SCHOOLS WILL FOR FOOTBALL

The Winters Schools will dismiss at 12 noon Friday, Supt. James B. Nevins said this week, in order for buses to make regular runs before taking the football team and band to Midland for the regional contest.

The cafeteria will not serve a noon meal on Friday, but will resume the regular serving schedule on the following Monday.

Buses will leave for Midland at 2 p.m., and have a short rest stop in Colorado City. The highway is reported to be torn up on the Sterling City route, and buses will go by way of Sweetwater, and Highway 80.

School will also be dismissed at 3 p.m. Thursday, Dec. 6, for the annual Christmas Parade, Nevins said.

Mayor Thanks Stamford For **Warm Welcome**

Mayor Harvey D. Jones this week extended appreciation to the mayor of Stamford for the way in which Stamford welcomed the and gave the opening football fans from Winters at the Winters and Olney game last Fri- members responde day night. His letter follows:

Mayor R. R. Kelley Stamford, Texas

It is with grateful appreciation express to you and the people of Stamford the thanks of the people of Winters for the friendly and courteous way in which you received us on the day of the Winters-Olney ball game.

Your fine attitude as expressed by your actions is but additional evidence of the great heart of West Texas and the reason it is a growing and thriving area. We hope we left your town with the same friendly spirit we found when we arrived there.

Now that we are in the same District, I trust that this is the beginning of a fine and friendly competitive spirit throughout our association. Though we may at times find ourselves on the opposing end of the football field, I believe we can maintain the fine spirit of the game which in the end will make our young people better men and women of West Texas. It is our hope we may someday

House of Representatives Aware of Change of Scenery Since Last Session

By Vern Sanford **Texas Press Association**

There have been some changes made!

Veteran legislators sworn-in for a new term of office in a mass ceremony in the House of Representatives were pleasantly aware of a change of scenery since last the political destiny of Texas Se-January's special session.

The once-dark, dusky setting for the biennial battle of State lawmakers had been transformed in their absence. Every desk, chair and table had been refinished to a glowing light oak shade. Shiny new seats replaced the drab, worn ones in the balcony.

Most noticeable was a new \$20, 000 gold wool carpet with a brown Seal of Texas woven into the section installed directly in front of the speaker's stand.

SENATE PAY PROBLEM

About one-third of the House now have qualified for the 58th Legislature and have been added to the payroll. But the 10 new senators-elect probably won't start drawing their \$400 monthly pay until January 8, when the 1963 two-year terms then. session begins.

A recent ruling by the attorney general that "members of the Le- one other will be attending his gislature" now could qualify for first regular session in the upper the payroll brought inquiries from seven new senators as to whether they would be included. The term "Legislature" also applies to senate members.

SENATE SWEEPSTAKES A small glass bowl and a handful of tiny capsules will decide

nators, come January. Once each 10 years, Texas' 31 senators must "draw straws" to determine who will serve a four year term, and who will serve for

two years. Drawing is required by the state constitution.

Normally, half the state senate is elected for 4-year terms, overlapping with the other half which still has two years left to serve. However, after each 10-year census and redistricting of the Legislature, all the senators must run for office.

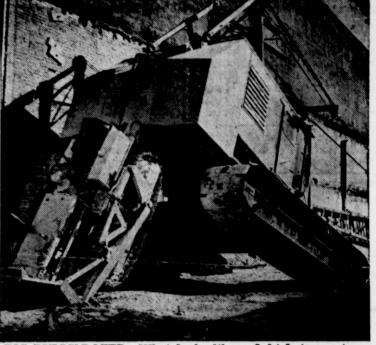

Last time such a drawing occurred was in 1953.

mittees turned to the TLC many ways recommendations for the 58th Le-

sented in January. House Committee on Saving Taxes, headed by Sen. George directly affected.' Parkhouse, received a lot of attention during its hearings. Subjects under discussion included:

A recommendation by the committee to end taxes on intangible property, such as mortgages on homes and stocks and bonds. Dallas tax collector Norman Register and Department of Public Welclaimed this would cost his city \$3,500,000 annually.

Revision of regulation of the railroad industry, which is governed by about 300 state statutes, some of them outmoded.

Adoption of a merit salary plan for public school teachers. The committee's education subcommittee suggested keeping the present minimum salary scale and basing future changes on a cost-of-living

A recommendation by the subcommittee on highways and roads to keep two license plates on vehicles. Although the state would save \$200,000 annually by using only one plate per vehicle, police officials believe identification is easier with two.

TEN-POINT PROGRAM

The governor's Committee on Children and Youth is prepared to make several recommendations to Gov. Price Daniel. They include: Expansion of the state juvenile parole program of the Texas Youth tables, also laid in white, centered Council.

Creation of a state home for dependent and neglected Negro children who cannot be placed in Foster homes.

Raising from 14 to 16 the age limit for a child's inclusion in the aid-to-dependent children grant.

Expansion and improvement of child welfare services to deal with prevention of family breakdown. Recommendations are based on reports from several committee members who also are representatives of state agencies.

JUVENILE JURISDICTION Juvenile courts lose jurisdiction

over minor delinquents who come of age before the court can commit them to the Texas Youth Council. Atty. Gen. Will Wilson said that juvenile court "after judging a minor to be delinquent and placing him in temporary custody of his parents, has no jurisdiction once the minor attains the age of 17 in the case of a male, and 18 in the case of a female."
CENTRAL STATE OFFICE

The state's 24 licensing boards may soon be placed under a single

administrative agency. That's the recommendation being considered by a special House interim committee studying operations of the boards.

Now each board has its own administrative office. The Texas House committee is

studying states that reportedly save money by having a central office, thus pooling secretarial and clerical help.

Under the proposed plan, each board would continue to conduct its own examination of applicants. HISTORICAL MEDALLIONS

The Texas Historical Survey Committee awarded historical building medallions to 17 buildings noted for their place in Texas his-

KING OF KINGS"

Within the entire history of mankind, no event has approached the impact upon the minds and hearts of men more than the birth, life and death of Jesus Christ. Source of constant hope and inspiration the spiritual mission of Christ remains the best-known and most beloved story in the world. To bring this story to the screen has long been the dedicated dream of Samuel Bronston, and long years of perseverance and effort preceded its ultimate realization in tess. the production of "King of Kings," presented by Metro - Goldwyn

It was Bronston's conception, shared by Philip Yordan, Academy Award-winning writer, that Jesus should be presented as a fleshand-blood man who lived during one of history's most exciting periods in a real environment bounded by dates, places and facts. It Sharon Denson, LaRoss Sheppard, is in the context of these times, against the spectacular background of Roman paganism, that the figure of Christ emerges a-
