Pan American Sales Co. Offices Move To Winters

Pan American Sales Co., the sales organization which distributes products made by Winters Manufacturing Co., is moving their main sales offices to Winters from Wichita Falls, it was announced this week by C. A. (Jack) Schaele, vice president and general manager of the Winters Company. The move will involve transfer of some of the personnel of the sales company, although it was not known just how many would move to Winters. Those who are moving to Winters include Mrs. O. O. Funderburg Sr., president of Winters Manufacturing Co., and owner of Pan American Sales Co., and her son, Oscar Funderburg Jr., who is secretary and treasurer of the Winters company and general manager for Pan American. Also moving to Winters will be Dale Whitecotton, assistant manager of Pan American. Schaele said the move is being made to consolidate the organization of the manufacturing and sales companies. He said no change is planned for personnel of Winters Manufacturing Co. Pan American will use available warehouse facilities and office space at Winters Manufacturing Co., it was announced. The sales company is distributor for evaporative air conditioners and other products made by the Winters Manufacturing Co., and also a line of gas and electric ranges. A subsidiary of Pan American, the Nugul Chemical Co., also will be moved to Winters. Nugul is distributor for a line of janitorial supplies such as floor oils and finishes, detergents and other products used by schools. In addition to manufacturing evaporative air conditioners, Winters Manufacturing Co. makes pedestals for school teachers' desks for another company. They also are making metal components for electronic foreign language teaching booths for another company. These booths are installed by schools and colleges and enable one language teacher to give instruction to several students in several languages at one time. Each booth is a separate unit, with speaker and microphone facilities connected to a central switchboard controlled by the teacher, and separating the student from other students. The system is gaining in popularity in schools throughout the country. Mr. and Mrs. Oscar Funderburg, Jr., and three children, Phil, 6 months, Lisa, 3 and Shelly, 2, are living on Floyd Street. They are members of the First Christian Church. Mr. and Mrs. Dale Whitecotton, who will also move to Winters, have two children.

Seminary Student To Conduct Services At Lutheran Church

Arthur Sander Jr., senior student at the Lutheran Theological Seminary in Columbus, Ohio, will conduct the worship services and present the message at St. John's Lutheran Church Sunday, August 12. Mr. Sander is married to the former Janet Minzenmayer of Winters. The Rev. A. W. Holck is pastor of St. John's.

Mr. Sander has just completed a year of internship in Martin Luther Lutheran Church in Youngstown, Ohio, under the guidance of the Rev. Luther M. Schliesser. Many citizens of Winters will remember the Rev. Schliesser as the son of the late Rev. H. Schliesser, who served Winters as pastor of St. John's from 1929 to 1934. A native of Brenham, Mr. Sander graduated from the Brenham High School, and received an Associate of Arts from Blinn Junior College in Brenham. He completed his college studies at Texas Lutheran College, Seguin, and has studied theology at the Evangelical Lutheran Theological Seminary in Columbus for two years, where he has also received practical experience during a year of internship. He has one more year of study at the seminary before he will be ready to enter the parish ministry. An accomplished musician, Mr. Sander enjoys entertaining and working with young people, and looks forward to doing evangelistic work among people of all ages. Mr. Sander, also a graduate of Texas Lutheran College, has been teaching in the public schools of Youngstown and Columbus. She is the daughter of Mr. and Mrs. A. C. Minzenmayer of Winters.

Sunday Church School will begin at 9 a. m., and the worship services will begin at 10:10. The public has been invited to attend these services.

Hubert Crenshaw Still "Critical" After Accident

Hubert Crenshaw, 40, was reported in "fair" condition at Hendrick Memorial Hospital in Abilene Thursday morning after he received head injuries when he was thrown from the hood of a car when it struck a parked vehicle on Tinkle Street about 6 p. m. Wednesday.

Hospital attendants said Thursday morning Crenshaw's condition was better, but he still is on the critical list. Crenshaw received emergency treatment at Winters Municipal Hospital and then rushed to Hendrick Hospital Wednesday night. He had been lying on the hood of a 1954 Mercury listening to the engine when the accident occurred.

According to police reports, Crenshaw's son, Jimmy, was steering the car while another car pushed it in an attempt to get it started. Jimmy told Police Chief Joe Stevens that his father leaned across the hood obstructing his view and that he couldn't see the parked car. The parked car which was rammed was owned by H. L. Speer.

Crenshaw was thrown against the left rear fender of the parked car and then to the pavement by the force of the collision. Hospital (Continued on last page)

Football Tickets Will Be On Sale Aug. 27 - Sept. 6

All Blizzard football fans who wish to buy season tickets for the 1962 football season may do so beginning August 27. Tickets will be on sale through Sept. 6. Season tickets for all home games will be \$6.00 a book, with reserved seat tickets \$1.25 if bought on the night of any game. Adult general admission for each game is \$1.00, student general admission will be 50 cents.

Due to the moving of former ticket holders, new residents and additional seating capacity, there will not be an option on reserved seats for those who had season tickets the past season, Johnny Bob Smith, school business manager, announced. All reserved seats will be sold on a first come, first served basis. There will be approximately 600 reserved seats for Winters fans on the east side of Blizzard Stadium. All reserved seats are between the 40-yard lines. The Winters band and the student section again will be in the east stands.

Smith said that tickets may be purchased at the school business office, but it will be impossible to reserve tickets by telephone. School authorities have urged home fans to purchase reserved seat tickets this year and avoid (Continued on last page)

15 Blocks of Pavement Will Be Re-Topped Soon

Fifteen blocks of asphalt paved streets in Winters will receive a coating of gravel and asphalt within the next few days, in accordance with a decision by the City Council in regular Session Tuesday night. Total cost of the project will be \$2592.50.

Faced with rapid deterioration and complete loss of present paving, or immediate maintenance work, the council voted to re-top as many blocks as available funds permit. They called upon a paving contractor to make a survey of the city's streets, and make recommendations as to which streets are presently most in need of repair. A representative of Wilson Construction Co. of San Angelo visited Winters the first of the week and inspected the streets.

Following recommendations made by the paving contractor, the council voted to re-top the several blocks of the following streets:

- Lamar Street, 500 and 600 blocks, 2-course topping, \$391.30.
- S. Arlington, 100 block to 600 block, 1-course topping, \$621.00.
- State Street, 500 block to 1000 block, 1 course, \$548.40.
- Palo Ma Street, 2-course, \$1031.80.

Several blocks of other streets are badly in need of repair, but limited funds prevent extensive work at this time, the council said.

Work to be done on the streets will include either 1- or 2-courses of gravel and asphalt. Holes in the paving will be filled and sealed with a pre-mix prior to topping. Also, holes in many of the other streets will be filled and sealed and rolled while rolling equipment is available, it was announced.

Council announced that the current project is the first step in what is hoped to be a long-range program of repair and maintenance of the city streets. They pointed out that if a program is properly planned, and followed, that the streets of Winters can be maintained in a much better condition and at less cost than if action is postponed until streets are completely ruined. Once streets reach a condition where old paving must be torn up and new base laid, cost would be prohibitive. Council members also indicated that they would like to build up a properly-equipped street department with which to maintain the streets.

Regarding a proposed project of new paving in several sections of the town, it was pointed out that much preliminary work remains to be done. Several people have been working on such a project, but nothing final has been decided. A construction company has offered to meet with those interested in such a project at any time, after a definite plan has been made. Council has asked that those working on this project make complete surveys of property owners in their sections and prepare the necessary information to be presented when a public meeting is called.

The council Tuesday night also interviewed an applicant for the position of City Secretary, to fill the vacancy created by the resignation of Charles Hester. Hester resigned as of August 1, and will move to Austin where he will be employed in the State Comptroller's office.

In other action at the regular meeting, the City Council voted to purchase two pick-ups, one for the water department and one for the municipal light department. A

low of \$1639 was submitted by Waddell Chevrolet Co. A vehicle for the police department was recently purchased from Crockett Ford Sales.

Several City employees have been working to cut weeds and grass and grade roads at Fairview Cemetery. In discussing the work at the cemetery, council members pointed out that the City is responsible only for the maintenance of roads and alleyways, and lot owners are responsible for the upkeep of their own lots. Very little funds have been appropriated for work on the cemeteries, council members said, and they called upon private citizens and lot owners to help in keeping the cemeteries free of grass and weeds.

40 Carloads Of '62 Milo To Winters

More than 40 carloads of milo from the 1962 crop had been received by Winters elevators up to noon Wednesday.

Sources said that the peak of this year's harvest probably would be reached within a week or ten days, depending on weather conditions. Any rains or damp weather at this time would slow down combining.

Quality of the grain being received in Winters is reported as very good. Production has been above average for the Winters area, with many reports of 2,000 pounds per acre. There have been some reports of production reaching 3,000 pounds per acre.

Although per-acre production is better than average, overall production will be lower than that in previous years because of a cut back in the number of acres planted under the government's grain program.

Bill Bell Named To C. of C. Board Tuesday Morning

Bill Bell, owner of Bell's Grocery on East Truett, was named to the board of directors of the Winters Chamber of Commerce during the regular monthly meeting of the board at Pierce's Cafeteria Tuesday morning. Bell will serve the unexpired term of the late C. P. Alfrey.

The board also voted to award \$50 to the farmer bringing the first bale of cotton from the 1962 crop to any of the Winters gins. This has been the practice for many years.

A committee was named by Chamber of Commerce President J. W. Bahlman to study a proposed project to erect "Welcome To Winters" signs on the highways entering the city. Mord Tucker and Ted Meyer were named to the committee.

Present for Tuesday morning's meeting were J. W. Bahlman, E. Z. Moore, Bill Parish, Mord Tucker, A. W. Libbe, Harry London, P. L. Harrison and Mrs. B. B. Bedford, secretary.

Working Planned At Fairview Cemetery Friday, August 10

The much-postponed cemetery working for Fairview Cemetery has been re-scheduled for Friday, August 10, according to Ralph Lloyd, who has been making arrangements. The project has been scheduled several times during the past few weeks, but has been postponed because of rain. Work will begin at 5 p. m. Friday, according to Lloyd, and all who have lots at the cemetery, or are interested in getting the grass and weeds cut, are asked to be present with tools with which to work. Some work has been done at Fairview Cemetery within the past several days, but much remains to be done. The City maintainer and other equipment has been used to clear the grass and weeds from the roadways and alleys, but many of the lots need to be cleaned off. Lloyd pointed out that maintenance of lots is the responsibility of lot owners, and not of the City. The City maintains only the roadways and alleys, he said.

Dr. Kenneth Pierce To Vet Convention

Dr. Kenneth Pierce, a member of the faculty at Texas A. and M. and son of Mr. and Mrs. C. V. Pierce of Winters, will be a delegate from A. and M. at the National Veterinarian Convention in Miami, Fla. He will be one of the speakers on the program. Dr. Pierce, a veterinarian, is working on his Ph. D., doing research work in the Veterinary Department at A. and M. His wife will accompany him to Miami. She is the former Ann Stasney of Ballinger.

Fireman's Annual Barbecue Planned For Next Thursday Night At City Park

More than 450 firemen, ex-firemen and their guests are expected to attend the annual Winters Volunteer Firemen's barbecue next Thursday night at the City Park. Many ex-residents and former members of the Fire Department are expected to return to Winters for the annual affair.

A short program of entertainment has been planned, along with a report of activities of the fire department during the past year. Service awards will be made to several members of the department. Beef for the barbecue is being furnished by Pete Davidson.

United States Must Create Favorable Export Surplus and Cut Foreign Outlays

The history of gold dates back to very ancient times. Bible students will remember how the "Wise men" 200 years ago brought "gold, frankincense, and myrrh" to the Christ Child. The temples of Moses, Mecca, and Buddha are decorated in gold. Gold has always been sought after because it has an indestructibility, scarcity, and beauty which no other metal possesses. The world is getting "smaller" due to advances in transportation and communication. Some day an international currency system will be inevitable, and gold will probably be the basis. The present excitement over Telstar is further proof of what lies ahead.

Devaluation of the Dollar

Gold is widely discussed at this time because of its relation to the value, and possible devaluation, of our dollar. Some people talk as if "by a nod from the President", the world's economic troubles would cease, but it is not so simple. Among the reasons: (1) All the other leading countries would also "devalue" their dollar (or equivalent) . . . (Franklin Roosevelt learned this 25 years ago); (2) there is now no agreement among the nations as to an international currency and its relationship to their own domestic currency; (3) the question as to our own budget and deficit must be resolved in advance; (4) the other nations could raise their tariffs against us; and finally, (5) President Kennedy proclaims he will prevent

devaluation with a big "No". For these and other reasons, I now believe that this "devaluation" talk will be harmful to the stock market and surely to the price of good bonds. On the other hand, devaluation would increase our "paper" reserves and automatically reduce our aid to underdeveloped countries.

Theoretically, agreements could now be made with the large banks of other countries which would, for the present, quash all talk of devaluation. This could be helpful to the U.S. stock market, especially if the bankers will take President Kennedy seriously.

Fear of Losing Gold

Many people feel that the very talk in Congress of "devaluation" would cause foreign banks to withdraw their gold. But without the consent of Congress, President Kennedy could—by Executive action—put an embargo on gold. This, of course, he would do simultaneously with recommending "devaluation" to Congress. With all the President's other troubles, I doubt if he would now do either.

Only Two Real Political "Cures"
After several weeks of no gold loss, foreign takings of our dwindling gold stock have again occurred. This loss simply points up the ineffectiveness of government efforts so far. Indeed, the immediate impact of our problem has been blunted by certain fortuitous developments in recent weeks. Collapse of the Canadian dollar caused a sharp demand for American dollars. France repaid us some \$300 million in remaining Marshall Plan loans.

However, there is an end to this type of one-shot relief. What is needed is a cure for the causes. Proposed hiking of interest rates for foreign deposits held here is a step in the right direction—but again it is a palliative. No matter how much we pay foreigners to hold dollars here, it will not prevent them from converting to gold if they lose confidence in our dollar. We have got to cut our foreign outlays or build up our favorable trade export surplus high enough to cover them. There is no other way.

My Personal Solution

If I were President Kennedy I should be honest with all nations of the world and make an active effort to increase the supply of gold. This would help Canada and also Africa if their present difficulties. It also might be considered a friendly gesture by Russia, which has much gold underground. This would lower the free market for gold, which is what we should have.

Then as the supply of gold increased, our dollar would be slowly devaluated without hurting any country. Of course, the "silver states" might put up a cry against this. But I think that missile and electronic developments could fully offset their fears. The world

TO RECEIVE DEGREE

Kleta Jeanne Gerhart, daughter of Mr. and Mrs. H. F. Gerhart, is among the one hundred and sixty-two University of Texas College of Business Administration seniors who are candidates for Bachelor of Business Administration degrees at the close of this summer session.

The greatest achievement of the human spirit is to live up to one's opportunities and make the most of one's resources.

needs more gold. There should be some honest, slow change in the price of gold through increasing its supply in keeping with the growth in populations and trade activities.

Good Housekeeping Around Grain Bins Helps Control Insects

The summer grain harvest in Texas is picking up momentum each week and farmers are reminded that grain storage facilities should be put in first class shape before the harvest begins. C. F. Garner, extension entomologist, says grain should be stored only in bins which have been cleaned thoroughly and treated with a residual spray.

He says all old grain, trash, feed sacks and debris that furnish living quarters for insects should be removed from the bin. A sweep-down of the ceiling and walls and a thorough cleaning of the floor are musts. A good cleanup job

around the bins will also help keep down insect infestations.

Grain storage structures should exclude all outside moisture, and they should be easily accessible for inspection and fumigation of grain. Bins in which grain can be aerated are helpful in cooling or drying grain.

For the residual spray, Garner suggests either malathion (best grade) or methoxychlor used in a two and one-half percent formulation. The latter is available as a wettable powder or emulsifiable concentrate.

Premium grade malathion may also be used as a protectant on corn and grain sorghum. One pint of 57 percent malathion mixed with 2 to 5 gallons of water is required to treat 1,000 bushels of grain. Sprays may be applied to

the grain stream as it is being unloaded or turned into final storage. The use of this chemical will reduce the possibility of insect damage, Garner adds.

The entomologist explains that only clean, sound grain with a moisture content of 12 percent or less should be stored. Grain with a high moisture content attracts insects, promotes mold growth and may induce heating. Grain, he said, that is free of broken kernels is safer from insect damage than dirty, cracked grain. Garner suggests leaving adequate space to inspect and fumigate the grain if necessary at the time the bin is filled.

Finally, the entomologist suggests that grain producers visit the local county agent and pick up copies of the latest publications on grain storage problems.

WASHINGTON NEWSLETTER

House Miffed At Delaying Tactics Of Senators

By Congressman O. C. Fisher
Haunted by thoughts of home, there's a lot of restlessness showing up in the House of Representatives these days. Perhaps a month ahead of the Senate in advancing the legislative program, House members are beginning to fuss and fret about delaying tactics in the Senate.

Only recently the Administration-sponsored communications satellites bill, which cleared the House almost unanimously, bogged down in the Senate when Senator Wayne Morse and a small minority of liberals objected to the bill being taken up in the Senate. A one-week filibuster was broken only by an agreement to send the bill to a committee for one week, following which there may be another talkathon by the liberals.

Morse, surrounded by a small group of like-minded liberals, got his dander up when Senator Mansfield, majority leader, objected to some of his tactics. Morse, in a huff, disowned Mansfield as his future leader. Republicans facetiously hinted that turn-coat Morse, who deserted the Republicans and joined the Democrats a few years ago, might be about to do another turn-about, and they speculated on what they would do with the prodigal if he did return to his first love.

Earlier in the session the Senators killed the better part of three weeks debating a bill, of doubtful constitutionality, prohibiting literacy tests applied to voters in various states. The abortive effort very properly went down the drain, but not until some Senators had made a record which they could point to in appeals to gullible, racial-minded, minority group voters this fall. And that one also marked another defeat for Attorney General Bobby Kennedy, who has spent a good part of his time in office dreaming up new schemes to use in trying to prove to Negro voters that he is their Fair Haired Boy in the political sense. And so it goes.

Accident Hazards Numerous Around Cotton Gins

How much time was lost at your gin from accidents last year? How much will be lost this ginning season? Chances are good as much or even more time will be lost unless accident hazards are removed, points out B. G. Reeves, extension cotton ginning and mechanization specialist.
Though the cotton ginning season is still young, reports of accidents are already coming in and will increase unless safety is made a regular part of the cotton ginning operation, says Reeves. Pre-harvest preparations should include installation of proper belt guards, guardrails for overhead platforms and walkways, guards on all shaft ends, and replacement of extended pulley bolts and set screws with proper set screws. All extension cords should be rubberized and ladders should be adequate and strong enough to get to any part of the gin.

Here are other suggestions from Reeves which could help make the upcoming ginning season safer and freer from accidents. Provide adequate grounding for electrically powered gins; protect all starter boxes with circuit breakers; cover open conveyor between gin stands; provide sturdy stairways and protect them with handrails; remove from the gin building all unneeded items of equipment before operations begin and keep floors, walkways and platforms free of oil and grease.

Reeves also suggests regular sessions with the entire gin crew on the importance of safety and the hazards that go with carelessness. Be sure that at least one member of the gin crew knows how to use the first aid kit but make sure the entire crew is safety conscious. Remember, points out Reeves, the attitude of the crew is usually a reflection of your own.

Most of us are looking for opportunities everywhere except the right place, which is where we are and in the job we hold.

Accident Hazards Numerous Around Cotton Gins

How much time was lost at your gin from accidents last year? How much will be lost this ginning season? Chances are good as much or even more time will be lost unless accident hazards are removed, points out B. G. Reeves, extension cotton ginning and mechanization specialist.
Though the cotton ginning season is still young, reports of accidents are already coming in and will increase unless safety is made a regular part of the cotton ginning operation, says Reeves. Pre-harvest preparations should include installation of proper belt guards, guardrails for overhead platforms and walkways, guards on all shaft ends, and replacement of extended pulley bolts and set screws with proper set screws. All extension cords should be rubberized and ladders should be adequate and strong enough to get to any part of the gin.

Here are other suggestions from Reeves which could help make the upcoming ginning season safer and freer from accidents. Provide adequate grounding for electrically powered gins; protect all starter boxes with circuit breakers; cover open conveyor between gin stands; provide sturdy stairways and protect them with handrails; remove from the gin building all unneeded items of equipment before operations begin and keep floors, walkways and platforms free of oil and grease.

Reeves also suggests regular sessions with the entire gin crew on the importance of safety and the hazards that go with carelessness. Be sure that at least one member of the gin crew knows how to use the first aid kit but make sure the entire crew is safety conscious. Remember, points out Reeves, the attitude of the crew is usually a reflection of your own.

Most of us are looking for opportunities everywhere except the right place, which is where we are and in the job we hold.

MOVIES

"Escape From Zahrain"

Bryner is cast as Sharif, a strong-willed Arab nationalist leader, dedicated to the overthrow of his corrupt government, and the acquisition of freedom for his oppressed people. It is a role well-suited to his strong, forceful personality and one of his few modern characterizations. The story revolves around his release from captivity while awaiting execution, and his escape with several colorful fellow-prisoners. Engineering his release is a group of fanatic followers led by university student, Ahmed—portrayed by Mineo—who joins Sharif, an American embezzler, a beautiful Arabian nurse, a sadistic killer and a gentle murderer in the desperate dash for freedom across the desert. Tension, suspense—and romance—develop during the spectacular flight of the group in an ambulance pursued by land and air, beset by privations, accidents, sandstorms, dissension and tragedy.

"Escape From Zahrain" marks the first professional reunion of Yul Brynner and Sal Mineo since they appeared together as father and son in the Broadway stage production of "The King and I."

This current film, Paramount's Technicolor adventure drama "Escape From Zahrain," showing Sunday, Monday and Tuesday at the State Theatre, Sal portrays an Arab nationalist fighter who helps his leader, Yul Brynner, escape from prison and execution.

"The Outsider"

"The Outsider," the dramatic story of Ira Hayes, Pima Indian war hero who helped raise the American flag at Iwo Jima, is set to show Thursday, Friday and Saturday on the screen of the Fiesta Drive-In Theatre with Tony Curtis starring in the title role.

The picture is definitely not a war movie, it was explained by producer Sy Bartlett, who has no aversion to war themes as he wrote the screen play and pro-

duced "12 o'Clock High," and produced "Pork Chop Hill."

"But I don't want people to pay their money to see 'The Outsider,' thinking they're going to find out in detail how the Marines finally captured Iwo Jima," he explained. "Our story of Ira Hayes naturally recaptures the moment on top of Iwo's Mt. Suribachi when the flag-raising turned him into a public hero—but what happened after that is the real drama of our film."

"The Outsider," which was directed by Delbert Mann, traces Hayes' tragic life from his enlistment in the Marines in 1942 until his death from alcoholism and exposure on a butte overlooking the Pima Indian reservation in 1955. The Universal-International picture was partly filmed on location there and in Washington, D.C.

"Second Time Around"

The rip-roaring West of 1911 is a milieu new to the talents of Debbie Reynolds, but she comes off with umbrella-swinging honors in "Second Time Around," a 20th Century-Fox outdoor comedy that takes Debbie, as a young widow, from the formal world of New York to the gambling-and-gun-smoke territory of early Arizona and puts her through a rancher-shepherd career with all the trimmings.

The CinemaScope-DeLuxe Color comedy-romance co-starring Andy Griffith, Juliet Prowse, Thelma Ritter and Ken Scott, shows Thursday, Friday and Saturday at the Fiesta Drive-In Theatre.

"Splendor in the Grass"

Probing the powerful passions and poignant paths of young love, Elia Kazan's provocative production of "Splendor in the Grass" shows Sunday, Monday, Tuesday and Wednesday at the Fiesta Drive-In Theatre, starring Natalie Wood, Pat Hingle, Audrey Christie, Barbara Loden, Zohra Lampert and introducing Warren Beatty in the Warner Bros. Technicolor presentation of William Inge's first original screenplay.

Kazan encouraged Inge to write the drama directly for the screen after the playwright had recounted a vignette from his childhood in Kansas to the renowned stage and screen director during the preparation of Kazan's stage production of Inge's "The Dark at the Top of the Stairs."

Miss Wood and newcomer Beatty are topcast as a pair of high school sweethearts struggling with their mutually strong physical attraction to each other and unable to communicate with their uncomprehending parents.

"Splendor in the Grass" provides Miss Wood with the most challenging role of her 19-year career and brings Beatty to the screen in the most eagerly anticipated film debut of the year. Beatty, like Hingle, and Misses Christie, Loden and Lampert is a product of the Broadway stage, most recently having appeared in Pulitzer Prize winner Inge's "A Loss of Roses."

Also bowing in the boldly themed

Marine Corps recruit Tony Curtis apprehensively awaits his turn in the showers while drill instructor Gregory Walcott inspects the cleanliness of another trainee in this scene from Universal-International's powerfully dramatic story,

Natalie Wood and Warren Beatty head the cast of Elia Kazan's controversial production of "Splendor in the Grass," opening Sunday at the Fiesta Theatre. The Warner Bros. Technicolor presentation introduces Beatty in one of the year's top dramas.

Winters Boys 4-H Held Meeting Thurs. Night At City Hall

Record books were distributed to the members of the Winters Boys 4-H Club at the regular meeting held Thursday night at the City Hall. Sam Helmers, assistant County Agent, explained how the records should be kept and he also discussed projects with the members.

Boys who took part in the Farm Safety Week during July by giving a radio program and making posters to be exhibited were Dennis McBeth, Mike Kozelsky, and Bob Colburn.

The next meeting will be held the first Thursday night in September at the City Hall. A new member, Beverly Ann Calston, was present.

Other members present were John Sims, Mike Kozelsky, Dennis McBeth, Hudson White Jr., Rodney Faubien, Jack Webb, Michael O'Dell, Richard Schwartz, Rickie Marks, Gary Jacob, and Freddie Grohman.

Parents present were Mr. and Mrs. Raymond Schwartz, R. R. Walston, Joe J. Kozelsky, Mr. and Mrs. Chester McBeth, Mr. and Mrs. Herbert Jacob, Mr. and Mrs. John Grohman, R. Q. Marks, Mrs. R. T. O'Dell, Mrs. B. J. Colburn, and Floyd Sims.

Wingate 4-H Clubs Held Joint Meeting Monday Evening

Wingate 4-H Clubs held a joint meeting at the Wingate School Monday night. Miss Decker and Mr. Helmers, County Agents, attended the meeting.

A film was shown on "Joint Boys and Girls Clubs". After viewing the film, the 4-H Clubs of Wingate voted to have a club of this kind. New officers were elected. They are as follows: Larry Jack Pritchard, president; Ida Martin, vice president; Carla Walker, secretary; Carey Green and Brenda Robinson, treasurers; Tommy K. Antilley, reporter; Larry Donica and Mary Lynn Pritchard, council delegates.

The next meeting will be held September 27 at 7:30.

Those attending the meeting were: Larry Jack and Jonny Bob Pritchard, Larry Donica, Jimmy Grisham, Carey Green, Joe and Mary Lynn Pritchard, Tommy and Gary Antilley, Carla Walker, Ida Martin, Cynthia Antilley, Mrs. Carlos Walker, Mrs. Pete Grisham, Mrs. Jack Pritchard and sons, Rex and Steve, Mr. and Mrs. Frank K. Antilley, Mr. Walter Green, Mr. and Mrs. Ed Donica and son, Mr. Pat Pritchard and Pat Jr., Miss Decker and Mr. Helmers.

ATTENDED FUNERAL

Mr. and Mrs. R. O. Jeffreys were called to Cisco last Wednesday by the death of his sister, Mrs. Lillie Yarbrough. Burial was Thursday in the Cisco Cemetery. Mrs. Yarbrough had visited in the Jeffreys home on many occasions.

film is popular nightclub comedienne Phyllis Diller, whom Kazan selected to impersonate Texas Guinan in a New York nightclub sequence at the height of the Roaring '20's.

Lutheran Church Ladies Aid Held Meeting August 2

St. John's Lutheran Ladies Aid held the regular meeting Thursday August 2, in the church parlors, with Mrs. W. F. Minzenmayer, president of the group, presiding for the meeting.

Mrs. Ellis Ueckert was the program chairman for the month. The group sang "Jesus Calls Us, O'er The Tumult," and those taking part on the program were Mrs. Raymond Kurtz, Mrs. Gus Voss, Mrs. Johnnie Wessels and Mrs. Herman Frick.

A piano solo was played by Mrs. W. F. Minzenmayer for those having birthdays in the month of August. The offering meditation was given by Mrs. Ellie Ueckert. The roll was called and the minutes were read by the secretary, Mrs. Jack Whittenberg. The treasurer's report was given by Mrs. Carl Wessels and the stewardship report was given by Mrs. Herman Frick.

A capsule of India was read by Mrs. A. W. Holck. Hostesses for the meeting were Mrs. A. W. Holck and Mrs. Ted Hantsche.

Dorcas SS Class Of First Baptist Church Met In Collins Home

Members of the Dorcas Class of the First Baptist Church held their regular business and social meeting Thursday evening of last week in the home of Mr. and Mrs. R. D. Collins.

Mrs. Collins, president of the class, conducted the business session and Mrs. Grover Davis led the opening prayer.

"Are You A Fairweather Christian?" was the topic of the devotional given by Mrs. W. R. Kennedy who also read the scriptures from Psalm 8.

Mrs. Collins entertained the group with an unusually interesting quiz program for the diversion.

The hostess served cake and coffee to Messdames W. E. Cotey, Pete Davis, Grover Davis, A. J. Crockett, C. C. Benson and W. R. Kennedy.

Chat and Sew Club Met Tuesday In Heckler Home

Mrs. Alfred Heckler was hostess for the Chat and Sew Club when they met in her home Tuesday afternoon, August 7. The club members brought their own handwork to do.

The next meeting will be held

in the home of Mr. and Mrs. Henderson. Secret Pat will be revealed at this meeting. Refreshments were served by Mesdames Ed Donica, George, O. D. Braden, Jobe, L. Ernst, B. D. Johnson, Burton and Alfred Heckler.

SCS Urges Farmers To Leave Residue On Top Of Land

Harvesting of grain sorghums in
 the Runnels Soil Conservation Dis-
 trict will be starting soon stated
 Bill Minzenmayer, chairman of the
 District. He said plans should be
 made now to keep residues from
 these crops on top of the soil dur-
 ing the critical wind and water
 erosion season. This period usual-
 ly runs from fall until about April
 of the next year.

Glen Green, of the Soil Conser-
 vation Service, said this stubble
 properly managed is good to re-
 duce wind and water erosion, con-
 serve moisture, control soil tem-
 peratures, reduces surface crust-

The Winters Enterprise, Winters, Texas, Friday, August 10, 1962

ing, and it adds organic matter
 to the soil.

Green said no special equipment
 is needed to leave these residues
 on the surface of the soil. He
 said all that is needed is large-
 type sweeps. These sweeps should

be set flat so they will run under
 the stalks and cut them loose. This
 leaves residues on top of the soil.

The greatest intellect one has,
 the more originality one finds in
 men.

Mrs. J. F. Childress, Formerly of Winters, Died At Menard

Mrs. J. F. Childress, 84, formerly of the Mann Community west of Winters, died at 11:45 Monday night at the Menard Hospital following an illness of several months.

Funeral services were held at Spill Memorial Chapel Wednesday afternoon at 2 o'clock with the Rev. Charles Boaz, pastor of Grace Lutheran Church in Abilene, officiating, assisted by the Rev. Billy Crews, pastor of the Seventh Street Baptist Church in Ballinger. Burial was in Lutheran Cemetery.

Mrs. Childress was born Theresa Mary Heidel, daughter of the late Mr. and Mrs. Richard Heidel, on July 31, 1878, at Laptitz, Germany. She came to America at an early age, settling in Texas in Travis county. It was there that she married August Seipp in 1899. Following their marriage they moved to Rannels county, settling in the Mann community west of Winters. Mr. Seipp died March 8, 1933.

In 1936 she was married to J. F. Childress at Ballinger. They moved to a home south of Ballinger where they lived until the death of Mr. Childress in 1960. Mrs. Childress then made her home with a daughter in Ballinger.

Mrs. Childress was a long-time member of St. John's Lutheran Church in Winters.

Survivors include two sons, Wallace Seipp of San Angelo, and Lester Seipp of Austin; one daughter, Mrs. Roy Taff, Ballinger; 10 grandchildren and nine great-grandchildren; two sisters, Mrs. Anna Herkle of Abilene, and Mrs. Myrtle Johnson, Colorado City; and one brother, Bill Heidel, El Paso.

Pallbearers were Carl Turk, Alfred Wessel, Herman Frick, Ernest Thormeyer, Edmond Holley and William Minzenmayer.

NOLANVILLE REUNION SLATED FOR AUGUST 19

The annual reunion at Nolanville has been slated for August 19, at the Church of Christ camp ground.

Those who attend are asked to bring a basket lunch and those in charge of the reunion are expecting it to be the biggest one ever held.

TO RECEIVE DEGREE

Tommy Mayhew, son of Mr. and Mrs. W. E. Mayhew of the Drasco community, is one of the 519 seniors who have applied for bachelor's degrees at North Texas State University this semester. He will receive his bachelor of arts degree in French.

Wingate School Had 2nd Annual Home-Coming August 5th

Second annual homecoming of the Wingate School held Sunday August 5, was attended by ex-students, teachers, families and friends who gathered at the school building for an interesting program. Some 300 were estimated to have attended.

Lunch was served at 12:30, after which the group assembled in the auditorium for a short program and business meeting. Community singing was led by Gene Wheat with Mrs. W. W. Wheat at the piano.

The meeting was called to order by the President, Cloy Allen, and the invocation was given by Clive Pierce.

Address of welcome was given by Mrs. Maxine Pritchard. Officers, teachers, board members, both past and present, were recognized. W. L. Burns was the trustee to have served longer and prior to all others. He is also a member of the County Board, having held this office for a number of years.

The School History was presented by Duncan Hensley, who spent considerable time and effort in preparing this data from the beginning of a one room structure in 1891, to the present day building with all the modern equipment and facilities. Also, as nearly as could be determined, teachers were named through the years to the present day faculty.

Two students who attended the first school taught in 1891, were present for the occasion. Mrs. C. L. Harter, Wingate and Mr. Milliman, Abilene. Mrs. Harter was presented with a pot plant.

Mr. and Mrs. Clive Pierce and Miss Mabel Hall tied for the flowers for the ex-teachers who were present prior to all others, having taught in 1925.

Arvil Wood, Ontario, California, was recognized as the student having traveled the greatest distance and the class of 1926 was recognized as the class with the largest number present.

Mr. Milliman gave a short talk concerning the building of the first school. He was one of the men who helped to haul the lumber by wagon from Ballinger to build

the school. Ernest Caskey, Supt. of Ballinger Schools, and ex-teacher, gave the address. Wingate takes pride in having "started Mr. Caskey off"—so to speak—in his teaching profession.

Mr. Caskey, in his talk, reminisced about his teaching experience at Wingate, where "lived some of the most unforgettable characters I ever met", and without saying so in words, pointed out there were opportunities all around if one works for them.

Mr. Caskey drew a mental picture of the entire District, naming men who were outstanding in the development and progress of this school and community, admonishing those who follow them, to be instilled with the same fine qualities of honor, integrity, and endurance as did these men have for it was through such men like those who made it possible for us to enjoy the conveniences and privileges that we have in this community today.

Election of officers for the ensuing year were as follows: President, Mrs. Ruby A. Bryan; Vice President, W. W. Wheat; Secretary, Treasurer, Reporter, Leila Harter. Date of meeting next year, first Sunday in August.

The meeting closed by singing the class song and benediction by James W. Allen.

CARD OF THANKS

We are sincerely grateful to the friends and neighbors for the many kindnesses shown us during my stay in the Veterans Hospital in Big Spring. My wife joins me in expressing thanks to all who were so thoughtful, those who visited me, sent flowers and cards, and for all the prayers. Victor White. 1tp

IT'S THE LAW—IN TEXAS

From the dawn of Western thought, men like Socrates have wondered what claims the laws have on us—aside from pure force. Some thought men had contracted to set up and obey the laws to keep the peace: You don't hurt me and I won't hurt you." But until 1620 at least, nobody had ever seen men enter such a social contract.

True, Socrates in return for the good Athens had done for him, said that he had entered an implied, unwritten contract to obey her laws, even the unjust judgment against him to take the hemlock and die.

Still, not until the Mayflower band twenty centuries later, sailed over to settle in the new world did we get a social contract actually signed and sealed.

It comes down to us in 198 vital words, the granddaddy of all written constitutions, as well as a document in the history of liberty under the law. Its gist: We . . . do by these presents solemnly and mutually in the presence of God, and one another, covenant and combine ourselves together into a civil body politic, for our better ordering and preservation . . . and by virtue hereof enact, constitute, and frame such just and equal laws, ordinances, acts, constitutions, and offices from time to time as shall be thought most meet and convenient for the general good of the colony, unto which we promise all due submission and obedience. In witness whereof we have subscribed our names at Cape Cod on the 11 of November . . ."

Much took place in the next 168 years. But in 1788 the new states wrote and ratified the world's first and now oldest and most successful constitution. Why do men obey the laws? It says: "We, the people of the United States, in order to form a more perfect Union, establish justice, insure domestic tranquility, provide for the common defense, promote the general welfare, and secure the Blessings of Liberty to ourselves and our Posterity, do ordain and establish this Constitution of the United States of America."

Fear the goat from the front, the horse from the rear, and man from all sides.

Funeral Rites For E. B. Foster Held Here Wednesday

Eugene B. Foster, 84, former resident of Winters, died at 10 p. m. Monday at his home in San Angelo. He had been ill since last November.

Funeral services were held Wednesday morning at 10 o'clock at Spill Memorial Chapel with the Rev. Chester Wilkerson, retired Methodist minister, officiating. Burial was in Fairview Cemetery.

Mr. Foster was born Sept. 21, 1877 at Bellville, Texas. His parents died when he was a small boy and he was reared by relatives.

At the age of 16, he moved to Bell County. He was married at Killeen to Effie Carmack on Mar. 22, 1903. The family moved to Runnels county in 1923, settling on a farm east of Winters. He retired from active farming in 1935 and he and his wife moved to San Angelo in 1952.

Survivors include his wife of San Angelo; three sons, Mansfield Foster, Rt. 4; Riley Foster, Big Spring; Eldon of San Angelo; three daughters, Mrs. Jesse Roach, San Antonio, Mrs. Vashteria Wyatt, San Angelo; and Mrs. Ernest Stroud of Monahans; and 11 grandchildren and eight great-grandchildren.

Pallbearers were Rankin Pace, Carl Baldwin, August Spill, Dutch Fowler, Carl Turk, and Will Mathis.

RETURNED FROM CALIF.
 Mr. and Mrs. M. T. Bridwell returned home Wednesday from Garden Grove, California where they had been visiting their son, Royce Bridwell and family. They were accompanied to Texas on the return trip by Mrs. Sharon Stephens and daughter, Mabelle of Garden Grove who are visiting her parents in Big Spring. The Bridwells also visited Mr. and Mrs. Bill Seals at Big Spring before returning home.

IN KING HOME
 Mr. and Mrs. Buddy King, Diane and Sherry of Fort Worth spent the week with his parents, Mr. and Mrs. H. E. King. They also visited in Colorado City with Mr. and Mrs. Buck Rogers. Mr. and Mrs. Jimmie Heathcott were also visitors in the King home.

Gill Family Reunion Held Recently At Ballinger City Park
 Members of the Gill family met recently at the Ballinger City Park for the annual reunion. Present for the day were Mrs. D. B. Thornton, Mrs. Wes Duncan, Mr. and Mrs. Elzie Cox, Mr. and Mrs. Ernest Smith, Jimmy, Judy and Mike all of Winters; Mr. and Mrs. Jack Howard and Boyd Holbrook of Abilene; Mr. and Mrs. Jasper Allbright, Gloria, and Beverly of Longview; Mrs. Will Ferguson, Mr. and Mrs. Fred Parker, Mr. and Mrs. Luther Parker and boys, Mr. and Mrs. S. L. Ferguson, Mr. and Mrs.

Roy Forbus and Pam, Mary Thompson and Tommy, Mr. and Mrs. Gene Rollawitz and two children of Ballinger; Mr. and Mrs. Genie Baker and granddaughters; Mr. and Mrs. Dick Denman all of Robert Lee; Mr. and Mrs. Jody Williams, Big Spring; Mr. and Mrs. Theron Forbus, San Angelo; Mr. and Mrs. Raymond Hale, Donna and Sterling of Snyder and Darlene Sweeten of San Angelo.

TO CONCHO RIVER
 Mr. and Mrs. Elmer King, Mr. and Mrs. Buddy King and girls, Mr. and Mrs. Buck Rogers spent the week-end on the Concho River fishing.

NOTICE ON THE BALLOT Highlights Provide Insurance To Veterans In Land Purchases

Insurance Company of Dallas will be the insurer if the Texas Insurance Commission approves the plan.

Sadler said the plan is to guarantee full ownership of land to a veteran's widow or heirs at most annual premiums.

Land board will send details to veterans included in the program when it is fully authorized.

BIG SCHOOLS "COOL"

Mass air conditioning programs at the University of Texas and Texas A. & M. College will account for seven per cent of the \$28,767,006 of state funds earmarked for construction in the year starting September 1.

Money to air condition old classroom and lab buildings on the Austin and College Station campuses comes out of revenue from University Permanent Fund investments, as does all the \$15,588,683 to be used for new buildings, renovation and additions at the two schools next year.

Air conditioning projects at the University include the chemical engineering building.

A. & M. plans to air condition its agricultural building; animal industries building; biological sciences building; chemical building; engineering building; Francis Hall; and physics buildings.

DANIEL NAMES APPOINTEES

Gov. Price Daniel named new board members for three of the state's 19 colleges and universities.

Ennis Favors of Stephenville, a former state representative, was named to the Board of Regents of Texas Woman's University; and Jack Hughes of Abilene to the Board of Regents of Midwestern University. Charles D. Mathews of Dallas will succeed Jim Lindsey of Midland as a director of Texas Technological College.

STATE LAUNCHES RAMP PROJECT

Texas Highway Commission has approved a \$113,000 program to build 25 public boat ramps throughout the state. Money is surplus from boat registration fees collected under the Texas Water Safety Act.

Each boat ramp project also will include a parking area, access road, incinerator, landscaping, etc.

Sites were selected on the basis of the water area to be served and the number of registration fees paid in the area.

WATER WORRIES

Joe Carter of Sherman, H. A. Beckwith of Eagle Pass and Otha Dent of Littlefield, have been worried about the future source of water for small communities.

"The big metropolitan areas can see after themselves," said Judge Dent, "while many smaller cities find themselves with a decreasing source of ground water. We've come to the point where we wonder if we should shift from focus on larger communities to smaller communities."

Shirts Continue In Farm Real Estate

The average value per farm in Texas increased from \$48,378 to \$64,950 between 1959 and 1962, according to C. H. Bates, economist of the Texas Agricultural Extension Service.

In this same period, the average size of farms increased from 631 to 710 acres. This year the land on the average Texas farm is worth \$59,302. Buildings are worth an additional \$5,648. The average value for land and buildings is about \$91 per acre, he said.

The rate of sales of farm land accelerated some during the last year also. The number of farm title transfers in Texas rose from 51.8 per 1,000 farms in 1960-61 to 58.2 in 1961-62.

A study by USDA's Economic Research Service shows the average value per acre of farm real estate reached a new high of \$123 per acre in the U. S. in 1962, 5 percent higher than in the previous year. The average farm has 336 acres, and is worth \$41,400. About \$32,800 of this is accounted for by land, and the balance, \$8,600, by farm buildings, Bates said.

Chancel Guild Of Lutheran Church Held Meet Thursday

Regular meeting of the Chancel Guild of St. John Lutheran Church was held in the church parsonage Thursday.

Mrs. J. J. Wessels, president of the organization, presided and opened the meeting with prayer. Miss Emma Henniger gave the devotion on "Narrowness of Christianity," taken from Matthew 7:14-15.

"Celebration of the Holy Communion" was the topic of the study given by Mrs. L. R. Hoppe. Verses from the Bible were repeated as roll call response by the members. Minutes were read and the treasurer's report was given. A short business session was held and members decided to purchase more communion cups.

Refreshments were served by Miss Henniger, assisted by Mrs. L. R. Hoppe, to Mesdames Holch, J. J. Wessels, Ted Hantsche, William Hoppe, Ellis Ueckert and Lawrence Jacob.

Cotton Harvesting And Ginning Changes Are Being Studied

Shifts in the cotton producing areas of Texas and changes in harvesting methods have greatly affected investments in gins, according to Progress Report 2233 of the Texas Agricultural Experiment Station.

The report shows that the Blacklands and East Texas have shown the greatest decreases and the High Plains the largest increases in cotton production. The areas with great declines in production have had comparable declines in the number of gins and those areas with increased production have had opportunities for expanded investment in gins, the report explains.

Cotton harvesting has almost completely shifted from hand picking to hand snapping and mechanical harvesting and thus has created a greater need for cleaning devices

in the gin to handle this cotton. This additional equipment has increased the investment that a gin owner must make, the report continues.

There are wide differences in the amount of cotton each gin handles and in the areas of falling production they are not handling enough cotton to be economical, the report points out. The gins in the Blacklands and East Texas are not being fully utilized as are the gins in the High Plains.

These preliminary studies show that model gin plants should be developed as a guide for installing and remodeling gins to get the most efficient operation under different conditions and in different areas of the state.

For details on the effects of the changing cotton picture on the gin operations of Texas write the Agricultural Information Office, College Station, and request a copy of Progress Report 2233.

ON NEW CHEVROLETS

TO PLEASE EVERYBODY

(WELL... ALMOST EVERYBODY) CHEVROLET

Even the most persnickety luxury-lover couldn't ask for very much more than a Jet-smooth Chevrolet (like that Impala Sport Coupe at the top). Yet it's all yours for a Chevrolet price. (And you know how low that is.)

Here's the best thing that's happened to make money go further since budgets—the lively low-cost Chevy II. It's got all kinds of room. And comes in 11 models, too—like the Nova 2-Door Sedan (second from top).

Want a roomy family car and a sporty driver's car for one low price? The rear-engine Corvair Monza (e.g., that Club Coupe, third from top) plays both roles to the hilt. Care to join the club—and get a buy, to boot?

WHS Blizzard Band Started Practice Monday Evening

Fifty-five Winters High School bandsters were present for the first pre-school practice session Monday evening at the band hall, Robert R. Gans, director, reported. Several more members of this year's band group are expected to report within a few days, following vacation trips.

The band will practice four evenings each week from now until time for school to begin, the director said. Practice sessions will be from 6:30 to 9 p.m. each Monday, Tuesday, Thursday and Friday.

The band has been practicing marching and field music, and Director Gans said the group is showing much interest. He expects to field a top-bracket marching and music band for the coming football season.

All students who have recently moved to Winters and will be in the local school for the 1962-63 school year, and who are interested in joining the band are asked to attend practice sessions.

Officers of the band for this school year include Jerry Elliott, band captain-president; Jerry Sneed, vice president; Mary Young secretary and feature twirler with the marching band; and Tamala Gans, drum major, who will be in charge of the band in marching formations.

Members of the twirling team have also been practicing with the band. They include Miss Gans, Miss Young, Barbara Baldwin, Russell Bedford, Judy Matthews, Jeannie Hood and Joan Fuller.

Crenshaw - -

(Continued from page 1) attendants said he had a laceration behind the right ear and had also received head injuries.

The accident occurred in front of 507 Tinkle Street. The parked car which was hit was knocked over the curb up onto the lawn, between a utility pole and another parked car. Considerable damage was done to the Spear car.

Crenshaw operates an automobile repair shop in Winters and was checking the motor on the Mercury at the time of the collision.

Football - -

(Continued from page 1) standing in line on game night.

Reserved seat tickets are for all home games, including Mason on Sept. 14; Brady, Sept. 21; Hamlin, Oct. 26; Anson, Nov. 9; Ballinger, November 16.

The district has ruled that all conference games will begin at 7:30 p. m. Non-conference games will begin at 8 p. m.

Norton School Will Begin '62-'63 Year On August 28th

Classes will begin at Norton Rural High School Tuesday, August 28, according to an announcement this week by H. B. Porter, superintendent.

Supt. Porter said that the faculty is complete, and that by maintaining a larger average daily attendance during the past school year, the school has gained State support for one more teacher. He said the school has entered a co-operative program in vocational agriculture with Talpa. Another one-fourth unit in vocational home-making has been secured because of the increased enrollment, he said.

The school board has announced the following holidays to be observed by the Norton school this year: Thanksgiving, Nov. 22 and 23; Christmas, Dec. 22 through Jan. 1; TSTA district meeting, March 8; Good Friday, April 12. Six weeks periods will end Oct. 5, Nov. 16, Jan. 11, Feb. 22, and April 5. Graduation has been set for Thursday night, May 16, and school will close Friday, May 17, 1963.

Classrooms have been redecorated, and other extensive repairs are being made, it was reported.

Winters Library Has Set Dr. Seuss Toys On Display

Winters Jaycee-Ettes have presented to the Winters Public Library, a set of Dr. Seuss toys, according to a report given for publication by Myra Glover, Librarian. The toys are on display at the library. They are replicas of different animals in the children's books by Dr. Seuss.

Many books which have become favorites with children all over the world were written by Dr. Seuss. Recently the Jaycee-Ettes gave a Dr. Seuss book to the library in Mayor Harvey Dale Jones' name. The children have enjoyed this book very much.

One of the most interesting toys in the library is "The Birthday Bird" taken from the book "Happy Birthday to You." All children have an invitation to visit the library and see the display. Library hours are Wednesday, from 9 to 11 a.m. and 2 to 5 p.m., then on Saturday afternoon, from 2:00 to 5:00 o'clock.

Since June 1, more than 2,400 books have been issued to people in the Winters area. Early this year a goal was set to be checked out during this year and it seems as if the goal will be reached.

Nelms Family Reunion In City Hall Sunday

A reunion of the Nelms family was held in the Winters City Hall Sunday.

Attending were Mr. and Mrs. Oscar Lowery and Burnell, of New Home; Mr. and Mrs. Clarence Nieman, Meadow; T-Sgt. and Mrs. Bob McClelland and Debra, Waco; Mr. and Mrs. James Torrence and Dorothy, Merkel; Mr. and Mrs. T. H. James, Melvin and Johnny, Arlington; Mr. and Mrs. Forrest James and Karen, Albuquerque, N. M.; M-Sgt. and Mrs. B. R. Kirkland, Sara Lou, Suzanne and Dawn of Abilene; Mr. and Mrs. Bud Hogan, Plainview; Mrs. M. S. Donica, Brownwood.

James, Mr. and Mrs. M. H. Hogan, Weldon, Judy, John and James; Miss Pamela Bedford, Nona Davidson, Mrs. F. D. McCoy, Mr. and Mrs. Bill Millhorn, Truett Smith and Mrs. Jake Smith, all of Winters.

FB Barbecue Is Scheduled For August 23

The annual Runnels County Farm Bureau barbecue has been scheduled for August 23, in the Ballinger city park, it was announced this week. The barbecue will begin at 6 p.m.

The queen contest, a part of the annual barbecue and picnic program, will be staged at 8 p.m. Girls entered in this contest are Deanna Kozelsky, Winters; Sharon Denson, Wilmett; Betty Jost, Rowena; Carolyn Hohensee, Miles; Oleen Priem, Ballinger; Janie Frey, Olen; Carolyn Wiley, Ballinger; and Marcene Pritchard, Wingate.

Judges for the queen contest are Mrs. Cynthia Dillin, HD agent from Tom Green County; Jim Eaton, and Henry Wolff Jr., both of the Abilene Reporter-News staff.

The 1962 queen will be crowned by last year's queen, Miss Shirley Ehrig of Miles. Crown bearer will be Ronda Berhart, daughter of Mr. and Mrs. Paul Gerhart, of Winters. Escort for the crown-bearer will be Paul C. Gerhart Jr., of Winters. Winner of the queen contest will compete for district honors.

Also planned as part of the activities during the annual Farm Bureau affair will be a tractor operating contest, to begin at 3 p.m. August 23. This contest will be held on the parking lot of the National Guard Armory. Deadline for entering this contest is Aug. 16.

Money talks, but the only thing it says to most people is "good-bye."

WHAT'S WRONG?—If you look close you will notice that these two flags are flying in opposite directions at the Civic Center in Los Angeles, Calif. Actually, winds are channeled in opposite directions by nearby buildings.

VISIT IN LUBBOCK

Mr. and Mrs. Dick Mayo and Mrs. Charles Matthes spent the past week end in Lubbock and Levelland visiting with the Bailey R. Mayos.

PARENTS OF SON

Mr. and Mrs. Bailey Mayo are announcing the arrival of a son August 1, in Lubbock. The baby has been named Mike. The Mayos have been transferred recently to Levelland where he is employed with the U. S. government as soil conservationist.

MOVE TO ABILENE

Mr. and Mrs. Connie Mac Gibbs moved this week to Abilene where they plan to enter Draughon's Business College.

FROM ABILENE

Mrs. Stanley Canada of Abilene was a visitor Sunday in the home of Mr. and Mrs. Fritz Deike.

Unhappiness is in not knowing what we want and killing ourselves to get it.

Police Seeking Driver Who Hit "Helper's" Son

Winters police still are looking for the driver of a 1956 or '57 station wagon which left the scene in a hurry after hitting the son of a Winters man who had given the station wagon a push.

Four-year-old Raymond E. Blake, son of Mr. and Mrs. R. G. Blake, was treated for burns from the auto exhaust, bruises and lacerations.

Police Chief Joe Stevens said the driver of the station wagon is wanted for negligence and leaving the scene of an accident.

Blake told police that he pushed the station wagon that was parked on E. Dale Tuesday afternoon. He said the station wagon finally started and that he and his children got out of their car to see if they could be of further assistance.

According to reports, the man backed up his car suddenly and struck the four-year-old boy. The man got out of his car and assisted Blake in getting the boy from under the car, and then jumped in his station wagon and drove off.

The boy was treated by a doctor and released.

However humble our work may be, it offers our greatest immediate opportunity to improve our position.

IN MILLIORN HOME

T-Sgt. and Mrs. Bob McClelland and Debra spent the week-end in the homes of their parents, Mr. and Mrs. J. A. McClelland of Ballinger and Mr. and Mrs. Bill Millhorn of Winters.

IN BAKER HOME

Mr. and Mrs. Dewey Baker, Frances and Boyd, of Alpine, spent the week-end in the home of his parents, Mr. and Mrs. Joe Baker.

TO LOCKNEY

Mr. and Mrs. Joe Baker attended the 50th wedding anniversary of Mr. and Mrs. T. B. Mitchell at Lockney Sunday. They visited relatives in Lubbock before returning home.

TO RECEIVE DEGREE

James Campbell Wright will receive a Bachelor of Arts degree at summer commencement exercises to be held on the campus of Hardin-Simmons University, Friday, at 8 p. m. Wright's major is in the field of speech and drama and he is minoring in history. A graduate of Winters high school, he is the son of E. P. Wright.

Everyone can improve his job, however simple his work may be.

Ordinary persons find no difference between men.

There is nothing more beautiful in this world than a healthy wise old man.
