**GAME CAPTAINS:** Steve Grissom, Denny Aldridge and Mike Mitchell will act as game captains for the Winters-Coleman game at Coleman tonight. Game time will be 8 o'clock. This will be the last pre-conference game of the season for the Blizzards. They rest next week.

RONALD COLBURN  
Dist. FFA President

## Ronald Colburn Is President Of Coleman FFA Dist.

Ronald Colburn, vice president of the Winters chapter of the Future Farmers of America, has been elected president of the Coleman District of the FFA. Election was held in Brownwood Sept. 18.

Colburn also serves as one of the nine vice presidents of the Area IV Association of the Texas FFA.

The new district FFA president is one of the outstanding members of the Winters chapter. He served as Greenhand reporter, and was on the Greenhand Chapter Conducting Team that placed first in the district and fifth in the area Leadership Contests. He also was on the poultry and meats judging teams, and was chosen Outstanding Greenhand by the Winters Lions Club.

During his sophomore year, Colburn served as Chapter Sentinel and district secretary, was a member of the third place district Senior Skills Team, and participated on the land, meats, and livestock teams. He received an Outstanding Chapter Feeder award, was named Star District Chapter Farmer, and was runner-up Area Star Chapter Farmer.

As a feeding program, for the past two years, Colburn has fed three Duroc barrows, two Hampshire sows, a Hampshire boar, six Hampshire gilts, and two Hampshire wethers. His awards for showing these animals include Champion Hampshire Barrow at Abilene, second heavyweight Hampshire barrow at San Antonio, third place Hampshire boar at San Antonio, and sixth and seventh place Hampshire wethers at Abilene. These awards were won during the 1962 show year.

His farming activities have centered around ten acres of cotton and ten acres of maize.

This year, his project program includes two Hampshire boars, one of which was the Champion Junior Boar at the 1962 West Texas Fair; two Hampshire gilts, one second place at the fair; two barrows, third and sixth places at the fair; five brood sows, and litters; and six wether lambs.

During his first two years in FFA, Colburn has cleared more than \$1080 on his project programs. This income has either been reinvested or deposited in the bank.

## RETURNED TO BASE

Mr. and Mrs. Kenneth Crowe and little son left Monday for Elgin Air Force Base where he is stationed after a few days visit in the home of his mother, Mrs. Lois Crowe and other relatives and friends.

## City Council Discusses Delinquent Bills, Maintenance of Local Cemeteries

Methods of standardizing the layout of the remaining lots at Lake View Cemetery in order to provide a lower maintenance cost in the future occupied much of the Winters City Council's time at the regular meeting Tuesday night.

Another time-consuming subject at Tuesday's session was a stack of delinquent utility and water bills.

Council, after reviewing and discussing delinquent bills, issued instructions to the City Secretary to initiate cut-off procedures against light and water customers who have failed to keep their payments current, and who do not comply with requests to pay the bills or make some arrangements to pay them.

In discussing the delinquent accounts, councilmen were quick to point out that every effort would be made to prevent causing a hardship for anyone, but at the same time, stressed the importance of everyone keeping current on their bills. It is unfair, members of the council agreed, for some water and power users to continue to ignore statements sent to them by the City, while a majority of the residents of Winters are prompt in their payments. Most of the delinquent accounts could be taken care of if customers would only make an effort to pay them, it was stated, instead of "riding" the City for several months until the bills become so big they are difficult to pay.

Ted Meyer, of Spill Funeral Home, attended the Council meeting, and discussed at some length the preparation of lots in Lake View Cemetery for sale. A new section of the cemetery will have to be opened for use within a short time, he said, and plans should be made immediately regarding the uniform layout and standardization of constructions on the lots.

Because of the high cost of maintenance, weed killing and grass care, on lots which are curbed, several Council members have suggested that the remaining lots of the cemetery be restricted to no curbs, with uniform boundaries. It was suggested that the City construct 2- or 3-foot sidewalks around each lot, with the walks to serve as curbing. This suggestion is being studied by the Council.

Maintenance and care of the City's cemeteries has become a problem, it was pointed out, and plans should be made now to prevent an increase in the problem with future cemetery sections. High curbing around lots is a hindrance to proper care, of the lots themselves, and of the roadways

## Winters Chamber of Commerce Speeds Up Planning For This Year's Yule Program

Planning for this year's Christmas program is beginning to receive a lot more attention day by day, as the Winters Chamber of Commerce speeds up to meet the deadline a few weeks away.

The Christmas street-lighting project is almost completed, with much of the money needed already on hand. Harry London, chairman of the committee working on this project, reported that a total of \$1,288 has been collected toward the purchase and installation of the new Christmas lights, and that solicitations will continue.

Location and installation of the Christmas lights will be planned by a committee composed of Harvey D. Jones, N. D. Waggoner and Marvin Bedford.

A Kiddies Christmas Parade is tentatively planned for 4 p.m. on Thursday, Dec. 6. Mrs. B. B. Bedford and Bill Chapman will be in charge of this phase of the Christmas celebration here. Children 12 years of age and under will participate in the annual parade.

Other projects of the Christmas program are being planned, and will be announced in the near future, it was understood.

The board of directors of the Winters Chamber of Commerce met in regular session Tuesday morning, and discussed the Christmas program. They also discussed naming candidates for the board, which will be done at the next meeting. Election will be around the first of the year. Directors whose terms expire this year are Harry London, A. W. Libbe, Walker Tatum, Ted Meyer and Mord Tucker. Directors who still have a year to serve are J. W. Bahiman, William D. Parrish, P. L. Harrison, Ellis Zane Moore and Bill Bell.

## FB Talent Find Scheduled During County Convention

The Runnels County Farm Bureau will have a talent find program followed by the Annual Convention in Ballinger High School auditorium at 7:30 p.m. Oct. 11. There will be two divisions for the talent find, one for junior age contestants, age 5 through 16, and for seniors, 17 through 30.

Entries for the talent find contests must be Farm Bureau members or a member of a Farm Bureau family. Any type of amateur talent will be accepted, to include singing, dancing instrument playing, acting, either as individuals or groups. Entries should be received by the FB as soon as possible, and participants may register at the FB office or with any of the committee members in charge of arrangements, Mrs. Hugo Vogelsang, Mrs. Alfred Multer, Mrs. Paul C. Gerhardt, Mrs. Joe Kozelsky, Mrs. S. S. Childers, Mrs. M. L. Dobbins, and Mrs. Ben Frerich.

C. T. Parker, county farm agent, will be master of ceremonies for the program, and judges will be from out of town.

Hugo Vogelsang, president of Runnels County Farm Bureau, will preside for the County Convention, when directors from the different precincts will be elected. Also, delegates to the Texas Farm Bureau State Convention, to be held in San Antonio Nov. 12, 13 and 14, will be elected.

Elliott J. Kemp, chairman of the Policy Development Committee, will present the 1962 county, state and national resolutions to the convention for discussion and vote.

The public has been invited to attend.

## Mrs. Mote Received Improved Player Award For Golf Play

Mrs. Russell Mote won the "most improved player" award in a three-months round robin golf tournament just completed by the ladies of the Winters Country Club. Mrs. Mote won the award with a score of 37.

Mrs. H. H. McCreight was second place player in the tournament, with a score of 48.

Ladies winning awards in the first flight, scoring in the 30s, included Mrs. Pat Patterson, Mrs. Don Roberts and Mrs. John Davis.

Winning awards in the second flight, with scores in the 40s, were Mrs. Lillie Heath, Mrs. K. K. Knapp, Mrs. Bill Bean and Mrs. George Browning.

Scoring in the 50s, in the third flight, were Mrs. Morris Robinson, Mrs. Jim Williams, Mrs. John McAdoo, and Mrs. Tommy Rougas.

Ladies scoring birdies during the tournament were Mrs. Patterson, Mrs. Knapp, Mrs. Roberts, Mrs. Williams and Mrs. Mote.

## Winters Lions Club Plans Turkey Shoot For October 28

Members of the Winters Lions Club voted Tuesday to hold a turkey shoot Sunday afternoon, Oct. 28. The shoot will be held at the shooting range built and supervised by the Sportsman Club at the new Winters Lake.

The shoot will begin at about 1:30 o'clock on the afternoon of Oct. 28, and will close before evening church service time, it was announced.

The turkey shoot will be restricted to .22 caliber rifles, and will be closely supervised, the Lions Club announced.

## Runnels County Food Service Met In Ballinger Sept. 29

Runnels County food service met Saturday morning in the elementary cafeteria of the Ballinger schools. Yearbooks were given to the members.

After a short business meeting the ladies went on a tour of Gabbards Meat Packing Plant at Ballinger. Several interesting devices were shown them.

The next meeting of the food service will be held in Winters.

## Non-Conference Game

# Blizzards Go To Coleman Tonight

The Winters High School Blizzard football team goes to Coleman tonight (Friday) for the last pre-conference game before plunging into the murky waters of District 6-AA competition in two weeks.

The Blizzards not only will be working to keep their strong place in the ranks of the winners of District 6-AA, but will be out to change the complexion of Coach L. G. Wilson's record of play against the Blue Cats: Under Wilson's tutelage the past two years, the Blizzards have been unable to score against the Coleman team. In 1960, the Blizzards lost to Coleman 0-8. In 1961, held their old rivals to a 0-0 tie.

Outcome of the game between Winters and Coleman will not have an effect on the two teams' final district records, because of the change in the makeup of AA districts.

## Blizzards Whip Albany Lions 28-8 Friday Night

The mighty Albany Lions fell before the tide of the Big Blue in a non-conference game at Albany Friday night, as the Blizzards racked up their fourth win on the season, 28-8.

Winters kicked off to the Lions, who moved from their own 30 to the Winters 32 before losing the ball on downs.

The first offensive play by the Blizzards netted 67 yards, as Denny Aldridge moved through the line carrying to the Albany 2 before fleet-footed Larry Barteaux tripped him up. Steve Grissom claimed one yard before QB Tommy Alfrey carried over for the TD from the 1. Alvis Jackson booted the ball through the uprights for the extra point, putting the Blizzards out from 7-0.

As the second quarter began the Blizzards again owned the ball on their own 22. In 12 plays, with Grissom, Aldridge and Tommy Young doing the honors, they moved to the Albany 14. Alfrey, on a keeper moved around right end, and again claimed 6 points, but the try for extra points was wide, leaving the score at 13-0.

Winters received the after half-kick-off and displayed one of the most outstanding plays of the year as Alfrey handed off to Grissom. Grissom moved from the Winters 36 to the Albany 28, then with a number of Lions on his back, he lateraled to Young who outran two Lions for a TD. Adolpho Arroyo carried around right end for the extra two points, and a score of 21-0.

The teams traded out fourth down kicks before Albany fumbled on the Winters 43, and 195-pound Johnny Mathis came up with the ball, and the Blue was on the move again. However, after 8 plays, the Blizzards lost the ball on downs, and Albany tried to penetrate the strong Blizzard defense. After four tries the ball went over to Winters.

The Blizzards began their fourth TD drive on the Albany 36. In only nine plays, Winters had moved to the Albany 9, by Grissom, Young, and two completed passes. A double handoff from Alfrey to Aldridge to Young, was the TD play, with the kick by Jackson, with 4 minutes left to play and a score of 28-0.

Knowing part of the "clean shirts" had gone in on defense, the Lions took to the air, completing three passes for a total of 71 yards. The Lions set up their TD from the two by half back Jim Wood. Wood also carried over for the extra points, and the final score, 28-8 was reached with approximately two minutes left to play.

## IN LITTLE HOME

A number of University of Texas students were week end visitors in the Eddie Little home. In addition to their sons, Harvey and Bill Little, the students included Bill Melton of Dallas, head cheer leader at the University of Texas; Bob Lowe of Houston, freshman cheerleader; Bob Draddy, San Antonio and Dale Melton, Austin, Daily Texan staff photographers; Kinchen Pier III, Dallas, Carlton Stower, Abilene, Daily Texan staff writers. The group attended the Texas Tech football game at Lubbock over the week-end.

tricts. Coleman now is in District 18-AA, with Brade, San Saba, Mason, Etc., and Winters has been moved to 6-AA. However, the score in tonight's game will possibly tell the tale of standings in respective districts.

Long rivals on the gridiron, the Blizzards and Blue Cats have played see-saw down through the years, winning, losing, and playing tie games. Since 1952, the Blizzards have won two from the Blue Cats; tied two; and forfeited one game in 1957 because of a flu epidemic in the Winters Schools.

The 1962 model Blue Cat team is considered "small, but aggressive." They'll probably field Johnny Kirby, a fullback who was a pre-season boomer for all-state honors. Ronny Mankin, a quarterback, also will bear keeping an eye, as will Dale Thompson, defensive linebacker and offense halfback, along with Phil Boatright, defensive tackle.

Coleman Blue Cats have won two, and tied one. They whipped DeLeon 26-8, tied Anson, and then drubbed Comanche 40-0. They have scored 72 points this season, against opponents' 14.

The Blizzards still are standing second place in 6-AA, with a 4-0 record. The Winters team has racked up 106 points for the season against opponents' 14.

Coach L. G. Wilson reports the Blizzards in good shape, with no injuries to keep them off the field Friday night.

## PROBABLE STARTERS

The following probably will start on offense:

End—Mike Mitchell and Johnny Hopper

Tackle—Dan Roberts and Eugene Mathis

Guard—Alvis Jackson and Tommy Burton

Center—Roland Tekell

QB—Tommy Alfrey

HB—Tommy Young and Denny Aldridge

FB—Steve Grissom

On defense, starters probably will be:

Guard—Johnny Mathis and Eugene Mathis

Tackle—Johnny Hopper and Tommy Burton

End—Denny Aldridge and Larry Await

HB—Donald Parker and Adolpho Arroyo

Linebackers—Alvis Jackson and Wayne Bailey

Safety—Tommy Young

## AROUND THE 6AA FOOTBALL LOOP

Football teams of District 6-AA continue to leave a trail of broken heads up and down schoolboy football land, as they bulldoze their way to the starting gate for competition against one another. The six teams have a combined record of 17-3-1 for the pre-season.

The three strong teams of the district, Winters, Stamford and Hamlin, each have a 4-0 record, with Stamford the only team holding their opponents to zero points. The Bulldogs have racked up 161 points this season.

The Winters Blizzards have chalked up 106 points to their opponents' 14, to keep a good hold on the second place spot on the record pole.

Hamlin has marked up 113, but their opponents have made 22 points against them.

Haskell and Ballinger each have a record of 2-1, with Anson in the cellar with 1-1-1.

Anson rested last week, but the other five teams went out of the district, and out of classification, to keep the district's record intact.

Hamlin trimmed Cisco 40-6; Stamford hit Colorado City 43-0; Haskell whipped Munday 22-0; Winters beat Albany 28-8; and Ballinger won over Mason 42-16.

Only three of 6-AA's teams go out to play this week. Anson to Seymour (Haskell 44, Seymour 6; Stamford 40, Seymour 0); Haskell to Wichita Falls Hirschi; and Winters to Coleman (Anson 6, Coleman 6).

## RETURNED TO CORPUS

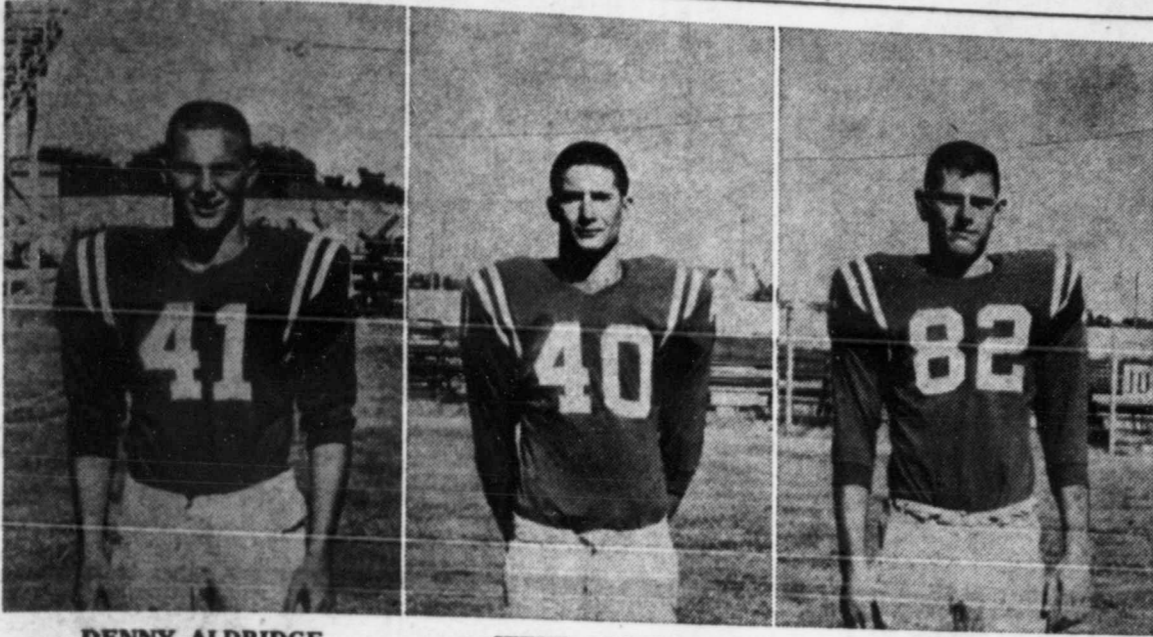

Mr. and Mrs. W. A. Thomas and children, Duane, Janie and Ricky returned Wednesday to their home in Corpus Christi after a few days visit with Mr. and Mrs. Arthur Bates and Jackie Redwine.

Haskell and Ballinger each have a record of 2-1, with Anson in the cellar with 1-1-1.

Anson rested last week, but the other five teams went out of the district, and out of classification, to keep the district's record intact.

Hamlin trimmed Cisco 40-6; Stamford hit Colorado City 43-0; Haskell whipped Munday 22-0; Winters beat Albany 28-8; and Ballinger won over Mason 42-16.

Only three of 6-AA's teams go out to play this week. Anson to Seymour (Haskell 44, Seymour 6; Stamford 40, Seymour 0); Haskell to Wichita Falls (Hirsch; and Winters to Coleman (Anson 6, Coleman 6).

## RETURNED TO CORPUS

Mr. and Mrs. W. A. Thomas and children, Duane, Janie and Rickey returned Wednesday to their home in Corpus Christi after a few days visit with Mr. and Mrs. Arthur Bates and Jackie Redwine.

RONALD COLBURN  
Dist. FFA President

## Ronald Colburn Is President Of Coleman FFA Dist.

Ronald Colburn, vice president of the Winters chapter of the Future Farmers of America, has been elected president of the Coleman District of the FFA. Election was held in Brownwood Sept. 18.

Colburn also serves as one of the nine vice presidents of the Area IV Association of the Texas FFA.

The new district FFA president is one of the outstanding members of the Winters chapter. He served as Greenhand reporter, and was on the Greenhand Chapter Conducting Team that placed first in the Leadership Contests. He also was on the poultry and meats judging teams, and was chosen Outstanding Greenhand by the Winters Lions Club.

During his sophomore year, Colburn served as Chapter Sentinel and district secretary, was a member of the third place district Senior Skills Team, and participated on the land, meats, and livestock teams. He received an Outstanding Chapter Feeder award, was named Star District Chapter Farmer, and was runner-up Area Star Chapter Farmer.

As a feeding program, for the past two years, Colburn has fed three Duroc barrows, two Hampshire sows, a Hampshire boar, six Hampshire gilts, and two Hampshire wethers. His awards for showing these animals include Champion Hampshire Barrow at Abilene, second heavyweight Hampshire barrow at San Antonio, third place Hampshire boar at San Antonio, and sixth and seventh place Hampshire wethers at Abilene. These awards were won during the 1962 show year.

His farming activities have centered around ten acres of cotton and ten acres of maize.

This year, his project program includes two Hampshire boars, one of which was the Champion Junior Boar at the 1962 West Texas Fair; two Hampshire gilts, one second place at the fair; two barrows, third and sixth places at the fair; five brood sows, and litters; and six wether lambs.

During his first two years in FFA, Colburn has cleared more than \$1080 on his project programs. This income has either been reinvested or deposited in the bank.

## RETURNED TO BASE

Mr. and Mrs. Kenneth Crowe and little son left Monday for Elgin Air Force Base where he is stationed after a few days visit in the home of his mother, Mrs. Lois Crowe and other relatives and friends.

A Kiddies Christmas Parade is tentatively planned for 4 p.m. on Thursday, Dec. 6. Mrs. B. B. Bedford and Bill Chapman will be in charge of this phase of the Christmas celebration here. Children 12 years of age and under will participate in the annual parade.

Other projects of the Christmas program are being planned, and will be announced in the near future, it was understood.

## DO YOU REMEMBER?

From the Files of the Winters Enterprise

### 30 YEARS AGO

October 7, 1932  
 The first game of the 1932 football season was played against Roscoe. The Blizzards tied the game 0-0. A few of the players of that game were Pierce, Sullivan, Dunn and Vinson.

A total of 5.07 inches of rain fell in September of that year. Grain sorghums were reported to be deteriorating but the cotton damage was slight.

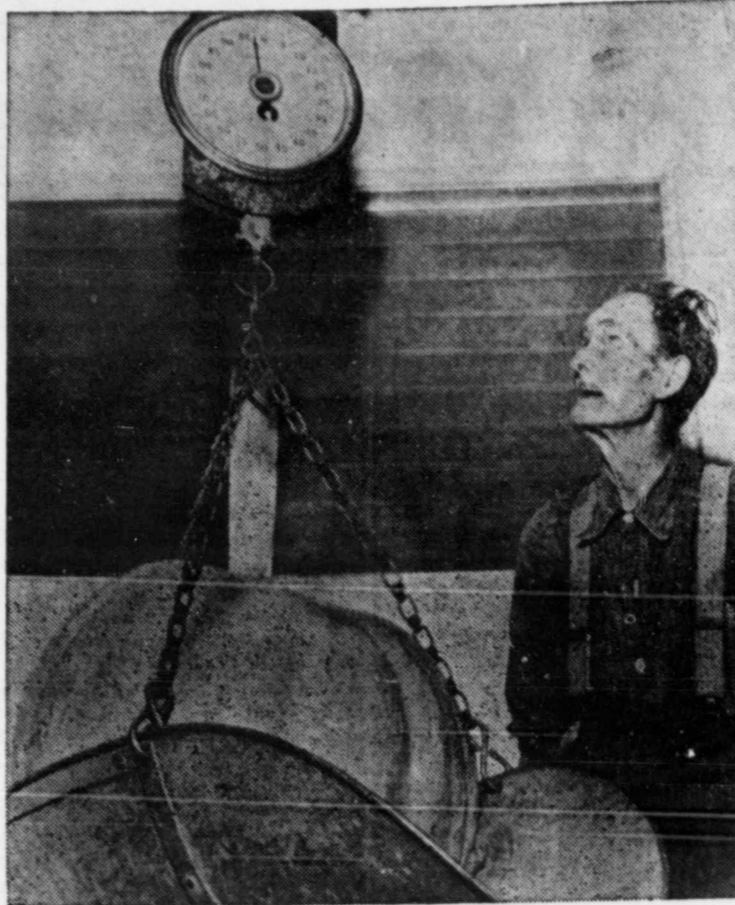

The clubs were beginning to hold their regular meetings that year

after the summer vacations. The Victory Home Demonstration Club and the P-TA held their first meetings that month and a few schools were just opening such as the Dale and Victory Schools.

The Winters School luncheon was being operated at cost that year by the Roy Scoggins Post of American Legion.

The following week, the Winters Blizzards were to play their first conference game against Santa Anna. Coach Pratt expected it to be a good game.

A new dry goods store was open-

ed in October of 1932. It was "The Globe" located at 132 South Main.

### 25 YEARS AGO

October 1, 1937  
 Mayor J. W. Copeland issued a proclamation that week stating that the week of October 3-9 was Fire Prevention Week. Local Schools were observing the fire prevention week by making posters for cash awards.

As of that week in 1937, 8,826 bales of cotton had been ginned here.

In connection with the Fire Prevention Week, Mayor Copeland stated that the dumping of trash in alleys must stop. He said it was a fire hazard and also that there was a City Ordinance against it.

The first home game of the Blizzards football season was to be played here at 3 o'clock that Friday afternoon against Brady. The game the week before was played against Rising Star and the Blizzards won 13-6.

It seems that rural schools opened a little later than our city schools then. There have been several announcements of the opening of rural schools in the old October papers such as the Baldwin School which was to open that week in 1937.

In 1937, anyone shopping for furniture could buy a complete living room suite for \$59.50 or a bedroom suite for \$39.95. Those prices certainly make our furniture prices today look very big.

A move for better cotton in Runnels County was started in 1937 by farmers, ginners and cotton buyers.

The Community Natural Gas Co. (Lone Star Gas) was sponsoring a photograph contest for indoor photos showing heating appliances and cash prizes were offered the winners.

### 20 YEARS AGO

October 2, 1942  
 Due to the war that was still raging that year, speed limits on streets and highways were lowered to 35 mph to conserve tires. Used tires and tubes were frozen in the hands of the present owners as a preparatory step to rationing of them. Citizens were asked not to buy more than 2 1/2 pounds of meat a week until the rationing

system could be put into effect.

In October of that year, 4,483 bales of cotton had been ginned here.

Two Army deserters stole bicycles from the C. R. Kendrick home that year. The bicycles were recovered and the deserters caught.

A surgical dressing program was being carried out by the Red Cross. Mrs. R. H. Henslee and Mrs. Ralph Lloyd were in charge.

The Runnels County Farm Machinery Rationing Board held their first meeting in Ballinger in the AAA Office that week in 1942. The rationing of farm machinery was for the Armed Forces.

In October of 1942, Governor Coke Stevenson proclaimed Fire Prevention Week to be the week of the 4-10 of October.

The Winters Blizzards were to play Santa Anna here that night in 1942. The game the previous week was lost to Eldorado 13-0.

### Showers Scatter North Zone Doves

A quick glance across the state via reports from I & E officers for the Texas Game and Fish Commission indicates that the dove hunting situation in the Northern Zone isn't too good.

From Tyler comes the report that the largest concentration of doves seems to be along the Red River. The numbers gradually diminish the farther south you go. When the rains began a few days ago there were some doves concentrating in numbers in some areas. But with the rains, even these birds have scattered. There is still some fair hunting and many hunters who find a hot spot are getting their limits. The birds are small.

Waco reports conditions in that area and along the northern section of the state are about the same as those in East Texas. There are no county-wide concentrations. The flights are spotted with the best hunting around large fields of sunflowers, croton and water holes in the late afternoon.

Word comes from San Angelo that up in the Panhandle area it was poor before the rains and worse now. It is estimated that there was a 20 percent reduction in population from last year. Last year was down 20 percent, placing the population about 40 percent below the good hunting level. There is some fair hunting along the Canadian River.

Generally, all reports indicate that the Northern Zone offers some fair shooting if a person is willing to wait the birds out. The large doves from the northern states haven't moved into the state yet, and they aren't expected until there is a change in the weather in those states. This shouldn't be long, so look for some better hunting.

### It's the Law—

## School Children On Buses Protected By State Laws

Thousands of school children are now trooping back to school thru-out Texas. Many of them will be transported by school buses. Most people are careful when approaching a school bus which may be standing beside the road or school to pick up school children or allow them to alight. However, we have already had some very bad accidents this year because a child or a motorist, or both, were careless at that very time.

Most Texans are aware of the law which requires a driver to come to a complete stop when overtaking from the rear a school bus which has stopped to receive or discharge school children. After stopping immediately behind the bus, he is then allowed by law to proceed past same at a speed "which is prudent, not exceeding ten (10) miles per hour, and with due caution for the safety of such children."

What many persons do not realize is that the very same rule applies when meeting a stopped school bus. While everyone is interested in protecting our children, unthinking violators of this simple safety rule greatly outnumber those who comply. Failure to follow the law in this case can lead to fine up to \$200.00 even when no accident occurs. Following an accident in which some child is injured or killed, the penalties are naturally much more serious.

Although the above rule does not always apply when passing a stopped school bus in a business or residential district of a town, the necessity for extreme caution even in those locations is obvious.

When it comes to overtaking and passing moving vehicles, exercise of ordinary common sense will generally keep a driver within the law. For instance, when passing a car it is only common sense to proceed on past it a safe distance before cutting back to the right side of the highway. Also any driver would realize the danger of increasing speed while another is attempting to pass him.

In the same category is the prohibition against passing on the right under most ordinary condi-

tions. Of course, you may legally pass on the right in a few specific instances, such as when the vehicle overtaken is making or about to make a left turn, or upon a one-way street with two or more lanes, or upon a four-lane highway.

However, our traffic laws state that even when passing on the right is allowed, it shall be done only under conditions permitting such movement in safety. And, in no event should such passing be accomplished by driving off the pavement or main-traveled portion of the roadway.

Familiar to all are the no passing zones designated by yellow lines placed to one side of the center line on our highways. Not so well known are the restrictions against crossing the center line when approaching within 100 feet of or when traversing any intersection or railroad grade crossing.

An enemy may give better advice than a friend.

## Funeral Rites For Mrs. Frank Merrill Held At Robinson

Funeral services for Mrs. Frank Merrill, 90, were held Monday afternoon at 2 p.m. at the Church of Christ in Robinson, Texas. The Rev. Norman Fry of the West End Baptist Church at Freeport officiated with burial in Lorena Cemetery in Lorena, Texas, under the direction of the Spill Funeral Home.

Mrs. Merrill died, while visiting her son, Joseph Merrill, at 2 a.m. Sunday following an illness of several months. A longtime resident of Texas, Mrs. Merrill had lived with two daughters, Mrs. Jessie Ferguson in Waco and Mrs. Neta Ross in Freeport since the death of her husband in 1939.

Mrs. Merrill was born Clara Holden in Enterprise, Miss. on Jan. 30 1872. She moved to Texas as a child and in 1895 married Frank Merrill in Parker County. They moved frequently in Texas and Missouri while Mr. Merrill was a railroad worker, then moved to a farm near Lorena where they lived for more than 35 years.

Her husband and two children preceded her in death. Survivors include three sons, Hamilton of Korea, Joseph of Winters, and Fred of Houston; four daughters, Mrs. Burnie Lawless of Mexia, Mrs. Jessie Ferguson of Waco, Mrs. Nell Byers of Mauriceville, Mrs. Neta Ross of Freeport; 30 grandchildren and a number of great grandchildren and great granddaughters.

Grandsons were pallbearers.

## Lowell Tubbs and Jimmy Kettler Repeat Marriage Vows Friday at 7:30

Lowell Tubbs, daughter of Mr. and Mrs. Homer Tubbs Sr., became the bride of Jimmy Kettler, when they repeated marriage vows before the improvised altar in the home of the bride's parents in the Wilmeth community, Friday evening at half-past seven o'clock. The groom is the son of Mr. and Mrs. L. W. Kettler of Winters.

The Rev. A. W. Holck, pastor of the St. John's Lutheran Church, officiated for the double ring ceremony before an archway of white gladiolus.

Given in marriage by her father, the bride wore a white satin brocade dress fashioned with fitted bodice, low scoop neckline and cup sleeves. The bell skirt featured a bow in the back and her fingertip veil of silk illusion fell from a white lace pill box hat. She wore mits and carried a white orchid atop a white Bible.

The maid of honor, Linda Easterly of Winters, wore a blue satin brocade dress designed with bell skirt, low scoop neckline and cap sleeves. Her hat and shoes were of matching blue satin. She wore mits of matching color and carried a blue nosegay.

Forrest Shade of Winters was best man.

A reception was held immediately after the ceremony in the Tubbs home. Lindy Easterly and Judy Kettler, sister of the groom, presided at the refreshment table and served.

The two-tiered wedding cake of white confection was decorated with miniature wedding bells and roses, topped by a miniature bride and groom beneath a wreath of flowers.

The bride is a junior in Winters High School where she was a member of the Girl's Choir.

Mr. Kettler is a 1962 graduate of Winters High School and at present is employed by Perry-Hunter-Hall in Abilene where the couple will reside.

For a brief wedding trip the bride wore a royal blue wool jersey dress. Her accessories were black and she wore a single strand of pearls, a gift of the bridegroom.

## HESSTON V-22 TWO ROW COTTON HARVESTER

with REVOLUTIONARY brush action!

The new Hesston V-22 Cotton Harvester, field proved, and now in the third season, is the answer for once-over cotton harvesting. Designed to fit most farm tractors, the two-row V-22 handles up to three bales per acre for as little as \$7.50 per bale. Even green bolls are saved for later opening. You harvest a better grade of cotton by eliminating plant trash and dirt. The V-22 excels, whether in low- or high-yielding fields of storm-proof, storm-resistant, dry-land, or irrigated cotton. Durable, but compact and light in weight for harvesting when ground conditions won't support heavier machines. Bearings are packed and sealed for life, providing low service time. Large or small, the Hesston V-22 will fit your operation... and best of all, you can afford it!

believe so long as you are sincere. Not all those who crucified Jesus were hypocrites. Some believed that they were getting rid of a dangerous man, one who was leading Israel away from the worship of Jehovah, a false Messiah. The argument of Caiaphas sounded reasonable to some, "It is expedient for you that one man should die for the people, and that the whole nation should not perish." (John 11:50) Sincerity must be taken for granted in our study of basic beliefs. The recitation of a creed must reflect inner commitment to its meaning or it is an act of hypocrisy. One of Paul's favorite expressions was "having a good conscience." A Christian must be conscientious about his creed. His confession of faith is before God who looks upon the heart. God is not fooled by eloquent phrases.

Special days next week are for: Mr. and Mrs. Joe Hale a wedding anniversary the 8th; David Berry the 9th; Jimmy Lail, Sandra Martin, Blane Hendrix and Emma Ruth Gerlach Williams the 10th; Rev. **HEALTH LETTER**

For 16 million Americans the days between now and mid-January are the golden days of the hunt, perhaps the most avidly anticipated season on the sporting calendar.

It's a satisfying time, with man in quiet communion with a bountiful nature.

Before it ends, an estimate 1-100,000 hopeful Texans—young and old of both sexes, skilled and unskilled—will have taken to the field in eager expectation.

Fleet mourning doves are present targets of a thousand guns by virtue of a 60-day north zone season which opened September 1 and runs through October 30. The south zone opens September 25 and runs through November 23.

Duck season in Texas this year runs from December 6 through December 30. For deer and turkey it begins November 16 and lasts until December 31. Quail shooting becomes legal December 1 until January 16.

In all instances, date variations and game bags are subject to county laws.

With such concentrated shooting activity, particularly when novice-gun-handlers are involved, it is obvious that the chances of accidental injury or death jump drastically.

Twenty-two hunting enthusiasts of varying ages met untimely deaths during last year's season. Either killed by their own hand or by others. Reports of their deaths tell a grim story of errors in judgment or outright carelessness.

Four hunters virtually committed suicide by climbing through fences with guns in hand, in defiance of countless words of caution against such a practice.

Three were killed when they stumbled or fell while walking wooded trails with their weapons loaded and cocked.

Two others were shot to death in accidents resulting from falls

from trees. Another hunter was killed while a companion was handing him a loaded gun.

Four were killed in accidents involving the carrying of loaded guns in automobiles.

The remaining eight were killed as a result of being mistaken for game, or while unloading or otherwise mishandling firearms.

There will be additional deaths as this year's season progresses. The final toll can only be influenced by the common sense of the hunters themselves.

Some poetry makes a fellow feel prosaic.

## Funeral Rites For Mrs. J. W. Dixon Set For Friday Morning

Funeral service for Mrs. J. W. Dixon, 82, prominent resident of Winters and active in church, club and civic affairs for more than forty years, has been set for Friday morning at 10 o'clock in the First Baptist Church.

Mrs. Dixon, who had been in ill health for some time, died at 9:25 Tuesday evening at her home, 201 South Frisco. She suffered a stroke on Monday.

Born Mary Elizabeth Longley in Pineville, Arkansas February 24, 1880, she was reared in Mammoth Springs, Arkansas. She attended college at Springfield, Missouri and taught school in Arkansas for several years. She was married to J. W. Dixon, June 19, 1910 in Amarillo, Texas.

The couple lived in Bovina, XIT Ranch headquarters for a year and then came to Wingate, where he practiced medicine for a decade before moving to Winters July 21, 1921.

As an active member of the First Baptist Church, Mrs. Dixon had served as president of the Woman's Missionary Union, taught Sunday School class and former superintendent of the Young People's Department.

Mrs. Dixon was active in the organization of the Band Mothers Club and served as president at one time. She was recently honored by the Diversity Club, of which she was a charter member and a past president. For a number of years she served on the district board of the Texas Federation of Women's Clubs and had been active in the Winters Garden Club.

Surviving are her husband, Dr. J. W. Dixon Sr., retired practicing physician in Winters for many years; four sons, Henry Dixon, general manager of the adhesive division of Goodrich Rubber Co., Akron, Ohio; Dr. J. W. Dixon Jr., Waco, head of the geology department of Baylor University; Harold Dixon of Texas City, assistant manager of a division of Union Carbide Co.; and Gerald Dixon of Oak Ridge, Tenn., an official in Union Carbide. Eight grandchildren also survive.

Casketbearers were Gattis Neely, John Norman, W. T. Billups, C. C. Benson, Raymon Lloyd, T. A. Smith, D. W. Williams, Neal Oakes, C. R. Kendrick.

Don't grieve because others are not like you.

## W. F. Chisum, 82, Died In Abilene Monday Morning

Funeral services were held at 10:30 a.m. Tuesday for William Frank Chisum, 82, longtime resident of Rannels County, who died at 7:30 a.m. Monday at the Rosewood Nursing Home in Abilene.

Services were held at Spill Memorial Chapel, with the Rev. B. T. Shoemaker, pastor of the First Baptist Church, officiating. Burial was in the Pumphrey Cemetery.

Mr. Chisum fell and broke his hip last August, and had been hospitalized since that time. He had been in the nursing home for about a month.

William Frank Chisum was born Feb. 22, 1880, in Coryell County, one of eleven children of the late Mr. and Mrs. J. A. Chisum. He came to Rannels County with his parents in 1917, settling in the Pumphrey Community. He had made his home here with a niece, Mrs. Emily Pendergrass, in the Pumphrey Community, for the past 13 years.

Surviving are two sisters, Mrs. W. A. Mitchell of Winters, and Mrs. Coleman Golden of Leveland; and a number of nieces and nephews.

Pallbearers were Jim Smith, Douglas Colburn, Milton Patterson, M. H. Hogan, Walter Adami and Charlie Sprinkle.

I am sure you will continue the same cooperation with the new owner and manager of the Bureau, Mrs. Billy Ray Chapman. Joysue Gans. 1tp

## Officers Installed In Lutheran Church School Offices

Twenty-eight adults were installed in offices of the Church School of St. John's Lutheran Church during Rally Day services Sunday. These teachers, leaders, and helpers will be responsible for activities in the Church School beginning Oct. 9.

In installing the new officers, Marvin Onken, Sunday School Superintendent, charged the assembled teachers, "The teacher may be a delightful person or he may be a dour, drab character. In either case, he may be a spiritual germ carrier or he may teach wholesome, healthy, doctrine. We want you to teach sound, healthy, wholesome doctrine. It is a matter of the spiritual health and life of our church and our people."

Besides Mr. Onken, the other officers of the St. John's Lutheran Church School are Miss Minnie Belitz, assistant superintendent; Mrs. August Stoecker, secretary, and Mrs. Willis Whittenberg, treasurer.

The Rev. A. W. Holck, pastor of St. John's Lutheran Church, installed the following officers: In the Pre-School department, Mrs. R. C. Jr. Kurtz, dept. leader; Mrs. W. F. Minzenmayer, pianist; Mrs. W. W. Ahrens and Mrs. Walter Gerhart, nursery teachers; Miss Martha Turk and Mrs. Ronald Hill, kindergarten teachers.

In the Primary to Intermediate department: Jake Presley, department leader; Erwin Henniger, song leader; Brenda Presley, pianist; Miss Helen Lisso, Mrs. L. E. Jacob, and Mrs. Jack Whittenberg, primary teachers; Mrs. E. E. Thormeyer and Mrs. Albert Holck, junior teachers; Mrs. Herman Frick, Mr. and Mrs. Ellis Uecker, intermediate teachers.

In the Senior department: Organist, Mrs. Ronald Hill; Mrs. Dick Dunlap, Associate Teacher of the Luther League Class; Mrs. Walter Kraatz, Adult Bible Class teacher; Mrs. R. T. O'Dell, Mother's Study Class teacher; Mr. Keith Uecker, and Mrs. Erwin Uecker, leaders of the Men's Study Group. Mrs. L. R. Hoppe was installed as Junior Lutheran Leader, and Mrs. Walter Spill will be the Junior Luther League Leader.

Substitute teachers for the Church schools include Mrs. Paul Gerhart, Mrs. Grady Byers, Estella Brede-meyer, Mrs. Chas. Kruse, Jr., and Mrs. L. R. Hoppe. The members of the Parish Education Committee responsible for the policies and operation of the Church schools are Mr. L. W. Kettler, chairman, Mr. and Mrs. E. E. Thormeyer, Mr. and Mrs. Jake Presley, and Mr. and Mrs. Walter Kraatz.

St. John's Lutheran Church School meets each Sunday morning at 9:30 for hymn singing and Bible study. At the present time, enrollment in the Sunday School is over 200 pupils.

**NOTICE**  
Band Mothers Club will meet Tuesday afternoon at 4:15 in the Band Hall for the regular session, it has been announced. All band mothers are urged to be present.

## Mable Hambright, Michael Dyess Wed At Crews Church Sat.

Methodist Church was the scene of the wedding of Mable Hambright and Michael Jay Dyess, Saturday afternoon at seven o'clock. The bride is the daughter of Mrs. Marvin Hambright and the bridegroom is the son of Mrs. A. C. Dyess of Lubbock. The reception was held in the church annex immediately following the ceremony. The table was laid with satin-trimmed net over white and centered with an arrangement of pink roses and queen's wreath in crystal contained. Pink cinnias, roses and other late summer flowers decorated the annex. Kay Sheidt of Wingate laddered punch, Mrs. Owen Bragg and Mrs. E. W. Brodwell served the cake. Mrs. Don Watson of Lubbock, cousin of the bride, presided at the register. Members of the house party were the Crews WSCS including Mesdames Orville Pearce, Forrest Davis, Will Mathis, Arthur Alcorn, Pete Petrie, Sam Mathis, Enoch Johnson and S. B. Dietz. For traveling the bride changed to a pink sheath with matching jacket and wore accessories of brown. The bride is a 1962 graduate of Winters High School where she was a member of the Future Homemakers of America, Future Teachers of America and the Winters H. S. Choir. The bride groom is a 1962 graduate of the Norton High School, where he was elected Mr. Norton High School, harvest king and class favorite. He is presently employed by Mosher Steel Company of Lubbock. Mr. and Mrs. Dyess will be at home at 1811 Sixth Street in Lubbock.

## Sub Deb Club Met In Scott Home Monday

Carolyn Scott was hostess for the Sub Deb Club when they met in the home of her parents, Mr. and Mrs. G. W. Scott, Monday evening. Roll was called and the program was presented. **ROGER BABSON**

**Pays Close Attention To Companies Strong on Research and Development**

There are three prominent classes of stocks being talked about today: (1) the old-line investment stocks, included primarily the Dow-Jones Industrial Average's thirty stocks; (2) the speculative electronics stocks; and (3) a class which I consider "growth" stocks, which group I would like to discuss today.

**What Is A Growth Stock?**

Unfortunately, the general public tends to misunderstand the term "growth." As a result, it is often misused. For example, many people confuse real growth issues with the more transitory glamor situations. The sad part of it is that the growth label is most often misapplied during the latter stages of a bull market when stocks are overpriced.

A real growth stock is one which has a proven record of increasing profits, sales and dividend payments. Let me stress that true growth must include rising trends in both sales and profits. An increase in sales without a commensurate rise in profits is usually a sign of keen competition, cost squeeze, and/or inefficient managements.

**Basic Growth Factors**

Growth is the result of a combination of factors which enables an industry or company to increase its sales and profits over a period of years. One of the fundamental growth forces is population increase. This is the basis of potential demand for goods and services. However, as India, China, and some other nations demonstrate, purchasing power must grow along with population if an effective demand is to be created. When population growth outstrips the rise in purchasing power, the result is more likely economic stagnation and increased poverty.

Technological advances constitute another vital growth force. This is quite obvious at the present time because of the great interest in science. In the form of automation, for example, technological advances can raise the level of productivity and lower production and distribution costs. The resultant increase in efficiency can do much to promote growth. Scientific breakthroughs and new inventions create improved products, which in turn create employment and investment opportunities. Remember, however, that while scientific progress opens up new vistas, it can also stymie the growth in certain existing fields because of obsolescence and change. In a sense this reminds me of Newton's Law of Action and Reaction!

**How To Recognize Growth Stocks**

Selection of growth stocks involves considerable judgment because indiscriminate purchases can be very costly. Many factors must be carefully weighed. Without getting involved in the more technical details, I suggest use of at least the following benchmarks when choosing growth stocks. Look

first for a better-than-average record of increased sales and profits of around 5 per cent a year for at least five years. Allowances must be made for interruptions in the growth trend due to recessions, strikes, etc., but growth stocks usually bounce back strongly from these setbacks. Most growth companies plow back a substantial part of each year's earnings. This builds up future earning power and allows for internal financing or future expansion.

I personally pay close attention to companies which are strong on research and development work. This is an indispensable key to continued growth and a bulwark of defense against competition. I also try to select companies which have the "inside track"—in terms of patent rights, trademarks, mineral rights and reserves, and location.

**Importance of Timing**

During the recent market slump, the so-called growth issues took a fearsome pounding. This emphasizes the need to be patient for worth-while buying points, as well as to be patient for the growth to occur. At this juncture, a good deal of the froth has been taken off the price of stocks. While some further decline may occur,—barring Cuba, an increasing number of growth issues are becoming more realistically priced.

I should not mention specific stock "buys" in this column. Readers, however, could start their search for growth stocks amongst the natural gas, life insurance, utilities serving growing regions, and office equipment fields. Some of the shaken-down drug, chemical, and textbook publishing stocks are also becoming more attractively priced.

**LEGAL NOTICE**

**NOTICE TO BIDDERS**  
Notice is hereby given that bids will be received by the Commissioners' Court of Runnels County for one (1) truck with the following specifications:

Two (2) ton, 197 inch wheel base, 2 speed axel, reinforced frame, heavy duty springs, overload springs, equipped with 8.25 by 20 inch tires.

The Commissioners' Court offers as trade-in, two (2) 1949 model G.M.C. trucks; said trucks may be seen at the county yard, Wingate, Texas.

A Cashier's check equal to 5 percent of bid must be submitted with bid. All bids must be sealed. Address bids to: Commissioners' Court, c-o W. H. Rampy, County Judge, Box 470, Ballinger, Texas.

Bids will be opened at 10:00 a. m. Monday, October 8, 1962 in the Commissioners' Court Room, Ballinger, Texas. The Commissioners' Court reserves the right to reject any and all bids.

**Nation Crime Wave Disgrace To All, Says J. E. Hoover**

J. Edgar Hoover, director of the Federal Bureau of Investigation, shows concern for the safety of law-abiding citizens, and sends out the following warning to peace officers and the nation:

The massive avalanche of crime sweeping the U. S. today is a shocking disgrace and a broad indictment of the American people. The recently released Uniform Crime Reports reveal some 1,926,090 serious crimes were committed in 1961, topping the all-time high record of the previous year by 3 per cent. During the past 5 years, crime has outstripped the growth of population 5 to 1.

Youthful criminality, long a foreboding facet in the crime picture, continued to rise. Arrests of young people under 18 years of age were up 4 per cent above the 1960 total. This age group represented 43 per cent of all arrests for the more serious offenses of murder, forcible rape, robbery, aggravated assault, burglary, larceny and automobile theft.

As could be expected with a spiraling crime rate, the role of the law enforcement officer has become increasingly hazardous. Of the 71 officers who met violent deaths during the course of their duties last year, 37 were killed by vicious criminals. Twelve of the killers were 21 years of age or younger.

Viewed realistically, this problem boils down to the simple fact that in our land today the average man, woman and child is in greater danger than ever before of becoming a victim of this criminal onslaught. It means that day or night, at work or play, the individual's basic rights of personal security and pursuit of happiness are steadily diminishing.

Certainly, there is no one remedial answer to the problem. The causes and factors of crime are far too varied and complex. However, we shall see no abatement in widespread lawlessness as long as there is wholesale disrespect for law and order in our nation. Indulgence and materialistic self-

**Red 'Fishing Port' In Cuba Is Threat To All Americas**

By Congressman O. C. Fisher

When the house recently adopted an amendment to the foreign aid bill prohibiting any of the funds to be used to benefit any country which permitted one of its ships to be used to transport any form of goods to Khrushchev's Cuba, the amendment was ridiculed as an interference with rights of our NATO allies. And, sure enough, the Senate proceeded to strike out the amendment.

About the same time, a dispatch from London announced: "British Government has no present plans to ask Parliament for legislation to control shipping of Soviet cargoes to Cuba in British vessels, the Foreign Office said today."

At the same time West Germany reported steps were being taken to shut off that country's shipping trade to Cuba.

While this hassle is going on, a Soviet-Castro announcement says the Russians are to build a "fishing" port at Havana. This has every appearance of a smoke-screen. Normally Soviet fishing grounds in this hemisphere have been limited up to now to the North Atlantic, rarely touching the Caribbean. Most Russian trawlers are semi-military, elaborately equipped with radar and devices to keep tab on our Cape Canaveral Polaris missile launchings and other tests carried on there.

A Cuban fishing port can readily accommodate Red Submarines and Red torpedo boats, thus becoming a sort of Soviet naval base.

ishness are eroding the tried and true American traditions of honesty, integrity and fair play.

Progress in overcoming any social problem—and crime is among the most urgent we face—can be effected only in proportion to awakened and well-informed public opinion. Statistics conscientiously collected by law enforcement officials across the country and compiled by the FBI give an up-to-date, comprehensive account of the economic and human waste directly attributable to criminal activities. The nation's news media have performed superior public service in factually reporting the current shocking crime picture to the people.

Fully alerted to the staggering toll of crime, community authorities and civic leaders should lead the fight to halt the lawless hordes who prey on society. No amount of rationalization can justify place this responsibility on the shoulders of law enforcement alone.

History has proved that Americans, when faced with hard reality calling for effective action, traditionally rally to the cause. Assuredly, action in the war against crime has never been so sorely needed.

Latest figures compiled by State Officials for the Texas Almanac show fifty-eight thousand persons working for the State of Texas.

Per capita, the State of Texas functions with 65 employees for each 10,000 citizens. That is well below the 79 employee average for all states.

Texas is, in fact, among the lowest states. Some have nearly twice as many employees, per capita, as Texas.

petite Chinese actress, Lisa Lu; Bruce Gordon and Kevin Hagen.

The motion picture is a Phoenix Film Studios production, and all exterior photography was done on the vast sweeps of sage and cactus country within an hour's drive of Phoenix, Ariz.

The story deals with the greed of one murderous gold prospector, another's unexpected desert romance with a Chinese beauty, and a thoroughly no good character who makes his living by hunting killers on whose heads heavy bounties have been placed.

Through the plot, linking all four closely together, runs high suspense.

"Poe's Tales of Terror"

All the wonders of movie magic, plus some entirely new special tricks, make American International's "Poe's Tales of Terror" a thrilling entertainment experience and one of the most exciting shock movies of all time.

The color and Panavision trilogy of Edgar Allan Poe terror stories,

starring Vincent Price, Pete Lorre, and Basil Rathbone, shows Sunday, Monday and Tuesday at the State Theatre. Price, starring in three entirely different roles, Lorre and Rathbone appear opposite four beautiful and talented actresses, Debra Paget, Joyce Jameson, Maggie Pierce, and Leona Gage.

Under the guidance of art director Daniel Haller and film editor Anthony Carras, the able production and direction of Roger Corman is aided and abetted by a multitude of appropriately eerie settings, ingenious special effects and other motion picture magic.

One highlight of "The Black Cat" segment of "Poe's Tales of Terror" is a delirious tremens hallucination scene imagined by Peter Lorre. All the terror and horror of this nightmare is brought realistically to audiences through the use, for the very first time in

produces effects similar to the trick distortion mirrors which have made generations of carnival lovers laugh. Here, too, full-size, life-like heads of Peter Lorre and Joyce Jameson are effectively used to heighten the terror mood.

Also effectively used in "The Black Cat" is a veritable menagerie of insects and reptiles—live tarantulas, a Gila monster, a boa constrictor and rattlesnake, numerous toads and frogs and many more.

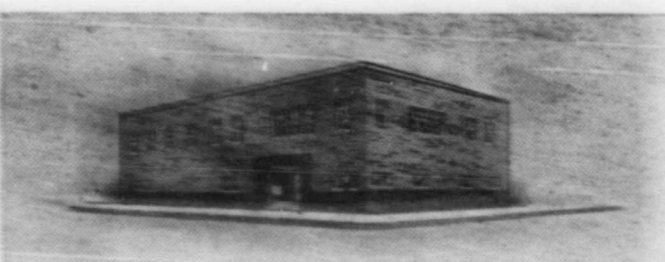

In the cellar wall sequence, real bricks were used to achieve frightening realism. While for other scenes full-size authentic replicas of a 19th Century cobblestone-paved street and an old-fashioned tavern were specially constructed.

Talking about your enemies makes your friends wonder at you.
