas has enough state colleges. So, he used the filibuster to fight the two new college to a standstill.

**WAY TO ROADS PAVED**  
State Highway Commission. Herby Petry Jr. complimented the legislature on passage of the 100-Market Road bill. He announced new projects as soon as Governor Daniel's signature was the bill. The Commission approved \$135 million of surface work on highways in Cameron and Hidalgo counties and an \$82,000 highway contract in Cameron County. Within the next 60 days they will try to schedule more than \$1,000,000 work on US 83 in the Valley and \$300,000 for road work in the Southern.

Senators Bob Baker of Houston and Neville Colson of Navasota urged before the Highway Commission to urge approval of a 100-mile highway between Hempstead and Houston. The Senators urged the Commission that they had helped pass the road bill which frees funds for primary roads.

**RELIEF IN SIGHT**  
Many legislators were hoping to come at the end of the week as soon as they processed pending bills, other bills were submitted.

At the end of the week, Governor Daniel submitted additional subjects: Authority for the Texas Employment Commission to enter into a compact with other states; financing of the Texas Securities Commission; an appropriation to the Department of Banking; and amendments to the Penal Code. House members held a Friday session for the first time this month, and resigned themselves to working right through the last 30 days of the called session.

**INEQUITIES STUDY PROPOSED**  
Rep. W. S. Healy of Paducah introduced a resolution that the House Committee on Privileges, Immunities and Elections study election "inequities" in the Constitution, and report its findings to the next legislature. Healy said he didn't think it fair that while the law requires district and county officials to resign upon announcement of their candidacy for another office, it does not require this same action by all state officials.

**COBB JOINS INDUSTRIAL GROUP**  
Bill B. Cobb of Austin, who has been serving as chief examiner of the Legislative Budget Board, will leave that post on February 1. Harry W. Clark, executive director of the Texas Industrial Commission, has picked Cobb as his assistant. In keeping with recommendations made by the Texas Research League, Cobb's prime duty will be to organize and design research projects, supervise community development efforts and direct the advertising program of the industrial commission.

State Building Commission reports that as of August 31, \$958,750 had been expended for purchases of land within one and one-half blocks east and west of Congress Avenue. . . . Land Commissioner Jerry Sadler's report on "land office business" during 1961 states that his department received more than \$127,000,000 in Veterans Land Board fees, recording fees, trust accounts and other items.

The committee received \$800 filing fees from: L. B. Hightower of Beaumont, running for re-election as Chief Justice of the 9th Court of Civil Appeals; Spurgeon E. Bell of Houston, for re-election as Chief Justice of the First Court of Civil Appeals; and Tom F. Coleman of Houston, candidate for the unexpired term of First Court of Civil Appeals Associate Justice Phil D. Woodruff. State Treasurer Jesse James also became an official candidate for re-election.

## Marijohn Wilkins Received Award From CHC Society

Marijohn Wilkins of Nashville, Tennessee, singer and song writer, who is well-known in Winters, was commissioned a colonel in the Confederate High Command last week.

A historical society, the Confederate High Command, is devoted to the assimilation of materials arising from the Civil War period. It honors people who in some way add appreciably to this store of material.

Marijohn's honor, "for outstanding contributions to the Civil War Centennial", came as a result of her Columbia Album, "Ballads of the Blue and Gray," which was recorded last January and released in the summer.

She did extensive research and came up with 12 authentic ballads which were played and sung with popular appeal during the Civil War. It was this research and the authenticity of the songs as well as Marijohn's haunting folk-song voice, which won the award for her.

Certificate of award was presented to Marijohn at a luncheon in Nashville last week. The award will be presented in mid-January at the Command's headquarters in St. Petersburg, Florida, according to a story in the December 31, issue of the Nashville Tennessean.

In addition to being commissioned a colonel, Marijohn was also appointed director of historical music for the society, which claims world-wide membership.

Mrs. Wilkins, the former Marijohn Melson, visited in Winters on numerous occasions when she was a student in Hardin-Simmons University.

### CARD OF THANKS

My parents join me in expressing sincere thanks to the friends who visited me and sent cards while I was a patient in the hospital and since I have returned home. ## 1962 Feed Grain Sign-Up Period Feb. 5, March 30

Producers who wish to comply with the 1962 feed grain program will sign up between February 5 and March 30, reports C. H. Bates, extension farm management specialist.

Provisions of the 1962 program are very similar to those for 1961. One change is that idle and fallow land for the years 1959 and 1960 will be considered in the soil conserving base for farms. This will give less flexibility in the use of land diverted from feed grains, explains Bates.

Payment rates for diverted acres will be in line with those for 1961 because support prices for feed grains have been set at identical levels. The rates are again based on the normal production of the farm times the county support rate. The minimum acreage reduction (from the 1959-60 base) is 20 percent, which will earn a payment based on 50 percent of the local support price. For diversion of between 20 and 40 percent the payment will be figured at 60 percent of the local support price.

Barley, which was not included in last year's program because of late passage of legislation, is included in the 1962 program. A producer having barley plus grain sorghum or corn can participate in barley reduction independent of the other crops. If he wishes to comply on barley alone, however, he must stay within his 1959-60 base on corn and grain sorghum if he wants to receive price supports. On the other hand, if he

wishes to comply on the corn and grain sorghum he must not exceed his base acreage for barley.

Cooperating farmers will be eligible for price supports on their 1962 crops of corn, grain sorghum, barley, oats and rye, subject to the base yield limitations, Bates continues. Also, they are permitted to draw one-half of their total diversion payment at the time of their sign-up.

Non-cooperating producers will not be eligible for price supports on feed grains, but they will receive the market price for them. Since no acreage will be diverted they will not receive payment for any additional conservation use.

Grain producers should study carefully their individual alternatives in these programs. Decisions should rest on the estimated outcome for each operator, based on the goals he is seeking, says Bates.

Producers having questions about the effects of varying levels of compliance on their 1962 operations should contact their local County ASCS office manager or their local county agent.

Climaxing her meteoric rise to stardom, Diane McBain is cast in the title role of Warner Bros. production of Erskine Caldwell's "Claudelle English," opening Tuesday at the State Theatre, opposite Arthur Kennedy, Constance Ford, Will Hutchins and Claude Akins. Miss McBain stars as the beautiful daughter of a tenant farmer who brings tragedy to her neighbors, her family and herself with her wanton behavior after she has been jilted by the young man to whom she was engaged.

Produced by Leonard Freeman, who also wrote the screenplay, "Claudelle English" was directed by Gordon Douglas and filmed near Stockton, California, where the terrain approximated that of the original Georgia setting of the story.

Caldwell is America's best-selling author. More copies of his books—"Claudelle English" was his 37th novel—have been sold than those of any other author.

The lovely young star of "Clau-

delle English" has soared to stardom in little more than a year. She made her screen debut—after appearing in several Warner Bros.-TV shows—in "Ice Palace" and was subsequently starred with Troy Donahue, Connie Stevens, Claudette Colbert, Karl Malden, Dean Jagger and Sharon Huguely in "Parrish." She also is one of the five stars regularly appearing in Warner Bros.' "SurfSide 6" television series.

The gripping romantic drama marks the fourth time Kennedy and Miss Ford have appeared opposite each other—invariably as characters who are bad for each other. They were first seen together in Arthur Miller's "Death of a Salesman" on Broadway—he as one of Willy Loman's sons and she as Loman's Boston mistress.

Recently, brother Wayne Bedford brought a record player down to the office, and when Marvin was not looking, slipped a recording of a fire siren on the turntable. When the loud alarm came out over the speaker, Marvin jumped up, dashed out to his car, drove like mad to the fire station, and, from what we heard about it, was halfway to the "fire" before it dawned on him he was the only fireman stirring, and that a prank had been pulled on him.

### Support Price For Texas Crops Is Announced

Price support levels for 1962 crops of cotton, peanuts, rice and honey have been announced by Secretary of Agriculture Orville L. Freeman.

The minimum national average support price for upland cotton will be 31.88 cents per pound, gross weight, the same as last year. This reflects approximately 82 percent of the current parity price. For extra long staple cotton, the price will be 53.17 cents per pound, net weight, and 65 percent of current parity price.

In the event the minimum level of support for upland or extra long staple as required by law on the basis of parity as of the beginning of the marketing year is higher than the level announced, the level of support will be increased accordingly, the secretary said.

The minimum national average support price for peanuts will be \$221 per ton, the same as for 1961 and it reflects 85 percent of parity price on January 1.

The support level for rice was set at the same level as 1961, \$4.71 per hundred weight, and is dependent on a favorable vote by producers in the upcoming rice marketing quota referendum set for January 23. If quotas are approved by two-thirds of the voters, producers who comply with acreage allotments and marketing quotas will be eligible for support on their 1962 production. If quotas are not approved, acreage allotments will remain in effect as a condition of eligibility for price support at 50 percent of the parity level.

The support price for honey was set at 11.2 cents a pound. The same as the 1961 rate but substantially above the 1960 level, and reflects 74 percent of the January 1962 parity price adjusted to a 60-pound container basis. The support announced applies to honey marketed during the 1962 season, which begins on April 1.

### Herman Baker Announces For Justice of Peace

Herman Baker this week announced that he will be a candidate for Justice of the Peace, Precinct 5.

Baker is presently constable in Precinct 5. He has lived in Winters for some 45 years, and has had about 10 years experience in connection with law enforcement agencies. Baker was in the confectionary business in Winters for several years.

## First Negro May Be Appointed To Cabinet Post

By Congressman O. C. Fisher

The shifting sands of politics stirred up a bit of maneuvering last week when the House Rules Committee unexpectedly reneged on President Kennedy's top priority request for legislation to create the controversial Department of Urban Affairs. Two Democrats on that committee who always did the bidding of the late Speaker Sam Rayburn scanned the political skies on this election year and proceeded to vote against clearing the new agency legislation for House action. Those two votes, added to others, blocked the bill.

But President Kennedy promptly announced he would create the new agency by Executive action, despite the Rules Committee action. And he announced further that if Congress does not override his action creating the new department he will appoint Robert C. Weaver, a Negro, to the new cabinet post.

Observers saw in this maneuver a strategic move to put opponents on the spot because now, in view of that announcement, it is reasoned that political strategists can say to those who vote to override the Kennedy action: "By voting against the creation of this new agency you will be voting against allowing the first Negro to be given a cabinet post". And supposedly thereby incur the wrath of Negro voters.

### Standing By Principles:

Here's a classic statement written by the late Harry Hornby, Sr., in the first issue of "The Uvalde Leader" published January 22, 1898: "Our politics will be Democratic, and while we do not believe in harshness, in support of

our party's platform we believe in holding our own and advocating the principles of true Democracy."

A 23-year-old restaurant employee in a Washington court last week discovered the pitfalls in acting as his own lawyer.

Charged with holding up a night auditor, in a hearing the auditor said he recognized Nance, the colored defendant. Acting as his own lawyer, Nance asked him:

"How do you know it was me, when I had a handkerchief over my face?"
