NUMBER 7

4 Local Candidates In June Run-Off

Only four local candidates will be listed on the ballot for the June run-off, along with the list of candidates for State office, following last Saturday's Democratic Primary election.

Herman Baker, who received 290 votes for Justice of the Peace, Precinct No. 5, will be opposed by J. P. Henderson, who received 206. B. B. Henry received 144 votes in that race.

The other race to be decided in the run-off is for Constable of Justice Precinct 5. Billy Simpson led the ticket with 293 votes, and will be opposed by Aaron Wells, who ran as a write-in candidate, receiving 186 votes. R. L. Howard received 161 votes.

Melvin Mapes, candidate for reelection as Commissioner, Precinct 2, had no opposition. He received 684 votes Saturday.

Candidates for county offices to be filled this year saw no opposition in the primary, and for all practical purposes, have been re-elected for another term. Willie Stephens, District Clerk received 2436 votes, county-wide. W. H. Ramsey, County Judge, 2385; Frankie Berryman, County Clerk, 2431; Otis Jacob, 2444; W. E. Elkins, County Superintendent, 2419; Felix Itz, County Surveyor, 2441; and Claude Mansell, County Democratic Chairman, 2440.

Dorsey B. Hardeman of San Angelo won the Democratic Primary race for State Senator. In Runnels County, Hardeman received 1277 votes against 1035 for W. A. Stroman.

Ben Barnes of Comanche County, with no opposition in the race for State Representative, received 2416 votes in Runnels County.

Congressman O. C. Fisher, who also had no opposition in this primary, received 2351 Runnels County votes.

Runnels County voters voted against all three propositions on the primary ballot. Propositions No. 1 and 2, the "legalized gambling" propositions, received, respectively 732 For, and 1492 Against and 750 For and 1467 Against. Proposition No. 3, the "poll tax" amendment proposition, received 732 For, and 1484, Against.

Runnels County people did not go along with the rest of the State in their choice in the Governor's race. Will Wilson led the ticket in the county, receiving 740 votes, with John Connally in second place with 480. County tally for the other four candidates was Edwin Walker, 373; Marshall Formby, 368; Price Daniel, 271; and Don Yarbrough, 159.

Returns from the ten precincts in North Runnels County showed a different trend from the county-wide vote.

Edwin Walker, 76; and Yarbrough, 41.

Total county vote was 2469. In Precinct Democratic Conventions Saturday afternoon, the two Winters precincts elected unopposed delegations to the Democratic county conventions. W. M. Hays was elected permanent chairman and Fred Young, secretary, for precinct 7. In Precinct 26, T. H. Worthington was elected chairman, and W. T. Billups, secretary.

E. Y. Buckner Named President Of Lions Club

E. Y. Buckner, superintendent of the Winters Municipal Light Plant, recently was elected president of the Winters Lions Club. He was elevated from the office of first vice president.

Other officers of the service club elected include J. W. Bahlman, first vice president; Mord Tucker, second vice president; Robert Christian, third vice president.

Dr. Z. I. Hale was re-elected secretary-treasurer, and Jerry Ward, tail twister. Rankin Pace will be the new Lion tamer.

Tamala Gans was re-elected club sweetheart and pianist. Directors of the organization for the new club year will be Lee Harrison and James Nevins, 1-year; and Charles Hester and George Beard, 2-year terms.

Installation of the new officers will take place the first of July.

Boy Scout Troop 49 Met Monday

Boy Scout Troop 49 of Winters met Monday evening at the Scout Hut for their regular meeting. Following the opening the boys worked on merit badges and ranks.

Present for the meeting were Ricky Robinson, Gary Holmes, David Burnett, Jimmie Burnett, Biff White, Bob Jones, Jimmie Van, Phil Harrison and Johnny Craven.

VISITED IN MARFA

Mr. and Mrs. Charles Yates, Sherron, and Mrs. W. J. Yates were in Marfa and Alpine last week on business.

Several Awards Presented At FFA Banquet Thursday

Awards for outstanding work in the Winters chapter of the Future Farmers of America were presented to members of the chapter at the annual FFA Parent-Son banquet Thursday night. Other awards were presented to adults of the community in recognition of their work with the FFA.

Roland Smith of Jim Ned High School, Tuscola, State Vice President for Area IV, was the principal speaker for the evening.

Ronald Colburn was awarded the Chamber of Commerce Outstanding Feeder plaque. Eugene Mathis received a plaque as the Outstanding Chapter Award from the Chamber of Commerce, and Jeryl Priddy received the Chamber of Commerce plaque as the senior FFA member with the highest scholastic record. J. W. Bahlman, president of the Winters Chamber of Commerce, made the awards.

Johnny Mathis, a first-year FFA member, received the Lions Club Outstanding Greenhand Award. R. C. Thomas, president of the Winters Lions Club, made the presentation.

Honorary Chapter Farmer Degrees were presented to Johnny Bob Smith, business manager of the Winters Schools, and A. W. Libbe, of American Supply Co. Officers of the chapter made the presentation.

Douglas Colburn and Weldon, fathers of FFA members, received the Most Helpful Parent awards from members of the chapter.

Jerry Durgan, Winters High School manual training teacher, was presented the Most Helpful Teacher award.

The chapter sweetheart and two chapter queens received jacket awards. Sharon Johnson is sweetheart, and June Puckett and Gwen Caskey are chapter queens.

About 135 members and guests were present at the banquet. Guests included parents of FFA boys, school board members, persons holding degrees of Honorary Chapter Farmers, and others who contributed much to the work of the chapter.

Officers for the new year were installed. They include Eugene Mathis, president; Ronald Colburn, 1st vice president; Kenneth Adams, 2nd vice president; Johnny Mathis, 3rd vice president; Jim Shook, secretary.

Also, Donnie Gibbs, treasurer; Jimmy Simpson, sentinel; Michael Deike, reporter; Randall Sprinkle, historian; Tommy Burton, parliamentarian; Edwin Deike, chaplain.

East Side Church Of Christ Meeting

R. L. Wall of Odessa will preach for the services Sunday, May 13, at the East Side Church of Christ it has been announced.

Preaching time will be 10:30 a. m. and 7:30 p. m. and the public is invited to attend.

Schedule Field Review Of The Work Plan Of Valley Creek Watershed For Tuesday

Hugo Vogelsang, chairman of the board of directors of the Valley Creek Water Control District, has announced that a field review of the Work Plan of the Valley Creek Watershed will be made at the regular meeting of directors, Tuesday, May 15, at 8 p. m. at their Wingate office. He said that besides the seven local sponsoring organizations, 31 other interested groups and agencies have been invited to participate in the review.

Vogelsang said that the estimated installation cost of the Valley Creek Project, to be borne by the Federal Government, is \$2,023,951, which will include 20 flood water retarding structures, three of which will be in Runnels County, six in Nolan County and eleven in Taylor County.

In commenting on the annual benefits, Vogelsang said that for each dollar spent on this project the people of the watershed will receive \$1.20 worth of benefits in the form of reduction of floodwater damage, sediment damage, flood plain erosion damage, and benefits from changed land use.

Vogelsang also reported that the directors of the Valley Creek Water Control District are now in the process of preparing the land rights of documents. In the near future, he said, directors will start securing the necessary easements from the landowners whose places are involved in the structural works of improvement.

Upon completion of the specified period for inter-agency review and determination that statutory requirements have been met, and if there is no apparent conflict with other water resource projects or programs, Williams will sign the watershed agreement and submit it to the Bureau of the Budget with recommendations for approval by these committees, Vogelsang said. He will then return the plan to the State Conservationist and authorize Federal assistance in the installation of works of improvement.

COLLIER RANDOLPH

... Reading

Collier Randolph Wins First Place At State Meet

Collier Randolph, a senior student from Winters High School, brought home top honors from the University Interscholastic League competition in Austin Friday.

Randolph won first place in the state contests in Class AA boys' prose reading.

He is the son of Mr. and Mrs. James Randolph.

Lou Awalt and Ginger Gardner won second place in the state girls' doubles tennis competition, Class AA.

Edward Pope tied for second place in the State AA high jump contest.

W. W. (Bill) Wilson Wins Award For Oil Painting At Abilene

An oil landscape by W. W. (Bill) Wilson was one of the many paintings and art exhibits winning awards of merit at the Abilene Festival of Fine Arts Saturday and Sunday. The festival was held at the Fair Park.

Wilson had eight paintings on exhibit at the festival. One of them, an oil of a mountain lion, was among paintings shown on television from Abilene Sunday night.

Exhibits at the Abilene show included oil paintings, water colors, sculpture, photography and architecture. Works of art were not judged as to first, second and third place. Those deemed worthy by the judges were presented with an award of merit.

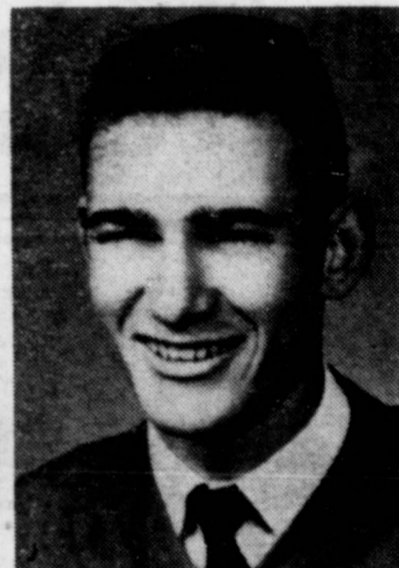

Wilson, tool and die maker at Winters Manufacturing Co., said he has been painting as a hobby for about eight years. He studied two summers at Duncan, Ariz., under Hal E. Empie, a well-known artist.

Most of his work has been landscapes, but he has done some portrait oils, he said. Some of his paintings have been offered for sale, he said.

EDWARD POPE

... Valedictorian

JIMMY JOHNSON

... Salutatorian

Honor Graduates Named At W.H.S.

Names of honor students of the 1962 graduating class at Winters High School have been released.

Edward Pope has been named valedictorian of his class. Jimmy Johnson is salutatorian. Top ranking girl of the Class of 1962 is Lou Awalt.

Pope, the son of Mr. and Mrs. Royce Pope, has a scholastic average of 94.03. He has been an outstanding athlete in Winters High School, having participated in basketball, and was a participant in the State UIL meet in the high jump. He tied for second place in the State meet. He is a member of the National Honor Society and has held class offices during his high school attendance.

Johnson, the son of Mr. and Mrs. J. L. Johnson, has a four-year scholastic average of 93.43. He participated in UIL competition, and won district in slide rule and number sense events. He is a member of the National Honor Society, and is vice president of the class.

Miss Awalt is the daughter of Mr. and Mrs. Virgil Awalt. She is the high ranking girl of the Class of '62 with a four-year scholastic average of 93.29. She is a member of the National Honor Society, and has held various class offices. She is one of the outstanding girl athletes in Winters High School, participating in all girls' sports. She placed second in State competition in tennis this year.

HONORARY FARMERS—Johnny Bob Smith, left, and A. W. Libbe are shown receiving plaques naming them Honorary Chapter Farmers at the annual Future Farmers of America Parent-Son banquet in the school cafeteria last Thursday night. Making the presentation was Jeryl Priddy, president of the Winters FFA chapter.

HELPFUL FATHERS—The Most Helpful Parent awards were presented to Weldon Mills, left, and Douglas Colburn, at the FFA banquet last Thursday night. Michael Deike, member of the Winters FFA chapter, made the presentation. (Photo by Little)

"America Depends On Us," Theme of Primary School Program Friday

The Primary School is presenting its annual program in the High School Auditorium on Friday night, May 11, at 7:30 p. m. The title of the program is "America Depends On Us!" This idea was conceived by the children as an outgrowth of the American Heritage studies this year and the pageant was written by Mrs. Dorothy Akins.

It has only been in recent years that Americans have discovered how rich a heritage they have in music. This pageant shows through songs, our great land and a still greater people. Speakers for the pageant are Hudson White Jr. and Vickie Fenwick.

The first grade children will sing Indian songs, reminding us of our first American people. The second grade children will sing "America, the Beautiful", "Our Country", "Father, Lead Me Day

by Day", "Columbus", "The Pilgrims", "Be Thrifty", "The Minutemen", "Sailor Boy", and songs about our flag.

The third grade children begin in the history of our country with George Washington and continue to our present time with the singing of "George Washington", "Yankee Doodle", "Pioneers", "Wait for the Wagon", "Lincoln", "United We Stand", "Battle Hymn of the Republic", "Oh Susanna", "Old Folks At Home", "The More We Get Together", "Salute to America", "I Am for Uncle Sam", "March of Freedom", and the "Pledge of Allegiance".

Approximately 240 children in the first three grades will sing in this pageant of "America Depends On Us". The public is invited to attend.

Honor Student Named At Recital

Marsha Nell Simons, daughter of Mr. and Mrs. Speedy Simons of Purcell, Oklahoma, was awarded top honors in progress made in first year piano under the study of Mrs. Bass.

Mrs. Bass, writers and composers of sheet music of Oklahoma City selected "River Boat", third grade music, to be played by Marsha Nell.

Those attending the recital in Purcell, Okla. were Mrs. Eunice Simons, Mrs. W. E. Puckett, Mrs. Ruby Guffey and nieces, Betty and Ginger of Buffalo Gap.

FROM DALLAS
Mr. and Mrs. Floyd Milliorn of Dallas spent the week end in the home of her mother, Mrs. Sam Griffith and also visited in the homes of his brother, Bill Milliorn and sister Mrs. Ralph Teten.

Band Concert Tuesday At W. H. S. Auditorium

The Award-winning Winters High School concert band, under direction of Robert Gans, will present the band and Girls' choir in Spring Concert Tuesday, May 15, in the high school auditorium. The program will begin at 7:30 p. m.

The choir program will feature both religious and secular music. The band will play the concert music which won for them their seventh sweepstakes award at the contests in Abilene recently.

Barbara Bolden, soprano soloist, will be featured with the band, singing "I Could Have Danced All Night." Sandra Cowan will conduct the band in presenting "Salute to Beethoven."

Diana Kozelsky will be featured as a soloist with the girls' choir, singing "His Way, Mine." Miss Bolden also will be featured with the choir in the presentation of "Give Us This Day."

The choir and band will present ten numbers each.

During the program, students who have won medals, letters and jackets will be presented their awards.

The girls' choir has a membership of 50 students; the concert band has 54 members.

Admission for this concert will be 50 cents for adults and 25 cents for students. Tickets for the concert may be obtained from any band or choir member, or may be purchased at the door on the evening of the performance.

ROGER BABSON SAYS

"Big Profits Come From Buying Into New Ideas, New Discoveries, Reading"

Babson Discusses Investing Vs. Gambling

I have spent the day reading a remarkable book—"THE PICTORIAL HISTORY OF WALL STREET"—368 pages size 12" x 9". This history shows clearly that the fundamental facts underlying investing during the past decades apply equally today.

(This is an anniversary of the New York Stock Exchange founded just 170 years ago.) Let me describe ten facts.

(1) Safety and income come from careful selection and supervision of your investments. Profits come usually from "gambling"; although your total investment will rise and decline in

your best buy in house paint...

SHERWIN-WILLIAMS

- Now better than ever
- Stretches the years between paint jobs
- For all types of exterior surfaces
- Easier than ever to apply
- Beautiful, fade-resistant colors
- Endorsed by leading painters

Spill Bros. Company

LOTS OF PULL—Strain is on the finger in this game of finger wrestling taking place in a beer hall in Munich, West Germany. Franz Erhard, left, and Josef Ofner face each other across a table during the Bavarian Finger Wrestling Championship Meets. The show of finger strength is a traditional sport of the mountain people, with simple rules.

"value" along with the Dow-Jones Averages. But big profits come from buying into new ideas, new discoveries, and scientific developments. To make big money, read scientific journals rather than ordinary financial news.

(2) Newton's Law of Equal and Opposite Reaction can be depended upon when the AREAS involved are properly considered. This was first noticeable when African slaves and gold were the only commodities traded on Wall Street 200 years ago. I believe that we will continue to have periods of Decline and Depression during the next few years. Congress can legislate only to temporarily postpone declines; but cannot change the AREAS involved.

(3) A study of Wall Street history during the past 170 years shows that dips in the stock market have always come unexpectedly, without warning. This was true when slaves, gold, or stocks were selling abnormally high—as at present. Such bear markets have always followed great wars, from Napoleonic Days through World War I. No such bear market has yet occurred following World War II. The D-J Industrial Average was around 100 in 1942 and has since climbed fairly steadily upward, standing around 670 today.

(4) Special groups of stocks have acted differently during the past 150 years. The demand for slaves and land declined from 1860-65 while the demand for gold and railroad stocks was very active. Then, being over-popularized—as the electronics and space stocks are today—they had a terrible slump with most of the companies going into receivership. Most of the stocks in the same group suffer more or less together; but different groups can act very differently.

(5) Bonds—other than governments—were almost nonexistent until 75 years ago when corporation bonds began to be issued. A study of quotations shows that the bond market is usually going down when the stock market is going up. Careful investors will hold both stocks and bonds in a proportion varying according to conditions. For instance, good corporation bonds can now be bought to yield 4 1/2 percent while the stocks of the same corporations will yield today 3 percent or less. Hence, the switching of stocks into bonds has now begun on Wall Street and it will continue until the stock yield equals the bond yield.

(6) Naturally, everyone who knows Wall Street will advise diversification of all kinds. Don't put all your money in stocks or bonds. Real estate can be bought in Central West and South West

at \$75 per acre. One must pay more to get land in an oil or mineral "terrain." There never will be any more land. If you can get enough rent for pasture land. When buying land, be willing to pay for adjoining fresh water. Someday fresh water in quantity will almost be "liquid gold!"

I believe in African gold stocks—also good Mutual Funds and especially insured savings to pay 4 1/2 percent. I once asked Thomas A. Edison who was the greatest inventor. He replied "The man who invented compound interest". The lower Manhattan Island—with Wall Street later its center—was bought from the Indians for a few trinkets valued at \$24.00. If the Indians had taken the cash and invested it at 6 percent interest, compounded quarterly, this \$24.00 would today amount to a round sixteen billion dollars. So don't forget the great power of compound interest even if the bonds yield you only 4 1/2 percent.

(7) Seek the professional opinion of investment advisers who have been in business over fifty years and have made money for their clients. Tell your adviser that you want to diversify according to the basic fundamentals—but that you are willing to do some gambling" by buying now into companies which may have a big future.

(8) Keep in good health—do not worry. Unless your health is good your judgment cannot be good. You do not need capital or a college diploma to gamble" successfully; but you do need good health, a good wife, plenty of sleep, and to say your prayers. The best "gamble" of all is a bunch of good children. Have enough of them and some are sure to turn out to be "whizzes"—very smart. Keep out of debt. I have never borrowed or loaned one dollar in my life or bought on margin.

(10) Profits must come from forecasting the future. Your bankers will call it "gambling". But every forward-looking man has been a "gambler"—from Columbus to those scientists who, like M.I.T.'s Provost Charles H. Townes, are now working on condensed light rays and masers and lasers! Forget the moon; but capitalize on four big things: (1) The heat of the sun; (2) the coming scarcity of fresh water; (3) the cellulose of wood and cotton, to give us cellophane, plastics, and fibers; and (4) science. Stick to these four fundamentals, although you can diversify your holdings over many companies.

We are living in a new age, the age of "television", fuel cells, ion engines, harnessing gravity, good bacteria. Don't spend too much time on present educational courses based only upon memory. Rather, learn to forecast the future by reading scientific magazines. In a previous weekly column I discussed stocks in good honest drug companies. Just now they may be selling for all they are worth. But these drug companies are great gamblers"; if you own their stocks they will do the "gambling" for you!

In closing let me say the U. S. Navy is supporting a project at Santa Fe Springs, California to

Control Cotton Insects For More Income

Want to increase the income from your cotton crop? One proven way to do this, says H. A. Turney, area extension entomologist, is to control insects. A properly performing spray rig is a must, and now is the time to get it in top working order.

Here are suggestions from Turney on getting the rig in order. Clean all nozzles by washing them in kerosene or soapy water. Check to see that all nozzles are the same kind and size. Replace all worn nozzles and hoses. Test the pump and pressure gauge. If they are not working properly, replace them. A breakdown during the growing season could mean dollars lost in time and cotton.

For the application of early season insecticides, Turney recommends the use of one cone-type nozzle per row. Nozzle spacings of 20 inches on the boom are adequate for late season control. Good foliage coverage can be obtained by placing the boom 10 to 15 inches above the tops of the cotton plants, he says.

The per acre output of a spray machine must be known before the correct insecticide mixture can be maintained or even mixed in the spray tank. The rig's output can be determined by spraying a measured acre. Local county agents can supply a chart which shows how far your spray machine must travel to cover an acre, and this will make the job of adjusting the machine for output of insecticide easier.

Turney suggests that you also ask the county agent for other information on insect control and especially for a copy of L-486, Insecticidal Spraying of Field Crops with Ground Machinery. He has other information proved by research and farm demonstrations that good cotton insect control programs are income producers.

The individual, or nation, unwilling to fight for its rights is not entitled to any.

make bacteria batteries! The chemists are raising bacteria for new insecticides. The seed dealers are using same to improve quality of seeds. Interest in good bacteria and other microorganisms is now so high that the American Type Culture Collection, the national repository for "germs" in Washington, D.C., is planning to build new facilities to house its expanding activities. Read more scientific news!

Hints Offered On Buying Hay

Visual inspection doesn't tell the story of what is inside a bale of hay. The true feeding value of hay is determined by several factors, points out Shannon Carpenter, area dairy specialist for the Texas Agricultural Extension Service, and challenges hay buyers to become 3T purchasers.

Carpenter explains the 3T formula this way. The first T is for test. If a ton of hay testing 4 percent crude protein is purchased, 300 pounds of cottonseed meal will have to be fed with it to make it equal the protein in a ton of hay testing 10 percent protein. It's good business, says Carpenter, to ask the hay seller for an analysis on his product.

The second T is for time. Time the hay was cut. Time since fertilizer was last applied to the crop.

ATHLETE'S FOOT GERM HOW TO KILL IT. IN 3 DAYS

If not pleased with strong, instant-drying T-4-L, your 48c back at any drug store. Watch infected skin slough off. Watch healthy skin replace it. Itch and burning are gone. TODAY AT SMITH DRUG CO. 6-42c

Time since the last crop of major importance, the hay will be fed. Ask the right answer isn't buying, do some more shopping. Carpenter's third T is ton, the usual weight which hay is bought. For a 60 pound bale of hay \$33 a ton, but a dollar pound bale equals \$24. The weight of the individual hay thus is very important. Buy by weight instead of by the number of bales.

It is indeed a pleasure for me to advise that I now have an excellent . . .

Fish Kill Plans Oak Creek Lake

Plans to control rough fish in Oak Creek Reservoir presented May 2 to the City Development in the Game and Commission, according to Markett, Regional Director.

Dale Sewing Club Met In Adami Home Tuesday

Embroidery work was done for Mrs. Charlie Adami when members of the Dale Sewing Club met in her home Tuesday for their regular meeting.

Licenseless Fishing Tops Arrest List

This is fishing season, and too many are going fishing without buying licenses, according to arrest reports of game wardens for the month of March.

Bird Collecting Permits Not Valid In Closed Season

Holders of scientific collecting permits along the Texas coast have been advised by the Game and Fish Commission that these permits are not valid on Galveston Island during the period from April 6 to May 10, 1962.

Sue Parker and Ray Gray Wed In Ballinger

Mr. and Mrs. Ralph Parker of Ballinger are announcing the marriage of their daughter, Sue Parker, on May 4, to Ray Gray, son of Mr. and Mrs. Marvin Gray of Winters.

The double ring ceremony was read by Ralph Byers of Ballinger. Attendants for the couple were Mr. and Mrs. Marvin Gerhart of Ballinger.

The couple will live near Winters where Mr. Gray is engaged in farming.

Among Students At Honors Day

LaGatha Faye Traylor, freshman student at Howard Payne College, was among the 103 students receiving awards in the annual Honors Day chapel program Monday morning in Mims Auditorium.

Miss Traylor received a Typing Speed Achievement Award. She is the daughter of Mr. and Mrs. J. E. Traylor of Winters.

Mrs. Albert Spill Hosted Lutheran Chancel Guild

Mrs. Albert Spill hosted members of the St. John's Lutheran Chancel Guild Friday in the church basement. Mrs. A. B. Spill opened the meeting with prayer.

Mrs. J. J. Wessels conducted the business meeting and Mrs. Ellis Ueckert read the minutes and roll call was answered with favorite verses from the Bible. Mrs. L. R. Hoppe gave the treasurers report.

Mrs. Albert Spill gave the devotional on "Friendship" based on the book of John. The group read the chapter "The Fair Linen" for their study topic.

Refreshments were served to eight members present and the meeting closed with the Lord's Prayer repeated in unison.

Dale Sewing Club Met In Adami Home Tuesday

Embroidery work was done for Mrs. Charlie Adami when members of the Dale Sewing Club met in her home Tuesday for their regular meeting.

Refreshments were served to Mesdames Charlie Adami, Carl Baldwin, Lloyd Compton, Reese Jones, Bill Mayo, Clarence Hambricht, Walter Kruse, Tip McKnight, W. I. Rogers, August Stoecker, Ernest Smith, Wilbur Phelps, Carroll Stoecker, C. E. Whitmire, Henry Vogler, Jack Whittenburg, Ernest Thormeyer, Herman Spill, Norbert Ueckert, Misses Effie Lehman and Emma Henniger.

The club will meet in the home of Mrs. Carl Baldwin, May 22.

Licenseless Fishing Tops Arrest List

This is fishing season, and too many are going fishing without buying licenses, according to arrest reports of game wardens for the month of March.

There were 94 arrests for fishing without a license during the month. In all, game wardens arrested 257 persons, and the courts assessed fines and costs amounting to \$3,889 for the month.

Although the deer hunting season has been closed since December 31, 1961, a number of arrests were made for killing deer in closed season, killing does, and hunting at night. In fact, there were 36 arrests made in connection with night hunting.

The licenses were suspended on 18 violators, and some of them paid fines amounting to \$200. A fishing license is required of all persons between 17 and 65 who fish outside their home county or who fish with rod and reel or other winding device any place in the state. The price is \$2.15 for either resident or non-resident.

Bird Collecting Permits Not Valid In Closed Season

Holders of scientific collecting permits along the Texas coast have been advised by the Game and Fish Commission that these permits are not valid on Galveston Island during the period from April 6 to May 10, 1962.

"Any collection of migratory birds made on Galveston Island during this period will be in violation of the terms of your scientific collecting permit, and will be subject to appropriate action," said J. B. Phillips, law enforcement coordinator.

This close-down was designed to protect certain relatively scarce species in the area.

Migratory bird collecting requires a permit to be issued by the Game and Fish Commission. They are for scientific purposes only.

Funeral Rites For Weldon Huntsman Will Be Friday

Funeral services for H. Weldon Huntsman, 35, who died at the Army Camp at Fort Carson, Colo., early Monday morning will be held at 2 p.m. Friday in the Spill Memorial Chapel with the Rev. Ray Elliott, pastor of the First Methodist Church, officiating.

He was found dead in bed and had presumably died in his sleep. Officials of the base ruled death by natural causes, probably due to a heart attack.

Born in Winters June 28, 1926, he was the son of the late Mr. and Mrs. L. A. Huntsman. Following the death of his parents, he made his home with his aunt, Mrs. A. D. Lee of Winters. He attended Winters public schools and joined the Air Force during World War II.

While in service he completed high school, graduating in 1944. He worked for the Humble Oil Co. for several years, and for his aunt in the floral business in Winters. He then worked in the oil fields until re-entering the service in 1948.

Mr. Huntsman was sent to Fort Carson in February. He was a member of the First Methodist Church and the Veterans of Foreign Wars.

Survivors include one son, Jerry of Houston; one brother, Doyle of San Angelo; and his aunt, Mrs. Lee of Winters.

Pallbearers will be Bill Craven, James West, E. E. Baldwin, Jim Hamner, John Edward McAdoo, Frank Brown, James Crockett and Billy Joe Robinson.

CARD OF THANKS

The kindness and sympathy of neighbors and friends in our recent sorrow will always remain with us as a precious memory. For the floral offerings, the ones who brought and served the food, to the nurses at the hospital and to Dr. McCrea, we are deeply grateful. Our sincere thanks and gratitude for all those comforting acts. The children of Mrs. N. F. Whitley. 1/2

The business man who depends on luck usually finds that when he needs it most, he hasn't got much of it.

Funeral Rites For R. R. Herrington Held At Tuscola

Retired Tuscola farmer, R. H. (Bob) Herrington, 72, died at 5:15 p.m. Sunday in Hendrick Memorial Hospital where he had been a patient since April 30.

Born Nov. 12, 1888, in Mississippi, at the age of 4, he moved to Hill County, from there, he went to Runnels County in 1903, to Taylor County in 1961. He married Annie Traylor March 24, 1912 in Bluff Creek community near Bradshaw.

Mr. Herrington was a member of the Baptist Church and the Tuscola Masonic Lodge.

Funeral services were held at 4 p.m. Tuesday in the First Baptist Church in Tuscola with the Rev. Thomas Young of View officiating, assisted by the Rev. H. B. Terry, pastor of the Tuscola Church. Burial was in the Bluff Creek Cemetery under the direction of Fry Funeral Home of Tuscola.

Survivors include his wife; five daughters, Mrs. Lee Keen of Henrietta, Mrs. Theo Sanders of Winters, Mrs. Charles Brooks of Hillsboro, Mrs. Raymond Horton of Loveland, and Mrs. Ben Leonard of Gustine, Calif.; three sons, Edgar of Abilene, Melvin of Odessa, and John Edward of Mercedes; four sisters, Mrs. Walter Hurt of Plainview, Mrs. W. D. Lewis and Mrs. Herman Vinson, both of Tuscola; and Mrs. Oscar Lawrence of Lampasas; four brothers, Bill of Gladewater, Frank of San Angelo, Ollie of Abilene, and John of Arlington; 13 grandchildren and five great-grandchildren.

IN TETEN HOME

Sunday visitors in the home of Mr. and Mrs. Ralph Teten were Jan and Lance Teten of Abilene, Mr. and Mrs. Irvin Teten and children, Jerry, Nancy and Patsy of Abilene, Mr. and Mrs. Floyd Milliron of Dallas and Mr. and Mrs. Bill Milliron.

VISITED FATHER

Mrs. J. T. Still, Elsie Sanders and Mrs. W. J. Yates visited Mrs. Yates father, N. C. Egger of Divide, Sunday.

WINGATE NEWS

From Edmond, Oklahoma, came Mr. and Mrs. Billy Bagwell and sons, Richard and Randy to visit his parents, Mr. and Mrs. Neal Bagwell.

Mrs. David Bryan spent Thursday night in Midland with her daughter and family, Mr. and Mrs. Eugene Rodgers.

Mrs. Summers is staying with Mrs. W. D. Smith now.

Sue Lindsey is home with her parents, the Raymond Lindseys, this week.

Gene Wheat is attending a training school in San Antonio this week. It is a course of Effective Selling by Humble Oil.

Mr. and Mrs. C. O. Bryan from Odessa are visiting Mr. and Mrs. Leslie Burns, Ronald and Donald from Lubbock.

Mr. and Mrs. M. R. Smith made a trip to Midland and Spryberry last week. Mrs. Smith stayed on for a longer visit and to help with the work. Billy's boys have measles and his wife had surgery.

The A. Dooleys went back to Hamilton this week end to see their mothers.

Mrs. Harter is improved from last week.

The band banquet held at Pierce's Cafeteria was real nice and enjoyed by all. The food was good and the decorations were pretty. The mothers who did the decoration did a swell job and was appreciated very much.

Mrs. Henry Adcock is at home after a two weeks stay in Bronco Hospital.

Mr. and Mrs. A. R. Wheat, Larry and Debra Jane of Midland spent Saturday night with the W. W. Wheats.

Mr. and Mrs. Clyde Dunn have returned from Junction after several days fishing trip.

Mr. and Mrs. Edwin Voss made a trip to Midland to visit their daughter, Mr. and Mrs. Andy Darney, Mike and JoAnn. They spent two days there and went to Odessa to visit Mrs. Dee Johnson. But she moved to Crane to live with her son as she was not feeling well enough to live alone.

Linda and Billy Tischler have measles.

The band concert is scheduled here for Friday night.

The purposes of the program "Rich Toward God" are to foster a feeling of gratitude to God, to emphasize that in sharing we attain personal fulfillment and to encourage a philosophy for the use of money whereby a person can live abundantly.

Each member made her pledge and the meeting was closed with the collect taken from the World Missionary Conference held in 1910 in Edinburgh, Scotland.

HOME FOR SUMMER
Walter Kraatz, student at Fort Wayne, Indiana, has returned home to spend the summer months in the home of his parents, Mr. and Mrs. Walter Kraatz. He will return to college in August.

T-C Garden Club Flower Show Held Saturday, Sunday

Town and Country Garden Club held their spring flower show at the City Hall Saturday and Sunday from 3:00 to 6:00 o'clock.

"Spring Is In The Air" was the theme used for the show.

We Will Send More Than \$34 Million To Public Schools Early In The Summer

Vern Sanford
Press Association

Payments of corporate taxes helped knock enormous deficit in the General Revenue Fund in 1961. State Treasurer reported a deficit of \$103,665, twelve days later, it was down to \$28,000. The deficit is expected to be lower than the peak reached a month ago. But he said when the next big bill is made out of the state, which might mean a deficiency again. State Comptroller Rovers said the state will have \$34,000,000 to publish in the summer.

CLOWNING AROUND

Television host Ed Sullivan applies make-up, right, for part as a clown in special show. Left, results of make-up application bring a big, clown-like smile. Show was taped in New York's Madison Square Garden.

Local offices of the employment commission are stocking application forms, which also may be secured from the Austin office.

UT LEASES UP FOR SALE

Some 35,000 acres of oil and gas leases owned by the University of Texas will be offered for sale at a public auction in the Commodore Perry Hotel in Austin on June 26.

All of the 101 leases on West Texas land parcels, ranging from 82 to 343 acres, will be sold for a term of five years, or as long as the oil or gas on the lands is produced in paying quantities.

Big difference in this 45th public auction is that the royalty from gross production has been raised from the one-eighth charged previously to one-sixth. Land Commissioner Jerry Sadler insisted on the change since state public school lands long have been sold on a one-sixth basis.

SHORT SNORTS

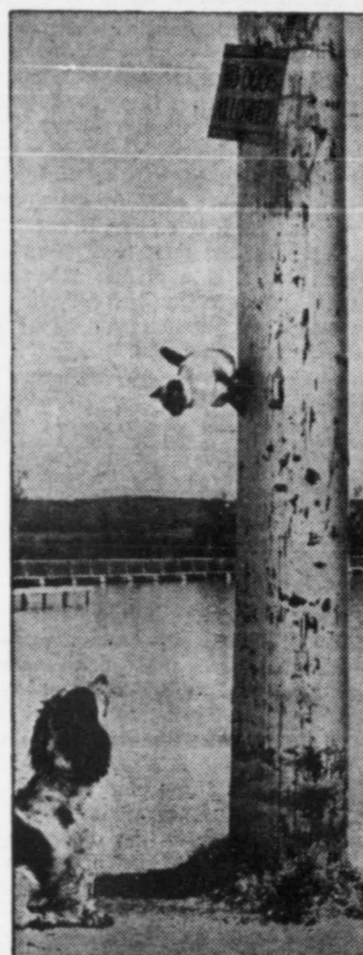

The New York Stock Exchange made a survey of security transactions in Texas and reported that the number of stockholders in the state zoomed from 160,000 in 1956 to 375,000 in 1959, with one Texan in every 26 a shareholder.

State Highway Department is arranging with Civil Defense officials to make departmental buildings available as public fallout shelters in the event of enemy attack.

Twenty-one inspection stations were closed by the Department of Public Safety as it began a crackdown on stations suspected of improper inspection of motor vehicles.

Albert B. Fay of Houston, Republican national committeeman, asked Gov. Price Daniel to proclaim May 26 "Republican Day" in Texas.

Governor Daniel saluted the 176 livestock markets in the state and designated the week of May 7-12 "Livestock Market Week."

POLE CAT

Judge, a dog, can't read or else he wouldn't be where he is. Siamese cat, Honey Pie, took refuge on Carlsbad, N.M., pole, too confident in the sign's message.

Spring Here; Fish Biting, Birds Nesting

Doves are beginning to nest, and the bobwhite quail are calling. H. D. Dodgen, executive secretary of the Game and Fish Commission, says game wardens and biologists throughout the state are now reporting nesting activity of game birds. Dove nests have been reported throughout the state, and quail are pairing off for the season.

Most of the Texas lakes also are reporting heavy runs of white bass and crappie. Although the March winds continue into April, fishing on inland waters has been very successful, with some unusually large bass reported this spring.

On the coast there was a slight run of Spanish mackerel, which received a setback from north winds during the past week. However, with the warming of the water, mackerel fishing is expected to be hot again in a short time.

Do not tell the world what you can do—show it.

JAMESTOWN BY FOSTORIA

Carefully crafted, hand-molded traditional pattern in rich interpretation.

BAHLMAN JEWELERS

HEALTH LETTER

The year 1961 was a banner year in one respect. For the first time, the accident rate in the United States was as low as 50 per 100,000 population, dipping to a level about three percent under the previous low set in 1960.

Provisional figures likewise show that the actual toll in 1961 was about 91,500 lives, a decrease of approximately 1,500 from the number in the year before.

Biggest decrease was registered in the death toll column of accidents in and around the home. Approximately 26,500 persons were killed in such accidents during 1961, a decrease of about 1,000 from the total in the preceding year.

Motor vehicle accidents took about 38,000 lives during the year, slightly less than the toll in 1960. The death rate from motor vehicle accidents also declined. The rate based on accidental deaths per 100 million miles was below the previous year's low of 5.3.

Catastrophes—accidents in which five or more persons are killed—were responsible for about 1,250 fewer than in 1960.

The main factor in this reduction was the smaller number of fatal injuries in major catastrophes—accidents in which at least 25 persons are killed.

Aside from three airplane crashes which killed 78, 77 and 37 persons, respectively, two natural disasters were the only major catastrophes during 1961.

One of these catastrophes involved Texas with Hurricane Carla. Accompanied by tornadoes and floods, Carla caused nearly 50 deaths in the Southwest and Midwest during the second week in September.

Other floods which struck the Midwest earlier in the year, during May, claimed 25 lives.

In accidents which killed five or more, motor vehicle accidents accounted for about 30 percent. Fires and explosions, largely in the home—ranked next with about one-fourth of the death toll.

In all accidents, the two most dangerous spots to be in—are automobiles and our homes, although

Soil Test For Phosphorus Now More Accurate

An improved procedure for determining soil phosphorus is now being used by the soil testing laboratories operated in the state by the Texas Agricultural Extension Service. Extension Soil Chemist W. F. Bennett said the change will give a better indication of the phosphorus status of the soil, particularly the heavy textured kinds.

The new procedure is the result of several years of research work by Texas Agricultural Experiment Station personnel, Bennett said.

Many soils will show higher phosphorus values with the new method. The change results in the removal of certain types of soil phosphorus not extracted by the previously used method, the chemist added.

The higher phosphorus values will tend to occur primarily in the heavy textured soils of the Blacklands, the Coast Prairie, Rio Grande Plain and the Rolling and

the death rate from these causes continues to decline.

In Texas, the most surprising figure was the total accidental death column which was identical to 1960, with 5,266 deaths. Motor vehicle deaths accounted for 2,373 in 1961, compared to 2,326 in 1960

High Plains. The Houston black clay soils, for example, which have been properly managed and fertilized with phosphorus during the past several years may show levels up to 40 to 60 pounds of phosphorus per acre compared with 10-15 pounds under the previous method of determination. The same will be true of the Pullman clay loams of the High Plains similar heavy soils.

The use of the new procedure in the soil testing laboratories will permit us to more accurately predict the need for phosphorus fertilizer, Bennett concluded.

Mrs. W. J. Yates Hosted Martha SS Class Tuesday

Mrs. W. J. Yates hosted members of the Martha Sunday Class of the First Baptist Church Tuesday evening in Pierce's Cafeteria. Mrs. Sam Cooke, president, presided for the meeting and Mrs. C. O. Rodgers gave the treasurer's report.

Mrs. Jake Smith led the opening prayer and Miss Mattie Cooke gave the devotional.

The meeting closed with prayer and refreshments were served to Misses Mattie Cooke, Flora Reese, Eunice Polk, Mesdames Sam Cooke, C. S. Jackson, Court Meeks, C. O. Rodgers, Jake Smith, W. J. Yates and two visitors Mrs. L. E. Low and Mrs. J. T. Stell.

Runnels County Has Received Traffic Safety Award

Runnels County has received recognition from Gov. Price Daniel for the showing in the Governor's Annual Traffic Safety campaign, according to County Judge W. H. Rampy.

Runnels County was listed as one of the counties with reductions of accidents ranging from 33 percent to 74 percent. This county had a 43 percent reduction. Records were compared with those of the previous three years.

As in the past, the awards were based on Department of Public Safety classification of cities and on official DPS records. The 1961 record was compiled in conformity with DPS statistical standards.

In a letter from Gov. Daniel which accompanied the award certificate, the governor said, in part, "Please accept my sincere thanks for the fine contribution you (Runnels County) have been making in behalf of traffic safety in Texas. With your assistance we have been able to save several hundred lives in Texas traffic during the past five years and this award is a means of expressing my gratitude for your interest and cooperation in this great public service."

Chemist Advises On Soil Additives And Conditioners

New products such as soil conditioners continue to appear on the market. Some may have merit, points out J. H. Valentine, area extension soil chemist, while others are of questionable or no value.

Benefits claimed for the use of such materials may be stated in vague or misleading terms and based on opinion or pure fancy. It is usually unwise to purchase a material which bears no guarantee as to its formulation, adds the chemist. By not stating what is in the product, the seller is in no way liable, and existing laws such as those governing fertilizers have no jurisdiction over the manufacturer or seller, explains Valentine.

The primary soil conditioner for most soils is organic matter. Soil containing a modest one percent have 20,000 pounds of organic matter per surface six inches, says Valentine. Most Texas soils, he adds, have no known bacteria deficiency since an estimated 400 to 500 pounds of live bacteria are found in an acre furrow slice of soil. This population rises and falls depending upon the amount of residue returned to the soil and moisture and temperature.

Contrary to some claims made for conditioners, Valentine states, there is no known practical procedure for changing soil texture since texture refers to the size of the individual soil particles.

New Publication On Texas Peaches Now Available

Strong consumer demand for quality tree-ripened peaches has developed in recent years and Texas peach growers can increase their share of the market by catering to this demand. To do this, Texas producers must continually strive for better cultural practices and improved harvesting, transportation and marketing methods.

Peach growing is a highly specialized, intensive type of agriculture and a top-grade fruit is the result of a complex of cultural factors. A good site is important and a deep, fertile, well drained soil is essential. Other cultural practices, such as proper choice of variety, thorough site preparation, adequate spacing of trees, good pruning, proper fertilization and insect control are also indispensable.

In the production of quality fruit it is important that the peaches remain on the tree until they attain ripeness that insures good eating quality. This means that harvesting and marketing practices should be designed to protect the fruit and get it to the consumer in top shape. Picking and shipping containers should protect the fruit against bruising so that an attractive product will reach the consumer.

Decreasing handling and transportation time has become more important because of the perishability of tree-ripened fruit. Texas peach growers, therefore, tend more and more to market their fruit in a local area and avoid long hauls to market.

For more information on the Texas peach industry, get a copy of the recently released Texas Agricultural Experiment Station-Texas Agricultural Extension Service publication B-986. A copy of this bulletin, "Production and Marketing Practices for Texas Peaches," may be obtained from your local county agent, or the Agricultural Information Office, College Station, Texas.

Structure of clay soils can be improved by the addition of certain materials but the cost may run as high as \$400 an acre, the chemist said.

Valentine suggest that farmers and others consider the product carefully before buying and if a purchase is made, not to expect the material to substitute for the plant food elements commonly supplied by commercial fertilizers.

Few people drop five dollar bills into the collection plate at church without seeing that the giver is properly identified.

District 22, VFW Convention Held Here On Weekend

Business meetings and election of officers Sunday wound up the conventions of District 22, Veterans of Foreign Wars and VFW Auxiliary. Approximately 75 members of the district attended the conventions which were held Saturday and Sunday.

Separate business meetings followed a full slate of activities which included a coffee, joint meeting and church services. The Rev. Chester Wilkerson, retired Methodist minister, conducted the church services.

Elected District 22 Commander was Mel Stanley of San Angelo. Others elected included John R. Richardson, senior vice commander; C. C. Paske, of Winters, junior vice commander; Robert Sprague, chaplain; Ted Meyer, of Winters, surgeon; Bob Donaldson, quartermaster; Glenn Cunningham, Judge Advocate; and J. L. Morrow, L. A. Marshall and Isadore Fisher, trustees.

Elected officers were installed at the meeting by Johnny McBroom of Canyon, junior vice commander of the Department of Texas.

Auxiliary officers who were installed by Mrs. L. A. Marshall of San Angelo, senior vice president of the Department of Texas, included Mrs. Bob Donaldson, president; Mrs. Emily King, senior vice president; Mrs. J. A. Henderson of Winters, junior vice president; Mrs. Glenn Cunningham, treasurer; Mrs. T. H. Parrish, chaplain; Mrs. Neville Fisher, of Winters, conductress; Mrs. L. N. Kirkpatrick, guard; Mrs. Henry Manns, secretary; Mrs. James James Crockett of Winters, patri-

Mrs. Alvin Moreland Died In Fort Worth Tuesday Evening

Mrs. Alvin Moreland, 72, former resident of the Wilmeth Community and a resident of Runnels County for 30 years, died in a Fort Worth hospital at 10:15 p.m. Tuesday.

Mrs. Moreland was born Nov. 30, 1889, in Grimes County and she was married to Alvin Moreland at Millerview June 10, 1906. She was a member of the Wilmeth Baptist Church until 10 years ago, when she moved to Fort Worth.

Funeral services will be held at 4 p.m. Friday at Wilmeth Baptist Church.

Survivors are her husband of Fort Worth; four sons, D. L. of Coleman, W. T. of San Angelo, A. W. of East Hampton, Conn., J. B. of Fort Worth; three daughters, Mrs. A. F. Northcutt and Mrs. J. M. Bridwell, both of Fort Worth, and Mrs. Earl Broadstreet of Wingate; four sisters, Mrs. Annie Ferguson of San Antonio, Mrs. Amanda Curtis of Reno, Nevada, Mrs. Sally Masters of Glendale, Ariz., Mrs. Minnie Latham of Holland; 14 grandchildren, and 27 great-grandchildren.

Burial will be in the Wilmeth Cemetery.

FFA Members Will Attend Area IV Meeting May 11-12

Several members of the Winters chapter, Future Farmers of America, their advisors, and the chapter sweetheart and queen will attend the Area IV FFA convention in Stephenville May 11-12.

Jeryl Priddy, president of the Winters chapter, and J. W. Aley, will attend the convention as official voting delegates from Winters.

Priddy also is a nominee for the Lone Star Farmer award, and a nominee for Area Star Farmer.

He will be competing against other FFA members of the area.

Ronald Colburn, who will attend the convention, is a candidate for Area IV vice president. He will be representing the Coleman district. He is District Star Chapter Farmer, and will compete for the Area IV Star Chapter Farmer award.

Eugene Mathis, Area IV president candidate, will represent Winters and the Coleman District. Sharon Johnson, Winters chapter sweetheart, will participate in the Area IV sweetheart contest.

Miss Johnson will be accompanied by her parents, Mr. and Mrs. Leo Johnson. June Puckett, Chapter Queen, will also go to the Stephenville convention.

The Winters FFA chapter is en-

tered in the State Chapter Rating Contest, which will be decided at the meeting in Stephenville.

Winners of the contests at Stephenville will go to the state contests in Ft. Worth July 18, 19 and 20.

Lon McDonald and Leland Robinson, Winters High School vocation teachers and FFA advisors, will accompany the students to Stephenville.

If dodging work is a paying business, there should be many millionaires around town.

"TO HELL AND BACK"

Blazing action adventure storms the screen of the State Theatre Friday and Saturday with the triumphant encore showing of two heroic American dramas based on true-life stories.

"THE LAWLESS BREED"

Big, rugged and handsome Rock Hudson portrays the greatest gunfighter of the Old West in "The Lawless Breed," the shock-filled screen version of the autobiography of John Wesley Hardin, whose life of deadly fury is etched in the violent history of the nation's frontier.

an, Julia Adams and John McIntire.

"The Four Horsemen of the Apocalypse"

"The Four Horsemen of the Apocalypse," one of the world's great novels, has been made into a powerful, emotionally stirring motion picture.

The gripping drama, set against a background of the German occupation of Paris and the suspenseful activities of the French Underground during World War II, is based on the book by Vicente Blasco-Ibanex, which has remained a best-seller ever since its first publication in 1918.

The Metro-Goldwyn-Mayer film version has a brilliant all-star cast headed by Glenn Ford, the renowned Swedish actress Ingrid Thulin in her first American picture, Charles Boyer, Lee J. Cobb, Paul Henreid, Paul Lukas, Yvette Mimieux and Karl Boehm, with hundreds of bit players and extras.

It was filmed in CinemaScope and color on a wide variety of locations in Paris and the surrounding countryside, with one of many outstanding sequences depicting the tumultuous scenes as the conquering Nazi soldiers take over the French capital.

Ingrid Thulin tells Glenn Ford that despite her love for him she cannot desert her husband in Metro-Goldwyn-Mayer's "The Four Horsemen of the Apocalypse." Based on the famous novel by Vicente Blasco-Ibanex, the big picture has an all-star cast, including Charles Boyer, Lee J. Cobb, Paul Lukas, Yvette Mimieux, Karl Boehm and Paul Henreid.

The Julian Blaustein production was filmed in CinemaScope and color largely on locations in Paris and the French countryside under the direction of Academy Award-winner Vincente Minnelli. Showing Sunday and Monday at the State.

Funeral Services For H. M. Wilborn At Holt Saturday

Funeral services for Harvey M. Wilborn, 94, resident of Winters since 1941, were held at 3 p.m. Saturday in the Holt Baptist Church.

Mr. Wilborn died at 1:45 p.m. Friday in Winters Municipal Hospital. He contacted pneumonia three weeks ago, and had been hospitalized with a heart condition since Thursday afternoon.

Born in San Saba County, July 17, 1907, he had been an invalid since he was very young.

Survivors include four sisters, Mrs. E. E. Shellhouse of Winters, Mrs. Andrew Smith of Bangs, Mrs. Troy Hughes of Edinburg, and Mrs. Arthur Barker of Pharr; four brothers, O. K. and E. L. of Winters, and D. C. and N. B. of Plainview.

Burial was in the Holt Cemetery under direction of Spill Funeral Home of Winters and his nephews served as pallbearers.

Requirements For Barbecued Meat Are Unchanged

The U. S. Department of Agriculture said no to a proposal which would have permitted the use of the term "barbecued" on labels for meat cooked by infra-red heat from an electronic source.

The USDA announcement on March 31 said barbecued meats prepared under Federal meat inspection will continue to be limited to products cooked by dry heat from burning hardwood or hot coals formed by burning hardwood.

The decision to make no change in present Federal requirements followed a 60-day review of all pertinent information, including comments and views received by the Director of the Meat Inspection Division.

In addition to specifying the sources of heat for cooking, Federal Meat Inspection requires that meats labeled as "barbecued" must be cooked for a sufficient period of time to permit the product to assume the usual characteristics of meat cooked over burning hardwood or hot coals from burning hardwood. These characteristics include the information of a brown crust and the rendering of surface fat.

Also, meat prepared in this manner cannot weigh more than 70 percent of the weight of fresh, uncooked meat.

Popular and stalwart Rock Hudson plays the rugged role of John Wesley Hardin, notorious frontier gunfighter, in Universal-International's Technicolor adventure, "The Lawless Breed." The picture is paired in an encore showing with "To Hell and Back," Technicolor-CinemaScope drama starring Audie Murphy Friday and Saturday at the State.

Audie Murphy, most decorated soldier of World War II, brings his war exploits to the screen in Universal-International's "To Hell and Back," Technicolor-CinemaScope production being encore presented with "The Lawless Breed," western Technicolor adventure starring Rock Hudson. Showing Friday and Saturday at the State.

Need For More Control Over Labor Unions

By Congressman O. C. Fisher

The steel-price controversy, coupled with plans announced by Jimmy Hoffa to weld together an empire of all transport workers in the country, has aroused renewed interest in the need for more effective controls over labor union monopoly activities.

A good example of the present imbalance is the steel industry. If U. S. Steel should decide to close down its plants tomorrow, actions would be taken to prevent it because of competitive and legal reasons. But the Steel Workers Union can shut down 90 percent of all steel plants at one time, and has done so several times. That is because of the monopoly which that union exercises not only over the workers in U. S. Steel, but over the workers in practically all the other steel plants. The same goes for the Automobile Workers' Union. And scores of other industry-wide union combines.

If, by contrast, several steel companies conspire to control any phase of their businesses, they subject themselves to heavy penalties through the vigorous enforcement of the antimonopoly laws. They will be indicted and prosecuted.

How can there be free and responsible collective bargaining and any hope for industrial peace in this country so long as that one-sided situation is permitted to exist?

Our antitrust Laws specifically exempt labor unions. That was enacted back in 1914 when unions were struggling and insecure. But times and conditions have changed. Today the highly organized unions are in fact big business themselves. They no longer need nor should they expect to be codded and wctured. They are grown up and they should be made to act accordingly.

I have introduced legislation a number of times to achieve this objective. Recently Senator McClellan has introduced a similar bill. And others have been introduced. But labor legislation is but rarely advanced unless there is a groundswell of public interest and demand on the part of the people.

It will be recalled that when the Taft-Hartley Act was approved, the House version of that law placed unions under antitrust laws. But the Senate struck that provision out, and a compromise Taft-Hartley Act left it out. If the public interest is to be protected, it is highly necessary that something be done about this weakness in our present laws—and promptly.

Crews HD Club Met Friday In Petrie Home

Members of the Crews Home Demonstration Club met Friday in the home of Mrs. M. R. Petrie with Miss Louise Decker, agent, guest.

Miss Decker presented a program on "How to do more work in less time". She stressed the importance of having a work plan for the day and to include a rest period. She demonstrated with an ill-arranged kitchen and a well-arranged one how necessary it is that you always have the equipment well arranged and in the correct place for the job you are doing. Miss Decker stated that it is much better to buy groceries once a week in place of each day.

Mrs. M. L. Wood, president, was in charge of the business hour and Mrs. A. S. Allcorn read the Homemakers Creed. Roll call was answered with "A new product I've tried".

A fruit plate, iced coffee and tea were served. Mesdames J. O. Hale, Owen Bragg, E. W. Bridwell, A. L. Wood, M. R. Petrie, Decker.

The next meeting, to be held in the home of L. Wood.

Whenever we hear lambasting the youth wonder what kind of...

Contrary to most people it is possible for to be healthy, wealthy...

The trouble with utility today is that it is an obligation.

Some businesses in spite of the methods in vogue.

Loading becomes when the doctor tells necessary.

L. Pratt of Winters. W. L. had recently visited with the New-

May Plentiful Foods In Tune With Spring

May plentiful foods—five on the official list—can make your menu sing a merry air, right in key with perked-up spring appetites, suggests the Texas Agricul-tural Extension Service. Milk and the whole family of dairy foods are the feature. Pro-duction in early 1962 was averaging more than 2 percent above that of a year earlier. It's at its peak in May and June. Further, lower milk support prices, effective Ap-ril 1, are being reflected in lower consumer prices on some dairy foods. Other items on the May plenti-ful foods list, as determined by the Agricultural Marketing Ser-vice, include tender broiler-fryers, canned freestone peaches, eggs and vegetable fats and oils. The supply of each is expected to

exceed normal trade needs. Broiler-fryers, once considered a rare spring treat, now rate high as a year-around economy meat. Prices have been unusually at-tractive, except for producers. Feb-ruary at-the-farm prices were the lowest on record for that month. And production in April, May and June is expected to increase more sharply than usual. Eggs are another typically spring item. Bidly is producing more, as she does each spring. And the number of Biddies is up 2 percent from a year ago. So eggs are plentiful; prices are low. Stocks of salad and cooking oils continue at record levels. They go naturally with the abundance of spring salad greens. And you likely will find many stores run-ning specials on canned freestone peaches this spring. Last fall's pace was huge. They're still plenti-ful.

EARLE SMITH'S

Coleman's Leading Jewelers COLEMAN, TEXAS

This is the time of the year when people who don't have a boat get the year's...

So, whether you're a boat owner or an owner-to-be...

It's not a large boat—in fact, it's only 11 feet in length...

Now you know what you're talking about—the new Boston Whaler.

At least you do if you've seen the demonstration picture...

Reasons for this are: (1) It has an outside and an inside hull...

Flotation is not just in the bottom either. It extends two inches thick to the sides.

When the Boston Whaler, the flotation is poured in a liquid form. When the liquid cools...

Ever notice how easy it is to fill the space between the two hulls? This helps strengthen the boat as well as keep it afloat.

Ever notice how easy it is to launch your boat? Well, you can launch it in less than 10 minutes.

Ever notice how easy it is to launch your boat? Well, you can launch it in less than 10 minutes.

Ever notice how easy it is to launch your boat? Well, you can launch it in less than 10 minutes.

Miles YWA Hosted Rannels Council Meeting Monday

The Young Women's Auxiliary Council of Rannels County met Monday night at the First Baptist Church in Miles with some 40 girls and counselors attending from 18 churches.

Dorthea Montgomery of Ballinger, president, presided for the meeting. Noret James led the group in singing and Sus Coleman of Miles presented the prayer.

Officers of the newly organized YWA of the Immanuel Baptist Mission in Winter were installed by Mrs. George Poe, WMI president of Rannels Association.

Mr. W. I. Scores, director, announced the next meeting which will be a summer party at Winters Baptist Church in Winters. She also

announced that Carolyn Shepherd of Ballinger had completed her election and two other girls were working on their two book clubs were reported at the Southern Church in Winters and the St. Church in Ballinger.

Council officers for 1962-63 were elected. Those who will serve are Linda Eoff, Winters, president; Janice Balkan of Miles, vice president; and Lydia Lopez, secretary-treasurer.

Comment, prayer, Linda Traving of Ballinger, community missions; Jo Ann Green of Ballinger, stewardship; Jane Coleman of Miles, pianist; and Janette Bucas of Miles, chorister.

At least 16 Texas girls in the name "Rock Creek" get the philosophy you to avoid worry.

TO RANNELS COUNTY VOTERS—

I would like to express my grateful appreciation for the confidence you have shown in me as evidenced by the vote in the recent election.

Although I had no opponent, I want you to know that I am truly honored by your support.

I pledge again my best efforts to operate the office of County Clerk in an efficient manner, so that we may be of service to all.

Sincerely,

FRANKIE BERRYMAN
County Clerk, Rannels County

To my Friends and Fellow Citizens of the 25th Senatorial District

I am most grateful for the vote and you gave me for re-election as your Senator.

Thank you very much.

Sincerely yours,

DORSEY B. HARDEMAN
San Angelo, Texas

Sheriff's Office Activities Increase in 1961 Over 1960

Personnel of the Rannels County Sheriff's office were busier in 1961 than they were in 1960, according to a report by Sheriff Don Atkins. The report indicates that violation of law is on the increase in the county.

Offense rates rose from charges for use of abusive language to murder by motor vehicle with auto-stealing, tampering, traffic violations and throwing trash on the highway in between.

According to the report, two charges for murder by motor vehicle were made in Rannels County in 1961. Also, officers worked on six cases of assault with intent to murder, with two of these reduced to charges of aggravated assault. Forty-six cases of assault were handled through the sheriff's office. One case of armed robbery was included in the report.

There were 10 instances of burglary by adults and juveniles, and five people arrested for embezzling.

Ten stolen cars were apprehended in Rannels County and five persons were arrested for car thefts. All cars stolen in the county were recovered according to the sheriff's department.

There were 31 cases of checking both felony and misdemeanors, the department said. Many of these cases are still outstanding.

Forgery also caused some trouble during the year. Ninety-seven cases were reported, seven by juveniles, and one instance of check-altering.

Eight escapees were apprehended in Rannels County on suspect parole jail status or on bond and was apprehended within three hours.

Forty persons were arrested for driving while drunk, with 3 being convicted and two pending trial. Fifteen minors were arrested for possession. Drunkenness accounted for 10 cases handled through the department, some of them juveniles.

Two cases were reported postponed, but no arrests were made. The department said. Seventeen were arrested for immigration violation, and five runaways were located. Twenty-two missing persons reports were filed, with subjects located. Five cases of sheep theft were reported, with two arrests made for this violation.

The department received 1500 calls and reports and made investigations where no arrest was made. Nine persons were arrested for carrying deadly weapons, and seven for gambling. Four were charged with resisting arrest, and three for interfering with an arrest.

Traffic violations accounted for 300 arrests, and 500 writs and processes were served. The Sheriff's Department said that they are "trying to fulfill their obligations, and ask cooperation on the part of every citizen."

FW Road Work Scheduled For Rannels County

Plans for a \$1,000,000 highway program in Rannels County will be outlined in an approved plan for construction of new 7 1/2 mile highway in the State, it has been announced by the State Highway Department.

The district engineer said 2.5 miles in this county will be involved with an expenditure of \$4,000,000. The work will be under the supervision of W. B. Hoppe, senior resident engineer of Ballinger. It was not announced just where this work will be done in the county.

The work authorized for this county is part of the new \$2.5 billion F W Road Construction Program which will involve 179 counties throughout the state. Some 4,200 miles of newly designated farm and ranch roads will be built under the program.

Fleming C. Potts Jr., chairman of the Commission, pointed out that more miles of new farm roads will be constructed under this program than has been possible in recent years. Normally, about 1,000 miles of new 7 1/2 mile roads are added to the highway system each year, but the 1962 program represents an increase of more than 200 miles above the average.

Reason for the increase is the new Farm to Market Road Bill passed by the third called session of the 57th Legislature and signed into law the past January.

The bill established a long-range maintenance program for farm roads. This assured of funds for adequate maintenance of F W Roads, the Commission said.

Design standards have been modified to get more new miles than was possible in earlier programs.
