## Annual Rodeo Is Now Underway

Cowboys from all over West Texas this week began their annual trek to Winters to participate in the 16th Annual Rodeo Thursday, Friday and Saturday.

Frederic Poe, rodeo secretary, said that contestants started making application for entry in the various events as early as Monday morning, and applications increased rapidly up to deadline time Thursday noon.

First parade and riding events of the three-day rodeo were held Thursday afternoon and night. Hundreds of horses and riders, and several floats and vehicles took part in the parade Thursday af-

ternoon. Riding clubs from Coleman, Eastland, Ballinger, Colorado City and Baird had said they would take part in the parade. The Baird group, known as the Callahan County Sheriff's Posse, was scheduled to present a horseback quadrille in the rodeo arena on the first night.

Winters High School Blizzard Band, under direction of Robert Gans, led the rodeo parades.

In addition to the regular rodeo contests, the Bud Lucas Tumblers of Gainesville were booked to furnish special entertainment. They are being sponsored by Davidson G. In, Heidenheimer's and the Round-Up Association. The horseback quadrille presented by the Callahan County Sheriff's Posse Thursday was sponsored by Alderman-Cave Milling & Grain Co.

C. T. Parker, Runnels County Agricultural Agent is official announcer for this year's rodeo. Sound equipment is being furnished by Mrs. Baird's Bakeries of Abilene, and electric eye equipment for time events is being provided by Mark Griffis of Talpa. Wild rodeo stock is being furnished by Lloyd Woodley of Lampasas, who has furnished stock for rodeos here in several previous years.

Another parade is scheduled for Saturday afternoon, beginning at 4 o'clock. Floats which participated in Thursday's parade will again be in the Saturday parade, to become eligible for the prize money.

Working the arena again this year are the two clowns who have worked here before. They are Jack "Stringbean" Jackson, and Jim "Willie" Windsor of Henrietta.

Seven competitive events are being entered by cowboys and girls in this year's rodeo. They include bareback bronc riding, jackpot calf roping, team roping, steer wrestling, bull riding, girls' cloverleaf race and calf scramble. A belt buckle trophy will be awarded high point man in each event, it was announced.

Bareback bronc riding will be limited to 10 riders each night, with one go round for the three nights.

In the team roping contest, called in rodeo circles "heading and heeling," there is no limit to the number of teams, with each team getting two steers with two go-rounds and average time.

The jackpot calf roping event has no limit to number of ropers, with two go-rounds and average for three nights.

Steer wrestling provides for no limit to contestants, with two steers per wrestler and two go-rounds and average.

Bull riding is limited to 10 riders each night, one go-round.

Each night is a different contest for the girls' cloverleaf race, with no limit to number of riders.

The boys' calf scramble is being sponsored by the Winters State Bank.

## Methodists Will Dedicate Parsonage Sunday Afternoon

The public has been invited to attend open house and dedication services at the Methodist Church parsonage on West State Street Sunday afternoon.

Bishop William C. Martin of Fort Worth will conduct the dedication services at the parsonage, at 5 p.m., and will bring the message at the evening worship service at the church at 7:30.

Open house of the recently remodeled parsonage will be held from 3 to 5 o'clock Sunday afternoon, prior to the dedication, the Rev. Ray Elliott, pastor of the First Methodist Church, said. The pastor and Mrs. Elliott have invited the public to attend the open house.

Bishop Martin is resident bishop of the Dallas-Fort Worth area of the Methodist Church. He formerly was president of the National Council of Churches, and is a former president of the Council of Bishops of the Methodist Church. He is a world traveler, and is author of a number of books.

**HAD SURGERY**

## Joe Kraatz Will Preach Sunday At Lutheran Church

Joe Kraatz, son of Mr. and Mrs. Walter Kraatz, of Route 1, will preach the sermon and assist with Holy Communion Sunday at St. John's Lutheran Church, the Rev. A. W. Holck, pastor, announced this week. He will take part in the morning worship services which begin at 10:30.

A graduate of Winters High School and Texas Lutheran College in Sequim, Mr. Kraatz is a student at Luther Theological Seminary at St. Paul, Minn. He has completed two years of a four year schedule. He was assisted in the Hayti Lutheran Church of Hayti, S. D., and in the Minnehaha Lutheran Church in Minneapolis during the past year, in addition to studying at the seminary. This summer he is employed by the Winters Construction Co.

Mr. Kraatz will leave in August for Long Island, N.Y., to serve a year of internship under the Rev. Stuart E. Ensborg in Bethlehem Lutheran Church, Baldwin, N.Y. A year of internship, or working under the guidance of an experienced pastor, is required by the Seminary of The American Lutheran Church, of which St. John's is a member. His duties during internship will include working with the youth, calling on members of the congregation, preaching the sermon once a month, helping in the Sunday School, and assisting in the worship services of the congregation.

A native of Winters and a lifelong member of St. John's Lutheran Church, Mr. Kraatz was baptized in the church on August 28, 1938, by the Rev. C. N. Roth, now at Bulverde. He confirmed his faith in the church on Sept. 25, 1952, under the guidance of the Rev. L. D. Braun, now at Longview. During his teen-years he served St. John's Luther League as vice president, and was also the news reporter for the Federation. His hobby is coin collecting. He is 23 years old.

The public is cordially invited to attend the services at St. John's Lutheran Church Sunday, June 24, and to hear Mr. Kraatz deliver the sermon.

"Old Cowhands never die—they just ride and ride and ride. At least that's the way thousands of spectators and well wishers who visit the Texas Cowboy Reunion feel about Scandalous John Selmon who for 33 years has led the Grand Entry of 500-600 cowpokes and cowfolks into the arena in Stamford, where he will do it again this time in his 78th year, on July 2-3 and 4th.

"Man's old as he acts an feels" says Scandalous—"and this year I hoped bran over 2,500 head Range calves. I don't get out so much now as a pickup man off buckin bronchs—thets a younguns job—but I still try to stay in the arena jes in case somethin happens."

Actually when a maddened Brahma takes off with his horns down and blood in his eyes and heart—its still old Scandalous John who most often rides his pet clayback dun out to haze the bull out of the arena. Scandalous began his cowboy work in the 1890's and has never worked at anything else.

## Presbyterians To Have Special Meet At Church Sunday

The First Presbyterian Church will have a covered dish supper and Congregational meeting this Sunday night, June 24th. The supper will be at 7:00 o'clock and the Congregational Meeting will follow.

The purpose of this Congregational meeting is to elect Junior Deacons. The Session of the Church is to recommend the names of the following young men: John Craven, Larry Rives, Terry Rives, Mike Pumphrey, Rickey Dry, Sam Wood, and Ricky Robinson.

## Airman 2-C Vinson Graduate of Air Force Mechanic School

Airman Second Class James K. Vinson of Winters, has been named distinguished graduate of the United States Air Force bomb-navigational systems mechanic course here.

Airman Vinson was trained to operate and maintain bomb-navigational systems on the B-47 and B-52 aircraft. He is being reassigned to Schilling AFB, Kan., for duty in his new specialty.

The airman, son of Mr. and Mrs. J. D. Vinson, Route 1, Winters, is a graduate of Winters High School. He attended the University of Texas before entering the service in September 1961.

He is married to the former Martha C. Marks of Winters.

## VFW Official Visits Rowena Post June 13

James Crockett, Commander of District 22, Veterans of Foreign Wars, made an official visit to the Rowena VFW Post on June 13. He was assisted by W. L. Collins of Winters, District 22 Inspector, in reorganizing the Rowena Post, and installed officers.

Mrs. Crockett, district 22 president of the VFW Auxiliary, also met with the group to discuss reorganization of an Auxiliary unit at Rowena.

Collins also visited the Coleman post of the VFW June 15, for the purpose of helping to reorganize that organization. He and Crockett will meet with the group June 21 to install officers.

Carter Younts, senior vice commander of the Department of Texas, VFW, met with members of District 22 in San Angelo June 17. Attending the meeting from Winters were Mr. and Mrs. W. L. Collins and James Crockett.

**RADIOS FOR PATIENTS**—Five table model radios have been presented to the Winters Municipal Hospital by the Jaycee-Ettes, for

use by patients. Above, members of the organizations are shown presenting a radio to Mrs. Rose Lang, hospital superintendent. They are,

left to right, Morris Robinson, Mrs. James C. Colburn, Mrs. Lang, and Mrs. John E. McAdoo. (Little Photo)

## County Planning Group Named Committees

Sub-committees to do the actual planning and work have been named by the Runnels County Planning and Building Committee, it was announced following a meeting of the group in Ballinger Wednesday afternoon.

The committee, organized under the auspices of the Extension Service and working with the county farm and home demonstration agents, will study problems confronting residents of Runnels County, and formulate plans to solve them.

Several sub-committees have been organized, and will begin immediately to work on their individual projects.

Mrs. O. D. Bradford of Winters, was named to head the Youth Committee, and will be assisted by Mrs. Frank Gregor of Norton, Mrs. Ben Frerich, Rowena, and Slim Albro, Wilmethe. This group will work with plans to help the youth of the county. This is not a 4-H type of work, it was pointed out, but will work with all youth.

A public relations committee is headed by Clifford Cooke of Ballinger, who will be assisted by Bill Sykes of Ballinger and Dennis Poe of Winters.

Jack Fry of Ballinger will lead the field crop committee, and other members of the group will be named later.

The livestock committee is being headed by Elliott Kemp, and the home economics committee by Mrs. Ruth Clampton. Also on the home economics committee are Mrs. Dennis Poe, Mrs. Claude Simmons and Mrs. Hugo Vogel-sang.

An urban affairs committee has been organized. Price Middleton of Ballinger has been named to this group, and it is hoped that a representative from Winters will be named in the near future.

## RETURNED HOME

Mr. and Mrs. F. C. Mills returned home Saturday from Colorado and New Mexico where they visited their daughters and families. At Eunice, New Mexico they visited in the home of Mr. and Mrs. Clifton Poe and Mrs. Poe and the children accompanied them to Colorado Springs where they visited Captain and Mrs. A. A. Morinello at the U. S. Air Force Academy located near Colorado Springs. Mrs. Morinello will be remembered here as Bobbie Mills. Capt. Morinello instructor at the Academy.

## FROM MIDLAND

Mr. and Mrs. Fredric Poe and children of Midland are visiting in the home of their mothers, Mrs. Nadeen Smith and Mrs. Fred Poe.

## Band Students, Director, To McMurry School

Nine Winters students have registered for the annual summer band and twirling school at McMurry College to be held July 15 through July 27, according to Dr. Raymond T. Bynum, director of the band school and head of the McMurry band.

Winters students are Joanie Fuller, Linda Fuller, Russell Bedford, Marsha Hays, Jeanie Hood, Linda Smith, Judy Kay Matthews, Mary Young, and Dora Snell.

Also from Winters, Robert R. Gans, band director of Winters High School, will be on the faculty of the summer school. He will instruct in theory.

Students will live on the McMurry campus during the two weeks and appropriate social activities and sports are being arranged during the off hours and evenings, under experienced chaperones, but the students may live off campus if it is more convenient for them.

Classes will be offered in individual instruments, conducting, marching, and twirling, stage band, theory and concert band performance.

Band faculty will be made up of teachers from Winters, Brownfield, Olney, Hamlin, Abilene, Colorado City, and Odessa. Twirling instructors will include Miss Lanelle Rowell, a professional twirler with the Dallas Texans, and other drum majors and twirlers.

Last year more than 500 students from over 75 cities in West Texas enrolled for the two-week school. Students included both junior and senior high-schoolers, both beginners and advanced students.

## Winters Riding Club Served Supper, Will Sponsoring Dances

The Winters Riding Club served a barbecue supper to members of visiting riding clubs who were in Winters for the rodeo.

Riding clubs from Coleman, Ballinger, Baird, Eastland and Colorado were to have been here for the parade Thursday.

Also, the riding club is sponsoring a dance on each of the three nights during the rodeo. The dances are being held in the Higginbotham building on West Dale, and begin at 9 o'clock each night. Johnny Dutton and his band are furnishing the music for the dance.

## STATE CAPITAL HIGHLIGHTS

### Republicans Offere First Threat In Texas Governor's Race Since 1872

By Vern Sanford  
Texas Press Association

For the first time since 1872, Texas Republicans are presenting a strong threat to capture state and legislative offices from the Democrats.

Following his nomination for the Governorship on the Democratic ticket, John Connally took immediate steps to meet the challenge with a united front.

Connally invited all Democratic nominees for state and legislative office to a barbecue to be held on June 16 at his family ranch near Floresville. Purpose: to make some campaign medicine.

Jack Cox of Breckenridge, the Republican nominee for governor, is backed by a slate of 20 nominees for the 23 seats in Congress; 15 candidates for the 31 state senate seats, and 6 candidates for the 150 house seats.

Also there are candidates for county and precinct offices in many counties.

Lined up with Connally will be Waggoner Carr of Lubbock for attorney general, opposed by T. Everton Kennerly of Houston; Preston Smith of Lubbock for lieutenant governor, opposed by O. W. (Bill) Hayes of Temple; Jerry Sadler of Palestine for land commissioner, opposed by Albert Fay of Houston; John C. White of Wichita Falls for agriculture commissioner, opposed by Harry Hubbard of Marfa; Ben Ramsey of San Augustine for railroad commissioner, opposed by Bernard M. Hanson of Midland; Jesse James of Austin for state treasurer, opposed by Allen Lacy of Abilene; and Robert S. Calvert of Sweetwater for comptroller, opposed by Mrs. Hargrove Smith of Houston. Republican are not contesting ju-

dicial seats. The Constitution Party also has fielded a slate of candidates for state office, all but one of them from Houston.

**SPEAKERSHIP**  
One of the more important offices in state government is the speakership of the house. Unlike the Senate, however, the people have no voice in the selection.

The speaker is elected by the 150 members of the house. Rep. Byron Tunnell of Tyler laid out the names of 95 Democratic nominees who have pledged to support him, and called on his opponents for the speakership to withdraw.

Rep. C. W. Percy Jr. of Temple did. Another opponent, Rep. Ben Glusing of Kingville, was defeated in the runoff primary, so he no longer is eligible. Rep. Alonzo Jamison of Denton remained in the race. He had claimed 61 pledges.

**IN THE RED AGAIN**  
Heavy payments of state aid to the schools in May pulled the state's main checking account—the general revenue fund—into the red again.

When May started, the deficit was \$73,934,636. But heavy collections of corporation and insurance taxes wiped out the deficit, which has been present for nearly four years. This put the fund into the black by the middle of the month. But when the school payments came due, it pulled the fund \$9,391,468 into the red at the end of May. Early June expenditures made the deficit \$28,015,980. It will go back in the black when sales tax payments reach the treasury in July.

**GOVERNOR'S APPOINTMENTS**  
Gov. Price Daniel announced these appointments:  
Sol Parks and Mrs. Sally G. Pettus of Goliad as members of the Fannin State Park Commission. Parks succeeds Mrs. Louise Donaghue of Goliad for a term expiring September 5, 1967. Mrs. Pettus succeeds Walter Bluntzer of Goliad, resigned, for a term expiring September 5, 1963.  
Jack Hightower of Vernon, O. L. Bell of Quanah, Ralph O. Harvey Jr. of Wichita Falls, Tom Craddock of Seymour and Dr. E. N. Jones of Dallas as members of the Board of Regents of Midwestern University, for six-year terms. Hightower and Bell are new appointees. Harvey was reappointed. Craddock and Jones are filling vacancies. Jones secretary of the Christian Education Commission of the Baptist General Convention of Texas, is a former president of Texas Tech College.  
Russell D. Austin of Andrews as judge of the 109th Judicial District, which includes, Winkler, Crane and Andrews counties. He succeeds the late G. C. Olsen. A

graduate of the University of Texas Law School and former county attorney of Andrews County, Austin won the Democratic nomination for the district judgeship on June 2.

Rev. Edward H. (Whitey) Campbell of Denton as a member of the Governor's Committee on Children and Youth. Rev. Campbell is rector of St. David's Episcopal Church in Denton. He also has served Houston, Rockdale and El Paso Churches.

## Crime In State of Texas Shows 6.7% Decrease Compared To Year Ago

Texas' crime situation looks a little better.

FBI reports covering the first three months of 1962, based on statistics from the 12 largest cities, show major crimes down 6.7 per cent.

Across the U.S. in cities of comparable size, major crime rates rose one per cent.

Texas' crime rate actually is down in number of crimes reported from 1961, despite a population growth during the year of some 200,000.

**OUT OF JOBS**  
Finding a job in Texas is a little easier these days.

Texas Employment Commission reports April unemployment at 4.3 per cent of the labor force as compared to 5.4 per cent a year ago.

Average factory wages rose from \$91.21 a week last year to \$96.10 this April. Range was wide, however, depending on the industry. Leatherwork was the lowest paid at an average of \$52.13 a week. Oil workers got the most, an average of \$132.07 weekly.

Number of Texans working outside agriculture now has passed the 3,000,000 mark. Houston had 19,800 unemployed; Dallas 16,000. Statewide, 375 persons are working at agriculture. This makes the total working force 3,629,400.

**TOO MANY COLLEGES?**  
Dr. Ralph Green of the Texas Commission on Higher Education thinks the Legislature should quit creating four-year, state-supported colleges.

He told a House Committee on Saving Taxes that 20 state colleges are about enough.

Legislators have extended state support to four new colleges in the last four years. Biggest of the new ones, the University of Houston, will enter the state system this fall. This will substantially increase the state's higher education bill.

U of H now ranks second in size to the University of Texas.

**WATER SUPPLY**  
Texas enters the summer with its major reservoirs 76 per cent full.

Texas Water Commission reports that May rains couldn't keep up with use and evaporation, so the water supplies shrunk by 291,000 acre feet.

As June opened, supplies were 76 per cent of capacity, compared with 83 per cent a year ago.

**LIVESTOCK RULES AMENDED**

The Texas Animal Health Commission, after hearing pleas of livestock market operators, relaxed rules designed to speed up the eradication or at least control of brucellosis (undulant fever).

Commission action amending the rules would have required testing for brucellosis before cattle could be moved from one market to another.

As amended, the rule says the cattle will move from one approved market to another approved market without having to take the test. This was put on a trial basis.

Restriction of movement was opposed by representatives of the big stockyards at San Antonio, Fort Worth and Houston. Auction markets also had an ardent champion present.

James D. Sartwelle, president of Houston's Port City Stockyards, said the economic effect of the proposed rule could be "dangerous", particularly so in view of "the predicted downturn in cat-

tle prices now beginning." Sartwelle said Texas' cattle inventory includes many so-called "two-way" cattle, entirely dependent on market conditions, which are sold as either stocker or slaughter animals.

Most of these two-way cattle, he said, also are "trader" cattle and loom large as a volume moving from interior markets, purchased by a trader and consigned to the terminals for resale. He saw danger to this cattle movement in the proposed regulation.

G. C. Hagelstein of San Antonio's Union Stockyards felt livestock leaving any market should meet the requirements of its destination. But he said he was interested in protecting the industry and did not believe the regulation did that.

John M. Lewis, general manager of the Fort Worth Stockyards, thought the Commission proposal would "strangle" the price-making terminal markets.

Charles Davis, operation of auction markets at Wichita Falls and Mineral Wells, suggested that animals should be tested when going "to the country"—but not from market to market. He called the rule unnecessary and a waste of time and money.

Norman Moser, commission member from DeKalb, said he didn't want to impose anything on the industry that would be harmful.

Dr. R. G. Garrett, the Commission's executive director, didn't oppose the amendment but believed it would delay the testing program.

**SAFE FOURTH**  
Gov. Price Daniel urged the 5,000,000 Texas drivers to help hold down the traffic death list during the July 4th holidays.

"Slow down and live" is the theme of the traffic safety campaign by which Texas traffic people hope to hold down the death rate below the statisticians' predictions.

July 4th comes on Wednesday this year, so fewer Texans will kill themselves on the highway than when the holiday falls near a weekend.

**CROOKED HOLES**  
Tedious job of checking suspected oil wells in East Texas continues. Railroad Commission and Attorney General's Department spokesmen say it will take several months to finish the job.

Four more oil operators were enjoined from interfering with

Commission checks of their wells. In two weeks, only 23 wells have been checked out of "several hundred" that Atty. Gen. Will Wilson thinks will have to be investigated before they can write an end to the East Texas investigation.

Wilson has obtained donations from major oil companies to finance the surveys to see if holes were diverted so as to reach oil under someone else's lease. So he has taken over direction of the surveying from the Railroad Commission.

**FIRING RESUMES**  
There was only a brief respite from campaigning after Democratic primaries.

John Connally, the Democratic nominee for governor, and Jack Cox, the Republican nominee, both had their chance to talk at the meetings of their respective state executive committees Saturday, convening to canvass the returns. Campaigns will start in earnest September 18th, when both parties

have their state conventions. But the two young gubernatorial nominees both have state campaign headquarters in operation in Austin. They sound like they plan all-out campaigns in the summer and fall.

Sen. John Tower will be a major campaigner for the Republicans. Vice President Lyndon B. Johnson and Sen. Ralph Yarborough will take to the stump for the Democrats.

They are beginning to make this look like a two-party state. Whether the label sticks depends on what the voters say on November 6th.

**SAFE DRIVING PLAN**  
The State Board of Insurance will hold hearing June 29th on automobile insurance rates and rules.

High on the agenda will be proposals to revise drastically the "safe driving insurance plan" by which those with accidents or traffic law violations pay more, while

those without them pay less. Statisticians say the cut rates for 78 per cent of them for 22 percent. Complaints about the plan received by legislators are even those who say happy with the position slip might run up the

**Sharon Rosson of Kerrville and Eugene Turk Announce July Wedding**

James E. Rosson of Kerrville, Texas, announces the engagement and approaching marriage of her daughter, Sharon, to Eugene Turk, son of Mr. and Mrs. Otto R. Turk, of Winters.

Sharon is a graduate of West Aurora High School, Illinois, and attended Texas Women's University at Denton. She graduated from Winters High School and the Fort Worth College.

The wedding ceremony will take place on July 7th in the Zion Church, Kerrville.

**Hickam Funeral Held Monday**

Henry Hickam of Ballinger, a farmer and a former resident of Winters, died at his home Sunday in the Bangs home following a two-year illness.

Funeral services were held in the church at Ballinger, Texas, Monday afternoon, June 18, with Ralph S. Buyers, minister, officiating. Burial was in the Northview Cemetery.

Mr. Hickam was born in California, 1879, and moved to Ballinger in 1923. He was a member of the Methodist Church and the Winters Chapter of the Elks.

He is survived by three sons, J. of Beaumont, and Ralph M., both of Winters; three daughters, Mrs. M. of Odessa, Mrs. M. of Dallas, and Mrs. M. of Warren; and a grandchild, Byron Unsell of Winters.

Funeral services were held at 10 a.m. Monday at the home of Mrs. Foy Unsell and Elmo Unsell, 1505 S. San Antonio, with Rev. J. D. Bishop, pastor of the First Baptist Church, officiating.

Interment was in the Northview Cemetery. The casket will be in state at the home of Mrs. J. D. Bishop, 1505 S. San Antonio, until 10 a.m. Tuesday.

**Glenys J. Merck Honored At Tea In Davidson Home**

Glenys Jerlene Merck, bride-elect of Vernon Lee Smith, was honored at a tea given Friday afternoon in the home of Mr. and Mrs. J. P. Davidson.

Hostesses were Mesdames Charles Kruse, Shirley Howard, Ray Caskey, Charles Matthies, Wayne Bedford, and Mrs. Davidson.

Guests were greeted at the door by Mrs. Davidson who introduced the honoree, her mother, Mrs. A. O. Merck, her grandmothers, Mrs. L. B. Merck and Mrs. E. W. Compton, Mrs. Bryan Smith, mother of the groom-to-be, and Mrs. Weldon Smith.

Mrs. Charles Matthies presided at the register and Mrs. Bedford showed the gifts.

The bride's chosen colors were given emphasis in decorations for the tea table which was laid with white net over white taffeta. At intervals around the table the cloth was gathered and fastened with apricot rosebuds to form a scalloped effect. A floral arrangement of apricot and white lillies centered the table.

Mrs. Kruse and Mrs. Caskey alternated at the tea table and laded punch. Others in the house party were Pamela Bedford, Martha Davidson and Lynann Kruse.

Daisies and lillies in attractive arrangements were used throughout the party rooms.

MRS. CHARLES ROBERT DAVIDSON

## Linda Lou Balke and Charles Robert Davidson Married Saturday Evening

Marriage vows were repeated Saturday evening at 7:00 o'clock in the First Presbyterian Church, uniting Linda Lou Balke, daughter of Mr. and Mrs. R. W. Balke, and Charles Robert Davidson. The groom is the son of Mr. and Mrs. M. A. Davidson of Ballinger.

The double ring ceremony was read by Dr. M. W. Conditt of Temple and the Rev. E. N. Graham, pastor of the church.

Wedding music was played by Mrs. T. L. Russell, who also accompanied Elizabeth Lopez to sing "I Love You Truly" and "Whither Thou Lodgest."

The altar of the church was decorated with emerald greenery on the chancel rail with arrangements of white gladioli at either side of the altar. Tall candelabra holding white cathedral tapers formed the background for the arch which was entwined with greenery and studded with white pom mums. Bouquets of greenery and white pom mums were attached to the end of the pews down the center aisle of the church.

Candlelighters were Carolyn Brown and Mary Lou Wilkerson. Flower girl was Lori Balke of Dallas, niece of the bride and Bobby Armstrong of Ballinger, nephew of the groom, was ring bearer.

Cheryl Ann Gray was maid of honor and bridesmaids were Mrs. Tommy Chambliss, Mrs. Albert Mansell, both of Winters and Mrs. George Smith of Abilene. The brides attendants wore turquoise organza over taffeta formals, bow hats, net veils and carried bouquets of white carnations.

David Stone of Odessa was best man and ushers were Larry Carwile of Winters, Ivan Estes of Ballinger, Rodney W. Balke of Dallas and Leroy Armstrong of Ballinger.

Groomsmen were Kenneth Nurns of Ballinger, Henry Know, San Antonio, and Ronnie Mercer of Abilene.

Given in marriage by her father, the bride wore a floor-length gown of chantilly lace over taffeta. The moulded bodice featured a wide decollete neckline and long sleeves which came to a point at the wrist. The bouffant princess skirt extended into a wide chapel train. Her finger-tip veil of French illusion was attached to a calotte of lace re-embroidered with iridescent paillettes and seed pearls. She carried a bouquet of carnations centered with white orchid atop a white Bible.

The reception was held in the home of Mr. and Mrs. C. R. Kendrick, 607 State Street where wed-

ding gifts were on display.

Jeanita Whittenberg registered the guests. Others in the house party were Mrs. Luther Minzenmayer, Mrs. W. A. Kuykendall of San Antonio, Mrs. George R. Hill, Linda Hill, Ginger Gardner, Mrs. R. W. Balke of Dallas, Mrs. John Clark, Mrs. Leroy Armstrong of Ballinger, Mrs. Neal Oakes, Mrs. Henry Webb, Mrs. Albert Sykes, Mrs. I. W. Rogers, Mrs. Harry Way.

For her wedding trip to South Texas, the bride changed to a turquoise two-piece suit with white accessories.

The bride is a 1962 graduate of Winters High School and at present is attending San Antonio Beauty School. The bridegroom, a 1961 graduate of the Ballinger High School is attending Durham's Electronics School in San Antonio, where he is employed at Western Electric Company.

Mr. and Mrs. Davidson will be at home at 256 Ligustrum in San Antonio.

## Drasco-Pumphrey Home Demo Club Met In Mayhew Home

Mrs. J. R. Woodfin, president of the Drasco-Pumphrey home demonstration club presided for the regular meeting held recently in the home of Mr. and Mrs. Elmo Mayhew.

"Freezer Hints" was the response to roll call and the club creed was repeated in unison.

Mrs. Robert Conner gave the council report and announced that August 7, will be rally day. A program on "Health Care of the Aged" and "Community Meals", was given by Mrs. George Lloyd, Mrs. Rural Woodfin and Mrs. Elmo Mayhew.

Mrs. Omer Hill conducted the recreation period and refreshments were served by the hostess.

### CARD OF THANKS

May I take this method of thanking my nice neighbors and friends for the beautiful cards and flowers while I was in the hospital and at my home. I especially thank Dr. McCreight and the nurses for being so kind and thoughtful of me. May God bless each and every one. Mrs. W. H. Cain. 1tp

**Forage Production Can Be Increased On Abandoned Cropland**

There are about ten million acres of land in Texas that should be producing forage for about one million head of grazing animals. G. O. Hoffman, extension range specialist says this land can be found in the many abandoned fields that once were under cultivation.

If these old fields were put into forage production, it would mean a sizable increase in the income of many Texas farmers and ranchmen. In general, these old fields are producing only unpalatable weeds, brush and poor quality grasses, explains the specialist.

Getting these fields back into profitable production would require a certain amount of money and effort, but it would allow the operator to carry out a better grazing and management program on other parts of the ranch or farm, points out Hoffman.

Many of the abandoned cultivated fields are best adapted to the production of native grasses only, adds Hoffman. Some may be adapted to the production of Coastal Bermuda grass, however. Generally, old fields west of the 30 inch rainfall belt should be planted to adapted native grasses, while those receiving more than 30 inches of rainfall or supplemental irrigation can be planted to either native grasses or Coastal Bermuda.

In order to return a field to profitable production, the operator usually needs to control the brush, prepare a seedbed and then plant to an adapted grass, says Hoffman. The steps necessary to grass establishment may vary with the different areas of the state, but local county agents can provide the recommendations for your particular area.

**Texas Game & Fish Features Camping In Special Issue**

A 4-page issue of Texas Game and Fish magazine for June deals entirely with camping, it has been announced by T. D. Carroll, coordinator of information and education of the Texas Game and Fish Commission.

Because of the great number of families interested in camping, all phases of it are included in the magazine, as well as telling where to go for camp sites. There is listing in this issue of all the public camping facilities in the state, and all the national parks in the state, together with information on the equipment to take, how to set up camps, camp cooking, overnight camping, and personal experiences of people who have done a lot of camping.

The stories are from the Big Bend National Park, Palo Duro Canyon, Padre Island, the Possum Kingdom area, and a number of other intervening points.

Texas Game and Fish magazine is published by the Commission on a subscription basis, at a price of \$2.04 for one year, \$3.06 for 2 years, and \$5.10 for 5 years, each amount including 1 percent sales tax.

**COOL COMFORT**

**TWICE AS MUCH COOLING**

With the patented features of Paramount Coolers

Yes! This famous Paramount 5000 c.f.m. evaporative cooler gives you up to twice as much cooling because of these patented features:

- Many coolers lose as much as 70% of cooling efficiency because dust, dirt and salts clog the filters. Patented No-Clog Sta-Fresh Filters are guaranteed clog-proof, assuring 100% cooling efficiency all summer long.
- Filters saturated with water become heavy and often sag and settle from the top, drawing hot, unfiltered, uncooled air into the cooler which may create as much as a 70% cooling loss. Patented Grip-Lock Filter Holders are guaranteed to prevent sagging and settling of filters assuring 100% cool, clean, filtered air.
- Without correct water trough adjustment, sections of the filters remain dry, resulting in substantial cooling loss and costly service expense. Patented Free-Flo Visible Water Troughs with external adjustment assure 100% saturation, and 100% cooling for the entire life of the cooler.
- Added feature—Patented Window Closing Attachment lets you close and lock your window. Eliminates entry of dust, rain and drafts into your home.

To Settle Estate, the Paul Martin Farm Offered For Sale

- SPECIAL SALE PLAN:**
1. Written bids, accompanied by a deposit of 5% of the bid amount, are invited, particularly from persons who attend the auction sale. (Deposit to be bank draft, order, or cash.)
  2. On June 30, 1962 at 2:30 P. M., auction sale will be held on the farm at which time the auctioneer will start the bidding, nouncing that he already has a high written bid of \$ amount, and the auction will proceed from that figure.
  3. This means that, if at the auction no bid is received than the best written bid on hand, the land will go to the son who submitted the written bid; but if a bidder auction goes above the highest written bid, then the bidder at the auction will buy the land.
  4. Mr. McAdams, as representative of these estates, reserves the right to reject any and all bids, if no bid is received or his opinion represents a fair price for said land.
  5. For purpose of submitting a bid, the land is to be considered as being 160½ acres, as shown by the recorded deeds.

### Soil Condition Is Important Factor In Farming Operation

Soil condition is an important factor in all farming operations in Rannels County, states James Barnhill of the local Soil Conservation Service. He said that we need to study the whole soil profile to find out what the condition of each layer of soil is beneath the surface. We need to know if recent tillage practices have broken down the surface structure. If this layer is too pulverized it will puddle when the rains come and will seal over, not letting the water soak in. When this is true,

### TO MUSIC WORK SHOP

Mrs. J. T. Randolph and Mrs. Earl Dorsett have been attending a music work shop at Hardin-Simmons University in Abilene the past two weeks. Mrs. Dorsett is music instructor in the Winters Elementary School and Mrs. Randolph has been elected to teach in the Abilene School system beginning in September.

We should consider leaving as much stubble as possible on the surface. Plow pans are formed in some soils as they are cultivated. They restrict root growth and water intake, thereby seriously reducing yields. Occasional deep plowing, when the soil is dry, gives temporary relief.

### IN SPEER HOME

Mrs. Joe V. Hinds of Plainview was a visitor the first of the week in the home of Mr. and Mrs. H. L. Speer. Mrs. J. D. Clements of Limon Colorado, who is visiting her mother in Ballinger, was a visitor Tuesday in the Speer home. Mrs. Clement is the former Helen Ruth Speer.

### FROM CONNECTICUT

## "The Explosive Generation"

One of the most exciting and controversial films from Hollywood in 1961 is "The Explosive Generation," which boasts a cast of young stars headed by Patty McCormack, Lee Kinsolving, William Shatner and Billy Gray. Now showing at the Fiesta Drive In Theatre, through United Artists release.

The film tells a story of young people who want to assert their presence, make known their aims, ambitions and desires, without resorting to switch-blade knives or gang wars. How they accomplish this is something new in motion pictures, and should prove fascinating to both teenagers and their parents. Here are the boy and girl next door as you've never seen them depicted on the screen. Here is the school classroom exploding with a different kind of violence. Here is the love of a boy and girl, almost destroyed by ignorance and intolerance.

## "The Roman Spring of Mrs. Stone"

One of the screen's most beautiful and most honored actresses, Vivien Leigh, and the year's most exciting newcomer, Warren Beatty, head the cast of "The Roman Spring of Mrs. Stone," opening Sunday at the Fiesta Drive In Theatre. The Technicolor drama for Warner Bros. release is based on a novel by the Screen's most provocative writer, Tennessee Williams.

Two-time Academy Award winner Vivien Leigh stars as the wealthy American widow of fading beauty lured into a love affair with the handsome young Italian gigolo played by Beatty, who won instantaneous stardom in his screen debut in "Splendor in the Grass."

Echoing the electric impact of another Williams' motion picture—"A Streetcar Named Desire," which Miss Leigh played opposite Marlon Brando who had only one previous film to his credit and that unreleased when they were paired—Beatty had actually completed his co-starring role with Miss Leigh before "Splendor" was released.

## "By Love Possessed"

The book which was hailed by critics as a major literary achievement and zoomed to the top of the best-seller lists, has been made into

a motion picture calculated to stir up an equally controversial storm of reaction. "By Love Possessed," starring Lana Turner, Efram Zimbalist, Jr., Jason Robards, Jr. and Barbara Bel Geddes, opens in color Tuesday at the Fiesta Drive In Theatre, through United Artists release.

The theme of this story is love. Love viewed in all its aspects, from filial to fraternal, connubial to concupiscent. Threaded into this theme is the story of a staid and respectable lawyer whose safe and stolid world is threatened by a series of events that probe the heart of his private and professional existence. As Marjorie Penrose, Lana Turner, one of the screen's most glamorous and popular personalities, plays the passionate woman who is torn between love for her husband . . . and for his best friend.

## "The Day The Earth Caught Fire"

"The Day The Earth Caught Fire," with its theme so startling—and timely—as it becomes the greatest news story ever told, has a shattering impact of never-ending suspense. The powerful and dramatic motion picture—and it could be one of the most-talked about films of the year shows Friday and Saturday on the screen of the State Theatre.

This alarmingly fine entertainment, with a factual big-city newspaper background, is a remarkable and unusual production, and as topical as today's news headlines.

The Val Guest production for Universal release was written for the screen by Guest and Wolf Mankowitz. The writers had a brilliant and intriguing plot idea, and have carried it out with a high degree of excitement.

## "Flower Drum Song"

High up in the roster of today's outstanding show business personalities is Miyoshi Umeki, Japan's singing doll whose soft, delicate Oriental charm and amazing talent catapulted her into garnering top honors in every field on entertainment in which she has ventured. Miyoshi—she prefers the single name—is now starring in "Flower Drum Song," the Ross Hunter spectacular color motion picture based on Rodgers and Ham-

**PRIZE SPECIMEN**—What's good for the ostrich is good for the gander. The prize specimen at a famous South African farm, Oscar, is shown here posing with one of his own feathers, while Joey Goldenbuys models summer bonnet made of ostrich feathers.

A smash hit on Broadway as a musical by Rodgers and Hammerstein, Universal's screen version of "Flower Drum Song" is backgrounded against the colorful streets of San Francisco's famed Chinatown. The magnificent cast

is headed by, from left to right, Jack Soo, Nancy Kwan, Miyoshi Umeki and James Shigeta. Also starring in the Ross Hunter color production, in association with Joseph Fields, are Juanita Hall and Benson Fong.

merstien's smash Broadway musical. The picture is set to show Sunday and Monday on the screen of the State Theatre with Miss Umeki co-starring with Nancy Kwan, James Shigeta, Juanita Hall, Jack Soo and Benson Fong.

The young singing star won an Academy Award in her American screen debut in the Straight dramatic role of the Japanese girl who marries a GI in "Sayonara," and the same year she won television's top award, an Emmy as the top female personality on the west coast. Her sensational recordings have become best sellers throughout the world.

Miyoshi's Broadway stage debut as Mei Li, the "picture bride," a stage musical hit of "Flower Drum Song," proved such a sensation that Universal studios brought her to Hollywood to star in the same role.

During Texas' early days, a good horse was worth five hundred acres of farm land.

As early as 1830, a saw mill was in operation in Texas.

Vivien Leigh and Warren Beatty are starred in "The Roman Spring of Mrs. Stone," showing Sunday and Monday at the Fiesta Drive In Theatre. The Technicolor drama is based on Tennessee Williams' only novel and also stars Lotte Lenya. Louis de Rochemont produced and Jose Quintero directed the film for Warner Bros.

## Inland Lake Stocked With 500 Redfish

A short time ago 500 young redfish left their home in the coastal bays near Corpus Christi and journeyed inland to Casa Blanca Lake near Laredo. Only one of the youngsters suffered any ill effects from the trip. All the rest eagerly swam away from the release site and appeared quite happy with their new surroundings.

Ernest Simmons, coastal fisheries supervisor, and Kenneth Jurgens, inland fisheries supervisor, both of Region V, Game and Fish Commission, are collaborating in this experimental stocking of salt-water fish in what is generally thought of as fresh water.

Casa Blanca Lake does contain salt in the amount of 200 parts per million. This is a very small amount, but, according to Simmons, is enough for redfish to live and do well.

Fingerling redfish, placed in a small fresh-water pond in 1958, attained a weight of about four pounds in two years. Plantings in saline lakes in West Texas have been very successful. Redfish planted in Red Bluff Reservoir, which has an average chlorinity of 3,191 parts per million, grew from 3 inches to 16.9 inches in five months. Another group, placed in the slightly saltier Imperial Reservoir when they were three inches long, attained an average length of 26 inches and an average weight of 6.75 pounds in 18 months.

Flounder, croaker and spot also survived and grew well in this habitat although only a few were introduced. Experiments with sea trout are underway; and if transportation problems can be solved, this may also be a valuable transplant.

Fresh-water biologist L. Guerra has been assigned to keep watch over Casa Blanca Lake to determine the success of the latest transfer.

## IT'S THE LAW—IN TEXAS

### Follow Simple Rules In Automobile Accident

Vacation time is here. Soon millions of people will be driving about the country, and automobile accidents will occur with increasing frequency. What should a person do when involved in an accident?

At such times it is hard to keep your wits about you and know just what to do. It is therefore a good idea to plan in advance just what you would do in event of a smash-up. Here are a few simple rules that every driver should commit to memory:

1. Stop! Failure to stop can result in serious criminal consequences.  
2. Render Aid. If anyone is injured: (1) Render first aid. (2) Stop bleeding. (3) Call a doctor or an ambulance or both. (4) Do not move an injured person in any way that could possibly add to his injury.

3. Protect the Scene from Further Damage. You may be liable for damages to approaching drivers, unless they are properly warned. If the highway is obstructed at night, have someone turn his headlights beams on the wrecked vehicles.

4. Call an Officer. Policemen, Highway Patrolmen, Sheriffs and their deputies are trained accident investigators whose testimony may be invaluable in establishing your civil claim for damages.

5. Gather Information . . . Write It Down. Don't trust your memory. Don't guess—be specific. Measure skid marks. Step off distances. Be sure to obtain names and addresses of witnesses. You are required by law to exhibit your driver's license to the other driver—and he must do the same.

6. Be Careful What you say. Even if you feel you probably are to blame, it is best to make no admission. You may learn later than the other driver was equally at fault, or more so. Emotional comments can be misconstrued by others, or may be misquoted. What ever you say, make it factual.

7. See Your Doctor if there is the slightest chance you may be injured. Serious injuries do not always result in immediate pain or bloodshed.

8. Consult Your Lawyer Immediately. The sooner your lawyer is brought into the matter, the better he can advise you and protect your rights. He can obtain statements from the witnesses while their memories are fresh, and do many other things to insure that the true facts are preserved. Get your lawyer's advice before giving any interviews or statements to investigators or adjusters for the other side.

9. Inform Your Insurance Company Promptly. Failure to do so may void your policy.  
10. Report the Accident to the Department of Public Safety. This is required by law if there is any injury, death, or total damages exceed \$25.00.

**Buyers of Stocks Make  
Important to Read Reports**

business by telephone; never wrote a letter.

I give the above illustrations not to criticize anyone. During my fifty years of active life I have never met any man (or woman, except Hetty Green) who would claim never to have lost money speculating. The lesson, however, which I want to drive home to readers is the importance of knowing when to stop. The time to retire from the stock market is when things look good and you friends are all bullish, and you are "walking on air." That is the time to stop. What this stock market will do before 1962 is over no one knows; but I do earnestly advise that you sell enough and take profits enough to pay up all you owe.

**Corporation Officials  
Take Notice**

This is an era when corporations are making foolish "splits." After you receive a stock dividend your original stock, plus the new stock, is worth no more than before. Yet the price goes up even on the rumor that such a stock dividend will be paid. Since the Securities & Exchange Commission has been organized, many men with money have refused to be directors of corporations. The officers are given "options" and other incentives to compensate for the risks they are taking.

Surely nothing could have prevented the two men described above from losing their money. Furthermore, I could give many other similar illustrations. These men had economic education, robust health, honest intentions, and were as good men as any reader of this column.

**Securities & Exchange Regulations**  
I fully approve all the steps being taken to make stocks and

bonds safer for investors to buy. I advise my clients to co-operate with the SEC. But no laws can eliminate speculation. It is an instinct which seems inherent from birth, and endures through education, marriage, and to death. People will bet on horse races if they cannot bet on Wall Street. Furthermore, if it had not been for this instinct, Columbus would not have discovered America; yes, and the Pilgrims would never have landed at Plymouth Rock.

I believe in the Regulation Statements which the Sec requires to be prepared, printed, and distributed to prospective stock buyers; but there is no way of compelling these prospects to read them. Moreover, they are quite a burden to young and growing companies, as the cost of lawyers and accountants fees, plus printing, amounts to from \$25,000 to \$50,000. It is even more important that small investors read the annual reports and proxy statements which every stockholder receives free—once a year.

**Babson Discusses Rail-  
Road Properties**

In my column which appeared during the week of May 17th, I referred to the new corporations which are being formed by the Bangor & Aroostook and the Kansas City Southern railroads. (I think this Release was No. 2050, which means that I have written this number of columns for a similar number of weeks over the years.)

**Every Chamber of Commerce  
Should Wake Up**

These business corporations which are gradually being formed do not change the operations of the railroad passing through your city. Such a "business corporation", however, gives the railroad an opportunity to use its right-of-way, its stations, and its opportunities for business in more profitable ways. Every Chamber of Commerce should now take this matter up with the railroad passing through its city. Said railroad enlarging its facilities means a profit, which should mean an advantage to your city as well as to the stockholders of the railroad.

The railroad passenger business is dead and every community should recognize this as soon as possible. Otherwise, the railroad stockholder perhaps should consider alternatives in other transportation fields.

**Suggestions To Chambers  
Of Commerce**

Every Chamber of Commerce at its next Directors' meeting should appoint a Railroad Committee. This Railroad Committee should meet and carefully go over the property of the one or more railroads passing through its city. It further should ask the city tax assessors for a rough map of the property which these one or more railroads own in said city. In fact, it might be well to have the Chairman of the Tax Assessment Committee present at the next meeting of the Railroad Committee. I fear that the railroad would hesitate to give a Chamber of Commerce a list of all its land holdings, even in said city; hence such a list must come from the tax assessors.

**Weed Control  
Makes Good  
Pastures Better**

Weeds compete with pasture and meadow plants for moisture, plant nutrients, light and space. They often reduce yields by half, says E. M. Trew, extension pasture specialist.

Weed control is necessary for top returns from productive pastures and meadows, he adds, but may not prove profitable where yields are low.

The specialist points out that weeds are best controlled through preventive measures. Practices which encourage dense, vigorous stands of grass are the best preventive measures and include tho-

rough seedbed preparation, using adapted plants, planting the right amount of high quality seed by the best known method at the proper time, using adequate fertilization and proper grazing and forage use.

Both mechanical and chemical weed control methods are outlined in a recent Texas Agricultural Extension Service publication, L-476, "Weed Control in Cultivated Pastures and Meadows." Trew and John A. Long are the authors. Copies are available from the offices of local county agents or by mail from the agricultural information office, College Station, Texas.

In connection with weed control, Trew says that rotary hoes do an excellent job of controlling seed-

ling grass and weeds in new plantings of Coastal and Midland Bermuda. Killing the weeds when they are small will conserve moisture for use by the grass, he adds.

If new plantings of coastal and Midland are grazed before a complete cover or stand is obtained, it can mean that two years instead of one will be required to establish a good stand. This, he adds, is costly and multiplies the weed problem.

Trew recommends top dressing summer temporary and permanent pastures with nitrogen after each grazing or cutting if soil moisture is adequate. This practice he lists as one of the cheapest ways to get increased forage production and quality.

### W. A. Shedd Died Here Saturday, Funeral Sunday

Funeral services were held Sunday afternoon at 3 o'clock at the Shep Church of Christ for Warren A. Shedd, 47, who died at 2:45 p.m. Saturday at the Winters Municipal Hospital. He had been in ill health since October of 1961, and had been a hospital patient for 10 days.

Orville Filbeck and Woodrow Wilson, Church of Christ ministers from Abilene, conducted the funeral services. Burial was in Shep Cemetery under direction of Spill Funeral Home.

Mr. Shedd was born Nov. 24, 1914, near Belava in Fisher County. He moved with his parents to the Wingate-Shep Community in 1934. He married the former Kathleen Beavers Dec. 23, 1939, at Blackwell. He was a farmer and active in community affairs.

Survivors include his wife; his parents, Mr. and Mrs. W. A. Shedd of Wingate; three sisters, Mrs. Noma Byrd and Mrs. Jean Arnold, both of Abilene, and Mrs. Eloise Watson of San Antonio; three brothers, Mardell and Leon, both of Wingate, and Glyndol of Abilene.

Pallbearers were Jess Hall, Floyd Shedd, Bill Walker, Cecil Smith, L. O. Byrd, Jessie Reagon, G. C. Franks and Fred Lawrence.

### Betty Sue Wessels, Milton Ehlers Wed Saturday In Lutheran Church

St. John's Lutheran Church was the scene of the wedding Saturday evening at 7:30 o'clock, uniting Betty Sue Wessels and Milton George Ehlers of Wilson.

Parents of the bride are Mr. and Mrs. C. W. Wessels of Winters and the groom's parents are Mr. and Mrs. Herbert Ehlers of Wilson.

The double ring ceremony was read by the Rev. A. W. Holck, pastor of the church. Mrs. Victor Steinhauser presented the nuptial music and accompanied Mrs. Erwin Ueckert, soloist.

Matron of honor was Mrs. William J. Howell of Midland, sister of the bride. Bridesmaids were Pat Wessels of Dallas, cousin of the bride, Nancy Spill of Winters, also a cousin of the bride and Mrs. Charles Wetsel of Abilene.

Arliis Ehlers of Wilson served his brother as best man. Groomsmen were Donald Klaus of Wilson, Buford Rinne of Wilson and Melvin Walters of Posey. Ushers were Jay Ehlers, brother of the groom and Rodney Maeker, both of Wilson.

Candlelighters were LaVerne Bredemeyer of Sweetwater and Mrs. Ray Gray, Marla Stegmoeller of Tulia, niece of the groom, was flower girl and Mitchell O'Dell was ring bearer.

The bride, given in marriage by her father, chose a gown of white silk organza and imported chantilly lace over satin. The bodice was fashioned of exquisite chantilly lace with a scalloped scoop neckline, embroidered with iridescent sequins and seed pearls, long sleeves tapered to petal points over the wrists. A wide panel of lace extended down the entire front of the bouffant organza skirt and a similar panel in back extended

into a chapel train. Her veil of silk illusion fell from a calot of chantilly lace trimmed with seed pearls and sequins. She carried a white orchid surrounded by lilies-of-the-valley, atop a white Bible.

The bride's attendants wore matching street-length dresses of orchid cotton, fashioned with bateau neckline. They wore white head bands and accessories of white. Each carried a long stem white carnation tied with orchid streamers.

A reception was held immediately after the wedding in the Fellowship Hall of the church.

Mrs. Erwin Ueckert served the three-tiered wedding cake and was assisted by Mrs. M. G. Roper in serving. Mrs. Willis Whittenbert ladeled punch and others in the house party were Mrs. Ralph Parker, Mrs. Herman Bredemeyer, Mrs. Herman Spill, Mrs. Jack Whittenberg, Mrs. Bill Minzenmayer, Mrs. Ervin Schroeder and Mrs. Bill Hoppe.

For a wedding trip to Buchanan Dam the bride changed to a navy blue suit with navy and blue dotted blouse and white accessories. She wore the white orchid from her bridal bouquet.

The bride is a graduate of Winters High School and of Childers Beauty School of Midland. The bridegroom is a graduate of the Wilson High School and of South Plains College.

Mr. and Mrs. Ehlers will make their home in Lubbock.

### Winters Picked For Study By U. of T. Population Center

Winters and Runnels County have been chosen as one of ten localities for the first part of a study by the Population Research Center of the University of Texas Department of Sociology, it was learned this week.

Mayor H. D. Jones was notified this week that a research team from the Center will arrive in Winters sometime within the next few days to begin the survey, by I. C. Belknap, director of Community Growth Study of the Center.

Belknap said that it is believed that "both practical and scientific information for individual Texas communities and for the State as a whole will result from this study."

He pointed out that the project "cannot be successful without the cooperation of business men, government officials and other community leaders." We need to know not only facts about community growth but also how these facts appear to people in the community itself, he said.

Several questions will be asked by the research team, it was stated, to include information on business organizations, zoning, tax policy, and expenditures for community functions. The team will do the detailed work themselves, but will need guidance from mem-

### County TB Group Held Meeting Here Tuesday

The quarterly meeting of the Runnels County Tuberculosis Association was held in Pierce's Cafeteria Tuesday.

A report of the annual convention in El Paso was given by Mrs. Raymon Lloyd, Mrs. Fred Young, Mrs. Bob Bryan and Dr. John E. Green Jr. Dr. Green also showed slides as a part of the program. The budget for 1962-63 was presented, and a financial statement given by the executive secretary, Mrs. Bobby Bryan.

Mrs. Willard Renfro of Ballinger, president of the Association, presided.

Representing Winters at the meeting were Mr. and Mrs. George Beard, Mr. and Mrs. A. W. Libbe, Mrs. Raymon Lloyd and Mrs. Fred Young.

The next quarterly meeting will be held in Ballinger.

#### IN LEE HOME

Mr. and Mrs. B. F. Hutcherson of San Antonio were week end visitors in the home of Mrs. A. D. Lee. Mrs. Hutcherson is a former resident of Winters.

Members of the research team to visit Winters will be Kenneth Benson, Jerry Michel, Paul Miller and Oscar Millican, all of the Population Center Staff.

### Jaycees Install Officers At Fish Fry At City Lake

More than sixty persons attended a fish fry and installation of officers, sponsored by the Winters Jaycees, Friday evening at the New City Lake. Jaycees and their wives from Cisco, Merkel, Abilene and San Angelo attended.

Bill Sharpes, past president, introduced Dean Johnson, State Director of Region 2C from Abilene who acted as installing officer.

Mr. Johnson stated "young men can rebuild the world by starting on a local level. The Jaycee story is living in Winters. These young men have taken on many projects that have benefitted their community. Among them is bleachers at the Little League Park and a city park. They worked hard on these projects and will be working on them for years to come. But they will be completed because they are Jaycees and nothing is impossible to a Jaycee."

Taking the oath of office was John McAdoo, president; James Gehrels, secretary-treasurer; James Morrison, director of inter-club relations; James West, state director. Bill Simpson, 1st vice president and Preston Barker, 2nd vice president, were unable to attend.

### Masonic Officers Will Take Office Next Thursday

Officers for 1962-63 of the Winters Masonic Lodge will be installed at a next Thursday, June 14, at 7:30 p.m. at the lodge. The installing officers are past masters of the lodge.

To be installed are: Past Master, George Byrd; Senior Warden, George Byrd; Junior Warden, O. B. John; John Swartz; and B. M. Smith, type.

### Gene R. Rice USS Renfrew Of San Diego

Gene R. Rice, a fireman apprentice with the USS Renfrew, San Diego, Calif., is attending a training course at the San Diego Naval Air Station.

The USS Renfrew, a fleet ocean tug, is currently assigned to the West Coast of the United States and is expected to return to San Diego in the near future.

### Familiar Humble Signs Are Being Replaced By "Enco"

Humble Oil & Refining Company begins a 60-day campaign to erect the Enco sign at all its stations in Texas, says Bob Loyd, Winters agent.

This is another step in the nation-wide expansion program which began in 1959. Humble now markets in 46 states.

Throughout the West, from Texas to Oregon, from California to Indiana, Humble's sign will be the Enco oval. In the East, Humble stations will use the brand name, Esso.

The name Enco is derived from the slogan "America's Leading Energy Company." This slogan was adopted following the merger of five leading oil companies to form the nation's largest domestic oil company.

The new sign program involves more than 3,000 service stations and more than 4,000 signs. To complete the work will require the use of a fleet of over 100 trucks to distribute the signs and more than 75 work crews to put them in place.

It is expected that all stations in Texas will have their new Enco ovals in place in late July. "This move enables the motoring public to easily identify our station," said J. C. Wilbourn, Southwest Region Marketing Manager. "The familiar oval will be seen from coast to coast."

The work is proceeding on schedule and should be completed as planned.

### Student Drivers Will Take Tests Friday Afternoon

The 66 driver-education students who are enrolled in the summer course at Winters High School will take a visual and written examination in the school cafeteria Friday afternoon beginning at 1 o'clock.

These tests culminate 30 hours of classroom study which is needed prior to actual driving instructions.

Students passing these visual and written tests, which will be given by members of the Department of Public Safety, will be issued restricted drivers licenses, provided they have reached the age of 14.

Instruction in actual operation of motor vehicles will begin next Monday. Robert Christian, high school principal, and L. G. Wilson, head coach at Winters High School, are instructing in the driver education course.

The large number of driver students this year has made necessary the addition of another car. One car is owned by the school, and the second car is being furnished by Waddell Chevrolet Co. Both cars are equipped with dual controls and also have seat belts installed.

#### CARD OF THANKS

I would like to express my thanks to all who have called on my home, brought food, sent cards and visited me while I was confined in the hospital. Especially to pastor Holck for his inspiring words and prayers, Dr. McCreight for his kind and efficient care. May God bless each one who helped us in any way since my accident.
