## Winters High School Bandsmen Win 44 First Place Medals At Abilene Meet

Members of the Winters High School Band came away from the Regional University Interscholastic League solo and ensemble contests in Abilene Saturday with 44 first place medals out of a possible 53.

Robert R. Gans, director of the high school band, said this probably "is the best year we have ever had at contests."

Several members of the band were double winners in Saturday's contests. Thirty-three members of the band participated.

Students who won first places will be awarded a letter jacket or sweater at the Annual Spring Concert, Gans said.

Students winning double honors were Bob Shoemaker, Tamala Gans, Jerrell Elliott, Collier Randolph, Doris Rice, Deanna Kozelsky, Sherry Stanford, Ginger Gerhart, Mary Young, Sue Deaton, Leah Dodd and Judy Matthews.

Other first place winners were Don Adams, Wes Hays, Jerry Sneed, Charles Bahlman, James Burnet, Richard Cook, Reid Stoecker, Ivan Smith, Wayne Hornbuckle, Jerry Hornbuckle, Pam Bedford, Marcene Mathis, LaRoss Sheppard, Carmen Esquivel, Louise Adams, Jan Byrd, Ronnie Willingham, Judy Smith, Russell Bedford, Janell Gerhart, Patsy Winton.

Blizzard band members will now begin practicing concert music immediately, in preparation for the contests April 28. Music chosen by the local band will be Wagner's "Die Meistersinger," and Praeludium for Band by Cavacas. Highlight of the program will be the march, "Shenendoah," by Goldman.

### Winters High School Trackmen Break Records, Win Second In Brady Relays

Trackmen from Winters High School smashed existing records and won several first places to win second place in the Annual Brady Relays in Brady Saturday.

Tommy Young from Winters shattered the old Brady Relay record for broad jump, soaring 22-4 feet, far out-distancing the old standard of 20-5 3-4. Young's performance was the top in the day's schedule of events.

The team from Winters won the mile relay in 3:32.2. Team members were Dan Roberts, Tommy Young, Roy Clark, and Steve Grissom.

Edward Pope, Winters high jumper, won first place in that event, clearing the bar at 5-10.

Eugene Mathis of Winters was fifth in the shot put event, with 43-10.

### Norton School Board Plans Tax Discussion

Members of the Norton Rural School Board of Trustees have scheduled a meeting for Monday night, March 26, in the Norton school lunchroom for the purpose of discussing the school tax situation. The meeting will begin at 7:30.

Board members have urged all taxpayers and patrons to be present for the meeting. Specialists in the field of evaluation for the purpose of equalization will be present to take part in the discussion, it was announced.

## CAMPAIGN GROUPS ARE WRONG!

An Editorial By George R. Hill

Interest in city government is a very commendable thing. We have always felt that more interest should be taken in local government and are extremely gratified that great interest is being shown in the forthcoming city election.

There are some things, however, which are wrong. Campaigning as a group, definitely committed on almost every question in city government, is as wrong as it can possibly be.

Here is why:

There are five men and a mayor who should study and discuss every question to come before the group. After thorough study and discussion a decision should be made by each alderman and the majority decision should be one which will be for the good of the whole town.

If you elect three men definitely committed to vote as a group on every issue, the other two men would have no business even being on the council, and the mayor would be as useless as an extra thumb. Furthermore, every group of three is dominated by one member, so he would actually not only be an alderman but also, in effect, the mayor. You may as well say: "Here, Mr. Alderman-Mayor, is a blank check, signed by the people of Winters. Conduct our business as you see fit."

Furthermore, in an effort to gain votes, one group said in a letter mailed and distributed in town, that the power plant debt could be paid off in five years. Maybe so, but here are some figures taken from the last City Audit:

Electric Revenue Bonds	\$204,000.00
Electric Refunding Bonds	72,000.00

And you must add the controversial Refunding Bond that was issued without a vote by the people. This money was used to expand the light plant. This \$129,900.00 is listed on Page 7 of the last Audit Report on the Light Plant Fund as "Municipality's Contribution."

Total amount of money owed by the Light Plant \$405,900.00

Light Plant Net Income in 1959 was \$39,402.05; in 1960 the figure was \$27,354.32; and in 1961 Net Income was \$42,235.12.

In order to estimate what the net income in the future would be, an average of the past would be about the only way you could arrive at a fair figure. But, even at the highest figure of \$42,235.12, at the end of 5 years you would have only \$211,175.60. The plant has on hand at this time \$75,175.52. Add these two figures together and you turn up with only \$286,351.12, to pay a debt of \$405,900.00.

We think candidates should campaign as individuals, on issues, and on promises that can definitely be kept with absolutely no maybe whatsoever involved.

Further, there are those who are telling the uninformed that if Messrs. Hays, Bahlman, and Thomas are elected that the light plant will be done away with and when the light plant is gone the hospital will also be lost. This is as far from the truth as it is possible to get. The entire city council and the mayor do not have the power to sell, lease, or otherwise dispose of the light plant. These three men would continue to the best of their ability to operate all departments of the city. We wholeheartedly advocate their election, although they, too, have more or less, come out as a group, but mainly on one issue. . . they all favor the extension of the franchise of the West Texas Utilities Company. They believe, as do we, that any free-enterprise, legitimate business institution should be welcome to do business in Winters for as long as they wish. We do not believe that anyone will deny that they are needed here now and we believe they will be needed here after 1967 when the franchise expires. Why hold an ax over anyone's head unless you intend to let that ax fall when the time comes?

We urge you to vote in the City Election Tuesday, April 3, regardless of how you intend to vote. Results of a large turnout will let the elected officials know that they can act for the majority of the people.

## Letters To the Editor

### JEANNINE POE WRITES ON CITY ELECTION

The following is a letter which we have been given, but addressed to the City Fathers.

Dear City Fathers:

Winters was first my home from birth; now it is my home by choice. All my public schooling was accomplished in Winters, and after college, I returned and operated the Credit Bureau of Winters for almost two years. Last year, after eight or nine years, I chose to return to Winters because my family interests are here and because I believed that I could find a place to serve best in the community that had given me so much — not to pay the debt I owe, but to pay interest on the debt that can never be fully paid.

You are going to be bestowing a privilege upon me in a few days, and I am in doubt as to how I can best use that privilege, the privilege of casting my first vote in the city election.

I have read in several separate statements from alderman candidates that the "main issue in the coming election is whether or not to extend the West Texas Utility franchise." Is this what I am to let determine how I vote? In checking, I learned the W. T. U. franchise is not up for renewal until 1967, five years from now. Is there anyone on the present city council or of those to be elected to the council for the next two years who knows what the circumstances will be then, whether they will be on the council or what the W. T. U.'s intentions or desires will be five years from now? Why can't we leave this issue to the City Council and W. T. U. of 1967? Otherwise, as a citizen of Winters, I wonder what are the motives of those who want to hurry up and extend the franchise five (5) years before it expires?

What I, as a voter, really need to know is: what are the quali-

The annual campaign to raise funds for the Red Cross got under way in North Runnels County this week with the appointment of committee members for the several different communities.

### Set Meeting Prior To Hill Firemen's Convention Here

A pre-convention meeting to complete plans for the Annual Convention of the Hill Country Firemen's Association has been set for April 1 at Eden. The convention will be held in Winters April 14.

N. D. Waggoner, of Winters, president of the Association, has been urging participating organizations to prepare now to enter posters in the district competition.

Registration for the convention to be held here April 14 will be at the Winters Fire Station at 8 a.m. on the day of the meeting. Several events have been planned for the event.

Cities whose fire departments will participate include Ballinger, Brady, Bronte, Brownwood, Coleman, Eden, Mason, Menard, Miles, Sonora and Winters.

## C. T. Parker Will Announce Winters Rodeo June 21-22-23

C. T. Parker, agricultural agent for Runnels County, will be the official announcer of the Annual Winters Rodeo June 21, 22 and 23. Dr. H. H. McCreight, president of the Winters Roundup Association, said this week. Parker has had considerable experience in announcing rodeos and other events, and offered his services to the sponsoring organization for this year's rodeo.

Lloyd Woodley, rodeo stockman of Gatesville, will furnish the stock for this year's rodeo. Woodley has furnished the stock for the contests in several previous years.

The Winters Lions Club will contract the hanging of flags and bunting on downtown business houses during the rodeo week, it was announced. The Lions Club had that responsibility last year.

The Band Mothers Club and the Winters Chapter of the Future Farmers of America will have concession stands on the three nights of the rodeo. Members of the Winters Volunteer Fire Department will again supervise parking of automobiles during rodeo performances.

Dr. McCreight said that again this year trophy buckles will be awarded to winning contestants in the several events of the rodeo.

## Wingate Masonic Lodge To Observe 50th Anniversary

The Wingate Masonic Lodge will observe its fiftieth anniversary at the regular stated meeting Saturday, March 24, at the Lodge Hall, it was announced this week.

There will be a barbecue dinner at 7 p.m., for members of the Lodge and visiting Masons. L. S. Perry of Abilene will be the principal speaker for the meeting following the dinner.

Masons of the area are invited to attend this stated meeting and anniversary observance, it was announced. M. B. Folsom is master of the Wingate Lodge.

## Altar Society To Sponsor Mexican Supper March 25

The Altar Society of Mt. Carmel Catholic Church will sponsor a Mexican Supper in the Church Hall Sunday, March 25.

Tickets for the supper may be obtained from members of the Altar Society or at the door. Price of the tickets will be \$1.25 for adults and 80 cents for children.

Serving time for the supper is 5 p.m. to 8 p.m.

Mrs. Luther Minzenmayer is president of the Altar Society. The Rev. Kneblesberger is pastor.

### IN OKLAHOMA

## Baptist Revival Will Begin Next Sunday, March 25

The revival at the First Baptist Church, with Dr. James Basden of Dallas doing the preaching, will begin Sunday, March 25.

J. O. Strother of Pecos will direct the music for the revival, which will continue for a week.

Services will be held each week day at 10 a.m. and at 7:30 p.m. Sunday services will be at the regular time.

Dr. Basden has been a minister for more than 20 years, and has been pastor of churches at Germantown, Tenn., and at Ector, Belton and Brownwood, Texas. He is presently Human Welfare Secretary of the Baptist General Convention of Texas.

Mr. Strother is music and education director of the First Baptist Church in Pecos.

## Rep. J. W. Moore Drops Out of Primary Race

J. W. (Bill) Moore, of Ballinger, State Representative of the 77th District, this week announced that he had authorized the withdrawal of his name as a candidate for the office of Representative of the newly created 64th Representative District.

Dropping out of the race well past the deadline for filing, Rep. Moore has left the field wide open to the only other candidate for the office, Ben Barnes of De Leon.

Redistricting by the Legislature caused a shuffle of counties by district. Runnels County has been in the 77th District, along with Concho, Coke and Coleman Counties. The new 64th District is made up of Runnels, Coleman, Brown and Comanche Counties.

Rep. Moore gave health and additional responsibilities in connection with his own personal business, and farming and ranching operations, as reasons for his dropping out of the race.

In a letter to this newspaper, Mr. Moore said he wished to "express my sincere appreciation" to all the people of the old 77th District, "for the privilege of serving you in this capacity and to state that I do not believe any official could have a finer group of constituents to serve." He stated that he would devote his time to the affairs of the 77th District until his present term expires.

### IN LONDON HOME

Property Tax Is Burden Of Local Governments

The property tax—chief "beast of burden" for local governments in the United States—has not been able to keep up with the demands of exploding population growth in the nation's cities and metropolitan areas.

Local governments of all kinds in the United States are collecting more from property taxation today than 30 years ago. In 1960, property taxes nationwide raised \$15.7 billion compared with \$4.1 billion in 1932 and \$4.7 billion in 1946, the first postwar year.

Studies of cities throughout the nation indicate that the property tax begins to falter as a "complete" tax base when the population of urban communities passes the 200,000 mark.

On the other hand, beyond the 200,000 population mark, the property tax begins to decline in importance, dropping to 74.4 percent for cities in the 200,000-300,000 bracket; 73.5 percent for cities in the 300,000-500,000 range...

**EGG STANDARDS UPGRADED**

Benefits of the crackdown on egg grade violations in 1958 were reaped by Texas housewives. Number of below-quality or inedible eggs reported for the last quarter of 1961 was only 1.2 per cent.

Agriculture Commissioner John White said this incidence is "the lowest in history for Texas and probably as low a level as ever attained by any state."

When the Egg Law became effective in 1958, violations were uncovered at the rate of 16 per cent. State Department of Agriculture spent \$39,902 in fiscal 1961 to see that the law was enforced.

At a meeting of the Texas Egg Advisory board, White commended the State's egg industry for its cooperation in the egg "clean-up."

Board included G. F. Siebel of Burton; Marvin Gilbreath of Weimar; Jack Dubose of Gonzales; T. D. Craddock of Hamilton; Tom Boothe of San Antonio; D. W. Reneau of Sequin and F. Z. Beanblossom of Texas A & M.

Some West Texas school buses travel as far as 229 miles a day.

**INDIAN RAID ON CAPITOL**

Dressed as Ani-Waya, Latonka, Tonkawa, Neep, Caddo, Kiva, Sot-so, Po-Hebeto-Quasho and Oglewani Indians, some 50 school children raided the Capitol.

Whooping it up for the Brenhaf Indian Festival to be held April 14, the youngsters danced and chanted to the beat of a giant drum for 30 minutes around the Capitol rotunda. Then they invaded Gov. Price Daniel's reception room to invite him to their April show.

Brian W. Schenk, Austin school teacher in charge of "Indian Affairs," said the children came from Dallas, Houston, Mexia, Denton, Port Arthur, San Antonio, Snyder, Lubbock and other points. They're members of an organization that's trying to preserve old Indian traditions. Some have visited tribes all over the Southwest.

Seattle World's Fair officials have invited Governor Daniel to come to the fair on April 27. Billed as "Texas Day," the state will be saluted in a special program in which college, high school and other units can take part.

Schools that are interested in sending representatives should contact the governor's office. The Choraettes of Lamar High School in Houston already have been booked to sing April 26-29.

**Funeral Services For A. W. Harwood Held Here Sunday**

Funeral services for Addison Walton Harwood, 66, were held Sunday at 2:30 p.m. in the Spill Memorial Chapel. The Rev. Ted Big- ham, pastor of the Ship Baptist Church officiated and was assisted by W. L. Johnson, elder of the Winters Church of Christ.

Mr. Addison died in the VA hospital at Big Spring Friday at 8 p.m. He had been hospitalized there since September of 1959. He was an active farmer until ill health forced his retirement.

Born Sept. 28, 1895, in Taylor, the son of the late Henry and Cal- me Grimes Harwood, he had lived most of his life in Runnels County in the Drasco community, except for about five years spent at Proctor prior to being hospitaliz-

He married Bertha Fuller on August 21, 1919, at Wiagate. Following his hospitalization, Mrs. Harwood came to Winters from Proctor.

A World War I veteran, he was a member of the Drasco Baptist Church and the American Legion. Surviving are the wife; one son, J. C. of Houston; one daughter, Mrs. J. W. Groves Jr. of Abilene; seven grandchildren and one brother, Willis of Odessa.

Burial was in the Lake View Cemetery. Pallbearers were Johnny Gann, Sr., Luther Herridge, Leon Walker, Ralph Lloyd, Johnny Gann Jr., Ralph Burns, Albert Lewis and A. L. Crockett.

### Funeral Services For Frank Teague Held Wednesday

Funeral services for Frank Teague, 77, a resident of the Wingate area for 50 years, were held Wednesday at 3 p.m. at the Wingate Baptist Church with Rev. Charles Carter of Abilene, officiating.

Mr. Teague died at 8:15 p.m. Monday in the Veterans Administration Hospital at Big Spring.

A retired farmer, Mr. Teague, had been hospitalized since November of 1961.

Born in Falls County, Feb. 9, 1885, he moved to Taylor County with his family while in his teens. He married Jewell Bowen, Nov. 9, 1910 in Wingate, the year he began farming in the Wingate area. He was a veteran of WWI and a member of the American Legion.

Surviving are his wife, one son, Artie M. of Abilene; two daughters, Mrs. Leo N. Turner of Abilene and Mrs. Dennis Dunnam of Big Spring; two sisters, Mrs. Teitha Peoples and Mrs. Sam Davis, both of Abilene; one brother,

Cal Teague of Ballinger; two stepbrothers, Ed Harmon of Abilene and Gib Harmon of Odessa; three step-sisters, Mrs. Bud McConnell of Gunter and Mrs. Hollis Burleson and Mrs. Jim Williams of Abilene; 14 grandchildren and two great-grandchildren.

Burial was in the Wingate Cemetery under direction of Spill Funeral Home.

Pallbearers were Pat Pritchard, Carl Green, Dude Dunn, Jim King, Ray Dunn and W. B. Guy of Wingate, Ray Dean of Abilene and Bob Brannon of Big Spring.

**NOTICE**

### Sans Souci Club Met In Minzenmayer Home Monday Night

Mr. and Mrs. W. F. Minzenmayer hosted the dinner for members of the Sans Souci Club Monday night in their home. Mr. and Mrs. George Poe were co-hosts.

An arrangement of spring flowers in a low white container centered the dinner table which was laid in an ecru imported linen and work cloth over green.

Guests were seated at quarter tables laid in white and place cards carried out the spring theme.

After dinner games of "42" were played by Messrs and Messdames James Randolph, Curtis Neely, Raymon Lloyd, Fred Young, Harry Herman, La Dell Davis, M. E. Leaman and the co-hosts.

### Health Letter

"Spring," the song says, "has busted out all over." And when Spring comes, can the bugs be far behind?

Between now and fall, insecticides in back yard gardens will fog the air like smoke as the annual battle between gardener and garden pest is joined in earnest. And woe unto the insect: a single breath of the lethal spray, a single drop on his tiny body, a single bite of spray-covered green and his doom is sealed.

Good riddance. His only consolation is a grim but satisfying one: his executioner, being human, is liable to the human disease of carelessness, prone to the very weapon he uses against the insect. So it is that the executioner may become the executed.

It is entirely possible to avoid this not-too-unlikely contingency, however. All that is required is the ability to read the following recommendations and the wit to accept them at face value. They were compiled by the chemists who compound our most potent insecticides. Who should know better how they should be safely used?

1. Read the label carefully and make sure you understand it. The warnings are never exaggerated. Always keep the material in its original container, covered, and with the warning label attached.
2. Keep the pesticide away from children and pets. Never part of it in an unlabeled container. When you aren't using it, store the material on a high shelf or in a closet where it won't be exposed to excessive sun or cold. Never keep it around food or feed stuff.
3. Don't smoke while spraying, and wash your hands and face after you get through spraying or dusting the garden or flower bed. The transfer of insecticide residue from hands to mouth can be dangerous.
4. Be extremely careful not to spill the insecticide on your skin, and avoid breathing spray or dust. A damp handkerchief tied around your nose and mouth is a good safeguard.

# TIPS for OUTDOORSMEN

**VERN SANFORD**  
 fish where fish bite the  
 and?  
 consider Alcoa Lake!  
 Alcoa Lake was opened  
 fishing in July of 1954.  
 ere many skeptics who  
 that fishing there wouldn't  
 for two years. Fishing  
 they said, would kill off  
 small in nothing flat.  
 er, by the fall of 1960,  
 an 215,000 game fish had  
 from Alcoa. Today it  
 is no sign of wilting under  
 sure.  
 is Alcoa Lake?  
 is located about 60 miles

east of Austin. Built by the Alu-  
 minum Company of America, it  
 serves as a giant "radiator" for  
 the firm's big plant near Rockdale.  
 Actually, the lake is in two  
 parts, separated by a dike and  
 connected by a mile-long canal.  
 Water from the "cool" side is  
 pumped through the plant to keep  
 the machinery from over-heating.  
 It comes out in what is called  
 the "hot" side.  
 In total, Alcoa Lake is about  
 850 acres in size. Only the cool  
 side, or about 650 acres, is avail-  
 able for public fishing.  
 No fee is required to fish at  
 Alcoa. You can fish from sunrise  
 to sunset. But for safety reasons

no fishing is allowed at night.  
 This is one lake strictly for fish-  
 ermen! No motor larger than 15  
 hp. is permitted. Water skiing is  
 banned.

There is no natural inflow of  
 water into Alcoa. That's one rea-  
 son why Alcoa usually remains  
 clear and fishable, even during the  
 hardest of downpours.

Water for the lake is pumped  
 through a pipeline some 12 miles  
 from the junction of the San Gab-  
 riel and Little rivers.

Although only the cool side is  
 opened to fishing, biologists point  
 to the hot side as the real key to  
 Alcoa's success. They believe that  
 fish spawn in the hotter side the  
 year round, and that many fish  
 migrate down the canal to be  
 caught by fishermen in the cool  
 half.

Actually, one of the most popu-  
 lar spots to fish is where the  
 blockade cable is stretched across  
 the mouth of the canal at the cool  
 end. The cable is there to keep  
 boats from moving up the canal  
 and disturbing the fish.

There are two public fishing  
 barges at Alcoa. Many people  
 fish off these barges, which have  
 baited waters beneath them. But  
 many more go out in boats to  
 probe the shoreline weeds for cat-  
 fish, bass and crappie.

Alcoa is one lake that doesn't  
 fit the pattern of others. It offers  
 fishing spring and fall, summer  
 and winter. It stays good! Per-  
 haps the flow of cool and warm  
 water between the two parts has  
 something to do with it.

Crappie fishing at Alcoa reaches  
 its peak during the summer's two  
 hottest months, July and August.  
 Many big bass are caught dur-  
 ing the dead of winter, especially  
 near the mouth of the canal.

To date the largest catfish taken  
 from the lake is a 44 pounder.  
 Several flathead (yellow) cats in  
 the 30-plus class have been taken  
 ... all on sport-tackle. No trot-  
 line fishing is allowed.  
 Thus far, no really big bass

### Another Big-D Spectacular

Few tourists notice a town's  
 municipal auditorium. Not so in  
 Dallas, Texas.

Dallas' new and truly modern  
 municipal auditorium is imposing  
 enough to catch anybody's eye.  
 It's where you can see it, and use  
 it, too.

Rather than heading to the sub-  
 urbs with their public facility ex-  
 pansion "Big-D" built its \$8,000,

have come from Alcoa. However,  
 a couple of seven-pound-plus spe-  
 cimens have been caught. Ironi-  
 cally, both these were taken the  
 same day.

Jack Lewis of Rockdale has the  
 distinction of having caught the  
 largest bass to come from Alcoa  
 to date. But he admits that his  
 record won't stand up for long.

000 circular spectacular within  
 walking distance of the famed  
 downtown Dallas shopping dis-  
 trict.

The Dallas auditorium is span-  
 ned by a domed roof 300 feet in  
 diameter. Main auditorium seats  
 some 10,000 persons. Attached ly-  
 ceum, or little theater, seats a-  
 nother 1,750. There are 23 acres  
 reserved for parking.

### Old and New in San Antonio

San Antonio, one of South Tex-  
 as' leading and most exciting cit-  
 ies, is known to all for a combina-  
 tion of both the old and the new.

Best known of the old is, of  
 course, the Alamo and the many  
 missions.

Best known of new elements is  
 perhaps the numerous military es-  
 tablishments surrounding the his-

toric city.

There also is a little known dis-  
 tinction held by San Antonio that  
 combines both the old and the  
 new. This is the distinction of be-  
 ing host to a modern manufactur-  
 ing enterprise making one of the  
 oldest instruments known to man  
 —the flute.

These San Antonio-made flutes  
 are used world-wide. There are  
 only five other flute manufactur-  
 ers in the nation.

### Galveston's Old Federal Building

Galveston Island is no stranger  
 to Texas tourists. They bask in  
 the sun almost year 'round in  
 this recreational Gulf Coast play-  
 land.

Perhaps the most important ele-  
 ment for a successful vacation-  
 land is having enough attractions  
 to avoid tourist boredom. This is  
 the key to Galveston's success, as  
 there is plenty to see and do.

Least publicized, but far from  
 least appreciated of its attractions,  
 are its many fine homes and in-

teresting buildings.

One of these is the Old Federal  
 Building. Built in 1859, it housed  
 both the Confederates and Federals  
 during the Civil War. This build-  
 ing is known to be the best exam-  
 ple of Greek Revival Architecture  
 in the entire southwest.

### Highland Lakes

Some of the most scenic spots  
 in Texas are located in the High-  
 land Lakes of Central Texas.

This favorite vacationland for  
 tourists and Texans is entirely  
 man made, developed by harnes-  
 sing the flow and power of the  
 great and erratic Colorado River.

The first dam was built in 1890  
 to produce hydro-electric power.  
 It created famous Lake Austin.  
 This dam was destroyed in 1900,  
 rebuilt in 1915, and the present  
 dam built in 1938.

Now Lake Austin stands as only  
 one of a chain of seven lakes  
 stretching from Austin and wind-  
 ing almost 100 miles through the  
 wooded hills to the northwest.

## HD Agent Offers Demonstrations For 4-H Girls

Method demonstrations which are available for 4-H Girls of the county have been offered for use by Miss Louise Decker, Home Demonstration Agent for Runnels County.

Nine different categories are included in the list of method demonstrations, Miss Decker announces. They include: Dairy Foods Demonstration for individual and teams, Electric Demonstration, Co-operative Demonstration, Landscape Plant Identification, Poultry Foods, Public Speaking, Farm and Home Safety, Share the Fun, and Vegetable Preparation and Use Demonstration.

Dairy Foods and Public Speaking are demonstrations that will require a 4-H record book, Miss Decker said. These two categories are for individuals. Share the Fun demonstrations require from one to nine people, and the remainder of the contests must be composed of two 4-H members, she said.

These contests are divided into two divisions, junior and senior, the Home Demonstration Agent said. County winners in both junior and senior divisions will compete at the District elimination contests in San Angelo April 28. County judging will be held prior to that date.

Junior division will be for 4-H girls from 9 to 13 years of age, and senior division includes girls from 14 to 21.

Members of the county 4-H Clubs who are interested may contact the county Home Demonstration Agent for further particulars.

### Austin A Town Of Museums

Man progresses by looking forward but man learns by looking back.

With this in mind, Texas' centrally located capital city, Austin, is definitely a leader in education. Not just for the famed University of Texas and its other universities and colleges though. It is an educational leader through its wealth of museums full of history and artifacts of times past.

On the capitol grounds themselves are the museums of the Daughters of the Confederacy and the Daughters of the Republic. Both these museums have old guns, flags, and items used by

the early settlers.

A museum made from the picturesque studio of Elisabet Ney, the world renowned sculptress, contains many of the artist's mementos.

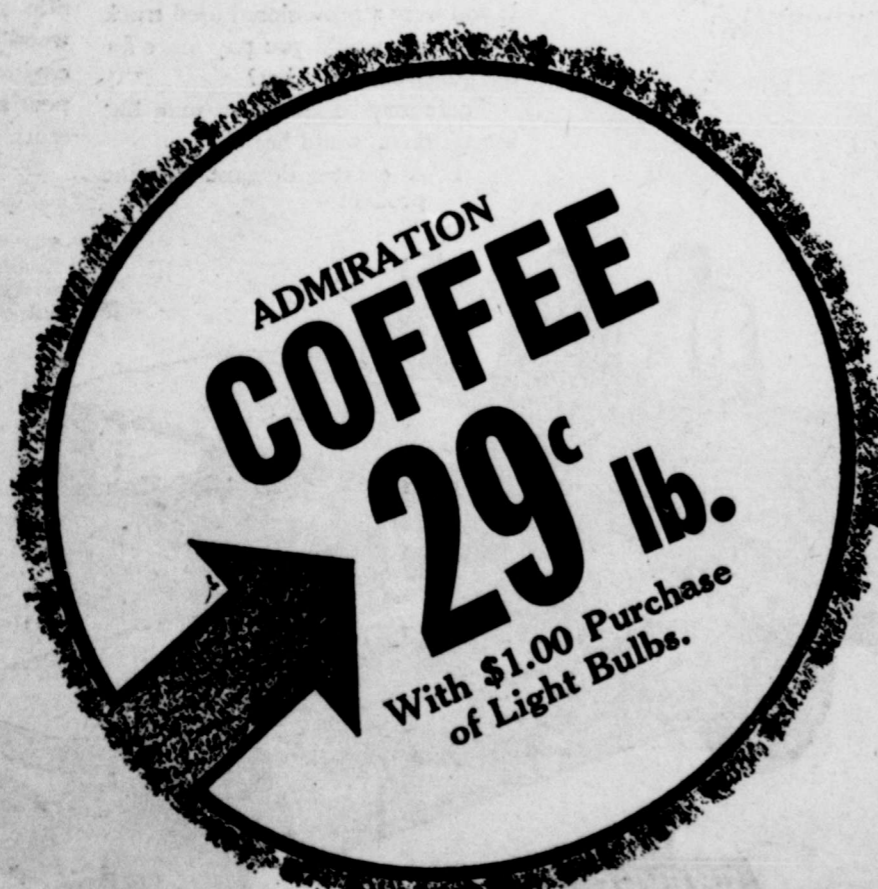

The atmosphere and surroundings of a short story genius are preserved at the O. Henry Museum. Here is found, in unique preservation, the dictionary the famed author memorized.

Last, but not least, the story of Texas, from fossil to wild west to oil wells is told through fascinating displays at the famous Texas Memorial Museum.

Paul Revere was America's first engraver.

### Measles-Hogan Wedding Ceremony Held In Plainview Church Saturday

Setting for the wedding of Miss Wilma Ruth Measles and Wendell Gerald Hogan Saturday evening at 6:30 o'clock, was the First Methodist Church chapel at Plainview. Parents of the couple are Mr. and Mrs. J. G. Measles of Plainview and Mr. and Mrs. M. H. Hogan of Winters.

The Rev. J. R. Hennings of Olton, Presbyterian minister, officiated for the double ring ceremony, before the altar outlined with baskets of greenery and candelabra with votive lights.

Candles were lighted on the altar table and the family pews were marked with bows of green satin.

Wedding music was played by Mrs. J. W. King, Jr., organist, and Homer Garrison, soloist who sang "Oh Promise Me", "Because," and "The Lord's Prayer."

Given in marriage by her father the bride wore a gown of white silk organza over taffeta, fashioned with fitted bodice, decollete neckline, long tapering sleeves and the floor-length bouffant skirt extending into a brief sweep. Applique patterns of roses and leaves of the organza, accented with seed pearls and iridescent sequins adorned the bodice and flowed gracefully down one side of the skirt to the hemline.

The bride's elbow length veil fell from a crown of lace studded with pearls and her bouquet of white roses, centered with a corsage of white gardenias was arranged on a white prayer book.

Attendees of the bride were Mrs. Jack Hysinger, Lawton, Oklahoma, matron of honor, Mrs. Coy Chisum, Tulsa and the bridegroom's sister, Miss Judy Hogan, Winters were bridesmaids, Sharia Kay Grant, niece of the bride, Littlefield, was flower girl.

Miss Tonya Demco Caddel, the bride's niece and John Hogan, brother of the groom, were candlelighters.

The feminine attendants wore identical dresses of pale green slipper satin, styled with fitted bodices, scoop neckline and street length bouffant skirts. They wore dyed to match satin slippers and matching head-pieces of green tulle attached to green satin crowns and trimmed with small green bows.

The matron of honor and bridesmaids each carried a single long-stem white rose, and the flower girl had a nosegay of white flowers in an ivory basket trimmed with green ribbon.

Burnell Lawery of Newhome attended the groom as best man. Groomsmen were Joe Elvins and Bill Rusk, both of Plainview. Ring-bearer was Bryan Measles, nephew of the bride. Jim Measles, the bride's brother and C. B. Cline

Jr., were ushers.

A reception in the church parlor followed the chapel service.

Sisters of the bride, Mrs. Odie Caddel, Plainview, and Mrs. Billy Tom Grant, Littlefield, presided at the serving table, Mrs. Mayo Duke registered guests.

A St. Patrick's Day theme was used in the reception decor with green punch and the traditional wedding cake topped with miniature bride and groom. The table was laid with white net cloth over a large green shamrock in center. The bride's bouquet arranged with two crystal candelabras holding green candles, placed over the shamrock formed the centerpiece arrangement.

For going away the bride chose a blue silk-and-wool suit with blouse of printed cotton satin matching the jacket lining. She wore black patent accessories and the gardenia corsage from her wedding bouquet.

Mrs. Hogan graduated from Tulsa High School and is presently secretary for Plainview Chamber of Commerce. Mr. Hogan is a graduate of Winters High School and has a B.S. degree in agriculture education from Texas A. & M. College. He is salesman for the Plainview office of Gifford Hill Western.

### City Spending Down Percentagewise Year By Year

General expenditures of local governments in the United States are increasing substantially year by year, but these costs of local government are considerably lower as a percentage of national income than thirty years ago.

In 1960, general expenditures of local governments—cities, counties, school districts, special districts, etc.—were \$33.9 billion compared to \$5.8 billion in 1932. The 1960 local expenditures, however, took only 8.1 percent of the national income as compared with 13.6 percent in 1932.

Significantly, local expenditures now represent 65.4 percent of the combined state and local general spending as compared with 74.7 percent 30 years ago. In terms of 1954 prices, the per capita general expenditures of local government are now \$151.80 compared with \$117.03 in 1932.

The significance of this may be interpreted as a resurgence of local responsibility for civil governments as part of a long-term trend away from reliance upon the Federal government. The local expenditures since World War II have remained below the pre-war level as a percentage of national income. However, the curve is upward.

Local expenditures in 1946 took 4.4 percent of the national income. During the first five years of the 1950's, local expenditures remained in the 6.1 to 6.8 percent range. The level in 1956 was 7 percent and in 1957, 7.3 percent. Since 1958, local expenditures have hovered at or near the 8 percent level.

The present 8 percent of national income level equals the 8 percent figure attained in 1940 and approaches the 8.4 to 13.6 percent range established during the 1930's.

The principal increases in local government expenditures have come primarily for education and payment of interest on general debts. The local outlay for education has increased 160.6 percent from 1950 to 1960. Local government outlays for debt interest increased 224.9 percent during the same period.

The costliest government function of local government is education. In 1927 education took 34.6 percent of local general expenditures, but in 1960 education accounted for 44.7 percent of local government costs nationwide. The dollar increase was from \$2 billion in 1927 to \$15.1 billion in 1960.

Interest costs increased from \$501 million in 1927 to \$1.1 billion in 1960.

Other functions of government which increased sharply in cost during the decade of the 1950's include local parks and recreation, up 153 percent; police and local fire protection, up 121.1 percent; health and hospital, up 137.1 percent; sanitation, up 107.1 percent. Public welfare costs increased only 38.9 percent from 1950 to 1960 for local governments. Highway outlays during the same period increased 82.4 percent. Local housing and community redevelopment activities increased 88.1 percent over the decade, rising from \$452 million in 1950 to \$850 million in 1960.

In fiscal year 1960, state and local governments spent \$51.9 billion for general government purposes and received about \$7 billion in grants and shared revenues from the Federal government. The Federal government's role in relation to local government responsibility is, however, undergoing a significant although little-noticed change.

### Health Letter

Reported cases of infectious syphilis in Texas increased by 28 percent last year, a tabulation of State Health Department records shows.

Communicable disease control authorities say the figure is still significant, but the rate of increase is so much lower than the 93 percent gain registered for 1960 that they are cautiously optimistic about further improvements.

The discovery of penicillin in 1943 marked the beginning of a new era in venereal disease control. Prior to the development of the new drug, treatment was so long and unpleasant that most patients never completed it.

Penicillin made successful treatment possible in a matter of days rather than weeks or months. Using it as a tool, medical practitioners and public health officials began an intensive campaign to force syphilis into the ranks of "has been" diseases.

Many infectious patients were located when various states passed laws requiring pregnant women and couples contemplating marriage to have blood tests. Mass blood testing by industries and institutions located still others.

Techniques of interviewing "contacts" of known patients were developed and as each chain of infection was traced and identified, additional cases came under medical treatment. By 1948 the incidence of infectious syphilis began to decline.

The decline continued until 1955

when complacency—perhaps due to over-confidence—caused a lack of interest in syphilis control. The downward spiral leveled off and case incidence remained fairly constant until 1958.

The following year's statistics revealed the disease to be on the increase throughout the United States. Texas recorded a gain of 47 percent during 1959 and that astounding 93 percent in 1960.

To counteract the menace, the Texas State Department of Health in July 1960 accelerated its syphilis control program to emphasize:

1. Greater activity in detecting infectious patients and their contacts, and a rapid exchange of information by long-distance telephone concerning possible contacts.
2. Close cooperation between private physicians and health department personnel in matters pertaining to venereal disease contact investigation.

## why?

Week after week carefully tabulated figures published in "Automotive Market Reports" show that Chevrolet trucks are worth more in resale value.

If you were a professional used truck buyer, why would you pay more for one make than another?

There may be several reasons, but among them would be:

1. A greater demand for the product
2. A more desirable product resale

So if used Chevrolet trucks are consistently bringing higher prices at auction all over the country, it means their quality features pay off for you not only as long as you own them—but also when you are ready to trade them—double-wall cabs, doors on side panels, roof insulation, wood floors, reliable and economical engines, real rugged tailgates, a pension system that helps produce truck life.

See your Chevrolet dealer for quality '62 Chevrolet jobmaster trucks.

"Automotive Market Reports" is a widely distributed nationwide publication which shows average prices paid for used trucks and cars by professional buyers at auctions all over the country.

See your Chevrolet dealer for trucks that keep working and working and working and working!

Highline routes to GROWTH UNLIMITED

High voltage transmission lines carry electric energy throughout our service area.

As the area grows, our high lines must be expanded to keep pace with this growth.

The pictures here show construction progress on current and recent high line additions. This vast undertaking is part of our multi-million dollar expansion program.

It is a symbol of our faith in the future of The Center of the Southwest. What's more, it is tangible evidence that we are convinced this area faces GROWTH UNLIMITED.

**STRANGE FRUIT**—On the surface it might appear that the sides of the Winters Garden Club had discovered a rare tree, which produces tin cans, beer bottles, old shoes and a hundred other things. But the "fruit" shown above was used to drive home a point in the club's drive to clean up our town and keep it clean.

They planted the tree in front of headquarters last Saturday to call attention to all the trash which can be found on the sides of our roads and in our streets and vacant lots. Looking over the

### Mr. and Mrs. R. H. (Bob) Herrington of Tuscola To Observe Fiftieth Anniversary

### Lovers Club Event Attended By 150 Thursday Evening

About 150 people attended the annual Ladies Night banquet of the Winters Lovers Club last Thursday evening at the school cafeteria. When members of the club honor and their wives.

Dr. Charles Jarvis, San Marcos dentist and humorist, was the main speaker. His talk, "Prescriptions for the 'Happy Life'" was punctuated by many humorous anecdotes and stories, and contained several points which Dr. Jarvis said were important in the search for a happy life. He said, "Quit looking for the knock on your door and enjoy yourself."

competing with the W.T.U., why should there be any particular issue in the coming city elections, unless one of these two competing legitimate businesses wants all the profits at the expense of the other? Is it an "all or nothing" issue? If so, does this mean the aldermen candidates want to force us voters to choose among them on this one issue alone?

As long as both utility businesses are operated competitively, isn't that good for the community to benefit from both of them? But, if you tell me we citizens must choose between them, then as a citizen and shareholder in the community, I shall be forced to choose the one that can benefit the community most, (the one helping to pay the city's expenses — not some business who takes its profits out-of-town. Does the W.T.U. care if there is dissension causing friends to distrust friends because of their franchise, or do they seem to care if the city can meet its financial needs and obligations to the citizens? Should they care? They are in business to pay their bills the same as each of us. As any business or resident of Winters is ex-

pected to pay their expenses, the W.T.U. pays theirs, also, they give them. ONE business, (the privilege to conflict in order to profit at the expense of the other?)

As a qualified voter some qualified voters could the W.T.U. own private interests in their qualifications in the CITY OF WINTERS, an administration, the streets, police, etc. Otherwise, how to know who or what is actually deciding the community?

Yours truly,

### "Litterbug Tree" Shown On Main Street Saturday

Cooperation with the public service organization, "Keep America Beautiful, Inc.," the Winters Garden Club has adopted as one of their projects this year the program for litter prevention on streets and highways.

An effective demonstration was set up Saturday in front of headquarters by members of the club who gathered litter from streets and highways entering the city.

Litter from a small tree were draped with litter of various kinds. One was a bottle, a cigarette butt, a paper picnic tin, a can, and beneath the tree were old car tires, fan belts and any number of other articles.

This last year's trash family children and a desirable roadside planting, putting the taxpayers to unnecessary expense as well as constituting a fire and accident hazard. It is estimated that litter on highways cost taxpayers \$20,000,000 in the U. S. last year.

Members of the club distributed pamphlets to people who passed by the demonstration on South Main Street.

### Band Dads Present Surprise Concert At Club Meeting

An unscheduled and unexpected concert of songs and ensemble entertainment recently when members of the Band Mothers Club celebrated Dad's night.

Musicians on the unscheduled program were not from the High School Band, however, but were several fathers of band members.

The group was called unexpectedly from the same 20 dad's present. A. Dooley, superintendent of schools at Wingate, performed on the euphonium; Weldon Middleton, science teacher at Winters High School, on trombone; J. W. Bahman, Winters jeweler, on tuba; G. W. Anderson, West Texas Utilities manager, on jingle bells; G. W. Sneed, manager of Bianelli Bros. on the cowbell and drum stick.

After a short period of instruction from band director Robert Gauss, the members of the ensemble gave their version of a Latin American number.

Students who played the U.S. ensemble for the group were Jerrill Elliott, James Rice, Larry Shepard, Mattie Mathis, Bob Sneed, Donald Kozelzy, Pam Bedford, Jerry Sneed, Collier Randolph, Cassie Bahman, Wes Huys, Robin Middleton, Reed Saecker, Jerry Homonick, Irvin Smith, Gary Keiser, Tom Griffin and Richard Cook.

Nannette Moore and Russell Bedford were presented in solo numbers.

The contest between the band students for the most percentage of parents present at the annual

Dad's Night was won by the senior high school group with 81 percent present. Approximately 50 parents and students were present.

The business meeting conducted after the program was presided over by Mrs. J. W. Bahman, president of the Band Mothers Club. Reports from various officers were received, and a nominating committee was appointed. Chairman of the committee is Mrs. Sam Jones.

The next regular meeting of the Band Mothers Club will be April 10 at 8:15 in the Bizzard Band Hall.

### Mrs. S. A. Michaels, Blackwell Resident, Funeral Thursday

A longtime resident of Nolan County, Mrs. S. A. Michaels, 77, died at 8:30 a.m. Wednesday at her home in Blackwell after a lengthy illness.

Born Dec. 20, 1882 in Limestone County, she married S. A. Michaels Dec. 20, 1899. Mr. Michaels died Jan. 29, 1959.
